TWO CENTS

GRAND FALLS WORK BEGINS AUGUST 10

CONTRACT GOES TO DOMINION CONSTRUCTION

Premier Baxter Announces Formal Start in Fortnight TO BE BIG EVENT

Special Train From Saint John to Be Run to the Scene

THE formal opening of the extensive development work at Grand Falls will be on Tuesday, August 10. This was announced definitely this morning by Hon. J. B. M. Baxter, Premier of New Brunswick. Also it is stated today that the Dominion Construction Company is believed to have been awarded the contract for the big operations, Confirmation of the latter report is expected later today.

NOTEABLE EVENT It will be marked by an extensive program in celebration of the occasion but the details of this were not available today. Whether there will be a blast set off to mark the official start or whether some other method will be determined on will be known a little later. At any rate there will be a large gathering from all parts of the province from outside places and it is intended to have a special train run from Saint John to convey people from here to participate in the big event. Naturally it is thought there will be invitations to the formal part of the proceedings but all this is yet to be made. It was said today to be likely that the program will occupy the greater part of the opening day.

The contractors, however, will be on the ground before that and will have some preliminary work to do. The development, which is being carried on by the Saint John River Power Company, provides for an ultimate 75,000 horse power of energy, of which a block has been reserved for the New Brunswick Electric Power Commission. It is estimated that the work will take about two years and that during that time there will be expended between \$15,000,000 and \$20,000,000 on power plant and distribution lines.

TO INSPECT SPUR LINE S. R. Weston, chief engineer of the New Brunswick Electric Power Commission, left this afternoon for Grand Falls. He will inspect the spur line built by the E. F. Powers Construction Co. for the commission from the C. P. R. main line at Grand Falls to the site of the proposed power house before it is taken over from the contractor.

Under the agreement entered into between the provincial government and the International Paper Co. for the development at Grand Falls this spur will be taken over by the Saint John River Power Co. when the work of re-forestation is undertaken.

MAINE ELOPERS ARE CAUGHT AND JAILED

14-Year-Old Pair Failed in Effort to Reach St. Stephen

MACHIAS, Maine, July 26.—Two foot-sore, hungry, bedraggled 14-year-old elopers for whom Northern Maine had searched since last Wednesday awaited arrival of their parents at the county jail today undismayed by the unromantic ending of their second elopement in two weeks. Starvation had ferreted them out. "We want to be married," David Coughlin and Nellie Piper, Ellsworth high school freshmen, protested as Sheriff John A. Cummings locked them up.

The boy and girl told a story of a twice unsuccessful attempt to storm the barriers of the international line. The young couple were attempting to reach St. Stephen, N. B. They made their first dash for freedom less than two weeks ago. They were pursued by David's older brother, James, who found them in an abandoned camp. The boy threatened his brother with a revolver but returned home.

Wednesday they decided to try it again. A note left by the girl declared they would commit suicide rather than return but this did not deter searchers. Ellisworth merchants said Coughlin answered his trip with \$75 in checks.

BORIS IN SWITZERLAND GENEVA, July 26.—King Boris, the young Bulgarian sovereign, whose actual whereabouts on his vacation in Switzerland has been kept secret, spent 10 days at Lugano, the Corriere della Sera states.

Cook Makes Effort To Stop Drift of British Miners Back To Work

W. E. Scully Thinks Taxation Conditions Not Due To Assessment System

W. E. SCULLY, one of the city's mercantile leaders, identified all his business life with civic and provincial legislative matters, was one of the framers of the present assessment system. Like former Mayor R. T. Hayes, also on the tax-framing commission—he thinks the method now employed "a sincere, conscientious effort to alleviate the taxation ills of the people, though all such laws are subject to change under emergency." In an illuminating chat with a Times-Star representative he uncovered a whole lot about the new levying scheme that is not generally known, or perhaps forgotten. Mr. Scully states the original commission included George Maxwell as representing labor bodies and later on, as the instrument took shape, the Board of Trade "sat in." Before the bill was ready for the legalizing process it had been vied and trimmed up to a point that seemed to satisfy everybody.

ONE of the features of the original draft, he said, was a definite schedule for the valuing and assessing of real estate. This schedule was for the direction of the Board of Assessors and was considered to be a fair-minded attempt at reaching equitable figures on land values, etc., which would at least absolve the assessors from the charge of guesswork or misconception. But this whole idea was scrapped; the commission threw it out, leaving the assessors with their old prerogative to proceed with valuations as they figured them. The board today is composed of E. M. Olive, chairman; T. T. Lantulum and James Collins. Building contractors are called into conference at times for technical advice.

MR. SCULLY feels much, if not all of the blame for the present unsatisfactory state of taxation affairs—that is, the increases—should be shouldered by the people themselves. They did not, he said, check the new system carefully in its formative stages or even as it went to a vote at Fredericton. They rendered an affirmative plebiscite on the Potts-Fisher mayoralty ballot in 1924 for the costly Vocational School—though less than a third of the electorate participated—and today they were apathetic on some of the burning questions of the hour. Mr. Scully touched inferentially upon the aldermanic system as, in his opinion, a more representative governing body for a city with Saint John's population, a committee of 13 citizens from all circles of activity giving time and talents in loyal service.

THERE is much, too, Mr. Scully thinks, in the detailed management of the city's affairs that could stand revision. Business firms have to change their internal systems and spending plans betimes, shuffle about employees and do all sorts of things to meet conditions. He sees no reason why the same should not apply to a city. If changes are deemed advisable, make them, he suggests, but just now he thinks the existing worrisome conditions are due to other causes than an allegedly bad system.

Meighen Will Speak in Sydney Tonight

HALIFAX, N. S., July 26.—Right Hon. Arthur Meighen, Prime Minister of Canada, left this morning for Sydney, traveling by private car attached to the regular Canadian National train. He will address a meeting in Sydney tonight and will speak in New Glasgow tomorrow. Premier Meighen addressed two meetings on the south shore Saturday, Liverpool in the afternoon and Bridgewater in the evening.

CHAMPIONSHIPS START TOMORROW

Every Club in Maritimes Represented at Halifax Golf Tournament

HALIFAX, N. S., July 26.—With the largest entry list on record, representative of every club in the three provinces, the Maritime Golf Championships will open on the links of the Halifax Golf and Country Club this afternoon. The first event on the program will be a luncheon to the visitors, immediately after which Lieut. Gov. J. C. Tory will drive off the first ball in the medal play. The championships will be played for the first time over an eighteen hole course. Perfect weather prevailed for the opening day. As an innovation a prize will be given for this afternoon's friendly medal play when teams captained by the president and vice-president of the Maritime Golf Association will play the best four ball foursome. Drawings for the qualifying rounds will be made at six o'clock tonight and play will commence tomorrow morning.

YOUNG GIRL DROWNED

MONTREAL, July 26.—Laura Varley, 13, while wading in the St. Lawrence River yesterday, stepped into a hole and was drowned.

5 INDICTMENTS SOUGHT IN WOOD ALCOHOL DEATHS

Two Arrests in Buffalo Poison Liquor Case

TOLL REACHES 30 "Soft Drink" Stands Closed After Tragedies on Both Sides of Border

TORONTO, July 26.—The Ontario Attorney General's Department, the Ontario provincial police and the Ontario licence board, today commenced a thorough investigation into the circumstances surrounding the deaths of 13 Ontario people in the last three days and the serious illness of several others from what is believed to be alcoholic poisoning. The object in view is to ascertain the source of the liquor which created such havoc both in Ontario and nearby points across the border where 17 are dead.

The death toll in Ontario includes two from Toronto, four from Oakville, four in Hamilton, and three in Allandale. Several more are in the hospital. They include Joseph Cuck of Hamilton, whose condition is grave today, and two 16 year old girls, Gladys Guerin and Nora Connolly, who are reported to be in much better condition today.

BUFFALO, N. Y., July 26.—Twenty "soft drink" stands were closed today as result of 30 deaths here, in Lockport, and in Canadian towns just across the border of persons who drank liquor that contained wood alcohol.

Two dealers have been arrested, one on a homicide charge and police sought James Volker, as the distributor of the liquor. Acting Chief of Police John S. Mamon said he would confer with District Attorney Guy B. Moore this morning and ask at least five indictments for murder.

