Golden Yellow Quinces.

About twenty-five baskets of large, bright, golden yellow quinces, in twelve quart baskets. We don't expect any more this season.

INSURANCE MEN NOW SEEK PROTECTION.

Are Urging Mayor Stewart to Use Influence to Secure Legislation.

With a View to Requiring United States Companies to Pay Heavy Tax.

Some of the local insurance men are urging Mayor Stewart to use his influence in an endeavor to get the council to appeal to the Legislature for power to pass a by-law forcing United States Insurance Companies to pay a fee, based on the amount of insurance written in Hamilton or other places in Ontario.

Manitoba, it is said, an act was passed by the Legislature similar to what the insurance men here are seeking. There are a good many places in Hamilton using the sprinkler system, where the United States companies hold the insurance. It is very unlikely that any effort will be made to comply with the request of the local insurance men.

BREAD EATERS APPEALING TO MAYOR FOR RELIEF.

Many People Would Like to See Only Two and Four Pound Loaves Allowed.

The dissatisfaction over the methods used by the Hamilton bakers in weighing bread has become so great that a large number of people have urged Mayor Stewart to take some action to see if the Council cannot force the bakers to use only two and four pound loaves.

by-law at present which says two and four pound loaves must be used, but of course the stamping of the loaves evades this. There seems to be nothing left to do but suffer patiently and smile.

WARNING TO JUNK MEN COMES FROM THE JUDGE.

His Honor Thinks Some One Should Get After Them With Sharp Sticks.

William Tomlinson has every reason to feel thankful that Judge Snider decided this morning that the crown had not established a case against him. He was before his honor on a charge of stealing journal brass from the G. T. R., on or about April of this year.

Weinstein trembling in his boots when he asked the Crown Attorney why he had not had the whole party put under arrest, as, according to his mind, these second hand dealers certainly had some knowledge of what particular kind of brass they were receiving.

SALARIES OF THE MINISTERS.

DISCUSSED AT SESSION OF THE HAMILTON PRESBYTERY TO-DAY.

Three Months Too Long for a Preacher to Wait for His Pay—Rev. McPhail Accepts Call to Cayuga.

At the regular meeting of the Hamilton Presbytery this morning there was quite a discussion in regard to the payment of ministers' salaries. It arose in connection with a call from Ancaster and Alberton Church to Rev. H. F. Thomas, of Toronto, a minister without charge at present.

mittee of the General Assembly to have sub-committees appointed to arrange to divide presbytery into districts, and to have each district visited by a minister or elder to bring the fund more to the attention of the members of the church.

IMMORALITY IN DAWSON CITY.

CHURCH REPRESENTATIVES WAIT ON SIR WILFRID LAURIER.

Place Rev. John Pringle's Charge Before the Premier—Dance Halls and Other Things Objected to—Methodist, Presbyterian and Anglican Church Represented.

Ottawa, Oct. 5.—(Special)—Rev. T. A. Moore and Dr. Henderson, representing the Methodist Church and the Lord's Day Alliance, Bishop Hamilton and Rev. A. E. O'Meara, representing the Anglican Church, and Dr. Pidgeon and Mr. McDonnell, K.C., Kingston, representing the Presbyterian Church, waited on Sir Wilfrid Laurier and Hon. Frank Oliver in the Premier's office to-day and asked for certain moral reforms in the Yukon administration of the City of Dawson.

At the regular meeting of the Hamilton Presbytery this morning there was quite a discussion in regard to the payment of ministers' salaries.

—Bishop DuMoulin will preach in St. James Cathedral, Toronto, this evening, at the annual festival of the united choir of the Anglican churches.

FACTS OF REVELATION

To the Editor of the Times: Sir.—The Times of Nov. 2, contains an article entitled "Whitening of the Sun." It is to be found a presentation of natural scientific knowledge introductory to some very misleading and dangerous theological ideas. Having described in some measure the wonderful works of God, the article continues thus: "And yet the august Creator of all this serried array of mighty suns was content to leave for time His throne in the Heaven of Heavens, (for we are expressly told that the Almighty made the world, by His Son) in order, by becoming man's substitute, and receiving Himself the punishment due to eternal justice on His behalf, to open the gates of the Kingdom of Heaven, to all who, notwithstanding their forfeiture, by sin, of all right of entry to that Kingdom, will accept that proffered life."

MARKETS AND FINANCE

Tuesday, Nov. 5.—Central Market was pretty steady this morning, with the exception of a slight drop in the price of pork. Live hogs sold from 8 to 8 1/4 cents and dressed pork sold at 6 to 6 1/4 cents. Fruit, with the exception of grapes, has not been bothered much by the frosts so far, and there were a few peaches on the market to-day. Apples are getting cheap, and will be a good deal cheaper. Despite the reports of a short crop, which come from the east, the supply seems to be large in this part of the country. Vegetables were unchanged. Hay is still dear, with straw well advanced also.

Winnipeg Wheat Market

Following are the closing quotations on Winnipeg grain futures to-day: Wheat—Nov. 5c bid, Dec. 5 1/2c bid, May 5 1/2c bid. Oats—Nov. 3 1/4c bid, Dec. 3 1/4c bid, May 3 1/4c bid.

British Cattle Markets

London—London cattle are firmer at 10c to 12 1/4c per lb. dressed weight. Refrigerator beef is quoted at 12c per lb. Liverpool—John Kuyers & Co. in their weekly United States steers at 11c to 12c; Canadian steers being 10c to 11c; Lancashire, native cow, and bulls, all figure at 2c in a dull market.

Toronto Live Stock

Receipts of live stock at the Union Stock Yard—24 car loads, composed of 734 cattle, 123 sheep, 15 calves. The quality of cattle, considering the season, is fair. The sheep market was very quiet. The market for hogs was also very quiet. The market for calves was also very quiet.

Poultry and Dairy Produce

Butter, per dozen, 23 to 23 1/2. Eggs, per dozen, 25 to 25 1/2. Chickens, per pair, 1.00 to 1.25. Ducks, per pair, 1.00 to 1.50. Geese, each, 1.00 to 1.50.

Meats

Beef, No. 1, cwt., 6.00 to 7.00. Beef, No. 2, cwt., 5.00 to 6.00. Pork, per cwt., 8.00 to 8.50. Lard, per cwt., 7.00 to 7.50. Mutton, per cwt., 7.00 to 7.50. Veal, per cwt., 6.00 to 6.50. Lamb, per cwt., 6.00 to 6.50.

The Hide Market

Wool, pound, washed, 23 to 24.00. Hides, No. 1, per lb., 0.15 to 0.20. Hides, No. 2, per lb., 0.10 to 0.15. Hides, No. 3, per lb., 0.05 to 0.10.

Grain Market

Straw, per ton, 10.00 to 12.00. Hay, per ton, 15.00 to 20.00. Wood, cord, 2.00 to 3.00.

Toronto Farmers' Market

The offerings of grain to-day were fair. Wheat easier, with sales of 500 bushels of Fall at 80c. Barley steady, 1800 bushels selling at 80c. Oats unchanged, with sales of 500 bushels at 60c. Hay in fair supply, with prices steady. 2 1/2 loads sold at \$21 a ton. Straw 20 nominal at \$16 a ton.

Advance in Price of Lots in Beulah Survey

This southwest location contains many of the choicest building lots, suitable for home sites, in the city. You should take advantage of the present prices of \$12 to \$15 per foot, as all lots remaining unsold after April 1, 1908, will be advanced \$2 per foot. Go and see this property and you will be convinced of its unequalled value. Remember, all improvements are paid for by us.

Once Beautiful and Feted Empress of the French.

Somewhat sixty miles northeast of London, just off the pleasant upward course of the Thames, past the graceful colonnades of Hampton Court and the grim fortress of Windsor, Eugenie, former Empress of the French, is passing her declining days in peaceful seclusion. Farnborough seems like a little piece of France, rather than sombre, cloudy England. There is a lightness and daintiness about the landscape which must have been a strong factor in the selection. The hills of Hampshire, softened like a Corot painting, form an ideal background for emerald pictures, where sheep are dotted like daisies in the landscape and dark, red cows stand knee-deep in the silver streams which cross and recross in the meadows and ripple merrily away from their appointed courses under the birch and willows.

"The Hill," which for twenty-five years has been the home of Eugenie, is an estate of 275 acres, with a stately mansion of brick and stone and green-gabled houses, extensive lawns, terraces, ferneries, orchid houses, stables and farm houses. The London coach road passes through the estate, and the curious may catch a glimpse of the mansion and perchance see a stately, gray-haired woman in black garments, leaning heavily on a gold-headed cane, walking to and fro under the magnificent oaks of the inner park. It is fortunate enough to secure the proper introduction, presented first at the lodge of the outer gates, Farnborough Park and the treasures of the mansion may be inspected at leisure. In the main hall, polished to a perfect degree for the hasty guest, and filled with treasures of carved oakens, chairs and cabinets, hangs that masterpiece of Waterhouse, the most famous of all the hundreds of paintings and allegorical portraits of the Empress Eugenie and her ladies in waiting.

THE HAMILTON TIMES

TUESDAY, NOV. 5, 1907.

BOURASSA FAILS.

Henri Bourassa, who resigned his seat for the Commons in Labelle to contest Bellechasse with Hon. Mr. Turgeon, of the Quebec Government, is down and out. He accused Mr. Turgeon of ineptitude and impropriety in the management of his office—that of the Ministry of Lands and Mines—and the result of the controversy was Hon. Mr. Turgeon's resignation and a challenge to Mr. Bourassa to resign his seat in the Commons and become his opponent in the contest. After his course on the question Mr. Bourassa could hardly do less, and in the election of yesterday the judgment of the people has been obtained. Hon. Mr. Turgeon has been elected by a majority of about 800, and Mr. Bourassa is out of both Houses. In Labelle Mr. Bourassa had a majority of 1,493 at the last general election, and it is probable that he will seek re-election to the Commons there. His course since 1904, however, is not calculated to strengthen him there, and the effect of his break with the Liberal party and the efforts he has made to cause the Government embarrassment will probably be seen in the returns should he run there. The victory of Hon. Mr. Turgeon will be a sore disappointment to the Tories, who counted much on Mr. Bourassa's candidature.

GUILE AND SPOILS.

The army of job-hunters and the Tory patronage committee in Woodstock, which had already divided up all the offices among themselves, are not altogether happy. After much effort Turkey Forbes was hounded out of office, but one of the South Oxford members' followers has stepped in and taken the plum. The Woodstock Sentinel-Review says that "a year or so ago a man came down from Ingersoll, and said he was the new turnkey. He wanted to know where to hang his hat when he was not wearing it, and seemed rather disappointed when told that the turnkey's office was not yet vacant. He had come down from Donald Sutherland, he said, and he understood that the job was waiting for him." He did not find it so easy, but he had the virtue of patience. He waited, and in due time he was enabled to snap his fingers at competitors. As Sutherland got a good many Liberal votes by his plea of independence (?) this from the Sentinel-Review is not without its significance. It is said that when the new turnkey was asked the other day what his qualifications were, he replied that he had always been a friend of Donald Sutherland's. That seemed to be the only qualification he needed. That seems to be the only qualification any one needs. The story of the rise of this brilliant young patriot in the South is an instructive one. It possesses special elements of interest for the South Oxford Liberals, who rallied to his support attracted by the cry of independence that was raised in his behalf. They have now a very good opportunity for studying his promises and his claims in the light of his achievements.

NOW FOR THE LORDS.

Sir Henry Campbell Bannerman has not lost sight of the greater question of how to deal with the House of Lords. That is insistent, and it is on his programme that it shall be answered. The task may not be an easy one, but the Government has no desire to shirk it. At Edinburgh recently Sir Henry's plan was unfolded, and it was heartily approved by the meeting to which it was submitted. The only objection made was that the Premier's method of dealing with the Upper Chamber was too roundabout and dilatory, but Sir Henry explained why it was deemed expedient to proceed against the hereditary legislators with a deference and deliberation which they had not always exhibited toward the popular house, and to leave no excuse for any complaint of unfairness. Briefly, the course which the Government proposes is set forth by the New York Sun as follows: A bill will be sent up to the House of Lords, and upon the upper chamber's disagreeing to its provisions and threatening to alter fundamentally or to reject the measure, the Government will propose a conference to be held between members appointed in equal numbers by the two houses. The decision of such a conference would not be binding on either party, but both parties would be enabled thereby to negotiate for an agreement. In the event of the conference proving unproductive the same bill, with or without modifications, or a similar bill with the same object, will be reintroduced after an interval of six months. Having been passed, but not hurried through its various stages in the Commons, the reintroduced bill will be sent up a second time so as to afford the upper house a fresh opportunity for reconsideration. Should there be again a deadlock a second conference may be summoned, and if this too should be fruitless the bill will then be introduced a third time in the Commons and pushed swiftly through all the stages and sent to the hereditary law-makers with a distinct intimation that unless passed in that form it will be passed over their heads. Even then, at the eleventh hour, should the Lords be in the mood to bring matters to an adjustment, the Premier's plan would provide for bringing them a third time to a conference. Should the Lords be still recalcitrant, however, Parliament will be straightway dissolved, and an appeal will be made to the constituencies on the sole ques-

tion whether the British people shall be governed by men not of their own choice. And if this plan is followed there can be hardly a doubt that the Government will have the support of the British public, and that such a reform will be brought about as to make Government by the people a fact as well as a name.

COUNTY CANDIDATE.

The Liberal Association of the county of Wentworth has called a meeting for Saturday next at one o'clock sharp, in the Liberal Club rooms, in this city, to select a candidate to represent Wentworth in the Dominion House of Commons. As already announced by advertisement, township meetings will be held on Thursday next, at meeting places stated in bills, for the purpose of choosing delegates to attend the meeting in Hamilton. It is of the utmost importance to the Liberal cause in the county that all these meetings be well attended. The township meetings are of the first importance, and every Liberal should make it his business to be present at the meeting in his own township. Let there be full meetings. Then let the best men be picked as delegates to the Hamilton meeting. If the townships do their duty in the first place, the Hamilton meeting is bound to be a success. But much depends on these township meetings on Thursday evening. Saturday's meeting should be a record one in every respect. The selecting of a candidate to represent the county in Parliament requires the best thought and the earnest consideration of the whole body of Liberals in Wentworth. With the strongest man possible in the field—and it will be the duty of the meeting to pick the strongest candidate it can get—there can be no doubt as to the result. The county is Liberal by a large majority, and with a popular candidate and plenty of hard work, our friends in the county can command success. The many years of prosperity the county has enjoyed under Liberal Government, a great share of which has fallen to the farming community, should be an incentive to all to work and vote for the Liberal candidate and thus ensure a continuance of the good times, which would be jeopardized were the Tories to attain to power. The Tories are already in the field with their candidate, and will leave nothing undone that can help him to win. Is it too much to ask the Liberals to turn out and do as much for their own candidate?

EDITORIAL NOTES.

