price so low that note need be so poor as not

On the 24th November, 1813, just sixty-four years ago on Saturday last, a few devoted lovers of the Word of God met for the purpose of forming this Aukiliary. The denominations with which they worshipped, the names by which they were called, as followers of the Saviour, and the stations in life in which they moved were all different. But their hearts were all united in testifying their love to the Great Author of the Scriptures, and desire that His Word should be known in every land and in every tongue.

In pursuance of this object they met. In Faith they prayed, and planned, and though not perhaps expressed in words, their motto seemed to be The Bible in the hand of every Nova Scotian,—The Bible for the whole world. Year by year they met in Annual Council, before which the accounts and proceedings of the preceding year was laid.

It would be interesting did the nature of this Report permit to trace their history, and the developments presented in the world, and the churches history at those meetings, and the Reports submitted. The men who held aloft the banner of divine truth, are all long ago numbered with the honored dead. They rest from

a minimum and diseir works do honnur to their a

their labour and their works do honour to their names now. Their faith in the promises of a covenant-keeping God has been honoured; and they have been permitted to leave to their children and their children's children, then unborn, this heritage, the Word of God. To the very poorest the privilege of purchasing at a price so low that none need be so poor as not to be able to procure it.

Two generations have come and gone, and in the hands of the third is now held this precious privilege. A few of the representatives of those men are here to night to recount the work of the past year, but from our ranks we have to notice the names of three removed by death, the Rev. H. Pope, James G. A. Creighton, and Edward Jost, Esqrs., all of whom were long connected with this Auxiliary, but we will have occasion to refer to their names more particularly when we notice local work, meantime we note that the committee has lost three of its most active members. They are absent from the roll-call here, having joined the advanced company—" Part of that host have passed before, and part is passing now."

It is usual on such occasions to recapitulate the principal work of the Parent Society, as found in its Report, which still continues to be a Register of the World's Civilization—making known as it does, the fruits of the tree whose leaves are for the healing of nations, with its thousands of patient workers, both on friendly and hostile shores. Its millions of copies of the Divine Word, and millions more of praying hearts lifting to rising of "Jehoval —and tha "Incense name wou

lifting to the great Author the prayer, that from the rising of the sum to the going down of the same, "Jehovah's name should be great among the Gentiles," —and that He would Himself fulfil the promise that "Incense and a pure offering would ascend, and *His* name would be great among the Heathen."

In some feeble measure your committee have been, as an Auxiliary, honoured to take some humble part in this work, but only armour bearers, or as those who in distant sections of the field, delight to hear of the triumphs of the grand centres of the army where the conflict is hotest, and cheer at its success, and with broken ranks unite again in thanking God for the past, and take courage for the future.

Following the usual order in such Reports, your committee would begin with France. The Paris Exhibition is attracting the attention of the civilized world. Extensive correspondence was entered upon for the erection of a suitable building on the grounds for the sale of Scriptures, and as a centre for which sales and gifts might be effected, this request, like all similar ones, has been refused, but an excellent site has been secured outside the main entrance to the Exhibition, which, it is hoped, will serve the same purpose almost as well. The Paris Depot has been removed to a central position near the Palace Royal, and the work in France is making very encouraging progress.

From an Abstract of the Report of the Society's proceedings during the past year, it appears that the total issues now amount to 79,103,465 copies. But we cannot do better than transfer here an abstract of the Parent Society's Report, which, we doubt not, will be read with much interest by members of the several branches:

Reference was made a year ago to the mayor of a country town, who had offered his services for colportage. When visited by M. Monod in the autumn, he was on the point of resigning his office, so as to devote himself more unreservedly to his new work. From this course your Agent very wisely dissuaded him, representing what influence his position would give him over the people. Moreover, the election of mayors throughout France was at hand; and, if it had been, interesting to see a mayor turn colporteur, it would be doubly so to see a colporteur elected mayor. M. Anastay, for that is his name, was induced to stand, and, strange to say, was re-elected unanimously. Before leaving him, your Agent was curious to learn how he had fared the first time he took the Bibles in his bag. Anastay told him that, after long reflection, he had decided to choose a market day, and announce his new intention on the public square. The moment he appeared, a/crowd gathered around him, and listened while he boldly declared what books he had for sale, and why he had resolved to undertake this work. Not a syllable of objection was heard; and courage and fidelity have had their reward in the fact that, from that day to this, he has never met with any hindrance.