INJURED SAILOR IS TREATED BY RADIO

Doctor on Celtic, 200 Miles Away, Prescribes Method for Freighter's Captain

HALIFAX, N. S., July 26.—Dr. W. Fitzpatrick, ship's physician on board the White Star liner Celtic, which arrived here yesterday, treated a patient for two days by radio while 100 miles off yugh sea separated the doctor from the sufferer. A sailor on the freighter Baluchistan, bound for St. John's, N.B., suffered injuries by falling down a hatchway and his captain asked the Celtic for medical advice. Captain Summers of the Celtic offered to meet the Baluchistan and take on the injured sailor but the freighter's captain believed the sea was too rough to make the transfer and asked for medical advice by radio. It was administered by radio, and the last heard from the Baluchistan was that the sailor was comfortable and would be placed in hospital at St. John's.

HAD CLOSE CALL IN LIGHTNING STORM

Mr. and Mrs. J. W. Cassidy of Brookville Recovering From Experience

Mr. and Mrs. J. W. Cassidy, Brookville, who were injured when lightning struck their home during the recent severe electric storm, are reported to be improving. Mr. Cassidy was stunned for a time and Mrs. Cassidy's hearing was affected as a result of the bolt entering the house. Both had a narrow escape from being burned to death. The bolt entered the house just over their bed and, running along the light wires went through the house ripping down the wiring as it went. In the kitchen some clothes were set on fire and these in turn set fire to the wood-work. Fortunately Mr. Cassidy was able to extinguish the flames before they had gained much headway.

CONGDON WILL RUN

Former Yukon Commissioner Announces He Will Oppose Black

Catholic World To Pray For Mexico

Zoccolo Cathedral, Mexico City, and, inset, President Calles.

IN ALL the Catholic churches yesterday, circular letters were read conveying the announcement that His Holiness, Pope Pius XI, had set aside the feast of Saint Peter in Chains, as a day of special prayer for the Church in Mexico. On July 31, Pope Calles' law in reference to religious education and the activities of non-Mexican clergy goes into effect. The Pope calls on members of the faithful to give all possible aid in correcting a situation termed "shocking, distressful and dreadful." The Zoccolo Cathedral, Mexico City, is one of the major centres of Catholic resentment.

MAKES LIGHT OF SALE OF BAHAMA ISLANDS

London Paper Comments on Visit of General Andrews to London

LONDON, July 26.—"What would Uncle Sam offer for that eligible group of islands?" asked the Illustrated Sunday Herald commenting good naturedly on the United States "almost feverish interest in the Bahama Islands," in connection with the mission to London of Brigadier General Lincoln G. Andrews, America's prohibition enforcement chief.

\$350,000 DAMAGE IN MISSISSIPPI CAVE-IN

Sink 1,000 Feet Long Carries Coal Plant and Molasses Tanks With it

MEMPHIS, Tenn., July 26.—Tons of earth near the Mississippi River bank here sank suddenly late yesterday, burying buildings and elevators of the Kentucky coal company and causing damage estimated at \$350,000. Trackage of the St. Louis, San Francisco Railroad for several blocks was torn and twisted and a large molasses tank, belonging to the Happy Feed Mills, fell into the chasm.

"Ma" Ferguson Trails in Nomination Race

DALLAS, Tex., July 26.—Attorney General Dan Moody today was leading Governor Miriam A. Ferguson by 109,000 votes and had a majority of 66 in the five covered primary race for the Democratic gubernatorial nomination.

Plasterers to Get \$13 A Day in Winnipeg

TORONTO, July 26.—Accepting an offer of \$13 a day and a guarantee of five months work, fifteen union plasterers left last night for Winnipeg. The men were engaged through the plasterers' union here.

FIRST TURN IN SITUATION SEEN OVER WEEK-END

Secretary Makes Tour of Warwickshire Areas

MANY RETURNING Owners Believe That a General Retreat of Miners Will Be On Soon

By HERBERT DAILEY British United Press Canadian Press LONDON, July 26.—The first signs of a turn in the coal mining crisis was seen during the week-end past. A. K. Cook, the turbulent secretary of the striking miners spent Saturday and Sunday touring the Warwickshire mines where the drift of the strikers back to work has reached important proportions. He declared that he and the other labor leaders would concentrate their efforts on that area throughout the week in the effort to stop the defections and to recall from the mine the men who have already returned. Cook told the miners who are still loyal that the police cannot interfere with peaceful picketing, and he denounced the men who had returned to work as blacklegs of the worst kind. The Daily Herald, the London Labor organ, says that many of the men who have weakened and gone back to the mines will come out again under pressure from their leader.

OWNERS OPTIMISTIC

The mine owners, on the other hand, have taken the change in the situation in Warwickshire as a portent, and they believe that the drift back to work as indicated there will rapidly become a general retreat.

ZINOVIEFF OUSTED BY SOVIET BOARD

Accused of Using Position in Effort to Undermine Executive

MOSCOW, Russia, July 26.—Gregory Zinovieff, close associate of Lenin, and who has had a prominent part of Communist activities in Russia since the inception of the movement, has been ousted from the political bureau of the Communist international, he sent out secret proclamations and other documents in code to various branches of the Communist party, in an effort to undermine the present central executive committee of the Communist party of which M. Stalin is the guiding spirit. It is charged that Zinovieff dispatched these documents under cover of the central committee of the Communist international.

Winnifredina Takes Cattle From Halifax

HALIFAX, N. S., July 26.—The Leyland Liner Winnifredina, Captain Harrocks, arrived last night from Philadelphia and Boston and will take 503 live cattle from here for Liverpool. The Winnifredina carries also a large tourist party for the old country. A number of cattle tenders were signed on here, the majority of them college students taking advantage of an economic trip to Europe.

CHANNEL TOO ROUGH

Attempts to Swim From France to England Are Postponed

LONDON, July 26.—The sea was too rough yesterday for any channel swimming, and Ishak Helmy, the Egyptian aspirant, did not start. Saturday's rough waves were too much for Mercedes Gleitze, London typist, who gave up the attempt after struggling 19 crooked miles out of Folkestone.

Omar Ferrault, of Montreal, and Mme. Jane Simon, the French swimmer, were scheduled to make their attempt this morning, but conditions may cause postponement.

The Weather

SYNOPSIS—An area of high pressure centred over Ontario extends from the northwest states to the Atlantic coast, while the barometer is relatively low over Alberta and the Gulf of St. Lawrence. The weather has been fine throughout Canada, decidedly warm in the western provinces and moderate temperatures elsewhere. FORECASTS: Fine; Moderate. MARITIME—Light to moderate winds, fine today and Tuesday with moderate temperature. NEW ENGLAND—Fair tonight and tomorrow; little change in temperature. Fresh northeast winds on the coast.

MONTREAL MAYOR PREDICTS LIBERAL SWEEP

YORK-SUNBURY CONSERVATIVES CHOOSE HANSON

His Was Only Name Placed Before Convention on Saturday  
MEIGHEN'S LEADERSHIP ENDORSED AT MEETING  
Nominee Addresses Crowd on Policies; Richards, Palmer Also Speak

FREDERICTON, July 25.—Richard B. Hanson, K.C., barrister, of Fredericton, who represented York-Sunbury in the last House of Commons, was again nominated by the Conservatives of the constituency on Saturday afternoon. The convention at which he was placed in nomination was held in York County Court House in this city and represented every section of the two counties. It was a large convention with many women present.

But one name was placed before the delegates and it was received with cheers, which were redoubled when the candidate appeared and accepted nomination. In a vigorous address he asked for support of the entire party and forecasted a majority larger than the record one given the party last October in this constituency.

REFERS TO CUSTOMS PROBE  
Mr. Hanson made the customs inquiry the chief basis of his attack on the King Government. He made reference to the campaign of slander and abuse which had been directed toward himself prior to the last election and the answer which had been given by the electorate.

Hon. Charles D. Richards, Minister of Lands and Mines in the New Brunswick Government; J. D. Palmer, of Fredericton, and E. C. Atkinson, M.L.A. for Sunbury, also addressed the convention. W. J. Scott, of Fredericton, president of the York-Sunbury Conservative executive, was chairman.

NOMINATION UNANIMOUS.  
Councillor Fred Seymour, of Douglas, then moved a resolution of appreciation of R. B. Hanson, K.C., to the effect that he be placed in nomination. Councillor Walter Harroves, of Lakeshore, Sunbury county, seconded the resolution which was adopted unanimously with cheers. No other name being placed before the convention, Chairman Scott declared R. B. Hanson, K.C., the nominee of the Conservative party in York-Sunbury.

