Retaliate By Cutting Off Electrical Supply

French Find It Necessary to Take Tighter Hold in Essen

German Miners Make Appeal to World Labor—Bomb Throwing and Serious Cases of Sabotage in Ruhr.

(Canadian Press)

Essen, Feb. 17.—The employees of the Municipal Electric Works have decided to cut off Essen's supply of electricity as a result of the imposition of the fine of 5,000,000 marks on Director Busman, of the local plant.

The French imposed this fine yesterday as punishment for interference with the supply of electricity to the Kaiserhof Hotel, the French headquarters, and at the same time sentenced Oberburgmaster Haverstein of Oberhausen, to three years imprisonment and Vice Lord Mayor Schaefer, of Essen, to two years in jail, and a fine of 10,000,000 marks for similar measures in opposition to the French.

An appeal has been lodged for the revision of all the sentences. The French hold on Essen was lighter today in consequence of shooting of two soldiers. Infantrymen occupied the police barracks throughout the night and members of the force were deprived of their weapons. The chief of police is under arrest.

Hildesfeld, Westphalia, Feb. 17.—Declaring that "our victory is your victory" all the German miners support the Ruhr workmen's battle of passive resistance against "imperialism and militarism."

Duesseldorf, Feb. 17.—Bomb throwing and serious cases of sabotage occurred in the Ruhr valley during the night. A bomb was thrown in a street in Essen near the Kaiserhof Hotel. The French engineers headquarters, where Chief Engineer Coste, and thirty or forty other civil engineers are lodged, is under surveillance.

Rome, Feb. 17.—Ratification of the Washington conference agreement by the Italian senate yesterday was marked by a speech by Premier Mussolini expressed pleasure over the Anglo-American debt settlement, but asked whether any one could now "hush up ill-will" as the possibility of such cancellations.

Turning to the Ruhr question, he declared that Italy was making between Germany and France. He said he had made it his business to conduct a searching investigation of the Ruhr situation and he had concluded that the existence of the Ruhr was doubtful. "Italy must make some choice as to how to deal with Germany," Mussolini continued. "She is mindful of Germany's generosity toward her, but she cannot afford the luxury of generosity when it means the welfare of forty million Italians."

Although Italy could not be absent from the Ruhr invasion it does not mean actual participation, because she needs German iron and coal for her industries.

French Surprised.

Paris, Feb. 17.—A press despatch from Washington saying that Dr. O. Wiedfeld, German Ambassador, was soliciting U. S. assistance to feed 500,000 persons starving in the occupied Ruhr district, has caused a mild surprise in French official circles. The French view is that any such appeal is unjustified.

MURDER MYSTERY IN SASKATCHEWAN

Bodies of Man, Wife and Girl Found Partly Cremated in Burned Home.

Kennedy, Sask., Feb. 17.—Foul play is suspected by police officials in the discovery yesterday of the partly cremated bodies of Joan Cleverly, his wife and Miss Schmidt, in their burned home, six miles east of here.

Miss Schmidt was a daughter of Mrs. Cleverly by a former marriage. Near the bodies was a can of cold, half full, with the cork pulled. The inner windows had been broken as well as the storm sash, the glass having fallen outward. Traces of coal oil were also found on the floor. The Cleverlys were known to have money, and it is believed that this may have been the motive for what is thought to be one of the foulest murders in the history of this district. The family were not known to have any enemies.

FRANCE PLANS PRINTING OF GERMAN MARKS FOR USE IN RUHR

Paris, Feb. 17.—France is ready, under an agreement with Belgium to set her printing presses at work turning out German marks for use in Ruhr if the German government starts a financial blockade of the region, it was reported on good authority today.

The original plan to issue an entirely new currency guaranteed by the resources of the Ruhr has been abandoned because of the numerous complications that will arise.

If the French issue this currency they will attempt to force the German government to honor it when the Ruhr occupation is terminated.

WELL KNOWN SISTER OF MERCY DEAD

Sister Xavier was Known as "Angel of the Tombs"—Her Efforts for Prisoners.

New York, Feb. 17.—The "Angel of the Tombs" is dead. The body of Sister Xavier lies in state today at the Convent of Mercy, in Madison avenue, while countless hundreds of convicted men, past and present, grieve for the passing of the gentle, black-robed woman who for almost half a century took spiritual—and sometimes material—comfort into the uninviting interior of the Tombs Prison or within the grim walls of Sing Sing.

Sister Xavier was born Mary Xavier McCaffery—joined the Sisters of Mercy in 1877. From the first she devoted her efforts to relieving the troubles of convicted men, whether in prison for minor offenses or awaiting the electric chair. She was known to every court in the city, and many judges today recalled successful pleas she had made for first offenders. Invariably, the fortunate ones went straight under her influence.

LAST NIGHT'S GAME WAS TIE

St. John-Wanderers Contest Ended 6-6, According to Referee.

According to Ralph Parker, who was the referee in charge of the game, the arena last evening between the Wanderers of Halifax and the St. John aggregations, the official score at the end of the third period was 6-6. The game was awarded, unofficially, to the visitors. The referee's decision was based on the fact that the disputed goal was not counted. The mix-up came in the second minute of the game when the referee awarded a goal to the visitors. He did not make known the fact to the referee until the end of the period, and then only when the Halifax players raised objection. They claimed the goal. The referee's decision was based on the fact that the referee-off from centre ice goal was not counted officially.

TODAY'S RACES

Today marks the close of the 1923 international amateur skating meet. The senior events this afternoon were the half-mile and three mile races. The weather, while a little colder than the demands of comfort might call for, was good. The day was clear and very cold and the track was in excellent condition and the races were followed with constant interest by a very large crowd. Although the results were not available at the time of going to press it was expected that some fast time would be made. The presentation of a gold watch, the gift of the city of St. John to the winner of the highest number of points, was expected to be made at the conclusion of the races.

NO SHORTAGE EXPECTED BY DEPT. OF COMMERCE

Washington, Feb. 17.—Despite the fact that sugar production this year is expected to fall short of consumption by 27,000 tons, Commerce Department officials predict that the surplus carried over from last year would more than offset the discrepancy.

Figures made public by the department last Friday gave the estimated production this year as 19,308,000 tons and the estimated consumption at 19,038,000 tons. The carry-over from the year previous was 1,200,000 tons, all but 474,000 tons, of which will be used up, according to the department's figures, by the shortage for the present year.

In a statement Dr. Julius Klein, director of the Bureau of Foreign and Domestic Commerce, pointed out that by incorporating the 1,200,000-ton surplus of last year with the total "estimated production" for this year, the total of available stocks is brought up to 19,511,000 tons, as against an estimated consumption of 19,038,000 tons.

AGED LADY DROPS DEAD IN AMHERST

Amherst, N. S., Feb. 17.—Mrs. Sarah Bailey, aged 84, dropped dead from heart failure yesterday afternoon at her home on Clarence street, while taking a glass of water.

"Bob" Doomed? "Inartistic," Says Stanlaws; "Unwomanly," Say Mamas

New York, Feb. 16.—Of course, it's all the artists, social workers and preachers and clubwomen say the "bob" is doomed, why, it must be. But still—when you ask the girl who wears the bob, and who really ought to know—"So long as I dance," says Miss Maud Lydiate, whose twinkling toes and frolicsome heels kick up quite a dust in "The Gingham Girl," "I shall wear a Dutch bob. It's much easier to dance well if you wear short hair, because you don't have to worry about hairpins slipping, and your hair coming down—or off."

Hopes For Settlement Of Steel Workers' Strike

Ballot Today on Tentative Solution Negotiated Yesterday

Strikers Believe it will be Acceptable—Question of MacNeil's Dismissal to be Investigated.

(By Canadian Press) Sydney, N. S., Feb. 17.—Arrangements were made this morning for the taking of a vote of the rank and file of the Steel Workers' Union upon the tentative settlement negotiated during the night between their representatives and the British Empire Steel Corporation. The ballot will be secret and the result may not be known until late this evening. All strikers encountered this morning seemed to be highly pleased with the draft settlement and there is little real doubt that it will be accepted, probably by an overwhelming majority.

INCREASE IN SUBSIDIES TO ALL BUT MANITOBA

Ottawa, Feb. 17.—(Canadian Press)—Manitoba is the only western province which will not this year, receive a higher subsidy from the Dominion Government.

LEGISLATION RE-PATENTS

Ottawa, Feb. 17.—(Canadian Press)—A bill to amend and consolidate the Domestic Patents Act was introduced at the opening of the House of Commons yesterday by Hon. James A. Robb, minister of trade and commerce. It was given first reading, as was also a similar bill in regard to trade marks and designs. Mr. Robb explained that the purpose of the two bills was to bring the Canadian statutes in harmony with international law on the subjects.

St. Paul, Minn., Feb. 17.—At least seventeen persons lost their lives in the northwest as a result of Tuesday's blizzard and the following cold spell, according to figures compiled here today.

APPOINTMENT FOR R. B. TEAKLE

Montreal, Feb. 17.—The appointment of R. B. Teakle as general manager of the Canadian Government Merchant Marine, Ltd., and the Grand Trunk Pacific Coast Steamship Company, it announced in a circular from the office of Sir Henry Thornton, chairman and president of the C. N. R. The appointment is effective as from January 1st.

CHAMPIONSHIP WATCH

The Mayor had at City Hall this morning the watch that will be given by the City to the winner of the high number of points at the International Skating Meet at Lily Lake. The presentation will be made at the late this afternoon at the conclusion of the events. The watch is a handsome gold 17 Jewel Howard and on the inside of the back of the case is the inscription, "Presented to..... International Amateur Skating Championship, by the City of St. John, N. B., February, 1923."

Put Down the Revolt Regardless of Cost

MISS CANADA MADE A LIFE MEMBER

Is Guest of Honor of the Women's Canadian Club Today

Receives Pair of Skates from the I. S. U. President—Montreal Winter Sports Committee Lauds City Council Action—Tomorrow's Events.

Gracious and pleasing tribute was paid to Miss Canada today at a luncheon given in her honor at the Royal Hotel by the Women's Canadian Club. Mrs. W. Edmond Raymond, president of the club presided and had the great honor on her right, Miss Blair was made the happy recipient of an honorary life membership in the club although it was necessary to amend the constitution of the club in order to do this. It was presented as an honorarium to Miss Canada, the first of what is expected to be a long line of Canadian royalty.

Mrs. L. P. D. Tilly made a very gracious address extending the welcome of the club to Miss Canada and assuring her of the interest of the club in her relationship of Canada, Ireland and the United States.

Julian T. Fitzgerald of Chicago, president of the International Skating Union was present and was introduced to the gathering. He made a happy speech in which he said that the idea of international unity was being advanced and augmented by such gatherings. In connection with Miss Blair as Miss St. John and Miss Canada had done more, the selection of the international skating meet being held here, to put St. John in the forefront of sporting and progressive cities than any other factor of which he had any knowledge. He said he came from Canada and was pleased to lay at the feet of Miss Canada those tributes which very fittingly were hers.

When Miss Canada entered the dining room which was filled with 200 guests the orchestra played "O Canada." It was accompanied by her chaplain, Miss Monahan and her chaperone also were present.

Tomorrow's Programme.

Miss Canada tomorrow morning will attend her own church, the Queen Square Methodist. In the afternoon she will pay a visit to the St. John County Hospital, where she will be accompanied by Rev. R. G. Fulton, pastor of Centenary Methodist church, an invitation to be present at the anniversary services of the Knights of Pythias to be held in that church tomorrow afternoon.

Miss Canada and party will leave on Monday morning in a private car attached to a special train for the Montreal jubilee skating event. It is expected that many local fans will go on the same train for Monday's races.

The Mayor this morning received the following telegram which is self explanatory.

Mayor Fisher, St. John: Greatly gratified at announcement that civic bodies of St. John and citizens are undertaking to provide for Miss Canada that the highest ideals of Canadian girlhood may be fostered and the title preciously preserved as worthy of the ambitions of every Canadian girl. I offer you every co-operation.

Manager Winter Sports Committee.

The Mayor said that he had in his mind this morning the matter of the gift of \$500 to Miss Canada for her immediate personal needs and was forwarding it to her. He said the wording of the resolution was that she "be asked to accept" the gift, and he trusted that she would.

A communication has been sent to the head of the Winter Sports Committee, Montreal, saying that Miss Canada will leave early in the week for Montreal to attend the closing of the Carnival there.

Miss St. Stephen Chosen.

St. Stephen last evening elected Mrs. James A. Inches as Miss St. Stephen. She was formerly Miss Louise Pierce, daughter of Rev. Thomas Pierce, Methodist minister, now retired. There were sixteen entrants and loud applause greeted the selection of the judges who had a difficult task.

Annual Convention of the Weekly Newspaper Association to Include Tour of Maritimes.

Toronto, Feb. 17.—The annual convention of the Canadian Weekly Newspapers Association will be held in Halifax this year. This was the decision made at the directors' meeting held here yesterday. A tour of the Maritime Provinces is also contemplated. The convention takes place in June.

60 BELOW IN YUKON.

Dawson, Y. T., Feb. 17.—Yukon's coldest spell this winter has just broken. Several points report sixty below zero for several days. Between Dawson and Whitehorse, fifty below zero was the minimum.