There are 62 colporteurs in France, all men of approved Christian character, and superintended by Protestant pastors; the number of sub-depôts has been increased from 40 to 61, and the entire circulation from 95,646 to 98,406.

BELGIUM.—Here also there is an advance, the circulation having reached a total of 19,429 copies. Of these 3,153 have been sold from the Brussels depôt, and 7,636 by 6 colporteurs, who travel over the country ; 8,521 have been issued to other societies, especially to the National Bible Society of Scotland, and the Belgian Evangelical Society, and to them belongs the credit of bringing these books to the homes and hands of the people. Deboulle, one of your own colporteurs, sold a Bible to a young Fleming. Shortly afterwards a priest came to the house. 'You must not read that i the y mand aright 'The for ti 'give the re

'Be lost !' said the young man, 'for reading a book which the Lord commanded us to read?' 'Ah! but you cannot understand it aright; the priests alone have authority to explain it.' 'Then will you kindly explain a few passages to me?' But for this the priest was not prepared. 'Come,' said he, 'give me the book and let me burn it.' It was burnt; but the result has been the sale of many more copies.

HOLLAND.—Van Dorp of Rotterdam is one of the Society's finest colporteurs. He is 84 years old, has been engaged in his present work 33 years, and during that time has put into circulation no fewer than 119,000 copies of the Scriptures. His sales last year were 4,361 copies. People come from far and near to buy at his depôt, and have a word from him. In Holland 8 colporteurs are at work. One tells of the wife of a shoemaker, who some years ago spent almost her last cent in buying a Bible from him; but recently she met him and said that it had been the joy and blessing of her home. The Dutch circulation stands at 84,669 copies, an increase upon 1875 of 4,282.

GERMANY.—In this important agency 339,039 copies have been circulated, or nearly 42,000 more than in 1875. This has fairly astonished your Agent, the Rev. G. Palmer Davles, when he considers the depression of trade, the strife of ecclesiastical parties, and the terrible development among the working classes of atheistic socialism. His colporteurs are a finely organized body of 75 men, who have shown unexampled zeal, fourteen having sold more than 1,000 whole Bibles each, independently of Testaments, and two having sold between them 17,000 copies of the Scriptures.

They are drawn from all parts of the country. At one of their conferences, one said to his comrade: 'Where do you live?' 'In Strasburg,' was the reply. 'Ah! I saw Strasburg, for I served in the Prussian artillery, and had to bombard it.' 'And I and my family,' said the other, 'had to bury ourselves in a cellar to save our lives from your cannon balls.' Yet now they sat together, soldiers in the army of the same great King, and rejoicing in faith in the same Saviour.

One of the men who labours in Saxony tells how he spent an evening in the common room of a village inn, and

listened to the conversation. At last the Bible was talked of, and one of the guests said it abounded with lies. Without making himself known, the colporteur remarked, 'Perhaps you will point out some of these lies?' The young man who had spoken looked perplexed, and then said, 'The New Testament may possibly pass; but as for the Old Testament, it contains lies enough.' Being pressed to give some instances, he said, 'If I had a Bible I could show you plenty,' feeling quite secure that one could not be produced. The landlady, when appealed to, said she had not a copy, and none of her guests ever asked for one. 'Well,' replied the colporteur, wif you have not a Bible, I have; and now, perhaps, you will show us the lies of which you say there are so many.' The principal speaker turned the leaves over and over, and at last said, 'Adam and Eve could not have been the first man and woman, for Cain, when he went from them, found a woman to marry.' The colporteur read them the whole story, and then went on to unfold the promises of redemption in the Old Testamet, while the company listened with eager attention. The conversation began at eight; it went on till nearly midnight. Then the original objector said, 'I have gained quite a new view of the Bible; I must buy a copy to-morrow !' And so will I,' said the landlady. 'If this is your wish,' replied the colporteur, 'I can gratify it; for I am a Bible-bearer, and to sell this holy Book is my daily employment." The surprise was great; and who can tell what good may not thus be done by godly men going about among the people and using every opportunity of commending the divine Word?

