Eyewitness Tells of Further
Brilliant Fighting by the
Canadians.

[BY SIR MAX AITKEN.]

Canadian Headquarters in France, via London, Oct. 6.—Canadian communications, September 28 to October 5, show fighting continued almost without cessation during the past week. The Germans brought up reinforcements and fresh troops, and opposed at times a desperate resistance to our advance. Attacks were successful by counter-attacks, and certain portions of the trenches were the scene of sanguinary hand-to-hand struggles.

Attacked With Fury.
The artillery duel and the artillery concentration upon the infantry trenches was terrible. The lead of the Canadians, courage and cheerfulness of our men were beyond praise, and their attacks were delivered with an unabated fury.

In the east and north of Courcellette our line was materially advanced. There, for the first time since the Canadians have participated in the war, cavalry patrols were employed to maintain touch with the enemy.

On the evening of September 27 it was discovered that our advance had broken through the last immediate line of the German resistance.

Some Canadian cavalry were ordered to patrol in the direction of Le Sars and Hys, in order to establish the new location of the enemy forces. Two lieutenants and 21 other ranks, all mounted, proceeded south of Courcellette along the Rameau road from this point on the morning of September 28.

Good Patrol Work.
Five different patrols crossed our front-line trenches and went forward into the enemy territory. Two patrols in the direction of Le Sars located Germans in Desmet farm, over a mile beyond our lines. Here one of our men was killed, and another wounded, and two horses killed. Another patrol penetrated northeast a distance of about 2,500 yards, but were compelled to turn back by the enemy snipers.

In consequence of their reports, our lines were promptly advanced and a new position occupied nearly 1,000 yards further forward. To the northeast of Courcellette, a Toronto battalion carried out this maneuver with success. At the same time a New Brunswick battalion advanced to the north of Courcellette and established a more advanced position to the south of Regina trench.

A Fierce Counter-Attack.
While this occurred upon the right, a fierce enemy counter-attack against Regina trench gave the Germans a temporary possession. Equally determined hostile attacks against our position in Hessian trench on a frontage of 500 yards were repulsed with serious loss to the enemy.

A further attack on the following morning against smaller portion of this trench was also repulsed.

On September 28, a brilliant attack by a mounted rifle battalion captured an important communication trench still Continued on Page 3, Col. 6.

British Last Night Again Pushed Forward On the Somme Front—Five Successful Raids on Trenches—French Report Heavy Artillery Engagements on Somme and at Verdun.

[Canadian Press.]
London, Oct. 6.—12:30 p.m.—The British last night pushed forward their line northeast of Eaucourt l'Abbaye, on the Somme front, it was announced officially today.

"During the night there was considerable artillery activity on our front south of the Ancre," the statement says. "We advanced our position northeast of Eaucourt l'Abbaye.

"Gas was discharged by us east of Loos and east of Armentieres. Three raiding parties successfully entered the enemy trenches in the Loos area, and two south of Arras."

[Canadian Press.]
Paris, Oct. 5.—The war office reports great activity on the part of the artillery on the Verdun front. The Germans are shelling Poirive Hill, east of the Meuse and north of Verdun.

On the Somme front the artillery was active during the night.

PURSUED GERMAN PLANES.

[Canadian Press.]
Paris, Oct. 6.—Reporting the operations of the French aviation service on the western front, the French official statement issued today says: "Despite unfavorable atmospheric conditions, our machines carried out 29 flights in pursuit of enemy aeroplanes and in reconnoitering and observing for artillery purposes."

THE FRENCH STATEMENT.
[Canadian Press.]
Paris, Oct. 6.—The text of the French statement follows:

"North of the Somme the night was characterized by reciprocal artillery activity. In the sector of Quenover one of our reconnaissance planes went forward as far as the enemy's supporting trenches and bombarded it with grenades."

"In the region of Verdun, there was fairly great artillery activity on both sides. The enemy bombarded Poirive Hill and Launoy Wood. In the forest of Apremont, our artillery dispersed a working party in Mullote Wood."

RUSSIANS ATTACKING
ALONG EASTERN FRONT
WITHOUT CESSATION

Czar's Armies Using Thousands of Cannon Bombarding German Lines.

[Canadian Press.]
London, Oct. 5.—The Russian attacks on the eastern front are much more violent than any known since the start of the war, according to a Copenhagen dispatch to the Exchange Telegraph Company, quoting the eastern correspondent of the Berlin Lokal Anzeiger.

The dispatch says that near Karytovo and Zubino, Russian infantry have attacked German lines for the last 36 hours without cessation. This assault was on a front of 50 kilometers, and the cannonade continued all night.

German officers who participated in the battle on the western front are quoted as saying that the Russian bombardment was now nearly as violent as that in the Somme. The Russians are using thousands of cannon, and in a few days the Germans fired 60,000 shells on a very small front.

General Prosperity Here

London reports to Bradstreet's say that the autumn trade is quite satisfactory and measures up to the expectations of those who looked for a big increase in business over the corresponding period of 1915. The fact that very little distress is being experienced, even in the face of the greatly increased price of food-stuffs goes to show that there is considerable general prosperity. Labor is scarce, and most employers declare that help is urgently needed. Money is quite plentiful, and payments are very fair.

NO OFFER MADE OF MEDIATION BY UNITED STATES

Neither Has Washington Been
Approached by Any of
Belligerents.

NO NEW MOVE FOR PEACE

U. S. Government Still Willing
To Act If Called Upon by
Combatants.

[Canadian Press.]

Washington, D. C., Oct. 6.—No new step to end the European war has been taken by the United States, and so far as officials here can foresee none is likely to be taken in the near future, according to an authoritative statement of the government's position obtained today in high official circles.

While no official proposal to know what is in President Wilson's mind it was declared that no preparations had been made for discussion of peace through the usual diplomatic channels, and in that case the information gathered here seemed to indicate that such a move would be both useless and inadvisable.

It was pointed out, however, that in a matter of this nature, the president usually keeps his own counsel and might be influenced by indications of what the officials here are in ignorance.

No Mediation Advances.
Regarding the many rumors that the United States already had made mediation advances to the belligerents during recent months, it was declared authoritatively that mediation had been neither offered by the United States government nor suggested to it from abroad.

It was flatly stated that no new peace overtures at all had been made to many of the belligerent governments, and that no official statement had indicated that such overtures would be welcomed.

The United States, it was explained, stands exactly where it has stood ever since the outbreak of the war, in regard to the war, made an open offer to use the good offices of the country whenever requested. Since that announcement, it was declared, there has been no change as far as the American government is concerned.

CONSCRIPTION MEANS
IRISH CIVIL STRIFE,
WARNS JOHN REDMOND

Says If Ireland Remains Sane
Home Rule Will Surely
Come.

[Canadian Press.]
Waterford, Ireland, Oct. 6.—In a notable address to his constituents here this afternoon John Redmond, the Irish Nationalist leader in Parliament, declared that despite the recent rebellion, "with all its inevitable aftermath of brutalities, stupidities and inflamed passions," home rule for Ireland is safe if Ireland remains sane.

Mr. Redmond also declared that conscription could never be forced upon Ireland, adding:

"I cannot bring myself to believe that, malign though the influence of the rebellion is, it will be insane enough to challenge a conflict with Ireland on this subject. Conscription for Ireland, far from helping the war, would be the most fatal thing that could happen. It would be resisted in every village in Ireland. Its attempted enforcement would be a scandalous thing which would ring round the world. It would produce no additional men."

Bad for Recruiting.
Continuing, the Irish Parliamentary leader said:

"The great threat is paralyzing recruiting, which, mark you, is not dead, as some people say. The latest figures show that from the date of the rebellion (Easter Sunday) until September, 6,000 recruits were received."

"This demand for conscription is not a genuine military demand. It is a demand to put forward by men who want to injure and discredit Ireland's political future."

BLOCKADE PORTS OF THE ENGLISH IS HUN SCHEME

But Plan Does Not Find Favor
With Kaiser's Govern-
ment.

FAILED ONCE BEFORE

Breach Between Chancellor
and Reichstag Enemies
Still Unhealed.

NAVY WANTS MORE PIRACY

German War Rulers at Odds
as to Prosecution of Sub-
marine Campaign.

[Special to The Advertiser.]

Berlin, Oct. 6.—A submarine blockade of certain English harbors was suggested to the government by senior leaders of the von Tirpitz faction, who advocated a resumption of submarine warfare, it was learned today.

The von Tirpitz supporters offered this suggestion as a compromise. They urged that such a course would be in accord with the chancellor's announced determination of resuming a vigorous war against England and would cut off English food and ammunition supplies without endangering lives or property of neutrals.

The government is not impressed by the suggestion, and there is no present indication that it will be put into force.

As a matter of fact this style of blockade has been tried by German submarines, but failed miserably, when some of the subs were sunk, and others captured by British patrol boats.

KEEPING AFTER HOLLWEGG.

[Canadian Press.]
Berlin, Oct. 6.—The differences between Chancellor von Bethmann-Hollweg and his opponents in the Reichstag, which have been in progress since the announcement of the submarine campaign, apparently have become more pronounced. The chancellor's position, however, appears to be unshaken, and such information as is obtainable indicates that the campaign for resumption of submarine activity on the old basis has met with no success.

The Sub Situation.
After several days of confidential conferences of the chancellor and members of his cabinet with a committee from the Reichstag, discussion of the submarine issue and other problems of foreign policy was resumed today before the ways and means committee. Herr von Jagow, secretary for foreign affairs, and Admiral von Capelle, secretary for the navy, made statements explaining the position of the government. The naval secretary frequently interposed in the debate which followed, answering questions and meeting objections concerning the government's policy in regard to submarine warfare.

Regarding the naval secretary's frequent interposition in the debate which followed, answering questions and meeting objections concerning the government's policy in regard to submarine warfare.

Still a Breach.
"The conferences thus far, notwithstanding considerable goodwill on both sides, have not brought the opposing representatives together. They have shown the chancellor to be in full accord with Field Marshal von Hindenburg, chief of staff, and with the navy department. Both the military and naval representatives have supported the contentions of the chancellor against the proposals of the von Tirpitz faction."

No new arguments were introduced, however, and the opposing representatives have permitted themselves to be convinced. The alignment of the Reichstag parties on the question has undergone little change since the struggle of last spring, in which the chancellor's party was victorious. Part of the Catholic Centre, it is true, has been shown to be amenable to arguments of the opposition, but Herr Spahn and other Centreist leaders are still supporting Dr. von Bethmann-Hollweg. Dr. Spahn, in a speech, defended strongly the position of the chancellor.

At the last sitting of the congress, Enver Pasha, war minister, reported on the general situation, which he characterized as in all respects favorable to the central powers and their allies. The Grand Vizier announced that Enver Pasha had been appointed general president.

Amsterdam, Oct. 6.—Constantinople telegram says that a general congress of the Committee of Union and Progress, under the presidency of the Grand Vizier, has adopted a resolution to prosecute the war with Turkey's allies to a victorious end.

At the last sitting of the congress, Enver Pasha, war minister, reported on the general situation, which he characterized as in all respects favorable to the central powers and their allies. The Grand Vizier announced that Enver Pasha had been appointed general president.

VENIZELLOS MINISTRY
SAILS FOR MYTILENE
FROM ISLE OF CRETE

[Canadian Press.]
London, Oct. 6.—A dispatch to Reuters' Telegram Company from Crete, island of Crete, says: "The Greek provisional government, composed of President Venizelos, Admiral Kondouriotis and Gen. Panayotis Danglis, together with their suite, departed Wednesday aboard the steamer Hesperia, presumably for Mytilene. The administration of the island has been organized with former Minister of Public Instruction Talmiokos as governor."

DUTCH GOVT. TOLD BY THE ENTENTE NOT TO INTERFERE IN THE STRUGGLE; PEACE MOVE WILL BE HELD PRO-HUN

The Forest City

How dear to this heart is the old Forest City.
While fond recollection presents it to view,
From her hilltops and portals we may well call her pretty,
Envelled like a bride in her thin film of blue.

What artist hath painted the scene from his palette,
Her sentries at Carling's green heights will attest.
With pigments that vie with the last rose of summer,
Or the brown autumn leaves are they're mantled with snow.

Thy broad shaded streets are a theme for a sonnet,
Her sentries at Carling's green heights will attest.
All honor to London, God's blessing upon it,
And the great motherland of earth's kingdoms the best.

BULGARIANS RETREATING BEFORE BRITISH FORCES, NEVOLYEN IS CAPTURED

Bulgarians Evacuate Town Before Pressure of British Forces
in Macedonia—Unable To Withstand the
Artillery Fire of Allies.

[Canadian Press.]
Paris, Oct. 5.—Noon.—The Bulgarians on the Struma front, in Greek Macedonia, are retreating before the British, the war office announced today.

[Canadian Press.]

London, Oct. 6.—12:10 p.m.—The British forces which recently crossed to the eastern bank of the Struma River on the Macedonian front, have occupied the village of Nevolyen. It was announced officially today.

The announcement follows:
"On the Struma front yesterday and on the preceding night the enemy showed no activity, our troops have now consolidated all the ground gained. The total number of prisoners captured in the recent operations now amounts to three officers and 329 men."

"This morning our artillery commenced a bombardment of Nevolyen, but after a short time the enemy was seen evacuating the town, and it was occupied by us without loss."

STUDENTS OF LAVAL
EXPLAIN RIOTING
TO GENERAL WILSON

Declare That Affair Was an
Incident and That All
Are Loyal.

[Canadian Press.]
Montreal, Oct. 6.—Laval students have sent to Brig-Gen. J. W. Wilson, officer commanding the fourth military district, a letter explaining the incident on Wednesday last, when certain of their number, during a procession from the university to St. James's Cathedral, tore down recruiting posters and a flag in Phillips Square. They deny the allegations that the students were hostile to recruiting, and claim that the destruction of enlistment paraphernalia was an inadvertent incident in the fight with the police, who had provoked the young men, and who imagined when several students mounted a recruiting stand to protest against the officers following them with a patrol wagon that they were about to engage in a display of lawlessness. The letter repudiates the suggestion of disloyalty in the English press. The protest is made "in the name of all these Laval students who are in the Canadian army, and the Laval hospital now at the front."

Hague Govt. Informed That
Holland and All Other Neu-
trals Must Not Attempt to
Approach Belligerents With
Peace Proposals at Present
Time.

(Special Cable to Advertiser.)
Rome, Oct. 6.—The Allies have informed the Dutch Government that any move toward peace on the part of Holland would be construed as a pro-German act, it was learned today.

This is the first hint that Holland has been feeling out peace sentiment among the European belligerents.

Exactly when this information was sent to The Hague is not known here. The fact that such action was taken was disclosed in a discussion of the Lloyd George interview, warning neutrals not to intervene at this time.

Well informed circles here say that Allies are reconciled to the probability that the war will last at least three years more.

COUNSEL FOR CROWN
IN CONTEMPT CASE
REFUSES TO ARGUE

IN WINNIPEG COURT

Defence of Four Newspaper-
men Opened by A. J.
Andrews.

[Canadian Press.]
Winnipeg, Man., Oct. 6.—The contempt proceedings were renewed this morning at 11:30 before Mr. Justice Haggart in habeas corpus action to release from custody the four Winnipeg newspapermen sentenced to jail by Judge Galt for alleged contempt of court committed in connection with the agricultural college investigation. The newspapermen, Edward Beck, B. R. W. Deacon, and Stanley Beck of the Winnipeg Telegram, and Knox Macge of the Saturday Post, were released on habeas corpus by Judge Haggart a few hours after their commitment to jail two weeks ago, pending the present hearing, which was adjourned last Saturday after P. Wilson, counsel for the Crown, was irregular and refused to argue for the Crown.

