Liberal and Temperance Forces of Ontario Confident of Ultimate Success of "Abolish the Bar"—Office of Purchasing Agent To Be Created in London—Sir James Whitney Condemns Clergy Who Supported Rowell—Dominion Election Likely To Be Held in the Fall.

WILL POSITION BE CREATED TO GIVE CIVIC OFFICE SEEKER NICE MUNICIPAL SINECURE?

City Hall Has Rumor of Creation of "Purchasing Agent," and Appointment of Man Who Has Long Been After a Civic Berth to Occupy His Time

Is London to have a purchasing agent? City hall rumor says that it is. City hall rumor is sometimes wrong, but in this particular instance there are facts that seem to substantiate the rumor.

According to the stories in circulation about the corridors and offices of the hall, another municipal sinecure is to be provided. There have been several nice positions created during the past few years that have provided restful, healthful and lucrative employment for the favored ones. The only trouble has been the fact that there has not been enough of the easy jobs to go 'round.

Years of Envy. There is one man, closely allied with the present civic administration, that has been casting envious eyes on civic positions for, lo, these many years. At first his ambition was not very great. All he aspired to was the proud post of ward foreman. Those days are gone, however, and after having been in the running for ward foreman, street watering inspector, public works inspector, garbage inspector and garbage superintendent he has now cast his eyes on a lovely little job, to wit, "purchasing agent."

Gratified at Last. It seems as if his ambition is at last

to be gratified. Several times it has seemed so in the past, as it did in the case of the superintendency of the garbage department, but the truth of the old adage, "Blood is thicker than water," prevailed and the ambitious city father lost out. Then they were going to make him an inspector of the "public works" department. Unkind publicity was no department. Unkind publicity was no department. Unkind publicity was no department.

This unforeseen failure and the fact that elections are sometimes uncertain are the main reasons for the creation of the proposed "purchasing agent" department. Whether it can be created and the self-elected agent "put across" are still matters of conjecture, but just the same they are not offering any long odds at the city hall that these two objects cannot be consummated.

Some Far Cry. From ward foreman to purchasing agent does seem a long cry, even if the interval has been successfully negotiated by the stepping stones aforementioned—various assorted kinds of inspectorships and superintendencies that never materialized—and consequently there can be opposition counted on when the appointment comes up.

LEADER ROWELL REGRETS THE LOSS OF FOUR MEMBERS

Their Defeat Leaves the Legislature Poorer—Tories Had Two Policies, One for English, Another for French.

[Special to The Advertiser.] Woodstock, Ont., June 30.—N. W. Rowell when seen by The Advertiser this morning, made the following statement in regard to the elections.

"I greatly regret the loss to the Legislature of Dr. McQueen, Mr. Sinclair, Mr. Anderson and Mr. McCormack. They were most valuable members and their defeat was not only a loss to the constituencies they represented but to the legislature.

"I shall not speak at present of the persistent campaign of misrepresentation carried on with the view of misleading the people as to our policies, or of the part played by the liquor interests in the fight. I may have something to say about this later.

"The Government pursued its old policy of appealing to the English electors with one policy on bi-lingual schools, and to the French electors with another. It is very gratifying to note that many constituencies the Government majorities were materially reduced."

CITIES AND TOWNS DEFEATED LIBERALS

Rural Ontario in Favor of Bar Abolition—Beck's Majority Disappoints Tories.

[Special to The Advertiser.] Toronto, June 30.—Toronto is commenting today on the fact that, of the 35 seats in Western Ontario, 16 were won for Mr. Rowell. It has been showing had been made in the rest of the province, it would have been a straight moral victory for the "Abolish the Bar" cause.

With the urban communities out of the way, it is believed that rural Ontario showed an enormous popular majority for the Rowell cause. It was in the cities and towns, where liquor licenses prevail, the effect of the Tory-Liquor combined machine was felt.

The province was somewhat surprised to see Sir Adam Beck come under the 2,000 mark. It had been stated that London would give him a majority of at least 2,500 and there is disappointment in ministerial circles. With the liquor influence fighting for him, and no organization behind Dr. Stevenson, it is felt that Sir Adam popular and all as he is supposed to be, did not make such a wonderful showing.

COUNCIL'S GARBAGE PROBE IS LAID OVER ONCE MORE

Dayton, With Population of 125,000, Pays \$18,000 for Garbage Collection.

The council's probe into the city's garbage contract with W. J. Rose came up at the board of control this morning and was put over pending more information. The city of Dayton, Ohio, pays \$18,000 a year for the collection of garbage. London, pays \$46,000 for its population of 125,000. It is understood the board of control wants to find out how Dayton does it. London pays \$1 a ton less than Cleveland, a city of nearly 800,000 and where the garbage is hauled 30 miles in some districts.

Superintendent Dodd says citizens of London ought to take into consideration the fact that London is not paying as much as Cleveland. The longest haul in London is two miles.

The papers in the garbage probe are known in City Clerk Baker's office as file number 424. One of the great French detective stories centres around file No. 13. There is every prospect that file No. 424 will have an interesting history.

CHILDREN HEAR NEWS OF PARENTS' MURDER

Austrian Orphans Break Down—Heavy Insurance Carried.

[Canadian Press.] Vienna, June 30.—The news of the death of Archduke Francis Ferdinand and the Duchess of Hohenberg was broken to their children at 7 o'clock on Sunday evening. The orphans broke down when it was communicated to them, and their aunt, Countess Cheate, who was present, fainted.

The Tagesschrift today says the late Archduke's life was insured with various companies for \$12,000,000, while that of his wife was insured for \$6,000,000.

POPULACE MOURNS THE TRAGIC DEATH OF ROYAL COUPLE

Towns Draped in Black and Bells Toll as Bodies Are Taken to Battleship for Trieste.

[Canadian Press.] Metzkovitch, Herzegovina, June 30.—The bodies of the murdered Archduke Francis Ferdinand and his consort, the Duchess of Hohenberg, arrived here on a special train at 6 o'clock this morning from Sarajevo. They were accompanied by the members of the household.

The town was draped in black, and the flags on all the buildings flew at half-mast. Guards of honor from the army and navy were drawn up along the platform, and behind were gathered the citizens.

The coffins were removed from the cars by blue-jackets, and after a blessing had been given by a priest, were conveyed, amid the roll of muffled drums and the tolling of the church bells, to the royal yacht Dalmat, lying in the river. They were covered with military flags and wreaths.

Every village and hamlet along the river Narava was draped in mourning, and the population, headed by municipal officials and clergy, assembled along the banks, the men and women bearing lighted candles and kneeling while the yacht passed. At the same time the church bells tolled and the priests uttered blessings.

When the Dalmat reached the mouth of the river, it proceeded directly to the battleship Viribus Unitis, which was lying at anchor, waiting to convey the bodies to Trieste. The coffins were then transferred to the after-deck of the battleship, which had been transformed into a mortuary chapel, and set with flags. The Viribus Unitis sailed northward with the Archduke's remains.

LAWYER MULCTED \$25 FOR ASSAULTING WITNESS

Found Guilty of Charge by the Magistrate in Police Court Today.

