## Peace In Balkans, Threatened By Janina Murders, Assured ATTACK ON MARITIMES RESENTED

### GREEK SHIPS FIRE SALUTE TO ALLIES

Thus Discharge Apology Prescribed for Murder of Italian Envoys

HONORS TO DEAD

Greek Troops and Warship Attend as Bodies Embarked for Italy.

(Canadian Press Cable.) Athens, Sept. 19.—Greece today discharged the measures of apology prescribed by the Allies for the Janina murders and the incident which for a time threatened the peace of the Balkans is regarded as closed.

At 10 a.m. the Allied squadron, led by the Italian warship Conte Di Cavour steamed through the haze into the harbor, where the waiting Greek ships rendered a salute of 21 guns to each flag.

At the same hour memorial services were celebrated at the Roman Catholic cathedral in Athens in the presence of the Greek Cabinet and the Allied plenipotentiaries, while at Preveza the bodies of the murdered Italian bounders were embarked for Italy with military, naval and civil honors.

Bodies Taken Home.

Athens, Sept. 19.—The bodies of Gen. Tellini and the other Italian members of the Greco-Albanian frontier delimitation commission who were killed near Janina were embarked yesterday at Preveza, to be taken back to Italy for burial.

Two companies of Greek infantry and a Greek torpedo boat destroyer rendered military and naval honors to the dead.

PREMIERS DEBATE REPARATIONS

Baldwin and Poincare in Paris Today on Important Mission.

Paris, Sept. 19.—Premier Poincare and Prime Minister Stanley Baldwin of Great Britain conferred here today, presumably on the reparations question. Their conversation ended at 4 p.m., when Mr. Poincare went to the Quai d'Orsay and Mr. Baldwin proceeded to Rambouillet to be received by President Millerand.

An official communication issued after the meeting read: "A meeting of the Prime Ministers of France and Great Britain took place today, of which they took advantage to proceed to the exchange of views on the general political situation. "It was not to be expected that in the course of the meeting Premier Poincare and Baldwin were able to settle upon any definite solution."

FERRY DISABLED

Chatham-Bathurst Craft Breaks Main Shaft in Crash With Pier.

(Special to The Times.) Chatham, Sept. 19.—The steam ferry Sybella H., plying between here and Ferry road and forming the direct highway connection between Chatham and Bathurst, is laid off this week as a result of an accident to the main shaft on Monday night owing to strong winds and a heavy tide. The boat when entering her pier swerved to one side and the impact caused the injury. She now is docked at the Miramichi Foundry shipyard. It is expected that the ferry service will be disrupted for about a week and in the meantime a small boat is conveying foot passengers.

REVENUE DROPS

C. N. R. Earnings For Week Decrease \$177,532—Increase Since January.

Montreal, Sept. 19.—The gross earnings of the C. N. R. for the week ending Sept. 14, 1923, were \$4,989,749, being a decrease of \$177,532 as compared with the corresponding week of 1922. The gross earnings of the C. N. R. from January 1 to Sept. 14, 1923, have been \$169,210,470.90, being an increase of \$17,487,871.80, as compared with the corresponding period of 1922.

### Brush Fire Wipes Out Whole Village

Santa Rosa, Calif., Sept. 19.—The town of Trinity, a community of between 30 and 40 houses was wiped out and a strip of from two to five miles wide between the towns of Kenwood and El Verano laid waste by a forest and brush fire during the past two days, according to advices received here.

Fifteen highway bridges between Santa Rosa and Glen Ellen, near the Valley of the Moon, were destroyed.

Moscow, Sept. 19.—Hugo Stinnes, German industrialist, is in Moscow seeking to obtain agricultural concessions from the Soviet Government.

Rome, Sept. 19.—Pope Pius has ordered the work on his apartment hastened, as he wishes to resume evening audiences, which he suspended for the summer season.

Fredericton, Sept. 19.—The Department of Lands reports a forest fire near Curtis Settlement, Northumberland County. The equinoctial gales will occur late this week, and particular caution in regard to fires is to be adopted.

Amherst, N. S., Sept. 19.—Monsieur Kent, 10, son of the underground manager of the Joggins Mines, regained consciousness this morning, after having been unconscious over 50 hours. He was kicked by a horse on Sunday.

Toronto, Sept. 19.—Captain J. E. Thompson, the Government's choice for the Speakership of the next Legislature, said yesterday that he had received no indication from Premier Ferguson intended to refuse recognition as an opposition group to the U. F. O. members of the House.

Regina, Sept. 19.—Mrs. Joseph Kronk, aged 60, of East Otthon settlement, is dead, and Walter Walden of Painesville, North Dakota, is in the hospital at Moose Jaw with a broken back as the result of two accidents in which teams ran away while hitched to binders in the harvest fields.

### COSGRAVE IS RE-ELECTED PRESIDENT

Indications are That No Republicans Will Attend Daily Session.

NEW MINISTRY

No Change Expected Except Cosgrave's Giving Up Finance Post

(Canadian Press Cable.)

Dublin, Sept. 19.—Wm. T. Cosgrave was re-elected by the Dail today as President of the Executive Council of the Irish Free State.

Prof. Michael Hayes was re-elected Speaker of the Dail.

Parliament Meets.

Dublin, Sept. 19.—The new Dail meets for the first time today, indicating what is generally expected to be a prolonged session.

The swearing in of the recently elected representatives has been in progress during the past two days. The oath has been taken in private before the clerk of the House in accordance with an arrangement made at the last session to avoid the possibility of unpleasant incidents on the floor should any members refuse to subscribe to the pledge of allegiance to the head of the British Empire as stipulated by the treaty.

No protests have been raised and all has gone along smoothly, but no Republicans have attended any of the sessions for the ceremony. All of De Valera's followers are maintaining their determination never to swear fealty to the King. They are equally firm in declaring their intention of ignoring the Dail.

Quiet Session Expected.

With the Republicans thus eliminated, no one expected any dramatic occurrence at the opening session, the agenda for which was confined to the announcement of the names of the members returned and the election of the Speaker and the president of the executive council.

The consensus of opinion was that Michael Hayes and Wm. Cosgrave respectively the previous holders of these offices would be re-elected.

It was understood beforehand that when this formal business was disposed of the House would adjourn either until tomorrow or next week.

It was expected that Governor-General Healy of the Irish Free State would attend the opening session to deliver an official speech detailing the Government's programme. Belief was expressed in political quarters that the ministerial posts would be allotted to the men who held the same under the British Dail, except perhaps that President Cosgrave would relinquish the ministry of finance.

### BRITAIN BALKS

Reply to U. S. Proposals Regarding Ship Liquor Not Sympathetic.

Washington, Sept. 19.—The British reply to Secretary Hughes' proposal for a reciprocal agreement on ship liquor and liquor smuggling, was received at the State Department today and was described by officials as "in general not sympathetic to the proposals."

The British government plan, however, to present the question to the British Imperial Conference, which meets in London next month.

State department officials view the British communication as leaving open the possibility of negotiating a double-barreled treaty to curb rum running and also to facilitate legitimate liquor shipments in foreign bottoms.

There was no attempt, however, to disguise the fact that the British Government had indicated general disapproval of the plan and raised objections against it.

### St. Stephen Shocked By F. T. Bixby's Death

St. Stephen, Sept. 19.—This community was greatly shocked when it heard of the death of Frank T. Bixby, who died from heart failure while in his car near Pugwash, N. S. Mr. Bixby represented the St. Croix Soap Co. here, and was a well-known and popular traveler. He was about 35 years of age. He started on the road with the wholesale grocery firm of C. H. Clerk of this town. For the last 12 years he has been with the St. Croix Soap Co., making his home at New Glasgow.

He was a son of the late Jas. Bixby of St. Stephen. Besides his wife, he leaves two sisters, Mrs. Louis Abbot and Miss Annie, both of this town. The body will be brought here, and the funeral will take place from the residence of his sisters under the auspices of Masonic Lodge.

