Who being come with their Speaker,

His Excellency the Governor General was then pleased to open the Session by a gracious Speech to both Houses.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons :

It is with much satisfaction that I again have recourse to your advice and assist ance in the administration of the affairs of the Dominion.

By the sudden and lamented death of the late Right Honourable Sir John Thompson, Canada has sustained a grievous loss. The deep and heartfelt sympathy expressed by Her Most Gracious Majesty the Queen, and the manifestations of sorrow with which the distressing intelligence was received throughout the Empire, as well as tokens of esteem and respect everywhere paid to the memory of the deceased statesman, have been gratefully appreciated by the people of Canada.

Satisfactory assurances having been received from Her Majesty's Governmen respecting the interpretation of certain clauses in the Treaty of Commerce with France, ratifications will be exchanged as soon as the necessary legislation has been passed.

The recent action of the Imperial Parliament enabling the various Australasian Governments to enter into preferential trade relations with the other self-governing Colonies of the Empire, affords gratifying proof that the suggestions of the Colonial Conference are being favourably entertained by Her Majesty's Government.

In conformity with a recent judgment of the Lords of the Judicial Committee of the Privy Council, to the effect that the dissentient minority of the people of Manitoba have a constitutional right of appeal to the Governor General in Council against certain Acts passed by the Legislature of the Province of Manitoba in relation to the subject of education, I have heard in Council the appeal, and my decision thereon has been communicated to the Legislature of the said Province. The papers on the subject will be laid before you.

The depression in trade which has prevailed throughout the world for the past few years has made itself felt in Canada, but fortunately to a less degree than in most other countries. Although this has not resulted in any considerable decrease in the volume of our foreign trade, yet, owing to low prices and recent reductions in, and removal of, taxation, it has been followed by a serious decrease in revenue derived from Customs and Excise. In order to produce equilibrium between revenue and expenditure for the coming year, it will be necessary to observe the greatest possible economy in the appropriations for the various branches of the public service.

During the period that has elapsed since the last Session of Parliament, I have had an opportunity of visiting many portions of the Dominion, including the Maritime Provinces, Manitoba, the North-west Teritories and British Columbia. Throughout these tours I have been impressed and gratified by manifestations of an abounding loyalty and public spirit; and notwithstanding the phase of trade depression already referred to, I observed everywhere unmistakable signs of that confident hopefulness in the future, based on a thorough belief in the greatness of the resources of Canada, which is one of the characteristics of her people, and which furnishes a good augury and pledge of further development and progress.

The Government of Newfoundland having intimated its desire to renew negotiations looking to the admission of that colony into the Dominion of Canada, a subcommittee of my advisers have recently met in conference a delegation from the Island Government and discussed with them the terms of union. It will be a subject of general congratulation if the negotiations now pending result in the incorporation of Her Majesty's oldest colonial possession into the Canadian Confederation.

Measures relating to bankruptcy and insolvency, and to joint stock companies will be laid before you. You will also be asked to consider certain amendments to the Insurance Act, to the Act respecting Dominion Notes, to the Dominion Lands Act, to the Indian Act, to the North-west Territories Representation Act, as also a Bill respecting the land subsidy of the Canadian Pacific Railway Company.

Gentlemen of the House of Commons :

I have directed that the accounts of the past year shall be laid before you. The Estimates for the ensuing year will also be presented. They have been framed with every regard to economy compatible with the efficiency of the public service.

Honourable Gentlemen of the Senate :

Gentlemen of the House of Commons:

I now leave you to the discharge of the important duties devolving upon you with an earnest prayer that being guided by the spirit of wisdom and patriotism your deliberations may, under the divine blessing, conduce to the unity and well-being of Canada.

His Excellency the Governor General was pleased to retire, and the House of Commons withdrew.

The Honourable Sir Mackenzie Bowell, President of the Queen's Privy Council for Canada, presented to the Senate a Bill intituled : "An Act relating to Railways." The said Bill was read for the first time.

The Honourable the Speaker reported His Excellency's Speech from the Throne, and the same was then read by the Clerk.

On motion of the Honourable Sir Mackenzie Bowell, seconded by the Honourable Mr. Angers, it was

Ordered, That the Senate do take into consideration the Speech of His Excellency the Governor General, on Monday next.

On motion of the Honourable Sir Mackenzie Bowell, seconded by the Honourable Mr. Angers, it was

Ordered, That all the Senators present during this Session be appointed a Committee to consider the Orders and Customs of the Senate and Privileges of Parliament, and that the said Committee have leave to meet, in this House, when and as often as they please.

