**RIPE FOR RECIPROCITY.**  
Many Prominent Men to Meet at Detroit to Discuss Question.

Detroit, Nov. 21.—The Committee of Arrangements have assurances from E. M. Foss of Boston, F. D. Pavy of New York City, John Charlton M.P., of Canada, Governor Cummins of Iowa, and Governor W. B. Stanley of Kansas, that they will be present and deliver speeches on the question of "Reciprocity With Canada." Invitations have been sent to prominent people in all the states touching the Canadian border to participate in the conference, and it is expected that these states will be represented by at least 200 delegates.

This expectation is based upon the fact that competent persons believe that the northern tier of states are now ripe for organization for a demand upon Congress for a reciprocity trade with Canada, that the press as a whole is in favor of fairer trade relations with Canada, and finally that Canada is willing to accept a fair trade offer. The National Reciprocity League (non-partisan), of which Frederick B. Smith, president of the Chamber of Commerce, and Convention League president, are the chief forces for Michigan, will participate in the conference. This organization will bring such men as E. C. Slavens, Chicago; John A. Kasso, Iowa; J. R. Calloway, New York; W. S. Thomas, Ohio; James Deering, Chicago, and many others to the conference.

**Love Sonnets of an Office Boy.**  
"Love Sonnets of an Office Boy," those delightfully humorous and quaint poetic fancies written over the name of S. E. Kiser and published originally in the columns of the Chicago Record-Herald, have made their appearance in book form. The entire series is there from the first one, wherein the plaintive cry of the love-lorn office boy makes known the fact that he has succumbed to the charms of the fair typewriter, to the twenty-five or six, and I'm fourteen, and you don't hardly ever notice me— But when you do, you call me Willie! Gee, I wish I'd bundles of the old long green And could be twenty-eight or nine or so, And something happened to your other bean."—

Until an outsider finally walks off with the prize, leaving the youngster vengeful in his dismay, but comforted with the thought that his deadly rival, "the long-legged clerk, who he keeps pretending to be gay, it's plain enough to see he's a feelin' bad." Publishers, Boston and Chicago, are the publishers. John T. McCutcheon has illustrated the volume.

Nov. Dr. Milligan will preach an anniversary sermon next Sunday morning, Nov. 23, in the Western Congregational Church, Spadina Avenue.

## HAMILTON NEWS

### MOSES FURLONG WAS THROWN FROM THE SEAT AND HAD HIS ARM BROKEN.

FRED GRANGER'S HIP BROKEN

Inspection of the Thirteenth Regiment—City Indoor Baseball Games.

Hamilton, Nov. 21.—There was a big crowd at the city indoor baseball game to-night. The Victoria Yacht Club beat the West End Pleasure Club by a score of 11 to 10, and the St. Lawrence won in a walk from the Ramblers, the score being 29 to 6.

Major Galloway, D.S.A. of Toronto, inspected the companies of the Thirteenth Regiment to-night. There were 888 on parade.

Balliffs took possession of the local office of the International Collecting Agency, which has headquarters in Toronto, this afternoon. The company has had considerable trouble with clients here.

**Thrown From Their Bids.**  
A street car pitched into a rig belonging to the Magee Walton Ice Co. in front of the Y.M.C.A. building this evening. Moses Furlong, the driver, was thrown from his seat and his arm was broken. He was taken to the General Hospital in the ambulance.

Fred Granger, porter for the Waldorf Hotel, was thrown from his rig on James-street, and his hip was broken. He will be laid up for two months.

**Tea Per Cent. Dividend.**  
A meeting of the directors of the Hamilton Steamboat Company was held to prepare for the annual meeting next month. The annual report prepared showed most satisfactory condition of things. Also the summer season was one long stretch of unsettled and wet weather. The company's fine steamers did splendid business, and, out of the earnings, the directors were able to declare a dividend of 10 per cent. Much credit is due Manager Bishop for the good showing.

**At Surrogate Court.**  
The will of the late John Kerper, former proprietor of the Music Hall, was entered for probate this morning. He left an estate valued at \$15,485.81, of which \$2855 is cash in bank. His real estate consists of property on East Main-street, \$8000, and houses on West Hunter-street, \$4500.

Letters of administration to the estate of the late Mrs. Mary Hays, James-street, Baptist Church, who died in Boston, have been applied for by his brother. His estate here is valued \$210.

**Great-Grand-Great Ma.**  
There are not so great many children who have the distinction of being great-grand-grandmother living. There are four, however, here, who have their names being Harold Kempf, who was 70 years; Annie Kempf, aged 7 months; children of Mr. Harry Kempf of the Germania Hotel, and Ella and Stella McCree, Wood-street.

Their great-grand-grandmother is still alive, being Mrs. C. Foss of Raynes, Hamilton County. Mrs. Foss is 96 years of age. She is still active and bright, and resides at the home of her son, Mr. Foss, who is 70 years of age. Mr. Foss is the father of Mrs. Harry Kempf, the elder, who resides on Wood-street.

**Minor Mentions.**  
A new time card will come into effect on the T. H. & E. R. on Sunday. An additional card will be put on here and Brantford will be put on to handle the increasing traffic.

## PROPERTY NOT REQUISITE

### Candidates for Aldermen Should Be Eligible If They Have Votes for the Office.

MORE PAY FOR LETTER CARRIERS

Harbor Committee Against Sale of Government Reserve-Brewing Company Organized.

Hamilton, Nov. 21.—At the meeting of the Trades and Labor Council this evening some resolutions sent by the Guelph Trades and Labor Council were endorsed. One was that the property qualification for aldermen be reduced, and that any one entitled to vote for a member of a municipal Council be qualified to be nominated. The Council also resolves that the letter carriers' pay should be increased. The Harbor and Beach Committee met this afternoon and considered a request that a portion of the government reserve at the canal at the beach be sold for residential purposes. The committee will oppose the request.

The special committee on the proposed Strachan-street bridge met this evening and considered the situation. Nothing yet has been heard from the Railway Committee respecting the proposed bridge. The committee met with the Grand Trunk and the city. The committee came to the conclusion that it would be better to proceed with the approaches. Engineer Wingate estimated the cost of a steel bridge at \$2000 and a wooden one at \$1300.

The Kuntz Brewing Company was formed to-day, the incorporators being Mrs. Henry Kuntz, S. P. Cunningham, Mat Wilson, A. S. Beasley and Dr. Mc-Cabe.

**TRAIN KILLED WANNAMAKER.**  
Port Hope Man Who Was Found Dead on the Track.

Port Hope, Nov. 21.—The inquest to enquire into the cause of the death of the late James Wannamaker, who was found dead on a half mile west of the town, was resumed at the Police Court Friday evening. The jury heard the evidence following verdict. "This jury, after duly considering the evidence given in this case, are of opinion that the death of James Wannamaker came to his death by being struck by a locomotive on the morning of Saturday, Oct. 18, or Sunday morning, Oct. 19, at a point about three miles west of the town of Port Hope."