Richard M. C. Tooth, attorney, charged with the assault of Henry E. Short during the trial of the case of Percy Short against the Canada Trust, was fined \$25 and costs by Magistrate J. C. Judd in police court this morning.

In setting forth his plea for leniency, R. G. Fisher, appearing for Mr. Tooth, stated that Mr. Short had called both he and Mr. Tooth names that were not altogether in keeping with gentlemanly speech. This had been kept up all morning during the trial, Mr. Fisher explained. In the afternoon, as a match to the powder heap, Mr. Fisher stated that Mr. Short had made facts at Mr. Tooth.

Unable to stand for this, Mr. Tooth had lunged at the witness, and had jumped at the alleged taunter. Crown Attorney McKillop stated that Mr. Tooth had grabbed Mr. Short by the throat.

In handing down his decision, the court would not take into consideration the statement that the plaintiff had been aggravated. "That is no reason for the assault," said the judge. "I will impose a fine of \$25 and costs."

FORMER LONDONER GOES UP IN RAILWAY WORLD

One of the Old Guard Becomes General Purchasing Agent of St. Louis, Southwestern.

Ernest Baxter, formerly assistant superintendent of the middle division of the Grand Trunk and located in London, has been appointed general purchasing agent of the St. Louis and South Western Railway. Word of his promotion was received by W. R. Davidson, superintendent of the middle division of the G. T. R., this morning.

Mr. Baxter was a member of the old guard here about five years ago, when J. W. Higgins was superintendent. He was well liked around the station, and his rise was rapid.

He accompanied Mr. Higgins to St. Louis and later went over to the "Cotton Belt" line, where he accepted a position as secretary to E. H. Butler, vice-president of the road.

Mr. Baxter will have his headquarters at St. Louis.

STATE CONSTABULARY IN COMPLETE CONTROL

[Canadian Press.] Pittsburgh, Pa., June 30.—The state constabulary were in complete control of the situation in the strike district of the Turtle Creek Valley today. Four troops cleared the bridge leading to the Westinghouse electric and machine factories of the deputy sheriffs who have held it for three weeks, and all persons were allowed to pass without question. Streets were patrolled by mounted men, and the people kept moving.

London's Liberal Candidate Put Up a Great Fight

DR. W. J. STEVENSON.

LATEST RETURNS.

Liberals Likely to Demand Re-count in at Least Three Constituencies.

[Canadian Press.]

Toronto, June 30.—The nearest to correct figures on yesterday's election results are: Conservatives 83, Liberals 25, Independent (Prescott), 1, Labor (Haiton East, 1, in doubt (North Bruce) 1. North Bruce is claimed by both sides by six votes, and the official announcement has not yet been received. The Liberals will probably demand a recount in North Westworth, where the Government majority is three, in East Lambton, where it is thirteen, and in West Kent, where the Conservative is supposed to have a majority of 15 votes.

BOARD OF HEALTH AFTER ENGINEERING DEPARTMENT

Drastic Action Promised if the City Does Not Clean Up Streets.

Some persons, including a few city officials, who think London's health board is a joke, will receive a rude jolt quite unexpectedly one of these days. A number of orders have been served upon persons recently for violating sanitary laws and the board of health has noticed no improvements.

One of these is the condition of the police station. Chairman F. L. Burdon has not had an opportunity of visiting the station recently to see conditions as reported by Sanitary Inspector Lutman, but will before the week is over.

The engineering department of the city has been notified several times of dirt nuisances on public streets, where piles of dirt are allowed to accumulate until they have become a menace to public health.

"I don't know just what we can do in this matter," said Dr. Burdon today, "but unless these nuisances are abated, the board will have to take drastic action. We have brought the attention of the engineering department to them on several occasions. It was only today that someone complained to me of the conditions in front of St. Andrew's Church."

A Violent Scene In Croatian Diet

Servian Deputies Are Called Murderers and Are Threatened.

[Canadian Press.] Zagreb, Croatia, June 30.—Denunciation by Nationalist Croatians of a Catholic and Servian coalition in connection with the assassination of Archduke Francis Ferdinand and his consort led to a scene of violent tumult in the Croatian diet today, and the disturbance became so great that the Speaker suspended the session.

Vitriolic threats filled the chamber. The Servian deputies were taunted with being murderers, and were asked if they had brought their bombs with them.

ROSE FROM THE WATER WITH TEN PASSENGERS

Wanamaker's America Made Weight Carrying Record Unintentionally.

[Canadian Press.] Hammondsport, N. Y., June 30.—America, the Rodman Wanamaker transatlantic flyer, rose from the water last night with ten passengers, establishing another weight-carrying record for hydro aeroplanes.

The flight was not intended as an extended one by Lieut. Porte, who had invited the special correspondents of the New York, Boston and London dailies to take a "taxi" ride on the water. While planing along at flying speed, the America struck a swell, which bounced her into the air for the better part of a hundred yards. Lieut. Porte said he could have flown at any time, but had no intention of doing so with any such cargo.

BORDEN IS LIKELY TO HOLD ELECTION SOON

Will Probably Take Advantage of Opportunity Shown Yesterday—Beck Slated For Premier.

[Special to The Advertiser.]

Ottawa, June 30.—A general election is likely to be held in the autumn. If the Manitoba Government is returned to power on July 10, it is understood that Premier Borden will dissolve Parliament and appeal to the people.

It is understood that the Dominion Government urged the Ontario administration to bring on the election which was held yesterday for the purpose of testing and confirming the sentiment in Ontario. It is well satisfied with the result and feels that it can make an appeal to the Ontario electors successfully in a federal contest.

URGING BORDEN.

It is known that Sir Robert Borden has been urged by financial interests to bring on the Dominion contest as soon as possible, because they fear continued hard times may make it exceedingly difficult for the Government to come back, should it go to the country after its full term.

BECK TO SUCCEED WHITNEY.

It is understood here that Sir James Whitney is likely to enter the Dominion Senate shortly and that Sir Adam Beck will take the Ontario premiership.

Hon. W. J. Hanna is to enter the Dominion Government, taking the place of Hon. Thomas Crothers, who will take a judgeship. Mr. Crothers is anxious to leave politics, because his health has not been good and because he has found the administration of the labor portfolio exceedingly distasteful.

Mediators Will Wait for Carranza

To Reconcil Until Mexicans Arrange Conference—Huerta Ready to Flee.

[Canadian Press.] Niagara Falls, June 30.—After a conference today between Ambassador De Gama, of Brazil, and Ministers Naon and Suarez it was announced that mediation would formally recess tomorrow until such time as the Constitutional delegates and Huerta representatives could confer informally on Mexico's internal problems. The mediators came to this decision after reading Gen. Carranza's note, asking for time to consult his generals as to the informal parley.

Huerta Ready to Flee. Washington, June 30.—Private dispatches received here today from unofficial sources in Mexico City stated that President Huerta had sent his son and daughter toward Puerto, Mexico, and was making preparations for his own departure on short notice. The information was conveyed to the state department.

RUMOR UNCONFIRMED

London Paper Reported Three Killed in "California" Wreck.