FORTUNE IN JEWELS BURIED IN DEBRIS

A Six-Storey Office Building Containing \$2,000,000 Worth of Gems Destroyed

New York, Feb. 17.—A fortune in gems, gold and silver, estimated at \$2,000,000 and upwards, lies buried in debris in the smouldering wreckage of a six-storey office building that was destroyed by fire recently in Midtown Lane, the jewel centre of the city.

More than sixty jewelers and silversmiths occupied the building. When the jewel centre of the city, the height of the blaze, the safes were sent tumbling into the deep cellar.

Experts said that the valuables undoubtedly would be found intact. Meanwhile, blueprints from ten police precincts and a hundred private detectives were sent to guard the ruins. Nearby streets were roped off to keep back inquisitive crowds.

A dozen firemen and police officers were injured in a back draft which swept from the first floor, occupied by a restaurant, when the fire fighters broke their way through the doors. Several were removed to hospitals with minor injuries.

Historic St. John's Church, erected in 1758, separated from the burning building by a four-foot alleyway, was several times in danger. Streams of water were played over the smoking ancient walls, and firemen directed other water attacks on the flames from the windows.

The fire's origin was not determined.

WILL MEET NEXT YEAR IN HALIFAX

Annual Convention of the Weekly Newspaper Association to Include Tour of Maritimes.

Toronto, Feb. 17.—The annual convention of the Canadian Weekly Newspapers Association will be held in Halifax this year. This was the decision made at the directors' meeting held here yesterday. A tour of the Maritime Provinces is also contemplated. The convention takes place in June.

A Thrilling Rescue at Sea

THESE remarkable photographs of the loss of the Lunenburg schooner "Clinton" and the saving of the crew by the Canadian Pacific steamer "Empress of Scotland" were made by a passenger on the "Empress" just as the "Clinton" sank.

It was the end of a hard fight with three days and nights spent at the pumps by the exhausted crew. The rescue was effected by First Officer McMurray who directed the rescue of the "Empress" and a boat's crew in a heavy sea that abandoned the lifeboat as it was hauled aboard the liner. The liner is seen in the insert as also are Captain Gillies of the "Scotland" and First Officer McMurray who directed the rescue.

These charged with the administration, and that the best officers can expect from their trustees is the inspiration of their association and their discriminating judgment upon the proposals that may be made.

One of the dangers to such a trust is the tendency to dissipate resources in giving even of projects believed to be essential by its supporters. "Men can sincerely believe in a cause even when the chief function of the cause which they represent is to furnish salaries for those who conduct it," said Dr. Pritchett. "Some causes are exception, many are worthy, but the majority are commonplace."

There has always been among economists a doubt as to the wisdom of such trust funds. Dr. Pritchett points out, and this is the most important work of the time, was made public this week by the trustees and Dr. Henry S. Pritchett, acting president. It shows an expenditure since its organization in 1911 of \$87,939,846.

In addition to disclosing in detail the activities and aims of the corporation in spending such a large sum of money, it also discusses frankly the dangers attendant upon wholesale giving and the accumulation of huge sums of money in "somebody's must sweat blood with it" money if its effect is not to do more harm than good, says the report.

The perils of giving on a large scale were pointed out by Dr. Pritchett after showing how the accumulations of large fortunes have led to foundations whose combined endowment in New York alone is \$525,000,000. The assets of the Carnegie Corporation alone were \$181,815,148 on Oct. 1, 1921. Of this sum, \$125,000,000 constituted the present part value of the original endowment, which included \$100,000,000 of the underlying steel bonds of the United States Steel Corporation. The remaining \$25,000,000 consisted of \$1,280,188 in the reserve fund, and \$23,719,812 accumulated out of income. These assets will be increased by \$10,000,000 when Mr. Carnegie's estate is settled. The income during the last year was \$6,465,616.

Carnegie's Other Funds. Before creating the Carnegie Corporation, Mr. Carnegie had founded five other institutions to serve districts outside the Carnegie Institution of Pittsburgh, the Carnegie Institution of Washington devoted to scientific research, the Carnegie Foundation for the Advancement of Teaching, the Carnegie Hero Fund, and the Carnegie Endowment for International Peace.

"When, in the latter part of his life Mr. Carnegie gave the bulk of his remaining fortune to the public by the establishment of the Carnegie Corporation, he had in mind a well-defined object," said the report. "His intention was that this foundation should, in reasonable measure, support and develop the existing institutions he had already created, but the greater purpose he had in view was to provide an endowment for all time, whose income should always be liquid, and should thus be available for generation after generation to be applied to the causes which each generation of trustees might find most significant."

WHAT MADE ME HAPPY

"I was congratulating myself that I had passed the winter without catching a cold, when I got one at the beginning of last May. It was because I was run down. Being run down I had some trouble in getting rid of this cold. I was very miserable. I would wake up regularly mornings feeling that some terrible calamity would take place. Although we were comfortably off, I felt sure my husband was going to lose everything. The children worried me. If they made the least noise, I would scold them so that I am sure they hated me. I would be mad with myself after it was over and make up my mind never to let it happen again. I would go to bed at night and begin to think and picture dreadful things which might happen to me and my family. I would lay awake for hours, sometimes until daylight, until I was so weak that I could scarcely raise my head. I would wake me next day just as tired as when I laid down. After a while I got so that I didn't care what happened. The children annoyed me and I wouldn't have cared if they had left me for good. I felt that it was only a matter of time before I would lose my mind. I knew that my symptoms were due to a run down condition and that if I could only get something to build me up, I might be all right. I knew that there must be some good tonic but most of them made such foolish claims that I was afraid of them. Happening one day to run across a leaflet about Carmol, I was impressed with the moderate way this preparation was described, so I made up my mind I would try it. I did and today I am the happiest and healthiest woman living. I haven't a care in the world. Instead of running away from me, my children are now with me all the time. My husband tells me that my disposition is as near an angel's as any human being's can be, but of course he is prejudiced. I don't believe I have a nerve in my body now."

Carmol is sold by your druggist, and if you can conscientiously say, after you have tried it, that it hasn't done you any good, return the empty bottle to him, and he will refund your money. 6-223

NEW LAMP BURNS 94% AIR

Beats Electric or Gas. A new oil lamp that gives an amazingly brilliant, soft, white light, has been tested by the U. S. Government and is 80 leading universities and found to be superior to 30 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent. air and 6 per cent. common kerosene (cut oil).

The inventor, O. K. Johnson, 246 Craig St., W. Montreal, is offering to send a lamp on 10 day's FREE trial, or even to give FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and with-out experience or money make \$200 to \$500 per month.

Send for literature to O. K. Johnson, 246 Craig St., W. Montreal, P. Q.

SETTLEMENT OF SYDNEY STEEL STRIKE IN SIGHT

Basis of Agreement Reached After Conference Which Lasted Till 3.30 a. m. Sydney, N. S., Feb. 17.—A settlement of the Sydney steel strike seems assured. After a conference ended at 3.30 this morning, a basis of agreement was reached and will be voted upon immediately by the striking steel workers. The company proposes to re-open the case of Sid MacNeil, discharged for alleged insubordination. If the evidence shows MacNeil guilty, his discharge will be made permanent. If it is proven innocent he will be reinstated.

This proposition proved acceptable to the workers' committee and they will recommend it to their men when the vote is taken.

There seems no doubt whatever that it will be accepted.

PROHIBITION IN UNITED STATES

To the Editor of the Halifax Chronicle. Sir—News items occasionally appear in the press which would lead one to believe that prohibition in the United States is not in any measure proving effective. It is well therefore, to have accurate information on the question.

An Australian, Gifford Gordon, has recently completed an investigation carried on for about a year. He visited almost every large city, and many of the smaller cities, as well as rural communities. He is convinced that prohibition has succeeded, and gives the following statistics in support of his conclusions. Permit me to quote briefly from his study of the situation:

1. Prohibition in Drinksmen. A. G. Agrests for drunkenness in New York in the year 1918 numbered 22,000; in 1921, reduced to 8,100; in Los Angeles in the year 1916 arrests numbered 17,510, reduced in 1921 to 6,983. In Chicago, reduced in 1921 to 1,720. Judge Gemmill of the Municipal Court of Chicago says: "There has been a decrease in the number of persons arrested in the United States for drunkenness of over 600,000 per year."

2. Prohibition and Alcoholism. Here are the figures given by Dr. William H. Guilford, Registrar of Health, New York. Year 1916, deaths from alcoholism 891, year 1921, deaths numbered 118. The Philadelphia General Hospital admissions into alcoholic wards have decreased from 2,236 in 1916 to 702 in 1921. The 98 Institutes throughout the United States for the cure of alcoholism twelve years ago treated more than 120,000 patients. After two years of prohibition they are all out of commission. In Chicago the Washington Home for the cure of inebriates had in the year 1917 admitted 960 patients, on March 1st, 1920, the Home closed its doors and since then has been used for other purposes.

3. Prohibition and Crime. Birmingham, Alabama, a jail that cost \$100,000 is now used as a juvenile court and receiving home. In Pittsburgh, Pa., the County Jail holds 840 cells and in the days before prohibition it often had 940 prisoners. On the 1st of May, 1920, the County Jail was empty. An interesting story comes from Chicago. The Bridwell prison in 1917 housed 17,748 prisoners. In 1921 decreased to 9,683. For breach of peace 10,647 in 1917, reduced to 1,921 in 1921. Wife and child abandonment cases in 1917 numbered 661, and in 1921 only one case. Judge Gemmill says: "Twenty per cent of the jails in the United States have been without prisoners since prohibition went into effect and in 80 per cent of them the number of prisoners has been reduced anywhere from 15 per cent to 80 per cent."

4. Prohibition and Industry. H. L. Badham, president of the Bessemer Coal, Iron and Land Company of Birmingham, says: "You ask regarding prohibition—Does it prohibit? Not entirely so, but if you had known the life of Birmingham and our mining camps before the enactment of prohibition laws, and see it now you would say that no matter how much 'moonshine' was disposed of it is not a drop in the bucket compared to former conditions. There are a thousand reasons for the maintenance of prohibition laws and you can say to the prohibitionists, that America will never stand for the open saloon." Other heads of great steel, iron, coal, oil and cotton companies support this view. Accidents have decreased, workmen show higher efficiency, and greater peace and home life. The industrial centres has improved.

5. Prohibition and the Child. Under this heading Mr. Gordon says: "Of all the results of this beneficent law, none is more important than the improved condition of child life. Now before have the schools and colleges of the United States been as crowded as they are now. In every city and town new school buildings are being erected to take care of the increasing demand for education. Due to prohibition, tens of thousands of boys and girls under sixteen years of age have been able to go back to school to complete their education.

As in Canada, so in the United States, there is no doubt whatever that prohibition has succeeded, and gives the following statistics in support of his conclusions. Permit me to quote briefly from his study of the situation:

1. Prohibition in Drinksmen. A. G. Agrests for drunkenness in New York in the year 1918 numbered 22,000; in 1921, reduced to 8,100; in Los Angeles in the year 1916 arrests numbered 17,510, reduced in 1921 to 6,983. In Chicago, reduced in 1921 to 1,720. Judge Gemmill of the Municipal Court of Chicago says: "There has been a decrease in the number of persons arrested in the United States for drunkenness of over 600,000 per year."

Prices ranging from 75c to \$4.00 each

O. H. WARWICK CO., Limited 78-82 KING ST.

States, there is an anti-prohibition propaganda. There is also in both countries in many communities on the part of the enforcing authorities. Facts demonstrate the value of co-operation enforcement of the law. To still further show the beneficial results of prohibition let persons Soci governing bodies, federal, provincial and municipal, to give prohibition a square deal by providing for complete and effective enforcement.

H. R. GRANT.

Guard Your Eyesight

by having your eyes examined at the first sign of weakness. Some persons incur the grave risk of losing their sight by neglecting Nature's warnings simply because they are afraid of the expense. By coming to us expense is reduced to the minimum consistent with the best work. Come today.

K. W. EPSTEIN & CO., Optometrists, 4 King Square, Dufferin Hotel Block.

LEAVE FEDERAL POLICE UNION

Some Montreal Men Resign and it is Declared Many More will do so.

Montreal, Feb. 17.—From fifty to 100 Montreal policemen have resigned from the Federal Union of Police, it was reported here yesterday, and it is expected that many more will follow. A large addition is being made to the ranks of the Montreal police by the officers of the Montreal Police who were discharged by the striking steel workers. The men will be required to sign a declaration that they will not become members of this organization.

PARENTS LOSE CHILDREN.

Little Ones in Custody of Society After Non-Payment of Hotel Bill.

New York, Feb. 17.—Two young children, who were taken from Hotel Pennsylvania several days ago when their parents were unable to meet a hotel bill of \$181.16, were committed yesterday by Judge Samuel Levy in the Children's Court to the custody of the Children's Society. The children are Ernest Peters, 8 years old, and his brother Benedict, 4 years old. The boys came to the hotel three weeks ago with their mother. The father, who, according to the officers of the Children's Society, four years ago resigned a post as Lieutenant Commander in the United States Navy, was in San Francisco when his family went to the hotel. He joined them there yesterday.