Defence Opens.
Mr. Wilson was not present this morning, and the Crown was not represented. A. J. Andrews, for the newspapermen, said he understood from Mr. Wilson that he did not intend to appear. It was arranged that the evidence should apply equally to all four parties involved. Deputy Sheriff Penner was called by Mr. Andrews to read of serving subpoenas on the newspapermen and to produce for the court the evidence.

SALVATION ARMY BIDS 142ND COMRADES FAREWELL

Conduits Special Services in Their Honor at Citadel Last Evening.

The Salvation Army of this district last night gave farewell to the members of their association who will go overseas shortly with the 142nd London's Own Battalion. A farewell service was held in the Citadel on Clarence street in the evening, and previously to that a supper was tendered to the men by the members of the Salvation Army band. The evening service was presided over by Brig. Rawling.

The hall was crowded to overflowing, as the ceremony included the unveiling of the honor roll of this division. Col. C. M. R. Graham, commander of the battalion, addressed the assembly, thanking the Salvation Army for the part it had taken in helping to bring London's Own up to strength. Speeches were delivered also by Adjutant Layman, Bandmaster Wilson of the 142nd, formerly the Salvation Army bandmaster, Lieut. Rawling of the 142nd, and Lieut. Brigadier Rawling, and Lieut. Weber, 142nd.

A musical program was provided by Miss Edith Solomon and Bandmaster Charles Wood of the 142nd Battalion. Several selections were played by the band.

Soldiers on Platform.
All the soldier members were seated on the platform, those who formerly belonged to the band taking their old places once more. A presentation of a Salvation Army hymn book was made to each soldier. Staff-Capt. White closed the meeting with a Scripture reading and a few appropriate remarks.
The names on the honor roll unveiled were:

142nd Battalion.
Lieut. C. Rawling, Bandmaster G. Wilson, Bandmaster M. Smith, J. Potter, A. Andrew, E. Wilson, F. Pickling, J. Pickling, R. Norton, J. P. Dickenson, Charles Hogg, Charles Woods, George Ward, Harry Jolly, W. Jolly, Pte. Fred Lewis, Pte. Thomas Lewis, Bandmaster V. Sainsbury, 70th Battalion, Sergt. Arthur Hesketh, 84th Battalion.
Adherents to Corps:

Pte. Halls, Pte. Beech, Pte. Hammond, Pte. Smallman, Pte. Broome, Pte. Needham and others.
Now Overseas.
Edward Millerson, A. M. C.; Fred Andrews, A. M. C.; Pte. C. Carter, 12th Battalion; Pte. A. Knighton, 14th Battalion; Pte. W. A. Jarvis, 33rd Battalion; Pte. W. Pickling, 33rd Battalion; Pte. Meers, 33rd Battalion; Pte. J. H. Ellis, 70th Battalion.

CARD OF THANKS.

Mrs. Adeline Gresson and family of 273 William street wish to thank the many kind friends for the kindness and sympathy shown them during their recent sad bereavement, also for many beautiful floral designs which were sent.

EVEN CROSS, SICK CHILDREN LOVE SYRUP OF FIGS

Look at tongue! If feverish, bilious, constipated, take no chances.
"California Syrup of Figs" can't harm tender stomach, liver, bowels.

Don't avoid your fretful, peevish child. See if tongue is coated; this is a sure sign of little stomach, liver and bowels are clogged with waste.
When little, pale, feverish, full of cold, breath bad, throat sore, doesn't eat, sleep or act naturally, has stomachache, indigestion, diarrhea, give a teaspoonful of "California Syrup of Figs," and in a few hours all the foul waste, the sour bile and fermenting food passes out of the bowels, you have a well and playful child again. Children love this harmless "fruit laxative," and mothers can rest easy after giving it, because it never fails to make their little "insects" clean and sweet.
Keep it handy, Mother! A little given today saves a sick child tomorrow, but get the genuine. Ask your druggist for a 5-cent bottle of "California Syrup of Figs," which has directions for babies, children of all ages and for grown-ups plainly on the bottle. Remember, there are counterfeiters sold here, so surely look and see that yours is made by the "California Fig Syrup Company." Hand back with contempt any other fig syrup.

Missing Londoner and His Five Brothers in Khaki

Pte. Archie Perkins was reported as "missing" last week in the casualty list. Since that time his father, Charles Edward Perkins, 12 Orchard street, has heard nothing of his missing son. Five brothers of the missing soldier, who enlisted with the 70th Battalion here, are in khaki!

They are Sapper Albert Perkins, who paid his own passage to England to enlist in the Royal Engineers and who has been wounded in the right wrist; Corp. Harry Perkins, now a dispatch rider with the Canadian Engineers, but a former member of the 33rd Pte. Jack Perkins, who left with the 70th with his brother; Pte. Fred Perkins, of the 135th Middlesex Battalion, and Pte. Ernest of the 142nd, now home on his last leave.

WILL PURCHASE WELLS THROUGH ARBITRATION

Utilities Commission So Decides on Thursday.
COURTS TO NAME VALUE
Recent Tests of Water Show Some Improvement, But Dr. Hill Is Suspicious.

The utilities commission at their session yesterday afternoon decided to purchase the Macgregor wells by arbitration. The price will be set by a court of arbitration, to be appointed later.
There was a long discussion on the subject, much of the old ground being gone over. Dr. Hill, M.H.O., presented a series of reports on the quality of the water. The first showed considerable improvement, but the later samples showed much improvement. However, he viewed the wells with some suspicion.
"We are convinced that there is a large body of water in the wells of a good quality," said Commissioner Dennis. The price, \$30,000, is outrageous, he said. The courts will decide on the proper value.
Chairman Pocock presented options on property adjoining, five acres, owned by Mrs. A. Topping, for \$4,000, and for \$2,000 for the purchase of a house across Brook street, for \$2,500 for five wells, and \$500 each for additional wells. The commission is to do all the work, and the commission will purchase the property, and the commission will purchase the property, and the commission will purchase the property.

CARD OF THANKS.

MAJOR SHOULD DECLARE THIS 'TEACHERS' DAY'

There are five different staffs of teachers in the city today. The West Kent teachers and the city of Chatham teachers arrived this morning and paid a visit to all the local schools. The East Kent teachers are also here to attend a lecture at the Normal School by President Radcliffe and his staff. The East Middlesex teachers are already here attending the institute meeting, and the city of London teachers are doing their best to receive and entertain the visitors. Altogether it is a great day for education.

SEVEN BATTALIONS LEAVE CAMP BORDEN

Hurons, Kitcheners and Lambtons Included.

GREYS RETURN TO DEPART

Government Agriculturists Give Advice for Keeping Down Sand.

[Special to The Advertiser.]
CAMP BORDEN, Oct. 5.—Seven battalions left Camp Borden today on furlough—the 161st Hurons on their last leave, and the 118th Kitcheners, 149th Lambtons, 164th Maltons, 176th Niagara Rangers, 186th Kents, and 213th Americans. All of these units will return to camp on Tuesday, by which time all the other units now on leave will have returned.

The 147th Grey Battalion returned to camp tonight from last leave, and is making preparation to go east to complete training. The eighth and ninth brigades are deserted, except for a few men guarding the lines.

The 147th Battalion is up to strength and will take over the full quota of officers.

Some Drafting Needed.
In some cases, where feasible, small drafts will be transferred from units still recruiting to bring overseas units up to the mark. Every unit on last leave needing men is making tremendous efforts to gather new recruits, and some new material is expected when they return to camp.

Sir John Hendrie, lieutenant-governor of Ontario, Lady Hendrie and Lady Hughes, wife of the minister of militia, were visitors at camp today.

Dr. G. C. Credé, president of the Ontario Agricultural College, Guelph, and Deputy Minister of Agriculture R. Roadhouse, were the guests of Major McLaughlin, and after seeing the camp, stated that if Canadian high grass and basic slag was used it should keep the dust down. Basic slag has been used with fine results in England, and it is expected that experiments will be made this fall.

There are 845 men absent without leave today, and 95 men in the hospital. Both of these are low figures.

AWESOME SPIDER

Patriarch of Tarantula Family Captured by Fruit Merchant.

An awe-inspiring member of the tarantula family was brought to The Advertiser's office yesterday by Charles Frank, retail fruit merchant, of 215 Dundas street, who had captured the big spider a few minutes earlier at the Moore Fruit Company.
"I've been in the fruit business fifteen years, and this is the first real tarantula I have seen—that is, to amount to anything," said Mr. Frank, as he allowed people into the shop to view the he had the alien imprisoned. "I have just seen one other," he continued, "a little one. Just look at the size of this!"

It undoubtedly was a sizable insect, measuring at least two inches long, black, delicately striped with yellow, and covered with fine hairs.

Drawing attention to the Seven Sister's hirsute adornment, the exhibitor advanced the view that his tarantula was a very old one, at least one hundred years old. In any case, it didn't appear particularly frisky, and this was not attributed to extreme age, but to the fact that it was so chilly in this unfriendly northern climate to do much hopping about.

A MESSAGE TO THIN WEAK SCRAWNY FOLKS

An Easy Way to Gain 10 to 30 Pounds of Solid, Healthy, Permanent Flesh.

Thin, nervous, undeveloped men and women everywhere are hard to say. "I can't understand why I do not get fat. I eat plenty of good nourishing food. The reason is, you are not getting the fat-making elements of your food. Instead of passing them out through the body as waste, you are passing them out through the bowels." What is needed is a means of gently urging the assimilative functions of the stomach and intestines to absorb the oils and fats and hand them over to the blood, where they may reach the starved, shrunken, undeveloped body and build them up. This person's body is like a dry sponge—eager and hungry for the fatty materials of which it is being deprived by the failure of the alimentary canal to take them from the food. A splendid way of working over this sinful waste of flesh-making elements and to secure the age of fatness is to try Sargol, the flesh-building agent that has been so widely used in America in recent years. Take a little Sargol tablet with every meal, and see if your cheeks don't quickly fill out and rolls of firm, healthy flesh form over your body, covering each bony point and projecting point. All food druggists have Sargol, or write for their wholesaler, and will refund the gain in weight it produces as stated on the guarantee in each large package. It is inexpensive, easy to take and highly efficient.

If you find a druggist who is unable to supply you with Sargol, and \$1.00, National Laboratories, 74 St. Antoine street, Montreal, and a complete ten days' treatment will be sent you post-paid in plain wrapper.

NOTE.—Sargol is recommended only as a flesh builder, and while excellent results in cases of nervous indigestion, etc., have been reported, care should be taken about using it unless a gain of weight is desired.—Adv.

TEACHERS OF KENT VISIT CITY SCHOOLS AND ARE IMPRESSED

Ryerson Building Attracts Much Attention.

RIVERVIEW A FAVORITE

Inspector Smith Hopes Chatham Board of Education Will Visit.

Inspector Smith and 13 teachers from Chatham and Kent County visited London today to inspect the schools of the city, and see how the children of London looked.

They arrived at 9 o'clock by special train over the Grand Trunk, and were met by Chairman A. E. Silverwood, Thomas Rowe, Inspector Edwards and others. Special cars were provided, and the teachers were given every opportunity to study them.

Guests at Luncheon. Later they were entertained at luncheon at Smallman & Ingram's. The members of the board of education and principals were invited, about 175 all in all.

After the luncheon, Wood Stevenson delivered an address of welcome. Chairman Silverwood spoke of the progress made in school things in London during the past decade, and he declared that London was in the forefront in the matter of school architecture.

Inspector Smith responded, and complimented the board on the excellent work of the city.

"We are having a fine time," he stated to the Advertiser. "We have been well looked after, and nothing has been overlooked that would make our stay pleasant."

Impressed By Ryerson. "I spent a lot of time in the Ryerson School. It is a new type of school architecture to me, and I was deeply impressed. It presented so many different sides, that I am at a loss to express a definite opinion regarding it. I think it is a first-class school, and I intend to recommend to our board of education that they visit London and look over this building. It is something new, and I want them to see it, as we are facing a building problem."

After the luncheon, the teachers were taken to the Ryerson School, where they were given a tour of the building. The school is a fine example of modern architecture, and the teachers were much impressed by it.

The afternoon was also spent in visiting other schools, including the Normal, and some model teaching classes were presented.

The visitors will return to Chatham tonight.

TEACHERS EXAMINE FINE EXHIBITION OF WORK BY CHILDREN

KEEP SCHOOL RECORDS

Stratford Man Urges Importance of Preserving All Write-Ups, Too.

An exhibition of children's work occupied the attention of the East Middlesex teachers for a hour prior to the opening of the regular session of their institute this forenoon in the county building. This included manual training, drawing, writing, nature study books, composition books, note books neatly kept, etc. Prominent among these were board-covered, loose-leaf exercise books, which elicited particular favorable comment.

V. K. Greer M.A., of the Stratford Normal School, delivered his second address of the convention. His subject on this occasion was "Class Records" and in this connection he emphasized the importance of preserving the daily register in order to keep the history of the school.

He further advocated the keeping of all write-ups in any way associated with the school because of their future value as historical chronicles.

Check on Teachers. Good results, he concluded, provide a wholesome stimulus to the pupils and make the teachers more interested and the teacher from becoming in any way unfair.

An interesting feature of the forenoon was a general discussion on the institute library and how to circulate it.

The opinion was expressed with much unanimity that the institute library which is kept in the office of the inspector should be circulated. It was left to the executive to devise some plan for making this possible.

Concise and entertaining reports of the work at the Guild summer school were presented by Miss E. Cecil Morrison, Miss Vera Rastler and J. R. Shaw.

Telling of the first year course, Miss K. Morrison, who was in charge of the second year work, the statement was made by the first speaker, Miss Morrison, that the purpose of the summer school is to teach gardening and prepare the teacher who attends for teaching agriculture.

Teaching Agriculture. The aim of the summer school and teaching agriculture is to keep the best methods of agriculture before the people of Ontario by educating the children.

Among subjects taught are field husbandry, in experimental plots, entomology, with the collections made, and methods for the destroying of injurious insects, life, poultry keeping, etc.

Second year work includes surveying, drainage, chemistry analysis of fertilizers, botany, bacteriology, etc.

The institute, which has been considered a most profitable one, will be brought to a close today.

The election of the new executive is taking place this afternoon. Short sessions will be given by several of the teachers on "Primary Arithmetic" and "Busy Work for Junior Classes."

Reading for Junior Classes. School general discussion on "Supplementary Reading for Junior Classes." School Fairs and Home Work, followed by a "Question Hour" will bring the meeting to a close.

Improvements Demanded. At the Infants' Home and Refuge, a change is taking place. The spare rooms are being filled with good women, formerly of the home on Richmond street. Many infants have been cared for while their mother were sick in the hospital, as well as the improvements have been made, still more are being demanded by the Government inspectors.

The deep gratitude of the association was expressed for the handsome bequest of the late J. B. Smallman, as well as smaller ones left by Thomas Roberts, John Wright and Frederick Not.

Mrs. Helen Marshall, president, was in the chair. All officers were elected for the coming year. It is described by the chairman as a very successful one.

Mrs. Margaret McDonald made recording secretary, and Miss M. Moore, corresponding secretary.

In a letter to a friend in the city, Nuris Sister McCallum, who has been acting as night superintendent in the Duchess of Connaught Hospital, Taplow, England, states that one of the nurses is Pte. Nelson Minihinnick, formerly of The Advertiser staff, and a thoroughly patriotic Canadian.

Pte. Minihinnick was invalided home from the late war, and at the time of her enlistment with the Western University Hospital unit, was matron of the Aged People's Home, this city, and is widely known in London.

Fence No Barrier To "Short Cutters"

Doesn't Keep West Londoners From Using Breakwater Path.

The edict whereby fences recently were constructed along the West London breakwater to prevent pedestrians from using it like other official barriers set up by law, is being defied by the people of the district.

Fences were ever made to be jumped, and the people of the district are not deterred by the law. The people who have used the breakwater as a short-cut coming to and going from their day's labors are still using it, breaking the law.

