COLLINGWOOD'S SHIPBUILDERS CLOSED

Men Refused Fifteen per Cent. Reduction in Wages and Company Has Shut Down Tight.

COLLINGWOOD, Jan. 9.—(Special.)—With a staff of machinists demanding wages that they could not afford to pay, the Collingwood Shipbuilding Company has closed down its plant, and 450 men, 75 per cent. of whom are residents of the town, are out of work. The company has practically gone out of business for the time being. They were tendering on some new work, and found that they could only hope to succeed by offering the men a reduction of wages of 15 per cent., the same as that recently made in United States shipyards. A notice to this effect was posted up in the works, and on Monday a committee of the men waited on Manager B. M. Smith. The situation was explained to the committee, and they went away apparently impressed with the reasonableness of the company's contention. Yesterday morning the men did not return to work, and at 11:45 word was sent that they did not propose to return. A meeting of the board was held, and it was decided to shut up the plant. "We have never made a dollar, nor has any other company in Canada made money out of shipbuilding," said Manager Smith to the World. "We have had to contend with the free importation of British-built vessels, and with the United States scale of wages. We spent \$50,000 in bringing in Scotch and United States shipbuilders and in perfecting our organization, and it is with great reluctance that the decision to close down was reached. "We offered to build two steamers for the C.P.R. at cost, plus 5 per cent., in order to retain our organization intact, but they decided they could do better in the old country and they have dismantled the plant at some time in the future, and it will not be dismantled. "About March 15 next we will undertake to complete some repairing contracts, but the company is now practically out of business. "Mr. Alex. McDougall of Duluth is president and a large shareholder in the company.

OCEAN RATE WAR.

Cunard, White Star and American Lines Affected. NEW YORK, N.Y., Jan. 9.—Upon the refusal of the Cunard Steamship Co. to increase its second and third-class rates for the new express steamers, Mauretania and Lusitania by \$2.25, the International Mercantile Marine today announced a reduction of that amount for all boats of the American and White Star Lines in the British service. The Cunard line immediately met the cut and the International Mercantile Marine to-day followed with a second reduction of \$3.75, this making its total cut \$7.00. It is said this reduction undoubtedly will be met by the Cunard line to-morrow. The new rates do not affect the connections of the White Star Line calling at Southampton, Cherbourg and Plymouth were cut by the Cunard line, and as for the two English ports. This reduction was met by the French line with one of \$2 in its second cabin rates to Havre, and the new rates become effective at once, both eastbound and westbound on boats of the White Star and American Lines. The reduction of the Cunard Company does not apply until after the sailing of the Mauretania from Liverpool and the Lusitania from New York Saturday. Under the new schedule, second cabin rates on the Oceanic have been reduced from \$47.50 to \$40; on the Detroit to \$37.50, and on other boats of the White Star and the American Lines in proportion.

ORDER ISSUES TO-MORROW.

And Then the Street Cars Must Run to Junction. In the matter of Toronto Junction's desire to have its contract with the Toronto Railway Company observed, counsel for the company has stood on the legal privilege of requiring notice of the order made by the Ontario Railway and Municipal Board before that order could be served. To-morrow morning at 11 has been set for a conference before the board when the order will be completed and served. J. Bicknell, for the railway, is still positive that the cars will run either or no order. J. Anderson, for Toronto Junction, is quite as positive that the cars will run, even if the railway board has to enter upon possession of the company. Mr. Anderson repeated the assertion that the Toronto Railway and the Suburban Railway were hand in glove.

TRAVELER FOUND DEAD.

SARNIA, Jan. 9.—C. F. Allison, traveling representative for the London Printing and Lithographing Co., who has been in town for the last couple of days on business for that firm, was found dead in his room at the Vendome Hotel here this morning. Mr. Allison was found kneeling on the floor in a room beside the bed in his nightdress, but life was extinct. Dr. Bentley was called, but nothing could be done, although the body was still warm.

When the Gude Man's Awa.

The Toronto Railway Company wants to put the managing editor of The World into "the common jail." The Toronto Railway Company holds the law and the courts in such high esteem, that it moves to have the said editor committed for contempt of court. And for contempt of what court, do you think? Why, the Ontario Railway and Municipal Board, if you please—the very court that has just taken breath after using the laws on the said Toronto Railway Company for its unseemly behavior to the good people of Toronto Junction. Could affection go further than this? Friends of the Toronto Railway Company feel chagrined that William Mackenzie, president of the company, is still on the ocean homeward-bound. They think he is surely needed to keep the boys at home in order. But recently the peculiar attitude of the Toronto Railway Company toward the citizens of Toronto Junction has been ventilated. Friends of the Toronto Railway say this would never have happened had President William Mackenzie been at home. Now on the top of this comes the notice of application to commit to jail the managing editor of this paper, for taking up the fight of the good people of Toronto Junction. Here are the documents in this further exposition of the peculiarities of the Toronto Railway Company when the president is away:

In the High Court of Justice.

In the matter of a certain proceeding pending before the Ontario Railway and Municipal Board. Between The Corporation of the Town of Toronto Junction, Complainant, and The Toronto Railway Company, Respondent. And in the matter of an application against William H. Greenwood, of the City of Toronto, in the County of York, for an alleged contempt of court. Take notice that the court will be moved on behalf of the Toronto Railway Company, at Osgoode Hall, in the City of Toronto, on Wednesday, the 16th day of January, 1908, at ten o'clock in the forenoon, or so thereafter as the motion can be heard, for an order that said William H. Greenwood may be committed to the common jail of the County of York, for contempt of court in publishing, or writing, and procuring to be published, in a newspaper called "The Toronto World," on the 8th day of January instant, an editorial article entitled, "Beware of the Gobblers," relating to a cause or matter pending before the Ontario Railway and Municipal Board, and that said William H. Greenwood may be ordered to pay to the applicant his costs of and incidental to this application and the order to be made herein, or for such further or other order as to this court may seem meet. Dated at Toronto this 8th day of January, 1908. James Bicknell, Solicitor for the Toronto Railway Company. To William H. Greenwood, Esq., Toronto.

STORMY AROUND EUROPE.

Many Casualties to Fishing and Other Crafts Reported. PARIS, Jan. 9.—The storm on the English Channel, along the west coast of Europe and North African coast, is still raging, and many fishing boats already have been lost. A despatch received here from Tangier says that two native passenger boats founded off El-Arish, Morocco. Forty persons were drowned, including the captain. KIEL, Jan. 9.—A violent northeast wind has driven the waters of the Baltic inshore, and the low lying districts of this city are flooded to the depth of six or seven feet. Many casualties to fishing and other small crafts are reported. A similar driving-in of the sea is occurring at all the coast towns. Guns have been fired all day from the Lutbeck fortresses to warn the villagers that the sea is rising and likely to flood the country, and that they should move farther inland. The schemes and manoeuvres of a German fleet have been postponed on account of the weather.

MAY REDUCE LICENSES.

