THE LOVE OF WHIZ WAGON

Wreck Pittsburg Homes—Club Women urge prompt Steps to check the Evil

They Declare That Something Must Be Done and Done Quickly

A Pittsburg despatch says: Pittsburgers are losing their homes because of their love for the whiz wagons. Such is the alarming report made by a committee of club women who have been investigating local social conditions.

"Something must be done and done quickly," the report declares, "to prevent the women of Pittsburg from resorting to the means they do to acquire social prestige in their set. Mothers are neglecting babies, and wives are driving husbands to the wall for the sake of the appearance of wealth. So mad has the race for social supremacy become in the East End that owners of houses are mortgaging them in order to buy as many and as speedy automobiles as their neighbors. Extravagance is reckless, and something must be done before utter ruin follows on the wake of folly. The automobile habit is becoming a curse among the social climbers."

Women are particularly denounced in the report and are held responsible for the lavish indulgence in motor cars and gasoline. Not only are the upper classes blamed, but, says the report, many owners of houses, worth from \$5,000 to \$15,000, which they have acquired after many years of toil, are mortgaging them in order to buy automobiles. So fearful are they of being outshone socially that everything is being sacrificed or jeopardized in order to present an appearance of wealth on an income not exceeding \$150 a month. The women find that a certain class of women whose husbands have limited incomes are gradually driving them bankrupt, in many instances for the sake of possessing some means of making themselves conspicuous. Cases are cited where families of limited income have as many as three and four automobiles, and a loud warning is sounded against further excesses. How and by what means the committee hope to prevent the existing evil is not disclosed in the report, which offers no remedy.

WAS HUGE SUCCESS

"The garden party held on Mr. James Chinick's lawn last night was undoubtedly the garden party of the season," was the remark made by Mr. George W. Sulman this morning. Mr. Sulman acted as chairman at the event, which was attended by large crowds from all over the surrounding district. Mr. Chinick's lawn in Chatham township, where the party was held, was beautifully decorated with flags and Chinese lanterns for the occasion. Everyone thoroughly enjoyed themselves. The program was as follows:

Instrumental Duet—Mr. and Miss Wigle.
Address—Rev. Dr. J. R. Battisby.
Solo—Miss Riddell.
Address—Ald. Chas. Austin.
Recitation—Miss Verilya Lamont.
Address—Mr. N. H. Stevens.
Instrumental Duet—Misses Kreiger and Agar.
Address—Mr. Collins.
Duet—Misses French and Blackburn.
Address—Rev. Mr. Graham.
Song—Mr. Wignall.
Address—Rev. Mr. Pentland.
Recitation—Miss Verilya Lamont.
Address—Mr. R. A. Williams.
Instrumental Duet—Mr. and Miss Wigle.
Address—Ald. W. H. Westman.
Instrumental Solo—Miss Agar.
Address—Mr. Allan.
Solo—Miss Kennedy.
Solo—Miss Riddell.

All were more than pleased with the manner in which the program was managed by the genial chairman, Mr. G. W. Sulman, the Conservative candidate for the Legislature. Mr. Sulman's witty stories always please, and he was at his best last night.

At the conclusion of the program, three cheers were given for the host, and hostess, Mr. and Mrs. Chinick, and the crowd sang "God Save the King." During the evening excellent music was supplied by the Tupperville Band. The concert was held in aid of French's Methodist Church.

DEFY CITY

Windsor, July 21.—The Windsor, Essex & Lake Shore Street Railway defied the city by starting to lay tracks inside the corporation after being refused permission until Howard avenue was placed in a proper state of repair. This afternoon the police threatened to arrest officers of the company, and work was stopped.

CHARMED WITH CHATHAM; CAPTAIN CAYTOR TALKS

Planet Interviews Distinguished American Naval Officer Who Says Chatham Citizens Are The Most Courteous In The World—Story of Active Service

This city has at present quite a distinguished and interesting guest within her gates, in the person of Captain A. C. Caytor, an ex-officer of the U. S. Cutter service, who with his wife is stopping at Hotel Sanita. The Captain is a man who has distinguished himself for valor and integrity in active service, and his estimable and charming wife is a niece of Governor Jarvis, of North Carolina, who is also an ex-Senator of the same State.

A Planet reporter yesterday afternoon dropped in at Hotel Sanita and had a very pleasant half-hour's conversation with the Captain, who by the way is a typical Southern gentleman. Square built and handsome, with snow-white hair and mustache, he has a distinguished military bearing which denotes years of discipline

WORK STOPPED BY THE POLICE

Authorities took Effective Means To Bring Street Railway To Time

Mr. John Piggott Gives Out A Statement—Mr Warburton's Trouble

Windsor, July 23.—No police court prosecution will follow the clash between the city and the W. E. & L. S. over the attempt of the company to lay track on Pitt street without the authority of the council. The police authorities are satisfied to have carried out the instructions of Ald. Jacques, the acting mayor, to put a stop to the work, and Manager Warburton, who was instructed by Chief Willis to be in court this morning in view of the possibility of a charge being laid against him, did not have to appear, as the complaint was withdrawn.

Since the decisive action of the city in calling out the police, the officials of the road seem to have experienced a complete change of heart. At first, the police say, Manager Warburton refused to obey their order to stop work and would not call off his men until he was threatened with arrest. In fact, he was actually taken into custody, but released soon after.

Later in the day the officials who were in the city to hold a meeting, conferred with the city solicitor, chairman of the board of works and city engineer and afterward the president, John Piggott, gave out the statement that the company would not make a fight over the matter, as he believed it would be arranged satisfactorily. He intimated that the company would be willing to make the repairs on Howard avenue.

DEATH OF MOSES CARON

The death of Moses Caron, of Dover Township, occurred yesterday morning at nine o'clock after a lingering illness.

Deceased was one of the prominent retired farmers of Pain Court Block, and had been a resident there since 1866. He was born Feb. 24, 1825, in St. Jacques de Mineur, Quebec, and was a son of Augustin and Mary (Guarant) Caron. In 1866 the late Mr. Caron purchased a tract of 100 acres of land on Pain Court Block and at once began to clear and cultivate it. His industry and thrift met with deserved reward; his land became highly productive and his means accumulated. He became an influential man among his neighbors, all of whom were French, and his advice was often sought. He was wedded three times and has raised a family of nine children, all of them now grown up.

The funeral will take place tomorrow at 9:30 o'clock from Pain Court church. Interment will be made in the cemetery ground adjoining the church. The bereaved family have the sympathy of a large circle of friends.