In Children's Court yesterday Peters' mother said she insists on living at expensive hotels," he said. Mrs. Peters said her husband had told her to go to the Pennsylvania with the children.

SUFFERED SO FROM HEART AND NERVES LIFE WAS A BURDEN

Mr. A. H. Lee, Beamsville, Ont., writes: "I am delighted to see you know what I have to say regarding the good Milburn's Heart and Nerve Pills did me."

A short time ago I suffered with heart and nerve trouble, and was so bad I could not get up for three hours each night. My heart was so bad I had spells when driving on the road and would faint away and neighbors would carry me in from my wagon. I also took these pills in the night and morning my daily work on the farm. My nerves were so bad I would jump out of bed, and was then compelled to walk the floor before I could settle down again, but after taking a few boxes of

Milburn's Heart and Nerve Pills I can honestly say I am a relieved man. I now feel in the best of health. In fact, the best I've been in for three years, and can do any class of work with pleasure where before life was a burden. I can be depended upon to give quick and lasting relief.

You can feel this take hold of a cough in a way that bronchial. It loosens and raises the phlegm, soothes throat tickle and soothes coughs, breaks the irritated membranes that line the throat and bronchial tubes with such promptness, ease and certainty that it is really sensational. Eney is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "219 ounces of Pinex" with full directions and don't accept anything else. Guarantee to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

EVERY WOMAN

For sanitary reasons MARVEL WHITING DOUGH is recommended by physicians. It is a special and highly concentrated compound of genuine Norway pine extract, and is probably the best known means of overcoming severe coughs, throat and chest colds.

There are many worthless imitations of this mixture. To avoid disappointment, ask for "219 ounces of Pinex" with full directions and don't accept anything else. Guarantee to give absolute satisfaction or money promptly refunded. The Pinex Co., Toronto, Ont.

FIFTEEN MINUTES OF RADIO EACH DAY

By Edward N. Davis
Formerly Technical Electrical Expert For U. S. Government

Lesson No. 235
CAPACITIVE COUPLING IN RADIO RECEIVING CIRCUITS.

Coupling in circuits designed for the reception of radio signals may be inductive, conductive or capacitive. Inductive coupling secures a transfer of energy between the primary and secondary circuits by utilizing the properties of the magnetic field and this form of coupling is widely used in both transmitting and receiving systems. In conductive or direct coupling the primary and secondary circuits have an inductance coil in common, the respective circuits having adjustable connections to this coil so as to regulate the number of turns in each circuit. In "capacitive" or "electrostatic" coupling the primary and secondary circuits secure their mutual electrical relation by utilizing the electrostatic field existing between the plates of a condenser.

In Figure 1 of the accompanying diagram is shown a method of obtaining regenerative action by capacitive coupling. The two variable condensers (C-1) and (C-2) each having a capacity of .001 microfarad are connected in series across the grid and plate of the detector tube and a connection made from the filament to the centre point between these condensers. The two condensers may be mounted on the same shaft and so adjusted that rotation of the shaft will increase the capacity of one and reduce the capacity of the other and at the same time the resultant total capacity of the two condensers will remain practically constant. By this means a change in the regenerative action is produced with but a slight variation in the tuning of the circuit. (C-1) is the series condenser for wave length adjustment in the antenna circuit and (C-2) the secondary tuning condenser. Regeneration is obtained by feeding back a portion of the energy in the plate circuit to the grid circuit by utilizing the coupling of the condensers (C-2) and (C-3). The resultant effect of these condensers in series corresponds to the connection of a single condenser of fixed capacity across the secondary tuning condenser which produces an increase in the minimum wave length.

In Figure 2 is shown a form of regenerative circuit containing two single layer coils (L) and (L-1) which constitute two variable inductances, the coupling between these coils being secured by the variable condensers (C-2) and (C-3). These condensers are mounted on the same shaft and each has a capacity of .0005 microfarads. The secondary circuit consists of the inductance coil (L-1) and the variable tuning condenser (C-3) which has a capacity of .001 microfarad. The variable series condenser (C-1) in the antenna circuit has a capacity of the same value. Regeneration is obtained in this receiving system by means of the "tuned-plate" method whereby the plate circuit is tuned by the insertion of a variable inductance, such as a variometer, as shown in Figure 2.

The necessary coupling, by which a portion of the plate circuit energy is fed back to the grid circuit, is secured by the capacity existing between the grid and the plate of the tube itself. Inductance coil (L) may consist of fifty turns of No. 22 cotton-covered wire wound on a tube three and one-half inches in diameter while coil (L-1) has thirty turns of No. 22 cotton-covered wire wound on a tube of the same diameter as (L).

Comparatively sharp tuning and a reduction of interference may be obtained by the use of "capacitive coupling" which also affords a rapid and easy method of changing the coupling between the primary and secondary circuits. In comparison with inductive coupling, however, this form of coupling does not give as sharp tuning and as high a degree of selectivity. (All Rights Reserved by United Feature Syndicate. Reproduction Prohibited.)

RECENT DEATHS

Michael Collins.
The death of Michael Collins, a well known resident of this city, died yesterday at his residence, 134 Britain street. He is survived by his wife. The late Mr. Collins was an employee of the New Brunswick Power Co. The funeral will take place on Sunday afternoon at 2:30 o'clock from his late residence.

Frederick H. McKiel.
The death of Frederick H. McKiel occurred early yesterday morning at 180 Princess street, after a few weeks' illness, although he had been in poor health for some years. The late Mr. McKiel at one time practiced law in this city, and was later connected with The Broadstreet Co. He was born in 1838, and was the son of the late Squire William McKiel and Emily McKiel. He is survived by three brothers, F. B. H. McKiel, of Brown's Place; Albert, of Chicago, and George, of Vancouver, and one sister, Mrs. A. Hoben, of Denver, Mass. The funeral will take place at 9:30 o'clock on Saturday afternoon from Trinity church.

Mrs. Alexander Adams.
The death of Alexander Adams, widow of Alexander Adams, occurred at her residence, 60 Gilbert's Lane, on Friday afternoon. Mrs. Adams was born in Prince Edward Island on October 5, 1841, and came to St. John when six years of age. She is survived by one son, Walter A. Adams, and three grandchildren; one sister, Mrs. Arthur Gough, resides in Dorchester, Mass.; Jacob S. and Joshua H. Wood of this city are brothers. The funeral will take place on Sunday afternoon from her late residence.

The annual service of the Knights of Pythias will be held tomorrow in Central church, arrangements having been completed by the anniversary committee. The service will be conducted by Rev. R. G. Fulton, assisted by Rev. Dr. David Hutchinson. There will be a choir of fifty male voices. The collection, which is expected to approximate \$1,000, will go to the New Brunswick Protestant Orphanage.

First to Congratulate Successor.
The Lieutenant Governor was the first to congratulate Mr. Todd on the appointment as his successor. He sent the following message without delay: "W. F. Todd, Esq., Secretary of State, received despatch from Secretary of State today informing me that your resignation as Lieutenant Governor had become effective on the 28th inst., has been accepted, and that you have been chosen as my successor. Accept my most hearty congratulations."

Retiring Governor.
The paternal ancestor of Hon. William Pugsley came from England and was one of the earliest settlers on the Croton River, New York. John Pugsley, the great-grandfather of the present Lieutenant Governor of New Brunswick, fought as an officer in the Loyalist forces during the American Revolution and soon after the declaration of peace, came to New Brunswick and settled in the Hammond River valley, Kings county. John Pugsley later returned to New York, but his son, Daniel, settled in Cardwell, Kings county. William Pugsley, the son of Daniel Pugsley, was a successful farmer residing in the vicinity of Sussex and his son, William, was born in Sussex on Sept. 27, 1850, and it was in the common schools of Kings county that he received his early education.

He continued his education at the University of New Brunswick from which he graduated with the degree of B. A. in 1868. His course at the university was a very successful one throughout. He was prizeman in English Literature in 1866; Classics in 1867 and Mathematics in 1868. In his junior year he carried off the Alumni Gold Medal for the best translation of English prose into Latin. He received the degree of B. C. L. in 1871 and that of D. C. L. in 1894.

Miss Fanny Pugsley was first married to Miss Fannie Parks, daughter of the late Thomas Parks, of this city, on Jan. 6, 1876. She died in May, 1914, and the following year he married Miss Gertrude Macdonald, of this city. There are two sons, John A., of this city, and William G., of Ottawa. He was called to the bar of the province on June 27, 1872. For ten years he was a reporter of the Supreme Court and was ap-

pointed Queen's Counsel by the Dominion government on Feb. 4, 1891. Political Career.

In July, 1855, he was first elected to the Legislature of the province in a by-election caused by the death of Dr. Vail, and he was re-elected at the general elections in 1856 and 1860. He held the office of speaker of the House from March 3, 1857 to May, 1859, when he was sworn in as a member of the executive council and appointed Solicitor-General, which office he resigned in 1862. In the general elections of 1866, he was a candidate for the House of Commons in the City of St. John, but was unsuccessful. He was again returned to the provincial legislature in the general elections of 1869 and was appointed Attorney-General in the Tweedie ministry on Sept. 1, 1900. On

Sept. 27, 1900, he was re-elected by a majority of 829. In the general elections of 1903, he was again returned and upon the appointment of Hon. L. J. Tweedie to the office of Lieutenant Governor in February, 1907, he was chosen premier.

After the close of the session of 1907 he resigned the Premiership of the province to contest in the interests of the Liberal party the seat of the city and county of St. John in the House of Commons caused by the death of Dr. Stockton, the sitting member. On Aug. 29, 1907, Hon. Mr. Pugsley assumed the portfolio of the Department of Public Works in Canada, in succession to Hon. Charles Hyman, who had resigned. This office he held until the retirement of Hon. Laurier on Oct. 6, 1911. On Sept. 18, 1907, he was elected to the House of Commons for the city and county of St. John and was re-elected at the general elections of 1908 and 1917.

The Hon. William Pugsley was appointed Lieutenant Governor of the province of New Brunswick on Nov. 8, 1918, upon the death of His Honor Gilbert White Ganong, who held the office for only four months.

The Hon. William P. Todd is the son of the late Freeman H. and Adeline Boardman Todd and was born at St. Stephen, N. B., on May 2, 1854. He was married on May 1, 1879, to Miss Ethel J. Bolton, daughter of John Bolton, who was a member of the House of Commons soon after Confederation. He has three children, Mrs. N. Marks Mills, of St. Stephen, and Misses Adeline Boardman and Mildred B. M. Todd. He was a member of the Provincial Legislature for the term beginning in 1899 and was elected to the House of Commons as a supporter of the Liberal party. In the general elections of 1911, 1917 and 1921, but was unsuccessful at the polls. He is now a prominent merchant in the town of St. Stephen. In religion he is a Universalist.

Minard's Liniment for Aches and Pains.
A horse owned by Isaac Griffith was drowned yesterday noon when snow was being dumped from the Market wharf on the West Side. The horse was being backed to the edge of the wharf and suddenly speeded up, pushing the sled over the edge. The weight of snow and sled pulled the horse over and it was sucked under by the current. An alarm from Box 114 brought the firemen from No. 6 station, but they could not save the animal.

W. F. Todd To Succeed Mr. Pugsley As Governor

Ottawa last evening notified Hon. William Pugsley, Lieutenant-Governor of the province, that his resignation as Lieutenant-Governor had been accepted to take effect the end of February and that W. F. Todd of St. Stephen had been appointed to succeed Hon. Mr. Pugsley's resignation had been submitted to take effect February 28 and the message he received last evening from the secretary of state said his request had been granted.

Hon. Mr. Pugsley in speaking of his future plans said that he would resume the practice of law in St. John as consulting counsel. "I have not lost my love for politics," he said, "but my future in that regard rests with the people." Dr. Pugsley is one of Canada's ablest lawyers and it is natural to suppose that in view of his long and successful career in law and politics that there will be a strong and insistent demand for him to again enter public life.

Frederic Veniot expressed his regret at Dr. Pugsley's resignation. The message from Ottawa was as follows: "Ottawa, Feb. 16. Hon. William Pugsley, Lieutenant Governor of New Brunswick, St. John. I beg to advise you that as requested your resignation as Lieutenant Governor of New Brunswick has been accepted to take effect end of February. W. F. Todd has been appointed to succeed you. A. B. COPP, Secretary of State.

EVERETT'S FIRE SALE

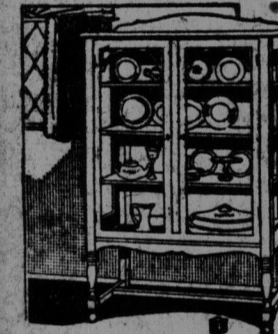

OPENS MONDAY
February 19 at 9 O'clock

Warehouse, 37 Canterbury St.

And Affords the Greatest Opportunity of the Season to Furnish Any Room in the House at Far Less Than the Regular Cost

DRESSERS AND CHIFFONIERS
Mahogany Dresser—large mirror . . . \$40
Chiffonier to match \$47
White Enamel Dresser, \$40
Chiffonier to match \$36

ODD CHINA CABINETS
We have cut extra deep to clear these during this sale.
Walnut at \$30 and \$45
Oak—Old English finish, \$35
Oak, Fumed finish, \$34

OVERSTUFFED ROCKERS AND CHAIRS
Covered all over in good tapestry. Some with extra Marshall Spring cushions. These are marked at such ridiculous prices as \$24, \$30, \$35, \$36, \$40, etc. Many of them less than half of original prices.

