TIREWATER ROUTE MEANS GREAT DEAL TO MIDDLE WEST

St. Lawrence Project Warmly Supported Before Commission at Detroit.

SAVE TIME AND MONEY

Detroit, Oct. 22.—The value to Michigan of a tidewater route connecting the Great Lakes with the Atlantic was outlined here today by representative shippers and business men who testified before the International Joint Waterways Commission that opened a three-day hearing in this city.

The part that the waterway would play in the bringing of world trade to Detroit and other Michigan cities was emphasized. Witnesses also stressed what they declared would be a saving of time and money by using an all-water route and relieving congestion in eastern centres.

SEIZED HOARD OF LIQUOR ON CANADIAN STEAMER

Cleveland, Ohio, Oct. 22.—The freight steamer Lakeland, seized by customs officers at Conneaut today, was released on bond tonight and allowed to proceed up the lake with a cargo of coal.

Man Suicides at Falls Before Eyes of Score of Spectators.

Niagara Falls, N.Y., Oct. 22.—Before the eyes of a score of sightseers at Prospect Point late this afternoon, a man climbed over the railing, waded out into the river and was carried over the American falls. To astounded spectators stood by while the man drifted to the brink waving his hand and shouting:

RAILWAY WALK-OUT MAY BE POSTPONED OUTLOOK BRIGHTER

Railwaymen and Miners' Executive to Hold Conference Today—Thomas Authorizes Statement That He Is Opposed to Strike—Ministry of Transport Will Use Volunteers to Operate the Roads.

London, Oct. 22.—The strike situation tonight was considered more hopeful by the fact that the peace conversations between the government and the miners' leaders are continuing unbroken. There were no new developments, however.

At a joint conference tomorrow, between the railwaymen and miners, from which it is hoped peace may spring, it is expected the suggestion will be made that the railwaymen postpone their strike, set for Sunday night, should there be no agreement between the government and the miners by Saturday, until after Wednesday's trades union conference.

DR. SHIELDS NOT MOVED BY SINN FEIN REQUEST

"Committee of One Hundred" Suggests That He Go to Washington to Testify Regarding "Atrocities" in Ireland, But Pastor Raises Some Pointed Objections.

The energy with which Sinn Fein propaganda is being spread in Canada, as well as in the United States, is manifested in a striking way in the request made by the so-called "Committee of One Hundred" for the investigation of atrocities in Ireland."

UNVEIL CENOTAPH, SILENT CEREMONY?

Religious Rites Ruled Out, Since Many Did Not Profess Christianity.

London, Oct. 22.—Much interesting speculation is proceeding here in regard to the details of the unveiling on Armistice Day by the King of the cenotaph in Whitehall, commemorative of the glorious dead.

A religious ceremony has been ruled out, since numbers of those who fell professed no form of Christianity.

No official statement has been issued, but it is possible that the matter will be compromised with the unveiling of the cenotaph being undertaken in silence, his majesty afterwards proceeding to Westminster Abbey, where the body of the unknown British soldier brought from its original grave on the Somme battlefield will be interred with the ordinary Christian rites.

FAIR PRICES COMING

New York, Oct. 22.—Business prospects are unusually bright, both in the United States and abroad, Robert J. Gary, head of the United States Steel Corporation, declared in an address on "the situation in France and Belgium."

"Altogether this is a time for courage, composure and calmness," Mr. Gary said, "the business skies are practically without clouds. As always, there may be showers from time to time, but there is nothing in the atmosphere to indicate the approach of dangerous storms."

SHARP QUESTIONS FOR BALLANTYNE

Wm. Duff, M.P., Hints That Minister Diverts Ship Repairs to Own Company.

Moose Jaw, Oct. 22.—At the Liberal rally held tonight, William Duff, the member for Lunenburg, was the only other speaker besides Mr. King. Mr. Duff took up the cudgels against the minister of marine, with reference to Mr. Ballantyne's return to the charges previously made against him in connection with the business transactions with the sugar refineries and paint concerns.

McNEAL FREED OF MURDER CHARGE

Dramatic Scenes in Court When Jury Acquits Accused of Killing Thorold Girl-Babe—McNeal "Cries Like a Child"—Being Held for Deportation.

Welland, Ont., Oct. 22.—(By Canadian Press)—After three hours' deliberation tonight the jury acquitted David McNeal of the murder of four-year-old Margaret Boucock of Thorold, on July 13 last.

Foreman Neff, McNeal was embraced by his wife and her mother, Mrs. Henevel, who came from Los Angeles, Cal., to comfort her daughter through the trial.

He declared that there was absolutely no evidence that murder had been committed or any evidence to connect prisoner with the disappearance of the child.

He asked the jury to acquit McNeal. Two witnesses were put on the witness stand for the defence. McNeal himself did not go.

Undoubtedly the most significant statement made during the afternoon came from Charles Parker, a watchman, employed by the Thorold family, who had some evidence. As McNeal walked

Resignations of White, Acland and Dillon Announced, Following Series of Cabinet Council Meetings—Privy Council's Judgment as to Extent of Federal Authority Will Be Awaited—Commissioners' Action Natural Result of Reversal of Sugar Order.

Ottawa, Oct. 22.—(By Canadian Press)—The board of commerce is no more. Announcement was made from the prime minister's office tonight that the members of the board had tendered their resignations to the government and that no appointment to the vacant positions would now be made.

The announcement from the prime minister's office followed a series of meetings of the cabinet council, which were held today, the last of them convening at 5.30 this afternoon and lasting for a couple of hours.

The statement issued tonight says that when a decision is given by the judicial committee of the privy council as to the extent of the federal authority in relation to the board of commerce act, "it will be for the government to consider what should then be done."

Not a Surprise. Premier Meighen's statement does not occasion much surprise in the capital, as it was felt here, following the resignations of the members of the board, that the government would be obliged to reverse the board's order with regard to the maximum price of 21 cents per pound for sugar.

The three commissioners who have now resigned are Captain William White, who was formerly secretary of the board, and who was appointed a commissioner on the resignations of the original commissioners; F. A. Acland, deputy minister of labor, and Major G. A. Dillon, purchasing agent for the department of justice. The formal announcement of Captain White's appointment as chief commissioner of the board of commerce is gazetted in this week's Canada Gazette, published tomorrow.

A Temporary Measure. The appointment of the three gentlemen who have now tendered their resignations was stated to be a temporary measure, following the resignations of Judge H. A. Robson of Winnipeg, the first chairman; W. F. O'Connor, K.C., and James Murdoch, Labor representative on the board. Mr. Murdoch's letter of resignation, written to Premier Borden, was the subject of much discussion just prior to the ending of the last session of parliament.

The right of the board to issue orders, placing certain restraints on the export of Canadian products, was challenged in connection with the export of pulp and paper.

Board's Jurisdiction. In regard to this the prime minister's statement tonight says: "The jurisdiction of the board will shortly come before the judicial committee of the privy council for final determination. The Dominion government has been pressing to have this case heard with the least possible delay, it as the provisions gave a right to be heard, it has not yet been possible to have the exact date of the hearing decided on."

When a decision is given as to the extent of the federal authority in relation to the board of commerce act, it will be for the government to consider what should then be done."

WINDSOR COURT OFFICIAL FACES BIG THEFT CHARGE

Windsor, Oct. 22.—Norman Warlow, assistant police court clerk is held by the local police in connection with the disappearance of sums of money, variously estimated from \$4,000 to \$7,000. The money lay in the police chief's safe. No further information is available in the case. Chief Willis refusing to comment.

IS ALLEGED INSANE

Hamilton, Oct. 22.—Gerald Naught, 286 East Barton street, was arrested last night by Constable Roughhead on a charge of insanity. He will be examined today, being removed to Barton street jail in the meantime.

TO CHANGE STAFF AT KINGSTON JAIL

Stated, Because of Breaking Rules, Most Guards to Be Replaced.

Kingston, Ont., Oct. 22.—(Special.)—A special correspondent of The Whig in Ottawa made the following report on conditions at the Portsmouth Penitentiary today: Following an exhaustive investigation into conditions at the penitentiary, the department of justice is arranging, according to information coming from a reliable source, to make wholesale changes in the staff of the institution. It is stated that more than 75 per cent. of the guards who have resided in Kingston and Portsmouth for years will be retired in a short time, and their places will be taken by much younger men. The investigation has brought out the fact that the rules and regulations of the penitentiary, and even the penitentiary act, have been violated by guards who have held the confidence of their superiors for years. It is known that a number of strong cases have been prepared, and the Kingston magistrate will be kept busy.

Conclusive Evidence.
The charges will range from accepting bribes to trafficking in tobacco and drugs. At least one dozen cases have been completed and the evidence unearthed is most conclusive. It is known that some guards have received sums of money for "assisting" convicts in their desire to secure contrabands of divers kinds. The trafficking has been very profitable to guards. Your correspondent learns that on two occasions relatives of convicts who were sent from this district have been successful in having placed in the hands of prisoners money, tobacco, matches, etc. For this kind of "service" the guards' bank account was increased \$50 weekly. The department of justice will inaugurate a new guard system.

Say Report Exaggerated.
It was officially stated that the report of a strike and disturbance which followed was very much exaggerated in the despatches sent from Kingston. The facts are as follows: Three guards were removed from the tailor shop and a few of the prisoners protested, refusing to work. This "strike" spread rapidly, but not more than 50 men rebelled.

COTTON MILL EMPLOYEES ACCEPT WAGE REDUCTION

Fall River, Mass., Oct. 22.—Wage reductions were announced in the Andover and Erco Cotton Mills today, in line with the decrease of 20 per cent. in the cost of the Massachusetts Mills accepted yesterday. In each case the mill managements say the employees have agreed to the new schedule rather than face a shutdown.

Will Cut Wages.
Worcester, Mass., Oct. 22.—The George E. Duffy Manufacturing Co., manufacturers of medium grade woolen overcoatings and cloaks, posted a notice in its mills today that beginning next Monday, wages will be reduced 15 per cent. The number affected is 185.

SPANIARDS LOST HEAVILY IN FIGHT IN MOROCCO

London, Oct. 22.—A fight at Tafsh, Spanish Morocco, on Oct. 18, between tribesmen under Raisuli and Spaniards advancing on Shebsuan from the west, in which the Spaniards suffered very heavily, is reported in a Tangier despatch to The London Times. The Times calls attention to the fact that Lieutenant-General Berenguer, high commissioner to Spanish Morocco, reportedly occupied Shebsuan on Oct. 14, two days prior to the above action.

NORTH GERMANY FACING METAL WORKERS' STRIKE

Berlin, Oct. 22.—The metal workers of Berlin and north Germany are organizing a strike for higher wages. The electricians are considering a sympathetic strike.

24-Hour Strike Ordered In All French Seaports

Havre, Oct. 22.—Officials of the Seamen's Federations of Havre and Marseilles have ordered a 24-hour strike in all ports of France, to begin at noon tomorrow. This action was taken as a protest against the findings of the naval court, which tonight condemned several men who had mutinied on the steamer Menes recently to penalties varying from three days to one year in prison.

Seeking to Dispossess the Duke of Wellington's Tenant

Granada, Spain, Oct. 22.—Much interest has been excited by the first action for dispossessing a tenant farmer from the Duke of Wellington's estate, which opened in the courts here today. Upon the suit depends the result of several hundred eviction orders in consequence of the refusal of farmers to pay the increased rents demanded by the duke's steward, who is maintaining a stubborn attitude. The farms in question have been occupied by tenants whose families have held them since the Napoleonic wars.

MINISTER'S DAUGHTER HURT.

Wingham, Ont., Oct. 22.—Margaret, the little daughter of Rev. E. F. Armstrong, Methodist minister of Wingham, was struck by an auto this evening and sustained a fractured hip. She was playing in front of her home and darted across the street, not seeing the approaching car.

ESSEX INSPECTOR CROSSES SPRACKLIN

Declares He Will Retire If the Latter's Squad Is Retained.

Windsor, Oct. 22.—M. N. Mousseau, license inspector for Essex county, has notified the board of license commissioners that if the special agents now working under Rev. J. O. Spracklin are retained in service he will quit. The board has decided that charges recently made against Mr. Spracklin and his agents are groundless. Mr. Mousseau's statement made, it is said, over the long distant telephone, is a sequel to this.

Claims Negation.
Mr. Mousseau declared that the way the special agents have been working completely negates his own official efforts which have resulted in substantial captures of contraband liquor and numerous convictions of bootleggers. It is charged by William Furlong that a public investigation of the charges against Rev. J. O. L. Spracklin and his agent Hall, is required. Mr. Furlong voices complaints made by local lawyers who have drawn up affidavits making charges of bribery and corruption. These have been put before the attorney-general.

Some Charge Intrusion.
Charges against Spracklin and his men consist largely of accusations that innocent people in autos are chased and sometimes fired upon, and that when no liquor is found in the cars speeding is charged against them. Further, it is declared that the sanctity of the home is totally disregarded by the Spracklin agents. Hotel rooms have been invaded, it is said, and roomers, subjected to needless intrusion repeatedly.

DAILY NEWSPAPER OFFICERS ELECTED

P. D. Ross, Ottawa, President—Tribute to Former Manager, J. M. Imrie.

The Canadian Daily Newspaper Association at its first annual meeting held in Toronto yesterday, elected officers and board of directors as follows: President P. D. Ross, Ottawa Journal; vice-president, J. Burd, Vancouver Evening News; treasurer, Geo. E. Scroggie, Toronto Mail and Empire. Directors: H. V. McKinnon, St. John Standard; Fred Pearson, Halifax Chronicle; L. J. Parry, La Presse, Montreal; G. Pelletier, Le Devoir, Montreal; Lord Atholstan, Montreal Star; V. E. Merrill, Sherbrooke Record; T. H. Preston, Brantford Express; J. B. Alderson, Toronto Star; H. A. Graybill, Border Cities Star, Windsor; W. B. Burgoine, St. Catharines Standard; John M. Imrie, Hamilton Times; E. H. Macklin, Manitoba Free Press; Burford Hooker, Regina Leader; J. H. Woods, Calgary Herald; Ben. Chas. Nicholas, Victoria Times.

Resolutions were passed expressing hearty appreciation of the special services rendered during the year by Mr. R. Jennings, Edmonton Journal, as president, and by P. D. Ross, Ottawa Journal, as chairman of the paper committee. In view of the retirement of the general manager, John M. Imrie, president and general manager of the Hamilton Morning Times, a resolution was passed expressing deep appreciation of ability and untiring energy and industry displayed by Mr. Imrie during the ten years of his service for the newspapers of Canada collectively, and good wishes for his success in his new undertaking.

GOOD ROADS MEN SEE WENTWORTH WAYS

Hamilton, Oct. 22.—Members of the executive of the Ontario Good Roads Association yesterday inspected the roads in Wentworth County, after which they were guests at the International Bowling Match and banquet in the evening. It was found that the road building operations already carried out are most satisfactory, and plans for further work were considered.

PLASTERERS REFER DISPUTE TO INDUSTRIAL COUNCIL

Hamilton, Oct. 22.—In an effort to arrive at an amicable settlement of the dispute between master plasterers and journeymen lathers it has been decided to refer the whole matter to the industrial council. Both parties are of the opinion that this will result in a better and more speedy settlement of their differences.

TORONTO TEACHERS INSPECT SCHOOLS

Come to Hamilton Two Hundred Strong—Attend Model and Normal Schools.

Hamilton, Oct. 22.—Two hundred members of the Toronto Teachers' Association visited Hamilton and made an inspection of several schools for the purpose of securing ideas of teaching methods used in this city. In the morning they attended the model school and at noon were entertained at luncheon by the women of Zion Church. The afternoon session was held at the normal school, when reports of the trip of the teachers to northern Ontario was submitted. Addresses were delivered by F. F. MacPherson, principal of Hamilton Normal School; W. H. Harwood, principal of Keele Street School, Toronto, and Inspector Armstrong, of Toronto.

TO HAMPER EXPORT OF COAL FROM U. S.

Central Federated Union Urges Wilson to Declare an Embargo.