An Advertiser reporter today observed a middle-aged lady get over the Dundas street fence in such a manner as to assure her the high-jump district records. Men vaulted the five-foot boards with ease, and some put their bicycles over first and climbed over afterwards. At one time there were six people waiting to climb the fence at one time.

And horrors! A policeman going home from his normal working of the day along the river walk, he wasn't looking for offenders, either, but getting on his bicycle, he found the high-jump district records. Men vaulted the five-foot boards with ease, and some put their bicycles over first and climbed over afterwards. At one time there were six people waiting to climb the fence at one time.

The boarding up of side streets and alleys of the breakwater has been completed, but the natural tendency of citizens to use the natural highway has not been changed.

W. C. A. PRESENTS REPORTS OF ITS CHARITABLE WORK

Three Institutions Under Its Care Reviewed at Annual Meeting.

The Women's Christian Association, an organization which for the past 42 years has unflinchingly worked in the city, Thursday held its annual meeting in the Young Women's Christian Association residence, Wellington street.

Under the wing of this association, three institutions are supported and operated, the Aged People's Home, the Victoria Home for Incurables and the Infants' Home and Refuge. Presenting her annual report, Miss M. Moore, the corresponding secretary, said: "Although there are many charitable societies in the city, our association is unique in its work, to do in the work of visiting and relief. It is a comfort to know we have been able to supply some of the immediate wants of those needing assistance. There will be need of more workers and money for the coming winter."

This applies to relief work outside of the three institutions. Mentioning the Aged People's Home, she said: "The number of inmates in the Aged People's Home has been 112, the number discharged, 10, and the number remaining 102."

The number cared for in the Aged People's Home has been 112, the number discharged, 10, and the number remaining 102.

The Victoria Home for Incurables is in need of enlargement, the annex is filled to its capacity and many names are on the waiting list. \$5 increase has been voted for during the year, 18 have been discharged, there has been 20 deaths and the number remaining at the present time is 45.

In the absence of Mrs. M. G. Groshaw, the matron, who went overseas to secure news of a missing son, her place has been capably filled by her sister, Miss Wallace.

MORE THAN 2,000 TROOPS EXPECTED HERE FOR WINTER

New Arrangements Call for Two Battalions in City.

MAY ADD 63RD BATTERY

Definite Plans Liable as Usual to Change, Have Been Made.

More or less definite arrangements have been completed for the allocation of troops in No. 1 Military District for the coming winter. These arrangements, it is stated, are subject to change without notice owing to certain difficulties, but it is hoped that they will be final. London will have the 118th and 149th Battalions and possibly the 63rd Battery. The 241st will go to St. Thomas, where the accommodation utilized last winter by the 21st is said to be excellent. The 153rd is slated for Galt, as there is not sufficient accommodation at Guelph. The 18th will go back to its home town, Guelph, and it is possible that a third artillery unit will also be sent there.

By this arrangement London will have approximately 2,000 men for the winter. In addition to the two battalions and the battery there are the A. M. C. Engineers, A. S. C., 7th Regiment Special Guard Company, and the members of A. Company, Corps of Military Staff Clerks.

It is also possible that when the new recruiting scheme which the Government may have a largely increased number of men under arms. That, however, is a matter of the future, and the above is the only arrangement of which there is any certainty.

THANKSGIVING SERVICES BOTH SUNDAY AND MONDAY

Presbyterians and Methodists Holding Union Meetings—Musicians Coming Here.

Large numbers will doubtless take advantage of the Thanksgiving rates to visit friends out of town, while at the same time there will probably be a corresponding influx of visitors to the city.

While services of a Thanksgiving character will be held in many of the city churches on Sunday, in some cases denominational union services will take place on Thanksgiving Day.

A Presbyterian union service is to be held in the First Presbyterian Church at 11 o'clock Sunday, and at the same hour a union service of all the Methodist congregations of the city will be held in the First Methodist Church.

Members of the Presbyterian denomination throughout Canada are marking the season in a special and very practical way by the offering to be given on Sunday, October 8, of the wiping out of a deficit of the home mission board, which, accumulating for the past three years, now amounts to \$74,000.

Prominent among the holiday visitors to the city will be a large representation of the music teachers of the city, who are coming to the city for a music teachers' convention, which will be held at the London Conservatory of Music, beginning with a rehearsal in the evening.

Monday evening a Thanksgiving concert is to be given in the Talbot Street Baptist Church, when A. E. Greenlaw of Detroit, the famous baritone, will be the assisting artist.

The Sportsman's Patriotic Association is holding a "boxing night" in the Magone Tumble, when a program of athletic contests will be provided. Frankie Brennan of Detroit, middleweight champion of Michigan, will meet Young Fisher, Syracuse, middleweight champion of New York, in a 10-round bout.

DOMINION PROHIBITION COMMITTEE'S AIM NOW

Local Members of "100" Will Consider It on October 17.

The chairman of the local Committee of One Hundred, A. E. Silverwood, has received notice of a meeting of the central Committee of One Hundred to be held in the Central Y. M. C. A. on October 17. The call has been sent out to all regular members in Ontario and to the chairman or secretary of each local municipality committee, urging them to attend.

Two sessions will be held, one at 2 o'clock in the afternoon and an evening session at 8 o'clock. Two subjects of special prominence on the program: "How to Make Prohibition Permanent in Ontario" and "Dominion Prohibition." Apart from the discussion of these subjects, the time will be devoted to general business.

Pte. Spence Makes Supreme Sacrifice Says Official Telegram.

Word was received today of the death of Pte. William Spence, late of the Machine Gun section of the 33rd Pte. Spence was a son of Mrs. Caroline Spence of 412 Ontario street.

No particulars have yet been received, save that the casualty occurred on September 12.

Pte. Spence was well liked by all his young companions. His mother and a brother, who is a fireman in the C. P. R., and his sister, Miss Spence, have the sympathy of all in their sad bereavement.

In addition to the death in action of Pte. Spence, two Londoners are reported wounded and another missing.

Pte. Albert Jolly, infantry, who is listed in London with the 70th Battalion, is missing from September 17. The official message was sent to Mrs. Jolly, 134 West street.

Mrs. Jane Burgess of 66 Stanley street, received a message that 46734 Pte. Frederick William Burgess, infantry, had been officially reported admitted to the Royal Victoria Hospital at Netley, on September 23. He is wounded in the left arm.

Pte. Jolly, infantry, is wounded. An official message announcing this was received by William Paxman, 656 Nelson street. Pte. Paxman has been admitted to No. 5 Southern General Hospital at Portsmouth, and is wounded in the head and chest.

ONE FACTORY CLOSING BECAUSE OF "BILL"

Cannot Operate Under New Scale, Says Cigar Manufacturer.

Unless the cigarmakers' union of the city agree to eliminate conditions in its "bill" and at the same time return to its original scale of prices, one cigar manufacturer, George E. Dwyer, 96 Stanley street, will close his factory and go out of business at noon Saturday.

The officials of the union, when interviewed concerning the elimination of the offending clause and the return to the old scale in the case of Mr. Dwyer, stated that the matter had not yet reached sufficient consideration.

"I have reached my decision to close my factory after finding that I cannot operate with any degree of profit, and rather than continue as I am, I would make more money working under present conditions. I will close, as I could make more money working for someone else," says Mr. Dwyer.

The clause in the new "bill" presented to the manufacturers, and which became effective on August 25, that Mr. Dwyer insists be removed, is \$1 extra for all cigars made in any shape but straight. That means cigars with the bulge at the end and turned in there.

Several other manufacturers, when interviewed, stated that they were going to insist on a change in the bill, otherwise they would discontinue business under the new law, operate on open shops and bring in outside help.

They would not state how soon any definite action would be taken, but intimated it would be shortly.

CAPT. GEORGE HALE AGAIN READY FOR ACTIVE SERVICE

Father Returns to City After Visiting His Son in England.

Geoffrey Hale of this city has just returned from England, where he has been visiting his son, Capt. Geo. Hale, medical officer of the 18th Battalion. He reports that Capt. Hale is in fine health and is doing his duty as well as he can.

While there he distinguished himself by brilliant service. He is a different man from the one I saw when he last visited a year ago," Mr. Hale said. "The people are thoroughly organized, and will win surely. There is no doubt about the issue now."

EXPROPRIATION TO BE STARTED AT ONCE

Macgregor Wells Project Will Be Submitted to Solicitor.

The utilities commission will shortly take the necessary proceedings to expropriate the Macgregor wells. The committee named to interview City Solicitor T. G. Meredith will meet him either Saturday or Monday and lay the facts before him.

In the meantime, further tests to establish the purity or non-purity of the water will be made. If it is pure, a price will be set on the land. If it is not, then the proceedings will drop.

The scheme is meeting with some opposition on the part of the orthodox Philistines, who declare that the deal, in his mind, is not right until the purity of the water has been established.

"We want water," said Commissioner Dennis. "We need it badly. There is apparently a good supply at the Macgregor wells, and if it is pure we should have it. The price will be right."

occupied by the enemy. One officer and 22 other ranks were made prisoners. A few hours later the Germans heavily counter-attacked, but were successfully repulsed by our machine guns.

Desperate Fighting. On October 1 we diverted a strong attack upon Regina trenches. Battalions from Montreal, Nova Scotia and Eastern Canada and a French-Canadian battalion took part. Desperate fighting occurred and our men succeeded, despite heavy machine gun fire, in penetrating into several sectors of the German lines. The trench, however, was not strongly built, and was protected by rows of barbed-wire entanglements which our artillery had not succeeded in entirely removing. The enemy counter-attacked in force, and regained the whole of Regina trench. Nevertheless we remained in possession of Kenora trench, which had been recaptured, and another more advanced position. At the same time our line to the north of Regina was successfully pushed forward a distance of about 500 yards, where new trenches were dug.

Fighting Every Yard. In these operations the action of our motor machine gun brigade rendered invaluable service and continued in action, despite heavy hostile artillery fire, given special prominence on the program: "How to Make Prohibition Permanent in Ontario" and "Dominion Prohibition." Apart from the discussion of these subjects, the time will be devoted to general business.

At one time they penetrated the German line, and were successfully pushed forward a distance of about 500 yards, where new trenches were dug.

One Killed; One Listed As Missing, in List

Pte. Spence Makes Supreme Sacrifice Says Official Telegram.

Word was received today of the death of Pte. William Spence, late of the Machine Gun section of the 33rd Pte. Spence was a son of Mrs. Caroline Spence of 412 Ontario street.

No particulars have yet been received, save that the casualty occurred on September 12.

Pte. Spence was well liked by all his young companions. His mother and a brother, who is a fireman in the C. P. R., and his sister, Miss Spence, have the sympathy of all in their sad bereavement.

In addition to the death in action of Pte. Spence, two Londoners are reported wounded and another missing.

Pte. Albert Jolly, infantry, who is listed in London with the 70th Battalion, is missing from September 17. The official message was sent to Mrs. Jolly, 134 West street.

DEVOUT JEWS OF LONDON TO FAST TWENTY-FOUR HOURS

Will Neither Eat Nor Drink for Whole Day.

FAST OF ATONEMENT

Special Services in Local Synagogues Will Start This Evening.

The Jewish Day of Atonement, or "Yom Kippur," the tenth day of the month Tishri, begins at sunset this evening and ends at sunset Saturday. In the twenty-four hours from 6 o'clock this evening until 6 o'clock tomorrow evening, neither food nor drink will be taken by the Jews of London. The day is the most solemn in all the Jewish calendar, and is passed in fasting and in prayer.

Throughout the world, wherever Jewish people gather together in synagogues, the services in the main will be identical the same as those to be held in the two Jewish synagogues in London.

1,500 Years Old. The services of the Day of Atonement, beginning this evening at 6 o'clock, will be the services instituted nearly fifteen hundred years ago at the time of the completion of the Talmud, the "Book of Laws," with special additions and modifications that have come in from generation to generation and to meet and as adapted to special times of need.

For example, tomorrow morning at 10 o'clock, there will be a special service of prayer for the King, country and Allies, and at 11 o'clock, combined with the regular memorial service for the relatives of members of the congregations who have passed away in the year that is gone, there will be a memorial service for those who have made the supreme sacrifice in the war.

The first service this evening will continue till about 8:30 o'clock. Tomorrow morning the first service will begin at 7 o'clock, and practically the whole day will be spent in the synagogue. The evening service commences with the chanting of the well-known Kol Nidre prayer.

Four Services During Day. The day proper has four services. Of these the Mussaf or additional service contains a description of the atonement rites as practiced in the ancient days in the temple at Jerusalem; and the Neilah service is understood to be held at the time when decision is finally made as to man's fate, and thus the Neilah prayers instead of having the usual phrase, "Inscribe us in the book of life," uses the expression: "Seal us in the book of life."

The thought underlying the day is expressed in the Scriptural words, "On this day He will atone for you, to purify you from all your sins." It is a day, therefore, of reconciliation of man with his fellowman and with God, and comes as a climax to the holiday season which began Wednesday evening, September 27, with the New Year's Day and continued through the ten days of penitence. On New Year's Day of Judgment of ordinary people, who had been neither completely righteous nor utterly sinful was left undecided and the opportunity was

given them for repentance; now the Day of Atonement provides all men with the possibility of returning to their God and of finding reconciliation with Him through prayer.

Must Appear Before Him. According to Jewish tradition expressed in an ancient law-book, the Day of Atonement, when spent in praying and repenting, will bring pardon for sins between man and God, but as for the sins committed by man against his fellowman the day cannot bring pardon until he has appeased his fellowman. This idea is the basis of the effort always made before the Day of Atonement to bring peace between such friends who have become estranged and are on unfriendly terms with one another; and in this way, the day will put the worshipper at peace not only with his Maker, but also with his fellowman.

TO EQUAL, IF NOT EXCEED, LAST YEAR'S DONATIONS

British Red Cross Contributions Will Be Large It Is Expected.

Notices have been sent out by Gordon Philip, secretary of the board of the Provincial Red Cross Campaign, to the held in the Tecumseh House on Saturday afternoon at 3 o'clock, when Dr. A. H. Abbott, Toronto, secretary of the Provincial Red Cross Campaign, will address a gathering of London's representative citizens. Much interest is being shown in the work, and the canvass will produce great results, it is expected.

The British Red Cross campaign for October 1916, the appeal for which has been sent to all the overseas dominions of the Empire, is being taken up in an active way throughout Ontario, according to reports received by the organization of resources committee, Toronto, in whose charge the campaign has been placed. Many municipalities are organizing to conduct house-to-house collections; others are planning joint campaigns for the patriotic fund and Red Cross, and still more are supporting this splendid work by liberal grants through the municipal councils. Last year Ontario surpassed itself and the British authorities by giving \$1,514,000.00, and the indications are that the response this year will also be in keeping with the worthiness of the cause.

Toronto has appointed a strong committee to lay plans for the campaign there, and Mayor Church has intimated that the city council will make a substantial grant equal to, if not larger, than that made last year, when the council voted \$50,000. Kewardin, Brockville, London, Lindsay, Walkerton, Midland, Kitchener, Welland, Oshawa, Galt, Peterboro, Port William, Newmarket, Ottawa, are among the other larger places already heard from.

ALLOWED FEE

Magistrates Get 50 Cents Per Conviction Under New Act.

License Inspector Jas. E. Keenleyside has been notified by the provincial license board that magistrates are authorized of the peace trying cases of infraction of the Ontario temperance act are entitled to a fee of 50 cents costs, which will be paid on furnishing a record of the conviction.

He has received a circular which contains the clause covering the matter, as follows: "The magistrate, justice or justices of the peace, on any conviction of any person for an offence against this act, shall send forthwith to the board a certificate of such conviction, for which certificate he shall be allowed a fee of 50 cents, to be taxed as costs in the cause."

PROFESSOR WRONG TO SPEAK. INGBERSOLL, Oct. 5.—The opening meeting of the Canadian Club for the season will be held on Friday, October 13, at the Ingersoll Inn. The speaker for the occasion will be Professor G. M. Wrong of Toronto University.