SWITZERLAND.—The Swiss circulation (which is included in the figures for Germany given above) has been 49,381, of which 10,319 have been required for the Italian workmen who, year by year, as spring comes in, pour over the Alpine passes to labour on railroads and other public works, and then carry the books with them, when in autumn they migrate to their southern homes.

AUSTRIA.—We now approach the East of Europe, where so much of agitation has prevailed during the past year. The circulation of the agency has amounted to 144,376 copies, or 27,066 more than in 1875. This is partly due to large sales at half price to the military, and partly to the free distribution in Servia, referred to below. The

colporteurs have been 54, and their sales 73,372 copies, spread through every part of the Empire. In Bohemia the men were for some time deprived of their licences and imprisoued ; but these restrictions have happily now (May 1877) been removed. An opening has at last been forced for the Bible into the Southern Tyrol, where the population is very bigoted, but the authorities, are, on the side of the Society. The colporteurs in Dalmatia came upon many fugitives from Turkey who could scarcely have lived, but for their kind-ness in fetching them food. There has been a considerable demand for Russ Scriptures in Transylvania. A young Saxon who became colporteur has pursued his new work with great success, and commands general respect, though once the people of a village took him for a robber-chief, and barred their houses against him Galicia also has done well, despite the efforts of the priests to collect, all the Bibles they can find and burn them. tow salt into where the plates and

POLAND.—The issues (included in the Austrian total) have risen to 20,284, many copies being bought by the Jews, who gathered round the window of the Warsaw depôt to read the books, which are opened at fresh pages every day. One Jewish lad who bought a New Testament of a colporteur, is now at college in England training for mission work. Some of the Roman Catholics also see the Scriptures advertised in the papers, and are induced to buy.

SERVIA.—From the first rumour of hostilities in Servia, your committee were in communication with their esteemed Agent, Mr. Edward Millar. It was soon discovered that strangers would not be allowed to follow the army; and it therefore became necessary to await the consequences of the strife, and minister to the sufferers. Two experienced Christian men were detached for this work, in which no difference was made between Turk and Slav. Sixty-five hospitals were visited, and upwards of 4,000 copies of the Scriptures distributed gratis. This was apart from large supplies issued to Dr. Laseron and other benevolent persons. The general erculation in Servia, distinct from these special efforts, has been 1,506 copies.

ROUMANIA.—The work among the miktary has helped to swell the issues for this section of the Austrian field to 11,416 copies. The condition of the people is described as very sad, while morals and religion are at a low ebb.

ITALY .- Instead of concentrating their energy upon the single city of Rome, your Committee have sought to distribute it over all parts of the land; and from the valleys of Piedmont to the wilds of Calabria, 28 colporteurs have been engaged, and 44,056 copies circulated, or nearly 3,000 more than in 1875. The men have made interesting journeys through parts scarcely visited heretofore by any Christian teacher. Thus one landed at a small island to the south of Sardinia, where the people were so overjoyed at seeing the Bible that they were for sending a herald round to cry 'Viva la libertà ! Viva l'Evangelo ! The Gospel in our own language has arrived amongst us; make haste to buy it, for it will be here only a few days.' It still unhappily remains true that the circulation of the Scriptures in Italy is effected almost wholly among the working classes. Of the men of wealth and education it has to be said, ' He came into the world, and the world knew Him not." It is observed, however, that some of the students at Bologna, who are ashamed to be seen reading the Bible at home, buy copies in foreign tongues, and allow their companions to suppose that their sole object is the study of language, when there is reason to believe that their motive lies much deeper.

MALTA AND NORTH AFRICA.—Mr. Bruce, your representative in Italy, can say but fittle respecting this part of his agency. The Maltese seem almost inaccessible, and all the copies sold last year were English. Tunis, Algiers, and Oran form centres of work on the North African coast; but the soil is very sterile and the available implements are but weak. Still efforts have been made for the Jews, the German colonists in the Kabyle, and the Algerine Arabs.