GAS IN BRANTFORD

Brantford, July 23.—It is reported here that capitalists from Chatham, Toronto and Detroit have acquired a lease of over five thousand acres of land on the Indian Reserve in this vicinity for the purpose of drilling for natural gas, which is believed to be located on the lands in question. Some drilling has already been done in an experimental way and the results have been highly satisfactory.

AUTO WENT DOWN BANK

Narrow Escape Of An Autoist At Pardo's Grove On Sunday

Machine Took A Drop Of 100 Feet—Child Went With It

A local autoist had rather a thrilling experience at Pardo's Grove, at Lake Erie, on Sunday last. He had driven to the lake for the day, and was about to return home when a serious accident befel him.

His machine was up at the top of the bank and in turning around he backed up too close to the edge of the bank and the machine fell down the embankment, a distance of over 100 feet. The bank is very steep at this place, but the machine in getting started in its downward flight, swerved partly on its side, thus lessening the force of the drop. When it landed at the bottom of the bank it was found that it was badly shaken up and one of the axles was badly bent.

The driver and a little child were in the auto when the accident occurred. The driver called to the child to jump, and then jumped himself. The man got out safely, but the child was unable to jump, and went down to the bottom of the bank with the machine.

Fortunately, the child was not injured in the least, which was indeed a remarkable thing in view of the 100-foot drop. The child was shaken up and considerably frightened, but not injured.

DIED IN MONTREAL

Mrs. Eliza Pilkey, widow of the late P. J. Pilkey, died yesterday at the residence of her son-in-law, Mr. K. Cowan, Montreal. Deceased was about 73 years of age. The funeral will take place at Brantford, where she formerly resided, on Thursday.

The deceased lady was the mother of Mr. A. E. Pilkey, Cross St., and was a frequent visitor to this city, where she had many warm friends, and was highly esteemed by all who had the pleasure of her acquaintance. To Mr. Pilkey, of this city, and the surviving members of the family the sincere sympathy of a very large circle of friends will be extended in their sad bereavement.

A Brantford despatch says: "Word was received here to-day of the death in Montreal at the home of her son-in-law, of Mrs. Pilkey, who was a former resident of this city, and who, with her husband, was connected with the American Hotel here for some years. She had been absent about two years and was about 73 years of age. Mr. Cowan is connected with the legal department of the Grand Trunk Railway and formerly resided at Windsor."

A HUNDRED LIVES LOST

Steamer Columbia Sinks in Five
Minutes Off Californian Coast.

Terrible Midnight Catastrophe Blights
Many Homes—Vessel Was Struck
By a Lumber Boat and Cut to the
Water's Edge—Eighty Persons
Saved After Hours in the Water
—Captain Was Drowned.

San Francisco, July 23.—More than
100 lives were lost last Saturday
night when the steamer Columbia,
bound north from this port for Port-
land, collided with the lumber steam-
er San Pedro off Shelter Cove, Men-
docino County.

Eighty other persons who were on
the Columbia were rescued after be-
ing in the water several hours.

There was a heavy fog at the time,
and the San Pedro, heavily laden
with lumber, struck the Columbia on
the port bow with such terrific force
that she was cut down to the water
and sank in about five minutes.

Of the 180 passengers many suc-
ceeded in reaching the San Pedro,
which remained afloat. Only 80 of
them remained, however, when after
many hours the steamer Roanoke
came up to their rescue.

Captain P. A. Doran of the Colum-
bia went down with his vessel.

The San Pedro was picked up by the
steamer George W. Elder, and is
now being towed into Eureka.

The collision occurred at midnight
when all on board save the lookout
and officers on the bridge were asleep
in their berths.

The Columbia was steaming north
at an easy rate, having left here at
noon Saturday.

Suddenly out of the fog loomed the
dark hulk of the San Pedro, south-
bound, which was evidently out of
her course.

Whistles were blown and frantic ef-
forts made by the helmsman of each
vessel to avert the collision, but they
were of no avail.

The San Pedro struck the steamer
in the port bow, tearing an immense
hole in her side, through which the
water rushed in great volume.

Alarms were sounded throughout
the passenger ship, and the terrified
passengers scrambled from their state
rooms in an effort to escape from the
doomed vessel.

But the time was too short to aid
the life savers. The vessel sank with-
in five minutes of the time of the
collision.

A life raft was launched with a
number of passengers on board, but
only a few of the entire number on
board were saved.

During the earthquake and fire the
Columbia was lying at the drydock of
the Union Iron Works, and the shock
loosened some of the blocks, with the
result that the vessel was capsized.

But she was entirely refitted and when
she left here Saturday she carried a
full list of passengers.

The assistant to President Frey of the
San Francisco and Portland
Steamship Co. yesterday gave out the
following figures:

"Cabin passengers upon the Colum-
bia 168; steerage passengers 21; total
passengers 189; crew 60. This makes
a total of 249 souls on board."

"Reported saved 98; unaccounted
for 151."

Except for the lists of those on
board, Mr. Frey would not vouch for
the accuracy of these figures. He
said:

"We have made every effort by wire
to confirm from Eureka, but all that
we learned thus far has come from
the Roanoke and the newspapers."

According to J. C. Flynn, a rescued
passenger of the Columbia, every
woman passenger on board was lost.

The steamer Roanoke spoke to the
Columbia about yesterday morning.

The Columbia was owned by the
Oregon Railroad & Navigation Co.,
and hailed from Portland, Ore. She
is 310 feet long, registers 1,746 tons,
and was built in Chester, Pa., in 1880.

The San Pedro hails from San Fran-
cisco, and is 183 feet long, registers
659 tons, and was built in 1899 at
Aberdeen, Washington.

Boy Burned to Death.

Brookville, July 23.—From injuries
received by being burned with gaso-
line H. Cubley, aged 10 years, died
at the home of his father, W. H. Cub-
ley. He was accompanying his parents
in a skiff to their summer home on
the river when the gasoline became
ignited, spreading to Cubley's cloth-
ing. To escape being burned to death he
jumped into the water and was after-
wards rescued. The flames ad burn-
ed deeply into the flesh, and he lived
only a short time.

China Ready For Rebellion.

New York, July 23.—A letter just
received at the headquarters of the
board of foreign missions of the Pres-
byterian Church, describing the con-
ditions around Canton, says that only
a leader is necessary for a widespread
rebellion in that part of China.

Killed by Lightning.

Rochester, N.Y., July 23.—Light-

Williamson. The lad with his father
sought shelter from the storm under
a tree. The elder O'Brien was shock-
ed, but recovered.

Ottawa Hotelmen Summoned.