New York, Oct. 22.—The Central Federated Union tonight planned aid for striking British miners thru hampering of coal exportation at this port, and passed resolutions asking government control of mines in the United States and a return of war-time distribution methods. In the resolutions, which characterized the coal situation as "desperate and deplorable," President Wilson is urged to place an embargo on coal exports and order discontinuance of the supplying of ships with more coal than is sufficient to enable them to return to home ports. Copies of the resolutions were sent to the leader of the British strikers and to Samuel Gompers, president of the American Federation of Labor. Members of the Longshoremen's Union announced they would urge their fellow workers to carry out the Federated Union's plans by refusing to load coal cargoes. They said their plan was to load only such coal as necessary for the needs of the various vessels. Other trade unions represented in the federation were asked to adopt a "stand-by" policy in support of the British strike, it was announced.

DEPRECATE SLIGHTS ON LABOR LEADERS

Independent Party Meeting Also Denies Story of Split.

Hamilton, Oct. 22.—Members of the Independent Labor Party passed resolutions deprecating the slights against elected representatives which have appeared in the press and also the rumored split in the party. Considerable discussion took place regarding the failure to have fair wage clauses inserted in the contracts for the work on the bridges in connection with the new provincial highway. It was found that the slights of the press and the slights of the labor unions had been neglectful and an effort will be made to arrange a conference with Hon. F. C. Biggs, minister of public works, to arrange the master and to see that all future contracts provide for fair wage clauses.

CIVIC HOUSING SCHEME OPPOSED BY JOHN TOPE

Hamilton, Oct. 22.—Alderman John Tope has expressed opposition to the city entering the housing scheme, he feeling that the citizens in general would not benefit and that the proposed housing scheme could not be operated by the city without a loss or to the advantage of a lessor. He will make an effort to have the aldermen present at the conference of the board of control, housing commission, Labor Party and chamber of commerce representatives, to be held on Monday in an effort to reach some definite solution of the present shortage of houses.

Extra Special Value Here in MEN'S ENGLISH-MADE CAMBRIC SHIRTS \$2.45

We bought these shirts in England early in the year! When our representative saw them they had just come from the benches, and the manufacturer quoted a price on a quantity—unlaundered and unboxed. The idea was novel, and it was good, because the price of laundering and boxing proved such a big item that the difference was most pronounced. The shirts arrived just the other day—ironed smooth, packed in neat bundles, and we find that the material and the finish are equal to that which men only expect in shirts at a good deal more than \$2.45. They are made of printed cambrics of fine, close weave, in hairline stripes of several clustered effects, in black and mauve. They are coat style shirts with roomy bodies and sleeves and soft double cuffs. Sizes 14 to 17, and sleeves of various lengths. Each, \$2.45.

- WARMER COMBINATIONS, \$1.98.
Men's Cotton Merino Combinations are in light natural shade, and have French neck, closed crotch and ribbed cuffs and ankles. Sizes 34 to 44. Special value at \$1.98.
 - SWEATER COATS AT \$5.75.
Men's Sweater Coats of cotton, with small percentage of wool, are knitted in heavy jumbo stitch, with shawl collar and closely ribbed cuffs. In plain shades of maroon, grey or myrtle green. Sizes 38 to 42. Each, \$5.75.
 - WORK SHIRTS AT \$2.00.
Men's English-made Oxford Shirts, with lay-down collar, pocket, yoke and button cuffs. In blue and white or grey and white cluster stripes. Sizes 14 to 18. Each, \$2.00.
 - SUSPENDERS AT \$1.00.
Men's Suspenders, in cord-and-or cross-back style, medium weights of "Eze," "President" and "Senator" brands; also in "police" style are suspenders of extra heavy twill webbing, with cast-off leather ends. Pair, \$1.00.

Suits of Navy Blue All-Wool Cheviot Serge, \$31.75

THE event commands the attention of college and high school chaps and business youths who realize how much added confidence is to be gained from the wearing of a suit of longers. Not only is there a saving of dollars afforded, but the material is a sturdy cheviot-finished blue serge that's a decided favorite because of its rare durability and its dressy appearance. These are EATON-made suits—distinctive models in one-button, single and double-breasted styles, with peaked or notched lapels and regular flap pockets—some with additional small ticket pocket. Vests are cut medium high and the trousers are straight, with five pockets, belt loops and cuff bottoms. There are sizes 32 to 38, but we'd recommend that you be here early in the day, because suits like these should clear quickly at such a price as \$31.75.

And a Special for Men and Young Men— All-Wool Blue Serge Suits at \$39.75

This is one of these very rare occasions when men and young men can buy a suit of fine, all-wool blue serge at less than the normal figure. Many of these are EATON-made suits, but a number come from the benches of some of our most reliable tailoring shops. The material is a firm, serviceable blue serge of smooth or cheviot finish. For men there are semi-fitted and more conservative two and three-button suits, for young men are single and double-breasted models, with one and two or three buttons, fitted and semi-fitted. Some have sewn belt at back, and there's choice of regular flap and slash pockets. Vests are of fashionable height, and trousers are made with tunnel belt loops, five pockets and plain or cuff bottoms. Sizes 34 to 44 in the group, but not in each style. Clearing today at \$39.75.

VATICAN'S INCOME SWELLED FROM U. S.

Knights of Columbus Asked to Raise Donation of Million Dollars.

Rome, Oct. 22.—As a result of the war, the chief sources of the Vatican's income, represented by Bavaria, Austria, Belgium and France, became so impoverished that Pope Benedict was obliged to appeal to Spain, Latin America and the United States, declares The Giornale d'Italia in an article under the caption of: "America the Papacy's hope." A newspaper adds that when Monsignor Bonaventura Cerretti, under secretary of state at the Vatican, sent to the United States to attend the golden jubilee of Cardinal Gibbons, a report was circulated that he had gone with the object of negotiating a loan of \$1,000,000 for the Holy See. In reality, however, his object was to collect \$1,000,000 from the United States Catholics.

Monsignor Cerretti, the newspaper declares, appealed to the Knights of Columbus, an organization having nearly 1,000,000 members and which could easily raise the fund required. The delegation of the knights which

recently came to Rome is said to have offered Pope Benedict \$250,000, promising the remainder, which, perhaps, might even exceed \$1,000,000. "Besides," says the journal, "the knights gave the Pope to understand that if grave troubles should arise in Italy he could find protection and hospitality in the United States. After Rome was occupied by Italian troops in 1870, a French vessel awaited the orders of Pope Pius for a year at Civita Vecchia, and the Knights said that in the event of a new crisis, a United States ship would take a similar position."

FLOUR IN MINNEAPOLIS DROPS DOLLAR A BARREL

Minneapolis, Minn., Oct. 22.—Reflecting the break in the wheat market yesterday, flour dropped as much as \$1 a barrel at the local mills today. At the largest mill, the price for family patents was reduced to \$11 from \$12 a barrel, while at another mill a decline of 25c was effected, its quotation being \$10.35 a barrel.

Italian Socialists Hear Of Military Coup d'Etat

Florence, Oct. 22.—The directorate of the socialist party, at the continuation today of its meeting here, heard a statement from Deputy Morgari, who declared he had learned in Rome that a military coup d'etat was being organized to be sprung Nov. 4, the anniversary of the Italian victory on the Piave in 1918. Deputy Morgari asserted this conspiracy was to be led by former Minister of War Bardino, Gabriel d'Annunzio, Admiral Millo and General Garibaldi, and that it aimed at the establishment of a military dictatorship.

WANT SUSPENSION OF RATE INCREASES

Council of Agriculture Calls on Government to Hold Up Higher Freight Costs.

Winnipeg, Oct. 22.—At this morning's meeting of the Canadian Council of Agriculture, a resolution was adopted asking the federal government for immediate suspension of all freight rate increases until a final decision is made by the board of railway commissioners and requested early reconsideration of the whole question. The council went on record also as being opposed to any decision being given by the board of railway commissioners with regard to express rates until the matter of freight rates had been dealt with. Considerable discussion took place among the members of the council with respect to co-operative marketing, but so far, no definite policy has been outlined.

REPORT C.D.-37 SAFE.

Halifax, Oct. 22.—A special cable from London to The Evening Echo states that the C.D.-37, one of the small fleet of trawlers and drifters, which left Halifax on October 1, for the north of Scotland, via the Azores, and which was thought to have foundered in mid-Atlantic, has arrived safely at Queenstown, Ireland.

OTTAWA ALLOWS EXPORT OF POWER

(Continued From Page 1).
The liquids and fluids act, but again they met with refusal. Sir George Foster declining to take such action. His reason for declining, when he had the power, is enshrouded in mystery. At present the United States is getting more than its share of the waters of Niagara than is Canada, so that it could not be on the grounds that had feeling would result if the power exportation were prohibited that Sir George Foster acted.

Another instance of the Hydro Commission's effort to secure power, the proposition to R. J. Fleming was made that the Hydro would furnish his company with sufficient power so that it could use its full equipment and thus develop more power than it was at present doing if the company in return would supply this extra power to the commission. Mr. Fleming, however, also turned this proposition down for engineering and other reasons, he said. If Mr. Fleming had accepted the commission's offer it would have meant that Ontario users could have been furnished with an additional 25,000 horse power. Premier Drury has now been appealed to in connection with this proposal, and the result of his action is awaited.

Chickens Home to Roost.
The shortage of power furnishes a good instance of chickens coming home to roost. The department of railways and canals have written the provincial commission complaining that they are seriously suffering from the lack of power which if not renewed will mean that hundreds of men will be thrown out of employment. The answer they received was that their own government had it in their power to remedy

the trouble by prohibiting the Toronto Power Company from exporting 14,000 horse power to Buffalo, and they were also asked to use their influence to this end. Meanwhile, the provincial commission are not relaxing their efforts to relieve the shortage which has occurred thru no fault of theirs.

CENTENARIAN PLEADS HIS OWN CASE IN COURT

Ottawa, Oct. 22.—Pleading his own case, Joseph Beland, said to be 104 years of age, put up what is probably a world's record in the Bryson police court yesterday. Mr. Beland had a civil case in connection with a property deal involving a matter of \$200 or \$300. An adjournment of the case was asked, but Mr. Beland strenuously objected and stated that he had a job to go to the following day and could not lose the time. The court reserved decision.

AN ECONOMIC AGREEMENT BY BELGIUM AND BRAZIL

Brussels, Oct. 22.—An economic agreement has been signed by Brazil and Belgium, according to the newspaper Independence Belge. It provides that the two countries shall open reciprocal credits of about 250,000,000 francs for the purchase of the products of each other. With a view to avoiding fluctuations in exchange, there will be no settlement for at least two years.

SWEDISH CABINET RESIGNS
Stockholm, Oct. 22.—The cabinet, headed by Premier Hjalmar Branting, the socialist leader, resigned today. The Branting cabinet was formed on March 10 last, and was reorganized July 1. It succeeded the ministry, headed by Premier Eden.

POLAND MUST DEAL HENCEFORTH WITH LEAGUE

Paris, Oct. 22.—Settlement of the Vilna incident has been turned over to the league of nations entirely and France will make no further reply to the Polish note sent jointly to France and Great Britain, the French foreign office announced today. The league of nations already had the matter in hand and Leon Bourgeois, the French representative in the council of the league, is awaiting a report from the league's commission sent to Survald, but the last Polish note expressing surprise that France had taken its attitude without receiving a full report on the incident was sent direct by the Warsaw government to the Quai d'Orsay.

SOVIET WILL CONTRACT FOR GERMAN LOCOMOTIVES

Berlin, Oct. 21.—The Chemnitz Zeitung says it learns from Essen that the Russian soviet government is about to conclude a contract with a German syndicate for locomotives to an amount aggregating 600,000,000 gold marks, the payment of which is to be guaranteed by two foreign banks. The newspaper adds that the contract originally was offered British firms, but their prices were exorbitant.

LEAGUE DISCUSSES DISARMAMENT

Also Considers Organization of an International Court.

Brussels, Oct. 22.—The organization of an international court of justice, and the subject of general disarmament were the main topics under discussion today by the members of the council of the league of nations, in session here. The views of the members were exchanged in strictly private consultations. Even the confidential secretaries were excluded from the sessions. The members are hopeful of overcoming some of the difficulties regarding these two questions before completing their general report to be submitted to the assembly of the league at its meeting in Geneva.

The project for the international court has provoked criticism from Scandinavian countries. Norway and Denmark appear to have joined hands in support of certain amendments to the court plan, as well as of amendments to the covenant of the league, which they will present at Geneva. Holland, with Switzerland, and possibly some of the South American countries, is believed in league circles to have joined these nations in a combination of neutrals to oppose the neutral conception to that of the former belligerents.

Murmuring never remedied an ill. Real pity always finds time to do its duty.

TO DARKEN HAIR APPLY SAGE TEA

Look Young! Bring Back Its
Natural Color, Gloss and
Attractiveness.

Common garden sage brewed into a heavy tea with sulphur added, will turn gray, streaked and faded hair beautifully dark and luxuriant. Just a few applications will prove a revelation if your hair is fading, streaked or gray. Mixing the Sage Tea and Sulphur recipe at home, though is troublesome. An easier way is to get a bottle of Wyeth's Sage and Sulphur Compound at any drug store all ready for use. This is the old-time recipe improved by the addition of other ingredients. While wispy, gray, faded hair is not sinful, we all desire to retain our youthful appearance and attractiveness. By darkening your hair with Wyeth's Sage and Sulphur Compound, no one can tell, because it does it so naturally, so evenly. You just dampen a sponge or soft brush with it and draw this through your hair, taking one small strand at a time; by morning all gray hairs have disappeared, and after another application of two, your hair becomes beautifully dark, glossy, soft and luxuriant.

GUELPH WELCOMES TORONTO TEACHERS

Over Two Hundred Visit Ontario Agricultural College.

Guelph, Oct. 22.—(Special.)—Mr. J. M. Taylor, chairman of the Guelph Mothers' Allowance Board, received word today from Hon. Walter Rollo, minister of labor for Ontario, that J. M. McKay, vice-president of the Independent Labor Party of this city, had been added to the personnel of the local mothers' allowance board.

The announcement is made that Mr. Alex. Callender, his four sons and Mr. Nelson of Georgetown, have leased for a term of five years, with the option of purchasing outright, the Callender Foundry and Manufacturing Co. of this city, which has been operated in connection with the Loudon Machinery Co. for some time.

Two hundred and twenty-seven school teachers from Toronto school district No. 1 visited Guelph today. The party arrived by special train this morning, and remained in the city all day, returning to Toronto at 6 o'clock. The principal Young of the Guelph public schools, who along with the members of the board of education and civic officials, welcomed the visitors. After a motor trip around the city where the leaders of the Y.W.C.A. at lunch and made a trip to the O.A.C., where they were received by President Reynolds, who conducted them through the various departments. Brief addresses were delivered by Prof. Toole and members of the faculty on what is being done to make the Guelph college the greatest agricultural seat of learning in the world.

GIRLS PLAY BASEBALL.

The West Toronto Y.W.C.A. Girls' Industrial Baseball League, represented by the Gutta Percha team, will play the girls of the Patterson Candy Co., winners in the Central League, for the Y.W.C.A. championship cup, the game to be played at 2:30 p.m. today at Oakmount Park.

The Gutta Percha girls were winners last Saturday in the final games in West Toronto, when they defeated the Canadian Kodak team in two games, winning a silver cup donated by Guinness Limited. The presentation of the trophies will be the occasion of a celebration on a future date.

HIGGINS ENDORSED.

G.A.E.F., Flinders Post, No. 20, held an exceptionally large meeting last evening in Moose Hall, Dundas street west. A note of endorsement was given J. Higgins in the Northeast Toronto contest. Comrade Higgins is a member of this branch. Comrades Peters, Shook, McNellis and Gaskin were appointed a committee to arrange an entertainment program for the winter. President Peters was in the chair.

VICTORIA STATE WET BY A HUGE MAJORITY

Melbourne, Australia, Oct. 22.—The voting on the question of prohibition in the State of Victoria resulted in only two districts voting dry. One hundred and thirty-two districts voted in favor of the continuance of the existing limited license system, while 67 voted in favor of a reduction in the number of licenses.

STORY OFFICIALLY DENIED.

London, Oct. 22.—Official denial was given this evening to the statement in a Moscow wireless despatch received Thursday night, that Great Britain had requested from the Georgian government a lease of Batum for a long term of years.

