CONSTITUTION
OF THE
Missionary Society of the Methodist Church of Canada.

ADOPTED BY THE GENERAL CONFERENCE, 1878.

I.—NAME.

THIS Society shall be known as "The Missionary Society of the Methodist Church of Canada."

II.—OBJECT.

The Object of the Society is the support and enlargement of the Indian, French, Domestic, Foreign, and other Missions which are carried on under the direction of the Conferences of the Methodist Church of Canada.

III.—MEMBERS.

Every person paying annually the sum of four dollars and upwards, and every person collecting annually ten dollars and upwards, for this Society, shall be deemed a member, and entitled to a copy of the Annual Conference Report. And every person paying annually twenty-five dollars, or collecting for the Society thirty dollars or upwards, shall also be entitled to a copy of the General Report.

IV.—AUXILIARY AND BRANCH SOCIETIES.

The Methodist Missionary Societies within the bounds of any Annual Conference shall collectively be entitled "The Auxiliary Missionary Society" for that Conference; and severally shall be entitled "Branch Societies" of such Auxiliary. Missionary Societies formed in our Sunday-schools shall be entitled "Juvenile Branches" of the Conference Auxiliary.

V.—TREASURERS.

1. Each Annual Conference may appoint a Treasurer, through whom all remittances to or from the head office shall be sent. In case any Annual Conference does not make such an appointment, then all remittances to and from the head office shall be made through the Chairmen of Districts in such Conference.

2. The Superintendent of a Circuit or Mission shall be Treasurer of the Branch Societies on his Circuit or Mission.

VI.—REMITTANCES.

The money raised on any Circuit or Mission shall be transmitted as soon as collected to the Chairman of the District, deducting only what has been disbursed for incidental and local expenses; and the Chairman shall, in turn, remit promptly to the General Treasurer, through the Conference Treasurer (or directly if there be no Conference Treasurer), all moneys received, deducting only necessary incidental expenses. All moneys from the General Treasurer to a District shall also pass through the Chairman's hands.

VII.—CIRCUIT LISTS.

The Superintendent of each Circuit or Mission shall prepare annually, not later than the first day of the Annual District Meeting, a list of all subscribers of two dollars and upwards, also the aggregate of all collections and sums under two dollars; such lists to be sent without delay to the Conference Treasurer or Chairman, who shall forward them to the Mission Rooms for insertion in the Annual Report, together with a statement of the gross receipts, local disbursements and remittances.

VIII.—CENTRAL BOARD.

1. There shall be a Central Missionary Board for the management of the Missionary Fund, which shall meet annually at such time and place as it may appoint.

2. This Board shall be composed of the President of the General Conference, the Officers of the Missionary Society, one minister to be chosen annually by each Annual Conference, one layman to be chosen annually by the laymen of each Conference Missionary Committee, and six other persons—one-half of whom shall be laymen—to be appointed by the General Conference, and to continue in office for four years.

3. The duties of this Board shall be to review the Missionary work, and apportion the funds committed to it, to the respective Conferences according to the necessities of the various depart-

ments of the work necessary appropriate to the various Mission Districts.

4. When an appointment is made by the Central Board in any department of the Conference Commission, liberty to divert to any other department.

5. Vacancies in the Conference Commission represented by the Executive Conference affected; among the General Conference the Committee on Finance.

6. In the event of the inability of any member of the Society, the Commission and Finance shall appoint a person to fill the vacancy at the next meeting of the Conference, such appointment to be changed, pending the next General Conference.

7. The Commission and Finance shall have the power to suspend any member of the Society for culpable neglect of office, and suspend any member at the next meeting of the Conference, which shall have the power to fill the vacancy till the next meeting of the Conference.

IX.—COMMISSION.

A Commission shall be appointed by the General Conference, which shall be annually renewed. The Commission shall consist of the President of the General Conference, the Officers of the Missionary Society, and twelve other members, six of whom shall be laymen and six ministers. The Commission shall be composed of the President of the General Conference, the Officers of the Missionary Society, one minister to be chosen annually by each Annual Conference, one layman to be chosen annually by the laymen of each Conference Missionary Committee, and six other persons—one-half of whom shall be laymen—to be appointed by the General Conference, and to continue in office for four years.

X.—ANNUAL MEETINGS.

An Annual Meeting shall be held at such time and place as it may appoint.

ments of the work. Also to make the necessary appropriations to the various Mission Districts.

4. When an appropriation is made by the Central Board to any particular department of the work, the Annual Conference Committee shall not be at liberty to divert any part of the grant to any other department.

5. Vacancies occurring among Conference representatives may be filled by the Executive Committee of the Conference affected; and vacancies occurring among those appointed by the General Conference may be filled by the Committee of Consultation and Finance.

6. In the event of the death or disability of any of the Officers of the Society, the Committee of Consultation and Finance shall appoint a suitable person to fill the vacancy till the next meeting of the Central Board, when such appointment may be confirmed or changed, pending the meeting of the next General Conference.

7. The Committee of Consultation and Finance shall also have authority to suspend any Officer of the Missionary Society for incompetency or for culpable neglect of the duties of his office, and supply his place till the next meeting of the Central Board, which shall have authority to fill the vacancy till the next General Conference.

IX.—COMMITTEE ON FINANCE.

A Committee, to be called the Committee of Consultation and Finance, shall be annually appointed by the Central Board, consisting of the President of the General Conference, the Officers of the Missionary Society, and twelve other members—six ministers and six laymen—the majority of whom shall be members of the Central Board, who shall provide during the interval of the sessions of said Board for any exigencies that may arise. All the proceedings of said Committee shall be entered in a minute book, and reported to the Central Board at its next annual meeting.

X.—ANNUAL MEETING.

An Annual Public Meeting of the members and friends of this Society

shall be held at the time and place appointed by the Central Board, connected with such religious services as may be deemed expedient.

XI.—GENERAL OFFICERS AND THEIR DUTIES.

1. The General Conference shall appoint the General Secretaries and Treasurers of the Missionary Society, who shall be *ex-officio* members of the Central Board.

2. The General Secretaries shall, previous to each Financial District Meeting, furnish each Chairman of a District with a schedule to be filled up by said Chairman at the Financial District Meeting, showing the estimated income and expenditure of each Mission for the support of the ministers and preachers, the amount of Missionary grant recommended by the Financial District Meetings, &c., &c., which schedule shall be forwarded to the General Secretaries without delay. From these schedules the General Secretaries shall prepare a tabular statement for the information of the Central Board, in order that its members may intelligently and justly apportion the funds of the Society to the several Conferences.

3. It shall be the duty of the General Secretaries to make themselves acquainted with the entire Mission field, by official correspondence and personal visitation when practicable. It shall also be the duty of the Secretaries to publish the Annual General Report of the Society, and the Reports of the several Annual Conferences, with a statement of their income and expenditure.

4. In the discharge of their duties, the Officers of the Society shall act in harmony with the legally appointed courts and officers of the General and Annual Conferences. Provided always, that in case of any emergency arising that may require prompt action in the matter of supplying any remote Mission, it shall be competent for them, on the recommendation of the Committee of Consultation and Finance, to request the proper authorities of any Annual Conference to aid them in meeting such emergency, by appointing one of its ministers or preachers to such Mission.

STANDING RESOLUTIONS.

SPECIAL CLAIMS.

SUPPLY IN CASE OF SICKNESS.—In case a Missionary is laid aside during the year by illness which incapacitates him for work, the President of Conference, and Chairman of the District, may, if they judge it necessary, procure a suitable supply; and the Treasurers, on being duly certified of the facts, accompanied by a Physician's certificate as to the health of the Missionary, are authorized to pay towards the cost of such supply an amount not exceeding the proportion of a single unordained man's salary, for the period during which his services are necessary, within the current Conference year.

SUPPLY IN CASE OF DEATH.—In case of the death of a Missionary, his family shall be privileged to remain on the Mission and receive the allowances for the rest of the year; and an amount for a supply, similar to that mentioned in the preceding regulation, may be allowed.

SUPPLY PENDING THE REMOVAL OF A MISSIONARY.—In case a Missionary is removed from a distant station, and it is found necessary to supply his new field of labor, until such time as he can reach it, a grant for such supply may be made, similar in amount to that mentioned in the preceding cases.

AFFLICTION.

These grants are intended to HELP in cases where expenses incurred by sickness are exceptionally great, or the salary unusually small. It is to be understood, therefore, that only cases of this exceptional character will hereafter be entertained, and the Board reserves the right of granting either the whole, or part of such claim, as it may judge expedient.—*Adopted by General Conference.*

In order to prevent unnecessary delay in the settlement of Special Claims, it is recommended that they be presented at the next District Meeting—Financial or Annual—and, if recommended by such meeting, forwarded at once, with the physician's (or other) bill duly receipted, to the General Secretaries.

ERECTION AND REPAIRS OF MISSION PREMISES, &c.

1. No application for a grant for new Mission premises, or buildings, will be entertained, unless a description of the proposed buildings, with their estimated cost, has first been submitted to, and the expenditure distinctly authorized by, the Central Board, or the Committee of Consultation and Finance.

2. The same rule will be observed in regard to the repairing of Mission Buildings, and the purchase of Furniture.

CLAIMS OF DOMESTIC MISSIONS.

the Heathen World, and this difficulty and embarrassment arising, to a large extent, from the demands made by Domestic Missions of long standing and of large membership, and in old and well-settled districts, this Board is strongly of the opinion that grants to such Missions should either be greatly modified or absolutely cease; and appeals to the devotedness and loyalty of the members of the Church on such Missions, generously to relinquish Missionary aid, and thus enable the Board to meet its responsibilities, in making more equitable appropriations for the more destitute portions of its extending work.

TIME FOR THE BRANCH SOCIETIES' RETURNS.

The Treasurers' Report shall be closed from year to year on the last day of June, and the Superintendents of Circuits are required to use all practical effort to have the subscriptions on their respective Circuits collected, and paid to the Treasurers, at or before the May District Meeting.

REPORTS OF MISSIONS.

A Report of the Religious State of the Missions shall be prepared by the Superintendent of each Mission, and read in the May District Meeting, subject to the revision of that Meeting.

CORRESPONDENCE.

The Chairmen shall require regular quarterly Communications to be made by each of the Missionaries on their respective Districts, to the Secretaries of the Society, giving information of the state and prospects of the several Missions in which they are employed.

PUBLICATION OF ANNUAL REPORTS.

After the present year the following method shall be adopted:— Let the Secretaries publish an Annual Report for each Conference, containing a brief religious summary of our whole Mission work, the names of Subscribers of \$2.00 and upwards, and the Disbursements of each Conference; also a General Report, containing the religious summary, the aggregate of income from each Circuit and Mission, and a statement of all expenditure.—*Resolution of General Conference.* (For distribution of Reports, see Art. III. of "Constitution.")

MISSIONARY INTELLIGENCE.

The publication of the *Missionary Notices* is hereby discontinued, and instead thereof the editors of the *Guardian* and *Wesleyan* are directed to place at the disposal of the Missionary Secretaries sufficient space in their columns for the publication of such matter as is usually published in the *Missionary Notices*. All communications from the Mission Districts, intended for publication in the organs of the Church, shall be first examined and approved by the Missionary Secretaries.—*Resolution of General Conference.*

FORM OF A BEQUEST TO THE METHODIST MISSIONARY SOCIETY, AND THE LAW GOVERNING SAME

FORM.

I give and bequeath to THE MISSIONARY SOCIETY OF THE WESLEYAN METHODIST CHURCH IN CANADA the sum of \$ _____ out of my pure personality, to be paid, expended, and applied by said Society in the aid and support of the Missionaries upon the different Mission Stations of said Society, and the receipt or receipts of the Treasurer or Treasurers of said Society for the time being shall be a sufficient discharge to my Executors. And the published journals of the GENERAL CONFERENCE OF THE METHODIST CHURCH OF CANADA shall be sufficient evidence of authority upon which the said Treasurer or Treasurers may demand and receive payment of said bequest.

N.B.—In the Province of Ontario a devise of lands or tenements or interest therein may be made to any religious Society or Corporation of Christians *if made at least six months before the death of the testator*, so that, however, the annual value of the lands of said Society shall not at any one time exceed one thousand dollars. This may possibly give the Missionary Society power to take land by devise, and if so, the devise may be in the following form :—

FORM.

I give and devise unto THE MISSIONARY SOCIETY OF THE WESLEYAN METHODIST CHURCH IN CANADA all and singular, [*describe the lands as accurately as possible*], to be held by the said Society upon the trusts set out in its Act of Incorporation.

[It will be advisable, however, where possible, that any gift to the Society shall be in money—not payable out of land, or in any way charged upon land—thus preventing any doubt or trouble. ALL WILLS must be in writing, signed by the testator at the foot or end, or by some other person in his presence and by his direction, and such signature must be made or acknowledged by the testator in the presence of two or more witnesses present at the same time, who shall attest and subscribe the will in the presence of the testator.]

REPORT.

1879-80.

AN accumulating debt, from 1875 to 1879, embarrassed the Central Board in its operations; not only preventing any extension of the work committed to its management, but painfully interfering with appropriations to the Missionaries already engaged in this branch of service in the Methodist Church of Canada. It became evident that a hindrance so formidable could not be endured any longer, consistent with the Christian zeal and spirit of sacrifice, always presumed to be prepared for active exercise when the emergencies of the cause of Christ call for their manifestation. In accordance with this conviction a large gathering of influential friends in Toronto resolved upon the adoption of a plan to liquidate this debt, and raise an additional sum for the extension of Missions and to assist in the enlargement of the Superannuated Ministers' Fund. The various Conferences throughout the Dominion, and that in Newfoundland, have most liberally sanctioned the movement, so that, with devout gratitude to Almighty God, this Fifty Sixth Report of the Methodist Missionary Society will be distinguished amongst all others in recording the free-will offerings of our devoted people, who have so generously and willingly contributed to free the Treasurers from their weighty obligations.

The Annual Reports from the Mission Stations show evidences of spiritual growth and prosperity. Whilst in some instances financial temporary inconvenience has been endured, personal toil for the perpetuity of the means of grace and the material welfare of the Missions has been rewarded with sound conversions, fruitful enjoyments, and the improvement and erection of sanctuaries and parsonages throughout the whole field of Christian work.

INDIAN MISSIONS.

IN this department of Missionary work the Society's representatives cover a large surface of this Dominion, and present encouraging evidences of success. In the Provinces of Quebec, Ontario, British Columbia, the North-West Territory, and Keewatin, church organizations are formed, where the services, as conducted in our churches in the most favoured cities, are regularly maintained, and the praises of multitudes in different languages are offered to the Triune God of Holiness with a simplicity and earnestness not often approached by more cultured and refined mixed congregations. In the formation of new Missions it has always been the object of the Missionaries to commence with those ordinances, which we believe to be essential to the maintenance of religious life in the soul; hence, in addition to public worship, which commands, amongst Indian communities, a general and punctual attendance, the sacrament commemorative of our blessed Lord's death, class and prayer-meetings are means of grace greatly prized and conscientiously attended. From their earliest adoption of Christianity and abandonment of Pagan rites, the Indians' observance of the Law of the Sabbath has been most exemplary; extending to those who may not have placed themselves in immediate fellowship with the Church of Christ, unless a too close approximation to the corrupting example of ungodly wanderers on Sabbath-days, to some extent may neutralize the Missionaries' labours.

Our national Government, in their management of the Indians' claims, has always been distinguished by principles of equity and uprightness, whilst our history has been free from slaughter and oppression in all our intercourse and treaties with the different tribes now settled amongst us. Our settlements around them have never been invaded. The savage cry of the war-whoop has never terrified our white families, but all have dwelt in peace and security.

Politicians are not slack in proclaiming the success of their schemes, founded upon a humane and generous polity; but are too prone to forget the religious element which has contributed so much to the accomplishment of their well-designed efforts. Loyalty to the State, as well as the fear of God, is a prominent part of Christian instruction imparted to the mind of the Indian. Being assured that the

policy which governs the authorities of the Church of Christ and the administrators of human laws is not to destroy them, but to save them, soul and body, they are disarmed of all hostile plans and intentions, feeling themselves a part of the great brotherhood of a Christian nation. However slowly they may follow in the footsteps of civilization, yet once brought under the transforming influences of the Cross, by their dress, manners, and mode of life, they give undeniable evidence of being "new creatures." The testimonies found in the reports for the past year satisfactorily show that, living or dying, the Indian grasps the glorious plan of salvation as revealed in the Word of God, and preached by His ministers to this class of fallen man.

In addition to the ordinary means for the elevation of the Indian races which have been used by the Methodist Church, several of our brethren are anxious for the establishment of two Orphanages, one at Fort Simpson and another at Morleyville. The Committee would hesitate in the appropriation of means placed at their disposal for the preaching of the Gospel to the perishing; and yet here is an agency which might be employed in saving hundreds from suffering and degradation. In two or three places in Ontario a movement has been made by the ladies of our Church to combine their influence to promote the interests of the Society in some special form of Christian benevolence. Would it not be a noble monument of their love to Christ and His suffering children were they to adopt these much-desired homes for the helpless, upon which to expend a part of their time and means as workers together in these portions of the Lord's vineyard?

VICTORIA.

The continued blessing of the Head of the Church on this Mission awakens in our minds new emotions of gratitude for His

goodness. The Lord has favoured us with a good degree of prosperity. We have had an unusual number of removals from the congregation and membership, but these vacancies have been filled by strangers coming in from different pagan tribes, many of whom have been hopefully converted to God, so that our losses have been more than made up by these accessions to the Church. Sixty-one have been received during the year.

The Sabbath-school, which is managed by a staff of devoted teachers, has been well attended and productive of much good. The average attendance, taking the whole year, has been about seventy. Upwards of thirty can read the Scriptures.

The day-school, which is composed of children and young people, is a great help to the work. In addition to the English branches, they are taught music, both vocal and instrumental. The average attendance through the year has been fifteen.

A sewing society has been organized, at which the women are taught to make every kind of garment that they need.

Thus they are making encouraging progress in civilization and industry. Besides paying the insurance and current expenses of the church and Sabbath-school, they have reduced the debt fifty dollars, and contributed sixty dollars to the mission fund. The report shows thirty-one members, and forty on trial.

WM. POLLARD.

CHINESE MISSION.

Since the Mission-school was closed we have had no place where we could meet for prayer and religious instruction. The only way in which we can reach them at present is by visiting them at their homes and places of employment, where we find it very difficult to converse with them on religious subjects. They are very desirous to learn the English language; hence the school gave us a favourable opportunity to instil into their minds religious truth.

While the Christian Churches are at great cost in sending Missionaries to China, we have thousands of Chinese in Victoria, and on the Pacific coast, who might be brought under the influence of the Gospel at comparatively little expense, had we a suitable agent.

WM. POLLARD.

NANAIMO.

This part of our work has been favoured with marked tokens of the Divine presence and power. No less than thirty persons gave evidence of a change of heart, and were received on trial. Bro. Cushman has also maintained a regular service every Sabbath among the Ucletahs, the most of whom attend. One or two have professed conversion, and we trust that soon all will yield themselves in earnest consecration to the Saviour of sinners. Indian membership, 39.

Our native work has not recovered from the unsatisfactory state reported last year, so that while we have no class, we preach to the Indians in Chinook whenever we can.

C. BRYANT.

INDIAN TRIBES.