The Honourable Sir Mackenzie Bowell moved, seconded by the Honourable Mr. Scott.

That when the Senate adjourns this day, it do stand adjourned until Monday next, at three o'clock in the afternoon.

The question of concurrence being put thereon, the same was resolved in the affirmative, and

Ordered, accordingly.

Then, on motion of the Honourable Sir Mackenzie Bowell, seconded by the Honourable Mr. Angers,

The Senate adjourned until Monday next, at three o'clock in the afternoon.

(Vide Sessional Papers, No. .)

The Honourable the Speaker presented to the Senate,—The Report of the Joint Librarians on the state of the Library of Parliament, for the year 1894.

TO THE HONOURABLE THE SPEAKER OF THE SENATE.

The Joint Librarians of Parliament have the honour to report as follows for the year 1894:-

The Colonial Conference of July and the later conference with delegates from Newfoundland, prove in the most striking manner the value of the large collection of Imperial and Colonial official reports and publications which the Librarians make constant efforts to maintain and increase. The space occupied by such collections is necessarily large, and like all the space in the Library is rapidly drawing to an end.

The Library contains a collection of manuscripts of great historical value, such as the correspondence of the Government of Canada with the Home Government,

I am, &c., (Sgd.) RIPON. during the French regime; the Chisholm papers, the voyage of Henry to the North west, 1798-1814. It has been suggested on several occasions that these manuscripts should be made more available to those interested in the early history of the country. As far back as 1861, a petition bearing the signatures of several historians, &c., was presented to the Library Committee praying that these papers be printed for distribution.

The Librarians take the liberty to recommend the carrying out of that suggestion. One or two volumes might be printed every year at a small outlay-half for distribution to members of Parliament and educational institutions, and the balance to be sold at cost price. The whole collection would form about ten quarto volumes. Additions of scarce and valuable works have been made during the past year to

the Canadiana or section of old books on Canada, viz.: The Journals of the Legislative Assembly of Upper Canada for 1801 and 1802, which number among the earliest imprints of that province; also a very rare book entitled: "Histoire de la guerre contre les Anglais (1759-60)," by Poullin de Lumina.

The discussion of educational questions during the year will justify the effort made to provide information on the general question of education as well as on the special question before the public.

Among the additions to the Library during the year may be mentioned a set of the Irish National Manuscripts, volumes which exhibit facsimiles of some of the most remarkable manuscripts in the world.

Among the donations we have to acknowledge a set of invaluable papers of the Royal Engineers from 1880 to 1893 (36 vols.). These papers are specially useful as containing information of use in regard to colonial defence.

In view of the constant discussion of labour questions, a complete set of the reports of the Royal Commission on Labour has been added to our collection, apart from the ordinary set of Imperial blue books. These reports contain a vast amount of information on the conditions of labour in the United Kingdom and abroad.

The discussion and legislation in the United States on the Customs tariff of that country have induced the Librarians to provide full sets of the special Tariff Bulletins issued by the Treasury Department. These Bulletins are bound and indexed and contain statistical information of great value as well as a large body of opinions voluntarily communicated by experienced business men.

The introduction of the Bankruptcy question into the work of the last Session made the procuring of the latest works on that subject imperative. In some cases, duplicate copies of the most recent volumes have been provided.

The annual catalogue of additions to the Library during the year has been pre-

pared and is ready for immediate distribution. The list of donations and of copyrights has been prepared and is attached hereto.

All of which is respectfully submitted.

That the following Address be presented to His Excellency the Governor General, to offer the respectful thanks of this House to His Excellency for the gracious Speech he has been pleased to make to both Houses of Parliament, namely:-

To HIS EXCELLENCY the Right Honourable Sir JOHN CAMPBELL HAMILTON-GORDON, Earl of Aberdeen; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia; Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY :--

We, Her Majesty's dutiful and loyal subjects, the Senate of Canada in Parliament assembled, humbly thank Your Excellency for your gracious Speech at the opening of this Session. tion of the affairs of the Dominion. We share most sincerely Your Excellency's feeling that, by the sudden and lamented death of the late Right Honourable Sir John Thompson, Canada has sustained a grievous loss. The deep and heartfelt sympathy expressed by Her Most Gracious Majesty the Queen, and the manifestations of sorrow with which the distressing intelligence was received throughout the Empire, as well as the tokens of esteem and respect everywhere paid to the memory of the deceased statesman, have been gratefully appreciated by the people of Canada.

have been gratefully appreciated by the people of Galaxie. We learn with much interest that, satisfactory assurances having been received from Her Majesty's Government respecting the interpretation of certain clauses in the Treaty of Commerce with France, ratifications will be exchanged as soon as the necessary legislation has been passed.

necessary legislation has been passed. We are pleased to be informed by Your Excellency that the recent action of the Imperial Parliament enabling the various Australasian Governments to enter into preferential trade relations with the other self-governing Colonies of the Empire, affords gratifying proof that the suggestions of the Colonial Conference are being favourably entertained by Her Majesty's Government.