**PRINCIPAL MANLEY ILL.**  
Has Applied for Three Months' Leave of Absence.

Fredrick P. Manley, principal of the Jarvis-street Collegiate Institute, has applied to the board for three months' leave of absence, and the request will be considered at the next meeting of the board, which is on Tuesday next. He is suffering from an attack of nervous prostration, and has been absent for nearly a month. Three or four years ago Mr. Manley was similarly affected, and returned to his duties at the end of the illness fully restored to health. He has been gradually failing in health for several months.

**GOT A PARTIAL DEFEAT.**  
French Chamber of Deputies Grants Amnesty to Strikers.

Paris, Nov. 21.—The government sustained a partial defeat in the Chamber of Deputies tonight. A socialist proposal to grant amnesty for misdemeanors committed in connection with strikes, for which proposers demanded urgent consideration. M. Trouillot, the Minister of Commerce, in the name of the government, protested against the vote of an amnesty, on the case of the strike of the coal miners, which was not yet ended, and he asked the Chamber to refuse urgent consideration of the proposal. The House voted against the measure by 311 to 244, and returned to a committee.

**Thieves Used a Truck.**  
New York, Nov. 21.—News of a robbery of \$14,000 worth of drygoods from the basement of a warehouse in Manhattan, which occurred Wednesday night, was made public today. A number of the thieves were about half a block from a police station, and had sent out a great quantity of goods, and many of the goods were working on the case.

**Substitute for Coal.**  
Berlin, Nov. 21.—The manufacturers of machinery for compressing coal and lignite into fuel called "brignettes," of which enormous quantities are used in Germany, have organized a syndicate for promoting the use of this machinery in the United States, and have sent an expert to America to explain to mine-owners how to make use of the coal compressing machinery.

**Politics in Havana Strike.**  
Havana, Nov. 21.—The Mayor has refused to order a force of police to charge a mob of striking dockworkers, who were threatening violence. It is considered that the Mayor's action was prompted by political motives. The statement that there were 25,000 strikers was erroneous. It was said that 10,000 men and women are on strike.

**Next Week's Horse Sale.**  
Attention is called to the advertisement in another column of the sale of Mr. Donley's livery stock and harness, carriages, etc., belonging to the estate of the late James Scott, Esq., on Tuesday next, at Grand's, also the sale of Polo ponies and saddle horses on Friday next at 2:30 p.m.

**Ghost Offered His Freedom.**  
Indianapolis, Ind., Nov. 21.—Rufus Cantrell, the grave-robbing, "old man" who was captured by the police, and who had offered his freedom for \$1000, was today held in custody. He had been released on bond provided he would leave the city and not return. He refused to make known the name of the person, because his confidence was promised before the proposition was made. He said he did not intend to accept bond for any consideration unless the other conditions were met. He would not leave the city even if released, as he intended to stay and assist in the fight for the prosecution of the white men connected in the trouble.

Fred Fuller Caught in London and Taken to Woodstock.

Woodstock, Nov. 21.—Word was received by Chief Zeits this morning that Fred Fuller, the young midget, who is wanted here to answer the charge of assaulting Miss Mary Leburts had been arrested by the London police department. The chief left to take charge of the prisoner at 10:12 o'clock this forenoon, and returned with Fuller this afternoon. The warrant for Fuller's arrest was sworn out on William Leburts about two weeks ago on the date of the assault. Fuller, since the date of the assault, has been carefully guarded his movements in Woodstock, and has spent most of his time in other towns. He will be arraigned before Police Magistrate Field to-morrow.

Manufacturers who give the matter any consideration admit the superiority of the friction clutch for general line shaft service. It does away with shifters and saves wear and tear on belts. The Dodge Split Friction Clutch is the most economical clutch to buy. It saves time and money in putting on the shaft, and repairs are but a small item, being considerably less than the repairs to a solid clutch. Let us tell you more about the Dodge Split Friction Clutch. A postcard will bring full information. DODGE MANUFACTURING CO., TORONTO. Phone 829-3333

ST. GEORGE HOCKEY CLUB

Election of Officers at the Seventh Annual Meeting Held in the Mutual-Street Rink.

WILL ENTER TWO TEAMS IN O.H.A.

Varsity Club's Executive Convened to Appoint Manager and Arrange for Christmas Tour.

The seventh annual meeting of the St. George's hockey team was held at the Mutual-Street Rink last night.

The meeting was most enthusiastic, and the prospects for the club's success this season are the brightest.

Two teams will be entered in the O.H.A. a senior and an intermediate and probably a junior team.

The secretary-treasurer report showed the club to have had a successful season.

The following officers were elected: President, E. H. Keenan; Vice-President, J. P. Keenan.

The colors of the club will be black and white. The membership fee was placed at 50 cents.

There will be several new players this year, which will no doubt be a strong asset in favor of the playing.

Tommy Thomson and Tom McKnight are feeling in excellent trim.

The O.H.A. are very anxious that the Varsity Hockey Club should remain in the senior series.

KIDNEY COLIC OR GRAVEL

Most Agonizing of Kidney Diseases—The Result of Poor Kidney Action.

DR. CHASE'S KIDNEY-LIVER PILLS

The strongest imagination can scarcely picture more acute and agonizing suffering than that caused by kidney colic, or gravel, as it is more commonly called.

As is well known, it is the duty of the kidneys to remove the uric acid poison from the blood, or in other words, to expel it in its course through the system.

When in health, the kidneys perform this work perfectly, but when overworked on account of excessive eating and drinking, or improper diet, and when weakened and deranged on account of back strains or cold settling on them, they fail in their mission, and instead of passing from the body in the urine the uric acid forms into small substances known as kidney stones.

It is when these stones pass into the ureter on the way to the bladder that the dreadful sufferings begin, for the ureter is a small, quill-like passage, and is extremely sensitive.

While this trouble may be weeks, or even months in coming on, there will be dull pains in the small of the back and urinary troubles to warn you that the kidneys are out of order. You may have pain or smarting when passing water, be obliged to get up several times during the night, and find deposits in the urine that is left standing over night.

General Buller, now in, and in which were once included many Americans, offered itself to Lord Roberts for service against the Boers. I was in South Africa, and I would have commanded it, but Roberts declined the offer, with thanks. I am doubtful as to whether the Boer President slept in his clothes, and did not wash himself, which rendered proximity to him unpleasant. General Buller's characterization of the statements as ungentlemanly, uncalculated for and untrue."

SWIFT CANADIAN JUSTICE. In conversation with The World yesterday, a well-informed citizen of the United States expressed astonishment at the lightning rapidity with which justice is meted out in the Canadian courts. The case of the counterfeiter, Gentile, dealt with yesterday by Police Magistrate Denison, was in his mind, the first of a series of cases which he said that instances of such swift punishment could not occur in his own country. The bringing to book in the United States of such a criminal as Gentile would easily consume at least two years, and might readily be extended over several years after that, and our informant called our attention to some of the reasons for this seemingly unsatisfactory state of affairs across the line.