DRESSING TABLES
Triple Mirror, Mahogany Vener . . . \$39.00
Triple Mirror, Walnut Vener . . . \$27.00
Also large Vanity Dresses with Stool and Rocker, Gunwood, K y o n y z finish, 3 pieces for \$54

The Opportunity of a Lifetime.

Every article of the big stock which was in the warehouse at the time of fire is included in this bargain carnival, some of them were slightly damaged by fire and water, but a very large portion were not touched by either. However, we do not propose to put any of the goods in our regular stock, and have not only passed on all allowance made by the insurance companies, but are making even larger reductions than our insurance adjustment warranted in order to effect a quick clearance. The articles quoted here are only samples of the wonderful values which await you, and many more will appeal to the discerning buyer.

Our final advice is to come early, as the leading snaps are sure to be picked up by the first persons who look them over carefully.

Remember the address—
37 Canterbury Street

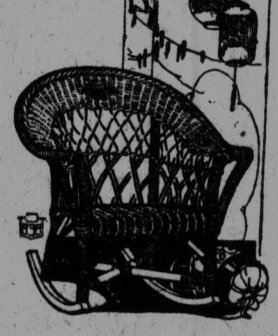

IMAGINE! A 3-PIECE OVERSTUFFED SUITE—\$125
Not for years has such a chance as this presented itself. Just think, an opportunity to furnish your living room complete with a luxurious overstuffed suite like this at such an extremely low price—Not effected in the least by fire or water.

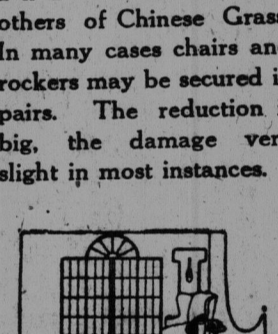

SOLID WALNUT DINING ROOM SUITE—9 PIECES FOR \$250
The very latest Louis XVI design, including Buffet 56 inches long, with mirror back, Oval Table, 45x62, when closed and extending to eight feet, large China Cabinet, five side chairs and one arm chair. A magnificent suite in perfect condition.

A FEW OF THE BEDROOM SNAPS
Large Dresser, Chiffonier and Bed, Ivory finish, 3 pieces for . . . \$85.00
Chiffonier, Wooden Bed with oval cane panel, Chair and Rocker, oak, old English finish, 4 pieces for \$85.00
Large Chiffonier and Bed, solid Mahogany, Louis XVI design, 2 pieces for . . . \$120.00
(This is the original price of Chiffonier alone.)
Bedroom Rocker, Mahogany to match above . . . \$15.00

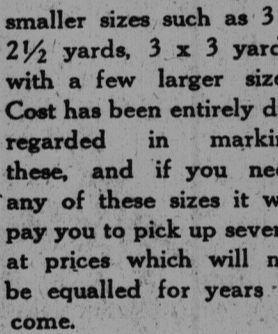

A. Ernest Everett
THE HOUSE FURNISHER
91 CHARLOTTE STREET.

WICKER CHAIRS BY THE DOZENS
Some of these are upholstered, with spring seats, some have also upholstered backs, there are many of fiber, in Ivory and Fumed finishes, others of Chinese Grass. In many cases chairs and rockers may be secured in pairs. The reduction is big, the damage very slight in most instances.

TAPESTRY CARPET SQUARES
These are mostly the smaller sizes such as 3 x 2 1/2 yards, 3 x 3 yards, with a few larger sizes. Coats has been entirely disregarded in marking these, and if you need any of these sizes it will pay you to pick up several at prices which will not be equalled for years to come.

LINOLEUM AT 40c PER SQUARE YARD
This is one of the leading features of this sale—Prices already very low have been practically cut in half, and at this price, the thousands of yards which were included in our insurance adjustment should fade away like the proverbial snowball.

Many handsome patterns to choose from, and you see just what you are getting in full rolls.

"Having constructed the plates and printed the first supplies, they made the mistake of sending out the plates to the colony with the London printed stamps. According to official records still in existence, there was only one person in the town of Auckland who was competent to print postage stamps, a J. Richardson, who printed all the stamps required in the colony until 1862, when a printing department was set up in the office of the Postmaster General. But for the accidental dispatch of the plates to New Zealand, the stamps during the first twenty years, 1835-1874, might have all been printed in London. Incidentally, this would have deprived philatelists of a most fascinating, if complicated, study of the numerous printings on various papers with freak perforations as produced in the colony.

The late Mr. Hauburg, it is stated, while on a visit to New Zealand, found the original plates, and he obtained permission to take two proofs of each plate

HITS AT HASTY MARRIAGES
Assembly Committee Discusses Bill to Delay Issue of Licenses.

Albany, Feb. 17.—The bill sponsored by Assemblyman Steinberg of New York to have three days elapse between the time application is made for a marriage license and the time the application is granted would do much to eliminate "hasty marriages" and "hasty divorces," Miss Katherine Monahan of Cohoes told the Assembly Judiciary Committee. Miss Monahan is secretary of the City Clerks' Association of the state.

The Rev. O. R. Miller, superintendent of the Civic League, spoke for the measure. He said he believed it would aid in preventing hasty marriages, which many times result in separations or divorces.

BIG LONDON STAMP SALE.
Dealers Pay \$93,000 for Finest New Zealand Collection.
New York, Feb. 16.—A striking illustration of the value of a specialized collection of postage stamps from a single country has recently been given in London in the sale for \$20,000 of the best collection of New Zealand stamps ever gathered together. At the existing rate of exchange the price was equivalent to about \$89,000. It was the famous Mann collection, well known for years to philatelists. It was started more than thirty years ago by the late W. W. Mann of Bexley, and after his death,

in 1915, was continued by his son, who sold it, Eric W. Mann, a Fellow of the Royal Philatelic Society, Incorporated in London, which the firm had good collections formed by the late L. L. R. Hauburg, M. P. Castle, A. T. Bate

and the pick of the late Earl of Crawford's stamps.

The London stamp firm of Stanley Gibbons, probably the largest dealers in the world, was the purchaser. Fred J. Melville, the English stamp authority, says that the collection is incomparable in size, completeness and condition. He expressed regret that so complete a record of New Zealand's stamps should now be broken up, but the price paid, he says, "is strong evidence of the solid foundation upon which philately now rests."

MUTT AND JEFF—IT WAS A SNAPPY TRY-OUT

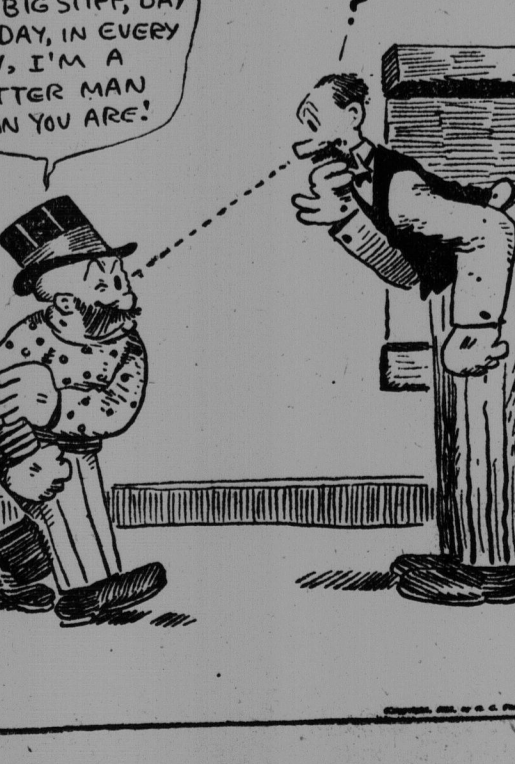

"I'M USING AUTOSUGGESTION ON MY UNCONSCIOUS MIND TO DEVELOP A PUNCH THAT WILL MAKE EUGEN DEMPSY JEALOUS! AND THEN I'M GONNA GET EUGEN WITH MUTT FOR ALL HE'S DONE TO ME!"

"DAY BY DAY, IN EVERY WAY, I'M GETTING BETTER AND BETTER! ONE SOCK ON THE BEAK AND MUTT'LL LAY IN THE HOSPITAL A WEEK!"

"DAY BY DAY, IN EVERY WAY, MY PUNCH IS GETTING BETTER AND BETTER! NOW I'LL GO IN AND FIX MUTT!"

"YOU BIG STIFF, DAY BY DAY, IN EVERY WAY, I'M A BETTER MAN THAN YOU ARE!"

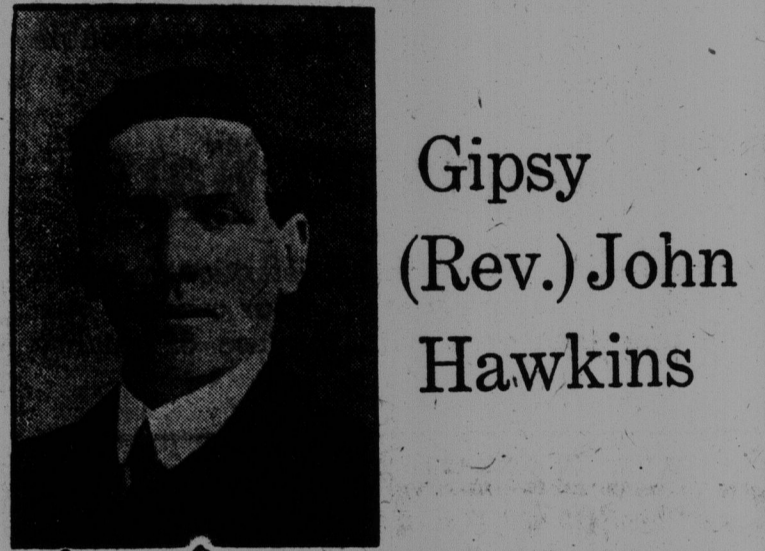

"DAY BY DAY, IN EVERY WAY, I'M STILL OUTCLASSED!"

Lesson Sermon Sunday, 11 a.m. Subject, "SOUL." Wednesday evening meeting at 8 o'clock. Reading room, Church edifice, corner Carleton and Peel streets. Open week days 8 to 9 p.m., except Saturday, 7 to 9 p.m.

TRY SULPHUR ON AN ECZEMA SKIN

Costs Little and Overcomes Trouble Almost Overnight. Any breaking out of the skin, even itchy, itching eczema, can be quickly overcome by applying Mentho-Sulphur. It is a germ-destroying preparation. Because of its germ-destroying properties, sulphur preparation instantly brings ease from skin irritation, soothes and heals the eczema right up and leaves the skin clear and smooth. It seldom fails to relieve the torment without delay. Sufferers from skin trouble should obtain a small jar of Rowles Mentho-Sulphur from any good druggist and use it like cold cream.

LEGLESS BOY HAPPY.

Still Able to Play Marbles, He Says at Birthday Party. Atlantic City, N. J., Feb. 17.—Although both legs are severed above the knees, little Jimmie Dunn, son of Thomas Dunn, a film operator of 114 North South Carolina avenue, had a happy birthday celebration this week in the City Hospital. He is eleven years old. With several companions, the boy was playing "follow the leader" on the platform of trolley cars, when he slipped and fell under the wheels, a few days ago. "Well, I am not blue at all over my condition," Jimmie said. "When I get up and wheel around in a chair, I'm still able to shoot marbles and play lots of games. There's a lot of fellows worse off than me and I've lots to be thankful for."

KEEP YOUR HEAD.

(Guelph Herald) There is plenty of sickness throughout the city just now, but there is no occasion for imagining that every little complaint or cold involves serious danger to the well and healthy. Fusing over "what may happen" is liable to make as many people sick as disease will, and the thing to do if you have a cold or feel indisposed is to exercise common-sense, and, if necessary, call a doctor.

FISHING TRIP PLANS FOR MISS CANADA

Miss Blair Accepts Invitation of W. Harry Allen—Yesterday with the Queens

Miss Canada has accepted an invitation to go on a fishing trip with W. Harry Allen as her guide. The trip will be taken at the end of May. She received the invitation last evening while attending the Sportsmen's Show in St. Malachi's hall. A letter was received by Miss Canada last evening from Mrs. Allister McMillan of Doltonstown, N. B., who, as Miss Frances Kinney, was Miss Canada's first school teacher. Mrs. McMillan offered congratulations and referred to earlier associations. Miss Canada also received a letter from J. K. Fleming, a former premier of the province, extending congratulations and referring to her devoted subjects. In the morning she visited the Lancaster Hospital and the soldier patients were overjoyed to welcome and honor her. She spent the morning pleasantly and was well entertained. In the afternoon she attended the Sportsmen's Show, where she was delighted with the programme and still more delighted with her invitation to go fishing. With Miss McMillan, she went to the hockey match at the Arena in the evening. Miss Halifax, dropping her official title and assuming her own name of Mrs. Ora P. Doherty, left on the evening train for Montreal and her official chaperone, Mrs. Ernest Gilman, returned to Halifax. The party to go on the fishing trip will consist of Miss Canada, her mother, Mrs. Blair, and Mr. and Mrs. W. H. Golding. The trip will be made by canoe from Fredericton and there will be four night stops before the camping ground is reached. Pictures taken on this trip will be used by Mr. Allen in his American propaganda on behalf of New Brunswick as a sportsman's paradise, and it is a without possibility that he will be accompanied on some of his lecturing trips this year by his own fair national representative. The first overseas message of congratulation to Miss Canada was yesterday. It was a cablegram from Belfast sent by Jack Keefe, of the C. P. The arrival of the fire apparatus mounted Waterman's fountain pen which was presented by the agent of the company in St. John. The agent also presented to Miss Halifax on her departure for Montreal to visit friends a beautiful bouquet.

