FOR BEAUTIFYING AND PRESERVING

THE COMPLEXION,

Removing Tan, Sunburn, Freckles, and all Roughness of the Skin.

TO make good use of the powers of fascination conferred on woman, to charm by her beauty and manner, to clothe herself in becoming colors and tints and to exhibit her fascinating powers in numerous ways, is the desire of every lady of spirit. A lady without these desires sinks into insignificance and is soon forgotten, while the one with a beautiful, fascinating face is remembered long after she has faded away from the scenes of life, or gone from those she captivated by her charms.

HOW TO BE BEAUTIFUL, and consequently powerful, is a question of far greater importance to the female mind than who is or who is not Premier of Canada, or leader of the Opposition. If women are to govern, control, influence and retain the love of their husbands, lovers and admirers, they must not neglect the means that are placed before them for increasing or preserving their beauty. It is true all are not and cannot be beauties; but there are none so plain or homely that they cannot, by using the proper means, do something to enhance their beauty.

One of the most useful articles of the toilet is

PERSIAN BEAUTIFIER,

and any lady who has used it once and learned its value will never do without it. It imparts a youthful bloom and lively expression to the countenance; it softens the plainest features, and the roughest skin is made smooth and beautifully clear. It is just what the ladies require to remove Tan, Sunburn, Freckles, etc.; in fact it is the great secret of beauty, and very justly deserves the reputation it has sustained for years as being entirely free from anything poisonous or injurious to health or skin.

NORTHROP & LYMAN CO.
TORONTO, PROPRIETORS.

Price 50 cents.

CURES
RHEUMATISM, Lumbago, Lamé Back, Neuralgia, Diphtheria, Croup, Coughs & Colds, Sore Throat, Piles, Frost-bites, Burns, Asthma, Catarrh, Chilblains, Corns, Tooth, Ear and Headache, Bruises, Wounds & Sprains of every description on man or beast. Actually the best External and Internal Remedy known.

CAUTION.—This Cut represents our New Wrapper; take no other, and avoid all similar named articles as they are worthless.

For sixteen years this celebrated medicine has been sold in Canada and it has now the largest sale of any medicine in the market.

Its popularity has not been attained by advertising but by genuine worth. The experience of those who have used it, fully demonstrates the skill of its composition and its superiority for all the purposes for which it is recommended.

There is no one that has used this wonderful pain conquering oil and tested its curative power but gives it the preference over all others, which accounts for its rapidly increasing sale.

It is constantly making new friends and never loses any of the old ones, which is ample proof that it is a medicine of rare and unparalleled value. Where is there another medicine that has for sixteen years withstood the impartial judgment of the people and increased in sale each year? Not one can be found.

IT DOES NOT merely allay pain and soreness to return again as most medicines do, but the efficacy of the ingredients from which it is made are so wonderfully penetrating that a proper use of it will most certainly remove all stiffness of the joints, lameness of the muscles, and pain arising from any cause, even in spinal disease, a chronic form of which baffles all treatment; a frequent use of Dr. Thomas' Eclectic

Oil will give strength and freedom from pain derived from no other source.

RHEUMATISM is thoroughly conquered by the use of this medicine, with the assistance of a few doses of Northrop & Lyman's Vegetable Discovery to remove the humor or seeds of the disease from the blood and system. Of course to effect a permanent cure the disease must be removed from the blood and no medicine can remove it as quickly as the Vegetable Discovery. All who use both medicines are astonished at the rapidity with which they remove this excruciating and harassing disease, simply by thoroughly rubbing the parts affected with Dr. Thomas' Electric Oil and taking the Vegetable Discovery according to directions.

NEURALGIA, SCIATICA, TŒ DOULOUREUX, Lumbago, and such diseases should be treated in the same manner, and a cure will follow without fail.

FOR SORE THROAT, QUINSY, CROUP, COLDS, &c., it is worth its weight in gold. A few doses will cure sore throat. It never fails in Croup or Quinsy. It has cured Inflammation of the Lungs when the doctors had given up the case. It has cured bad cases of Diphtheria and those who have used it believe there is nothing equals it for that dreadful disease. **CHRONIC SORES,** that refused to heal under medical treatment for years, were rapidly healed by the application of Electric Oil and the use of Northrop & Lyman's Vegetable Discovery to Purify the Blood.

A COUGH, even of long standing, is speedily controlled and cured by it. Swelled Neck and Lame Back rapidly disappear when it is used.

The certificates to be found in this book should be conclusive evidence that it will effectually arrest pain of every character, in any part of the body, no matter how severe or of how long standing, if it is thoroughly applied and rubbed in. Those using it in this manner express a conviction of the reality and efficacy of the penetrating ingredients of which Dr. Thomas' Electric Oil is composed. But never forget that where there are humors or impurities in the Blood and System Northrop & Lyman's Vegetable Discovery is your sheet anchor of hope for a lasting cure. It is positively unequalled by any remedy or compound in the whole catalogue of medicines for purifying the Blood and removing the source of disease from the system.

REMARKABLE CURES.

Mr. F. Burrows, of Wilkesport, writes that he was cured of a very dangerous case of Inflammation of the Lungs solely by the use of five bottles of Dr. Thomas' Electric Oil.

Mr. R. C. Bruce, Druggist, Tara, says: "I have no medicine on my shelves that sells faster or

gives better satisfaction than Dr. Thomas' Electric Oil, and the sale is constantly increasing, the past year being the largest I have ever had. One of my customers was cured of Catarrh by using three bottles. Another was raised out of bed, where he had been laid up a long time with a Lame Back, by using two bottles. I have lots of customers who would not be without it over night."

STILL ANOTHER TRIUMPH.

Mr. Thomas S. Bullen, Sunderland, writes: "For fourteen years I was afflicted with Piles; and frequently I was unable to walk or sit, but four years ago I was cured by using Dr. Thomas' Electric Oil. I have also been subject to Quinsy for over forty years, but Electric Oil cured it, and it was a permanent cure in both cases, as neither the Piles or Quinsy have troubled me since."

Mr. Wm. Calhoun, Sunderland, writes: "Dr. Thomas' Electric Oil cannot be too highly recommended as a general family medicine. I do not know of anything that has given such satisfaction or sells as well."

IT NEVER FAILS.

Mr. W. J. Corbett, Creemore, writes: "A few days ago a customer of mine came in with a Sore Throat, and his neck swelled to almost twice its usual size. In reply to my question as to what he was going to use for it, he said, 'I always use Dr. Thomas' Electric Oil;' I at once supplied him with a bottle and he took a dose then and there, and applied some externally; strange to relate, he felt relief before leaving the store, and stranger still, before night the swelling was almost entirely gone. I supplied Dr. Thomas' Electric Oil to a large number of parents during an epidemic of Diphtheria, and every one of them saved their children, while a number that I knew of lost theirs after using other remedies. These facts speak for themselves, and the consequence is that Dr. Thomas' Electric Oil is in constant demand all the year round."

CANNOT BE BEAT.

Mr. D. Steinbach, Zurich, writes: "I have used Dr. Thomas' Electric Oil in my family for a number of years, and I can safely say that it cannot be beat for the cure of Croup, Fresh Cuts and sprains. My little boy has had attacks of Croup several times, and one dose of Dr. Thomas' Electric Oil was sufficient for a perfect cure. I take great pleasure in recommending it as a family medicine, and I would not be without a bottle of it in my house."

Rev. G. W. Brown, Pastor B. M. E. Church, Chestnut Street, Toronto, writes: "I am pleased to say that Dr. Thomas' Electric Oil is all that you claim it to be, as I have been using it for ten years, both internally and externally, and have always received benefit from its use."

DR. THOMAS'
ELECTRIC OIL.
WORTH ITS WEIGHT IN GOLD.

CATARH.—A prominent minister of the city of Toronto had Catarrh for a long time and went through a thorough course of medicine by skilful city physicians, but the disease was so deeply rooted that they were unable to cure it. A druggist advised him to try Dr. Thomas' Electric Oil, which he did, by putting a few drops on cotton batting and placing it in the nostril. He faithfully persevered with this treatment when, to his own and his physician's astonishment, he was cured. We don't think there is any medicine that is as efficacious for this disease as Dr. Thomas' Electric Oil.

RHEUMATISM.—Mr. G. W. Macully, Pavilion Mountain, B.C., writes:—"Dr. Thomas' Electric Oil is the best medicine I ever used for Rheumatism."

Joseph Rusan, Percy, writes:—"I was induced to try Dr. Thomas' Electric Oil for a lameness which troubled me for three or four years, and I found it the best article I ever tried. It has been a great blessing to me."

Mrs. D. Morrison, Farnham Centre, P.Q., writing about Dr. Thomas' Electric Oil, says:—"George Bell used it on his son, and it cured him of Rheumatism with only a few applications. The balance of the bottle was used by an old gentleman for Asthma, with the best results. It acts like a charm."

John Hays, Credit, P.O., says:—"His shoulder was so lame for nine months that he could not raise his hand to his head, but by the use of Dr. Thomas' Electric Oil the pain and lameness disappeared, and, although three months have elapsed, he has not had an attack of it since."

ASTHMA.—Mr. E. Birdsall, Canboro', writes: "For nearly four years I was troubled with Asthma so bad that for three or four nights at a time I would get little or no sleep, and would have to sit propped up with pillows. I tried three or four doctors, but without success, and no medicine seemed to do me any good, until finally I tried Dr. Thomas' Electric Oil by taking half a teaspoonful on sugar whenever I felt the choking sensation. It always gave me relief, and before I had used it six weeks I was completely cured, and have had no attacks since, now nearly two years."

CROUP.—Mr. Thos. H. Porter, Lower Ireland, P.Q., writes:—"My son, 18 months old, had Croup so bad that nothing gave him relief until a neighbor brought me some Dr. Thomas' Electric Oil,

which I gave him, and in six hours he was cured. It is the best medicine I ever used, and I would not be without a bottle of it in my house."

Mr. W. B. Hill, Cobourg, says:—"I have used it for Croup, and found it all you claim it to be; can also testify to its efficacy in relieving pains in the back and shoulders."

Mr. W. H. Dorland, Ash, writes:—"One of my boys awoke me from sleep a few nights ago saying, 'I can't get my breath.' I got up and put some Dr. Thomas' Electric Oil on sugar, which I gave to him, and in fifteen minutes he was better. I believe it to be the best medicine for Croup."

LUMBAGO.—Mr. W. W. Stephen, Meaford, Ont., writes:—"Dr. Thomas' Electric Oil has gained a reputation in Meaford and surrounding country surpassing that of any Patent Medicine ever introduced here. The benefit derived from it in one case of Lumbago, that I know of, will alone place it in the front rank of remedial agents."

Mr. B. N. Munro, Toronto, writes:—"A short time since I was completely disabled by a severe attack of Lumbago. One application of Dr. Thomas' Electric Oil brought immediate relief; a second and third application effected a cure."

A CURE FOR DEAFNESS.

Mr. S. E. Crandell, Port Perry, writes:—"I contracted a severe cold last winter, which resulted in my becoming totally deaf in one ear and partially so in the other. After trying various remedies, and consulting several doctors, without obtaining any relief, I was advised to try Dr. Thomas' Electric Oil. I warmed the Oil and poured a little of it into the ear, and before one-half the bottle was used my hearing was completely restored. I have heard of other cases of deafness being cured by the use of this medicine."

TWO GREAT MEDICINES.

UNION IS STRENGTH.

Miss M. J. Richards, Belleville, writes:—"Nearly three years ago I was taken with a pain in my shoulder so that I could not raise my arm. It rapidly grew worse until a severe running sore broke out. For two years I tried a great many physicians in Belleville and Toronto, and nearly everything that I thought would help it, but got no relief. After being in bed for two months, an intimate friend thought if I used Northrop & Lyman's Vegetable Discovery to Purify the Blood and applied Dr. Thomas' Electric Oil on the arm that it might do me good. I must confess I did not have much faith in being cured, as I had tried so many things and did not get any relief from them, but my friend persisted, and I commenced taking the Discovery and rubbing the sore with Dr. Thomas' Electric Oil, and in less than two months my arm was completely healed and as strong as it ever was, while my health never was better."

A POPULAR SUCCESS.

NORTHROP & LYMAN'S VEGETABLE DISCOVERY

A GREAT
BLOOD PURIFIER
AND
Health Regulator.

NO MEDICINE EQUALS IT.

**Its Properties are such as to
rapidly insure Sound Health
and Long Life.**

**Pleasant to the taste, and warranted free
from anything injurious to the most
delicate constitution of
either sex.**

IT effectually and thoroughly Purifies and Enriches the Blood, gives Life, Strength and Vigor to the whole Organism of Digestion, restores to healthy action the functions of the Liver, regulates the Bowels, acts upon the Nervous System and Secretive Organs, restores the functions of the Kidneys and Skin, and renovates and invigorates the entire body, and in this way frees the system of disease. Its effects are surprising to all, in so effectually and thoroughly cleansing the entire system, and permanently curing all

DISEASES ARISING FROM IMPURITIES OF THE BLOOD,

such as Scrofula, and every kind of Unhealthy Humor, Female Weakness, and those complaints known by the names of Erysipelas, Canker, Salt-Rheum, Pimples or Blotches on the Face, Neck or Ears, Ulcers, Fever Sores, Boils, Scald Head, Sore Eyes, Neuralgia, Rheumatism, Dyspepsia, Biliousness, Pains in the Side, Shoulder, Back or Loins, Diseases of the Liver and Kidneys, Costiveness, Piles, Headache, Dizziness, Nervousness, Faintness at the Stomach and General Weakness and Debility.

THE LIFE OF ALL FLESH IS THE BLOOD THEREOF.

After many years of hard labor and research, we are thoroughly convinced that the health or disease of the body depends almost entirely upon the condition of the Blood. It is true that disordered functions of the various internal organs

appear even to medical practitioners to be the primary cause of the existing malady; and manifest disease being frequently excited into action by casual causes, when the blood is in a predisposing unhealthy condition, has been a great source of those errors in judgment; but when we resolve upon deeper research, and look beyond the apparent seat of the disease to that all important fluid, the Blood, which alone supplies every material for the support and maintenance of the universal system, we find also that it alone, in the majority of cases, contains the primary seeds of disease.

We find the Blood in disease to be Impure, and sometimes impoverished, possessing those destructive properties which are the real fundamental root, and primary cause, of nearly the whole catalogue of diseases to which humanity is heir, while cold, damp, exposure, late suppers, irregular habits, etc., may be termed exciting causes. It may be asked, "Whence arise these Impurities of the Blood?" Their primary origin is mostly natural, even to the healthy system. Every organ, fibre, and tissue in the body is constantly undergoing decomposition and repair, and the effect of such decomposition is to impart to the Blood the waste particles of the natural disorganization; that fluid being destined by nature to receive such impure particles, and convey them to where they may be discharged through proper channels from the system. And as we are not perfect, but human beings, derangements in such functions are liable to occur, and the Blood to become morbidly impure.

THE AVERAGE quantity of this important fluid in each person, is about twenty-five pints, and by the action of the heart, it is propelled throughout the entire length and breadth of the body, once in about every three minutes.

The offices of the Blood are:

First. To furnish every part and particle of the entire body with material prepared by the process of digestion and assimilation for its growth and renewal.

Secondly. To carry off the waste particles which are constantly set free in all parts of the system, conveying them to where they may be discharged through the Kidneys, Bowels, Skin, or Lungs, the four great waste gates with which nature has provided man for the final escape of all poisonous and useless humors and secretions from the body.

Thirdly. To furnish material for the formation of certain fluids to be used in the system for various purposes: such as bile, gastric and pancreatic juices, tears, saliva, etc.

Fourthly. To furnish the entire body with animal heat, newly formed in the Lungs.

As soon as the Blood fails to perform its nature

function, and becomes loaded to excess with impurities so soon, generally with, but sometimes without an exciting cause, some one or more of a vast train of diseases of a variety of characters, and known by different names, is liable to be established, its seat differing in different persons, and in the same person at different times, the weakest organ in the body being the one that most invariably suffers. (But it will be remembered that there is a definite cause for this weakness of any particular organ; because, for whichever organ the peculiar impurity of the Blood present has the greatest chemical affinity, that organ is invariably the weakest.) That is where the Blood is to a certain extent loaded with impurities and the body then subjected to exposure such as cold, damp, etc., which are among the exciting causes of disease, the weakest organ becomes choked up, its veins, ducts, and capillary network obstructed, and its natural functions interrupted, consequently disease of the organ is established, either acute, or chronic, according to the extent and severity of the interruption of the function of the organ. If the weak organ be the Lungs, we have disease of the Lungs; if the Kidneys, disease of the Kidneys; if the organs of Generation, disease of those organs; if the Liver, disease of the Liver; if the Glands, Joints, Muscles, Skin, etc., we have present Scrofula, or Rheumatism, or Skin diseases, etc., etc., etc.

THERE IS ANOTHER condition of the Blood, above alluded to, which is a source of much evil, namely, Impoverishment, which signifies an excess of water, and a deficiency in the quality and quantity of the red corpuscles, which latter are the vitality and life sustaining principle of the blood.

From this impoverished condition of the blood, several diseases have their origin: Emaciation, Debility, Coldness of the hands and feet, Loss of Vigor and Strength, Weakness, etc., are the ordinary symptoms. As the Blood loses its vigor nervous prostration ensues, a sense of weakness and lassitude is felt on even the slightest exertion, a wasting pallor, and a general flagging of the vital forces. These are the silent evidences of Disorganization.

ORTHROP & LYMAN'S VEGETABLE DISCOVERY

is a specific for all diseases originating from Impurities or Impoverishment of the Blood. Its mild vegetable properties dissolve and chemically change, not only the Impurities floating in the Blood itself, but those also which have been and are choking up and producing congestion and disease in any organ or part of the body, thereby assisting nature to reestablish her free and healthful circulation of Blood through those organs, re-

BEEF SOUP.—Cut all the lean off the shank, and with a little beef suet in the bottom of the kettle, fry to a nice brown; put in the bones and cover with water; cover the kettle closely; let it cook slowly until the meat drops from the bones; strain through a colander and leave it in the dish during the night, which is the only way to get off all the fat.

VEAL SOUP.—To about 3 lbs. of a joint of veal, which must be well broken up, put 4 qts. of water, and set it over to boil. Prepare $\frac{1}{2}$ lb. of macaroni by boiling it by itself, with sufficient water to cover it; add a little butter to the macaroni when it is tender; strain the soup and season to taste with salt and pepper; then add the macaroni in the water in which it is boiled. The addition of a pint of rich milk or cream and celery flavour is wished by many.

SCOTCH BROTH.—Take $\frac{1}{2}$ cup barley, 4 qts. cold water; bring this to the boil and skim; now put in a neck of mutton and boil again for half an hour, skim well the sides of the pot also; have ready 2 carrots, 1 large onion, a small head of cabbage, 1 bunch parsley, 1 sprig of celery top; chop all these fine, add your chopped vegetables, pepper and salt to taste. This soup takes 2 hours to cook.

POTATO SOUP.—Boil a shank of beef 2 days before you want your soup, strain into a crock and let stand till you need it; the fat will rise to the top, this you must take off before beginning to make your soup; now take your soup pot, and, in about 2 tablespoonfuls of this same fat, fry brown 4 large onions sliced, put in half your stock, have ready a pot of nicely mashed potatoes, stir the potatoes into the soup till about the thickness of thick cream, and season with pepper and salt. The remaining stock is valuable for gravies, etc., or Scotch broth instead of mutton.

MOCK TURTLE SOUP.—1 soup-bone, 1 qt. of turtle beans, 1 large spoonful of powdered cloves, salt and pepper. Soak the beans over night, put them on with the soup-bone in nearly 6 qts. of water and cook 5 or 6 hours. When half done, add the cloves, salt and pepper; when done, strain through a colander, pressing the pulp of the beans through to make the soup the desired thickness, and serve with a few slices of hard-boiled egg and lemon sliced very thin. The turtle beans are black and can only be obtained from large grocers.

CORN SOUP.—1 small beef-bone, 2 qts. of water, 4 tomatoes, 8 ears of corn; let the meat boil a short time in the water; cut the corn from the cob and put in the cobs with the cut corn and tomatoes; let it boil about half an hour; remove the cobs; just before serving add milk, which allow to boil for a few moments only; season with salt and pepper.

MACARONI SOUP.—To a rich beef or other soup in which there is no seasoning other than pepper or salt, take half a pound of small pipe macaroni, boil it in clear water until it is tender, then drain it and cut it in pieces of an inch length, boil it for 15 minutes in the soup, and serve.