In the first place, the United States magistrate or police judge is vested with a much narrower jurisdiction than is the Canadian police magistrate. He may not sit upon cases of felony, his power as trial judge being limited to misdemeanors, and even findings on misdemeanors, slight charges such as those of vagrancy, may be appealed to the District Courts, and even to the Supreme Court of the State. But as far as a person charged with a felony is concerned, he cannot elect as in Canada to be tried by the magistrate. The magistrate, or police judge, can only send him over to the District Court, and here often comes in a long delay. As the grand jurors usually meet only once a year, the accused may have nearly a twelve-month's grace before he is again brought from jail into court. And when the grand jury has indicted the prisoner, and he has pleaded "not guilty," he cannot be forced to trial during the current court term. So the case goes over to next term, and thereby another respite is secured. In the course of some weeks or months he comes up once more, and his counsel invariably pleads a demurrer, and then, even if the demurrer plea is overruled, the case is set down for trial at the foot of the docket for the next term. An affidavit that a witness for defence is missing procures another postponement, and thus two years are consumed.

Finally the man goes to trial and is convicted, a plea for "arrest of sentence" is filed, and at the next term of the same court a motion for a new trial is argued. This plea is overruled, and when the prisoner is brought up for sentence his counsel files a copy of a notice of appeal to the State Supreme Court, and again the convicted secures a delay in his journey towards the penitentiary. As the State Supreme Courts are usually from one to three years behind with their dockets, a long period is likely to elapse before the appeal may be argued, and the decision of the lower court sustained. And even then, if allowed counsel can raise a question involving a constitutional point, a further appeal may be taken to the United States Court of Appeals, and thence again to the United States Supreme Court, which is the court of last resort. Even if a man be caught red-handed in crime, this long succession of delays may be secured in his behalf, and the taking advantage of all these loopholes is considered strictly legal and proper. And in some cases the accused has got to his last ditch his friends have been known to secure the destruction of the court records of the case, so that the state has had to begin the prosecution all over again from the first. It is this difficulty of securing the conviction and punishment of criminals in many states of the Union that has, according to our informant, in great part led to the practice of mob law and lynch law in different parts of the country.

Perhaps the elective system of filling magistracies and judgeships is more or less at the root of the loose administration of justice in some states. The partisans chosen are often unfit for their posts, and hence the law-makers have been unwilling to entrust final jurisdiction to any of the lower or inferior courts.

RURAL MAIL DELIVERY. The demand for rural mail delivery in Canada grows daily. The Guardian of Charlottetown, P.E.I., just to hand, hopes to see the day in the not distant future when every farmer in this country will have his mail matter delivered to him at his door. It endorses the World as said in favor of the project. The Toronto Globe, however, feels called upon to answer our demand for rural mail delivery, and insists that the time is not ripe for it, that our population should be greatly increased before it is attempted. This is not a sound argument. The rural population of the County of York and of many other counties in this country is as large now as it will be for many and many a year, and, as a matter of fact, is as large as that of hundreds of counties in the United States where rural mail delivery now prevails. The World trusts that this statement in the Globe is not inspired by Postmaster-General Sir William Mulock, and that that gentleman will try to see his way to recommend to the experiment being tried in the County of York, and notably on Yonge street, from Holland Landing right down to the bay front in this city, a distance of between thirty and forty miles. Five or six postmen on a route up Yonge-street would greatly change the character of that street by giving

its numerous inhabitants a daily mail delivery. Again we say to the farmers of Canada that if they want rural mail delivery all they have got to do is to insist upon it. How any man can profess to represent a county constituency without trying to secure free mail delivery for the rural portions thereof, as well as for the towns and cities, we cannot quite understand.

THE AMBITIOUS BLUEWOMAN. The appointment of Rev. Dr. Gordon of Halifax as the principal of Queen's University serves to once more call attention to the ascendancy of the Bluenose in Canadian affairs. The people of the Maritime Provinces, and particularly of Nova Scotia, have, considering their comparative numerical inferiority, supplied the public life of the Dominion with a remarkably large number of its leading men. Wherever you go throughout Middle and Western Canada you find the migrated "Herring-back" in the van of the fight. In educational affairs, the church, politics, statesmanship, finance, he is to the front. Dr. Gordon's predecessor, the late Principal Grant, hailed from down by the sea, as do other of the most men in the church such as the Ganders, Rev. W. W. Weeks and Rev. Dr. Wardrop; and, together with the late Principal Grant and Principal Gordon, in the educational field, we have Dr. G. R. Parkin, formerly head of Upper Canada College, and now administrator of Cecil Rhodes' multi-million-dollar bequest for education, and Dr. J. G. Schurman, President of Cornell University, and member of the Philippine Commission. The latter was born in New Brunswick, and the latter, the now lost to Canada, a leader of thought across the line, first saw the light of day in Prince Edward Island. And when we look at the records of Dominion politics, we find that the Far-Eastern Provinces claim as their own the late Prime Minister of Canada, Sir John Thompson; Sir Charles Tupper, Bart., formerly Premier; Sir C. H. Tupper, Mr. R. L. Borden, the present leader of the Conservative party. Hon. Mr. Fielding, who, it is said, will succeed Sir Wilfrid Laurier as First Minister, and a number of the other foremost parliamentarians. The transplanted Scotch and United Empire Loyalists, by whom Nova Scotia was in early days chiefly settled, have certainly thriven in the adopted soil.

And, as far as the accession of Dr. Gordon to the headship of Queen's is concerned, there is every reason, judging from his past record, to believe that he will prove a worthy successor to Dr. Grant. As pastor, moderator and professor, he has earned the approval of his fellow-men; he must, if reports be true, be a man of scholarly attainments and wide experience, a thoroughgoing Canadian and well posted on Canadian affairs, and, above all, a gentleman possessing a high sense of his responsibility to his fellow-countrymen. Queen's is evidently to be congratulated on the acquisition of such a man as its principal.

"THE DOWNS-TRODDEN LAWYER." Editor World: Some time ago a letter appeared in your paper with the above heading. To some people, no doubt, the heading would appear absurd, but on perusal of the letter the truth of the heading would appear. In addition to the grievances complained of, there are others, but I will content myself at present with one of them. The legal profession are acting without remuneration or reward as collectors of fees for the government and its officials. For instance, a case has to be proved in the Surrogate Court, and the fees altogether are, say \$40; out of this sum \$20 have to be paid to the Clerk of the Court, to be divided between himself and the judge of the court, and the solicitor has to pay this \$20 and collect it from the client, and nine people out of ten cannot understand the matter, and the money for his own use, and the lawyer bears the odium. If solicitors are compelled to act as collectors for the government and its officials, surely they should have a salary or commission, and the officials get the fees and the lawyers have to fight the public to get the fees for the officials without any compensation whatever. Nov. 20, 1902.