SPEEDWELL PATIENTS WILL COME TO TORONTO

Guelph, Ont., Oct. 22.—(Special.)—Monday, Nov. 8, has been named as the date for the removal of the patients at the Speedwell Military Hospital to the new Orthopaedic Hospital at Toronto. Instructions to this effect were received by Lt.-Col. E. G. Shannon, assistant director, J.S.G.H., this afternoon, and arrangements are now being made for the transportation of the men to Toronto. There will be about twenty-five of them to be moved, the majority of whom are walking patients. In addition, all twelve nurses will be transferred to Toronto, as well as nearly all members of the staff.

FIRE SQUELCHED IN LUMSDEN BUILDING

A Careless Smoker Might Have Caused Serious Damage—Other Minor Fires.

What might have been a serious fire broke out in the Lumsden building, northeast corner of Adelaide and Yonge streets, at noon yesterday. The prompt arrival of an effective work of the firemen, however, prevented the damage from being severe, it being only \$50.

The fire was caused by someone throwing a cigarette butt out of a window on one of the top floors, which landed on an awning on the fourth floor, setting it on fire.

The damage was distributed among the following firms: Ontario Motor League, Canadian Steel and Brass Co., and Manson and Co.

MRS. GEORGE SPOTTON DIES VERY SUDDENLY

URGE REAPPOINTMENT OF THE WHEAT BOARD

Winnipeg, Oct. 22.—On the ground that the discontinuance of the Canadian wheat board has resulted in the depression of prices, the Canadian Council of Agriculture tonight decided to urge the Dominion government immediately to reappoint the board for the marketing of the balance of the 1920 wheat crop.

MEAT SALES FORBIDDEN BY ITALIAN GOVERNMENT

Rome, Oct. 22.—Because of the difficulty in purchasing frozen meat, due to the high exchange rate, and because the government wishes to keep up the national supply of cattle, the sale of meat again has been prohibited from Wednesday afternoon until Saturday morning. The threat is made that if the consumption of meat does not show a decrease, the authorities will be obliged to adopt meat cards. Bread, sugar, oil and macaroni are still procured by card.

BAPTISTS HOLDING BIG CONVENTION

Annual Meeting for Ontario and Quebec in Progress at Brantford.

Brantford, Ont., Oct. 22.—(Special.)—Preliminary to the 32nd annual meeting of the Baptist convention of Ontario and Quebec, a statement of the progress of the convention was made here this afternoon, led by President Rev. John MacNeil of Waterloo.

The replacement of the "Unconscious Influence," was given by Prof. H. S. Carr, president of the convention, emphasizing the importance of personality.

Seven hundred present. This evening the convention proper opened, with registrations of about seven hundred delegates from Fort William to Quebec City.

COX READY TO ACCEPT HELPFUL RESERVATIONS

Newark, N.J., Oct. 22.—During his one-day campaign in New Jersey today, Governor Cox, Democratic presidential nominee, in half a dozen speeches, declared that he would accept "helpful" reservations to the league covenant. He assured his audience that his election would be "a positive mandate" for United States membership in the league.

NO BUTTER EXPORTS; MERCHANTS WORRY

Montreal, Oct. 22.—The export of butter is now practically non-existent and wholesale merchants here are exercised over the position. Canadian producers are warning that if it can be consumed, it is claimed, and she must export the balance. Some butter has been exported to European countries, it appears, but the big customer for butter is Great Britain, and the price set by the British government is considerably too low for merchants here unless they are willing to take a heavy loss.

FINDS THE GERMANS AGAINST KAISERISM

Kitchener Man Back From Europe Says Militarism Abandoned.

Kitchener, Ont., Oct. 22.—(Special.)—Kaiserism and militarism are abandoned dreams in Germany, according to a statement made here today by C. H. Voss, a local citizen, who has just returned home after spending several months on a tour of the former empire. He declared the populace are set against the return of the coup by votes can accomplish. Mr. Voss predicted that by the first of the year political parties representative of conservative and radical policies will be in power. He declared there is absolutely no chance of Germany turning over to the Bolsheviks.

A City of 40,000 People!

If all our telephone buildings were brought together in one place, and to them were added the homes of all our employees, the result would be a city of 40,000 or 50,000 people.

As a matter of fact, the employees of the Company, with their families and dependents, number considerably over 40,000.

This large body of workers can reasonably claim to be among the more active, progressive and necessary elements in the life of the community. If, every time you used the telephone, you could see all those who make it possible for you to talk over the wire, you would realize how earnest and painstaking telephone workers are.

They have keen personal interest in keeping the quality of the telephone service up to the highest possible standard. You, as a telephone subscriber, rarely come directly into contact with the telephone employees. They serve you in an intimate though unseen way, and the product of their labor is very necessary to your welfare.

Through the medium of this advertisement, they ask you to co-operate with them in their efforts to keep the service up to the standard they are always striving to maintain.

SUGAR PRICE TO BE CUT TWO CENTS IN MONTREAL

Montreal, Oct. 22.—Sugar was today quoted here by the refiners at 18 1/2 cents net, but it is expected that effective tomorrow or very shortly, announcement will be made of a cut by two cents to about 16 1/2 cents net. Sugar brokers here say they are preparing for this cut.

SECOND CHAMBER DIET ADOPTED BY POLAND

Warsaw, Oct. 22.—Commotion, which lasted for more than an hour, followed adoption by the diet today, by a majority of six votes, of the clause of the constitution providing for a two-chamber parliament. Left wing socialists and peasant and labor members rapped upon their desks and sang revolutionary songs as a protest against the action. Finally the speaker reached a stage that the speaker was compelled to adjourn the sitting.

BE WELL

I am a woman who helps women to be well. Tell women how to be free of headaches, backaches, nervous spells, crying spells, tired, listless feeling, constipation, freckles, and I will send you postpaid, ten days' free trial treatment, with names of people in Canada who owe their present health and strength to my treatment.

FAVOR MEMORIAL HOSPITAL.

Brookville, Oct. 22.—Perth war veterans are in favor of the erection of a hospital in that town as a war memorial. It is proposed to purchase the residence of the late J. G. Hargart, for conversion into a hospital.

CANADIAN CLUB SPEAKER.

Fletcher S. Brookman will address the Canadian Club on Monday next on "The Mastery of the Pacific." He is a well-known authority on eastern questions and his talk should be of exceptional interest.

OPPOSE ACCESSORIES FOR COMMERCE SCHOOL

Board of Control Will Not Agree to Gymnasium and Swimming Pool—Sanction Grant for East End Technical School—Recommend Grant for Navy League—Lawyer-Soldier as Assistant City Solicitor.

The board of control yesterday, in response to requests from the school board, recommended grants of \$200,000 for the building of a new technical school in the east end, and the necessary sum for the building of an addition to the High School of Commerce on Shaw street.

A deputation from the trustees would not give up the school board's plan for the building of a gymnasium and swimming pool, which the \$250,000 plan included. The board yesterday supported the mayor in this stand and decided that if the school trustees would not give up the school board's plan, the city would not contribute more than \$175,000 for the school of Commerce and \$200,000 for the new tech. building.

Opposed by Commissioner.

A deputation from the board of trade presented the case to the board of education yesterday. Mayor Church said the whole application was irregular; the time for such requisitions was when the estimates were being considered. A letter was then read from Finance Commissioner Ross giving a list of the obligations to be met by the city in the next twelve months and recommending that no further grants to the board of education be made at the present time.

Edmund Gunn said he appreciated the financial difficulties and said the deputation would be prepared to leave out the pool and gymnasium if the balance of the appropriation were passed. The board accepted this compromise.

The mayor submitted a motion which the board approved, calling upon the school board to submit to the board of control before November 25 an estimate of capital expenditure required for sites and buildings in 1931 so that the estimates could be submitted to the council on January 1.

Grant for Navy League.

A grant of \$15,000 to the Navy League was recommended by the board and the matter will come before council on Monday next.

A large deputation from the Navy League, headed by Dr. Cody and Thomas Roden, waited on the board and asked for \$25,000, which was the size of last year's grant.

In presenting the case Dr. Cody said the purpose of the grant was to enable the fund to enlarge the endowment fund for widows and children of sailors of the company would mean an increase of from 20 to over 100 per cent.

DRAWING ON YOUR RESERVE STRENGTH

This Is What Thousands of People Throat the Country Are Doing.

Thousands of Canadian housewives are working from day to day on their nerves. They are daily drawing more and more on their reserve strength, knowing full well that they are using up that vital force which often means life or death in the crisis of disease. They are the victims of a feeling of hopeless exhaustion after the performance of even the small tasks which was once the simplest and easiest parts of the day's work. They find the appetite falling, sleep is disturbed and unrefreshing; they lose weight, and always feel tired and depressed. In this condition a blood-building tonic is needed to restore health and activity, and for this purpose Dr. Williams' Pink Pills are unsurpassed. Often the trouble will have progressed to a point which makes full recovery slow, but the treatment should be persisted in and renewed health and activity will be the result.

The case of Mrs. W. Schooley, R. R. No. 2, Tinsburg, Ont., well illustrates the value of Dr. Williams' Pink Pills in cases of health breakdown, through weak, watery blood. Mrs. Schooley says: "For upwards of five years I felt my strength declining, until at last I could not do light chores around the place. Then a doctor was called in, and after doing nothing about a month he said that only an operation would help me. I did not feel like going through this, and decided that in any event I would wait a while. I had no appetite, often had headaches accompanied by dizzy spells, and my legs would swell, and I could not even sweep a floor without resting several times. Again a doctor was called in and he said the trouble was general debility and nervous breakdown. The treatment, however, did not help me, and then one evening as my husband was reading the paper, he came across a case in many respects similar to mine, cured through the use of Dr. Williams' Pink Pills. The next day he got me a supply of the Pills, and to my continued faithful use for several months, I owe my present splendid health. I may say that soon after beginning the use of the pills I felt a gradual improvement in my condition, my appetite improved, I began to feel rested after a night's sleep and I gained in weight. My friends were continually expressing surprise at my improved condition, as it was generally believed I had become a chronic invalid. I always take a delight in telling them that Dr. Williams' Pink Pills are responsible for my present good health, and as they have been a real blessing to me I shall always continue to praise them."

If you are suffering from any condition due to poor, watery blood, or weak nerves, begin taking Dr. Williams' Pink Pills now, and note how your strength and health will improve. You can get these pills through any dealer in medicine, or they will be sent by mail, post paid, at 50 cents a box, or six boxes for \$2.50 by The Dr. Williams Medicine Co., Brockville, Ont.

the merchant marine who lost their lives in that war, to \$200,000, to maintain the sailors' institutes and for educational purposes.

Controller Maguire said it would have to be understood that in making a grant, the city would not be undertaking the payment of pensions to these widows and orphans because they were the work of the government.

The board then held a private conference with the finance commissioner and decided to grant \$15,000 instead of \$25,000.

Assistant City Solicitor.

The board approved the recommendation of City Solicitor Johnston that J. A. R. Mason, young lawyer, and a soldier, be appointed an assistant city solicitor at a salary of \$2,100 and that H. H. Johnstone of the department be promoted from a salary of \$2,100 to \$2,400.

It was decided to accept deposits of \$50,000 from tenders on the construction of the live stock arena. Controller Ramsden said he believed the arena would be a botch if the heating system was not installed at the time of building, but no action was taken.

The board approved the sub-division plans of the old General Hospital site on Gerrard street submitted by Frank Poucher of the National Trust Company. This company has been engaged by the hospital trust to dispose of the property and they have opened two 60-foot streets thru the block. It will be disposed of as residential lots with the exception of the Gerrard frontage, which will be business property.

The board was notified that the board of railway commissioners would hold a sitting in Toronto on November 5 to hear evidence in connection with the application of the Bell Telephone Company for power to increase its rates.

A letter was read from Property Commissioner Chisholm, pointing out the necessity of enforcing a rule against smoking in the city hall because of the fire risk and the board gave the commissioner power to act.

PHONE INCREASES REACH HIGH FIGURE

Answers to Questions Sent Out by Canadian Manufacturers' Association.

Answers to the questionnaires sent out to members of the Canadian Manufacturers' Association in regard to telephone rates show that the proposed increased rates applied for by the company would mean an increase of from 20 to over 100 per cent. One result gives the following figures: With five trunk lines and 20 extensions, there are 30,000 outgoing calls per annum. The present cost is given at \$708, and the proposed rates mean an additional \$1,049.30. From a Hamilton firm comes the statement of six trunk lines and 20 extensions, costing \$523.30 per annum, and new changes being worked out at \$1,238.28. An individual line in the city in six days had 86 outgoing calls, the cost being worked out at \$177.32 per annum, or over \$120 increase for one single business telephone.

Another firm with three trunk lines and 15 extension lines gives present cost \$572 and increased cost \$671.25.

CUSTOMS APPRAISER LEAVES LARGE ESTATE

The National Trust Company has granted administration with the undated will annexed of James Ryan, appraiser at the customs house, who died Aug. 25, leaving \$800 in household goods and personal effects, \$13,450 in war bonds, \$3093 in the bank, \$2308 due from the civil servants' pension fund, and his home at 180 Close avenue, valued at \$5000.

Mr. Ryan bequeathed his solitary shirt stud and gold watch and chain to Richard Roe, and the rest of the property for the maintenance of his daughters, Pauline Goodchild and Mary Fingean, and each of the daughters to receive \$1000 at her father's death. Any of the property left on the death of the daughters is to go to Mrs. Fingean, a grand-daughter of the testator.

The will also provides that if Grace Goodchild complies with certain requests of her grandfather she is to share equally in the residue.

NO LEGAL BARRIER TO HIGGINS AS CANDIDATE

R. C. Vaughan, assistant to the president of the Canadian Northern Railway, D. B. Hanna, stated to the press yesterday afternoon that there was no law which could stop James Higgins from running for the constituency of Northeast Toronto if he chose to do so. However, there was undoubtedly a regulation of the company, providing for the dismissal of those employees who actively engaged in political work. This was a matter which concerned Mr. Higgins, only in a private way, and, in any case, there was no reason to worry until the election was over.

RAISE LARGE SUM FOR ACCIDENT PREVENTION

At the luncheon of the Ontario Safety League yesterday Sir John Gibson presided and H. McDonald, chairman of the finance committee, presented a statement showing that the league had raised \$57,092 during the past six years.

Mr. McDonald stated that for the present year, \$20,828 has been contributed for the reduction of danger throughout the province and that what the committee had to consider now was the raising of \$10,000 to carry on the work until February next.

TALK ON TOPICAL THEOSOPHY PHASES

Dr. Lily Heber of Christiania, Norway, a theosophist of note in Europe, and also a prominent member of the World Brotherhood Federation, addressed West Toronto Theosophical Society at 254 Lisgar street last night upon the many topical phases of theosophy and its relation to the work of the brotherhood. She had visited the principal centres of Europe, and had found the World Brotherhood Federation one of the finest grace of brotherhood. Hence her interest in the brotherhood.

Dr. Heber is a graduate of Christiania University and has attended several other notable colleges, gaining her Ph.D. some three years ago.

UNION BANK ASKS ASSESSMENT CUT

Legal Firm Gets Reduction on Account of the Number of Children.

The Union Bank appealed to the court of revision yesterday against the business assessment of \$15,000 on three rooms in the bank building at the southeast corner of King and Bay streets, which are used as rest rooms for the ladies, and at third as a lavatory. No objection was registered to the realty assessment of \$26,000. Mr. Nixon of the assessment department said it made no difference to the department what use was made of the rooms, but the court reserved decision.

The legal firm of Donald, Mason, White & Foulds demanded and received a \$2000 reduction of their income assessment on showing that the four members of the firm have ten children between them, and the law allows exemption of \$200 for each child.

The court of revision is not always guided by the revenue of a business property in fixing an assessment. An improved property might earn 12 per cent, while an unimproved property might earn only 2 per cent, yet the potential value would be the same in both cases. The point came up yesterday, when an appeal was taken against the assessment of \$33,000 on the building at the northeast corner of Church and Colborne streets, owned by the Beard estate. The net income was said to be \$4000. Judgment was reserved until a special study had been made of values in this vicinity.

C. J. Townsend succeeded in having his business assessment cut from \$12,500 to \$1250 on the plea that most of his business was in the retailing of antiques.

A cutter for a King street tailor asked for a cut of his income tax, on the ground that his income had dropped off \$20 a week in the last six months. The application was granted.

MANY NEW VOTERS IN NORTHEAST TORONTO

Over five hundred applications from Ward Two to have names added to the voters' lists in Northeast Toronto came before Judge Morson yesterday. All were granted with the exception of a few lists, which were laid over until the agents who secured the names could file affidavits that the appellants had a right to vote.