PLEASANT WITH GATHERING.  
He was about to say that it would be almost impossible to repeat that majority, but it was possible with the assistance of the delegates. He felt a right to be proud of the gathering before him which represented every community in the two counties with the exception of Forest City, in the most remote western part of York. He could say that never in his life had he bought a man to attend a convention for him and before him there was no one who could say that he had been given anything directly or indirectly to come. It was a free and voluntary gathering.

Mr. Hanson proceeded to outline the events of the last election and led to the general election after the dissolution of the House by the Governor-General. He accused the Mackenzie King government of staying in office day to day, to barter with the Progressives after being defeated at the polls. Dissolution was the only thing. The speaker also dealt at length with the customs inquiry, the Duncan report, the cruise of the Margaret and other incidents. The speaker said the King govern-

Charges Denied By Rich Man's Wife

Mrs. C. A. Taylor Declares She Did Not Kiss Red Grange

LOS ANGELES, July 26.—Mrs. Charles A. Taylor, whose wealthy oil well supply dealer husband charged her with tacking Harold (Red) Grange in a kissing scene and otherwise being more than ordinarily familiar with the footballer, through her attorney, categorically denied all the charges in her spouse's divorce case.

Mrs. Taylor went considerably farther and promised "real fireworks" in answer to her husband's bill which her attorney is busily preparing. Taylor, although he charged that his wife used one of Grange's knees instead of an adjacent chair, rumped the hair, patted the cheeks and kissed the lips of the line-busting football player, made it plain that he did not blame "Red."

ment tried to raise a smoke screen of constitutional question to hide their sins from the people. In discussing the matter of dissolution, he said that no government was entitled to dissolution with an adverse vote pending. To grant dissolution under such circumstances would be an insult to the people of Canada.

The Liberal party in New Brunswick, he said, meeting in convention in Saint John, had issued the statement that they were not going to raise the constitutional question in New Brunswick. Mackenzie King gave the lie to that his first speech.

The Liberals made much of the budget which they claim reduced taxation \$23,000,000 a year. They omit stating, however, that except for penny postage every cent of taxation remitted was that which they themselves had imposed. Penny postage was held up as an achievement but the saving was for big business and not for the people. The reduction would be \$5,000,000, but business houses in Montreal and Toronto would get at least half of that.

The speaker continuing said that the great want of the country was stability of government. It would start the country on the way to progress. A second great need was clean administration of public affairs, and the Honorable Leader of the Conservative party had given his pledge. The third need was stability of fiscal policy—not a tariff wall as high as Haman's Gallows, not free trade—but such a tariff that manufacturing and agriculture would develop side by side. A tariff which would provide that the employer of cotton mills will have work.

He said he feared that if Mackenzie King should be returned with a solid French bloc from Quebec behind him, Canada would be near severance of the Imperial ties.

SAYS ONLY ONE QUEBEC SEAT NOW IN DOUBT

Boivin Called "The Great Persecuted of Last Session," by Speakers  
SUNDAY RALLY AT PARK LAFONTAINE  
King Denied Dissolution Because He was Good Canadian, Says Lacombe

MONTREAL, July 26.—A Liberal rally was held in Park Lafontaine here last night, and the gathering was addressed by Hon. George Boivin, former Minister of Customs; Hon. Mederic Martin, Mayor of Montreal; L. Lacombe, ex-M.P. for Laval-Two Mountains; E. C. St. Per, former member for Hochelaga.

Mr. Boivin dealt with the constitutional issue in the elections and with the customs probe. He was referred to by the other speakers as "the great persecuted one of the last session."

PREDICTS LIBERAL SWEEP.  
Hon. Mederic Martin declared that he brought tidings of victory from the Canadian West, British Columbia, and even from Ontario, all in favor of the Liberal party, for, he said, while it was true that the City Council had sent him forth to represent Montreal on the University of Montreal trip, he had felt it to be his duty to feel out the political pulse of the country in the course of his tour.

"I can tell you that the people of the other provinces are surprised at the attitude taken by the Governor-General of Canada," said Mr. Martin. "I was asked what of the election? I told them that there was no doubt as to the result. I have no doubt that we will go back to power with a greatly increased majority. The people are indignant at the attitude of the Governor-General. I told the people in the other provinces not to be led astray by appeals of race and religion, but, above all, to be good Canadians. We in Quebec will capture at least 64 of the 68 seats. The only seat I am in doubt about is Mount Royal."

Mr. Meighen got dissolution because he was an Imperialist, and Mr. King was refused dissolution because he was too much of a Canadian," said Mr. Lacombe.

Dies 44 Years After Brother Was Drowned

Canadian Press  
MONTREAL, July 26.—Percy W. Webb, former manager of the Montreal Locomotive Works, died here suddenly on Saturday afternoon at the age of 70 years.

By a turn of fate Mr. Webb's death took place 44 years to the day after his brother, Captain Matthew Webb, noted swimmer and the first man to swim the English Channel, lost his life in an attempt to perform a similar feat in the Niagara Rapids. This occurred on July 24, 1882.

The Evening Times-Star

The Evening Times-Star printed at 28-27 Canterbury street every evening (Sunday excepted) by The Times-Star Publishing Co., Ltd., 100 Main Street, Saint John, N. B.

SAINT JOHN, N. B., JULY 26, 1926.

**HEAVY AND UNEVEN.**  
The rate of taxation in Saint John has grown from \$1.02 in 1913 to \$3.38 in 1926, but in itself by no means tells the whole story for in that period we have not only more than doubled the rate but we have more than doubled the assessment values also.

In other words, since 1913 we have virtually multiplied taxation by four, and though the number of taxpayers has increased materially so far as the City Hall records go—there were 12,022 in 1914 and 17,948 in 1925—the increase is more apparent than real, for a few years ago the civic authorities began to tax women in large numbers, and in many cases husbands and wives began to be taxed separately, in a great many instances the women are great taxpayers, and in those cases where husband and wife are taxed separately the civic treasury probably gets little or no more than it did when the husband not only wore the trousers but paid all the taxes for the family.

**TERMS AND MODERN TENDENCIES.**  
If the various pronouncements by Bench and Bar in the New York courts mean that recognition is no longer accorded to a dual standard of morality—one for talking and the other for thinking and acting—such will be hailed with relief, approaching delight, by many who hate hypocrisy. Before, however, registering complete and unqualified agreement with those who embrace law and flout with justice, one would like a definition of a few of the modern terms used to express their conclusions.

**FLAMING YOUTH.**  
Grandma's gone and bobbed her hair. And there are constant rumors that she has also bought a pair of purple satin bloomers. New grandpa should freshen up. And pitch away his cane. Get rompers, socks and lilylops. And be a boy again.

**JOKE.** Something that's so much better when on the other fellow.

**IN AMERICA, law is for others;** in the summer time we go to Montreal and in the winter time we go to Cuba.

**IF PEOPLE** must have their tonsils removed, instead of having an operation, why don't they simply take a drink of ordinary boozing liquor?

**BOSS.** "Can't you find something to do?"  
**OFFICE BOY.** "Geel! Am I supposed to hunt the work and do it?"

**AN EFFORT** is to be made to make pie a breakfast dish. Well there are worse things than pie served for breakfast, rubber pancakes for instance.

Just Fun

**WE ARE** now informed on high authority that it was a banana, and not an apple, that tempted Eve. No wonder she slipped.

**MIKE.** Suppose you were in my shoes, what would you do?  
**MIKE.** I'd shine them.

**DO YOU BELIEVE IN SIGNS?**  
At a suburban station in Chicago: "Please count your change before leaving the window, as errors will not be corrected after you have done so."  
On Chicago West Side Boulevard: "Autos will slow down to a walk."  
Lake Zurich, Ill., pavilion: "Dancing 10 cents (10c) a Couple, Ladies Free."  
In New York negro beauty parlor: "We do permanent waving."  
On Long Island: "For Sale, Pekin-geese Pups. May be seen by appointment."  
At a church supper in Iowa: "Coffee, Cake Tea, or Tea Cakes and Coffee."  
On Monroe street, Chicago: "Fresh Apple Cider straight from the cows and chickens."  
On restaurant in Butler, Mo.: "Don't Divorce Your Wife Because She Can't Cook. Eat Here and Keep Her for a Pet."  
In Fowler, Ind.: "W. H. McNeely, Dealer in Coal, Cream, Eggs and All kinds of Fats."  
Electric sign in Chicago: "Cornell Glee Club, Orchestra Hall, Dec. 22, 23, 24, 25. Sings for Heads—Next Day."  
Chinese laundryman in Seattle: "Wa Shing."  
In window of Cleveland restaurant: "Stop Chicken. Dinner only 50 cents."  
In Erie, Penn.: "Otto B. Schott."  
In Waterloo, Ky.: "Mr. Fountain Wetmore Rainwater."