ALGONQUIN SEASON ONE OF THE BEST IN HISTORY OF PARK

Provincial Playground Visited by Many During Summer.

INN HAS JUST CLOSED

Unable to Receive All Who Sought Accommodation During Summer.

MONTREAL, Oct. 5.—Mr. H. R. Charlton, general advertising agent, Grand Trunk System, has returned from Algonquin Park, where he has been for the past few days in connection with the closing of their hotels in that territory. Mr. Charlton states that after a most successful season, the log cabin camps, which have been so popular in Ontario's great provincial park, were closed on the 15th of September, and the Highland Inn, after a most successful season, closed on September 20.

This year has been one of the best in the history of the park, and the hotels and camps have taken care of a greater number of people than ever before. The majority of the guests who visited this territory were from the United States, although Canadians are commencing to recognize the magnificent heritage that is theirs in the Highlands of Ontario. There is not any necessity for long journeys to far-away resorts, when they have such attractions right at their door, and at an altitude nearly 2,000 feet above the sea level, and where the air is pure and a summer's holiday means rest and health.

Now Filled to Capacity. During the past season the Highland Inn was so popular that it was filled to overflowing; in fact, during the height of the season it was necessary to arrange for those who left their reservations until the last to send them to other districts, the hotel being filled up.

Another attractive feature is the fishing in this park, which is all that is to be desired, and splendid sport may be had within easy distance of the hotel or camps, and such game fish as small-mouthed black bass, speckled trout and salmon trout are plentiful. This year the fishing has been exceptionally good, and splendid catches have been made, black bass tipping the scales at three, four and five pounds; speckled trout having been caught up to four pounds, and salmon trout up to twenty pounds. The Ontario Government, in co-operation with the Grand Trunk, are also seeing that the lakes are not depleted of fish, and this year several hundred thousand salmon trout have been planted in the waters of Algonquin Park, as well as large quantities of small-mouthed black bass.

New Roads to Camps. The Government is also building roads from the Highland Inn to the log cabin camps, and is just completing the last of these roads, so that next year's most beautiful highways through hardwood forests will be utilized by the stage lines for the transportation of guests from the hotel to the camps.

REVISION AT BLYTH. BLYTH, Oct. 6.—Judge Dickson of Huron made his first appearance here yesterday in his official capacity, presiding at the revision of the voters' lists for Blyth and East Wawanosh. The Conservatives added four names and had one struck off.

DEPARTMENT NO LONGER TO RELY ON WATCHMAN

Firemen Will Protect Apparatus While Going Over Level Crossings.

Because of the bitter experience of the London fire department with level crossings orders are being issued by Fire Chief John Aitken that no further reliance is to be placed by members of the department on crossing watchmen or their signals. Firemen will have to protect all level crossings themselves. The orders call for a complete stop before any apparatus crosses any level crossing of the city. One member of the company riding on every piece of fire apparatus must leave his position on the truck, go to the crossing and, if the way is clear, give the signal to come on himself.

These new orders will apply to all pieces of fire equipment, both motor-driven and horse-drawn, and must be carried out to the letter by companies from the five local fire stations. The destruction of two motor trucks on level crossings of the Grand Trunk, one with loss of life, the many narrow escapes of different companies at crossings and the narrowness with which a collision was averted between No. 5 company and a Grand Trunk express on Wednesday are the direct causes of the order.

"We have found that we cannot rely on crossing watchmen," explains Fire Chief Aitken, "and we have therefore had to order members of the department to protect their own apparatus across all level railway crossings. It will interfere with the time we can make going to fires, but we have to prolong as grade crossings exist in London we must follow out this plan."

MUNICIPAL COAL YARD MATERIAL COST HIGHER

Freight Rates Cause Advance Reports One Who Offered Cheap Coal.

Jas. A. Herrick, who offered coal to the municipality here at \$6.25 a ton, f. o. b. London has notified the board of control that the price is now \$6.34, owing to an increase in freight rates. The question will be dealt with at the meeting of the legislation committee, when the Dominion Government will be recommended to take up the whole question.

"It is a question for the Government to deal with," said Ald. R. S. Little. "It is a national, not a municipal question, and requires more than local treatment."

The Legislature will be asked also to amend the municipal act, allowing municipalities to do a coal and produce business, which power is denied them at the present time.

ALLIES HOLD VALLEY TO EAST OF MONASTIR IN WEST MACEDONIA

British Defeat Teuton Forces East of the Struma.

MAKE PROGRESS TO NORTH

Cavalry of Italians Make Some Substantial Gains in Albania.

Berlin, Oct. 5.—Via London.—The occupation by the British of the village of Yenikuei, east of the Struma on the Macedonian front, is reported in today's war office statement. On the western end of the front Entente forces are in possession of the Nidje Planina, says the statement, which follows:

"The Nidje Planina (overlooking the Cerna valley, east of Monastir), is held by the enemy. Otherwise the position is unchanged from Presba Lake to the Struma. The battle on the left bank of the Struma is still in progress. The village of Yenikuei has again been lost."

BRITISH GAINS.

LONDON, Oct. 5.—The British official statement issued today regarding the Saloniki front says:

"The fighting at Yenikuei, which ended yesterday morning, resulted in complete success for our troops. Not only did we hold the portion of the village south of the Sora road, but we occupied the portion north of the road, thus the whole village now is in our possession."

"The remainder of Wednesday was without incident, and was spent consolidating our new positions, which extend from the Orlik Bridge, along the road to Yenikuei and thence back to the river, through both the Karajakeui villages."

"During the fighting of the last few days a Lowland Scottish battalion and an Irish battalion especially distinguished themselves. The enemy suffered severely in the recent fighting."

Progress made by the Italians in Albania threatens to become an additional menace to the Bulgarian right wing, which is retreating before the Serbians. Italian cavalry has occupied three additional towns in the Drynos Valley, and has established cavalry communication between Delville and Argyro Castro. An official statement issued at Rome says:

"On Tuesday our cavalry units from Argyro Castro advanced to Georgucato and Ediskopi, in the Drynos Valley, which they occupied, while our other cavalry units moving from Delville established communication with the Argyro Castro garrison."

INGERSOLL FIELD DAY. INGBERSOLL, Oct. 5.—The collegiate pupils held their annual field day of sports at Victoria Park today. The weather was the finest they had been favored for many years, and the sports were conducted with a keen zest. Throughout the day the competition was keen, but the program was not concluded.

SMALL INVESTOR IS CONSIDERED IN NEW GOVT. SCHEME

Savings Accounts May Be Put in National Securities.

[Special to The Advertiser.] OTTAWA, Oct. 5.—From \$210,000,000 to \$220,000,000 is expected by the minister of finance in the way of revenue this year. The first half of the fiscal year finished with September, and during these six months Canada's treasury gathered in \$103,000,000.

In the last half of the year the minister of finance expects to do even better, for revenue appears to be increasing. That for the first half of the year was \$30,000,000 greater than during the same period the year before.

Expenditures during the half-year are stated to have been about the same as the year before \$4,500,000 in new interest having been met with reduced public works and railway savings.

Finance Minister White intimates that the small Canadian investor is to have an opportunity in the near future of investing his savings in Government securities at the same time asking for greater effort toward production and economy. The minister says:

"The true policy at the present time is one of individual and public economy, resulting in greatly increased savings. In order that the public may be able to readily invest these savings in national securities, which are the highest class of all and yield unprecedentedly attractive rates, the finance minister, now that the hundred million dollar war loan has been successfully floated, will in the near future make public a plan which will have for its object the promotion of greater saving among those of limited means who may be willing to save and securely invest part of their savings and income both as a wise personal provision against the future and as a patriotic effort assisting the prosecution of the war. It is also probable that a plan will be devised whereby the investing public will have opportunity of temporarily investing funds in Dominion treasury debentures pending new war loan issues."

EXETER TO ENTERTAIN BOYS ON FINAL LEAVE

Concert and Fowl Supper To Be Tendered Tonight.

[Special to The Advertiser.] EXETER, Oct. 5.—The citizens of Exeter will tender a concert to the members of the 161st Battalion, recruited in Exeter, Friday evening, October 6 at 8 o'clock in the opera house. There will also be given the soldiers and their wives on Friday night a fowl supper, which will be served in the basement of James Street Methodist Church.

Exeter contingent of the 161st Battalion arrived here at 3 o'clock today, and was met at the depot by the town band and a large number of citizens of the village and surrounding country. The procession marched down Main street, halting at Mayor Beaman's hardware store, where, after the band had played several pieces, the soldiers marched to the town hall, where they were dismissed for the day. In the procession there were 22 automobiles, also the Exeter Boy Scouts.

MOTHER JONES' STING DRIVES 300 WOMEN TO RIOT IN STREET

Aged Agitator Tells Them to Get "Scabs" Off Cars.

MANY OF THEM INJURED

Stalled Car Wrecked, Baby Lost, Nine Persons Arrested.

NEW YORK, Oct. 5.—Spurred on by the exhortations of "Mother" Jones, labor agitator, 300 wives and women relatives of striking street car men battled with the police this afternoon in the most serious riot since the walk-out on the traction lines began a month ago. Nightsticks were swung right and left by the police, and many of the women were bruised. Scores of the rioters carried babies in their arms.

A crowd of strikers who had congregated around the hall where the meeting addressed by "Mother" Jones was held, entered the fray on the side of the women and was driving back the few policemen on the scene when an automobile load of bluecoated reinforcements arrived. The reserves plunged into the midst of the struggling mob and wielded their clubs with out mercy. When the rioters finally fled they left nine prisoners—six women and three men—in the hands of the police.

The trouble began when the women poured out of the hall where "Mother" Jones had exhorted them to "get the 'scabs' off the cars."

"You are too sentimental," she had cried, "staying at home thinking of dress and trinkets when you ought to be out raising hell."

Trooping into the street the infuriated women made a concerted attack on a stalled street car, which in less than three minutes was converted into a heap of wreckage. One of the women arrested lost her baby in the melee and up to a late hour tonight the infant had not been found.

KAISER GOES EAST WHERE RUSS TROOPS VIGOROUSLY ATTACK

Stubborn Battles On Along a Front of 120 Miles.

BERLIN, Oct. 5.—Via London, Oct. 6.—It is officially announced that Emperor William has left for the eastern front to visit the troops of General von Linsingen, against whom the principal Russian attack is being directed.

LONDON, Oct. 5.—Stubborn battles are continuing along a front of 120 miles on the Russian front, extending from the Vladimir-Volynski region to the Dniester River, according to the official statement issued today at Petrograd. Russian troops have captured enemy positions at various points.

The German war office communication says Russian attacks on the Stokhod and west of Lutsk failed. North of Subhlo Russian detachments reached Teuton positions, but were driven back.

SWISS GUARD KILLED BY A STRAY BULLET

BERNE, Oct. 5, via Paris.—A Swiss frontier guard was killed yesterday by a stray bullet while doing sentinal duty on the summit of Dreispachen Spitz, where the Swiss, Italian and Austrian Tyrol frontier come together. Sentinel George Cathomas was struck by the bullet, which passed over Swiss territory from either the Italian or Tyrolean frontier. This is the first instance of a Swiss frontier guard being killed since hostilities began.

The summit on which the sentinel was killed is 6,200 feet above sea level and is near the Stelvio pass.

RUMANIANS VICTORS IN 3 DAYS' BATTLE WITH THE AUSTRIANS

Pursuing Defeated Foe to the Westward.

RETIRE FROM BULGARIA

Troops Which Crossed the Danube Have Returned Home.

LONDON, Oct. 5.—The Rumanians have won a three days' battle in Northern Transylvania, capturing Austro-German fortifications near Pradj, and are pursuing the defeated foe towards the west. They are engaged in stubborn fighting with varying results at other points in the Hungarian province. Berlin's report says they are retreating in the Alt valley, and in the Hatzes Mountains, near the southern frontier, but acknowledges that they have gained ground near Orsova, on the Danube.

Invading Troops Return. Official announcement is made at Bucharest that the troops which invaded Bulgaria have been withdrawn across the Danube, the demonstration made there having been successful. According to the Frankfurter Zeitung the invading party consisted of two divisions (24,000 men). An Amsterdam dispatch quotes the German paper as saying that "the whole enterprise has now collapsed." The Rumanians, it says, were forced by an enveloping attack to recross to the northern bank of the river, only a few scattered bodies remaining on the southern side.

Heavy Fighting in Dobrudja. In Dobrudja heavy fighting is continuing along the whole front.

The official Rumanian statement says:

"On the north and northwestern fronts, in the region of Pradj, after three days' hard fighting, we carried enemy fortifications, driving the enemy westward."

"On the remainder of the front there have been local engagements."

"On the southern front the demonstration made between Rostchuk and Turtukai has been ended. We withdrew our forces to the left bank of the Danube. In Dobrudja heavy fighting continues on the whole front. We have taken prisoner five officers and one hundred men."

The Austrian war office today issued the following communication:

"Rumanian front.—In the region of Orsova our troops were pushed back westward."

"South of Petrovny the enemy is retreating toward the frontier passes. The allied (Teuton) forces advancing near Pozarets have reached the other side of the town."

"Transylvanian east front.—There is nothing to report except the repulse of a strong Rumanian attack near Szovata."

"The result of the Rumanian attack on the lower Danube, made known from reports from the allied (Teuton) general staff, is that the enemy left Bulgarian territory more quickly than he expected. According to an intercepted Rumanian wireless dispatch this result was due to the brave interference of our Danube flotilla."

Country Will Be Industrially Independent of Germany in Future.

BAITMORE, Oct. 5.—Dr. Wm. N. Welch, the noted pathologist, who went to Europe on behalf of the Rockefeller Foundation, has returned firm in the conviction that the war will end in favor of the Allies, but expressing the belief that the end is not yet in sight. Dr. Welch made a careful study of the effect of shell shock on soldiers and the method of treating such cases. Speaking of matters related to science, Dr. Welch said:

"England will not neglect science after the war as she did before. Science is no longer dependent on Germany (or France). A council has been organized as part of the privy council of the United Kingdom and the ablest scientists of England are working with it. This council considers not only the industries which bear upon the war, but those which bear upon the whole good of the nation."

NEW GREEK CABINET WILL SATISFY ALLIES

Settling of Crisis Will Be a Difficult Task.

LONDON, Oct. 6.—According to Athens dispatches the settling of the latest crisis in Greece will be both long and laborious, but it will be ended with the selection of a business cabinet in compliance with the spirit of the note of the Allies of June 21.

The Times correspondent says the reply of Aristide Briand, the French premier, when he was sounded regarding the conditions under which the Entente Allies would accept Greece's military aid to the Entente, was responsible for the decision of the Kallogeropoulos cabinet, which resigned.

GIANT CUNARD BOAT SUNK BY SUBMARINE IN MEDITERRANEAN

Used as Transport. But Had No Troops Aboard—12 Men Perish.

LONDON, Oct. 5.—The admiralty announces that the Cunard steamer Franconia, employed for transport duty, was sunk in the Mediterranean yesterday by an enemy submarine. The steamer had no troops aboard. Twelve men of the crew of 302 are missing.

According to the latest available reports the Franconia was being used as a British transport. She was a vessel of 18,510 tons gross and was built in 1910. Her maiden voyage was between Liverpool and Boston in February, 1911.

The Franconia was 625 feet long, 72 feet wide and displaced 25,000 tons. When she was built she was considered one of the most comfortable steamers of the Cunard Line. A striking feature of the saloon appointments was the absence of staterooms on the boat deck, which was devoted to promenade room, a library, gymnasium and a lounge and smoking-room. The vessel was nicknamed the "Bath Ship," inasmuch as she had more bathrooms and showers than the Mauretania, this equipment being installed for the benefit of passengers bound for long cruises to the Mediterranean.

SAY NORTHERN INDIANS CANNOT FIND FOOD

Johns Hopkins Professors Report Many of Them Starving.