SPAIN.—Your Committee rejoice to announce the complete failure of the attempts made last autumn to restrict religious liberty in Spain. The storm began in the island of Minorca, where the Sub-Governor fined two schoolmistresses for allowing their pupils to sing, though he subsequently explained that all he wished the children to do was to 'moderate their voices.' Shortly after this your Agent at Madrid was required to obliterate the sign over the depôt; an order with which he thought it wise to comply, pending an appeal. A few days later he discovered that the authorities had repeated the work, thinking apparently that t thick. to der on tw from t a writ Gover during out ex Fo

Not an hour had passed, when an inspector called to demand that the other sign (for the depôt has a frontage on two streets) should be effaced, and the books removed from the window. This Mr. Corfield declined to do without a written order. However, next morning he found that the Government had sent round a ladder and a paint-brush during the night, and had effected its petty purpose, without expense to the Society.

For a short time there was reason to fear that Bible colportage might be entirely suppressed ; but now, after an interval of some months, it is a matter of hearty thanksgiving that the Society is still permitted quietly to pursue its way; and that instead of any of the colporteurs being stopped, several additional men, are about to be engaged. Nevertheless, the general circulation in Spain, which a year ago stood at 57,000, has suffered to the extent of 16 per cent. A Refe : KULLER LO BRANDS SB.

PORTUGAL .- A change has been made in the management of the Society's affairs which promises well for the future, though it prevents exact returns being given for the past year. Seven colporteurs have been employed, and their sales, with those effected from the Lisbon depôt, may be taken as about 5,000 copies, being somewhat less than The work in Madeira has been prosecuted with before. increased vigour, and new openings for usefulness have been found in the Canary Islands, the Cape de Verds, and the Azores, diguloid entranne side to whom such colonish and success

DENMARK .--- Nowhere, perhaps, is colportage so cheap as it is here ; save in the capital, the entire expense is met by an allowance of 25 per cent. on the sales. In 1872, six men were at work, and they sold 5,267 volumes; now 18 are employed, their sales last year being 14,550. One of them spent ten days in the summer at the Jutland Camp, and actually sold 2,183 volumes amongst 10,000 soldiers, half of whom had been in camp two years before when he was there with his books. What plainer proof can be given that poverty is not the real hindrance with this class of men? Let a true thirst for God's Work be excited, and the means of satisfying it will soon be forthcoming. The entire circulation for Denmark has been 32,849 as compared.

with 28,065 in the previous year. Some more French Scriptures have been sent to Iceland for use among the French fishermen.

NORWAY.— The Society has lost the mainstay of their work in this country through the death of Sir J. R. Crowe, C. B., who for many years freely gave his most valuable aid in the dissemination of the Scriptures. Christian friends are formed into district agency committees at Christiania, Christianssand, Stavanger, Bergen, Dorntheim, and Tromsoe; their joint efforts resulting in a circulation for the past year of 25,111. A grant of 119 Bibles has been made to the coasting steamers; and the colporteurs who act under the superintendence of the agency committees, have continued their journeys among remote hamlets and farmhouses, which are many miles from a bookshop or a church.

SWEDEN.—The Swedish circulation has receded from 92,182 copies to 85,467; but the country is so well supplied, that an occasional slackening in the demand is not a matter of surprise. Indeed it is said that in the event of a general revival of religion in Sweden, the result would be not so much the purchasing of Bibles as the bringing out from the bottom of boxes and the backs of shelves of long-neglected volumes. Your correspondent at Stockholm mentions two cases in which young girls who seemed on the highroad to ruin were completely softened and reclaimed by the perusal of the Scriptures. Grants have also been made to the State prisons; and such was the interest awakened in one of the prisons for females, that many of the inmates bought copies to send home to their children—a strange paralled to the story of Dives.

NORTHERN RUSSIA.—Here also there is a diminished circulation, 208,161 as against 220,912; but what else could be expected in a year of extraordinary excitement, when war was in everybody's mouth, and great efforts were being made to raise contributions for the suffering Slavs in Servia? Among the editions of the Scr ptures now being prepared in this agency is a Gospel in the dialect of the Russ Lapps, and a Gospel in the tongue of the Woguls, a tribe in Siberia, to whom the written Word of God has never yet been given. SOUTHERN RUSSIA.—The attention of your Committee was early drawn to the troops assembled in Bessarabia; and when it was ascertained not only that colportage was rosible, but that the commanding officers would decidedly object to a system of free gift, it was resolved to reduce the prices for the soldiers by one-half, and to confine gratuitous distribution to hospitals and the sick. The work began in January; and within five weeks 13,433 volumes had been sold to the military, while 1,092 copies had been given to the sick and to hospitals. Up to the commencement of the war with Turkey over 20,000 copies had been distributed; and it is fully hoped that the colporteurs will be permitted to accompany the army, and continue the good work so auspiciously begun.