[Canadian Press.] Glasgow, Scotland, June 30.—The Donaldson liner Cassandra arrived here today with 695 passengers of the Anchor Line steamer California on board. The remainder of the passengers of the California, which is ashore on Tory Island, off the coast of Donegal, were landed at Londonderry yesterday.

Officials of the Anchor Line say the reports they have received from the officers of the California do not mention anything about the killing of a man, a woman and a child in connection with the wreck, as reported in the London Daily Chronicle.

Alliance of the Tory-liquor forces was successful in London. It insured the election of Sir Adam Beck by a majority of 1,496 over Dr. W. J. Stevenson. John D. Jacobs, nominee of the Labor party, secured 416 votes, making Beck's plurality 1,080.

In spite of his flight of little more than a week, Dr. Stevenson made a surprising showing. The Conservative machine was in full running order, and worked tooth and nail to secure the election of its candidate. The activity of the liquor interests, indicated by the number of hotel-keepers' autos that were used in conveying the Tory voters to the poll, and the fact that the church members did not avail themselves of the opportunity to prove their temperance convictions by the registration of their ballots in its favor made the showing of Dr. Stevenson still more remarkable.

2,600 Liquor Votes. London's 26 hotels had an unquestionable effect on the vote cast here. Every one of the hotels had a boasted following of 100 solid votes. Even Conservatives conceded the fact that the liquor vote was stronger than the entire majority secured by the Conservative candidate.

When the last poll had been heard from and Beck's election by 1,496 had been announced. Continued on Page Twelve.

ACCIDENTAL DEATH.

MARTIAL LAW IN BOSNIAN DISTRICT

Two Bombs Thrown in Course of Day, Injuring One Person.

[Canadian Press.] SARAYEVO, June 29.—After the bodies of Archduke Francis Ferdinand and the Duchess of Hohenberg had been placed in a time in the chapel of the palace today they were transferred to a special train for transportation to Vienna. The executive of the Diet posted a manifesto throughout the city denouncing the crime that had ended the life of the heir to the Austrian throne and his wife, and expressing loyalty to Emperor Francis Joseph and the Hapsburg dynasty, for whose welfare the people of Bosnia and Herzegovina were ready to sacrifice everything.

The manifesto also adjured the people to preserve their youth from the influence of seditious agitators, who poisoned the minds of their sons with subversive and anarchistic ideas.

Demonstrations Through Bosnia.

Anti-Serbian demonstrations are reported throughout Bosnia.

In many places Serbians were attacked, and troops were called out to keep order. These demonstrations necessitated the proclamation of martial law, and the commander of the troops at Sarajevo exhorted the people, saying: "If you love your Emperor, then go quietly to your homes."

The majority of the populace immediately obeyed this request, and tonight the town is quiet. During the course of the day, however, two bombs were thrown, but only one person was slightly injured.

Several hundred persons, including the Serbian deputy, Athanasius Sola, were arrested during the course of the rioting, which lasted until martial law was declared.

SIR LIONEL GARDEN ADVISES BRITISHERS TO LEAVE MEXICO

Legation Is Crowded With Subjects After Warning—Fuel Shortage Pleaded.

[Canadian Press.]

MEXICO CITY, June 29.—In view of the existing conditions in Mexico, Sir Lionel Garden, the British minister, today advised all British subjects temporarily to leave the country. He said that the shortage of fuel used in the operation of trains was becoming more acute daily, and that the trains probably soon would stop running, which would make difficult the departure of persons in the interior.

Sir Lionel Garden said he believed it to be his duty to urge all British subjects to leave the country immediately, and he especially advised that the women and children be removed.

Not Ordered to Leave.

The minister declared he had no desire to frighten the members of the British colony. He said he had not ordered them to go, such a course only being advised.

Eight hundred British subjects are registered at the legation as now residing in Mexico City. It is the minister's plan to get a sufficient number of these to sign an agreement to leave the capital so that he can obtain a special train from the Government to take them to Puerto Mexico, and also secure a transport to convey the passengers to Jamaica, where they could remain until the close of the present Mexican trouble.

Are Given Loans.

Britishers lacking funds to enable them to get out of the country will be furnished with money by the legation as a loan, notes being taken for the amount.

The legation was crowded with Britishers today.

THOUGHT CAR WAS AFIRE

Mistaking Electric Flashes for Fire Man Jumps to Ground and Sustains Bad Injuries.

Thinking that the floor of the Oxford street car, in which he was riding, was on fire, Henry Thompson, East street jumper, to the street, falling on his head and shoulders, about ten o'clock last night. He was stunned by the fall for a moment. Pedestrians picked him up and he was taken to the office of Dr. Edward Spence, 435 Hamilton road.

Bright electric flashes from the wheels and track were responsible for the glare. Several other passengers thought that the car had taken fire.

Much Pain From Kidney Disease

Doctored in Vain Until Dr. Chase's Kidney-Liver Pills Were Used.

Kidney derangements are often associated with disorders of the liver and bowels, and under these conditions ordinary kidney medicine usually fails to effect cure. It is because of their unique, combined action on the liver, kidneys and bowels that Dr. Chase's Kidney-Liver Pills are so generally successful, even in the most complicated cases.

Mr. Emanuel Bernard, farmer, St. Paul's, Kent County, N.B., writes:—"About eighteen years ago my wife was bad with kidney disease, and suffered greatly from headaches, pains in bowels and stomach, and her heart was affected. For a year she was treated by her doctor, with no apparent benefit. She then used five boxes of Dr. Chase's Kidney-Liver Pills with most satisfactory results. This gave us such a good opinion of Dr. Chase's Kidney-Liver Pills, that we always keep them in the house to be used for all derangements of the kidneys, liver and bowels." Dr. Chase's Kidney-Liver Pills, 25c a box, 5 for \$1.00, all dealers, or Edmondson, Bates & Co., Limited, Toronto.

MACHINE POLITICS IN E. MIDDLESEX

Tory-Liquor Combination Puts McFarlan Across for the Second Time.

SUBURBAN MAJORITY BIG

Govt. Manipulation of Riding Aided Materially in Defeat of John Laidlaw.

The activities of the Conservative machine again carried East Middlesex for John McFarlan. Outside of the annexed districts of the city, the Conservative majority was, however, only 133. The majority of 260 rolled up for McFarlan in the city suburbs was largely accounted for the Government's manipulation of the constituencies, with the result that a great many Liberal voters, through misapprehension, failed to register, and were deprived of their franchise.

It was a machine-won conquest, and when it comes to machine-fighting the Liberals have always admitted that in the local constituencies they are not in with their Tory opponents. And when one considers that the Tory machine was backed with the entire force of the liquor interests of the country, one is not surprised that the will of the thoughtful majority of the people was defeated by the Tory machine, the Tory organization and their liquor allies.

Laidlaw's Good Run.

John Laidlaw, the defeated candidate, made an excellent run, considering the difficulties that were put in his way. Westminster, especially the polls nearest his home, showed most encouraging increases for him, while his opponent, Mr. McFarlan, did not have a majority even in his home township of West Nissouri. It was London township where the temperance-professing Tories failed to vote according to their principles, where Mr. McFarlan had a majority of 133. A poll was also taken in the suburbs, in spite of the Redistribution Act of the last Legislature, and here, of course, the Conservative candidate rolled up a big majority, 260, making a total of 393 that will be claimed by him.

