## AN EARLY ELECTION WITH RECIPROcity AS THE ISSUE

Hon. Wm. Paterson Drops a Hint in Yesterday's Debate

Opposition Pleads for Time to Digest the Significance of the Proposed Agreement—Do Not Go Back on the Wisdom of the Past Forty Years, Says Borden—Minister of Customs Replies to Opposition Arguments.

### An Early Election.

Hon. Wm. Paterson, in the course of the reciprocity debate, remarked that one objection put forward was that the arrangements should not have been gone into at all without consulting the people. That was impossible. The people themselves would have an opportunity to pass upon it, and that at no very late date. It would then be a live question. He expected the judgment would be favorable. If the Conservatives were returned to power they would have an opportunity of bringing in a measure of repeal.

OTTAWA, Feb. 9.—The first round of the reciprocity debate showed the Conservatives counseling for delay. The Monk amendment to the motion to go into committee was rejected by the small majority of 28. This is said to be due to a large number of Liberals absenting themselves from the chamber while the vote was taken. Mr. Fielding said he had received a petition from 46 Liberals asking for delay. Mr. Monk thought the matter was too serious to be received with the "shrieks of approval" which greeted it from the government benches. Mr. Fielding said the agreement was a vital repetition of the treaty of 1854 and was not new. Mr. Foster charged the minister of finance with having no mandate to Washington and declared the Canadian dieties had treated Canada interested like gamblers. Canada had bartered away her authority. The house was well filled at all times during the debate. There was a large concourse in the galleries, and not the least interested was Henri Bourassa. The debate will be resumed next Tuesday.

No Time to Consider. The debate started when, on a motion by the finance minister, that the house go into committee to consider the tariff resolution Mr. Monk (Jacques Cartier) brought up an amendment stating that the agreement had not given the "necessary time or occasion to ascertain the opinion of the people of Canada in this respect." Mr. Monk insisted on the case of conventions between continental nations, which always contained a clause that ratifications could be exchanged within six months. He had no desire to place any obstacle in the path of the government, but said that the members wanted an opportunity to consult with their constituents. Giving his reasons, Mr. Monk said the house expected something less considerable. The agreement covered the whole field of agriculture. It imperiled the forest wealth of Canada, at a time when Canada should be making the conservation of her natural resources all that care which has been found wanting in other countries. The tendency of the agreement was to make trade lines run generally north and south. It nullified the sacrifices Canada had made for twenty years to develop a great industrial system. The agreement came to Canada with a suddenness, after forty years of isolation, during a time when the colonies had become firmly established markets and created large industries.

England's Attitude. Continuing Mr. Monk declared that the reciprocity arrangements were to the advantage of the administration in England and that the government had definite instructions from the home government. There was a great uncertainty abroad as to the value of the different elements of the arrangement which was evidenced by the contradictory opinions from all parts of the country.

While criticizing the house for the "acclaim" with which the agreement report had been received, Mr. Monk declared, "We should be ready to trade and conclude treaties with all nations where our interests are concerned." Mr. Fielding disclaimed any desire to rush the matter thru the house. It was not a new question, reciprocity had been before parliament for the past forty years. The surprise which the non-governmental opposition felt was a surprise that the government had been able to come to such a good agreement, which would revive faith and hope in every industry and undertaking in Canada, and would make permanent the prosperity of the country. He declared there would be abundant opportunities for discussion. He charged the leader of the opposition with looking to Washington in the hope that the measure would be defeated. He said the non-governmental opposition were "content to beat the bass drum of imperialism and insult the intelligence of the people by claiming that the acceptance of the reciprocity arrangement with the U.S. interferes with the loyalty of the Canadian people."

Would Strengthen Canada's Position. He had strong hopes that President Taft would overcome the opposition in congress and in the event of rejection by congress and acceptance by the Dominion Parliament, Canada would be in a much stronger position in future negotiations. In the bill to be brought down there would be a clause declaring that no part of the arrangement would come into operation until corresponding legislation would be passed by the U.S.

## FIGHT IT OUT.

There is nothing now in regard to the Knox-Fielding reciprocity deal but for its opponents in this country to fight it out.

The Canadian Parliament must not pass the proposition in any shape until we see what congress does with it, before March. The World is confident congress will not pass it. After to-day there are only eleven days left until this congress expires. Two men in the senate can block its passage. Other pressing questions are demanding consideration, and must be considered before March 4. Mr. Taft has no hope of getting it thru this congress; nor is it at all likely that he will call a special session. He, too, has other things in his hand. His sole hope is quick action, both at Washington and at Ottawa. There will be no quick action—there should be no quick action.

The house of commons must therefore hold the thing over until March. Then let there be a demand that the opinion of the country be taken on this supreme issue. The people of Canada have a right to be consulted on so supreme an issue as the future of the nation.

Meetings of protest are also in order, and the first one ought to be in Massey Hall.

There will be no Taft-Fielding deal this year anyway. But those who are against it must fight it to a finish.

Should it by any means get passed at both places, it can still be repealed by Canada by the voice of the Canadian people speaking in a new parliament.

No surrender all along the line.

### DAUGHTER MAKES CLAIM TO FELIX CORR'S ESTATE

Mrs. Peter Donnelly of Council Bluffs, Iowa, Here—Romance of Early Life.