We are grateful to God for the mercies of the past year. We have gone forth at the Master's command, offering all our works to Him, and have ever found Him present with His aid. Our hearts have been very much tried in having to bury some of the oldest of our members; yet we believe the Lord doeth all things well, and will raise up others to fill their places.

At Chilliwack we have received several members, and have also sent out several to other Circuits through the instrumentality of our annual camp-meeting. Yet, through deaths and inconsistencies, we are sorry to report a decrease of four. Our people, however, are growing wiser and better, and heathenism seems to have entirely disappeared. Instead of a life of indolence, they now devote their time entirely to farming, and send a great quantity of produce into the market of New Westminster and Yale, besides supplying themselves with an excellent quality of beef, flour, and other table necessaries.

We have replaced the old church at Skowkale by a neat gothic structure, costing about \$500. The Indians have subscribed sufficient to purchase all the lumber, besides doing the work themselves. Of course, in such cases, the greater part of the work falls to the lot of the Missionary. Our white friends have given us a little assistance in procuring windows, etc.

We have endeavoured to keep up a day-school throughout the winter; but after giving it a fair trial are forced to the conclusion that it is impracticable. The Indians are scattered over the country in small bands of from two to ten families, and at distances too great for the children to come to school at any central point; therefore, unless they can be brought together on one reserve, or we can establish a boarding-school, we will have to confine our labours to the few children of the village where we are living.

Nanaimo is doing well, and has doubled its membership in the past year. Bro. Cushan keeps up the service in the Indian village, and also preaches to a camp of Ucletahs every Sabbath.

At New Westminster a church is needed very much, as from 1,000 to 2,000 Indians congregate at that place every year from all parts of British Columbia, and many of our own people are lost to us, as they have no place to spend their Sabbaths, and are continually exposed to evil influences. We expect to make arrangements for a place of worship, and have it built before fall.

We also visit the Indians at Musquiem, who are very anxious to build a church this summer.

The Indians at Burrard Inlet are exposed to a great many temptations, and we feel sorry to report that our little church at that place has been almost swept away during the winter. However, we expect to see the little cause built up again shortly. Members, 122.

CHARLES M. TATE.

FORT SIMPSON.

The year just closed has been one of great mercy. We had to part with the youngest member of our family, our little daughter of eighteen months, which tried us much. Yet I trust our hearts have been drawn nearer to the "sympathising Jesus" and to His blessed work. A number of Indians have died, some of them very happy.

There is a marked improvement in all departments of our work here; and we labour on with the hope that these poor people will be further built up in the faith of the Gospel.

Our schools, both day and Sunday-school, have been well attended, the latter becoming more and more interesting. Besides the meeting in church for the grown people, the children have been taught in the school-house by Mrs. Crosby and our teacher, with a staff of assistants. Also, at the close of the Sunday-school proper, we have a staff of teachers, ten in number, who go to different houses in the village, where they gather together the old people and give them simple instruction; so that if there has been any very old or sick who cannot get to church, the Word is taken to them on the Lord's day; thus every one in the village attends Sunday-school at one time or another.

Our zealous teacher, Miss Knott, was taken from us to another sphere of usefulness; and a young man, Mr. Robinson, has filled her place well during the winter. And now we welcome Miss Lawrance, from Ontario, to that work.

We have had of late tokens of good—indeed, times of refreshing, especially at the outposts—but we long for spiritual showers.

All the means of grace are well attended when the people are at home—notably the class and prayer-meetings are blessed means of grace to the people. My visits to the outposts were never accompanied by so much apparent danger as they have been during the past winter, and yet a loving Father's care has been over us, and we have been much blessed in those efforts to take the bread of life to others.

We are doing what we can at the building of a new school-house, but as our people are poor, and their little means about exhausted in building their new houses, they find it difficult to give much just now. We hope, however, to have another subscription towards this object in the fall.

Our little church at Kit-a-mat has been completed, and a bell put in it, to the great joy of the people there. The work there is doing well under a native teacher. Several of the heathen have been brought to Christ. Thirty members are enrolled, mostly on trial.

by our Kit-see-lass people. It was opened on the 29th day of February, and at the first services twelve souls professed conversion. We hope to complete the building in the fall. I have a native teacher there now. Members, 35; nearly all on probation.

The Bella-Bella Indians still call loudly for a Missionary or Teacher, and the Skeena work is still without a man.

The poor Tongass people across the border ask the Gospel at our hands, and I intend to do what we can for them.

The Hydahs, on the south end of Queen Charlotte Island, have repeatedly asked us for a teacher. Nineteen chiefs in a body came at one time, but I have said, no; that the Church Missionary Society had a man at Massett, on the north end of the Island, and that we hoped they would do something for them, but if not we should try.

Our "Girls' Home."—This was commenced a year ago, by adding a wing to the Mission House. As soon as the building was fit for use, we began to take the girls in, and we have had twelve of them under our care most of the winter. We hope thus to save many of those poor girls from ruin. The aid we have received towards this by subscription from friends has amounted to about half the cost of the building. We have thus been ill-provided for this work, but immediate danger calls for immediate action, and we trust we shall soon see the institution on a better footing. A young woman who, three years ago, came to us from the streets of "Wrangel," renounced her wicked course, lived in the Mission House two years, became a good Christian, married a member of our Church here, and, while on a visit to her friends in Alaska this winter, was taken ill; and although she was amongst her own relatives, she told them if she died there to be sure and have her body taken to the Mission burial ground at Fort Simpson, and as she died in the arms of her husband while on their way home, she said, "Tell Mr. and Mrs. Crosby that I am not afraid to die; and thank them for me, for it was by their kindness I was saved from sin, and now I am going to be with Jesus," and she urged her husband and friends who were with him to sing and pray and thus passed away to the better land.

By careful management, fifty dollars might support one girl for a year.

I have baptized 164 persons during the year, viz.: adults, 77; children, 87; and have had 30 marriages. Present membership, 307. Increase, 49.

THOS. CROSBY.

Respecting a visit to Fort Simpson by J. W. Powell, Esq., Indian Superintendent, he reports to the Dominion Government,—“The next day being Sabbath, in company with several of the officers and most of the ship's crew, we attended service at the Methodist Church, and heard the sermon delivered by Mr. Crosby, wonderfully well repeated in Tsmipsheean by a native woman.

“The church seats fully 500 people, and was well filled by a most

“attentive congregation. With the exception of ourselves, and one or two employees of the Hudson Bay Company, all were Indians, and their cleanly and well-dressed appearance, their deep and solemn devotion, and their apparent desire not to lose a word which fell from the preacher’s lips, struck me as one of the most impressive scenes I had ever experienced.

“The whole village, so full of life yesterday, afforded a great contrast to-day in the universal respect shown to the Sabbath. There were no idlers about, and those not actually engaged in some devotional exercise at the Church generally confined themselves to their houses, and far more than ordinary quietude and solemnity prevailed over the whole place.”—*Vide* “Report of Indian Affairs, 1879,” pp. 120, 121.

NAAS RIVER.

With grateful and hopeful hearts we present our Annual Report. God hath blessed the simple Gospel of His Son to the hearts of the people, and we are encouraged as we see how much they appreciate all the means of grace, and how earnestly they seek to read the Scriptures. Here are old men and women, who grew old in heathen darkness, before they heard the Gospel, now sitting, clothed and in their right minds, at the feet of Jesus. I have been amazed to hear the clear, scriptural testimony of these aged ones, whom God hath snatched as brands from the burning. Last Monday night one of these said, “My hands were red with blood, and my heart was black with sin. Then Jesus came to the river. I heard His Word. I prayed to Him. He washed my hands and my heart. He gave me peace, and I have a home in heaven.”

I am glad to report that our work is progressing. Several heathen families have joined us, and have left their old pagan villages. One family came 150 miles to seek for the “light of the world.” *Nag-ah-oon*, the greatest chieftess on the Naas, with her family, has embraced the Gospel, and moved to the Mission village. This family has great influence. When I first visited them, two and a-half years ago, she said, “I will never leave the old way; I will never become a Christian.” Praise the Lord, the whole family are consistently following Jesus.

One pleasing feature of our work is, that the children attend the prayer and class-meetings, and speak of Jesus’ love with such simple, earnest power. Their tremulous voices, their tearful eyes, all bespeak their Saviour’s praise; and as we watch over them, we have great hope of the future, for “He shall gather the lambs with His arm, and carry them in His bosom.”

We have not been without perplexing seasons during the year. At the middle village, fifteen miles north of this place, we have kept up school and services. Our native agent is faithful. I have visited

as often as possible. The heathen there are alarmed at the power of God's Word. They say, "The young men who go to school won't help us (in the pagan rites), and they won't dance." Enraged at this, they have taken their drums to the door of the house used for service, and by beating and singing tried to drown the voice of the preacher. Fathers have turned their children out of doors without clothes and without food, because the children would not join in the vile heathen practices, but choose rather to go and hear the Gospel preached.

At the upper village, twenty-five miles north, in like manner we have had violent opposition, caused by a degraded white man, who misled the Indians as to our object in visiting them, and influenced some to refuse us admittance to their houses, and persecuted those who were friendly to our cause. On my last visit, two weeks ago, a young chief opened his house to us. I remained five days, visiting from house to house, preaching each night, and thrice on the Sabbath. The old conjurers, dancers, &c., &c., met, and sent for me, and asked me to explain "Why I came? and what I wanted to do?" This gave me an admirable opportunity to preach Jesus to them. The young chief permitted me to leave a young native in his house to teach school and preach. The young people are tired of heathenism, and wish to attend school and become Christians, but greatly fear the old doctors. Will the friends of Missions pray for this work, that "God may be merciful unto us and bless us, and cause His face to shine upon us, that His way may be known upon the earth, His saving health among all nations?"

Our day-school has improved greatly the last year, and is very interesting. Fifty-three in attendance.

I am grateful for the generous grant of Bibles and Testaments, for the use of the Indians, obtained from the Upper Canada Bible Society. A fine-toned bell was received during the year; this was sent out from England, and presented to the Mission by G. A. Calder, Esq., of London. It is a great convenience in calling our people to service. Three have died happy in the Lord. Baptisms: adults, 18; children, 16. Marriages, 10. Present membership: full members, 35; on trial, 97; total, 132.

COMMUNICATIONS from most of the stations occupied by the Society's Missionaries throughout the Territory have been very few during the year; and the Chairman being in Ontario, no returns of the religious state of the Missions have been received in time for the publication of the Report, excepting that for Fort McLeod, which has been sent in since the Rev. H. M. Manning went to Eglington, Yonge Street South.

FORT McLEOD.

THE past year has been one of success. Our labours during the last six months have been more encouraging and happy than usual. An exceedingly favourable seed-time has been granted us. Considering the class of people among whom our lot has been cast, the general prevalence of vice, and the lack of the restraining influences of civilization, not to say of Christian mothers, and sisters, and wives, I am constrained to believe that nothing less than a gracious Divine influence could have brought so many to hear the Word of God preached during the past winter. Several have spoken of the Spirit's strivings with them, and it is our hope that the seed not seldom sown in tears will be reaped in joy.

A new appointment has been taken up, twenty-five miles from the Fort, which promises well. We had much hope for a time that the white work on this Mission would rapidly increase, but the prospect is at present cut off. Settlers are leaving for the States, and others are prevented from coming in, owing to depredations committed by Pagan Indians, and the failure of those whose cattle have been killed to get any satisfaction from the authorities.

The school has been kept open during the year, and is an important branch of our work.

We look forward to the opening up of a very important field for Missionary effort, at an early day, among the Blood Indians, the largest tribe of the Blackfoot nation, numbering two thousand or more. These Indians have not yet settled, but it is believed that their reserve will be about eight miles from Fort McLeod. Here is a life-work for an earnest man who has learned both to labour and to wait.

NORWAY HOUSE, ROSSVILLE.

AMIDST the changes which are taking place in these northern regions, affecting the temporal interests of Indian communities, the most sensitive feeling is manifested by them for the continuance of the ordinances of religion in the older stations; and when the people have been compelled to seek new homes at a distance from the localities of their birth and social enjoyments, their importunities for religious ordinances have been earnest and persevering, declining offers from other ministerial assistance, preferring minor privileges maintained by local labourers and class-leaders, until the crippled means of the Society being ended, they were sure then to share in the advantages the Committee were enabled to bestow by the establishment in their midst of a permanent ministry.

It will doubtless be ultimately advantageous to the families who have left Rossville for Fisher River, in temporal matters, and give greater opportunities for those who remain there to improve in social comforts; but the change throws greater responsibility and cost upon the Missionary Society, which it is hoped an enlarged spirit of benevolence on the part of the Methodist Church in other sections of the Dominion, more highly favoured with nature's bounties, will enable the Committee to meet without future embarrassment.

Since the commencement of the Rossville Mission, vast numbers of Indians "have passed through death triumphant home," who are mingling their songs of praise with Evans, and Hurlburt, and McDougall, who toiled at Rossville, and amongst adjacent bands; and won many from Paganism and degradation; leading them to the Cross, whose transforming influences made them "new creatures in Christ Jesus." In seeking a distant and permanent home, the remembrance of those who "through faith and patience are now inheriting the promises" would greatly contribute to awaken prayerful aspirations, that with the sorrow incident to their leaving the homes and graves of their fathers, they might not lose the consolation and help always found by sincere worshippers in the means of grace.

After some five or six years of successful labour at Rossville, Mr. Ruttan and his devoted wife returned to Ontario, and Mr. O. German, from Oxford House, assumed the duties and care of this important Mission, much lessened in numbers, but still affording ample room to occupy the time of the most devoted and diligent labourer. We are hopeful that Mr. O. German's successful study of the Cree language may be found useful in translations, and be some compensation for the lonely years he spent at Oxford House; years, however, not only distinguished by seed-time, but attended with an ingathered harvest, as shown by his last report of that Mission.

OXFORD HOUSE.

Coming to this Mission late in the summer, a little before the Indians left for the winter, we could not accomplish much. We found the old Mission-house so dilapidated that we could not live in it, and

being sixteen miles from the Fort, where the Indians were encamped and where the church is built, we formed the church into a dwelling-house, held service in the open air, and proceeded at once with the erection of the new parsonage—the timber of which was on the ground—into which we moved a few days before Christmas.

Miss Parkinson, the teacher, seeing so many children wandering about (some of them half-naked) for the want of a school, resolved to gather them into a group in the open air, and teach them; but the weather was too severe for such an undertaking, and I at once erected a rough shed, without a window or a door, into which she gathered about seventy children, whom she reports as apt scholars as any she ever taught in Ontario.

The prayer-meeting organized and conducted by Mrs. Langford, for the women, was well attended, and many were the manifest tokens of the Divine presence.

The Sabbath services, also, were well attended, and spiritually profitable. Providence favoured us every Sabbath (on which day the services were held in the open air) with pleasant weather. The future looks hopeful. Oh for a knowledge of the language, to converse freely and plainly with this people! Pray for us.

BERENS AND FISHER RIVERS.

We are endeavouring to do what we can on the field committed to our care here. Some success, we humbly trust, is given to us by the great Head of the Church. The field is very large, and a great deal of time is taken up travelling.

During the past year we have visited Grand Rapid, on the Berens River, once—distance about one hundred miles—and spent several days with the band there. We met some two hundred in all, baptized twenty-six, and married eight couples. I have seen a goodly number of them in their wanderings since. Poplar River, once—distance about seventy miles—married four couples, baptized seven. At both of the above places they are largely pagan yet. Fisher River and Dog-Head, four times—round trip about two hundred miles. A large number of our people have come there from Norway House during the past year. They need a Missionary among them very much. May they soon get one.

At Berens River the services are very well attended. We have, as a rule, two services on the Sabbath; one prayer-meeting, Bible-class, and, since September last, Sunday-school. Two prayer-meetings—and sometimes three—during the week.

We organized the Sabbath-school last fall. Since then we have had it twenty-three Sabbaths. There are four teachers and sixty-two scholars on the roll. Average attendance, twenty-six. Reading in Testament, twenty. Learning Catechism, seventeen. Several of these have gone through Part I. twice, and are in Part II. Verses recited, 2,026. We feel encouraged with the Sabbath-school.

NELSON RIVER.

At this very remote and lonely post, where much time is lost to a Teacher by the long enforced absence of the Indians in their hunting expeditions, a Native Assistant, of competent abilities and established Christian reputation, has been sent to reside, ministering to the spiritual wants of the people whenever they return to the Fort for a season. Their pleadings for an instructor in Divine things could not be heard with indifference, for if we turned a deaf ear to their supplications, "No man cared for their souls." The success of the past both justified and encouraged the employment of a Native Assistant to keep up religious ordinances at this northern station.

The Indian membership in the District is estimated to be 650.

NEW CREDIT.

The Delaware Indians have been for years deceived and cursed by Universalism. The Spirit of God is now awakening them from the delusion. They are anxious to escape the damnation of hell, and are learning the old Methodist doctrine that gives no uncertain sound. The "Baptism of fire" has disabused many minds of the so-called *need* of dipping or plunging in water.

We have found the week evening prayer-meetings, from house to house, to be a good feeder to spiritual life. The Delawares **have**, from their own resources, subscribed \$350 toward the building of a church. They need aid from the Society to complete the work. By deaths, removals, and dropping we have lost 22 names, and received on trial, during the year, 35. Our present membership, 77.

WILLIAM CROSS.

GRAND RIVER.

On coming to this Mission I found the congregations small, and the attendance on class irregular. I reorganized the classes. The congregations have greatly improved, and the classes are better attended. We have two Sabbath-schools. Some of our Indians died through the year, and they died well. My predecessor did a good work in repairing and painting the church. There was a debt of \$70.00 on it, which we have partially reduced. I intend making an effort this year to clear off the debt. We have had an addition of ten members; still, owing to removals and other causes, I have to report a decrease. We have two day-schools in operation, but it is hard to get the Indian children to attend regularly. Members, 64. Appointments, 3. I am hoping for good times this year.

J. WHITE.

MUNCEY.

There are seven appointments on this Mission at which divine service has been regularly conducted through the year. The class-meetings are well attended, and have been seasons of refreshing and great profit to the Church. At two of these a gracious revival has prevailed among the white portion of the community living near this reserve, resulting in the formation of two classes, numbering nearly forty members. We have an increase in our membership, in the amount raised for the General Mission Fund, and also in the Quarterage raised for the support of the Missionary. The work among the Indians is also much improved, in which we greatly rejoice. Members, 141.

racter. Notwithstanding this disadvantage, improvement has been made in a few matters. A porch has been built to the school-house, and the whole building painted. The grave-yard has been fenced, the congregation has somewhat improved, and the average attendance on class-meeting increased by a few conversions, and the return of some backsliders to our fold. We have had peace among our members, and a healthy spiritual tone prevails. As a step towards self-support, our people have provided an interpreter at their own expense. A Sabbath-school has been established and furnished with Bibles and Hymn-books, which is attended by both old and young. The day-school is fairly attended, and is very much needed, for the general ignorance of the English language is perhaps the greatest hindrance to the moral and social progress of this band of Indians, who possess native powers of mind and muscle not to be despised. We report the same total in membership as last year, 55.

B. SHERLOCK.

MORAVIANTOWN.

The services have been regularly kept up, and the congregations have increased very much. Their regular attendance and earnestness indicate their strong desire to hear and receive the word of life. A number of Indian children have been baptized, and eleven adults added to the membership. The besetting sin, "drink," has been almost totally abandoned; and not only amongst the young, but the grown up portion, a desire increased for intellectual knowledge. As a proof of this, one of the class-leaders requested me to send to our Book-room for Barnes' Notes on the Gospels, Hebrews, Philippians, Ephesians, and Revelations. The money was paid in with the order. To use their own expression, three members "have gone to the other side," washed in the blood of the Lamb. Present membership, 55.