As regards last year, the illness of your Agent, and his subsequent vacation in England, joined with the general state of the South of Russia, have caused a decline of circulation from 79,167 to 61,602. The greatest difficulty is found in procuring trustworthy colporteurs, hardy enough to bear the privations of long journeys in the interior. Extensive printing operations have been carried on in order to provide Georgian and other Scriptures for the district between the Black and Caspian Seas; and the issues from the Tiflis depôt alone amount to 11,605 copies.

PERSIA.—This extensive country is only beginning to be opened to Bible work. A grant has been made for colportage around Teheran, and a missionary labouring there has been encouraged to translate one of the Gospels into the dialect of the Turkomans or Juggatai Tartars.

TURKEY.—It is a remarkable fact that despite the hostilities which have prevailed, and the fierce hatred of everything Christian, as identified with their present foes, the Turks have not interfered with the sale of the Scriptures; and that the issues of your Turkish agency, wich includes Greece, Syria and Egypt, should be 28,552, or 1,299 more than in 1875.

In Bulgaria your three colporteurs could not for some months stir with safety to their lives; but as soon as the country had somewhat quieted down, they were selected to dispense the Fund of the Constantinople Kelief Committee; and your Committee allowed them to accept this honourable post, believing that it would prepare for them a heartier reception afterwards with the Scriptures. The conditions of work have not been much more favourable in Bosnia, Herzegovina, Albania, and Montenegro; and much credit is due to the colporteurs in these several provinces for staying at their posts in times of such danger. The efforts made at Constantinople and in Asia Minor have been, so far as appearances go, more remunerative; and some islands have been visited by the colporteurs, where the Word of God had scarcely been seen before.

GREECE.—Here a strange effort has been made by the Holy Synod to put down the circulation of the Scriptures. It has, however, aroused public feeling in their favour, and the people are curious to know what the books are which causes so much alarm to the official mind. The depôts at Athens, Tripolis, and Syra, report a sale of 734 copies, with 986 circulated by colporteurs.

SYRIA AND PALESTINE.—Some 1,274 copies have been issued from the Damascus and Beyrout depôts, and by the colporteur on the Lebanon; this is better than before, but no one can regard it as satisfactory. To too large an extent well-meaning travellers have glutted the country with Scriptures, until all healthy desire for them has been destroyed; thus in Judea colportage has had to be discontinued altogether for a while. The depôt at Jerusalem has issued 788 copies, a new depôt at Bethlehem about 50, and the colporteur at Nazareth 294.

EGYPT.—The issues (2,089) show an increase of 481 copies on those of 1875. Your committee have joined the American Bible Society in opening a new depôt at Cairo. To provide for the towns along the line of the Suez Canal a Dutch missionary from Galioub has been especially engaged; he has already made two experimental tours with fair results.

ABYSSINIA.—The war with Egypt has made it difficult for the missionaries in the interior to communicate with Europe; but a large consignment of Scriptures has been sent by camels from Zeyla to Ankobar, where great opportuniti pilgri 'unde Abyss King thank

'We are,' says one, 'under obligations to those who have sent the Bible into Abyssinia. Many hundreds of the people, including the King of Shoa and his enlightened secretary, feel very thankful to have received copies.'

EAST AFRICA.—This has been the starting point of the various missions to the chain of central lakes. To the Church Mission party your Committee have supplied Kiswaheli Scriptures; while they wait to hear from the London Mission expedition what language is spoken on the shores of Tanganyika. It is their desire to co-operate with brethren who have thus nobly gone to claim for Christ the parts explored by Livingstone.