A pathetic story concerning the life of Felix Corr, the old man who died in a house on Queen-street some five weeks ago, is told by Peter Donnelly of Council Bluffs, Iowa, who, with his wife, is in Toronto pressing the latter's claim to the entire estate of about \$15,000, now being probated in the surrogate court. Felix Corr had been living the life of a hermit, apparently destitute, and a woman neighbor for several months previous to his demise cared for his wants. Dr. Norman Allen attended him during his last illness and the old man expressed the wish that his entire estate should go to the woman who had showed him kindness. Dr. Allen, it is said, then phoned for William M. Hall, barrister, but before he arrived the old man had passed away. There are now thirty-one claimants to the estate.

The story of Corr's unhappy life, as told by Mr. Donnelly, is touched with romance. An Unhappy Marriage. Felix Corr was in his youth a carpenter in Ireland, married a young girl of high society whose parents disapproved of her marriage and the young woman was forced to work for a living. After they had buried their only child, Cor suddenly disappeared. He came to Canada, engaging in the wheelwright trade. His two brothers then searched in vain for him.

Six months after the husband's disappearance a child was born to the forsaken wife and this child was a young girl. After they had buried Peter Donnelly. The young couple then emigrated to the United States, settling in Iowa. It is believed that Corr never had any knowledge of the birth of his daughter.

After the death of Felix Corr some weeks ago, the trust company in charge of the estate advertised in all the old country papers for relatives of the deceased man. An item in the Belfast Times came to the notice of Peter Donnelly, who, with his wife, at once came to Toronto to lay the claim of Mrs. Donnelly as the sole heir of the estate advertised in all the old country papers for relatives of the deceased man. An item in the Belfast Times came to the notice of Peter Donnelly, who, with his wife, at once came to Toronto to lay the claim of Mrs. Donnelly as the sole heir of the estate advertised in all the old country papers for relatives of the deceased man.

### OTTAWA IS INVADED

One Thousand Fruit Growers and Market Gardeners in Dead Earnest.

Last night two special C.P.R. trains from Hamilton, and a special G.T.R. train from St. Catharines, carrying in all nearly 1000 members of the Niagara Fruit Growers' Association, passed thru Toronto en route for Ottawa, where they will lodge their protest against the proposed reciprocity agreement with the United States.

At Toronto they were joined by about 150 local fruit-growers and market gardeners, who also wish to place themselves on record as opposed to reciprocity.

### CORONATION CONTINGENT

Force Will Number About Seven Hundred With Forty-Eight Officers.

OTTAWA, Feb. 9.—It has been decided that there will be forty-eight officers, and organized a force about 700 strong on the Canadian contingent to the coronation. This will mean that each regiment of cavalry and infantry will have about four representatives, and each brigade of artillery the same number. The non-commissioned officers and men will be recommended by the officers commanding the different units. The men will wear the uniforms of their respective corps on the contingent.

## THREE ARRESTS FOLLOW OXFORD GRAFT ENQUIRY

Sequel to Judge Snider's Report, Which is Not Yet Made Public—Men Gathered in Are Mr. T. Buchanan, Byron McCarty and John Youngs—Another Arrest Expected.

WOODSTOCK, Feb. 9.—The Oxford police net was thrown out this afternoon and gathered in some of the leading figures in the Oxford graft investigation. The authorities this morning received word from the attorney-general's department at Toronto instructing them to take quick action in apprehending M. T. Buchanan, Byron McCarty and John Youngs. McCarty was arrested by Constable Fred Hill at Thamesford late this afternoon. Ex-Warden John Youngs of Brookdale was in town during the afternoon, and was placed under arrest by Constable Oston. Chief Killings went up to Ingersoll and brought back Buchanan on the three o'clock street car. They were all taken to police headquarters and after an hour or so's conference the three were admitted to bail, furnished by their friends. Youngs, it will be remembered, was charged with offering money to the late jailer, Cameron, for his job.

The arrests were startling in their suddenness, altho it was generally believed that the fact that the commission's findings was being withheld until the cabinet met portended some drastic movements by the attorney-general's department.

It was believed that the keeping back of the report indicated the government's decision to make a sudden move and land the men wanted before they had a chance to get out, if they had any intention of doing so.

McCarty of Thamesford was not taken before the magistrate, his bail being arranged in the office of his solicitor, S. W. T. McMullen. M. T. Buchanan walked half a block behind the chief from the car to the police office, where bail was given for \$2500 cash and sureties of a like amount, similar bail being demanded of Youngs. There are several charges against Buchanan, but these have not been formally made out yet. The men wanted have simply been arrested on a general warrant of arrest from the county, issued under instructions by the attorney-general's department.

to-night, and will probably bring in another man from Zorra.

Judge Snider's report on the Oxford County investigation was considered yesterday by the Ontario Government, but it is doubtful if it will be either presented to the house this session, or be made public until the prosecutions are concluded.

Sir James Whitney said to The World yesterday evening that in view of the report of the arrests, it was not certain when the judge's report would be made public. Certainly not at present.

### PRESENTATION TO J.D. McDUGAL

J. D. McDougal, member for East Ottawa, is to be married on Thursday next to Miss Rosamond Chadwick. At 6 o'clock last evening his colleagues in the opposition presented him with a handsome cabinet of silver in honor of the event.