SNAKE AND GEORGINA ISLANDS.

But few of the band remain on what was twenty-five years ago a good-sized community on Snake Island; those who have not gone to the grave have removed to Georgina Island, at the north end of Lake Simcoe, where a neat and commodious sanctuary has been erected and paid for by the Indians themselves. This building was dedicated to the worship of Almighty God by the Chairman of the District, the Rev. J. Bredin, on New Year's Day, 1880. Through personal affliction, the services of the minister, whose duty it is to look after the spiritual interests of this Indian Church have been often interrupted. Our good and devoted teacher, Mr. Chas. Grylls, has faithfully visited the sick and the dying, being the happy instrument of conveying comfort to those who were gradually approaching the grave, at times when access to the Island was often dangerous, if not impossible. The "treasure in earthen vessels" is not confined to any special order of men, but "the excellency of the power of God" maketh the otherwise feeble testimony successful in banishing

fear, and inspiring courage and joyous anticipation of eternal rest, when such testimony comes from a heart inspired with love divine. Members, 27.

RAMA.

The past year, on the whole, has been one of prosperity. Considerable repairs and improvements on the church, the parsonage, and the surrounding premises of both. Revival influences have come down upon the people, and about twenty have professed conversion during the year. In the Sunday-school we have not only the usual number of children, but large numbers of the adult population attend, seemingly desirous of studying God's Word.

Through the kindness of the Upper Canada Bible Society, and that of an unknown friend who sent me a remittance of one dollar in cash, we have a good supply of Bibles and Testaments, which greatly aids us in our Sunday-school work.

We purchased a first-class reed organ for the church and paid for it, with the exception of fifty dollars, which we hope to raise before the next report. The day school has been well kept up by a capable and diligent teacher, and is fairly prosperous. We are thankful to God for the past, and, depending upon Him, hopeful as to the future. Present membership, 90.

KENNEDY CREIGHTON.

SCUGOG.

The Gospel has done much for this small band of Indians; some of them are truly converted to God, others are careless about the "things which make for their peace." Every Sabbath through the year our people have had the usual means of grace, except one, when the road was impassable.

God has given us "times of refreshing;" the class-meeting, which had fallen into disuse, has been recuscitated and entered upon with new vigour. Two families are cultivating their own land; I am trying to induce others to follow their example, but find it difficult to move them in that direction. The fire-water is the great curse of the Indian. Members, 25.

G. T. RICHARDSON.

ALDERVILLE.

Our members, for the most part, have attended well the means of grace, and we have experienced "times of refreshing from the presence of the Lord." One of our very aged members, a widow, died quite suddenly last fall, and we have no doubt whatever that to her sudden death was sudden glory. Less than a month since two of our young men were taken from us after a lingering illness—one about twenty-nine years of age, and the other nineteen—both of whom died very happy in the Lord; one of them, indeed, triumphantly.

Both day and Sabbath-schools have been attended very well, although, in this respect, there is room for improvement. Both

schools are kept open during the whole year, with the exception of the usual holidays for the day-school. The children are making commendable progress.

It has been a very hard time for our Indians during the past winter. The increased expense of living, and the scarcity of work, have led to a great deal of suffering and actual want of the necessaries of life; and, in consequence of this, the removal of some of our liberal white friends, subscribers to our Mission Fund, and the giving up of the Ebenezer appointment to Fenella, our subscriptions to the Mission Fund have fallen short this year. Present membership: Whites, 10; Indians, 36; and 3 on trial; total, 49.

HIAWATHA.

The interests of this Mission have, we trust, been carefully guarded and prayerfully watched over during the year, though signs of prosperity have only recently appeared. The Sabbath and day schools have had marked attention bestowed upon them, giving encouragement to the parties engaged therein. Two of our members have entered into rest. Others are still heavily afflicted, calling forth no small amount of attention and sympathy. Members: Indians, 28; whites, 10; total, 38.

MUD LAKE.

The state of this field is slowly improving. The regular services have been well attended. The special services were a blessing to the membership, and to some who had lost ground. Two names have been added. Two have died—one, especially, was triumphantly victorious. She spoke with deepest gratitude of the "precious Jesus" and of being "happy" in Him. Her life previously was in harmony with such dying consolations. The Annual Missionary Meeting was the great enthusiastic event of the year. They evidently appreciate what God and His Church is doing for them. The same vigorous efforts referred to in the last report, on the part of Miss Roberts, in the Band of Hope, have been kept up, and your agents have aided once or twice in the work. Members, 30.

ST. CLAIR.

The year has been one of prayer and earnest labour, resulting in some conversions. The congregations are good. The public means of grace are much enjoyed. We expect, soon, this band will all give their hearts to the Saviour. Twelve have died happy in the love of Jesus. Fourteen have removed. The Sabbath-school is not as well attended as we could wish. The day-school has been prospering during the past year. The Mission-house and surroundings are being improved. Total membership, 167.

F. G. WEAVER.

KETTLE POINT, ETC.

The work is in a prosperous state. A new church, capable of seating over 100, has been completed and dedicated. A Sabbath-school has also been established, and is flourishing.

A series of special services resulted in a general spiritual awakening of the membership, and in 15 being received on trial. Membership, 61. JASPER WILSON.

WALPOLE ISLAND.

I am happy to be able to report some progress in the past year. There have been a few conversions, so that after filling up the loss of the year—those who have been dropped and died, eight in all—I return 120, an increase of 7. The day-school is also doing well; there is at present about 40 average. The Sabbath-school has not done so well this year, as the roads on the Island have been mostly under water the past winter and spring, so that the school had to be closed. The same cause made very much against our day-school in the winter. I return an increase in Missionary money, but it ought at least to be as much more. To this point I intend it shall come. THOS. HANNA.

SAUGEEN.

At the close of another year, in reporting of the spiritual condition of this Indian Mission, I have nothing very special to state.

The public means of grace are usually well attended, and by many very much appreciated, as manifested by their earnest and devout attention during divine service. There has been a great amount of sickness among the Indians, and several have passed away from the trials and privations of earth. Some of them manifested the most extraordinary patience and resignation during their long and painful illness. What a blessing has the gospel of Jesus Christ been to many of the poor aborigines in life, but more especially in death! And we must continue to supply them with the only means to prepare them for a happy futurity. The day and Sunday-schools have been kept regularly during the year, but the great difficulty with the day-school is to get the children to attend with any degree of regularity. The parents are too often quite indifferent as to whether their children attend school or not, even when at home; and they often go off camping for months, and take their children with them. After deducting for removals, deaths, &c., we return a membership of 95. GEORGE JACQUES.

CHRISTIAN AND BEAUSOLIEL ISLANDS.

During three weeks' sickness the Sabbath services were kept up by the native exhorters. Some of these Indians are often heard in class and prayer-meetings expressing gratitude to the Lord for the favour of hearing God's Word. Last Sunday being Quarterly services, every seat in our church was occupied, and it was a season of refreshing. A class-meeting is now also held on Sundays on the Potawatamic part of the settlement. A young woman was baptized this spring whose guardians are pagans. A Sabbath-school scholar, just before he breathed his last, said to his parents, "I am going away. I am going to God's rest." The day and Sabbath-schools have been kept up. The unsettled state of the past winter prevented us from attending Beausoliel Island. However, an early visit in the spring was appreciated by the 14 members on that Island. A new dwelling-house is much needed on this Mission. We dropped 2 ; removed, 1 ; members, 92 ; on trial, 3 ; total, 95.

PARRY ISLAND, SHAWANAGA, AND FRENCH RIVER

The various points on this extensive Mission have been regularly visited by the native assistant, Brother Elias. We are thankful to be able to report a small increase of membership. A Sabbath-school has been organized at Shawanaga, which, as well as the other schools on the Mission, has been kept open during the winter as well as during the summer months. Two of our Indian brethren have passed away happy in the Lord. Members, 98.

INDIAN WORK IN THE MONTREAL CONFERENCE.

Our Indian work is still a work of life and salvation. This is witnessed at Oka, at the Cornwall Island, and at Caughnawaga, despite the influences of Satan and his emissaries employed persistently against it. Recent revival services at Oka resulted in the conversion of some twenty-five Indians, while at the Island, also, several have been brought to a knowledge of salvation through faith in Christ Jesus. At Caughnawaga's steady advance is observable. Joseph has completed there his translation of the Gospels into the Iroquois language, and the Bible Society is having them printed for the benefit of the Indians, generally, who speak that language. The history of this work is a remarkable illustration of how God can "make the wrath of man to praise Him."

Joseph was imprisoned some time ago, at the instance of the Seminary, for adding a piece of waste land to his garden. While in prison he conceived the idea of translating a copy of the Gospels he had in French, into the Iroquois language; and at once set to work to do it. While in the prison he completed the translation of two of the Gospels, and since then of the other two. An application made to the Bible Society to get them printed was most promptly responded to; and now in a short time the work will be accomplished, and the book be ready for circulation. The priests little thought that in thus persecuting Joseph they were, in a remarkable way, furthering a work against themselves, and which, perhaps, would be the most potent of any they had yet to meet.

The Indians of Caughnawaga hold Joseph in great reputation, and his influence is such that upon any emergency they come to him for advice and direction. In another and not less striking way they evinced this by going to the priest who had taken upon him to denounce Joseph from the pulpit as a heretic of whom they must be on their guard, and telling him that they considered Joseph a better man than either they or he the priest himself was, and that they would not allow such language to be used towards him. The priest, taken aback by such a reproof, stammered out an excuse, and has desisted from any reference to Joseph since—at least in public.

Our Sabbath and day-schools are doing a good work among the Indians; but ere long the day-schools, particularly, must be increased in number to meet the wants of a number of children who cannot, from distance, attend those now employed in the village.

LAKE OF THE TWO MOUNTAINS—OKA.

We have great reason for thankfulness to our Heavenly Father for the blessings granted us during the past year on this Mission. In the latter part of the winter we held a series of revival meetings, running through a period of seven weeks, which resulted in the conversion of over twenty-five persons, fourteen of whom have joined our Church. In the autumn of the year the measles broke out among the people, and many died of them. Our Sabbath-school continues to be a blessing to many, and is well attended. An appeal was responded to by some kind friends for a supply of Sabbath-school papers, which have proved a benefit to the school. The day-school has been well attended, and some of the scholars have shown very marked improvement. Repairs urgently called for, and provided for by a grant from the Missionary Committee, were effected on the School-house. It has to be used now for a school for the young, and for public worship by the

people ; and for both these objects the much-needed improvements and repairs have been of great service. An examination of the school was made last March, in the presence of the Rev. Mr. Borland, the Superintendent of our French and Indian Missions, and of other ministers and friends, and was declared by all to be most satisfactory, both as showing the progress of the children, and the zeal and success of the teachers. There are, it should be known, children, quite a number, living too far away to benefit by the school in the village, for whom it is important some provision should be made. The people in the neighbourhood are so impressed with this fact that they purpose the erection of a School-house this coming season, that a school may be held among them. During the year there have been on this Mission 19 baptisms and 14 burials. We have 167 members, with 14 on trial, showing a decrease of 51. This decrease is to be accounted for by the removals, mainly occasioned by a desire to get away from the trials consequent upon the persecutions they are almost constantly called to endure.

CAUGHNAWAGA AND ST. REGIS.

Notwithstanding the obstacles that I have had to encounter in the course of the year—some from sickness in myself and family, and others from the priest of the Church of Rome, &c.—my labours in the cause of the Saviour have not been without fruit. By the blessing of God, evangelical truth has made considerable progress among the Indians of Caughnawaga village. This was seen in a remarkable way, as the following instance will show :—Shortly after commencing my mission in the village, the priest denounced me to his people from the pulpit on several occasions as a heretic, and that they were to be on their guard against me. After indulging in this course of invective for some time, four of the chiefs went to the priest and demanded of him what he meant by his denunciations. They insisted that he should refrain from any such language in future, for that they knew to whom he referred, and they believed he was a better man than were they, or even the priest himself. I have been told by a number of persons that since then the priest has not again made any reference to me in public. The moral state of these Indians is very deplorable—a thing not at all surprising to me, seeing they have been to the present Romanists ; and that the education of their children is neglected by the priest is clear from the schoolmaster's report to the Government on this subject. He says: "Their (the children's) ignorance is remarkable ; they rarely go to school, consequently they scarcely know how to read or write." This, many of the Indians attribute to the priest's neglect, and they say if they had a Protestant school to which they could send their children, they would receive a good education. In a short time now, I hope to see in the hands of the Indians the gospel, which I have translated into the Iroquois language. It is being printed by the Bible Society in Montreal, and will soon be ready for circulation. Then will they learn from God's own Word the true way of life and salvation. During the year I have visited as often as

I could the Indians of Cornwall Island. Here there are about forty Indian families. Up to within a couple of years they were all Roman Catholics; now about seven of these families have left the Church of Rome, a number of whom have been truly converted to God. On this island a day school has been held by Timothy Arirhen, of Oka, and has made good progress during the year.

MOUNT ELGIN INDUSTRIAL SCHOOL.

This Institution continues in a state of prosperity. The school has been well attended throughout the year; a good work has been done; its moral state has been commendable, and the scholars have acquired a good degree of proficiency. The farm is in a much better state of productiveness than formerly. We raise all the farm produce required for this establishment, the flour and meat for four other families, and also, in part, for three others. The shops are likewise in a state of creditable efficiency. We make first-class work, and can make a large quantity of it—shoes and boots of all kinds, cabinet work and carpenter work—and could make the shops give a nice net profit if we could get sale at moderate prices for our productions. We now have fifty pupils in the Institution, which is the least number we ought to have, instead of thirty as hitherto. The prospect of this Institution is now very fair for greatly benefiting and elevating the Indian youth of our country, and that with very moderate aid from the Missionary Fund, if it is not entirely self-supporting. A very delightful and subduing religious influence rests upon the scholars, which greatly disposes and readily inclines them to receive instruction, and apply themselves in the acquisition of useful knowledge.

JAPAN.

THIS is the only Foreign Mission within the bounds of the Society's work. The vastness of the field, the dark and idolatrous character of its teeming population, the changes in the polity of its Government, and the very marked success already attendant upon the labours of our Missionaries, unite in commending it to the sympathies and prayers of the Church. Immediate fruitfulness has not always cheered the hearts of Christian Missionaries. History records the exercise of vigorous faith, in conjunction with patient toil, for years, before any indications of the coming harvest gladdened the hearts of the sowers of the seed of the Word; but here are fields already "white unto the harvest." Our estimable brethren only require their hands to be upheld that the victories of the cross may continue triumphantly

to increase. In the "land of the rising sun," at least thirty-two millions of souls purchased by the Saviour's death are worshipping dumb idols, requiring the light of the Gospel to instruct them, and the living voice of hundreds of ambassadors of Christ to awaken them to a knowledge of their want of spiritual life.

The present position of Missions in Japan is summed up by the Rev. Dr. Clark, of the American Board of Foreign Missions, as follows:—"Ten years ago there were less than ten converts to Christianity. There was no Church organized; no native agency; no schools for the raising of such an agency; no Missionary devoted to preaching; only the scantiest Christian literature, and that derived from China. To-day there are more than two thousand five hundred professed believers in Christ; a recognized evangelical community ten times larger; a fine body of earnest native preachers; Christian schools for the preparation of a native ministry; a Christian literature, including more than one hundred thousand copies of portions of the New Testament." To assist in this great and blessed work the Society occupies the following stations, supplied by Canadian and native ministers:—

- Tokio.....Davidson McDonald, M.D., *Chairman*; George M. Meacham, M.A.; Tsuneyasu Hiraiwa, Hiroku Sugiyama, Japanese Ministers.
- Shidzuoka.....Yemu Yamanaka, Japanese Minister, under the Superintendent of Tokio.

TOKIO.

This has not been a year of marked ingathering. Our congregations, owing to various causes, have not been large; but there has been on the part of our membership an evident growth in grace and in the knowledge of the truth. About Christmas, in Shitaya, a division of the city, we dedicated a new church to the worship of Almighty God. The interest there has been slowly growing. Of the nine persons received on trial during the year, seven are the fruits of our labour in connection with that congregation. We have two Sabbath-schools—one at Ushigome, under the care of Miss Moulton; the other at Shitaya, under the care of Mrs. McDonald. We report a decrease of membership, not owing to a declension this year, but to the fact that we have not, as heretofore, counted baptized persons who have ceased to attend the services of the sanctuary. Our present membership is: on trial, 3; adults, 36; children under 12 years of age, 10. Total, 49.

SHIDZUOKA.

The spiritual state of the membership is evidently in progress. Some amongst them are very earnest, and their lives prove that they are true Methodists. I am thankful to report that the female class-meeting, which I begun here last September, is very prosperous. They, old and young, are nice and quiet, but strong in the Lord. They trust in Jesus, all pray earnestly, help mutually from their falling, push themselves towards perfect holiness, comfort each other, and talk of their love of God with tear and cheer. Their husbands or their parents often expressed their joy, learning the great change in the hearts and lives of their wives or their daughters. During the year past I have held three services every week in the chapel, and have also conducted a Bible-class every Friday evening. On Thursday evening I have delivered regularly a lecture on the evidences of Christianity. Monday and half of Tuesday I spent in visiting the members of our church for instruction and devotion; and I come now to the end of this ecclesiastical year, but find very small fruit—six souls' conversion. Five of them were the families of our brethren. With regard to the situation and the building of our present chapel, it is unfavourable for the spread of the gospel. It is in the midst of rude working people, who dislike the religion, never come to our services, and often disturb them by their noisy laughter and scoff. Though the people from distant places stood sometimes outside the door, they generally did not stop long, and went away because the house was not built for the purpose to make people easy to get in. I pray the Lord, who knows what is needful, and could accomplish His purpose, will send "showers of blessings," and provide the means for building a suitable new chapel.

NUMADZU.

When I came to this Mission last year our membership was twenty-seven. During the year nine persons received baptism. One came from Shidzuoka Church; ten have gone to other parts, some of whom have dropped. Our present membership is thirty-six, six of whom are on trial. We have a Sunday-school; though the children are very few, yet the work is encouraging. Service is well attended; generally, evening is larger. We have two preaching places beside the church. One is in Hirai, about seven miles distant; the other in the city, in a member's house. The latter is very hopeful, because those who attend the service seem deeply in desire to be saved from their sins. After all, there are good indications of spiritual growth.

KOFU.