Ottawa, July 23.—The hotelmen of
Ottawa are evidently not obeying the
law. Charges of selling during pro-
hibited hours have been laid by the
provincial license inspector against
fourteen hotelmen.

CUTICURA CURES IN TWO

"I feel it my duty to parents of other
poor suffering babies to tell you what
Cuticura has done for my little daughter.
She broke out all over her body with a
humor, and we used everything recom-
mended, but without result. I called in
three doctors, they all claimed they could
help her, but she continued to grow
worse. Her body was a mass of sores,
and her little face was being eaten
away. Her ears looked as if they
would drop off. Neighbors advised me
to get Cuticura Soap and Ointment, and
before I had used a half of the cake of
Soap and box of Ointment the sores had
all healed, and my little one's face and
body were as clear as a new-born babe's.
I would not be without it again if it
cost five dollars, instead of seventy-five
cents, which is all it cost us to cure
our baby, after spending many dollars
on doctors and medicine without any
benefit whatever. Mrs. George J.

A LOST CONTRACT.

The Little Thing That May Sometimes
Prevent a Sale.

A pen once lost me an order. I had
just worked up the executive of a
large concern into a desire to buy. I
had my contract form lying on his
desk with my finger on the dotted line.
He reached over toward his pen rack,
took off a pen and plunged it into the
ink well. He turned to me with a frown
on his face—the well was empty.

I was ready with a fountain pen.
The pen was uncapped. I handed it to
him. He started to write. The ink
would not flow. I took it and shook it.
Again he made the attempt, with no
result.

"I will get one," he said. So he
stepped into the other room. Evidently
some one stopped him with a question.
For he did not come back for three
minutes. Then he stood at his desk.
He looked down at the contract.

"I believe I had better think this
matter over again," he said. And all
the talk I put up could not budge him.

I had lost a sale because my fountain
pen was empty. Now, one of my regu-
lar morning duties, week in and week
out, just as regular as my teeth and
my checking over of bills he made
the making out of my expense ac-
count, is filling my fountain pen—
James N. Bowen in System.

That our American forests abound in
plants which possess the most valuable
medicinal virtues is abundantly attested
by scores of the most eminent medical
writers and teachers. Even the un-
tamed Indians had discovered the use-
fulness of many native plants before the
advent of the white race. This informa-
tion, imparted freely to the whites, led
the latter to continue investigations until
to-day we have a rich assortment of most
valuable American medicinal roots.

Dr. Pierce believes that our American for-
ests abound in most valuable medicinal roots
for the cure of most obstinate and fatal dis-
eases. If we would properly investigate them
and use them as directed, we could cure
points with pride in the almost marvelous
cures effected by his "Golden Medical Dis-
covery," which has more than 100,000
copies of testimonials from those who have
been cured by it of catarrhs of the bladder,
prostate, heart, kidney and liver, functional
disorders, indigestion, torpid liver, bilious-
ness, and even valvular and other affections
of the heart yield to its curative action. The
reason why it cures these and many other
affections, is clearly shown in a little book
of extracts from the standard medical works
which is mailed free to any address by Dr. R.
V. Pierce, of Buffalo, N. Y., to all sending
request for the same.

Not less marvelous, in the unparalleled
cure it is constantly making of woman's
many peculiar affections, weaknesses and
dysfunctions, is Dr. Pierce's Favorite
Prescription, as is amply attested
by thousands of published testimonials con-
tributed by grateful patients who have been
cured by it of catarrhs of the bladder, pro-
state, heart, kidney and liver, functional
disorders, indigestion, torpid liver, bilious-
ness, and even valvular and other affections
of the heart yield to its curative action. The
reason why it cures these and many other
affections, is clearly shown in a little book
of extracts from the standard medical works
which is mailed free to any address by Dr. R.
V. Pierce, of Buffalo, N. Y., to all sending
request for the same.

Several witnesses were examined,
the chief one being the eldest daugh-
ter of the family, a girl of 16, who
testified to hearing the report of a
gun at daylight on Saturday, and on
rising to investigate found her moth-
er lying on the bed, dressed, with the
baby in her arms and the top of her
head blown off.

The father pretended not to know of
the affair at all.

The jury brought in a verdict to
the effect that deceased had been shot
by her husband, he being insane at
the time.

One always thinks one's own ex-
perience is a safe guide for every-
one else to consider.

OPPOSE NATIONALISTS

Sinn Fein Movement Invades
Irish Bye-Elections.

Advocates Will Precipitate Exciting
Struggle With the Irish Party—
Mr. Blake's Seat to Be Fought—
Member for North Wexford Boldly
Declared Himself a Sinn Feiner—
The Outcome Uncertain.

Dublin, July 23.—The Sinn Fein
Society evidently is preparing for a
trial of strength against the Irish
Nationalist party in the pending min-
iature Irish general elections. The
reignation of Edward Blake, Irish
Nationalist, for the south division of
Longford, makes the fourth vacancy,
and if the Nationalists challenge Sir
Thomas Henry Grafton Esmonde's
contest in North Wexford, five seats
will be vacated.

Sir Thomas has declared himself
flatly as a Sinn Feiner. At a big Sinn
Fein demonstration held by his con-
stituency at Enniscorthy yesterday,
a letter from him was read denounc-
ing parliamentary agitation as worth-
less, "since England would never
give Home Rule or any other conces-
sion for the asking."

"Ireland," the letter continued, "is
no colony, she is a sovereign nation,
and should give up begging with bat-
tered breath and whimpering humbly-
ness in a foreign Legislature for the
restoration of her stolen liberties."

A meeting was arranged to be held
in Phoenix Park, here, Sunday, to
support the Sinn Fein policy. It was
attended by only five hundred per-
sons, although the park was crowded
with Sunday visitors.

At a meeting of the executive com-
mittee of the Irish League, at Manor
Hamilton, the centre of Charles J.
Dolan's constituency, Mr. Dolan's
action in joining the Sinn Fein Society
was condemned, and resolutions were
adopted calling upon him to resign
his seat in Parliament. The present
prospects of the Sinn Feiners carry-
ing any constituency except North
Wexford are remote.

PLEA FOR HIS LIFE.

Haywood's Counsel Takes Up the Ar-
gument For the Defence At Boise.

Boise, Idaho, July 23.—For four and
one-half hours yesterday, E. F. Rich-
ardson pleaded with the jury for the
life of William D. Haywood.

Under order of the court the hours
for the day's session were changed,
and, instead of sitting in the after-
noon, court met at 6 o'clock last night.
Judge Wood was informed by the jur-
that the extreme heat of the court-
room was too trying on some of the
jurors, and he complied with the re-
quest for a late evening session.