Not Downcast.

When seen by The Advertiser tonight, Mr. Laidlaw was not at all downcast by the verdict in East Middlesex, though, naturally, he would have preferred to win. "I just want to thank all my friends," he said, "who worked so hard to elect me. They worked against severe odds, and the fact that so many gave me their support shows that the liquor interests are not in a very great majority in East Middlesex. Whether we are to think the majority is against temperance or not, you may say that I am just as much in favor of the abolition of the bar policy and just as strong a believer in the ultimate good that will come of it. Mr. Rowell's fight against the traffic as ever I was and I hope that the policy will soon prevail in spite of today's verdict in Ontario. I am still for the boys against the bars and I hope every Liberal will continue that fight."

LIBERALS GAIN NINE SEATS IN W. ONTARIO

Rowell Will Have Eight New Supporters From This Part.

GERRYMANDER A FAILURE

Essex Goes Solidly Liberal and Government Gains One in Bruce.

Western Ontario sends eight new Liberal members to the Legislature, and really gained nine seats. The whole county of Essex went Liberal, turning out two sitting members and claiming the extra seat, added by the gerrymander, as well. Both the Brant seats were taken by the Liberals. North Middlesex was captured. The Temperance-Liberal carried South Wellington.

Late returns indicate that Wm. McDonald carried North Bruce by a majority of nine, where he had a handicap of 234 stacked up against him by the re-distribution.

Gerrymander Did Not Work.

The gerrymander did not do what it

Had No Power Over the Limbs

Locomotor Ataxia, Heart Trouble and Nervous Spells Yielded to Dr. Chase's Nerve Food.

It would be easy to tell you how Dr. Chase's Nerve Food cures locomotor ataxia and derangements of heart and nerves, but it may be more satisfactory to you to read this letter.

Mrs. Thos. Allan, R.F.D., 3, Sombra, Ont., writes: "Five years ago I suffered a complete breakdown, and frequently had palpitation of the heart. Since that illness I have had dizzy spells, had no power over my limbs (locomotor ataxia) and could not walk straight. At night I would have severe nervous spells with heart palpitation, and would shake as though I had the ague. I felt improvement after using the first box of Dr. Chase's Nerve Food, and after continuing the treatment can now walk, eat and sleep well, have no nervous spells and do not require heart medicine. I have told several of my neighbors of the splendid results obtained from the use of Dr. Chase's Nerve Food. 50c a box, 6 for \$2.50, all dealers, or Edmanston, Bates & Co., Limited, Toronto.

was designed for in Western Ontario. It was supposed to gain three seats in Essex County and two in Bruce. It gained one in South Bruce, where W. D. Cargill, who once enjoyed for federal honors, will sit.

The only other gain made by the Government party was in East Lambton, where R. J. McCormick went down before a small majority.

In North Huron, J. J. Anderson, who was shunted out of South Bruce, greatly lessened the majority formerly commanded by A. H. Musgrove.

Charles Bowman, chief whip of the Liberal party, walked off easily with the new seat of West Bruce, where the re-distributors had hived the Liberals by adding select pieces of the three former ridings.

Reaume Out in the Cold.

A seat must still be found for Hon. Dr. Reaume, for whom his cabinet colleagues sought to pick out a soft spot by creating the new riding of Windsor. The victory of J. C. Toimie over the Conservatives Tories was sweeping, and the Legislature will be treated to some splendid oratory as a consequence.

O. E. Fleming, who caught the Conservative nomination away from the Minister of Public Works, was a poor third in the Windsor contest.

South Essex was taken cleanly away from Dr. Anderson by Lambert Wigle. A Conservative majority of 130 was turned to a minority of more than that amount.

Severn Ducharme, who gave Dr. Reaume such a close run in North Essex last election, carried the riding with a good margin.

Mr. Rowell Weathered Storm.

North Oxford, where the efforts of the Government and the liquor interest were concentrated in an effort to defeat the Liberal leader, again returned Mr. Rowell, although with a decreased majority. In Woodstock alone a majority of 600 was piled up against him, but the rural districts made up for this by giving Mr. Rowell over 700 more votes than his opponent, his total majority being 115.

Last election it was 561. From the beginning of the campaign until election day the liquor men carried on a bitter campaign, using every means at their disposal, to oust the man who had pledged himself to abolish the bar.

Mr. Rowell's supporters did their best to rouse public sentiment against him by referring to him as an outsider.

Twelve hundred and forty-two more votes were cast yesterday than in the votes were cast yesterday than in the general election of 1911. Mr. Rowell won his battle against odds, which must have daunted a man less imbued with the righteousness of his cause, and less ready to sink personal and party considerations for the sake of a great principle.

Another Storm Centre.

Centre Huron was another storm centre, where strenuous efforts were made to defeat Wm. Proudfoot, the fearless man who has caused Mr. Hanna so much uneasiness in the past two sessions of the Legislature. The rumblings of the campaign in this riding are still in the air, and some circumstances are to be aired in the courts. Dr. Macklin, the Conservative candidate, and Rev. Joseph Elliott, who was active in his behalf, are to be tried on charges of conspiring to bribe voters. The case was adjourned upon instructions from the Attorney-General's department until today. It is understood that the defence will seek a further adjournment, and

that the case will be tried on Friday of this week.

Despite the gerrymander of the north and west ridings of Middlesex, which the Conservatives cut up like a picture puzzle, both ridings went Liberal. North Middlesex, a Liberal gain, electing John Grievie by a majority of 126, and West Middlesex increasing John C. Elliott's majority to 700. Last election John Grievie was defeated by a Conservative majority of 25 in North Middlesex.

The eastern suburban districts of London in the riding of East Middlesex gave to John McFarlan 260 of the majority of 398, by which he defeated J. W. Laidlaw.

West Middlesex, a Liberal gain, electing John Grievie by a majority of 126, and West Middlesex increasing John C. Elliott's majority to 700. Last election John Grievie was defeated by a Conservative majority of 25 in North Middlesex.

Songs We Used to Whistle and Sing

Will the reader who asked for the words of "The Chime of Trinity" send his (or her) address on a stamped envelope? A copy of the song has been sent by a reader.

A copy of this is sent by Marce and also by Culeb Smuck. It has been requested upon several occasions but not printed before on account of its length.

THE CALIFORNIA BROTHERS.
Lie up nearer, brother, nearer,
For thy limbs are growing cold,
And thy presence seemeth dearer
When thine arms around me fold.
I am dying, brother, dying,
Soon you'll miss me in your berth,
And my form will soon be lying
'Neath the briny ocean's surf.

Hearken to me, brother, hearken,
I have something I would say,
E'er the veil my vision darkens,
And I go from hence away.
I am going, surely going,
But my hope in God is strong,
I am willing, brother, knowing
That He doeth nothing wrong.

Tell my father, when you greet him,
That in death I prayed for him,
Prayed that I might one day meet him
In a world that's free from sin.
Tell my mother (God assist her)
Now that she is growing old,
That her son would glad have kissed her
When his lips grew pale and cold.