NEW YORK, Oct. 5.—An Associated Press dispatch from Marshfield, Wis., today says:

Indians in the northern part of Ontario are starving, as a result of the action of a large trading company in abandoning a yearly credit system, according to Howard L. Pulling and Burton E. Livingstone of Baltimore, research professors of bacteriology at the Johns Hopkins University.

The two professors arrived here today after spending two months in the seeking specimens of vegetable and tree life for laboratory use. Many of the Indians, they declared, were unable to obtain sufficient food from woods and streams to carry them through the summer.

L. AND P. S. R. EXPENDITURES.

THE SUM OF one hundred and seventeen thousand dollars should not be expended by the city of London on the London and Port Stanley Railway without the approval of the ratepayers of the city.

There is no country in the world, except the province of Ontario, where a local municipality has been granted power to own and operate a national railway and steamships.

It is as necessary for legislation to be based on sound principles as it is for the decisions in a court of justice to be in accordance with established principles.

One of the greatest dangers threatening this province at the present time is the departure from principles allowed by the Legislature in the laws passed by it, and these departures are of such magnitude that they threaten the stability of the province.

Hydro-electric power, as applied to light and power, may be used to the advantage of very many and may be applied to some electric railways, but a comprehensive scheme for radial railways, at a cost of forty thousand dollars a mile, with the cost of equipment to be added, is a ruinous proposition. It may be admitted that in some places, even if an electric railway did not pay, its construction could be justified.

The scheme to run a line from Toronto to London and from London to Sarnia cannot be justified, and would ruin the municipalities, on whose shoulders the financial burden would be laid.

Here is where a departure from sound principles is being attempted. The representatives of some municipalities claim that the power should be taken from the Legislature and transferred to the municipalities, a very dangerous proposition. The Legislature under the British North America Act has all power in municipal law. Municipalities are created and governed by it. Take that power away from the Legislature and you only have anarchy in its place. Those who claim this right are changed from year to year and have no right to decide such a question. The Legislature itself is composed of all the municipalities of the province and is by the British North America Act constituted with power over all municipal law.

London is specially affected and has been wronged.

Taxpayers' money has been annually sunk in a railway outside its borders, carried on for purposes outside of those for which it was incorporated.

It is proposed to raise money to build an elevator at Port Stanley, and, without a vote of the people, spend money for equipment, to build sidings and for other purposes entirely foreign to the objects for which the city was incorporated. Over a million dollars of the people's money has already been illegally spent on the Port Stanley Railway, and no account given, no audit made, no knowledge of how much has been made or lost in the possession of those whose money has been spent. The Legislature will do a wrong to the city of London if it authorizes it to spend money to build an elevator at Port Stanley. The freight shed erected with public funds two or three years ago is a monument of folly. Its doors are still closed; it has never been used. Dance halls should not be a legitimate enterprise for London to invest in at Port Stanley. As well might the city of London run moving picture shows at Toronto or Hamilton.

We pointed out that without a vote of the people these expenditures are wrong. The people might be blamed if they voted the money, but to spend it without any authority, whatever, is without even that excuse.

Now that London has been committed to the enterprise of operating the London and Port Stanley Railway, those whose money is invested are first of all entitled to an honest audit and disclosure of the cost, the profit and loss, and all the facts. If such expenditures as London has been subjected to are spread all over the province, and the municipalities allowed by the Legislature to become proportionately liable, such municipalities will be financially ruined, and the credit of the province as a whole seriously injured.

It is quite clear that the city council will exceed its power, and even if it had such power, will commit an unjustifiable act if it authorizes taxes collected in London to be expended in the erection of the proposed elevator twenty-five miles away from the limits of the city corporation, and equally illegal its act will be if it goes into such enterprises as dance halls and restaurants.

A new country full of hope and opportunity should not be rushed into any enterprise, justified only when a country becomes old and over-populated, and the authorities find it

necessary to resort to some means of lessening crime. Socialism flourishes in over-populated countries. Even Europe, overcrowded as it is, cannot furnish a parallel to the city of London with its Dominion railway, and, on paper, its steamships, its elevators, its dance halls, its restaurants, and its hazy gurdies.

A CENTENARY.

FOR YEARS before the war the habit of centennials was growing. But the landscape of the past has lately been overshadowed by the present hour. This year we have held some remembrance of Shakespeare, but only so bestriding a fame could blow its trumpet above the iron orchestra at Verdun and on the Somme. Amidst the general din, and hidden also behind the universal bulk of the world's greatest son, even so large a figure as Richard Brinsley Sheridan, Ireland's most variously gifted genius, has missed the centennial wreath, Ireland's luck.

It was in 1816 that "poor, dear Sheridan" as Byron called him, passed away. He was buried in the Abbey beside Garrick, and it is today for the comedies of his youth rather than for the politics or even oratory of his age that Sheridan is best remembered. The authors of "The School for Scandal," "The Rivals" and "The School for Sentiment" stand as twin lonely peaks in the dead level between Ben Jonson and Bernard Shaw; for others such as Congreve have sunk in a morass of oblivion. Bob Acres and Lady Teazle live for ever.

As an orator, however, Sheridan was equally great. Some of his parliamentary speeches on the great war that began in the 1790's have lately furnished apt quotations for the present conflict. "America," he declared in 1794, "remains neutral, prosperous and at peace." He goes on to say that while peace is best, there must be offered by Great Britain a "resistance, prompt, resolute, determined resistance, to the first aggression, be the consequences what they may." He would have discerned in the German attack on France in 1914, quite apart from Belgium, "the first aggression" upon England. Sheridan was not the man or the Irishman to consider that self-defence, one of the first laws of nature, has ever been abolished.

As to preparedness, he says: "Sir, when every house in my neighborhood has been attacked and robbed by a gang of ruffians, how may I have no arms to save me from a visit I must leave to the honorable gentleman to explain." Peace is best, but not a surrender. What we want after this war is something of which Sheridan's day saw no prospect, a police which will stop burglar nations and render armed households scarcely necessary. In Sheridan's time a new police system was needed, and was shortly to be provided by Sir Robert Peel against individual highwaymen who rampaged even around London. A new Peel will shortly arise to arrange for the security of nations by an international police subject to an international tribunal.

The last words of Sheridan in the House of Commons were a passionate appeal to his countrymen not to conclude a premature and dishonorable peace. He lived just long enough to see the end of Napoleon and the deliverance of an exhausted continent from the adventurer who would have subjugated it.

BERLIN'S PROTEST.

BERLIN sends out a story of Rumanian atrocities in Dobruja which, not being committed by the all-righteous Huns, are horrible to the German mind. The worst charge against the Rumanians is not as bad as the crimes of which the Teutons have been proved guilty, but then, better things are expected of civilized human beings.

Nevertheless, it would be well for the Allied Powers to assist in investigating the alleged inhumanities. The Rumanians know that their wounded have been tortured and killed by Bulgarians, their women outraged and their children burned. They also allege that Bulgarian women aided in some of the fiendishness, and it is little wonder if they have given way to feelings of revenge. But the Allies, fighting the world's battle against inhumanity and brutality, cannot afford to have any of their troops follow the enemy's vile example, and if it should be found there was ground for the German complaint, the necessity of avoiding any repetition ought to be impressed on Rumania.

Until better authority than Berlin's word is forthcoming, everyone is justified in believing the story a lie.

NO ROOM FOR COMPLAINT.

LITTLE sympathy will be given the Laval students who complain that the police rushed them into the cathedral, where they had been celebrating mass, in order to make arrests. This proclaimed respect of the students for the edifice and occasion does not appear to be quite genuine. They were on their way to mass when they committed the crime of tearing down recruiting posters and wrecking a recruiting stand. On hearing the police were coming, they stole stones from the pavements and went to their religious observance with pockets full of these missiles, ready to defy the law and its representatives, and inflict injuries on the police who were doing their duty. Were these the acts of men who felt the sacredness of the time and place? If the police did make arrests in the cathedral and pay little attention to the character of the building, they had the students' example before them. Moreover, the time has long passed when a church was a sanctuary in which any criminal was safe from the heavy hand of the law.

The Little House

By Susan E. Claggett.

"The plaza was full of young people, but David Harland had succeeded in drawing Caroline Yates away from them without attracting their attention. From where the two stood they could see across the lawn to the private road winding through the orchard, and she heard the humming of a car at the outer gate."

"I told Henry to leave the car there," he said in explanation. "I want you to take a drive with me. I have bought a piece of property, not so very far away, and we will have plenty of time to run out there before tea. I want you to see the place."

Caroline glanced toward the group. They were her guests, and for a moment she hesitated. Then she ran down the steps.

"I ought not," she said, in reply. "They will soon miss me, but I will go. If you will not keep me long."

"About an hour. We will have to hurry, however. Keep out of sight behind the trees, or some of them will see us and insist upon going, and I want no one to see this evening."

He lost no time in getting under way, and after a little turned into a lane lined with honeysuckle and filled with the perfume of blossoming grapevines, for it was spring, and spring in Maryland is a delight.

It was a lovely drive, and ended all too soon. Caroline thought when they drew up before a quaint little cottage, with roses running over the doorway. Straight borders filled with old-fashioned flowers, some in bloom, others giving a promise, ran from the house entrance to the gate. The small lawn was well-kept, but two magnificent elms at one side made Caroline forget the evident neglect of the place and exclaim in wonder at their appearance.

"Those trees decided me to buy the place," David said. "Can't you imagine chairs and a tea-table under those branches? I pictured such a scene the first time I came here. Howland had told me to dispose of it. You know he is going west, and he has not lived here since the death of his wife. It was a dear, homey place during her life. He would like to place it in my hands. I would take it, and said he hoped I would be as happy as he had been during the short time of his occupancy."

"You are going to live here alone?" "Alone," he said, "like the rest of my kind. Caroline—I want, need, companionship. You have refused to give it to me, and I have decided to follow your oft-repeated advice and make my own way. My friends for so long. I am going to trespass upon that friendship and ask your help in remodeling and furnishing the place. I am not rich, and expenses will necessarily have to be kept down, but your taste and judgment will make it into a home that will please the most fastidious. Will you help me do this?"

"Of course," she answered readily. "But you have not told me the name of your sweetheart, David. Do I know you? You must tell me about her, her likes and dislikes, for what might please me may not suit her. Tell me everything about her—the color of her hair and eyes, her little mannerisms. I want to visualize, realize her personality."

He looked at her critically. "I am not good at descriptions," he replied. "But I should say in a general way she resembled you—the same coloring, the same height. As for her personality—there I must pause. No lover can adequately describe the woman he cares for. She is perfect. She is in his sight, and this little girl of mine—well, she has so twined herself about every fibre of my being that the mere thought of her makes my pulses throb." He laughed a little unsteadily as he turned his eyes from her face.

"I think, Caroline, you will realize from that I am unable to give you a clear idea of her." His voice changed. "Nevertheless, help me. I know well that what pleases you will be the thing she will care for."

Caroline shook her head. "I will do my best, David, but I would have liked a better description of her. This, however, you must promise me—never boy, known as the hardest of prospectors and pioneers to all who have hit the trail from Cobalt beyond. The writer has seen him with his dog teams, on the rivers, in the mines, and best of all has heard him bring cheering to their feet a crowd of New York capitalists when he recited his inevitable "habitant" selections. "Eddie" Holland is a carefree, daring, honest, clean man of the north. He has brains that fit his stature and kindness of a kind that comes from the hearts possessed by the real men of the great outdoors."

"Eddie" won his V.C. in South Africa. He held off a crowd of Boers with a machine gun and when surrounded he disabled the gun, burning his hands dreadfully, and looking to his horse, made his escape. He has been a colorful figure in Canada's history. His life would form the basis of a real romance, and now, as the "chauffeur" of a "tank," we wage her is adding the most thrilling chapter of all, with his famous "wild horse" cry ringing over the heads of the bewildered Boches.

[Correspondents are requested to make their inquiries as brief as possible, and to write on one side of the paper only. It is impossible to give replies within a stated time, as all letters have to be answered in turn. No letter can be answered privately.]

Must See Lawyer.
Dear Miss Grey,—One of your readers was asking for a recipe for quince honey. Here is one which I copied from your page a year ago, and it is good indeed: Eight quinces, grated, two quarts of granulated sugar, one quart water; boil sugar and water thirty minutes; add grated quinces and boil twenty minutes longer or until thick. Will you be so kind as to tell me if a mortgage is to run seven years, and the party whose house it is on wishes to pay it off in three years, should the one who holds the mortgage get some money for not letting it run its full term?
LASSIE.

Ans.—Is there not some arrangement in the agreement relative to the possible redeeming of the mortgage within the term? If not, the owner would surely be entitled to some money consideration, but an agreement would have to be arrived at before a lawyer. The addresses you wish have been sent you.

She's Adopted Him.
Dear Miss Grey,—I received your letter this evening with name of "orphan soldier." Many thanks to you and engineer's wife. I am going to make up a parcel as soon as I can and send it to him. I am very busy just now.

Enough to Bear.
Dear Miss Grey,—I saw "Thunder" has sent in Magic baking powder coupons and wanted some in return. Well, "Thunder," I want to thank you and all the other readers for their kindness in sending in coupons for me. I have some of the coupons you ask for and will be very glad to send them along.

The Soldiers' and Farmers' wives have smoothed down their feathers. I see, I am glad, because there is good people in both. It is only natural that they stick up for their own sides, isn't it? I certainly know that the soldiers' wives don't need anyone to hurt their feelings though. They have enough to put up with without that. I only wish I was a boy and I would be only wish cutting station in no time. But I am not, so there's no use talking, is there? My brother's over in France now. He has been there a year. On "Coal Box" I like reading your letter, and those of "Twenty-One" and the other soldiers of the page. And you also "Coal Box." You haven't got lightning rods on yet, have you? I am.

Lightning.
Ans.—Coupons and songs have been transferred. Do you know, "Lightning" a little nephew has whispered in my ear furlough and is not many miles from here at the present moment. How about it, "C. B.?"

The Original Cynthia.
Dear Miss Grey,—It is a long time since I have called on the Mail-Box. In fact, I don't believe I have called since you took your seat in the M. B. chair. I am not going to make my call short, long. But if I were to call each time when I see where I could be sending some help—well, I guess, I would just be going right in the chair beside you, but I don't. Well, my dear, I hope more than I have been doing of late, they say each little helps, and I thought you might be able to use these to help someone else. Good luck to you, my dear. From a FRIEND OF THE MAIL-BOX.

Ans.—But, dear lady, I'm the self-

ADVERTISER PATTERNS

A Dainty Lingerie Style.
1754—Ladies' Envelope Chemise. One could develop this model in crepe, batiste, lawn, nainsook or silk. It is a comfortable model and may be gathered in camisole effect at empire waistline or worn loose in chemise style. The trimming may be of lace, embroidery or beading. The pattern is cut in three sizes, small, medium and large. It requires 3 1/2 yards of 36-inch material for a medium size.

ADVERTISER PATTERN DEPT.
Please send above-mentioned pattern, as per directions given below, to:

Age (if child's or missed pattern)
Measurements: Bust..... Waist.....
Caution: Be careful to inclose the above illustration, and send size of pattern wanted. When the pattern is sent, measure you need only mark 32, 34 or 36 inches, as indicated. When in waist measure, 22, 24, 26 or whatever it may be, if a skirt, give waist and length measure. When "children's" or "children's" pattern, write only the figure representing "age." It is not necessary to write "inches" or "yards." Pattern cannot reach you in less than one week from date of application.

same Cynthia that's been occupying this chair for some four years now—vacations, of course, excepted—yes, you see, you are really not a stranger to me. The inclosures certainly proved a help, especially the poem and yoke design. As to what you mention, I feel as though I really ought not to accept it. But if you insist—could I not send figures by letter, instead of publishing?