Major Kipper for whom J. M. Broudy appeared, was the only candidate represented. Twenty-five appellants who had not made written application appeared before G. O. Alcorn, K.C., and had their names added to the list.

Seek Information for New Municipal Hospital

Dr. Hastings, M.H.O., who, in company with Dr. Samuel Shiffman, Hertz and H. Rowland of the health department, has been inspecting hospitals in the States and gathering information for the new municipal hospital when planning a return to the city last evening.

The other members of the party will return today. They visited Detroit, Cincinnati, Washington and Boston, and the results of their visit will be embodied in a report to council.

TORONTO WATER RATES

In order to secure the 10 per cent. discount, water takers are reminded to pay their water rates forthwith. After Monday, Nov. 1, no discount can be allowed. Water rates may be paid at the city hall or at the west branch city building, 902 Keele street. It is strongly urged, in order to avoid crowding and delay, that payment be made at once, and not deferred until the last few days of the collection. Receipts for water rates forwarded by mail will be returned to the sender as speedily as possible, but stamped and addressed envelopes, each bill as prepared shows the net amount payable. War stamps must be affixed to all cheques.

FOR HEROIC POLICE.

The Toronto Police Veterans' Association are preparing a brass tablet to be inscribed with the names of those who were killed in the war, and those who served overseas. The tablet is to be placed on the second floor of the city hall.

WANT OPENING FOR STREET EXTENSION

Gap Required Between College and Grenville—To Purchase Properties.

Mayor Church has written to Assessment Commissioner Forman suggesting that immediate attention be given to the matter of opening a gap between College and Grenville streets in line with the Teraulay street extension, which has been approved by council. As soon as the Teraulay street expropriation bylaw is passed, the commissioner will have to resort to arbitration to fix the price for all the land needed for the extension and widening.

Both Mayor Church and Controller Ramsden have been active in bringing the Teraulay street proposition along in order to secure, as soon as possible, a new avenue for motor traffic between the business district and Bloor street, and thereby relieve the congestion on Yonge street.

The purchase by the city of the following properties will provide the needed opening: 56 College street, estate of Margaret Browning; 58 College street, estate of Charlotte Rodden; 60 and 62 College street, estate of M. A. Ryerson; 55 Grenville street, Alfred Brown; 59 Grenville street, W. A. Cameron; 61 Grenville street, Mrs. L. H. Adlard.

Mr. Forman in a letter to the board of control expresses the opinion that arbitration will have to be resorted to in order to secure these properties.

Anglican House of Bishops To Issue Church Union Note

Winnipeg, Oct. 22.—Outlining what course the Church of England will take in pursuance of the Lambeth conference reunion appeal, a statement will be issued shortly by the house of bishops. It was announced here this morning, the declaration will be drawn up by a committee and issued to other denominations.

GUILTY OF RECEIVING.

After three days' trial the sessions jury yesterday found Samuel Shiffman guilty of receiving tickets for the Toronto-Hamilton trip on the C.P.R. He was charged with stealing and receiving, but the charge of stealing was dismissed. Judge Coatsworth reserved sentence until Monday, November 1.

PLANS PREPARED FOR PURE FOOD BUILDING

Plans have been prepared for a new pure food building to be erected at the Exhibition grounds, and these have been submitted to the directors of the C.N.E. The executive committee of the food manufacturers are prepared to enter into a contract to take all the space for ten years at a price that will cover interest, sinking fund and maintenance.

It is understood that the old art gallery and the dairy building may be pulled down to make room for the new buildings which would be quite similar to the transportation building.

STOCKMEN REGRET COLLEAGUE'S DEATH

J. A. Coughlin Was Well-Known Member of Toronto Commission House.

In like stock circles at the Union Yards yesterday, the greatest regret was expressed on the receipt of the news of the death of J. A. Coughlin, a well-known resident of the western part of the city, and a member of the firm of Corbett, Hall, Coughlin Company commission house.

Mr. Coughlin was on a business trip to Petrolia when he was seized with sudden illness while at his hotel, and later was removed to the hospital, where he lapsed into unconsciousness and passed away about 11 o'clock on Thursday night. He was a native of Centralia, Ont., and the body was yesterday removed to Ailsa Craig, from which place the funeral will take place on Monday morning.

The late Mr. Coughlin had been associated with the firm of Corbett, Hall, Coughlin Company about seven years, and was held in the highest esteem by his colleagues on the Toronto Live Stock Exchange, and business men generally throughout the province. He is survived by a widow and three children, together with a number of brothers.

Mr. Coughlin resided at 264 Davenport road this city, and was a member of the Roman Catholic Church.

DISCUSS PLANS FOR CAR LINE EXTENSIONS

Plans of carline extensions and improvements were discussed yesterday at the meeting of the Transportation Commission. The question of changing the gauge of the system to standard was also discussed, but no decision was reached. The staff of the commission will move into their new offices in the Ryrie building next week.

AGAIN OBJECT TO MONUMENT WORKS

Merton Street Question Before Board of Control—Council to Decide.

Ald. Beamish and ex-Ald. Ball again led a deputation to protest to the board of control yesterday against permitting the establishment of a monument works on the south side of Merton street, on the north side of Merton street, object on the ground that the pneumatic hammer used in the works would be detrimental to the nerves and health of the residents.

The district Mr. Ball pointed out, is in the residential area. Mayor Church and Controllers Gibbons and Ramsden expressed themselves as against permitting the works to be established there, and it was struck out of the report of the property committee.

It was intimated that the question would be brought before council on Monday for final decision.

A copy of a resolution passed by the House of Industry was received, urging that the attention of the Dominion government be called to the immigration of undesirable and asking that a thorough examination be carried out in future at the point of embarkation. The board approved the resolution.

Bacon Still 75c.

A citizen complained that he had been sold a pound of creamery butter at the market which had very apparent marks of having been worked over and loader of undesirable material. He also wrote that bacon was selling within a block of the city hall at 75c a pound, and a few feet away pies were bringing 75c each. The writer thought it was time someone was making a real effort to stamp out the profiteering.

Mayor Church said the bitter case looked to him like fraud, and he intended to have the police investigate. "Why not ask the premier to appoint a new board of commerce?" said Controller Ramsden.

Will Cancel Permit.

The board decided to recommend the cancellation of the permit issued to the York Radial Railway, to enlarge the station at Sunnyside to provide for a retirement hotel. The character of the structure is said to be inferior.

It was supposed that the booth was for the benefit of a soldier, but it is now alleged that the company is the proprietor.

PLANS IN CASE OF "FLU."

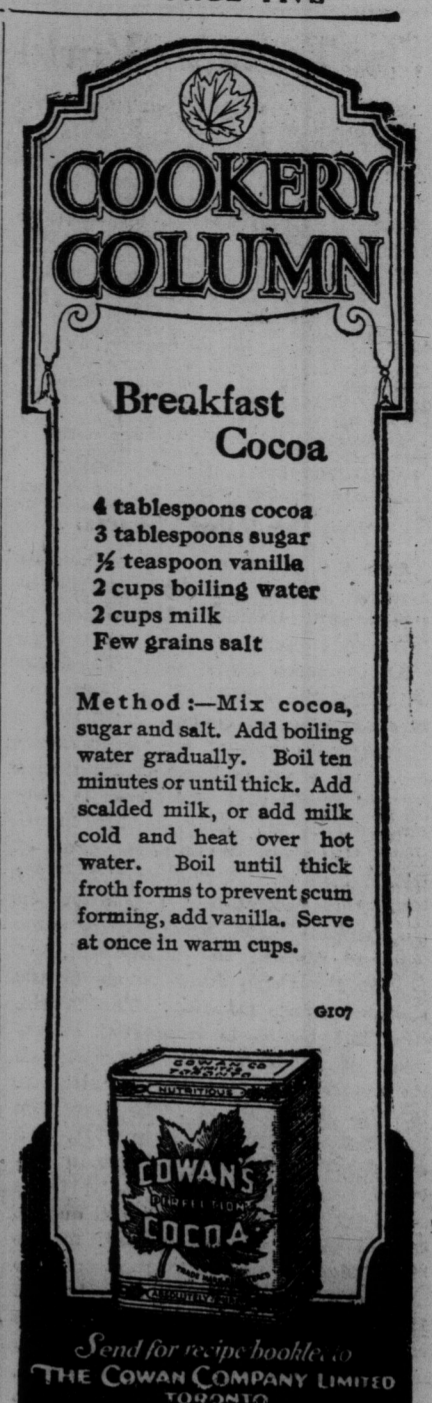

Dr. Hastings told The World last evening that ample plans had been made for caring for "flu" patients if a case should be a renewal of the outbreak this fall. He was told that the General Hospital had refused admittance to at least one "flu" case in the past week, and he expressed his doubt that the case was really influenza. "There were no cases on record when I went away," said the doctor.

JOHN MACDONALD OPERATED ON.

John Macdonald, president of John Macdonald & Co., wholesale dry goods, was successfully operated upon at Wellesley Hospital and is convalescing nicely.

LABOR MEMBERS TO MEET.

"No Par Value" Shares.

The Globe has not yet defined its position on the new American method of capitalization with shares of "no par value." Some years ago, with Sir Alan Aylesworth, the Globe said that the capital of any company was a matter of concern only to the shareholders and of no public interest. It has yet to come to the notice of the World that the Globe is convinced that the charters for incorporations given in Canada are of public interest. It might be well for the Globe to state its position on this capital issue, and at the same time to discuss the relationship of the no par value stock issues in the light of future taxation. The World, like the Globe, is interested in the price of paper, as are indirectly all its readers, as they in the ultimate have to bear the cost. The Brompton Paper Company formed in 1916, had an issued capital of \$7,000,000 in 70,000 shares of \$100 each. In 1917 the company earned 8.57 per cent on the capital and paid 5 per cent to the shareholders. Similar payments to shareholders were made in 1918 and 1919. On July 8 of this year the company's shares were trebled by making 210,000 shares, no par value, of which the shareholders were given two for one, and now a dividend at the rate of 7 per cent is being made on this created stock, or 14 per cent on the original issue, which undoubtedly contained much water as the promotion price was at less than \$50 for 100 shares.

The Globe editorially is sometimes at variance with its financial page, and its special Montreal correspondent evidently thinks that 14 per cent, and more on invested capital is not quite enough, and that another hoist in prices is justified, as per the following:

Market interest, which had gentled in the sugar situation on the previous day, was transferred to the pulp and paper situation today, to the disadvantage of the securities of that category in a price way. In the best-informed quarters there exists no apprehension as to the future prosperity of the industry, paper men stating that consumers in the United States face an almost certain rise in the price of both pulp products and newsprint, rather than lowering costs at the turn of the coming year.

In the same circles it is regarded that the publication of recent propaganda, directed to the end of lowering prices, if it has any effect at all, will be harmful to its originators alone, since the curtailing of output would most certainly result in still higher costs to consumers. The respective importations from Scandinavian countries or Germany causes little havoc in Canadian pulp and paper circles.

One would think the Globe would put in some kind of protest against this mad exploitation of the public by way of watered stocks, and against the threat to reduce paper production so as to sweat the newspapers further! No, not a word, the press men were in session in Toronto yesterday.

Also The Globe must know that the Ontario government is at its wits' end to get money to meet its debts and that its only to the province would be rather in telling the paper makers to keep their profits to meet increased stampage dues on their pulp leaves. And the bulk of the daily papers of Toronto and Montreal are doing similar work for the paper combine.

What is Mr. Raney and Mr. Drury going to do with the above situation?

Up to the U.F.O. to Bring Down Sugar Prices.

During the past two weeks there has been a good deal of marching and counter marching over the sugar embargo. The sugar refiners and the government have been firing many rounds of ammunition and on Wednesday last Field Marshal Huntly Drummond of the sugar army surrendered his sword to the prime minister. It was hailed as a great victory, and the people were ready to howl themselves hoarse with cries of exultation. Now it is beginning to dawn upon them that the guns were loaded with blank cartridges. When the consumer goes round to the corner grocery to buy his sugar he finds sugar is up as high as ever. It may be marked down here and there half a cent or a cent a pound, but broadly speaking, he only gets five pounds for a dollar where he used to get twenty.

True, he seemed to win at Ottawa the other day, "a famous victory." He got the embargo upon the importation of sugar removed and is now free in theory at least to buy a pound or two of sugar in Java or Porto Rico instead of going to the corner grocery.

As a matter of fact he can do nothing of the kind, and the retail grocer

is in no better position. He cannot import because he has not the capital and if he had the capital he would be afraid to run the risk of being placed upon the wholesalers' black list.

Every child knows how the sugar business has been carried on for years by the American sugar trust and its promising pupils the sugar refiners of Canada. The wholesalers must sell to the retailers upon terms and at prices fixed by the refiner. They cannot give credits and discounts as in ordinary lines. In practice the wholesale grocer sends a separate invoice for sugar to the retailer. The retailer knows that he must conform or he will find himself ruined some day by his inability to get any sugar at any price. The wholesaler grocer who are already under indictment for violating the anti-combines act work in harmony with the refiners, who are so powerful that no attorney-general has the courage to indict them for illegal combination.

If the wholesalers will not import, the retailers dare not, and the small consumers cannot, how is the strange hold of high prices to be broken? Where shall we find the Arnold Winkelried ready to throw himself upon the lance of these Austrian-like combiners and make a way that will lead from the producer to the consumer and bring sugar at reasonable prices to the people of Canada?

One concern that can do this is the great co-operative enterprise owned and directed by the United-Farmers of Ontario. The U.F.O. is strong enough to defy the sugar refiners, strong enough to make the wholesale grocer tremble. The U.F.O. store in the village swallows up competitors like a shark in a school of small fishes. The U.F.O. organization is big enough to ignore the wholesaler and make even the sugar refiner watch his step. The U.F.O. can bring sugar in here by the trainload and sell it to the consumer at a price far below the present level. Will the U.F.O. be courageous and patriotic enough to do so?

The U.F.O. has a double duty to perform. It is interested in finding a market for the fruit of the farmers and fruit growers of Ontario. The most bountiful fruit crop of years has been largely wasted because the high price of sugar made it almost impossible to preserve fruit either for the household or as a commercial enterprise. There are still left apples, grapes, and other fruits which might be put down if the housewives and canners of Ontario could buy their sugar at a reasonable price. The fruit-producers have a special claim upon the U.F.O., and there is also the claim upon them of their members who are all consumers of sugar and suffer under the burden of an artificial market and a hold-up price.

It is up to the U.F.O.!

Also up to The Globe, a paper anxious to get at the government without getting at the sugar refiners or the grocers' combine.

Premier Drury ought to be on the job. The women of Canada who are housewives are looking to Mr. Drury for relief.

The Drury Government Should Do Some Live Wire Advertising.

The Drury government is about to lease some timber limits. No doubt they want to dispose of them at the highest possible price, and the way to get that price is to properly advertise. Fortunes are being made out of pulp and paper, but that is a present-day development. Nearly every large fortune in Ontario was made out of timber limits. Until quite recent years there was scarcely a great estate in Canada that did not trace its origin back to the forest.

We all know this in a general way, but the government could give some figures that would make the man on the street open his eyes. Let the facts and figures be stated without exaggeration, but in display type that will strike the eye and in a style that will catch the attention of the reader. The forthcoming sale should be postponed, if necessary until the timber limits are advertised in a way to arrest the attention of likely investors.

In some of the timber and grazing leases and the sale of school lands under a former government at Ottawa the public accounts committee exposed the utility of advertising at a late date and in an inconspicuous way. Tenders were only received by men who already had big concessions from the government and were on the lookout for more. The general public had no idea what was going on. In some cases there may have been official corruption, but in most cases it was stodge bureaucracy and official drowsiness.

Let the Drury government wake up and advertise these timber limits in a way to excite public interest and in a way to interest the ordinary investor. If any business firm advertised in the same stodge way as an ordinary government they would soon find themselves on the street. Let Premier Drury be not too modest about blowing his own horn. He has a lot of juicy bargains to offer and he should get the top price.

CANADIAN WOOLS MOVING SLOWLY

Some Choice Lots Have Been Received From The Western Provinces.