Tell my sister, I remember
Every kindly parting word,
And my heart has been kept tender
With the words her memory stirred.
Listen to me, brother, listen,
'Tis my wife I'd speak of now,
Tell her, oh, tell her, how I missed her
When the fever burned my brow.

Tell her, brother, closely listen,
Don't forget a single word,
That in death my eyes did glisten
With the tears her memory stirred.
Tell her she must kiss my children
Like the kiss I last impressed,
Hold them as I did hold them
Fondly, closely to my breast.

Oh, my children, heaven bless them,
They were all my life to me,
Would that I could once caress them,
E'er I sink beneath the sea.
Tell them I never reached the haven
Where I sought the precious dust,
But have gained the port of heaven
Where the gold will never rust.

Urged them to secure an entrance
For they'll find their father there,
Faith in Jesus, and repentance
Will secure for each a share.
'Neath the waves I'll soon be sleeping,
Soon my soul in Heaven shall dwell,
When I'm gone, oh, don't be weeping,
Brother, here's my last farewell.

DIARY OF AN ANTI-SUFFRAGIST

May 12.—Here at the convention. Have not made my speech yet; my head feels very queer. Many clever ladies here, all thoroughly impressed with the fact that woman's place is in the home.

(Telegram)
To John Doe, London, Ont.
Wife taken ill at convention. Fear brain fever. Come at once.
D. X. WHITE, M.D.

(End of diary for some months.)
Sept. 3.—Was never so humiliated in my life as to learn that I had an attack of brain fever. I was at the convention in B. John wired mother, and they both came to B. for me. Was ill a month, and am just now feeling like a new man. Have the horrible conviction, "Little Diary," after reading you over, that I was making an amazing silly of myself. Here I was prating that woman's place is in the home, and the anti-suffrage society, when all the time I was gadding out more than any of the suffragists I know. How John must have laughed to himself. Yet I am sure that was sincere enough. John and mother have been most patient with me, and we three spent a delightful month at the lakeside in August.

Sept. 10.—Just became aware today of a strange thing. Mother is a suffragist! She has given me some books to read, and I begin to think there is something in it after all. Mother says it is ridiculous to talk that women need neglect their homes to vote, because that only comes once a year, and should only take a few minutes' time. The funny part of it is that John is a suffragist, too! Sept. 28.—I am going down town today to hunt up that shop girl I talked to in the spring. I certainly owe her an apology—girls like her need a vote, alright.

Oct. 1.—Mrs. Wilby Spry, president of the Women's Franchise Society, called today. Think maybe I shall join her society in the spring. (End of diary.)

FEATHER CLEANING AT HOME.
Feathers may be cleaned at home if one goes about the work in the right way. Prepare suds by shaving and boiling half a bar of hard white or naphtha soap in a saucepan with sufficient water. Dilute with warm water, and immerse the plume in this and allow it to soak for ten or fifteen minutes, occasionally drawing it rather loosely through the hands to shake out the dirt with the suds. Rinse in water of the same temperature. If not yet clean lay the feather on a smooth surface and with a soft toothbrush rub gently with soap and water, working outward from the stem. Rinse in clear warm water, and afterward, if a white feather, in bluing water. Draw through the palm of the hand to squeeze out the water, but without twisting. Pin or stitch the stem to a cloth and hang up to dry with the thick end of the stem nearest the plume hanging down. Shake frequently while drying or if time will permit shake the feathers near the stove until dry.

Peel six potatoes and allow to grate in cold water four hours. Grate them and allow to drain ten minutes. To every pint of grated potato allow one half teaspoon of salt, one tablespoon of flour, a little pepper. Beat this all together. Fold in two well-beaten eggs. Drop by spoonfuls on a hot buttered griddle or spider. Turn, browning on both sides. Send to table at once with apple jelly.

Sombre Gowns and Thin Materials For Formal Occasions

Notwithstanding all the bright colors that have been shown this season, the fashionable woman puts her faith in black. Every third gown you see on the streets of Paris, New York or Chicago is of that sombre color.

A black chiffon gown with black taffeta ruffles is one of the season's most beautiful afternoon costumes. There is an increased fullness about the waist of all formal gowns. The cunning dressmaker because of this is making the tops of almost all skirts of shirred lace chiffon or silk voile. Then she puts on her frills and furbelows of whatever material her customer happens to fancy. There seems to be no diminution of ruffles, but probably by fall gowns will grow plainer, as the heavy materials that are shown in the advance styles for fall will hardly make fine ruffles.

Cynthia Grey's Mail-Box

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letters can be answered privately.]

A CORRECTION.

In my answer to "Peanut" yesterday, in the list of household linen for a first part should have read: 2 pair fine sheets; 4 pair common sheets; 2 pair fine pillowcases, 4 pair if plain; 2 pair blankets, and so on.

A PATHETIC CASE.

Last year, a kindly Mount Brydges subscriber offered to accommodate a tired child mother and babe, or small child, for a fortnight or so. Could the same reader repeat the offer this year? I know of a tired little woman, of refinement, to whom such an outing would be a Godsend. It is a most pathetic case. May I not hope to hear from the Mount Brydges subscriber in regard to this?

Just This Time!

Dear Miss Grey—Will you please publish formula for making "rose breads" and also "rose jar"? Thanking you in advance, I remain, yours truly, S. E. A.

Ans.—The rose bread formula was published in the lady's lap. But I need not publish it a third time. In case you did not see the method of making a rose jar, published a few days ago, I am repeating it for your benefit:
Between layers two inches deep of rose petals, gathered when perfectly dry, sprinkle ordinary table salt. Continue this until the jar is full, adding fresh salt daily. Keep in a cool, dark, dry place. A week after the first layer of leaves has been gathered, turn out the salted petals on a broad platter and mix and toss until they are all loosened. Then incorporate thoroughly with the formula given below.
Formula—Violet powder, ½ ounce; orris root, 1 ounce; rose powder, ½ ounce; heliotrope powder, ½ ounce; mace and cloves, ½ teaspoonful each; cinnamon, ½ teaspoonful; oil of roses, 4 drops; oil of chris, 10 drops; oil of melleane, 20 drops; bergamot, 10 drops, and alcohol, 2 drachms.

Answers fr Waiting.

Ans.—Yes, cotton voile is used a great deal for girls' white dresses. The style you describe would be very nice and girlish, I think. Yes, the ruching is frequently seen as trimming in the way you mention.
2. It is not too old a style, and much cooler for summer than to hang in a braid, although I believe I like the latter way best.
3. I do not think you are much too short. Many girls of your height and age, weigh more. As long as you are healthy, what does it matter?

4. Yes, the white slippers would be very nice and buckles are worn a great deal.
5. Gingham, percale, colored cotton, whilpore, or linen crash, are all serviceable and washable materials.

Name For Canoe.

Dear Miss Grey—What would be a suitable name for a canoe made by two young schoolboys? Thanking you in advance,
THE YOUNG CANOEISTS.
Ans.—How would one of the following answer: "Venus," "Shamrock," "Lady of the Lake," "Champion," "The Lotus" or "The Swan"? Or, as you are school-boys, you might name for some famous hero in history or fiction, "Tom Brown" would be a capital name for a schoolboy's boat.