Advices Brown.
Dear Miss Grey,—Do you think a green velvet dress would be serviceable for the winter (we live in the country)? Would dark green look well on me as I have dark complexion and dark brown eyes, black eyebrows and lashes, and dark brown hair with a reddish tinge to it.
Dear Miss Grey I am 14 years old and clerk in a country store (groceries and drygoods), do you think I am to young to work out as I live close to home.

Say Miss Grey, don't you think it would be nice for the Mail-Box readers to make up a big box of establishments for the prisoners in Germany. I mean send the money to "Prisoners" having good letters. What say ye friends? Well as my letters is getting lengthy and I must go back to work I will close with love to the editor and all the friends.

SISTER WINNIE.
Ans.—If I could see you, "Sister," I cannot say what my advice would be, but from your description, I'd say "don't get green." A shade of brown would be more becoming. I'm sure velvet is nice for a Sunday frock, or special wear. When I was a girl, I had a velvet dress, but I never wore it. It was a fault because it was so dark. I might be ever so nice for the prisoner, my dear, but do have "a heart" for the poor editor. And it isn't because I'm selfish, either. See my remarks re the prisoners' fund in Monday's issue.
Request for coupons noted elsewhere.

Dahlias Were Nice.
Dear Miss Grey,—I saw that "Slocum" would like to get some Robin Hood coupons, so I thought it was my chance to help her. I'm sending a couple. I also read about "Prisoners" having good letters with her dahlias. Ours have grown very high and have been blooming for a couple of months steady, and have not been hurt with the frost yet, but everybody else around us didn't do so well. As soon as the flowers come they all turned black and withered up and dropped off. I don't know whether the reason ours did so well was because they were planted beside the house, while the neighbors' were out in the open.

I enjoyed the letter from "Uncle Josh," and I wish he would write often. It made me wish that I knew who he was.
I would like to get a pattern stamped for an embroidered tea-cosy worked in coronation braid. If any of the readers

BIG STREET PARADE
AS DODGERS LEAVE
TO TACKLE BOSTONThousands of Enthusiasts Give
Send-Off To National
Champions.

[Canadian Press.]
New York, Oct. 5.—Brooklyn gave the National League pennant winner a rousing send-off today for the opening game of the world's series, to be played in Boston tomorrow. Thousands of enthusiasts gathered at Ebbets' Field long before the hour for the departure of the players. In the crowd were many city officials, businessmen and the Brooklyn boosters, who go to Boston with the club to root for the Dodgers.

A big parade.
A hand led the big parade from Ebbets' Field to the subway station, and a multitude of fans lined up behind. Many houses and stores displayed flags, and the pennant winners were cheered along the route.

The players leave the Grand Central Station at 1 o'clock.

We have more applications for tickets to the Brooklyn games than we can sell," said President Ebbets of the Brooklyn Club. "Applications have been pouring in from all parts of the country, and as far south as Cuba."

While the players are in Boston fighting for the first two games of the series, carpenters were busy extending the seating accommodations at the Brooklyn field. Nearly 1,500 extra box seats will be constructed for the first game, and new tiers of seats to accommodate 1,500 more will be erected in the left field.

This will bring the capacity of the ground to about 27,000.

Members of the national commission and the umpires for the world's series left here this forenoon for Boston, where they will meet this afternoon to clear up any doubtful points about the series or the rules to govern the play.

REGULARS IN WORK-OUT

Phillies Outthru Braves, But
Boston's Drives Count Most.

BROOKLYN, Oct. 5.—The champion Brooklyn wound up the National League season here today by defeating New York 7 to 5. Manager Robinson gave his regulars a workout in the game, but had his recruits filling nearly every position when it ended.

Appleton, who has worked little all season, pitched effectively, except in the seventh and eighth innings, when he was hit freely. Score: New York, 10 0 0 0 0 2 2 0 5 10 1; Brooklyn, 0 0 3 0 1 0 0 0 7 8 0. Terau and E. Smith and McCarthy, Appleton and Meyers.

BRAVES WIN FINAL.
PHILADELPHIA, Oct. 5.—With several players out of their regular positions Boston and Philadelphia wound up the National League season here today, the former winning 4 to 1. Score: R. H. E. Boston, 0 0 0 2 0 1 0 0 1 7 1; Philadelphia, 0 0 0 1 0 0 0 0 1 10 1. Nehf and Truesdale, Blackburn; Fort and Adams.

FINE WEATHER PROMISED

Last-Hour Preparations For
the Supreme Baseball
Struggle.

[Canadian Press.]

Boston, Oct. 5.—Activities attendant upon the opening here tomorrow of the world series between the Brooklyn Dodgers and the Boston Americans, gained a good working knowledge of the conditions at Braves' field, which Manager Robinson thought sufficient preparation for the test.

The weather man contributed his part to the arrangements with assurances of fine weather tomorrow. While it was warm today there was a promise of slightly lower temperatures for the game, and with no other indication of rain.

Attendance Will Be Large.
The attendance at the first game will be the largest in the history of baseball, according to President J. J. Lannin of the Boston Americans. After working through the night again to facilitate distribution of reserved seats, Lannin said the interest in the series this year, as indicated in many ways, was greater by far than last year, when a record crowd of 42,700 saw the first game played in this city.

The height of this interest was shown by early morning crowds at Fenway Park, small in number, but eager to obtain preference in the purchase of grandstand seats. The new system by which successful applicants were forced to fall in with a policy of "first come, first served" at the ticket line, instead of having certain tickets held at their order, caused some confusion yesterday, and was responsible for the early lines today.

Prospective spectators were under surveillance of the police, and plainclothes men who had orders to arrest anyone trading in tickets. The time for exercising purchase privileges reservations expires at 4 o'clock tonight, after which called for tickets will be put together and prepared for a rush line tomorrow morning. This is the only opportunity for persons not successful in applying to the ticket line to obtain seats except by private transactions at increased prices. As far as could be learned today disposition of tickets for the games here has as yet developed no symptom, requiring the attention of the national commission.

The umpires who will act in the games arranged a conference to discuss the application of certain rules of each league generally, with discussion as to which shall obtain on each grounds.

Dense Lines of Men
and Women Clamor
For Reserved SeatsPolice Are Called to Keep
Order Among the More
Boisterous Ones.

BOSTON, Oct. 5.—Seekers of reserved seats took on the appearance of bleacher crowds today in the scramble for reservations for the world series baseball games, which begin here on Saturday. They swarmed to the ticket offices at Fenway Park in dense lines. Women and some staid businessmen waited with meager boys and others in their efforts to gain prominent places in the line. No actual disorder developed, but the police were called upon to reform lines and clubs were emptied of patrons. Boisterous applicants who clamored for answers to their written applications for seats. The fourth game of the series opens here today, and the third game in this city. The fifth of the series, will be played on Sunday Day, a holiday, the schedule is followed, has greatly increased the demand. Hundreds of requests have been refused.

Athletics Beat Them.

The practice at Braves Field, which Manager Carigan directed, was a limbering up affair in which everybody seemed to take it easy. At Worcester the representatives of the world's champions were defeated by the Athletics, 3 to 0, in a game which developed only ordinary performance. A poor throw by Janvin which caused a score and fast fielding by Walker were incidents.

To friends in Worcester, Captain Jack Barry said his recently broken hand was still weak, and that he was doubtful whether he would be able to play in the big series.

Fisher and Brennan
Will Both Be Down
to Weight for BoutMatchmaker Tony Zaccaro received
a telegram yesterday from Young Fisher
of Syracuse, stating that he would
easily make the 154 pounds stipulated
in the signed articles between him and
Frankie Brennan for their bout here
Thanksgiving Day night. Fisher states
that at the present time he only weighs
152 pounds. He is training daily and
will be in fine condition for the battle.
Brennan Getting Down to Weight.
Frankie Brennan also writes in to
say that he is getting down to the
two or three days helping him considerably.
He has done most of his work in the open air, and says he is
ready to put up the exhibition of his
life. He is not taking the Syracuse boy
lightly, as he knows he will be up
against a good, clever fighter. Fisher
has a fine record, while Brennan also
has a reputation to sustain.

No This Bout Should Be Good.
No little interest is being taken in the preliminary bout between Earl Wainwright and William Stockley. No more promising lightweight has been seen in these parts than Wainwright, while Stockley is also an experienced ringmaster who has quite a record. He has resided in the city for the past couple of years, being a resident of East London. He met Zaccaro in a three-round draw some time ago, but has not appeared in public since.

To Benefit Soldiers' Club.
The bouts are under the auspices of the S. P. A. and all surplus receipts will be devoted to the Soldiers' Club as well as the benefit of the war. The heavy patronage should give the affair their hearty patronage. These bouts are being put on at considerable expense and London fans are being treated to boxing exhibitions at popular prices that fans in the larger Canadian and American cities are paying big prices to see.

Freddie Welsh May Come Here.
It is not unlikely that Freddie Welsh, the lightweight champion of the world, will appear in London at an early date. Welsh has been touring Western Canada, giving boxing exhibitions for patriotic purposes, and he is coming east shortly. An effort will be made to bring him to this city.

McGRAW NOT LEAVING
THE NEW YORK GIANTS

[Canadian Press.]
New York, Oct. 5.—John McGraw will continue to manage the New York Nationals next year, despite any reports to the contrary, says John B. Foster, secretary of the club.

"McGraw already has gone over the plans for next year with President Mumpstead," said Mr. Foster, "and has high hopes of leading the New York Club to a pennant. His contract with the New York Club has another year to run, and it is not fair to him or the club to have rumors spread that he will

TWO STRAIGHT FOR BROWNS.

ST. LOUIS, Oct. 5.—The St. Louis Browns made it two straight wins in the city series with the Cardinals today by winning the second game 4 to 3. The score: Browns, 4 3 3 3 3 3 3 3 3 3 3 3; Cardinals, 3 3 3 3 3 3 3 3 3 3 3 3.

ATHLETICS WON.

WORCESTER, Oct. 5.—The Philadelphia Athletics defeated the Boston Red Sox in a benefit game for John Barry, the former umpire. The score was: Athletics, 3 0 0; Red Sox, 0 0 0. The first game was a tie, three all. Today's contest was a free-hitting affair.

OMAHA BEAT LOUISVILLE.

OMAHA, Oct. 5.—Omaha, Western League champions, defeated Louisville, American Association champions, in the second game of the series for the minor league championship of the world today, by the score of 11 to 2. The first game was a tie, three all. Today's contest was a free-hitting affair.

TRUTH SOCIETY IS ACTIVE

The Teuto-Celt Organization
Launches Campaign To
Defeat Wilson.

[Canadian Press.]
Omaha, Neb., Oct. 6.—President Wilson discussed the European war, peace, and American business in three speeches here yesterday afternoon and evening.

He was everywhere received with enthusiastic cheers. He declared America is as ready to fight as any nation in the world, but that its cause must be just. After the war, he said, this nation must join a league of nations to preserve the peace of the world.

Seldom before has the president received such an outburst of cheering as greeted him from the thousands of people packing the Omaha auditorium last night. The applause was sharp and ear-splitting. He rose several times and bowed, smiling broadly. Calls of "Three cheers for our next president" were cheered.

A great crowd packed the streets outside. For several minutes there were such calls as "Who kept us out of war—Wilson?" "Who prevented the strike—Wilson?" "Who saved the nation—Wilson?"

TO FIGHT WILSON.

[Canadian Press.]
New York, Oct. 6.—A meeting of the so-called American Truth Society, an organization formed for the purpose of advancing the German propaganda, was held here last night for the purpose of forming a campaign committee of 5,000 to wage a campaign for the defeat of President Wilson and all candidates opposed by the society. Bernard Rider, editor of the New York Staats Zeitung, who was the chairman, reviewed the "Teuto-Celt victories" of the past year in the United States, in which, he said, the Teuto-Celt, who represents the real Americanism, went out and beat the pseudo-Americanism represented by Woodrow Wilson. He mentioned among these the victory of Senator Martin of New Jersey in the recent Democratic primary.

O'Leary Enters Suit.
Prior to the meeting, announcement was made that Jeremiah A. O'Leary, a prime mover in the "Truth Society," has entered suit against Vice McCormick, chairman of the Democratic national committee, for alleged slander, growing out of an exchange of telegrams between O'Leary and President Wilson on October 3. O'Leary said he resented a statement attributed to Mr. McCormick criticizing him for sending an "insulting message" to President Wilson. In that message Mr. O'Leary criticized the president for "not enforcing American rights against Great Britain" and informed Mr. Wilson that he would not vote for the re-election of the president. Mr. Wilson replied that he would "feel deeply mortified to have you (Mr. O'Leary) or anybody like you vote for me," adding: "Since you have access to many disloyal Americans, and I have not, I will ask you to convey this message to them."

HEAVY FIRE LOSS IN COLD STORAGE PLANT

LONDON, Oct. 5.—Fire this morning gutted the cold storage and egg plant of Flavell's Limited, on King street. The buildings were filled with produce almost to capacity and shipment for the European market had been delayed only pending the arrival of the output from the Canadian agencies of the firm. It is said that the warehouse contained more than \$250,000 worth of produce. The plant was valued at \$50,000. An explosion occurred in the ammonia plant during the progress of the fire. No estimate of the damage caused by the fire has yet been made.

2,000 CANADIANS WANTED FOR NAVY ON NEW BATTLESHIPS

Vessels About To Be Released
From the Stocks, Says
Capt. Guinness.

TORONTO, Oct. 5.—"Great Britain would like Canada to contribute 2,000 men to the imperial navy before the end of the war," declared Capt. Hon. Rupert Guinness, M.P., today, at the luncheon of the Empire Club. "Experience has taught the British admiralty that a landsman can be made very efficient and useful on a battleship. These men are required for the battleships which are about to be released from the stocks." Volunteers from Canada will be enlisted as part of the royal Canadian volunteer reserves, to form an overseas division, and almost immediately upon enrollment will be sent to England for training and service with the fighting fleets of the Empire. In the North Sea and elsewhere, as required. In compliance with a request of the Dominion Government the British admiralty will place the recruits from Canada on equal footing as regards pay, pensions and allowance with their fellow-citizens in the Canadian expeditionary forces.

NINE MEN, TWO PRIESTS, DIE IN COLLEGE FIRE

ST. LOUIS, Oct. 5.—Nine men are known to have perished as the result of a fire that destroyed the main building of the Christian Brothers' College here today. Two of the dead are known priests who were trapped on the fifth floor by the flames. Five of the known dead were firemen, who were carried to the basement from the third floor when a wall collapsed. Seven firemen were taken out alive, badly hurt.

One hundred and five students and thirty members of the faculty were at breakfast when the fire broke out, and left the building in orderly fashion.

BERLIN FOOD PRICES.

Berlin, Via London, Oct. 6.—Maximum prices for spoiled butter and other fats are planned in the near future. This is the result of the discovery that large amounts of fats fit for human consumption have spoiled or been allowed to spoil, and then sold at prices far exceeding those set for unspoiled fats. The food dictatorship department is making an investigation to discover whether the increase in spoiled fats has been the result of carelessness or intention.

GIRL WAS LEADER OF MOTOR BANDITS AT HAMMONDON, N.J.

Led Band of Foreigners Who

SIX ARE UNDER ARREST

19-Year-Old Millie de Marco
Believed To Have Planned
Hold-Up.

Philadelphia, Oct. 6.—With four persons under arrest in this city and two in Camden, N. J., and the police dragging closing about four others who are now under surveillance in connection with a sensational holdup and murder at Hammondon, N. J., yesterday, the authorities here today declared their belief that Millie de Marco, 19 years old, of this city, one of the prisoners, and an employee of A. J. Rider, president of the New Jersey Cranberry Growers' Association, engineered the entire plot.