Rumor Says Council May Act But No Real Movement Has Begun Yet. The report that the city council will seek to cut off a number of the hotel licenses does not seem to be founded on anything more substantial than the fact that the newly-elected council is largely a blue ribbon one. Ald. Keeler and Ald. J. J. Graham, who are foremost among the temperance advocates, both say that they are unaware of any particular movement. The Ald. Keeler remarks that he heard some direct mention made of Ald. Bengough's name in this connection. Ald. Keeler said that while council had power to reduce the number of licenses, a number of the aldermen questioned the advisability of re-opening the question for the present, in view of the hostile vote of the electors two years ago. The 1908 council is more strongly temperance than the 1907 body. Controller Hubbard and Ald. Geary are replaced by Controller Spence and Ald. Bredin, both decided temperance advocates. On the other hand, Ald. Ed. Hales, sympathizer, is replaced by Ald. Stewart, whose views are different. William Denning, a boy, was fined \$1 and costs for opening a fire hydrant at Stanley Park in an effort to improve the skating there.

SUES 41 RAILROADS.

WASHINGTON, D.C., Jan. 9.—Attorney-General Bonaparte has directed the various United States attorneys to institute suits against forty-one railroad companies to recover penalties incurred by them for alleged violations of the safety appliance laws. The facts under which these prosecutions are based were reported to the interstate commerce commission by its inspectors of safety appliances.

EXTRAVAGANCE HAS BECOME A SCANDAL

A Lavish Expenditure of Public Money by Officials at Ottawa Disclosed in Commos

OTTAWA, Jan. 9.—(Special.)—On the house going into supply to-night, W. H. Bennett (Simcoe) criticized the marine department for items in the auditor-general's report, showing that moneys were advanced to members of the Georgian Bay fish commission in spite of the fact that no satisfactory explanation had been given of previous advances. Of the members of the commission, one was a lawyer who knew nothing about fish. Mr. Bennett spent an hour in an endeavor to extract from Mr. Brodeur that amount of money was paid the commissioners, and why further advances amounting to \$2500 had been made. Mr. Brodeur said he was told that Mr. Bernie, the lawyer whose knowledge of the fishing business was limited, received \$17 a day, and Mr. Noble, a practical fisherman, got \$4 a day. Mr. Brodeur protested that Mr. Bennett should not persist in his demand for explanations as the house was merely passing on the expediency of voting so much money for inside civil service, and the details of expenditure would be reached later. Mr. Foster, however, took the opposite view, holding that the time to investigate the conduct of a department was when the salaries of its executive were under review. George Taylor (Leeds) complained of a vote of \$400 to an officer of the marine department for doing special work in another department. In the days of Conservative administration the opposition had made a great row about this. Commander Spain's Expenses. Mr. Taylor also asked for an explanation of a bill for ninety dollars for traveling expenses and he had a peep in his pocket. It was an extraordinary amount for expenses. The minister said Commander Spain traveled a great deal. He was not in a position to scrutinize all the accounts, and that to rely on officers of the department. The general extravagance of the department was the object of attack. There had been a multiplication of private cars and the practice, according to Mr. Foster, had come to be a scandal. The said (Greenville) was not surprised that the expenditure of the department had grown. When Speaker Mr. Brodeur had been in the house, he had \$4000 a year, while previous and later speakers had spent an average of \$800 a year. The house adjourned at 10:45 after passing an item amounting to \$129,000 for salaries and contingencies.

WINNIPEG MAN BOY UTILITIES

Manitoba Has Furnished New Incentive for Public Ownership by Bell Purchase.

WINNIPEG, Jan. 9.—There is a well authenticated rumor in civic and government circles that the city will now buy out the electric street car and electric lighting and power systems. The recent purchase by the Manitoba Telephone Company of the Bell Telephone system in Manitoba has given a great incentive to public ownership in the province. The Bell Telephone sold out, it is said, because it was apprehensive of government competition. The Manitoba Telephone and Mann interests, which control the power and the electric railway systems in this city, are equally apprehensive of the proposed sale of the Bell Telephone system, on which the city has expended already a quarter of a million of dollars.

NOTED BUSINESS MAN REMOVED BY DEATH

J. W. T. Fairweather, Well-Known Furrier, Passed Away at His Home Yesterday. The demise of J. W. T. Fairweather at noon yesterday after an illness of two years, removes from the city one of the most prominent business men of the younger generation in this country. Mr. Fairweather had a continental reputation as one of the best leading men in the fur business. He was the son of the late William Fairweather, who for years conducted a large dry-goods business at Peterboro. Mr. Fairweather was born in this city in 1866. His father established him in business for himself at the age of 18, in the hat and fur business. From the start his success was marked, and before he was twenty years of age he was the recipient of many flattering offers from large firms to associate himself with them. In Peterboro he built up a large business, which was recognized as the leader in all the smaller cities of the province, his brother Eber, H. being associated with him. Twelve years ago he opened up the Toronto business, at the same time retaining the Peterboro business, which was looked after by his brother. Later the Toronto business developed to such an extent that Mr. Fairweather dispensed with all his outside interests, his brother joining him here. For the last two years Mr. Fairweather had been in failing health, he had not been actively connected with the business, being for a greater portion of the time away from home for the benefit of his health. So closely were the Fairweather brothers associated in the business that the general public was not even aware of the change in the active management. Mr. Fairweather was a man of fine executive ability and of a charming personality. The Fairweather firm as a furrier has a world wide reputation. He was a member of the National Club, the R.C.Y.C., the Victoria Club, the Toronto Rowing Club, the Lambton Golf Club and a non-resident member of the New York Automobile Club. In religion he was an adherent of the Presbyterian Church. A year and a half ago he married Margaret, daughter of the late Andrew Carruthers, who survives him, with his mother, brother and two sisters. The funeral will be private, the interment being at Peterboro.

DISORDER IN "WARD."

Increase in Meat Prices Results in Mild Riot. After a meeting held in the Mission Hall, Chestnut-street, a crowd of young men gathered before the ward butcher shops to protest against the increase in the price of meat. They acted in a disorderly manner generally, and in some cases smashed windows, breaking Mr. Goldberg's window. Others engaged in pouring coal oil over parcels of meat carried out of the store by women. Two plainclothes constables were sent from the Agnes-street police station and dispersed the crowd, which numbered several hundred. No arrests were made.

EAST ELGIN LIBERALS.

W. W. Rutherford Will Oppose Sitting Member for Commons. AYLMER, Jan. 9.—(Special.)—W. W. Rutherford, for twenty-five years principal of the Aylmer Collegiate Institute, was to-day nominated by a large and representative convention of East Elgin Liberals to oppose David Marshall, M.P., for the house of commons. The nomination was unanimous. Charles E. Locke, for three years reeve of the association, and Sydney McDiarmid, vice-president. Later the Toronto business developed to such an extent that Mr. Fairweather dispensed with all his outside interests, his brother joining him here. For the last two years Mr. Fairweather had been in failing health, he had not been actively connected with the business, being for a greater portion of the time away from home for the benefit of his health. So closely were the Fairweather brothers associated in the business that the general public was not even aware of the change in the active management. Mr. Fairweather was a man of fine executive ability and of a charming personality. The Fairweather firm as a furrier has a world wide reputation. He was a member of the National Club, the R.C.Y.C., the Victoria Club, the Toronto Rowing Club, the Lambton Golf Club and a non-resident member of the New York Automobile Club. SUNSET LIMITED WRECKED.