The preliminary hearing of the case
of Dr. I. L. McGee, one of the witness-
es for the defence, charged with per-
jury, came up yesterday afternoon,
and will be continued to-day.

The excellent character and consist-
ent philanthropy of the late governor,

Mrs. Richard Chrysler, King street east, is in Detroit.
 Mrs. Frank Baxter, West street, is a Detroit visitor.
 Mr. and Mrs. Walter Richards left this morning for Detroit.
 Miss Helen Smith, Queen street, is spending the day in Detroit.
 The Rankin House front has been much improved by a coat of paint.
 Mr. and Mrs. A. C. Trudell are spending the day in Port Stanley.
 Mrs. A. Doyle and daughter Olive, Lorne avenue, are spending the day in Port Stanley.

Mrs. M. H. Fmdlay, King street, returned home yesterday from a two months' vacation with her parents in Toronto.

Will the party who was seen picking up a lady's watch on Sunday return it to this office and save further trouble?

Stanley Bogart, who is spending the holidays at Erieau, has made himself famous at the Eau on account of his several fish catches. Yesterday morning he was out casting and was successful in landing a 34-inch pike, a 20-inch pike, and a nice string of bass. He was over twenty minutes in landing the large pike, and is now receiving the congratulations of his many friends at the Eau.

If you buy one dollar's worth of goods at Thomas Stone & Son's on Friday you get a rebate of twenty-five cents. If you buy one hundred dollars' worth you get a rebate of \$25.00. Think of the saving and do all the shopping you can on Friday. An unprecedented event in dry goods. On Friday next, July 26th, Thomas Stone & Son rebate to the purchaser 25 per cent. of the amount of the bill.

TAVATA CAME BACK

Gasper Tavata, the Italian who conducted a fruit store on Queen street a few months ago, returned to the city last night. He was mixed up in a quarrel with Zakoor on King street, which caused him to leave the city.

Some time ago he wrote to Dr. McKeough stating that he was unable to work here as he was and wished to come back. He was told by someone that he would have to serve six months in jail, and this is claimed to be the reason for his leaving the city. He has been in Brantford since he left here. On returning he paid all his indebtedness to his lawyer, and securities, and is now on the square with everyone in Chatham. He has purchased a house and lot on Queen street, and intends starting a small fruit store.

ASSESSMENT APPEAL

The Robertson-of-Inches estate at present have an appeal before the local courts. The appeal is on assessment. Messrs. Smith & Smith, who had charge of the estate, advertised and otherwise endeavored to get purchasers for the 150 acres of land situated on the west side of Queen St., extending to the city limits. The price which they have been endeavoring to sell for is \$10,500, or \$70 an acre.

Although active efforts were made for over two years it has been found impossible to find a purchaser at that amount. The Statute requires that a property shall be assessed at such a sum as sales can be freely made at. The assessors have assessed the property at \$88 per acre, and the solicitors for the estate put in a claim that a sale cannot be made at \$80 an acre. The appeal is for a reduction of assessment.

BAPTIST S. S. TRIP

One of the most successful excursions via City of Chatham this season, was held yesterday to Belle Isle.

The excursion was under the auspices of the Sunday School of the William St. Baptist Church, and was the most successful one they have ever held. City Clerk Merritt, who for the past two weeks has been superintendent of the Sunday School, is deserving of the highest praise, as this was his initial work in connection with the school. It was well conducted and all enjoyed themselves very much. A very large crowd was present and the refreshment stands were well patronized. Three large cans of ice cream and a great quantity of candy, etc., were used by the excursionists. Everything was disposed of, the booths being ably presided over by Frank Phelps and Robert Hannah.

The weather was excellent and all returned home feeling satisfied that they had enjoyed a very pleasant outing.

DEFECTIVE WALKS

There are a number of defective walks around the city that stand in need of immediate attention, and amongst these is the old board walk on the easterly side of Queen street south, between the G. T. R. tracks and Indian Creek.

This walk has been in very bad shape for a long time, and in places it is dangerous for pedestrians to walk on it. Planks have become loose, and two ladies are already reported to have suffered painful injuries through falls on it. During the wet weather this walk is particularly inadequate. There are several low spots, where the water comes up over the boards, and it is almost impossible for pedestrians to walk along that way and keep their feet dry.

As there is no walk on the other side of the street, it has been suggested that a new walk might be laid and the price of construction charged up equally to property owners on both sides of the thoroughfare.

It takes more than an amateur gardener to raise hopes.

Good Hay Forks.

Good ones are hard to get this year, especially so with the handles. But we were fortunate in getting a big shipment of extra good ones. The times are well and strongly made, the handles choice and well inserted into the sockets.

HERE WE ARE AGAIN

With another Immense Thirty-day Mid-Summer Clearing Sale. Last year's sale made a record, because it was genuine and as advertised. We are going to make this year's a record-breaker.

\$20,000 worth of Ladies' and Gent's Fine Shoes, at Low-down-in-the-Heel Prices. When we moved in our New Store, we overstocked it with Summer Goods, which must be cleared out as fast as you would pick up gold dollars off the street, even if we have to give them away.

It's Like Handing you money with every purchase you make. But don't take my word for it. Come in and see for yourself, and when you see you'll believe. Just read these prices and get an idea of how much you can save. Get busy and have first choice. A word to the wise is sufficient. Are you wise?

Every Bag and Barrel of Uniform High Quality

If you would examine a
sauceful of "Kent Mills"
Flour under a powerful
magnifying glass you would see
that it contains a multitude of
sharp, white granules of uniform
size.

The wonderful evenness of
these minute granules is due to
our superior methods of milling.

It is because these granules
are uniform in size that "Kent
Mills" Flour invariably makes
bread free from hard, doughy
lumps, "eyes," or large air holes.

Every granule swells to the
same size in the sponge. When
baked the bread is even in tex-
ture and honeycombed with
small air cells. Just the way
every good cook likes to have it.

And not only are the granules
uniform in size, but the blend is
always uniform, too.

"Kent Mills" Flour is blended
by experts, from the finest No. 1

Manitoba and best Ontario Red
Winter Wheat. A differently
proportioned blend—and
superior to all other brands.

After the flour is blended it is
under constant supervision until
the bags and barrels are filled
and ready to ship. Tests are
made at short intervals. Com-
parisons made with flour of
standard quality, so as to make
sure of "Kent Mills" Flour
always being up to or above stan-
dard—never below.

You can depend on each bag
or barrel of "Kent Mills" Flour
giving the same results as the
previous one.

We see to it that it's always
the same.

For uniform success on baking
days use "Kent Mills" Flour.