Ottawa, Oct. 22.—The Dominion wool market report for the week ending October 21, is as follows:

The wool market remains nominal. Canadian wools are moving slowly. The grading of Saskatchewan, Northern Alberta and British Columbia wools has just been completed, and some sales have been made from these consignments, which comprise some very choice lots of wool. Prices for Canadian grades run from 18 cents to 46 cents a pound, depending on trade clips.

At the Sydney sales prices remained unchanged. Owing to drought, the quality of the Australian offerings is not up to expectations, and very little good quality wool has been offered to date. Boston prices have not reacted to Australian levels of the first two sales, and good territory staple wools are held at \$120 a pound, and \$130 a pound for the best.

The mills are still buying short, and orders placed are for the most part to complete orders or to begin orders on spring goods. Most interest still centres on fur wools, and designs are paying particular attention to the sale of small lots in the better grades. Carpet manufacturers continue to buy suitable wools for their purpose at low prices.

WESTERNERS HAVE FAITH IN NEW OIL FIELDS

Edmonton, Alta., Oct. 22.—Faith in the genuineness of the Fort Norman oil strike is evidenced by the fact that during the next week several parties will leave Edmonton for the new oil fields via dog team, to stake claims in advance of the other prospectors who will travel by the river route with the advent of spring.

Ottawa, Oct. 22.—Nearly \$1,600,000 represents the increase in the amount of loans to soldier-settlers made by the Soldier Settlement Board in the month of September. The total loans approved to Oct. 2 were \$78,285,752, and the number of settlers' loans 19,526. Loans were for the following purposes: To purchase land, \$42,631,094; to remove encumbrances, \$2,169,466; for permanent improvements, \$8,991,015; for stock and equipment, \$24,594,175. The total area represented by soldier grants is over 1,800,000 acres.

TIDEWATER ROUTE WARMLY SUPPORTED

(Continued From Page 1).

Grimes, Detroit manufacturer, declared a waterway was needed to put Detroit on a competitive basis with seaboard cities.

Plea of Middle West.

John A. Russell, vice-president of the Detroit board of commerce, presented the plea of the middle west of the United States for a tidewater route linking the great lakes with the Atlantic at the opening of the hearing on the proposed international joint commission here today. Mr. Russell declared the project was necessary fully to develop the middle western states.

Recalling that at hearings of the commission heretofore held in cities of Canada and the United States, representatives of the territories have dealt chiefly with the productivity of the various areas and their ability to furnish export tonnage that would warrant a deep waterway from the great lakes to the sea, Mr. Russell gave the commission statistics to show that the mid-western territory was making a case for a waterway capable also of assimilating a correlative import tonnage.

Industries of the states bordering the lakes, he said, were now almost entirely dependent upon rail transportation for importation of raw materials. Without injury to the roads, he believed, vessels operating out of difficulty would return to this region of between 2,000,000 and 4,000,000 tons annually—a tonnage traffic to the average one-way annual Panama canal.

Principal Imports Affected.

Among the principal imports that could be expected to move over the waterway, Mr. Russell said, were sugar beets for the forty or more refineries of Michigan, Wisconsin, Iowa, Minnesota and Illinois, which are now idle nine months of the year; hides which now come from the Argentine, South Africa, Australia and the west to the thirty-five tanneries in Michigan; pulpwood for the paper mills in Michigan and Wisconsin; woods for the furniture industry of Michigan, which come principally from Yucatan and Mexico; and the materials used in the manufacture of accessory supplies for the automobile industry.

Mr. Russell also mentioned porcelain, great quantities of which are used in the manufacture of sanitary pottery and spark plugs in Ohio. The basis of this material, he said, was imported principally from England.

The western part of the United States, Mr. Russell told the commission, was not developed at the prospect of the waterway, developing great industrial centres in Canada, with which industries of the United States would have to compete. A development of Canada, he held, would in the end benefit business on the south of the border by building up a great market at their doors.

The meetings here will continue thru next Monday.

On Monday two of the commissioners will conduct a hearing in Grand Rapids at which shippers and others in western Michigan will testify. A score of Michigan cities are represented at the Detroit hearing.

FOUR SUDBURY BANDITS GO TO PENITENTIARY

Sudbury, Ont., Oct. 22.—Leonard A. Clark, Thomas Logan, Leonard Lloyd and Gordon Gilroy, four bandits who have been terrorizing the district for the outlying parts of the district for the past month, were sentenced to three years each in Kingston penitentiary by Magistrate Brodie, on three separate charges of robbery with violence. The sentences will run concurrently. The four men were armed and held up a number of settlers, on one occasion forcing an autoist to leave his car and making a getaway in it. They were captured by Provincial Constable Grassick at Thor Lake, some 50 miles back in the bush.

SAY BRITISH EXPORTERS MUST READJUST MONEY

Montreal, Oct. 22.—W. S. Weldon, collector of customs here, said today that until the British exporters start making out their invoices so as to recognize that their paper money is not worth the same as the pound sterling, as is being done in other countries, duty will be payable on the par value of \$4.86 instead of the exchange value of \$3.86. He advised Canadian importers not to leave their shipments in bond, as was being done, but to pay the full duty and obtain refund from the British exporters.

Woodstock, Ont., Oct. 22.—(Special).—One of the outstanding features of the realty market at the present time here is the growing demand for Oxford farms, particularly from outside sources. Farm land throughout the Woodstock district is selling readily at \$100 an acre and up. A number of local farms have been sold the last month, the price paid being \$10,000 for 100 acres, while one 140-acre farm sold for a fraction over \$14,000, and several 200-acre farms are being held for \$25,000.

"Not me! You'll see in a day or two, Mr. Dobb, who's makin' the mistake. If I'm wrong I'll eat humble pie, but I'm not eatin' any now, thank you. I came to you meanin' to do a good turn to all parties."

"Restrain yourself please," broke in the solicitor, speaking with cold dignity. "What kind of 'good turn' is it that takes up bygone troubles and spreads scandalous gossip?"

"You've missed my point entirely, Mr. Dobb," protested Walker. "I thought that you, being a friend of the Garths, could drop a quiet hint to Miss Meg not to talk about her dead-and-gone father as the he might arrive here by the next train—"

"But it is not all. If it were, your attitude would be understandable, even praiseworthy. What you are saying indirectly is that Mr. Stephen Garth is alive, and that some unknown person lies in Bellerby churchyard."

Thus cornered, Walker floundered badly.

"I'm not able to argue with you, sir, and that's the truth," he said. "Neither do I want to be drawn into a squabble of this sort. Of course, I know nothing of an second marriage; but even if I did, Miss Meg isn't a little girl, who might have forgotten her real father. Look here! I stick to my notion, and that's the long and the short of it. There's a mystery at Elmdale, and it's bound to come out no matter what difference of opinion there may be between you and me."

A parlormaid entered with a telegram.

"Excuse me one moment," said Mr. Dobb; "that is, unless you wish to go!" he added.

Walker was constrained to put on a bold front before the servant.

"I can wait another couple of minutes," he said off-handedly. The lawyer smiled; but for his own purposes, he did not wish to quarrel outright with his visitor. He opened the buff envelope, and read, and not even the experience of a lifetime served to mask the incredulous dismay which leaped to his face.

"For the message ran: 'Have reason to believe that a gentleman passing under the name of Robert Armthwaite is in or near Nuttombury. Kindly make guarded inquiries and wire result—Sigmatic.'"

Now, "Sigmatic" was the code address of a department of the India office in which Mr. Dobb's eldest son held a responsible position. That phrase, "passing under the name of," suggested many possibilities to the legal mind. Moreover, the fact that a government department was interested, and that the ordinary official channel for investigation was not employed, gave him furiously to think in any case he had been saved from the exceeding unwisdom of treating James Walker too cavalierly.

"I'll just answer this, as the messenger is waiting," he said pleasantly.

MEIGHEN STARTS WEST EARLY THIS MORNING

Ottawa, Oct. 22.—(Canadian Press).—The prime minister leaves at 1.30 a.m. tomorrow for his speaking tour in the west. In his absence, Sir George Foster will act as prime minister until Sir George himself leaves on November 3 for Geneva, where he will attend the first meeting of the assembly of the league of nations. If Every Hydro User Cut Out One Lamp

—5,000 horse-power would be saved each day in Toronto to relieve the power shortage.

The season when Power Shortage is likely to be experienced has now arrived and the co-operation of all Hydro users is earnestly requested in the endeavor to reduce general inconvenience to a minimum. The following suggestions are made as general lines along which substantial economies can be effected without inconvenience and which will release power vitally needed.

- In the Home.**
- Cut out heaters and other current consuming devices at times of shortage. Switch off every lamp not actually needed. Use the most efficient type of lamps procurable, and discard blackened or old-fashioned lamps which waste current and give poor light.
- Commercial Lighting**
- Reduce display lighting to a minimum and cut out signs during hours of shortage. Use the most efficient type of lamps and switch off all not absolutely necessary.
- Power Users**
- Cut out every possible idle machine, or lamp, not actually required in use. See that the plant is operating under most efficient conditions.
- While it is impossible to predict with any certainty when shortage will be experienced during September and October, it occurs most frequently between 8 a.m. and 11 a.m., and 4 p.m. and 6.30 p.m., particularly on cold or dark days.

STREET CAR DELAYS

Friday, Oct. 22, 1920. Harbor cars, westbound, delayed 7 minutes, at 8.57 a.m., at Adelaide and York, by auto colliding with horse.

King cars, both ways, delayed 6 minutes, at 8.42 a.m., at G.T.R. crossing, by train.

King cars, both ways, delayed 10 minutes, at 10.18 a.m., at Chelsea and Dundas, by girder being put into building.

King cars, both ways, delayed 6 minutes, at 8.42 a.m., at G.T.R. crossing, by train.

King cars, both ways, delayed 5 minutes, at 9.28 a.m., at Shaftsbury and Yonge, by horse down on track.

Bathurst cars, both ways, delayed 7 minutes, at 9.04 p.m., at Front and John, by train.

A deputation was appointed to meet the board of control on Wednesday morning to petition for orders on Bloor street, from Runnymede road to Jane street.

There were twenty-five present, and the attendance seemed indicative of a strong winter's work. The new president, Mr. D'Arcy Hinds, outlined progressive work. Wallace T. Fisher, seven times secretary, told of the association using the means at one time alone of getting a reduced assessment of \$9,000 for Ward Seven; also of getting the first Bloor street car line started. It was claimed, too, that out of the efforts of Ward Seven had grown the Central Ratepayers' Association. Future meetings were set for the third Thursday of the month.

UNVEIL MEMORIAL TO U.T.S. HEROES

Impressive Scene in Convocation Hall—Sixty-Two Fell in War.

"They shall not grow old, as we that are left grow old; age shall not weary them, nor the years condemn; at the going down of the sun, and in the morning, we will remember them.

Thus did Sir Robert Falconer, in closing his address at convocation hall yesterday afternoon, commit to the everlasting heritage of the University of Toronto schools the memory of 62 fallen soldiers of the great war, students of the schools, who willingly left the unachieved purpose of their lives in order that the purposes of others might not go unachieved.

Very stirring and impressive were the services in honor of the dead and the returned lads of the University of Toronto schools, the soft, solemn music played by F. A. Moore on the organ; the slow, serene unweaving of the two large bronze tablets, which had been curtained by the flags of the empire, one at either end of the platform; the beautiful words of the hymns and prayers especially selected for the occasion, and last, but not least, that impressive martial air as pictured by a body of khaki-dressed boys with a sergeant-major, who came especially from Stanley Barracks to sound from the balcony, in true military fervor, "The Last Post" and "The Reveille."

It was as if the day had been especially blessed for the honoring of these most youthful sons of Toronto, who had responded and had given of their best to face the trials of the recent conflict. Sunshine had penetrated, had spread its brightest rays thru the glass dome above.

Fought Their Last Fight. Major G. A. Cline and Dr. O. C. J. Withrow, president of the University of Toronto School Association, unveiled the two bronze memorial tablets—one containing the names of the 62 "who have fought their last fight," the other the names of the 406 students who served. T. M. Porter, arm in an impressive quietude, with all in the hall standing heads half-bowed in respect, read slowly the full name of each of the fallen, as follows:

Joseph Russell Atkins, Frederick Henry Anderson, Gordon Henry Appleby, Cyril Ross Barber, Robert Follett Best, Edward Bergfeldt Booth, Bruce Buchanan, Bryan, Duncan Chisholm, Paul Brooks Clarke, George Hugh Cleal, Gordon Allan Cockburn, Melville Sealy Crawford, Herbert William Cumming, Ernest Ed Barncliffe Daniel, Oswald Gilbert Darling, Allan MacNab Denovan, George Macdonald Dick, Thomas Dewson Edmondson, Evelyn Hawthorn Fairclough, John Buchanan Franklin, Reginald Gibson, Theodore Linscott Glasgow, Ambrose Harold Goodman, Robert Gordon Hamilton, Thomas Leslie Harding, Carl Hastings Heberner, George Kilvert Holland, Cyril Thomas Houston, Aubrey Clive Hurst, Leslie Arthur Hyde, Gordon Budd Irving, Richard Goodlass Kirby, Basil Roy Lepper, Theodore Charles May, Eugene McGee, John Ferguson McLaren, Allan Ross McPherson, Sidney Mercer McWhinney, Frank Vivian Morton, William McClain Munro, Karl Neighorn, George Courlandt Noxon, Franklin Walter Ott, Gordon McKenzie Pearce, Paul Wengant Pettit, Howard Vincent Pickering, Edward Gurrian Ryckman, Laurie Scanlon Shields, Donavan Laurier Slesley, John Murray Skeaff, Cyril Kenneth Sloan, Harley Claneill Smith, Kenneth Ian Somerville, Wilfrid Burton Tait, Harry Valmond Walker, George Charles Warwick, Hugh Jarman Watson, Arthur Courtney Williams, Philip Edward Williams, Murray James Winchester, Frank Abbot Wood and Charles Eugene Woolledge.

"Being made perfect in a little while, they fulfilled long years, and being found well pleasing unto God, they were beloved of Him and were translated."

Judge Jean Harris Tells of Her Work in Dealing With Delinquents.

Something of the fine work being done in the women's court and in the court of domestic relations for the city of New York, was told to the Women's Club yesterday afternoon by Judge Jean Norris, who was the first woman lawyer to work in the criminal courts of New York.

Judge Norris was one of two women who took their legal course in a class with 125 men. When it was learned that she intended to practice law by opening an office and getting to work like the men of the day, she was almost laughed at and there were few willing to let her have an office.

The business of the bureau may be judged from the fact that during the last year the sum of \$1,500,000 went thru the court for the district of Manhattan from delinquent husbands.

Judge Norris is on a month's vacation and is overwhelmed with invitations to speak in Ottawa, London, Galt and other cities. She has already spoken in Hamilton. When in Toronto four months ago, at the time of the convention of the Big Brothers and Big Sisters, she was invited to luncheon with members of the provincial cabinet, who were so interested in what she told them about the courts in which she works in New York, that the tour of Judge Coatsworth resulted.

TORONTO FANS DEEPLY INTERESTED IN TODAY'S RUGBY STRUGGLES

IMPORTANT GAMES FOR TORONTO RUGBY TEAMS

Varsity's Real Test Against McGill—Argos Can Cinch Big Four Title by Victory in Ottawa—The Teams.

The rugby games today are: Intercollegiate, Senior—McGill at Toronto—Varsity Stadium, 2:30 p.m. Intermediate—Western at Varsity II. Junior—O.A.C. at Varsity III. Big Four. Argonauts at Ottawa. Montreal at Hamilton. Ontario Union. Intermediate—Argonauts at Ardenburg. Excelsiors at Donia. Petrota at Sarnia. Dundas at Junior Tigers. Bellwoods at Broadview. Northviews at Parkdale. Little Big Four. Ebdley v. T. C. S.—Varsity Stadium, 10:30 a.m. St. Andrews at U.C.C. City League. Senior—Memoph at Capitalia. St. Aidans at Ossington. Junior—Ossington at Bellefair. Bellefair at College. Juvenile—Parkdale at St. Georges. Kenwood at Belmont. Midlet—Falcons at Arrow. Ravins at St. Michaels.

This is the day of days, footballically speaking, and it will be a world series crowd, only more so, which will scramble for seats at the historic Bloor street stadium, all eyes with eagerness to witness these old rivals on the gridiron—McGill and the University of Toronto—strive for intercollegiate rugby honors. It should be a battle of giants. The red and black fourteen, which carried all before them last year, are as confident as any team could be that they will emerge triumphant from the fray, while the blue and white stalwarts cannot conceive of the possibility of defeat.