We thank Your Excellency for informing us that, in conformity with a recent judgment of the Lords of the Judicial Committee of the Privy Council, to the effect that the dissentient minority of the people of Manitoba have a constitutional right of appeal to the Governor General in Council against certain Acts passed by the legislature of the province of Manitoba in relation to the subject of education, Your Excellency heard in Council the appeal, that your decision thereon has been communicated to the legislature of the said province, and that the papers on the subject will be laid before us.

We are glad to hear from Your Excellency that the depression in trade which has prevailed throughout the world for the past few years has made itself felt in Canada to a less degree than in most other countries. We regret, however, to learn that although this has not resulted in any considerable decrease in the volume of our foreign trade, yet, owing to low prices and recent reductions in and removal of taxation, it has been followed by a serious decrease in revenue derived from Customs and Excise. We respectfully concur in Your Excellency's opinion that, in order to produce equilibrium between revenue and expenditure for the coming year, it will be necessary to observe the greatest possible economy in the appropriations for the various branches of the public service.

We are greatly pleased to hear that, during the period that has elapsed since the last Session of Parliament, Your Excellency had an opportunity of visiting many portions of the Dominion, including the Maritime Provinces, Manitoba, the North-west Territories and British Columbia; that throughout these tours Your Excellency was impressed and gratified by manifestations of an abounding loyalty and public spirit; and that, notwithstanding the phase of trade depression already referred to, you observed everywhere unmistakable signs of that confident hopefulness in the future, based on a thorough belief in the greatness of the resources of Canada, which, you are graciously pleased to say, is one of the characteristics of her people and furnishes a good augury and pledge of further development and progress.

We receive with a deep sense of their importance Your Excellency's statements that the Government of Newfoundland having intimated its desire to renew negotiations looking to the admission of that colony into the Dominion of Canada, a sub-committee of Your Excellency's advisers have recently met in conference a delegation from the Island Government and discussed with them the terms of union, and that it will be a subject of general congratulation if the negotiations now pending result in the incorporation of Her Majesty's oldest colonial possession into the Canadian Confederation.

We thank Your Excellency for the information that measures relating to bankruptcy and insolvency and to joint stock companies will be laid before us, and that we shall be asked to consider certain amendments to the Insurance Act, to the Act respecting Dominion Notes, to the Dominion Lands Act, to the Indian Act, to the North-west Territories Representation Act, and also a Bill respecting the land subsidy of the Canadian Pacific Railway Company. Your Excellency may rest assured that all these matters will receive our most careful consideration.

In entering upon the discharge of the important duties devolving upon us, we join Your Excellency in an earnest prayer that being guided by the spirit of wisdom and patriotism our deliberations may, under the divine blessing, conduce to the unity and well-being of Canada.

After Debate,

On motion of the Honourable Mr. Kaulbach, seconded by the Honourable Mr. McLaren, it was

Ordered, That further Debate on the said motion be postponed until to-morrow.

Pursuant to the Order of the Day, the Senate resumed the adjourned Debate on the Honourable Mr. Primrose's motion, viz. :--

That the following Address be presented to His Excellency the Governor General, to offer the respectful thanks of this House to His Excellency for the gracious Speech he has been pleased to make to both Houses of Parliament, namely :--

TO HIS EXCELLENCY the Right Honourable Sir JOHN CAMPBELL HAMILTON-GORDON, Earl of Aberdeen; Viscount Formartine, Baron Haddo, Methlic, Tarves and Kellie, in the Peerage of Scotland; Viscount Gordon of Aberdeen, County of Aberdeen, in the Peerage of the United Kingdom; Baronet of Nova Scotia; Governor General of Canada.

MAY IT PLEASE YOUR EXCELLENCY :---

We, Her Majesty's dutiful and loyal subjects, the Senate of Canada in Parliament assembled, humbly thank Your Excellency for your gracious Speech at the opening of this Session.

We gratefully acknowledge Your Excellency's expression of the satisfaction with which you again have recourse to our advice and assistance in the administration of the affairs of the Dominion.