Hon. A. C. Mackay, in making the presentation, spoke very highly of the work done by Mr. McDougal in the legislature, and wished him every happiness in the future.

London Fur Prices. The press reports state that Canadian furs in London have dropped 20 per cent in price. Mink and muskrat have suffered. Of course, London prices are away in advance of Toronto prices, but notwithstanding this the Canadian furs are already selling their goods at a big reduction.

## Some Political Union Longings

American Secretary of Agriculture Says Canada and U.S. Will Become More and More One People.

WASHINGTON, Feb. 9.—The pending reciprocity treaty with Canada will go some distance towards meeting the demands of the people at the last election, without interfering with the policy of protection, as applied to the whole world.

This is the declaration of James Wilson, secretary of agriculture, in his answer on behalf of the Taft administration to the national grange's declaration of opposition to the proposed agreement.

Secretary Wilson argues that the cost of production in the United States and Canada is more nearly identical than it is between the U.S. and any other country; that the same difficulties with regard to farm labor exist on both sides of the international line, and that the Canadian and American farming methods are virtually the same.

"This treaty is not one-sided, giving our markets for meats and grains to the Canadians with nothing in return," says Secretary Wilson. "We get in the Canadian woods, timber products, things very much needed, as our home supplies are so much reduced that prices have gone up markedly in the last few years, and our development in the future will depend heavily on what remains. Canada opens her doors to our fruits, which will give to our orchardists a growing market for their products. Fish comes into the United States free, which will mean quite as much to our people as to the opening of our markets to Canadian poultry products. We are to have free trade in seeds, which is well, because many seeds are more valuable coming from northern latitudes. We do not grow enough of flax to make our oils and will derive benefit from the free introduction of flaxseed. Free barbed fencing wire will be a boon to our farmers."

"Reciprocity with Canada must be considered from a viewpoint somewhat different from that of a tariff act affecting our commerce with the entire world.

"If this reciprocity treaty becomes the law of both countries, our relations with Canada will become more intimate and our trade with her will extend and increase. The trains that bring farm products to the United States will take farm, orchard and stock products to Canada."

### WILL ARBITRATE.

LONDON, Feb. 9.—A convention has been signed by Great Britain and Austria-Hungary, providing that differences of a legal nature or relating to existing treaties which cannot be settled by diplomacy must be referred to the arbitration court at The Hague, when these do not effect the vital interests, independence or honor of the two countries and no concern the interests of other powers.

### Big Stock-Taking Sale.

There is a possible chance that you may not require a safe for the season. However, the question of price, present and prospective, should appeal to you. Take for instance the Dineen Company's safe-taking sale. Goods being offered in this sale are real bargains. Everything is reduced even from the year's prices and will stand as the lowest yet in the history of Canadian furs.

## STRATTON READY TO REFUTE CHARGES

Meets Accusation of Conspiracy and Illegally Accepting Bank Notes With Statement That Dealings Were Thru Trust Company and Fully Explainable.

John Ferguson, Alex. Fraser, A. S. for West Peterboro, former provincial directors of the Farmers' Bank, were committed for trial in the police court yesterday morning, upon the charge of conspiring to unlawfully obtain \$10,000 from the bank.

Hon. J. R. Stratton, Liberal member for West Peterboro, former provincial secretary under the Ross government, and president of the Trusts and Guarantees Co., was last night served with summonses, calling upon him to appear in police court a week from to-day, to face a charge of conspiring with the provincial directors, Travers, Nesbitt, and others, to secure the corporate of the treasury board by fraud, and on a further charge that he accepted as a pledge the notes of the bank, contrary to the provisions of the Bank Act.

The information was laid by Inspector of Detectives Duncan, before Magistrate Denison, at the hearing of the case against the provincial directors, who were again remanded upon the conspiracy charge, in which Mr. Stratton is now joined with them and with Clark Hamilton Smith, secretary of the provisional board; J. J. Warren, general manager of the Trusts and Guarantees Co., and Dr. Beattie Nesbitt.

The three, last named, were absent in police court a week from to-day, to face a charge of conspiring with the provincial directors, Travers, Nesbitt, and others, to secure the corporate of the treasury board by fraud, and on a further charge that he accepted as a pledge the notes of the bank, contrary to the provisions of the Bank Act.

## KING-ST. BUSINESS MEN OPPOSING C.P.R. SHEDS

Large Deputation Tell Controllers Property Depreciation Will Reach Million Dollars.

That the property owners along King-street in the vicinity of the proposed site of the C.P.R. freight sheds are not disposed to let the work planned by the company proceed without a strenuous opposition was demonstrated at yesterday's meeting of the deputation of control. There was a deputation of influential citizens present representing most of the industries from the locality. They presented the petition and certain terms their objections to the establishment of freight sheds in the vicinity. The result of the conference was an arrangement for the deputation to present before the board of directors of the C.P.R. on Monday next, to go over the plans of the proposed improvements.