CELERY SOUP.—Celery soup may be made with white stock. Cut down the white of a $\frac{1}{2}$ doz. heads of celery into little pieces and boil it in 4 pts. of water, with a quarter lb. of lean ham and 2 ozs. of butter. Simmer gently for a full hour, then drain through a sieve, return the liquor to pan and stir in a few spoonfuls of cream with great care. Serve with toasted bread, and, if liked, thicken with a little flour. Season to taste.

storing them to health and vigor. While those properties, having an affinity for the digestive organs, etc., they also restore the functions of digestion and assimilation, nourishing and enriching the blood in a manner surprising even to the most skeptical.

THESE VARIOUS PROPERTIES of our Vegetable Discovery, for renovating and invigorating the whole Digestive Organism, and Purifying and Enriching the Blood, overcoming Congestion, etc., in any part of the body, along with its action on the nervous system and its power of restoring to healthy action the functions of the Liver, Kidneys, Bowels, Skin and Lungs, may be said to be the leading features of the Compound. We may here add, that to those antidote properties, possessing that peculiar power of cleansing the Blood of those impurities which produce congestion and disease of internal organs, are due in great measure the remarkably restorative operation of the Vegetable Discovery in diseases peculiar to females.

REMARKABLE CURE OF DROPSY AND DYSPEPSIA.

Mr. Samuel T. Casey, Belleville, writes: "In the Spring of 1884 I began to be troubled with Dyspepsia, which gradually became more and more distressing. I used various domestic remedies, and applied to my family physician, but received no benefit. By this time my trouble assumed the form of Dropsy. I was unable to use any food whatever, except boiled milk and bread; my limbs were swollen to twice their natural size; all hopes of my recovery were given up; and I quite expected death within a few weeks. Northrop & Lyman's Vegetable Discovery having been recommended to me, I tried a bottle with but little hope of relief; and now, after using eight bottles, my Dyspepsia and Dropsy are cured. Although now seventy-nine years of age I can enjoy my meals as well as ever, and my general health is good. I am well known in this section of Canada, having lived here fifty-seven years; and you have liberty to use my name in recommendation of your Vegetable Discovery, which has done such wonders in my case."

WEAKNESS OF HEART AND STOMACH.

Mrs. S. E. Cook, Oxford Station, says that both she and her mother have used the Vegetable Discovery for weakness of the stomach, and that it completely restored them, which no other medicine would do. Her father has also used it with good results for weakness of the heart. She says she never used any medicine that did her so much good in so short a time, and in such small doses, and she pronounces it as certainly the best medicine for purifying the blood.

VERMICELLI SOUP.—Swell $\frac{1}{2}$ lb. of vermicelli in a qt. of warm water, then add it to a good beef, veal, lamb, or chicken soup or broth with $\frac{1}{2}$ lb. of sweet butter; let the soup boil for 15 minutes after it is added.

OYSTER SOUP.—2 qts. of oysters, 1 qt. of milk, 2 table-spoonfuls of butter, 1 cupful hot water; pepper, salt. Strain all the liquor from the oysters; add the water, and heat. When near the boil, add the seasoning, then, the oysters. Cook about 5 minutes from the time they begin to simmer, until they "ruffle." Stir in the butter, cook 1 minute and pour into the tureen. Stir in the boiling milk, and send to table.

FORCE MEAT BALLS.—Mix 1 lb. of chopped veal or other meat, 1 egg, a little butter or raw pork chopped fine, 1 cup or less of bread crumbs; the whole well moistened with warm water, or what is better, the water from stewed meat; season with salt and pepper; make in small balls and fry them brown.

BOILED WHITE FISH.—Lay the fish open; put it in a dripping pan, with the back down; nearly cover with water; to 1 fish put 2 table-spoons salt; cover tightly and simmer (not boil) $\frac{1}{2}$ hour; dress with gravy, butter and pepper; garnish with sliced eggs. For sauce use a piece of butter the size of an egg, 1 table-spoon of flour, $\frac{1}{2}$ pt. boiling water; boil a few minutes, and add 3 hard boiled eggs, sliced.

BROILED SALMON.—Cut some slices about an inch thick, and broil them over a gentle, bright fire of coals, for 10 or 12 minutes. When both sides are done, take them on to a hot dish; butter each slice well with sweet butter; strew over each a very little salt and pepper to taste, and serve.

BAKED BLACK BASS.—8 good-sized onions, chopped fine; half that quantity of bread-crumbs; butter size of hen's egg; plenty of pepper and salt, mix thoroughly with anchovy sauce until quite red. Stuff your fish with this compound and pour the rest over it, previously sprinkling it with a little red pepper. Shad, pickerel, and trout are good the same way. Tomatoes can be used instead of anchovies, and are more economical. If using them take pork in place of butter, and chop fine.

BOILED CODFISH—SALT.—Soak 2 lbs. of codfish in lukewarm water over night or for several hours; change the water several times; about 1 hour before dinner put this into cold fresh water, and set over the fire; let it come to a boil, or just simmer, for 15 minutes, but not to boil hard, then take off the water, drain and serve with egg sauce, or with cold boiled eggs sliced and laid over it, with a drawn butter or cream gravy poured over all.

FRIED EELS.—After cleaning the eels well, cut them in pieces 2 inches long; wash them and wipe them dry; roll them in wheat flour or rolled cracker, and fry as directed for other fish, in hot lard or beef dripping salted. They should be browned all over and thoroughly done. Eel may be prepared in the same manner and broiled.

OYSTERS A LA CREME.—1 qt. of oysters, 1 pt. of cream; put the oysters in a double kettle, cook until the milk juice begins to flow out; drain the oysters in a colander; put the cream on the same way; when it comes to a boil, thicken with flour wet with milk as thick as corn starch ready to mould; then put in the oysters, and cook 5 minutes. Serve hot on toast.

A GREAT MEDICAL TRIUMPH.

DISEASES OF THE KIDNEYS AND BLADDER.

FOR the cure of diseases of the Kidneys and Bladder, Northrop & Lyman's Vegetable Discovery is a remarkable remedy. It purifies and enriches the blood; regulates the bowels; acts directly upon the secretions, and the affected organs themselves; cleansing, strengthening, and removing all obstructions and impurities. In these diseases a few bottles of the Discovery are worth their weight in gold.

Mr. Joab Scales, of Toronto, writes:—"A short time ago I was suffering from Kidney Complaint and Dyspepsia, Sour Stomach and Lame Back; in fact I was completely prostrated and suffering intense pain. While in this state a friend recommended me to try a bottle of Northrop & Lyman's Vegetable Discovery. I used one bottle, and the permanent manner in which it has cured and made a new man of me is such that I cannot withhold from the proprietors this expression of my gratitude."

DISEASE OF THE LIVER is far more common than is generally supposed; and, indeed, it is possible for serious disease of that organ to exist without any well defined symptoms whatever. Comparatively few are constantly free from all irregularities of the Liver, and more particularly Biliousness.

The remarkable properties of Northrop & Lyman's Vegetable Discovery in restoring the Liver from the various affections to which it is subject, such as Biliousness, Jaundice, Congestion, Inflammation, etc., are surprising to all who witness their effects.

Mrs. H. Hall, Navarino, N. Y., writes:—"For years I have been troubled with Liver Complaint. The doctors said my Liver was hardened and enlarged. I was troubled with Dizziness, pain in my right shoulder, constipation, and gradually losing flesh all the time. All food soured on my stomach, even with the closest attention to diet. I was under the care of three physicians, but did not get any relief. A friend sent me a bottle of Northrop & Lyman's Vegetable Discovery, and it affords me much pleasure to inform you that the benefit I have received from it is far beyond my expectation. I feel better now than I have done for years."

FOR 30 YEARS.

Mrs. L. Squire, Ontario Steam Dye Works, Toronto, says:—"For about 30 years I have doctored for Liver Complaint and Dyspepsia without getting any cure. I then tried Northrop & Lyman's Vege-

THE telephone operator has a perpetual holler-day.

IRELAND is said to be gifted with a cow that can talk. One morning, as Dick was milking her, she turned and said a Bible word. What was it? Milk-aisy-Dick (Melchisedeck).

At a recent examination of children under thirteen years of age attending the London Board Schools, the following replies were given in answer to the questions asked:—

"Write a short account of the conquest of Ireland." "The conquest of Ireland was begun in the year 1170, and is still going on."

"Name some of the leading events in the life of Lord Nelson." One lad begun his answer with these words: "Mr. Nelson was a sailor; the king made him a lord, which pleased Mrs. Nelson very much."

"What is a compound sentence?" "A compound sentence is a sentence about many things in general, and about nothing in particular."

"Why was the ark of bulrushes, in which Moses was put, daubed with slime and with pitch?" "To make him stick inside," was the ready reply of a little boy.

ANXIOUS DAUGHTER: "Mother, did papa have his salary increased when he was married?"

Omaha matron: "No, my child."

"I don't suppose he had any money saved up, did he?"

"Not a penny; he spent all he earned."

"Did you get along comfortably?"

"We were very happy."

"Well, you know, George hasn't been able to save a cent, but—"

"See here; if that poverty-stricken fellow dares to show his face here again, I'll get your father to kick him out!"

HE FORGOT.—The following story of an absent-minded clergyman is strictly true:

When the hour for his marriage drew near the prospective groom was not to be found. A friend found him in his study busily engaged in writing a sermon.

"Do you know what day this is?" was his visitor's first sharp question.

"Oh, yes; Wednesday," was the quiet answer.

"But what Wednesday?"

"Why, the day of the month is—," replied the clergyman, reading the date and the month from the calendar.

"But don't you happen to remember that something very important is to happen to-day—something like a wedding, for instance?"

"Well, I declare!" exclaimed the clergyman, jumping to his feet. "Ask them to wait for me." The ceremony was just one hour behind the set time.

table Discovery, and the benefits I have received from this medicine are such that I cannot withhold this expression of my gratitude. It acts immediately on the Liver, and its good effects are noticed at once. As a Dyspepsia remedy I don't think it can be equalled."

FEMALE WEAKNESS.

If the atmosphere we breathe is deficient in oxygen, the Blood is only partially purified; and if this deficiency of oxygen is made up with carbonic acid poison, which is just the condition of the atmosphere in close warm rooms, the Blood, not only being but partially purified in the lungs, but also receiving poison from the atmosphere, is returned loaded with a variety of poisonous constituents to every part of the entire body, and the consequence is, the universal health receives a broadside volley. The whole system becomes languid and weak, every fibre loose and lax. The most susceptible pores, channels and ducts choked up, Leucorrhoea, or whites, frequently supervene, Digestion and Assimilation are impaired, and Female Weakness is established. The Blood becomes Impoverished, various functions may become deranged, and the foundation is laid for a train of symptoms or diseases, the pangs of which tongue cannot express, and which often terminate in Consumption.

You can now readily understand how the atmosphere in close warm stove rooms induces Female Weakness. The inmates are constantly exhaling the natural poison from the lungs, and inhaling, or consuming the oxygen, until the atmosphere, deficient in oxygen, is loaded with poisonous properties, and consequently the Blood with Impurities, a large proportion of which, in a female, have a peculiar tendency to establish the disease in question. Add to these destroying influences, the debilitating effect of constant heat, and need you wonder at the frequency of the disease in the present age?

Treatment.—We are pleased to inform you that for this malady, which has been the source of untold misery, and so seldom cured, we are able to offer you, in Northrop & Lyman's Vegetable Discovery a remedy that Purifies the Blood and cures the disease. Take sufficient of it to regulate the bowels, producing two healthy operations in the day. There is no disease, or complaint, in which the Vegetable Discovery gives quicker relief, or is more effective in its cure than in what is termed Female Weakness.

SEVEN YEARS OF SUFFERING,

A lady in Syracuse writes: "For about seven years before taking Northrop & Lyman's Vegetable Discovery, I suffered from a complaint very prevalent with our sex. I was unable to walk any distance, or stand on my feet for more than a few minutes at a time, without feeling exhausted; but now, I am thankful to say, I can walk two miles without feeling the least inconvenience. For Female Complaints it has no equal."

EGGS.—Skin and parboil them; cleanse the back bone of all coagulations; cut them in pieces about 3 inches in length; dip in flour and cook in pork fat brown.

LOBSTER CHOWDER.—4 or 5 lbs. lobster, chopped fine; take the green part and add to it 4 pounded crackers; stir this into 1 qt. of boiling milk; then add the lobster, a piece of butter the size of an egg, a little pepper and salt, and bring it to a boil.

TO FRY OYSTERS.—Use the largest and best oysters; lay them in rows upon a clean cloth and press another upon them, to absorb the moisture; have ready several beaten eggs; and in another dish some finely crushed crackers; in the frying pan heat enough butter to entirely cover the oysters; dip the oysters first into the eggs, then into the crackers, rolling it or them over that they may become well incrustad; drop into the frying pan and fry quickly to a light brown. Serve dry and let the dish be warm. A chafing dish is best.

BEEFSTEAK AND OYSTER PIE.—Beat the steak gently with a rolling pin, and season with pepper and salt. Have ready a deep dish lined with not too rich a pastry. Put in the meat with layers of oysters; then the oyster liquor with a little mace, and a teaspoonful catsup; cover with top crust and bake. Veal will do as well as beef.

TOMATO CATSUP.—Pour boiling water on the tomatoes; let them stand until you can rub off the skin, then cover them with salt and let them stand 24 hours. Then strain them, and to 2 quarts put 3 oz. cloves, 2 oz. of pepper and 2 nutmegs. Boil 1/2 an hour, then add a pint of wine.

CLAM FRITTERS.—12 clams chopped or not; 1 pt. milk; 3 eggs; add liquor from clams; salt and pepper, and flour enough for thin batter. Fry in hot lard.

BOILED FOWL.—Take a young fowl and fill the inside with oysters; place in a jar and plunge into a kettle of water; boil for 1 1/2 hours; there will be a quantity of gravy in the jar from the juice of the fowl and the oysters; make this into a white sauce with the addition of egg, cream or a little flour and butter; add oysters, or serve up plain with the fowl. This is very nice with the addition of a little parsley to the sauce.

ROAST TURKEY OR CHICKEN.—Having picked and drawn the fowls, wash them well in 2 or 3 waters; wipe them dry; dredge them with a little flour inside and out, and a little pepper and salt; prepare a dressing of bread and cracker crumbs, fill the bodies and crops of the fowls and then bake them from 2 to 3 hours; baste them frequently while roasting; stew the giblets in a saucepan; just before serving, chop the giblets fine; after taking up the chicken, and the water in which the giblets were boiled, add the chopped giblets to the gravy of the roast fowl; thicken with a little flour, which has been previously wet with the water; boil up, and serve in a gravy-dish. Roast chickens and turkey should be accompanied with celery and jellie.

TO CURRY CHICKEN.—Slice an onion and brown in a little butter; add a spoonful of curry powder; allow it to remain covered for a few minutes to cook; add a little more butter and put in chicken, veal, &c., &c.; cut up small, thicken with a little flour. This is excellent.

BEEF OR VEAL STEWED WITH APPLES.—Rub a stew-pan with butter; cut the meat in thin slices, and put in with pepper, salt, and apple, sliced fine; some would add a little onion. Cover it tight, and stew till tender.

SICK HEADACHE

Is generally caused by a disordered stomach, imperfect digestion, or inactivity of the liver. If you are troubled with this distressing complaint, take **NORTHROP & LYMAN'S VEGETABLE DISCOVERY** to purify the stomach and give healthy action to the liver, and we will guarantee that the headache will be speedily and permanently removed.

Mr. S. B. Maginn, Ethel, used Northrop & Lyman's Vegetable Discovery to cure a severe bilious Sick Headache which troubled him for a long time. He thinks it an excellent medicine for all such afflictions.

HEARTBURN FOR 30 YEARS.

Mr. John McCarthy, Toronto, writes:—"I can unhesitatingly say that Northrop & Lyman's Vegetable Discovery is the best medicine in the world. It cured me of Heartburn that troubled me for over thirty years. During that time I tried a great many different medicines, but this wonderful medicine was the only one that took hold and rooted out the disease."

IF YOU ARE DESPONDENT, low-spirited, irritable and peevish, and unpleasant sensations are felt invariably after eating, then get a bottle of Northrop & Lyman's Vegetable Discovery, and it will give you relief. You have Dyspepsia. Mr. R. H. Dawson, St. Mary's, writes:—"Four bottles of Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

Mr. W. Thayer, Wright, P. Q., had **DYSPEPSIA FOR 20 YEARS**. Tried many remedies and doctors, but got no relief. His appetite was very poor, had a distressing pain in his side and stomach, and gradual wasting away of flesh, when he heard of, and immediately commenced taking, Northrop & Lyman's Vegetable Discovery. The pains have left, and he rejoices in the enjoyment of excellent health, in fact he is quite a new man.

THE BEST MEDICINE.

Mr. John Blackwell, of the Bank of Commerce, Toronto, writes:—"Having suffered for over four years from Dyspepsia and weak stomach and having tried numerous remedies with but little effect, I was at last advised to give Northrop & Lyman's Vegetable Discovery a trial. I did so with a happy result, receiving great benefit from one bottle. I then tried a second and a third bottle, and now I find my appetite so much restored, and stomach strengthened, that I can partake of a hearty meal without any of the unpleasantness I formerly experienced. I consider it the best medicine in the market for the stomach and system generally."

FRICASSEE OF CHICKEN.—Cut into joints, scald and skin, place in a stewpan, with 2 raw onions cut into 8 parts, a little chopped parsley, salt and pepper, and the least squeeze of lemon juice. Add a bit of butter as large as an egg, and fill in a pint of water. Stew for an hour under a very close lid, then lift and strain off the gravy, into which beat gradually a teacupful of cream and the yolks of two eggs; heat up the gravy, taking care that it does not boil, and pour it over the fricassee.

BEEF WITH TOMATOES.—3 lbs. fresh plate beef, second cut broiled; boil tender 2 qts. tomatoes, three cloves, plenty butter, pepper and salt; when cooked nicely and thick, strain through a colander and pour over your beef and serve hot or cold.

ROAST BEEF.—Prepare for the oven by dredging lightly with flour, and seasoning with salt and pepper; place in the oven and baste frequently while roasting. Allow a $\frac{1}{2}$ of an hour for a pound of meat, if you like it rare; longer if you like it well done. Serve with a sauce, made from the drippings in the pan, to which has been added a tablespoon of Harvey or Worcestershire sauce, and a tablespoon of tomato catsup.

YORKSHIRE PUDDING.— $1\frac{1}{2}$ pints milk, 6 large tablespoonfuls flour, 3 eggs, 1 saltspoonful salt; bake under the meat for $1\frac{1}{2}$ hours.

BEEF OR VEAL LOAF.—3 lbs. of meat chopped fine with $\frac{1}{2}$ lb. salt pork, 6 Boston crackers powdered fine, 1 sheet of Cooper's isinglass dissolved in a coffee-cup warm water, 1 tablespoon of butter, 1 teaspoon salt, and 1 of pepper, 1 of powdered cloves, or a nutmeg grated. Mix well together with 2 eggs; bake 1 hour. This will slice well when cold.

TO BOIL A LEG OF VEAL OR MUTTON.—Make a stuffing of bread and a quarter as much of salt pork, chopped fine and seasoned with sweet herbs, pepper and salt. Make deep gashes, or, what is better, take out the bone with a carving-knife and fill up with stuffing, and sew up the opening with strong thread. When there is a flap of flesh lap it over the opening and sew it down. Put it into a large pot and fill it with water, putting in a tablespoonful of salt, and let it simmer slowly 3 hours. If it is needful to add water pour in boiling water.

A LA MODE BEEF.—Take a piece of beef 4 or 5 inches thick, and with a knife make small holes entirely through it at slight distances apart. Then take strips of fat salt pork, roll them in pepper and cloves. Lay on a pan, cover closely, and put over in a steamer, and steam for 3 hours. When done thicken the gravy in the pan with a little flour. This is excellent when eaten as cold meat.

MOCK DUCK.—Take the round of beefsteak, salt and pepper either side; prepare bread or crackers with oysters or without, as for stuffing a turkey; lay your stuffing on the meat; sew up and roast about an hour; and if you do not see the wings and legs you will think you have roast duck.

BEEF OMELET.—4 lbs. round beef, uncooked, chopped fine; 6 eggs beaten together; 5 or 6 soda crackers rolled fine, little butter and suet, pepper, salt, and sage, if you choose; make two loaves, roll in cracker; bake about an hour; slice when cold.

OXFORD SAUSAGE.—Take 1 lb. young pork, fat and lean, without skin or gristle, 1 lb. lean veal, 1 lb. beef suet chopped very fine together. Put in $\frac{1}{2}$ lb. bread crumbs, 6 sage leaves, a teaspoon pepper and 2 of salt, some thyme, marjoram and savory shred fine. Mix well together.

LIKE A NEW MAN.