Guy Fawkes' Day. Do you know who he was and why his fame? Hon. Mr. MacKay expects the Hamilton Liberals to do their duty. Organization is now the word. Twentieth Century Club speeches never could stand criticism. They have always been of the burlesque order. There is a move on to get Whitney to appoint a Provincial Agent-General to London, England. Who seeks a fat job? Thursday night's township meetings should be well attended. There is nothing like starting right in the coming electoral fight. The London Times advises Canadians to exercise caution and heed the advice of the banks against rash speculation. And it is good advice too. Copper in New York was selling at 11 1/2¢ a few days ago. Now it is up to 14 1/2¢ to 14 3/4¢, and it is not unlikely that there may be further rises. A deputation is going down to see when Mr. Whitney is to do justice to Hamilton. It should try to find out what he has got "agin" the place. Perhaps it might be as well if Mr. Chisholm or Mr. Evans would consult the almanac or the weather man before the next Liberal public meeting is called. Wheat buying in the West is slow. The buyers say that money to move the crop is lacking, and the softness of the wheat and the consequent difficulty of grading it offer serious problems. The Toronto World suggests Col. Gibson as a successor to Hon. A. B. Aylesworth. In spite of itself it recognizes that Mr. MacKay's compliment was a deserved one. If it becomes well understood that it costs a fine of \$200 or so to defy the Demieux Act and bring about strikes and lockouts without efforts to use it to avert them, a wholesome lesson will have been taught. The scheme to dump the city garbage into the Coal Oil Inlet may be very good as a way of disposing of the daily collections, but it will require time—much of it—to fill it up. There is room there for a good many carloads. Ward 2 Toronto Tories had a love feast last night. That cracked heads, black eyes and bloody noses were not in evidence was probably due to the presence of a stalwart policeman, who reinforced the guards on the door. Socialism in Great Britain has received a check. Nothing but ignorance and the neglect of the level-headed ratepayers permits the owners and other socialists to control so many municipal councils to the great injury of the masses of the taxpayers. Of the 500 Hindus who reached Vancouver on the C. P. R. steamer Tartar 181 were refused admission to land, and the C. P. R. will be required to return them to Hong Kong at its own expense, they being defectives. Perhaps that will tend to avert a Hindu invasion. London will submit a by-law for \$235,000 for a power distributing system as a part of the Hydro-Electric scheme. Mr. Beck said the talk about producer gas being a competing power was merely to delay his scheme, "and I don't care who thinks otherwise," said he. So there! How much does Mr. "Zandray" Graham expect to contribute to Borden's election fund next campaign? If \$29,000 to one district in Quebec, while sending contributions to "all the other provinces," it is to be spoken of as "ridiculous smallness," what may be expected to happen if "Zandray" should loosen up? The "grand rally" of the local Liberals, to hear the new party leader, Mr. MacKay, Saturday night, was a grand fizzle. Mr. MacKay came, spoke his piece, and made a good impression, but the audience was very small.—Hamilton Spectator. We reproduce this effort of the Spectator by way of showing what it could do if it were to try real hard. This is only a little one. The Mail and Empire weeps "ominy" tears over the fact that the revenue of the Dominion has increased since 1896, and affects to believe that it would have been better to borrow abroad and go on

adding a few millions to the debt every year. But the Canadian people prefer the Liberal way of keeping down the debt and building up the country instead of distributing the taxes among the grafters. The extravagant statements made by Mr. Borden in the West and his wild accusations of graft and corruption, before the revelations of the "Zandray" contributions to his campaign fund of 1904, have begun to have their natural effect. And it is to disgust thinking men. Before Mr. Borden can be patiently listened to by any open minded elector he must clear up that boodle fund matter. He must arraign Pugsley and explain why he warned the contributors not to let the boodle be handled by men prominent in the party. Will he do it? If he does not, the people may be excused if they regard him as playing a hypocritical part. The London Free Press speaks of Mr. MacKay's reference to reforestation as important as an indication that he will support Whitney's forestry policy. That is rich, indeed. Does the Free Press remember that a few years ago, when the Liberals began the good work of establishing a forestry department, Whitney rallied every Tory in the Legislature to vote against appropriating the small sum required to pay the salary of a clerk of forestry? And he gave it bitter if consistent hostility up till the time that his keener sighted followers took him aside and told him that the people favored the Liberal course and were going to have it, and that he must do the flop act. And Whitney did it. "Whitney's forestry policy," indeed! We have as yet seen no honest attempt made by the Hydro-Electric fad advocates to answer Mr. MacKay's query as to why the money of all the people of Ontario should be spent by the Government to try to obtain for a few power-users in certain localities power at a cheaper figure than they now get it. Suppose the Commission can do so, it must do it at the expense of the rest of the people. If it fails to do it after making the attempt, it merely fritters away public money—that is, unless it makes those who get the power pay all incidental cost, in which case it may be no cheaper (if indeed it is as cheap) than private enterprise can supply. It is a wretched muddle, and our people will do well to look very carefully into it before committing the city to its cost and obligations. Wonder why the Mayor and some of the aldermen should appear to be so eager to commit the city to that Hydro-Electric scheme as to be willing to tie the taxpayers up to it "unsight, unseen," as the boys say, when they are absolutely unable to see whether it will be a paying or a losing venture, and when the only thing of which they can be sure is that by doing so they are trying to aid other places at the expense of Hamilton—an expense that will certainly amount to hundreds of thousands of dollars? No wonder people ask, Whom do they serve? and, What is the nature of the influence brought to bear upon them? Business principles are utterly ignored, and the speculations indulged in as to how to jockey the ratepayers so as to avoid submitting to them a clear and definite contract and permitting them to vote upon it, are not worthy of either aldermen or salaried officials of the city. HERE AND THERE. Ottawa Free Press: Mr. Borden made an onslaught on Laurier's Administration at Port Arthur Thursday. He failed to make the distance in throw downs, however. Winnipeg Tribune: One's neighbors can see the eclipse of the honeymoon without the aid of a telescope. St. Catharines Star-Journal: It seems almost incredible that within a period of less than two centuries the hardwood forests of the United States should have become depleted to such an extent as to be actually a national calamity. London Advertiser: The Conservative press doesn't know what is in the French treaty, but is "agin" it on general principles. Brockville Recorder: A wild cat was killed the other side of Lindsay. The animal probably was from Peterboro, where it had heard some one read a Review editorial. Galt Reporter: The egg markets in many parts of the United States are glutted. Ottawa Free Press: The early birds catch the worms; but being inclined towards originality, we wish to file an affidavit that we saw the last fly and openwork sock of this season yesterday. Canadian Courier: Mr. Allan Studholme, M. P. P., of Hamilton, is in favor of entire exclusion of Asiatic labor. Just watch him get up and talk for "steep hours about it next session unless Hon. Thomas Crawford heads him off. Kingston Whig: The Weekly Sun says the farmers are disappointed because there has not been the law reform the Whitney party promised. And there are others. Chicago News: When a girl's breath suggests cologne-water it is a sign that a certain young man is due to call on her. Spare Our Blushes. (Stratford Beacon). Mr. John Carrick, editor of the Hamilton Times, who has been visiting relatives in Mitchell, is spending the week-end with relatives in the city. Mr. Carrick is one of the ablest political writers in the Dominion, he being especially well informed on the political history of the country. In the chair of the Times he is keeping that excellent journal well to the fore both as a newspaper and as a leader of political opinion. Impossible! (Toronto News). Ottawa has beaten the celebrated Hamilton Tiers. Who knows? Some day there may arise a band which will play better than the glorious Thirteenth.

tion whether the British people shall be governed by men not of their own choice. And if this plan is followed there can be hardly a doubt that the Government will have the support of the British public, and that such a reform will be brought about as to make Government by the people a fact as well as a name.

EDITORIAL NOTES.

Guy Fawkes' Day. Do you know who he was and why his fame? Hon. Mr. MacKay expects the Hamilton Liberals to do their duty. Organization is now the word. Of the 500 Hindus who reached Vancouver on the C. P. R. steamer Tartar 181 were refused admission to land, and the C. P. R. will be required to return them to Hong Kong at its own expense, they being defectives. Perhaps that will tend to avert a Hindu invasion. London will submit a by-law for \$235,000 for a power distributing system as a part of the Hydro-Electric scheme. Mr. Beck said the talk about producer gas being a competing power was merely to delay his scheme, "and I don't care who thinks otherwise," said he. So there! How much does Mr. "Zandray" Graham expect to contribute to Borden's election fund next campaign? If \$29,000 to one district in Quebec, while sending contributions to "all the other provinces," it is to be spoken of as "ridiculous smallness," what may be expected to happen if "Zandray" should loosen up? The "grand rally" of the local Liberals, to hear the new party leader, Mr. MacKay, Saturday night, was a grand fizzle. Mr. MacKay came, spoke his piece, and made a good impression, but the audience was very small.—Hamilton Spectator. We reproduce this effort of the Spectator by way of showing what it could do if it were to try real hard. This is only a little one. The Mail and Empire weeps "ominy" tears over the fact that the revenue of the Dominion has increased since 1896, and affects to believe that it would have been better to borrow abroad and go on

adding a few millions to the debt every year. But the Canadian people prefer the Liberal way of keeping down the debt and building up the country instead of distributing the taxes among the grafters. The extravagant statements made by Mr. Borden in the West and his wild accusations of graft and corruption, before the revelations of the "Zandray" contributions to his campaign fund of 1904, have begun to have their natural effect. And it is to disgust thinking men. Before Mr. Borden can be patiently listened to by any open minded elector he must clear up that boodle fund matter. He must arraign Pugsley and explain why he warned the contributors not to let the boodle be handled by men prominent in the party. Will he do it? If he does not, the people may be excused if they regard him as playing a hypocritical part. The London Free Press speaks of Mr. MacKay's reference to reforestation as important as an indication that he will support Whitney's forestry policy. That is rich, indeed. Does the Free Press remember that a few years ago, when the Liberals began the good work of establishing a forestry department, Whitney rallied every Tory in the Legislature to vote against appropriating the small sum required to pay the salary of a clerk of forestry? And he gave it bitter if consistent hostility up till the time that his keener sighted followers took him aside and told him that the people favored the Liberal course and were going to have it, and that he must do the flop act. And Whitney did it. "Whitney's forestry policy," indeed! We have as yet seen no honest attempt made by the Hydro-Electric fad advocates to answer Mr. MacKay's query as to why the money of all the people of Ontario should be spent by the Government to try to obtain for a few power-users in certain localities power at a cheaper figure than they now get it. Suppose the Commission can do so, it must do it at the expense of the rest of the people. If it fails to do it after making the attempt, it merely fritters away public money—that is, unless it makes those who get the power pay all incidental cost, in which case it may be no cheaper (if indeed it is as cheap) than private enterprise can supply. It is a wretched muddle, and our people will do well to look very carefully into it before committing the city to its cost and obligations. Wonder why the Mayor and some of the aldermen should appear to be so eager to commit the city to that Hydro-Electric scheme as to be willing to tie the taxpayers up to it "unsight, unseen," as the boys say, when they are absolutely unable to see whether it will be a paying or a losing venture, and when the only thing of which they can be sure is that by doing so they are trying to aid other places at the expense of Hamilton—an expense that will certainly amount to hundreds of thousands of dollars? No wonder people ask, Whom do they serve? and, What is the nature of the influence brought to bear upon them? Business principles are utterly ignored, and the speculations indulged in as to how to jockey the ratepayers so as to avoid submitting to them a clear and definite contract and permitting them to vote upon it, are not worthy of either aldermen or salaried officials of the city. HERE AND THERE. Ottawa Free Press: Mr. Borden made an onslaught on Laurier's Administration at Port Arthur Thursday. He failed to make the distance in throw downs, however. Winnipeg Tribune: One's neighbors can see the eclipse of the honeymoon without the aid of a telescope. St. Catharines Star-Journal: It seems almost incredible that within a period of less than two centuries the hardwood forests of the United States should have become depleted to such an extent as to be actually a national calamity. London Advertiser: The Conservative press doesn't know what is in the French treaty, but is "agin" it on general principles. Brockville Recorder: A wild cat was killed the other side of Lindsay. The animal probably was from Peterboro, where it had heard some one read a Review editorial. Galt Reporter: The egg markets in many parts of the United States are glutted. Ottawa Free Press: The early birds catch the worms; but being inclined towards originality, we wish to file an affidavit that we saw the last fly and openwork sock of this season yesterday. Canadian Courier: Mr. Allan Studholme, M. P. P., of Hamilton, is in favor of entire exclusion of Asiatic labor. Just watch him get up and talk for "steep hours about it next session unless Hon. Thomas Crawford heads him off. Kingston Whig: The Weekly Sun says the farmers are disappointed because there has not been the law reform the Whitney party promised. And there are others. Chicago News: When a girl's breath suggests cologne-water it is a sign that a certain young man is due to call on her. Spare Our Blushes. (Stratford Beacon). Mr. John Carrick, editor of the Hamilton Times, who has been visiting relatives in Mitchell, is spending the week-end with relatives in the city. Mr. Carrick is one of the ablest political writers in the Dominion, he being especially well informed on the political history of the country. In the chair of the Times he is keeping that excellent journal well to the fore both as a newspaper and as a leader of political opinion. Impossible! (Toronto News). Ottawa has beaten the celebrated Hamilton Tiers. Who knows? Some day there may arise a band which will play better than the glorious Thirteenth.

tion whether the British people shall be governed by men not of their own choice. And if this plan is followed there can be hardly a doubt that the Government will have the support of the British public, and that such a reform will be brought about as to make Government by the people a fact as well as a name.

adding a few millions to the debt every year. But the Canadian people prefer the Liberal way of keeping down the debt and building up the country instead of distributing the taxes among the grafters. FATALLY BURNED BY GAS FLAME.

FIVE-YEAR-OLD BOY DIES AFTER A FEW HOURS.

Sister Tried to Extinguish Flames—Was Warming Himself at the Stove—Mother's Hands Burned.

Olean, Nov. 5.—After having suffered all the morning from burns about the head, face, arms and front of the body, received early to-day, Herbert, the 5-year-old son of the Rev. and Mrs. Granger, of Allegany, died in the Olean General Hospital at 1 o'clock this afternoon. The night dress of the boy caught fire from a broken piece of mica in a gas stove before which he was warming.

The boy went down stairs this morning in his nightgown. His little sister, aged 8 years, went down stairs with him and together the children stood in front of the stove to get warm before dressing. The boy got too close to the stove and a flame through a break in the chimney caught his light apparel. In an instant it flared up. The little girl tried to extinguish the fire and her hands were burned.

Mrs. Granger, working in the kitchen, heard the cries of the children and ran to them. She used her hands in smothering the fire, but before she succeeded in getting it out both her hands were badly blistered and the boy was fatally burned. The father had gone to the store for some groceries and he returned just about the time that the fire in the clothing of his son was extinguished. Dr. Hicks of Allegany was immediately summoned and an ambulance call was sent to Olean. The child was removed to the hospital, where he died after a few hours.

The Rev. and Mrs. Granger recently went to Chicago, Mr. Granger having become pastor of the Allegany Methodist Church.

U. S. ELECTIONS

Good Weather and Quiet Polling the Rule To-day.

Buffalo, Nov. 5.—There are elections in twelve States to-day. Mayors:

Cincinnati—Leopold Markbreit, Republican; Edward J. Dempsey, Democrat; Frank L. Pfaff, City party; John Robertson, Prohibition; Nicholas Klein, Socialist.

Cleveland—Thomas E. Burton, Republican; Tom Johnson, Democrat; Linna Cheyne, Socialist; Easton Cleveland, Republican; Daniel A. Ryan, Republican; Edward R. Taylor, Democrat and good government; Patrick H. McCarthy, Union Labor.

In Maryland. Baltimore, Nov. 5.—Early morning indications pointed to a heavy vote in Baltimore at the election to-day for Governor, a full state ticket and members of the Legislature. Clear and cool weather prevailed.

Quiet in New York. New York, Nov. 5.—The quietest election in years, so far, and the public interest is concerned, is proceeding in greater New York to-day, following a splendid campaign. Political orators tried in vain to arouse the apathetic voters. Slow balloting in the early hours to-day indicated a light vote, despite fair weather and an agreeable temperature.

Many Candidates. Boston, Nov. 5.—Voting for state and county officers and members of the next Legislature began in all the cities and larger towns in Massachusetts early to-day, with good weather and three weeks' active campaigning by the leading candidates as incentives for seeking the polls. Voters found no less than seven candidates for Governor running on nine tickets from which to make their choice, and nearly the same number for other state officers.

The Philadelphia Loan. Philadelphia, Nov. 5.—Clear, cold weather greeted the early voters in the state election here to-day. There seems to be more interest in the fate of the \$10,000,000 loan proposition than in the contest for state or city officers.

Fairly Heavy Vote. Trenton, N. J., Nov. 5.—The fine weather prevailing throughout New Jersey to-day is expected to help in bringing out a full vote. Reports from various parts of the state show the vote for Governor is fairly heavy.

Local Option. Wilmington, Del., Nov. 5.—Polls for the local option election in this state opened shortly after 8 a. m. to-day, and voting began in a manner which promised that a large majority of the vote would be polled by noon. The weather is clear.

SUCCESSION DUTIES.

Earnings of the Temiskaming and Northern Ontario Railway.

Toronto, Ont., Nov. 5.—(Special)—The receipts of the Provincial treasury from succession duties during the past month amounted to \$44,432. This sum was collected from 33 estates. The Treasurer has also received a report of the operations of the Temiskaming & Northern Ontario Railway for the month of July. During that period the gross earnings of the Government road amounted to \$80,046 and its expenses to \$59,075, leaving net receipts of \$20,971. For the same period last year the net revenue was \$12,012.

DUNDAS BAPTISTS.

Dundas Baptist Church held its annual congregational tea and social last night. The attendance was good and all had an enjoyable time. A programme of vocal and instrumental music, etc., closing with refreshments, was given. The pastor, Rev. Mr. Grant, gave a short congratulatory address, the small floating debt having been wiped out by the thanksgiving Sunday collection of about \$500.

WINE CROP.

Paris, Nov. 5.—The wine harvest in France is announced to be 58 hectolitres in Algeria, 7,500,000, and in the United States 250,000.

It's when an expert accountant goes over the ascending cashier's books that his work begins to tell on him.

NO BY-ELECTION

To Fill the Vacancy in Separate School Board.

The Separate School Board held its regular meeting last night at St. Mary's Hall. A five-minute session finished up the business, which consisted solely of passing accounts. Sounded on what was doing in the matter of appointing a new member to fill the place of J. P. Dougherty, the feeling of the members seemed to be that the matter would be let go till the first of the year, when the elections were held.

WILL INTEREST YOU.

Mail Order Display in Stanley Mill's Window.

Stanley Mills & Co.'s Public Confidence Exhibit in one of the James Street Hardware Store windows is attracting a great deal of attention.

This exhibit is something out of the ordinary as it is set for the purpose of directly selling any goods, but is of an educational nature to show the people of Hamilton a few interesting points in connection with the Mail Order Department, carried on by this progressive firm. In certain recent advertisements Stanley Mills & Co. have been giving the "Talks" about their business which have caused considerable comment, but this window will be found doubly interesting because of the display made of some of the actual orders received.

Upon enquiry it is found that during the past season there have been about 30,000 people living in many far away parts of the Dominion as well as in the Province of Ontario, who have, without any hesitation, sent the funds necessary to pay for the goods right along with their orders.