Both teams have played Queens in Kingston and the results in each game were practically the same. Taking these games as a comparison there is little to choose between them. The respective coaches—Frank Shaugnessy and Laddie Cassels—are noncommittal, but it is no secret that which ever way it goes one or the other will be bitterly disappointed. "Shag" says that his combination is just as strong as it was last year, while "Laddie" is of the opinion that no faster or better team ever represented the U. of T. And there you are.

There will be twenty-five hundred strong-jungled students rooting for Varsity today and some eight or ten thousand more enthusiastic admirers of the team in attendance, and all in all it promises to be a big afternoon.

The teams will probably line up as follows: Varsity—Flying wing, Duncan; half backs, Mackenzie, Breen and Taylor; quarter back, Hobbs; scrumhalf, Houston, Weaver, Douglas; inside wings, Sturrett and Hyde; middle wings, Huestis and Westman; outside wings, Ralph and Finlay.

McGill—Flying wing, Anderson; half backs, Russell, Wilson, Cline and Finlay; quarter back, Wallace; scrumhalf, D. Ballie, Leperch, Parsons; inside wings, Notman, Lester; middle wings, Rose and Hay; outside wings, Nicholson and Parkins.

The game will be called at 2:30 with Hugh Gall, Toronto, and Lorne, Montreal, the officials.

Argos left for Ottawa at 11 o'clock last night confident that they can trounce the Rough Riders and cinch the Big Four title. Gloucester will be down, and as is able will start at flying wing. This would release Britton to replace Henderson at outside wing. Coach Mike Rodden will get into the fray if necessary. Garrett, Murphy and Push could not make the grade, but Everett Smith went down to sub for the halve line.

The scullers will likely line up as follows: Flying wing, Britton; half backs, Estone, Munro, O'Connor; quarter, Cochran; scrumhalf, Poisson, Bradford, Sinclair; inside wings, Sullivan, Hay; middle wings, Huestis, Romeril; outside wings, Knight and Henderson.

Excelsiors held a hard workout last night and are now in splendid condition to meet the Dons at Scarborough Beach this afternoon. While the Dons have been heralded as the champions of the district, last year's junior champs intend having a say as to who, and will be out this afternoon to start the ball rolling for somebody's team to land elsewhere than at the top. Messrs. Ebdley & Co. at the Beach will have to be on the alert to avoid catastrophe. Dons have been working every night this week and reports from their camp indicate that they are ready for their hardest game of the season, as they are not taking any chances on their opponents from the west end. The game is called for sharp at three o'clock.

Walker, the centre half for Hamilton Collegiate, certainly exemplifies the Hamilton style of rugby and will lose any of their regulars thru injuries they'll not have to travel far for a substitute for the big division. The Argos gets distance to his punts and takes plenty of time in getting rid of the ball, thus giving his outside wings opportunity to get within halving distance of the ball receivers.

Three bucks when within three yards of the old fellow's line is still in evidence. Both Hamilton and De La Salle tried this on Thursday, but were held in their tracks. What's the matter with trying a wide outside pass or even an inside kick after the first buck has failed to get results? Many a game has been tossed away in this manner.

Ossington A. C. Juniors and seniors had a snappy workout last night in preparation for today's games. The senior team sure will make St. Aidans step lively and

HANDS OFF, IS ORDER OF DAVID L. FULTZ

New York, Oct. 22.—President David L. Fultz, of the new international League, announced today that any attempt to include cities of the International circuit in the proposed twelve-club amalgamation of the National and American Leagues, would be opposed by his organization.

It is hardly conducive to a restoration of confidence in the honesty of baseball that a suggested attempt should be made to violate, not only a definite agreement to respect minor league territory, but to violate a tradition as long standing and as firmly grounded as the game itself," he said. "Without wishing in any way to enter into the major league controversy, we are forced to say that if either faction attempts to evade the territory, it will bring upon itself legal action."

President Fultz's statement was evoked by printed interviews with major league club owners intimating that clubs in cities such as Baltimore and Toronto would be available to complete a twelve-club league, composed of the present eight National League teams and the New York, Chicago and Boston clubs of the American League.

work hard in this afternoon's game. The teams play at Willowdale Park at 2 o'clock.

The junior team with heavy Morrison booting, and Shrimp Sare and Bellefair tomorrow at Kew Gardens. Both teams are sure winners in their respective divisions.

Tigers take on Montreal in Hamilton today. The Bengals should be the winners.

The teams will line up as follows: Tigers—Rover, McFarlane; half backs, Crocker, McKelvey, Phlayson; quarter, Burton; scrumhalf, Myers, Bolt, McLean; inside wings, Tuck, Vanackie; middle wings, Reid, Gatanby; outside wings, Moore, Henderson.

Montreal—Rover, Herscovitch; half backs, Barwick, Seath, Thompson; quarter, Murray; scrumhalf, Dillow, Dawson, Roberts; inside wings, Taylor, Klein; middle wings, Pottipary, Findlay; outside wings, Sharp, Glickman.

GIANTS UNLOAD TWO.

New York, Oct. 22.—The New York National League club announced tonight its release under option of Pitcher Reynolds Kelly and Infielder George Armstrong, to the St. Paul American Association club.

SOCCER NOTES

A great tussle is expected when Beavers and Parkdale "A" clash in the first round of the Sibley Cup at Exhibition Park at 4 o'clock sharp. Beavers will rely on Lyford, Haghurst, Landran, Bonnell, Cheevers, Brodie, Brodie, Brodie, Ford, Letcher, Spagnola, Hunt, Harpuro, West, Miller, Sanders.

Roden seniors will rely on the following against McMurrich, at Bayville Park, 3:30 sharp: Weil, F. Cane, Sewell, Brooks, Newworthy, Giesler, A. Cane, Bisland, Taylor, Hadden, Watts, Green, French and Metcalfe.

The juniors will play a friendly game with St. George's F.C. today. S.O.E. players meet at Sunnyside at 2:30 p.m. Game to be played at stop 4, Lake Shore road. Kick-off at 3 p.m.

Aston Rovers players please note that the first round Sibley Cup game with Linfield is called off. The Linfield Club has claimed the game on the grounds that no games should be called after 3 o'clock after the second week in October, and this game had been called for 4 o'clock. A decision in the matter will in all probability be given by the council on Tuesday evening next.

The following players of the S.O.E. senior soccer please take note that they meet Nelson's F.C. in Briden Cup first round at Ramsden Park, Yonge street, kick-off 4 p.m. today: Webb, Cook, Clark, Simpson, Watt, Robinson, J. Collins, Chas. Collins, Slavley, Gregory, Jones, Croft.

JONES GETS KAYO.

Saginaw, Mich., Oct. 22.—Capt. Bob Rogers of Chicago, claimant of the United States heavyweight title, knocked out Soldier Jones of Toronto, Canadian light heavyweight champion, in the eighth round of a scheduled ten-round bout here tonight.

Roper outgeneraled Jones and wore him down fighting. A right to the jaw put the Canadian out for the count after he had been down twice for the count of nine in the final.

BRITISH TANKER IN DISTRESS.

New York, Oct. 22.—The British tank steamship J. Oswald Boyd was reported in distress in the Gulf of Mexico, about 250 miles west of Key West, in a wireless message received by the U. S. naval communication service here tonight by way of New Orleans. The vessel is bound from Cuban ports for New Orleans.

COME ON, YOU VARSITY!

TIGHT RACE ORDER IN SCHOOL LEAGUE

Three Teams Practically Tied in Eastern Section—Friday Scores.

When Harbord defeated Riverdale seniors yesterday, it made the race in the eastern section of the High School League an interesting one. It landed Harbord on top, but by a very narrow margin. Harbord had a victory, no defects and one tie game in their three games. North Toronto, Riverdale and Technical have each won one and lost a game, and Jarvis is at the bottom with a defeat and a tie fixture.

Harbord defeated Riverdale, 11 to 8, yesterday in a nip-and-tuck struggle. Harbord's line showed great strength, and their punting told the story. Riverdale failed to give their backs proper protection. Smith and Vince, Riverdale backs, played a strong game. At half-time Harbord was leading, 3 to 2 at three-quarter time each team had eight points, and the finish was 11 to 8 for Harbord.

In a junior game, Harbord had the weight and a nicely-balanced team, and defeated Riverdale, 12 to 9. In the west, Oakwood, who look like the team to beat, had no trouble in their first game, North Toronto, winning five of their regulars from injuries received the week before, were downed, 32 to 6. McKenna, Oakwood's star back, was a great ground-gainer with zig-zag runs. Abbey kicked well; Dinmore at quarter used his head, and Cole tackled well. Davies and Cole, North Toronto backs, were good for the losers, and Maguire played a nice game at flying wing.

Commerce seniors took Humberdale into camp, 18 to 8. Chandler, a 15-year-old husky, who plays at middle wing, went over for tries, and Chandler also got one. Friday's scores:

Senior—Commerce.....32 N. Toronto.....8 Oakwood.....32 N. Riverdale.....8 Harbord.....11 Riverdale.....8 Junior—Oakwood.....12 North Toronto.....9 Harbord.....12 Riverdale.....8

PARKDALE VICTORIES ARE THROWN OUT

The O.R.F.U. held a meeting at Parkdale Canada Club last night and cleaned up a lot of business. A preliminary protest against Parkdale Juniors claiming that Gingsa was overage was sustained. The game won by Parkdale from Northview was thrown out, and to catch up Commerce.....32 N. Toronto.....8 Oakwood.....32 N. Riverdale.....8 Harbord.....11 Riverdale.....8 Junior—Oakwood.....12 North Toronto.....9 Harbord.....12 Riverdale.....8

Third Lanark v. Clyde.

Broadview grounds is the venue laid for what looks to be the star soccer attraction today, and judging from the calibre of the teams engaged, there is sure to be a large attendance. The first game commences at 2 o'clock p.m., and will bring All Scots and Street Railway together. This game should prove a hummer, as both teams have the reputation of being record breakers. The All Scots' combination have lowered the colors of several of the leading first division teams this season, while they gave the remaining "the scars of their lives." Street Railway have succeeded in defeating Toronto Scottish and only last week administered a defeat to a very strong Baracas team, a performance they feel confident of repeating today. Both teams will be strongly represented, and a good starting game is bound to result. In the second game Old Country will face Brampton, and while some may think these teams are unevenly matched, yet it must be borne in mind that while this is Brampton's first season in soccer, they have proved themselves a team to be reckoned with, and will travel today with a number of "rooters" determined to make Old Country go the full ninety minutes. If Brampton, as a soccer team, can display any of the dash characteristic of their lacrosse and hockey teams, then those who witness this game will not be disappointed.

Linfield "A" play Cedarvale in the second round Sibley Cup at Earl Grey School grounds, kick-off at 3 p.m. sharp. The following will be the team: J. Murray, Thompson, Townsend, Woodfine, Bradbury, Sheppard, Robertson, McAlpine, Nelson, Dudley, Scott, Reserves: Morris, Bendell, Whittaker, Pike, James.

Linfield players please note that there will be no game on Saturday on account of Aston Rovers not having the proper time for game.

The following players will represent British Imperials against Lancashires at

ALL WANT TO SAIL ON THE DELAWANA

Canadian Schooner Will Not Lack for a Crew in the Race.

Halifax, N.S., Oct. 22.—All the skippers in Lunenburg are anxious to sail on the Delawana of that port when she meets the Gloucester schooner Esperanto of Halifax harbor in a series of races commencing Oct. 30 for the speed supremacy of the two fishing fleets. As there are more than one hundred skippers in Lunenburg, the owners and captain of the Delawana have a difficult task in selecting the crew, and are not yet ready to announce their choice. The Delawana will go on the marine railway at Lunenburg tomorrow for cleaning and painting, the vessel's underbody will be sand-papered and then given a coat of green copper paint.

The Delawana will adhere to the old-fashioned rock ballast, used in the fishing fleets.

NO TWELVE CLUB LEAGUE NEXT YEAR, SAYS JOHNSON

Chicago, Oct. 22.—President Ben Johnson of the American League, today told newspaper reporters as he was leaving the grand jury chambers, that "there would be no twelve club league." Johnson refused to amplify his remark, reiterating previous promises that in a few days he would issue a formal statement concerning the action of the National League club owners and three American League clubs in going on record in favor of abolition of the national agreement of a "civilian tribunal."

HELD TILL TUESDAY.

London, Oct. 22.—(C.A.P.)—The members of the Marylebone Cricket Club team, which is to tour Australia, today left from Fremantle, West Australia, today and will be kept in quarantine until Tuesday next. The ship on which the team traveled, the Oatery, had a case of typhus on board, which made it doubtful yesterday if the cricket team would be allowed to land at all until the consequent quarantine delay had expired.

SINGLE G. PACES BEST OF CAREER

Claim the World's Record for Three Heats in Atlanta Feature.

Atlanta, Ga., Oct. 22.—Single G., a veteran of the Grand Circuit tracks, paced the best mile of his career here today, breaking according to track officials, the world's record for three heats, the season's record and the Lakewood track record for a single heat, making the three heats in 1:55, 2:00 and 2:00 1/2. The bay horse, entered and driven by Ed. Allen of Indianapolis, had everything in his favor in the free-for-all pace, in which he broke his own record, made at Lexington for best average time in three heats. There was only one other contestant, two horses being drawn, and Allen used Sanardo, piloted by Stokes, as a wind break for the first three-quarters of each heat and then let out his horse in the fourth quarter. He won the first heat in 1:55, the second in 2:00 and the third in 2:00 1/2. The 3 1/2 class pacing event for a \$2500 purse was a hard fought race. Peter Look, piloted by Cox, won in straight heats, two of them by a nose. Capito Mack and Symbol S. Forest fought hard for second place, which finally went to the former, which had come in fifth in the first heat.

The 2:10 trot went to Black Diamond, driven by Erwin, which took the first two heats, but lost the final to Hilda Fletcher, piloted by Cox. The 2:30 class trot was won by Lilly Watts, piloted by Russell. Summaries: Free-for-all pace, 3 heats, purse \$1900: Single G., b. h., by Anderson, 3 to 1; Wilkes (Allen) 1 1 1; Sanardo, b. g. (Stokes) 2 2 2; John Henry, b. g. (Cox) 3 3 3; Esther R., b. m. (Thomas) 4 4 4. Time 1:55, 2:00, 2:00 1/2.

2:10 class trot, 3 heats, purse \$1000: Black Diamond, b. h., by 2 to 1; Hilda Fletcher, b. m. (Cox) 1 1 2; Oscar Watts, b. g. (Hude) 3 3 1; Mary Belle, b. m. (Rogers) 4 4 3. Time 2:11 1/4, 2:11 1/4, 2:07 1/2.

2:11 class pace, 3 heats, purse \$500: Peter Look, b. s., by Peter the Great (Cox) 1 1 1; Captain Mack, b. h. (Palmer) 2 2 2; Symbol S. Forest, b. h. (Stokes) 3 3 3; Lecco Grattan, ch. h. (Thomas) 4 4 5; J. P. J., b. h. (Lancaster) 5 5 5. Time 2:04 1/2, 2:04 1/2, 2:07 1/2.

2:30 class trot, 3 heats, sweepstakes, \$400: Lilly Watts, b. m. (Russell) 1 1 1; John Fuller, b. h. (Gallagher) 2 2 2; May Simpson, b. g. (Armstrong) 3 3 3; Miss Roeste Fuller (Branch) 4 4 4. Time 2:17 1/2, 2:15 1/2, 2:16.

HORSEMEN ON STRIKE FOR BIGGER PURSES

Cincinnati, Ohio, Oct. 22.—A score or more members of the Thoroughbred Horse Association have signed an agreement not to race their horses at the fair ground track in New Orleans this coming winter if the Business Men's Association of that city persists in its refusal to increase the purse offerings for the meeting. The horsemen have been offered six \$800 purses and one purse of \$1,000 daily, and also three stake events with a total added value of \$1,000. The horsemen demanded six \$1,000 purses and a feature race of \$1,500 daily. Letters will be sent to all the other members of the Thoroughbred Horse Association, urging them to abide by the agreement.