Reported That Five Are Dead and Dozen Injured. SAN JOSE, Cal., Jan. 9.—Sunset Limited Express No. 10, southbound on the Southern Pacific, running an hour late, was wrecked to-night at Rucker, 25 miles south of here. Rucker is five miles from the nearest telegraph station and details are lacking, but it is reported that five persons were killed and a dozen hurt. Vancouver's Aldermen. VANCOUVER, B. C., Jan. 9.—The following aldermen were elected to-day: Ward 1, J. W. Prescott and W. Hepburn; Ward 2, D. M. Stewart and J. B. Campbell; Ward 3, T. F. McDonald; Ward 4, J. Cavanagh; Ward 5, G. McShedden and A. McDonald; Ward 6, S. R. Mills and J. Morton; Ward 7, J. McMillan and T. H. Calland.

Water Rights Should Not Be Permitted to Further Pass From the People

OTTAWA, Jan. 9.—(Special.)—Hon. G. Foster declared to-day that the time has come for the government to undertake the irrigation of public lands of the Northwest, instead of granting water rights to private individuals, and he urged a strong policy of public ownership to preserve the timber and water supply of that vast domain. The matter came up during the consideration of Hon. Frank Oliver's irrigation act amendment. Mr. S. McCarthy forced the minister to admit that the government had been for years making surveys for the purpose of ascertaining the sources of water supply. Mr. Oliver also informed the house that no policy had been decided upon with respect to carrying on irrigation works as a public enterprise. On Tuesday next the house will resolve itself into committee of the whole to consider the French treaty. Mr. Foster desired that the figures should be reduced to English terms, but the finance minister said this would be a difficult proposition. "That is the very reason why we should have it done," said Mr. Borden. Mr. Fielding finally agreed to see what could be done, tho' the conservation of the treaty might be somewhat delayed. Mr. Sproule said the house ought to have information showing what advantages might be expected from the proposed irrigation. Mr. Fielding replied that on some articles we get the best treatment accorded to any nation, and if that was no advantage we could not help it. Hon. G. P. Graham, replying to R. L. Borden, said the report of the Quebec bridge commission would be ready shortly. To Mr. Bergeron, Sir Wilfrid Laurier said he was not aware that there had been a new lease of the Beauharnois Canal. Status of Sifton Award. Hon. Mr. Foster called attention to a press despatch from London, giving a report of an address by Mr. Sifton on "The All-Red Line." Mr. Sifton had stated that Canada was ready to contribute one-half towards the establishment of a fast service on the Atlantic, and a considerable proportion of the cost of a fast Pacific service. Had Mr. Sifton authority to pledge government support of the project? Sir Wilfrid Laurier understood that Mr. Sifton had undertaken that the government would aid the project, but Continued on Page 2.

JURY WAS OUT FOR 22 HOURS

Could Not Agree as to Guilt of Indian Accused of Murder. LONDON, Jan. 9.—(Special.)—After being out 22 hours the jury in the trial of Tommy Noah, the young Munsey Indian charged with murder of Aboum Fox last spring, were unable to agree, and were discharged by Chief Justice Sir William Meredith and the prisoner remanded. The court-room was crowded all day by spectators, who refused to leave until the jury was discharged at 4:30 p.m. The case went to the jury at 6:30 o'clock last night and they were unable to agree last night and were locked up for the night. All morning the wrestled with the case, but without avail, and at 2 o'clock they came into court and announced that they were unable to agree. The judge sent them back to reconsider, but they returned at 4:30 and were discharged. It is understood that the jury stood 7 to 5 for acquittal.

DR. OGDEN CHAIRMAN.

Veteran Trustee Made Head of Board of Education. Dr. Ogden, veteran school trustee, was elected chairman of the board of education at its inaugural meeting last night. When he was called to the chair by Secretary R. E. Davison, he thanked the members of the board for the confidence they had shown in him, promised to perform his duties with care and moderation, and expressed the hope that the year's business would be carried on in an amicable manner. The candidates for the position were Dr. Ogden, Mr. L. S. Levese and Miss Clara Brett Martin. Those voting for Dr. Ogden were: C. A. B. Brown, Dr. Bryan, Dr. Hawke, William Houston, Dr. Hunter, H. A. E. Kent, M. Rawlinson, H. Simpson and Dr. Ogden himself. Mr. W. J. Boland named Miss Clara Brett Martin, who was also supported by R. E. Davison and William Dineen. Mr. Levese was named by Miss Martin, and had one supporter in Miss Martin. The following standing committees were struck: Management—Dr. Hawke (chairman), Miss Martin and Messrs. Boland, Levese, Kent and Hunter. Property—M. Rawlinson (chairman) and Messrs. Brown, Dineen, Houston, Bryan and Davison. Dr. Hunter was appointed chairman of the committee of the whole. Miss Martin suggested Mr. Dineen, but after some discussion as to whether, as an appointed member, he was eligible, Mr. Dineen withdrew. Mr. Levese was nominated by Mr. Simpson, but also withdrew.

J. LONDON'S FRIENDS ANXIOUS

His Little Craft "The Snark" is a Month Overdue. SAN FRANCISCO, Jan. 9.—Friends of Jack London, the author, are beginning to feel alarmed over his failure to arrive as expected to reach early in December. London left Hilo, Hawaii, Oct. 7 last in his boat, The Snark, for Marquisas, and is about a month overdue. It is supposed that The Snark, which is equipped with a gasoline engine, is drifting about as the result of injury to her machinery. Mrs. London, two friends and a small crew are on the vessel. The steamer Mariposa is due here Jan. 25 from La Hiti Tahiti, and it is hoped that she will bring news of the party. BIG RALLY AT SEAFORTH. SEAFORTH, Jan. 9.—(Special.)—A big rally was held here to-night in the interests of Henry Horton, Conservative candidate for South Huron. Among the speakers were the candidate, President Williams of the Conservative Association and others. Was Noted Criminologist. CHATTANOOGA, Tenn., Jan. 9.—Lucius C. Storrs of Lansing, Mich., secretary of the State Board of Corrections and Charities, died here to-night. He was a noted criminologist.

WATCH FOR THIS WOMAN AND NOTIFY THE WORLD.

The manager of a large business house telephoned yesterday that a lady representing herself to be a canvasser for The Sunday World, Globe and Saturday Evening Post was in the city. The lady is described as being well educated, rather poorly dressed and about 30 years of age. The gentleman referred to surmised that the offer was too good to be true, and telephoned to the office of this newspaper. The lady is described as being well educated, rather poorly dressed and about 30 years of age.

Of Interest to Women

The Old, Old Story in a New Form.