We share most sincerely Your Excellency's feeling that, by the sudden and lamented death of the late Right Honourable Sir John Thompson, Canada has sustained a grievous loss. The deep and heartfelt sympathy expressed by Her Most Gracious Majesty the Queen, and the manifestations of sorrow with which the distressing intelligence was received throughout the Empire, as well as the tokens of esteem and respect everywhere paid to the memory of the deceased statesman, have been gratefully appreciated by the people of Canada.

We learn with much interest that, satisfactory assurances having been received from Her Majesty's Government respecting the interpretation of certain clauses in the Treaty of Commerce with France, ratifications will be exchanged as soon as the necessary legislation has been passed.

We are pleased to be informed by Your Excellency that the recent action of the Imperial Parliament enabling the various Australasian Governments to enter into preferential trade relations with the other self-governing Colonies of the Empire, affords gratifying proof that the suggestions of the Colonial Conference are being favourably entertained by Her Majesty's Government.

We thank Your Excellency for informing us that, in conformity with a recent judgment of the Lords of the Judicial Committee of the Privy Council, to the effect that the dissentient minority of the people of Manitoba have a constitutional right of appeal to the Governor General in Council against certain Acts passed by the legislature of the province of Manitoba in relation to the subject of education, Your Excellency heard in Council the appeal, that your decision thereon has been communicated to the legislature of the said province, and that the papers on the subject will be laid before us.

We are glad to hear from Your Excellency that the depression in trade which has prevailed throughout the world for the past few years has made itself felt in Canada to a less degree than in most other countries. We regret, however, to learn that although this has not resulted in any considerable decrease in the volume of our foreign trade, yet, owing to low prices and recent reductions in and removal of taxation, it has been followed by a serious decrease in revenue derived from Customs and Excise. We respectfully concur in Your Excellency's opinion that, in order to produce equilibrium between revenue and expenditure for the coming year, it will be necessary to observe the greatest possible economy in the appropriations for the various branches of the public service.

We are greatly pleased to hear that, during the period that has elapsed since the last Session of Parliament, Your Excellency had an opportunity of visiting many portions of the Dominion, including the Maritime Provinces, Manitoba, the North-west Territories and British Columbia; that throughout these tours Your Excellency was impressed and gratified by manifestations of an abounding loyalty and public spirit; and that, notwithstanding the phase of trade depression already referred to, you observed everywhere unmistakable signs of that confident hopefulness in the future, based on a thorough belief in the greatness of the resources of Canada, which, you are graciously pleased to say, is one of the characteristics of her people and furnishes a good augury and pledge of further development and progress.

We receive with a deep sense of their importance Your Excellency's statements that the Government of Newfoundland having intimated its desire to renew negotiations looking to the admission of that colony into the Dominion of Canada, a sub-committee of Your Excellency's advisers have recently met in conference a delegation from the Island Government and discussed with them the terms of union, and that it will be a subject of general congratulation if the negotiations now pending result in the incorporation of Her Majesty's oldest colonial possession into the Canadian Confederation.

We thank Your Excellency for the information that measures relating to bankruptcy and insolvency and to joint stock companies will be laid before us, and that we shall be asked to consider certain amendments to the Insurance Act, to the Act respecting Dominion Notes, to the Dominion Lands Act, to the Indian Act, to the North-west Territories Representation Act, and also a Bill respecting the land subsidy of the Canadian Pacific Railway Company. Your Excellency may rest assured that all these matters will receive our most careful consideration.

In entering upon the discharge of the important duties devolving upon us, we join Your Excellency in an earnest prayer that being guided by the spirit of wisdom and patriotism our deliberations may, under the divine blessing, conduce to the unity and well-being of Canada.

After Debate,

The question of concurrence being put thereon, it was unanimously resolved in the affirmative.

Ordered, That the said Address be presented to His Excellency the Governor General by such members of this House as are members of the Privy Council.

5 June 11-Order of the Senate for copies of the following papers:-

1. The sworn declaration of M. François Langelier, Member for Quebec Centre, given on the 6th November, 1891, before the Royal Commission which investigated the Baie des Chaleurs scandal, stating that he endorsed M. Pacaud's and M. Tarte's promissory notes, but that he never, directly or indirectly, profited a cent by them.

2. The sworn declaration of the said François Langelier, stating that when he gave those notes, he calculated that those notes would be paid by subscription, adding: "We calculated that we would not have to pay a cent on the amount of those notes and we were determined, if we had to pay, to each pay our share of the amount."

3. The sworn declaration of the said François Langelier, stating that as to the notes concerning the contestations, "We calculated, as he said, that the amount would be paid by the deposits, when the deposits were withdrawn, and that if there was anything lost out of these amounts, we would bear the loss between us, saving the attempt to get assistance from friends as we had done previously."