NEIGHBORHOOD "MOTHER" SPOOLED IN HER BED

New York, Feb. 17.—"Old Mother" Peters made a precarious living by minding children while their parents went to the theatre or some affair in the evening, was found dead in her three-room apartment in the basement of a five-story house at 211 East 67th-street, New York. She died of suffocation. Mrs. Peters was sixty years old and a widow. She was apparently overcome while fighting a fire which started in her bed. She was in the habit of burning a candle in a tin can in a rag, and placing them in bed to keep her warm at night. One of the iron brackets which she burned into the bed clothes and started the mattress to smoldering. The arrival of the fire apparatus frightened the rest of the tenants into quitting the building with what belongings they could gather together.

TWINS AT 90 ARE SAID TO BE OLDEST IN ENGLAND

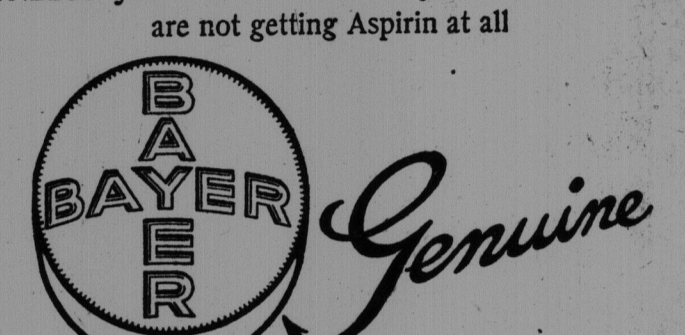

London, Jan. 20.—(By mail).—Said to be the oldest twins in the country, Mark Gunn and Matthew Gunn celebrated their nineteenth birthday at Brighton the other day. Mark, who is living with his eldest son, himself seventy years old, at Hanover street, is still hale and hearty. Matthew was also in fine physical condition, three months ago when he had a fall and fractured his thigh. He is still in bright spirits and hopes soon to be out of the hospital. The twins are the only surviving members of a family of eleven children born to their parents in 1804. The other members of the family went to various parts of the country the twins carried on their father's business for more than thirty years. A London Daily Mail reporter who called on Mark found him bright-eyed and happy but for his regret that he could not be with Matthew. Minard's Liniment, Lumberman's Friend. It is said that Miss Banks of Rotheray won the prize at the carnival at the Arena on Thursday for the best impersonation costume as the "Queen of Hearts." The winner left the rink unknown before the prize could be presented to her.

MOTORMAN'S NERVE SAVES LAD'S LIFE

Stanley Runkton, a small newboy, living at 83 Acadia street, was swept under a street car in Main street on Thursday afternoon, and had a very narrow escape from death. He was standing on the curb in Main street when a man on the opposite sidewalk whistled for a paper. The youngster dashed across the street, but when part way across saw that a street car, No. 122, operated by Motorman S. S. Kennedy, 107 Carmarthen street, was almost on top of him. He turned to retreat his steps, but slipped and went under the car. The motorman quickly applied his brakes and reversed the power, bringing the car to a sudden stop. When pulled out from under the car the lad seemed more concerned about the loss of his papers than anything else, but a quarter given him by a kindly gentleman soon righted matters. Those who witnessed the occurrence said that the lad undoubtedly owed his life to the quick action and cool head of the motorman.

ASPIRIN

UNLESS you see the name "Bayer" on tablets, you are not getting Aspirin at all

Accept only an "unbroken package" of "Bayer Tablets of Aspirin," which contains directions and dose worked out by physicians during 22 years and proved safe by millions for

SHOWS JURY HER INJURED ANKLE, GETS \$500 DAMAGES

New York, Feb. 17.—After she had removed her shoes and stockings to show the difference between a swollen ankle and a normal one, a jury in the Hudson County Circuit Court, Jersey City, awarded Miss Mary L. Bates of 42 Third street, Weehawken, \$500 damages against the Public Service Railway Company of New Jersey. The complainant, who sued for \$10,000 damages, testified that she had fallen out of a weehawken trolley car on June 21 last and had sustained serious injuries to her left ankle which had not yet healed. After a glance at the injured member, the jury made the award.

Relieves Promptly: Coughs, Colds, Bronchitis, Grippe, Whooping Cough, &c.

MATHIEU'S SYRUP is a sovereign tonic combining the curative properties of TAR and the strengthening virtues of the COD LIVER EXTRACT. Colds when neglected or wrongly treated give rise to consequences of such a grave character that you should not risk using inferior preparations. Insist on "MATHIEU'S SYRUP"

Mathieu's SYRUP OF TAR & COD LIVER EXTRACT STOPS COUGHS

If your cold is feverish and your head, back and limbs ache, Mathieu's Nervine Powder will relieve the fever and help a natural, restoring sleep. 25c a box. 2-21

IF SICK, TAKE "CASCARETS"

Clean Your Bowels! End Headache, Biliousness, Colds, Dizziness, Sour, Gassy Stomach.

To clean out your bowels without cramping or overacting, take Cascarets! Cascarets never sicken or inconvenience you from sick headache, dizziness, biliousness, colds, bad breath, a sour, acid, gassy stomach, constipation. One or two Cascarets, any time, will start the bowels acting. When taken at night, the bowels work wonderfully in morning. Cascarets never sicken or inconvenience you on next day like pills, calomel, salts, or oil. Children love Cascarets too. 10 cent boxes, also 25 and 50 cent sizes. Ask your druggist.

MOTHER, INSIST ON GENUINE "CALIFORNIA FIG SYRUP"

Say "California" to Your Druggist and Refuse any Imitation of this Harmless Laxative for Children

When your child is constipated, bilious, irritable, listless, or full of cold, a teaspoonful of "California Fig Syrup" will quickly start liver and bowel action. In a few hours you can see for yourself how thoroughly it works the sour bile and undigested food right out and you have a well, playful child again.

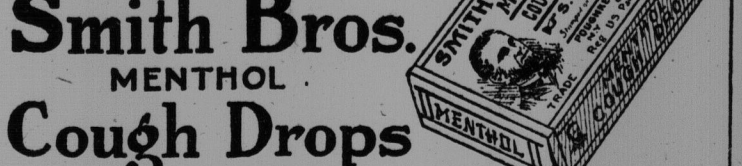

Millions of mothers keep "California Fig Syrup" handy. They know a teaspoonful today saves a sick child tomorrow. It never cramps or overacts. Ask your druggist for genuine "California Fig Syrup" which has directions for babies and children of all ages printed on bottle. Mother! You must say "California" or you may get an imitation fig syrup.

LOCAL NEWS

TO GYRO CONVENTION Stanley Rankine will leave this evening for Milwaukee, Wis., to attend an international gyro convention. He will be away from the city for about two weeks.

WAS AMONG WINNERS In the morning list of the winners at the Dog Show the name of W. M. Barlow's puppy spaniel was omitted from the list. In this class "Bobby", as the puppy named, got a first. Besides getting a first, Mr. Barlow's dog was winner of the class.

PENDER'S THE ONLY ONE W. F. Knoll, manager of James Pender & Co., Ltd., this morning issued a statement denying a published report that the Maritime News Works were controlled by the British Empire Steel Corporation. Mr. Knoll said that his firm was the only one in the city that was included in the organization of the British Empire Steel Corporation, except the local discharging plant of the Dominion Coal Co., Ltd.

BROTHER AND SISTER DEAD Frederick has received word from Ottawa telling of the death there of Arthur Glaser, of Lincoln, Sunbury County. He was about seventy-seven years of age and had held the office of sessional clerk in the House of Commons for about fifty years. At one time he represented Sunbury in the New Brunswick Legislature. Miss Blanche Blah, his sister, who accompanied him on his last visit to Ottawa after his last visit to Fredericton, died only last Wednesday.

FIFTEEN DEATHS There were fifteen deaths recorded this week at the office of the Board of Health from the following causes: Pulmonary tuberculosis, two; senility, intussusception, quinsy, myxoma, carditis, sarcomatosis, tumor of brain, broncho-pneumonia, cancer of bladder, cardiac decompensation, delirium tremens, poisoning (wood alcohol), carbolic acid (self-inflicted), one each. There were four marriages and two births—eleven girls and eleven boys.

THE SPORTSMEN'S SHOW L. A. Gagnon, chief game warden in behalf of the Department of Lands and Mines, Fredericton, desires to extend thanks for the co-operation and assistance given him at the Sportsmen's Show during the week by the Carnival at Westcombe, especially R. D. Paterson, F. W. Kelly and C. A. Owens; also the Pythian Castle Ltd., who loaned the hundred chairs free of charge. The general support of the public is also highly appreciated.

FOUND LYING IN SNOW One arrest was made yesterday and last evening by the police. About five o'clock yesterday afternoon a telephone call from a resident of Prince Edward street informed the police headquarters that a man was lying apparently drunk in an alley. When the police got there the man was found in the snow. Fortunately he was revived before he had been there long or otherwise the cold weather might have proved fatal. In the police court this morning he admitted that he was a married man and had nine children. He was subject to a severe jaundice and the magistrate, in answer to a request questioning the man first said that he bought a bottle of brandy for \$8 from a friend in Prince Edward street. Later he said he secured his supply from a man traveling around with a suitcase. According to the police the man had been drinking lemon and was in bad shape when arrested, not only from the effects of what he had been drinking but also from the cold.

DELEGATION FOR OTTAWA NAMED

Mayor Fisher late yesterday afternoon received a telegram from Hon. A. B. Cope, secretary of state, conveying an appointment for the St. John delegation to Ottawa to meet the cabinet on the afternoon of February 22. The delegation will leave here on Wednesday, February 21. The personnel is as follows: Commissioner T. H. Bullock and Commissioner R. W. Wigmore, representing the Common Council; G. Ernest Barbour and R. E. Armstrong, president and secretary respectively of the St. John Board of Trade; H. C. Schofield and D. W. Ledingham, representing the shipping interests; Hon. W. E. Foster and W. E. Scully, M. P. P. In addition there will be, it is expected, two other members whose names have not yet been announced. Premier Veniot also is expected to be present.

LATE SPORT NEWS

FRENCH RIGHTS IN SASKATCHEW Montreal, Feb. 16—Manager Leo Dandurand, of the Canadiens, has wired the management of the Ottawa hockey team asking that the fixture scheduled to be played Saturday between the two clubs, be postponed owing to injuries sustained by Georges Vesina, goal keeper for the Frenchmen. Odie Clegg is also on the sick list. If Ottawa insists on playing the match, an effort will be made to replace Vesina by Ray Mirvold.

Zanesville, Ohio, Feb. 17—Jock Malope, St. Paul middleweight, defeated Johnny Herman of Brooklyn, in a 12-round bout here last night, in the opinion of newspaper men. New York, Feb. 17—Jesse Willard left today for a twenty day theatrical tour through the middle west. Willard, who has been signed to meet Floyd Johnson, Iowa heavyweight, at the Yankee Stadium here, on May 12, will open his training camp when he completes his engagement.

HANGED HIMSELF AT BIER.

Paris Workman Saw His Six Children Die of Hunger.

Paris, Feb. 17—Broken-hearted to see the sixth and last of his children die because he was unable to provide sufficiently for them, Henri Chartier, a metal worker of Saint Denis, hanged himself at the bier of his daughter. The death of the six children occurred at intervals during the past four years as the high cost of living decreased the family budget. Conscious of his failure, Chartier commenced to brood, with the result that several months ago he became incapacitated for work. This week Chartier, his favorite and last child, succumbed to tuberculosis, and while his wife was out to seek help of the neighbors, the man wrote a letter explaining his act and with a flannel belt hanged himself from a post of the bed on which lay the body of his daughter.

MAY PLAY OFF IN ST. JOHN NEXT WEEK

Mt. Allison Ready for Deciding Games in Intercollegiate Hockey Title—Negotiation With Acadia—Late Sport News.

(By Canadian Press) Fredericton, N. B., Feb. 17—Mt. Allison University have announced their willingness to enter a play-off for the championship of the western section of the Maritime Intercollegiate Hockey League and the right to play for the Sumner trophy and also to meet the winners of the eastern section of the Maritime Intercollegiate Hockey Championship. Manager Hagerman of the U. N. B. team received word to this effect from Seckville today and Mount A's management are carrying on negotiations with Acadia University, who declined to enter a play-off last year and have shown some disinclination this year. With U. N. B. and Mt. A. in accord it was said today that they would play-off if Acadia did not enter their rights.