Five hundred thousand leagues, I trust, has the moon travelled since our weary Earth has bowed thru space; And fifty thousand miles, no less, the pallid Moon has held her race. The careful Clock has ticked away; So long has been the lagging day Since last I saw you, Nora dear!

Toronto Local Council of Women.

At the executive meeting on Wednesday, reports were received from the standing committees, before being submitted to the annual meeting on Jan. 20. The members are determined to carry on the list again in the interest of "pure water," particularly on finding that the 31,000 school children are drinking the water that is taken from the taps. The following resolution was adopted: Resolved, that the women of the Toronto local council desire to express their strong disapproval of the course pursued by some newspapers, in printing disgusting details of the previous year's trials, and earnestly hope that during the present trial all such details be suppressed.

Where Woman Fails

BERLIN, Jan. 9.—The short career of the women auto drivers in Berlin already has come to an end. Today Frau Von Papp, the only woman who was licensed to drive an automobile, retired because she did not possess sufficient endurance to withstand the arduous duties of the calling. Twenty other women, who have been permitted to drive, failed to satisfy the police requirements for the granting of licenses.

CARETAKER CARTER BUT NOT SO MR. CHAMBERS

Caretaker of Riverdale Park Makes Heated Charges, Which Bring Warm Denials.

Edwin H. Carter, superintendent of Riverdale Park, has resigned, his intention being conveyed in a rather torrid letter sent to the park commissioner yesterday.

As Mr. Carter has ceased to be a civic official, no further investigation will be made into his character, says Judge Winchester.

W. Carlell-Hall, counsel for Mr. Carter, said that he thought the latter should have been willing to fight out the issue, but that he was, on the whole, satisfied with his client's resignation, and that there was no intention of submitting any evidence on behalf of Mr. Carter.

The Carter Letter.

Mr. Carter asks that he be relieved of his duties in one month's time, and expresses regret that his "struggle of fifteen years to make a park for the people" did not receive more consideration.

The letter continues: "I have tried, with some measure of success, by documentary proof, to meet the 'tail-hunt' and hear-say evidence put in against Riverdale Park, but when Commissioner Winchester allowed the mere statements of Archibald, who said he knew a man (name refused) who had heard these accusations against my moral character to be put in as evidence, I immediately asked my counsel to withdraw from the case and not cross-examine the witness."

"As you investigate the morals of this so-called evidence of immorality, which Archibald gave us a sample when in the witness-box. When this was told to me I set them at defiance and challenged them to bring on their dirt and I do still set them at defiance. As you further investigate the morals of E. H. Carter will assay as much to the ton as the morals of any man who is associated with the conduct of this so-called parks investigation."

Attack on S. O. E.

"Now that my resignation is in your hands, the prosecuting attorney will make a brief spell and turn the X-rays on Bro. Kimings of Island Park, the frat name mentioned in this enquiry, who, with his counsel, Mr. W. D. McPherson, are known to be well entrenched behind the Orange order."

"As to the insinuations of Archibald, the 'home-wrecker,' I wish to state that I also am a member of the Toronto police force and have been for twenty years, and for a longer period a member of the county police, and if Archibald knew of these things that he intended to use as evidence against me, he would have secured them long before the police commissioners, and I challenge the convictions that I have secured in the police court will speak well as to the way that I have attended to that portion of my self-imposed duty. I would stand over until the first opportunity I intend to lay this matter before the chief of police. I remain,

"Yours obediently,
Edwin Herbert Carter,
Superintendent Riverdale Park, Toronto."

Chambers Not to Quit.

T. C. Robinette, K.C., counsel for Commissioner Chambers, said that as far as Mr. Chambers was concerned resignation of Mr. Carter would have no bearing on the investigation.

"Mr. Chambers has been on the job for two years, and for a longer period a member of the county police, and if Archibald knew of these things that he intended to use as evidence against me, he would have secured them long before the police commissioners, and I challenge the convictions that I have secured in the police court will speak well as to the way that I have attended to that portion of my self-imposed duty. I would stand over until the first opportunity I intend to lay this matter before the chief of police. I remain,

at his own expense, and, largely, his own labor.

What Archibald Says.

Staff-inspector Archibald, referring to Carter's suggestion that he should have reported to the police commissioners any evidence of wrong-doing in Riverdale Park, said: "I knew of these things, but I was not in a position to move in the matter, because those directly interested did not make complaint to me. I was asked to report what I knew, and did so. I understand that representations were made to the parks committee during the past few years."

W. E. Raney repudiated the suggestion that the sons of Ewenhart are being persecuted and the Orange order defended, and that the lesser, Kimings, will come up later, adding that no pressure has been used on any person in the enquiry.

W. D. McPherson, who is acting for Caretaker Kimings, denies positively that the fact that he and his client are Orangemen has anything to do with the latter's immunity thus far from investigation.

Corporation Counsel Fullerton thinks it unnecessary to push the Riverdale Park charges further, but says that the board of control will decide. He enters a refutation of the statement as to pre-arrangement with Carter.

Early Morning Fire Destroys Planning Mill.

PORT CREDIT, Jan. 9.—(Special.)—Fire from some unknown cause completely destroyed the planning mill of William South at an early hour this morning. In the mill was a lot of valuable machinery, recently installed, and adjoining it considerable lumber, all of which was destroyed. The loss will be between \$3000 and \$4000, partially covered by insurance.

Suffered From Heart and Nerve Troubles FOR THE Last Ten Years.

The heart has supplied to it two sets of nerves, one set which quickens, the other which slows its action. The proper action of these nerves, so important to the well-being of the heart, depends upon the general condition of the nervous system. If there be nerve derangement of any kind it is bound to produce all the various phenomena of heart derangement.

Knowing the intricate structure of the heart, and being aware how diseases of the nerves affect the heart, we have combined in Milburn's Heart and Nerve Pills a treatment that will cure all forms of nerve disorders as well as act on the heart itself, and in this is the secret of their success in curing so many cases of heart trouble which have defied all other treatments.

Mrs. John Riley, Dorco, Ont., writes: "I have been a great sufferer from heart and nerve troubles for the last ten years. After trying many remedies and doctors for two years, without the least benefit, I decided to give Milburn's Heart and Nerve Pills a trial. I am thankful to say that, after using nine boxes, I am entirely cured, and would recommend them to all sufferers."

"Price 50c per box or three for \$1.25, at all dealers, or mailed direct on receipt of price by The T. Milburn Co., Limited, Toronto, Ont."

PLAY OF ELECTRIC LIGHT CO.

Power Ring Trying to Tie Up Citizens on Promise of Lower Rates.

The News last night took occasion to reproduce a great part of the correspondence published during the late campaign, which had formerly passed between the Electrical Development Co. and the hydro-electric power commission.

Other points of the debate were reviewed under the guise of an interview with W. K. McNaught, M.L.A., a member of the commission.

Rumors were also in circulation that the bond and shareholders of the company were anxious to know why the directors had not taken advantage of the government's offers, and it was even stated that a meeting had been held. No confirmation of this latter rumor could be obtained.