4. The sworn declaration of Ernest Pacaud, making the following statement: "Whether there was a settlement of the election contestations or the deposits were withdrawn in any other way, the deposits were applied to paying the notes, and then those who had signed were no longer liable."

"Q. When you had the notes for election expenses signed and discounted, you intended to get political subscriptions to cover these notes?"

"A. Yes."

"Q. Did you start these subscriptions afterwards?"

"A. No, because I had other money to pay them. I had some subscriptions, but I did not push them as I had other money to pay the notes."

"Q. Money from the \$100,000?"

"A. Yes."

"Q. Which went to pay this?"

"A. Yes, Your Honour."

5. The following promissory notes or any other, endorsed by the said François Langelier, and paid by Mr. Pacaud out of the \$100,000 of the Baie des Chaleurs boodle.

THE SENATE,

COMMITTEE ROOM No. 28,

TUESDAY, 11th June, 1895.

The Standing Committee on Divorce beg leave to make their Fifteenth Report, as follows:----

In the matter of the Petition of Loop Sewell Odell, of the City of Quebec, for a Bill of divorce from his wife, Marie Louise Laurentine Gregory:-

1. In obedience to the Order of the Senate, made on Wednesday, 5th June instant, whereby the Ninth Report of Your Committee, made on Wednesday, 29th May last, was referred back to Your Committee, and in compliance with the instructions contained in the said Order, Your Committee recommend:

That the counter-petition of the Respondent, Marie Louise Laurentine Gregory be allowed, and that the proceedings be stayed, pending the proceedings before the Supreme Court of Canada.

All which is respectfully submitted.

J. N. KIRCHHOFFER,

Acting Chairman.

The Honourable Mr. Kirchhoffer moved, seconded by the Honourable Mr. Perley,

That the said Report be adopted.

Which being objected to,

The question of concurrence being put thereon, the same was, on a division, resolved in the affirmative, and

Ordered, accordingly.

The Honourable Mr. Kirchhoffer presented to the Senate the following communication from certain members of the Standing Committee on Divorce.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows :--

The undersigned members of the Divorce Committee, having decided to decline to serve any longer upon that body, wish to place before the House their reasons for having adopted that course.

While quite admitting the abstract right which the House has to disagree with or negative the reports of any of its committees, we are of opinion that this is a right which, out of respect to the dignity of the House itself, and out of consideration for and courtesy to its members upon those committees, should not be exercised on any private, personal or religious grounds, or through caprice or whim, but solely where, upon a careful study of the facts or evidence which has been produced before the committee, it can be shown that that body has reported contrary to the rights and justice of the case.

The appointment of the Divorce Committee is merely a convenience for having the evidence heard and reported upon to the House. Its members are, however, but individual members of the whole House, the full bench, whose duty it eventually becomes to read and determine whether the finding of the Committee is just and in accordance with the evidence presented to them.

It is well known that a certain number of honourable Senators are opposed to the principles of divorce entirely. They do not allow even an undefended Bill to pass without a protest. They refuse to act upon the Committee. They say practically, we do not look into the facts of these cases. We do not listen to the arguments; we will not read the evidence; our convictions are that this thing is wrong in principle, and on that account we oppose it--not on its merits. Hence it follows that when the evidence has been completed, and a report is made to the House, it is well known that nearly one-half of the full bench of judges are sitting with their judgments prepared, saying in effect, we do not know anything about this case we do not care to know, but our minds are made up, and although the hostility is not always actively invoked, we know that it is there, and ready to be used whenever they consider that the occasion requires it.

We are of opinion that parties concerned in divorce proceedings before this House cannot expect to have justice done to them, if nearly one-half of the judges have, before its inception, already decided the case.

We find that the Committee is in constant hostility to a considerable portion of the House, and that under certain conditions a Report cannot be passed unless the Committee make a personal matter of it, and not always then. We have this session sat day after day and week after week listening to evidence and arguments of Counsel, with the prospect that after we made a Report upon what has come before us, the House, a large number of whose members know of the case only by name, may at any time proceed to negative it.

- We say that under such circumstances, a vote, adverse to the finding of a Committee whom you have asked to conduct these inquiries is an indignity to which no member of this House should be liable to be subjected.

We consider that the Committee is too heavily handicapped by the conditions we have described, and though these may be understood in the House, the public, and the country at large, not acquainted with the circumstances, and seeing only that reports of the Divorce Committee are negatived almost every session, naturally must come to the conclusion either that the Committee has not done its duty, or that it has not got the confidence of the House.

Feeling (as evidenced by the Report just adopted) that the latter is the correct interpretation, we have therefore decided to resign.