Led by a Girl.
The De Marco girl and three Italians arrested in this city last night, were traced to the Italian colony here through the license number of an automobile, in which eleven men and one woman were seen in the vicinity of the home of the Riders yesterday, shortly before the murder of Henry Rider of Howell, Mich., and the shooting of his brother and two others, Rider and his daughter, Mrs. Elsie Smithers, who voluntarily drove the automobile after she had been wounded, and Jas. N. Rieby, who also occupied a seat in the Rider car at the time of the attack, are in the Jefferson Hospital, this city. Their condition today was hopeful, and physicians say they will recover. Some of the men under arrest was in Rider's employ as far as the police were able to learn by a hurried investigation.

Traced by Auto.

The sight of eleven men and a lone girl in an automobile aroused unusual interest among the natives of Atsion, N. J. Someone casually noted that the automobile bore a Pennsylvania license number. Detectives learned the number of the car and the description of the girl, which corresponded with that of the young woman Rider employed on his cranberry bogs. The girl knew the movements of Mr. Rider on pay days and was aware of the large amount of money required for the payroll of about 300 men and women cranberry pickers. The police are working on the theory that she planned the shooting with the aid of confederates from this city. All have admitted, the police say, that they were at Atsion yesterday.

CANCEL THEIR SAILINGS ACROSS THE NORTH SEA

London, Oct. 6.—Owing to the risks of North Sea traffic, the Batavier Line has suspended its regular sailings between London and Rotterdam. The Batavier Line operated a fleet of eleven steamers, ranging in tonnage from 1,000 to 6,000 tons. Several Dutch steamers have recently been sunk by submarines in the North Sea.

WAS EASY FOR CAIN TO FIND A WIFE, SAYS BILLY SUNDAY

Had 5,980 Buxom Damsels to
Choose From.

IS NO MYSTERY AT ALL

"Yet a Lot of Fellows Are Going
to Hell Because They
Wonder" About It.

DETROIT, Mich., Oct. 5.—Patrolman Wilson, of the traffic squad, who has been on duty at the Billy Sunday tabernacle since the opening of the campaign, "hit the trail" with about twenty-five others at the close of the services this afternoon.

The policeman's appearance in uniform, the third of the trail-hitters to respond, brought an outburst of applause from the platform.

Winding up his afternoon sermon on "Feeding the Five Thousand," Billy Sunday, in a prayer that came as a prelude to a call to the trails, said: "Jesus, why do they insist on eating corned beef and cabbage at the devil's table when they have porterhouse steak with mushrooms and coffee and cream at God's table? They are feeding on a diet of ashes when they sit at the devil's table?"

Cain's Wife.
This evening Evangelist Sunday preached a strong sermon on "The Virgin Birth," answering one of the principal questions asked by skeptics and agnostics, namely, "Where did Cain get his wife?"

The sermon tonight was for men only and reservations had been made by some of the most prominent clubs of Detroit.

The text of the evening sermon was taken from John vii, 17: "If any man will do his will, he shall know of the doctrine whether it be of God, or whether I speak of myself."

The speaker said: "The words of my text form a challenge of Jesus to skeptics, cavilers and doubters of His day. They say to Him: 'We know you. We know where you were born. We know your brothers and sisters. How do we know you are the Son of God? How do we know you are what you claim to be?'"

Foolish Questions Plentiful.
"I seldom preach in a town very long that some fellow doesn't ask me foolish questions. 'Where did Cain get his wife?' I guess it isn't where Cain got his wife that bothers some of you old ginks so much as it is where your neighbor around the corner got his. In other words, I guess it is your neighbor's wife that bothers you more than Cain's."

Adam and Eve had other children besides Cain and Abel as shown by the fifth chapter of Genesis. Why do you ask silly questions? Is it because you want to discredit the Bible and try to find some excuse for your living in sin?"

How It Figures Out.
"Listen, Darwin quotes Matthew, who in turn quotes Euler, who says that under favorable circumstances the population will double in twenty-five years. If you will study your scriptures carefully, you will find that when Cain went out to court his wife he was a lusty youth 125 years old. The Bible says that Cain knew his wife in the land of Nod, and she conceived and bore a child. Allowing that there were seven pairs on earth at the end of the first twelve years and that the population will double in twenty-five years, and that Cain was

DETECTIVES UNEARTH ASSASSINATION PLOT AGAINST MR. SHONTS

Two Men Charged With Conspiracy To Murder Street Railway Heads.

[Canadian Press.]
New York, Oct. 6.—Conspiracy to assassinate Theodore P. Shonts and Frank Hedley, president and general manager, respectively, of the Interboro Rapid Transit and the New York Railways companies, was unearthed here last night, according to the police. Two men have been detained, and detectives are said to be searching the city for others alleged to be involved. The police declare a conversation in a saloon which was overheard by a disinterested person led to the discovery of the alleged plot against the two largest transit companies affected by the strike of unionized carmen. The prisoners, who gave their names as Oscar Wallace and John J. Spearman, were questioned for several hours today, but the police said that to reveal the result of this examination might hamper in continuing the investigation.

THE MYSTERIOUS PROMOTION.
OTTAWA, Oct. 5.—At the office of the assistant adjutant-general, which deals directly with militia orders and appointments, it was stated tonight that no notice had been received of the promotion of Sir Sam Hughes to be lieutenant-general.

HALIFAX, Oct. 5.—Sir Sam Hughes, minister of militia and defence, arrived here this afternoon from England and the front, after an absence from Canada of nearly three months. The newly created lieutenant-general, before leaving for Ottawa, handed out the following statement:

"I am not a prophet, but I can say that the spirit of the German soldier is broken. The British alone have captured, since the first of July, upwards of 20,000 prisoners, with much war material. One officer told me that within a very small compass—a few hundred yards of trenches—upwards of 2,000 German dead, and several hundred wounded, unable to move, covered the ground. Another example, one regiment of Germans, which was wiped out by the Canadians the other day, had been formed only two weeks previously from remnants of ten crack German regiments, and yet they disappeared."

Expects German Rebellion.
"This war will be won by pounding, and it is a long road to Berlin. The German people, however, are becoming very restless. I believe before very many months a rebellion must break out against Kaiserism throughout the length and breadth of the German Empire."

The urgent reforms in England, which I had planned last spring, and which were held in abeyance on my return to Canada at that time, have now been carried out. Owing to the great growth in the service, the reorganization of the war, and the desire for practical systems, certain important changes have been effected, with much saving in cost.

Some Reforms Accomplished.
"In addition to the reforms referred to, the chief of those relating to the securing of more rest for our troops at the front, and at the same time to effect improvements in the training."

Also with regard to the question of training, the result has been a greater co-ordination of the various departments of the training between Canada and England, and England and the front. I have had my conferences with the war office, the secretary of state for war, the Hon. David Lloyd George, Sir William Robertson, Gen. Wigham and other leading war office officials, together with the commander-in-chief, Sir Douglas Haig, and our own corps commanders and brigade commanders at the front.

Britain is stronger on sea now than at the beginning of the war. The Kaiser's navy, which British waters and do some slight damage, but they seldom return home. Her zeppelins have proven to be vulnerable. I myself have seen two of them brought down. Wasteful at Front.

"At the front we have the mastery in artillery. We have always had it in hand. The result is that foot by foot, mile after mile, building pluck and doggedness have proved too much for the Imperial Guards. I have seen over nine miles of German fortifications, surpassing in strength any fortress we constructed. Today, however, the allies have face breaching, loading rifles, bombs, machine guns, and all classes of artillery firing high explosives, yet eyes down before the onrush of the soldiers of Britain, New Zealand, Canada, of Australia, South Africa, and of Newfoundland, in fact, of all the Allies. I have seen German dugouts 30 and 40 feet deep, such as have been built by hundreds of men; yet these have been taken for miles upon miles. Such heroism and manhood have never before been experienced. Nothing can keep our boys from the firing line. The full story of the gallant deeds and the success of Canadians on the Somme will be made public in detail in due time, but they stand out, as the Hon. Lloyd George and all under him state, as second to none, and rivaled only by the historic battles of the Men Set High Ideal.

"The men at the front expect much from the people of Canada. They are giving up their lives, and those at home must live up to the noble ideal set them by the gallant Canadian lads who are fighting for freedom on the soil of France. Canada must, therefore, continue to do her duty."

Sir Sam left for Ottawa this afternoon, accompanied by his staff officers, Major John Bassett and Col. Murphy.

On the same steamer were Premier Hearst of Ontario, Sir William Mackenzie and D. B. Hanna, of the Canadian Northern Railway Company.

A large number of invalided officers and men also arrived here today, but will not land until morning.

BLYTH FAIR COUNTED
THE BEST EVER HELD

Gate Receipts \$400—Large Crowds, Keen Contests.

[Special to The Advertiser.]
BLYTH, Oct. 5.—The Blyth fair, which took place here on Tuesday and Wednesday, and, as the weather was perfect, there were large crowds both in the evening of the first day and the afternoon of the second. The exhibition was the best that has been here for a great many years, especially in the hall. The ladies' work was, without doubt, out of the ordinary. The baking shown by the ladies was also ahead of other years. The roots and vegetables were also exceptionally fine for this year, but the fruit was not as good as it has been other years. The outside show was also well filled in most classes, especially the poultry and horses. The pigs and cattle were not as good as in other years.

The two speed contests were well filled and keenly contested, there being six horses in the 240 class and seven in the green race. The following are the results:

240 Class, Trot or Pace.
Royal Dundee (McLean).....2 1 1
Phillips Admiral (Charlesworth).....2 3 5
Emma Dillon (McManus).....4 2 2
Trump Past (Gardiner).....3 4 2
Florence C. (Fawn).....5 5 4
Duke Davis (Litt).....5 6 4
Green Race, Farmers or Sons.
Billy Dundee (Allin).....1 1 1
Minute (Cockburn).....2 4 2
Violet (Griffith).....3 2 5
Charley Mac (Weston).....4 3 5
Minnie Medium.....
Hal Boy.....

Blyth Band furnished the music for the day and was highly appreciated. The gate receipts amounted to about \$400.

In the evening a splendid concert was

given in the town hall, which was packed to the doors. There were no drinks on the street, but one had accident occurred in the evening, when two of the horsemen got into an altercation and one of them hit part of the other's ear off. It is likely action will be taken against the party.

WINGHAM RACE TRACK
IS IN GOOD SHAPE NOW

Fast Contests Expected on Adjourned Fair Days.

[Special to The Advertiser.]
WINGHAM, Oct. 5.—Ald. F. L. Binkley states that the race track is now in the best of condition. Since the rains it has been harrowed and rolled, and prospects look good for keen racing at the adjourned fair which will take place next week.

Since the rise in bread prices, different loaves have been arranged and found to be up to the standard.

A meeting was held in the town hall last night to make arrangements for the Trafalgar Day Red Cross collection, which is to be made October 13.

A. H. Wilford, president of the Businessmen's Association here, who has been in the hospital with typhoid fever, has had a change for the better. He is being attended by his brother, who is a doctor and a missionary from China.

SUCCESS OF A NEW
REMEDY FOR BACKACHE,
KIDNEYS, RHEUMATISM

Dear Mr. Editor,—I suffered for years with backache. Last March I tried "Anuric" and have used this new kidney medicine recently discovered by Dr. Pierce, and it was wonderful the way it eased my pain and gave me relief in such a short time. I have tried several medicines, but "Anuric" is the only one that gave satisfaction. I feel it my duty to recommend "Anuric Tablets" to anyone who suffers as I did.

(Signed) Mrs. Margaret E. Snider.

Note: Folks in town and adjoining counties are delighted with the results they have obtained by using "ANURIC," the newest discovery of Dr. Pierce, who is head of the Invalids' Hotel and Surgical Institute, in Buffalo, N. Y. Those who started the day with a backache, stiff legs, aches and pains, and an aching head (worn out before the day began because they were in and out of bed half a dozen times at night) are appreciating the perfect rest, comfort and new strength they obtained from Dr. Pierce's Anuric Tablets. To prove that this is a certain and solvent and conquers headache, kidney and bladder diseases and rheumatism, if you've never used the "Anuric," cut this out and send ten cents to Doctor Pierce for a large sample package. This will prove to you that "Anuric" is thirty-seven times more active than lithia in eliminating uric acid—and the most perfect kidney and bladder corrector. If you are a sufferer, go to your best druggist and ask for a 50-cent box of "Anuric." You can also get it for Pierce's good name stands behind this wonderful new discovery, as it has for the past half-century for his "Golden Medical Discovery," a genuine tonic made from roots with pure glycerine which makes the blood pure, his "Woman's Prescription" for weak women and "Pleasant Pellets" for liver ills.

THOUSANDS OF
SICK WOMEN

Helped Every Year by Common Sense Suggestions Given Free by The Lydia E. Pinkham Medicine Company.

For forty years women suffering from all kinds of female ills have been writing the Lydia E. Pinkham Medicine Company of Lynn, Mass., for advice.

Thus they receive common-sense suggestions drawn from a vast store of experience, and thousands of sick women have been saved from untold suffering, as letters like the following clearly show:

Newark, Ohio.—"Lydia E. Pinkham's Vegetable Compound has made me a well woman. Your Sanative Wash is just the thing to overcome female weakness. I have told young mothers, as well as older ones, about your remedies, and what they have done for me. I think Lydia E. Pinkham's Vegetable Compound saved my life, as my health was very bad when I wrote you, but now I can do my own work and have not had a sick day since I began taking your remedies. I keep the Compound and Liver Pills on hand all the time."

Welcome Week

Come this week. You are cordially invited. Assortments are at their best, and our salespeople will take special pains to show you the new things.

This event was planned not so much for immediate sales as with the desire that you should SEE the styles and values here—knowing that when you were READY to buy you would come back again. We find, however, that very many who come are not waiting, but are buying NOW. Which simply shows that women are alert to stylishness and value, and that it doesn't take them long to make up their minds when they actually see JUST what they want.

Answer Your Telephone Promptly.

A practice that will do much to improve the quality of your service is that of answering your telephone promptly.

Promptness in answering is a courtesy that your telephone caller appreciates—delay may cause him to abandon the call and turn to a competitor who realizes the importance of a prompt response when the bell rings.

Prompt service over your store telephone is a welcome evidence to your customer that you and your staff are alert—eager to serve.

Why not make it an invariable rule to answer your telephone promptly?

Plenty of Woolens
Tip Top Guarantee As Strong To-day As It Ever WasThis great workshop of
the Tip Top Tailors is
backed by a \$250,000
Woolen Stock.

Think of it—three floors filled with British woolens. And we purchased every yard before prices reached their present high level. Our stock of woolens represents at least a quarter of a million dollars. If we had to buy the same stock to-day we would be compelled to pay from \$1 to \$1.50 a yard higher for every piece in the warehouse.

Thus the Tip Top Tailors buying power has again proven equal to the difficulty presented by the increasing cost of woolens in all markets, and enables us to give our customers all over Canada fall and winter suitings and overcoatings fully up to the quality standard set last season at the same price, of \$15 to measure, while other tailors must ask from \$25 to \$30 for the same quality.

TEACHERS SHOULD DEVELOP MENTALLY AS WELL AS PUPILS

So Urges Dr. Braithwaite Before Middlesex Teachers.

MAKES SOME SUGGESTIONS

Western University May Organize a Summer School Next Year.

Addressing the East Middlesex Teachers' Institute Thursday afternoon, President E. E. Braithwaite of Western University urged upon his audience the importance of continuing their own mental development, while giving themselves to the task of training the minds and moulding the characters of children.

"Unless you continue to develop," he said, "you will do worse than standing still." A laugh followed his next statement: "If you don't continue to develop, you will begin to look like teachers." Continuing, he touched upon the obstacles which stand in the way of the way of self-development. First among these is the mental weariness which concentration upon the work of teaching involves.

Another difficulty named was the lack of outside stimulus. London teachers have been able to find this stimulus in university lectures, with a view perhaps, in the process of time, to covering the university degree course.

Hope for the Isolated Student. For the isolated student, hope was offered in the extra-mural courses offered by some of the larger universities through correspondence and a perfection of system which is practically direct supervision.