Mr. Henry Graham, Wingham, writes us: "For fifteen years I have suffered with Indigestion, and during that time I could get nothing to give me relief, although I tried a great many different kinds of medicine recommended for that complaint. I now feel like a new man, and this wonderful change has been accomplished by the use of four bottles of Northrop & Lyman's Vegetable Discovery. To me it has been a valuable medicine."

Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia, that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure after trying many other medicines."

Mr. R. H. Dawson, St. Mary's, writes: "Four bottles of Northrop & Lyman's Vegetable Discovery entirely cured me of Dyspepsia; mine was one of the worst cases. I now feel like a new man."

Mr. R. A. Harrison, Chemist and Druggist, Dunnville, Ont., writes: "I can with confidence recommend Northrop & Lyman's Vegetable Discovery for Dyspepsia, Impure Blood, Pimples on the Face, Biliousness and Constipation,—such cases having come under my personal observation."

USE IT IN THE SPRING AND SUMMER MONTHS.

By taking this medicine in the Spring and Summer, you will derive more benefit from it than at any other time of the year. The BLOOD is then more IMPURE, and the system run down by the severity of our climate, and requires some good tonic and laxative medicine to give it tone and remove the impurities, which, if not attended to, find their way out in Pimples, Blotches, Boils, Scrofula, and other eruptions of the skin. One bottle of this excellent medicine will generally be found sufficient to remove the impurities, and save you much sickness and expense. It will invigorate the whole system, improve the appetite, stimulate and tone the digestive organs, and eradicate all malaria from the system.

When one of the organs of the body is diseased all the rest sympathize with it, and to radically and permanently cure the disease of that organ, we must have a remedy compounded of a variety of medicines possessing a variety of properties that will purify the blood as well as permeate, clear up, and strengthen every organ in the body. Such a panacea is to be found in Northrop & Lyman's Vegetable Discovery and Dyspeptic Cure.

Sold by all medicine dealers at \$1 per bottle.

NORTHROP & LYMAN CO.,

Toronto, Proprietors.

A relative beauty—A pretty cousin.
Stuffed owls are in great demand. So is the "owld stuff."

What sort of legging would you explore the Nile with? All-gaiters.

The man who will set up the drinks can always find somebody to put them down.

Insurance agents called assurance agents in England. They know what's what in England, don't they? They call spade a spade.

Customer (to book clerk)—"Do you have 'Night Thoughts?'" Salesman—"No, marm, I have to work so hard at times, I sleep powerful sound."

A colored man went into a Galveston newspaper office and wanted to subscribe to the paper. "How long do you want it?" asked the clerk. "Just as long as it is, boss; if it don't fit the shelves, I kin tear a piece off myself."

The tramp's distaste for work may be very much exaggerated. You will always find him ready to mow the lawn in winter or shovel snow in summer.

Who was the most successful financier mentioned in the Old Testament? Noah, because he successfully floated a limited company when all the rest of the world was in liquidation.

"I hope you will be lenient with me, judge," said the thief, as he stood up to be sentenced; "I have a good many dependent on me for their support." "Children?" asked the judge. "No. Police detectives."

A pretty maiden fell overboard and her lover leaned over the side of the boat as she rose to the surface and said: "Give me your hand." "Please ask papa," she said, as she sank for the second time.

Young lady, writing a love-letter for the kitchen-maid: "That's about enough now, isn't it?" Kitchen maid: "One thing more miss; just say 'please excuse bad spellin' and writin'."

ILLUSTRATING AN OATH.—Teacher—"Johnnie, do you know the nature of an oath?"

Johnnie—"Yes'm. It is something that a man gives when he wants to be believed."

Teacher—"That's right. Now let us have it illustrated. Johnnie, suppose your father should swear to your mother that he would be at home at ten o'clock in the evening. Where would he be at that hour?"

Johnnie—"In Tim Doogan's bar-room."

"Well, that man was big and no mistake," observed Snaggs, after he had read to his wife that a civil engineer of Halifax was 7 feet 10 inches high and weighed 680 pounds.

"Yes," replied his wife; "and isn't it a good thing he is a civil engineer?"

"I don't see what that has to do with it."

"Don't you? Why, you see if he were quarrelsome instead of civil he'd be a nuisance."

An intoxicated man saw two cars passing him, the other evening, with red and blue lights in the front and rear. His fuddled brain comprehended colored lights, and he was heard to say to himself, "Must be pretty sick—sickly here; they are running drug stores round on wheels."

Brown: "Why don't you spread your umbrella?"

Coles: "Well, to tell you the truth, I'm afraid some one in the crowd will recognize it."

Brown: "Then why do you carry it?"

Coles: "Afraid some one will call for it while I'm out."

THERE is no known remedy equal to this for the relief and cure of Asthma. It has given relief when the sufferers have tried everything they have heard of for the cure of that dreadful disease.

It will remove that distressing tightness of the chest so well known to asthmatics. It will remove the difficulty experienced in breathing. It will soothe the patients into a calm and natural sleep, and if they have had to sleep in an erect position to keep from suffocating, Kellogg's Asthma Remedy will remove the difficulty, and they can refresh and invigorate their bodies by reclining on their beds. For Hay Fever, Bronchitis, Catarrh, Cold in the Head, etc., this remedy has been found of great value.

WHOOPIING COUGH has been cured by the use of Dr. Kellogg's Asthma Remedy. Some bad cases have been cured by burning a small quantity of it in the room for two or three nights after the little sufferers had retired.

WHAT IT HAS DONE.

Mr. Wm. H. Smith, Cottam, writes:—"Kellogg's Asthma Remedy never fails to give me instant relief."

Mr. J. Mooney, Mimico, says:—"It is the only thing that gives me relief."

Mrs. G. Davidson, Havelock, writes:—"I have used Kellogg's Asthma Remedy and found it an excellent article."

Mr. Thos. Mehan, Algonquin, writes:—"It is just the thing for Asthma."

Mr. Geo. Faulkner, West Jeddore, N.S., writes:—"Kellogg's Asthma Remedy gave me immediate relief. I suffered for years with that disease, and this is the first relief I have received. All who are suffering from this disease will receive a sure cure by following the directions."

Mr. M. E. McLeod, Dickinson, D.T., writes:—

"I used Kellogg's Asthma Remedy, and it has done wonders for me."

Mr. Christopher Rhode, Mitchell, writes:—"I tried a box of Dr. Kellogg's Asthma Remedy, and would say to all parties afflicted with Asthma that it is the best thing I ever used for it; after inhaling I can go to bed and sleep all night, something I had not done for years before."

Dr. R. C. Caldwell, Bloomfield, Ky., writes:—"I have been practicing medicine for ten years, and one package of Dr. J. D. Kellogg's Asthma Remedy has given me more satisfaction than anything in its line I have ever tried. I have used it on my little boy for Phthisis, and it gave him great relief."

Sold by all medicine dealers; small boxes, 25c., large boxes \$1.

One might as well be out of the world as be loved by nobody in it.

There is heraldry among beggars, even. Many of them has a coat of arms.

There may not be much music in a horse, but he generally knows when he strikes the keenoat.

TAKING pictures after dark has been successfully tried in Montreal. A photographer is offering a reward for the scoundrel who did it.

Why is a hungry boy looking at a pudding like a wild horse? Because he would be all the better if he had a bit in his mouth.

To call a base ball player who has made a home run a brick, is something every one can appreciate, for we have all seen a brick bat.

You would not, perhaps, expect it, but it is a fact, that well water will sometimes make people sick.

A new story is entitled: "After Many Years." That's what a good many people are after.

"That's a pretty bird, grandma," said a little boy. "Yes," replied the old dame, "and he never cries." "That's because he's never washed," rejoined the youngster.

The song, "I am weary to-night, love, without thee," was composed by a man whose wife had left him to take care of the children while she went to the theatre with one of the neighbors.

It is said that American babies swallow 1,500 thimbles annually. This may account for the surprising amount of brass noticed in the composition of the grown-up American baby.

If twice eleven is twenty two, how can twice ten be twenty too?"

Why is the first chicken of a brood like the main mast of a vessel? Because it is a little forward of the main hatch.

Leading out of the village of Hope, N. J., is a covered bridge, upon which is written:—"Who enters here leaves Hope behind."

"It is remarkable that you are always forgetting my name," said a quasi-acquaintance named Flint. "Why," said Quill, "it is a very hard name to remember."

"Aw—I say," said an Englishman to a Canadian, "what are your militia called over heah?" "They are sometimes called out," was the reply.

DARLEY'S CONDITION POWDERS AND ARABIAN HEAVE REMEDY.

Are your Horses or Cattle lean or poor, having no appetite, or do they devour their food ravenously, yet derive no benefit from it? If so, they require your attention. Give them Darley's Condition Powders according to directions, and they will soon be brought to a healthy condition.

It first acts gently upon the bowels and then on the liver and lungs, and removes all obstructions therefrom, purifying the blood and enabling all the organs to do their work without overtaking any.

FOR HIDE-BOUND it is a complete success. In a very short time the disease will disappear under its operation, and a sleek and shining coat will follow.

For Heaves, Coughs, Colds, and all diseases, which affect the wind of Horses, it has no equal.

As a **CONDITION MEDICINE** for Horses, Cattle, Sheep, Pigs, Poultry, etc., it is a decided success.

It is gratifying to know that it has been thoroughly tested and has proved itself worthy the confidence reposed in it by all stock-raisers. We know of no article which has given such general satisfaction and which has been so largely sold. It has not lost any of its original virtues, but still possesses those wonder-working properties which have rendered it so popular, and constrains those who have once used it not to use any other when it is possible to procure it. It never fails to give satisfaction, and no one who owns a horse or fattens cattle should be without it, or will be when made acquainted with its virtues.

As a spring and fall medicine it is safe and thorough, and will not injure a horse whether sick or well, and can be given at all times without interfering with his work.

NORRTHROP & LAMAN CO., Proprietors,
Price 25 cents. Toronto.

VEGETABLE SALAD.—Take cold vegetables left from dinner, such as potatoes, peas, string beans, shell beans, beets, etc., and chill them on the ice; cover with mayonaise, and serve. You may use for this any salad dressing.

DRESSING FOR SALAD.—2 raw eggs, 1 tablespoon butter, 8 tablespoons vinegar, $\frac{1}{2}$ teaspoon mustard; put in a bowl over boiling water and stir until it becomes like cream; pepper and salt to your taste.

EGG SAUCE.—Prepare drawn butter, and to this add 3 or 4 hard-boiled eggs sliced or chopped.

FISH SAUCE.— $\frac{1}{2}$ lb. fresh butter; 1 tablespoon of finely chopped parsley, a little salt and pepper and the juice of 2 lemons. Cream the butter; mix all well together, adding at the least a teaspoon of mayonaise. Less lemon juice may be used if preferred.

CELERY VINEGAR.—Soak 1 oz. of celery seed in half a pint of vinegar; bottle it and use to flavor soups and gravies.

SPICED CURRANTS.—6 lbs. currants or gooseberries, 5 lbs. sugar, $\frac{1}{2}$ pint vinegar; spices, cloves, and cinnamon. Boil till thick.

PICKLED PLUMS.—To 7 lbs. plums, 4 lbs. sugar, 2 oz. stick cinnamon, 2 oz. cloves, 1 quart vinegar, add a little mace; put in the jar first a layer of plums, then a layer of spices alternately; scald the vinegar and sugar together, pour it over the plums; repeat three times for plums (only once for cut apples and pears), the fourth time scald all together; put them into glass jars and they are ready for use.

GREEN TOMATO PICKLE.—Cut $\frac{1}{2}$ peck green tomatoes and 6 large onions into thin slices; let them remain in salt and water over night; then pour off the brine and put them in a preserving kettle with 4 tablespoons sugar, 4 of the best mustard, 2 teaspoons of ground cloves, 2 of cinnamon, 1 of cayenne pepper, and one of curry powder, and let them simmer for 1 hour; then put them in stone or glass jars.

FRENCH TOMATO PICKLE.—1 peck green tomatoes, 6 onions nicely sliced; sprinkle 1 teacup salt over and stand all night; then drain well and scald in weak vinegar 10 or 15 minutes; drain again and scald with 2 quarts strong vinegar, 1 lb. sugar, 2 tablespoons curry powder, 2 tablespoons turmeric, 2 teaspoons each cinnamon, cloves, allspice, and mustard; simmer all together slowly a few minutes. It is a beautiful rich pickle.

BRINE THAT PRESERVES BUTTER A YEAR.—To 3 gallons of brine strong enough to bear an egg, add $\frac{1}{2}$ lb. good loaf sugar, and 1 tablespoonful of saltpeter; boil the brine, and when it is cold strain carefully. Pack butter closely in small jars and allow the brine to cover the butter to the depth of at least 4 inches. This completely excludes the air. If practicable make your butter into small rolls, wrap each carefully in a clean muslin cloth, tying up with a string; place a weight over the butter to keep it all submerged in the brine. This mode is most recommended by those who have tried both.

CHOW-CHOW.—2 heads cabbage, 2 heads cauliflower, 1 doz. cucumbers, 6 roots cel. v, 6 peppers, 1 qt. of small white onions, 2 qts. green tomatoes; cut into small pieces, and boil each vegetable separately until tender, then strain them. 2 gallons of vinegar, $\frac{1}{2}$ lb. mustard, $\frac{1}{2}$ lb. mustard seed, 1 pot French mustard, 1 oz. cloves, 2 oz. turmeric; put the vinegar and spices into a kettle and let them come to a boil; mix the vegetables and pour over the dressing.

For the Cure of all Diseases of the Eye, such as Inflammation, Films, Opacities, Specks, Abnormal Growths on the Mucous Surface, and Gangrene.

To describe the diseases to which the eye is subject would require more space than we have at our disposal. They are numerous and sometimes very difficult to treat and should only be treated by those who have a thorough knowledge of medicine. You should never use eye water, wash, or salve, that has not been prepared by an experienced chemist. Using home-made eye medicines is poor economy, as you run the risk of destroying that sensitive, complex and beautiful structure, the "Window of the Soul."

Dr. J. D. Kellogg's Eye Water promptly stops inflammation, cools and soothes the diseased parts, strengthens the sight and restores the organ to a natural healthy action.

This most excellent medicine stands at the head of the list of remedies for the cure of sore eyes. It has been on the market for a number of years, and we have never had one complaint against it, nor has it come to our knowledge one instance in which it has failed to effect a complete cure where the directions were followed.

DO NOT SUFFER the loss of your sight, or go day after day with sore and inflamed eyes, when you can get a pleasant and cooling lotion in **DR. KELLOGG'S EYE WATER** for 25 cents per bottle. Try it without delay.

Mr. James Hendry, Stewart's Bay, Ont., writes: "I received Dr. Kellogg's Eye Water, and am glad to say that it has done me a great deal of good. It soon removed the inflammation, and is gradually removing the film. It is much easier on the eye than any other remedy I have ever tried. I will recommend it to anyone I meet with suffering from sore eyes, etc."

Notice the name, "Dr. J. D. Kellogg's Eye Water," prepared only by Northrop & Lyman Co., Toronto. Sold by all medicine dealers, 25cts. per bottle.

BEEF CROQUETTES.—Chop fine some cold beef, beat 2 eggs and mix with the meat and add a little milk, melted butter, and salt and pepper. Make into rolls and fry.

SCRAMBLED EGGS.—Beat up 6 eggs with 2 oz. butter, 1 tablespoonful cream, a little chopped parsley, and salt; put all in a saucepan, and keep stirring over the fire until it begins to thicken, when it should be immediately dished on buttered toast.

FRENCH TOAST.—To 1 egg thoroughly beaten, put 1 cup sweet milk and a little salt. Slice light bread and dip into the mixture, allowing each slice to absorb some of the milk; then brown on a hot buttered griddle; spread with butter and serve hot.

FRENCH OMELET.—1 cup boiling milk, with 1 tablespoon butter melted in it; pour this on 1 cup bread crumbs (the bread must be light); add salt, pepper, and the yolks of 6 eggs well beaten; mix thoroughly; and lastly, add the 6 whites cut to a stiff froth; mix lightly and fry with hot butter; this will make 2; when almost done, turn together in shape of half moon.

BREAKFAST GEMS.—1 cup sweet milk, $\frac{1}{2}$ cups flour, 1 egg; 1 teaspoon salt, 1 teaspoon baking powder; beaten together 5 minutes; bake in hot gem pans in a hot oven about 15 minutes.

POTATO CAKE.—Crush cold boiled potatoes with butter and salt; mix in a small proportion of flour and a little yeast (the last may be omitted at pleasure), and with milk work the whole to the consistency of very firm dough; roll it out to the thickness of $\frac{1}{2}$ or 2 inches; cut it out the size of your frying pan, previously greased, and in it lay your cake after flouring it all over; bake covered with a plate, shake and shift it a little from time to time to prevent burning; when half done turn it, and cover with a plate again.

RICE FRITTERS.—Boil 3 tablespoonfuls of rice until it swells to the full size, then drain quite dry and mix with it 4 eggs well beaten, $\frac{1}{2}$ lb. currants and a little grated lemon peel, nutmeg and sugar to the taste; stir in as much flour as will thicken it, and fry in lard.

CANDY.— $\frac{1}{2}$ lb. sugar, $\frac{1}{2}$ cup syrup, butter the size of a walnut; add little water to the syrup, and have the sugar thoroughly dissolved; to try it drop a spoonful in a glass of ice water, if brittle, it is done.

CANDY CARAMELS.—1 pint cream, 1 lb. sugar, 1 cup butter, $\frac{1}{2}$ cup chocolate, 1 cup molasses.

PEACH BUTTER.—Take pound for pound of peaches and sugar; cook peaches alone until they become soft, then put in $\frac{1}{2}$ the sugar, and stir for $\frac{1}{2}$ hour; then the remainder of sugar, and stir $\frac{1}{2}$ hour. Season with cloves and cinnamon.

BLACK CURRANT JAM.—Pick the currants carefully, and take equal quantities of fruit and sugar. Pounded loaf-sugar is best. Dissolve it over or mix it with the currants. Put in a very little water or red-currant juice, boil and skim for 25 minutes.

CURRANT JELLY.—Jam and strain the currants; to each pint of juice add 1 lb. sugar; boil the juice 15 minutes without sugar, and the same time after it is in; strain into glasses. When pouring hot fruit or jelly in cans or glasses, wring a towel out of cold water, lay it on a table, and set the cold cans upon it, pouring the boiling fruit into them.

THE PERILS OF BOARDING.—"You look thoughtful to-night, Dumley," remarked Featherly, as he stretched himself on the bed.

"Yes," sighed Dumley, "I've just got a note from the landlady."

"What does she say?"

"She says that I must pay my back board at once; or her daughter will sue me for breach of promise. I'm thinking what I'd better do."

"Whew!" exclaimed Crimsofbeck, surprised on entering his sleeping apartment to find his wife waiting for him the other morning at two o'clock, "those stairs almost take my breath away."

"Well, I wish they would," replied his displeased wife, catching the odor of the club-man's evening beverage.

Waiter—"What will you have, miss?"

Customer (looking over the restaurant bill of fare)—"Permit me to cogitate. In the correlation of forces it is a recognized property of atomic—"

Waiter (shouts across the hall to head-server)—"Baked beans for one."

A witness in a late divorce suit kept saying that the wife had a very retaliating disposition—that she retaliated for every little thing. "Did you ever see her husband kiss her?" asked the wife's counsel. "Yes, sir, often." "Well, what did she do on such occasions?" "She always retaliated, sir."

A PECULIAR TASTE.—They were speaking of a Buffalo bride's trousseau:

"Were her robes made in Paris?" one asked.

"Oh, no," another said; "they were all made in Buffalo. She takes pride in wearing nothing but Buffalo robes."

Husband and wife are playing cards. Wife: "Let us play for something." Husband: "Well, what shall it be?" Wife: "Let us play for a new silk dress. If you lose, I'll pick out the dress, and if I lose you can pick it out; but it mustn't cost less than \$100."

WORTH REMEMBERING.—The great secret of avoiding disappointment is not to expect too much. Despair follows immoderate hope, as things fall hardest to the ground that have been nearest to the sky.

"Everything is as regular as clock-work about my house," said Brown, who was showing the splendors of his new residence to some of his friends. "Yes," said Fogg, it is tick, tick, all the time, I suppose."

"Mr. Smithers, how can you sleep so? The sun has been up these two hours." "Well, what if he has?" said Smithers. "He goes to bed at dark, while I'm up till after midnight."

Two commercials having carried on an argument to rather high words, one said: "I never give away to a fool." The other replied, "I do," and immediately retired.

The most bitter opponents of monopolies are those who didn't buy stock in them when it was for sale.

Our slang contributor says that there is not a disease known that will get a bulge on a man quicker than the mumps.

Much of the so-called mining stock might better be called undermining stock, since it undermines public confidence.

The toboggan is only an elaboration of the banana skin principle.