### Peanut Rolling as a St. John Sport

Here is Frank C. Whiting of Fairville paying the penalty of picking the wrong man to win the Dempsey-Firpo bout. He's seen on the table with a toothpick for the satisfaction of George Parker, also of Fairville, (picture inset). Parker picked Dempsey, Whiting chose Firpo. See page 10 for story of the bet and carrying out of terms.

### FREDERICTON C.W.V. ARE INCORPORATED

Authorized to Control Property Worth \$100,000—Appointments and Resignations.

(Special to The Times.) Fredericton, Sept. 19.—C. W. V. Osborne, Major J. S. Scott, Major James Pringle and Lieut. C. R. Hawkins all of Fredericton, are incorporated as Fredericton Great War Veterans Association, Ltd., with head office at Fredericton and no capital stock.

The incorporation is for the purpose of maintaining ties among veterans of the great war and of promoting mutual aid. It is authorized to hold and control real and personal property not to exceed \$100,000.

J. MacMillan Trueman, St. John, to be chairman and member of the Board of Public Utilities for New Brunswick, in place of J. D. P. Levin, resigned, appointment to take effect October 1, 1923.

Ottawa Has Lowest Street Lighting Rate

Ottawa, Sept. 19.—Not only is street lighting cheaper, per capita, in Ottawa than in any other city of Ontario but electric power costs the consumer less on an average here than in any other city in Ontario.

The rate in Ottawa is \$11.75 a horse power, while, according to the report of the Ontario Hydro Electric Power Commission, the highest in Ontario is at Sarnia, where the rate is \$31.20.

### Flood Leaves Fish Hanging on Trees

Seattle, Wn., Sept. 19.—Hal Gramm, a mining man of this city who has just returned from visiting gold properties at the foot of Salmon Glacier in British Columbia, 20 miles north of Hyder, Alaska, relates that he saw fish hanging on trees. The river had swollen and when it receded many salmon four to six feet long were left suspended from limbs, he avers.

### TWO TRUE BILLS ARE RETURNED

Judge Carleton Expresses Regret at Death of R. L. Simms.

(Special to The Times.) Woodstock, Sept. 19.—Carleton County Court opened yesterday, Judge Carleton presiding. C. J. Jones was sworn in as Clerk in place of the late R. L. Simms. In his address to the grand jury, Judge Carleton referred to the death of Mr. Simms and expressed the loss which the community and profession had suffered by his death.

Two True Bills.

Two indictments were submitted to the grand jury—the King vs. Ernest Miller charged with assault occasioning actual bodily harm, and the King vs. Joseph Fitzgerald charged with theft. In both cases true bills were found. The case against Miller was proceeded with yesterday afternoon. C. J. Jones appeared for the Crown and K. P. Hartley for the accused. There are several civil cases entered, all except one being non-jury.

### PRIVY COUNCIL ACTION CRITICIZED

"Feeble Development," Says Oliver, Regarding Western Grain Rates.

Victoria, B. C., Sept. 19.—Action of the Canadian Privy Council in referring a British Columbia appeal for lower rates on grain to the Pacific coast back to the board of railway commissioners has been criticized by the Federal Government does not support the existing rates on westward moving freight, Premier Oliver asserted yesterday.

"I consider the action of the Privy Council a most feeble development," the Premier stated. "It is evident that the Federal Government has been of the opinion that further consideration should be given to the equalization of rates on grain. The only possible inference is a speech in which the government is not supporting the present rate."

The Premier suggests that the railway board might secure valuable information on the whole western transportation question from the royal commission on grain which is sitting in the west now.

Ottawa, Sept. 19.—Hon. Frank Carvell, chief railway commissioner, said last night that the order-in-council referring back to the commission the mountain rates of freight rates on grain, had not yet come into his hands.

### FOSTER IS RELEASED

Radical Leader, Arrested Monday in Kansas City, Discharged by Court.

Kansas City, Sept. 19.—W. Z. Foster, radical leader, who was arrested here Monday night after he had made a speech in which he told of his trial in Michigan, on a charge of violating the Criminal Syndicalism Law was discharged yesterday. He had been charged with disturbing the peace.

Judge Leroy said that since none of the audience had complained of any disturbance of the peace, he could not convict any of the speakers.

### PROMINENT MEN TAKE UP CAUSE

Hon. J. B. M. Baxter and H. J. Logan Answer Montreal Gazette.

PERTINENT QUERIES

Dr. Baxter Asks Why West is Favored and Maritimes Ignored.

(Canadian Press.)

Halifax, N. S., Sept. 19.—The Halifax Herald, reprinting this morning the Montreal Gazette editorial dealing with "Maritime Rights" and intimating that people of the Maritimes are prone to nurse their grievances while not in a position to definitely define them, adds to the article comment obtained from prominent Maritime business men, refuting the inferences in the Gazette editorial.

Hon. J. B. M. Baxter, Federal member for St. John and former member of the Federal Cabinet, replies to the Gazette with the following questions:

"Why should our rates be higher in order that the territory affected by the Crow's Nest Pass agreement should have lower rates?"

"Why should there be free canals and dear railways?"

"Why should the colonization energies of the Dominion have been devoted to the West alone, and the Maritimes ignored?"

"Why should the Canadian National Railways not be national to the extent of using national instead of foreign ports?"

"Why should the compact for the national routing of freight by the Transcontinental be ignored, thus causing loss to the Maritime Provinces?"

"We are not whiners—we are not secessionists—but we believe that the sooner Canadians realize that Confederation was intended to stretch from Halifax to Vancouver, in a fascinating oration referred to by Nova Scotia coal in Ontario fireplaces; and stated they would give us a greater market than any we might lose in the New England states."

Hon. George E. Cartier stated in Halifax, in September, 1914: "Halifax, through the Intercolonial Railway, will be the recipient of trade which will benefit Portland, Boston and New York."

"When freight rates prohibiting the market promised us were put in force, these solemn promises were thrown to the winds."

In the meantime, high customs tariff shuts us out of the market enjoyed by us when these alluring pledges were made, while the Canadian high tariff prevents return cargoes on export trade, one of our greatest assets."

The Canal Question.

About \$200,000,000 have been spent on canals of Ontario and Quebec to promote their trade. Instead of rates on these canals being raised, there were abolished several years ago, giving to these provinces 1,200 miles of navigation as free as the ocean, while the Maritime Provinces are compelled to pay their share of the upkeep and interest charges on these great inland waterways.

It is unworthy of a newspaper, which is usually fair, to state the building of the I. C. R. discharged Confederation obligations. To build the road and then shut us out of the market of the millions referred to by Hon. Geo. Brown by high freight rates, and preventing inter-provincial trade, is equivalent to securing our

"His Master's Voice" Victrola "Theatre of the Home"

Console Victrola No. 210 \$135.00

Just a Pretty Little Home from the Musical Play "His Master's Voice" VICTOR RECORD No. 19106

"HIS MASTER'S VOICE" is the voice of an endless programme of living entertainment, known as "The theatre of the Home"—and how appropriate!

The imaginary curtain rises—a momentary hush—and then—it is the immortal voice of CARUSO singing "FOR YOU ALONE"—and true to the title of the song he is singing for YOU alone—You and YOURS comprise his audience.

An intermission—someone calls for modern melody—the "Great White Way" orchestra has entered your home—unsent—to play "CAROLINA MAMMY"—Your eyes have closed and you have difficulty in believing that these musicians are not indeed on a stage and that you have an orchestra seat in a REAL theatre.