THREE FAMILIES HOMELESS AFTER MORNING FIRE

A serious fire broke out in a house owned by E. A. Kierstead in Chesley street about eight o'clock this morning and drove three families into the cold. The building is a three storey wooden structure and proved a real fire trap. The flames which spread with great rapidity, several of the occupants barely escaping with their lives. The fire is said to have started from a chimney between the walls. An alarm was immediately rung in from box 322 and the North End apparatus made a quick response. No difficulty was experienced in getting to the scene of the fire by the department. Despite a stubborn fight by the firemen the building was completely gutted, the interior being badly damaged. Few things were saved by the occupants. The house was occupied by the families of George Estey, J. J. Haines and Frank Howland. All suffered heavy losses, with only part insurance being a slight consolation. The loss is particularly a big loss and is only partially covered by insurance. The loss is roughly placed at \$6,000. The total loss suffered by the occupants placed between \$2,000 and \$3,000, with only about \$1,000 insurance.

WINNERS IN THE SLIDING CONTEST

Hundreds of kiddies, both boys and girls, all under sixteen years of age were out en masse this morning at 11 o'clock on Carnarvon street hill at competitors in the sled sliding competition. The affair was well attended by both young and old and the children especially had a splendid morning's fun. Many trial heats had to be run in order to give the many entrants a chance to show their wares. The hill was in fine condition and while no time was made for the distance of the slide it was readily admitted that all records were by the board. Four sleds were used in each heat while F. G. Spencer, I. Isaacs, Charles Warren and James McKinley assisted in keeping the course clear which by no means was an easy job. The little Princess made her appearance at the top of the hill at 11 o'clock. Miss Canada was able to attend and formally open the competition owing to a slight indisposition so the Princess went down the first slide alone on a fast "double runner" of James McKinley. The winners of the events this morning were: boys, 1st, Bliss Riecker; 2nd, R. Gregory, and 3rd, Charles Swanton. Girls, 1st, Margaret Chandler and 2nd, Edith Saunders. Little Miss Alba Black won both by a wide margin. The other winners were awarded their places as the finish line was crossed.

WARNS OF NEW TAXATION FOR ONTARIO PEOPLE

Hamilton, Ont., Feb. 17.—Hon. G. Howard Ferguson, leader of the Conservative opposition in the Legislature, in an address here last night criticized the Drury government for "extravagance with the public money" and direct taxation might be nearer than many thought. "You do not know about it," he said, "but fifteen new methods of taxation have been devised."

SKATERS FOR MONCTON.

Moncton Transcript.—The entries of St. John skaters for the Provincial indoor skating championships, to be held in the Bras Rink on Friday afternoon and evening, Feb. 23rd, under the auspices of the local Y. M. C. A., have been received. These entries include Charlie Gorman and Frank Garnett, both of which have one win on the Eaton trophy. Willie Logan, who has been going so strong in the 16-year-old class on the big circuit, is also entered. It is understood that the St. John officials who attended the meet last year, will also be on hand next Friday. The extended ice surface should give the skaters a chance to make faster time than was made last year.

UNANIMOUS VOTE NOT NECESSARY

J. M. Trueman Believes Majority of City Council can Order Debenture Issue for Hydro.

The Civic Power Commission this morning asked J. M. Trueman for a legal opinion of the powers of the City Council in regard to the issue of debentures for hydro. The point was raised in the Council yesterday that a vote must be unanimous. Mr. Trueman dissents from that view. His opinion is as follows: February 17th, 1923. The Secretary of the Power Commission of the City of St. John: Dear Sir: With reference to the point raised at the last meeting of the Common Council, as to the necessity for the unanimous vote of the Mayor and Commissioners for an issue of debentures for the purchase of the work now being carried on by your commission, at your request I have looked carefully into the status affecting this issue and have come to the conclusion that a unanimous vote of the Mayor and Commissioners is not necessary.

I base my opinion on the fact that section 21, sub-section (1) of the Act of 1912 providing for the government of the City of Saint John by an elective commission affects only debentures issued under section 29 of 42 Victoria, Chapter 27. The words of such sub-section of section 21 are as follows:— "21. (1) For the issue of debentures under section 29 of 42 Victoria, Chapter 27, the unanimous vote of the Mayor and each of the Commissioners shall be required instead of the consent by vote of two-thirds of the members of the whole Council, as required by the said section, except in case there shall be not more than one vacancy in office at the time of taking such vote, in which case, if notice of motion for the issue of debentures under the said section shall have been duly given before the occurrence of the vacancy, the consent by vote of all the remaining members of the Council shall be sufficient to authorize the issue of debentures." This section definitely refers to the issue of debentures under this Act (the Union Act so called) and this Act only. It does not say that all debentures must be issued in this manner.

The Act passed in 1909 described as "An Act for the Generation and Distribution of Electric Power" gives a new and distinct authority to the City of Saint John to issue debentures. Section 28 of said Act says: "28. A municipality having a consents under this Act with the Commission may, under this Act and the real and personal property, and erect, construct and operate works for the transmission and distribution of electrical power or energy in the municipality and issue debentures for any of the purposes mentioned in this clause. (2) Subject to the construction of the works and the control and management of the same to a Commission to be called "The Power Commission" of the City of Saint John." This money was asked for by your Commission for the purposes provided in this Act, and I do not believe that an unanimous vote is necessary to authorize these debentures.

AN IMPORTANT MEETING MONDAY

A meeting of those interested in the possibilities of export trade from Canada, and more especially from the Maritime Provinces, will be held on Monday afternoon in the Board of Trade rooms at 11 o'clock. The Canadian Manufacturers' Association. The matters to be discussed are not confined to manufactured goods, but apply to all Canadian products which it would be possible to successfully export in any part of the world. These being the movement behind the meeting wish to arouse a greater interest in this important question by bringing home to the people the need for foreign markets for Canadian goods. W. Shivers Fisher will have several points to call attention to, and H. E. Thompson, secretary of the association, who is now in the city, will probably bring up some more. One of the principal speakers will be W. J. Egan, Canadian Trade Commissioner for South Africa, who is coming here from Montreal on Monday to address the meeting. A. D. Ganong of St. Stephen will be among those present.

ANOTHER MAN OF PROMINENCE IN LIQUOR CASE

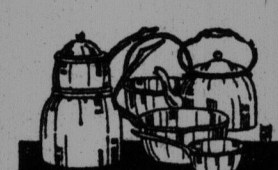

New York, Feb. 17.—Munson G. Shaw, liquor importer and member of the fashionable racquet and tennis clubs, who was arrested on Thursday night, charged with conspiracy to violate the Volstead Act, was yesterday released in \$3,000 bond. Four other men, arrested in connection with the same case, were released in \$25,000 bonds each. The charge against Shaw and the other four involved the sale of fifty cases of whiskey to bootleggers.

REPORTS INNER ST. ANDREWS HARBOR BLOCKED

After clearing the ice out of Black's Harbor, the C. G. S. Laurentian went this morning to St. Andrews by way of North Head to make a second attempt at opening an entrance there. She was able to get as far as the railway wharf, but could not make any progress whatever in the inner harbor. The captain reported that the inner harbor was choked full of ice and the surface was frozen solid. He recommended that the Aberdeen should not be sent there, as the ice was too thick for her.

TO RESIDE IN MONTREAL Fredericton Mail.—Donald Finmore of this city will leave Saturday evening or Monday for Montreal where he will make his home in the future. Mrs. Frank Edwards, one of his sisters, has been in that city for several years. Mr. Finmore has been a prominent member of the Imperial Baseball Club and will be greatly missed in Fredericton.

Aluminum Cooking Utensils

There are few housekeepers who do not know how desirable Aluminum Ware utensils are to cook with—they heat quickly—they are easily cleaned—there is nothing to chip off—no trouble to keep bright.

Our "DURO" Aluminum Ware

is extra heavy, which insures lasting service and satisfaction. Add a few pieces of this well-known Aluminum Ware to your cooking outfit and enjoy the satisfaction that goes with the use of quality merchandise.

FARRAR GIVES EVIDENCE IN HER DIVORCE ACTION

New York, Feb. 16.—Geraldine Farrar made her first appearance recently as plaintiff in her divorce suit against Lew Tellegen before Thomas H. Mahoney, referee, in the latter's office at 100 East Forty-fifth street. She was asked twelve formal questions establishing her legal status as plaintiff in the case by Alvin Untermyer, her counsel, who announced that there would be no further examination of Miss Farrar at the proceedings.

Accompanied by a private detective who shouldered photographs out of the way, and with the chinchilla collar of her broadtail cape drawn up so as to conceal her face, Miss Farrar stepped briskly into Mr. Mahoney's office at 11:50 and waited in a private room while Mr. Untermyer and Arthur E. Schwartz, counsel for Mr. Tellegen, conferred with the referee. It was then announced that Mr. Mahoney, in accordance with the recent decision of Justice Daniel F. Cohalan of the Supreme Court, had decided to open the hearings to the public, and the reporters were ushered into the hearing room where Miss Farrar appeared after a brief interval.

To the annoyance of the camera men who formed a small battery ready to open fire with their flashlights at one end of the room, Miss Farrar kept her collar well up while she answered the questions put to her by Mr. Untermyer in a low voice.

After questions as to her name, ad-

dress, date and place of her marriage to Mr. Tellegen she was asked if she had verified the complaint in the divorce proceedings she had instituted and replied "Yes." She was then asked if she had condoned the alleged acts of infidelity committed by her husband, and replied "no." She also replied in the negative to the question as to whether five years had elapsed since she discovered that alleged acts committed by her husband as set forth in the complaint.

Asked whether there was any judgment or decree in any court of any state relative to divorce proceedings in favor of Mr. Tellegen, she replied again "no," and Mr. Untermyer said: "This ends the examination of Miss Farrar. I have no other witnesses. Live in the outer office. The battery of camera men broke into individual units and succeeded in heading her off before she reached the elevator, where a number of flashlights were taken.

DEATH FOR BRIBE-TAKERS

42 Sentenced in Russia Within the Last 3 1/2 Months.

Moscow, Feb. 17.—(Associated Press)—Forty-two persons have been sentenced to death and 1,262 to various terms of imprisonment as an outgrowth of a three and a half months' campaign against bribery in Russia, according to an announcement made today by Nikolai Vassilovitch Krylenko, prosecutor in the Supreme Revolutionary Tribunal.

Krylenko said that in the period from Oct. 10 to Jan. 29, 2,988 bribery cases were brought before the court, of which 1,173 had already been tried. In the cases decided, of the 2,988 prisoners accused 1,772 were found guilty and 676 acquitted. Most of those found guilty were sentenced to from one to five years' imprisonment, although some received sentences up to ten years. A number of minor offenders were merely deprived of citizenship. Hundreds of other cases are yet to be tried.

In addition, said Krylenko, 3,882 Soviet employes had been dismissed for accepting bribes, the largest number of them being transport workers. Special regulations permit the conviction of bribe-givers and of persons having knowledge of others having received bribes, as well as of bribe-takers.

Bad Breath

Is Usually Due to Constipation

When you are constipated, not enough of Nature's lubricating liquid is produced in the bowel to keep the food waste soft and moving. Doctors prescribe Nujol because it acts like this natural lubricant and thus replaces it.

GIMME TIME

BECAUSE of the many requests from Stroller Limerick Writers for more time the manufacturers of this popular brand of Cigarettes have complied with their request.

THE STROLLERS LIMERICK CONTEST

Is Extended Two Weeks

This places the closing of the contest at February 28th instead of February 15th, as was originally announced.

Positively no Limericks will be considered that bear a later postmark.

Announcement of winners will be made March 15th. Take advantage of this two weeks' extension and take another crack at the big list of Stroller Cash prizes amounting to five hundred dollars. Ask your tobacco dealer for rules governing the contest. Mail all Limericks direct to:

TOBACCO PRODUCTS CORPORATION OF CANADA, LTD.
88 Cathcart St. Montreal, Que.

POLICE ROOKIE SUBDUES ARMED BANDIT WITH FIST

"Lord, if Thou wilt, Thou canst 'em make me clean," Mark Christ's compassion and reply—

New York, Feb. 16.—Detective "Bill" Korbelt quit the Police Department in December, 1921, after trying it out for nineteen months.

"Not enough excitement," Korbelt said, and joined the Fire Department. A few weeks ago he resigned from the Fire Department and applied for reinstatement as a policeman.

"There's more doing with the cops than with the smoke eaters," he said. "Maybe one of these days something will happen."

JACKSON-CORBETT REFEREE DIES ON THE COAST

San Francisco, Cal., Feb. 16.—Hiram B. Cook, internationally known thirty-five years ago as a referee of championship boxing contests, died at his home here recently at the age of seventy-six. He had been bedridden eight years.

Cook started in the sport game as a manufacturer of boxing gloves and punching bags. One of the most famous ring battles refereed by Cook was a sixty-one-round fight between Peter Jackson and James J. Corbett. Cook called it a draw.