The best way to make a rice pudding:—The milky way.

DR. THOMAS' ECLECTRIC OIL.

A SURE AND CERTAIN REMEDY.

THIS celebrated chemical compound is the result of an extensive experience with regard to the curative powers of all the known medical agents, and of a theoretical and practical knowledge of the various chemical affinities brought into play in their combinations. By careful investigation and laborious research, the ingredients—having been selected with special reference to their different virtues and peculiar powers—are so combined as to form a perfectly homogeneous compound, possessing, through its wonderful efficacy and manifold healing influences, an adaptedness to a wide circle of disease.

ADVERTISING ITSELF wherever it goes by the wonderful and gratifying effects which it produces, this sterling medicinal preparation, Dr. Thomas' Electric Oil, is winning "golden opinions" in all parts of the Dominion.

Among the pains and aches cured with marvellous rapidity by Dr. Thomas' Electric Oil is Ear-ache. The young are especially subject to it, and the desirability of this Oil as a family remedy is enhanced by the fact that it is admirably adapted not only to the above ailment, but also to the hurts, disorders of the bowels, and affections of the throat, to which the young are especially subject.

A NEGLECTED COUGH brings on Consumption—the most fatal and prevalent of all the physical ills that flesh is heir to. To check the malady in its early stage, before the deadly tubercles develop themselves in the lungs, use Dr. Thomas' Electric Oil, which also annihilates Bronchitis, Asthma, Catarrh, Piles, and Kidney Troubles, Soreness of the Muscles or Joints, and all External Hurts.

FULLY REALIZED.—James Cullen, Pool's Island, N.F., writes: "I have been watching the progress of Dr. Thomas' Electric Oil since its introduction to this place, and with much pleasure state that my anticipations of its success have been fully realized, it having cured me of Bronchitis and soreness of nose; while not a few of my rheumatic neighbors (one old lady in particular) pronounce it to be the best article of its kind that has ever been brought before the public. Your medicine does not require any longer a sponsor, but if you wish me to act as such I shall be only too happy to have my name connected with your prosperous child."

DR. J. D. KELLOGG'S DYSENTERY CORDIAL

A SURE CURE FOR

Dysentery, Diarrhoea, Cholera, Gripping Pains in the Bowels, Summer Complaints, Children Teething, Sea Sickness, Etc.

VERY many persons die annually from cholera and kindred summer complaints who might have been saved if proper remedies had been used. Some persons have periodical attacks of Cholera or Dysentery, and have always to use discretion in their diet or the dreadful attacks will come on.

Thousands of children are carried off annually by summer complaints, which are so quick in their action, that the cold hand of death is upon the victims before we are aware that danger is near. The strongest man has to reel under its iron grasp, and the young and delicate soon fall a prey to its havoc.

IF ATTACKED do not delay in getting the proper medicine. Try a dose of Dr. J. D. Kellogg's Dysentery Cordial and you will get immediate relief. It acts with wonderful rapidity and never fails to effect a cure. Those who have used it pronounce in the strongest terms in its favour. They say it acts promptly and thoroughly subdues the pain and disease. No one need fear Cholera if they have a bottle of Dr. J. D. Kellogg's Dysentery Cordial and use it on the first appearance of that dreadful scourge.

Mr. E. D. Newton, Toronto, writes: "I have used Dr. J. D. Kellogg's Dysentery Cordial and found it the best medicine I ever used for Diarrhoea."

Mrs. Stack, Toronto, writes: I have much pleasure in saying that four doses of Dr. J. D. Kellogg's Cordial cured me of a very severe attack of Cholera Morbus. I never saw anything act so quick in subduing the pain and stopping the purging.

Mr. George Smedley, Toronto, says Dr. Kellogg's Dysentery Cordial cured him of Cholera Morbus.

Mr. J. J. Doyle, Sackville St., Toronto, writes: I am pleased to testify to the excellence of Dr. J. D. Kellogg's Dysentery Cordial, and would not be without it. I was very ill with cramps and could not get anything to relieve me until I was advised to use the Cordial, which gave me instant relief.

Sold by all Medicine dealers. Price 25 cents.

NORTROP & LYMAN CO., Toronto,

A brilliant wedding—The marriage of a red-headed couple.

Does an actor always act in a friendly spirit when he takes an actor's part?

Grandmamma (encouragingly):—"And what will you be, Harry, when you grow up?"

Harry:—"Please, grandma, I'd like to be an organ grinder with a monkey."

It is strange that some women will cling to a Jersey and yet faint at that breed of cows.

Like the earth, many a man's political aspirations are flattened at the polls.

Potato balls are not much different from dancing parties in general. The first thing to think about is the mashing.

"Pa, what is an optimist?" "An optimist, my boy, is a man who can laugh when his gum overshoe is left sticking in the mud in the middle of the street."

Nellie has a four year old sister Mary, who complained to mamma that her "button shoes" were hurting. "Why, Mattie, you've put them on the wrong feet." Puzzled, and ready to cry, she made answer, "What'll I do, mamma? They's all the feet I've got."

It is observed that there is one train a lady never misses. That is the one her husband helps her to catch when she is going into the country without him.

Some papers think it would be very pleasant if everyone should mind their own business. Yes, pleasant, but terribly dull.

The difference between a parrot and a politician is that the parrot will stick to what he says.

Talk about women lacking courage. Why the report of the discovery of poisonous ice cream has hasn't scared a single girl away from the saloons.

A groundless scare—Henry George's land theories to a man who hasn't any land.

It is strange that whenever some young ladies began to play on the piano many of the audience commence to talk. One touch of discord makes the whole party chin.

The donkey never suffers from softening of the brayin'.

In the matter of diet a boiled egg is hard to beat.

An exchange says that women invented sin. Well, if she did, man added all the improvements.

There are some men who think themselves so important that at a funeral they even envy the corpse the attention paid it.

Smithers says it is rheumatism, but it isn't! It is the result of having in an unguarded moment offered to "boost" the girls at the picnic swing, and being kept at it for six mortal hours while the other fellows ate up the watermelons.

An old toper at the seaside always eats the saltiest fish he can get for breakfast, because, he says, it gives him a thirst all day that he wouldn't take ten pounds for.

A common brick, if very dry, will absorb a quart of water. The perfect brick of the human variety, however, although he is always very dry, wouldn't absorb a quart of water in a year's drinking. Herein is seen the superiority of mind over

WE expect to find the hair of the debilitated and sickly turn gray early in life, but they have not a monopoly of that undesired color, for it is not a rare thing to find persons with the bloom of youth upon the cheek, and the firm sprightly step of the strong and robust, with gray, and sometimes white hair.

Various causes have been assigned for this undesirable change, but generally it is impossible to account for it. All we can do is to color it to its original shade by artificial means. This can be done by the use of the

CANADIAN HAIR DYE,

a preparation that has always given perfect satisfaction.

This celebrated Dye is unequalled for changing both red and gray hair to a beautiful black or brown, as may be preferred, without in the least injuring the hair. Gentlemen will find it unsurpassed for obliterating white hair among their whiskers, and for touching up the beard or moustache to any shade or color.

It is over twenty years since the Canadian Hair Dye was first introduced, and as it has a larger sale in Canada than all other Hair Dyes combined, this, we think, is conclusive evidence that it has given satisfaction.

Unlike many other preparations, it will neither rub nor wash off, and as it is complete in itself, it is much more convenient than those requiring two separate bottles.

Prepared only by NORTHROP & LYMAN CO., Toronto. Price, 50 cents per bottle.

Inflammation of the Eyes Cured.

Mr. Jacob D. Miller, Newbury, writes: "I was troubled with Inflammation of the Eyes, so that during nearly the whole of the summer of 1882 I could not work; I took several bottles of Northrop & Lyman's Vegetable Discovery, and it gives me great pleasure to inform you that it cured me of my affliction. It is an excellent medicine for Costiveness."

IF YOUR BLOOD IS OUT OF ORDER, or if you feel languid and bilious, try Northrop & Lyman's Vegetable Discovery, and you will find it one of the best preparations in the market for such complaints.

PRESERVED PEARS.—To 6 lbs. pears, 4 lbs. sugar, 2 coffee cups water, the juice of 2 lemons, and the rind of one, a handful of whole ginger; boil all together for 20 minutes, then put in your pears and boil till soft, say about a quarter of an hour; take them out and boil your syrup a little longer; then put back your fruit and give it a boil; bottle whilst hot; add a little cochineal to give them a nice colour.

PRESERVED CHERRIES.—Stone the fruit, weigh it, and for every pound take $\frac{1}{2}$ lb. sugar. First dissolve the sugar in water in the proportion of a pint of water to $1\frac{1}{2}$ lbs. sugar; then add the fruit and let it boil as fast as possible for $\frac{1}{2}$ an hour, till it begins to jelly. As soon as it thickens, put in pots, cover with brandied paper, next the fruit, and then cover closely from the air.

ICE CREAM.—1 pint milk, yolks of 2 eggs, 6 oz. sugar, 1 tablespoon corn starch; scald until it thickens; when cool, add 1 pint whipped cream and the whites of 2 eggs, beaten stiff; sweeten, flavour, and freeze.

CHARLOTTE RUSSE.—Take 1 qt. thin cream, sweeten and flavour; whip the cream until all in froth; then take $\frac{1}{2}$ box of gelatine, put in as little cold water as possible to soak, and set on the stove to melt; have the gelatine cool before putting into the cream; have a dish already lined with cake or lady-fingers, pour the cream into it and set on ice until ready for use.

APPLE CUSTARDS.—Take 6 tart apples, pare and quarter them, put into a baking dish with 1 cup water; cook until tender, but not to pieces, then turn them into a pudding dish and sprinkle sugar over to cover them; beat 8 eggs with sugar, and mix with them 3 pints of milk, a little nutmeg; turn it over the apples, and bake 25 minutes.

MINCE PIE.—3 cups chopped cooked meat, 6 cups apples chopped fine; make moist with boiled cider and sweeten with molasses or dark sugar; spice to your taste, using cloves, cinnamon, allspice, and a very little black pepper; put currants and raisins into the pies when ready to bake.

FINE PUFF PASTRY.—1 lb. flour, a little more for rolling pin and board and $\frac{1}{2}$ lb. butter and $\frac{1}{2}$ lb. lard. Cut the butter and lard through the flour (which should be sifted) into small tin shells and mix with sufficient ice water to roll easily. Avoid kneading it and use the hands as little as possible in mixing.

HARD SAUCE FOR PUDDINGS, RICE, ETC.—Take 1 teacup sugar, $\frac{1}{2}$ teacup butter, stir together until light, flavor with wine or essence of lemon. Smooth the top with a knife and grate nutmeg over it.

BATTER PUDDING.—1 pint milk, 4 eggs, the yolks and whites beaten separately, 10 tablespoons sifted flour, a little salt; beat in the whites of the eggs the last thing before baking; bake $\frac{1}{2}$ an hour.

BOILED CUSTARD.—2 tablespoons corn starch to 1 quart milk; mix the corn starch with a small quantity of the milk and flavour it; beat up 2 eggs. Heat the remainder of the milk to near boiling, then add the mixed corn starch, the eggs, 4 tablespoons sugar, a little butter and salt. Boil it two minutes, stirring briskly.

TAPIOCA CREAM.—1 teacup tapioca soaked over night in a pint milk; in the morning add 1 quart more, and when boiled till the tapioca is clear, add the yolks of 3 eggs, well beaten, with 1 cup sugar. Beat the whites to a foam. Sweeten and flavour the whole with vanilla. This pudding is better eaten cold.

BICKLE'S ANTI-CONSUMPTIVE SYRUP

AN UNFARALLELED REMEDY FOR

**Coughs, Colds, Influenza, Asthma, Croup,
Hoarseness, Pleurisy, Bronchitis, Con-
sumption, Spitting of Blood, Whoop-
ing Cough, Diseases of the Chest
and Lungs, Shortness
of Breath, etc.**

COUGHs and colds should never be neglected, they are so frequently prognostic of some Throat or Lung Complaint.

At first it is only a slight Cold or Cough exciting no particular attention, but it does not disappear, it clings with great tenacity, or it may for a time leave only to return with greater force, and so it keeps coming and going; each time it returns with greater severity.

Its disappearance or rather periodical abatement disarms our fears of danger, and we allow it to take care of itself. This way of taking care of our bodies is worse than madness. It is just what nine-tenths of those who are dying, or have died of consumption have done—"Only a neglected cold."

It is just what gave Catarrh to all those who are suffering with that dreadful disease—a disease alarmingly on the increase, and that is baffling so many physicians. It is "a neglected cold" that causes Asthma, Bronchitis and Throat Troubles.

WE CATCH COLD by exposure, sudden changes of temperature, breathing deleterious substances into our lungs, etc., etc. Coughs and Colds are easily and effectually subdued if taken in time; then do not delay. From our experience and from the testimonials we have received from Druggists and those who have used it, we believe there is no medicine equal to

BICKLE'S ANTI-CONSUMPTIVE SYRUP

for Coughs, Colds and all the diseases which follow neglected Colds.

It is not a medicine got up for speculation, to gull the poor sufferer, who like a drowning man will catch at any straw, but it is a scientific preparation recommended by the faculty (to whom the principal ingredients of the preparation have been made known), and which is believed to be the best medicine for diseases of the pulmonary organs which has ever been presented to the public.

It was only after a series of skilful

CHEMICAL EXPERIMENTS

that the inventor was successful in extracting the active principles or virtues of several medicinal

herbs, which exert a most wonderful influence in curing Consumption, and other diseases of the

LUNGS AND CHEST.

Although there may be cases of Consumption so far advanced that this Syrup may not entirely cure, still the proprietors are confident that there is no case so bad, or of so long standing but what may be materially relieved by the use of BICKLE'S ANTI-CONSUMPTIVE SYRUP. *In recent cases it may be said never to fail.*

This medicine operates by promoting a

FREE AND EASY EXPECTORATION,

which immediately relieves and frees the Throat and Lungs from viscid phlegm by changing the secretions from a diseased to a healthy state, by uniting with a tonic power the property of calming irritation and diminishing excitability; by modifying the circulation, and enabling the Lungs to throw off the matter resulting from inflammatory action, thus giving the surface a chance to heal; by strengthening the Lungs and giving that tone to the system which counteracts the debilitating influence of disease.

Coughs, Colds, Shortness of breath, and Affections of the Chest, attended with weakness of the digestive organs, or with general debility, seem to vanish under its use.

It is so palatable that a child will not refuse it, and is put at a price that will not exclude the poor from its benefits.

FOR CHILDREN.—When Children are affected with Colds, Coughs, Inflammation of the Lungs, Croup, Quinsy, and Sore Throat, this Syrup is of vast importance. The number of deaths among children from these diseases is truly alarming. If parents wish to save the lives of their children, and themselves from much anxiety, trouble and expense, let them procure a bottle of BICKLE'S ANTI-CONSUMPTIVE SYRUP, and whenever a child has taken cold, has a cough or hoarseness, give the syrup according to directions.

IT IS NECESSARY, in order to be benefited by this medicine, to take it steadily after commencing to use it. Some have taken it once a day, then twice, then not any for two or three days; such cannot rationally expect to receive much benefit from it; but if taken regularly, it will, in all cases for which it is recommended, be eminently beneficial, and generally effect a complete cure.

EXCELSIOR.—Mr. Wm. Robinson, Teeterville, writes us: "I have sold Bickle's Anti-Consumptive Syrup for twenty years and I recommend it in every case for Coughs, Colds, Hoarseness, &c. It is the best article I have ever known and has a better reputation than any other medicine in this locality."

THE BEST.—Mr. L. W. Senesac, Stanbridge Station, P. Q., writes: "We have used Bickle's Syrup for Coughs and Colds, and do not hesitate to pronounce it a first-class article, the best we have ever used."

Mr. E. B. Stewart, Ruthven, writes: "The people think Bickle's Syrup the best medicine in the world"

VERGE OF CONSUMPTION.—Mr. A. W. Levy, Mitchell, writes: "I think BICKLE'S ANTI-CONSUMPTIVE SYRUP the best preparation on the market for Coughs and severe Colds. About six years ago I caught a severe Cold which settled on my Lungs, and for three months I had a Cough. I had a physician attending me, but gradually grew worse until I was on the verge of Consumption, and had given up hopes of being cured, when I was induced to try BICKLE'S SYRUP. Before I had taken one bottle I found myself greatly relieved, and by the time I had finished the second bottle I was completely cured. I always recommend it for severe Colds and Consumption."

Miss N. Hornbrook, Toronto, writes: "I consider Bickle's Anti-Consumptive Syrup an excellent medicine for Coughs and Colds. For a long time I was troubled with a very annoying Cough, but Bickle's Syrup cured me."

THE ONLY RELIEF.—Miss C. Cameron, Toronto, says: "I contracted a Cold, and through neglect it finally resulted in Catarrh of the Stomach, from which I suffered for two or three years. Have used 'Bickle's Syrup' for it, and find it the only medicine that gives me any relief."

Mr. G. C. Bet's, Haldane Hill, writes: "I have sold a great variety of Cough Medicines, and have sold, and used in my family, Bickle's Anti-Consumptive Syrup, and I do not hesitate or exaggerate when I say it is the best Cough Medicine I have either used or sold. Its effects are noticed immediately."

SO RAPIDLY does Lung irritation spread and deepen, that often in a few weeks a simple cough culminates in tubercular consumption. Give heed to a Cough—there is always danger in delay; get a bottle of Bickle's Anti-Consumptive Syrup, and cure yourself. It is a medicine unsurpassed for all throat and lung troubles. It is compounded from several herbs, each one of which stands at the head of the list as exerting a wonderful influence in curing Consumption and all Lung Diseases.

NORTHROP & LYMAN CO.,
Proprietors, Toronto.

Price 25c. 50c. and \$1.00 per bottle.

PUDDING SAUCE.—1 cup each butter, milk, and sugar, 3 eggs, flavour to taste.

CREAM PIE.—1 cup powdered sugar, 1 cup flour, 1 teaspoon cream tartar and $\frac{1}{2}$ teaspoon soda, 5 eggs beaten separately, grated rind of lemon. Cream: Beat in hot water $\frac{1}{2}$ pint milk; when scalding hot add $\frac{1}{2}$ cup sugar, a little salt and 1 egg beaten together; stir until thick, and when cool add one tablespoon vanilla; put between crusts.

MINCE MEAT.—2 lbs. raisins, 1 of currants, 1 of suet, $\frac{2}{3}$ of sugar, $\frac{1}{2}$ of citron, $\frac{1}{2}$ of cinnamon, 2 chopped peppercorns, 3 lemons, 2 nutmegs; wine, brandy, and cloves to taste.

LEMON PIE.—1 lemon, 1 cup sugar, $\frac{1}{2}$ a cup water, 2 eggs, 1 teaspoon butter; line your pie plate with a nice crust; pour in the above; bake in a quick oven.

PUMPKIN PIE.—1 quart of strained pumpkins, 2 quarts rich milk, 1 teaspoon salt, and 2 of ginger cooked with the pumpkins; 6 well beaten eggs, and $\frac{1}{2}$ teacups of sugar.

ROLY-POLY.—Take 1 qt. flour; make good biscuit crust, roll out $\frac{1}{2}$ inch thick and spread with any kind of fruit, fresh or preserved; fold so that the fruit will not run out; dip cloth into boiling water, and flour it and lay around the pudding closely, leaving room to swell; steam 1 or $1\frac{1}{2}$ hours; serve with boiled sauce; or lay in steamer without a cloth and steam for 1 hour.

CHOCOLATE PUDDING.—1 qt. milk, 3 tablespoons sugar, 4 tablespoons corn starch, $\frac{2}{3}$ tablespoons chocolate; scald the milk over boiling water; dissolve the corn starch in a little scalded milk, and before it thickens add the chocolate dissolved in boiling water; stir until sufficiently cooked. Use with cream, or sauce of butter and sugar stirred to a cream.

ENGLISH PLUM PUDDING.—1 lb. raisins (stoned), 1 lb. currants, 1 lb. suet very finely chopped, 1 lb. flour, 7 eggs, 2 wineglasses brandy, 3 of sweet wine, sugar and spice to taste (it may require a little sweet milk); tie it tightly in a well-floured cloth, which should be first dipped in hot water, and boil 4 hours, or it may be boiled in a pudding form.

MADIRA PUDDING.— $1\frac{1}{2}$ lbs. chopped suet, $\frac{1}{2}$ lb. bread crumbs, 6 oz. moist sugar, $\frac{1}{2}$ lb. flour, 2 eggs, 2 wineglasses sherry; mix the suet, bread crumbs, sugar, and flour well together. When these ingredients are well mixed add the eggs and 2 glasses of sherry, to make a thick batter, boil $3\frac{1}{2}$ hours; serve with wine sauce.