Every bag or barrel guaranteed
by both the manufacturer and
dealer.

FIVE PLEADED GUILTY

Lindsay Counterfeiters Will Come
Up For Sentence Friday

Sensational Confessions of Logie and
Boyeau—A Master Mind Above the
Whole Scheme—The Story of the
Manufacture of the "Green"—Mil-
ler and Goslin Yet to Appear—
Both Wanted to Tell.

Lindsay, July 23.—Charles Burke,
Robert Logie, Richard Wynn, Archie
Boyeau and John Eveleigh appeared
before Police Magistrates Moore and
Jackson afternoon, confessed through
Provincial Inspector Rogers their
counterfeiting campaign, pleaded
guilty to the charge of having bogus
notes in their possession, and were
remanded until Friday for sentence.

Robert Miller and John Goslin,
who, by the confessions of Burke and
Logie, are implicated in the game,
did not appear. They will be called
to-day on the arrival of the Toronto
train, and through their counsel will
plead not guilty.

The report that the story of the
crime would prove sensational drew
a large crowd, which completely filled
the court room and corridors, and
the interest was intense.

Burke's statement was not given
out, nor will it be until the trial of
Miller and Goslin. Counsel for Burke,
the prisoner himself and the crown,
will be present when the magistrate
will hear Burke's story.

The confession of Logie clearly
shows that there was a master mind
above the whole scheme. Orillia,
Burke told Logie, was where the plate
were manufactured; Toronto he told
Wynn and Boyeau. The plates were
placed in Logie's barn loft by Burke
and printed there on a letter press by
Burke, Eveleigh and Logie.

Ed. Bayly, solicitor to the At-
torney-General's Department, conducted
the cases, assisted by Crown Attorney
Devlin.

"Archie" Boyeau and "Dick" Wynn
were placed in the prisoner's box
shut at Wynn's elbow was very
nervous and clutched at the railing.
Boyeau looked eminently respectable
and was cool.

The former was called first and
after Magistrate Jackson had read the
charge he elected to be tried summa-
ry. A moment later, in a low voice,
he said, "Guilty."

The magistrate then asked for some
evidence to guide him in passing sen-
tence. In the meantime Boyeau was
removed to jail until Friday morning
at ten o'clock, when he will appear
for sentence.

Mr. Bayly called Inspector Jos. E.
Rogers. After being sworn the offi-
cer gave Boyeau's confession to him
on the C.P.R. train between the Soo
and Sudbury, when he was being
brought back to Lindsay.

"After cautioning Boyeau and
Wynn," said the detective, "he told
me that his first connection with the
game was when Wynn told him that
Charles Burke wished to see him.
Boyeau saw Burke, who told him
that he had counterfeited money and
wanted him to go out with Wynn and
pass it off. Burke wanted Boyeau to
put up \$100, but Boyeau could not
do that. Then Burke gave the two of
them \$1,000 in 50 Traders' Bank bills,
and told him to go with Wynn to the
Michigan Soo and pass them.

They were not to pass any of the
notes until they reached North Bay.
One or the other was to carry the
notes—the bundle—and give one or
two at a time to the other, who
was to go out and pass them.

"They were not to travel together
on the street, so that in case the per-
son passing the note was arrested,
there would be no connection.

"Burke was then to get to the Soo,
to do business on the 4th of July.
Burke told him the notes were made
in Toronto. They got to North Bay,
where Boyeau passed three notes.
Then they went to Sudbury, where
Boyeau passed two notes. Then to
the American Soo, where they passed
three notes each and were arrested.
They redeemed the notes passed in
the Soo and in a valise which they
jointly owned and which Wynn had
left with his nephew, a saloonkeeper,
180 odd notes were found. They came
across to the Canadian side volun-
tarily. They had some genuine money,
that they handed to the jailer."

Cross-examined by the jailer, O'Connor
the detective stated that the state-
ment was made to the police magis-
trate at the Soo.

"Did you have any trouble getting
this confession?"

"No. They both wanted to tell. They
passed eleven bills, six of which they
redeemed."

Burke and Eveleigh were then
brought into the court. Burke stood
up and sat down several times ap-
parently very nervous. When asked
how he wished to be tried, he point-
ed to his counsel with the word
"Him."

Mr. Bayly told their worship that
for reasons, the crown wished at the
present time Burke's statement would
not be made public.

Robert Logie, who was most inti-
mately connected with Burke, in the
manufacture of the "green" looked
ten years older than when he was
arrested in Toronto a week or so ago.
R. J. McLaughlin appeared for him,
and in the same way Logie admitted
his guilt.

Logie's statement as given to In-
spector Rogers, was as follows:
"Logie was arrested in Toronto. I
saw him at police headquarters. In-
spector Duncan and Parkinson, and
Detectives Wallace and Tipton were
present. Logie was warned and made
a statement that he and John Eve-
leigh had received from Burke \$900
of Traders' Bank notes; that he knew
the notes were bad and that Burke
told him they were made in Orillia.
He saw by the papers that Eveleigh
had been arrested. He took the notes
in his possession to the City Hall,
tore them up in small pieces and put
them in a closet. He bought another
ticket for Buffalo, and was arrested
at the depot.

"On the way between Toronto and

Lindsay he intimated that he wished
to tell the whole story in connection
with the counterfeiting. He told us
that the notes he had were finished
in his stable, in the loft; that he and
Burke were present; that Burke rub-
bed each note with paraffin candle;
that he put glycerine on the rollers
of a wringer and the notes were put
through this wringer; that he saw
the plates of Traders' Bank bills,
with metal fronts and wooden backs,
Burke had got them. Two or three
years before Burke also had a plate
of two bills, one Bank of Montreal
\$5 and a Dominion five. And they
made notes from these plates, using
a letter press to do the printing.
Burke supplied the press, George Mil-
ler did the printing of Montreal \$5
notes and Dominion \$5 note at that
time. Miller and John Goslin had
gone with those notes to pass them.
They went to Peterboro.

Logie said he had never passed any
bad money himself.

Auto Was Turned Over and Blazing
Gasoline Killed Man.

New York, July 23.—Dr. Edward J.
Gallagher was burned to death in
an automobile accident on Long Is-
land Sunday night, while his fiancée
was fatally injured. Dr. Gallagher, ac-
companied by Miss Helen Madigan,
was driving his machine over the rail-
way crossing, when the car was struck
by a passing train. The car was
glancing blow by a fast passenger
train.