They rely solely upon the integrity of this Hamilton concern to supply the merchandise wanted in a satisfactory manner, although having no personal acquaintance or further knowledge of the firm than that obtained from the big catalogue which is issued each season, or from some neighbor who has been able to recommend Stanley Mills & Co. as a thoroughly satisfactory and reliable firm to do business with. In this window there is also displayed a partial list of customers from all parts of the country, from whom orders were received on a single day, (Monday, October 14th). Beside each name and address is shown plainly the amount of money which was remitted with the order. There are also on exhibit four very interesting mail orders, one from a new settler on the Pacific Coast, one from British East Africa, one from a prominent American who goes canoeing up in Algoma every season and another order received from Reykjavik, Iceland. There is also some timely comment regarding each particular order and altogether it is one of the most instructive and interesting displays ever made by a store in Hamilton.

Go and see this window.

CRIBBAGE CLUB.

Attendance is increasing and the Games Most Interesting.

Interest in the weekly games of the Cribbage Club is increasing. Last night the club's room in the Liberal quarters was filled, and seven double sets played an exciting game. The draw was even again, odd, and it resulted in a tie. The scores were:

Table with columns for ODD and EVEN, listing names and scores.

After the game the election of officers for the year was held, and the following were chosen:

President—Joseph Arnold. Vice-President—A. Stephenson. Treasurer—W. Vaughan. Secretary—F. B. Smith. Executive—F. Hazel, W. Hyslop, J. Somerville. Captain—Jos. Arnold. To-night the Checker Club will have its weekly game.

STRENGTH TALKS.

Prof. Barton Will Give Lectures in the Y. M. C. A. Hall.

Physical training is a science, an education whereby every part of the body is properly exercised, developed and made healthy.

Mr. Barton, at his illustrated lecture on Scientific Physical Training to be given on next Thursday and Friday in the Y. M. C. A. hall will illustrate how the finger and forearm may be developed and strengthened so one can tear one or two packs of cards easily. How the muscles of the arm, shoulder and back may be developed so that one can raise a hundred pound dumbbell without much exertion, also how the muscles of the stomach may be strengthened so that one can stand the hardest blow. Mr. Barton will not only show how, but will do these and many other remarkable things at his lecture.

The science of health and strength will be so wonderfully illustrated that every man and woman will go away helped.

Are You a Candidate

For the season's needs? Our dollar and \$1.25 pants are the goods. Our \$1.50 shoe we guarantee. Fur-lined, leather, frieze and waterproof reefers, \$3.50 up. Try us. M. Kennedy, 240 James street north.

MORE GOLD COMING.

Portland, Ore., Nov. 5.—Bail, for Guthrie & Co., grain exporters, have engaged in London \$500,000 in gold for shipment to Portland. One half of this import was shipped Saturday, the remainder is to start Wednesday. It is said that other shipments will be made from London to Portland soon.

ROYAL ARCANUM.

Thirtieth Anniversary Celebrated by Local Lodges.

At the conclusion of the initiation ceremony of Kanawha Council last evening, the local Royal Arcanumites celebrated the thirtieth anniversary of the incorporation of their order as a fraternal insurance society, which now has a membership of over 250,000.

Bro. John Dearness, Regent of Kanawha Council, President, and Professor Barto, of the Y. M. C. A., and his gymnasium team honored the meeting with a visit. The posing of the professor and his physical culture talk proved very instructive. A fencing bout between Messrs. Syme and Stephens and the work of Bert Tuck as a contortionist contributed very much to the pleasures of the evening, those present being of the opinion that ere long Bert will be better than the Davis.

Bay Hill, the prince of fun makers, was discovered in the audience, and at the earnest request of all present gave one of his inimitable talks.

The evening's entertainment was concluded with cards and a game of carpet ball.

ST. ANDREW'S C. E.

Senior and Junior Societies Elect Their Officers.

The Young People's Societies of Christian Endeavor of St. Andrew's Presbyterian Church have organized for the season with the following senior officers:

Honorary President—Rev. J. A. Wilson, B. A. President—Miss Annie Voight. Vice-President—Miss L. Semmons. Corresponding Secretary—Mr. C. McLeod.

Recording Secretary—Miss Alberta Smyth. Treasurer—Mr. Geo. White.

Conveners of committees—Player meeting—Miss Bessie Mbir. Bookout—Miss Mary Caldwell. Missionary—Miss Lillie Massey. Music—Miss L. Semmons. Social and flower—Miss M. Matthes. Cottage prayer meeting—Mrs. D. McMaster.

Junior overseer—Mr. C. McLeod. Junior Society officers: President—Miss Mary Caldwell. Vice-President—Albert Decker. Secretary—Mary Montgomery. Treasurer—Robbie Massey. Conveners of committees—Player meeting—Katie Duff. Lockout—Leslie Isard. Missionary—Bessie Duff. Music—Lorraine Caldwell. Social and flower—Tom Newlands.

ST. ELIZABETH.

Arrangements for the Bal Poudre Progressing Finely.

The monthly meeting of St. Elizabeth Chapter, Daughters of the Empire, was held in the Y. W. C. A. yesterday morning, Mrs. W. R. Davis, Regent, in the chair. Mrs. Gurney, Secretary, read the minutes of the last monthly meeting, and of the special meeting held Oct. 11, also letters from the colonels of the different Hamilton regiments and Col. Grafton of the 7th, accepting the invitations for officers to attend the bal poudre in uniform. She also read a letter from Mrs. Dumbrie, Secretary of St. Cecilia Chapter, promising co-operation and assistance for the ball.

Mrs. R. O. MacKay, Treasurer, reported \$164.49 in the bank. She read a letter from W. J. Southam, Secretary of Hamilton Health Association, thanking the Chapter for the cheque for \$30 for bed and complete outfit for one patient in Grafton Infirmary. Besides this cheque and the wheel chair for the woman's ward in the City Hospital, costing \$25, and handsome brass jardiniere, costing \$20, for reception room in Alexandra wing, this Chapter has spent \$271 on linen for the Sanitarium and Infirmary this year. The linen provided for the Grafton Infirmary was: 8 dozen sheets, 1 dozen under sheets, 4 dozen pillow cases, 1 dozen roller towels, 10 dozen huckaback towels, 4 dozen and one tumbler towels, 2 dozen and 5 dish cloths, 8 dozen bath towels, 1 dozen dotted table covers, 5 plain linen table covers, 4 dozen dusters, 6 table cloths, 8 wall pockets, 9 pairs bed socks.

A request from Mrs. Wanzer for stamp to mark this linen, was granted.

Mrs. Charles A. Johnson, 192 Victoria avenue north, was received as a member. A hearty vote of thanks was passed to Mrs. T. H. Husband, Vice-Regent, for the trouble she took in storing the linen at her home until needed, having it laundered, etc.

Mrs. Wanzer sent a message of thanks for a parcel of clothing sent to the Sanitarium by Mrs. Hatch.

Arrangements for the bal poudre are progressing finely. The tickets are being rapidly. Those who have not secured them can obtain tickets from any member of the chapter, also at Turnbull's, Mack's, Duncan's, and Klein & Binkley's stores.

As the military men will all be in uniform, some gentlemen have expressed a wish to wear fancy costumes, so it was decided to leave it optional for gentlemen to wear evening or fancy dress. Ladies all to have powdered hair, rouge and patches.

Mrs. J. D. Ferguson reported for the Decoration Committee; Mrs. Evel for the card room; and Mrs. Ernest Lazier for the supper room.

All chapters are requested to report at once, to the Secretary, whether they intend to take part, so that arrangements can be made for the opening set of lanterns, which is to be led by the officers of each chapter, as far as possible.

A letter was read from Mrs. Slater, convener of the Christmas Tree Committee for the Sanitarium, saying she had already received a number of donations for it.

Mrs. Davis announced that Goulray, Winter & Leeming have generously offered the use of a piano free for the ball room.

A special meeting of the chapter will be held in the Waldorf at 10.30 a. m., Wednesday, Nov. 13, when every member is requested to report how many tickets she has sold, so Mr. Gardiner can have some idea of how many to cater for.

Surveys for the main transmission lines in the Western Power Union have been completed by the engineers of the Hydro-Electric Power Commission.

MONARCH VISIBLE Typewriter advertisement. Includes image of the typewriter and text describing its features and rental options.

ITALIAN AND HIS WIFE MURDERED BY ROBBERS.

Woman's Body Found on Door Step and Man's Leaning Against Wall of Room.

New York, Oct. 5.—Bogart Heights is the hill section of Garfield, N. J., and is two miles from Passaic. It is the settlement of about 1,200 Italians. At the summit is a neat brick building; brick buildings are not common on the heights. Half of the building is of cream brick and bears two signs, "Grosseri Italiana" and "Rossano Raffaele." That is where Rossano Raffaele, who came to America not long ago, ran a grocery store, and where, with his pretty wife, Antoinette, he lived in the two rooms back of the store.

In front of the stone step to the store Antoinette's body was found on Saturday night. Her husband's body then leaned against the wall in the living room, and Toto, their eighteen-month-old son, ran from one silent figure to the other frightened and crying.

Raffaele was about 32 years old, his wife was somewhat younger. A month ago they moved their little grocery from 340 East 105th street, Manhattan, to Bogart Heights. They were prosperous among their compatriots they were accounted wealthy—and they appeared to be happy. Antoinette had many fine dresses which she had brought with her from the old country; there was one of very rich red silk which made her the envy of the colony when she wore it.

Antoinette was always singing—she was singing only Saturday afternoon as she romped with little Toto in the back yard of the store. But she was never entirely care free; there was something strange about her fear for the safety of her child. She would never tell the neighbors just what it was that worried her, but they knew that she always carried a revolver with her. Saturday afternoon the revolver was in her apron pocket.

Henry Burgmeyer, a painter, lives upstairs over the grocery. Theodore Francis Van Der Teems, a laborer, and a boarder at Burgmeyer's, stumbled over before midnight on Saturday. Van Der Teems did not look at the body closely. He walked around it and told Burgmeyer and Burgmeyer put on his coat and walked around the body and notified Marshal John Bonnama, Bonnama got Marshal Albert Maitland, and after sending word to John Force, chairman of the Police Committee, which corresponds to the chief of police in other places, they all went up to the grocery. The woman was lying on her back, a bullet hole in her left temple. Her body was quite cold. The rain had soaked her clothing.

The door of the store was open. Just inside, beside a cracker barrel, was a pool of blood, and in it a heavy clasp knife, opened. The floor was swept clean by the woman's dress, where she had dragged herself, or had been dragged from the pool to the stone steps.

At the entrance to the living room there was more blood on the floor, and in this was the silk neckerchief which the woman had worn. A fair-haired, dark eyed baby in a pink dress toddled out of the living room crying "Papa," and toward the door beyond which the body of the mother lay. Marshall Maitland picked up the child and left him with Ignazio Donna's wife, in the other half of the building.

In the living room the authorities found Raffaele's body. His wound was like that of his wife—it was in the left temple and had been made by a .38-calibre bullet fired at close range. A closed stiletto, which apparently had not been recently used, lay on the table. There was no money in the grocer's pockets, the till was open and stripped clean, a pair of dozen purses of various sizes lay upon the floor, open and empty. When the Marshalls moved Raffaele's leg a little they uncovered a twenty dollar bill on the floor.

There was a handbag hidden behind some dishes in the cupboard and in the bag was an empty cartridge box containing a pair of dozen purses of various sizes lay upon the floor, open and empty. When the Marshalls moved Raffaele's leg a little they uncovered a twenty dollar bill on the floor.

The people upstairs were questioned. Yes, they heard one shot—only one—and didn't think anything of it. Should one run outdoors every time one hears a shot? One would be running outdoors very often at night.

The Italian family next door were questioned. Shots? No, they heard nothing. The wind blew very hard—it rattled the house—they heard nothing. Toto can say only "Papa," and "Mamma" and "Toto."

CZAR'S TROUBLES.

Russian Army on Verge of Revolt.

St. Petersburg, Nov. 5.—The press reports of the great mutiny at Vladivostok are stirring up the troops in the large empire. It is now learned that simultaneously with the uprising at Vladivostok there have been riots in the Caucasus, in Irkutsk and in Moscow, and great excitement is prevailing among the artillery at Kronstadt and here.

The fact is, the whole army is thoroughly revolutionized, and most dangerous of all is the Siberian army, of which nearly 70 per cent are revolutionized. Indeed, the officers in the Siberian troops are often leaders of the revolutionary movement. The agitators are printing millions of pamphlets and proclamations with revolutionary tendencies in Japan and China and spreading them in Siberia.

It is believed they will soon follow serious troubles, and Siberia, with its whole army, may be the first part of the Russian empire declaring itself independent.

Late news shows that the situation at Kronstadt is very dangerous. All the artillery barracks are closed and kept locked and watched.

GRAND TRUNK EXHIBIT, JAMESTOWN EXPOSITION.

Telegraphic advice is received that the jury of awards, Jamestown Exposition, Norfolk, Va., have announced that the Grand Trunk exhibit has been awarded two gold medals and one silver medal, covering installation of exhibit, photographic scenes and fish and game display.

American tourists have left \$40,000,000 in Europe this year.

STANLEY MILLS & CO., Limited. Winter Weights in Hosiery and Underwear. Advertisement listing various types of hosiery and underwear with prices.

Bath Robes and Kimonos

It is not hard to pick out a nice, comfortable Kimono or Bath Robe here. We haven't said much about this line in our advertising lately, but the stock was never better, never more attractive, and the values are astonishingly good.

Bath Robes, made of fine Wrappette in kimono style, in navy and red grounds, with large Paisley designs, trimmed around neck and down front with wide band of same material in lighter shades, very special value at \$1.50.

Another line in Wrappette in oriental patterns, has deep shawl collar trimmed with rows of baby ribbon, and white Torcheon lace, 3/4 sleeves with deep circular frill to match. Good value at \$1.75.

Cotton Eiderdown Robes, light ground, with rose design in shades of pale blue and mauve, fitting around neck and trimmed with wide and narrow bias bands of saten, forming round yoke effect, fastening with loops and buttons. Belt at waist, long bell sleeves, trimmed to match. Good value \$3.50.

Eiderdown Robes in light blue, red, grey, well made, long silk girdles to match \$5 and \$6.

Warm Dressing Saques of Cashmere, in black and white stripe, floral patterns, with sailor collar, three-quarter sleeves, all outer edges scalloped and worked with silkline, ribbon ties at neck, belt at waist, only \$7.50.

Another line in Cashmerette, in navy and red grounds, with pretty Paisley patterns, has shawl collar, three-quarter sleeves, with frill, belted at waist, ribbon ties, seams covered with finishing braid, outer edges buttonholed with washing silk, grand value at \$1.00.

Another line, in heavier quality Cashmerette, in pale blue ground, with floral patterns, gathered at neck, standard collar, buttoned front, long sleeves, drawn in with elastic, leaving deep frill, all neatly trimmed with bands of same material, in dainty harmonizing colors, at \$2.50.

Eiderdown Saques \$1.50 to \$3.75.

NOVEMBER SILK SALE

Our great November Silk Sale continues throughout this month. We have been preparing for this sale for some time and our efforts have proved successful. Many lines are selling at nearly Half Price for this week's buying.

FINCH BROS. 29 and 31 King Street West

LICORICE ROOT. The licorice root grows wild in the fields of Asia Minor, and few attempts have been made thus far toward its cultivation.

Until fifty years ago it was practically unused, says Fur News. The root grown on the Meander plains is the best in the world, being superior to that found in Syria, Mesopotamia, Caucasus, Siberia or China.

It is converted into licorice paste for medicinal purposes, and is especially used for flavoring plug tobacco. Licorice root in its original state can also be found in any drug store in America. Annual exports to the United States amount to about 14,210 tons, valued at \$50,000.

The exporters of the root lease licorice bearing lands for a period of from three to five years. Digging usually begins in October, and is done by peasants, who at the end of each day deliver the root to the various depots and receive payment according to the quantity they bring.

After severe illness—after severe physical or mental strain—use Scott's Emulsion. It builds up and holds up the strength of man and woman, girl and boy. It is the most wonderful "food- tonic" in the world.

ALL DRUGGISTS: 50c. AND \$1.00.

### TO INSULATE THEIR WIRES.

Dundas Council Makes Demand Upon the Electric Company.

Mr. William Barry, a Respected Resident, Passes Away.

Trolley Car Tied Up For Almost an Hour Yesterday.

Dundas, Nov. 4.—The regular meeting of the Town Council was held last evening, all the members being present but Councillor Lunn.

James Massey's application for town water was referred to the Fire and Water Committee.

Matthew Sheppard, jun., was given permission to erect a boat house on the south bank of the canal by paying an annual fee therefor of 25 cents.

H. Newman asked to have his income assessment reduced, as he was obliged to care for his aged parents, but the council did not take action.

Solicitor Gwyn wrote the council that he had been served with a writ claiming, on behalf of Mrs. Sutton, damages for the death of her husband, owing to his coming in contact with a live electric wire on the sidewalk. The matter was given to a special committee composed of the Mayor and Councillors Bertram and Kerr.