SUET PUDDING.—1 cup each suet chopped fine, raisins, molasses and sweet milk, 3 teaspoons baking powder; spice to your taste; 4 cups flour; mix and steam 3 hours.

BOSTON BROWN BREAD.—To make 1 loaf:—Rye meal unsifted, $\frac{1}{2}$ pint; Indian meal sifted, 1 pint; sour milk, 1 pint; molasses, half a gill. Add a teaspoon salt, 1 teaspoon soda dissolved in a little hot water; stir well, put in a greased pan, let it rise 1 hour and steam 4 hours.

OLD FASHIONED GRAHAM BREAD.—1 teacup good yeast, 1 qt. warm water, 1 teaspoon salt, 2 cups sugar, or less, one small teaspoon soda, stir in enough white winter wheat Graham flour to make it stiff enough to drop off the spoon readily, grease your bread pans, put in, and set to rise, let it get quite light, then bake in a moderate oven for $\frac{1}{2}$ hour.

THE GREAT BLOOD PURIFIER.

The great source of disease originates in the **BLOOD**, and no medicine that does not act directly upon it, to purify and renovate, has any just claim upon public attention. When the blood becomes lifeless and stagnant, either from change of weather or of climate, want of exercise, irregular diet, or from any other cause, **NORTHROP & LYMAN'S VEGETABLE DISCOVERY** will renew the blood, carry off the putrid humors, cleanse the stomach, regulate the bowels, and impart a tone of vigor to the whole body.

Why is this Medicine performing such great cures? Because it works in the **BLOOD**, the Circulating Fluid. It can truly be called the **GREAT BLOOD PURIFIER**.

A Man's Life Saved!

I would not be doing justice to the afflicted if I withheld a statement of my experience with Jaundice, and how I was completely cured by using

NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

No one can tell what I suffered for nine weeks, one-third of which I was confined to my bed, with the best medical skill I could obtain in the city trying to remove my affliction, but without even giving me temporary relief. My body was so sore that it was painful for me to walk. I could not bear my clothes tight around me; my bowels only operated when taking purgative medicines; my appetite was gone—nothing would remain on my stomach; and my eyes and body were as yellow as a guinea. When I ventured on the street I was stared at or turned from with a repulsive feeling by the passer-by. The doctors said there was no cure for me. I made up my mind to die, as **LEZ HAD LOST ALL ITS CHARMS**. One day a friend called to see me, and advised me to try Northrop & Lyman's Vegetable Discovery. I thought, if the doctors could not cure me what is the use of trying the Discovery, but, after deliberating for a time, I concluded to give it a trial: so I procured a bottle and commenced taking it three times a day. **JUDGE OF MY SURPRISE**, at the expiration of the third day, to find my appetite returning. Despair gave place to hope, and I persevered in following the directions and taking hot baths two or three times a week until I had used the fifth bottle. I then had no further need for the medicine that had **SAVED MY LIFE**—that had

restored me to health—as I was radically cured. The natural color had replaced the dingy yellow; I could eat three meals a day—in fact the trouble was to get enough to eat. When I commenced taking the Discovery my weight was only 132½ lbs.; when I finished the fifth bottle it was 172½ lbs., or an increase of about ½ lb. per day, and I never felt better in my life. No one can tell how thankful I am for what this wonderful medicine has done for me. It has rooted out of my system every vestige of the worst type of Jaundice, and I don't believe there is a case of Jaundice, Liver Complaint, or Dyspepsia, that it will not cure.

(Signed), W. LEE, Toronto.

Papa—"No, my dear, I would not wear tan-colored gloves; they do not match your dress." His Heress—"Dear me, neither do they! But then!"—brightening—"you know, papa, I can get a dress and a wrap and a bonnet and a parasol to match the gloves!"

A colored cook, expecting company of her kind, was at a loss how to entertain her friends. Her mistress said: "Chloe, you must make an apology." "La, missus, how can I make it? I got no apples, no eggs, no butter—no nuffin to make it wid."

"Isn't it pretty lonesome out in the country?" he said to the boy whose parents moved out on a farm last fall.—"I guess not," was the reply. "Pa and ma have just as many discussions as they did in the city, and us children get licked about the same."

A teacher asked, "What bird is large enough to carry off a man?" Nobody knew, but one little girl suggested "a lark." And then she exclaimed, "Mamma said papa wouldn't be home until Saturday because he had gone off on a lark."

"Me? get married and settle down!" exclaimed the commercial traveller, in answer to the question. "Not much! I could never bring myself to live on merely my salary, after the luxury I have been accustomed to."

"Oh, dear!" sighed Mrs. P., with a toothache. "Why can't people be born without teeth?" "If you will reflect a moment, my dear," replied Mr. P., "you will be convinced that such is the fact."

"How far is it to Cork?" asked a weary tramp. "Seven miles," was the reply. "Whom do you wish to see there?" "Faith its meself I'd loike to see there."

"Yes," said Miss Coffin, "I always congratulated myself that I should improve my name when I married, and here I'm going to become Mrs. Tombs."

The Boston Post defines bric-a-brac as anything in the crockery line that is absolutely useless. It must be set on the mantel where it will be in the way.

In a druggist's window in Chicago there was for many years a sign "Artificial eyes," and immediately under it, "Open all night."

Because a tanner tans skins—and hides, it is not safe to infer that he cannot be found as easily as any one else.

An old maid might catch a beau by going up in a balloon "as the sparks are to fly upwards."

YEAST—6 good potatoes grated raw, a little hop tea, 1 quart boiling water, $\frac{1}{2}$ cup brown sugar, $\frac{1}{2}$ teaspoon salt; when cool add yeast to rise; keep covered and in a cool place.

INDIAN BREAD.—1 pint meal, 1 pint flour, 1 pint milk, 1 teacup molasses, 1 teaspoon soda, $\frac{1}{2}$ teaspoon cream tartar; steam 2 hours and bake $\frac{1}{2}$ hour.

TEA BISCUITS.—1 cup of hot water, 2 of milk, 3 tablespoons yeast; mix thoroughly; after it is risen, take $\frac{1}{2}$ cup butter and a little sugar, and mould it; then let it rise, and mould it into small cakes.

FRENCH ROLLS.—1 qt. flour, add two eggs, $\frac{1}{2}$ pint milk, 1 tablespoon of yeast, knead it well; rise till morning. Work in 1 oz. butter and mould in small rolls; bake immediately.

RUSKS.—Milk enough with $\frac{1}{2}$ cup yeast to make a pint; make a sponge and rise; then add $1\frac{1}{2}$ cups of white sugar, 3 eggs, $\frac{1}{2}$ cup butter; spice to your taste; mould, then put in pan to rise. When baked, cover the tops with sugar dissolved in milk.

JOLLY BOY.—1 qt. corn meal: scald and cool; 1 pint flour, 2 eggs, 1 teaspoon soda, 2 of cream tartar, a little milk, salt; make as thick as pancakes, and fry in hot lard. Nice for breakfast.

GRAHAM BREAKFAST CAKES.—2 cups Graham flour, 1 cup wheat flour, 2 eggs well beaten: mix with sweet milk, to make a very thin batter; bake in gem irons; have the irons hot, then set them on the upper grate in the oven: will bake in 15 minutes.

TEA CAKE.—1 egg, 1 cup sugar, 1 cup sweet milk, piece of butter size of an egg, 1 teaspoon cream tartar, $\frac{1}{2}$ teaspoon soda, 1 pint flour. Eaten warm.

APPLE SHORTCAKE.—Season apple sauce with butter, sugar, etc., make a nice shortcake, open and butter it and put the apple sauce in layers. Serve with sweetened cream.

POP OVERS.—3 cups milk, 3 cups flour, 3 eggs, a little salt, 1 tablespoon melted butter put in the last thing; 2 tablespoons to a puff.

PUFFS.—2 eggs beaten separately, 2 cups milk, 2 cups flour, butter the size of a walnut; drop into hot irons and bake quickly.

FRITTERS.—1 pint sweet milk, 4 eggs, 1 qt. flour and 5 teaspoons baking powder sifted together. Serve warm with maple syrup.

WAFFLES.—Yolks of 2 eggs, 1 qt. milk, $\frac{1}{2}$ cup melted butter, 1 teaspoon baking powder. Afterwards add the whites of the eggs and flour enough to make a thin batter.

ENGLISH PANCAKES.—Make a batter of 2 teacups flour, 4 eggs, and 1 qt. milk. Add as a great improvement, 1 tablespoon brandy with a little nutmeg scraped in. Make the size of frying pan. Sprinkle a little granulated sugar over the pancake, roll it up and send to the table hot.

MUFFINS FOR BREAKFAST.—3 eggs, one cup milk 1 tablespoon good butter melted, 1 tablespoon sugar, a little salt, 2 teaspoons baking powder, flour enough to make a batter; bake in muffin rings; when almost done moisten over the top with a feather dipped in sweetened milk.

DROP COOKIES.—2 cups sugar, 1 cup milk, $\frac{1}{2}$ cup butter, $\frac{1}{2}$ cup flour, 2 teaspoons baking powder, 2 eggs.

NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

What Is It?

It is a compound extracted from the richest medicinal barks, roots and herbs. It is the production of many years' study, research and investigation. It possesses properties purely vegetable, chemically and scientifically combined. It is **Nature's Remedy**. It is perfectly harmless and free from any bad effect upon the system. It is nourishing and strengthening; it acts directly upon the blood, and every part throughout the entire body. It quiets the nervous system; it gives you good, sweet sleep at night. It is a great panacea for our aged fathers and mothers: for it gives them strength, quiets their nerves, and gives them Nature's sweet sleep, as has been proved by many an aged person. It is the **Great Blood Purifier**. It is a soothing remedy for our children. It relieves and cures all diseases of the blood. Give it a fair trial for your complaint, and then you will say to your friends, neighbors, and acquaintances: "Try it; it has cured me."

BAD DREAMS GONE.

Mrs. M. Stephens, of Albany, N.Y., writes us as follows: "I take great pleasure in informing you of the benefit I have received from the use of Northrop & Lyman's Vegetable Discovery. My stomach was so weak that I could not eat anything sour or very sweet, even fruit at tea time would cause Heartburn, Fulness or Oppression of the Chest, Short Breath, Restlessness during Sleep, and Frightful Dreams of disagreeable sights, so that I would often dread to go to sleep. With the use of the Vegetable Discovery this unpleasantness has all been removed, and I now can eat what suits my taste or fancy without the least dread of having to suffer for any indiscretion. My appetite is improved, my rest good, and general health better than it has been for years."

Six bottles Vegetable Discovery cured Miss McMullen, Glengarry, of Headache and Severe Pains in the Back of 15 years' standing, the effects of a fall.

Mr. E. M. Procunier, Springvale, writes: "For nearly two years I have been troubled with Constipation and Rheumatism. The pains in my legs and shoulder often were such that I could scarcely get about to transact business. About two weeks ago I commenced taking Northrop and Lyman's Vegetable Discovery, and find it doing me a great deal of good. The Rheumatism is leaving my system, and I am feeling better every way."

THE people of this country have spoken: They declare, by their patronage of DR. THOMAS' ELECTRIC OIL, that they believe it to be an article of genuine merit. Testimonials constantly pour in demonstrating its superlative efficacy, in a manner as pleasing to its proprietors as it must be convincing to those who read in the public prints those evidences of its popularity and genuine worth. Never was there a remedy which received amper or more satisfactory endorsement; never was there one which better deserved it. IT IS A TRIED REMEDY. Experience has demonstrated that it *not only relieves but eradicates* the most obstinate Coughs, Sore Throat of a malignant type, Catarrh of long standing, Rheumatism, Neuralgia, Stiffness and Lameness of Back, Muscles and Joints, Piles and Kidney troubles, External Hurts and Sores, and other bodily troubles, as well as many of the disorders peculiar to Horses and Cattle. That it cures in every instance is not pretended, but that, if systematically used, and the malady susceptible of being remedied, *it will remedy it*, is a fact amply established.

ENTERING THE SYSTEM through the pores, when applied externally to relieve pain and inflammation, DR. THOMAS' ELECTRIC OIL relaxes and soothes the stiffened, swollen, and irritated Ligaments, or Rheumatic Joints, and promptly checks the pain. Taken internally, it remedies disorders of the Respiratory Organs, Bowels, Liver, and Kidneys.

This matchless compound not only possesses remedial efficacy of the highest order, but, inasmuch as it contains no alcohol, its influence is not weakened by evaporation, which is the case with a great many oils of doubtful efficacy, which have an alcoholic basis.

Ease by day and repose by night are enjoyed by those who are wise enough to apply DR. THOMAS' ELECTRIC OIL to their aching muscles and joints. A quantity easily held in the palm of the hand is often enough to relieve the most exquisite pain.

Those of the gentler sex who have experienced the pain and annoyance caused by Excoriated Pipples and Inflamed Breasts, can well appreciate the value of a remedy which removes the trouble. This is precisely what DR. THOMAS' ELECTRIC OIL does.

WHEN A CHILD is suddenly attacked and threatened with suffocation by croup, DR. THOMAS' ELECTRIC OIL is precisely the medicine for the emergency, since it is prompt as well as efficient. Every household should be provided with it, as it is a quick antidote for pain, as well as a specific for the above and other complaints.

Just think of it—you can relieve the twinges of Rheumatism, or the most painful attack of Neuralgia; you can check a Cough, and heal bruised or broken skin, with a bottle of *Dr. Thomas' Electric Oil*, costing only 25 cents.

HOW IT SELLS.—Mr. J. D. Burk, Amherstburg, writes: "Ship order for Dr. Thomas' Electric Oil at once. It is the best selling medicine we keep, and I am entirely out."

Mr. James Aylesworth, Tamworth, Ont., writes: "In my experience of over twenty-five years, I have not known a more popular remedy, or one that has stuck better."

Mr. D. Sullivan, Malcolm, Ontario, writes: "I have been selling Dr. Thomas' Electric Oil for some years, and have no hesitation in saying that it has given better satisfaction than any other medicine I have ever sold. I consider it the only patent medicine that cures more than it is recommended to cure."

IT CURES PILES.—Mr. Parpetus Boileau, Ottawa, says: "I was radically cured of piles, from which I had been suffering for over two months, by the use of Dr. Thomas' Electric Oil. I used it both internally and externally, taking it in small doses before meals and on retiring to bed. In one week I was cured, and have had no trouble since. I believe it saved my life."

Mr. Thos. Brunt, Tyendin'ga, Ont., writes: "I have to thank you for recommending Dr. Thomas' Electric Oil for Bleeding Piles. I was troubled with them for nearly fifteen years, and had tried almost everything I could hear or think of. Some of them would give me temporary relief, but none would effect a cure. I have now been free from this distressing complaint for nearly eighteen months. I hope you will continue to recommend it."

A MEDICAL MAN'S EXPERIENCE.

Joseph Beaudin, M. D., Hull, P. Q., writes: "Dr. Thomas' Electric Oil commands a large and increasing sale, which it richly merits. I have always found it exceedingly helpful. I use it in all cases of Rheumatism, as well as Fractures and Dislocations. I made use of it myself to calm the pains of a broken leg with dislocation of the foot, and in two days I was entirely relieved of the pain."

THE HUMAN MACHINE

Unlike inanimate mechanism, possesses a self repairing and self renewing power, and it is only by keeping this vital attribute in constant activity and full vigor, that health can be preserved and life lengthened beyond its ordinary term.

Among the many preparations that have been recommended for this purpose, none, it is now known, has proved as efficacious as **NORTHROP & LYMAN'S VEGETABLE DISCOVERY**. This wonderful vegetable compound appears to contain all the elements necessary to keep up the staminal strength of the system, and to protect it from the damaging effects of vicissitudes of temperature and all Blood-polluting unhealthy influences to which we are all more or less exposed. The extraordinary purifying, invigorating and regulating properties of the preparation adapt it to the condition of the young as well as to the old and feeble whose lamp of life is burning low, and requires a nutritious, balmy stimulant and restorative to sustain it.

In this book is set forth, in incontrovertible terms, the various and special virtues of this great popular **Blood Purifying Tonic, Curative, and Medicinal Agent**. Those seeking for remedies for General Debility, Prostrated Vitality, Defective Condition of the Secretive System, Sour and Dyspeptic Stomach, Nervous Weakness, Biliary affections of all classes, or any other disease arising from **Impurity of the Blood**, will therein find a wise friend and counsellor, and a relief from all their ills which will make them exclaim to the afflicted:

"GO THOU AND DO LIKEWISE!"

DISTRESSING SENSATIONS.—Rev. J. B. Huff, Florence, writes: "I have great pleasure in testifying to the good effects which I have experienced from the use of Northrop & Lyman's Vegetable Discovery for Dyspepsia. For several years nearly all kinds of food fermented on my stomach, causing heartburn, and gas to accumulate, so that after eating I had very distressing sensations, but from the time I commenced the use of the Vegetable Discovery I obtained relief."

HAPPY RESULTS.—Mr. C. E. Riggins, Beamsville, writes: "A customer who tried a bottle of Northrop & Lyman's Vegetable Discovery says it is the best thing he ever used; to quote his own words, 'It just seems to touch the spot affected.' About a year ago he had an attack of bilious fever, and was afraid he was in for another, when I recommended this valuable medicine with such happy results."

The best thing out—an aching tooth.

Misers must be hard-hearted, as they are never for giving.

Why is a doctor never sea sick? He is used to see sickness.

It is a wise man who goes fishing during house-cleaning time.

A girl with powder on her face must find sparking dangerous.

The parlor is probably the most frequented of all court rooms.

When is a young lady "very like a whale?" When she is pouting.

As you cannot avoid your own company, make it as good as possible.

The man who can stand the most liquor is generally the last to stand treat.

Time makes age, and time will come to man, even if he fails to come to time.

Never have a wooden leg made of oak because the oak is apt to produce a corn.

Love matches are very easy to strike, but some of them go out dreadfully quick.

No matter how much a man hates a creditor he invariably asks him to call again.

A dude looking at a camel. "If I only had such a neck what a collar I could wear."

Why is coffee like an axe with a dull edge? Because it has to be ground before it is used.

We wonder what the bald spot on a temperance lecturer thinks when it is dosed with bay rum.

The bootblack and the college professor work for the same object—that of polishing the understanding.

The horse ought to make a first-class chiroprapist. No one has as yet discovered a better corn remover.

A well developed bump of memory is very useful to any man, but it isn't to be compared for value to a wife who will find things for him.

"Hullo, Bob! The coach is full! Guess we'll have to strap you behind." Bob—"No, you don't. I had enough of that when I was a boy."

"Well, my young gentleman, and how would you like to have your hair cut?" "Oh, like papa's, please—with a little round hole at the top."

The ruby is said to be emblematic of faithfulness, but the thoughtless man mustn't judge from this that a red-headed girl makes the truest wife.

When a young man nowadays wants to call himself a tough he simply remarks, "I'm a Sprng chicken." Every one who boards will readily understand him.

Why should we never be frightened at the appearance of a ghost? Because if it is a ghost, its appearance must, in the nature of things, be immaterial.

A little girl at Newport, seeing the willow phaeons for the first time, exclaimed: "Why, mamma, everybody rides out in their clothes-baskets here."

HOLLOWAY'S CORN CURE.

A Sure Cure, a Speedy Cure, and a Cheap Cure.

Corns are caused generally by wearing ill-fitting boots or shoes. If our boots are too large or too small, they will by their uneven pressure induce the growth of an excrescence, or thickened scarf skin, which gradually sinks into the mucous network, and then into the true skin, which is the organ of touch.

There are several kinds of corns, and some are very difficult to remove, but none of them can withstand HOLLOWAY'S CORN CURE.

This never-failing medicine removes them without any inconvenience to the sufferer, as can be testified by those who have used it. The following testimonials are evidence of what it has done, and will do again if used according to directions.

ANNIHILATING CORNS.

Mr. Thomas Sabin, of Eglington, says: "I have used HOLLOWAY'S CORN CURE with the best results, having removed ten corns from my feet. It is not a half-way cure or reliever, but a complete extinguisher, leaving the skin smooth and clear from the least appearance of the Corns."

Mr. J. W. Brown, Chicago, Ill., writes: "Where can I get some of HOLLOWAY'S CORN CURE? I was entirely cured of my corns by this remedy, and I want to get some more to give relief to some of my friends."

Mrs. George Simpson, Toronto, says: "I have suffered severely with corns, and was unable to get relief from treatment of any kind until I was recommended to try HOLLOWAY'S CORN CURE. After applying it for a few days I was enabled to remove the corn, root and branch—no pain whatever, and no inconvenience in using it. I can heartily recommend it to all suffering from corns."