**GENERALLY** speaking the man who gets up with the lark hasn't been on one the night before.

**FLAMING YOUTH.**

The Voice of The Cuckoo

—From the Daily Express, London.

Queer Quirks of Nature

**FLAMINGO'S FLAME FADES IN CAPTIVITY.**  
By ARTHUR N. PACK  
THE flame-colored flamingo excels in oddity. He has legs like a heron's, feet like a duck's, a neck like a crane's and a bill with a broken back like a shoveler-duck. His voice is often described as a "rasping blast," or a "goose-like honk."  
The flame-colored flamingo of America is extinct except for a colony of 1200 on the Andros Island in the Bahamas, through the ages he has been persecuted.  
Flamingos' tongues stimulated the jaded appetites of the Romans at their banquets. Their brilliant plumage has been an easy mark for sportsmen and aroused the greed of commercial cattlemen to milder's chapsaws. The tender flesh tempts the natives.  
The color of the flamingo fades highest in a tropical setting. In captivity the glow of the wings and the brilliant pink of the body and neck fade white with only a flicker here and there of former fires.  
According to the rule in birdland, the male is the showy member of the family, the female contenting herself with pale pink and the young appearing in inconspicuous brown, when old enough to run around, though they are born white.  
Everything about the flamingo is odd. His bent back lades up the molasses worms and small fishes and seed which float in the watery mud of his habitat like noodles in soup.  
He turns his head upside down, spoons his mud porridge, sits through his bill, retaining whatever appeals to him, due to the fine transverse ridges in his upper and lower mandibles and the bony spines on his tongue, then raises his long slim neck and swallows the titbits with gusto.

POEMS I LOVE

**"I Must Have Been for One of Us,"**  
By Philip B. Marston.  
It is not often that a man is capable of expressing the usefulness—almost the selfishness—that is revealed in this magnificent sonnet. If a stout, well-to-do, middle-aged man would not have been quite so surprised, he mounts, as every sonnet should, to a splendid and dramatic climax.  
It must have been for one of us, my own, To drink this cup and eat this bitter bread. Had not my tears upon thy face been dry, Thy tears had dropped on mine; if I alone

DINNER STORIES

**"YOU** have heard what the last witness said," persisted counsel, "and yet your evidence is to the contrary. Am I to infer that you wish to throw doubt on her veracity?"  
The polite young man waved a deprecating hand.  
"Not at all," he replied. "I merely wish to make it clear what a liar I am if she's speaking the truth."  
"OF SABATH" breaking north of the Tweed there are many stories, and an American who has spent a bit of his time there tells us concerning a Scot and his wheelbarrow.  
MacTherson was hammering away at the bottom of his barrow when his wife came to the door.  
"Mon," she exclaimed, "you're making much chatter. What will the neighbours say?"  
"Never mind 'the neighbours,'" replied the busy one. "I mean get me a barrel of mended." "Oh, but MacTherson," she was vowing to work on Sabbath, she's expelled the wife. "Ye ought to use screws."

BUSINESS CALLS

**WASHINGTON, D. C.—**Commander Jacob H. Klein, Jr., former executive officer of both the giant Navy dirigibles, Shenandoah and Los Angeles, and one of the outstanding Navy experts in the construction of the lighter-than-air craft, has resigned from the Navy. While no specific reason has been given for his action, it is understood he is to enter the more lucrative field of commercial aviation.  
Commander Klein served as American supervisor in the construction of the ZR-8 in Germany and was one of the members of the crew which sailed the great ship on its historic three-day flight across the Atlantic.

THE MORAL BEING—

**SPRINGFIELD, Ill.—**The Lions, in convention here, heard, among other things, that every year 7,000 Americans die in bath tubs. The major part of the bath-tub casualties result from contact with electrical devices, although the number of fatal falls and even of drownings is considerable. The Lions, so far as is known, took no action in the matter.  
**FOR BETTER EYES.**  
NEW YORK—It is estimated that the scholastic progress and future usefulness of six million American children is dangerously retarded as a result of poor eyesight. The Eye Sight Council of America has been organized to co-ordinate systematic alleviation and cure of eye diseases among children. Guy A. Henry as General Director of the Council, is co-operating with federal, state and municipal authorities in a nation-wide effort to reduce the poor eyesight handicap of the rising generation.  
**AUNT SELINA** was trying to persuade little Bob to retire at sunset, but the argument that all the little children were to be bed at that time. "Yes," said little Bob, "but the old hen always goes with them."  
Use the Want Ad. way

Timely Views On World Topics

**SAYS U. S. CONFUSES LAW WITH MORALITY.**  
By JAMES ROWLAND ANGELL, President of Yale University in a recent speech.

**CONTEMPORARY** thought in the United States presents a distracting turmoil of discordant doctrine relating to every major interest of life. Among the movements which threaten to cut deep into the integrity of our American ideals and traditions are a complacent insularity, an inability to distinguish between the fields appropriate to legislation and those of morals which has led to attacks on the binding force of law because of unpopular legislation, a disturbance in the field of taste and morals, and an indifference to religion.  
Democracy is being vigorously assailed both at home and abroad. We have been disposed to look with supercilious contempt upon the advocates of anarchy, communism and thorough-going socialism, but in many parts of Europe they count their disciples by the million and the last decade has seen many feet of revolutionary opinions forming in our own country.  
It is no longer a mere theory, but an actual condition with which we are confronted—a condition which we have often dealt with very stupidly, matching fanatic enthusiasm with intolerance and brute force.  
While Americans have come to attach an almost religious sanctity to the principles of democracy, Italy appears to have turned her back upon it with gestures of unequivocal disrespect.  
Russia will have none of it, and, in certain countries born of the Versailles Treaty, it is displaying signs of fatal illness. In Great Britain, one of the most powerful and effective democracies ever created, we see the social order gravely menaced by the clash of class interest, and the outcome is not yet clear.  
Political and social revolution is nothing new in history, and doubtless it has a long life ahead. Its importance of this stage in the development of civilization lies not in the fact that it is occurring, but that it is so commonly directed to a change in the basic theory of government and the social structure.

When the Soviet, for example, attempts to suppress religion and proposes to permit only one social group a voice in government, frankly opposing other groups; when the Anarchist proposes to dissolve all government, the most fundamental questions of social justice are instantly involved—man's right to freedom of thought and speech and opportunity, the obligations of social justice and the like. Ostensibly political and economic, the principles concerned are, many of them, essentially moral and even religious. For the educated man to be indifferent to issues of this character would mark him woefully out of touch with his intellectual and moral heritage.

MONTREAL MAN CONQUERS UNSCALED PEAKS IN ATHABASCA

DR. J. W. HICKSON AND COMPANION FACE DANGERS

Have Many Narrow Escapes From Death During Exploration Trip

MOUNTS FRYATT AND LAPENSEE CLIMBED

Former Found Only a Few Feet Lower Than Mount Edith Cavell

Canadian Press. JASPER, Alta., July 26—Dr. J. W. A. Hickson, of Montreal, president of the Canadian Alpine Club, and F. Palmer, of New London, Conn., president of the American Alpine Club, have returned from an exploration trip into the virgin territory among the peaks in the upper section of the Athabasca Valley.

During their trip they accomplished the feat of climbing to the top of the hitherto unascended peak of Mount Fryatt, which they found to be only a few feet less than Mount Edith Cavell, and they further distinguished themselves by scaling Mount Lapensee, 10,200 feet, and an unnamed peak with an elevation of 10,000 feet.

Neither of the mountains had been scaled before.

During their venture the mountaineers experienced great hardships. They were caught in a terrific electrical storm and at one point were compelled to construct a raft in order to ford the whirlpool river. They had many narrow escapes from death.

One of the outstanding continental beauties is Irene Ambrus, Hungarian actress now playing in Berlin. Manufacturers have attempted to use her portrait on labels, but she has vigorously opposed the move. She wants to make her reputation on the stage—not on bottles, she says.

Her Beauty Not For Labels

One of the outstanding continental beauties is Irene Ambrus, Hungarian actress now playing in Berlin. Manufacturers have attempted to use her portrait on labels, but she has vigorously opposed the move. She wants to make her reputation on the stage—not on bottles, she says.