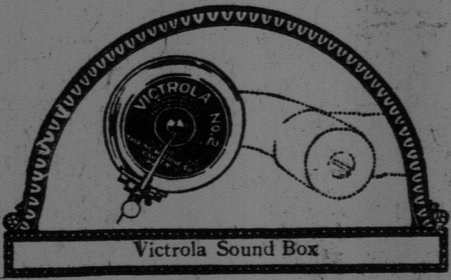

Such is the spell of "HIS MASTER'S VOICE" Victrola and ("HIS MASTER'S VOICE"—VICTOR RECORDS)—they alone—are capable of giving you this sense of COMPLETE FULFILLMENT and perfect reproduction.

And this very perfection of performance—this very superiority—has influenced many to refer to all instruments as Victrolas.—It is a compliment which we look upon with disfavor for it not only defeats your best interests but ours as well.

For your protection every genuine Victrola bears our famous trademark "HIS MASTER'S VOICE"—make sure it is on the instrument you buy.

Genuine "His Master's Voice" Victrolas from \$37.50 to \$615.00

ANOTHER LECTURE

The Montreal Gazette challenges the Maritime Provinces to say what their grievances are, and tells them plainly that since the question of intercolonial freight rates was not mentioned in the bond (the Act of Confederation) it cannot now be considered.

The Gazette also makes some comparisons between the growth of the Maritime Provinces and some of the New England States. Why not make the comparison between the Maritime Provinces and the other Provinces of Canada? That would be the fair thing to do, but the Gazette conveniently omits such a comparison.

In order to help us out of our difficulties the Gazette suggests Maritime Union. In this instance it cannot cite any United States example, since even little Rhode Island has not united with any other State, nor have Maine and New Hampshire seen in union the swift road to prosperity.

What happened after the Maritime Provinces went into the union? They lost their natural market. They lost a number of their industries. They lost their financial institutions, which became centred in Montreal and Toronto. They are today completely overshadowed by larger Provinces which do their best to prevent any competition from this direction.

What has happened to the ferry? Will the Gazette tell us? Sir George Cartier said further—"Don't be afraid of us—don't tell us to go back with all our offers of no avail. Let me assure you the promises we made were made in sincerity and good faith. In arguing union upon you we are doing that which will be for your happiness and prosperity."

Sir John Macdonald, Sir A. T. Galt, Hon. George Brown—all these painted rosy pictures to gain their ends. They got it—but how have the promises been fulfilled? At a later date Sir Wilfrid Laurier declared he would never be satisfied until all Canadian trade went through Canadian channels.

It is that which joined the Maritime Provinces to Quebec and Ontario, and gave the letter that they wanted without profiting in anything like the same degree the other party to the agreement.

They lost their financial institutions, which became centred in Montreal and Toronto. They are today completely overshadowed by larger Provinces which do their best to prevent any competition from this direction.

Grievances? Let us quote Sir George Cartier, in 1884, urging the people of Nova Scotia to come to the rescue of Quebec and Ontario, he said—"I have heard since I have been in Halifax the objection thrown out that you will be absorbed. It will be very busy for me to dispel such fears. I answer them by a question: Have you any objection to being absorbed by commerce? Halifax, through the Intercolonial Railway, will be the recipient of trade which benefits Portland, Boston and New York. If you are unwilling to do all in your power, to bring to a satisfactory consummation this great question you will force us to send all this trade, which you ought to have, through American channels."

Brides of September

Hanson-George.

A wedding of interest was solemnized in St. Peter's church at 6 o'clock this morning when Rev. George Coffin C. S. R., who was celebrant at nuptial mass, united in marriage Mrs. Julia Lillian George, daughter of Mrs. James George, and James Charles Hanson. The bride, who was given away by Edward Rourke, wore a becoming tailored suit of navy blue, with a grey fox fur and a grey hat, and carried a bridal bouquet of Ophelia roses. She was attended by her sister, Vera, who also wore tailored suit of navy blue, with strawberry colored hat and carried a bouquet of sweet peas. The groom was supported by William Murphy. Following the ceremony a dainty wedding breakfast was served at the home of the bride's mother, 389 Main street, after which Mrs. and Mrs. Hanson left on a honeymoon trip through the province. They will reside in Ready street, Fairville. They received the recipients of a large number of beautiful gifts.

Luck-Luck.

A very pretty wedding was solemnized in Portland Methodist church this morning at 7 o'clock when the pastor, Rev. Neil MacLachlan, united in marriage Miss Eliza Searle Luck, daughter of the late Thomas B. and Eleanor V. Luck, to Archibald E. Luck, son of Mrs. E. Luck of Chatham, Kent, England. The bride, who was given away by her brother, William B. Luck, was dressed in a traveling suit of navy blue pique with a sand colored hat and shoe and carried a bouquet of Ophelia roses. She was unattended. During the service special music was rendered by the church choir and a wedding march was played by Miss Beatrice Price. The church was artistically decorated with autumn leaves and golden rods and presented an attractive appearance. Slaves, a thoroughbred employed and also a portable reading lamp and a cut glass bowl from her fellow employees; a silver and cut glass butter cooler from the choir of Portland Methodist church of which the bride was a member, and a chest of silver from the firm of T. McAvilly & Sons, Ltd., where the groom is employed. The groom's present to the usher was a set of gold cuff links.

Purdy-Olive.

The home of Mr. and Mrs. R. W. Olive, Millisville, was the scene of a very pretty wedding on Monday morning at 10:30 o'clock when their daughter, Frances Evelyn, was united in marriage to George Hall Purdy, son of Mr. and Mrs. F. S. Purdy, of this city. Rev. George S. Purdy officiated. The bride was given away by her father, who was dressed in blue silk with silver lace trimmings and carried a bridal bouquet of Ophelia roses. Mrs. Purdy, who was dressed in blue, carried a bouquet of Ophelia roses. The groom was dressed in a tuxedo and carried a boutonniere of Ophelia roses. The ceremony was a dainty breakfast was served. Mr. and Mrs. Smith were the recipients of many beautiful and useful gifts. Immediately after the ceremony a honeymoon trip to Boston, on their return they will reside at 78 St. James street.

Goggan-Rogers.

With nuptial mass in the Cathedral of the Immaculate Conception, Rev. J. B. Ward united in marriage on Tuesday, Miss Myrtle Rogers, daughter of the late Mr. and Mrs. John Rogers of this city, with William Goggan, of Musquash. They were unattended. The bride was given away by Joseph O'Brien. Following the ceremony there was a wedding breakfast at the home of Mrs. Fred Lum, 519 City road. Mr. and Mrs. Goggan left the steamer Empress for Digby. They will visit Boston and Montreal, and upon their return will reside at Musquash.

Miller-Billings.

Fredericton, Sept. 19.—(Special).—Mrs. Myrtle Billings and Joseph Sydney Miller, both of Lower Cambridge, York county, were married yesterday at Christchurch Parish Church, Rev. A. F. Bate performing the ceremony. Mrs. W. R. Johnson of Denver, Col., was in attendance on the bride, and John Ludford of Millville supported the groom. They will make their home at Lower Caverhill.

Smith-Schriever.

At the home of William B. Smith, Smithtown, Kings County, on September 12, Miss Alice Marjorie Schriever, daughter of Lower Cambridge, York county, was united in marriage by Rev. A. K. Dunlop. They will reside at Smithtown.

Vall-Vall.

In Centenary Methodist church parsonage yesterday afternoon Rev. R. G. Fulton united in marriage Miss Antia Alma Vall and Leonard Leslie Vall, both of Belleisle Station. They left this morning for a honeymoon trip to Boston. They will make their home at Belleisle Station.

Corbin-Nutter.

In the United Baptist church in Fredericton Junction last evening Miss Edythe Grace Nutter, daughter of Mr. and Mrs. A. L. Nutter was united in marriage to Francis St. Clair Corbin, of Sydney by Rev. J. D. Wetmore. The bride was given in marriage by her father. After the service a buffet wedding supper was served at the home of the bride's grandparents, Mr. and Mrs. C. L. Clark, Mr. and Mrs. Corbin left on the Digby boat this morning and will spend their honeymoon in Digby.