SITTING TIGHT.
President McCaffery yesterday received a letter from John G. Heydler, president of the National League, asking for the Toronto Club's endorsement of the latter plan for the reorganization of baseball. In other words, the Toronto Club is asked to take sides with the proposed twelve-club circuit. But for the present Mr. McCaffery will sit tight and await comes out of the wreck, and in the end Toronto may drop into a major league franchise. But only time will tell whether this city will have International League ball again next season, or have a place in the proposed twelve-club league, or be with the San Johnson crowd in new American League.

PICK EASTERN TEAM.
Halifax, N. S., Oct. 22.—A convention of curriers is called for Thursday next in Toronto to select six curriers from the different Nova Scotia clubs affiliated with the branch of the Royal Canadian Curling Club, Scotland, to go on the all-Canadian team to visit Great Britain, under the auspices of the Empress of France on October 28.

INTERESTING RUN WITH THE HOUNDS

Stuart McFarlane Went Down at Fence—Not Seriously Injured.

A capital run was furnished by the Toronto Hunt on Tuesday, with Mrs. Douglas Young as acting master in the absence of Mr. Geo. Beardmore, M.F.H. The meet took place at Theophilite Farm, when the hounds ran thru the Maclean property to the Don Mills road to the first check. This was one of the longest runs between checks which the Toronto Hunt have had this season, and it was very much enjoyed, more especially by the hounds, which were quite a number of the "throw in" just east of J. Mills, the veterinary, and finally finished at York Mills, after one of the best short hunts this year.

Mr. Stuart McFarlane, after the commencement of the second run, met with a nasty accident when his mount, Gold-globe, bit the dust, at about the fourth fence. Mr. McFarlane landed on his head some distance away and unheatingly "took the count," so much so that the only thing he was certain about for some time afterwards was the violent twittering of innumerable birds and was quite upset because no one else apparently were enjoying the performance. After a while, however, he was able to rise home and is at present suffering from a rather nasty bruise on his cranium and a stiff neck.

A new follower of the hounds turned up yesterday in Miss Nancy Mathews on her recently purchased hunter, Prudence, both of whom went thru the hunt in splendid fashion. Amongst those in the saddle were: Mrs. Douglas Young on Mail Order, Miss M. Thompson on O.K., Miss D. Christie on Peter Gordon, Miss N. Mathews on Prudence, Sir Clifford Sifton on St. Julian, Mr. Gordon Taylor on Woodbine, Dr. C. Temple on Sunshine, Messrs. Davidson on Hairpinning, Alfred Brody on Glenagary, Stuart McFarlane on Goldglobe, Grant Fletcher on Beehive, Brian B. McCall on Rosy.

CHASE REAL FIXER IN WORLD SERIES CHAMPIONS

Chicago Grand Jury Returns True Bills Against Former Peerless First-Sacker, Abe Attell, Bill Burns and Chicago Players.

Chicago, Oct. 22.—The Cook County grand jury, investigating the baseball scandal, today voted true bills against Hal Chase, former major league player, expelled for alleged gambling; Abe Attell, former featherweight boxing champion, who is now in Montreal, and Bill Burns, ex-big league pitcher. The jury also again voted indictments against players accused of throwing games in the 1919 world's series. This was done to overcome legal technicalities believed to have been violated in voting the indictments previously. Announcement of the jury's action was made by the state attorney's office.

The names of Chase, Burns and Attell have been frequently mentioned in connection with the investigation. Attell and Burns were said to have been mentioned by witnesses as some of the "fixers" of the series. An official of the state attorney's office said that the indictments were voted after testimony had been given by the

ther, Geo. Harvey on Kildare, F. H. Little on Nimrod, A. Swan on Lady Nora, Blacks on All Aboard and Captain of Mr. Alfred Beardmore's stable. The hounds met today at 2:30 at the kennel, Eglington properties.

JUDGE LANDIS AGAIN NAMED AS LEADER
Chicago, Oct. 22.—Persistent reports that Judge K. M. Landis has been offered the chairmanship of the proposed new civilian baseball commission were denied today by Alfred Austrian, attorney

EX-CHAMPS GO DOWN BEFORE HARRY AND TED
Schenectady, N.Y., Oct. 22.—Harry Vardon and Ted Ray, the British professional golfers, defeated Jerome D. Travers of New York and S. Davison of Pittsburgh, both former national amateur champions, by one up in a 36-hole best ball match on the links of the Motawak Golf Club here today.

that Chase was the "real fixer" of the 1919 world series. Chase was said to have approached Attell asking him to place \$100,000 in bets, and also if he could raise money for the scheme. Attell is then said to have approached a New York gambler whose name has been given the jury. The official said.

The name of "Sport" Sullivan of Boston also was mentioned by witnesses, who told of Chase's activities in connection with the series. "Tidings," the state official said. Sullivan was approached by Chase and his clique for financial support, he said. Claude Williams, White Sox pitcher, in his confession of accepting a bribe to throw games, said he and other White Sox players were approached by men named "Sullivan" and "Brown," and the jury voted indictments against them, although it could not identify them further.

for the Chicago Nationals and Americans. Judge Landis' name is being considered, it is understood, but no decision will be reached until the eight National and three American League Club owners who have endorsed the reorganization scheme meet here Nov. 8. Attorney Austrian held a conference with the judge yesterday.

ESCAPED CONVICTS CAPTURED AT LAST

Rounded Up by Posse in the Woods, Surrender Without Resistance.

MAKING FOR CANADA

Men Tell Story of Their Escapes After Their Escape.

Warner, N. H., Oct. 22.—A man hunt on the heavily wooded northern foothills of Keegan Mountain ended today in the capture of George Silvers and Marcus Bassett, who escaped from Sing Sing prison at Ossining, N. Y. last Saturday night. The men, tired and hungry, were surprised eating apples under a tree by the roadside and surrendered without resistance. They readily admitted their identity, and tonight were on their way back to the prison in custody of Warden Lewis E. Lawes and three prison keepers. They said they had been making for Canada, but that the general alarm sent out after the escape headed them off.

The hunt started when the two men were seen to jump from a stolen automobile here yesterday and run into the woods. Sheriff George A. Wooster was notified and within a short time a posse of deputies and citizens was formed. Throughout yesterday and night and today, the posse was constantly augmented by residents of Warner and adjacent towns. Many brought rifles, shot guns or revolvers, while some of the farmers were armed with pitch forks, clubs and axes.

Once, early last evening, the men were seen at the edge of the woods. Shots promptly fired in their direction sent them scurrying back to shelter. A little while later they ventured out of the forest, unobserved in the darkness, and sought food at two farm houses. The occupants, thinking they were tramps, refused to give them anything to eat, and they dodged back into the woods.

Foodless and Sleepless.
For the rest of the night Silvers and Bassett kept out of sight. They admitted after their capture today that they had spent the night seeking an outlet of escape, but being unfamiliar with woodcraft they had wandered about in a circle and at daylight found themselves near where they had started. They had no sleep and no food.

Warden Lawes and his keepers, who had hurried here on receiving word that the men were cornered, joined Sheriff Wooster during the night. Daybreak, members of the posse were strung out along the borders of the woods for a distance of ten miles, and others were sent into the forest, where in systematic fashion they sent round after round of shots in every direction.

As it developed, afterwards, this method was successful in gradually forcing the fugitives toward the outer edge of the forest. They were not seen, however, until this afternoon.

Sheriff Wooster sent two men, Edwin L. Forsaith and Carl W. Rowe, to a point on the road near a house on Pory Hill. They had not been stationed there ten minutes before they caught sight of the two men lying under an apple tree close to the road, and munching apples. Creeping along a stone wall, Forsaith and Rowe got close to the men without being seen. Then they straightened up themselves without "reservations." And further, can you supply me with any reason in history, in the country of nations, in morals, or even in expediency, which could justify such a committee as your letter names in assuming either the competency or the inhumanity of the government of a friendly nation by formally and gratuitously undertaking to "investigate" allegations relating to its domestic affairs? Would the members of your Committee of One Hundred be willing to appear before a "commission of inquiry," sitting in London, and "chosen" by a self-appointed committee of one hundred Englishmen, "organized to investigate," let us say, the negro problem of the south, or any other matter which was exclusively the business of the United States?

Status of De Valera.
Your letter says: "A number of witnesses are coming over from Ireland, and both the British embassy at Washington and Mr. De Valera have given assurance that no impediment will be placed in the way of any who may desire to testify."
Am I to understand from this that your committee places the British embassy at Washington and Mr. De Valera in the same category as exercising authority de jure? If so, is it to be expected that a loyal British subject would appear before a committee according to Mr. De Valera's such recognition? May I also inquire, would your commission of inquiry consider the advisability of sitting in Dublin instead of in Washington? If the British government thru its embassy at Washington gives assurance "that no impediment will be placed in the way of any who may desire to testify," perhaps the same assurance could be secured respecting those who may wish to inquire. In such case, would Mr. De Valera guarantee the same freedom and security to witnesses in Ireland?

As one who has a profound respect and admiration for the great nation to which you belong, and a deep affection for many of her citizens by whose friendship I am honored, I confess to being jealous for American prestige among the nations; and it is with these sentiments in mind I have ventured to submit the foregoing questions for your consideration.

With respect to my own course, I have only to say, that until these questions are answered I hesitate to consent to appear before your commission, on the ground of the principle of a proverb contained in a certain ancient book of nations, which says, "He that passeth by, and meddeth with strife belonging not to him, is like one that taketh a dog by the ears."
Awaiting your reply, believe me to be, yours very sincerely, Thomas L. Shields.

Abandoned the Car.
On Wednesday morning their gasoline had given out and they obtained a small quantity at Carl Jewell's garage in Warner. When this was used up they abandoned the car and, seeing men approach, realized that they were being pursued and took to the woods.

By a singular coincidence, it was at Jewell's house that they first tried to obtain food last night. Jewell recognized them.

TENNIS TOURNAY HONORS TO M'GILL

Captured Both the Singles and Doubles in Intercollegiate Event.

McGill men won the intercollegiate tennis championships in both singles and doubles yesterday, when Crocker won the singles final from Foyser of Queens, and Crocker and Wright defeated Sheard and Spencer of Varsity in the doubles. In the morning Crocker defeated his teammate, Wright, 7-5, 7-5, in a closely-contested match, which brought out the best form of both players. Wright, who hails from British Columbia, possesses a great variety of strokes, and plays particularly well at the net, but he was unable to secure the needed points to defeat Crocker. The latter plays an air-light game. Absolutely without weakness as shows good head work and unusual activity. These two teamed up together in the doubles and defeated Sheard and Spencer in three sets. The Varsity men played well and tried hard at all times, but they were beaten decisively and at no time appeared to be able to make headway against Crocker and Wright.

DR. SHIELDS NOT MOVED BY APPEAL

(Continued From Page 1).
supplied by a deputation consisting of the acting president, the acting secretary and another member of the executive of the Sinn Fein, who favored me with an interview, while in Dublin; the rest consists of pamphlets which were under government ban and were furnished by members of the Sinn Fein whose standing in the organization was not revealed. It is also true that I visited Ireland under the auspices of the British ministry of information, and while there had personal interviews with leaders of almost every shade of political opinion in the country.

Replying to your inquiry as to whether I would be willing to appear before a "commission of inquiry" in Washington, I beg to say that I should esteem it a great privilege to do anything which might assist toward a settlement of the Irish question, and thus contribute to the interests of world peace. But before consenting to testify before your commission I venture to ask for further information.

A Pointed Query.
The "Commission of Inquiry," you inform me, is to receive its commission from "a Committee of One Hundred." Can you tell me from whom the "Committee of One Hundred" receives its commission?
If the Committee of One Hundred is self-appointed, who would be influenced by its findings? Could they reasonably be expected to influence opinion in Europe. When the prescriptions of the duly-elected President of the United States for the settlement of a dispute in which the United States, by an act of its own congress, became involved have by that same congress been rejected, is it likely Europe would attach any importance to the deliverances of a self-appointed committee in respect to a dispute with which the United States has nothing to do? Or, if the findings of the Committee of One Hundred were unheeded abroad, would they be more influential at home? If, after long and painstaking investigation, having before him the evidence furnished by the heads of nearly all the European states, as to the requirements for permanent peace in Europe and the rest of the world, the considered judgment of the American president, reinforced by a corps of American experts, and supported by the best statesmanship of Europe, is rejected by the United States congress, which thus refuses to accept the responsibility for the preservation of the peace of the world, how would the United States people be affected by the judgment of a self-appointed committee of Americans who should undertake to place the responsibility for the disturbance of the peace in Ireland?

Well-Merited Rebuke.
And, if the people of America were influenced one way or another, what then is Ireland the one and only spot of earth outside America in whose peace American citizens are prepared to interfere themselves without "reservations"? And further, can you supply me with any reason in history, in the country of nations, in morals, or even in expediency, which could justify such a committee as your letter names in assuming either the competency or the inhumanity of the government of a friendly nation by formally and gratuitously undertaking to "investigate" allegations relating to its domestic affairs? Would the members of your Committee of One Hundred be willing to appear before a "commission of inquiry," sitting in London, and "chosen" by a self-appointed committee of one hundred Englishmen, "organized to investigate," let us say, the negro problem of the south, or any other matter which was exclusively the business of the United States?

Status of De Valera.
Your letter says: "A number of witnesses are coming over from Ireland, and both the British embassy at Washington and Mr. De Valera have given assurance that no impediment will be placed in the way of any who may desire to testify."

APPROVES CONSTRUCTION OF 31 UNITED STATES SHIPS

Washington, Oct. 22.—Approval was announced tonight by the United States Shipping Board of the construction of thirty-one vessels, aggregating 350,000 deadweight tons under the provisions of the merchant marine act, which exempts ship owners from payment of the excess profits tax if to shipbuilding.

VETERAN ACTOR DEAD; WAS 72 YEARS OLD

Long Beach, N.Y., Oct. 22.—Oliver Doud Byron, veteran actor, who had appeared with Edwin Booth, John Wilkes Booth, Joseph Jefferson, Laura Keane, Mrs. Scott Siddons and other famous stars, died at his home here today. He was 72 years old. He retired from the stage five years ago, making his final appearance in New York in "General John Regan."

MERCHANTS NOTIFIED OF LUXURY STAMP TAX

Ottawa, Oct. 22.—(By Canadian Press)—The department of customs and inland revenue today issued instructions that on and after Nov. 1, 1920, the luxury taxes will be collected by means of excise tax stamps. Retail firms selling goods subject to the excise (luxury) taxes should take out a retail license at once, when they will be supplied with a perforator for the purpose of canceling the stamps. Merchants already in possession of licenses may obtain the perforator from the collector of inland revenue.

PROMOTS TORONTONIAN

Ottawa, Oct. 22.—Thomas Westman, district inspector of inland revenue at Toronto, is appointed a commissioner to administer the oath of allegiance and the oath of office to employees in the outside service of the inland revenue service.

FATAL AMBUSH NEAR CORK CITY

Dynamite Exploded Under Lorries, and Officer and Two Privates Killed.

Cork, Oct. 22.—An officer and a private were killed and five other soldiers wounded, one of whom died this evening, when two military lorries this morning were ambushed 14 miles from Cork. The attackers numbered 100, and it is not known whether they suffered casualties from the fire returned by the military. Forces of military police were despatched to the scene of the ambush.

CARRARA BANK BOMBED

London, Oct. 22.—A despatch to the Exchange Telegraph from Rome says a bomb was thrown today in Carrara at the branch of the Bank of Italy. Heavy damage resulted. One girl was injured. The attack is supposed to have been made by anarchists. Many arrests were made.

SAYS LABOR MEN SHOULD SEE HANNA

Senator Robertson Declares Opposition to Employees and Politics Rule Railway Matter.

Ottawa, Oct. 22.—(By Canadian Press)—When shown a news despatch from Toronto, to the effect that Toronto labor men objected to any regulations prohibiting employees of the Canadian National Railways from participating in politics, Senator Robertson, minister of labor, remarked that the matter was one which should be taken up with the management of the Canadian National Railways, and not the federal government. "The government," he said, "has nothing to do with the management of the Canadian National Railways. The Labor men should take the matter up with President Hanna, who is in charge of the system."

ROADSIDE EXPLOSION

The leading lorry barely escaped the explosion, while the second lorry ran squarely into the hole made by it.