The machine was thrown a consider-
able distance and turned over upon
its occupants. The gasoline tank ex-
ploded and shot burning oil over the
half-stunned autoists.

his wife is dying at her home, and J.
S. Honner and wife, friends, are in a
serious condition, as a result of an
accident to their motor car, which
plunged over a 150 foot embankment
on the road to Butler Sunday night.

SYMPATHY WITH BLAKE.

English Papers Lay Tribute to Retiring Statesman.

London, July 23.—Sympathetic reference to the cause of Hon. Edward Blake's retirement is widely made. Great appreciation is shown of his influence in the Irish cause.

The Westminster Gazette eulogizes his moderation and says: "His sound judgment has been frequently valuable to the Commons. He represented a connection with Canadian political thought, which it is well for the House to have."

GREAT SPECIALISTS IN STOMACH CATARRH.

Though often they fail to give even temporary relief, Mr. W. Seymour, of Huntsville, Ont., cured himself with Ferrozene. "My trouble," he says, "was chronic catarrh of the stomach. There was constant bad taste in my mouth, I was constipated and usually nauseated before and after meals. I also had a gnawing sensation in the stomach. Ferrozene gave me great relief, and I also used Catarrhazone, which is good for catarrh. Although it took a number of boxes of Ferrozene, I got back my health and to-day am quite well." For stomach catarrh, indigestion and hindred disorders nothing excels Ferrozene. In a thousand cases it has proved a wonderful success. Try it yourself, 50c. per box at all dealers.

Laborer Killed.

WHOSE SAY-SO IS BEST?

With nearly all medicines put up for sale through druggists, one has to take the maker's say-so alone, as to their curative value. Of course, such testimony is not that of a disinterested party and accordingly is not to be given the same credit as if written from disinterested motives. Dr. Pierce's medicines, however, forms a striking exception to this rule. Their claims to the confidence of invalids does not rest solely upon their makers' say-so or praise. Their ingredients are matters of public knowledge, being printed on each separate bottle wrapper. Thus invalid sufferers are taken into Dr. Pierce's full confidence. Scores of leading medical men have written enough to fill volumes in praise of the curative value of the several ingredients entering into these well-known medicines.

Amongst these writers we find such medical lights as Prof. Finly Ellingwood, M. D., of Boston Medical College, Chicago; Prof. Hale, of the same city; Prof. John M. Scott, M. D., late of Cincinnati, Ohio; Prof. John King, M. D., late of Cincinnati, Ohio; Dr. Grover Co., of New York; Dr. Bartholow, of J. F. Ferson Medical College, of Pa., and scores of others equally eminent.

Dr. Pierce's Favorite Prescription cures the worst cases of female weakness, prolapus, anteversion and retroversion and corrects irregularities, cures painful periods, dries up disagreeable and weakening drains, sometimes known as pelvic catarrh, and a multitude of other diseases peculiar to women.

There is nothing either good or bad but thinking makes it so.

The life of service is the only life that satisfies.

EVICTON IN IRELAND

FAMILIES OUSTED FROM COTTAGES OF FOREFATHERS.

Large Display of Armed Police—Tenants Offer Stubborn Resistance—Hurt Stones and Sticks at Their Enemies—Tussle on the Rocks—Camera Fiend Has Lively Time—Women Lead the Fy.

Evictions on the Leahy estate, at Kilmacowan and Gowlane, near Castletown, Berahavan, recently took place, when about a dozen holdings were visited.

A stubborn resistance was offered, notwithstanding the grossly large armed police force, to the number of close on 400 men. This excessive army of constabulary, brought together at very considerable cost, for the purpose of ejecting about two dozen families of starving peasants, has been severely commented upon, and instead of being instrumental in the preservation of peace, had the effect of driving the very poorest of Irish peasantry to desperation.

Women Loss Their Heads.

At sight of the hated invaders the women of the village lost their heads completely. With shrill cries in Irish and English they rushed down on their legged menfolk and told them what they thought of them for hanging back from the fight.

At last the men made a rush on the police. But pelting rain and the sight of men with rifles are poor helps to valor. The rush was a half-hearted affair. They came splashing through the muddy street, but stopped irresolute when within a short distance of the police.

At this the women were terribly put out, and rushed on the policemen themselves, courageous as suffragettes, shouting, "English dogs," "English cowards." They were promptly arrested, whereupon they shrieked as they were in the arms of the policemen, "Dirty English cowards, would you hit a woman!" The policemen took it very well, used the women with as little roughness as possible, and released them later.

Photographers Victimized.

Then occurred the most exciting incident. A party of villagers, about two dozen altogether, had climbed to the top of some rocks overhanging the houses where the evictions were taking place. From here they commenced to hurl down good-sized stones and heavy sticks. A party of police stormed the rocks and had quite an eventful time before they managed to reach the top. Here they fell upon the wild Irishmen, and after a business-like tussle on top of the rocks, in view of the whole excited village, managed to arrest the men.

There were a few comic incidents. The army of police was followed by a rear-guard of amateur photographers, anxious to get snapshots. They were fair game to the infuriated villagers. What they could not do to the police they did to the cameras, and every amateur who tried to get a picture when the trouble was hottest had his instrument promptly trampled from him and danced upon. Fragments of plates and cameras strewn the muddy road.

Explorer Enters Parliament.

The young Earl of Ronaldshay has been returned unopposed to the House of Commons for the borough of Horsey. He stood in the Unionist interest, and the Liberals did not put forward a candidate. Besides being a politician of no mean ability, he is also a sportsman and traveler of renown. He has explored the Himalayas thoroughly, and is quite at home in that majestic region of the eternal snows. On the fingers of one hand could be counted those Englishmen who know more about Persia than he does. He has, in fact, "a practical working knowledge" of all the northwest, north and northeast borders of India, extending from Persia to Tibet.

The results of his travels in these alluring lands are to be found in his books, "Sport and Politics Under an Eastern Sky" and "On the Outskirts of Empire in Asia." Lord Ronaldshay was for some time on Lord Curzon's staff in India, and somehow or other one cannot help seeing in him a future viceroy.

Workmen's Compensation.

The new Workmen's Compensation Act came into force on Monday, July 1st.

Roughly speaking, every person employed in manual labor, all domestic servants and persons employed otherwise than in manual labor whose remuneration does not exceed \$1,250, come within the act. For all accidents to these employers are liable. The compensation for partial or total incapacitation cannot exceed \$5 a week. Subject to that limitation, the basis of compensation will be 50 per cent. of the average week earnings. So long as an employee is incapacitated the payment goes on though it may be reduced by 75 per cent. of the annual value of the weekly payment. When death results from an injury the maximum compensation is fixed at \$1,500 and the minimum at \$750.

Australia's Wine Crop.