Now that the people have shown their determination not to be bulldozed the electrical interests are quite likely to discover that their true interests lie with the multitude of consumers rather than with the select few.

The Toronto Electric Light Co. continues to endeavor to reduce its city customers into making five year contracts at reduced rates. The offer of the government commission of still cheaper rates without any contract is already bearing fruit, but the people are likely to wait for their own power, and avoid the unnecessary compliment which the company would impose upon them.

WHY MAJOR HODGINS WAS DISMISSED FROM SERVICE

Hon. G. P. Graham Brought Down Return — Classification of Mixed Cuts.

OTTAWA, Jan. 9.—(Special.)—Hon. G. P. Graham brought down today a return showing the reasons why Major Hodgins, C.E., was dismissed from the service of the national transcontinental railway commission.

Major Hodgins was dismissed because of his inclination to treat the classification of mixed cuts from a business rather than a purely engineering viewpoint. If the ordinary classification showed a loss to the contractor, compared with the cost, he was to classify high enough to cover the expense when possible. Care, however, was to be exercised in doing this. For instance, he was not to allow any solid rock to cut where no such material actually existed.

Gordon Grant, inspecting engineer, says: "The engineers in the district lack confidence in themselves, and evasion of responsibility is the order of the day from the district engineer down to the youngest resident. It is quite evident that the contractor has never had the goodwill or proper co-operation of the majority of the commission's engineers in this district."

Major Hodgins says this is untrue. He says: "If I am given a free hand to do anything that I think advisable in the interests of the work I can guarantee that there will be no friction."

Dr. Wood's Norway Pine Syrup

is rich in the lung-healing virtues of the Norway Pine Tree, skillfully combined with Wild Cherry Bark and the soothing and expectorant properties of other pectoral herbs and barks. It is a pleasant, safe and effective medicine for Coughs and Colds, Hoarseness, Sore Throat, Pain in the Chest, Asthma, Bronchitis, Croup, Whooping Cough, Quinsy and all troubles of the Throat and Lungs.

A single dose will convince you that it will stop the cough, soothe the throat, and start you on the road to recovery.

Be sure and do not accept a substitute for Dr. Wood's Norway Pine Syrup. The genuine is put up in a yellow wrapper, three pine trees the trade mark, and the price 25 cents.

Miss C. M. Woodcock, Kinnelon, Ont., writes: "For some time I suffered from lingering cough. I was afraid it would turn to consumption, and, as I had tried many remedies and found no cure I asked my father to get me a bottle of Dr. Wood's Norway Pine Syrup. When I had taken that little I was so much better I got three more, and I am now completely cured."

The Toronto World

A Morning Newspaper Published Every Day in the Year. MAIN OFFICE, 83 YONGE STREET, TORONTO.

I, JOHN LANG, Circulation Manager of THE TORONTO WORLD, do solemnly declare that the following statement shows the net circulation of THE WORLD for each day in the month of December, 1907:

Table with 2 columns: Date and Circulation. Includes entries for December 2, 3, 4, 5, 6, 7, 8, 9, 10, 11, 12, 13, 14, 15, 16, 17, 18, 19, 20, 21, 22, 23, 24, 25, 26, 27, 28, 29, 30, 31.

Total net circulation, Daily World, 40,055. Total net circulation, Sunday World, 40,048.

The foregoing figures include all papers actually sold and do not include damaged papers, samples or returned copies. And I make this solemn declaration conscientiously believing it to be true and knowing that it is of the same force and effect as if made under oath and by virtue of the Canada Evidence Act, 1897.

Declared before me at the City of Toronto, in the County of York, this 2nd day of January, A. D. 1908. (Sgd.) JOHN LANG, A Commissioner, etc.

A favor will be conferred on the management if subscribers who receive papers by carrier or thru the mail will report any irregularity or delay in receipt of their copy.

Forward all complaints to The World Office, 83 Yonge Street, Toronto.

HURON COUNTY ROADS.

Fifty years ago the then citizens of the County of Huron were progressive enough and courageous enough to buy out their toll system and construct a complete road system at a capital cost of \$600,000.

THE JAPANESE IMMIGRATION DIFFICULTY.

In its zeal to rid the Dominion Government of its proper responsibility for the present position of the Asiatic immigration difficulty, the chief Liberal organ goes considerably too far. It argues that "Canada could have jeopardized her own place in the empire and the empire's place in the world of nations by refusing to abide by Britain's treaty, but the question was the extent to which the Dominion should sacrifice her own interests for the broader need of imperial strength."

Windsor, the Gretna Green.

WINDSOR, Jan. 9.—(Special.)—Windsor is maintaining her reputation as a Gretna Green, as there were no less than 1562 marriages here last year. There were \$77 weddings for the past six months.

Bulgarian Theft.

James Brown, a Macedonian, and Bogdan, a Bulgarian, charged with the theft of \$15 from Inco Collette in a deal where a number of Bulgarians were to be sent to San Francisco to do railroad work, were arraigned in police court yesterday. The case was remanded until to-day.

Assault Charge Result of a Very Keen Election Contest. ST. CATHARINES, Jan. 9.—(Special.)—The keen municipal contest in Niagara Township has resulted in a serious assault case. Wm. Muir, resident of the township, has laid information against Emanuel Stewart, charging him with assault, occasioning actual bodily harm.

Montreal Harbor Improvements.

George W. Stephens, chairman of the Montreal Board of Harbor Commissioners, accompanied by F. W. Cowie, harbor engineer, has left for Europe on a trip which will extend until May during which time it is expected they will have visited practically every European port of importance, for the purpose of inspecting their facilities with a view to introducing the best of them in the equipment of the port of Montreal.

Jew Theft Case Dismissed.

Asher Goldman and Harry Glosberg, two members of the Christopher-street Synagogue, were charged in the sessions yesterday with robbing the sacred ark in the Richmond-street Synagogue and stealing a holy scroll therefrom.

J. H. Denton for North Toronto.

It was announced in Liberal quarters yesterday that J. Herbert Denton would receive the North Toronto nomination at the coming convention to contest the local seat against W. K. McNight, M. L. A. Several others are looking for the chance, but as the convention draws near, sometime about Jan. 30, the impression is in favor of Mr. Denton. If offered the nomination he will accept.

True Bills at Assizes.

True bills were returned by the grand jury for the January assizes yesterday against Jacob Cohen, charged with shooting with intent, and George Chambers and Thomas Morgan for highway robbery, and also against George Chambers for two thefts. Chambers hastily pleaded guilty, but as hastily corrected himself. The criminal calendar will open Monday.

Ingersoll Move for Local Option.

INGERSOLL, Jan. 9.—(Special.)—Steps will be taken immediately to have the question of local option voted on at the elections next January. The local option situation was fully discussed by local temperance workers at a largely attended and enthusiastic meeting, with the result that campaign work will be commenced at once.

Camlin Must Pay Premium.

The division court yesterday granted judgment in favor of the Northern Life Insurance Company for a premium of \$45.30, being that on a \$1000 policy on the life of J. Camlin, Camlin claimed he had been bunched into putting on the insurance, but this claim was not sustained.