Palmer-Downing.

At the German street Baptist parsonage last evening, Rev. Dr. S. S. Poole united in marriage Miss Kathryn Downing, of Sunny Brae, N. B., to Herbert G. Palmer of Dorchester, N. B. Mr. Palmer is a member of the firm of F. C. Palmer and Company, of Dorchester. During the war he served in France as a lieutenant. The bride was formerly a school teacher. They left this morning on the Governor Dingley for a wedding trip and on return will reside at Dorchester.

Richard-Brown.

Fredericton, Sept. 19.—Rev. G. C. Warren on Wednesday united in marriage at the Brunswick street Baptist parsonage Reginald Russell Richard of Barker's Point and Miss Fern Caroline Brown, daughter of Mr. and Mrs. Clarence Brown of Devon.

BONE SPECIALIST HELD ON MANSLAUGHTER CHARGE

Removed Patient From Plaster Shell, It Is Asserted, and Death Resulted

Auburn, N. Y., Sept. 19.—Dr. Charles Caganik, of Seneca Falls, a bone specialist who treats by manipulation of vertebrae, was arrested on a manslaughter charge after an autopsy conducted by several surgeons under direction of Coroner Paul Parker revealed that Peter Gierowski died after treatment by Caganik.

Gierowski fell from a tree two months ago and fractured four vertebrae. The fractures were reduced by surgeons. The injured back was placed in a plaster shell and the man improved. Two weeks ago he consulted Dr. Caganik, who, it is alleged, removed the cast and attempted to manipulate

When You Were at School

Remember how from time to time the teacher found pupils who could not see the blackboard well enough. How many others would not let their right feet slip!

By thousands of tests school officials now know that 62 per cent of backward children suffer eye handicaps. With the right glasses they score as well as the others. The Kiddies cannot see about this—it's up to the parents.

HEROES OF EVERYDAY.

(Ted Olson in Forbes Magazine (N.Y.) All home give to the stalwart soul In the brunt of a grim retreat, Who can lift his chin with an honest grin

As he swallows the dregs of defeat; Ringed round with foes from the hills behind To the far horizon's rim, Yet with unawed eye—who would deny The hero's palm to him?

Yet not alone in the battle's front Does the stout heart challenge the foe; There are trials far from the heat of war That the world may never know. Life often enough is an irksome thing, And the pluckiest chap of us all Is the one who can face with unshaken grace The worries the world deems small.

When glory is dim and romance afar And tomorrow's opaque and gray, Man's worst and best meets the crucial test In the furnace heat of today! So let us pause for a mood of praise To the work-world's rank and file—The men who met life's fame and fret With a level head and a smile!

Do the Same Thing. "This subject limps," he explained, "because one leg is shorter than the other." He addressed one of the students: "Now, Mr. Snead, what would you do in such a case?" Young Snead pondered earnestly and replied with conviction, "I fancy, sir, I should limp too."

**CHIVALROUS MAN GOT BROKEN LEG  
IN WOMEN'S RUSH FOR HIS SEAT**

**Eight Women Knocked Him  
Down and Trampled  
Over Him.**

New York, Sept. 18.—Ordinary man sometimes holds to the chivalrous urging, "always give up your seat to a lady." But Robert Pastra, 20, of Rutherford, N. J., is no ordinary man. He tried to give up his seat to eight women. He is expected to emerge from Bellevue Hospital in a few weeks. Pastra had sat through the first performance in Loew's State Theatre. In the rear patrons were standing four rows deep, waiting to pounce upon the first vacated seat. In the dimness of the theatre the crowd of stampees observed him rise half way down the aisle. As Pastra started up, the crowd started down. He had just turned into the aisle when an avalanche struck

him, felled him and ignored him. Later, he said the eight heaviest amazons in New York had mistaken his form for the carpeting. Their feet padded on his frame. One of the group gained the seat. The other seven started back

to the rear. Pastra lay in their path. By that time, he said later ruefully, he had been mashed so flat that he did not blame them for not observing the slight mound his form created on the carpet. When the gentler sex had removed its several tiny feet from his limbs, Pastra moaned for help. He was carried into the manager's office. On the way past the standees, Pastra heard one of them speak commiseratingly. He considered that a final insult. An ambulance doctor said his left leg had been fractured.

Henry V. Warren.  
Henry V. Warren, son of the late David Warren, died last evening after a lingering illness in the eighty-eighth year of his age at his home, 222 Britain street. He is survived by two daughters, Lydia and Pearl; three sons, Charles and Harry, at home, and Walter, of Boston; also one sister, Mrs. J. T. Vincent, of this city, and one brother, Charles Warren, Manawagonish road.

**Hard Times In  
Sweden Turn Many  
Toward U. S.**

Stockholm, Aug. 27.—(A. P. by mail).—The influence of hard times on Swedish emigration to the United States is illustrated by recent reports from Swedish iron and steel works, and from L. W. Fagerlund, Governor of the Aaland islands. The recent labor conflict caused a number of workers to leave their homes for America, attracted by the reports of industrial prosperity in that country. It appears that most of these emigrants were skilled workers. Governor Fagerlund says that 548 Aalanders left for America during the first six months of this year. He has made a study of the causes of this exodus and has arrived at some interesting deductions. One category, he states, consists of young men who wish to perfect themselves in the latest working methods of their trade or profession, intending ultimately to return to the home country. Another group includes masons and construction workers who hope for steady employment in America. Others go out in the hope of earning enough money to pay off the debt on their family homesteads. Some are younger sons of farming families who are tired of working at home for almost no pay. Unfortunately, the Governor states, very few return to their native soil, and of those who do come back many cannot adapt themselves to home conditions and finally turn again to America. This seems to be the case especially with the women, who find work on

**JEWISH FESTIVAL OF ATONEMENT**

**Yom Kippur Begins This Evening; Lasts Till Sunset Thursday.**

(Jewish Tract Commission)  
The Day of Atonement, or Yom Kippur, is regarded by all Jews as the holiest day in the calendar of the Synagogue. It will be observed from sunset Wednesday evening, September 19 to sunset on Thursday evening, September 20 in all synagogues of the world. On this day the most poignant and awe-inspiring litanies and prayers were recited. No other holidays of the Synagogue has been endowed with such significance and solemnity. In the Pentateuch the Day of Atonement is represented as a priestly ceremony where in the high-priest of the Temple performed the important function of expiation for the sanctuary, the priesthood and, incidentally, the people. To the common people this day had no particular importance, beyond that attached to the Sabbath, except-

dividual learns to approach God in true humility, imploring His pardon for sin, promising to amend his ways and make himself worthier as man and citizen.

The celebration of the Day of Atonement begins with a service known as Kol Nidre (all vows) which refers to vows concerning the individual and his conscience. The spirit of God is invoked at the beginning of the service to aid the penitent soul in improving its ways, since God's mercy alone cannot remove sin unless evil is uprooted from the heart and every wrong redressed in sincere repentance. The universal character of the holiday is strikingly shown in the afternoon service. The scriptural selection is the book of Jonah which tells of God's all-forgiving mercy toward all the children of men.