J. N. KIRCHHOFFER, ROBT. READ, JAMES A. LOUGHEED, G. C. McKINDSEY, THOS. R. McINNES, C. PRIMROSE, JOHN FERGUSON.

On motion of the Honourable Mr. Kirchhoffer, seconded by the Honourable Mr. McInnes (Victoria), it was

Ordered, That the same be taken into consideration by the Senate on Monday next.

The Honourable Mr. McDonald (C.B.), from the Standing Committee on Miscellaneous Private Bills, to whom was referred the Bill (71) intituled: "An Act to incorporate the Camp Harmony Angling Club," reported that they had gone through the said Bill, and had directed him to report the same with several amendments, which he was ready to submit whenever the House would be pleased to receive them.

Ordered, That the Report be now received, and

THE SENATE,

COMMITTEE ROOM No. 2,

TUESDAY, 9th July, 1895.

The Standing Committee on Internal Economy and Contingent Accounts beg leave to make their Second Report, as follows :---

1. Your Committee have examined the accounts of the Clerk of the Senate for the fiscal year ended 30th June, 1894, and find them correct.

Cash from various sources ... 3,074 64

......

\$127,233 52

The Clerk has accounted for the above to the satisfaction of your Committee, as follows :---

\$99,814 44
158 88
3,074 64
24,185 56

Total \$127,233 52

The books are kept in a clear and comprehensive manner, each item being accompanied by a voucher. They also show the comparative expenditure for three years, according to the order of the Senate made on the 29th April, 1889.

2. The vote last year for the supply of stationery, &c., was \$5,988, of which amount \$5,469.86 has been expended, leaving a balance unexpended of \$518.14, which will now be returned to the Consolidated Revenue Fund.

3. The balance of last year's purchase still on hand with the accumulated stock of former years amounts to about \$2,000. A considerable portion of this stock, however, is inferior in quality, having been acquired before the present arrangement of giving the order direct on dealers in England.

4. In considering the list of articles for next year's distribution your Committee recommend that in lieu of the small trunk of stationery, the travelling despatch box now on view in the Stationery Clerk's room be substituted, the cost of that article, including the supply of stationery and the knife, not to exceed the cost of the small trunk of stationery heretofore supplied; and that it be optional with each Senator whether he take the small trunk of stationery or the travelling despatch box now recommended, but in the event of the latter being chosen that notice thereof shall be given to the Stationery Clerk within one month from the close of the present session.

5. Your Committee recommend that Mr. J. Boutillier Trudel be permanently appointed as an additional French Translator at a salary of \$1,200 a year from 9th July instant, he having been temporarily so appointed in pursuance of the recommendation made in the ninth paragraph of the Fourth Report of the Standing Committee on Internal Economy and Contingent Accounts adopted by the Senate on 9th July, 1894, and his qualifications for the position having been tested and certified by the Chief French Translator and the first French Translator as thereby required.

6. Your Committee recommend that John Alexander Ridout and Herbert Lambkin be appointed pages from the beginning of the next session of Parliament in the places respectively of Vernon Smith, who has sent in his resignation, and of Arthur Bennett, who has grown too old for the situation.

7. Your Committee recommend that Mr. Pierre Ratté, Doorkeeper of the Senate, be required during the session of Parliament to assist the Postmaster during the latter's luncheon time and after six o'clock p.m. to the closing of the night mails, the latter only when the Senate is not sitting, and that for such service he be paid \$25 per session including this present one.

8. Your Committee recommend that Moïse Gagnon, Sessional Messenger, be refunded out of the amount voted for Contingent Expenses of the Senate, the amount (\$26.19) paid by him as abatement for superannuation while acting provisionally as a permanent messenger, which appointment was, in pursuance of the Report of the Committee on Internal Economy and Contingent Accounts adopted by the Senate on

9th July, 1894, not confirmed.

9. Your Committee recommend that the Department of Public Works be requested to extend the electric light wires to the room occupied by Messrs. Holland Bros., Official Reporters, so as to enable them to charge the storage batteries used to operate their phonographs.

All which is respectfully submitted.

THOS. McKAY,

Chairman.

On motion of the Honourable Mr. McKay, seconded by the Honourable Mr. Dever, it was

Ordered, That the said Report be taken into consideration by the Senate to-morrow.

The Honourable Mr. Macdonald (Victoria), from the Standing Committee on Standing Orders, presented their Thirteenth Report.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows :--

THE SENATE,

COMMITTEE ROOM NO. 8,

TUESDAY, 9th July, 1895.

The Standing Committee on Standing Orders have the honour to make their Thirteenth Report.