IRISH LEAD MINES TO BE RE-OPENED

Were Worked in Time of Queen Elizabeth—Country Rich in Minerals

DUBLIN, July 26—The lead mines of Ballyshickney, near Ennis, County Clare, worked in the time of Queen Elizabeth by Clan O'Loughlin, are to be reopened by a company just registered here. It is proposed to extend the operations to other mines in the area, a number of which are rich in silver. A notable one is at Kilbricken, which was worked until late in the last century, when the mine was abandoned. The mine in those days was operated by an English firm of experts whose activities are now world-wide.

OTHER MINERALS. The best lead mines are believed to extend in the direction of Galway Bay. The Alverne mine, which has been worked for more than 800 years, yields lead bearing 60 to 80 ounces of silver to the ton, is located in that vicinity. Near Alverne is a virgin lode of copper, carrying 100 ounces of silver and five ounces of gold to the ton of copper. The vein was discovered by an amateur prospector some years ago, and an assay was made by a London firm. During the war the British Government sent one of its geologists, who pronounced the indications of lead in Clare to be much better than found anywhere in the British Isles. In Alverne indications of phosphate have resulted in working this product. German experts have obtained samples and are testing them. A phosphate deposit which covers an extensive area was found under a bed of shale.

COMPTROLLERS ARE FOR SERIAL BONDS

Canadians Admitted at Annual Meeting of U. S. Association

KANSAS CITY, Mo., July 26—Through admission of Canadian accountants and comptrollers to the organization, the National Association of Municipal Comptrollers and Accounting Officers will become international in scope. Action extending the scope of the association was taken at the twenty-first annual convention of the body here. One hundred finance and accounting officials from cities of the United States attended the convention.

CLIMBS BUILDING

Verne Sutton, City Boy, Performs Stunt While Crowd Awaits Hudson Act

While Jerry Hudson, the American "human fly" was prevented on Saturday evening from climbing the C. P. R. building before a large crowd of citizens, Verne Sutton, son of Daniel Sutton, 30 St. James street, performed the trick on a building owned by the Miller estate at 317 Germain street, before about 100 people. The building, built before a large crowd of citizens, Verne Sutton, son of Daniel Sutton, 30 St. James street, performed the trick on a building owned by the Miller estate at 317 Germain street, before about 100 people. The building, built before a large crowd of citizens, Verne Sutton, son of Daniel Sutton, 30 St. James street, performed the trick on a building owned by the Miller estate at 317 Germain street, before about 100 people.

AWAY TO PETAWAWA

The Sixth Medium Battery, in command of Major A. A. Dodge, and the Fifteenth Heavy Battery, in charge of Major D. B. White, both sections of the Third New Brunswick Medium Brigade, C. A., left for Camp Petawawa on the Montreal train yesterday afternoon. They will remain at the camp until August 5. Lt.-Col. George A. Gamblin, C. O. of the Brigade, also left yesterday with his men.

PRINCE TO VISIT PARIS

PARIS, July 26—The Prince of Wales is to visit Paris in October for the purpose of officially opening the new hotel for Canadian students which is being erected as a part of the Sorbonne University.

'OIL - ELECTRICS' MAY END SMOKE

Development of New Rail Engines Forecast by Officials in Chicago

CHICAGO, July 26—Oil-electric engines are approaching maturity and within the next few years may be an important factor in eliminating smoke from railroad trains, Hale Holden, president of the Chicago, Burlington & Quincy Railroad, told the Chicago City Council's sub-committee on electrification which is holding hearings on the problem. The same view was expressed by L. C. Fritch, vice-president of the Rock Island Railroad, who represented his lines at the hearing. "Within the next few years we should have units of this power available," Mr. Holden said. "The Burlington is anxiously watching the perfection of this new type of motor power. Our railroad is in contact with one of the largest locomotive builders in the United States, which is looking for an oil engine to handle the heavier service. We have the promise of a large engine now in the experimental stage. At the present time the difficulty is the care of the gaseous exhaust from the engine. If successful, I think the oil-electric engine will cost much less than electrification."

SMOKE REDUCTION

"We could use these engines to handle the yard business immediately," Mr. Fritch said. Steam locomotives are very expensive in the switching service. They can be used only about 10 hours at a time but we might be able to get 24-hour service from oil-electric engines. Since it is estimated that about half the smoke from engines comes from the yards, this would eliminate about 80 per cent of the smoke from railroads within the city limits."

GANGLAND VICTIM

Frank Conlon, 24, Slain in Chicago Grill Room Fusillade

CHICAGO, July 26—Sawed off shot guns roared in the grill room of an outlying saloon late last night, and when the smoke had cleared away, Frank Conlon, 25, lay dead, the fourth seventh victim in Chicago's gangland warfare. The cause of the shooting, like all others, remains a mystery, and the slayers probably never will be caught, police claim, as gangland prefers to hold its own court and pass its own sentence of death upon violators of its code.

RESCUED IN RIVER

Miss Grace Walsh Has Escape From Drowning at Fair Vale

Miss Grace Walsh, 22 Queen Square, got out beyond her depth in the water at Fair Vale on Saturday and was rescued by men who had been working on the road nearby and who put out in a boat. They were directed to the spot by people on shore, who shouted instructions. Miss Walsh was rescued just as she was going down for the third time. She was brought ashore and resuscitation methods were successfully carried out by Professor James P. Browne and others. Miss Walsh had been spending a few days at the summer cottage of Mr. and Mrs. William Thompson at Fair Vale.

Noted Author Killed In Airplane Crash

WAWONA, Cal., July 26—Leroy Jeffers, of New York, noted author, lecturer and explorer, was killed here when an airplane in which he was a passenger crashed to the ground. Dr. Sterling Bunnell, of San Francisco, pilot of the machine, suffered a fractured hip.

Scope of Women's Clubs Is Defined

CHAUTAQUA, N. Y., July 26—Adult education has been developed so far that people literally can go to school all their lives, Mrs. Anna Gerlin Spencer of the American Social Hygiene Society declared in an address here on General Federation of Women's Clubs Day of "Women's Responsibility for America" week. The General Federation of Women's Clubs, she said, was a great "non-academic section of university extension work" which was playing a part in the advancement of women's education. One of the outstanding manifestations of this, she said, was the increase in opportunities now being offered to women.

DOG KILLED BY AUTO

A valuable police dog, owned by Fred K. Brennan, 719 Main street, was run down by a taxi on Saturday afternoon in Main street and was killed. The taxi bore license number 19,319 and was being driven by Murray Northrup. The dog had run out of the house without the knowledge of anybody. The driver states that he was going at a moderate rate of speed and did not see the animal.

HAD \$257 WITH HIM

The police on Saturday afternoon placed in custody a man who was found acting in a strange manner on Main street. On arrival at police headquarters the man was searched and the sum of \$257 was found in his possession. Dr. Dunlop made an examination and on his advice the unfortunate man was conveyed to the Provincial Hospital for treatment.

IN LONG WHISKERS RACE

He won't shave until the strike is won, James F. Walsh, right, told Mayor Walker, left, when with Harry Bark, center, he called at the City Hall. The two visitors are leaders of the striking subway men. "I believe you can have more money and still save the 5-cent fare," Mayor Jimmy said.

Joyce Hawley Better After Hospital Care

Canadian Press. CHICAGO, July 26—Joyce Hawley, principal in Earl Carroll's wine bath party in New York, is recovering at the County Hospital from the effects of an overdose of a sleeping potion, taken at her hotel.

BOYS IN TROUBLE

About 6 o'clock last evening a rowboat with three youths was seen by James Miller, local pilot, tied to a buoy near Partridge Island. The New York yacht Carol, was signalled, and a motor launch went to the rescue and brought the boys to safety. Later the pilots' launch picked up two boys in an old boat in the channel near the island and towed them to Reed's Point. The boating parties had drifted down the harbor and were unable to row back against the strong current and wind.

WHARF DAMAGED

The Governor Dingley tore away a couple of timbers from the southern corner of her wharf as she was pulling out on Saturday night. No other damage resulted.