The deputation consisted of A. T. Reid, J. W. Corcoran, S. Samuel, George Gale, Wm. Doble, J. R. Kirkpatrick, G. Fraser Beer, George R. Warwick, Dr. Walter McKeown, Lawrence Solman and J. W. Gale. They represented the Gale Manufacturing Company, Warwick Brothers and Rutledge, Samuel and M. L. Benjamin & Company, the Eclipse Whitewear Company, E. W. Gillett, Dr. McKeown, the Canada Printing Ink Company, the Royal Alexandra Theatre, A. T. Reid Company, Limited, and Ralph, Clark, Limited. They brought with them a petition signed on behalf of these firms.

Mr. Reid, in his address, stated that while they were not desirous of placing any obstructions in the way of a satisfactory settlement with the C.P.R., they felt it their duty to offer a protest against any ratification of the plans. The plans would mean an injury to the property of up-wards of 1,000 persons, also retarding growth for commercial purposes which would greatly exceed this sum. King-street would never recover.

**Fire Buildings Affected.** It was pointed out that many of the city's finest business buildings were either erected or in the course of construction within two blocks of the proposed site. The smoke nuisance would make some of the buildings near the front-of-way untenable. The reason more strenuous objections were not made before was that it was believed it was the intention to build a hotel on the site. As an alternative site it was suggested that the Esplanade be widened to a line north of further north than the south side of Wellington-street.

Curling Win and Lose At Winnipeg Hockey League Scores Trotting Closing Day At Ottawa

Note and Comment

In those six-round bouts in Philadelphia, no decisions are allowed, according to the papers. However, according to the papers, Knock-out Brown had it almost every way on the holder of the lightweight title, Ad. Wolgast, except what they call the close of the fight.

It was an expensive card that Jack O'Brien, the former middleweight champion, who runs the club, put on, the money being cut out as follows: Wolgast, \$500; Brown, \$200; Jeanette, \$150; Barry, \$100; O'Toole, \$50; Sims, \$50; Curry, \$50; O'Brien, \$200. Total, \$1,750.

Sam Langford of Boston and Bill Lang, the Australian heavyweight champion, will meet next Wednesday night at Hugh McIntosh's Olympia in London. Manager Woodman says that Langford is training vigorously, and expects to score a knockout inside of a dozen rounds.

London is crazy over boxing. There are several shows every night, and the smaller in the afternoon. Some of the other clubs draw as much as \$10,000 a single exhibition, which is going some. McIntosh is the whole thing when it comes to big draws and big money.

St. Michaels Ordered To Defend Allan Cup Or Forfeit by Default.

The Allan Cup trustees apparently intend to get the St. Michaels Hockey Club out of the game. They first ordered St. Michaels to play the Victoria Hockey Club, on Feb. 9, and St. Michaels refused to do so.

Wm. Northey, of the Arena, Montreal, Que., is responsible for St. Michaels to defend cup on dates mentioned owing to O.H.A. semi-finals, in which we may be engaged. We have not yet seen the order, but would have no claim to Allan Cup if beaten by Parkdale. Furthermore, Mutual Rink will not be available on the dates mentioned.

Frank Disette, St. Michael's College Hockey Club, Toronto.

Trustees regret your decision not to defend cup, as ordered, and have notified Victoria Hockey Club that they are entitled to claim cup by default if March 5 is too late for them. We advise you of their decision, which received Wm. Northey, secretary for Cup trustees.

The rules which cover the matter reads as follows: "The trustees may, in their discretion, call upon the holder of the cup to defend it, if for any reason the deciding of the championship of the league in which the cup is held, is delayed beyond a date sufficiently early to dispose of the challenges likely to be received for that year."

It is hardly likely that the Victoria Club of Winnipeg would claim the cup by default, as that would be a very empty victory. In no previous year have any of the cup games been played before March 15, and why the exception should be taken this year is hard to understand.

To look at the thing from a proper light, St. Michaels may yet lose their group, and the cup would then be held by the O.H.A. senior champions. Every effort has been made by the various group conveners to have championships decided so that the Allan Cup games could be played at the usual time.

St. Michaels will stay by their decision and if the trustees insist on them playing on the first mentioned date the cup will be shipped to Winnipeg.

St. James' Basketball Team. HARRISTON, Ont., Feb. 9.—The basketball team leaves for Woodstock this afternoon and will play the Y.M.C.A. team of that place in the evening. On Saturday evening the St. James' quintet play in London, meeting the crack Y. M. C. A. team. The boys are looking forward to a pleasant trip, and are in charge of Physical Instructor Ed. Buscombe.

Jack Maynard, who played left wing for Varsity Juniors against Argos last night.

Varsity Defeat Argos Won Junior Group

Score Was 8-2—Game Very Listless—Jack Maynard Strengthened Varsity Forward Line.

Varsity Juniors won their district rather handsily from Argos last night at Mutual Street Rink. Final score 8 to 2.

Argos presented their usual line-up, but Varsity were strengthened by Jack Maynard at left wing, while Pete Campbell was back at centre for the first half of the game, but was forced to retire, his injured leg still bothering him.

Varsity Juniors, while playing a nice game of hockey, were far from being a team they were thought to be in their first appearance this season. Laird in goal last night, and the very dry game, some of his stops being exceptionally good.

## LADIES' STAND COLLAPSES ON OTTAWA CLOSING DAY

Emily Morris Takes the 2.18 in Straights—Prince Greenlander Wins the Five Mile.