Mr. Joseph Wallace, Louisville, writes: "I suffered with corns for 40 years; for the last two or three years I could scarcely walk except by the help of a cane. I tried different kinds of corn cures, but got no relief until I got a bottle of HOLLOWAY'S CORN CURE. After applying it for a few days only, removed the corns, root and branch. I have pleasure in recommending it to all sufferers."

Mr. John Atkinson, Cheapside, writes: "HOLLOWAY'S CORN CURE removed half a dozen warts from my hands."

NORTHROP & LYMAN CO., Toronto, Proprietors.

Price 25 cents per bottle.

JOHNNIE CAKE.—1 pint cornmeal, 1 teacup flour, 2 eggs, 1 pint sweet milk, 1 tablespoon molasses, 1 tablespoon melted butter, a little salt, 1 teaspoon soda, 1 teaspoon cream of tartar; bake in square tins.

FROSTING FOR CAKE.—1 cup frosting sugar, 2 tablespoons water boiled together; take it off the stove and stir in the white of 1 egg beaten to a stiff froth; stir all together well; then frost your cake with it—and you will never want a nicer frosting than this.

ICE CREAM ICING FOR WHITE CAKE.—2 cups pulverized sugar boiled to a thick syrup; add 3 teaspoons vanilla; when cold, add the whites of 2 eggs well beaten, and flavor with 2 teaspoons citric acid.

DROP COOKIES.—2 cups sugar, 1 cup milk, $\frac{1}{2}$ cup butter, $\frac{1}{2}$ cup flour, 2 teaspoons baking powder, 2 eggs.

GINGER CAKE.—3 eggs, $\frac{1}{2}$ cup sugar, 1 cup molasses, 1 cup milk, $\frac{1}{2}$ cup butter, 1 teaspoon soda, 1 teaspoon cream of tartar, 1 tablespoon ginger, 1 of cinnamon, allspice, 3 cups flour.

POUND CAKE.—1 lb. flour, $\frac{1}{2}$ lb. butter, $\frac{1}{2}$ lb. sugar 8 eggs; flavor to taste.

LOAF CAKE.—1 cup sugar, $\frac{1}{2}$ cup butter, 1 egg, 1 cup sweet milk, 1 pint flour, 1 cup raisins, $\frac{1}{2}$ teaspoon soda, 1 teaspoon cream tartar, essence.

PLAIN FRUIT CAKE.— $\frac{1}{2}$ lb. well washed currants $\frac{1}{2}$ lb. raisins, 1 cup butter beaten to a cream, 1 cup white sugar, 1 cup milk, 3 cups flour, 3 eggs, and 3 teaspoons baking powder; paper a dish and bake 1 hour.

SHREWSBURY CAKE.—1 cup butter, 2 of brown sugar, 5 eggs (not divided), 1 cup milk, 4 of flour, 1 of raisins, spice to taste; use baking powder in the flour; bake 3 hours.

MOUNTAIN CAKE.—1 cup sugar, 2 eggs, $\frac{1}{2}$ cup butter, $\frac{1}{2}$ cup milk or water, 2 cups flour, 1 teaspoon cream of tartar, $\frac{1}{2}$ teaspoon soda, and a little nutmeg.

CORN STARCH CAKE.—2 cups pulverized sugar, $\frac{1}{2}$ cup melted butter, $\frac{1}{2}$ cup milk, 2 teaspoons baking powder, 1 teaspoon vanilla, 1 paper corn starch, 6 eggs.

DELICATE CAKE.— $\frac{1}{2}$ cup butter, 1 of sugar, 1 of flour, $\frac{1}{2}$ of corn starch, $\frac{1}{2}$ of milk, 1 teaspoon baking powder, 4 eggs, whites alone.

GOLD CAKE.— $\frac{1}{2}$ cup butter, 2 cups sugar, $\frac{1}{2}$ cup milk, 3 of flour, 3 teaspoons baking powder, and yolks of 4 eggs.

For Silver Cake use the same recipe, only in place of the yolks of eggs use whites of 4 eggs.

For Marble Cake same recipe, using brown sugar 1 cup, and 1 cup molasses, and some spices, and drop in dish on the white cake or silver recipe.

CURRENT WINE.—1 qt. currant juice, 3 lbs. sugar, sufficient water to make a gallon.

LEMON SYRUP.—Pare off the yellow rind of the lemon, slice the lemon and put a layer of lemon and a thick layer of sugar in a deep plate; cover close with a saucer, and set in a warm place.

SPLENDID GINGER BEER.—5 gallons water, $\frac{1}{2}$ lb. ginger root boiled, 4 lbs. sugar, $\frac{1}{2}$ lb. cream of tartar, 1 bottle essence of lemon, 1 oz. tartaric acid, 1 qt. yeast.

ICY WINDOWS.—Windows may be kept free from ice and polished by rubbing the glass with a sponge dipped in alcohol.

Will Cure Liver and Kidney Complaints, Dyspepsia, Costiveness, Headache, Purify the Blood and Regulate the Secretions, Remove all Billous Matter and Prevent Ague.

Dr. Parmelee's New Vegetable Pills differ from all others now before the public in their composition and effect upon the system. Based upon the most scientific principles, and made from Roots, Herbs and solid Extracts, which have specific virtues truly wonderful in their action upon the Liver and Kidneys, such as Mandrake and Dandelion, found in this country; while others, equally as potent in regulating the secretions and purifying the blood, etc., are found only in Spain and other countries. Thus we see that Nature in her wise Providence has provided a valuable catalogue of plants all over the land, specific in their very nature for the cure of certain diseases. In this scientific combination it is found that PARMELEE'S PILLS possess the power of acting specifically upon the diseased organs, stimulating to action the dormant energies of the system, thereby removing disease. In this lies the great secret of Parmelee's New Vegetable Pills.

Fever and Ague and Billous derangements are positively cured by the use of Parmelee's Pills. They not only cleanse the stomach and bowels from all billous matter, but they open the excretory vessels, causing them to pour copious effusions from the blood into the bowels, after which the corrupted mass is thrown out by the natural passage of the body.

Mr. J. L. Price, Shoals, Martin Co., Ind., writes: "I have tried a sample box of Parmelee's Pills and find them the best medicine for Fever and Ague I have ever used."

Nervous Debility and Diseases of the Liver and Kidneys Cured.

Miss Emma L. Beach, Syracuse, writes: "Physicians called my complaint General Nervous Debility and Disease of the Liver and Kidneys. I tried various kinds of medicine for more than a year, without getting any relief. Most of the time I was not able to leave my room. My friends thought I had Consumption. I was advised to try Parmelee's New Vegetable Pills. I commenced by taking half a pill every night regularly for a week. My appetite began to improve, and I was stronger.

I continued to take half a pill, every, or every other night for six weeks. They restored me to perfect health."

THE MEDICINE FOR LIVER AND KIDNEY COMPLAINT.

Mr. Victor Auger, Ottawa, writes: "I take great pleasure in recommending to the general public 'Parmelee's Pills' as a cure for Liver and Kidney complaint. I have doctored for the last three years with leading physicians and have taken many medicines which were recommended to me without relief, but after taking 8 of Parmelee's Pills I was quite relieved, and now I feel as free from the disease as before I was troubled."

Mr. E. A. Cairncross, Shakespeare, writes: "I consider Parmelee's Pills an excellent remedy for Biliousness and derangement of the Liver, having used them myself for some time."

Mr. D. Rollf, Alfont, Madison Co., Ind., writes: "I purchased some of Parmelee's New Vegetable Pills of your agent at Mantua Station, Portage Co., Ohio, and I have not found their equal for cleansing the Liver."

Colic and Kidney Difficulty.

Mr. J. W. Wilder, J. P., Lafargeville, N. Y., writes: "I am subject to severe attacks of Colic and Kidney Difficulty, and find your Pills afford me great relief, while all other remedies have failed. They are the best medicine I have ever used."

Mr. T. J. Humes, Columbus, Ohio, writes: "I have been afflicted for some time with Kidney and Liver Complaint, and find Parmelee's Pills the best medicine for these diseases."

OUT OF SORTS.—*Symptom*—Headache, loss of appetite, furred tongue, and general indisposition. These symptoms, if neglected, develop into acute diseases. It is a trite saying that an "ounce of prevention is worth a pound of cure," and a little attention at this point may save months of sickness and large doctor's bills. For this complaint take from two to three of Parmelee's New Vegetable Pills on going to bed, and one or two for three nights in succession.

In fact, so great is the power of this medicine to cleanse and purify, that diseases of almost every name and nature are driven from the body.

For Inflammation of the Eyes, Eruptions of the Skin, Rough or Pimpley Face, take from one to two pills regularly for a short time, which will reduce the inflammation and give a smooth and healthy appearance to the skin.

For *Delicate and Debilitated Constitutions* these pills act like a charm. Taken in small doses, the effect is both a tonic and a stimulant, mildly exciting the secretions of the body, giving tone and vigor.

How to Cure Headache.

Mr. Finlay Wark, Lysander, P.Q., writes: "I find Parmelee's Pills a first-class article for Bilious Headache."

Mr. Chas. A. Smyth, Lindsay, writes; "Parmelee's Pills are an excellent medicine. My sister had been troubled with severe headache, but these pills have cured her."

The Best Pills.

Mr. William Vandervoort, Sydney Crossing, Ont., writes: "We have been using Parmelee's Pills, and find them by far the best pills we ever used."

Mr. D. Carswell, Carswell P.O., Ont., writes: "I have tried Parmelee's Pills and find them an excellent medicine, and one that will sell well."

Taking the Lead.

Mr. F. W. Ashdown, Ashdown, Ont., writes: "Parmelee's Pills are taking the lead against ten other makes which I have in stock."

Dyspepsia and Indigestion.

Mrs. Celeste Coon, Syracuse, N.Y., writes: "For years I could not eat many kinds of food without producing a burning excruciating pain in my stomach. I took Parmelee's Pills according to directions under the head of 'Dyspepsia or Indigestion.' One box entirely cured me. I can now eat anything I choose, without distressing me in the least."

Mr. Thomas Ballard, Syracuse, N.Y., writes: "I have been afflicted for nearly a year with that most-to-be-dreaded disease Dyspepsia, and at times almost worn out with pain and want of sleep, and after trying almost everything recommended, I tried one box of Parmelee's Valuable Pills. I am now nearly well, and believe they will cure me. I would not be without them for any money."

They Never Fail.

Mr. S. M. Boughner, Langton, writes: "For about two years I was troubled with Inward Piles, but by using Parmelee's Pills I was completely cured, and although four years have elapsed since then they have not returned."

Mr. John A. Beam, Waterloo, Ont., says: "I never used any medicine that can equal Parmelee's Pills for Dyspepsia or Liver and Kidney Complaints. The relief experienced after using them was wonderful."

These Pills do not cause pain or griping, and should be used when a cathartic is required. They are Gelatine Coated, and rolled in the Flour of Licorice to preserve their purity, and give them a pleasant, agreeable taste.

NORTHROP & LYMAN CO., Toronto, Ont.,
Proprietors for Canada.

Price 25 cents per box,

TO REMOVE BRUISES FROM FURNITURE.—Wet the bruised spot with warm water. Soak a piece of brown paper of several thicknesses in warm water, and lay over the place. Then apply a warm flat iron until the moisture is gone. Repeat the process if needful, and the bruise will disappear.

POUNDED GLASS.—Pounded glass, mixed with dry corn-meal, and placed within the reach of rats, it is said, will banish them from the premises; or sprinkle cayenne pepper in their holes.

STARCH POLISH.—Take 1 oz. spermaceti and 1 oz. white wax, melt and run it into a thin cake on a plate. A piece the size of a quarter dollar added to a quart of prepared starch gives a beautiful lustre to the clothes and prevents the iron from sticking.

TO KEEP PUMPS FROM FREEZING.—Take out the lower valve in the fall, and drive a tack under it, projecting in such a way that it cannot quite close. The water will then leak back into the well or cistern, while the working qualities of the pump will not be damaged.

TO PREVENT STARCH FROM STICKING TO IRONS.—Rub the irons with a little piece of wax or sperm.

A CEMENT FOR STOVES.—If the stove is cracked, a good cement is made for it as follows; wood ashes and salt in equal proportions, reduced to a paste with cold water, and filled in the cracks when the stove is cool. It will soon harden.

A thin coating of three parts lard melted with one part rosin applied to stoves and grates will prevent their rusting in summer.

CALDSOMING.—For plain white use 1 lb. white glue, 20 lbs. English whiting; dissolve glue by boiling in about 3 pints of water; dissolve whiting with hot water; make the consistency of thick batter; then add glue and one cup soft soap. Dissolve a piece of alum the size of a hen's egg; add and mix the whole thoroughly. Let it cool before using. If too thick to spread nicely add more water till it spreads easily. For blue tints add 5 cents worth of Prussian blue and a little Venetian red for lavender. For peach blow use red in white alone. The above quantity is enough to cover four ceilings, 16 feet square with two coats, and will not rub off as the whitewash does made of lime.

ORANGE CAKE.—2 cups flour, 2 cups sugar, $\frac{1}{2}$ cup water, 2 teaspoons baking powder, yolks of 5 eggs, whites of three; bake like jelly cake. Dressing—White of 2 eggs, grate the rind of 2 oranges, add the juice, sugar to thicken; put this between the cakes and set back in the oven for a minute.

LEMON HONEY.—4 oz. butter, 1 lb. sugar, 6 eggs, leaving out two whites; grate the rinds of 3 lemons and add the juice. Let all simmer over the fire till it becomes of the consistency of honey. Great care must be taken that it does not burn.

FRUIT CAKE.—1 lb. flour, 1 lb. sugar, $\frac{1}{2}$ lb. butter, 2 lbs. raisins, 2 lbs. currants, 1 lb. mixed peel, $\frac{1}{2}$ lb. almonds, 2 oz. mace, 10 eggs, rose water and brandy.

GINGER NUTS.— $\frac{1}{2}$ lbs. syrup, 1 lb. sugar, 1 lb. butter, 2 $\frac{1}{2}$ lbs. flour, $\frac{1}{2}$ oz. each ground ginger, allspice and coriander seed, salvolatile size of a bean, a little cayenne, flour enough to roll out but not thin, cut with a wine glass or roll between your hands into small balls and pinch.

THE TERRIFIC TWINGES

Endured by Rheumatics are first soothed and in the end permanently relieved by that beneficent annihilator of pain and preventive of its return, Dr. Thomas' Electric Oil, a combination of six medicinal oils, devoid of alcohol, and consequently non-evaporating when applied. Economic, because little of it is usually required to produce the desired effects, and the small cost of which is rendered doubly insignificant by contrast with the salutary results which it achieves. It is equally safe whether taken internally or externally, is applicable to diseases and injuries of horses and cattle, as well as of man, and exterminates Throat and Lung Diseases, Catarrh, Dysentery, Piles, Tumors, Sores, and a great number of other physical ailments.

ONLY HALF A BOTTLE.

A. B. Des Rochers, Arthabaskaville, P. Q., writes:—"Thirteen years ago I was seized with a severe attack of Rheumatism in the head, from which I nearly constantly suffered, until after having used *Dr. Thomas' Electric Oil* for nine days, bathing the head, etc., when I was completely cured, and have only used half a bottle."

A WONDERFUL HEALER.

Mrs. W. J. Lang, Bethany, Ont., writes:—"I was one of the greatest sufferers for about fifteen months with a disease of my ear similar to ulcers, causing entire deafness. I tried everything that could be done through medical skill, but without relief. As a last resort, I tried *Dr. Thomas' Electric Oil*, and in ten minutes found relief. I continued using it, and in a short time my ear was cured, and hearing completely restored. I have used this wonderful healer successfully in cases of Inflammation of the Lungs, Sore Throat, Coughs and Colds, Cuts and Bruises, etc.; in fact, it is our family medicine."

PAIN CEASES, swellings subside, fevers abate, and a healthy state exists, after using this great and wonderful medicine. It is the cheapest medicine ever made. One dose cures Sore Throat, one bottle has cured Bronchitis, 50 cents' worth has cured an old standing Cough, one bottle has cured Lamé Back of eight years' standing.

This celebrated medicine is so well known that it is not necessary to say more about what it will do. It is a household remedy that is used for nearly every ill that flesh is heir to.

It has performed astonishing cures, and has given satisfaction every time it has been used.

If all the certificates of cures that it has performed were printed this Book would not contain them.

Mr. J. Callard, London, says its cures are wonderful.

Mr. J. Bedford, Thamesville, never saw anything sell so well and give such general satisfaction.

Mr. N. McRae, Wybridge, says, "It is used for Colds, Sore Throats, Croup, etc.; in fact, for every affection of the throat it works like magic."

Mr. T. Myers, Bracebridge, writes:—"It is the best medicine I sell; always gives satisfaction."

It cured Mr. Rusan, of Percy, of Lameness that troubled him for years.

Dr. Beaudin, Hull, used it to calm the pains of a broken leg, with dislocation of the foot, and in two days he was entirely relieved of the pain.

Mr. G. A. Dixon, of Frankville, will inform you that this celebrated Oil cured him of Chronic Bronchitis of 17 years' standing.

Mr. J. Snow, of Gunning Cove, N. S., is no longer a sufferer with Asthma, Dr. Thomas' Electric Oil was too penetrating for it.

The seven-year-old child of Mr. Henry Harding, Toronto, was confined to her bed for weeks with Rheumatism, limbs drawn up, great pain in all her joints; two bottles of Dr. Thomas' Electric Oil cured her.

Mr. C. A. Livingston, Plattsville, says:—"It is the best preparation I have ever tried for Rheumatism."

"Dar's a heap of misery in dis yarf," says uncle Mose. "It's wid men purty much as hit am wid umbrellas: Hit's generally de poorest what gits left."

A timid Bostonian has married a lady whose weight verges closely upon two hundred pounds. "My dear," said he to her, "shall I help you over the fence?" "No," says she to him, "help the fence."

A Hoboken man sent one dollar in answer to an advertisement which promised for that amount to tell "Why I became a Mason," and received the reply, "Because I didn't want to be a shoemaker."

A young Irishman, who had just announced his engagement, was asked, "And when did you propose?" "Faith," said he, "by starlight, and I got her answer in a twinkling."

"Oh, give us a rest," said a young man, impatiently, to a little boy who was busy plying him with questions. The little fellow looked at him a moment, and then, with the utmost innocence, said: "Well, you rest, and I'll talk."

A lady of Dr. Brainstone's flock was constantly pestering him for advice about the marriage of her daughter. "Madam," he at length observed, "I must beg you to remember that my name is Brainstone, not Brimstone, and I don't make matches."

Marcellus—"Lodemia, can you tell me why your mother's consent to our marriage is like our marriage itself?" Lodemia—"I am sure I can't imagine why." Marcellus—"Because we both thank her for it. See? Both thank her—both hanker—for it."

With stealthy hand he strove to clip,
One golden ringlet from her head.
"Ah, don't!" Then, with a smiling lip,
"They are my sister Jane's," she said.

"John, did you ever bet on a horse race?"—"No,
but I have seen my sister Bet on our old mare."

There is no more excitement in hugging a girl
dressed in a toboggan suit than there is in hugging
a bale of hay.

The reason that the first umbrella has not been
preserved, was because somebody stole it the next
day after it was made.

An exchange spoke of an eminent citizen as a
noble old burgher, proudly loving his native
State; "which neat little compliment came from
the compositor's hand "a nobby old burglar,
prowling around in a naked state."

Of course a wedding is nine times out of ten a
miss-take, but he is a very crusty old bachelor who
is mean enough to call attention to the fact at the
wedding breakfast.

"Phwat wud Oi want wid a bicycle?" said the
ancient Irishman to the boys who had been chaf-
fing him. "Badad, Oi'd as soon walk afoot as
ride afoot!"

Two travellers were robbed in a wood, and tied
to trees. One of them in despair, exclaimed, "Oh,
I am undone."—"Are you?" said the other, joy-
fully. "Then I wish you would undo me."

"There is something in this little fellow I like,"
said an appreciative visitor to a young hopeful he
was trotting on his knees. "Say now," said the
boy, "how did you know I swallowed a dime?"

Not long ago, a youth, older in wit than in years,
after being catechised concerning the power of
nature, replied, "Now, I think there's one thing
that nature can't do." "What is it, my child?"
"She can't make Bill Jones' mouth any bigger
without setting his ears back."

A man complained at a restaurant because he
found a button in his soup. The waiter mollified
him by stating that they put buttons in their soup
so that they could button it up and keep it warm.

Wiggs: Can you pay that little bill now? Higgs:
I am sorry to say that I have no money. Wiggs:
Well, if you have no mon-y, you can't pay, so that
settles it. Higgs: Settles it! I am glad that you
are so kind as to call it settled, as I was afraid I
never would be able to pay it.

A bit of humor shone in the reply of a poor
Irishman who had a great indisposition for labor,
and was told that he could have help no longer,
but must work or starve: "Sure, it's heartbroken
I am, and if the weather was warm enough I'd
drown myself."