### MEN OF WARSHIP AT SERVICE IN TRINITY CHURCH

March Through Streets of  
City on Sunday Morn-  
ing

### R. K. Y. C. SERVICE AT CRYSTAL BEACH

Some Special Features in the  
Churches of Saint John  
Yesterday

The parade of officers and men of H.M.S. Capetown and the members of the local company of the R.C.N.V.R. to Trinity church yesterday morning was an impressive sight that was witnessed by large throngs of citizens many of whom followed the sailors and reserves for several city blocks. The drum-major marched before the 30-piece brass band of the warship which headed the parade in which were detachments from all branches of the service represented on the Capetown. The members of the R.C.N.V.R. company brought up the rear and there were between 260 and 300 in the total muster. The men from the warship were brought across the harbor in their own boats, motor launches and cutters and were joined by the Reservists at Reed's Point wharf. They marched along St. James, Charlotte, King and Germain streets and entered Trinity church by the west door.

### WELCOMED BY CURATE

In welcoming the naval men and reservists in the name of Trinity church, Rev. W. E. Fuller, curate of the church, said that it was both a privilege and an inspiration to have representatives of the navy worship there. The service which was conducted by Rev. Mr. Fuller, was shortened for the convenience of the naval men and was especially impressive because of the sailors' hearty singing of the familiar hymns.

### IN AID OF ORPHANAGE

The collection taken up will be contributed to the New Brunswick Protestant Orphanage Fund. The water in the vicinity of Crystal Beach was covered with sail yachts and motor boats. Many members of the R. K. Y. C. and the Saint John Power Boat Club who did not go on the cruise attended the service yesterday. The membership D. J. Purdy took about 800 people from the city to the service. Many automobile parties also made the trip bringing about that change. Today the selfless devotion of the men

### Women Seeking Franchise Equality

Mrs. Despard, a veteran suffragist, and sister of Lord French, leading in a recent parade in London to Hyde Park demanding equal treatment for women in voting power. Only women over thirty are allowed to vote in Great Britain.

### R. K. Y. C. SERVICE

The thirty-first annual cruise of the Royal Kennebec Yacht Club was brought to an official close by the yearly service, conducted by Rev. Dr. J. A. Morrison, pastor of St. Matthew's Presbyterian church, chaplain of the fleet, at Crystal Beach yesterday morning. Rev. Dr. Morrison was assisted by Rev. Mr. Paterson, chaplain of the Saint John Power Boat Club; Captain Atkinson, of England, a member of the Church Army; Rev. Nell McLaughlin, of Bathurst, until recently pastor of the Queen square church here; Usher Miller, secretary of the N. B. Protestant Orphanage, and William Pearce, superintendent of the Wiggins' Male Orphan Institution. Members of the Imperial orchestra, under the baton of their director, A. E. Jones, assisted in the music.

The subject of Dr. Morrison's sermon was "Lessons From the Show." His address was admirably suited to the occasion and his text was taken from Genesis 22 and 27. "That in blessing I will bless thee, and in multiplying I will multiply thy seed as the stars of the heaven, and as the sand which is upon the seashore; and thy seed shall possess the gate of his enemies." Dr. Morrison exhorted his hearers "to sail in the course of the Lord's approval."

### SILVER FALLS SERVICE

In the absence of Rev. Hugh Miller of Silver Falls United church, who is on vacation, the services in his circuit yesterday were conducted by Frank Merrill. Mr. Merrill was the preacher at the service in Silver Falls at 11 o'clock and at the afternoon service in Golden Grove. The services will be conducted by Rev. E. E. Styles next Sunday.

### AT GOLDEN GROVE

Rev. F. D. Carney, recently ordained priest, and now stationed at Silver Falls, was the celebrant at mass in the chapel at Golden Grove yesterday.

### CONGREGATIONS

Dr. Spidel was supplying in the absence of Rev. Dr. S. S. Poole who with his wife and daughter, Miss Minnie Poole, has gone to Boston for a six weeks visit. Miss Poole will take a special course of musical study while in Boston.

### CATHOLICS TO PRAY HERE FOR THOSE IN MEXICO

Announcement for Next Sunday in Letter From Bishop LeBlanc

In the Catholic church of the city yesterday a letter from His Lordship Bishop LeBlanc was read announcing the designation by the Pope of next Sunday as one special intercession for the Catholics in Mexico in the troubles now going on there. Before the high mass of that day the Litany of the Saints will be chanted and the people were asked also to receive Holy Communion on that morning in connection with this intention.

### ALTAR FUND

The amount of the collection for the altar fund on the previous Sunday in the Cathedral it was announced had been \$542.48, making the total received for this purpose to date, \$15,039.38. There are to be only five more monthly collections for the altar fund which will be declared closed at the end of December.

### GOING ON VACATION

Rev. H. A. Goodwin, pastor of the Portland United church, conducted the services in the church yesterday and during the coming month will spend the greater part of his vacation at his summer home at Epworth Park, probably devoting one week to the summer school in Seckville.

### AT GOLDEN GROVE

Rev. F. D. Carney, recently ordained priest, and now stationed at Silver Falls, was the celebrant at mass in the chapel at Golden Grove yesterday.

### CONGREGATIONS

Dr. Spidel was supplying in the absence of Rev. Dr. S. S. Poole who with his wife and daughter, Miss Minnie Poole, has gone to Boston for a six weeks visit. Miss Poole will take a special course of musical study while in Boston.

### Social Notes of Interest

A hearty welcome is being extended to the officers and men of the flagship H. M. S. Capetown, now in harbor, and a number of social events are being planned in their honor. His Worship Dr. W. W. White and Mrs. White are issuing invitations for a private dance on Wednesday evening for the pleasure of the officers of the warship. The courtesies of the local golf clubs and other clubs have been freely extended to the naval men and both on Saturday and Sunday the visitors gladly availed themselves of this kind hospitality. Several hostesses in the city are planning various entertainments for the coming day at which the officers of the Capetown are to be the honor guests.

Mrs. E. C. Elkin, who has been a patient in the Montreal General Hospital for some time, returned to the city yesterday and was accompanied by her son, Mr. Stanley Elkin. She is gradually improved in health and is now a patient at Miss Craig's private hospital in Pitt street, where she will remain at present.

### RETURNED HOME

Mrs. F. T. Belyas and son, Harry, have returned home after visiting Mr. and Mrs. Fenwick at their summer home at Quispamsis.

### RETURNED HOME

Cadet David MacLaren, who is training at the Royal Military College, Kingston, Ont., is spending his vacation with his parents, Dr. and Mrs. Murray MacLaren.

### RETURNED HOME

Mrs. A. J. Gregory, of Fredericton, is now occupying her summer cottage at Woodland's Point, where she has as guests her daughter, Mrs. Ian MacLaren, of Bellefleur, Que., and Mr. MacLaren.

### RETURNED HOME

Mrs. F. Gordon Sanction and her daughter, Helen, are spending two weeks at their summer home at Quispamsis. Mrs. Sanction joined her family for the week-end.

### RETURNED HOME

Lady Hazen entertained most enjoyably at a luncheon party at the Cliff Club on Friday in honor of her daughter, Mrs. Douglas Macaulay, who is visiting her parents at Macaulay Castle. Over 200 guests and 15 guests of the very attractive table decorations were the summer flowers.

### RETURNED HOME

Mrs. George Hooper, of Ottawa, is spending a few weeks in the city, the guest of her parents, Dr. and Mrs. Murray MacLaren.

### RETURNED HOME

Dr. and Mrs. M. A. Macaulay, of Halifax, and their daughters, Miss Ruth and Miss Ellen, with Mr. Douglas Macaulay, of Vancouver, were guests at the Royal Hotel for several days last week.

### RETURNED HOME

A delightful informal gathering took place at the summer camp of Mr. and Mrs. C. W. de Forest on Friday, when a very enthusiastic meeting was held. Worshipful Master Howe, of Grey Lodge, presided and welcomed the visitors in an inspirational address. Addresses were also given by the Saint John county members of the National Nurses' Association, which will be held there in August. The memorial which has been placed in the Hall of Fame at the Parliament Buildings to the memory of those nurses who gave their lives during the Great War will be unveiled during that week.

### Deaths

**Jeremiah Harrington**  
In the 89th year of his age Jeremiah Harrington passed away at his residence, 19 Douglas Avenue at 7:30 on Saturday evening. His death has greatly saddened a wide circle of friends. Mr. Harrington has been retired from active life for some time but was formerly very successfully engaged in blacksmithing and was highly regarded as a skilled craftsman and a man of most genial and friendly disposition, held in high esteem by all who knew him. Much sympathy has gone out to the bereaved. He is survived by five sons, three daughters and three grandsons. The sons are William F. and Robert D. of Boston, Michael, New Haven, Matthew of Westport, Colorado, and Leo of this city. The daughters are Mrs. Martin Dolan and Mrs. John McCann of this city and Mrs. T. L. Murphy of Boston. The brothers are Daniel and Michael of this city and Timothy of Chipman. Funeral arrangements announced this morning have been changed as Mr. Harrington's son, Matthew, has written from Colorado that he was leaving for Saint John to attend the funeral, the time of which now depends upon his arrival here.