Death of Cyrus Lawrence.

NEW YORK, N.Y., Jan. 9.—Cyrus J. Lawrence of the banking firm of Cyrus J. Lawrence & Son, and vice-president of the Bush Terminal Co., died to-day. He was a director of the Susquehanna and Western Railroad, and was 76 years old.

DEFENCE HOPES TO PROVE DAVIDS WAS JUSTIFIED

Jealousy Ascribed as One Cause for Murder and Insanity at Time is Claimed.

FREDERICKTON, Jan. 9.—The trial of David, the wife murderer, proceeded to-day.

Mr. Hazen claimed that the defence would show under the criminal code that the offence charged could not be more than manslaughter. He told detail of the relation between David and his wife, and that she had forgiven him, and taken her back after she had left him. He said they would also prove that Mrs. David had no intention of leaving Nicholas, and when she bought her ticket at Woodstock to go with her husband, was a return ticket to McAdam Junction. The defence would show that at McAdam Junction the woman had told David that Nicholas' shoe was worth David's body, and that she intended returning to Woodstock. This would lead any man of jealous disposition to act quickly. Mr. Hazen proposed that homicide under some circumstances was justifiable, and the facts in this case practically proved that. The second ground of warrant H. The second ground of defence was that David was not responsible for his actions. A history of the David family showed that prisoners' insanity was inherited. There were experts here to give testimony that the prisoner was subject to fits, and that he was not responsible.

MORE COBALT TROUBLES.

Alleging misrepresentation in the issue of prospectus, Stephen Rogers, a prospector and miner of this city, commenced action in the assizes yesterday to recover from the Sovereign Cobalt Mining Co., \$887 and costs, the amount of stock he bought in the company.

LOST BOYS FOUND.

Arthur John Clark, 188 Hambury-avenue, 40 years old, and Roy Edwards, 234 Hallam-street, the same age, ran away from their homes at 1 o'clock Wednesday afternoon. They were located last night at Maple, Ont., where Clark's uncle resides.

THE SECRET OF PERFECT HEALTH.

It used to be the general idea that there was some mystery about getting well and staying well. Sellers of quick nostrums took advantage of this fact and grew rich. We are growing wiser, however, and know that good food, fresh air and cleanliness are all that are required. Cleanliness, however, means that you must be clean inside as well as outside. If your kidneys, liver and bowels are not properly performing their functions, they are accumulating a mass of filth, as a result of your violation of some natural law, and you must assist nature in the way to cleanse the system. No necessity, however, to risk using some of the old-fashioned remedies, which are a perfect compound of vegetable remedies, everyone of which is endorsed by your physician. The formula of King's Kidney Compound is printed plainly on the wrapper. No secret, no mystery, just plain common sense. King's Kidney Compound will regulate the liver, bowels and kidneys, tone the system and prevent serious results which might arise from neglect. Give a trial. Write for a free sample bottle to the King's Kidney Compound, Bridgeburg, Ontario.

THE MARK OF THE KENNEDY SCHOOL

This is the mark of the Kennedy School, the school for the expert training of stenographers. It is the mark of superiority.

Is the Kennedy School different from other schools? Better? It is. Let us submit some incontrovertible evidence.

The Kennedy School has won the typewriting championship of the world in nine successive contests; it has won the championship of Canada; also the Canadian students' championship. In short, it has won every typewriting contest of importance held in recent years.

The Kennedy School appeals to those who want the best. It is old enough to have every advantage that can accrue from age; young enough to have unbounded enthusiasm and energy. It has gone to seed. It is the school for you if you would grasp opportunity by the throat and force from him success.

The new term is just beginning. Get in on it. If it is any inducement, any stimulus to prompt action, we will send you a coupon worth \$5.00. 9 Adelaide Street East

FRIDAY MORNING

Doctors Have Raised Fees

"Yes, sir," remarked a prominent physician, "they have, and I don't think it's right in these hard times."

"As a protest, I give this valuable prescription (which has cured hundreds) to all sufferers from La Grippe, Croup, Whooping Cough, Bronchitis, Hoarseness, Sore Throat and Lung Diseases, free of charge. It is as follows:

Pink Extract Licorice, one-half ounce.
Syrup White Pine Compound, one ounce.
Glycerine, one ounce.
Tar-ol, one ounce.

To this add three ounces of boiling water, and take a dessert-spoonful every 2 or 3 hours. This formula can be filled at any reliable drug store.

WHOLE CITY STRICKEN.

Sudden and Unexplained Epidemic at Lansing, Michigan.

DETROIT, Jan. 9.—A special from Lansing, Mich., says: "Whether from the flight of bacilli over the city, from deleterious matter in the city water, or from some unknown cause, Lansing was seized by a strange malady sometime during Tuesday night, thousands being suddenly stricken with extreme nausea, accompanied by acute intestinal troubles."

From midnight until morning and all during the afternoon calls for physicians were incessant. Whole families were stricken.

Two boys were found lying on the street, too ill to make further progress. The disease, which most physicians attribute to atmospheric conditions, yielded readily to treatment.

Fifteen city teachers and hundreds of pupils were absent from school. All the stores were short of help.

SUCCESSION DUES.

Receipts During the Past Year Nearly Million Dollars.

Succession duties for 1907 totalled \$904,562.22. Of this amount \$68,000 will be returned to estates whose deposits exceeded the tax. In 1906 the total was \$1,015,000, of which \$218,475 came from the Gooderham estate. Last year the largest sums were from the Fulford estate, \$150,000, and from the Easton estate, \$100,000.

The estimate for the year, however, has been exceeded by \$130,000, only \$700,000 having been expected.

For September the duties amounted to \$40,556.96, \$11,154.92 being from York County. September, 1906, the amount was \$18,307.44.

The department received 7821 applications for letters of probate, administration and so forth during the year, being over 600 more documents than in the previous year.

TO BANQUET FISHER.

Montreal Liberals Prepare for Celebration January 27.

MONTREAL, Jan. 9.—The Liberals of Montreal have decided to tender a complimentary banquet to Hon. Sydney Fisher on Monday, Jan. 27, at the Windsor Hotel. About four hundred guests are expected.

New York Broker Suicides.

NEW YORK, Jan. 9.—William Bourne Nevins, 44 years old, who until three years ago was a member of the New York Stock Exchange, committed suicide to-day by leaping in front of a subway train at Broadway and 79th street. He suffered heavy financial losses during the last five months and had been in a serious condition of health for some time.

After his retirement from business in Wall-street Mr. Nevins went to the Canadian Northwest to take up real estate ventures.

Aged Couple Perish.

AUBURN, N. H., Jan. 9.—Albert Moulton and his wife, both aged more than 75 years, were burned to death in a fire that destroyed their home in this village to-day.

Their 18-year-old grandson ran out of the house, expecting that the aged couple were following him. He tried to go back to their aid, but smoke and flames barred the way.

Cleveland "Black Hand" Centre.