A PROFITABLE PROFESSION FOR WOMEN

Paying from \$30 to \$45 a month and living while in training

McLean Hospital Training School for Nurses offers a three years' course in the care and treatment of nervous and mental diseases, with affiliations that also offer training in medical, surgical and obstetrical work. Instruction consists of lectures and practical work on the wards. Board, room and laundry are furnished and an allowance of \$30 per month for the first and second years, and \$45 per month for the third year. This course is open to young women who have had one year or equivalent in high school. Entrance at any time during the year. For information apply at once to

MISS HELEN C. SINGLAIR, R.N., Supt. of Training School, Waverley, Massachusetts

MALTA FEVER IN ARIZONA

Epidemic of the Disease Appears—First Reported in 1905

New York, Feb. 16.—An epidemic of Malta fever appeared for the first time in this country in Phoenix, Ariz., last summer. More than thirty cases were positively diagnosed, and doubtless many others occurred. G. C. Lake, assistant surgeon, United States Public Health Service, who was detailed to investigate the outbreak in co-operation with local authorities, says it resulted from the sale of goat's milk by a high-class dairy. He adds that practically all of the indigenous cases previously reported in this country were directly connected with the goat-raising industry. Two deaths resulted in patients already more or less invalided by other infections.

"From information obtained from Arizona state authorities and various physicians," says Dr. Lake, "we are certain that Malta fever has occurred in several widely separated areas of the state. We wish especially to mention a series of five cases occurring near Phoenix in 1908, as they constitute the first that occurred in the state in which we could get a history. These cases were attended by Dr. H. K. Beauchamp and from his account of them and an almost classical description of his own illness, we are convinced that these cases were Malta fever, and that the disease has been in Arizona for at least fourteen years."

"Two of the other four cases had left the state, but are known to be in good health. One died in 1909, probably from the disease, and one was killed in the late war. It is interesting to note that two of them, after suffering from the disease for several months, in Arizona, being told by their physicians that they might have tuberculosis, 'went home to die' one to Missouri, the other to Oklahoma, but instead of dying both recovered completely after six months."

The first case known to have originated in the United States was reported in 1905 by Colonel C. F. Craig, Medical Corps, United States Army. The patient was a nurse who contracted the disease in Washington, D. C., probably from nursing infected soldiers. Col. Craig also reported nine other cases among soldiers returning from the Philippines. Six years later, Thomas L. Ferenbaugh of the Army Medical Corps reported five cases in Texas. Investigation at that time revealed that in all probability the disease had been present in Texas for twenty-five years. Tests on 128 goats showed 19.4 per cent positive for Malta fever.

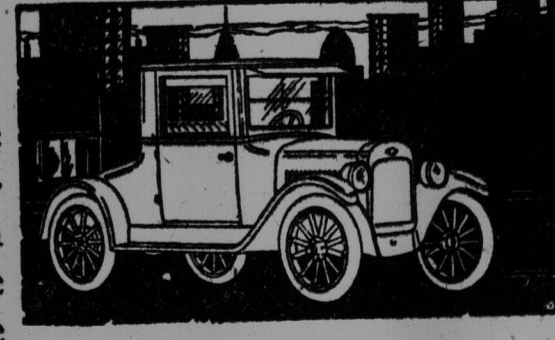

Dr. Lake draws these conclusions from a study of the disease and reports of cases in the past. Conditions favorable for the existence and spread of the disease are present in all of the Southwestern States. The fever is probably endemic in certain districts of the southwestern part of the United States and in some parts of Mexico. It is extremely difficult to recognize the disease early in the course of an outbreak from clinical symptoms alone; usually the possibility of its presence is not considered, and laboratory tests are not made for some weeks.

The prohibition of the sale of goat's milk in cities where an ample supply of cow's milk is available should be seriously considered by health officers. Where necessary to allow the sale of goat's milk to obtain fresh milk, efficient pasteurization under constant supervision by health authorities should be required.

The 1923 Chevrolet is Even Better Than Ever Before

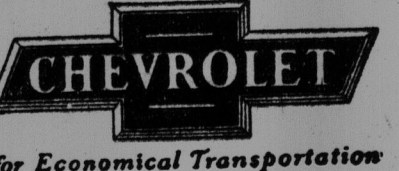

In 1922 Chevrolet astonished the world by producing a car of remarkable quality at its extremely low price. The 1923 Chevrolet is even a better car because 67 distinct improvements have been made in it.

The same sturdy quality of construction that characterized the 1922 Chevrolet has been retained—the new strong spiral gearrear axle, the sturdy chassis, the improvement in front axle assembly, the world's most economical motor, etc.

follows: 2-passenger Roadster \$695; 5-passenger Touring \$710; 2-passenger Utility Coupe \$910; 5 passenger Coupe \$1115; 5-passenger Sedan \$1125. All prices f. o. b. Oshawa, Ont. Government tax extra. Ask about the G.M.A.C. plan of deferred payments.

And to these have been added new features that make the 1923 Chevrolet a truly astonishing value. The prices of the new 1923 model Chevrolets are as

C. VANDERBILT CONFIRMS REPORT OF ENGAGEMENT

(New York Times)

The engagement of Reginald C. Vanderbilt to Miss Gloria Morgan, reported in The New York Times last Friday, was confirmed by Mr. Vanderbilt last night after three days of silence, during which various forms of denials were put forth by servants in the Vanderbilt home.

At his home at 12 East Seventy-seventh street Mr. Vanderbilt said that earlier affirmations of denials, purporting to have come from him and which were published in several evening newspapers, were false. He said that he had made no statement of any kind.

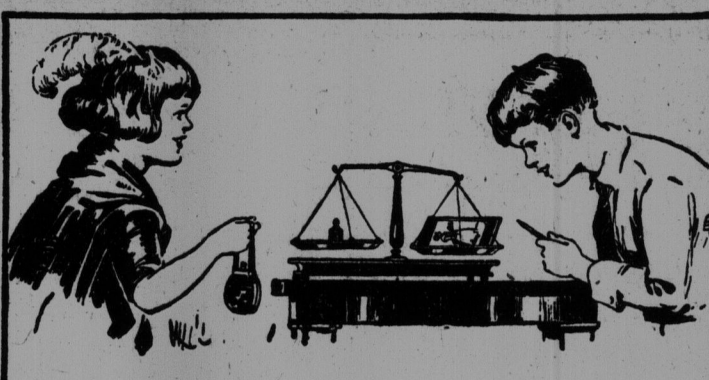

"I wish to confirm my engagement to Miss Gloria Morgan," he said. "Our wedding is to take place in the near future and details of the ceremony will be sent to the newspapers in due time. No previous announcement of confirmation of the engagement was made, due to the fact that we did not receive the consent of Miss Morgan's parents until today."

There was no further statement made

by Mr. Vanderbilt on the date of the wedding, but one apparently in a position to know said at the time the engagement was reported that the ceremony then was scheduled for next Saturday at the Vanderbilt home, Sandy Point Farm, Portsmouth. It could not be ascertained last night whether these reported plans would be carried through. Despatches from Newport last night indicated that Mr. Vanderbilt's friends there had not yet been informed of the date of the ceremony, although they said it would take place at the Rhode Island city or at the farm.

It was pointed out in Newport that under the laws of Rhode Island, Miss Morgan would have to appear there and personally obtain her license five days before the date of the wedding. This means that for a Saturday wedding, she should have gone to Newport yesterday, whereas she was still staying with Mrs. Glenn Stewart at the Hotel Marguery, 370 Park avenue.

Locally, it was ascertained that the accommodations which Mr. Vanderbilt reserved aboard the White Star liner Olympic, which sailed on Saturday, and which he subsequently cancelled, has been taken for the Majestic. This steamer is scheduled to sail for Europe on March 10. Mr. Vanderbilt's accommodations consist of a sitting room, bedroom and private bath. They are located on B deck. The White Star Line charges \$4,000 for accommodations such as reserved by Mr. Vanderbilt. Mr. Vanderbilt is 43 years old and

YALE STUDENTS WANT MORE POWER

They Advocate Voluntary Class Attendance and Object to Compulsory Religious Worship.

New Haven, Conn., Feb. 16.—Efforts to obtain more student government at Yale are being continued. Resolutions which were submitted to the College Student Council recently were made public, and university publications are giving space to letters and comment on the question of greater freedom for the undergraduates in the academic department.

One resolution advocates a "system of voluntary class attendance," with unlimited cuts for undergraduates whose average mark in studies has been above seventy per cent. Another resolution urges the discontinuance of compulsory attendance at religious worship on Sundays, declaring that such worship is a travesty on religion.

Graduate courses in law will be given in 1924 in the curriculum of the Yale Summer School of Law, open to teachers of law who wish to take courses leading to higher law degrees.

John Milton Bercant, an assistant professor in English in Yale College, has been promoted to a full professorship. He was graduated from Yale in 1896, and after graduate study, a year abroad, two years teaching in Toledo, O., and an instructorship at Yale, he was made an assistant professor in 1908.

The regular monthly meeting of the International Longshoremen's Association, local 273, which was called for last evening in their hall in Water street, was cancelled owing to the lack of a quorum.

LIGHT-SIX TOURING CAR (1923 SERIES) \$1375

The 1923 series Light-Six Touring Car has been a dominant feature of all the automobile shows.

It is handsome in appearance with a harmony of line previously confined to high priced cars. It is exceptional in economy of purchase and maintenance.

The new body is all steel, even to the framework, and is finished in baked enamel. Cushions are ten inches deep and upholstered, as usual, in genuine leather. There is generous room for five persons in ease and comfort.

The chassis remains practically unchanged. It is essentially the same splendid automobile that has delivered satisfaction to a hundred thousand owners throughout the world.

The new one-piece, rain-proof windshield gives unobstructed view to the driver. The quick-action cowl ventilator and the tight-fitting curtains are among many unusual items of equipment.

THIS IS A STUDEBAKER YEAR

Important Conference at Ottawa Next Week

A press letter issued by the Canadian Manufacturers' Association says: "There has been a very gratifying response to the invitation sent out by the Canadian Manufacturers' Association to various government departments, universities and colleges, manufacturing companies and other organizations, to send representatives to attend a conference at Ottawa next week for the discussion of scientific and industrial research."

The conference will take place at the Chateau Laurier on Tuesday, Wednesday and Thursday, February 20, 21 and 22. There will be five sessions. The first will be in charge of the Honorary Advisory Council for Scientific and Industrial Research, who will arrange the programme. The second will be looked after by the Dominion Government Departments, which are interested in the subject of research, viz., the Departments of the Interior, Marine and Fisheries, and Agriculture, together with the Natural Resources Branch of the Department of the Interior. The representatives of universities and colleges will be in charge of the third session, and the fourth session will be taken up with a discussion of the practical work of a number of Canadian manufacturing companies which have established research departments in their industries. A fifth session will be devoted to a general discussion.

There will be an excellent representation from the universities. The following have already indicated definitely their members of their staffs participate, and it is quite likely that others will send representatives.—The University of Toronto, the University of Montreal, McGill University, Dalhousie University, and the Ontario Agricultural College.

"That Canadian Agriculture is also very much interested in the subject of research is shown by the cordial promise of co-operation from the Canadian Council of Agriculture, Winnipeg. This organization is trying to arrange to send representatives to the Conference."

Sir Clifford Sifton, ex-chairman of the Commission of Conservation, who has long been an enthusiastic supporter of research, has accepted an invitation to be present and deliver an address, outlining his views as to how the cause of research can best be promoted in Canada.

"The Canadian Pulp and Paper Association and the Canadian Fisheries Association, both of which have undertaken special research work, will have representatives present to explain what they have accomplished."

"The result of the Conference should be to bring together a mass of information about what is being done throughout Canada in the way of research work and to make clearer what is necessary to correlate this work and increase its usefulness."

Norfolk, Va., Feb. 16.—The schooner Friendship was sinking five miles off Virginia Beach, according to advices received yesterday afternoon by the coast guard here. The cutter Modoc, from Wilmington, N. C. was sent to her aid. The vessel is owned by the Lawrence Corporation of Rockland,

Fifty Dollars a Month

(Guaranteed to you by the Canada Life)

How Fifty Dollars a Month looks to the Average Man.

Age 20—Happy on Fifty Dollars a month.

Age 21—Fifty Dollars a month is not enough.

Age 35—Thinks he can easily afford to "spend" Fifty Dollars a month.

Age 50—Things are not going as well as they were.

Age 55—Strange how these assets have depreciated! Fifty Dollars a month is good interest on \$10,000, and not to be despised.

Age 60—He finds Fifty Dollars a month pension added to what income is left, brings happiness.

You know of men well up in years who are still "drudging along." They cannot stop if they would, but must go on to the end of their days working for a living. You can avoid that.

Why Not Pension Yourself?

Why not "take stock" of your present financial position—to size up your personal affairs and decide on a plan for the future?

Our New Pension Plan

guarantees that upon reaching a certain age in life, you will receive a monthly cheque for \$50, \$100, \$200, \$250—as you may now decide—and this monthly payment cannot cease as long as you live.

An Income for Life

Think what it may mean to you to be certain of an income right up to the end of life, when you consider that 97% of people in their later years are partially or wholly dependent upon others for support.

When they were younger they did not have the chance now offered you. It was not then possible to secure such a convenient and certain provision as this Monthly Pension Plan.

And This is Not All

Suppose some day before you reach age sixty you meet with a mishap and become totally and permanently disabled through accident, illness or any cause. (Such a thing has happened soon after men have secured this new policy of the Canada Life.) Immediately, the payment of further premiums would be cancelled. The Canada Life would become responsible for sending you \$50, \$100, \$200, \$250 a month, as arranged, for the rest of your life.