The prevalence of the cholera last summer, and its continuance far into the autumn, prevented our carrying out our plans for the work in the country for a considerable length of time. The failure, on account of sickness, of my receiving adequate help from expected colleagues,

made it impossible to take the opportunity of the growing feeling of language, made one thing I year. With that respect, preach the truth with comfort and confidence from perfect. With the help made some horse, jinrikisha, hundreds of people of trial. Some well, yielded to the gospel, and to retain the affairs. For strain on our After bearing understand the of the Church a time did ourselves the me I believe nothing striking precious souls losses by ren aged, and in a hindrance when I take year ago in thank God a occasion to speak to testify of cheerful and evidence of the first fruits of serve as specimens. One, Mr. K. and will this spirit, humble and has made He says that than the first widen, the way and the way

made it impossible to do the work I had hoped to do, even when the opportunity for work at length arrived. In addition to this, the growing feeling of the futility of my work without a perfect use of the language, made me greedy of every opportunity for study, and to that one thing I have given every inch of available strength during the year. With a blessing on my work, I am now thankful to say that in that respect, at least, my labour has not been in vain, for I can now preach the truth to the natives in their own tongue with considerable comfort and ease, though of course my use of the language is still far from perfect. Still the work of an itinerant has not been neglected. With the help of my faithful horse, my colleagues and myself have made some seventy-five excursions into the country, travelling by horse, jinrikisha, and on foot some 1,800 miles, and preaching to many hundreds of people. Our little society has been going through a time of trial. Some of our members, who for a short time seemed to run well, yielded to temptation, and grew tired of the moral restraints of the gospel, and the rules of the Methodist Church, while they wished to retain the name of Christ, and to have the pre-eminence in Church affairs. For a length of time their presence and influence was a great strain on our little cause, and a hindrance to our influence for good. After bearing with them almost longer than was wise, I gave them to understand that they must either follow the laws of God and the rules of the Church, or sever their connection with us. They went, and for a time did us all the harm they could, but eventually injured themselves the most, and did us good, for we now have unity and peace, and I believe no small moral influence among the people. We have had nothing striking during the year in the way of success. Several precious souls have been brought in—scarcely enough to make up our losses by removals and withdrawals. In fact I have often felt discouraged, and inclined to think that my imperfect work had been more of a hindrance than a furtherance to the triumphs of the gospel. But when I take into consideration the year's work, the state of affairs a year ago in the province and the Church, I find abundant cause to thank God and take courage. At our Love-feast last Sunday, I took occasion to speak of the apparent lack of growth during the year, and to speak words of encouragement to the members. The universal testimony of the brethren was a strong corroboration of my own more cheerful and hopeful thoughts, while the Love-feast altogether was an evidence of the spiritual growth of the Church. Two young men, the first fruits of my labour in this Kew, gave testimonies which will serve as specimens of the drift of the conversation at that Love-feast. One, Mr. Kabayoshi, has for some time been helping me as a preacher, and will this year be received into the regular work. He is a choice spirit, humble, teachable, intelligent and clear-headed for a young man, and has made most remarkable progress in every quarter since he started. He says that when he was baptized, he comprehended very little more than the first A B C of the gospel. But now his views constantly widen, the wealth of peace contained in the Word grows more rich, and the way of duty becomes more plain and pleasant. He says he is

growing happier all the time ; don't know exactly why, but nevertheless everything seems happier and brighter. Some little time ago he gave up smoking (here an absolutely universal habit among men and women, young and old) because he thought it did not glorify God. He also spoke very strongly of the growth of brotherly love and confidence in the Church, and thought the year was one of great advance. The other, Mr. Kuwahara, a doctor, who is now employed by the Provincial Government as some sort of an official. He is a man of great natural eloquence, and whenever possible he officiates as local preacher. He has repeatedly tried to get rid of public duties and practice privately, so as to do more for the Church ; but the authorities have such confidence in him above all others that they will not let him go. They repeatedly raised his salary, but cannot hear of his leaving. However he is instant in season and out of season disputing with other officials and preaching Christ as he has opportunity. Some little time ago he spoke of a story in the newspaper about the immoral conduct of some professing Christians, and said that what struck him was that if anyone else had done the same thing the newspapers would have taken no notice of it, and their making such capital of the fault of a Christian was a strong argument of the high moral standing of Christianity. He spoke in Love-feast about his own advance and that apparent in the Church, but what struck him most was the great change in the tone of public opinion in the whole Kew. There was no place where we had preached the gospel in which evil reports of Christianity had not been removed. No one now said that Christianity was a bad thing. Though the people did not understand it, yet what had been seen and heard had convinced them that the way of Christ was a good way. The curiosity to see the foreigner had about died away, and when people come to preaching now, they usually come to hear. But the pride of heart natural to sinful man, the prejudice of ages, the routine of custom, and a thousand other obstacles prevent the hearty reception of the gospel in the love of it. If the gospel blessings could be obtained without the moral restraints of the gospel and the yoke of Church duties, hosts would flock to the standard. What we want here above all things is the power and demonstration of that promised Spirit who shall convince the world of *sin*. There are hosts of young men in this Kew, and all through Japan, who reject the old religions, believe in the God of the Bible and in Christ as a teacher, but who cannot accept the divinity of our Lord, the need of the atonement, the fact of personal depravity, or the use of the ordinances of the Church. They have certainly made a wonderful step in advance, and I do believe that, in answer to faithful prayer, the power of the Spirit along with the preached and printed word will yet bring many, very many, to a knowledge of Christ as Saviour and Lord. The state of affairs in this Kew is a transcript of that in all Japan. The hosts of the mass of the people are holding off, waiting, looking to see what Christianity is before they enter. The Church will go through a trying, sifting time. If kept pure and healthy, there will come a break in the ranks of sin, and Christ will triumph. Our work is the

HAMILTON.

The past year seems to have been the day of the smallest things on this Mission. As the Roseville appointment was supplied from the Washington Circuit, I had only Paris and Hamilton, with occasional visits to Preston, as my field of labour. By removals, the Paris class has been still more reduced; and, in view of the heavy travelling expenses, the smallness of the congregation, and no other material to work upon, I preached only once in three weeks.

In Hamilton, too, the congregation is very small, yet the few struggled hard to keep up the church. Our meetings were always good, and times of refreshing.

During the year one of our members passed away from earth's trials and sorrows to the rest of God's people: saved, and resting on the atonement of Jesus, he fell asleep in heavenly peace, gathered home as a ripe fruit of this Mission. His happy and composed departure glorified the Gospel, and inspired those who were left behind. An interesting Sabbath-school is kept up, and is the joy of the few faithful members.

I am now fully convinced that after all that has been done for this Mission, unless we receive an influx of a German population there is no prospect of a numerical increase. May God take care of the few souls who are still depending on the Gospel in their mother-tongue, and who are very thankful to God and the Methodist Church for the tender kindness they have received in the past! EGANVILLE.

When I submitted my last report, I considered it to be my valedictory, as a transfer recommendation had been accepted by the Montreal Conference, and our German Mission would have been transferred to the Evangelical Association, but for some inaccuracy in the proceedings. The transfer will undoubtedly take place during the present Conference year. Our entrance, nineteen years ago, on this field was a moral necessity, and our efforts were crowned with abundant success. We should, without a doubt, have to-day a flourishing, growing work

had we been able to supply the field with German missionaries, three being the least possible number required to do the work justice.

The Evangelical Association entered the field some years later, and I must admit that its genius is better adapted to draw the lower classes than ours. The sensation created by the annual exchange of preachers, semi-annual visits of presiding elders, and even an episcopal visit, have given them prestige, and the absence of which has a chilling effect on our work—supplied by one lonely missionary. Many of the people who at first received him gladly, would now hail his departure, being blinded by unrighteous views and proselytising influences, through which they are becoming unconsciously demoralized. Our loyal people love our church devotedly, need no ecclesiastical sensations to promote their growth in grace, love their Missionary, and cannot be convinced of the propriety of being transferred, and it is painful to witness their grief in consequence thereof. I can report no conversions during the past year. This is the saddest fact I ever penned, for I glory in soul-saving; yet I have laboured faithfully, have taken up a new appointment, have the approval of a good conscience, and have been unswervingly loyal to my trust. "Here I stand; I can do no more; God help me." Members, 142.

GENERAL REVIEW.

OUR French work has been attended throughout the year, and in every part of the field we are occupying, by cheering and encouraging fruit, as the result of the divine blessing on the labours bestowed upon it. The desire to learn from the Holy Scriptures the way of life and salvation is daily becoming more general and strong by the French Romanists, and, as a consequence from this and other causes, less confidence in, or deference for, the priests of their Church is felt and manifested. The hierarchy of Rome and their devotees were never more earnest in their work than now to hold the people under their

control, and to use them for their ambitious ends. Yet to those who closely watch the signs of the times "a sound of going in the tops of the mulberry trees" is heard, and to them it is strikingly indicative that the Lord is moving in behalf of His people, and "against the hosts of the Philistines."

This is especially visible in a large section of the country from Sherbrooke to the Lakes of Megantic, and in Montreal and several of the surrounding towns and villages. In the former field, we are informed that quite a number of farmers, of more than the ordinary grade for position and property, have been led to read the Word of God, and that they are doing so with much interest and diligence; while a considerable number of others have distinctly and courageously put themselves under the pastoral care of our Missionary, Mr. Charbonnel, who entertains strong hope that they will be steadfast and faithful in the cause of Christ and His Word. A work of revival attended our brother's labours in a comparatively English settlement, where the greater proportion of the whole population were converted to God. To minister the Word of Life to the scattered and isolated Protestants throughout various portions of this Province is a work of not less importance than that to the French Romanists, for, otherwise, they would either be lost in the Romanism that is surrounding them, or in the heedlessness of a practical infidelity.

Our work in Montreal and places adjacent has, throughout the year, been crowned by the Divine presence and blessing. Numbers of the French have come from time to time to hear the Word preached in our church in Craig Street; while to other places our missionaries have been urgently invited to visit, that they might minister the water of life to souls thirsting to drink of it. In the public services of the church; in the more social gatherings for class and prayer-meetings; in the Sabbath and day-schools, and in the homes where pastoral visitations are made—in each and in all of these places is the power of God more or less realized, and present to bless and to save.

In Hull, in Ottawa, and several places near by, our Missionary has been encouraged to labour, especially during the latter portion of the year. The want of a suitable place for public worship has been much felt; but now, having been able to rent and prepare a hall capable of holding a hundred and fifty persons, that evil has been removed; and tokens of success are ever and anon rising up around our brother Syvret.

Our whole field, in every direction, is ripening for a glorious harvest; and although additional labourers are being raised up to

serve our Church in this important work, yet the number is by no means adequate to the demands of the hour. That the Lord may raise us up many more, and with them give us the means necessary for their support, should be the constant and believing prayer of the people of God of all classes and in all conditions.

JOHN BORLAND.

MONTREAL.

The year has been one of intense anxiety, of unremitting toil, and of some prosperity ; and it closes in the midst of a storm of persecution. But our experience in the past gives us great confidence in the old, well-tried promise : " He shall deliver thee in six troubles ; ye, in seven there shall no evil touch thee." (Job v. 19.)

The results of the year's labours have fully justified the wisdom of those who advised the purchase of the First French Methodist (Mission) Church of Montreal. This has given character and permanence to our position and labours. During the year, the debt on the premises has been reduced about \$2,000. The congregation, the Sunday-school, and the day-school have gone on gradually increasing in numbers, improving in quality, and assuming more permanent organization.

Our Band of Hope, *La Fraternité d'Espérance*, is attracting unusual attention and exerting a wide-spreading influence. It is the only society of this kind, known to us, among the French-speaking people of the province. Its meetings are held fortnightly. The lectures on Primitive Christianity, delivered on the same evening (Friday) of the alternate week are well attended and highly beneficial.

The social meetings of the church are among its most encouraging elements. Though numerous, the attendance is very large and the exercises lively. On Monday evening is held a general class-meeting ; Wednesday, prayer-meeting ; Saturday, teachers' meeting ; Sunday morning, at 10.15, a class-meeting, conducted mostly in English. Love-feasts and watchnight services have been introduced with excellent effect. A Ladies' Aid Society has met every Saturday during the winter months, and has done a great work of charity. Visitations from house to house and tract distributions have been kept up without intermission.

Since last October one of our young men has kept up regular appointments for preaching at St. Leonard's, assisted by three of our young men of the Pointe-aux-Trembles Institute, as well as by its honoured Principal, Rev. J. Bourgoïn. A deep interest has been awakened in all the country round about, necessitating the appointment of a Missionary.

Several visits have been made by myself and by the students above-mentioned at Boucherville, where an extraordinary awakening has taken place. A Missionary is also asked for at that place. Visits have also been made at Ste. Scholastique, where the field is " white already to harvest."

Three of our young men have been studying at Pointe-aux-Trembles and one at Stanstead, with the ministry in view. Two of our young men have just entered as colporteurs in the employ of the Montreal Auxiliary Bible Society, and another stands knocking at the door of the Conference.

The conversion of a lad sixteen years of age, named Louis Gaudiose Gagnon, a printer, has been the occasion for a furious attack of persecution upon us. He is now secreting himself from the fury of an irate father, infuriated by his spiritual (?) advisers, and from a police force mostly in sympathy with the persecutors. Another Paul might describe the Christian experience of this society in almost the same language of the elder Paul: "And others had trial of *cruel mockings*," etc.

But all these shocks only serve to confirm our own faith, and to shake the sandy foundations of our opponents. More young men of Romish families attend our services now than ever.

The evangelistic meetings of Rev. Mr. Hammond in this city during the spring-time, in which we laboured incessantly, contributed something to our prosperity.

We have sustained four preaching appointments in the city during the year.

After the loss of several by removals and expulsions, we remain with an aggregate membership of 153; baptisms of adults 23, of children, 12; marriages, 9; burials, 5; contributions for the year, \$1,000.

"Looking unto Jesus" for spiritual strength, and to His people, our brethren, for human sympathy and assistance, "we thank God and take courage."

LOUIS N. BEAUDRY.

HULL

It is with heartfelt gratitude to God that we review the mercies of the past year. Though, in consequence of the great depression in the lumber trade, our Mission has suffered numerically and financially, very severely, yet the Lord has upheld us to fight our way through, and we now sing of mercy as formerly we did of judgment. A trying discouragement to us has been the want of a suitable place for worship. This spring we have secured a convenient hall, capable of accommodating one hundred and fifty hearers. As a consequence, our meetings have since considerably increased in numbers attending them; and our Sabbath-schools have prospered as well. The revival of business in this town and vicinity has not only improved our financial condition, but our numbers are seen, as well, to steadily increase. Four of our families were burnt out of their homes in the dreadful fire which lately devastated our town. Ninety-six dollars have been raised and applied to the furnishing and fixing our hall and the parsonage; 31 members have removed, 7 withdrawn, 1 dead, and 36 remain.

JOHN SYVRET.

SHERBROOKE AND BROMPTON.

I return thanks to God for the good health I have enjoyed during the past year. Deprived of the use of a horse, owing to the great reduction of my salary, I have taken the apostolical method of travelling on foot with a good stick, the gift of a brother Irishman. Yet, God helping me, I have enlarged the field of my labour by the addition of two stations to those previously cultivated.

My field begins at Windsor, 12 miles west, and extends as far as Lake Megantic. It is 82 miles long, and is composed of the following stations: Windsor, Sherbrooke, Oxford, Compton, Clifton, Scottstown, and Megantic. We reported last year 32 families under our care; we this year report 51, although we have lost by emigration 6 families and dropped 2. The number of our adherents is 176; members are 69, of whom 24 are English; and 32 are lost through emigration.

Twenty-three persons have been converted during the year, and now profess faith in the Lord Jesus Christ, and several others are seeking the truth in a daily reading of the Word of God. In one station, I have reason for believing, from information recently received, that fifteen families, now Romanists, are reading the Bible, and, as my informant said, he doubted not that soon they would renounce Rome and her priests. It is much to be desired that such will be the case, as they are a wealthier class of persons than any we have received as yet. I am thankful to say that, notwithstanding the discouragements which a very limited income has occasioned, yet my heart has been cheered by the blessing of the Lord upon my labours; so that during the year the number has been considerably increased of those who believe in the Lord Jesus Christ as the only Teacher, King, Mediator, and Saviour.

THOMAS CHARBONNEL.

KINGSEY SIDING.

This Mission comprehends Wotton, Tingwick, St. Paul-de-Chester, Ham, and Kingsey Falls. These are, each of them, important fields of labour; and to which I have added—and go to as often as practicable—LeGrand Kingsey, Kingsey Siding, and Warwick. In Wotton we have six families connected with us; in St. Paul-de-Chester, three; in Ham, three; in Tingwick, three; in Kingsey Falls, five; which make in all twenty-three families—seven more than last year; or, thirty-five persons in addition to those of last year; in all making one hundred and fifteen individuals. Of these I count twenty-three who are members of our Church, and three on trial. All the above, with the exception of three English Protestant families, are the fruit of Missionary labour. They are industrious and intelligent farmers, one only excepted, who is a tradesman, and who owns a grist and sawmill. The priest makes strong and earnest efforts to bring this man back to his Church; but he reads the Scriptures regularly both in the English and French languages, and he now knows too much to be inveigled back to Rome.

One appointment—an English one, at Trout Brook—in which we had some twenty-three families, I gave up last fall, to take up neighbourhoods entirely French, and where my labours were more required. Here I have a good and encouraging prospect for the fruit of my labours.

We have organized a Sabbath-school for the French children at Wotton, of which Mrs. Geoffroy has the charge. The work generally is very encouraging, and my heart is full of gratitude to God for the blessings He has conferred upon me and my work.

ANTOINE GEOFFROY.

ROXTON FALLS AND ACTON.

Extending from Acton and Ely, through Roxton Falls, South Roxton, and Roxton Pond, to Canaan, this Mission I have endeavoured to cultivate to the best of my ability during the year. We have been much embarrassed at the, now, head of our Mission, for want of a proper place to preach in, and as well for the preacher's residence. This evil, however, is now being remedied, as we are fitting up a portion of our own church for regular service, and another portion with an outside addition for the preacher's residence. During the winter we held revival services in South Roxton and Berea, assisted by Bro. Parent and others. The services were a blessing to many of our members, and some sinners were converted.

The removal of a number of families to the States has told against our day and Sabbath-schools, as also against our Sabbath congregations. We have had four Sabbath-schools and two day-schools on this Mission. Three of the Sabbath-schools we were obliged to discontinue, but the fourth one held out and is prospering. During the year the Canaan appointment was added to this Mission, but I could only give it preaching once a month. By a local preacher, however, it latterly had preaching more frequently. We have had 13 removals, 27 have been dropped, and 89 members remain.

EDWARD DE GRUCHY.

WATERLOO AND CANAAN.

Our Sunday services here have been attended with much interest of late, insomuch so that we have removed them from our school-room to the lecture-room of the church in the village. We have three preaching places in which we have regular appointments each Sabbath, while to distant places, in Ely and Brome, I have paid occasional visits. I have found quite a number in these places prepared to receive the Word of God. We have, as members, 28, and on trial 7. The restlessness of the French population throughout the townships very painfully interferes with anything like an encouraging return of membership. Yet those affected by our ministry, though lost to us in a certain sense, are not lost to the great cause of truth and righteousness. They carry a seed of truth in their hearts which does not fail to bring forth some fruit. Our day-school has been sustained throughout the year, yet has not been attended by so large a number of the French children as we could desire. The priest steadily watches and warns his people against such.

NANAIMO AND WELLINGTON.

This unromantic Mission is one which nevertheless involves incessant labour and peculiar difficulties. All the interests of the Church are sustained by the comparatively few who constitute our membership in this place, and hence an unusually large proportion of our people are actively enlisted in some department or other of church work. It is among the most encouraging features of our cause here that the Missionary finds himself surrounded by a faithful, though small, band of earnest helpers. Among the discouragements is the great spiritual indifference which prevails, and which all efforts heretofore used have failed in any important measure to remove. Our congregations are generally large, and the respectful, and oftentimes manifestly earnest attention which they give, afford us the strongest visible ground of hope that the seed sown will sooner or later, by the Divine blessing, yield an abundant harvest.