A feature of the day is its memorial service. This service reminds the worshipper that while death awaits each one of us such death is not the end of all existence and is therefore not to be feared. Immortal life has been implanted within us and all who contribute to the good of humanity and thus hasten the advent of the Kingdom of

ing the fact that they were to observe it as a fast day in order to obtain pardon for their sins.  
There was in ancient times a primitive rite practiced in connection with Yom Kippur. Two goats were selected one of which was sent to Azazel, the demon of the desert, to bear away the sins of the people, while the other was offered as a sacrifice to the Lord. This rite was abandoned before the common era.  
In its earlier setting Yom Kippur seems to have been a day of communion on the part of the high-priest with God. It was he who confessed his sins and those of the people and implored forgiveness. On this day it was believed that the high-priest actually beheld the Majesty of God, for it was on this day that he entered the Holy of Holies.  
Against this background of priestly ceremonialism with its archaic forms of expiation the rabbis of the Synagogue devised a Day of Atonement, that accorded with the message of the prophets. As a result of this new interpretation it was no longer possible for the high-priest to obtain forgiveness by sacrificial blood, incense or scapegoat. The only means by which the sinner obtained forgiveness was by repentance of his own accord and by his own resolution to return from the error of his ways and come again to God. As in the days of old the high-priest of the Temple confessed his sins with contrite heart, so now every son of the

**The McLagan Fletcher**

Reproducer showing the 6 sound openings leading to the Air Chamber. Reproducer partially cut away to show the Air Chamber.

**Why Mr. Fletcher Put in an Air Chamber**

IN designing and constructing the McLagan-Fletcher Reproducer, acclaimed by musical critics to be the long-sought-for perfect reproducer, Mr. Elmer Fletcher, an American inventive genius, originated something entirely new and radical.

Besides the six sound control openings, explained in another advertisement, the reproducer invented by Mr. Fletcher has an air chamber, which is one of the big reasons why the McLagan plays "difficult" records properly.

**This is how it works**

After the sound waves pass from the diaphragm through the six sound openings, they enter this air chamber.

In this air chamber, they have a chance to expand before passing into the tone arm. Each note is fully rounded out and given its proper tonal value.

**The Only One**

The McLagan is the only phonograph sold in Canada with Mr. Fletcher's wonderful reproducer.

Go to a dealer's and hear the McLagan Phonograph. Listen to it play "difficult" records in comparison with any other phonograph. Try all makes of disc records—Victor, Columbia, Edison, Pathé, etc. Let your own ear be the judge as to the McLagan's superiority.

**Wonderful Detail**

The marvellous range and volume of the voices of the artists have plenty of room to expand in the air chamber and be reproduced perfectly. There is no confusion of sound. Each individual voice is clearly distinguished.

And when all the artists combine in a thrilling and glorious climax—when the diaphragm of the reproducer is vibrating intensely under the rush of high notes—the air chamber provides room for the complete sweep of the flying sound waves—without that confusion and blare and blast so noticeable with the ordinary reproducers.

**Beautiful Cabinets**

McLagan Phonographs are works of art. The cabinet woods are selected from the finest of figured walnut, mahogany and quartered oak, and finished to perfection by McLagan's own expert cabinet makers.

Twenty beautiful Period Models—upright cabinets, library tables and consoles.

PROGRESS REPORT ON DISTRIBUTION

A progress report on the civic distribution system was laid before the City Council yesterday afternoon and after some discussion it was decided to ask that a report on the activities of the Commission, showing particularly how many services had been installed and the class of customers, be furnished the council every month.

The report was as follows:— In the section of the city south of Union street, all the poles will have been erected by the end of the week, with the exception of about twenty-five poles whose locations have not as yet been definitely decided.

In the section north of Union street a number of poles have been erected, and that section should be completed about the middle of October.

In West St. John, about 80 per cent. of the poles have been erected, but no wiring has been done, as yet.

On Aug. 15 the commission took over the street lighting in the ornamental section and will be ready to take over the other street lighting in the section south of Union street within two weeks of receipt of street lighting fixtures.

There has been some little delay through shortage of poles and some kinds of wire. Both wire and poles are now on hand and there should be no further delay on account of shortage of these articles.

The order for wire was passed by the Civic Commission on Aug. 18, but on account of the absence from the city of some of the members of the Common Council, was not authorized by the Council until Aug. 27. This delay was the reason for the holdup on account of shortage of wire.

Over 380 meters have been installed and a number of stores are being served through the Civic System. Some bills have already been sent out and returns are coming in satisfactorily.

REPORTS ON PLANS OF THE Y. W. C. A.

Optimism was the keynote of reports submitted at a meeting of the directors of the Y. W. C. A. yesterday afternoon. Mrs. J. A. McAvity, honorary president presided.

Miss Jennie A. Fleming, general secretary, said the outlook for the formation of a business girls club was bright and that the other clubs were adding new members.

Letters read included one from Miss Melkiojn, telling of the work of the Health Centre and asking support and co-operation for its activities.

Mrs. W. H. Lugsdin, who is now in Moncton, Mrs. Lugsdin told of her continued interest in the association and sent greetings for yesterday's meeting.

Miss Pauline E. Baird, in her report of the residence and cafeteria, said that 8,779 public meals had been served, an increase of 809 over last year's figure for August.

CITY BAPTIST PASTORS HOME AFTER HOLIDAYS

(Maritime Baptist.) The pastors of the United Baptist churches of St. John and Fairville have all returned from their vacations and are taking up the work with their churches with renewed vigor because of the holiday respite.

As already mentioned, Dr. Hutchinson of Main street has returned after his European trip, looking as though he had bathed anew in the fountain of perpetual youth.

Dr. Poole of Gormin street spent the latter part of his holiday in and around Yarmouth, going from there to Wolfville to attend the convention, and is again at his post.

Rev. C. R. Freeman enjoyed an auto trip through parts of Nova Scotia and also attended the convention.

Rev. W. A. Robbins spent the vacation camping along the St. John river, but returned to his church to preach on Sundays, scarcely a fair vacation. With Mrs. Robbins he was at the convention.

Rev. J. A. Sweetnam made some pilgrimages during August up the St. John river and as far as Lockport, N. S.

Rev. A. L. Tedford was absent from the city only about two weeks and has had his hand well upon the work of his church during the summer.

Mother knows by the Feel

PUT a knitted garment of any kind in front of mother and she can tell you the quality of it with her eyes shut. She has known Dods-Knit Underwear for fifty years.

Dods-Knit White Fleece, Ribbed or Plain, for ladies, she says, is the softest and fleeciest and most washable fleeces-lined underwear on the market.

When she wants something extra soft and warm for the "boys" working outdoors she gets Dods' double-knit fleeces—"Number 65," the dealers call it.

Dods-Knit 100% Pure Wool Underwear—Scotch Knit for men and boys, and Dods' Elastic Knit, the heavy weight, for outdoor men—she knows of old. If there's anything mother likes it's good wool.

Dods-Knit Natural Wool is a fine, smooth weave of light weight, very suitable for indoor workers. Men, youths and boys, whose skin is supersensitive to wool, will find Dods-Knit Random Fleece very comfortable and quite reliable, mother says. If it is washed properly, without rubbing, the fleeces will stay soft and fleecy as long as the garment lasts.

Ask your dealer for Dods-Knit Underwear by name in the quality you prefer. The "D.-K." trade-mark on every garment identifies it as genuine Dods-Knit. Look for it.

Women of Middle Age

THE critical stage of a woman's life usually comes between the years of 45 and 55, and is often beset with annoying symptoms such as nervousness, irritability, melancholia, heat flashes which produce headache and dizziness, and a sense of suffocation. Guard your health carefully, for if this period be passed over safely, many years of perfect health may be enjoyed.

Lydia E. Pinkham's Vegetable Compound is especially adapted to help women through this crisis. It exercises a restorative influence, tones and strengthens the system, and assists nature in the long weeks and months covering this period. It is prepared from medicinal roots and herbs, and contains no harmful drugs or narcotics. Its value is proven by many such letters as these: Vancouver, B. C.—'Before I took your wonderful medicine I was sick and ailing all the time. I happened to be speaking to a friend and she said, "Why don't you try Pinkham's?" I am on my fourth bottle and can truthfully say I never felt better. I had tried all kinds of medicines but none seemed to do me much good. I urgently plead with those who are sick to try it. I was always cranky and had headaches but now life is altogether different. What the Vegetable Compound has done for me it will do for others.'—Mrs. T. W. PLETO, 557 Richard St., Vancouver, B.C.