There are many other benefits.

An average deposit of only a few dollars a month will return you \$50.00 a month later on.

Do Not Pass This By

SPORT NEWS OF A DAY: HOME AND ABROAD

BOWLING. Civic and Civil Service League last night on the Imperial alleys, the Postal Clerks took three points from the Public Works Department. The scores were as follows: Postal Clerks—Total, Avg. McCarthy 80 81 77 207 85.2-8; Ketchum 74 102 88 264 88.1-3; Day 72 83 71 226 78.1-3; Evans 52 69 78 222 74; Scott 78 124 76 278 91. 889 489 898 1240.

Public Works Dept.—Total, Avg. H. Hatfield 75 67 71 214 71.1-3; Buckley 81 84 82 247 82.1-3; Kirkpatrick 78 80 70 228 76; Dummy 72 69 71 212 70.2-3; G. Hatfield 85 84 84 273 91. 401 894 899 1174.

Modern League last night on the Imperial alleys, the Modern Business College took four points from the Corona Candy Co. The scores were as follows: Mod. Bus. College—Total, Avg. Costley 103 89 73 265 90.3-3; Miss Miller 80 79 75 234 78; Miss Maxwell 78 73 73 224 74.2-3; Miss Jonah 49 66 80 201 78.3-3; Smith 72 80 80 231 80.1-3. 882 401 887 1170.

Corona Candy Co.—Total, Avg. Delay 80 83 73 236 80.3-3; Miss McVicar 69 67 69 205 68.1-3; Miss Robinson 49 69 78 196 68.2-3; Miss Galloway 69 80 73 224 74.2-3; Mitchell 69 79 83 231 80.1-3. 891 872 911 1104.

MONSTER CURLERS WIN. The combined St. Andrew's and Carlton curling clubs were not strong enough last evening for the visiting Moncton players who took their match with the two local clubs by a score of 108 to 82. The only St. John rink winning was that skipped by J. M. Magee, of the St. Andrew's club. Against Carlton the score was 62 to 21 and against St. Andrew's it was 62 to 48. A light lunch was scored at the close of the evening's play.

SKATING. Stars to Halifax. Joe Moore, Charles Gorman and Richard Donovan have agreed to go to Halifax the latter part of the month to participate in a meet which is intended to hold in Halifax. They were signed up by George Elliott, star pitcher of the Wanderers who is in the city attending the Carnival. He is endeavoring to secure Harry Baileys and Gladys Robinson for the meet.

Figure Champions. New Haven, Conn., Feb. 17.—S. C. Badger, of Boston, retained his crown as men's singles champion in the U. S. at the conclusion of the national figure championships here last night. Mrs. T. Blanchard, of Boston, woman champion, was again declared the best woman single skater in the contest, and with N. W. Niles, of Boston, was also awarded first place in the pair skating.

HOCKEY. Revised Schedule. A revised schedule for the play-off for the N. B. and P. E. I. Hockey championship was issued yesterday and is as follows: Feb. 22—Sussex at Charlottetown. Feb. 28—North Shore at Charlottetown. March 4—North Shore at Sussex. March 8—Charlottetown at Sussex. March 12—Charlottetown at North Shore. March 16—Sussex at North Shore. Island Team Downs Dorchester. Summerside, Feb. 17.—Dorchester was barred 16 to 2 in a hockey match against the Crystals here last night.

Campbellton, 10; Shediac, 3. Moncton, N. B., Feb. 17.—In the league game in the Northern Section of the N. B. and P. E. I. Hockey League at Campbellton last night, Campbellton defeated Shediac 10 to 2.

Dartmouth Beat Crescent. Halifax, N. S., Feb. 17.—Dartmouth defeated Crescent in city series here last night 6 to 4 and will play-off with Wanderers for the championship.

Victorias Shut Out Edmonton. Victoria, B. C., Feb. 17.—Two games in as many nights proved too much for the Edmonton Eskimos, and the Victorias Cougars whitewashed the visitors, four to nothing, in last night's Inter-league game.

Pacific Coast League Standing. P. W. L. D. Pts. Vancouver 28 14 10 29; Seattle 25 12 12 36; Victoria 28 12 11 34. (Including Inter-Western Canada League games.)

Calgary Wins Again. Regina, Sask., Feb. 17.—The Calgary Tigers repeated their triumph of Wednesday by defeating the Regina team 4 to 2 in a Western Canada League fixture here last night.

BILLIARDS. Ibbotson Retains Title. Montreal, Feb. 17.—Arnold Ibbotson of this city, retained his title as the English billiard champion of Canada when he defeated Ernest A. Leigh also of this city, in their six thousand point title match which was concluded after five days play here last night. The scores announced at the end of the match were: Ibbotson 6,001; Leigh 5,981.

Leigh made the highest run of the tournament when he scored 161 before losing.

ENNIS. The World Title. London, Feb. 17.—Official announcement was made yesterday by the Lawn Tennis Association of the recommendation of the council that the world's tennis title henceforth will not be decided by play at the Wimbledon tournament.

ING. Ciquit to Meet Kibbise. Paris, Feb. 17.—Eugene Ciquit, European featherweight champion, will leave for New York from Havre, March 10, to begin training for this world's championship match against Johnny Kibbise in New York on Memorial Day.

Siki and Carpenter Matched. Paris, Feb. 17.—Siki and Carpenter have been matched, the Temps understands, for a bout next September, to be staged in the Buffalo Velodrome, in this city.

Grab Outposts Fisher. Syracuse, N. Y., Feb. 12.—Harry Greb, light heavyweight champion, easily outpointed Caveman Fisher in a 12-round exhibition bout here last night.

Tremaine Awarded Best. New York, Feb. 17.—Carl Tremaine, Cleveland bantam, was awarded the decision last night over Johnny Curtin of Jersey City, when Curtin quit boxing in the sixth round of their 12-round match in Madison Square Garden, claiming he had been fouled.

Referee Haley said he did not think a foul blow had been struck.

LOCAL TEAM BEATEN BY A NARROW MARGIN

In a fast, close and exciting game on the Arena ice last night the Halifax Wanderers hockey team won from the St. John team by a score of 7 to 6. Owing to one sign of the goal judge's not having been seen, the crowd waited the game was a tie and many waited to see the overtime period, being considerably puzzled when there was none. The goal in question was seen by the goal judge and he gave the signal but it was not noticed and the puck remained in play until St. John has scored. At the end of the period the judge allowed the goal and the teams returned to the ice for the final stanza with the score 6 to 6 in favor of St. John instead of 8 to 2 as the crowd thought. A report published to the effect that R. H. L. Skinner, associated manager of the St. John team, had awarded the disputed goal to the Wanderers in the dressing room between the second and third period, was denied this morning by Mr. Skinner, who pointed out that, aside from the fact that he had no intention of interfering, he or anyone else besides the referee had no right to award the goal.

ART STAFF WINS CHAMPIONSHIP

Cleans Up Outdoor Meet at Lake Pontiac With 175 Points—Bobby McLean Second. The United States professional outdoor speed skating championship was won yesterday by Arthur Staff, of Chicago, in the 500-yard race, Bobby McLean, of Chicago, finished second with 125 points; Edmund Lamy, of Saranac Lake, had 110, and Everett McGowan, of St. Paul, 70. Staff's time for the 440 was 87 1-8 seconds. Lamy won the 500-yard race in 1:19 4-8.

WINNERS AT THE KENNEL CLUB SHOW

Nearly one hundred entries were shown in 280 classes Thursday night in the closing of the New Brunswick Kennel Club's show and there were many promising puppies. Best puppy, best sporting dog and second best in the show was judged to be Mrs. Gerald McCarthy's Irish setter, Mayfly Garvey Owen. Best dog in the show and best in terriers was Robert Magee's Irish terrier, Maritime Michael. In the terrier class he was closely followed by William Kierman's Airedale, Bellview Ranger. Charles Ferkin's Pekingesian, Thornhaven Chang, won the special prize, the toy class. Roy Mayes' English bulldog, Lord Byng, was the best sporting dog, followed by Mr. Vovles' French bull, Lady Foch. Winners in the different breeds were as follows: Newfoundland—Blitch owned by Isaac Hahn, Little River. St. Bernard—Lady Nero, the only entry. Pointers—E. S. Buchanan's Donald B. first; Tiverton, second; Robert Orr's Vimy Ridge, best bitch; Mrs. J. W. Cameron's Ormskirk, second. Curly Retrievers—Harry Dolan's Molly O. first; Teddy, second. Beagles—Mrs. J. W. Cameron's Ormskirk, first; Mrs. Francis Kerr's Lady Bygn, first; Mrs. Francis Kerr's Lady Bygn, second. French bulldogs—Mrs. Kerr's Lady Foch, first; Roy Mayes' General Foch, second. Spaniel special—James Whitehead's Champion Enright's Centre Star, first; John Scott's Romeo, second. Other specialties—Red Ruth, first; J. Bruce McPherson's Miss Rowdy, second; Arthur Hector's Bessie, best puppy.

DIED DAY AFTER HIS WIFE

Henry Rosenberg, who was an associate of Oscar Hammerstein, died within twenty-four hours of each other at their home in the Zepherus Hotel, Seventy-fourth Street and West End Avenue. Mrs. Rosenberg, who was 67 years old, succumbed to pneumonia on Saturday evening and Mr. Rosenberg died Sunday evening. He was 69 years old and had been associated with Oscar Hammerstein in the development of the earliest theatres in Harlem and the Bronx.

OPPORTUNITY CIRCLE ELECTS

Opportunity Circle of the King's Daughters in annual session on Thursday evening received a very successful year. Mrs. H. W. Robertson presided, officers were elected as follows: President, Mrs. B. D. Innes; first vice-president, Mrs. R. B. Irving; second vice-president, Mrs. W. L. Robson; treasurer, Miss Bessie DeVos; secretary, Mrs. Charles Dearborn. The committees were appointed as follows: Spiritual, Mrs. M. D. Austen and Mrs. W. L. Robson; hospital, Mrs. R. D. Innes and Mrs. R. B. Irving; telephone, Mrs. Charles Dearborn and Mrs. B. D. Innes; supplies committee, Mrs. W. L. Robson and Mrs. Charles Dearborn.

Treasure Farm Yields Gold, Silver And Gems For Pennsylvania Owner

Valley Forge, Pa., Feb. 16.—A "treasure farm" belonging to Morris A. Barr of this county has produced not only fresh spring water and bumper crops, but deposits of platinum, tin, quicksilver, gold, topaz, sapphires, sardonyx, opals, lapis lazuli, tourmaline, iron, aluminum, lead, silver, zinc, coal, vanadium and radium. Finding of the gems and metals was accidental. While digging the foundation of his house, Barr found a stone several hundred dollars. Consulting mineralogists, he found that some of the stones he picked up in the yard contained gems. At another time, while putting a pipe line from his house to his spring,

CHILD NEGLECT SCORED

Report Points Out Sad Plight of Kentucky Youngsters. Corn bread and sorghum, dried beans, fat salt middlings and a redeeming feature, usually milk—this for a large part of the year is the diet of Southern mountain children in a district where the Children's Bureau of the United States Department of Labor has made a survey of child care and nutrition. The survey was undertaken at the request of the Kentucky State Board of Health to help find why a State famous the world over for its prosperity should turn out so large a percentage of physically defective men as the draft records showed, and its findings have just been published in a report issued by the Children's Bureau. According to the report, only 16 per cent of the children studied belonged to families which clearly "starved" to provide the modest requirements of adequate living. Nearly half the children were living in homes in which the family income, taking into consideration the number of acres cultivated, the quality of the soil, the amount of stock and the wages earned by the head of the family from work at trades for other farmers, was so small as to make a minimum standard of life appear impossible. A large number lived in board sheds, small saw shanties, or old log cabins in bad repair, where the cold in winter made habits of cleanliness almost out of the question, and only about one-fourth of the children were found to have clothing which could furnish adequate protection against the weather. Many of the children having a diet which consisted largely of milk and unbolled corn meal were found, on examination, to be well nourished, but the other foods available in the community so failed to supply the essentials of growth that undernourishment frequently resulted when the quantity of milk was small. Three-fourths of the children examined were classified as being poorly or only fairly well nourished, and this classification corresponded closely to the grades of diet which they were found to be receiving. Except in a few families, the use of fresh vegetables and fruit was limited to a short period in the summer and fall, and the use of fresh lean meat to an even shorter period. A small number of eggs were produced but these were sold to secure ready cash, and milk, the report said, was counted on to any extent to furnish the protein, minerals, and vitamins needed for children's growth. Physical examinations of the children were made by a Children's Bureau physician with the "Child Welfare Special"—a motor truck built and equipped for such examinations. Four-fifths of the children did not own a toothbrush, and the examination showed that 91 out of 104 of those 6 to 11 years of age had decayed teeth. Fifty per cent of all the children had enlarged or diseased tonsils and many had adenoids, still other defects indicating lack of early attention were found. The need of soil improvement is pointed out in the report, and employment of a full-time county agricultural agent or nutrition specialist to encourage raising and preserving more number and greater utilization of vegetables and greater utilization of milk, eggs, blackberries, unshelled beans and other available foods is recommended. While it is declared that higher stan-