The Sabbath-school is sustained with a growing interest on the part of the young, and we believe a deepening solicitude on the part of the teachers for the salvation of the children. We report an increase of nine in the membership. Present membership, 42.

WELLINGTON.—We have given regular services to Wellington, and such pastoral visitation through the week as we have been able to afford. The Sabbath-school, which was conducted under great discouragements at the time of our last report, has been discontinued for a time, on account of a want of suitable helpers; but an effort is just now being made to resuscitate it, which we believe will be successful. The public services have of late been much more largely attended. The great need of Wellington is a resident pastor, whose whole time may be devoted to this interesting and increasing population.

NEW WESTMINSTER.

The departure of the Rev. T. Derrick, early in November last, on account of failure of health, left this Mission without a regular minister. The Rev. C. Bryant, of Burrard Inlet, at great personal inconvenience and some detriment to his own Mission, did his best to supply the lack. These efforts, and those of the local brethren, prevented the church from being entirely closed. Deprived of its pastor, the congregation was, however, to a great extent scattered. On February 27th, the appointed supply from the east arrived and met with a very hearty welcome. Everything possible has been done to render the minister and his family comfortable and happy. The congregation has rallied to the old standard, and is now larger than ever before in the history of the place. It will take some time to recover from the effects of the severe and continued financial depression and a heavy church debt, but we are encouraged to grapple with the difficulties, and hope, with God's blessing, to succeed. What we need most of all is the baptism of fire, with the accompanying gift of power, that we may be faithful witnesses for God. Members, 30; decrease, 5.

EBENEZER ROBSON.

MAPLE RIDGE.

In presenting our annual report we have great reason for thankfulness, notwithstanding the past year has been one of severe hardship. A late spring, an overflowing river, a wet harvest, and a severe winter, have been the cause of great depression throughout the district, on account of which your Missionary has had to suffer financially. The settlers on this Mission generally are still very poor, which, taken into consideration with the hard times of the past year, will account for the smallness of our receipts. But we are hoping the worst is past, and that the future will be more encouraging in every respect. As the Canadian Pacific Railway is about to be built, and some day is expected to run through this immediate neighbourhood, there is greater reason now than ever for holding this field, notwithstanding the discouragements of the past. Although we have not realized such gracious outpourings of the Spirit as we could have wished for, yet we have at times felt the presence of the Master, and believe some good has been accomplished. Members, 25.

T. H. GILBERT.

BURRARD INLET.

Our work has been trying physically, especially in the winter months, when we partially supplied the vacant pulpit at New Westminster. Financially, our circuit receipts are behind, owing to commercial depression during part of the year. But, on the other hand, we report an encouraging increase of above fifty per cent. in subscriptions to the general Mission Fund, making a larger total than that of any previous year. For this we are largely indebted to our

efficient Missionary deputation, Rev. E. Robson. Spiritually, we have sowed the seed, but have not been among the favoured reapers in the gospel field. Yet we can testify to good and attentive congregations, composed partly, at times, of mariners, who visit us and return to distant parts of the world. Our North Arm appointment becomes increasingly important, the congregation being larger, and the receipts of Missionary subscriptions are about 75 per cent. in advance of last year. Members, 13.

C. BRYANT.

SUMAS AND CHILLIWHACK.

With thanksgiving to God we are able to report a measure of spiritual prosperity. Financially, we have felt the general depression, as well as having suffered from a heavy flood which devastated Sumas. Our camp-meeting was a season of rich spiritual joy and soul-saving power. Eighteen persons sought the pardon of sin and peace with God. During the winter we held a special service in which our Church was greatly revived, and three souls were gathered into the fold of Christ. The work is heavy, necessitating a great amount of travelling, specially in pastoral visitations, but we have felt the presence of Him who hath said, "Lo, I am with you always." Members, 99.

C. L. THOMPSON.

CARIBOO.

The toils and labours of another year are over, and we thank God for whatever good has been accomplished during the year. Our services have been fairly attended, and our prayer and class-meetings, which are ever highly appreciated, have been very precious to our faithful few. Our two Sabbath-schools are working well and are in a flourishing condition. Frequently we have in attendance every child in town who is at all able to come. The Barkerville school, especially, is well supplied with Sunday-school papers. Besides our own papers, G. Ferguson, M.P.P., the Superintendent of the school, has furnished, gratuitously, a number of others. Our finances are low; we have reported a very large deficiency. This is owing to the hard times. Membership: Received, 2; total membership, 10.

NICOLA VALLEY.

After taking a retrospective glance at the year now gone, your Missionary sees abundant cause for deep gratitude. Through the tender care of an all-wise Providence, we have passed safely through one of the most trying winters ever known in this country. It set in early in November, and from then till the middle of April ice and snow held us in their chilling embrace without intermission. To carry out our usual programme in the way of visiting the different settlements, preaching regularly, etc., was out of the question. Some places that we used to visit two or three times during the winter we have not this year been able to visit once. The length and

severity of the winter have led to a death rate among stock generally, which is severely felt; indeed in many instances financial embarrassment bordering on bankruptcy is the result. This necessarily affects our finances; but we must not be discouraged, as this may not occur for a number of years again.

The religious aspects of the work are not so encouraging as we earnestly wish to see. The members and adherents of the Church, being so scattered, is against us; but this arises from the nature of the country, and will remain, most likely, for all time. Whoever may be appointed to this field must not be expected to build up churches and establish classes and Sabbath-schools as they do in a thickly settled country. With settlers, in a great many instances, from five to ten miles apart, and in some from twenty to thirty, there is not much chance of accomplishing such things, however anxious the toilers in the Mission may be. The fact of not having built churches is not a want of will on the part of either minister or people, but simply because it has been considered inexpedient, as in most instances we would have no larger congregations than we now have in private houses, and would only be bringing on ourselves financial responsibility without any corresponding advantages.

I wish very much that a second man could be sent to assist in the work on this extensive field, for the following reason: The long-promised railway is to start this summer, and as the line runs right through my Mission field we expect a large increase to the present population. It is expected that some three thousand men may be employed on the different sections, so that there would be abundance of work for two men, with most likely very little additional expense to the Society; but if you send any, it is essential they be strong and healthy, who can endure hardness, and, above all, possess the true Missionary spirit, "full of faith and the Holy Ghost."

WINNIPEG.

When I took charge of Grace Church in 1876, there were less than 100 members in Winnipeg and in the adjacent settlements. During 1876-7, assisted by Rev. T. E. Morden, B.A., Point Douglas and Prairie Grove were regularly supplied, and other outposts were occasionally visited. The debt on Grace Church was paid during the year; and the church, becoming too small for the increasing congregation, was enlarged during the spring of 1877, so as to give double the former sittings. At the May Official Meeting of this year the congregation declared itself self-sustaining.

During the next two years the Rev. J. W. Bell, B.D., rendered very valuable assistance in the extension of the work. Selkirk, twenty miles north of Winnipeg, became a separate Mission, and took from Grace Church the members that lived in that settlement. The Rev. Wesley Casson was appointed the first pastor.

Prairie Grove was also constituted a Mission, with Rev. W. W. Andrews as a Missionary. Services were established at Morris, forty miles south of Winnipeg, and also at intermediate settlements. In 1878 these appointments were formed into a Mission, with Rev. A. B. Hames in charge.

Point Douglas (Zion Church) also became a separate Mission. The congregations of Grace and Zion churches steadily increased until additional accommodation was necessary.

During the past year, under the superintendency of Rev. J. A. McCamus, the congregation of Zion Church erected a very comfortable and suitable church; and the trustees of Grace Church have purchased a central and very desirable site upon which they purpose, very shortly, to erect a church suitable to the demands of the growing congregation.

The work is extending very rapidly in Manitoba and the North-West Territories. The original Red River District is now divided into three districts, and in its extension embraces twenty-four Missions and twenty-three Missionaries. In 1876 there were 315 white members on this District; this year there are 818. In 1876 this District raised, for Missionary Fund, \$538 41; in 1880, \$2109 16.

Considering the efficient staff of ministerial labourers we have in the field, the intelligent and loyal members of our Church who are already settled in that most promising land, and the large numbers of our members and adherents who are yearly emigrating thither, our cause presents a most hopeful aspect, and makes most strong demands upon the sympathy and liberality of our Church at large.

POINT DOUGLAS.

The year just closed has been eventful in the history of this Mission. An attempt was made by my predecessor to build a larger church, but sufficient encouragement was not given to warrant procedure; consequently, we found ourselves at the beginning of the year with a church that would seat from 75 to 100 people, on a lot with only 50 feet frontage, situated in what was just becoming the most populous part of the city, with a congregation of about 50; no class-meeting; only one service on the Sabbath; more than half the Missionary's time; and, as the result of this arrangement, about the same proportion of the legitimate revenue of the Mission going into Grace Church. The people were discouraged, and almost hopeless with regard to the Mission's future, as progress under the circumstances seemed impossible. But with an earnest attempt to bring about a change, hope revived, and, by united and persevering effort, the following results have been achieved:—

Regular morning and evening Sabbath services have been established; a class has been organized; the membership increased from 25 to 39; the congregation nearly doubled; the old church and site sold for \$1,000, and a new site, 132 feet by 108 feet, purchased for \$800; a very neat church, capable of seating about 350 people, with school-room, vestry, infant class-room, orchestra and tower, erected and furnished at a cost of about \$5,000; about two-thirds of the entire cost of church and site are provided for, and the balance covered by mortgage on satisfactory terms. A large increase has also been realized in all the funds of the Mission. The brethren are now encouraged, hopeful, and zealous. There is a flourishing Sunday-school. Prayer-meetings and class-meetings are well attended.

SELKIRK.

The work of this Mission, especially in West Selkirk, has been carried on amidst great discouragement, arising from the depressed condition of business and a decreasing population. Morning and evening services have been regularly conducted, and the class-meeting, with rare intermissions, held after morning service.

Owing to the Presbyterians establishing a Sunday-school after their new church was opened, our school has diminished in number, but is still efficiently carried on, and numbers 40 scholars. Financially we have accomplished more than might have been expected. The appropriation to the pastor was more than met. The church, with organ and fence, cost \$2,100. Of this amount I am glad to say \$1,600 has been paid, in addition to the ordinary expenses of management, leaving the debt about \$500; so that our church there, one of the

best in the province, is now free from embarrassment. To place the church in this position has been a constant strain, but it is done. In East Selkirk the prospect is more encouraging. Railway requirements have created employment. The population is increasing. We have a larger congregation than in West Selkirk, but until recently had no place of our own, service being conducted in various places.

To secure a permanent footing in this rising place we have erected a plain church, 24 feet square, capable of enlargement, and which has been opened for service since I left. Having a building of our own, our cause there will be in a much better position. The work on both sides of the river must still be carried on in patience and hope. The growth of the two Selkirks is only a matter of time. We have a good position in the community, and with increased population, and a more settled state of things, our Church will grow and exert a powerful influence for good in these interesting localities.

The prospects of a rich harvest, spiritually and temporally, are exceedingly bright. Let there be more labourers sent into this harvest field. During the past year a small house has been built in Stonewall, which serves at present for a parsonage. The debt on our Stonewall church has been reduced nearly \$100. On account of the very severe winter, there is a slight decrease in the financial returns of the Mission. The field is too large, 24 by 15 miles, or 360 square miles, to be worked by one man. Members, 36.

MEADOW LEA.

The unfortunate removal of my predecessor, Brother Hewitt, through ill-health, proved somewhat unfavourable for the prosperity of this Mission. During the few months I have travelled since my arrival, there has not been wanting many encouraging features. The services have been well attended, not only in the central parts, but also at the outposts of our work, and manifest proofs of the Divine presence have been vouchsafed to us.

Our people have been long convinced of the pressing need for a suitable church, as also a minister's home in their midst. A building committee has been formed, a site definitely agreed upon, and subscriptions promised to well-nigh the amount needed for the erection of the former.

During the winter a series of tea-meetings and socials have been held, which has resulted in placing the sum of \$150 in the hands of the ladies towards the erection of the parsonage. It has been agreed

HIGH BLUFF AND POPLAR POINT.

In reporting another year's work we have no very flattering record to present. While this truth forces itself upon us very keenly, we have much to encourage and strengthen our hands. On the whole, our congregations have shown a marked increase, and our classes, which were totally disorganized, are now meeting regularly. Our finance is in a healthy condition, though we have not received that support we would have done had not a very oppressive debt rested on our parsonage. This is a heavy burden, and one that will keep us considerably behind for some time. Our work is in a small compass, and we have nothing like the heavy driving formerly experienced. I would here desire to record the high esteem in which my predecessor is held. Rev. Mr. Halstead still lives in the hearts of all with whom he came in contact. We are looking for greater results of our work next year, and our faith is greatly strengthened. Our members, 60.

J. M. HARRISON.

NELSONVILLE.

Our work on this Mission this year has been extensive and laborious. The Mission covers 19 townships, or in all 684 square miles, in addition to which we make occasional visits to four other townships. We have taken up four new appointments in the regular work, where, when roads and weather permit, we give regular fortnightly preaching. Owing to a variety of circumstances, we have not been able to hold any special services, but are thankful to report some conversions in the regular services. When we came here we found 36 members. We have received 19 on trial, and 50 from other circuits. Our present membership is 95; increase, 59. The Mission will raise this year over \$400 for all purposes. The parsonage has been greatly improved, and we hope soon to build a new church in Nelsonville. May the Head of the Church pour out His spirit upon us, and give us His blessing.

JOHN W. BELL.

CHAS. E. BLAKELEY.

ROCK LAKE.

A few months previous to my appointment here there was not a Methodist in what is now known as Rock Lake Mission. We have, at the present time, one church built, another commenced, five regular appointments at which societies are formed, one Sabbath-school, and a membership of sixty. Greater devotion and increased power of adaptation to the necessities of the work would have secured larger

results. The Mission enters on the second year of its existence with fair prospects of a prosperous future. May the richest blessings of Divine Providence be with the people in their new homes!

A. STEWART.

MORRIS.

This Mission embraces, at present, parts of six townships. Other settlements, containing several members of our church, and destitute of the means of grace, must be visited as soon as ministerial help can be obtained. It is absolutely impossible for one man to meet the urgent demands of this rapidly extending field of labour. In view of this, our Quarterly Board have unanimously requested the appointment of an additional preacher, on condition of an increase in the Missionary grant. Our discouragements during the past year have been very many, owing, mainly, to the embarrassing debt on our church in Morris. Sabbath services have been regularly sustained, also prayer and class-meetings at some of the appointments. Members, 55.

PORTAGE LA PRAIRIE.

The year now closing has been, on this Mission, one of harmony and some degree of success. Although the past winter was unusually severe, our appointments were regularly attended, and our congregations good. The word preached has been received with much serious attention, and we hope has resulted in much good. Our fellowship and class-meetings have been seasons of much encouragement and profit. The Sabbath-school and Bible-class at the Portage have been well attended during the whole year, and have been of much benefit to the children and young people. In material matters there has been much uncertainty, owing to the fact that the line of the C. P. Railway has not yet been definitely located. There is every prospect that the line will be located very shortly. Then we shall know where our churches should be located, and all material matters will then take definite shape. The prospect for the future is encouraging. Members, 65.

PALESTINE.

In submitting our report for the past year, we feel thankful to the Lord for special tokens of His providential care over us. We have passed through a very hard year in every respect, having many difficulties to contend with. this has resulted in defeat and spiritual death in our ranks. We have been compelled to drop 19 of our membership for entire neglect of the means of grace.

A new appointment has been opened at Maitland (25 miles northwest of Gladstone), so our Mission is now 40 miles in length—too much for one man to attend to properly, considering the bad roads upon which we have to travel. A parsonage property has been secured in Gladstone, at a cost of about \$350. We feel grateful to the kind friends who have contributed their mite to help us in this matter. Membership, 63 ; baptisms, 20. W. R. MORRISON.

SALISBURY.

On account of your Missionary not being able to reach Salisbury, from Edmonton, until the middle of September, three months of the best time of the year were lost, and the winter overtook us before we were able to organize a Quarterly Board. It being found impossible to secure a house before the latter end of December, I built a log house and stable, which we have occupied since the beginning of the year. I purpose handing over the buildings to the Quarterly Board for parsonage premises as soon as arrangements can be made, the situation being good, and there being five acres of excellent land connected with the buildings. Our services extend over eight townships, and yet one-half of the pressing calls for the Gospel cannot be attended to, whole townships, well settled, and largely Methodistic, being without any services whatever. LITTLE SASKATCHEWAN.

The division of this Mission last year has been productive of much good, but still, for the efficient prosecution of our work and permanency of our Church in the future, we must have additional help. We have eight appointments, and as many more might be taken if we were in a position to do so. "Come over and help us," is the cry that comes in from every quarter; but surely the Relief and Extension Fund will tend to turn supplication into thanksgiving. This coming year we must do something in church building, especially at Rapid City and Minnedosa, the two most important centres in the Saskatchewan District; but unless we receive some financial aid from the Society our difficulties will be great. The exercise of a liberal policy on the part of the Missionary Society just now will be felt and appreciated both by the Missionary and people, and will tend in a very short time to develop this Mission into several desirable and self-supporting stations. Our Church membership now numbers, after deducting our loss from the alteration in boundary of Mission and other causes, 57. The total amount raised for Connexional and

Mission purposes is over \$400. A review of our spiritual and financial condition as a Mission causes us to be thankful to our Heavenly Father for the encouragement of the past, and hopeful for the future.

SHOAL LAKE.

This vast Mission of the West, which comprises an extent of several townships, is but of late organization. Until May, 1879, the so-called Birtle Mission only had one solitary settler on the fertile valley of Bird Tail Creek, and three or four in the vicinity of Shoal Lake. Since that time the tide of immigration has been turned in this direction, and in October last, when I commenced Mission work in this section of country, I was enabled to establish five appointments all of which were more or less interesting, and were of such a nature (as to location, attendance, &c.) as would indicate them to be places worthy of working for the Master. This spring some slight alterations are being made, and new work taken up, and the prospects of the Mission tend toward its being a productive field of labour in connection with the Methodist Church of Canada. Truly, God has been good to us, and we trust that the seed sown this Conference year on this Mission will bear fruit an hundredfold. Members, 14.

WHITE FISH LAKE—SASKATCHEWAN DISTRICT.

Concerning the State of this Mission a little may be said. During the year that is past all has been peace and quietness, while from every direction beyond the Mission, we heard of trouble, trial and want. "They that trust in the Lord Jehovah shall not want." The godliness which is professed by the people of this Mission, in its promises has been proven by them to be true, temporally and spiritually. By their exertions, and God's blessing, they have had a sufficiency to supply the need of their families, while their heathen brethren were reduced to extremities of want. Many of the latter would, perhaps, have perished had not the Government provided them food during the past winter. It is the prophecy of many that the Indian race is doomed to dwindle and become extinct altogether. Without disputing it may be said that those who have truly embraced the Gospel, and have felt its power converting them from their former depraved condition, show a marked difference, even in this respect. In the two scourges which came and passed through our country, when thousands of its inhabitants were taken away by the scarlet fever and small-pox, comparatively few of this charge suffered; and they think, and are thankful in knowing, that the great Spirit they are now endeavouring

During the past year no sickness has come within our borders. There have been sixteen births and only two deaths. Very little complaining has been heard among them. It may again be reported that the members of the Society in this charge still adhere to the usages of our Church. The public ministrations of the Word, the class and prayer-meetings are appreciated. The day-school and Sabbath-school have also been attended to. We have had no increase in our membership, nor have there been many falling away. Hitherto the Lord has helped with His blessing the efforts made to promote His glory. By the past blessings thus vouchsafed we thank God and take courage. May the Church remember this Mission station in their prayers that it may retain and hold the position it has attained among the Missions of the various denominations of the Christian Church in the North-West.