A report from the Property Committee recommended the addition of another story to the caretaker's house at Grove Cemetery, the placing in the house of a furnace, and the erection of a new kitchen and other repairs. The committee was asked to furnish specifications and a probable cost of the work recommended.

Two by-laws were put through, one to authorize the council to borrow \$5,000 at five per cent., pending collection of taxes, and another instructing Tax Collector Knowles to collect all back status labor taxes.

Col. Grafton asked to have the cement walk on the east side of Cross street extended to the new houses he is erecting. A motion to leave the request with the Board of Works was opposed by Councillor Lawson, as a similar request from citizens on Princess street was refused at the last meeting of the council on the grounds that it was too late to lay walks this season. He did not believe in the council making fish of some and fowl of others. The matter was finally disposed of by leaving both petitions with the Board of Works with power to act.

Matthew Watson, of Dundas, and H. Reid, of Hamilton, each asked for best rate for use of the Town Hall for a number of dances during the winter. The council in both cases was of the opinion that there could be no departure from the regular rate of \$12 each night for use of hall, kitchen, dishes, etc.

Chief Twiss' report on street lighting stated that during the past month four lights had been out.

A motion by Councillors Lawson and Mount was carried unanimously, calling upon the Dundas Electric Company, in view of the finding of the Coroner's Jury in the Sutton case, to have all its wires properly insulated, and the whole plant put in proper condition, as required by its agreement with the town.

Councillor Lawson called attention to the disgraceful condition of the street at Hatt street station, where entrance is made to the H. & D. cars. He complained that the committee authorized by the council some time ago to see to the matter had done nothing. He was answered that the committee had the matter in hand, and that the work would be attended to in a short time. Council adjourned at 10.30.

Wm. Barry, an old resident, widely known and highly respected, died yesterday evening from an acute attack of Bright's disease. He had been a sufferer from rheumatism for some years, but for some months past seemed better of it, when the disease that carried him off set in. He leaves, besides his widow, one son and one daughter. The son is Thomas Barry, manager of Grafton's Hamilton branch, and the daughter is Mrs. Henry Arland, formerly of Hamilton, but of late at her parental home here, caring for her father and mother.

The funeral of William Davy took place yesterday afternoon, and was conducted by Rev. A. E. Irving. There was a fair attendance from the L. O. O. F. here, deceased having been a member of the order in Detroit. Deceased leaves, besides a widow, three young children. Deceased was also a member of the Canadian Order of Moose Friends, and the society was represented at the funeral by W. S. Campbell, of Hamilton, Grand Organizer, and John W. Maggs, of Chatham, Chief Councillor.

Yesterday the 2.15 p. m. trolley for Hamilton was left standing on the track for an hour about halfway between the highway and Anislie Wood, much to the inconvenience of a good number of passengers who desired to make connections with other roads in the city.

The annual meeting of the officers and members of the Baptist Church was held last evening.

Lost Tips of Fingers. Gordon Fraser, the little son of Mr. Duncan Fraser, found a discarded cartridge his find it exploded, and took the tips off two fingers. It is supposed the cartridge had been dropped by some one practicing at the rifle ranges.

CZAR HAS NO RAILROADS. Practically All of Them Controlled by Revolutionaries.

St. Petersburg, Nov. 4.—It was announced here today that the tour of inspection just concluded by the Minister of Ways and Communications through southern Russia, the Caucasus, Turkistan and Central Asia had revealed complete chaos in the railroad system. This statement, although seeming incredible, was made today by Rev. Geo. T. Webb, General Secretary of the Baptist Young People's Association of America.

"The people of Canada are not awake to the design the Mormons have in Canada," Mr. Webb has just returned from a trip to the Mormon settlements.

To cure a cold in a night—use Vapo-Creoline. It has been used extensively during more than twenty-four years. All druggists.

The latest industrial strike in Nova Scotia is that of the court stenographers. They are five of them, and they refuse to work longer unless the Government comes to terms with them.

### YORK LOAN AGAIN.

The Company Claims \$26,000 From Toronto Life.

Toronto, Nov. 5.—At yesterday's hearing by Mr. George Kappel, official referee, of the claims of the Toronto Life against the York Loan, Mr. C. D. Scott, for the liquidator, said that the liquidator did not recognize the turnovers as valid consideration for the property sold by the York Loan to the Toronto Life. The latter company took over premises at the agreed price of \$80,000 and a mortgage on some other property for \$5,000, paying \$30,000 in actual cash and the balance by payments on premiums advanced on passbooks assigned to the Toronto Life by shareholders of the York Loan, which were duly admitted by the York Loan Company. These payments, which are referred to as turnovers, the liquidator does not recognize.

The liquidator of the York Loan, however, has in the meantime disposed of the company's holding of Toronto Life stock to the National Agency-Union Life Insurance Company.

Asked if the purchasers had bought the York Loan holdings without having a clear statement of the position of the two companies vis-a-vis one another, Mr. George Kappel replied that he was not in a position to say. He admitted, however, that the value of the stock was materially affected if it carried with it a liability of \$26,000, which is now claimed by the liquidator.

How the deal went through without a letter of indemnity from the vendors Mr. Kappel could not explain, but the fact that the liquidator preferred such a claim implied that none had been given. In other words, the purchasers had a lawsuit thrown in with the York Loan holdings of Toronto Life Company stock.

Mr. Scott claimed that the date of actual insolvency would materially affect the value of the transferred shares. The Toronto Life could not claim more than that the shares were actually worth.

Mr. Kappel said that at the present stage the question to be decided was whether the persons who had assigned the \$2,177.07 were still shareholders, or if the York Loan was liable to the Toronto Life for the amount credited on premiums.

Mr. Scott referred to the pending action between the York Loan and the Toronto Life, which he considered would prove the validity or otherwise of the turnovers. If the liquidator succeeds then the Toronto Life have to pay \$26,000 to the York Loan, less such proportion as it may recover on the assigned shares. In any case the status of the turnovers will be decided.

TREASURER DISMISSED. Storage in the Accounts of H. Aletter, of Berlin.

Berlin, Ont., Nov. 4.—Henry Aletter, Town Clerk and Treasurer, was suspended today as a result of the special audit of the books for the year 1906, showing a shortage of over \$800, which the official admits. He is under \$5,000 bonds. The audit was made by Mr. J. M. Scully, of Waterloo. The town auditors and the Government auditor, Mr. Laing, had "O. K.'d" the books.

The action of the Mayor in suspending Mr. Aletter was ratified by the council last night. Aletter being dismissed and Edwin Huber being appointed to the office at a salary of \$100 a month. The town auditors who had declared Aletter's books O. K. were also dismissed, and the town solicitor's opinion will be obtained as to their liability respecting the audit of 1906. Mr. Aletter was under \$5,000 bonds of the London Guarantee Company.

PARIS INVALID BURNED. Helpless, She Could Not Escape, and May Die.

Paris, Nov. 4.—This morning the invalid daughter of Mr. and Mrs. James Ross, aged 17 years, of Paris Junction, was nearly burned to death while asleep, and will likely die.

Her little brother had gotten hold of some matches, and set fire to the curtains upstairs in the room, where the young woman lay, too helpless to even call out an alarm or move from the bed.

The flames spread to the cot and were making fast headway when the mother, aroused by the calls of the little boy, rushed into the room, and with great difficulty and presence of mind succeeded in smothering the fire.

Medical aid was immediately summoned, but could do but little for the suffering child, and no great hopes are held out for her recovery.

The young girl in question has been confined to her bed ever since she was six months old.

DRUGGED AND ROBBED. London Man Says He Was Attacked in His Own Yard.

London, Ont., Nov. 4.—Bert Parsons, of this city, relates a remarkable experience.

Saturday night he says he was attacked in his own back yard by two men, drugged, robbed and trussed up with wire. He was found Sunday morning by his mother, half dead from exposure.

The case was not reported to the police.

HON. DR. McINNIS DEAD. Passed Away at Brandon Following Operation.

Winnipeg, Nov. 4.—Dr. S. W. McInnes, Minister of Education and member for Brandon in the local Legislature, died in Brandon this morning, after an operation for appendicitis. He was 40 years of age. He was looked upon as one of the coming men of the Province. He was only elevated to the Cabinet in May last. The funeral will likely take place in Winnipeg.

Pleural Marriages in Canada. Winnipeg, Man., Nov. 4.—There are as many plural marriages in Canada today as there are in the United States.

This statement, although seeming incredible, was made today by Rev. Geo. T. Webb, General Secretary of the Baptist Young People's Association of America.

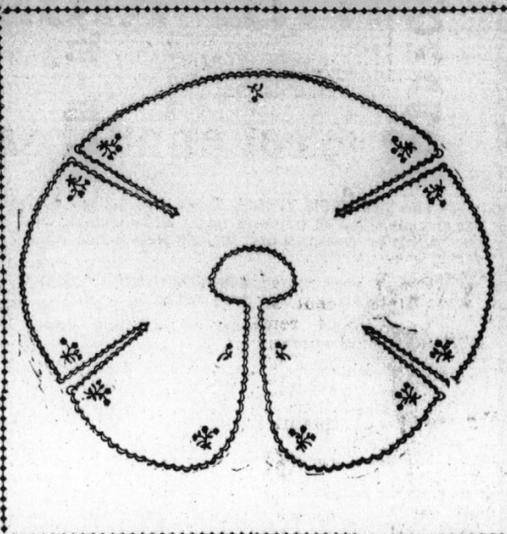

"The people of Canada are not awake to the design the Mormons have in Canada," Mr. Webb has just returned from a trip to the Mormon settlements.

To cure a cold in a night—use Vapo-Creoline. It has been used extensively during more than twenty-four years. All druggists.

The latest industrial strike in Nova Scotia is that of the court stenographers. They are five of them, and they refuse to work longer unless the Government comes to terms with them.

### HOME NEEDLEWORK PATTERN SERVICE.

To the Home Needlework Pattern Department D., Daily Times, Hamilton, Ont.

Gentlemen,—Please send me Home Needlework Pattern No. \_\_\_\_\_, as above. Enclosed please find \_\_\_\_\_, also material to work.

### CRUSHING DEFEAT FOR BOURASSA

Hon. A. Turgeon is the Victor in Bellechasse—Other Ministers Elected.

MR. BOURASSA, The defeated candidate.

Quebec, Nov. 4.—After a hard-fought battle the political campaign in Bellechasse ended today in a crushing defeat for Mr. Bourassa, Hon. Adelaïd Turgeon, former Minister of Lands and Forests, being returned by a majority quite overwhelming. The size of the majority came as a surprise to those who had looked for a closer vote, though the Liberals have been claiming that it would not be under 500. The majority of Mr. Turgeon will be in the vicinity of 900, the best obtainable to-night being from 772 to 783.

Mr. Bourassa returned from the county to-night. "I have nothing to say," he remarked in answer to a query as to his opinion of the result of the election.

In conversation with a friend Mr. Bourassa is stated to have said that he had no intention of retiring to private life, and that if he was wanted tomorrow he would again be ready for the fray.

Hon. Mr. Turgeon, who remained at St. Charles, was reached by telephone to-night. "I was fully confident last week," said he, "that I would be elected by a majority of at least 500, but I never had any idea that it would be so high as that which I have received. I am greatly pleased at the confidence which the electors of the county have placed in me."

Devlin and Taschereau Also. The results at present available are Montmorency, where Messrs. C. R. Devlin and L. A. Taschereau, the new Ministers, were also returned by large majorities, caused great satisfaction among the supporters of the Gouin Government.

A Friend's Eulogy. In a speech at St. Charles after the

ing in a safe robbery in the Irwin, Pa., Post Office, in Westmoreland county, about six years ago, will be given his freedom by the State Pardon Board.

It has been discovered that the robbery was committed by two men, both of whom are now dead.

A woman at Marion, Ohio, in getting a loan of \$0 gave as security a \$50 gold Christmas gift

### COMPANY ROBBED.

EXPRESS EMPLOYEES AND OTHERS ARRAIGNED AT NEW YORK.

The Method of Operation Was to Paste a Bogus Address on Top of the Real One—They Got Parcels Valued at Over \$30,000.

New York, Nov. 4.—Six men were arraigned in the Police Court today charged with robberies from the Adams Express Company, which it is alleged will aggregate between \$30,000 and \$60,000. The prisoners were Charles McCarthy and Max Pope, employees of the company, and Jacob Levy, Wolf Levy, James Zuckerman and Henry Moskowitz.

McCarthy and Pope are charged with larceny and the others with receiving stolen property. The plan under which the men are alleged to have operated was a rather novel one. It is charged that when McCarthy or Pope came in possession of packages addressed to persons outside of New York City they pasted another address over the one on the package, sending the package to one of the four who are accused of receiving the goods. It is said that parcels worth \$6,000 addressed to the four were found at the main depot of the express company today.

All six prisoners were held in \$5,000 bail each.

BUTTER FROM WHEY. Cheese Manufacturers Using By-Product With Success.

Toronto, Nov. 5.—Cheese factories in the province are beginning to find a remunerative use for the whey fat, which has in the past been the cause of a nuisance. A number of manufacturers, according to Mr. H. A. Putnam, superintendent of Farmers' Institutes, are making butter from the fat contained in the whey, which was formerly lost.

Some of the butter, which does not differ from the ordinary output of the dairy, has taken prizes over the home-made butter, and even over the product of some creameries.

One factory proprietor says he has made \$1,500 worth of butter from the whey. It will be only a matter of time before all the factories are utilizing it in the same manner.

TORN BY A SICK LION. Tamer Badly Mauled on the Stage at Pittsburgh.

Pittsburg, Pa., Nov. 4.—J. F. Briggs, a lion tamer, was horribly mangled on the stage of a local theatre here on Friday night by a lion owned by the Eberling animal show. Briggs had charge of the animals. During the early part of the week one of the largest male lions, known as Fritz, became ill, and on Friday night Briggs entered the cage to administer treatment.

No sooner was Briggs inside than the lion sprang at him. The man was thrown to the bottom of the cage, and the enraged lion stripped the flesh from his right leg with his teeth. The screams of Briggs brought other attendants to the rescue, and one of them shot the lion through the eye. The wounded animal attempted to turn on the new enemy, and Briggs was dragged from the cage in an unconscious condition. The lion lost the sight of an eye, but will recover.

EIGHT MONTHS AT SEA. The Arthur Sewell's Long Trip About Continent.

Seattle, Wash., Nov. 4.—The four-masted ship Arthur Sewell, which left Philadelphia in March for Seattle with coal, was reported off Cape Flattery today, and is expected to enter the straits within a few hours.

The sighting of the vessel relieves anxiety over her, since the steamer Fritjof was sighted the wreck of a four-masted bark in the Straits of Magellan August 1. From the description of this wreck it was believed to be that of the Sewell, and high premiums were offered for her reinforcement at Lloyd's.

Since the Arthur Sewell is safe, the mystery of the wreck which the Fritjof's crew saw in the straits remains. The wreck lay between Cape Pillar and Noir Island, halfway between Cape Horn and Cape Pillar, off the southwest coast of Terra del Fuogo. Even if the crew of the wrecked bark reached shore it would have been difficult for them to reach civilization. The land all about is uninhabited, and ships rarely pass that way, except occasional sealers.

EXTINGUISHED FIRE WITH POP. How Pittsburg Policemen Saved the Princess Roller Rink.

Pittsburg, Nov. 4.—The presence of mind of John Ward, a policeman, saved the Princess roller skating rink, in Allegheny, from destruction by fire early this morning. The building is a frame one, and when Ward saw flames coming from the windows he knew if he stopped to call out the fire department it would be in ruins before the arrival of the firemen.

Summoning several men who were passing, Ward broke open a window, jumped through and ran to the refreshment stand. The others followed, and in a few seconds each man was busy throwing pop bottles into the flames. The bottles broke and the pop drowned out the fire.

### What Joy to Be Freed From Piles

It is not only the intense itching and stinging that causes such great suffering from piles, not only the dread of a surgical operation, with its pain, expense and danger, but the whole system seems to be undermined, and as the ailment drags on from day to day and year to year one becomes discouraged, despondent, and in despair gives up all hope of cure.

The joy which cured one's experience on being freed from itching, bleeding and protruding piles is told in the thousands of letters which we have received from time to time.

You need not tell the writers of these letters that there is a case which Dr. Chase's Ointment will not cure, for they will not believe it. They alone know how they suffered, and also know that Dr. Chase's Ointment cured them. In many cases the cures were almost like miracles, so little ointment was used. In others, while relief came quickly, cure was only effected by the persistent use of several boxes of the ointment.

Dr. Chase's Ointment is the only positive and guaranteed cure for every form of piles, 60 cents a box, at all dealers or Edman, Bates & Co., Toronto.

# CASTORIA

The Kind You Have Always Bought, and which has been in use for over 30 years, has borne the signature of and has been made under his personal supervision since its infancy. Allow no one to deceive you in this. ### THREE FIRES AT ORILLIA.

Firemen Did Excellent Work and Saved Valuable Property. Orillia, Nov. 4.—At 4 o'clock this morning fire gutted the frame dwelling at the foot of Matchedash street, occupied by Samuel McPherson. Loss on the building and contents is about \$600.