POPE AND PRESBYTERIAN. Editor World: Re the King's toast, I notice in your to-day's issue that Premier Ross is credited with a statement that he was not in the least shocked when the chairman of the evening proposed the health of His Holiness the Pope as the first toast of the evening. I, however, fancy a great many are shocked at a Presbyterian drinking all at a toast to the Pope.

SHADES OF JOHN KNOX. AT FIRST GLANCE. It would appear that Local Remedies Would Be Best for Cure of Catarrh.

It would seem at first glance that catarrh, being a disease of the mucous membrane, saves its sprays, etc., being applied directly to the membranes of the nose and throat, but this has been proved not to be true. The mucous membrane is made and repaired from the blood, and catarrh is a permanent cure must act on the blood, when the blood is purified from catarrhal poison, the secretions from mucous membrane will become natural and healthy, and the sufferer gradually departs and is never again troubled with catarrh. It gets better at times, but each winter becomes gradually deeper seated, and after a time the sufferer resigns himself to it as a necessary evil.

Catarrh cures are almost as numerous as catarrh sufferers, but are nearly all so ineffectual and ineffective that they are a nuisance rather than an annoyance as catarrh itself. Anyone who has used these sprays and powders will bear witness to their inconvincence and failure to give relief.

There are a number of excellent internal remedies for catarrh, but probably the most certain and the safest is a new remedy, composed of Red Gum, Blood Root and similar astringent remedies, and other valuable cathartic specifics. This remedy is in tablet form, pleasant to the taste, and used by druggists under the name of Tinker's Catarrh Tablets, and any sufferer from catarrh may find relief and permanent cure by using these tablets with the assurance that they contain no cocaine, opiate nor any other mineral whatever.

A leading druggist in Albany, speaking of catarrh cures, says: "I have sold various sorts of catarrh cures, but have never sold any which gave such general satisfaction as Stuart's Catarrh Tablets. They contain in a pleasant, concentrated form all the best and latest cathartic remedies, and catarrh sufferers, who have used sprays and salves, have been astonished at the quick relief and permanent results obtained after a week's use of Stuart's Catarrh Tablets. All druggists sell full-sized packages for fifty cents."

As to Cattle Trade. (London, Nov. 21.—(Telegram Cable).) When Rt. Hon. W. R. Hanbury, president of the Board of Agriculture, was questioned yesterday as to the rumor that the time limit between the landing and slaughtering of imported cattle was to be extended, he assumed a discreet ignorance of the matter. There is reason to believe, however, that the Board's opinion on the Board of Agriculture have under consideration certain emergency regulations which would extend the time by ten days, making twenty days in all.

MEETING OF WORKS COMMITTEE. Ald. Stewart Disagrees With Controller Crane-Kemp Proposition. Endorsed—Will Visit Marsh.

Crane vs. Stewart. Ald. W. P. Stewart, chief engineer, and Ald. J. C. Crane, controller, met for a meeting of the Works Committee on Friday afternoon. Ex-Ald. Farquhar pointed out to the committee that a fully signed petition of ratepayers on George-street, from Queen to Shuter, asking that a Trinidad Pitch Lake asphalt pavement be laid on that portion of the thoroughfare had been presented. They wanted a pavement like Jarvis-street, and that was why they asked for Trinidad Pitch Lake asphalt. Mr. Stewart's recommendation, however, he said if it was accepted it would be unfair to the ratepayers between Shuter and Queen as those above Shuter were opposed to the pavement, there would also be all kinds of delay.

A Sale of Umbrellas. The art part of an Umbrella is the handle. We have to go abroad to buy handles, and our buyer while on the continent some months ago secured some very rare bargains in the newest and latest designs. These we have mounted on good close rolling and long wearing gloria silk covering. As completed the price is a little above half—we only saved on the handles, the umbrella part is regular and sold for quality, not for cheapness. The handles are pearl, horn, ivory and beautiful natural wood sticks and roots. It's a fine chance to buy umbrellas for Christmas giving. \$1.50 for \$3.00 Umbrellas. \$3.50 for \$5.00 Umbrellas. \$5.00 for \$6.00, \$7.00 and \$8.00 values. There are over a thousand umbrellas and hardly more than four or five alike, so great is the selection.

Champagne. We have just received our fall import of V. in d'E. Champagne. This wine is an excellent wine for table or cup purposes, and is sold at a price within the reach of all—quarts, \$14 per case; pints, containing two dozen, \$16 per case. William Mara, 70 Yonge-street, phone Main 1708.

There's a Will. Wisdom Points the Way. The sick man pines for relief, but he dislikes sending for the doctor, which means bottles of drugs never consumed. He has the resolution to lead his stomach with compounds which smell villainous, only not taste worse. But if he have the will to deal himself with his ailment, we have the solution in Farmacia's Vegetable Pills, which, as a specific for indigestion and disorders of the digestive organs, have no equal.

Trolley Worse Than Volcano. San Francisco, Nov. 21.—Albert Bardwell, 6 years old, one of the five Guatemala volcano refugees, who arrived here on Wednesday, has been run over and killed by an electric car.

DR. AGNEW'S CATARRHAL POWDER. It is an antiseptic, cooling dressing, applied directly to the diseased surface by the patient himself, who blows the powder through a tube into his nostrils. The cure dates from the first puff. You need not suffer from cold and hay fever, if you have Dr. Agnew's Catarrhal Powder in the house. It relieves colds or catarrh and cures headaches in ten minutes. The American Medicine Co., Allentown, Pa., writes: "DR. AGNEW'S CATARRHAL POWDER is the best seller in Catarrh remedies we have in our store, and our customers praise it very highly."

DR. VON STAN'S PINEAPPLE TABLETS are the only conquerors of indigestion, dyspepsia and catarrh of the stomach, as long a holiday as it needs to get well. Cases thousands, will cure you. Price, 14c.

W.A. Murray & Co. Limited

A Rousing Remnant Sale of Silks and Dress Goods.

News of one of the brightest collections of remnants ever offered by this store. Strictly speaking we feel that you'll find among these remnants just what you want as readily as if you had the regular stock to choose from...

- Table No. 1: Contains a thousand remnants of Silks from a yard length to dress pieces. Table No. 2: Contains several hundred useful lengths of Black Black Materials for waists, separate skirts, costumes and tailor-made suits. Table No. 3: Contains about 1500 yards Colored Dress Materials...

A MARVELOUS OFFERING OF TABLE CLOTHS AND NAPKINS.

Had we a thousand of the cloths and as many dozen napkins we'd feel safe in saying that buyers enough to clear up the whole lot would come here Monday, and our confidence that such results would follow is based on the fact of the remarkable excellence of the linens coupled with an unusually low price for goods of such high character.

Now, you no doubt, would like to know the cause. Our linen man some time ago received a proposition from a celebrated maker of Irish Linens offering a very liberal discount on all the season's left-over lots—a proposition which our linen chief gladly accepted. The first consignment is here and consists of nearly four hundred cloths and an equal number of dozens of napkins to match. The quality of linen is unquestionably of a very high order—every cloth, and every dozen of napkins, too, of beautiful rich double damask, absolutely pure and with all the beauty, freshness and daintiness of linen just from the finisher's hands.