Your Committee have had under their consideration the following Bills (117 and 132) from the House of Commons, referred to them under the Fifty-ninth of the Honourable the Senate, intituled respectively : "An Act respecting ' La Chambre de Commerce du district de Montréal,'" and "An Act to revive and amend the Acts to enable the City of Winnipeg to utilize the Assiniboine River water power."

Satisfactory reasons were given to your Committee why no petition had been presented to the Honourable the Senate in each case—and they recommend the suspension of the Fifty-fourth Rule in so far as it relates to both Bills.

Your Committee find that the notices are somewhat short in point of time, but they recommend the suspension of the Fiftieth Rule in each case, as it will be competent for the Committees to whom the said Bills shall be referred to provide that no injury to any party shall arise therefrom.

All which is respectfully submitted.

W. J. MACDONALD,

Chairman.

On motion of the Honourable Mr. Macdonald (Victoria), seconded by the Honourable Mr. Allan, it was

Ordered, That the said Report be adopted.

On motion of the Honourable Sir Mackenzie Bowell, seconded by the Honourable Sir Frank Smith, it was

Ordered, That the Sixtieth Rule of the Senate be suspended for the remainder of the Session.

On motion of the Honourable Mr. Desjardins, seconded by the Honourable Mr. Reesor, it was

Ordered, That the Bill (117) intituled : "An Act respecting 'La Chambre de Commerce du district de Montréal,'" be now read a second time.

The said Bill was then read a second time accordingly.

On motion of the Honourable Mr. Desjardins, seconded by the Honourable Mr. Reesor, it was

Ordered, That the said Bill be referred to the Standing Committee on Banking and Commerce.

The Honourable the Speaker, from the Joint Committee of the Senate and House of Commons on the Library of Parliament, presented their Second Report.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows :---

LIBRARY COMMITTEE.

Second Meeting.

The Joint Committee on the Library of Parliament met a second time on Friday, 29th June, in the Speaker's Chambers, at 11 o'clock, A.M.

The Minutes of the first meeting were read and approved.

The report of the Committee on Exchanges, hereto annexed, was read, amended and approved.

The report of the Audit Committee, hereto appended, was read and approved, with the recommendation that Mr. John Smith, now acting accountant, should be made actual accountant of the Library.

P. WHITE, Speaker.

SPEAKER'S CHAMBERS, 29th June, 1895.

REPORT OF SUB-COMMITTEE ON EXCHANGES.

The Sub-Committee appointed to consider and report upon the distribution and purchase of exchanges, met at 11 o'clock, A.M., on Monday, 17th June, 1895.

The Librarians were instructed to distribute certain copies of Kingsford's History of Canada to Canadian universities and foreign exchanges.

The Sub-Committee agreed to recommend to the Joint Committee the purchase of fifty copies each of "Acadia," by Edward Richard, and of the Life of Sir John Macdonald, by Joseph Pope.

In making this recommendation the Sub-Committee unanimously agree in advising that in view of the large sums that have been taken recently from the Library grant for the purpose of purchasing works for exchange, the Joint Committee should return to the rule laid down in 1890 by a Sub-Committee consisting of the Hon. the Speaker of the House of Commons and Hon. Messrs. Davies and Blake, as follows:—

"The Sub-Committee report that it is of opinion that the grant for the Library is not large enough to justify the purchase of books for the purpose of encouraging native literature, and that the purchase of exchanges should be confined to books of a character similar to that of the exchanges received from other countries."

The present Sub-Committee also advise that, hereafter, when the Joint Committee is disposed to encourage the circulation of any valuable native work, it should recommend such work to the notice of the Government, in order that a sum might be placed in the estimates for the purchase of a certain number of copies. The Library,

17th June, 1895.

Ordered, That it be received, and

The same was then read by the Clerk, and it is as follows :--

THE SEEATE.

COMMITTEE ROOM No. 28,

TUESDAY, 16th July, 1895.

The Standing Committee on Divorce beg leave to make their Eighteenth Report, as follows :----

In obedience to the Order of Reference made by the Senate on the 22nd May last and to Rule 113 of the Senate, Your Committee proceeded with all reasonable despatch to hear and to inquire into the allegations set forth in the preamble of the Bill (B) "An Act for the relief of William Wallace Colton" and to take evidence touching the same and the right of the Petitioner to the relief prayed for, and held meetings for that purpose on the 30th and 31st May, 3rd, 4th, 5th, 6th and 10th June last.

The Petitioner, William Wallace Colton, and the Respondent, Elizabeth Colton, appeared personally before the Committee and were also represented by Counsel.