OTTAWA, Feb. 9.—The thirteenth annual meet of the Central Canada Ice Racing Association, which has been in progress since Thursday last, came to a close here this afternoon when the five mile race was the feature. There were only three starters, Prince Greenlander, owned by P. Langlois of Montreal; Jennie Price, owned by W. R. McGirr, Owen Sound, and Judge, the property of Jack Peacock, Ottawa. The race was won by Prince Greenlander, who has many five mile purses to his credit. Prince Greenlander was the favorite, and led almost from beginning to end. Judge was never seriously in the race, and although Jennie Price came from behind and led by a length at the close of the second mile, and then proceeded to cut out a pace which Jennie could not follow, Prince Greenlander won by six lengths.

Many, who backed Jennie Price, were convinced that Nat Ray was not driving to win and immediately there was a kick. The judges, however, decided that the race was on the level, and refused to call the bet. The race was won by Prince Greenlander, who has many five mile purses to his credit. Prince Greenlander was the favorite, and led almost from beginning to end. Judge was never seriously in the race, and although Jennie Price came from behind and led by a length at the close of the second mile, and then proceeded to cut out a pace which Jennie could not follow, Prince Greenlander won by six lengths.

## HOFFMAN IN CARTER WINS JACKSONVILLE FEATURE

Outclasses His Field and Beats Princelike Boy by Six Lengths—Four Favorites Land—Results.

JACKSONVILLE, Feb. 9.—Hoffman, the favorite, made a show of his field in the feature event at Moncrief to-day, winning in a canter by half a dozen lengths from Princelike, who was a length in front of County Tax. Form players again made things unpleasant for the layers, four favorites finishing first. The judges after the sixth race, announced that the entry of the horse Hoffman, winner of the fourth race, and Steneman, who finished first in the last event, would hereafter be refused on account of their inconsistent performances.

FIRST RACE—selling, purse \$400, 2-year-olds, 5 furlongs: 1. Naughty Rose, 102 (McTaggart), 5 to 1, 2 to 1 and even.

## Market Was Fair at Maher's Exchange Must Ship Cheaper

The market was fair at Maher's horse sale yesterday and the western buyers filled the stall end of their cars for shipment to the west last night. The dealers still complain that good horses are still too high in the country for them. They believe that the farmers must ship their horses in for from \$15 to \$20 a head cheaper.

The market is not as brisk as it should be as the farmers are holding horses for high and they must come cheaper for business, brighten up.

Some of the sales yesterday were as follows:  
Messrs. Steinberg and Madison of Canora, Sask., purchased a car load of grand heavy mares for improvement of the horse industry in the western country and a finer bunch would be hard to get together, and the palace horse car was a grand sight to see with 20 head of thick, classy heavy mares. Mr. S. Willows, Cobalt, got 12 horses for freshening purposes in the northern country, a bunch that were bought with good judgment.  
A. T. Stearns shipped a car of heavy geldings and mares, that were bought at a right price.  
The Shedd Forwarding Co. bought five roan geldings with a lot of quality, at \$75. Burns & Co., city, bought a fine bay gelding team for \$75. The Bredin Breed Co. bought a bay gelding that looked worth the money at \$25, and a grey mare with a lot of style at \$25. H. H. Hiltz was present and purchased a balance of his cartload, buying some nice mares at reasonable prices. George Chase purchased a brown chestnut, very classy looking and cheap at \$30.  
R. Morley of Water-own bought a driver's horse at \$25. Mr. Arthur Hurd purchased a city horse for \$40. John Darbinson of Dupont-street got a city horse at \$25. George McMichael picked up a very nice gelding with a lot of style. The Queen City Oil Co. bought a fine chestnut mare for \$20. Mr. Charles Mason also bought a couple of nice geldings.  
D. H. Cunningham of Dawson City came a long distance to purchase a couple of pair for heavy work at \$200.  
W. Taylor, city, got a pair of cheap horse horses at \$120. John Wood picked up a city mare for \$40. James Craigie got a city mare for \$15. A number of city horses were bought at a bay gelding for \$15 that looked cheap. A number of city horses were bought. On Monday the exchange will have 200 head of fresh country stock of all kinds.

## RICORD'S SPECIFIC

The only Remedy which will permanently cure Gonorrhoea, Bladder Inflammation, Prostatitis, etc. No matter how long standing. Two bottles cure most cases. Those who have tried other remedies without success will find relief in this. 51 per cent. of cases cured. RICORD'S DRUG STORE, 840 BAY STREET, COR. TERAULTY, TORONTO.

On Tuesday at the Repository many loads and many individual horses were sold. The Bredin Breed Company got a fine delivery horse for \$150. N. Hughson of Myrtle got a good black gelding for \$110, which looked cheap. Thomas Fitzgerald of Toronto got a bay mare for \$250. Mr. John Ritchie got a splendid pair of geldings for \$275.00. S. Caulfield & Sons got a bay gelding for delivery purposes that was cheap at \$62.50. E. H. Kelcey of Loring, Ont., purchased a bay gelding, a splendid driver, for \$150. Dr. F. C. Regina, Sask., got a number of good ones, including a five-year-old registered mare, at \$300. McMichael Bros. of Qu'Appelle, Sask., got a number for shipment west, prices being \$27.50, \$150 and \$152.50. Alexander Johnston of Woodstock got a chestnut mare for \$30. T. H. Clarke of Davidson, Sask., purchased a number of horses, prices averaging around \$150 each. Sherwin Willows bought a few big heavy draughts, one pair costing \$410. A. Boat of McKee, Sask., got a pair of bay geldings for \$147.50. R. M. Stewart of Halesbury purchased a pair of bay mares, sound and right, and which would weigh about 1550 each, for \$440. John Frost of Moose Jaw, Sask., got a grey gelding for \$67.50.