2.50 Cloths \$2.50 each. Napkins \$2.50 dozen.

Private Detective From Toronto Walked From St. Paul to Seattle In Four Months.

SEARCHING FOR MAN HE FOUND NOT

But He Had an Experience That Was Harrowing Enough for One Short Lifetime.

A walk across the American continent from St. Paul, Minn., to Seattle, Wash., may be expected to furnish material sufficiently exciting for a yellow-back novel, and this is just what it did in the experience of a young private detective of Noble's Dominion Detective Agency, who has recently got back from his adventurous trip. Mr. Noble related to the World the details of the journey. The young man was shot at in a barroom, held up by the police officers looking for the man called Tracy, joined in the capture of a gang of thieves who had robbed a jewelry store, and passed thru other harrowing experiences in the course of his calling, which was to locate, if possible, a fellow who was supposed to be employed as a section hand on the Northern Railway, west of St. Paul, and who is connected with an influential family, who have not heard from him in years. The only way to meet his man was to walk the entire distance.

Hotel Guests in Minn. N. D. on April 25, and got into New Westminster, B. C., on Aug. 16, having completed the whole of the main line of the road in a little less than four months. He walked an average of 10 miles a day. The only part of the road in the only sitting-room of the house. He went outside and asked what was the matter with the fellow. The reply was that he had embezzled and strip the proprietor did not want anyone to know it. He detected them and concluded to make for the next town and as it was dark he went to the next town to take a freight, paying the brakeman 50 cents for his ride to Wheelock. When within a mile of Nodua, Mont., he says he met a man on the track. It was very dark, and when about 30 feet off, the stranger fired off a .45 Colt's revolver, to let him know that he was armed. The detective promptly replied with a shot from his revolver, and then the two walked on until they met, when they said "Good night," and passed on.

The detective tells how the craft got along day to day. At various points along the line, money waiting for the traveler, and he generally finds that he has at least \$20 concealed about his person. In his pockets he manages to have no more than a few cents, so that, if he is held up, the robbers will not get much. But this young man found himself entirely "clean" when he came to the Blackfoot Indian Reservation. The government had bought a part of the reservation and he had to go to the store the very day the detective got there. The claimants for land lined up in front of the filling office, and one here got into line with the rest. After waiting two hours for his turn, an impatient prospective settler came up and offered him \$5 for his place. He accepted the offer readily, and dropped out. This gave him a pretty good "head" until he reached the next town, where his remittance was waiting him.

Near the reservation, he with some of the Indian agents, shot two black bears, and saw a mountain lion. At Jennings a masked man ordered him to throw up his hands, which he concluded he had better do, as he had no money anyway; further, on he saw a prairie fire, which extended five miles across the front, and at Wenatchee he was arrested on suspicion of stealing watches and was put in jail.

lower. He was kept there until the afternoon, when he was released, as he was not supposed to show that he was not the man wanted.

Took Him for Tracy. At Sultan, Wash., the deputies searching for the notorious Tracy came upon him, and as they halted every trap for examination our young man was not surprised when he was told to surrender. However, he was able to show that he bore a countenance not at all like the outlaw, and was allowed to proceed. The deputies had been hiding under a bridge waiting for the murderer to come along. They carried Winchester.

It was near this place that the detective encountered a rattlesnake and was slightly bitten. The rattler buried its fangs in his foot, but he took the precaution to bleed the ankle and thoroughly wash it.

At Newport, Wash., a jewelry store was robbed, and a reward of \$50 was offered for the capture of the thieves. Large parties went on the road to earn the reward, and among them were the detective and a saloonkeeper. They were fortunate in getting the men wanted at a place called Elk. The whole property was found on the men.

Shot in a Barroom Fight. Going into a barroom at Malta he found a party of cowboys playing stud poker, and one of them, an obnoxious fellow known as Pan Handle Jack, drew a colt's revolver to settle an argument. Another cowboy called Slush Foot Bill ran for the rear door and the trigger of the revolver struck and missed, the bullet burying itself in the door. The fellow was about to shoot again when the detective threw up his hands and raised the muzzle of the revolver, the bullet hitting the wall again. The cowboy tried to change the direction of the shot, but the trigger of the revolver passed thru the flesh of the second finger of the detective's left hand and into the bone. The cowboy took the revolver away from Pan Handle Jack, but Slush Foot Bill got away and probably running yet.

Saw His Way Into Favor. It happened that the traveler is a musician and on his long and weary road the traveler accompanied by four men. He was able to entertain his hosts wherever he happened to be and easily worked his way into their favor. Several times he took part in entertainments in mining villages, and as one time was associated with a negro singer, giving an entertainment which netted him a good sum. While he was entering a saloon of new-found friends in a boarding car he observed some of the train hands go outside and strip the proprietor did not want anyone to know it. He detected them and concluded to make for the next town and as it was dark he went to the next town to take a freight, paying the brakeman 50 cents for his ride to Wheelock.

Italian Counterfeiter Tried Summarily by Magistrate Denison in the Police Court.

THE PRISONER MAKES A STATEMENT

Anson Raymond and His Wife Committed for Trial for Complicity in Stuart Case.

Swift Justice was meted out in the Police Court on Friday to Joseph Gentile, alias Salvatore Clemente, the Italian counterfeiter. Gentile was convicted for ten years.

"I am ready to go on," said T. C. Robinette, K.C., when the case was called.

This was more than Crown Attorney Curry expected. "I don't think," he said, "that my learned friend is ready."

"Yes, I am," said Mr. Robinette. "I mean it."

Told of the Arrest. Detective William Davis of the plant.

Detective Flynn, the United States detective who is qualified in the United States courts as a coinage expert, described Gentile's plant bit by bit.

"The plant," he said "was very similar to the one he had in New York."

No evidence was offered for the defence. Mr. Robinette wanted a remand, but this was promptly refused, as he had said he was ready to make a statement from the dock.

Prisoner's Statement. Michael Basco, the Italian interpreter, went over to the dock and translated Gentile's statement as it was made.

The statement was this: "Last week a person came into my store and wanted to let me stay a week. I granted it. The day after he came with some things. He asked me to say nothing for a little while, and I'll let you know what I'm going to do. On the same day he began to manufacture the things. I told him I would have to go. This man went out the same day the detectives came. I told him to go. This man went out the front. He was the man in the store. One revolver was mine—it was on a shelf. That is all I have to say."

A second charge. "There'll be a conviction," said His Worship. The Crown went on then with the charge of making Canadian money. The evidence in this case was the same as in the other.

"You found no moulds for Canadian coins," asked Mr. Robinette of Davis.

Mr. Robinette argued that there was no evidence that the Canadian coins were the work of Gentile. The magistrate held that there was evidence, and asked for record testimony. Gentile served eight years for counterfeiting in the United States.