**Two Girls Paddle Down Mississippi**  
Iowa Students Frighten Rum Runners With College Yells on 2,000-Mile Trip.  
New Orleans, La., Sept. 19.—Two girls, students at the University of Iowa, have just finished frightening bootleggers for 2,000 miles down the Mississippi River, which they have paddled in a canoe from Iowa City to New Orleans.  
Once they were inadvertent guests at an island camp of moonshiners, and many a night their college yells caused lights on rum runners to be extinguished. But without exception they found the smugglers courteous, chivalrous and even hospitable, when accosted.  
Miss Ivy Leter of Bondurant, Iowa, who is studying to be an English teacher, and Miss Lillian Danielson of Charles City, Iowa, a student of Journalism, were the navigators. They camped mostly on lonely banks or on sandbars, and their only weapon of defense was a stout ash paddle.  
"Got a gun?" was the frequent query.  
"Sure, come and see," was the immediate response. Yet neither has ever fired a gun. But here is their own story:  
"We were treated fine by everybody. We ran into many bootleggers, but we can say one thing for them, they were courteous and hospitable. One bootlegger at St. Louis painted our canoe for us and others we met on way down the river kindly gave us provisions.  
"We camped on an island near Mem-

phis one night, thinking it was deserted. In the night our canoe broke its moorings. We walked along the island, tearfully. Our only means of transportation was gone, we sighted a tumble-down shack, and found it to be a bootlegger's place.  
"They suspected we were women detectives, but they were polite. They volunteered to help us, but they sent a man along, one man on either side of us and each carried a gun. They took us down the river until we located our canoe. Then they frankly told us we had been in the hands of moonshiners and that there were three stills on the island.  
"We left Iowa City July 25 in our 18-foot canoe and traveled down the river 100 miles to Keokuk Locks and into the Mississippi.  
"Often we saw lights on the river as we did much of our paddling at night to avoid the dazzling glare of the sun. Thinking they were Government lights, we steered toward them. When we got close, to our amazement at first the lights went out.  
"This mystified us for a couple of nights and then it dawned upon us that we were encountering rum runners. Then we decided to have some fun. We took our own Iowa yells and composed parodies.  
"We started paddling toward the dark banks and then gave the yells. It was astonishing to see how quick the lights were extinguished and the other craft sped away in the darkness. It worked so well the first time we tried it that we kept it up with wonderful results."  
One sample of their adapted college yells was as follows:  
Get a bottle, get a bottle, get a bottle quick!  
Boozers, boozers, you look sick;  
Boozers in the high;  
Who put him up there;  
Maw! Pw! Naw, now, naw;  
Wumen detectives,  
Rah, rah, rah.  
The young women left here Sunday for Virginia and West Virginia to visit relatives.

#### TO ASK GUARANTEE OF HYDRO SUPPLY

#### Mayor to Seek a Written Statement from Power Commission.

The members of the City Council yesterday expressed themselves as in favor of obtaining a guarantee in writing from the New Brunswick Electric Power Commission that they would supply the current contracted for by the city before giving a notice to the New Brunswick Power Co. that the city wished to discontinue the contract with them for street lighting.

This matter came up for discussion when Mayor Fisher suggested to Commissioner Thornton that he send notice to the Power Company that the city would discontinue the street lighting contract, for the portion of the city south of Union street, in about two weeks.

Commissioner Frink called attention to the reported shortage of water at Musquash and asked if the whole thing, time of readiness to furnish light by the City Commission and the ability of Musquash to furnish the power, were not one of speculation.

Commissioner Thornton said he did not wish to send a notice to the Power Company until he was assured of service by the City Commission, and it was finally decided to have the Mayor write the New Brunswick Electric Power Commission and ask for a definite undertaking to furnish the current needed. Commissioner Thornton said that \$5,000 had been taken off the appropriation for lights on the assumption that hydro would be ready in June, and it was not ready yet, and he had not funds enough to pay the next bill.

A notice was received from No. 2 S. C. and F. P. that A. R. Milton had been elected a member and a warrant was ordered issued to him.

A communication was received from No. 1 S. C. and F. P. asking that the date of the annual meeting be changed to the second Tuesday in January and it was decided to have the by-law amended to provide for this change.

An appeal from his assessment from J. A. Kelly was referred to the Mayor. A communication from D. L. Flack & Son, dealers in British coal, was ordered filed.

The application of E. E. Wetmore for permission to install a gasoline tank and pump in his premises, Richey street, was granted.

#### WEEKLY SPOON MATCH

The M. D. J. Permanent Force Rifle Association held their weekly spoon shoot on the local range yesterday afternoon. The weather was very fine and the air clear but a very tricky wind was blowing from 9 to 11 o'clock which accounts for the low scores at the longer ranges. Those winning spoons were:

#### ANOTHER DECLINE IN BACON PRICES

(Montreal Gazette, Monday.) The weakness that developed in the British markets for bacon last week has been more pronounced since, which is attributed to the more liberal offerings and a falling off in the consumptive demand, and prices for Canadian grades have scored a further decline of 3¢ to 10¢ per cwt, which makes a net decrease of 10¢ to 10 1/2¢ per cwt, with leanest and lean grades now quoted at 10 1/2¢ to 11 1/2¢ per cwt, and prime at 10 1/2¢ to 11 1/2¢ per cwt, lower at 11 1/2¢ to 11 3/4¢ per cwt. American bacon has declined 4¢ to 6¢ per cwt, to 10 1/2¢ to 11 1/2¢ per cwt. Danish grades were reported nominal. The Danish killing of live hogs last week amounted to about 50,000 heads in the market last week was 1,800 head smaller than the previous one, but notwithstanding this fact buyers effected a cut in prices of 20¢ per 100 lbs, and thick smooths closed at 89.85 per 100 lbs, fed and watered, and select bacon hogs at 81.85 per 100 lbs. Fed and watered, thick smooths closed at 81.85 per 100 lbs. On Thursday a decline of 50¢ per 100 lbs. was recorded, and the market closed at \$10.80 per 100 lbs. The standard prices for select hogs were \$11 per 100 lbs. fed and watered, and other grades at \$10 per 100 lbs. with the exception of light weights, which sold at \$9 per 100 lbs.

### Arrest in Western Post Office Holdup

Winnipeg, Sept. 19.—Mantoba police made quick work in solving the robbery of the Rosenfeld Post Office, south of this city and close to the border, yesterday when working on a description supplied by the assistant postmistress, Mrs. H. C. Buh, they arrested Jacob Nieman, aged 28. The man, it is alleged, entered the post office early yesterday, beat Mrs. Buh over the head with a revolver, inflicting serious wounds, and escaped with \$221 and a postal package. He was disguised but the postmistress recognized him as her neighbor. The money is still missing but the package has been recovered.

### FOX'S REVENGE

Leicester, Eng., Sept. 19.—A fox recently raided the poultry farm near here of George Leaf, former huntsman to the Queen, and killed 75 head of poultry.

### AUTO CASE IN THE NORTH END

George Parlee appeared in the police court this morning to answer a charge of exceeding the speed limit in Main street. Sergeant Spinney told of seeing the automobile pass a street car in which he was riding at a fast rate. He estimated between thirty-three and thirty-four miles an hour. In answer to G. Earle Logan for the defendant, he said he based the speed on judgment. Charles Walton, motorman in charge of the street car, said he saw the automobile speed by his car and swerve out in front of him. He drew Sergeant Spinney's attention to it.

HOW F. WHITING PAID HIS BET ON FIRPO'S DEFEAT

Peanut Rolling in Douglas Avenue Aroused Curiosity and Comment.