The Petitioner and the following witnesses on his behalf, were examined on oath :--

Hernon Sheriff, of Picton, Ontario, book-keeper;

Hiram Kendall, of Kingston, Ontario, tanner and currier;

Mary Elizabeth Kendall, wife of the said Hiram Kendall;

Charles Welch, of Picton, Ontario, sign painter;

Olive Colwell, of Napanee, Ontario, wife of - Colwell.

The Respondent, and the following witnesses on her behalf, were also examined on oath :--

John George Skinner, Esquire, of Kingston, Ontario, barrister-at-law;

Elizabeth Thompson, of Napanee, Ontario, wife of - Thompson.

In obedience to the Order of the Senate, of the 31st May, 1895, adopting the recommendation made by the Committee in their Eleventh Report dated 30th May, 1895, the Petitioner deposited in all the amount of \$124 to defray the Respondent's travelling expenses and her expenses in retaining Counsel for her defence, and the whole of the said amount was by two several Orders of the Committee made on 4th June and 25th June, 1895, applied as directed by the said Order of the Senate, leaving a balance of \$10 yet unpaid by the Petitioner to comply with the Orders of the Committee.

On the 6th June, an Order was made by the Senate, in accordance with the following recommendation contained in the Fourteenth Report of the Committee made and adopted on the same date:—

"That an Order of the Senate be made requiring the Petitioner, William Wal-"lace Colton, to deposit with the Clerk of the Senate the sum of (\$100) one "hundred dollars, to be applied as directed by such Orders as are from time to time "made by Your Committee, towards paying the reasonable expenses, to be taxed by "Your Committee, of the summoning and attendance before Your Committee of "such witnesses for the Respondent, Elizabeth Colton, as Your Committee deem "necessary to be heard on her behalf."

The last mentioned Order has not been complied with by the Petitioner, and at a meeting of the Committee held on the 10th June, 1895 Counsel for the Petitioner stated that he had communicated the Order to his client, but had since heard nothing from him, and that the Petitioner was not present in attendance on the Committee, nor had he, the Counsel, any instructions as to making the deposit of \$100 so ordered.

The Respondent was present in person at the last mentioned meeting, and by her Counsel intimated her desire to proceed further with her defence and to contradict by witnesses the evidence adduced on behalf of the Petitioner, but stated that it

The Petitioner has not since appeared, either in person or by Counsel to pro-0) + THT 57 secute the Bill.

The evidence of the Respondent and of the witnesses examined on her behalf conflicted with that of the Petitioner and his witnesses, and it was stated to the Committee by Counsel for the Respondent that the further evidence she was prepared to produce if her expenses in bringing witnesses were defrayed as ordered by the Senate would further rebut the evidence on behalf of the Bill.

Without expressing any opinion as to the merits of the case, the Committee deem it their duty to recommend, under the circumstances above set forth and in view of the disobedience of the Petitioner to the Order of the Senate, that the said Bill be not further proceeded with.

The Committee report herewith the testimony of the witnesses examined on oath and all papers and instruments put in evidence before the Committee.

In bringing this Session of Parliament to a conclusion, I have to congratulate you on the industry and zeal which have marked your labours.

The necessary legislation having been passed, the Treaty of Commerce with France, from which favourable commercial results may be expected, will, as soon as ratified, be put into force by proclamation. The negotiations with Newfoundland to which reference was made at the

The negotiations with Newfoundland to which reference was made at the opening of the Session, I regret to say have not resulted in any agreement for the present.

The reply of the Provincial Legislature of Manitoba to the Remedial Order issued by my Government on the 21st March last was considered of such a character as to justify postponement of further action until next Session.

I am pleased to observe the grant of Parliament in aid of the fund contributed by the Canadian people for the benefit of the family of the late Right Honourable Sir John Thompson.

The amendments which have been made to the law relating to the Civil Service, will, it is believed, result in increased efficiency and economy.

The Legislation of the Session will, I trust, lead to an improved administration of criminal law, to the advancement of commerce and the extension of railway and telegraphic communication.

Gentlemen of the House of Commons:

I thank you for the liberal provision which you have made for the services of the current year.

Honourable Gentlemen of the Senate, and Gentlemen of the House of Commons:

In relieving you from your duties, I venture to express the hope that you will find among the people you represent a continuance of that prosperity which marked the opening year.

THE SPEAKER of the Senate then said :--

Honourable Gentlemen of the Senate:

It is HIS EXCELLENCY THE GOVERNOR GENERAL'S will and pleasure, that this Parliament be prorogued until Saturday, the thirty-first day of August next, to be here held, and this Parliament is accordingly prorogued until the thirty-first day of August next.