Mr. Robinette again asked for a remand in order to call some Italian residents as character witnesses. Mr. Basco announced that the witness would have a sweetheart to whom he was about to be married. He wanted her and her people called.

Ten Years at Kingston. On the lesser charge of making foreign coins, Gentile was given the limit of three years in the penitentiary. For making Canadian coins he was sentenced to ten years, the two charges to run concurrently.

Detective Flynn was impressed with the quick way the case had been disposed of.

Inspector Stark asked him after sentence had been pronounced if he did not want to wire to his superior officers the result of the trial.

"No," said the officer, "not so soon, they would not believe it."

Raymonds Sent for Trial. Magistrate Denison committed Anson Raymond and his wife, Elizabeth, for trial on the charge of knowingly having William Stuart's counterfeiting plant in their possession. The case will be heard at the December sessions.

The hall of Mrs. Raymond was renewed. T. C. Robinette, K.C., intends to make an application to Judge Morgan that afternoon for bail on Anson Raymond.

Detective James Forrest described to the magistrate what transpired at the Raymond house on the night of Stuart's arrest. The officer had been shown to a room, said by Raymond to be that of Stuart. They found nothing that would make evidence against their prisoner, but later a remark made by Ethel Raymond led them to suppose that they were not in Stuart's room at all. A search was instituted, which resulted in the finding of the plant. Corroborative evidence was offered by Detective Duncan and Policeman Guthrie.

George J. Singlar, an expert engraver from New York, said the printing presses and plates could be used for nothing else than the making of counterfeit notes. The photographic plates, he said, were not the usual negatives, but were positives. The ordinary negatives would print a bill the wrong way about. George Kirkpatrick of the Assistant Receiver-General's office swore that the notes found were forgeries.

"Why was not Ethel Raymond's evidence put in?" was asked of Crown Attorney Curry.

"She has gone away. She is in Buffalo."

Mr. Robinette, counsel for the prisoners, last night positively denied that Ethel Raymond was out of the city. "She is at her father's hotel," declared the lawyer.

The Case of Indigestion that Dodd's Dyspepsia Tablets Cannot Cure. Healthiest Man Tells How His Sufferings Were Relieved.

"That bloating that gives you such pain and discomfort after eating is caused by gas generated by the fermentation of undigested food. It bulges out the walls of the stomach and thus frequently interferes with the action of the heart."

The cure is to have your food properly digested. Dodd's Dyspepsia Tablets will properly digest the food. Hear what A. D. Miller of Pusey, Haliburton County, has to say about it.

"I had been troubled with Dyspepsia and indigestion during the summer of 1900 my doctor treated me for Liver Complaint," says Mr. Miller. "But instead of getting better I gradually grew worse. My appetite was irregular and I would vomit very much after eating. I also had palpitation of the heart and sometimes I could not sleep at night on account of my heart beating so hard."

"I was hardly able to get around when I commenced using Dodd's Dyspepsia Tablets. After using half a box I felt much better and was soon well and felt like a new man."

Dodd's Dyspepsia Tablets rest and recuperate the stomach. They have yet to find the cause of indigestion they cannot cure.

CURED ONCE AND FOR ALL

Dodd's Kidney Pills Make No Halfway Work of Kidney Disease.

J. J. McDonald Had Rheumatism and Dropsy, Was Cured By Dodd's Kidney Pills, and Has Had No Return of the Trouble for Five Years.

Windsor, Ont., Nov. 21.—(Special.)—It has been acknowledged for some years that Dodd's Kidney Pills would cure any case of Kidney Disease, and of late those interested in medical science have been watching those cures to convince themselves that they were permanent. Gradually the conviction is forced that Dodd's Kidney Pills cure once and for all.

This is furnished by John J. McDonald, a well-known farmer, now residing at 130 Langlois avenue. Five years ago he was troubled with Rheumatism and Dropsy. For two years he suffered terribly and the different medicines he tried failed to relieve him. His legs were swollen and the pains he suffered were most acute. He used Dodd's Kidney Pills, was cured, and his cure caused quite a sensation at the time.

Mr. McDonald, speaking of his cure recently, says: "I have had no return of my trouble up to the present, and I am not anxious for any. It is with pleasure I acknowledge that Dodd's Kidney Pills cured me. I found them just as advertised, and they did for me far more than I expected they would."

AT THE THEATRES.

"Princess," "Ben Hur," spectacular production. "Our New Minister," wholesome rural play. "At Cripple Creek," a Hal Reid melodrama.

Sheu's, Hyde's Comedians, with plenty of Star, World Beaters Burlesque.

The engagement of that always popular comedian, Joseph Murphy, at the Grand, Irish play in which he is loved so well, should prove a great attraction at the Grand. On Monday, Tuesday and Wednesday evenings and Wednesday matinee, he will appear in "The Kerry Girl" while "Shaun Rhué" will be given for the remainder of the week.

Both plays possess a wealth of dramatic construction, realism of plot, stirring action and scenic attractiveness, and, as presented by Mr. Murphy and his excellent company, are a rare treat.

This afternoon "Ben Hur" will conclude its engagement at the Princess. There will be no evening performance. This will probably be the last opportunity ever given for Toronto theatregoers to see this remarkable spectacle. At the Grand, "Our New Minister" should prove a large success afternoon and evening. Hyde's Comedians have been furnishing one of the best bills ever given at Shea's.

A novel musical act is that offered by the Miles Stavordale Quintet, who have been the hit of the London music halls, and who will be one of the features at Shea's next week. They use one of four banjos and a harp the human voice is limited so successfully to seem actually combined in a highly pleasing way. Others are Lew Hawkins, monolog; Stanton and Madeline, in a comedy sketch; Shack and Milton, acrobats; Evans and St. John, dancing; Fox and Kent, and kineeta graph, illustrating All Baba and the 40 thieves.

Following "The Show Girl," lively with its funnies of comic, linking music, and graceful dance, which will be at the Princess during the whole of next week will come two dramatic evenings of more than ordinary interest. "Haddon Chambers" now plays at A. Motera Macleod, which created such decided success during its New York run. It will be given by Amy Bingham's Special Stock Company, which is exceptionally strong cast, will occupy the stage during the last half of the week, and the admirers of this charming musical comedy are in anticipation of a great treat.

At the Grand "The Scout's Revenge" will be given its first local presentation on Monday afternoon and evening, and will continue thru the week. It has been received with much favor elsewhere, and embraces a strong story of love and hatred with a neatly larded vein of humor. The scenic environment is a feature of the production.

Notable among the principal members of "The Show Girl" company are Katharine Hutchison, Frank Lator, Robert Dalley, Neil McNeil, Yolande Wallace, Marie Hilton, David Abraham, Rossie Devoll, David LeVigne and Frank C. Young, particularly attractive chorus is a feature of the production.

Among the features of Watson's Americans, at the Star all next week, are Solani, the world's greatest cellist; Jeanette Dupre, the effervescent clannette; W.