"I beg pardon, but aren't you mistaken?"
courteously said a gentleman to a pretty shop girl
with whom he was dealing. "I am a miss, but
not yet taken, sir," she replied, with a bright
blush and drooping eyes.

A Paisley man, visiting Glasgow, much admired
the statue of Sir John Moore, which is an erect
figure. Soon afterwards he brought another Pais-
ley man to see the statue; but not being topo-
graphically posted, he stared at the statue of
James Watt, which is in a sitting attitude. Feel-
ing somewhat puzzled as to the identity of what
was before him with what he recollected to have
seen, he disposed of the difficulty by exclaiming,
"Odd, man, he's sat down since I saw him last."

COPLAND'S SWEET CASTOR OIL.

EQUALLY SUITABLE FOR CHILDREN AND ADULTS.

Endorsed by over 600 Doctors in Canada.

The difficulty of administering nauseous medi-
cines, and the desirability of having them pleasant
to the taste, induced T. Copland to undertake re-
searches which resulted in the discovery of a sweet
Castor Oil, perfectly palatable, of the same
strength and medical qualities as the ordinary
Castor Oil, and while equally safe and harmless,
yet acting with more certainty, and producing
neither nausea nor griping. Some children say it
is honey; others call it syrup—they all say they
like it. One parent says: "My children drink it
like water;" another: "We had to hide the bottle
or they would have finished it right off;" an-
other: "My little girl has taken it twice without
any trouble, and does not know what it is, though
she hates the ordinary Castor Oil, and we could
never get her to take it without a fight." Yet an-
other: "I wish you success of your Sweet Castor
Oil; it is a splendid thing, sure to take the place
of all the common Oil."

*The undersigned, having purchased Messrs. T.
Copland & Co's interest in the above preparation,
are now manufacturing it from the original re-
cipe.*

NORTHROP & LYMAN CO.,
Proprietors, Toronto.

Sold by all medicine Dealers. Price, 25 cents.

A REALLY GOOD ARTICLE.

We would call the attention of all interested to
an article of undoubted merit, and which we would
advise all in want of to give a trial. We refer to
"Darley's Condition Powders and Arabian Heave
Remedy" now being extensively used by many of
the largest horse dealers in the country; these
men have discovered that it improves the condi-
tion of the horse by purifying the blood, and re-
moves from the lungs and liver all that prevents
their healthy action; its effect is soon apparent
in the improved appearance of the animal, which
is one great reason why horse dealers use it, as
they are thus enabled to get better prices and at
the same time give their customers sound and
healthy horses.

Jensen: What kind of a man is that Smith to
whom I saw you talking yesterday? Brown: Oh,
Smith's a good enough fellow: the only thing
about him I dislike is his business.—Why, what is
his business? A poultry dealer, and that is a fowl
way of making money.

DR. J. D. KELLOGG'S HEALING OINTMENT.

A SURE and certain remedy for the healing of every variety of Sore, from a Simple scratch or bruise to the most aggravated Fever Sore or Scrofulous Ulcer, including the Healthy Ulcer, the Weak Ulcer, the Indolent Ulcer, and Ulcers of all kinds, Wounds, Bruises, Burns, Scalds, Corns, Chilblains, Cuts, Sore Nipples, Broken Weasts, Boils, Bed Sores, Fistulas, etc., and all affections of the SKIN known by the names of Eczema, Salt Rheum, Erysipelas, Tetter, Scald Head, and every variety of Chronic Disease of the Skin.

This Ointment is a compound of remarkable healing ingredients, and its composition has been arrived at by the most thorough investigation. It stands pre-eminently at the head of all the External Medicines for healing, as it never drives the disease inward to Take Effect on the Internal Organs.

PILES.—This Ointment has given excellent satisfaction in curing Piles. Some very bad cases have been cured by applying Kellogg's Healing Ointment only, but while we believe that it will cure this troublesome and painful complaint without the assistance of any other medicine, yet we think the only rational means of cure is to use Northrop & Lyman's Vegetable Discovery to remove the cause of the affliction and the Healing Ointment to remove the disease. You thus effect a complete and permanent cure.

Its properties, when applied to sores, go directly to the diseased part, attract the virus to the surface, and heal the sore from the bottom. It is simply asked that the afflicted will **TRY ONE BOX**, the use of which will convince the most sceptical, and do more to introduce it into favorable notice than volumes written in its praise. In curing

SOROFULA AND ITS SORES,

with the assistance of the **Vegetable Discovery**, it is without a parallel. We say, with the assistance of the *Vegetable Discovery*, for to attempt to heal a Scrofulous or any other Sore which owes its origin directly to Impure Blood, and while that impurity is in the system, is folly, as you cannot accomplish this successfully unless you drive the virus from the system. To remove Scrofulous Humor from the Blood and System, it is safe to say there is no known medicine that will do it so effectually as Northrop & Lyman's **Vegetable Discovery**.

FOR THE TOILET.—As this Ointment is exceedingly pleasant, and never becomes rancid, it is admirably adapted for Sore Lips, Pimples, Eruptions or Sores that disfigure the face; Sunburn, Irritation of the Skin after being exposed to the wind, Chapped or Sore Hands, and in fact for all sores that require a cooling and healing Ointment.

For Dandruff, Irritation or Eruption of the Scalp, and all diseases that have a tendency to cause Baldness, it will be found a Sovereign Remedy.

Mr. W. S. Lewis, Brierwood, Manitoba, writes: "For over five years I suffered with Scabs on my Head; tried several doctors in England and Manitoba, but got no relief. One box of Dr. Kellogg's Healing Ointment completely and permanently healed them."

NORTHROP & LYMAN CO., Toronto,
Proprietors.

Price 25 cents per box.

PLAIN SPONGE CAKE.—1 egg, 1 teacup sugar, 1 cup sweet milk, $2\frac{1}{2}$ cups flour, 1 dessert spoon butter, 2 teaspoons cream tartar, 1 teaspoon soda, and a little salt. Bake 15 minutes in pans size of a breakfast plate.

COFFEE CAKE.—1 cup each butter, sugar, molasses, coffee cold, and currants, 1 teaspoon soda, 1 teaspoon mixed spices, 2 or 4 eggs, flour to thicken.

LEMON CAKE.— $\frac{1}{2}$ cup milk, $\frac{1}{2}$ cup butter, 2 cups sugar, 3 cups flour, whites of 4 eggs, 2 teaspoons cream tartar, 1 teaspoon soda; flavor with lemon; beat the butter to a cream, add eggs well whipped, then sugar; mix cream of tartar in the flour, and soda in milk.

CORN STARCH CAKE.—Whites of 6 eggs, 1 cup butter, 2 cups flour, 1 cup corn starch, 2 cups sugar, 1 cup sweet milk, $\frac{1}{2}$ teaspoon soda, 1 of cream of tartar.

RICE CAKE.—6 eggs, 1 cup white sugar, 2 cups ground rice; beaten thoroughly.

CAKE—WASHINGTON.— $1\frac{1}{2}$ lbs. flour, $1\frac{1}{2}$ lbs. sugar, $\frac{3}{4}$ lb. butter, 4 eggs, a wineglass brandy and 1 of wine, 1 pint milk, 1 teaspoon soda, 1 nutmeg, 2 lbs. raisins, currants, and candied fruit.

JELLY CAKE.—3 eggs, a small teacup sugar, 1 cup flour, whites and yolks of the eggs beaten together; flavor and bake in two layers in a quick oven.

CHOCOLATE FROSTING.— $\frac{1}{2}$ cup chocolate grated, 1 cup sugar, yolk of 1 egg, small cup half full of sweet milk; put on stove and stir while cooking till it will candy when dropped in cold water.

SPONGE CAKE.—3 eggs, 1 cup white sugar, 1 teaspoon cream tartar, $\frac{1}{2}$ teaspoon soda, 3 table-spoons boiling water, flour to thicken.

SHREWSBURY CAKE.— $\frac{1}{2}$ lb. each flour, butter and sugar firmly pounded, 1 egg, 1 teaspoon mace; roll them out the size you like; bake them in a slow oven. Excellent.

NORTHROP & LYMAN'S VEGETABLE DISCOVERY.

A purely vegetable compound, that cures every kind of unhealthy Humor, and every disease that depends on Impurity or Impoverishment of the Blood.

For the cure of disease known by the names of Erysipelas, Salt-Rheum, Eczema, Scald Head, Scaly Eruption of the Skin, Ulcers, and Fever Sores of all kinds; Boils, Humor in the Mouth and Stomach or Eyes, Sore Ears, and Eruption on the head; Pimples, or Blotches, on the face; and every form of Disease of the Skin, and Scrofula, it stands pre-eminently at the head of all other Remedies.

In the cure of Rheumatism, Dyspepsia, Liver Complaint, and Kidney Disease, its effects are surprising to all. For Regulating the Bowels, and curing Bilioussness, Headache, Sick Headache, Neuralgia, Female Weakness, Nervousness, Pains in the Side, Loins, and Back, and General Weakness and Debility, its curative powers are beyond money, and beyond price. It is the Great Blood Purifier. The Blood is the Life of the Flesh. Purify the Blood, and it is hard for disease of any kind to remain long in the body.

A benefit is always derived from the first bottle. Two to four bottles usually effect a cure. In more obstinate cases, it takes from three to five or six bottles; and in very aggravated cases, particularly of long standing, even more is sometimes needed; but it never fails in such diseases, where the affected part is not beyond the limits of repair. When the above quantity, in proportion to the nature of the case, is taken, a perfect cure is warranted.

WHEN YOU NOTICE unpleasant sensations after eating, at once commence the use of Northrop & Lyman's Vegetable Discovery, and your Dyspepsia will disappear.

Mr. James Stanley, merchant at Coustance, writes: "My wife has taken two bottles of Northrop & Lyman's Vegetable Discovery for Dyspepsia, and it has done her more good than anything she has ever used."

Mr. R. H. Baker, Ingoldsby, writes: "I am completely cured of Dyspepsia, that caused me great suffering for three years. Northrop & Lyman's Vegetable Discovery is the medicine that effected the cure, after trying many other medicines."

Mr. H. B. McKinnon, painter, Mount Albert, says: "Last summer my system got impregnated

with the lead and turpentine used in painting; my body was covered with scarlet spots as large as a twenty-five cent piece, and I was in such a state that I could scarcely walk. I got a bottle of Northrop & Lyman's Vegetable Discovery, and at once commenced taking it in large doses, and before one-half the bottle was used there was not a spot to be seen and I never felt better in my life. I think this medicine the best Blood Purifier ever discovered."

FOR THE THOROUGH and speedy cure of all blood Diseases and Eruptions of the Skin, take Northrop & Lyman's Vegetable Discovery.

Mrs. B. Forbes, Detroit had a running sore on her leg for a long time, commenced using Northrop & Lyman's Vegetable Discovery, and she is now completely cured. Her husband thinks there is nothing equal to it for ague or any low fever.

WHY SUFFER from disorders caused by Impure Blood, when thousands are being cured by using Northrop & Lyman's Vegetable Discovery? It removes Pimples and all Eruptions of the Skin.

Mr. John C. Fox, Olinda, writes: "Northrop & Lyman's Vegetable Discovery is giving good satisfaction. Those who have used it say it has done them more good than anything they have ever taken."

IN ITS WORST FORM.

Miss Julia A. Pilsworth, Toronto, writes: "I had Dyspepsia in its worst form for over a year, but after taking three bottles of Northrop & Lyman's Vegetable Discovery a perfect cure followed. I take great pleasure in recommending it to anyone suffering from Dyspepsia."

"I'm the leading lady of this company," she remarked, as she took her husband by the ear. "Yes," he murmured sadly, "and it's clear I'm the walking gentleman."

A correspondent wants to know "how human skin can be tanned." He must have been a remarkably good boy when he went to school not to have learned that.

A young Chicago stockbroker who is addicted to the use of big words was visiting one evening, and in the course of conversation he remarked that when he married the lady of his choice must be a complicated woman (meaning accomplished). He was not so far out of the way, however. Most men who marry nowadays are liable to get a more complicated woman than they think.

"Jock," said a farmer to one of his workers one Sunday, after the return of the latter from church: "Whaur was the text the day?"

"I dinna ken," answered Jock, "I was ower lang o' gaun in."

"What was the end o't, then?"

"I dinna ken, I came oot afore it was done."

"What did the minister say about the middle o't then?" said the master, angrily, determined to have an answer of some sort.

"I dinna ken, maister," replied Jock; "I slept a' the time."

GREASE ERASER.—Benzine, alcohol, ether, equal parts; mix; apply with sponge (patting the spot); put a piece of blotting paper on each side and iron with a hot flat iron.

TO PRESERVE EGGS.—1 pint salt, 2 pints fresh lime, 3 gallons water; mix well and put in eggs without cracking the shell; they must be kept covered with the brine.

RASPBERRY VINEGAR.—To 4 quarts red raspberries put enough vinegar to cover, and let them stand 24 hours; scald and strain it; add 1 lb. sugar to 1 pint of juice; boil it 20 minutes, and bottle; it is then ready for use and will keep for years. To one glass of water add a great spoonful.

LAMP-WICKS.—To ensure a good light, wicks must be changed often as they soon become clogged, and do not permit the free passage of the oil. Soaking wicks in vinegar 24 hours before placing in lamp insures a clear flame.

TO MAKE HENS LAY IN WINTER.—Keep them warm; keep corn constantly by them, but do not feed it to them. Feed them with meat scrap; when lard or tallow has been tried, or fresh meat. Some chop green pepper finely, or mix cayenne pepper with cornmeal to feed them. Let them have a frequent taste of green food, a little gravel and lime, or clam-shells.

HARD SOAP.—6 lbs. clean grease, 6 lbs. sal soda, 3 lbs. stone lime; slake the lime and put it into 4 gallons soft water; add the sal soda, and when dissolved, let it settle. Pour off the water into an iron kettle, and add the grease melted, and boil. If the soap does not come after boiling a few minutes, add more soft water till it is of the consistency of honey. Wet a tub and pour the hot soap into it. When cold, cut into pieces and lay it away to dry. Always make soap in an iron kettle.

TO MAKE GOOD STARCH.—Mix the starch with cold water, add boiling water until it thickens, then add dessert spoon of sugar, and a small piece of butter. Makes a stiff and glossy finish equal to laundry.

WASHING FLUID.—9 tablespoons of unslaked lime, 2 lbs. sal soda, 4 quarts water; let this simmer half an hour, then bottle up. Take a small teacup to a boiler of water.

GINGER CORDIAL.—To 1 lb. picked currants, red or black, add 1 qt. whiskey, 1 oz. bruised ginger; put in a stone jar and let it stand for 24 or 36 hours; strain through a flannel bag, and add ½ lb. sugar; when it is all melted, bottle.

LEMON SYRUP.—Pour 6 qts. boiling water on 1 lb. white sugar, 1½ oz. tartaric acid, and a little whole ginger; let stand till cold; then add one small bottle of essence of lemon. Strain and bottle.

CREAM NECTAR.—Dissolve 2 lbs. crushed sugar in 3 qts. water; boil down to 2 qts.; drop in the white of an egg while boiling; then strain, and put in the tartaric acid; when cold, drop in the lemon to your taste; then bottle and cork. Shake two or three times a day.

LEMON CHEESE CAKE.—Break 1 lb. loaf sugar into small lumps, put to it ½ lb. butter, the yolks of 6 eggs with the whites of 4, the juice of 3 lemons, and the peel of two grated; put these into a pan, let them simmer over a slow fire until the sugar is dissolved; continue to stir it gently one way while it is on the fire, or it will curdle; keep it in a jar like mince meat; let it simmer till it begins to thicken, or looks like honey.

COLORING RECIPES.

SCARLET (very superior)—3 oz. cochineal, 3 oz. cream tartar and 4 oz. solution of tin; powder the cochineal and rub through a bag into blood-warm water sufficient to cover the yarn. When it is a little warm put in the cream tartar, and simmer then add your solution of tin; your yarn must be wet with clean water; steep it in the dye till the yarn is properly dyed. Dry your yarn before you wash it. This will color 3 pounds.

WINE COLOR.—1 lb. wool, ½ lb. red powder, 1 oz. madder compound. Soak the powdered wood in warm water all night, mix the madder compound with about ½ pint of water (in a glass), and add it to the rest; rinse the wool in warm water and put it in the dye; boil about ½ an hour; take out the wool and rinse it in cold water. A color almost as fine may be had by using a ½ lb. of alum, and boiling in the same way.

GREEN.—For 5 lbs. goods use 5 lbs. fustic and 18 oz. alum. Soak in water until the strength is extracted, put in the goods until of a good yellow color, remove the chips and add extract of indigo in small quantities at a time until the color is satisfactory.

PINK.—For every 3 lbs. yarn or cloth take 3½ quarts water, or enough to cover the article you wish to color, 2 oz. cochineal, and ½ oz. cream-tartar; steep the cochineal in warm water 2 hours, or until the strength is entirely extracted, and add the cream tartar; then wet the cloth in clear water, wring it out and put it in the dye; bring it to a scalding heat, let it remain in a few moments, and it will be finished.

BLACK ON WOOL, SILK OR COTTON.—For 1 lb. of cloth it will require 1 oz. extract of logwood and ½ oz. blue vitriol. Prepare an iron kettle with a sufficient quantity of water to admit the yarn or cloth to be worked in the dye without being crowded; bring the water to a scalding heat, then put in the yarn or cloth a few minutes; when it is thoroughly wet, take it out and drain it; in the next place, add the blue vitriol, and when dissolved and the water skimmed carefully, put in the material to be colored, and let it remain ½ an hour at a scalding heat, airing it occasionally; then take it out and rinse it in soft water; the vitriol water may be emptied into a separate vessel, and the extract of logwood dissolved in a sufficient quantity of water, brought to a scalding heat, and skimmed; put in the cloth; keeping the dye in the same temperature, and let it remain ½ an hour, airing it frequently; then take it out and drain it; add the vitriol water to the dye, and put it in again; let it remain 15 minutes, airing as before. Clean it well. For cotton, add a little common glue.

CRIMSON.—Use 1 lb. lac dye, together with 2 oz. madder compound, to every 2 lbs. cloth or yarn. Soak the lac dye over night in a brass or copper kettle, then add the compound and stir; then the cloth, and bring your dye slowly to a scalding heat; then vary the time as you wish the color. If dark, let it remain some hours; if not, 1 hour; then rinse in soft water, without soap.

BROWN.—For 1 lb. wool take a ½ lb. alum and 1 oz. cream tartar, and boil for ½ an hour. Take ½ lb. red powder, ½ lb. of fustic, and 2 oz. logwood chips; soak these a night in sufficient warm water to cover the wool; take the wool out of the alum water, and boil with the woods for about ½ an hour. If a dark brown is wanted, add about a teaspoonful of copperas.

HANDY PACKAGE DYES.

Have never been equalled for brilliancy of colors, reliability of shades, and are warranted to color more goods, and to give better satisfaction than any Dye in the market. Compare them; try them; and be satisfied of this fact.

Do not be persuaded to try Dyes that are advertised to color large quantities of goods; the colors made from such soon change, and the goods become worthless. This is especially so with colors on cotton. Our special Colors for Cotton will be found far superior to all others, not only in the large amounts they will color, but in the fastness and brilliancy of the colors, making them indispensable to all wishing to dye cotton goods for carpets or other permanent use.

These Dyes are manufactured from the best and purest materials, so that you are certain to get good colors every time if your goods are free from grease, and the directions followed.

Old silks, faded ribbons, etc., can be made to look like new by using the Handy Package Dyes.

They are just what you want for coloring carpets, old dresses, stockings, etc.

Beautiful ornaments can be made out of grass, wheat, oats, and other grain, after coloring them with the Handy Package Dyes.

They are a boon to the economical woman who wishes her children to look fresh and neat.

The person with an ingenious mind and decorative taste can find hundreds of ways to beautify their homes by the use of the Handy Package Dyes.

REMARKS ON COLORS.—Pure and bright colors can be had only on white goods. Colored goods, especially silk and cotton, can often be made nearly white by boiling in strong soap-suds and rinsing, repeating the process as long as the color comes into the water.

If the Dyes are used on goods already colored, the color obtained will be a combination of the old and new colors.

A Red color, dyed on Green, Slate, or Drab, will make a Brown; on Yellow, an Orange; on Blue, a Purple; on Violet, a Wine.

Green will color nicely over Gray, Drab, Slate, Bismarck, and Blue, making Dark Greens, or Olives.

Blue over Green will make a Peacock color; over Reds a Violet or Purple; over Yellow a Green; over Browns, Dark Bluish Shades.

Browns will color over all colors except Black, making on Green a Bronze, on Red a Garnet, on Purple and Violet a Wine or Maroon.