Dr. Braithwaite urged the teachers to impress upon their pupils, even the very youngest, the idea of working towards a university course. The fact that due consideration is not being given in Western Ontario to the value of college training, he stated, is shown by statistics which show that a smaller percentage of students go from the high schools of Western Ontario to any of the universities than from any other part of the province.

Advantages of Higher Education.

Concerning the advantages of higher education and university degree work, Dr. Braithwaite had forcible arguments to offer in the form of statistics. "Some people will tell you," he stated, "that a university degree doesn't count for much in making progress in life. In the United States it was found on investigation some years ago that only one man in 140 had a university education. Of 600 members of congress at the time, 200 were university graduates, and the great majority of the rest had at least a partial university training. It was found that two-thirds of the influential positions in the United States were held by college-trained men. Reduced to mathematics, the college man has one chance in fifteen of achieving an influential position, to one chance in 4,000 of the non-college man."

The vocation of teaching, Dr. Braithwaite termed, "one of the most ideal, from the fact that its field of operation is the realm of the mind of man, made out a little lower than God."

"There is no limit," he declared, "to the possibilities of the mind for development."

Personality important. In conclusion the importance was urged of the factor of "personality" of the teacher and the influence it may exert in shaping the entire after-career of pupils. "You, yourselves, ought to be an inspiration to all that is highest and best," he concluded.

After his address, Dr. Braithwaite stated a summer school had been under consideration for another year by the Western University authorities, provided it was found that there would be sufficient interest and support to justify such a step.

"I am going to ask you," he continued, "how many of you here would be interested should such a school be organized for another summer. It is probable your attitude in the matter will be an indication of the attitude of other teachers of Western Ontario."

The right hand of the majority present shot up in response to the question. "Good," said the university president; "we must have the summer school."

Importance of Expression. V. E. Greer, M.A., of the Stratford Normal School emphasized in connection with his practical talk on "Third-Form Language," that the keynote of English composition and grammar in the public schools is teaching adequate and correct expression of thought. In the public schools, language is taught not so much as an accomplishment and for its cultural value, as for daily use. It is of greater importance to teach the habit and appreciation of good use of language, not only in the classroom, but in the playground.

John A. McNaughton, Masonville, a delegate to the Ontario Educational Association, presented an interesting report.

FIGHTING FOR EMPIRE AS WELL AS FEEDING IT

Lake of the Woods Milling Company Well Represented Overseas.

In presenting the annual report for the twelve months ending August 31, 1916, the vice-president, Mr. W. W. Hutchison, stated that 125 members of the staff, as well as two directors and the president, Brig-Gen. Frank S. Meighen, himself, were serving in the Canadian Expeditionary Forces.

In spite of this handicap, however, the annual report shows a successful year, with net profits of \$252,141.61. This provides for bond interest, dividends (7 per cent on preferred and 3 per cent on common stock), and \$100,000 written off property and good-will accounts, and leaves the sum of \$52,141.61 towards surplus account. With this the surplus reaches \$389,155.77, from which must be deducted \$100,000 war tax—\$50,000 for the current year and a like amount for last year—leaving after the close of the company's financial year.

The output of the Medicine Hat mill, burned in April last, was missed during the busy months since, though the direct loss was fully covered by insurance. The modern plant under construction to replace it is expected to start operations this year.

CURTIS-TAZZMAN. A pretty wedding took place Wednesday night at the home of Mr. and Mrs. William Tazzman, London, Township, when their daughter Emma was united in marriage to Sgt. Samuel Curtis of the 142nd Battalion by the chaplain of London's Own, Capt. W. C. Ridgford.

The bride was given away by her father, and Miss Gertrude Attrill played the Wedding March. The groom was supported by a brother of the bride, David Tazzman, while the bridesmaid was Miss Tazzman sister of the bride. About sixty guests were present.

41 HOURS DRAGGING OF RIVER FAILS TO RECOVER ANY BODY

Sluice Gates Being Opened to
Help Search.

DENIES FRAME-UP STORY

Companion of Man Reported
Drowned Says It Was
Maliciously Started.

After 41 hours of continuous dragging for the body of James Brandon, who was drowned on Wednesday evening, members of the fire department have failed to meet with success. As a last resort, the sluice gates in the spring-bank dam will be opened full this afternoon in order to lower the water before dragging operations are resumed. The gates were partially opened this morning. This opening, it is thought, will lower the water about seven or eight feet, which will still leave a depth of eight or nine feet at the point where the drowning occurred.

Firemen attribute their failure to recover the body to the presence of wire and stumps at the bottom of the river, and believe that it may have become lodged beneath a bundle of wire, which might prevent its being brought to the surface.

Recovered Easily Before.

Notwithstanding this fact, the body of another victim drowned a year ago within 50 feet of the scene of this accident was recovered at that time in twenty minutes.

A story circulated today to the effect that the drowning was a "frame-up" between Clark and Brandon in order that Brandon might get out of the country was brought to the attention of A. J. Clark, who accompanied Brandon on the fishing trip.

Denies "Frame-Up."

"I have heard about that story, and surely it is bad enough to have to pass through the experience that I did and just barely escape with my life without having to be accused of being a party to a 'frame-up,'" said Mr. Clark to an advertiser reporter. "The whole story is a foundationless in every respect, and I cannot comprehend who would originate such a tale, unless it is some person who wants to do me an injury and harm my business, he continued.

He again repeated the circumstances preceding the accident, and stated that but for the changing of places in the boat nothing would have occurred.

No motive, Mr. Clark stated, could possibly be advanced for wanting to "frame-up" such a deal.

There were no domestic troubles whatever, he declared, and he again characterized the story as a tale originated to injure him.

FORCING BACK TURKS IN TURKISH ARMENIA

(Canadian Press.)

Petrograd, Oct. 6.—Via London, 146 p.m.—The Russian offensive in Turkey, Armenia, in the district west and southwest of Trebizond, is being successfully pushed, the war office announced today. The forces are being forced back in the direction of the Karshir river, which runs through Ardahan, about 40 miles southwest of Trebizond, and empties into the Black Sea near Trebizond, 30 miles west of Trebizond.

FOUND LOST BARGES.

(Canadian Press.)

Boston, Mass., Oct. 6.—The coastguard cutter Osprey reported by radio today that she had found the barges Aranc and Alexander, which were lost after being towed from Rockland, Me. Both barges were water-logged and were abandoned by their crews a week ago during a storm.

Only Wanted To Kill Maj. Osborne and Give Advice

But Old Man Was Willing to Dispatch
Col. Brown, Too.

"I only want to kill Major Osborne," announced an old chap this morning to the orderly at Wolsey Barracks. "What you can't kill him now, he isn't here," he was informed.

"If he won't be long I'll wait. Major Gen. Lessard, down at 313 Simcoe street, told me to come up here today and tell Gen. Kitchener and Gen. Buller something about war. I've been a soldier 23 years and I've already told Kitchener something about it, but I think he needs a little tuning up."

The announcement that Kitchener was dead did not seem to interest him. A mere detail of the war, he started on a detailed account of his military career, which he stated covered most of the habitable world. The orderly, being a Maltese, with a close acquaintance with the Egyptian language, commenced to converse with him in the tongue of the Pharaohs.

It struck a chord somewhere in his makeup and with a whoop that startled the horses down in Queen's Park he volunteered to "clean up" on the place. All his 73 years of pugnacity were aroused and considerable diplomacy was required to ease him out of the building.

On a bench under the trees he waited away the time until Major Osborne came to be dispatched. After an hour he decided that he might as well kill someone else just to keep his hand in, so he sauntered into Lieut. Col. Brown's office and offered him the privilege of dying first. Failing that, a little fight would possibly be an acceptable substitute. Lieut. Col. Brown's interest in the next world was of a somewhat impersonal nature, he declined all offers and gently but firmly led the old chap out.

When last seen he was strolling dejectedly down Oxford street, muttering something that sounded like "Too bad; Kitchener has lost his grip."

SUSPENDED SENTENCE FOR YOUTHFUL SOLDIERS

Boy Privates Accused of Stealing S. P.
A. Cigars Returned to Corps.

Sentence was suspended by Magistrate Judd today in the cases of Ptes. Lucien Belanger and Ernest Crowley, both members of the 12th Battalion, who pleaded guilty on Tuesday to the theft of cigars at the S. P. A. Soldiers' Club. Belanger will be returned to the special service company of the 153rd Battalion, to which he was attached after his release from the 12th following the spanking incident at Camp Borden, which almost cost Lieut. Col. Graham his rank.

Edmund Meredith, K.C., appeared on behalf of Belanger and asked that the magistrate display leniency as the circumstances in connection with the case showed only a spirit of boyish mischief and not a criminal tendency.

"I am instructed by the boy's parents to state that stories circulated to the effect that he was uncontrollable and 'bad in every way are false,'" said Mr. Meredith.

Mrs. Crowley, mother of Ernest Crowley appeared on her son's behalf and pleaded with the magistrate to "give him one more chance and I believe he will do better," said Mrs. Crowley, as the two accused boys, who were charged with the theft of both cigars and a bottle of beer, were taken to the court.

"I will," replied each in answer to the questions.

CROWN COUNSEL

mal documents of committal and release.

Col. Lindsay, governor of the provincial jail, produced the warrants of committal, showing that the parties had been delivered into his custody on orders signed by Judge Galt.

signor, Mr. Andrews read what he called "an admission as to certain facts," signed by Judge Galt and produced to remove the necessity for calling the boys as witnesses.

This contained a copy of the commission appointing Judge Galt to hold the inquiry, and counsel said his power to summon witnesses was confined to the purposes of the commission. Andrews read the "admission" of Judge Galt that his authority to issue the warrants of committal was based on his commission.

the inquiry, and that Edward Beck was summoned to be examined with respect to a newspaper article.

"To be examined," commented Mr. Justice Haggart, "on a matter neither within the scope of the act or of the commission." A similar admission was presented as to each of the other applicants.

"I'm not trying the question as to whether the article is libellous or not," said his lordship, referring to the report in the Telegram which caused the committals. "It is the practical validity of the committal we are trying."

Andrews read the record of proceedings when the applicants were sentenced. It was admitted, he said, that Edward Beck was only to be questioned on the newspaper articles.

Content of each was criminal, and the sum of the evidence against Beck was that his name appeared as editor.

Because he refused to give evidence Andrews said he was sent to jail, said Mr. Andrews. The newspapers had no notice of proceedings and no opportunity to defend themselves or produce evidence.

ORDERS BREAKWATER REOPENED FOR TRAFFIC

Mayor Announces Revocation of Previous Orders.

The West London breakwater will be opened for pedestrian traffic at once, Mayor Stevenson announced today.

It was closed at the suggestion of City Solicitor Meredith, owing to the fact that a claim for damages was entered against the city.

There have been so many complaints, however, that his worship has been compelled to have it opened. It is a great convenience to the residents of that section.

FIRST DIVISION COURT.—Several small actions were heard before Judge Stachab at the weekly sitting of the first division court at the court house today.

CITY CAN BE KNOWN
AS "LONDON THE GOOD"

Police Returns Show Unprecedented Decrease of Crime During Year.

If the decrease in the number of summary convictions and indictable offences, shown by the annual police returns ending September 30, can be taken as any criterion, then it must be assumed that the city is growing more liberal. The trade in oats was also fair. The pit trade was neither wide nor heavy.

"RALLY NIGHT" AT Y.W.C.A.

OPENS SEASON'S ACTIVITIES

Pleasing Reception in Artistic and Inviting Rooms to Friends of Association.

"Rally Night" was a festive occasion last evening for the members of the Young Women's Christian Association and their friends, who gathered in large numbers at the central rooms, Park avenue, to attend the reception which marked the formal opening of the season's activities.

The rooms, always bright and inviting, were doubly so in the glow of shaded lights, and adorned with potted plants, autumn-tinted leaves and brilliant scarlet salvia.

Posters Quite Artistic. Artistic posters announcing the educational classes attracted admiring attention, and the secret was told that they were manufactured from samples of wall paper and fashion cuts from magazines by Miss Sutherland and Miss Newberry.

Members of the board performed the duties of hostesses, welcoming the strangers, and succeeding in making everyone feel quite at home.

An enjoyable program was presented in the living-room, Rev. D. L. McCrae presiding.

Dr. McCrae's Address. In the course of his opening address, Dr. McCrae eulogized the manner in which the women of Canada had "measured up" in wartime, and the splendid work they were doing. By no means the least important work, he declared, was that in connection with the Young Women's Christian Association.

The economic value to the community of this work for the welfare and fourfold development of young women was also touched upon, and reference made to the manner in which it reacts to the benefit of employers. "If employers understood this more fully, they would be more liberal in their support," was a suggestion made. An illuminating address was given by Miss Cannell on "The Value of Books as Friends."

New Secretary Introduced. An interesting event was the introduction of the new extension work secretary, Miss Kate Archibald, who will perform the duties of general secretary until the arrival of Miss Lukes in December.

Miss Archibald was already known to a number through her work in the early summer in connection with the military Young Women's Christian Association rest camp work in co-operation with the Military Y. M. C. A. work.

The new secretary spoke a few words in acknowledgment of the cordial greeting extended to her.

The remainder of the program included an amusing reading by Miss Newberry, a solo by Miss McEvoy and a violin and piano number by Misses Bradley and Wells.

Dainty refreshments were subsequently served.

Several Enroll. Several enrolled for the educational classes during the evening.

One of the most popular of these is the dressmaking class in charge of Miss McRoberts, eight or ten enrolling for it before the end of the rally.

The millinery class will be instructed by Miss McIntyre, while the physical culture class will be under the direction of Miss G. Newberry, and will be held as last year in the Collegiate gymnasium.

COLBORNE STREET HOUSE DAMAGED BY FLAMES

About \$500 Loss at Residence of Mrs. J. H. Shillington Last Night.

The firemen had a busy hour Thursday evening. At 7:15 p.m. they were called to the residence of Mrs. J. H. Shillington, 665 Colborne street. Fire started by a gas plant had broken out in the back kitchen and gained considerable headway before the firemen arrived. The flames had got to the upper part of the house by a back stairway, and about \$500 damage was done before the blaze was extinguished.

The firemen had just returned from the call, when an alarm was sent in at 8:15 p.m. from the London Foundry at the foot of King street. Sparks from the cupola had ignited the roof. The damage was slight.

"Tis the radiant, rare October,
With ripe clusters on the vine;
With accents that mingle in spicy tangle,
On the hilltops' shimmering line."

MIDDLESEX TEACHERS PLAY IN NORMAL SCHOOL GYM

Led By Prof. MacLaren They Romped and Shout Like Lot of School Children.

A feature of the East Middlesex Teachers' Institute program, which was very much out of the beaten track, was the address and demonstration of "Recreation for Classroom and Playground," given last evening in the Normal School by Prof. A. MacLaren, B.S.A.

Prof. MacLaren first gave his address in the auditorium, in the course of which he defined play, made a strong plea in favor of supervised play, dwelt at length upon the manner in which play may be co-related to the various studies of the school curriculum, and finally wound up by emphasizing the important part of play in character-building.

Romped in Gymnasium. At the close he invited his audience to go with him to the Normal School gymnasium, where a few minutes later even the most staid of the teachers were laughing and romping.

Any self-consciousness that existed in the first few games was soon banished, as Prof. MacLaren, in the role of leader and instructor, kept everyone in turn busy taking part in the demonstration.

The first hour this afternoon is being devoted to an exhibition of children's work, after which V. K. Greer, M.A., will give his second address of the convention. His subject will be "Class Records."

Reports on Summer Work. Reports will also be given during the forenoon of the summer school at Guelph.

Short papers by teachers of the association and a general discussion on school facts, home work, library circulation, etc., will constitute the program of the closing session in the afternoon.

The election of new officers will take place during the day, report to be presented by the nominating committee composed of Miss Sproat, convenor; Miss Sinclair and C. E. Johnson, Denfield.