SAULT STE. MARIE.

In closing my third year on this Mission, while I cannot record that progress which I could desire, I nevertheless find much cause for gratitude to the Great Giver of every good and perfect gift for the favour with which He has been pleased to crown our efforts in His cause. Where we found division and strife and enmity, we leave union and love and confidence. Our membership, though small in consequence of the unsettled state of the population, is considerably larger than when we came to the Mission, there being now on the same ground where we found ninety-five reported, upwards of one hundred and thirty. The parsonage has been plastered, painted, partly supplied with double windows, and furnished, at a cost of more than three hundred dollars. The Sabbath-school has been successfully worked and furnished, and the church painted on the outside at a cost of some eighty dollars. The last year, owing to the great financial

depression, and the failure and losses of some of our members, our finances have fallen below the amount of either of the previous two years; yet our Missionary and Relief and Extension Funds, taken together, have more than doubled the Missionary income of any one of the preceding years; and we have great confidence that when times improve, the liberality of our people will rise in proportion to their ability. I think many of them have done more than they were able, while, perhaps, others have done less. The District, though rough and difficult to travel, is gradually rising, and I think will ultimately repay the toil and treasure expended by the Society.

A. R. CAMPBELL.

GARDEN RIVER AND KORAH.

We have succeeded in the erection of two new churches, and have also part of the timber on the ground for a third one. Our work is so extensive here that we are only able to supply the appointments with preaching once every three weeks. With service so seldom we are not satisfied, and our people are constantly asking for more of the Word of Life. A deep interest is manifested in sustaining class and prayer-meetings. Sabbath-schools are established, in which both old and young are learning lessons of Divine truth. A number of our most able families have moved to other circuits; this with a few who have been dropped, leaves us unable to report an increase. And during the year God has very signally blessed our labours, and the influence of Methodism is felt by all classes of the community, as may be seen by their attendance at our services. We are still encouraged, and, trusting in God, ask an interest in your prayers for the cause of the Master in this place. Members, 77.

GORE BAY AND SHEGWAONDAH.

Our third year now closes on this very toilsome Mission. Regular appointments have been kept up within an area of more than sixty miles. The want of an assistant during the year was very severely felt. A church has been started at Little Current, and a subscription circulated. A subscription list has also been circulated, and a social held at Gore Bay, for the purpose of building a church there. Classes have been organized at most of our appointments. Twelve Sabbath appointments have been kept up during the year. The Mission will imperatively require the services of two during the coming year. Present membership, 60; increase, 16.

Is now to be divided, the one part to be called Manitowaning, the other Sanfield, to be worked by two ordained ministers. At all our appointments the interests of our beloved Methodism grow evidently. Churches and meeting-houses are going up in several places. Spiritually our people are moving forward, growing in grace and in numbers. Financially our people are improving, yet the funds are very low. We raised this year \$100 for the Mission Fund, and \$40 for the Relief and Extension Fund. Last year the return of members was large; some have fallen off, yet we return this year 139; on trial, 12; total, 151.

J. BASKERVILLE.

BRUCE MINES.

In writing a report of this old Mission for the past year, your Missionary feels it his duty to say that his labours have been spread over too large a field to accomplish very much visible good in any one place; and in future, to meet the wants of the people and secure success, it is absolutely necessary that it should be worked as three separate Missions, called Bruce Mines, St. Joseph Island, and Lefroy. For a distance of forty-five miles eastward along the north shore, and to the head of St. Joseph Island on the west of Bruce Mines, your Missionary has travelled on ministerial duty; and this strip of territory, as far as he knows, is not occupied by any other resident Missionary, up to the North Pole. Last fall the Missionary had an invitation to visit Cockburn Island, a distance of forty-five miles by water from Bruce Mines, where a number of people, he was told, had settled on excellent land; but to the present, for want of time, he has not been able to comply with that request.

Taking away one-half of the Sabbath-day services from Bruce Mines church has caused a great deal of dissatisfaction, proved injurious to our interests, and should be resumed immediately. The old Bruce mining location was surveyed last year, and will immediately be all offered for sale, and it is said the Government will spend fourteen thousand dollars here this summer on harbour improvement; so, it must be evident that with the very rapid settlement of the surrounding country, Bruce Mines must become a business place of some importance, and should have particular attention. The services of the sanctuary have been well attended, and a growing interest manifested in our social means of grace, especially the week evening prayer-meetings, which are more numerously attended than at the beginning of the year. The people have contributed liberally to all the Connexional funds, but especially have the Relief and Extension and Missionary Funds been well supported. After pruning closely, we return an increase of members for Bruce Mines and the North Shore; and St. Joseph Island will this year, for the first time, present a

report showing gratifying and permanent improvement also. Members, 54.

ST. JOSEPH ISLAND.—During the past year, God has favoured us on St. Joseph Island with His presence and blessing in the conversion of precious souls, and the field is white unto harvest. One new class has been formed, two small Sabbath-schools have been organized, and six appointments have been regularly kept up. A bond for a deed securing to the Connexion two acres of land as a church site has been obtained, nearly one hundred dollars have been subscribed by the people towards the support of a minister for next year, and we believe our work on the Island imperatively demands the appointment of a preacher or minister by the Stationing Committee at the coming Conference. Bro. Vanhorn has been faithful to us as a church labouring to spread Scriptural holiness; and whoever may be appointed to this field, will find him a brother in whom he can place confidence. Members, 32.

JOHN HODGSON.

PRINCE ARTHUR'S LANDING.

Although we have fallen short of our fondly cherished hopes, yet for what we have seen we thank God and take courage. During the year our church has been lathed and plastered, and otherwise improved to the amount of \$550, of which there remains but a small balance to pay. Our congregations are good, and frequently we have been refreshed and encouraged by gracious manifestations of the Divine presence and power. Yet there are discouragements. One great drawback in town is the unsettled state of the people. There is a constant coming and going, so that we cannot correctly estimate either our financial or numerical strength. The country west of us is being settled and ought to be attended to, but one man can only give them occasional services. If the condition of the Mission Fund will allow it, there ought to be an additional labourer sent here next year. Members, 25.

ST. LAMBERT AND CHAMBLY.—Owing to removals and death we have to report a decrease of eight in the membership. The services during the year have been well attended, considering the smallness of the Protestant population. All the Connexional interests have been liberally sustained, and the sum of \$140 contributed to the Relief and Extension Fund. Two old and much respected members passed away during the year, in the triumphs of faith. In St. Lambert our class-meeting is well attended, and our Church is in a prosperous condition spiritually. In Chambly our membership is gradually diminishing through removals, but the few who remain are struggling nobly to sustain our cause. Members, 25.

W. H. SPARLING.

ST. JOHNS.—Though surrounded by circumstances of a disheartening character, we have reason to thank God and take courage. The faith of our people has been severely tried by the depression, which closely followed the fire, by which this town was devastated. Our services have been well attended during the year. We have realized the presence of the Master, and the people of God have been quickened. There has been considerable advance in Connexional funds, and we have repaired and beautified our church. We hope in time to become a self-supporting Circuit. Members, 54.

W. J. CROTHERS.

ORMSTOWN.—We are thankful to be able to report some progress on this charge during the year. Forty new members have been received, and the spiritual tone of the Church has improved. We have good congregations, and peace in all our borders. Ormstown takes its place among our independent circuits, raising last year fully \$700 for the minister's salary. Members, 112. JOHN HOLMES.

VALLEYFIELD.--Success has attended the labours of your Missionary in this place. The people have received, with one exception, two sermons each Sabbath. Souls have been converted to God, regular services established, a class instituted, and a fair congregation gathered. Members, 18.

JOHN WEBSTER.

HUDSON.--We have not been wanting in tokens of God's favour on this field. With some degree of sincerity we can say, "The Lord hath done great things for us, whereof we are glad." As the result of God's blessing upon our united efforts, 32 have been received on trial. After deducting 1 death, 3 removals, and 1 dropped, we report an increase of 27. Earnestness and regular attendance on class have been unusually cheering. Our business meetings have been well and cheerfully attended, and we are happy to report no deficit in the sum they agreed to raise towards the support of your Missionary. Our people seem determined to support the cause as their means allow. Members, 65.

T. C. CARSON.

NORTH GORE.--The congregations on this Mission have been very good, especially at the Mille Isles appointment. The prayer-meeting on Thursday evening at this appointment has been well attended, there being frequently over a hundred persons present. God has granted us a measure of success; we return 141 members. Financially, the people have done considerably better than last year.

W. SMITH.

NEW GLASGOW.--The size of this Mission as now constituted has not prevented your Missionary from keeping his appointments with fidelity. The dissatisfaction felt in the earlier portion of the year on what was Shawbridge Mission has, to some extent, disappeared. We rejoice that the presence of the Master has been felt in our assemblies, and some conversions have taken place, several have renounced the errors of Romanism, and are now regularly meeting in class. The importance of this Mission is not to be estimated by the size of its congregations, the number of its members, or the amount of its contributions. It is a light in a dark place, and some of our members are earnest and devoted labourers among the Catholics. It is very desirable that a minister should be appointed to this field of labour who can speak both the English and French languages. Our church at Morin has been destroyed by fire, but the people are making arrangements for building a larger and more comfortable one. Members, 120.

ISAAC WHEATLEY.

RAWDON.--We regret that we cannot report an increase of members. Our accessions just equal the removals. Nor need we expect much of an increase, as our congregations are now nearly all members of the Church, including children; and here nearly everybody belongs to some church. Our prayer and class-meetings have been well attended, and our people have been faithful to all the means of grace. We have paid for an organ for the Rawdon church, and \$18 for repairing the well at the parsonage. There is an advance in all the Connexional funds, and in ministerial support. Members, 100.

ROBLIN.—A beautiful country church has been erected at the village of Roblin, the head of this Mission. For about thirty years our people here have worshipped in a school-house, which has tended largely towards disheartening them and paralyzing our efforts for good. Since the erection of this place of worship a great improvement has taken place, both in the increased congregations and the spiritual condition of many of the people. For some time past scarcely a week has elapsed without the reception of one or more persons into the Church, in connection with the regular means of grace. We enjoy peace in our borders, but "the best of all is, God is with us." With a view to saving Missionary money, the Quarterly Board recommended the stationing of a young man on this Mission for the coming year. Our membership is 115. **W. PYKE.**

AMHERST ISLAND.—On behalf of the Mission I will say we commenced this year under rather melancholy circumstances. Bro. Werden being quite ill when he came to the Island, continued to sink until November 6th, when the Master called His servant to his reward. Yet, the work has gone on, and the Lord has blessed us. The Sabbath-school was kept open the whole year. The Tuesday evening Bible-class we started in September was well attended during the winter, and is doing well yet. Prayer-meetings are well sustained, and all other services are improving. We found 49 members; and now leave 52. **J. W. MILLS.**

BATTERSEA.—Some good has been accomplished by pastoral visits, and by the preaching of the Word. Our Sabbath-school has prospered during the year. Owing to removals and the depression of the times, our Connexional funds are not equal to last year's returns. Members, 53. **J. FOLLICK.**

HARROWSMITH.—The general religious aspect of this Mission has been fair. Special religious services held during the year had a beneficial effect upon the members of the Church. Congregations have been good; class-meetings and prayer-meetings interestingly maintained; and Sabbath-schools very efficiently carried on throughout the year. Our loss in members, by death and removals, in proportion to the extent of the Mission, has been severe, and we have been reminded not only of the uncertainty of life, but also of the consolation afforded by the Gospel of our blessed Lord. Members, 117. **S. TEESON.**

ARDEN.—In the village of Arden we have a neat and commodious church, a flourishing Sabbath-school, and preaching every Sabbath. In Olden we have four appointments, with many encouraging features; whilst our Mountain Vale appointment has been weakened by removals. Times have been somewhat dull through this section of country. Yet, financially, we are in advance of last year. In special services souls have been won for Christ, whilst in our regular congregations we have felt that "God was with us." Our class-meetings have been times of refreshing, whilst one of our number, we trust, is safe in heaven. Members, 61.

N. B. TOPPING.

SEELEY'S BAY.—The work on this Mission has been one of consolidation rather than of extension. In the hearts of many the Word has been the savour of life unto life. The liberality of the people, on the whole, is not largely developed, and heavy church debts remain to be met. It ought to be enlarged by the addition of other appointments, if it were possible. Members, 70.

G. H. SQUIRE.

VENNACHAR.—God has blessed us with spiritual peace and prosperity. Our labours have been extended to people who have hitherto been without the Gospel. The preaching services, class-meetings, and prayer-meetings have been well attended, and God has blessed our labours in the salvation of souls. Members, 60.

CORNWALL.—The past year has been one of peace and prosperity. Congregations large and attentive. Many souls saved. A new class, formed of Sabbath-school scholars, placed under a kind and judicious leader. The Sabbath-school is doing well. The pastor's Bible-class, numbering about fifty interesting young persons, is very encouraging. There is hope in reference to the future for our cause in Cornwall; and though we are often led to feel the force of the Saviour's words, "How hardly shall they that have riches enter the kingdom," thank God "the poor have the Gospel preached unto them." Financially, we struggle along, trying to put a cheerful courage on. Members, 105.

AVONMORE.—The work here still prospers. We have held special services at two appointments, for several weeks each, at which about sixty professed a change of heart. Many of the mem-

bers give evidence of much more spiritual life than formerly ; and after supplying vacancies caused by deaths, &c., we have a net increase of 23 members, with good prospects for the future. We have organized another Sabbath-school, and have introduced the "Berean Lessons" into all. A good new bell (weighing 409 lbs.) and a nice new organ have been put in the church at Avonmore, and are almost clear of debt, \$100 having been donated toward the former by a member of the congregation, O. Fulton, Esq., M.P., of Avonmore. Connexional funds are still on the increase, being about 25 per cent. in advance of last year, exclusive of the Relief and Extension Fund. All members who are able meet in class. Congregations good, with no signs of falling off. Members, 100.

JAMES LAWSON.

LANCASTER.—Considering all our circumstances, we have to report a year of satisfactory progress. The number of our members has not increased, but their spiritual power and love for Methodism have been largely developed. Though we have held no special services, our members have had the revival fire burning in their hearts for months, and the vacancies occasioned by those who have removed, or have been dropped, have been filled by sound conversions in the ordinary means. Some have been saved who have not united with us ; and we trust special impressions for good have been made upon many minds. Our cause is much stronger and more buoyant than a year ago. The opportunities for usefulness on this charge are greatly multiplied. Members, 25.

FITZROY HARBOUR.—Quite a goodly number have been led to the Saviour, while others have gone to the better land praising God for the religion of Jesus. We have had many losses through removals and deaths, but our gains more than balance. In each year the contributions to our funds and our membership have increased. The present prospects of this Mission are good. Members, 105.

W. KNOX.

FRANKTOWN.—In making a report of this Mission there is not much to encourage. A few of the people are really devoted ; but, on the whole, the spiritual state is low. Quite a number, returned last year, we have never seen in God's house ; these, of course, we drop from our returns, and several have removed. Congregations in the three churches are good and attentive. Financial returns better than last year. Members, 90.

LOMBARDY.—Whilst I am happy to believe that some of our people are cleaving to the Lord, and value the ordinances of the Church, the indications of others are such as to cause feelings of deep regret. Members, 40. W. W. MILLER.

GLEN TAY AND MABERLY.—Part of our work on this Mission is in a rough, stony section of country, while the other part is good, but in it the membership is small, and composed chiefly of a few families; and the reduction in the grant, which this year is some three hundred dollars less than three years ago, makes the working of the Mission (by two men) a matter of no small difficulty. Our friends would like to see their ministers better provided for in this work; but they are, generally speaking, too poor to do much, but we have reason to think that they love Methodism, and are anxious to enjoy its ordinances. The appointments are now few in number, the journeys are long, and some of the roads bad; but we are thankful for good health, and we have been blest in our labours. We have had to suffer seriously by the general emigration to the west, while death has removed to the better land some of our earnest and best members and supporters. We have to return a decrease, but have reason to think Methodism has as good an outlook on the Glen Tay and Maberly Mission as in any time past. Members, 181.

JOHN FOWKES.
WM. H. SUMMERS.

PLAYFAIR.—We report for this Mission good congregations, with times of refreshing in prayer and class-meetings. We have occupied two new appointments during the year, with prospects of spiritual results in the salvation of the people. The hard times have pressed sorely upon our people, resulting in a small declension in our finances; but, upon the whole, there is room for encouragement. Members, 88. C. A. JONES.

BEACHBURG.—During my sojourn on this Mission I have found the people to be kind and liberal, according to their circumstances. During the year we have had some refreshing seasons of revival. Although we have received quite a number into the Church, yet, on account of 23 removals, 1 death, and 8 dropped, we cannot report an increase. Members, 135. WILLIAM PECK.

PORTAGE DU FORT.—By uniting two small country congregations, this Mission has been put in shape to be worked very pleasantly and advantageously. The past year has been one of fair spiritual prosperity. The ordinary means of grace have been well and regularly attended. Special services were also held at each appointment, upon which God graciously bestowed His blessing. Most of the members have been built up in the enjoyment and practice of religion, and are seeking to still improve. A number of souls have been converted to God. One new class has been organized. Members, 64.

N. AUSTIN.

RENFREW.—We have not a large membership on this field, but we have a few good earnest souls who are ready for every good work. During this Conference year we have raised \$450 for parsonage debt. Our church in the village has been renovated and re-seated at a cost of over \$100. Relief and Extension and all our Connexional Funds have also received attention. Members, 52.

WILLIAM CRAIG.

ALICE.—There are five appointments on this Mission; and, with one exception, the services are well attended. Many of the members are alive to their spiritual interests, and strongly attached to our Church. The Mission is far from wealthy, but those who are able contribute liberally to the support of the minister, and are not forgetful of the other claims of the Church. Members, 131.

SAMUEL ELLERY.

ONSLow.—Our camp field-meetings and special services at each of the appointments have resulted in the quickening of believers and the conversion of sinners. We have waited day and night by the bedside of the sick and dying, and have been cheered by the dying praising God for using us as the instruments of their salvation; and our people have gone as praying bands into the homes of the poorest when sick and dying, and have rejoiced to see the grace of God displayed in hearts, a little while before, hard as rock, cold as ice, and dark as night; but, in answer to prayer, these hearts of stone have been made flesh, warmed by a Saviour's love, and radiant with the Divine favour. Since the camp-meeting our people have attended and well sustained our week-night prayer-meetings, in both front and back. Onslow has paid its church debt. South Onslow has provided for the comfortable seating of their church. Members, 94.

ROBERT MARK.

BRYSON.—We have enjoyed a measure of prosperity on this Mission. The meetings at the seven appointments are mostly well attended. The people are very kind. The Missionary money is thirty per cent. in advance of the previous year. Fifteen members were received on trial. Members, 86.

H. KRUPP.

MATTAWA.—There being no Church organization, and the members being scattered over a distance of eighty miles, the labours of the Missionary have been attended with a deal of difficulty. Instead

of reporting an increase, we have to report a decrease of two. The Mission is exceedingly poor, and scarcely any aid can be received from it. Members, 10.