"I never want to see a peanut again as long as I live," said Frank Whiting of Fairville, yesterday, after he had called one from the railway crossing near the highway bridge over the re-

versing falls to the corner of Main street and Douglas avenue. This unique feat was due to the loss of a bet on the recent world's heavyweight championship bout between Jack Dempsey and Luis Angel Firpo.

White sitting in George Parker's barber shop in Fairville prior to the fight, the question of the probable winner was under discussion, and as Parker was a strong supporter of Dempsey, and Whiting was equally confident of the prowess of Firpo, it was decided to place a bet on the result. It was agreed that the loser would have to take a peanut and with the aid of toothpicks roll it from the point mentioned to the corner of Main street, which is more than a mile distance. Both men were serious in making the bet, shook hands on it, and resolved to carry out their part in the wager.

The next question was who would be the victim. Both repaired to a place where returns were being received and sat down to await the result. When Dempsey started to bring the Argentine

men formed the vanguard as the loser continued diligently on his way. As the party slowly wended its way along the avenue, Whiting leading and patiently and persistently rolling the peanut, people passing in automobiles and street cars stared at the strange assemblage. Others gazed out of windows and the look of wonderment on their faces indicated that they had no idea what was being enacted. Some in the party suggested that they would be taken for a party of inebriates, while others said, "The people must think we are a crowd of nuts let loose!"

Rough on Propeller. After leaving the railway crossing at 1:30 o'clock, fairly good time was made and in fifteen minutes Prospect street was reached, but not without some mishaps. While the concrete sidewalk made for good progress, it proved a bit too hard for toothpicks and one after another they snapped. After one supply had been depleted an effort was made to secure reinforcements, but none were available and matches were substituted. The peanut apparently did not take kindly to such rough treatment and finally collapsed. Another was quickly forthcoming and the procession again got under way. Clickety-click went the peanut, and snap went match after match, but still the distance was lessening and there was no thought of quitting. A halt was called for a breathing spell between Prospect street and the Meteorological Observatory as the hydroplane passed overhead. As the party continued, some amusing repartee passed between the "game losers" and their friends and admirers. Some of the remarks were worthy of note.

DODGE BROTHERS TOURING CAR

The comfort and beauty of this new touring car are instantly apparent.

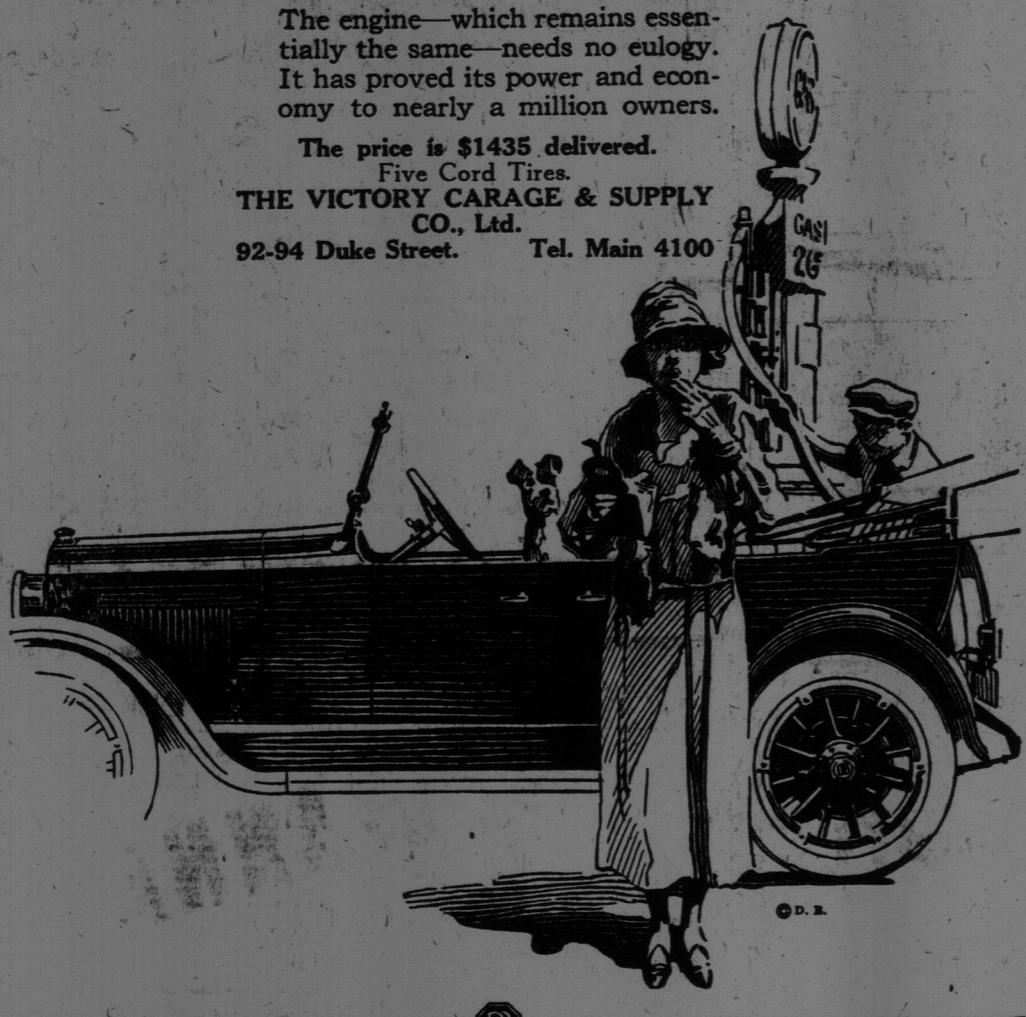

Long underslung springs, deeper seats and greater body length have resulted in an unusual degree of riding ease.

The body is exceptionally trim and graceful. Swung low to the road, with long, straight hood-and-cowl effect and tasteful appointments, the car reveals new value and sound workmanship in every detail.

The engine—which remains essentially the same—needs no eulogy. It has proved its power and economy to nearly a million owners.

The price is \$1435 delivered. Five Cord Tires. THE VICTORY GARAGE & SUPPLY CO., Ltd.

"He'll need a plaster on his back to-night." "Want me to hold your hat?" "Answer—"No, I want it to keep my head down." "Somebody will be starting a new jazz called the "peanut roll." "Boys, this will be a long day for you, Frank." "Keep her head down, she's a rear-in." "They even come in aeroplanes to see you." "If your wife ever catches you now!" Mr. Whiting—"Say, you fellows, I am getting a much fun out of this as you are." On the way along the avenue the members of the party started betting how long the job would take, some estimating at 45 minutes and others at an hour and a half. One suggested a time-keeper to settle the disputes. Suggests Race. The right-of-way of the peanut was disputed by a caterpillar, but the pick soon ousted him out of the road. One of the party then picked it up and placing it on an even surface the peanut suggested a race. As the caterpillar was not apparently keen for such violent exercise, it was picked up and put down the back of the neck of one of the men and that ended that incident. Finally the end was sighted and the feat accomplished, the time for the journey being exactly three-quarters of an hour. Whiting was tired, but smilingly responded to the handshaking and cheering of his companions. He said that aside from a slight headache from stooping over so much he felt all right. He says he still has faith in Firpo and will willingly back him again in his next fight. He warned his friend George to be prepared, for his turn was coming.

Miss Wehselau Sets Two New Swim Records

Honolulu Girl Covers 100 Yards in 1.02 4-5, 220 in 2:47 4-5.

New York, Sept. 19.—Miss Marichen Wehselau, noted water queen of the Outrigger Canoe Club, of Honolulu, is credited with two striking record performances in free style swimming at a recent meet in the sixty-foot pool of the Honolulu Y. M. C. A.

The best previous performances under the conditions, 1:05 and 2:50 1-8 respectively, are claimed for Miss Gertrude Ederle, of the Women's Swimming Association of New York, and are of this season's making, but it should be mentioned that Miss Ederle set the mark for the longer distance on the way to 600 yards and has done the furling in 2:46 4-5 in a seventy-five foot pool.