At 3:30 the brigade were called out for a blaze in the Tuthope Carriage Company's lumber yard. Spontaneous combustion had ignited a coal pile, and flames spread to the lumber. The damage was slight.

The World Furnishing Company's factory was flung to be on fire at 11:30, and at one time it looked as if the whole massive structure would be consumed. The firemen, after a hard fight, were able to confine the fire to the drying kiln, where it originated probably from becoming over-heated. Loss about \$2,500; partially insured.

### LONDON AND CHEAP POWER.

Forest City Decides to Submit a By-Law. London, Nov. 4.—The City Council tonight decided to submit a by-law to the people at the January election providing for the expenditure of \$235,000 for the transmission of Niagara power to the city.

# MUSIC AND DRAMA

audience in a comedy musical act; Barney sang and talked well; Axtell and "Herne," an India rubber man, and his acrobatic dog, did a clever turn, and Joe Flynn received considerable applause for his monologue act. The moving pictures were of unusual interest, showing "Police Dogs," of which a good deal has been written lately, at work.

The evening performance was enjoyed by a large audience. There was a hitch in the afternoon performance, owing to the electric power going off. Miss Taylor did not have sufficient light to do her shooting stunt, and there was no light for the motion pictures.

Comedians who are really funny, and actors who are really competent, and girls who are really pretty, are said to fill the stage in "The Social Whirl," the big musical comedy success from the Casino, New York, which will be presented at the Grand to-night.

This musical concoction comes under the direction of Sam S. and Lee Shubert, Inc., who, as is well known, are responsible for many of the big musical productions. There is a company of eighty, with a hearty chorus of over sixty.

## EX-JAILER TALKS.

JAMES FORBES LOOKS BACK OVER TWENTY YEARS.

Incidents Connected With the Trial and Imprisonment of Birchall Recalled—The Last Interview Between Birchall and His Wife.

(Woodstock Sentinel-Review.)

In all these twenty years, I have never yet seen a man but had some good streaks in him, no matter how bad he might be," said Mr. James Forbes, ex-turnkey of the Oxford County Jail, who in the midst of packing up, for his removal from the turnkey's house, received a Sentinel-Review reporter last evening.

Mr. Forbes has an interesting fund of reminiscences at his disposal relating to the prisoners who have passed through his hands. He estimates that in the twenty years he has had charge of about four thousand different prisoners.

Three years after he assumed the duties of turnkey, the famous Reginald Birchall case stirred two continents, and the prisoner was confined in the jail for eight months. Turnkey and prisoner got to be good friends, and about once each year Mr. Forbes receives a letter from Mrs. Birchall, who went back to England after the execution, and writes to her at the same intervals.

Birchall was hanged on the 14th of November, 1890. During the trial and preceding the carrying out of the death penalty, Mr. Forbes relates, now with an unusual recollection, though at the time it made a serious situation, how the turnkey was "worried to death by reporters."

"There were reporters there from all over, and they filled the whole town and reported the most minute doings of any of those who were concerned in the noteworthy case with the case. One day we put a card up at the front door and another at the rear, with the single word, 'Smallpox.' For a while we were not bothered. Presently two hotel keepers came along, and standing out in the road, asked me if there was really smallpox. I had to admit that there was not. 'Why,' they said, 'you're driving the people out of town.' The hotel keepers were doing a big business. So we took the card down."

### THE RIGHT HOUSE

CHAS. J. ROSS, With "The Social Whirl" Co., which will appear at the Grand this evening.

New York after its summer run, it had packed the Casino nightly and at every matinee, and the receipts were so far in excess of the usual musical comedy business that a record was set for even gay Gotham.

At the Savoy.  
One of the brightest and cleverest travesties that has been presented on the local stage this season is on the programme at the Savoy Theatre this week. It was presented by Murray Clayton and Lillian Drew, and made the hit of the bill at the opening performance yesterday.

A rather strange combination is the turn of Henry and Alice Taylor. The former is an equilibrist of great ability, and the latter is a sharpshooter. Mr. Taylor did some wonderful balancing of lighted lamps, lighted cigars and other things. Miss Taylor is known as the

champion rifle shot of England, and she does some wonderful shooting with rifle and pistol, breaking small glass cubes on the head of her brother.

ONE OF THE DON SISTERS. Who are appearing at Bennett's this week.

a free man, and that he will fight for his liberty until death. The next act shows Eva's beautiful home, and the great love between Eva and Uncle Tom, for he sat with her and sang and read the Bible to her. When her father came in the room she sat on his knee and told him that the time was drawing nigh when she was to leave him and go with the angels, and that night she died, with everybody around her feeling bad.

At Bennett's Theatre.  
The most wonderful and thrilling act on the excellent bill at Bennett's Theatre this week is provided by Volta, who defies the death-dealing power of electricity and is evidently immune from its effects. He handles live wires with his bare hands and receives a current of electricity into his hand by a spark jumping nearly five inches of space. His manager announced that he endures 75,000 volts of electricity in this marvellous feat, and that ordinarily death in the electric chair is occasioned by only 1,740 volts. Mr. Volta does a great many other unbelievable things in playing with this awful force, and everything is done in full view of the audience and in proximity to a committee called upon the stage.

Among the feats performed by Volta is to ignite handkerchiefs by touching them with his arm and tongue. He does his performance by taking two rods of iron in his bare hands and welding them together under water by means of electrical heat directly applied to the ends. The immense voltage he withstands may be imagined.

Willie Eckstein, "The Boy Padewski," a brother of Mr. Harry Eckstein, the well-known local comedian, was given a warm reception when he appeared to perform on the piano. The lad is only 14 years of age, and his playing was a revelation to those who had never heard him before. His programme numbers were sufficiently varied to show his

technical proficiency, embracing a Weber concerto and a medley of popular airs.

## EX-JAILER TALKS.

JAMES FORBES LOOKS BACK OVER TWENTY YEARS.

Incidents Connected With the Trial and Imprisonment of Birchall Recalled—The Last Interview Between Birchall and His Wife.

(Woodstock Sentinel-Review.)

In all these twenty years, I have never yet seen a man but had some good streaks in him, no matter how bad he might be," said Mr. James Forbes, ex-turnkey of the Oxford County Jail, who in the midst of packing up, for his removal from the turnkey's house, received a Sentinel-Review reporter last evening.

Mr. Forbes has an interesting fund of reminiscences at his disposal relating to the prisoners who have passed through his hands. He estimates that in the twenty years he has had charge of about four thousand different prisoners.

Three years after he assumed the duties of turnkey, the famous Reginald Birchall case stirred two continents, and the prisoner was confined in the jail for eight months. Turnkey and prisoner got to be good friends, and about once each year Mr. Forbes receives a letter from Mrs. Birchall, who went back to England after the execution, and writes to her at the same intervals.

Birchall was hanged on the 14th of November, 1890. During the trial and preceding the carrying out of the death penalty, Mr. Forbes relates, now with an unusual recollection, though at the time it made a serious situation, how the turnkey was "worried to death by reporters."

"There were reporters there from all over, and they filled the whole town and reported the most minute doings of any of those who were concerned in the noteworthy case with the case. One day we put a card up at the front door and another at the rear, with the single word, 'Smallpox.' For a while we were not bothered. Presently two hotel keepers came along, and standing out in the road, asked me if there was really smallpox. I had to admit that there was not. 'Why,' they said, 'you're driving the people out of town.' The hotel keepers were doing a big business. So we took the card down."

Every piece of fur in stock reduced

WHEN STATE JEWELS HAVE BEEN STOLEN.

The sensational discovery of the disappearance from Dunnotar Castle, of the crown jewels of the Order of St. Patrick is a most eloquent reminder that even the most jealously guarded treasures are not always safe from the evil designs of clever, enterprising thieves.

It is some 235 years since the regalia in the Tower of London had a narrow escape from the late ancient has appeared overtaken that of the Order of St. Patrick, having conducted a plot with three kindred spirits, a notorious rascal, known to history as Colonel Thomas Power, induced the keeper of the crown jewels to admit him and his confederates to view them.

Next moment the door of the chamber closed, in accordance with inviolable practice, than a cloak was thrown over the keeper's head, a gag thrust into his mouth, and an iron hook fastened to his nose. The thieves immediately made a stab at the crown and jewels. In order to proceed it from the Austrians it was hurried by a band of patriots in a forest, where it lay concealed for nearly fifty years.

It was then dug up from its hiding place, much the worse for its extraordinary experience, and conveyed to the Hungarian capital. Since then the crown of Hungary has not figured so conspicuously in the romance of stolen royal emblems.

They were in due course recovered from their grave and returned to the Scottish capital, London, U. S. B.

Most POPULAR HYMNS.

How Some of the Most Famous Were Written.

Strange and pathetic are many of the stories connected with the origin of famous hymns. In some cases, however, fictitious romances have been built around the beautiful words sung in our chapels and churches. For many years it was believed that Cowper's "God Moves in a Mysterious Way" was written as an outpouring of the poet's soul in gratitude for the restoration of his attempted suicide in October, 1773. The fact, however, that this hymn has been found in a manuscript in which the latest date is August, 1773, proves that it was written before Cowper's attempt on his life.

Then, again, it is a popular belief that Augustus Toplady wrote "Rock of Ages" while sheltering from a storm between two limestone rocks in the Mendips. No proof of the story is forthcoming, however, and consequently it must be accepted with caution. But there is no doubt that the author of "Christians, Awake!" John Byrom, composed that magnificent hymn as a Christmas gift to his favorite daughter, Dorothy, for he inserted upon the manuscript, "Christmas Day for Dolly."

It was characteristic of the late Bishop Bickersteth, who wrote "Peace, Perfect Peace," that he always found it easiest to express in verse whatever subject was uppermost in his mind. One day he heard a sermon delivered by Canon Gibbon, vicar of Thurgate, on the text, "Thou wilt keep him in perfect peace whose mind is stayed on Thee," and shortly afterward went to visit an aged and dying relative, Archdeacon Hill, of Liverpool. Bishop Bickersteth found the Archdeacon somewhat troubled in mind, and it being natural to him to express in verse the spiritual comfort which he desired to convey, the Bishop took up a sheet of paper and there and then wrote down the hymn just exactly as it stands and read it to his dying friend.

An example of a hymn being written to suit a certain time is furnished by the grand old favorite, "I Think When I Read That Sweet Story of Old." Mrs. Luke, of New York, was very much impressed one day by an old Greek tune which she had seen the children of the Normal Infant School, Gray's Inn road, marching to, and while going home on the stage coach she wrote the words to suit the music on the back of an old envelope.

There are two accounts of how "Just As I Am" came to be written. One authority asserts that it was while she lay in great physical weakness on a sofa, the other members of the family being present at a bazaar in which all but the invalid were taking an active part, that Charlotte Elliott, the author of the hymn, wrote the words which have stirred the hearts of thousands.

On the other hand, the story is that a young girl was going to the town to choose a new dress for a ball. On her way she met a priest, who said she ought not to go. However, she went, but did not enjoy the evening at all and returned home miserable. Charlotte Elliott, (for that was the young girl's name), went to confess to her priest all about it, and asked what she should do. He advised her to go home and tell Jesus all about it. "Just as I am," she said, home, and on her knees composed the hymn. The proofs, however, seem to point to the first story, which is given by Dr. Julian.

Dr. Julian, by the way, tells us that the total number of Christian hymns in the 200 or more languages and dialects in which they have been written first is less than 400,000. Germany coming first with 100,000, and England next. The most popular hymns, according to a census which he has taken, are, "When I Survey the Wondrous Cross," "Awake, My Soul, and with the Sun," "Hark, the Herald Angels Sing," and "Rock of Ages, Cleft for Me."

LOCKJAW AND HYDROPHOBIA.

Old-Time and Modern Methods of Treating These Dread Diseases.

The fearful tetanus, or lockjaw, was described in all the books when I was a student to painure or irritation of a nerve, and both hands and feet were sometimes cut off to stop the irritation going up the nerve to the brain. Now we know that it is a fatal poison in the blood, which acts like erysipelas, though more painfully, and which is produced by a bacillus lodged in a punctured wound made by some stick, nail or piece of wood on which this evil bacillus happened to be. It is a soil bacillus and grows in rich garden soil, particularly where guano or fish manure is used. All wounds, therefore, into which earth has entered should be promptly cauterized.

Hydrophobia also presents another illustration of what modern science can do. A recent remarkable discovery by Dr. Ira Van Gieson, of the Laboratory of the New York Board of Health, makes it possible now to determine in a few minutes what used to take weeks to decide. As dogs are so generally shot if they bite people in the streets, it then becomes an anxious question whether the dog was mad or not. Formerly, to settle this question, rabbits were inoculated with the saliva or blood of the suspected dog to see if it gave them the disease. But it might be necessary to wait a month to be sure on this point. Dr. Van Gieson has discovered that a slice of a mad dog's brain shows an appearance in the brain-cells never found except in rabies. If this is found the serum treatment instituted by the illustrious Pasteur should be commenced at once in time. Dr. William Hanna Thomson, in Everybody's Magazine.

On the Waterways.

A negro exhorter shouted to his audience, "Come up an' jine de army ob de Lord."

"Use done jined," replied one woman.

"Why, chile," said the exhorter, "yo' s'ist in de army ob de Lord; yo' in de navy."—Everybody's Magazine.

The Provincial Government will consider the appointment of an agent-general for Ontario in England.

WEST END LOTS UP AGAIN.

This Time Owners Appeal Against Increased Assessment, But Court of Revision Upheld the Department.

About \$9,000 Was Allowed on Appeals Heard Yesterday.

These celebrated west end lots, which have been the cause of many a lively squabble among the aldermen at different times, when efforts were made to get the city to purchase them as a site for a west end disposal works, were the subject of an interesting discussion before the court of Revision yesterday, when the owner, W. Bowerman, appeared to appeal against the increased assessment. Arthur Frid, who also owns a number of lots in the Macklin survey, appeared. At the time the question of buying Mr. Bowerman's lots was before the court the assessment on the lots, some of which were valued as low as \$35, was pronounced ridiculously low. The assessor explained that as a result of the criticism levelled at the department he had doubled the assessment on all the lots, valuing lots that were assessed at \$60, at \$120, and so on.

The parties interested contended that the land should be assessed as farm land, but the court referred to a clause in the act which says farm land must comprise fifty acres, and confirmed the assessment. The appeals dealt with yesterday were nearly all in Ward 4 and about \$9,000, principally on income, was knocked off, compared with \$8,460 last year.

Edward Hughes, 115 Pearl street, income \$500; \$500 off. William Ford, 34 Dundas street, business assessment, \$150; \$150 off. Peter Erskine, 238 Locke street, income \$1,500; \$200 off. Edward Culbert, 103 Locke street, income \$780; \$580 off. Samuel Gage, 30 Crooks street, income, \$1,000; \$700 off. John A. Bigley, 26 Magill street, income \$200; \$200 off. Marvin Angle, 56 Locomotive street, income, \$500; \$500 off. Charles and Robert Duff, 216 and 218 York street, business assessment, \$1,500; \$550 off. Peter McCullough, junior, 31 Sophia street, assessed at \$1,200; \$100 off. Alphonse Landry, 43 Marguerite street, assessed at \$1,200; \$100 off. Peter McCrory, 26 Davenport street, income, \$400; \$300 off. William Watson, 58 Queen street, assessed at \$1,200; \$100 off. Maria Ollman, Athol street, 22 lots, assessed at \$6,730, on Macklin, Dundas and Athol streets and Paradise Road, \$1,400 off. James Patton, 174 1/2 York street business assessment, \$150; \$150 off. John E. Sinker, 67 Crooks street, business assessment \$180; \$180 off. James O'Connor, 211 Locke street, assessed at \$700; \$100 off. Elmer Bowman, 114 Bay street, assessed at \$1,500; \$140 off. Andrew Loftus, 109 Dundas street, income \$500; \$100 off. William McCabe, 91 Locomotive street, income \$140; \$140 off. William B. Robbins, 85 Inebury street, income, \$400 off. Frederick Whitehead, 172 Hess street, income \$700; \$500 off. Walter Turnbull, 53 King street, income \$400; \$300 off. John W. Horne, 83 Magill street, income \$1,000; \$200 off. Richard Hovle, 4 Marguerite street, assessed at \$1,200; \$200 off.

STAMFORD'S CHEAP LIGHT.

Township in Welland County Contracts to Illuminate Its Roads. Toronto, Nov. 5.—The Township of Stamford, in Welland County, has completed arrangements for the lighting of its main highways by a private corporation allied with the Ontario Power Company. The municipality will pay the company \$500 for lighting the roads from Niagara Falls to the point known as Stamford, a distance of three and a half miles, and from Stamford for two miles along the Lundy's Lane road. Incandescent lights will be used on these two highways, which are among the finest in the Province. In addition, many of the residential fruit farms, along the road have also contracted with the company for light. These orders will amount to about \$2,000 a year for the company. The customers will secure the illuminant at a rate lower than that prevailing in the city of Niagara Falls itself, says Mr. E. F. Fraser, M. P. P. for Welland, who was in the city yesterday.

AGED WOMAN MURDERED.