Kidney Pains Relieved.

If anything prevents the urine from being discharged from your kidneys, if germs should attack the urethra and inflame the kidney ducts so that some of the urine is retained in the kidneys, inflammations and congestions set in, and you have a sore back, neuralgic headaches, and you suffer the severe pains usual with kidney trouble.

MRS. BURKE'S HISTORY.

"I would consider myself very ungrateful if I did not give you my testimonial to the wonderful curative powers of Powley's Liquefied Ozone. I have been troubled for over four years with severe kidney trouble, and suffered intense pain at times. I could scarcely straighten up after being in a stooping position. I tried every known remedy, but received little or no relief. About the middle of August I was induced to buy a bottle of Ozone. When I had finished one bottle I was much improved, and the pain began to leave me. After taking six bottles I was entirely cured, and to-day I am in better health than I have been for years."

"I can cheerfully recommend Ozone to all women sufferers from kidney trouble or female weakness."

THOS. P. ANTLE.

"I have suffered from kidney disease for many years and although I have tried many remedies, and have been treated by several doctors, I have never received any permanent relief. I began taking Ozone, and I am pleased to say that I feel like a new man. You are at liberty to publish this, as it may induce some other sufferer to try it."

(Signed) THOMAS P. ANTLE, 30 Church Ave., St. Verdun, Montreal, P. Q.

Powley's Liquefied Ozone destroys the germ life, and by stimulating the kidneys restores their natural action. It is remarkably successful in curing kidney disorders, so successful that it is taking the place of older and less effective treatments. Ask the drug man about it—he'll tell you what it does.

FIVE NEW CHARGES.

Liberals Want Them Added to List Against Donald Sutherland.

At Osgoode Hall on Friday additional charges were filed by the Liberals in the South Oxford case. They charge the Conservatives with having paid the traveling expenses of two voters, and having supplied others with whisky and other refreshments.

There are five new charges made, and application will be made to-day to have them added to the 107 already filed. The trial will be taken up again on Dec. 1 at Woodstock.

The petitioners, D. Truing, C. P. Patience and J. W. Foreman, in their affidavits, say that every effort was made to get full particulars of corrupt practices. They charge that just before polling day the respondent, thru W. Nesbitt of East Oxford, an agent, or thru other agents unknown, gave a call on W. E. Haines of East Oxford, school teacher, to go to Burgessville, in North Norwich, to vote for the respondent.

It is also alleged that J. E. Weston of Tillsonburg, an agent of the respondent, cancelled a debt due by Eli Barnum of Tillsonburg to Weston, to induce him to vote for the respondent. That William Fleming of North Norwich, an agent, gave or promised to give, money or valuable consideration to Thomas Sackrider of North Norwich, a farmer, to vote for the respondent, or refrain from voting. Also that William Fleming promised to Amos Sackrider, farm laborer, of North Norwich, to induce him to drive a rig on election day for the purpose of getting out voters to vote for the respondent, and in order to induce Sackrider to vote for the respondent himself.

The charge is also made that the respondent, thru an agent, illegally furnished whisky, and at a meeting held, or contributed to the cost of treating John A. Morrison, Burton Huggill, Bert Miners, William Corbett, Austin Miller, J. Smith, Milton Pollard, John Pollard, George Prouse, A. Cornfoot, William Daniels, George Hoot others and J. Miner, all of the Township of Perth, and all voters of that district.

The final charge is that Stephen King of Ingersoll gave a railway ticket to two voters at Beachville, whose names are unknown, to induce them to vote for the respondent.

RELIGIOUS INSTRUCTION IN SCHOOLS

Anglican Synod Will Ask Government to Amend the Law.

The Anglican Synod of the Diocese of Toronto has forwarded a communication to the Ontario government, outlining the following reforms the Synod considers necessary in the Public School Act of Ontario:

"Freedom of faculty for every child to be taught the religion of its parents, or that which the parent desires it to be taught.

"The actual average cost of the secular education of every child in every public elementary school be defrayed out of public funds.

"Voluntary schools, equipped as Public schools, to be affiliated and recognized as an integral part of our Public school system.

"Religious instruction to be imparted in every Public school during the first half hour of each day—such religious instruction to be non-denominational in all common Public schools, and the managers of voluntary Public schools to be free to provide whatever religious instruction they may desire in the schools under their control. A proper conscience clause to be applicable in all schools."

The communication also asks for an opportunity for the representatives of the special committee of the Synod to present the matter more fully before the government. It was also recommended for the Council to receive such a deputation.

FOR MONTREAL'S DRYDOCK,

A Commission of Three Engineers Will Make an Investigation.

Ottawa, Nov. 21.—The government has decided on recommendation of Hon. Messrs. Sutherland and Prefontaine, to appoint a commission of three engineers to make investigations and report as to the nature and location of the proposed dry dock for Montreal.

There is a sum of \$250,000 available for this work, being the balance of \$700,000 set apart for the improvements in the east end of Montreal. What the government wants to find out is the best kind of dock to have in the light of modern improvements. Whether it should be a floating structure or one built on shore and where it should be established. The Department of Public Works or the Department of Marine will appoint one engineer, the second will probably be Mr. Kennedy, engineer to the Harbor Commissioners, and the third will be chosen outside.

ITS OWN AND MORE.

London, Nov. 21.—The Paris correspondent of The Times says that the Michon prizes for virtue were distributed by the French Academy yesterday.

The chief prize of \$5000, was awarded to Marie Desbats, who has established an asylum for eighty-four aged persons at Venestoux, near Lyons. The sum of \$5000 was given to Jeanne Schneider, a blind lady who has founded an asylum for sixty-seven blind children. Three Breton sailors received 200 francs for saving a shipwrecked crew. Among the literary prizes, Maurice Maeterlinck got 1000 francs for his "vie de l'Abelille."

IN OTTAWA DEC. 3.

Ottawa, Nov. 21.—D'Arcy Scott, president of St. Patrick's Society, has been advised that the Hon. Edward Blake, M.P., and John Dillon, M.P., will be here on Dec. 3, and will speak on the Irish cause.

SIXTY WERE KILLED.

San Francisco, Nov. 21.—It is declared that 5000 natives were killed in the volcano eruption in Guatemala.

HER FATHER WAS A DRUNKARD

A Picky Young Lady Takes on Herself to Cure Her Father of the Liquor Habit.

STORY OF HER SUCCESS.

A portion of her letter reads as follows:—"My father had often promised me to stop drinking, and would do so for a time but then returned to it stronger than ever. One day after a terrible spree, he said to me: 'It is no use, I am a drunkard. Our hearts seem to turn to stone, and we decided to try the Taster's Samaritan Prescription, which we had read about in the papers. We gave him the remedy, entirely without his knowledge, in his coffee, or food regularly, according to directions, and he never knew he was taking it. One package removed his desire for liquor, and he says it is now distasteful to him. His health and appetite are also wonderfully improved, and no one would know him for the same man. It is now fifteen months since we gave it to him and we feel sure that the change is for good. Please send me one of your little books, I want to give it to a friend."