### Arrested in Maine

James Connelly, 38 years old, a carpenter of Saint John, was before the municipal court at Bangor on Saturday charged with attacking a 12 year old girl. Connelly admitted his guilt, a police inspector testified. After hearing the story of the child and her parents, Judge Olenec said that he considered it a serious case and held Connelly under \$10,000 for the September term of the Superior Court. Connelly was locked up and had not obtained bail at a later hour.

### Given Nice Outing

The Garry Lodge has extended a cordial invitation to the Saint John members to make another fraternal visit on an early occasion.

### Given Nice Outing

Under the auspices of the Good Cheer Circle of the Knights of Pythias a treat was given the inmates of the Old Ladies' Home and the Home for Incurables Saturday afternoon when, through the kindness of the Log Cabin Club, they were taken in automobiles to Loch Lomond.

MIXED SENTIMENT FEATURES MARKETS TODAY

**PREPARATIONS WELL ADVANCED FOR BAR MEETING**

Some 300 Expected at Sessions in "Beatty" in September

**IMPORTANT TOPICS LISTED IN PROGRAM**

Schedule of Meetings, Speakers and Subjects is Announced Today

Preparations are well advanced for the eleventh annual meeting of the Canadian Bar Association, to be held in the Admiral Beatty Hotel here on Wednesday, Thursday and Friday, September 1, 2 and 3. This morning there was made available a program for this important meeting, as arranged to July 16. There may be some changes, but not many are expected.

**PROMINENT VISITORS.**

In addition to men eminent in the legal profession in Canada, there will be outstanding representatives of the bar in attendance from England, France and the United States. All the meetings will be held at the Beatty, and there will be a secretarial bureau opened there on Monday, August 30, at 2 p. m. for the registration of members. A gathering of some 300 is expected. For the ladies who will be in the party a Saint John ladies' committee is arranging a pleasing program of entertainment.

The honorary president of the association is Hon. E. L. Patterson, K. C., and the president is Sir James Alkins, K. C., LL.D., of Winnipeg. Hon. J. B. M. Baxter, K. C., D. C. L., is honorary vice-president for New Brunswick, and C. F. Sanford, K. C., of Saint John, is vice-president for this province.

**THE PROGRAM.**

The program as arranged at July 16 is as follows:

**WEDNESDAY, SEPTEMBER 1.**

10 a. m.—Opening session, Chairman Sir James Alkins, K. C., LL.D., president of the association.

Presentation of distinguished guests.

Address of welcome—His Honor W. F. Todd, Lieutenant-Governor of New Brunswick; His Worship Dr. White, Mayor of Saint John; Hon. J. E. Harris, Chief Justice of Nova Scotia; Hon. J. A. Matheson, Chief Justice of Prince Edward Island.

Response to welcome—H. S. White.

**GATINEAU POWER COMPANY**  
First Mortgage Gold Bonds, 5% Series due 1956

Gatineau Power Company, a subsidiary of International Paper Company, will own water powers in the Province of Quebec with an aggregate potential capacity in excess of 700,000 h.p. Present development program calls for completion by the fall of 1928 of four hydro-electric plants with an initial aggregate installed generating capacity of 397,500 h.p., of which 373,500 is on the Gatineau River. Two of the developments with over half the initial capacity lie within seven miles of the city of Ottawa.

Over 90% of the primary power to be generated by initial installations at these four plants has already been contracted for by the Hydro-Electric Power Commission of Ontario, Canadian International Paper Company and Canada Cement Company, Limited.

Upon completion of all four power plants and delivery of the ultimate amount of power contracted for by the Hydro-Electric Power Commission of Ontario, it is estimated that net earnings available for interest and reserves will be almost three times annual interest requirement of the entire amount of First Mortgage Bonds issuable against this initial construction program, and that the 30-year contract with the Ontario Hydro-Electric Power Commission will alone produce annual net earnings for interest and reserves over 1.8 times such interest charges.

Price: 94 and interest, yielding over 5.40%

**LITTLE TRADE IN MONTREAL AT OPENING**

Values Generally Varying From Firm to Slightly Downward

**PROFESSIONALS STILL DOMINATE WALL ST.**

Few Specialties Strong, But Steel, Oil and Motors Sell Readily

MONTREAL, July 26.—There was very little trading done on the local stock exchange during the first half hour this morning, with values displaying a firm to slightly downward trend. Smelters was the active leader and proved to be the weak spot of the opening. This issue came out at 21 1/4 for an over-night loss of 1 1/4 points. Later it recovered a fraction of its loss to sell at 21 1/2. Brazilian was moderately active and steady around 97 1/2. Other changes included Power, up a half at 22 1/2, and Alcohol off an eighth at 15 1/4.

**IN WALL STREET**

NEW YORK, July 26.—Stock prices failed to follow a clearly defined trend as trading was resumed today. Professionals preceding operations continuing to dominate the market, with scattered selling of the steel, oil and motor shares standing out in contrast to the strength of a few specialties.

By order of the Board,  
FREDERICK WILLIAMS-TAYLOR,  
General Manager.  
Montreal, 20th July, 1926.

**AFTER TWENTY NINE YEARS**

It is twenty-nine years since the first Oldsmobile was built. Twenty-nine years ago men looked askance at automobiles—called them fads and novelties—predicted their early failure. But Oldsmobile continued to build cars—continued to improve them—and, from the very beginning, Oldsmobile production volume has been steadily increasing, year by year.

Oldsmobile history commences with the earliest days of the automobile. Of the sturdy stock of the pioneer comes Oldsmobile—having faith in the future of the automobile and setting out to vindicate that faith. Oldsmobile has seen automobiles come and go. It has seen its early conferees, one by one, drop out of the running, unable to keep abreast of the stream of progress. But it was Oldsmobile that "set the pace".

**The Fruits of Wide Experience**

In developing and perfecting Oldsmobile, only tried and proven principles have been adhered to—many of the generally-accepted features of automobile construction today have been introduced.

But the experience of Oldsmobile is not all. To this wealth of knowledge has been added the combined brains, experience and resources of the General Motors international organization. The facilities of the General Motors Proving Grounds and the General Motors Research Laboratories have been placed at the disposal of Oldsmobile. Nothing in all the accumulated knowledge of General Motors has been withheld.

Of these combined resources a new and better Oldsmobile was born—a six-cylinder Oldsmobile—a car that fulfilled beyond all previous expectations, the public conception of all that a car should be and do.

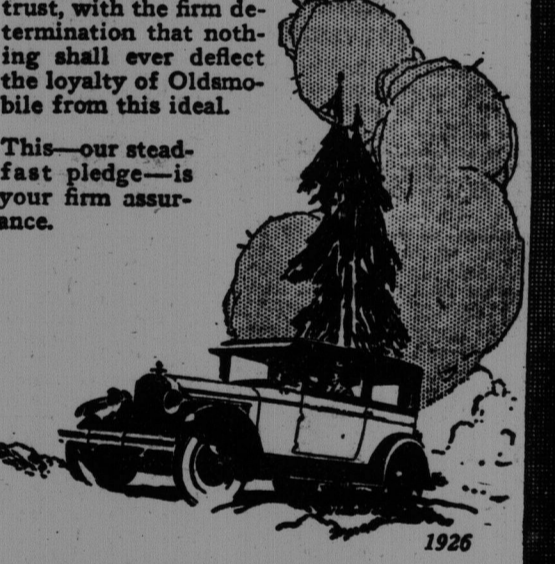

It was a car that one was pleased to drive and proud to own.

Yet the price was unbelievably low—as a result of the combined purchasing and production facilities of General Motors.

It is accepted as a trust, with the firm determination that nothing shall ever deflect the loyalty of Oldsmobile from this ideal.

This—our steadfast pledge—is your firm assurance.

FISTS FLY IN NATIONAL LEAGUE BALL GAMES

PLAYERS ARE WORKED UP TO FIGHTING PITCH

Closeness of Race Causes Rowdiness on Field—Many Players Banished

NEW YORK, July 26.—Players of the National League are at fighting pitch in one of the hottest races the circuit has known. Fists fly and there are protracted arguments with the umpires.