Killed in Her Home and Her Savings Stolen. Philadelphia, Pa., Nov. 4.—Marina Carmela Mongoluzzo, an aged Italian woman, was murdered and robbed of \$700, the savings of herself and husband, while at work to-day in a shed in the rear of her home in southwest Philadelphia. The woman's husband, Amatto Mongoluzzo, went to work this morning and when he returned home he found his wife with her throat cut. The police believe someone familiar with the couple's habits committed the murder. Her husband and other Italians were taken into custody by the police for examination.

DYNAMITE IN THE MUCK.

Two Italians Injured in a Mine at Cobalt. Cobalt, Ont., Nov. 4.—Two Italians were injured this morning at a mine at Brien mine while working in one of the drifts. They were mucking in a hole that had been blasted Saturday night, and there happened to be some dynamite in the muck. One of them was cut pretty badly about the eyes and the other received a gash on the head.

When Seven Men Die

You know at least one of them had Consumption. At first it was only a cough—but it was neglected. When "Catarhoxone" cures so quickly it's foolish to suffer—it's a shame to keep on sniffing and hawking. Catarhoxone goes direct to the cause of the disease—that's why it's so dead certain to cure. It stops the cough, prevents that disgusting discharge, clears phlegm out of the throat in five minutes. Very pleasant, and safe, too; get Catarhoxone from your druggist to-day.

SHIPLOAD OF JAPS FOR VANCOUVER.

SYNDICATE OF HAWAII TO SEND CARGOES OF THEM TO CANADA.

Six Hundred to Come in January, and Other Consignments to Follow in Rapid Succession—Mackenzie King to Investigate Immigration.

Honolulu, Nov. 4.—Neither Vancouver's late hostile demonstrations of protest, the strong opposition of local interests nor the numerous and diverse troubles of the Kumeric expedition several months ago has had the effect of discouraging the Japanese exporting syndicate, and arrangements are at present actively on foot for sending another lot of Orientals from the Islands shortly after the first of the year. In fact the plans have been carried past the point of mere possibility, for vessels have been chartered for the purpose and the contracts signed.

According to the contracts which the local bus has made with the Allan Line Steamship Company, the steamship Indravelli will be in port on Jan. 28, ready to carry 600 Japanese to Vancouver, and two months later the Dean of Ruthven will be ready to take on board 1,200 Japs for transportation to Brazil. Plans for still further shipments in the future are being made, but details have not been perfected.

The above statements are confirmed by Senator Charles F. Chillingworth, who was prominent in the other Japanese emigration projects, and by K. Muriyama who has been in the van of this work also. Moreover, the contracts referred to were displayed, as well as other documentary evidence that the talk was no bluff. "The Japanese here want to go," said Chillingworth, "and we are going to help them out."

Muriyama, who went to British Columbia to look after the collecting of the \$25 per head advanced to the Kumeric passengers, arrived home only last week on the Alameda. Regarding the present conditions in the Northwest, he said: "There are absolutely no good grounds for the opposition to Japanese in Vancouver. There is more than enough work for all, and the only trouble is that there is not enough laborers to go around. Why, in less than ten days after the Kumeric crowd landed there wasn't a Japanese of the lot who wasn't at work at from \$1.75 to \$2 per day. They were snapped up by contractors and rushed out in all directions. The only trouble is caused by the antagonism of the labor unions, and does not indicate that there is a lack of work in Canada or that there is not a demand for more labor than can be supplied."

Beyond His Powers. Vancouver, B. C., Nov. 4.—Commissioner Mackenzie King has dropped his inquiry into the methods of conducting the immigration business, about which he sharply questioned Japanese witnesses during recent hearings. Counsel for the Japanese Government insisted that Mr. King's proceeding forced him to confine himself absolutely to the one issue of damages. Mr. King, although he declared it was to the interest of the people of British Columbia that all immigration dealings should be exposed. He expressed the opinion that unless this were done illicit Japanese immigration would probably still go on, no matter how successful, diplomatically, the mission of Mr. Lemieux might be.

Mr. King added that it was up to the people of British Columbia. If the Legislature wished an exposure of immigration methods a request for investigation could be sent to Ottawa. Evidence of the operation of companies developed last week methods apparently in defiance of the regulations of the Government, both of Japan and Canada.

MR. KING'S APPOINTMENT.

Royal Commission to Investigate Japanese Immigration. Ottawa, Nov. 4.—At a meeting of the Cabinet this afternoon an order-in-Council was passed appointing Mr. W. L. Mackenzie King a royal commissioner to investigate the question of Japanese immigration into British Columbia, especially in respect to the reports that many Japanese holding forged passports have been brought in this year under contract with employment agencies.

RAILWAY RATES.

Toronto, Nov. 5.—The Railway Commission has ordered all the Canadian railways operating under a Dominion charter to adopt a uniform system of account keeping, and the commission has set out the form of returns which each railway must make to the Government. This week a new freight tariff from Winnipeg west will be issued, taking effect November 15, and replacing the special freight tariff affecting points in Manitoba and the west. While the figures have not been made public, it is understood that the change means an increase of a little over 30 per cent.

STOLE DUMMY, LEFT GOLD.

Pursuer Would Have Caught Thief, But for Police Vigilance. London, Nov. 4.—In a window of a department store in one of the main streets of the Altstadt quarter of Munich there was displayed last week a gold championship belt, the prize of an international wrestling match being held there. Around the belt were rolls of coins representing \$1,000, the purse to be presented to the victor. In the small hours of last Saturday night an unknown individual broke the window with a brick wrapped in flannel, grabbed the treasure and fled. A superintendent of the street cleaning bureau saw the deed, jumped on his bicycle and gave chase but before he had gone very far was stopped by a policeman, who wanted to know why he was carrying no light on his machine. When the matter had been explained to the satisfaction of the guardian of the law the thief had of course vanished. A grievous disappointment awaited him, though, for the rolls contained worthless dummy coins, while the gold belt, which he had let alone, was genuine and worth \$500.

Sydney, N. S., is to have a new daily newspaper, and to-morrow for the first time there will be published from the office of The Daily Record The Morning News. For the present it will be a four-page paper, and will sell for one cent. J. S. McDonald, confessed robber of the North Sydney (N. S.) postoffice, was last evening sentenced to four years in Dorchester Penitentiary by Judge McKenzie.

WILL FILL IN THAT INLET.

Cataract Company Consents to Haul Garbage for That Purpose.

Board Refuses to Take Over Furs Handled by Smallpox Patient.

Will Consider the Claim of One Man for Compensation.

Something that looks like a move in the direction of abating the nuisance at Coal Oil Inlet is a promise on the part of the Cataract Power Company to use the garbage collected in the city for filling-in purposes. Chairman Quinn announced that the company had consented, beginning next spring, to take the garbage on its cars from some central point, and by means of a temporary switch off George Stroud's property dump the refuse in the middle of the inlet. The chairman and Messrs. Peckles and Crooks were appointed to investigate, and report back to the board. It was estimated that it would cost about \$6,000 to build the spur to the inlet, and some of the members thought the property owners might object if the board proceeded to take legal action against them.

It was announced that the members of the Board would have a conference on Thursday with W. L. Ross, solicitor for those who are desirous of prosecuting the parties charged with contributing to the Coal Oil Inlet nuisance. The money to defray the expense attached to a High Court action has all been subscribed. On the suggestion of the chairman, the Medical Health Officer was empowered to order the collection of garbage from certain places around the city, from which the scavengers have not been in the habit of taking garbage. These include places that are not manufacturing concerns, and where the only refuse is the ashes. The scavengers got possession of a copy of the regulations, which shows they are not obliged to take garbage from certain places, and they have been drawing the line tight.

Smallpox matters took up the rest of the time. The Mayor appeared on behalf of W. Wilkie, Merrick street, in whose house a girl who was rooming had smallpox. Wilkie, the Mayor explained, was out of work six weeks, and lost his job. He also had to destroy some of his effects, and asked the board to compensate him for the same. The members seemed opposed to doing this, but the matter was left with the Mayor and chairman. The St. Catharines man who owns the furs in the King street west store, where a smallpox patient was discovered, was notified that the furs, and where the owner refused to take possession of them at once, as the board would assume no more responsibility. The board decided to allow the return of the Merrick street patient \$27 and the Birch avenue case \$19 for effects destroyed by its owner.

HELP TO BE SENT.

The Tightness of Money Lays Embargo on Grain. St. Paul, Minn., Nov. 4.—A despatch from Grand Forks, N. D., says: "Senator Hansbrough to-day sent the following telegram to President Roosevelt: 'Fully 100,000,000 bushels of grain are now ready to be marketed in the two Dakotas and Minnesota, and there is no money with which to do it. The necessities of the northwest are, therefore, much greater than in any other section of the country, demanding the fullest consideration at the hands of the Treasury Department. Ten million dollars placed in Twin City hands would raise the embargo and start grain shipments to Europe. This would relieve the financial stress in the east much quicker than a deposit of treasury funds in New York.'

COAL DEPOSITS IN GREENLAND.

Discovery of Great Importance to Esquimaux. London, Nov. 4.—That Greenland possesses considerable mineral wealth including coal, has been known for many years, but until now no serious attempt has been made, owing to adverse climatic conditions to extract on anything like a big scale these natural riches from the soil. Extensive coal deposits have been discovered by a German mining expert on the mainland near Disko Island, and an exhaustive report is being drawn up for the Danish Government setting forth the conditions under which these coal fields could be profitably worked. The production of coal would revolutionize the life of the Esquimaux, and the native Esquimaux who still depend on blubber and train oil for heating and lighting purposes. As regards the other minerals a company has been formed recently at Copenhagen which has secured a twenty years' concession from the Danish Government to work the mineral deposits in Greenland; but coal will probably be made a State monopoly.

WOMAN DRIVES MOTOR CAB.

Daughter of Hungarian Magnate, Grown Poor, Dons a Uniform. Berlin, Nov. 4.—Frau von Uapp, the daughter of a Hungarian nobleman and the widow of a great landowner, on falling upon evil times, turned, to account the knowledge she has acquired for sport in the days of her prosperity. She has become Berlin's first woman motor cab driver. She passed a severe police test and accepted the regulation blue uniform and white peaked caps of the Berlin motor cabs.

JABEL ROBINSON'S ILLNESS.

Former Member for West Elgin Reported to be Dying. St. Thomas, Nov. 4.—Mr. Jabel Robinson, who represented West Elgin in the House of Commons prior to the last election, is dying at his home in Middleburg. Mr. Robinson was for years President of the Dominion Grange, being one of the original promoters, and sat in the House as an Independent. He was at one time Alderman and Chief of Police, but of late has lived on his farm.

WORKING OF PROHIBITION ACT.

New Brunswick Committee Taking Evidence in Prince Edward. Charlottetown, P. E. I., Nov. 4.—The committee appointed by the New Brunswick Government to examine into the working of the Prohibition Act in this province, held its first sitting to-day. The committee has no power to examine under oath, unless witnesses be taken to New Brunswick, which will be done later. The committee will sit at Summerside, Souris, Georgetown and other points. Evidence will be taken on both sides.

Rib Cracked in a Hustle.

Kingston, Ont., Nov. 4.—The medical and science students at Queen's hurried defiance at the arts men to-day, and there was a lull time for many minutes. Rough work was indulged in, and J. McLeish, of Parkdale, a freshman, had a rib cracked.

Lame back—swollen hands and feet—Rheumatism and Sciatica—Neuralgia—all are cured to stay cured, by

Fruit-atives OR-FRUIT LIVER TABLETS.

They heal the kidneys and purify the blood. Made of fruit juices and tonics. 50c a box—at all druggists'.

LIBERAL MEETINGS.

HON. A. G. MACKAY TO HAVE BUSY TIME.

Conventions and Rallies to be Held in Many Ridings—Party is Very Active, and Organization is Being Pushed to Completion.

A series of Liberal meetings are being arranged by Mr. F. G. Inwood, General Secretary of the Ontario Reform Association, and these begin on Saturday next at Hamilton, when the Wentworth Liberals hold a convention for the Dominion House, at which the Hon. W. L. Patterson, M. P., Mr. A. Zimmerman, M. P., and Mr. G. H. McIntyre, M. P. On the same evening Hon. A. G. Mackay, M. P., will address a meeting in Brantford. On Tuesday, November 12th, a Provincial and Dominion Convention for South Perth will be held at St. Mary's, the speakers being Hon. A. G. Mackay, M. P., and Mr. G. H. McIntyre, M. P. On Wednesday, November 13th, at Port Rowan, Hon. A. G. Mackay, Colonel Atkinson, M. P., and Captain Kilmaster will speak to the Liberals of North Norfolk. On November 14th Hon. A. G. Mackay and others will speak at Delhi, in North North.

On Saturday, November 16th, a Dominion and Provincial Convention assemblies in the Elks' Hall, St. Catharines, and Hon. A. G. Mackay and others will speak. During the week of November 18th Hon. A. G. Mackay expects to be at Fort William, Kenora, Port Arthur, Fort Frances and some other point in that locality. On December 5th the Provincial convention for West Huron will meet at Goderich, at which Hon. A. G. Mackay, Mr. Robert Holmes, and Mr. M. G. Cameron will speak. On December 6th the East Huron Liberals will meet in Brussels, and Hon. A. G. Mackay will be one of the speakers. On December 16th Mr. Mackay will address the West Toronto Liberals.

SEVERE PAINS IN THE GROIN.

Trying Experience of a Well-Known Citizen in St. John, N. B. The case of Mr. Chas. F. Olive, for years foreman in the "Gazette" of St. John, N. B., is a striking evidence of the power of Ferrerozine. A few months ago he gave me a record for restoring sufferers from acute stomach and kidney trouble; it invariably does cure.

"For several years" writes Mr. Olive, "I have had kidney trouble and until quite recently I suffered torture. A few months ago my condition assumed a very serious form. I consulted several city doctors, used different pills, but without the slightest benefit. I suffered from an intense pain in the groin, and the increasing seriousness of my trouble prompted me to try Ferrerozine. It gave me quick relief, and a half-dozen boxes cured me. Ferrerozine I can recommend as a specific for disordered kidneys."

DROWNED IN A PAIL.

Little Boy Named McMaster Meets Peculiar Death at Alvington. Alvington, Nov. 4.—A little boy about one year old, youngest son of John McMaster, of this place, was drowned in a pail of water this evening. His mother had just gone out for a few minutes, and on returning found the child in the pail. Everything possible was done to resuscitate him, but without effect.

HE WOULD NOT TELL.

Joseph Healey Chose to Spend Four Years in Prison. New York, Nov. 4.—Rather than reveal the identity of the politician who induced him to register falsely in two election districts, Joseph Healey to-day accepted a prison sentence of not less than four years and six months and not more than four years and eleven months.

NEW USE FOR OLD GLORY.

Baltimore Woman Hanged Herself With United States Flag. Baltimore, Nov. 4.—Mrs. Cornelia McKelvie twisted an American flag into a rope to-day, and committed suicide by hanging herself to a closet door. Her body was discovered by her thirteen-year-old granddaughter. Melancholia, due to poor health, is supposed to have prompted the act.

A Dictator.

The weather dictates what we shall wear. Outside workers must have special clothing. We cater to their trade specially. Our margins are close. What we say we do.—M. Kennedy, 249 James north.

Three Kansas Banks Close.

Topeka, Kan., Nov. 4.—Bank Commissioner J. W. Royce announced to-day that three Kansas banks had been forced to close their doors owing to the failure of the Bankers Trust Company of Kansas City, Mo., on Oct. 28. The banks are the Coyville State Bank, Coyville; the Garland State Bank, Garland; and the Citizens' State Bank of Mulberry, all small institutions. Receivers will be appointed at once.

Drowned in a Pail.

Alvington, Ont., Nov. 4.—A little boy about one year old, youngest son of John McMaster, of this place, was drowned in a pail of water this evening. His mother had just gone out for a few minutes and on returning found the child dead.

HARD COAL CITY HALL.

City Engineer Thinks it is Preferable to Smoke Consumer.

Representatives of Rival Companies Wanted Their Devices Tried.

New Patrol Station to be Opened Within a Week.

After the Markets Committee had passed a resolution last evening deciding to burn hard coal in the City Hall, the representatives of two rival companies exploiting smoke consumers and fuel savers appeared, and for an hour or more debated the merits of their devices. The aldermen listened patiently, and then decided to lay the matter over without taking any action. In the meantime hard coal will be used. Chairman Nicholson declared that if he knew it the City Hall clerks would not work this winter with their overcoats on and complaining of being frozen half to death. The City Engineer in a report on smoke consumers advised that it would be more economical for the City Hall, where there was not a large plant, to use hard coal. It cost about \$900 to heat the Hall with soft coal, and the cost of hard coal was estimated at \$1,200.

Although Ald. Lees seconded the motion to use hard coal, he said he did so under the impression it would not cost any more than with soft coal. If any extra \$300 was to be spent he favored giving the smoke consumers a trial. One of the representatives of the smoke consumers claimed he could effect a saving of 20 per cent. The tender of the Cataract Power Company for lighting the new patrol station was accepted. As soon as the lights are installed, which will be within the course of a week, the station will be formally opened.

There was talk of the members celebrating the occasion with a little "blow-out." The boiler inspector reported that the City Hall boilers would stand 80 pounds pressure.