OTTAWA WEST.—We are able to report growth in our congregation, Sunday-school, and finances, with a small increase of members. Our greatest difficulty is with the heavy debt which rests on the church, and which, we fear, must for some time continue to cripple this young cause. Members, 140. J. T. PITCHER.

BILLINGS' BRIDGE.—(No Report.) Members, 140.

BEARBROOK.—We are closing a term of three years on this station, and desire to record our heartfelt gratitude to God for manifold mercies. With several of our people, we have been called to pass through deep waters, but hitherto by Divine help we come. Our services have been well attended, and the word preached has been followed by the gracious influence of the Holy Spirit. Our church debt has been very much lessened, and our funds are improved. Members, 60. J. J. HAYLOCK.

PLANTAGENET.—We have much cause for gratitude to the Giver of all good for the prosperity, harmony, and happiness enjoyed during the year. This Mission, having only two regular appointments, at one of which we have service both morning and evening, and at the other in the afternoon of each Sabbath, with a small membership, whose means are, in most cases, very limited, cannot be expected to do much more in the future than they have done in the past. This year they have put up a shed at the church, and completed the sinking of a well at the parsonage. Class-meeting is regularly kept up; public worship is well attended, and the future of the Mission is quite hopeful. Members, 30. W. NORTON.

ARUNDEL.—At the commencement of the year two revival meetings were held—one in Arundel and the other in DeSalaberry. About 25 persons professed faith in Christ, 15 of whom have united with the Methodist Church, and have continued to meet regularly with us in class. We have had seven appointments, and have preached three times each Sabbath. A weekly prayer-meeting has

In DeSalaberry the people have contributed liberally of labour and lumber toward the building of a church. The foundation has been laid, and \$94 have been collected in Montreal and Lachine to assist them. They purpose erecting it as soon as spring's work closes. The Methodist Church is at present the main church on the Mission. We report 58 members.

NORTH WAKEFIELD.—We are glad to be able to report something of progress on this Mission during the past year. Congregations are large, and we have peace in all our borders. A few members have been received on trial, and a few have come to us from other Circuits; but owing to a number of removals, and the dropping of some, we have to report a small decrease. We have organized two promising Sabbath-schools; paid \$400 of church debt, and raised over 40 per cent. more Missionary money than was raised the previous year. Members, 71.

CHELSEA.—The work on this field has been favoured with the Master's blessing during the year. Special services were held, resulting in the conversion of many and the quickening of believers to a wider circle in Christian experience. One new appointment has been added to the field where Arminian doctrine was regarded a heresy, but now held by many to be the doctrine of the Bible. Prayer and class-meetings are well attended, in which is felt respectively the Divine power. Our Sabbath-schools, too, are increasing in attendance, and deepening in interest. AYLWIN.—This field of labour will, doubtless, for some time to come, continue to try the patience and physical strength of your Missionary, such is its scattered condition, both respecting appointments, families, and the state of the roads. On going there first we looked upon it as quite beyond the power of one man to work round in two weeks. But, notwithstanding, we have been enabled to work the whole somewhat successfully. Have gathered in and consolidated; have held special services; raised some long-standing church debts; started Sabbath-schools, &c. Your Missionary also spent between three and four weeks in the lumbering shanties of Gilmore & Co., Hamilton Bros., and others, in the neighbourhoods of Caston, Baskertory, La Pene, Tomaseen, Ingeneas, and Redan. Preached fifteen times. Gave many tracts, papers, Bibles, &c., away, which many of the men gladly received. The services were attended usually by a gracious Divine influence, and we believe good was done. The men, on different occasions, donated us a small subscription by

way of appreciation of our visit, which was very acceptable, as the finances of the station have been low for some time, owing to the depression in the lumber business. We report a small increase, and leave a large margin for our successor. Members, 90.

THREE RIVERS.—The cloud mentioned last year, which faith saw rising out of the sea of God's mercy, has this year descended upon us, reviving the Church, reclaiming the backslidden, and converting eighteen of our young people. About seventy attend our church; and, through the blessing of God, we are hoping to see them all saved during the coming year.

W. W. RYAN.

MELBOURNE.—Ordinary and special services have been without the results desired and desirable. Ten removals and four deaths have been suffered. We return 130 members. Money stringency has been felt more than ever; the members on public works have been on short time, a number obliged to leave, and the funds have suffered loss.

W. D. BROWN.

WINDSOR MILLS.—We have received several into connection with the Church during the year, but owing to removals we report a decrease of four. We have succeeded in reducing in a great measure the debt on the church, and all our finances are in a favourable condition. Members, 63.

W. T. SMITH.

MARBLETON.—The usurper has brought on his detachments, and done all he could to take several of our smaller forts. The sharp attacks have, as a natural consequence, injured the weak, while others have been strengthened and have learned more fully the force of those words, "Put on the whole armour of God." This part of the field, like every other part, needs standard bearers and detachments wholly consecrated to God, and to the work of snatching souls as brands from eternal burning. We hope yet that great victories will be won in the translation of captives from darkness to light. Members, 60.

GEORGE STENNING.

ROBINSON.—We are thankful to say that on this Mission we have a few who are faithful to God and loyal to the Methodist Church; yet, generally speaking, the spiritual state of the people is low. The finances are in advance of any preceding year. Our congregations, with one exception, are very good. Two new appointments have been taken up during the year, one of which is largely attended, and promises well for the future. Members, 57.

INVERNESS.—This Mission has done well, numerically and financially, during the past year. We have received fifteen members, one of whom is a young man of much intelligence and promise, from the Church of Rome. Owing to removals, our present membership stands as follows: Members, 108.

JOHN LAWRENCE.

BOURG LOUIS.—About sixty English-speaking families represent the Protestant phalanx in this borough, sixteen of which form the Methodist congregation. For years sowing rather than reaping has been the labourer's lot among them, yet a compensation has in some sort been awarded, inasmuch as not an individual of the Methodist portion has gone Romeward. Nevertheless, there are failures among us that impoverish; the fellowship of the class has fallen into disuse, followed in some instances by continuous absence from the Lord's table. A portion of the membership has co-operated with the pastor in fellowship and prayer; some have promised to do better, while those who keep aloof are held as entitled to pastoral visitation. A small Sabbath school has been carried on under the superintendence of Bro. Marchom, and a Bible-class has been conducted by myself. Members, 24.

S. E. MAUDSLEY.

METIS, RIVIERE DU LOUP AND RIMOUSKI.—This Mission is in as good a state as might be reasonably expected. The attendance on Divine worship is encouraging, considering the numbers from which we have to draw. The finances are equal to the ability of the mem-

bers. We need a larger grant from the Missionary Fund, and above all a richer baptism of the Holy Spirit upon us. Members, 24.

DIXVILLE.—Notwithstanding many discouragements, we are thankful to Almighty God to be able to report an improvement. One week-night appointment has been taken up. Our Missionary subscription is nearly three times the amount raised last year. Many of the people have been very kind to your Missionary. May the Lord reward them at His coming! Membership, 45.

MAGOG.—(No Report.) Members, 45.

EAST BOLTON.—In giving a report of this Mission, I would say our congregations are good and attentive to the Word. Class-meetings are not as well attended as I should wish. Our Sabbath-schools are prosperous. The Connexional Funds are in advance of the past year. Spiritual improvement is devoutly hoped for. Members, 92.

HIRAM FOWLER.

MANSONVILLE.—The prospects on this Mission are, on the whole, encouraging. The community are in general favourably disposed towards Methodism, and we have some bright examples of devotion and liberality among our members. The prevalence of epidemic disease has, at times, diminished our congregations. We have not, however, been without tokens of spiritual blessing, and trust that many more faithful witnesses will be raised up here. Members, 99.

W. K. SHORTT.

WEST SHEFFORD.—In closing our three years' term on this Mission we would express our thankfulness to God for his favour and blessings. The people are kind and warm-hearted, and most of them are, without doubt, loyal to our Church, but, owing to their state of finances, will still require aid from the Mission Fund. We

have endeavoured by every means of grace to keep open the door, although a few

S. CROOKSHANKS.

LAWRENCEVILLE.—Our Sabbath-school work is increasing in interest. There are four schools on the Mission, all of which are kept open through the whole year. At Lawrenceville school the Catechism has been introduced, and is being studied with considerable zeal—perhaps in view of the special prize connected with it. The finances are ahead of last year. Altogether, matters appear to us more encouraging than they were a year ago. Members, 94.

HENRY MEYERS.

COWANSVILLE.—On this Mission we have received into the Church, on trial, twenty-five members, and five from other circuits. We have lost by removals, five; and by death, two. We now return 115 full members. Financially, we have raised, for all purposes, during the year, \$766.62. The Mission is yet new, but if assisted for a few years from the Missionary Fund, bids fair to become an important Circuit.

S. G. PHILLIPS.

WEST BROME.—The Lord has mercifully shown us his favour during the year, and enabled us to rejoice in the influence which we, as a Church, have been able to exert in the interest of the Redeemer's kingdom. By the blessing of God upon our labours, a few souls have been added unto the Lord, and some have united with the Methodist Church. Our Sabbath-schools have been sustained during the year with more than usual interest. Financially we are considerably better than last year, and altogether the prospect is more hopeful. Members, 83.

A. M. DELONG.

WEST FARNHAM.—This Mission becomes feebler, financially and numerically, from year to year, in consequence of the English population moving off to other parts which offer more inducements to industry, and their place is taken by a community wholly French. Our town congregation is now a mere handful. From it, already so small, we have lost eleven members by removal, and two by death, and there are none coming in to supply their place. At some of the country appointments we are suffering in a similar manner, and should this continue much longer those places will be filled up by the French. An appointment in the centre of the township, once having a large membership, is now, for want of push in its leading men, reduced to a few old people, the youth of the place being gathered into other Churches, and there is at present no apparent hope of ever recovering our loss. There is, in fact, but one hopeful place on the Mission. A heavy debt has been resting on the parsonage since its erection, which is very depressing to the Mission. The year has been one of peace, and, we hope, of good to the Mission. Members, 57.

THOS. BELL.

SUTTON.—The past year on this Mission has been one of much spiritual awakening and religious interest. Many of the members of

the Church have been greatly blessed and quickened. Some thirty persons have been converted to God and have united with the Church, thirteen of whom are heads of families. Although the year, to your Missionary, has been one of great trial and sorrow, owing to bereavement, yet, spiritually, it has been one of the best of his life. To God be all the glory. Members, 95.

At a meeting of the Committee of Consultation and Finance, held on the 20th of April, 1880, it was ordered that if the General Secretary can find time to visit any part of the Mission field during the present summer, he be recommended to visit the North-West, in view of the probable rapid development of our work in that country.

For some time previous, various circumstances had indicated the desirableness of a personal inspection of the work in that region by an officer of the Society; and as the Chairman of the Saskatchewan District was about returning from Ontario with a Missionary for Fort McLeod, and several Teachers for other points in the district, it occurred to me that this would afford a good opportunity of carrying out the recommendation of the Committee. Accordingly arrangements were made for visiting first the Missions in the Saskatchewan District, and afterwards, as far as time would permit, those in the Province of Manitoba, and among the advancing settlements beyond her western frontier.

I left Toronto on the 21st of June, and proceeded by rail to Bismarck, on the Missouri river, having joined the mission party on the way. From Bismarck our course was by river steamer 1,200 miles to Fort Benton in Montana; from which point the journey was made by means of horses and waggons. Desiring to know by experience as well as observation how the brethren lived and travelled in these western wilds, I purposely avoided engaging any assistance for the journey, but endeavoured to do my share of camp-work in common with the rest of the party. By this means I obtained an inside view of certain aspects of Missionary toil that could not have been gained in any other way; and was enabled to enter more fully into sympathy with the labourers than would have been possible on mere reports from

others. I can now say that I know the ground, I know the workers, and I know something of the work.

The journey from Fort Benton to Fort McLeod—the first Mission visited—occupied seven travelling days. The heat while crossing the treeless plains of Montana was so intense, that even those long accustomed to camp-life were almost overcome; while to those who were passing through the experience for the first time, the suffering was great; and the discomfort was greatly aggravated by the fact that the water along the route was more or less impregnated with alkali. Several deep and rapid rivers had to be crossed, which involved severe labour and no small risk; but by God's blessing the journey was made without serious accident.

FORT McLEOD.

Fort McLeod is the most southerly Mission in the Saskatchewan District, as well as the most recently established. It is situated at the confluence of Willow Creek and Old Man's river, about fifty miles north of the international boundary line, and is one of the principal stations of the mounted police. A number of temporary buildings have sprung up around the police barracks, and the place has become a kind of centre for a few whites and half-breeds, and a considerable number of Indians, chiefly of tribes belonging to the Blackfoot nation. The zeal of the missionaries who first made their way to this point is worthy of all commendation; but the wisdom of occupying it as a permanent mission station is not so apparent. Almost as soon as the police occupied the site of McLeod, the Chairman wisely made provision for visiting them at intervals, and holding service; but in consenting to the appointment of a resident Missionary he seems to have yielded to the persistent representations of others rather than to the dictates of his own judgment. From what has come under my own observation, I am convinced that it is unwise to establish mission headquarters at any of these police stations. The officers, with rare exceptions, are opposed to our work, and the men are hindered from attending the services, while not unfrequently the Missionary is treated with a marked disrespect, which seriously impairs his influence and retards his work. Besides this, the task of evangelizing the Indians in the vicinity of these posts is attempted at an immense disadvantage, from causes which I need not specify here. Although many Indians are constantly coming and going at McLeod, they are, for the most part, of a class very difficult to reach, and the nearest Indian Reserve is sixteen miles away. I am informed, moreover, that it is the intention of the

the workers, police authorities to remove the station to the mountains early next spring, in which event the buildings at McLeod will soon be deserted, and the last remnant of a congregation disappear. I think it very desirable that the Missionary at McLeod should transfer the centre of his operations to one of the Indian Reserves at an early day.

MORLEY.

Five days additional travelling brought me to Morley, located on the north bank of Bow River, among the foothills of the Rocky Mountains. This mission was begun by the Rev. John McDougall, in 1873, and although intended chiefly for the benefit of the Mountain Stoneys, seemed, at the same time, to form a good base from which to reach the Crees and Blackfeet of the plains. The undertaking was fraught with great danger, as the tribes were then at war, and no white man had, up to that time, risked a permanent sojourn in the region, although it had been visited by both Rundle and Woolsey on their evangelistic tours; but the Providence of God shielded his servants, and though at times they were exposed to great peril, no evil was permitted to befall them. On this mission there is now a comfortable mission-house, a cottage for the teacher, a neat and commodious church, and a well-built school-house. The only cost to the Society for these buildings was a single grant of \$900. Had all the material and labour been paid for by the Society, they would have cost at least \$6,000, even at present rates, and a good deal more at the time the buildings were erected. On the Reserve connected with the mission there are some 600 Stoneys. Many of these are members of the Church, and all have been brought more or less under the influence of the Gospel. Some have begun to cultivate the soil, and more are preparing to follow their example, so that we may expect to find, at no distant day, a civilized and Christian community occupying the reserve. Altogether I consider Morley one of the most promising Indian Missions in the whole North-West Territory.

There are two matters in connection with this mission that should receive the careful attention of the Board. The first is our title to the Mission property. In a survey of the Reserve, which was made during Mr. McDougall's absence in Canada, the Mission premises were included in the survey. This makes it Indian property, and prevents us from having any other title than mere right of occupancy. In view of what has been expended by the Society, and the personal labour of the Missionary, in the erection of buildings, the fencing and cultivation of fields, &c., it seems to me we have a fair claim to a title

in fee simple, and that representations should be made to the Indian Department in order to secure such a title without delay.

The second point is connected with the establishment of an Indian Orphanage. As the facts bearing upon this question will be laid before the Board in a separate memorandum, I will here call attention to but one circumstance, viz., the necessity, in case the orphanage is established, of securing a section of land for a Supply and Industrial Farm; and should the Board favour the project, I would recommend that application be made to the Indian Department for a grant of land for the purpose named.

During my stay of Morley, several services were held. On Sabbath morning Bro. McDougall preached in Cree, to a crowded and attentive congregation. In the afternoon we crossed the river and conducted service in an Indian camp. First, some five or six marriages were solemnized, and upwards of a dozen children baptized, after which I addressed the people, Bro. McDougall translating into Cree, and James Dixon, a native local preacher, into Stoney. In the evening another service was held in the school-house, when several additional marriages were solemnized, and a number of children baptized, after which I preached a brief discourse, Bro. McDougall interpreting as before. On the following Wednesday a Council was held, which was largely attended. A number of leading Indians spoke, referring both to their temporal and spiritual concerns; and it would have cheered the friends of the Society could they have heard the heartfelt testimonies of these men to the power and blessedness of the religion of Christ Jesus. Bro. McDougall addressed them briefly, and I followed, giving such counsel as the circumstances of the people seemed to call for. I also visited the school, and marked the progress of the children, under the diligent instructions of the teacher, Mr. Sibbald.

WOODVILLE.

After a week's sojourn at Morley, I proceeded northward 200 miles to Edmonton, purposing to visit Woodville on the way. I was accompanied by the Chairman of the District, and made the journey in seven days, exclusive of the Sabbath. When we reached a point some 50 miles from Edmonton, and were about turning westward to Woodville, we met some of the Indians from that mission, who informed us that the people had all gone to Edmonton to receive their treaty payments, that not a single person remained at the mission, and that the trail leading thither was all but impassable, owing to

the continued and heavy rains. Under these circumstances it was considered advisable not to visit Woodville ; but arrangements were made for the Teacher, who had been engaged for that place, to go in as soon as the people returned, which would be in a few days. For some time past Woodville has not been occupied by a Missionary except during the few months that Brother Manning spent there ; and as the people are somewhat unsettled in regard to their Reserve, it does not seem advisable that a Missionary should be sent there at present. The newly-appointed Teacher will conduct religious services as well as teach the school, and in this way the spiritual needs of the people will be met till such time as a permanent Reserve is fixed upon.

EDMONTON.

We reached Edmonton on Thursday afternoon, August 12th, and were courteously entertained at the hospitable home of R. Hardisty, Esq., Chief Factor of the H. B. Company's posts in the Upper Saskatchewan District. This post occupies a beautiful and commanding site on the North Saskatchewan river, about 200 miles east of the mountains. Though not doing the enormous business it once did, it is still a place of importance, and is destined, I think, to be one of the great centres when the far North-West becomes peopled. The soil in the neighborhood is of excellent quality, and large crops can be raised. There is quite a little settlement along the river, and two mills are in course of erection within a mile of the Fort.

Although Edmonton has long appeared on the Minutes of Conference, it was, for many years, merely a kind of headquarters for the Missionaries, to which they resorted at intervals for letters and supplies, while traversing a vast extent of country. It was not till 1871 that buildings were erected, and the place became a mission in fact as well as name. This work was accomplished by the indefatigable labors of the late George McDougall, who succeeded in enlisting the co-operation of many residents of the place. In the Circuit book I saw a list of contributions that would do credit to many a wealthy neighborhood in Ontario. Only \$400 were given by the Missionary Society to clear off a final balance. The premises occupy a beautiful site on the north bank of the river, half a mile from the Fort, and consist of a neat church and Mission house, surrounded by an extensive garden.