35 PER CENT. DECLINE IN PRICE OF SHOES

St. Louis, Oct. 22.—Continued briskness in prices of shoes in the United States was predicted by delegates attending a conference of the Western Association of Shoe Wholesalers here today. Delegates asserted that shoe prices in general had declined on an average of 35 per cent. since last May. The price reductions were attributed to unstable market conditions, a lull in foreign purchases and the decline in the rate of foreign exchange.

Oil and Cafeteria Firms In New Incorporations

Ottawa, Oct. 22.—(Canadian Press.)—The San Francisco and McMurray Oil Refining Company Ltd., with head office at Edmonton, and a share capital of \$3,000,000, has been granted letters patent during the week, according to an announcement in The Canada Gazette. Georgie of Fracanda Line Is Refloated Near Quebec

Montreal, Oct. 22.—The Georgie of the Fracanda line, which went ashore near Sillery Cove, just above Quebec, yesterday, has been refloated. It is believed she has sustained some damage since she has put back to Quebec instead of proceeding to this port. The Chama of the Elder-Dempster line is still aground on Belle Chasse island, 15 miles below Quebec, but it is believed she may be refloated at any moment. It is reported that she has been damaged, which will necessitate her going into dry dock at Quebec when refloated.

WHOLESALE FRUITS AND VEGETABLES

Liberal Receipts With a Fair and Steady Local Market.

With liberal receipts of all kinds at the wholesale fruit market yesterday, while there was a big turnover, trade, generally speaking, was inclined to be a little quiet. Peaches are still coming forward in large quantities, and selling at about unchanged prices, as shown in the reports of the local commission houses. Large quantities of grapes are coming in and selling around 50c, with the prospects for higher prices next week. There were a few tomatoes on sale yesterday, selling at from 60c to \$1.00, according to quality. Otherwise the market held about steady.

McWilliams & Everett sold peaches, 6's, 40c to 50c; 5's, 40c to 50c; 6's, 40c to 50c; 7's, 40c to 50c; 8's, 40c to 50c; 9's, 40c to 50c; 10's, 40c to 50c; 11's, 40c to 50c; 12's, 40c to 50c; 13's, 40c to 50c; ADVOCATES BORDER RADIAL CONNECTION

Engineer Gaby Also Tells the Commission No Plans for Toronto Entrance.

That no arrangements could be made for the entrance of the radial into Toronto until the street railway had been taken over by the city, was the statement made by Chief Engineer F. A. Gaby before the Sutherland commission yesterday afternoon. He also said no definite arrangements had been made with the harbor board. There was some understanding, but nothing in writing.

R. S. Robertson, counsel for municipalities, asked Gaby if he endorsed Mr. Murray's report to government suggesting building a connecting line between the terminus of the Niagara central radial at St. Catharines and the border. Mr. Gaby said he thought a connection with the border was necessary, and he had always been of the opinion.

Mr. Robertson sought to show, from stenographic records, that on March 1, 1917, Sir Adam Beck had declared at Campbellton that a radial to St. Catharines and the border would be superfluous. Mr. Gaby had no recollection of the alleged statement from Sir Adam Beck, but thought it was hardly likely he had so expressed himself.

Tributary Population.

Dealing with the estimates of the Toronto and Eastern, Mr. Robertson approached the matter of suburban tributary population in relation to the riding habit. He said he wanted to see to what extent these estimates were mere guess work or to what extent they were certainties.

The 1919 estimates of this road showed 4000 per capita, while the 1920 estimates showed 1.6. This, Mr. Gaby explained, was due to a slight difference in the distribution of the population.

"Was there an error in computing the 1919 estimates then?"

"From what we know now it was a little high."

Mr. Robertson endeavored to show that nothing had been done by the Hydro Commission which would point to a former desire for a radial to the border. Mr. Gaby referred to surveys made and certain negotiations.

"When did negotiations first start beyond making surveys?"

"In 1914, the matter of the Niagara Central Railways was taken up with Sir Wm. Mackenzie."

"Nothing came of it?"

"No."

"You haven't asked the municipalities between Fort Credit and St. Catharines to negotiate for the purchase of the line to the border?"

Mr. Gaby answered that was a matter for the municipalities between St. Catharines and Niagara to decide.

Mr. Gaby admitted that no permission had been secured from the municipalities between Fort Credit and St. Catharines to build the connecting line to the border.

Award Visited Scene.

"Asked if he had any idea of what approval of the estimates the municipalities would be asked to share, Mr. Gaby said he did not know."

"Something has been said of a loop that you have in mind of getting into the centre part of Toronto. Is there anything to that?"

"There have been projected plans and some talk of it."

"Is it essential?"

Mr. Gaby said it might be. Nothing could be definitely decided until the viaduct scheme was decided on.

That the Toronto terminal would be close to the Union Station, he agreed, but he did not think that there was an unusual amount of traffic on Front street.

"We assume that that there would be a transfer to city lines and that city lines would be constructed to that district."

Mr. Gaby said that no permission had been made the revenue from the eastern road would be increased 20 to 30 million passengers per annum.

The commission adjourned until Monday evening.

STRUCK BY AUTO.

Stepping off the sidewalk into the side of an auto at Duesch and George streets last night, Barton Blackledge, aged 13, 210 East Queen street, was knocked to the street and received a bad shake up. H. G. Cowie, 298 Ossington avenue, driver of the auto, removed the boy to his home, and later reported the accident to the police.

B.O.T.A. IS CHARGE.

Thomas Shields, 211 1-2 East Queen street, was arrested last night under the O. T. A. on a charge of selling liquor illegally. Provincial Officer Herbert Cross made the arrest and the man was lodged at Court street police station.

FIND CAR DRIVER WAS NEGLIGENT

Coroner's Jury Brings in Verdict After Inquiry Into Elmer Ruth's Death.

Tony Covatt, the driver of the McLaughlin touring car which struck little Elmer Ruth at the corner of Gerrard and Sumach streets, on the night of Oct. 14, was found guilty of negligence at the inquest last night.

Covatt was accompanied by John Massaw and his wife and little girl, and had just left the latter's home, at 211 Munroe street, a few minutes previously. There had been no liquor consumed, and Mr. Massaw had never known Covatt to drink.

"I was sitting on the right of the driver," said Mr. Massaw. "I just saw the boy's back before he was hit by the fender nearest the curb. We immediately stopped and took him to St. Michael's Hospital. We were travelling about 14 miles an hour. There was absolutely no traffic on the street."

Winifred Cousins of 121 Spruce street, said she saw Ruth jump off an eastbound car and start across the street. She also saw the car strike the boy.

P.C. Black stated that Covatt said he didn't see any street car. The boy seemed to come from somewhere just as he hit him.

The fender of the car was badly bent, and was turned away from the curb. The boy was within a few feet of the curb, according to the blood marks found, and had almost passed in front when hit. He died in St. Michael's Hospital the same night from a fractured skull.

This is the second accident at that corner within the last few weeks, although all the street lights were burning and the pavement dry.

Mr. W. J. Middleton, manager of the Knadlan-Gash Register Company.

LIBERALS WILL OPEN POLITICAL CAMPAIGN

The first Liberal meeting in connection with the Northeast Toronto by-elections will be held in the new hall at the corner of Danforth and Carlaw avenues at 8 o'clock on Tuesday evening next.

George Wilkie will preside, and the speakers, thus far promised, are H. Hartley Dewar, K.C., the provincial Liberal leader, Major W. H. Kippen, the candidate, and H. R. Frankland, J.P.

A canvas is being made of the whole district thru the seven organizations, and exceptional enthusiasm for a by-election is reported. Major Kippen also stated last night that prospects were bright for a large Liberal vote, and that he has received many promises of support from unexpected quarters.

J. Higgins, the soldier-Labor candidate, will address an open air meeting at the corner of Danforth and Broadview this evening.

On Wednesday evening next, Major Lewis, the Conservative candidate, will speak in Aura Lee Rink, Avenue road, and, on Friday night in Winchester Hall. Speakers will be announced later.

SPLENDID CONCERT IN MASSEY HALL

The London String Quartet Delights Music-Lovers—Miss Sparkes Triumphs.

Last night's program at Massey Hall differed very much from the usual, whether classical or popular. It resembled Shelley's poetry which was for the poets rather than for the ordinary reader.

The London String Quartet, with its exquisite music and advance reputation was for musicians, and Toronto responded by sending out its professionals, and students in such numbers as is not often accorded. The big hall was by no means filled, yet there was a good-sized audience whose appreciation was worth while and who gave it in unstinted measure to the various numbers of the performance.

Where perfection seems apparent it is difficult to differentiate. The four players on the quartet of stringed instruments were artists, everyone a law unto himself in his part yet conscious of his share in the harmonious unity of every composition. Keen to respond to every requirement, and capable of producing the most refined harmonies conceivable. To speak of technique, method, and qualities to which are the standards, seems impertinent with evidence of such exceptional work as that of the London String Quartet as the subject of this review.

Varied Program.

The opening number, No. 13, D. minor, Mozart, began with the Allegro moderato, played with exquisite daintiness followed by the rich Andante and the Tempo in which clean, long bowing, pizzicato phrases and passages that were as effective as the notes themselves were a few of the ear-marks of the altogether artistic performance. "E minor" number by Frank Bridge was perhaps the most interesting of the evening.

The soprano, Miss Leonora Sparkes, numbers, which were given conscientiously, her clear upper notes, being a feature of her work. Of her first group "Marriage of Figaro" was the most popular. "The Air de Lia, from 'L'Enfant Prodigue" was perhaps the most dramatic number and was finely interpreted.

A group of English songs, which included "A Song of Old London," by Oliver, and "Morning" by Sparkes, received charming treatment, and were enthusiastically applauded, the artist also receiving a large basket of white roses.

Mr. Roger Denning was a delightful accompanist.

The highly artistic program was under the management of I. B. Suckling.

HIGGINS STAYS IN NORTHEAST FIGHT

Vigorous Speeches at Soldier-Labor Nomination Meeting Held Last Night.

"You men and women who refuse to exercise your franchise when you have it to defend those principles in which you believe, to defend your country from the enemy not only abroad but also at home, those men and those women are shirkers of no less moment than the shirkers who refused to don the khaki when Britain and Canada were at war with the enemies of democracy from 1914 to 1918."

Another notable note sent out at Winchester Hall last night by J. Harry Flynn, Dominion vice-president of the G.A.U.V., in the course of an address which was generally freer from personalities than many he has delivered elsewhere. The occasion was the candidature of James Higgins for Northeast Toronto on behalf of the Soldier-Labor forces of that riding.

Another notable note in the addresses of the evening was the injunction of the speakers to fight a clean, fast campaign, devoid entirely of personalities, dealing exclusively with the principles of the parties which the candidate is espousing.

This was especially the message of Hugh MacLeod, one of the most prominent members of the G.A.U.V., and one of the founders of that body out of which the G.A.U.V. evolved.

Mr. MacLeod looked forward to a time not far distant when both the soldier and labor forces throughout the Dominion would be united on one comprehensive platform.

A feature of the meeting was the attack of James Higgins upon the alleged reference of a morning paper to him as trying to form a soviet in Toronto in 1919. Mr. Higgins explained that as representative of the Bellmakers' Union and of the Metal Trades Federation in May, 1919, he was on the general strike committee of the months which followed, a committee formed to solve the problem of the strike and for no other purpose, least of all to organize soviet.

Referring to the order of D. B. Hanna, prohibiting employees of the Canadian National Railway from actively engaging in politics, the candidate stated that he could not consider himself a government employee, since he merely worked by hour and could be laid off at any moment, having no permanent position and did not, therefore, believe that the order affected his candidature.

Other speakers of the evening were Mrs. W. F. Singer, member of the Mothers' Pensions Commission, J. W. Buckley, provincial president of the Independent Labor party, Hugh MacLeod, Andrew Glenn and Herbert Canwell, J. V.

Marah, provincial organizer for the G.A.U.V. in Ontario, presided.

J. W. Buckley, in his address, pointed out not only the political but also the trades union arm of labor, and not only with labor but also with the ex-service men, labor man and a soldier against whom no restrictions could be made from any source.

There were honest men, he said, in both the Liberal and Conservative parties, but there was no doubt that these parties were subsidised by men who had their own axes to grind. The Labor party naturally expected that those whom they put into power would carry out the wishes of those vested (Labor-soldier) interests which had put them in power.

J. Harry Flynn, in his address, stated that too much attention was paid nowadays to the erection of palaces and movie theatres than to the building of homes.

MOTHERS' PENSIONS WILL BE GENEROUS

Mrs. Singer Says Present Administrative Method Is Only Feasible One.

Mrs. W. F. Singer, member of the mothers' pensions commission, in an interview with The World last night, strongly defended the present Ontario government, and especially the pensions board. She stated that the present administration of the mothers' pensions act was the only feasible means of dealing with the problem, and that work of the commission was but at the preliminary stage.

"We have not yet had enough time in which to thoroughly investigate all the details involved in the problem," said Mrs. Singer. "It is evident that the widow with her home all paid for is not in the same unhappy position as the widow with scarcely enough money to pay funeral expenses. In the light of the many and varied phases of the problems confronting us we decided to immediately grant allowances to cover a period of two months. We, therefore, considered a flat rate for those two months, and as time goes on amendments can be made to fit changed conditions and more definite information."

"The need of both thorough and capable investigation is too apparent to need comment. I need only say that the trust of the people of Ontario in this board will never be misplaced."

NOT TO RAISE A FEE.

Cobalt, Ont., Oct. 22.—A proposal to increase the annual membership fee of the local Y.M.C.A. from five dollars to seven or eight dollars was turned down by the directors at a meeting held this afternoon.

VETERAN'S HONOR BADGE.

G. D'Arcy, past president, was presented with a gold badge of honor last night by the East Toronto branch Great War Veterans' Association, in accordance with an established custom. A sporting committee was selected, the chairman being Comrade Simmons. The branch held a social evening, ladies being present. Cards were played and refreshments were served. The meeting was held as usual in Second School, Barrington street.

PLEDGE SUPPORT TO NAVY LEAGUE DRIVE

Insurance Companies and City Employes Join in the Big Campaign.

The insurance companies and all the employes in the city have pledged their support to the Navy League of Canada in raising Toronto's portion of \$200,000 in the league's campaign for \$750,000.

Lieut.-Col. C. G. Williams yesterday gave the insurance people a stirring address on the aims and objects of the movement, and each employe has promised to make the appeal personal. The pensions for widows and orphans was emphasized by the colonel.

"Saturday will be tag day for the sailors. If the public could individually know the cases of dire distress of dependents of Canadian sailors who lost their lives on board merchant vessels transporting ammunition, supplies, etc., during the war, the coffers of the Navy League would be filled to overflowing and the tag day stand out as a sample of what Toronto can do when its heart is touched," said Mrs. Reynolds, head of the women's department of the Navy League, Ontario.

A strong advisory committee of ladies are helping generously. Fifty captains have charge of workers; there are 10 stations and the Varsity stadium.

The sign to look for today is a large circle of navy blue on which is the Navy League crest and motto, "From Sea to Sea."

The youngest canvasser for the Navy League drive in the city is Douglas Harris, aged two, who has a date collected \$5.00, of which \$2.40 he secured by canvassing the office buildings in his sailor's uniform, and a contribution donated by the ladies' club of the Navy League. He is a son of Mr. Albert Harris, the surveyor of two shipwrecks.

DEATH DUE TO ACCIDENT

Dr. McKeehan's jury brought in a verdict of "accidental death" at the inquest held last night on the body of William Thompson, aged 50, who died from injuries received at the entrance to his boarding house at 30 Golden ave. He was in the habit of leaving his key under the doormat, and it is presumed that, in stooping to get it he became dizzy and either carried the mat in his hand as he staggered back or his foot caught in it and losing his balance he fell down the steps striking his head with such force as to result in his death.

"Behold My Wife!"

from Sir Gilbert Parker's "The Translation of a Savage."

This intensely romantic and dramatic story has two contrasting backgrounds—the grandeur of the Canadian Northwest and the richness of modern England. The story shows the power of education.

"I am Mrs. Forrester, the money-hunting, match-making, ambitious mother of Frances Forrester in 'OPEN YOUR EYES.' I was too busy with my social duties to answer my daughter's questions as she grew to womanhood. That's why she learned in the bitter school of experience what she should have learned at home. I realize now that SILENCE is NOT golden. It is CRIMINAL."