There are a lot of horses coming in and in spite of the fact that there are many selling, sellers are still on the aggressive.

AN EARLY ELECTION

Continued From Page 1.

amendment was lost on a straight party vote, the smallness of the government majority being due to the absence of a large number of French-Canadian Liberals.

When the house went into committee, Mr. Borden arose to the accompaniment of conservative cheers.

"These proposals are too grave for parliament," he said. He desired to take a reasonable and moderate view of the trade arrangement without making any attack on the government or anybody else.

He did not agree with the minister of finance that parliament should take up the matter so soon. The proposals embodied practically a new tariff, so sweeping that no one could estimate their ultimate effect with accuracy.

It was 1911 and not 1864, and it was idle to discuss the proposals in the light of the latter date. The increased production of wheat in the last six years of the reciprocity treaty had been due to the stimulus of the civil war, and he thought the abrogation of that treaty would have been partially effected by antagonism to British subjects for their participation in the strife.

Changed Conditions. Since then confederation had been accomplished, the railway units had been bound together, great transportation lines had been laid out, a system of inland waterways established, a national spirit created, and British institutions built up.

Mr. Borden reviewed Canadian national progress and said prosperously that the country was in a better position than ever before. He said there was no comparison between everyday comfort now and what was when he was a boy.

Since 1864 Canada has spent about 500 millions in railway construction, and the federal and provincial governments had given railway corporations about 55 million acres of the public domain, 75 million in leasehold, and the Hudson Bay Railway would cost 20 millions.

Not the Path of Wisdom. The abrogation of the reciprocity treaty had tried the spirit of Canadians, who had gone out into the markets of the world and had secured under stable and assured conditions, and to-day it was not wise to depart from the path of wisdom of the past 40 years.

What Are Natural Products? It had been said also that the desire of the United States was to reach some of the natural resources of Canada. He did not dispute that.

Mendelssohn Choir Will Essay Fine Works of Berlioz and Ferrari.

No sincere compliment has been paid Dr. Vogt and the Mendelssohn Choir than by Countess Grey, who, after hearing Pierre's "Children's Crusade" on Wednesday evening, decided to hear it once more last night.

Next year the Duke of Connaught may have an opportunity to hear Verdi's great Requiem, as it was sung on Tuesday night, and it is understood that the celebrated Te Deum by Hector Berlioz is to be put in rehearsal.

Mendelssohn Choir Will Essay Fine Works of Berlioz and Ferrari.

No sincere compliment has been paid Dr. Vogt and the Mendelssohn Choir than by Countess Grey, who, after hearing Pierre's "Children's Crusade" on Wednesday evening, decided to hear it once more last night.

Next year the Duke of Connaught may have an opportunity to hear Verdi's great Requiem, as it was sung on Tuesday night, and it is understood that the celebrated Te Deum by Hector Berlioz is to be put in rehearsal.

SHORTHORN SALE AT UNION YARDS BIG EVENT

Record Price of \$3600 is Paid For Two-Year-Old Heifer—Sale Averaged \$340 a Head.

If there was any lingering doubt in the minds of the livestock men of Canada as to the ability of the Shorthorns to retain their old-time prestige, it must have been effectually removed by the magnificent results attained at the closing day of the fourth annual dispersal sale of the Scotch Shorthorns at the Union Stock Yards on Thursday.

The attendance of representative breeders and prospective buyers, and in the record prices obtained, the sale was a marvellous exposition of what the Dominion of Canada can accomplish. It was a great triumph for the devotees of the Scotch Shorthorn and the United States buyers were present and the only regrettable feature of the day was the absence of the "Bridal Bouquet," the wonderful yearling heifer, bred and owned by Miller Bros. of Brougham, which was the subject of the prize.

Another animal consigned by Miller Bros. was a two-year-old heifer, which was secured with little difficulty. This was a roan heifer, calving in August, 1906, and a wonderfully straight, smooth, and trim animal.

"Melba," a roan heifer bred by Hon. Geo. Drummond of Quebec, the sum of \$400 was sold by Tom Harding of Wisconsin, U. S., for \$125.

"Blink Bonny," a two-year-old roan heifer, bred by Hon. Geo. Drummond of Quebec, was sold by Mr. Miller of New York State.

"Broadbrook's Beauty," bred by W. G. Pettit & Sons of Stewman, Ontario, brought \$150.

"Pine Grove Secret," bred by Hon. W. C. Edwards, Rockland, Ontario, brought \$150.

"Diamond Cross," owned by Hon. Geo. Drummond, went to John Miller of Brougham for \$200 and was a bargain at the price.

"Lavender," bred by Sir George Drummond, also went to the Elmsford Farm for \$160.

A good deal of interest centered in the sale of "Isobel," a magnificent roan cow, 10 years old, with calf at foot. This animal was bred by the late King Edward and imported by Sir George Drummond of Beaconsfield, Que. She was bought by William Keith of Lestow, Ont., for \$125.