Purple and Violet will color over Red, Blue, and Brown, making Wine, Plum, etc.

All the dark colors will cover over lighter colors, making various shades of the darker colors used.

Manufactured by THE HANDY PACKAGE DYE COMPANY, Adams Centre, N. Y., and Toronto, Ont.

NORTHROP & LYMAN CO., Toronto, Agents for Canada.

MADDER RED.—Take 1 lb. madder for every 2 lbs. yarn or cloth; soak the madder in a brass or copper kettle 1 night in warm water, enough to cover the yarn you wish to color; next morning put in 2 oz. madder compound for every lb. madder which you have soaked, then wet your yarn or cloth in clean water, and wring it out in clear water; afterwards put in the dye; now place the kettle over the fire and bring it slowly to a scalding heat, which will take about $\frac{1}{2}$ an hour; keep it at this heat $\frac{1}{2}$ an hour if a light red is wanted, and longer if a dark one, the color depending upon the time it remains in the dye. When the color is made, rinse the cloth immediately in cold water; it will then be finished.

YELLOW.—1 lb. of wool or cloth, $\frac{1}{2}$ lb. fustic, $\frac{1}{2}$ lb. alum; put all into an earthen vessel, and pour on sufficient hot water to cover the wool and keep it warm all night; give it $\frac{1}{2}$ an hour's boil in a brass kettle, and then rinse in cold water. A much deeper and richer yellow may be had by using turmeric powder instead of fustic, and proceeding in the same manner.

CHEAP BROWN FOR WOOL OR COTTON.—For 10 lbs. goods, $\frac{1}{2}$ lb. japonica, 1 oz. blue vitriol, 2 oz. bi-cromate of potash; put the japonica into 4 gallons of soft water, boil until dissolved, add the blue vitriol, and stir well; put in the goods, and keep at boiling point for two hours; wring out and put into the solution made with the potash, let it remain for half an hour, then wash in soap-suds.

PURPLE.—For 10 lbs. of goods use $\frac{1}{2}$ lb. alum, 1 teacup muriate of tin, pulverized cochineal $\frac{1}{2}$ lb., cream of tartar $\frac{1}{2}$ lb. Boil the alum, tin and cream of tartar for 20 minutes, add the cochineal and boil 5 minutes; immerse the goods 2 hours, remove and enter them in a new dye, composed of Brazil wood $\frac{1}{2}$ lb., logwood $\frac{1}{2}$ lb., alum 1 lb., muriate of tin 2 cupsful, adding a little extract of indigo.

ORANGE.—For 10 lbs. goods, use sugar of lead $\frac{1}{2}$ lb., boil 15 minutes, when a little cool enter the goods, and dip for 2 hours, wring out, make a fresh dye with bichromate of potash 1 lb., madder $\frac{1}{2}$ lb., immerse until the desired shade. The shade may be varied by dipping in lime water.

LIGHT SILVER DRAE.—For 5 lbs. goods, use $\frac{1}{2}$ oz. logwood, alum, $\frac{1}{2}$ oz. Boil well, enter the goods, and dip for 1 hour. Grade the color to any desired shade by using equal parts of logwood and alum.

LILAC (for silk).—For 1 lb. silk use archil $\frac{1}{2}$ lb. Mix it well with the liquor, make it boil $\frac{1}{2}$ of an hour, dip the silk quickly, then let it cool, and wash in soft or river water.

BLUE.—A splendid blue may be produced in an hour by the following process: For 1 lb. wool or cloth take $2\frac{1}{2}$ oz. alum, and $\frac{1}{2}$ oz. cream tartar. Boil these together in a brass or copper kettle for about an hour; now take sufficient warm water to cover the cloth or wool, and color it to the shade you wish with the liquid blue; put the whole into the copper pot and boil it a short time, taking care to keep it stirred; remove the cloth and rinse in clear cold water, and hang it up to dry.

SALMON.—Take 1 lb. wool, a $\frac{1}{2}$ lb. annatto, and $\frac{1}{2}$ lb. soap. Take water sufficient to cover the wool, in which dissolve the annatto and soap; rinse the wool in warm water, put it into the annatto mixture and boil about $\frac{1}{2}$ an hour. The shade may be made lighter or deeper according to the quantity of annatto used.

ORANGES (on cotton).—For 1 lb. take two oz. sugar of lead and $\frac{1}{2}$ oz. bichromate of potash. Dis-

olve each separately in just enough boiling water to cover the cotton, and dip it alternately from one to the other three times, or until the desired shade is obtained.

BLUE (on cotton).—For 1 lb. take 2 oz. copperas, dissolve in sufficient boiling water, put the cotton in, and let it soak 1 hour. Dissolve $\frac{3}{4}$ oz. prussiate potash in same quantity of fresh boiling water, and add $\frac{3}{4}$ oz. sulphuric acid (by weight), then dip the cotton alternately from one to the other three times or until the desired change is obtained, and rinse well with cold water.

GREEN (on cotton).—Dip the cotton coloured blue in the orange dye.

PINK (on cotton).—For 5 lbs. take 2 lbs. nicewood and 4 oz. solution of tin; put the cotton in and let it remain till the shade suits.

DOVE AND SLATE COLOURS of all shades are made by boiling in an iron vessel a teacupful of black tea with a teaspoonful of copperas and sufficient water. Dilute this until you get the shade wanted.

All fancy colours should be coloured in brass or copper vessels, with plenty of soft water, and wet before putting them into the dye.

DR. KELLOGG'S CATARRH SNUFF.

FOR CATARRH, COLD IN THE HEAD, HEADACHE, ETC.

In changeable climates there is no complaint so prevalent as Catarrh, or Cold in the Head, as it is commonly called. The cause is, generally, exposure to draughts, or damp atmosphere. Common Catarrh is an inflammatory state of the mucous membrane of the head or chest; Chronic Catarrh is usually the result of a neglected Cold, or Common Catarrh, and is exceedingly troublesome, as the unpleasant discharges frequently find their way into the stomach and cause derangement of the whole system. The smell is impaired, and sometimes destroyed; appetite bad; and general emaciation frequently occurs. Remedies without number have been recommended for Catarrh, but none have been found more efficacious than **Dr. Kellogg's Catarrh Snuff**, the old and well-known specific for Catarrh. It gives immediate relief to the dull, heavy pains caused by Cold in the Head. The sensations after using it are delightful and invigorating. It opens and purges out all obstructions, strengthens the glands, and gives healthy action to the parts affected.

Mr. Paul Thibodeau, Cavendish Road, P. E. I., writes: "I have had Catarrh for twelve years, and fifty cents' worth of Kellogg's Snuff did me more good than \$50 worth of medicine which I had from the most eminent medical men of Montreal, Quebec, St. John and Charlottetown. I think one more bottle will completely cure me."

NORTHROP & LYMAN CO., Toronto.

Price 25 cents.

Sole Agents for Canada.

CRAB-APPLES.—To 1 lb. fruit allow $\frac{1}{2}$ lb. sugar, and a pint of water to 3 lbs. of sugar. When the syrup is boiling hot, drop in the apples. They will cook very quickly. When done, fill a jar with the fruit, and fill it up with syrup.

PRESERVED GREENGAGES IN SYRUP.—To 1 lb of fruit allow 1 lb. loaf sugar, $\frac{1}{2}$ pint of water. Boil the sugar and water together for about 10 minutes; divide the greengages, take out the stones, put the fruit into the syrup, and let it simmer gently until nearly tender. Take it off the fire, put it into a large pan, and, the next day, boil it up again for about 10 minutes with the kernels from the stones, which should be blanched. Put the fruit carefully into jars, pour over it the syrup, and, when cold, cover down, so that the air is quite excluded. Let the syrup be well skimmed both the first and second day of boiling, otherwise it will not be clear.

TO PRESERVE CITRON.—Pare the citrons and cut them into slices about $\frac{1}{2}$ inches thick, then into strips the same thickness, leaving them the full length of the fruit; take out all the seeds with a small knife, then weigh, and to each pound of citron put 1 lb. white sugar, make a syrup; to 10 lbs. put a pint of water, and simmer gently for 20 minutes; then put in the citron and boil for 1 hour, or until tender; before taking off the fire put in 2 lemons, sliced thin, seeds taken out, and 2 oz. root ginger; do not let them boil long after the lemon and ginger are put in; do not stir them while boiling. The above is very fine if carefully attended to.

CRAB-APPLE JELLY.—Wash the fruit clean, put in a kettle, cover with water, and boil until thoroughly cooked. Then pour it into a sieve, and let it drain. Do not press it through. For each pint of this liquor allow 1 lb. sugar. Boil from 20 minutes to half an hour.

OTHER JELLIES.—Jellies can be made from quinces, peaches and apples by following the directions for crab-apple jelly.

WINE JELLY.—One box of Cox's gelatine, dissolved in 1 pint of cold water, 1 pint wine, 1 qt. boiling water, 1 qt. granulated sugar, and 3 lemons.

CANNED STRAWBERRIES.—After the berries are pulled, let as many as can be put carefully in the preserve kettle at once be placed on a platter. To 1 lb. fruit add $\frac{3}{4}$ lb. sugar; let them stand 2 or 3 hours, till the juice is drawn from them; pour it in the kettle and let it come to a boil, and remove the scum which rises; then put in the berries very carefully. As soon as they come thoroughly to a boil put them in warm jars, and seal while boiling hot. Be sure the cans are air-tight.

BAKED PEARS.—Place in a stone jar, first a layer of pears (without paring); then a layer of sugar, then pears, and so on until the jar is full. Then put in as much water as it will hold. Bake in oven 3 hours.

TO MAKE AN ORNAMENTAL PYRAMID FOR A TABLE.—Boil loaf sugar as for candy, and rub it over a stiff form, made for the purpose, of stiff paper, which must be well buttered; set it on a table, and begin at the bottom and stick on to this frame with the sugar a row of macarons, kisses, or other ornamental articles, and continue till the whole is covered. When cold draw out the pasteboard form and set the pyramid in the centre of the table with a small bit of wax candle burning with it, and it looks very beautiful.

OWNERS OF HORSES REJOICING.

That is, all who have either used Dr. Thomas' Electric Oil on their Horses, or witnessed the wonderful effects when used by others.

When your Horses are suffering from a cut, abrasion or sore, it is just the medicine to use.

If your Horse is lame, stiff, or there is swelling of any kind, Dr. Thomas' Electric Oil is just the medicine to use. It allays swelling, removes stiffness of any kind, and is the most soothing and healing medicine that you can use.

IN CATTLE it cures Horn Distemper and in cows Garget; a few applications cure cracked teats; for the last-named it is especially good. For Horn Distemper put half a teaspoonful in each ear, and pour a little back of the horns.

WORTH KNOWING.

Mr. James Shannon, Leaskdale, writes:—"I suppose it would be of interest to you to know of two wonderful cures effected on horses by using Dr. Thomas' Electric Oil. A customer of mine had a valuable colt about a week old, which got cold and was unable to get on its feet. I advised him to give it a thorough rubbing with Dr. Thomas' Electric Oil, which he did, and to his surprise the stiffness was removed, and a perfect cure followed. The second astonishing cure was on a fine colt which had been operated on, followed by great swelling. The farriers said he would die, and they could not save him. 'Then, if he is going to die,' said the owner, 'I will go and get a dollar's worth of Dr. Thomas' Electric Oil, and it will at least ease his sufferings.' He got the Electric Oil, and it not only gave the colt relief, but cured him. It is just such remarkable cures as these that advertise Dr. Thomas' Electric Oil, and make our sales so much larger than of any other medicine."

Mr. S. S. Nash, Crediton, writes:—"Frequent applications of Dr. Thomas' Electric Oil, and daily rubbing, completely removed a callous lump on the leg of a valuable horse of mine."

Mr. W. R. Lazier, Bailiff, etc., Belleville, writes: "I find Dr. Thomas' Electric Oil the best medicine I have ever used in my stable. I have used it for Bruises, Scratches, Wind Puffs and Cuts, and in every case it gave the best satisfaction. We use it as a household remedy for Colds, Burns, etc., and it is a perfect panacea. It will remove Warts by paring them down and applying it occasionally."

Mr. P. M. Markell, West Jeddore, N.S., writes:—"I wish to inform you of the wonderful qualities of Dr. Thomas' Electric Oil. I had a horse so lame that it could scarcely walk; the trouble was in the knee; and two or three applications completely cured him."

Mrs. O'Hearn, River street, Toronto, used Dr.

Thomas' Electric Oil for her cows for cracked and sore teats; she thinks there is nothing like it. She also used it when her horses had the epizootic, with the best results.

A BAPTIST MINISTER'S EXPERIENCE.

"I am a Baptist Minister, and before I even thought of being a clergyman I graduated in medicine, but left a lucrative practice for my present profession, forty years ago. I was for many years a sufferer from Quinsy; Dr. Thomas' Electric Oil cured me. I was also troubled with Hoarseness, and Dr. Thomas' Electric Oil always relieved me. My wife and child had Diphtheria; and Dr. Thomas' Electric Oil cured them, and if taken in time it will cure seven times out of ten. I am confident that it is a cure for the most obstinate Cold or Cough, and if anyone will take a small teaspoon and half fill it with the Oil, and then place the end of the spoon in one nostril and draw the Oil out of the spoon into the head by sniffing as hard as they can until the Oil falls over into the throat, and practice that twice a week, I don't care how offensive their head may be, it will clean it out and cure their Catarrh. For Deafness and Earache it has done wonders to my certain knowledge. It is the only medicine dubbed patent medicine that I have ever felt like recommending, and I am very anxious to see it in every place, for I tell you I would not be without it in my house for any consideration. I am now suffering with a pain like Rheumatism in my right limb, and nothing relieves me like Dr. Thomas' Electric Oil. "DR. E. F. CRANE, "Corry, Pa."

ULCERATED SORES FOR NINE YEARS.

Mr. Samuel Bryan, Thedford, writes:—"For nine years I suffered with ulcerated sores on my leg; I expended over \$100 to physicians, and tried every preparation I heard of or saw recommended for such diseases, but could get no relief. I at last was recommended to give Dr. S. N. Thomas' Electric Oil a trial, which has resulted, after using eight bottles (using it internally and externally), in a complete cure. I believe it is the best medicine in the world, and I write this to let others now what it has done for me."

EXCELLENT QUALITIES.

Gilbert Laird, St. Margaret's Hope, Orkney, Scotland, writes:—"I am requested by several friends to order another parcel of Dr. Thomas' Electric Oil. The last lot I got from you, having been tested in several cases of Rheumatism, has given relief when doctors' medicines have failed to have any effect. The excellent qualities of this medicine should be made known, that the millions of sufferers throughout the world may benefit by its providential discovery."

The usual indigestion, lessness during and hard slimy stools, nose, offensive, feverish, frigid stomach, and gradual wasting of these systems getting relieved.

In administering this important thing, pleasant to the equal in accordance with the

MOTHER

These two doses are put up in a pleasurable than their reach of

This medicine purgative medicine, usually destroyed in which the sufferer

Mr. L. A. daughter was but a few doctors destroy

Mr. Geo. B.

Family Recipe Book.

Worms attack all ages, from the youngest up to the adult, but more frequently between the ages of three and ten years, and are no respecters of persons—the rich and poor, the proud and humble, alike have to seek relief from their ravages. They are not only a cause of disease, but by their irritation aggravate all other diseases. Their presence deranges the whole system, causing the strong to grow feeble, and the glow of health to fade from the cheek.

The usual symptoms of worms in children are, indigestion, irregular appetite, moaning and restlessness during sleep, grinding of the teeth, swelling and hardness of the abdomen, with frequent slimy stools, countenance pale, picking at the nose, offensive breath, low spirits, irritable and feverish, frightful dreams, headache, pain in the stomach, urine turbid, convulsive fits, and a gradual wasting away of the flesh, etc. When any of these symptoms are noticed, do not delay in getting relief for the sufferer.

In administering medicine to children, one important thing is to get something that will be pleasant to the taste, and at the same time effectual in accomplishing the end desired. In

MOTHER GRAVES' WORM EXTERMINATOR

These two desirable qualifications are to be found. It is put up in the form of a syrup, and is so agreeable that children will not refuse it; in fact, so pleasant that it will have to be placed beyond their reach or they will empty the bottle.

This medicine does not require the help of any purgative medicine to complete the cure. It effectually destroys the worms, and removes the nests in which their young are deposited, thus relieving the sufferer of their injurious effects.

Mr. L. A. Purdy, of Brighton, says: "His little daughter was very much afflicted with pin worms but a few doses of Mother Graves' Worm Exterminator destroyed them."

Mr. Geo. Burke, Quebec writes: "I have used

Mother Graves' Worm Exterminator and found it the best thing I ever used for worms."

Prepared by NORTHROP & LYMAN CO.,

Toronto, Ont.

Price 25 cents.

It is a preparation combining in a pleasant and agreeable form all the stimulating and nutritious tonic properties of the above-named ingredients, chemically combining the elements that make up the human system and are well calculated to supply and re-create the wasted body. Its agreeableness to the taste, restoring and invigorating properties, combined with its powers to vitalize and enrich the blood, render it peculiarly adapted for delicate ladies and children, many of whom object to bitter or nauseous tonics.

It is a most effective strengthener and restorative, and admirably adapted for impaired digestion. As a nutritious tonic it will be found invaluable in the treatment of impaired Nutrition of the Blood, and in all the various forms of General Debility.

IF YOUR STOMACH is weak use Northrop & Lyman's BEEF, IRON AND WINE, to tone and strengthen it.

IF YOUR APPETITE is poor, and you are weak and languid, use this BEEF, IRON AND WINE to improve the appetite and restore to the system its exhausted powers, and thus, by the general vigor which it imparts, create an appetite and restore the weak and broken down to health and strength, dispel gloomy spirits, enrich the blood, and tone up the whole system.

Price \$1 per bottle. Prepared by

NORTHROP & LYMAN CO., Toronto.

A PERFECT RENOVATOR AND INVIGORATOR OF THE SYSTEM.

Mr. John Magwood, Victoria Road, writes: "Northrop & Lyman's Vegetable Discovery is a splendid medicine. My stomachs they never used anything so effectual. Good results immediately follow its use. I know its value from personal experience, having been troubled for nine or ten years with Dyspepsia, and since using it digestion goes on without that depressed feeling so well known to dyspeptics. I have no hesitation in recommending it in any case of Indigestion, Constipation, Heartburn, or trouble arising from a disordered stomach."

1048

THE GREAT BLOOD PURIFIER
NORTHROP & LYMAN'S
VEGETABLE
DISCOVERY
AND
DYSPEPTIC CURE

VEGETABLE medicines and vegetable food are of the same origin, consequently, if the latter nourishes the body (and we know it does), it follows that the former will do the same. Northrop & Lyman's Vegetable Discovery is, as its name represents, a vegetable medicine, skillfully combined, thereby forming a preparation which nourishes and invigorates the system, while it permeates and cleanses the Blood from all impurities.

If the Blood is pure and rich you will be in the enjoyment of good health, but if it is river of Life is turbid or impoverished the circulation is checked and a multitude of diseases follow. What are

PIMPLES, and Blotches, those unsightly things that disfigure the fairest and loveliest face, and make it an object of indifference, if not disgust? Are they not an evidence of the impurity of the Blood? What is

SCROFULA? It is the unsightly eruptions

that owe their origin to the same source, and nothing but a blood purifier or cleanser will cure this disease.

SALT RHEUM, *Cancerous Humors*, *Tetter*, *Ring-worm*, *Erysipelas*, *Itch*, *Boils*, &c., are also evidence of the state of the blood, and are nature's attempt to throw off the poison or impurities that are lurking in that vital fluid. Give nature a chance by using Northrop & Lyman's Vegetable Discovery, and the eruptions will all disappear.

DYSPEPSIA.—We challenge anyone to produce a case of this disease that the Discovery will not cure. Its operation is thorough, and it removes every vestige of the complaint.

BILIOUSNESS. For this complaint it has no equal. It gives tone to the stomach, corrects acidity, and brings every part into active work. It drives

MALARIA and all Malarial Diseases, such as *Fever and Ague*, &c., from the system by cleansing the Blood, giving activity to the Liver, strengthening the organs of digestion, secretion and absorption.

LIVER COMPLAINT.—Try this valuable medicine for Liver Complaint. It has a good record as you will see by looking at the testimonials from those who have been cured.

KIDNEY AND BLADDER DISEASES have been cured by the use of Northrop & Lyman's Vegetable Discovery, and we don't believe there is any preparation equal to it or that will do as much for these complaints as this celebrated medicine.

CATARRH is a constitutional disease and requires a medicine that will permeate every part of the human system and cleanse all impurities from the blood. This is precisely what Northrop & Lyman's Vegetable Discovery will do.