CLEVELAND, Jan. 9.—That Cleveland is a centre of so-called "Black Hand" operations is the declaration made by 18 detectives from several important cities in the United States now here searching the city for members of that organization.

The wholesale manufacture of explosives, it is claimed, has been conducted in Cleveland and several hundred "dangerous" Italians have lately found asylum here.

A Lesson to Lawyers.

Chief Justice Mulock yesterday, after waiting 15 minutes for the parties concerned to make an appearance, struck off from the list the case of Alonzo W. Anderson against Aubrey Garston of W. Garsten & Co. of Aberdeen, Scotland. Anderson was suing Garsten for \$1333.33, as three months' salary and \$1000 as damages for wrongful dismissal.

Subway Under East River.

NEW YORK, Jan. 9.—Service in the new tunnel by which New York subway trains run to Brooklyn to-day for the first time was more than ample to carry the early morning rush of passengers from Brooklyn. Not a passenger was compelled to stand up in any of the rush hour trains.

FASTENED BELOW DECKS THEY FOUGHT FOR FOOD

Passengers Tell of Their Experience on the Crippled Mount Royal.

QUEENSTOWN, Ireland, Jan. 9.—Ladislau Szechenyi, an Hungarian peasant, on his way to the United States for the second time, and understood to be one of the retainers of the count of that name soon to marry Miss Gladys Vanderbilt, was one of the passengers on the steamship Mount Royal, which put in here like a lame duck on Tuesday, a month out from Antwerp. Telling of the experience, he says:

"The big waves made the ship lean away over, and, oh, we were all so sick. Many of the passengers never saw the ocean before, and they were much frightened, but I tried to tell them that it was nothing, but I was much frightened myself. The waves came on the floor of the ship, and sometimes when the boat seemed to be going right over one would scream, and then they would all start in and scream until they were tired and fell asleep."

"We thought when we sailed that we would all see Christmas in America, but it was on Christmas Eve—we make a lot of that night in the old country—that it was the worst, and even I, the I am a good sailor, and have been across the ocean twice before, thought we were lost."

"The sailors put us down below, where it was dark, and fastened all the doors, so we were more frightened than ever. Somehow we couldn't get our food very well for a long time, and when they would come in with the big wooden trays the people would fight for bread and meat, they thought they were going to be drowned."

"On Christmas Eve, when it was at the worst, our priest, a very old man—Father Echeverri his name was—made them all stop and pray all together, and after that every day and every night we prayed and sang together. Once they wanted to read the litany for the dying, but he would not let that."

"The sailors told us we were safe but the fear was on them, too, and when we would begin to chant our songs they would run away fast."

A scarcity of food in the steerage is explained by the ravenous appetites of the passengers themselves, who seemed to fear that they were to be starved at a preliminary to being drowned. It was then found necessary to guard each steward entering their quarters with food to repel rushes upon him and see that the weaker ones got their share.

STUDENTS' THEATRE NIGHT.

Have Secured Royal Alexandra and Will Have Big Time.

The undergraduates' parliament of the University of Toronto has decided to hold a theatre night on Monday, Jan. 20, and have secured the Royal Alexandra. Tickets will be sold to students exclusively until the 16th, when, if there are any left, the sale will be extended to the public. The play will be "Old Heidelberg."

Invitations to attend are being sent to His Honor the Lieutenant-Governor and his party, to the Hon. J. P. Whitney, the Hon. Dr. Frye, the members of the board of governors and to the heads of the different colleges.

The play will be organized singing while the curtain is down.

LEBOEUF A JUDGE.

OTTAWA, Jan. 9.—Callixte Leboeuf, K.C., who acted as counsel for the Quebec Government before the insurance commission, has been chosen for the vacancy in the circuit court bench at Montreal, and will be appointed there in a few days.

Motorman Committed.

George A. Smith, motorman of a car which broke through the East Queen-street railway crossing gates and crashed into a freight train, was yesterday committed to stand trial on a charge of criminal negligence. He was released on \$300 bail.

John Clarke, the gateman, said the rails were slippery on account of the rain. The car was running at 15 miles an hour. The derailing switch had acted perfectly.

Cars should come to a dead stop at the crossing.

Beats Phiness Fogg.

OTTAWA, Jan. 9.—Hon. Mr. Lemieux has been making record time on his way back to Ottawa from Tokyo. He reached the capital to-night, after having been fifteen days en route.

The Deer Slaughter.

During the deer-hunting season last year the express companies carried 2386 deer, 578 more than in 1906, and the Dominion Express Company carried 117 moose, or moose heads. These figures, of course, do not include the deer killed by settlers.

A Good Investment.

The total expenditure by the city for conducting the campaign in the interests of the power by-law was \$200. It is estimated it cost the other side \$20,000 to fail to defeat it.

High-Class Upright Piano for \$225.00.

Ordinarily the piano that Heintzman & Co., Ltd., 115-117 West King-street, Toronto, offer for \$225.00 would cost \$375 or \$400—beautiful upright piano, in use only about three months, and bearing the name of a well-known maker. Terms suitable to almost anyone.

The Canadian Club.

The Canadian Club on Monday will have for its guest A. E. Stillwell, president of the Kansas City, Mexico & Orient Railway and the United States & Mexican Trust Co., who will address the club on "Mexico of to-day."

Textile Outlook Bright.

PHILADELPHIA, Jan. 9.—Manufacturers of textiles, one of the great industries of this city, believe that the outlook for the present year is a prosperous one, both for the manufacturer and the wage earner.

SENSATIONAL BARGAINS

You'd hardly credit the cash prices we're quoting these great stocks at unless you visit the store—Come often.

"We Need Cash—Name Your Price"

That's practically what these seventeen makers and manufacturers said to us when they "dumped at our doors" these \$300,000.00 stocks of Furniture, Carpets, Stoves, Heaters, Men's, Women's, and Boys' Clothing—the goods here!—the sale is on—the people have thronged here from the opening minute!—the enthusiasm—the eagerness—the appreciation of the prices the goods are ticketed at—the spirited buying have fairly taken us "off-our-feet"—and yet what else could we expect?—we've prepared the greatest bargain feast Toronto and for a hundred miles around about has ever had set for them—the sale will grow in interest every minute for you because there's abundance here in every department and carloads coming in as rapidly as our receiving room can get the shipments unpacked and on the ten big selling floors.

THE SALE IS FOR CASH AND CASH ONLY --- THERE'S A REASON

And here it is—these seventeen manufacturers must have their cash in a hurry and we've got to get it in a hurry to let them have—in the meantime you're going to save ONE-THIRD TO ONE-HALF THE REAL VALUES.

IRISHMEN IN AUSTRALIA MAKE COUNTRY'S SUCCESS

ROME, Jan. 9.—William K. Redmond, member of the British House of Commons from East Clare, and brother of John P. Redmond, delivered a lecture in this city to-day on the progress of Australia. He described that country as being more wonderful than America, and said the fact that political liberties were greater and the rights of the people more advanced in Australia than in the United States was

due to the circumstance that Irishmen formed the nucleus of the Australian population.

Jewish Dramatist Dead.