DR. CHASE'S OINTMENT

The Berlin assessor's reports show an increase of 923 in Berlin's population during the past year, bringing the total up to 13,074. The increase in assessment was half a million.

SYNOPSIS OF CANADIAN NORTH-WEST HOMESTEAD REGULATIONS

ANY even numbered section of Dominion Lands in Manitoba or the North-West Province, excepting 8 and 28, not reserved, may be homesteaded by any person the sole head of the family, or male over 18 years of age, to the extent of one-quarter section, of 160 acres, more or less.

Application for homestead entry must be made in person by the applicant at the office of the local Agent or Sub-agent. Entry by proxy may, however, be made on certain conditions. By proxy, the son, daughter, brother, or sister of an intending homesteader.

An application for entry or inspection made personally at any Sub-agent's office may be wired to the local Agent by the Sub-agent, at the expense of the applicant, and if the land applied for is vacant on receipt of the telegram such application is to have priority and the land may be homesteaded. Entry papers to complete the transaction are received by mail.

In case of "personation" the entry will be summarily cancelled and the applicant will forfeit his homestead claim.

An application for inspection must be made in person. The applicant must be eligible for homestead entry, and must not be an applicant for inspection will be received from an individual until that application has been disposed of.

A homesteader whose entry is in good standing and not liable to cancellation, may, subject to approval of the Department, relinquish it in favor of father, mother, son, daughter, brother or sister, if eligible, but to no one else, on filing a declaration of abandonment.

Where an entry is summarily cancelled, or summarily abandoned, the applicant to its situation of cancellation proceedings, the applicant for inspection will be entitled to prior right of entry.

Applicants for inspection must state in what particular the homesteader is in default, and if subsequently the statement is found to be incorrect in material particulars, the applicant will be summarily cancelled, or, if entry should the land become vacant, or if entry has been granted it may be summarily cancelled.

DUTIES.—A settler is required to perform the conditions under one of the following plans: (1) At least six months' residence upon cultivation of the land in each year during the term of three years.

(2) If the father or mother, if the father is deceased, or the homesteader resides upon a farm in the vicinity of the land entered for by such homesteader the requirements as to residence may be satisfied by such person residing with the father or mother.

(3) If the settler has his permanent residence upon a claim owned by him in the vicinity of his homestead, the requirements may be satisfied by residence upon such land.

Before making application for patent the settler must give six months' notice in writing to the Commissioner of Dominion Lands at Ottawa, of his intention to do so.

MINING REGULATIONS.—COAL.—Coal mining rights may be leased for a period of twenty-one years, at an annual rental of \$1 per acre. Not more than 2,500 acres shall be leased to one individual or company. A royalty at the rate of five cents per ton shall be collected on the merchantable coal mined.

At least \$100 must be expended on the claim each year or paid to the mining recorder in lieu thereof. When \$500 has been expended or paid, the locator may, upon having a survey made, and upon complying with other requirements, purchase the land at \$1 per acre.

Patent provides for the payment of a royalty of 2 1/2 per cent. on the sales of placer mining claims generally are 100 feet square; entry fee \$

WORLD

WHAT IS GOING ON NOW

The 2 T'S One-Fifth, When Added to Quality, or Taken Off the Price, Gives Our Men's Clothes Big Advantages

TIGER CUBS AND BERKERE COLLEGE.

Manager Long's Bunch Play Here on Saturday.

What Ottawa Papers Have to Say About Saturday's Game—Tommy Burns to Use Canadian Gloves in His Bout With Moir—International "Pro." Hockey League is No More.

The Junior Tigers will hold the centre of the stage here on Saturday and their game with the fast Berlin team from St. Jerome's College will be a hummer from the sound of the whistle. The Berlin team have had a remarkable season so far and have run up some 130 points against their opponents, while they have yet to be scored against. Our own team have scored almost a hundred points and they yet have to be scored against, so that the youngsters seem well matched. This is a semi-final game in the O. R. F. U. series and the winner of the series is generally accepted as the champions. The Cubs are going to put in a hard week's work and will take no chances on being robbed of the championship at the last minute as they were last year, when they really should have won. The Berlin boys will likely bring up a big crowd of college rosters, and if it is a nice day there will be a big crowd. It will be the last opportunity of seeing the Cubs this year and in fact, there will be no more game this season, so that football lovers will not have many chances to enjoy their favorite sport.

later his nose was broken. Two fingers were finally wrenched, but the quarter-back stuck in the game till the end. Holder, Limestone's inside wing, received two broken ribs in the game against Westmont on the ground, and, though advised to quit, went back and finished the contest. Queen's will likely have a strong Rugby aggregation next year, as at least two, probably three, of Ottawa College's brilliant players will enter Queen's next autumn as freshmen in medicine.

MAY STOP IT.

Out Look For Winter Racing at New Orleans Not Good.

Cincinnati, O., Nov. 5.—The report that the Governor of Louisiana has called for a special session of the Legislature in an effort to abolish racing in New Orleans, has caused considerable uneasiness among the horsemen here, who have looked forward to a prosperous meeting at the Crescent City. With the present racing conditions in Kentucky, the passing of an anti-racing bill in Louisiana would be a severe blow to the sport of kings in the middle west. It is believed, however, that this is merely a bluff on the part of the Governor, and that the Legislature would not support such a measure.

CORRIGAN'S YEARLINGS SHIPPED.

Lexington, Ky., Nov. 5.—Twenty yearlings belonging to Ed. Corrigan were brought in from Mr. Corrigan's Freehold stud, near this city, and shipped to Louisville, where they will be put in training at Churchill Downs. As the colts were being led along the Versailles pike to the city one of them became frightened at an interurban car, and breaking its halter, ran down the pike. Believing that a companion would have an influence in quieting the runaway, the groom turned loose another colt, who joined his companion, and the two ran at full speed down the pike, followed by the car. It was a close race between the two colts, but the car was badly beaten, and the two colts were caught at Anglin avenue, and led quietly back to their companion.

EDITORIAL ON FOOTBALL.

Says the Ottawa Citizen editorially: Football, one of the most manly and interesting sports of the year, is now having its ups and downs, and thousands of spectators are turning out in our Canadian cities to witness the contests on the field. As in lacrosse and hockey, the same vicious propensity is apparent on the part of some teams to match brute force against skill and clean play. However, this season, due to the influence which is being exerted by the Ontario Amateur Football Association, the importation into the game of what is known as the "professional" element, is being discouraged. In the prize ring any contestant who endeavors to evade the rules and win a fight by resorting to rough-and-tumble tactics is immediately ruled out, and suffers the penalty of unfairness by the decision of the referee. It seems strange that in the better class of sports this same spirit of fair play seems to be lacking. Partisan sports who would tolerate an infringement of the rules of the prize ring will defend and applaud equally flagrant departures from the rules of sport in other games, and are not ashamed to profit by the success thus unfairly achieved. Also, the slackness or inefficiency of referees such as would be tolerated in a prize ring are not infrequently regarded with leniency under existing conditions in other lines of sport.

IS ALL OFF.

International "Pro." Hockey League Thing of the Past.

Sault Ste. Marie, Ont., Nov. 5.—Secretary M. Laughton, Canadian Soo hockey team, International League, yesterday received word from Michigan Soo that promoters there had thrown up hockey and there would be no team in the Michigan Soo this season. This decision on the part of the Michigan team, followed by messages from the copper country to the effect that it had been deemed advisable to drop professional hockey there for a season. The Canadian team, which had been signed, consisted of Goal, Lehman of last season's team; point, Leander, Brandon; cover, Schaefer, last season's man; rover, Taylor, last season's man; centre, Lorne Campbell.

OLD COUNTRY FOOTBALL.

A record attendance at the Glasgow Cup final between Celtic and Glasgow Rangers at Hampden Park, Glasgow, Scotland, was 65,000, with an additional \$250 from the stands. The result was a draw, two all. New Zealand's second match of their Northern Union tour. The game produced 100,000 spectators. Cameron, Chelsea's new full-back, has transferred from Blackburn Rovers cost \$500, had little support from his half-back in his first game for Chelsea, and was not seen to advantage. Bolton Wanderers won by 3 to 1. Hibernians beat Hibernia of Midlothian by one goal to love in the semi-final round of the Scottish International Centre. Charles Thompson, a new recruit to the team, appeared in a new role as centre forward, but was not a success.

GOSSIP FROM KINGSTON.

Kingston, Nov. 5.—Grimshaw, who played quarter-back for Queen's against McGill in Montreal on Saturday, gave a remarkable exhibition of endurance. Near the end of the game he sprained his ankle, and

(capt.) Pittsburg; wings, Gaul and Mark; spares, Degray and Lalonde. Immediately upon receipt of news from the other teams, Secretary Laughton wired the men under contract that there would be no hockey for the season. Their services would not be required. The Canadian Soo team had made strong preparations for the season, and was disappointed at the failure of the others to enter the league. It is not known what effect the action will have on the Corby Cup, which was to have been played for this season. It is said that the Michigan Soo could not secure men for the team, and a three-team league is not satisfactory to Calumet and Houghton.

CANADIAN "MITTS" Will be Used by Tommy Burns in Bout With Moir.

London, Nov. 5.—Moir and Burns have settled all the details of the forthcoming championship fight. Burns objected to Moir's gloves, and it was decided that Moir should have a pair made similar to those of the Canadian. Both fighters were introduced to the members of the National Sporting Club. Burns thanked them for the cordial reception. He said he was here to see the Old Country, and give Moir an opportunity of winning the world's championship. He hoped the club would give him a square deal; he would then be satisfied.

ATELL AND MORAN.

San Francisco, Nov. 5.—Abe Attell, the featherweight champion, who disposed of Freddie Weeks, the little champion of Cripple Creek, Col., so easily in four rounds at Los Angeles, Cal., on Tuesday night, has consented to fight the winner of the 20-round bout between Owen Moran, the English boxer, and Frankie Neil, the California featherweight, which is to be fought before the California A. C. of San Francisco, on November 26. Since making this declaration Attell is getting sought by all the fight club managers of California, who are offering him all kinds of inducements to meet the winner at their clubs the second week in December.

ON THE STREETS.

Toronto Police Will Stop Races in the Future.

Toronto, Nov. 5.—Deputy Chief Stark announced yesterday that it was the intention of the police to put a stop to running and walking exhibitions, which attracted crowds on the streets. Since last Wednesday night, when Tom Longboat made his unsuccessful attempt to run from Hamilton to Toronto, many complaints have been made at headquarters of the interference with traffic which was the finishing point, was of Queen street, from Yonge to Spadina, were filled with spectators, and the corner of Queen and Yonge, which was the finishing point, was blocked so badly that neither street cars nor vehicles could get past.

DR. ROLLER WON.

Fierce Boxing Match at Tacoma Last Night.

Tacoma, Wash., Nov. 5.—Dr. R. F. Roller, of Seattle, threw Sharkey McFarlane, the South African champion, twice last night in 42 minutes of fierce and clean wrestling. Dr. Roller won the match on superior skill. He took the aggressive and kept it most of the time. The first fall came after a fifteen-minute struggle, and resulted from scissors hold with the legs about the neck and a body hold. Dr. Roller used Gotch's toe hold and a knee hammer-lock to throw McFarlane the second time. This bout lasted 37 1/2 minutes.

No "Regret" Blanks in Georgia.

"How long have you been writing this story?" asked the editor. "Ten years," replied the author. "That's a long time," said the editor. "I've had a dozen bills outlawed in that time." "Well," sighed the author, "what would you advise me to do with it?" "Throw it in the fire," said the editor. "But—I have no fire." "Here," said the editor, "I'll lend you a match—and my stove!"—Atlanta Constitution.

Comment and Chat

There is a letter on the sporting editor's desk for "Chief" Montour, the Indian wrestler.

Dundas ought to beat Hamilton every day in the week without half trying. They are certainly the best organized team that has been here for a long time.—London Advertiser.

There is no apparent reason why a football uniform should be considered a license for ruffianism, but, as the Ottawa Citizen points out, this is the practical situation in many of this season's games, and contemptible actions go unpunished on the football field which in the prize ring would immediately draw not only the fighter's disqualification by the officials, but the scorn and contempt of his fellows. Of a Montreal player who took part in a match against Hamilton one of the Hamilton papers said that he should be in a kennel or a sty, as his actions on the field showed him unfit to take part in the pastimes of human beings. So far as the official guardians of the game were concerned, nothing transpired that would indicate their disapproval of anything he had done. There is the same difficulty confronting any attempt at discipline in an isolated organization like the Interprovincial Union that prevented the Eastern Hockey League from suppressing foul play last winter. The club whose players merit discipline will not submit, and the others have to abide by this refusal, or the league will be disrupted by the withdrawal of one team. That was the case when the Wanderers said to the other clubs: "You penalize our players, and we will immediately go out and break up your league." That ended the league's proposed discipline.—Toronto Globe.

The honorary committee in charge of the Olympic games, which are to take place in London, Eng., next July, have made provision for the selection of athletes from every country. In Canada it has left the selection of the advisory committee to choose the athletic contingent from this country to his excellency the governor-general, Col. Hanbury Williams, A. D. C., has been looking after the Olympic affairs since the committee have named his excellency to select the Canadians.

Col. Hanbury Williams is taking a deep interest in the matter, and no doubt will recommend to his excellency the very best and most representative patrons of athletics in Canada, and men who will in turn select athletes who will likely bring Olympic honors to our shores.

It is practically certain, says a Montreal despatch, that Tom Longboat, the famous Indian athlete who has been running under the auspices of the Irish-Canadian Athletic Club of Toronto, and the C. A. A. U., will be suspended by the American Amateur Athletic Union. The Canadian Federation met yesterday afternoon in Montreal and the delegates present—Messrs. V. C. Buchanan, M. A. A.; Ad. Thos. O'Connell, Shamrock A. A. A.; J. A. Morier, National A. A. A.; H. A. Spriggins, secretary—unanimously decided to suspend him, and it is hard to see how this will affect anyone, even if the federation should extract some satisfaction, and that is doubtful.—Toronto World.

Toronto News: It has been reported by various nature historians that the Tiger is a wild, bloodthirsty and ferocious animal. See The Spectator's "Beasts of the Gridiron." The Herald's "Terrors of the Jungle." The Times' "Rampaging Roarers," and other well-known authorities.

All this is false, unfit for publication by truthful publishers! Experiments conducted at Ottawa on Saturday demonstrate that the Tiger is a mild, inoffensive and harmless creature, who eats from the mitt, a plaything for the Capital Cubs, a small furry animal, not at all strong or savage. The Cub tapped the Tiger with his paw, causing him to roll over several times.

Wicked, shameless nature fakers, who have said the Tiger was a ferocious beast! He is FIERCE, but not ferocious.

Hal Walters, the veteran scrimmager, was the recipient of a unique gift from the Tiger team Saturday morning. At an informal gathering in the Russell House, Hal was presented with what is said to be the finest game cock ever raised in Hamilton. A little narrative is connected with the function.—Exchange.

MAKING A CITY TO ORDER. Up through the Hoosier sand-hills where duck-hunters set blinds a year ago, the first furnaces of the greatest steel mill ever conceived are pushing their Titanic million-dollar heads. Two miles inland, created by the rising ground, the first city of Gary is rising among the scrub oaks to house fifteen thousand workmen, fifty thousand tons of iron ore, and three miles from a steel mill, and at lower cost than is made anywhere else in the world.

How the new steel town of Gary is taking shape is graphically told by Daniel Vincent Casey, in March System. Three thousand builders, says this writer, are making mock-up of winter with dynamite and paralled concrete, wind-shields and other cunning devices—and were in three miles from a steel mill has been given a value of \$10 a foot.

What is the reason for Gary? What is the plan of this \$100,000,000 made-to-order city of concrete and steel, with its twelve square miles of raw material and its ultimate yearly production of \$70,000,000 in new wealth? Why is it set down on a remote spot, three miles from a harbor, only a doz-

en miles from another huge plant owned by the same corporation and devoted to the same system of subsidiary mill-manufacturing up millions in a town which is costing \$1,000 a day to build, whose first "suburb" will have twenty-seven miles of paved streets, with water, gas and electric service mains, as well as sewers, available to every lot?

Look at the map and you will see why choice of location for the new plant was limited to Chicago or its vicinity. The central market of the richest industrial region of the country, the railroad hub of the continent, itself a voracious consumer of structural steel, and the point where the shortest lake journey could be linked with the shortest land from Virginia coke ovens and Illinois coal shafts, it had the added advantage of being the supply focus of the corporation's system of subsidiary mill-manufacturing sheet steel, tin plate, bridges, structural iron, wire and wire products in a continuous chain of twenty plants in Ohio, Indiana, Illinois and Wisconsin.

Philanthropy, then, had little part in the building of Gary. It is a "business proposition" exploited as townships usually are, as well as a practical recognition of the truth that good drainage, comfort and accessibility in your workmen's homes are reflected in increased factory efficiency. Saloons and speculators are barred by clauses in the deeds, because liquor saps the energy of

Its putting it mildly to say that last Saturday week we sold more Suits, Overcoats and Raincoats than any other Hamilton store. This is not said exultingly, but merely to emphasize a condition for which there must be some excellent reason. Do you think we could do such things unless we gave Hamilton men unusual advantages? No, because men are mostly from "Missouri" you have to "show 'em." We'd like to "show you" and every man who has not become a patron of ours. Just drop in any time you can spare a few moments—no hurry, because we'll be in business here for some time yet, but we do say you'll gain nothing by delay.