In yesterday's contest at the end of which the Pittsburgh Pirates had maintained a very slight advantage over Cincinnati with St. Louis close behind, four players and a coach were banished for brawls and argument.

The police were called in at Cincinnati and before the warfare was over outfielder Wilson, of the Braves, had been pushed from the bench to struggle with a squad of officers and had been taken to headquarters.

Duke Pinelli, third baseman of the Reds, and Arthur Devlin, old Giant third sacker, now coaching the Braves were the first to become entangled and a free for all threatened.

Then in the next inning Pinelli, Red catcher, and Welch, of Boston, had a brush. Dustin lost the decision to Pinelli, in the opinion of newspaper men.

At St. Louis blades argued a decision at second base and was joined by Haines and Killefer, with the result that all departed.

Boston downed Cincinnati 8 to 4, through heavy hitting, but the Cards won from the New York Giants 6 to 5, after 11 innings of a most exciting battle during which pop bottles filled the diamond.

Jess Petty, big left hander, had a "lucky day" with his team hitting behind him and set back the Pirates 3 to 1.

The Chicago Cubs won from Philadelphia 5 to 4. Ruth beat the Chicago White Sox with his 30th homer of the season, the blow scoring Gehrig in the sixth. The Yanks won 2 to 1.

AMERICAN LEAGUE

Cleveland remained in the second place, nine games behind by humbling St. Louis 7 to 4, with five runs coming in the fourth.

The Detroit Tigers belted four Washington pitchers to all corners to win by 14 to 4. Harry Heilmann, of Detroit, made four hits.

STR. KENTUCKY SAILS

ST. JOHN'S, Nfld., July 25.—The steamer Kentucky, which is in her home when she struck an iceberg last March, and which was brought to this port under the greatest difficulty by the steamer Silvia, sailed today for Havre, France, with her bow temporarily repaired.

Phone your Want Ads. Main 2417.

Games Tonight

TWO games will be played in the City League this evening, when the Water Department and Saint Johns meet on the East End grounds and the Trojans and St. Roses on the North End grounds.

CONDITIONS POOR IN D. C. R. A. SHOOT

Members of the Saint John Football Association turned out in force for their third D. C. R. A. league match at the local ranges on Saturday. The weather was bright but at the 800 and especially at the 400 range the wind was very tricky.

Rheumatic Pains Go Swollen Joints Vanish

Thousands of sufferers have freed themselves from the bondage of rheumatism; rid themselves of the torturing pain; reduced the swollen joints; thrown away canes and crutches, and from helpless beings became able to work and be of use to themselves and their families.

They took Rheuma, the modern enemy of rheumatism and gout. Don't be skeptical about Rheuma. You will know in a few days after beginning the treatment that the dangerous poisons are leaving your system through the natural channels.

Rheuma sets on the blood, stomach and liver, and must quickly bring long prayed for comfort to distressed sufferers or money back. Wessons two stores and druggists everywhere sell it with this guarantee.

Trojans Lose Two City League Games

Defeated by St. Roses and Watermen, Although Opponents Outbit

By losing two games on Saturday, each by a one-run margin, the Trojans were pushed farther into the cellar in the City League. The afternoon fixture took place on the North End diamond and the St. Rose's won, 8-7.

On the South End grounds the Royals and Crescents will meet in a South End League fixture. In the Soft Ball League the St. Judes and Vets will play on the West Side grounds.

WESTFIELD TENNIS PLAYERS DEFEATED

Grand Bay Takes Five Out of Eight Events in Tournament

Grand Bay tennis enthusiasts won five of the eight events in the Grand Bay-Westfield tennis held on the former's courts Saturday afternoon and evening. Darkness forced the postponement of two mixed doubles events until tomorrow night.

All the events were keenly contested Saturday. It was impossible to determine the winners until the final point was won. The following are Saturday's detailed scores:

FIVE SAVED BY PASSERS-BY AS HOME IS AFIRE

Edward Pyne and Four Children, Prince Edward St. Rescued

FOUND ASLEEP AND NEAR SUFFOCATION

Motorists Break in Doors on Seeing Smoke Issuing

It was lucky for Edward Pyne and his wife and four children that passing motorists, Wilfred Petrie and a companion named Anderson noticed smoke that was issuing from the door of the apartment entrance at the head of the hallway stairs, the Pyne family were being slowly suffocated in their sleep.

UNAWARE OF FIRE

Mrs. Pyne told a Times-Star reporter none of her household knew of the smoke or fire until they were awakened by the strangers. They were very thankful for their escape and could not speak too highly of the men so prompt in rendering aid.

ORIGIN A MYSTERY

Neither Mrs. Lynch nor the Pyne family offered any conjecture as to the origin of the blaze. Mrs. Lynch said that she had been sleeping at the apartment of an acquaintance for some time, and last night had dropped into her shop as late as 11 o'clock just to see that everything was all right.

DETECTIVE INVESTIGATES

Detective Saunders, who worked on the case from early morning is said to be considering a theory of incendiarism. He may ask the Fire Marshal to look into it.

OWNER ABSENT

The building affected by this morning's fire is owned by William Webber of Princess street, who, with his wife, is at present visiting in New York. The shop is badly charred inside, and the little parlor in the opposite section of the building, occupied by Mrs. Lynch, is badly smoked and somewhat burned.

Visiting Priest at Rothesay Services

Rev. C. A. McKenzie, C. M., of Germantown, Pa., who is spending his vacation with Mr. and Mrs. James B. McCreath, at their summer home at Fair Vale, conducted the services at the Catholic mission in Rothesay yesterday.

As Hiram Sees It

THE SETTLEMENT—I went up to the hall Saturday night and peeped in at the country folks an' the town folks hevin' a dance. Well, sir—they was over a dozen sets up in an old-fashioned dance an' it would have tickled Henry Ford to see 'em an' hear the music.

MAL CARRIER IN KENT COUNTY IS ARRESTED

Three Saint John Officials Work on Case of Missing Money

DAVID M. OLSEN IS SENT UP FOR TRIAL

Test Letter With \$2 Bill is Sent Out From Here

From Richibucto comes word that David M. Olsen, contractor for the carrying of mail between Harcourt and Richibucto, was arrested on July 22, on information laid by Postal Inspector John Emmerson of Saint John, and was taken before Magistrate Hugh M. Ferguson at Richibucto, charged with extracting money from postal letters.

TEST LETTER USED

It is understood the missing sums amounted in all to somewhere in the vicinity of \$300 but the specific case under which the charge was brought was with respect to a United States two dollar bill, mailed in Saint John as a test letter.

SAINT JOHN MEN ON CASE

Postal Inspectors John Emmerson, William F. Griffith and H. B. Peck of Saint John had been working on the case for some days, one man at Harcourt, one at Richibucto and the other at Mous River. When the time was ripe the inspectors, armed with a search warrant, searched Olsen's house and it is said, found the American bill sent in the test letter.

HAD PLEASANT TIME

Little River Community Club Picnic Held on Saturday—Winners in Sports

The Little River Community Club held its annual picnic on Saturday. Through the kindness of R. D. Patterson, of Rothesay, who gave the use of a truck, and F. Cogger the use of the boat, the picnic was a great success.

AUTO IS RELEASED

Bathurst Men Explain Matter of Arrival Here Without Proper Plates

On recommendation of George L. Ingram, provincial tax inspector, a large automobile taken to police headquarters yesterday by Detectives Saunders and Kilpatrick, was released today to C. and A. Burdick of Bathurst, who arrived in the car Sunday afternoon. It was found not to have proper number plates.

Followed By Dance

Interest is aroused over a rowing race to be held tomorrow night at Millidgeville when whaler crews from H. M. S. Capetown, the R. K. Y. C. and R. C. N. V. R. will meet. The race will start at 7.15 o'clock.

BITTEN BY DOG

John McCuskey, aged nine years, of 24 St. Patrick street, was bitten and badly injured on Sunday by a dog owned by Thomas Murphy, Prince Edward street. The injured boy was taken to the General Public Hospital for treatment.

"McAvity's" Means Much To You

In Retail Hardware alone the name "McAvity" has stood for generations for a place where you get exactly what you want when you want it in safe quality and low price.

The great McAvity manufacturing and buying resources see to that. A name that has grown in value to an extent demanding the most rigid standards of quality and service to protect its position in the public mind.

You are safe in buying from McAvity's for the further reason that in every department you are helped by a staff of lifetime knowledge of what merchandise will serve you best. Shop at McAvity's, where you get what you want when you want it at a price that pleases—and where quality is your safeguard.