Tennis, Driving, Etc.

Dear Miss Grey—I intend to form a tennis club, could you please give me some of the rules of the game, as I know nothing at all about it.
2. I am five feet eight inches and weigh 150 lbs. Do you think I am in proportion?
3. When a lady is about to change

OLD SCHOOL DAYS IN LAMBTON COUNTY

"Elspeth Wilson" Recalls Days of "Linsey-Woolsey" and Home-Dyed Stockings.

Is there not a good deal of "fading" in this cry for "ventilation and sanitation," pertaining to school laws at least? As I watch the children trooping off to school with their sanitary lunch boxes to a warm winter playground and well-ventilated school my thoughts go back to a shabby little schoolhouse in a remote corner of Lambton County fifty years ago, and I wonder if, with all modern conveniences, the children are after all happier and healthier.

This particular school differed little from other country "seat-of-learning" at that time, unless in its more dilapidated state. Owing to a difference in choice of site, the responsibility of a new building was postponed from year to year.

Toeing the Line.
Of ventilation we had a plenty even in mid-winter, for the windows, being all in one, swung from the centre, sitting nowhere. Blue sky might be discerned through many cracks and crannies in the wall, and when a single pane was missing for a class to "toe the line," this line was a very tangible one, indeed, being a crack in the flooring of quarter inch wide, up which the breezes blew. And when in winter twenty or more of sturdy, linsey-woolsey, homespun clad atoms with as many pairs of blue, gray, red and magenta-stockings, coppered feet came to the mark the clatter was something to be remembered. Everyone hailed the first warm day, when shoes and stockings were shed as by magic, and comparative silence reigned.

The drinking water! Yes, we had a well with a covering of loose, warped planks, upon which the ducks from the nearest farmyard chose off to congregate, and if for many reasons we found the outlook too, too uninviting the only alternative was to tramp the fields of the adjoining farm, far back where a hole had been scooped in the earth. To secure even a part of a painful we waded barefooted through the shallow water in danger of slipping in where deeper, and of course secured also leaves, some mud and not a few wriggling things, all of which added flavor to the warm brackish water, from which forty little urchins drank greedily from one tin cup not too clean. What cared we for germs laden drinking cup or typhoid-infested water?

In Spite of Germs.

Strange to say, no healthier set of youngsters exists even under the reign of germ fear of the present day. True some of the class of forty or fifty years ago in later life fell victims to fever, but contracted in distant cities.

Surely these conditions were highly conducive to ill of the flesh if, as they tell us now, the waters of our rivers and great lakes require filtration, chlorination, etc. If the country children grew and thrived under these seemingly unhealthy environments, is not this cry, so persistent and so popular, somewhat overdone?

"ELSPETH WILSON."

PLANKED SHAD.
Clean and split a shad, put the skin thick, or lay in baking pan. Sprinkle with salt and pepper and dot with bits of butter.
(For a shad weighing three pounds use one-half teaspoonful of salt, one salt-spoon of pepper, and two tablespoons of butter.)

If you use gas for cooking, place the shad under the broiler flame and cook fast for ten minutes, then lower the flame for eight minutes more. Shad may be baked in oven, allowing twenty-five to thirty minutes for a fish weighing three pounds.

Fry shad slowly in butter ten minutes, turning in most of the time. Cut in slices and serve around the planked shad.

Consider your family and use Windsor Table Salt

Her Brother's Girl.
Dear Miss Grey—I am sending you in an old song that may interest some of your readers, hoping you will favor me by answering a few questions for me.
1. I have a brother, whose lady friend is right for her to write to him every night, when he only answers them once a week? Do you not think it is foolish on her part to show her affections in such a manner?
2. I am 5 feet 7½ inches in height, weigh about 118 pounds, and always imagine myself to be skinny. Do you think I am? Hoping you will oblige me by answering what you may call foolish questions, I remain, yours truly, PEGGY.

LIBERALS CAPTURE FIFTEEN NEW SEATS IN THE LEGISLATURE

Snap Election Reduces Government Majority by 11, Chiefly in W. Ontario.

LEADER HAD HARD FIGHT

Gus Evanturel Forced to Resign During Session, Is Again Elected.

MRS. JAMES DUFFIN, WHO DIED VERY UNEXPECTEDLY AT HER HOME IN THORNDALE.

MRS. DUFFIN only recently celebrated her 92nd birthday. She had resided in West Toronto for over 73 years, and went through all the hardships of the pioneers. Mrs. Duffin was born at Chatham.

arrangement that was arrived at before Sir Adam could be induced to enter the campaign. The Liberal headquarters was proud of the showing of Western Ontario tonight. The Brants, the Essexes, North Middlesex, Windsor and other ridings had been turned over, largely through the force of the temperance issue.

Composition of House. The composition of the new House will be as follows: Conservatives, 32; Liberals, 26; Labor, 1; Independent Liberal, 1. Total seats, 60.

Two constituencies were still in doubt until late in the evening, namely, North Bruce and North Wentworth. Late reports were to the effect that the Conservatives had a majority of four in the latter riding, and that Liberals retained the former by a majority of seven.

All the ministers, with the exception of Hon. Dr. Reaume, minister of public works, were re-elected with large majorities.

Evanturel Back Again. A peculiar feature of the election was the return in Prescott of G. Evanturel, who was tabooed by the Liberal party and forced to resign his seat in the Legislature on account of the exposure of his offer to assist the liquor men to obtain legislation in their favor for a money consideration.

Temperance Ticket Failed. Of the eleven men who ran on the Temperance ticket, only one survived, namely Samuel Carter, Liberal-Temperance candidate in South Wellington.

Premier Whitney received the returns in his home. They were transmitted to his office in the Parliament Buildings and telephoned to the house by the Premier's private secretary.

Sir James received an immense number of telegrams of congratulations. "A glorious victory" was all the comment Sir James made on the result.

Mr. Rowell went to Woodstock, where he received the returns.

LEADER WINS A HARD FIGHT IN NORTH OXFORD

N. W. Rowell Returned by a Majority of Hundred and Twenty.

[Special to The Advertiser.] WOODSTOCK, June 29.—N. W. Rowell, Liberal leader, won a hard-fought victory in North Oxford, his final majority being 120.

The Conservatives were expecting a victory, and are a disappointed crowd tonight. On the other hand, the Liberals are jubilant.

The win for Rowell is remarkable considering the large vote that was polled, there being 5,984 in all, or 1,245 more than last year.

Mr. Rowell sat in the Liberal rooms beside the telephone wire, and heard the returns coming in from all over the province, but made no comment on the results in the early part of the evening.

WM. McDONALD. MAYOR ROBERT CARTER.

JIG MORAL VICTORY WON BY DR. LUMLEY

[Special to The Advertiser.] ST. THOMAS, June 29.—Although the Elgins went Conservative again, the former members, F. C. Macdonald and Andrew Brower, were returned by reduced majorities, showing that the people of these ridings were in sympathy with the Rowell policy of the abolish the bar.