Suits, Overcoats and Raincoats Special at :: \$15.00

Happens that a man from another city espied a certain suit in our stock marked \$15; had seen the same suit in his own city marked \$19; was sure enough of it to save \$4 by buying here. This is indicative of the price advantage all through the \$15 line. Selected Domestic and Imported Woollens, shades of brown, elephant grey, black blue, novelty weaves, etc., all built by expert craftsmen. Other grades as low as \$10, \$12.50 and all the way up—Suits going to \$30.00, and Overcoats \$25.00.

Our line of Men's Fall Pants comprise anything wanted. Conservative styles or peg top sailor waist style, with spring hips, wide knee and small bottoms. From \$1.15 to \$6.00.

To Save Fish Supply in the Great Lakes.

The work of the Ontario Fish and Game Protective Association is bearing fruit, as shown in the following editorial from the Globe:

A movement of great importance to the Province and to the Dominion at large has been inaugurated by the American Fisheries Society in calling an international convention to devise uniform regulations to save what remains of the lake fisheries and schemes to restock them on the basis of a permanent survey. It is announced by leading American newspapers that Hon. W. E. Mochan, Commissioner of Fisheries for Pennsylvania and Secretary of the Executive Committee of the American Fisheries Society, has forwarded a call to his excellency Lord Grey, Lieutenant-Governor Sir Mortimer Clark, President Roosevelt, all the Governors of all the States bordering on the great lakes. There is in this action a reasonable hope of fruit from the long and persistent efforts of the Dominion and Provincial authorities toward the adoption of a uniform international policy regarding the lake fisheries. Without the co-operation of the several States bordering on the lakes the best efforts of this province cannot avert the threatened destruction of an important and greatly needed source of food.

Husband—Have you still the letters I wrote you before we were married? Wife—Yes, why? Husband—Bring them here, I want to burn them. I am just making my will and I am afraid that if any of my relations see those letters after I am dead they will think I was of unsound mind.—Lustige Blatter.

# RESERVOIR TO BE CLEANED.

Engineer Will Have James Street One Scoured This Week.

Legal Action In Coal Oil Inlet Case Begins This Month.

Too Expensive to Build New Jolley Cut Road, Barrow Says.

City Engineer Barrow announced this morning that the James street reservoir would be cleaned out this week. The Barton reservoir will not be touched this fall. It was given a thorough cleaning last year and it required a week to do the job. Mr. Barrow says the James street one can be cleaned in a day.

It is expected that the legal machinery by which it is hoped to abolish the Coal Oil Inlet nuisance will be set in motion this month. The course to be pursued will probably be to apply to the judge for a temporary injunction restraining the parties alleged to be contributing to the nuisance from doing business. It is thought the city and other parties interested might join with the Board of Health and Radial Company in filing in the inlet, but it is doubtful even then if the big east end curbs backing the board in the legal battle would be content to have the places remain as at present. The board meets on Thursday night to talk the matter over.

Mr. Barrow, after inspecting the sanderucker at Beach yesterday and having a conference with those in charge of the work of repairing the damage done by the fire, has mapped out a programme which he says will save the city considerable money. The machinery has been taken off the beach which is to be floated over the middle road to the end of the other basin, where it will remain for the winter under the watchful eye of Caretaker Myles Hunting, thus avoiding the necessity of employing a watchman. The dredge will be repaired at once and put in good shape for the spring.

The chief business for the Fire and Water Committee to-morrow night is the consideration of the specifications for the new electric pumps for the Beach. Tenders will be received for hydrant patterns and for repairing the old hook and ladder truck. City Engineer Barrow will report on the proposal to supply Dundas with water, and the City Solicitor and Chief TenEyck on the oil by-law.

The suggestion made by C. J. Myles to build a new road from the Jolley Cut to the head of Victoria avenue is an excellent one, the city engineer thinks, but he says the cost would be no great as to prevent the work being done. On account of the sliding nature of the ground he believes it would take \$50,000 or more to make a good job of it.

T. S. Depew was granted a permit to-day for two frame houses on Kinross avenue, between Cannon and Barton street, to cost \$3,000.

# KILLED IN PITTSBURG

Word Received Here of Death of Mr. Michael Cleary.

Last night the Chief of Police received a telegram from Coroner Strong, of Pittsburg, stating that Michael Cleary, formerly of this city, had been killed there and asking that his relatives be notified. The only Michael Cleary that they could get any trace of was the former contractor on the T. H. & B., who resided here up to three years ago. His brother, Mr. Jas. Cleary, in Paris, was notified, there being no relatives in this city. Mr. Cleary arrived here early this morning and telegraphed the coroner for a full description of the dead man and he also wired the firm that his brother was employed in for particulars, but up to 2 o'clock this afternoon no further word arrived. Mr. Cleary says his brother, Michael, has been employed in Pittsburg and he fears he is the one referred to.

The deceased was well known here and was popular. He paid a flying visit to this city last winter.

# HIS JUBILEE.

Hamilton Priests to Rejoice With Archdeacon Laussie.

An event of much interest takes place in Cayuga to-morrow, when the Venerable Archdeacon Laussie celebrates the jubilee of his ordination as a priest. Archdeacon Laussie is one of the best-loved priests in the diocese. He has spent practically his whole life in the work of the Master in this part of the country, and the celebration of his fiftieth anniversary will be participated in by a large number from all parts of the diocese. Most of the Hamilton priests will be present. Archdeacon Laussie will be presented with an address and a purse of gold.

# GOOD MUSIC.

All lots of it at the Alexandra to-night. Two bands playing twenty-four skating numbers consisting of all the latest waltzes, two-steps and marches, including "Love Me and the World is Mine," "The Skating Girl," "Bonnie Jane" and "School Days," as well as many others equally as nice to skate to. The floor has been resurfaced for this evening's entertainment, and everything is being done for the comfort and enjoyment of all who attend. The balcony is steam heated, so that spectators of this fascinating scene may witness the same in a home-like atmosphere while listening to the fine band concert.

# BURNED TO DEATH.

Quebec, Nov. 5.—A tug boat at Murray Bay was destroyed by fire on Saturday night, and two boys, brothers named Bergeron, who were asleep on board, were burned to death.

# TEA TABLE GOSSIP.

Mrs. Iles, Carohne street, is visiting in Kansas City, Mo.

The Independent Political Labor Party of Ontario, organized a membership of 60.

Mrs. M. C. Boath, of London, is visiting her daughter, Miss B. A. Boath, in this city.

The engagement is announced of Mr. William Joseph Mitchell and Miss Sadie Cunningham. The wedding will not take place until June 10th next.

Mr. J. Campbell White of New York, General Secretary of the Laymen's Missionary Movement, is to be in this city on Thursday of this week to confer with those interested in the movement.

Mrs. Henry, West avenue north, who was severely injured in a fall from a street car some weeks ago, at the corner of King street and Victoria avenue, is reported to be getting along nicely at the City Hospital now. Dr. Coleman is attending her. She is out of danger.

The Way Ear Drum Co. has begun an action against the Ontario Rubber Co., of Toronto and M. D. Tugendhaft, of Hamilton, for damages for infringement of plaintiff's Canadian patent pertaining to the manufacture of ear drums.

Three dollar hats now two forty, two fifty hats two dollars, two dollar hats one sixty.

The incorporations of The Automatic Grain Shocker Machine Company, Limited, of this city, which has just secured a provincial charter, are Messrs. C. T. Grantham, Adam Zimmerman, M. P., John Alexander Turner, Thomas Arthur Woolley, and Herbert Fox, of this city, and A. E. Oeler, of Toronto. The company is authorized to manufacture, buy, sell and deal in all kinds of farm machinery, agricultural implements, grain shockers, vehicles and tools of every description. The share capital is \$100,000 in \$100 shares.

# OBITUARY.

## Death of Robert Arrol—Mrs. Anderson's Sudden Demise.

The funeral of Mrs. Hutzler took place this morning from her late residence to St. Joseph's Church, where Father Holden said Mass. He officiated at the grave in Holy Sepulchre Cemetery. The pallbearers were Messrs. Fleck, Edwards, Galvin, Conley, Ellis and Beckman. There were many beautiful floral tributes.

The funeral of Mrs. Menno Haggy took place from her late residence, 3 Emerald street south, yesterday afternoon at 2.30 p. m., and was attended by a large number of sorrowing friends. The religious services were conducted by the Rev. R. Whiting, assisted at the house by the Rev. John Young. The floral tributes were many and beautiful. The pallbearers were Messrs. William Mulveny, T. W. Hand, T. Lawson, F. W. Bradwin, H. C. Beckett and H. N. Kitson.

An estimable lady passed away at St. Joseph's Hospital at an early hour this morning. On account of the sliding nature of the ground he believes it would take \$50,000 or more to make a good job of it.

# MINING CASE.

## Deputation Asks the Government to Give Company Relief.

Toronto, Ont., Nov. 5.—(Special).—A large deputation representing the directors and shareholders of the Temiskaming and Hudson Bay Mining Co. arrived in the city in a private car this morning from New Liskeard and waited on Hon. Mr. Cochrane and Hon. W. Foy at the Parliament buildings. The object of the visit was to discuss the suit brought against the company in regard to some mining properties in the township of Coleman. Owing to the continued absence of one important witness who cannot be located, seven claims of 280 acres of mining lands are affected by the Legislature, although the action only involves one. The Ministers promised to consider the request and will confer on a future occasion with company's directors.

# THE HAUNTED HOUSE

## Winnipeg Free Press Has to Pay a Thousand Dollars.

Ottawa, Nov. 5.—(Special).—In the Supreme Court to-day judgment was given dismissing the appeal of the Manitoba Free Press against Nagy with costs. The case arose out of a paragraph in the Free Press about a haunted house. Mr. Nagy, the owner, sued for damages, and the trial judge dismissed the case. On an appeal \$1,000 damage was given Nagy. From this judgment the Free Press appealed to the Supreme Court at Ottawa, and the appeal has been dismissed, which means that Mr. Nagy gets \$1,000 damages.

# The Clothing Business is Peculiar

Advances in prices are well known, however, because of our relation with certain of the best manufacturers, who give us first opportunities to secure special lines, we are able to make attractive price reductions on goods which are in demand. Nov. 5.—A tug boat at Murray Bay was destroyed by fire on Saturday night, and two boys, brothers named Bergeron, who were asleep on board, were burned to death.

# THE WEATHER.

FORECASTS.—Moderate to fresh southwesterly winds; fair and mild. Wednesday, unsettled and showery.

An extensive area of low pressure is now developing over the great lakes, and the general outlook is quite unsettled. The weather continues fair and mild throughout the western provinces.

# LATE SPORTING NEWS

Ottawa Free Press: The victory was complete and Ottawa earned every point scored. Hamilton's total, secured in the second quarter, was the result of O'Brien's fumble, the ball rolling over the line, where Barron fell in for a touchdown. The sudden change of tide cannot be accounted in any particular way but to a proverbial Ottawa finish, which in turn brought about disorganization and defeat to the Tigers. Where Hamilton was strong in the first half, viz. the line, she was outplayed in the second. Early in the game Ballard and his backs pulled off some magnificent crises—crosses of such perplexing design that the Ottawa team was wholly at sea and Tigers made from two to twenty yards every time it was worked. Indeed, as soon as the ball was scrimmage, each Ottawa player marked a man, and it was only in this manner the play was stalled, the whereabouts of the ball being as mysterious as Raymond Hitchcock. Tigers kept making shooting, and despite "King" Clancy's entreaties from the side lines to "get 'em low," the jungle boys steadily advanced toward their goal. Ottawa never handled the ball for a full five minutes after the kick off. In the second half they were seldom out of possession.

The Tiger wings appeared able to find their way through the Ottawa line with utmost ease in the first half. Ottentimes Williams, Coursol and Gleeson were downed hard before they had opportunities to punt. On the other hand, the first portion of the match saw the Tiger backs well protected. But that only applies to the initial stage of the game. In the second half matters were diametrically opposite. Ryan, Almer and Church blocked when Ottawa had the ball, and tore through when the Tigers had it.

The Ottawa backs handled the greasy ball with more assurance in the fourth quarter than they have ever shown under more favorable conditions. After Gleeson retired, Williams moved to center half and did most of the punting. The manner in which he carried back kicks and eluded the Tiger wings after feinting to punt, showed his head was screwed on the proper way.

Art Moore, the lightning right-half, is the best all-round player seen at "Varsity Oval in some years. And at that game, in which he tackled, Dumphy, Ballard is a little box of tricks. The double-barrelled criss-cross was indeed an elusive problem for the Ottawa wings to negotiate. Probably with better footing Ballard would have worked it more effectively. The soft state of the ground did not assist his line bucking either. All his signals consisted in the whole team seemed well drilled in them. The whole Tiger line is hard-working, aggressive, and plays straight football. Not a man attempts any underhand work, depending entirely on his football ability to win the game. They are also thoroughly imbued with a fine sporting instinct, and when one of the hardest and best playing teams are a collection of gentlemen and a credit to their town. After their arrival at the Russell House from the Oval, they clustered in the centre of the rotunda and gave three cheers for Ottawa.

# TERMINAL OPENING.

## The New Station Will be Occupied Next Week.

Arrangements are being made for the opening of the Hamilton Terminal Station next week. The event will be one of the important ones of the year, as it will mark the beginning of a new era of railway operation in Hamilton. The magnificent new building at the corner of King and Catharine streets will be occupied by no less, and probably more, than thirteen companies, the Dominion Power and Transmission Company and all the subsidiary concerns. It is only a year since the building was begun. It will make a great change in that part of the city, and in the business of the city.

# ANOTHER ROBBERY.

Robberies are continually taking place and it's a poor day when the police don't hear of at least one. Sam Quoril, 170 John street south, is the latest, and he states that last night or this morning the house was entered and \$2 and some small articles of value stolen.

# Mortgage Sale of Residential Fruit Farm Property on Lake Shore, Near Winona.

Pursuant to the Power of Sale in a certain Mortgage there will be sold by Public Auction by Thomas Burrows, at his Auction Rooms, No. 11 Rebecca street, in the City of Hamilton, at 12 o'clock noon on Thursday the 21st day of November, 1907, the following lands in the Township of Saltfleet, in the County of Wentworth, All and Singular part of Lot Number Two in the broken front concession of Saltfleet aforesaid, commencing at a point in the eastern limit of the concession of between lots numbers two and three and at a distance measured north-easterly of 2.106 feet 6 inches from the northern limit of the road allowance between concession one and the broken front concession, said point being at the north-westerly angle of the lands herebefore conveyed by George A. Chambers to Harry Smith by deed dated 18th February, 1888, and registered in the Registry Office for the County of Wentworth number 671 for Saltfleet, thence easterly and at right angles to the above road allowance between lots two and three and on the water's edge of Lake Ontario; thence southerly 81 feet six inches to a point; thence 516 feet measured westerly along said Harry Smith's concession, the eastern limit of lot two, said point being the south-westerly angle of lands herebefore conveyed by deed dated 2nd April, 1888, and registered in said Registry Office as number 6,092 for Saltfleet, thence northerly and parallel to the eastern limit of the aforesaid road allowance 1,018 feet more or less to the water's edge of Lake Ontario; thence southerly and following along the water's edge of Lake Ontario 1,025 feet more or less to a course of south 73 degrees and 40 minutes east; thence southerly along the eastern boundary of the aforesaid road allowance between lots two and three 461 feet more or less to the place of beginning, said parcel of land containing by admeasurement 14 4-10 acres, be the same more or less, subject to the right of the said George A. Chambers and Charles Leggett, their heirs and assigns and their servants and of any future owner or owners of the lands of the said George A. Chambers lying to the east of the lands herebefore described to pass over the said lands with teams and vehicles on the present travelled track over the northerly part of the said Harry Smith's concession, including a frame house, barn and outbuildings, orchards and small fruits.

Terms—Ten per cent. of the purchase money day of sale, balance one month thereafter. Reserve bid. Immediate possession. For further particulars apply to THOMAS BURROWS, Auctioneer, Federal Life Building, Hamilton, Ont., Solicitors for the Vendora, or to THOMAS BURROWS, Auctioneer, dated 22nd October, 1907.

# GOOD STYLE

Every man wants style in his clothes, but few men appreciate how style in a garment is obtained. Style is but another word for individuality. It has to originate in the designer's mind and worked into the garment by the workmen.

Give a good idea to a skilled tailor and he will give you pronounced individuality or style which ever you wish to call it. "Sovereign Brand" garments are full of it and priced at \$12 to \$30 for Suit or Overcoat.

OAK HALL 10 & 12 JAMES ST. NORTH

NINE TENTHS of a man's comfort for the next SIX MONTHS depends upon the UNDERWEAR he wears. We've gathered all the good kinds of underwear and socks from the best manufacturers, so that here you can choose with the utmost safety, and the perfect assurance of entire satisfaction.