The 1907 vintage must rank as one of the finest Australia has ever had. Abundant rain was the chief cause of this fortunate result.

In northeast Victoria the phylloxera is gradually getting a hold and is destroying the vine by slow degrees. They are being reconstructed on resistant stocks, however, and it is hoped that the output will in a few years be greater than ever.

In South Australia an excellent crop is reported from all the widely separated districts. Certain varieties have failed, but others have given a more than usually abundant crop, with the result that the quantity will be about the same as last year, while the quality will be infinitely better.

PASTORS FIGHT IN PULPIT.

Wild and Disorderly Scenes in a Windsor Church.

Windsor, July 23.—The presence of the police was all that prevented trouble Sunday morning and evening at the services of the B. M. E. church, between the Rev. McGowan and Rev. David, recently appointed to succeed Mr. McGowan, and the respective adherents of the two pastors.

Rev. David secured possession of the pulpit in the morning. When Rev. McGowan came and started to read the pulpit pandemonium ensued. The police interfered, and finally they quelled the large congregation.

In the evening Rev. McGowan was on hand early and held the fort. The police were on hand and prevented any trouble.

The dispute will have to be settled by the courts.

SCORE FALL IN RIVER.

Railing of Bridge Breaks and Many Men Go Down to Death.

Lorain, Ohio, July 23.—A score of men were precipitated into the river here yesterday morning and several were drowned, a bridge crashing beneath them.

The men were employed in the shipyard. They used a footbridge from the Nickel Plate Railroad bridge to cross the railroad to their work.

Yesterday morning the pontoon of the footbridge was open to permit a vessel to pass. The men were leaning against a rail waiting for the bridge to close when the rail broke and let about 20 into the river.

Three bodies have been found.

I will mail you free, to prove merit, samples of my Dr. Shoop's Restorative, and my Book on either Dyspepsia, The Heart or The Kidneys. Troubles of the Stomach, Heart or Kidneys, are merely symptoms of a deeper ailment. Do not make the common error of treating symptoms only. Symptom treatment is treating the result of your ailment, and not the cause. Weak Stomach nerves—the inside nerves—mean Stomach weakness, always. And the Heart, and Kidneys as well, have their controlling or inside nerves. Weaken these nerves, and you inevitably have weak vital organs. Here is where Dr. Shoop's Restorative has made its fame. No other remedy even claims to treat the "inside nerves." Also for bloating, biliousness, bad breath or complexion, use Dr. Shoop's Restorative. Write me to-day for sample and free Book. Dr. Shoop, Racine, Wis. The Restorative is sold by all dealers.

Miniature War.

Palermo, July 23.—Hundreds of persons were wounded Sunday in a clash between the police and crowds that were demonstrating in behalf of Nuncio Nasi, the former Minister of Public Instruction, now under arrest for embezzlement.

Elaborate measures have been taken to secure order, which include the mounting of artillery in the streets and the concentration of battleships in the roadstead.

Piles got quick and certain relief from Dr. Shoop's Magic Ointment. Please note it is made alone for Piles, and its action is positive and certain. Itching, painful, protruding or blind piles disappear like magic by its use. Large nickel-capped glass jars 50 cents.

COOKING VEGETABLES.

Water Must Be Strained Off Immediately They Are Cooked.

In cooking vegetables the chief points to be aimed at may be summed up as follows:

Greens, such as cauliflowers, sprouts, cabbage, lettuce, spinach, etc., should first be soaked for fifteen minutes (not more) in salted water.

They should then be blanched—i. e., thrown into a saucepan of boiling water and boiled rapidly for two minutes.

After straining again the greens should be plunged into a fresh saucepan of boiling water in which a small piece of soda or half a teaspoonful of carbonate of soda has been dissolved.

While boiling the pot should never be covered.

Overcooking, although it may not render the vegetables indigestible, makes them quite as unpalatable.

When cooked the water should be strained away at once and the vegetables, until it is required to serve them, should never be allowed to stand in the pan at the corner of the stove.

The straining should be thorough, every drop of moisture if possible being pressed out.

After this is accomplished a small piece of butter or a spoonful of cream is invariably added by an experienced chef, while salt, pepper, a squeeze of lemon juice and often a little strong stock are considered a necessary addition in France.

It is a fact which usually escapes the notice of the housekeeper that the average cook commits more unnecessary extravagances in the cooking of vegetables than in the case of any other item. In France no one would think of throwing away the water in which the legumes are prepared. This is always regarded as stock and is used as the foundation of "maigre" soups or utilized to give an extra flavor in cooking other vegetables.

WHEN VISITING.

A Few Words of Warning For the Hostess.

The woman who is a guest in many homes was detailing some of the lapses of hostesses. Among the flaws in entertaining that really detract from the guests' happiness and comfort are these, she said:

Not to be met by some member of the family at the station.

To be offered no refreshment in the way of hot tea or bouillon after a long, tiresome journey.

Not to find room enough in cupboard and bureau drawers for her clothing.

To find the top of the dressing table so full that there is no room for her own personal toilet articles.

Not to have so much as a little table in her room on which to lay her writing portfolio, a book or any little belonging.

To be "entertained" so constantly, night and day, that her soul cries out for rest and she goes home a wreck in nerves and body.

To be fed continually on such elaborate fancy dishes that she is ill half the time with biliousness and dyspepsia.

Never to be granted a few hours to herself, away from the children of the household and all its members.

To be made the confidant of all the family secrets and complications, dragged into its disputes and urged to take sides in such matters.

WOMEN PAY MORE

Why Insurance Companies Discriminate Against The Gentle Sex.

Medical examiners of insurance companies say that the reason a woman pays more for the privilege of insurance than a man, is from the fact that women more readily fall victims to indigestion and stomach troubles and the fatal ailments that spring from these causes.

All persons, they say, who have a weakened digestive system and suffer from sick headache, dizzy spells, distress after eating, specks before the eyes, bloating, nervousness, sleeplessness and the many other symptoms of indigestion, soon lower the tone of the whole system and are most susceptible to a fatal illness.

For curative power in all stomach troubles, nothing else is as safe yet effective, nothing else can be thoroughly relied upon to relieve all troubles from indigestion as Mi-o-na. It is unlike any remedy heretofore known and is really one of the valuable discoveries in modern medical science.

It is not the acute attacks that influence the insurance examiners alone, but the constant feelings of weakness, headaches, indigestion and stomach troubles—each thing, physicians say, kill more people than many more serious diseases.