Doctor Lumley came to St. Thomas with a majority, but the liquor interests in St. Thomas, as was expected, plugged hard for his defeat, and rolled up such a large majority that it was impossible for the townships to overcome it.

The doctor stated tonight that he was pleased indeed with the result, and that he fought hard against tremendous odds. His friends had given him warm support and he was very thankful. He believed a moral victory had been won at least.

Ans.—Upon the facts as stated the property could be sold.

2. Can there be a clear deed and title given in such a case, as the whole real estate would not have to be sold, as the heir's question had enough loose property which was the said heir's own to go along with the part of the said estate that was sold to be sold to pay up all debts standing against the estate in question.

Ans.—You have apparently not stated all the facts of the case, and you had better lay the whole case before a lawyer, who can then advise you whether the proceedings taken in the matter are regular or not.

WILL ASK RECOUNT OF WEST KENT VOTES

Result is Still in Doubt After Keen Contest.

[Special to The Advertiser.] CHATHAM, June 29.—The latest returns give George W. Sulman's majority as 15 with all of the places heard from. The contest was the most spirited ever held in West Kent. Both candidates worked like Trojans, and it was generally admitted that Mr. Brackin made a very strong run against a man who has held the seat for six years. Tonight the result is still in doubt. The figures give Sulman 15, but it is claimed that a recount may change the aspect of the election, and that Brackin may yet be declared a winner.

Both candidates were carried down the streets tonight amid great applause, and both sides claimed a victory. A. B. McCole, M. P., stated that there would certainly be a recount, and the result of it may show that Brackin is elected. The polling resulted as follows:

MOTHER! IT'S CRUEL TO FORCE OIL OR CALOMEL INTO A SICK CHILD

"California Syrup of Figs" Can't Harm Tender Stomach, Liver, Bowels.

Look back at your childhood days. Remember the "physic" that mother insisted on—castor oil, calomel, cathartics. How you hated them, how you fought against taking them.

With our children it's different. Mothers who cling to the old form of physic simply don't realize what they do. The children's revolt is well founded. Their tender little "insides" are injured by them.

If your child's stomach, liver and bowels need cleansing give "California Syrup of Figs." Its action is positive, but gentle. Millions of mothers keep this harmless "fruit laxative" handy; they know children love to take it; that it never fails to clean the liver and bowels and sweeten the stomach, and that a teaspoonful given today saves a sick child tomorrow. It should be the first remedy given, as it always does good, never any harm.

Ask your druggist for a 50-cent bottle of "California Syrup of Figs," which has full directions for babies, children of all ages and for grown-ups plainly on each bottle. Beware of counterfeits sold here. See that it is made by "California Fig Syrup Company." Refuse any other kind with contempt.

Carnegie said: "If I were reduced to poverty to-morrow and given ten dollars to start all over again—in the light of my life experience—I'd put half in a savings bank."

"WE HAVE A GOOD CAUSE WE MUST HAVE GOOD ORGANIZATION."—Leader Rowell.

WOODSTOCK, June 29.—N. W. Rowell, when interviewed by your correspondent this evening, made the following statement: "It is gratifying to find that notwithstanding the whole weight of the Government's forces, aided by the organized liquor interests, we have improved our position in the House, for the sake of the policies for which we were fighting."

N. W. ROWELL.

misrepresentation persistently and systematically pursued in order to mislead the electors.

Short Time to Prepare.
"I regret that our gains were not numerous, as we were greatly handicapped by the short period we had to prepare for the election. It took us all our time to get candidates in the field; we had no time to perfect an organization in the great majority of the ridings, and no matter how good a cause, a good organization is necessary to insure success."

"Wherever candidates were in the field the first of the year and had an opportunity to perfect an organization in the province and we should commence to do so at once. I desire to thank the electors of the province who gave us their support, and particularly the large body of volunteer workers who, also, have freely given of their time in this contest."

New Spirit of Service.

"We have brought into the political affairs of the province a new spirit of public service, and hundreds of men who have not hitherto taken an active interest in political affairs will undoubtedly do so in the future. This is the guarantee of the ultimate success of the policy over the

TROLLEY WIRE FALLS

Man Had Narrow Escape and Traffic Is Held up for Several Hours.

When a trolley wire broke on Stanley street shortly after three o'clock yesterday afternoon, a man on a wheel and several pedestrians had narrow escapes from being struck by the falling wire, while traffic was tied up for several hours.

The trolley pole on a Normal car taking the curve at the intersection of Stanley street and Wharfside road, suddenly flew into the air. It caught on one of the guy wires, ripping it away. The vibration set up in the wire caused the pole line to fall to the ground, and the trolley pole to cross the fallen line had narrow escapes.

The bicyclist was riding parallel to the rails when the wire fell, and it was only a few inches only that saved him from being struck.

Several children who attempted to cross the fallen line had narrow escapes.

VOTE TO STRIKE UNLESS DEMANDS ARE GRANTED

Compromise Will Be Reached.

[Canadian Press.]

Montreal, June 30.—A dispatch from Chicago says the strike vote taken by the railroad men employed by western railroads has been compiled and nearly ninety per cent of the men cast favored a strike, unless their demands are granted by the railroad companies.

A conference has been arranged between the general managers' committee and the employees' committee to be in Chicago July 14.

According to one of the engineers it is little danger of a strike being called. "No one wants to strike," he said. "I am certain that some compromise will be reached."

CONGRATULATED BUT HE HAS NO BRIDE

Roy Simpson, of Ford Motor Company, Not the One Who Wedded Centralia Girl.

Roy Simpson, a demonstrator with the Ford Automobile Company on Dundas street, is receiving congratulations on his wedding. Mr. Simpson is much concerned over the congratulations as he is not a married man. Last week a Roy Simpson, of Centralia, was married, and the fact duly published. Since then all Mr. Simpson's friends in this city have been congratulating him.

Both of the Simpsons are from Centralia, and it was the Simpson who stayed there who got married, and not the Simpson who left there, which is the one with the Ford Motor Company.
"I suppose by denying that I am married I will be congratulated again," said Mr. Simpson last night.

BECK WINS OUT

Continued From Page One

nounced Liberals had no reason to be ashamed of the showing made by Dr. Stevenson. He entered the fight at the last moment and was successful in making a showing that reflected great credit on himself and those who supported him.

At the time he accepted the nomination the doctor referred to the local conditions, but voiced his determination to make a fight in London for Rowell and temperance. He did, and it was a good one.

Surprise to Conservatives.

As a matter of fact the election returns came as a surprise to the Conservatives. A Beck majority of 3,000 was figured on, and many of the Tory workers were laying odds on that figure.

One of the features of the local campaign was its quietness. No public meetings were held by either candidate. Both parties relied on personal canvases, that was supplemented in the case of the Conservatives by the work of its machine, running at full blast, and the liquor interests.

Dr. Stevenson Thanks Electors.

After the result of the local election was known, Dr. W. J. Stevenson addressed the crowd outside The Advertiser office from one of the windows. He was given a rousing reception. He said:

"I want to thank you for the support you have given me in this election. When I consider the handicap against us, we should all feel proud of the result. When you analyze the figures and realize that the present position is just what it was six years ago, that they have made absolutely no progress, I think you will agree with me that we have every reason to feel pleased.