The Gate is Open to a Better HOME and a GARDEN BESIDES

In the Garden Suburb of Toronto, just north of St. Clair Avenue, west of Dufferin Street, is a piece of property that every man interested in a home should see without delay.

ST. CLAIR GARDENS ANNEX

The home-seeking public has approved this property, by purchasing more than 50 per cent. of these homes already. Many creditable homes are now located here, and many more homes will be built in early spring.

Schools, churches and stores are at hand, and the district is served by the Carleton, Davenport and Dovercourt cars. When the St. Clair Avenue tracks are laid the ANNEX will be remarkably accessible by home community.

Visit this property. Call at our head office, 22 Adelaide Street East, Phone Main 717, or see a Robins representative at our branch office, northwest corner Davenport Road and Dufferin Street, Phone Parkdale 3154.

Robins Limited, 22 Adelaide Street East. The art of selling, and to hear them in the dispersion sale, the fourth which has now closed, afforded a magnificent opportunity for the farmers of Ontario.

WEST TORONTO, Feb. 2.—(Special.)—The tribute to R. G. McCormack, who for 26 years has been prominently identified with Victoria Presbyterian Church, taking the form of a presentation, and held in the church last night, was a great event.

Mr. McCormack was presented with an illuminated address and many kind things were said about Mr. McCormack, every one of which was well merited.

The congregational meeting showed great progress along all lines under the ministry of Rev. Mr. McKerrall. The receipts during the year amounted to \$181.73, exclusive of the amounts raised for missions.

The members of the board of management are: Messrs. R. Latham McCormack, A. J. Gillies, John Reid, W. J. McCullough, Dr. Cleland, A. E. Randall, D. McGill, W. Calhoun, John Bigham, auditors, T. J. Law, Henry Rowntree.

The membership has increased greatly, 20 having been the most since Mr. McKerrall's assumption of the duties, making a total of 908.

The offerings for missions, Sunday school, Bible class, amounted to \$2500. The smoker held to-night in the Masonic Hall, under the auspices of Ward Seven Liberal-Conservative Association, was one of the most all-round, thoroughly enjoyable affairs ever held in West Toronto.

**PROVINCE AND CITY STINGY TO UNIVERSITY**  
 President Falconer Thinks Institution Worth \$2,000,000 Yearly to Toronto.

In a scholarly address before the Irish Protestant Benevolent Society, in the Temple Building last night, President Falconer of Toronto University made some suggestions in a straight-from-the-shoulder fashion, that the city and the state should be more liberal in their grants to the university. He reasoned that the university was doing more than its share in the production of the \$2,000,000 a year to the city in worth cash, by virtue of the money it caused to be spent here by students and parents of students, who were attracted to buying homes and making their place of residence. Yet he had heard people complaining—actually grumbling that \$200,000 was spent on the university building, when the city should give to the institution at least two professors a year. His greatest anxiety was the problem of acquiring professors to keep pace with the tremendous increase in attendance. It was a graver difficulty even than providing increased buildings and accommodations. The University of Toronto received a total income of \$730,000, while the University of Wisconsin, with only 1000 more students, received \$1,400,000 from the state and expected more.

**Constantly Raising Standard**  
 President Falconer cited the fact that in 1887 the University of Toronto had 1800 students, whereas last year it was 4004, and would reach that again this year in the June registration. To cope with that increase in a registration, rank among the greatest of the continent, because the people pouring into the west were a thinking type.

**Church Notes**  
 The Missionary Institute, held in St. George's Parish Hall, Ottawa, Tuesday and Wednesday, was a great success. There were 187 paid registrants and all denominations were represented. Strong missionary addresses were delivered by Mr. Ross of China, Canon Gould, Toronto; Rev. P. McKay, Toronto; Dr. Brown, Toronto; H. C. Priest, Toronto. Arrangements were made to conduct the Institute again next year.

An International Mission Institute will be held at Hamilton on Monday and Tuesday of next week. Among the speakers are: Dr. R. P. McKay, Dr. Brown, Archdeacon Cody, Rev. G. M. Ross, S. W. Dean, Rev. W. C. Priest, all of Toronto.

It is expected that the Institute will prove a great success and that mission work in Hamilton will go ahead with renewed impetus.

**Appeal for Chinese Relief**  
 The committee on the Chinese famine fund, of which the Hon. W. A. Charlton is chairman, met yesterday and decided to appeal to Montreal, Winnipeg and Vancouver immediately, and other cities later, for contributions to the fund. It has also agreed to receive immediately the amount already received, about \$4000. The secretary, S. J. Moore, 445 King-street west, will receive all contributions sent in for this purpose.

 Spiritless Rally in Wall Street Due to Short Covering—Rio and C. P. R. the Features in Toronto Market.

World Office, Thursday Evening, Feb. 9.  
 Speculation was pretty much concentrated in Rio at the Toronto Stock Exchange to-day. The buying was unusually heavy in this issue, and the shares advanced to the record made some days ago. C.P.R. was strong, and a new high figure was made for these shares. The market was not given over to much speculation, but the support was steady throughout the list, and sentiment remained firmly bullish. No reduction was made in the Bank of England rate to-day, but the opinion is that money rates are gradually declining.