NEW YORK, Jan. 9.—Abraham P. Goldfarb, poet and playwright, who sometimes was referred to as the "Father of the Jewish drama," died in an east side tenement house to-day, aged 67 years. Of the more than 100 plays written by Goldfarb, 20 have been produced in this country.

WHITE STAR CUTS RATES OTHER LINES WILL FOLLOW

LIVERPOOL, Jan. 9.—The White Star Line to-day announced a reduction in its second and third-class passenger rates from English ports to New York and Boston, because of the traffic which has been deflected from the vessels of this line by the Lusitania and the Mauretania, and to the refusal of the Cunard Company to concede differential rates for vessels of the Baltic class.

After this announcement was made, the Cunard Company immediately said that it would meet the cut. It is believed that other companies will take similar action.

Settled for \$1275.

A settlement for \$1275 was made by the Toronto Railway Company with Matthew McGowan, who brought an action in the assize court for \$2500 as damages for injuries for a fall which he received while repairing electric wires, due to a car coming along.

BRAMPTON WILL HEAR BECK.

BRAMPTON, Jan. 9.—(Special.)—The Hon. Adam Beck will address a public meeting in Brampton on Monday night, Jan. 13, under the auspices of the board of trade.

Sending Children to Canada.

LONDON, Jan. 9.—Lambeth court has decided to emigrate thirty children to Canada, thinking it better to detach them entirely from their parents' surroundings.

The Success of the January Clearing Sale

Extraordinary Reductions in the Fur Garments Department

If you want to know why our January Sale is such a huge success a visit to our showrooms will enlighten you. The prices marked on the cards tell the whole tale.

The most critical would find no fault with the quality of the garments we are offering. Everything is uniformly good and perfect. These furs are being sold regardless of cost or value. Only three weeks ago we had a big Fire Insurance Sale and cleared out everything. This new stock of over one hundred thousand dollars has been received from the factory since the fire.

JUNCTION MASONS MAY BUILD NEW LODGE ROOMS

Opening of Ashdale School To-night—General News Notes From York County.

TORONTO JUNCTION, Jan. 9.—The negotiations to-day between Town Solicitor Anderson and James Bicknell, K.C., representing the Toronto Railway, have dispelled all hopes of the service to Keele-street being resumed this week at least. Mr. Anderson this morning presented the legal documents bearing on yesterday's decision of the Ontario Railway and Municipal Board to Mr. Bicknell, but the latter refused to endorse or disapprove of them, or in fact comment on them at all. Mr. Anderson will now get the documents signed by Chairman Leitch of the board, but Mr. Leitch is at present confined to his home thru illness and will be unable to be interviewed to-morrow. Mr. Anderson has, however, arranged an appointment with the chairman on Saturday at 11 a.m. to have him affix his signature. The documents will then be served on the railway company in a legal manner, and, if necessary, steps will be taken to compel the company to resume the service to Keele-street in compliance with the interim-order of the board, until the hearing of the case is resumed on the 28th inst.

The tracks on the north side of the street between Keele-street and Humber-side, the cleaned out about a week ago, have again become filled with frozen snow, so that immediate steps should be taken by the town to have the tracks ready for the cars when the service does commence. The operation of cleaning the tracks in their present condition is only a matter of a few hours' duration.

Sharp Blaze This Morning.
About 11 o'clock to-day the home of Herb Lee at Runnymede, beyond the western limits of the town, was completely destroyed by fire. The cause of the blaze is believed to have been sparks from the chimney igniting the roof. In spite of assistance given by neighbors, the house was gutted in about half an hour after the fire started. Mr. Lee's three children were rescued after considerable difficulty. The house was a two-story frame building valued at \$300. The house is insured for \$600 and the furniture for \$200.

May Build New Hall.
The Toronto Ha Committee will meet to-morrow night to consider the plans for the proposed new hall. The members of the committee are: J. T. Jackson, A. J. Anderson, Dr. Hopkins, H. C. Fowler, Fred White, A. B. Rice, J. C. Smith, J. E. Ellis, J. T. Mulkins, Thomas Ferguson, Harvey Daley, W. J. Sheppard. The building will be of two storeys and will have a large assembly hall and several well-appointed lodge rooms.

The remains of Mrs. Sarah Jane Broad, who died yesterday at the residence of her son, Oscar Jinks, 18 Parkman-avenue, will be sent to the Union Station to-morrow morning to be shipped to Fenelon Falls for interment on Saturday. Mrs. Broad is the wife of Charles Broad, 232 West Dundas-street.

The Salvation Army deserve credit for the persistency with which its members hold their outdoor meetings, regardless of temperature. To-night at the corner of Keele-street and Dundas-street was the largest group singing hymns and praying just as if it were a pleasant summer afternoon.

Considerable local interest is taken in the proposal of the W.C.T.U. to have ex-Mayor Smith's seat on the College Institute Board filled by a member of the union. Mr. Smith resigned his seat on the board to become a mayoralty candidate, but since he did not remain in the field his friends think he should have his vacant seat returned. Says Company Was to Blame.

J. E. Sanderson of Toronto Junction sends the following letter to The World regarding the accident to Geo. Ward, who died from injuries as a result of being thrown from a street car at Roncesvalles-avenue and Dundas-street, and comments on the verdict returned by the jury at the inquest:

"The verdict of the coroner's jury may be according to the evidence adduced, but not according to the facts. They say the death was accidental and exempt the Street Railway Co. from blame. It is well known for many weeks these street cars, backing to and fro from the car sheds at Humber-side, were utterly unequal to the service and overloaded. That might be borne with until the tracks could be repaired. But the trucks were in order all the week of the accident—ready for the Y-ing at Humber-side—but not used. The regular cars should have been run all that week. Then there would not have been that excessive overcrowding—hundreds or more on those evening cars. I was aboard the car from which Mr. Ward was thrown, not 'fell.' The car was filled to excess; the speed at the Roncesvalles curve was so great that there was a terrific shock to the car, as if it were thrown off the track, and causing the sudden exclamation, 'What is the matter?'"

The car was stopped and soon we learned that someone was thrown off and seriously injured. The accident was due to the company not having the regular cars running properly at Humber-side, and the consequent overcrowding and the too great speed at the curve. The company should be held responsible."

Next Monday evening the annual meeting will be held for the election of officers. Rev. S. O. Nixon, Presbyterian minister of Kenora, has been renewing old acquaintances here.

DEER PARK.

Public Library Seems to Be Well Appreciated.

DEER PARK, Jan. 9.—The January meeting of the board of management for the public library was held to-night for the consideration of the treasurer's and secretary's reports. The treasurer's report showed that the receipts (approximately) were \$215, of which about \$190 had been expended in books.

The secretary reported that 210 new volumes were added during the year, making a total number of 1200 books in the library; with a value of \$806. There are 132 members on the roll. The librarian reported that 4917 books were issued during the year. In addition to the general public, the pupils of the public school have free use of the books, and during the year 106 pupils took advantage of this privilege and to them were issued upwards of 2500 volumes. In addition to the number issued to the general public.