Praise for Clean Fight.

"I am extremely thankful for one thing; this election has been fought with absolutely no personal animosity, no ill-feeling. It was a straight open fight. I must thank the newspapers especially for the fairness with which they have treated me. We can all go back to work tomorrow as though nothing has happened.

"In this kind of an election there always should be a candidate in the field on either side, because under no other conditions do you have an opportunity to voice your sentiments at the polls. A fourteen-hour day-long majority is nothing when you consider the strength of the forces opposed to us, and I, for one, am very pleased to have done so well. At least, I have put up a good fight, and you have stood by me loyally. I thank you.

"One feature of the election result is especially gratifying. In my own subdivision I was given a good majority. Where I am best known the people gave me the preference."

Adam Beck Speaks.

Speaking from the window of the local Tory organ, Sir Adam Beck referred to Sir James Whitney's return to power as an expression of gratitude of the divine Providence to the man who has given nine years in the service of his country.

He stated that the abolition of the bar would never be an issue again in a political campaign, and that the people could do no better than leave the temperance policy to Sir James Whitney.

Says Temperance People Will Grow. Sir Adam insinuated that the temperance people would now come crawling to the Government, fearful that it would do away with the three-fifths clause.

After expressing his own and Sir James Whitney's thanks to the electors he fervently expressed the hope that the bilingual issue would soon be a thing of the past.

How to Beautify the Hair.

A Simple and Inexpensive Home Method.

The hair is like a flower—a little care and proper nourishment does wonders. Just as a plant without air and water withers and dies, so will the hair go if not given proper nourishment. The scalp must be perfectly healthy and free from dandruff, as the scalp is to the hair what good soil is to plants and flowers.

If your hair is not pretty, if it is losing its color, too dry, matted, falling out, or if the scalp itches and burns, you can overcome all of these conditions by using Parisian Sage, which supplies every hair need. It soaks right in to the hair roots, stimulating them and furnishing the nourishment that is needed for the hair to grow not only long and heavy, but fluffy, soft, lustrous and gloriously radiant.

If you get a bottle of this inexpensive yet delightful and helpful hair tonic from W. T. Strong or at drug and toilet counters everywhere. Improvement begins with the very first application. Besides stopping the scalp irritation it removes every bit of dandruff. The use of this unequalled hair tonic will surely give you hair new life and beauty. advt

A NEW CURE

In these days of Christian Science, serums, anti-toxins and New Thought, it takes a bold man to announce an entirely different yet very successful cure for suffering humanity. Not a cure-all, however, be it understood, any more than the above-named. For instance, the new remedy is of no avail for broken bones, smallpox, rheumatism or even toothache; not to mention a few hundred other disagreeable items. But it is a fact that if only the mind can be agreeably diverted, many a suffering man or woman can be relieved and Nature allowed to do the work of rehabilitation without the disadvantage of worry and mental anxiety. And doctors and scientists both agree that in many cases, even of apparently serious diseases, if only the mind can be so diverted, even temporarily, that cures will naturally result.

At any rate, our cure can do you no harm, so if you are nervous or worried about anything, no matter how blue the prospect, just join our happy family of contestants in the Summer Pastime. Care will break away and the sun of peace and contentment shine forth for you once more. It is open to all, young and old, rich and poor, male and female; and the daily results are fine with the glorious future prospect. Come on in and be happy!

ELECTION EXCITEMENT KILLED GUELPH MAN

Aged John Black Fell Dead in Committee Rooms.

[Special to The Advertiser.]

GUELPH, June 29.—John Black, an aged farmer, living on Extra street, this city, could not stand the excitement consequent upon the results of the elections.

He was in Sam Carter's committee rooms when it was announced that Mr. Carter was elected, and without a moment's warning, he fell over on the floor and expired. Death was due to heart failure.

GRAND CHALLENGE CUP MAY COME TO CANADA

Winnipeg Rowing Club Eight Make Quite An Impression in Henley Trials.

Henley-On-Thames, Eng., June 30.—River experts today, after watching the work of the Winnipeg Rowing Club eight, and the Harvard and the Union Boat Club crews expressed fears as to whether they would be able to prevent the grand challenge cup from crossing the Atlantic this year. They had this morning an opportunity of viewing the work of the American and Canadian crews working together. The weather was sultry. A big influx of visitors is promised when the regatta starts tomorrow, and owing to the number of foreign entries, interest in the events will continue until the end of the meeting on July 4th.

SUMMER PASTIME

We opine that there will be ladies and children among the winners; also men who never witnessed a public game.

How To Solve the Rebus Pictures

Examine the picture and see how it will apply to a name. For example, we tell you—and everybody—the illustration below represents Dunn, a well-known name in sports of Canada, as well as in the United States. Easy enough, isn't it? Well, there are 74 other pictures to solve.

Summer Pastime. Rebus Picture No. 15

Answer Form No. 15 Advertiser Pastime

The name of the player represented by the picture is

Name of PARTICIPANT

Address

REMEMBER—Answer Forms may be filled in with ink, pencil or typewriter. Poor handwriting or trifling errors will not count against a participant. No sets of Answer Forms are to be submitted until called for at the end of the Pastime. It makes no difference where a person lives, provided he or she can return the Answer Forms in time after the contest has closed.

RULES—These will be reprinted occasionally. They are simple, easy to understand and fair to all. The principal point is to study each day's picture and evolve from it the name of a recognized player of baseball, football (soccer or rugby), hockey or lacrosse. No Answer Forms are to be sent in until called for in this newspaper at the close of the series.

SUMMER PASTIME HANDBOOK—This is a wonderful aid toward solving the rebus pictures. It contains a list of 2,500 names, including those used in this Pastime; therefore, by study, success may be made certain. The book also carries 75 free additional Answer Forms. Price 25 cents at our office; or will be sent postpaid on receipt of price.

SPECIAL OFFER—Any regular subscriber who induces another person to subscribe for this newspaper three months on trial, will receive a copy of Summer Pastime Handbook free. The subscription is to be paid at this office and the Handbook is to be requested at the same time.

THERE'S REAL PLEASURE IN THIS.

FEDERALS PROMISE BASEBALL SENSATION

EXPLOSION OF NATIONAL LEAGUE EXPECTED.

Three pitchers of Federals who will find themselves back in organized ball if the Feds are taken in.

[BY HUGH S. FULLERTON.] Can the Federal League last? The question has been fired broadcast at me so frequently since the slump in attendance that I have made as thorough an investigation as is possible. Here is the situation, so far as I can figure it: The Federal League can last—practically is forced to last—if the club backers are game enough to stand their losses. The Federal League will lose close to \$200,000 on the season at the present rate of attendance. The National League will lose almost double that amount. The American League will do well to break even, with perhaps five clubs on the circuit losing money in spite of the interesting race.

The Senate adjourned the other day for lack of a quorum because 60 per cent of the senators were at the ball game; and an examination of the gate receipts proves that at least 40 per cent of that 60 per cent must have had passes.