To escape this condition of ill health, to enjoy one's food and yet never suffer with indigestion, a person should use Mi-o-na stomach tablets. They are not a mere digestive tablet, but strengthen and restore to natural action the stomach and bowels and effect a complete cure in even the worst form of stomach troubles.

C. H. Gunn & Co. sell Mi-o-na in 50 cent boxes under a guarantee to refund the money unless it does all that is claimed for it.

Editor will Break Combine.

Calgary, July 23.—The editor of The Weekly Chinook, published in Calgary, publishes an open letter to the members of the lumber combine, giving them until Aug. 31 to reduce the price of lumber, and says if same is not done at that time he will enter court and bring action against them as members of a combine to restrain competition.

CIRCUS TRAIN WRECKED

Grand Rapids, Mich., July 24.—While en route from Muskegon to Big Rapids on the Pere Marquette early to-day the first section of the Hagenbeck-Wallace combined show train was derailed near Twin Lakes by a broken flange. Half a dozen cars were derailed.

The elephant cars were top heavy and tipped over; two camels and ten horses were killed and many valuable horses injured. The elephants went through the roofs and broke for the woods, where the keepers were engaged all night in rounding them up. They were recaptured.

There is no greater misfortune than not to be able to bear misfortune.

WAS MILLER HYPNOTIZED?

He Alleges That Burke Had Undue Influence Over Him

Further Sensations In The Lindsay Counterfeiting Case

Lindsay, July 24.—Cheers rang through the courtroom here yesterday when it was announced that the crown had withdrawn the charge against John Goslin, of having forged notes in his possession.

George Miller, who also appeared for trial, was let out on bail of \$2,000 in five sureties. Magistrate Moore will give judgment on Friday, when he sentences the quintet—Burke, Logie, Wynn, Eveleigh and Boyeau.

Miller went into the box immediately after Logie and Burke had sworn that he (Miller) had printed and procured paper and ink for the printing of \$5 bills two years ago last January, and denied the whole business. He explained his trips to Logie's house, and the trips to Belleville and Peterboro, where Logie had sworn he went with Miller to pass the bad money.

Mr. Bayly examined the prisoner at length, but failed to shake his story, although in some slight unimportant instances there was corroboration of Logie's story. Miller could not account for Burke and Logie making up the yarn to blight his life.

Counsel for Miller pointed out that there was not a tithe of corroboration evidence on the story of the two accomplices, and that there must be further corroboration to have any case against Miller. The magistrate acquiesced and reserved judgment.

At the present time there will be no more arrests, although the fact is told where he got the bills and who made the plates. Detective Parkinson left for Peterboro last night on his way to Ottawa. Inspector Rogers goes to Toronto to-day.

Logie was the first witness. On one occasion Miller was at his farm with Charlie Burke two years ago.

"You were engaged with the prisoner in making bank notes—\$5 notes?"

"Yes."

"Who brought the paper and ink out?"

"I don't know."

"Who worked the press?"

"The three of us—Burke, Miller and myself."

"When you struck the notes, who did they belong to?"

"They were supposed to belong to Burke."

He was always friendly with Miller. When he started out with him he had all the bad money. With the accused he went to Peterboro, Belleville and Kingston.

Cross-examined by Mr. Hopkins, witness said he had known Miller for two or three years, maybe five or six years, Miller used to visit him often.

"Who went with you to Peterboro?"

"Miller."

"You saw him on the train, and that's all you know?"

"Yes." (Laughter.) Miller, he said, did not pass any bills in Peterboro, Kingston or Belleville, and had nothing to do with the last lot of bills. He didn't know who made them. Burke had said he got them in Orillia. The Traders' Bank bills were gotten in the spring.

There was a rustle in the courtroom when Burke, the ringleader, was brought in. He was smiling. Burke said that he knew Miller 10 or 15 years. He had dealings with him in this case three or four years ago up at Logie's, in connection with the counterfeiting. Miller and Logie were all who were engaged with him in making bad notes. Miller did the printing. The plates were made in London and sent to Logie.

"Miller was the printer; Logie did the biggest part and I was to help," he said. Miller supplied the paper and ink.

At this juncture the magistrates retired for a few minutes to decide whether they would try the case or not. On their return Mr. Hopkins addressed the court on the merits of the case.

More evidence was needed and Miller took the box. He stated that he was a married man, 27 years of age. He knew Burke all his life and Logie for several years.

"You heard what Logie and Burke said about the manufacture of bills at his place. Is it true?"

"It is not true."

"Were you in Peterboro or Belleville?"

"No."

"Did you ever have any arrangement with Goslin?"

"Never."

Miller stated to Mr. Bayly that he did not think Logie would tell a story like that, but that Burke would swear to anything. Witness thought that the story was invented to implicate him at any cost because he had turned down Burke, who had a hypnotic influence over him.

MID-SUMMER

CUT-PRICE SALE

"How can Ball do it and Live?"

Was the pertinently put question of a big merchant from another big city, and likely he's gone home to figure it out. We've figured it out, we made our "living" prices weeks ago. This store was busy selling goods when other stores were quiet. You may call it "sensational" bargain giving or "frenzied" finance, but the facts are here in great big substantial piles of Dry Goods, and that we are selling the finest qualities at prices that wouldn't cover 'invoice' if we were buying over again. It's goods we bought for this season's trade that we're selling and every yard has to fly—now it's up to you to catch the flyers and save yourself dollars & dollars in the finest merchandise we've ever had to sell you. The Mid-Summer Sale is going a swift pace and you wouldn't wonder if you took the pains to see how prices are snapped in two.

FOR THE LAST WEEK OF JULY

We will have some splendid bargains in many cases the qualities are scarcely large enough for us to advertise.

Lingerie Dresses

For instance only one or two dresses of a kind so we group prices thus:—

\$ 4.00 Dresses for \$2.98
6.50 Dresses for 4.98
10.50 Dresses for 7.48
13.75 Dresses for 9.98

most of them are American made dresses and less price than you would pay ordinarily,

Children's Dresses

White Lawn Batiste, Gingham and Print:

\$.85 Dresses for \$.59
1.00 Dresses for .69
1.25 Dresses for .98
1.50 Dresses for .98
2.00 Dresses for 1.48

sizes are from 2 yds. to 14 yards, the price would not more than cover the material.

White Linen Suits

Skirt and waist to match, good quality linen, made with pleats and the waist and skirt is embroidered in eyelet embroidery, the sleeves are 3-4 or long lengths, the reduced price is little more than you would pay for material—\$4.59.

Whitewear

Broken lines or nearly sold out lines are marked for a clearing bargain—drawers, corset covers, skirts, night gowns, different prices from the cheap to the best, all greatly reduced to clear.