The frequent change of Missionaries at Edmonton has operated disastrously. Between the leaving of one Missionary and the arrival

of another, weary months have sometimes elapsed; while the short stay of those who have been on the ground since Brother McDougall left it has prevented any sustained attempt to evangelize the numerous Indian bands who for at least a part of each year are to be found not far from the Fort. For years past our record in this last respect has not been creditable, and has done much to alienate the sympathies of both whites and half-breeds. Missionary subscriptions, which in 1873-4 amounted to over \$450, dwindled down to \$89 in 1878-9, while of late years no local contributions have been made for the support of the Missionary.

As to the future, I do not think Edmonton will be a permanent *Indian Mission*. Many Indians are within reach now; but as they settle on their Reserves this will no longer be the case, as those Reserves will not be in the neighbourhood of the Fort. It is likely, however, to be an important English centre in days to come; and even now would be a good point at which to locate an Educational Institution.

On Sabbath three services were held in the church. I preached, morning and evening, to congregations numbering over fifty persons. In the afternoon Brother McDougall preached in Cree to a good audience of Indians and half-breeds, all of whom seemed attentive to the Word.

During our stay at Edmonton I had repeated consultations with the Chairman concerning our work in that region, and it became clear that some modification was demanded. It had been our intention to send Brother Glass, one of the teachers, to Saddle Lake, to organize an Indian school and conduct Sabbath services; but we found that before our arrival the place had been occupied by an agent of the Church of England. At the same time there was a demand for more men in the direction of Manitoba, which the Church had not been able to supply; and we finally concluded that by leaving Brother Glass at Edmonton the present needs of the work there would be met, and a school established, which the people very much desired, while the Missionary in charge would be set free to go where help was more needed. Arrangements were accordingly made for Brother Whiteside to go down the river by the Company's steamer, with instructions as to his future movements, which will be referred to in another connection.

Our work at Edmonton was now done, and preparations were made for another stage of the journey. We were informed that the roads for some distance were in a very bad condition, and that some of the streams we would have to cross were very high and dangerous.

Moreover, our horses were beginning to show signs of fatigue, which made the necessity for some change in the programme the more apparent. After some consultation I decided to send my horses and waggon down to Fort Carlton by the Company's steamer, and to follow them a day or two later in an open boat. A large skiff was obtained, in which our other effects were placed; and bidding goodbye to our kind friends we pushed off, and began our long journey down the Saskatchewan.

WHITEFISH LAKE.

On the afternoon of Tuesday, August 17th, we reached Victoria, and received a cordial welcome from Brother McLachlen and his estimable wife. On the following afternoon, in company with Brothers McDougall and McLachlen, I set out for Whitefish Lake, about 60 miles to the north-east of Victoria. The season having been extremely wet, the roads were bad, and travelling somewhat unpleasant. Heavy showers fell at intervals, and in one place we had to drive for over half a mile with the water up to the bottom of the buckboard all the way, and sometimes over it. We reached our destination on Thursday afternoon, and received kindly greeting from our faithful Missionary, Brother Steinhauer.

Whitefish Lake is, next to Pigeon Lake, the oldest established Methodist Mission in the Saskatchewan, having been organized by Brother Steinhauer in 1857. Here he has laboured with exemplary fidelity for three-and-twenty years, and has succeeded in gathering around him a civilized and Christian community, known and respected through all the North-West. The settlement stretches from Whitefish Lake to Goodfish Lake, and all along may be seen comfortable cabins with fruitful fields and gardens, while near the Mission House I saw a herd of as fine cattle, belonging to the Indians, as one need wish to look upon. Whitefish Lake is especially interesting as a Mission begun and carried on entirely by a native Missionary, and is a sufficient answer to any doubts that may arise as to the power of the Gospel to civilize and elevate the native tribes. In spiritual results it has richly repaid the labour and money expended upon it.

On the day following our arrival a Council was held in the School House, which took very much the character of a love-feast. Complaints there were few or none, but everywhere expressions of thankfulness for the blessing which the Gospel had brought to them. At the close of the meeting I addressed them, Brother McDougall kindly acting as interpreter, giving such counsel and encouragement as the

circumstances seemed to call for, and exhorting them with one heart to cleave unto the Lord.

The Mission house at Whitefish Lake is comfortable, and there is a fruitful garden and fields around it; but the School House, which has also served as a church, is somewhat dilapidated, and needs to be renewed. A year or two ago the people made an effort and got up the walls of a new building designed for a church, but help is needed to finish it; and I would recommend that Brother Steinhauer be allowed, during his stay in Ontario, to receive special contributions for that purpose.

I left Whitefish Lake on Friday afternoon, in company with Brother Steinhauer, he having permission from the Committee to visit Ontario, and on Saturday evening we again reached

VICTORIA.

This Mission, like Edmonton, is a creation of the McDougalls. When George McDougall first visited the country in 1862, he found Mr. Woolsey at Smoking Lake, some 30 miles north of the river, where he had just erected a little cabin, and proposed to locate a Mission. Mr. McDougall was convinced that a spot on the banks of the river was a much better location, though strongly dissuaded by others on the ground that it was right in the war-path of the Blackfeet. Here he left his son John to aid Mr. Woolsey in erecting buildings, while he himself went down to Norway House, at the north end of Lake Winnipeg, for the rest of his family. Returning the following summer, he found a Mission House well on toward completion, and a good deal of material ready for a church.

From this period Victoria has continued on the list of Missions, and for a number of years flourished apace. At one time there were six classes—two of Indians and four of whites and half-breeds; but since then, owing to frequent changes, long vacancies, unsuitable appointments, and the migratory habits of the people, the cause has languished and almost died. I am glad to say, however, that under the faithful labours of Brother McLachlen and his devoted wife, there are signs of revival. They are getting a firm hold upon the people, who were greatly alarmed when a rumour somehow got abroad that their Missionary was likely to be removed.

The Mission premises, which consist of a Mission house and out-buildings, and a small church, occupy a beautiful site on the north bank of the Saskatchewan, overlooking the river. The buildings have of late years got a good deal out of repair, and fences have almost

entirely disappeared; but I have every confidence that under Brother McLachlen's administration things will soon assume a better appearance. In the garden surrounding the Mission House are the graves of the wife and two sisters of Brother John McDougall, who fell victims to the ravages of small-pox when last that pestilence swept through the country.

Victoria will be a good centre for Indian work for some time to come. Across the river, 12 miles away, is Egg Lake, a Reserve on which are already located some 20 families. About 12 miles up the river, on the north side, is Wah-sah-te-now, with about 12 families, while 40 miles down the river is Saddle Lake, at present occupied by an Episcopalian Missionary, where are a number of families of our people from Whitefish Lake; and these various settlements are *neuclei* around which many Indians will gather. Besides, Victoria itself has a considerable half-breed population who understand both English and Cree, and it is by no means improbable that a considerable white population may yet gather around the place.

Two services were held on Sunday. I preached in the morning to an attentive congregation, and Bro. McDougall conducted a Cree service in the afternoon.

On Monday we prepared to start on our long journey down the river. As Bro. McDougall could not accompany us any farther, and the rest of us were quite unacquainted with the country, I engaged an old H. B. Co.'s freighter and steersman to go with us to Winnipeg. The selection was fortunate, as he proved a faithful servant and helper. Our effects were again put on board the boat, and at half-past 2 p.m. we were ready to start. Bro. McDougall and Bro. and Sister McLachlen accompanied us to the bank of the river, where we commended each other "to God and to the word of His grace," and then pushing out from shore, resumed our solitary voyage.

As I have published elsewhere a detailed account of the entire journey, I need not refer here to the various incidents which occurred as we rowed or floated down the river; suffice it to say, that about noon on Saturday, the 28th of August, I reached

BATTLEFORD,

the Capital of the North-West Territory, where I decided to remain over the Sabbath. The tent was pitched accordingly, and all necessary arrangements made for the day of rest. As no attempt has yet been made by the Methodist Church to establish a cause here, I was the more desirous of examining into the real state of

affairs, that I might the better judge what course we should pursue in the future. In prosecuting my enquiries I received much kind assistance from C. G. Lawrie, Esq., the publisher of the *Saskatchewan Herald*.

Battleford is located on the south bank of Battle River, about two miles above its confluence with the Saskatchewan. The business part occupies the level bottom near the river, while on the hill farther back are the residences of the Governor, the Stipendiary Magistrate, and several government officials. The population is about 300, one-half of whom are Roman Catholics. There is no resident Protestant minister in Battleford at present, but a lay agent of the Church of England has charge of a school, and conducts service on the Sabbath. A most determined effort is being made by the Roman Catholics to obtain a controlling influence in the place, and with no small success. The Governor's Secretary, the Registrar, and several other prominent officials, are Roman Catholics; and only a short time before my arrival, two Protestant Farm Instructors were dismissed, and their places filled with Catholics. At the very time of my visit the R. C. Bishop and two priests were in the place in close and earnest consultation.

The use of the school-house having been obtained, I preached on Sunday evening to a most attentive congregation. During Monday forenoon I made a careful examination of the place with the view of securing, if possible, what would be a suitable site for a church in the future. I found, however, that although Battleford has been the capital of the Territory for several years past, *the town plot is not yet surveyed*; and that the most that could be done would be to buy out some squatter's claim. The Roman Catholics have put up a log shanty to serve as a chapel, and on the ground of occupancy lay claim to *thirty acres* in the town; and as their friends are in power there is little doubt but they will get it. There are no outlying settlements as yet, and as the soil in this region is somewhat inferior to that in other parts of the territory, it is not likely that settlement will be rapid; but if Battleford continues to be the seat of government, as is most probable, a town of considerable importance may soon spring up, and we should be prepared, on short notice, to send in a man and establish a cause.

On Monday afternoon I left Battleford, and early on the following Thursday morning reached Fort Carlton, and was courteously received and entertained by L. Clarke, Esq., Chief Factor of the H. B. Company's posts in the Lower Saskatchewan District. Here

PRINCE ALBERT.

This is a settlement of considerable extent, occupying the point of land between the North and South branches of the Saskatchewan River. For years the impression had been general among us that this was almost exclusively a Presbyterian settlement, where our services were neither needed nor desired; but information reached me at Edmonton which greatly modified that impression. I there learned that within two or three years past quite a number of Methodist families had moved into the settlement, who greatly desired the services of a Missionary. It was on this account that instructions were given to Bro. Whiteside, when leaving Edmonton, to proceed down the river as far as Prince Albert, visit among the people, and ascertain the real facts in the case; that if he found a legitimate opening for a Methodist Missionary, he should remain until I joined him, but if not he might proceed at once to Manitoba. On reaching Prince Albert I found the desire for a minister of our church even stronger than I supposed. Bro. Whiteside had visited among the people, found a number who had been members of our Church in Ontario, and ascertained that three appointments could be taken up at once, where there would be an aggregate of at least 100 hearers of Methodist proclivities. During Saturday I visited a number of families through the settlement, being kindly accompanied by a Mr. Deacon, who has two brothers in the ministry of our Church. On Saturday evening I met a number of gentlemen who had formed themselves into a committee for the purpose of erecting a place of worship at an early day, and found them enthusiastic in their desire for a Missionary. On Sabbath morning I preached in an empty store, the use of which had been secured for the purpose, and in the evening I preached, by invitation, in the Presbyterian Church to a crowded congregation. As the result of my enquiries among the people it was decided that, with the consent of the proper authorities, Bro. Whiteside should be permitted to remain at Prince Albert to organize a Mission and establish a cause.

Of the journey from Prince Albert to the crossing of the Assinaboine river, a distance of some 350 miles, it is unnecessary now to speak, as there are no settlements, as yet, between these two points, and therefore nothing that calls for the immediate attention of the Missionary Society. Soon after crossing the Assinaboine,

however, we came upon the advanced settlements about 200 miles west of Winnipeg, and from this time were seldom out of sight, for any great length of time, of some sign of human habitation. On Saturday, September 18th, we reached the village of

BIRTLE,

and after a short interview with some of the inhabitants, resolved to camp over the Sabbath. At this place a town plot has been laid out by parties connected with the Hamilton Colonization Company, and up and down the stream on which the village is situated, there is an almost continuous settlement for a distance of five and twenty miles. In the village itself there are perhaps 20 houses; but some 80 lots have been sold, all but three on condition of being built upon within a year. Last year a hired local preacher was sent to Shoal Lake, but it was afterwards decided to transfer the headquarters of the Mission to Birtle, as being a more important centre, and in June last an ordained Missionary was appointed to the field. When he reached Manitoba it was decided by the authorities that a supply was more urgently demanded at Grand Valley than at Birtle, and the Brother was sent there. During the past summer, services have been conducted at Birtle, with great acceptance, by Bro. Burritt, a local preacher resident in the neighborhood; but to reach all the places calling for service was simply impossible, and hence it was evident that a laborer should be sent into the field who could devote all his time to the work. As no ordained man, or even probationer, was available, a hired local preacher has been sent, who will be able to meet the needs of the Mission, so far as preaching is concerned; but I am decidedly of opinion that an ordained Missionary should be sent to Birtle at next Conference.

On the Saturday, accompanied by Mr. Wood, one of the chief men of the place, I made a careful inspection of the town plot, and selected two lots as a site for church and parsonage. Among the people who have settled here, are a number of Methodist families from Ontario, who are minded to provide a comfortable place of worship at an early day. On the Sabbath I conducted two services; and although an equinoctial storm was raging, had large congregations. During my brief stay I received much kind attention from Mr. Wood and his estimable family, and on Monday took my departure with pleasant memories of my visit to the place.

which is being rapidly settled. Here I received a cordial welcome from Bro. Lawson, our faithful and energetic Missionary, who, for the past five years, has been doing noble service among the advancing settlements of the North-West. His field is extensive, and the people are widely scattered, but they gladly receive the visits of the Missionary, and the prospects are that we shall have here a strong, self-sustaining circuit at no distant day.

From the Little Saskatchewan, two trails lead to Manitoba, known as the North and South trails. We first decided to go by the North trail, as that would lead us through Salisbury and Palestine Missions, both of which I desired to visit, while on the line of the South trail there are no Missions between Rapid City and Portage la Prairie. As our horses were becoming travel-worn, and the roads ahead were reported very bad, Bro. Lawson kindly offered to accompany us with a fresh pair as far as the Portage; but, on the first afternoon, one of his horses—which he had hired for the journey—gave out, and he had no alternative but to return home. This necessarily changed our plans, as no one in our party knew anything of the North trail. We accordingly took the southerly track, and on the morning after leaving Rapid City reached

BIG PLAIN,

a beautiful tract of country, over twenty miles across, and rapidly filling up with settlers, chiefly from the older Provinces. No effort has yet been made to reach the people, beyond occasional visits from Bro. Lawson; but it is important that a man be sent at the earliest possible date. The Chairman of the Portage la Prairie District has his eye on the ground, and will endeavor to provide for occasional visits in the meantime, until a Missionary can be sent.

Between Big Plain and Rat Creek we passed through some of the worst country we had yet seen. The roads were in a frightful condition, and much of the country seemed to be under water; but after passing Rat Creek there was a manifest improvement, which continued all the way to Portage la Prairie. Beautiful homesteads were now continually in sight, and on every side were evidences of thrift and prosperity. After dark on Saturday evening I reached

PORTAGE LA PRAIRIE,

and found pleasant quarters with Bro. Hewitt, the Chairman of the District. I can hardly express the delight I experienced at once more finding myself fairly within the bounds of civilization. To drive along roads with fences and fields on either side was inexpressibly delightful, and enabled me to sympathize more fully with

the brethren who occupy the more isolated positions in our Mission fields. Portage la Prairie is now a thriving village of considerable extent, and the Mission, under Bro. Hewitt's energetic administration, is making rapid strides towards independence. Moreover, as it has been decided to deflect the line of the Pacific Railway so as to touch the Portage, the commercial future of the place may be regarded as assured. On the Sabbath I had the pleasure of preaching in the little log church (which I hope will soon be replaced by a better building) to a full congregation; and on Monday evening took part in a meeting in the Town Hall, in favor of the Scott Act,—the chief speakers being the Rev. James Scott, of Owen Sound, and the Hon. J. W. Sifton, of Winnipeg.

It was now near the end of September, and as the Central Board of Missions was to meet by the middle of October, it was needful that I should hurry homeward. To visit any more of the Missions in Manitoba was a simple impossibility, and I must therefore content myself with a few general observations in regard to the work as a whole.

In the first place, I would say that the division of the District has proved most beneficial. In its old shape it was simply impossible for any one man to give the work efficient oversight; and if there is one place in our entire work where efficient oversight is more needed than in another, that place is the North-West. At

WINNIPEG

I found our work in a condition that proved the wisdom of the choice that sent Dr. Rice to that important field. The people are more than pleased with the appointment, which is saying a good deal of any one who follows a man as popular as Bro. German. Arrangements are being perfected for the erection of a new church, and I have every confidence that by the close of 1881 a building worthy of the denomination will be completed in Winnipeg. The one in contemplation will probably cost not less than \$30,000.

I was able to spend but a single day in Winnipeg; but in the forenoon the Chairmen of the three Districts met, and we spent a couple of hours in consultation about the state of the work, and the duties of the hour. These honored brethren fully understood the situation, and the interests of our Church in that great and growing country could not be in better hands.

On a careful review of all that I saw and heard during my three months' sojourn in the North-West, I am fully convinced—

heritage east of the Rocky Mountains, the value of which few of them understand as yet.

2. That our Church has, in common with others, a great work to do in the future, in providing for the spiritual needs of the millions who will yet find a home on the prairies of the West—a work that will tax our energies and resources to the utmost.

3. That as a Church, while perhaps we have not done all we might have done, we have nevertheless done our full share,—as compared with other denominations,—of Missionary work in that land. The statements sometimes made that other denominations are outstripping us, and taking the ground from under our feet, has no foundation in fact.

4. That we have, on the whole, as faithful, laborious and self-denying a band of Missionaries in the North-West as the Church ever produced, even in her heroic age.

5. That it will be necessary, in the near future, to reinforce the staff now in the field if the needs of the white and Indian population are to be met. So far as the white population is concerned, there is not as yet much ground for complaint. I am not aware of any settlement, two years old, that has not been supplied, to some extent, with gospel ordinances. There are three localities, however, for which something should be done as quickly as possible, namely—the Carrot River country, south-east of the Saskatchewan; the Souris River country, west from Pembina Mountains; and Big Plain, south-east of the Little Saskatchewan.

On the morning of September 30th I took the train at St. Boniface, opposite Winuipeg, at 8 o'clock, and was soon speeding in the direction of home. Dr. Young was with us as far as Emerson, where he is doing a good work for Christ and Methodism. I regretted my inability to remain even for a day, but other duties were now too pressing to allow it. The rest of the journey was quickly and pleasantly passed, and at daylight on the morning of the 3rd of October I reached home, thankful to Him who had guided and defended me through many thousands of miles of continuous and sometimes dangerous travel. In fifteen weeks I had completed the longest, most laborious, and yet interesting tour I had hitherto undertaken in the discharge of my official duties,—a tour that has given me enlarged experience of Missionary work, a more ample acquaintance with the field and its needs, and that has furnished me with many a fact, argument, and illustration, to be used hereafter in pleading the cause of Missions before our people.

The undersigned have examined the Books of the Methodist Missionary Society for the year ending the 30th day of June, 1880, and compared the receipts and vouchers therewith, and find the same correct; the Books are kept in a very clear and satisfactory manner. We have also examined the Cash Book and Vouchers of the Relief and Extension Fund, and find them correct, and that by carrying to the Income Account of the General Missionary Society, the sum of \$67780 37, the debt of the Society is cancelled and the Books exactly balanced.