FREE SAMPLE full particulars, testimonials and price sent in plain sealed envelope. Correspondence strictly confidential. Enclose stamp for reply. Address The Samaritan Remedy Co., 23 Jordan Street, Toronto, Canada.

SHUT BY OWN FATHER.

Small Boy May Die From Rabbits-Hunting Accident.

Trenton, N.J., Nov. 21.—While gunning in the Soudan Mountains to-day, Stephen Seales of L'Anse shot his ten-year-old son, Claude, in the leg. He carried the boy three miles, to his home, and brought him to a hospital in the distance of 16 miles. The lad was unconscious from loss of blood. His leg was amputated, and it is feared that he cannot recover.

VIOLETS RED AND ROSES BLUE.

Montreal Star: The Toronto World says: The World last evening was in receipt of a little blue cardboard box filled with granulated sugar, "the first ever made in Canada from sugar beets grown in Canada."

The sample came from Berlin, Ont., and is the product of the Ontario Sugar Company's factory recently built at that place. The little blue cardboard box must have been a good many years on the way, if it really contained the first granulated sugar ever made in Canada from beets grown in Canada, and has only just reached the World office.

Let us hope that the Berlin beet sugar factory will last longer than the Berlin factory, which used to make the first beet sugar ever made in Canada. Anyhow, to send a sample to Sweet William, the pride of East York, is like sending coals to Newcastle.

NEW C.P.R. OFFICIAL.

Montreal, Nov. 21.—Frank Lee of the engineering department of the Chicago and Northwestern, has been appointed chief engineer of the C.P.R., with offices in Montreal.

The Canadian Order of Foresters is still maintaining its wonderful reputation for progressiveness, and has reached another marked period in its history.

In 1894 the then office premises for the head office became too small, and more commodious premises were procured and rented for a period of ten years. In November of that year the High Secretary, with his staff, moved into the new premises, and it was thought that the office work would go on comfortably for the next ten years.

But, up till this year 1902, this anticipation was not realized, because the growth of the business was so rapid that the new room became altogether inadequate a year or two ago.

After some years of waiting, a fine three-story brick building has been secured, on one of the choicest sites in the city of Montreal, on the corner of Market and Wellington streets. The premises face Victoria Park, the most picturesque park in the city, and are close to the business centre. The building is fifty feet by sixty feet, and contains suites of offices, as attractive and well-situated as any in the city.

High-class office furniture, including a large number of desks, typewriters, and other office appliances, etc., which are kept on file, and the large number of books of account and record books that are used in the business. Altogether, the premises are a credit to the Order and to the city in which they are located, and the High Secretary will be much pleased to have a call from members of the Order and any interested friends of other orders, and to show them thru the busy hive of industry.

Defect in Germany.

Berlin, Nov. 21.—In the Reichstag to-day the Secretary of the Treasury, Baron von Thielen, announced that the Imperial budget showed a deficit of \$75,500,000.

OPPOSED TO LAND GRANT.

Water Scot, M.P., Will Not Support Medicine Hat Railway.

James Bicknell, barrister of this city, wrote a letter some days ago to Walter Scott, M.P., asking him to use his efforts to have the Dominion grant a renewal of the largest land subsidy to the Medicine Hat Railway and Coal Company of 6400 acres per mile. In reply, Mr. Scott says he cannot agree to the grant of the land grant in question to the railway. He says, in part: "I am aware, as you state, my constituents at Medicine Hat are anxious to see the road constructed and the coal field opened, but at the same time I believe that a majority of them would disapprove of the payment of so extravagant a subsidy as an equivalent for, at the lowest calculation of present land values, \$20,000 per mile. I am quite ready to work for the granting of an ordinary cash subsidy of \$3200 per mile, if such would be likely to procure construction of the line. The World that he did not know what action the company would adopt should they not get the grant as first stipulated. If they were refused it then they would have a new condition of affairs to deal with and it was hard to say whether steps would be taken to carry out the project or not.

CONNECT WITH ALGOMA CENTRAL

C.N.R. Surveying Route From Fort William to White River.

The Canadian Northern Railway has sent out two surveying parties from Fort William to locate a route from there to White River, where, if the extension were carried out, it would meet the Algoma Central, which, running north from Sault Ste. Marie, as completed to within five miles of White River. If the C. N. R. should push its line to the White River, the work will be completed about the same time as the North Shore and Manitowish Line. This would mean that, by the junction of the two lines, the former could get into Ontario over the Algoma Central.

A PLAIN TALK ABOUT CATARRH.

In a late number of an Ear, Nose and Throat Journal, the editor devotes a considerable space to a very clear description of the different forms of catarrh and of a treatment which is curing cases where other methods have failed. The editor's remarks are described so plainly as to give every body of a cure to those who have suffered from the disease especially the new treatment can be followed at home. For deaf people there is also a remedy upon the success of which a report of defective hearing by external application, with a summary of some really successful cures, even after operations have been performed. For the benefit of those who are interested in the subject, a special copy of the Journal can be obtained by addressing the Editor, 72 Regent's Park Road, London, England. With receipt of a postal note of one pound will be enclosed, which gives details of upwards of 40 cases cured by the new method during the past month, also a Report Form by means of which anyone can obtain full particulars and free advice as to the use of the treatment in their own case.

Christmas Sale.

The annual Christmas sale in aid of the Sisters of the Precious Blood will be held next week, on Wednesday evening, at the Richmond and Bay-streets. The handsome assembly hall, which is being built, is specially adapted to an affair of this kind. The usual display of fancy and useful articles, and the children's Christmas gifts of all kinds, will be on hand. A comfortable lunch may be had every day next week. An enjoyable entertainment has been arranged for each evening, and the proceeds will be given to the Sisters of the Precious Blood.

Amelius Jarvis Co. their weekly letter says: The general tone of the market has considerably improved during the past week.

The money market is in an extremely sensitive condition, and until the balance of independence against the side of the water is in some way, at any rate, partially adjusted, and a sounder confidence established, a reliable bull movement cannot be expected. We do not, therefore, yet advise trading.

We mentioned several stocks last week that we thought were very cheap at their current prices. They have all already advanced a fair advance, but we think all investors, to whom our markets were of necessity directed, would be foolish to sell them out at their present prices.

Steel bonds which were dealt in in Montreal at between 84 and 85 a short time ago, closed yesterday at 85 1/2. We have continually advertised investment in these also in the preferred stock. The most recent reports of the condition and output of the Steel Company and the assets it has leased from the Dominion Coal Company show a very marked improvement in both.

The common stock of Southern Pacific has vacillated considerably during the past week. A great deal of the stock is speculative, with the result that a weak market shows a very rapid depression in the stocks. It is being spoken of as being early divided, and certainly its earnings and continued increase would justify the company in declaring its dividend at any time.