Information received from trustworthy sources, it is likely that the proposed financing of the New York River Co. will take the form of short term notes. The amount of the flotation is expected to be in the neighborhood of \$10,000,000, and securities which will probably run three years.

**Gates is Bullish as Usual.**  
 John W. Gates, the erstwhile big plunger in the stock markets, and who is noted for his chronic desire to "bet a million" is in his usual bullish frame of mind. "I will be a bull year," he says in an interview. "By that I mean a bull period not in the financial district, but in the general market. I will see a boom."

Trading in Rio obliterated to a very large extent any interest in other securities. The market was purely speculative, and there were no features in consequence, otherwise than the advance in Rio, and a movement in Porto Rico. The older and more stable securities were exceedingly dormant, and offerings were too few to have any influence upon supporting prices.

The investment enquiry was slack, and somewhat but prices of the issues which conform to this category were steady. Mexican Light and Power bonds sold at 90 1/2, although the bid price was 89 1/2. C.P.R. shares were firm. Rogers common was decidedly strong.

The market at the close was regarded as somewhat better than the opening, and sentiment was inclined to favor the buying side.

**London Market Has Good Tone.**  
 LONDON, Feb. 9.—Money was in good supply, and in fair demand, and discount rates were steady to-day. The absence of a change in the bank rate caused surprise in view of the strong weekly bank return, and the weakness in discount rates. The stock market, however, was not affected, and had good tone.

Glit-edged securities, home rails, and foreign bonds improved on investment buying, and supporting was moderately American securities were quiet and steady during the forenoon, with prices a fraction above parity. The market closed with a slight advance. Street opened, but recovered partly in the last hour, and closed steady.

**A GOOD YEAR**  
**Standard Bank Earnings for 1910 Were 18.66 Per Cent. of Capital.**

The annual report of the Standard Bank of Canada, being for the year ending Jan. 31, 1911, which has just been issued, shows that this institution has made remarkable progress during the period under review.

The net profits for the year, after deducting expenses, interest accrued, etc., and making provision for bad debts, amounted to \$73,208.25, against \$42,268.58 last year, an increase of about \$31,000. There was \$54,074.25 balance from last year to be added to the advance in 1910, making a total of \$127,282.53.

Dividends at 12 per cent. per annum ..... \$240,000.00  
 Contribution to Officers' Pension Fund ..... 7,500.00  
 Added to rest account ..... 100,000.00  
 Reduction of bank premium account ..... 25,000.00  
 Balance forward ..... 54,783.45  
 The statement shows a substantial increase in the business of the bank. The deposits amount now to \$26,418,300, being an increase of about \$3,000,000 over those of last year. The discounts have increased nearly \$3,500,000, and stand now at \$23,918,354.

The net earnings for the year amounted to 18.66 per cent. on the mid-up capital of the bank. The immediately available assets are \$10,600,000, and the reserve fund and undivided profits \$2,554,782.45.

**ON WALL-STREET.**  
 Erickson Perkins & Co. had the following: Stocks rallied irregularly to-day, after an hour of distress weakness, accompanied by liquidation from leading interests. The afternoon rally was spirited, and was due to the coalescing to induce buying elsewhere. The movement was not convincing, and there was no adequate reason for strength in such stocks as Erie. The rally in steel was the best feature, being due, doubtless to a general belief that to-morrow's statement of unfilled orders will be extremely favorable. This induced a little short covering. Public participation in stocks was trifling, and we do not think the rise will go much further.

Chas. Head & Co. to R. R. Bongard: The Stock Market to-day has been a satisfactory affair, though the early indications were rather unfavorable. During the first hour, the traders endeavored to depress prices in order to shake out weak holders, with the result that declines of from 1/2 to 1 point were recorded, but the break was followed by a recovery, and practically all the loss. The strength of Steel was the feature, there being reports of the unfilled orders will make a fine showing, considering the poor statements of late months. Probably the bear contingent had over-sold the stock, and the rise could be explained by this fact. There was not active and the outside public was still a factor of little importance, but the increase in the short commitments was commented upon as improving the technical position. The market is likely to back and fill for some time to come, but it shows a strong undertone indicative of ultimately higher prices.

**Bank Increases Capital.**  
 The Bank of New Brunswick is to increase its paid-up capital to \$1,000,000, the full amount now authorized. Shareholders are offered the new stock at \$250 per share. The market price is around \$275.

**New York Stocks**

NEW YORK, Feb. 9.—The aspect of the stock market changed decidedly during the course of to-day's operations, and conveyed the suggestion of greater strength of undetected than was generally believed to exist. At the opening bear operators resumed their operations with increased ardor and a hard drive at the list forced prices downward rapidly. Towards midday the list showed decided strength. Erie issues came into sudden demand, and the common stock advanced a point to the highest level since the month's trading, nearly two points from its low figure of the day. U.S. Steel and Missouri Pacific gained a point and other issues improved so generally that most of the day's losses were wiped out in a comparatively short period, some gains being established. There were no new developments to explain the change and the generally accepted explanation was that the market's source of strength lay in support lent by banking interests. The market, shortly thereafter apparently having been extended largely on the recent reaction.

Erickson Perkins & Co. (J. G. Beatty), 14 West King-street, report the following fluctuations in the New York market: Open, High, Low, Close. Sales.