Particular interest is attached to the remarkable exploits of the Hawaiian champion, and Miss Ederle is slated for a visit to the islands and will meet Miss Wehselau in matches at 100, 220 and 440 yards in a three-day water carnival in Honolulu, starting October 10. Stringent competition seems assured.

Crew Leaps From Blazing Speed Boat. Owner and Driver Forced into Water During Power Boat Regatta.

Buffalo, Sept. 19.—Robert Ringling of Chicago, owner and driver of Viroling II, and his mechanic, Louis Ehrig, were forced to desert their craft and jump for their lives when the speeding boat caught fire at the ninth mile of the free-for-all sweepstakes of the international power boat regatta in the last heat on the Niagara River. Ringling and Ehrig dived from the cockpit when the flames running uncontrolled, nearly collided with Delphine, the yacht of Horace E. Dodge, Detroit. Other craft on the

NEW OFFICIAL OF POWER COMPANY

Budleigh Faraday, of Montreal, Takes Post of Commercial Manager.

Budleigh Faraday of Montreal has been appointed commercial manager of the New Brunswick Power Company, effective September 17. Mr. Faraday has for the last seven years been connected with the Southern Canada Power Company as division manager of its various properties. Prior to his connection with the Southern Canada Power Co., he was in charge of the transmission and distribution systems of the Kaministiquia Power Co., at Fort William, Ontario, and vicinity. Mr. Faraday has extensive experience in the power business, including the production, transmission, distribution and commercial. During the last year his attention has been largely devoted to commercial development, especially industrial power, and through his efforts the power business of the Southern Canada Power Co. has been greatly increased. Many industries have been induced to locate their factories along the lines of the company, largely due to the continuous supply of power by the company from its hydro and steam plants. Mr. Faraday has always taken an active part in civic affairs, having been secretary treasurer of the Board of Trade at Richmond, Quebec, for several years, and represented this board in the Eastern townships Associated Board of Trade, which is an amalgamation of all the Boards of Trade of South Eastern Quebec. Mr. Faraday has assumed his duties and will move his family to St. John in the near future.

CITY LIGHTING MATTER

Commissioner Thornton this morning acknowledged the receipt of a letter from the Civic Power Commission containing a notice they were ready to take over the lighting of the city market building and two of the fire engine houses and stated that no mention was made of rates. He asked that information along these lines be furnished before any action was taken. At the office of the Commission it was said the commercial lighting rate of the Commission would probably apply in all three of these buildings, and would certainly apply to the market building.

Y. M. C. I. PLANS

At an enthusiastic meeting in the Y. M. C. I. last evening plans were made for a big membership drive and also for the general betterment of the Institute. After interesting discussion a committee of five was appointed to devise ways for handling the membership drive in a most effective manner. It was also decided to hold the first general meeting of members on next Sunday afternoon at 3:30 o'clock. A visitor at the meeting was George Brennan of the Boston police department, who has been at his old home here on a holiday and left the Dingley for Boston this morning.

WAR VESSEL TO BE HERE 3 DAYS

Capetown Likely Will be Placed at a Sand Point Berth.

Word was received by the harbor master this morning that H. M. S. Capetown would be in the city from September 24 to September 27, and asking that berthing accommodation be arranged for. A letter was also received from R. S. Barker, secretary to Lieutenant Governor Todd, by R. E. Armstrong, president of the Navy League, enclosing a copy of the official notice of the visit of the vessel to Hon. Mr. Todd, but up to noon the Mayor had not received any official notification of the visit. Mr. Barker also advised that he would be in St. John on the morning of September 24 to arrange for the official exchange of visits. The Capetown is under the command of Vice Admiral Sir Michael Calvert-Seymour, R. N., M. V. O., and is 461 feet 6 inches long, 43 feet 6 inches beam and has a draft of 18 feet 6 inches. In the letter to the harbor master it was requested that berthing accommodation be provided alongside a wharf and that official should be placed at the wharf. The vessel will be in and there would not be room at the McLeod wharf. Mr. Alward wrote that if he was advised of the time of arrival he would meet the cruiser at the island and suggested 11 a. m. as the best time for docking. The matter of entertainment for the visitors will be taken up with the Mayor by Mr. Armstrong on once.

COMMISSION ON EXPRESS AUDIT

Stay Rate Increase Meantime is Urged by St. John Board of Trade.

The St. John Board of Trade is submitting to the Boards of Trade of Halifax, Charlottetown, Moncton and Fredericton a resolution adopted at a joint meeting of the Retail Merchants' Association and the Board of Trade yesterday in connection with the proposed increase in express rates and is asking their co-operation in the matter. A copy of the resolution has also been sent to the maritime branch of the Canadian Manufacturers' Association. The resolution is as follows: "Resolved, that in the opinion of the joint committee of the St. John Board of Trade and the Retail Merchants' Association, the Board of Railway Commissioners should be requested to arrange for a close and independent audit of the accounts of the express companies by royal commission. Further, that a thorough investigation should be also authorized by the Board of Railway Commissioners of express cost systems for the past ten years and that until these recommendations have been received the board feels assured that it is absolutely justified in its decision, no increase in express rates be ordered. The committee would also suggest to the Express Association that consideration be given as to whether an increase in express rates would not lead to a decrease in express traffic, thereby accentuating the alleged difficulties of their present situation. A resolution of the Vancouver Board of Trade advocating an extension of preferential trade within the Empire as one of the best methods of binding the component parts closer together has been sent to the local board with a request that they endorse the policy. This will be taken up at a meeting of the council of the board.

VISITORS FROM NEWFOUNDLAND

Arthur Mews, C. G., Mrs. Mews and daughter, Marjorie, of St. Johns, Newfoundland, are guests at the Fairville Methodist parsonage for a few days. Mrs. Mews is a sister of Mrs. J. M. Mews. As Hiram Sees It

"Well, sir," said Mr. Hiram Hornbeam to The Times reporter, "that there King of Spain is the funniest feller that's turned up fer a long spell. Here he was at a dance with a lot o' Big Bugs in a palace when in comes somebody an' says: 'Your Majesty, there's a noo goverment.' 'An' Alfonso he says: 'Is that so?' 'What's the next dance—a fox-trot or a one step?'—'Jist like that. Then when he got done dancin' he went out an' another feller runs up an' says: 'They's a noo Government.' 'I know it,' says Alfonso—'hev they docked my pay?' Then he went to a bullfight till they got things all fixed up. I guess they must like Alfonso—they didn't do nothin' at all to him. Aint Spain a funny country? Jist changes the government over-night an' never says boo to the King. When I read about it I began to think o' the time that there Spanish Armada tried to lick Old John Bull. John Bull didn't say: 'After you, my dear Alfonso.' He didn't leave enough o' that Armada to scare a fishin' smack. Poor old Spain aint a bad sort, but she hain't been doin' much fer a long spell. I aint even got a letter lately from the feller that has a treasure in Spain an' wants some money to help get it out. I wonder if they couldn't get Alfonso come over an' address the Canadian Club. I think he'd draw—By Hen!"

Are You Giving Enough Attention to the Furnishing of Your Home? The home is admitted to be the corner stone of civilization, yet we learn that we spend less on its furnishings than on many of the non-essential items of everyday life. A recent issue of a well known journal is authority for the statement that the people of Canada spend \$3.50 per capita for soft drinks, \$5.50 for confectionery, \$5.50 for taxable amusements (not including many lesser forms of amusements which are not taxed), \$22.00 for automobiles and only \$5.00 for house furnishings of all descriptions! There is food for serious thought in these figures. Are you doing your duty by your home? Floor Coverings of All Kinds. A. Ernest Coverett THE HOUSE FURNISHER 91 CHARLOTTE STREET.