SOUTH AFRICA. Cape Town.—This Auxiliary has remitted £600 as a Free Contribution, and £800 on Purchase Account.\* A proposal has been received from the Rev. G. Krönlein to proceed with his translation of the Bible into the language of the Nama Hottentots, and your Committee have encouraged him to devote himself to this important work. The Cape Town Auxiliary has 25 branches, including two at the Diamond Fields and Gold Diggings;

Port Elizabeth: From this Auxiliary have been received: F. C. £100, and P. A. £192 11s. 6d. A colporteur is to be employed among the railway navvies.

Graham's Town.-P. A. £100. The issues have been 2,092. The Kaffir Mission has been removed hither from Mount Coke; and over 3,000 copies of the revised Kaffir New Testament have been bought or ordered.

King William's Town.-P. A. £50. The Bible-reader has been at work in the prison distributing Testaments, and the depôt has been restocked.

D'Urban.-F. C. £50; P. A. £30. The Ladies' Committee has been most active, and the sales are larger than ever.

\* Note.-To save space, the initials F. C. will be used to denote a Free Contribution, and P. A. remittances on Purchase Account. Pietermaritzburg.—F. C. £70, being double what was ent four years ago; P. A. £120 6s., while £5 are added for the Benevolent Fund. The Auxiliary reports steady progress, when prevailing depression is considered.

Basutoland.—The revised Sesuto New Testament has been printed at Paris; and there is little doubt that the 5,000 copies already bound and sent out will soon be taken up by the natives.

Kuruman.—Pending a revision of the Sechuana Scriptures, an edition has been printed in London under the care of the Rev. Roger Price and (after his departure for Central Africa) of the Rev. J. Brown. For Sechuana sales £78 have been received.

WEST AFRICA.—A grant of Arabic Scriptures ha been made to the new Mission opened by the Wesleyan Missionary Society in West Central Africa.

Lagos.—F. C. £34 1s. 6d.; P. A. £8 2s. 9d. (with £10 more, recently received). The total issues of Yoruba Scriptures have now been 31,757; a grant of 410 copies has been made to the Mission under the care of the Rev. D. Hinderer

Accra.—A new edition has been undertaken of the Otji Testament. A grant of Hebrew Bibles has been made to the Preachers' Seminary. The Rev R. Buck remits £13 14s. 9d. proceeds of sales.

Sierra Leone.—F. C. £80 1s.; P. A. £88 19s. 7d. The Wesleyan Congregations have sent through the Rev. C. Knight, a donation of £26 5s. 3d. An active demand exists for the Word of God.

Gambia.-P. A. £4 3d. Grants have been made to the Rev. J. Fieldhouse and the Rev. G. Nicol for mission purposes.

MADAGASCAR.—The Revision Committee have published Gen. i.-xlv. Exodus and Matthew tentatively; their progress is delayed to some extent by the absence of the Rev. W. E. Cousins from the island. Mr. John Parrett gives an interesting account of the demand for Scriptures in the Malagasy schools, and says: 'As 99 out of every 100 schools are in our hands, you will see what a power and responsibility will rest upon us. The book we have asked you to reprint is the Child's Testament, a copy of which you will fin schools expect each.<sup>5</sup> to comp and all for what

And he adds, 'We are really only just beginning to comprehend what a vast field for work this island presents, and all that we have hitherto done seems only a preparation for what we have still to do.'

MAURITIUS AND THE SEYCHELLES. — The Mauritius issues, thanks to the labours of 12 colporteurs, have been 9,242, or half as many again as in the previous year. Books in the Indian dialects are most in request. The grant of £120 for colportage has been renewed. A consignment of books has been sent to the Rev. J. G. Bichard of Mahé, for circulation in the Seychelles.

INDIA.—Calcutta.—This Auxiliany has lost several valuable friends, but its work goes on with the accustomed vigour. As many as 72.000 copies of various editions have been printed during the year, the Psalms in the Sanscrit Devanagri appearing for the first time on the Society's list. The issues have been 42.471, of which 27,000 were taken for sale by colporteurs. As in former years, grants have been made to missionaries who have undertaken Bible tours.

Allahabad.-- The issues of the North India Bible Society have been 33,28% copies, chiefly in the Hindi and Urdu-Arabic diafects. There are 38 colporteurs labouring at 29 stations; towards their work the Parent Committee make an annual grant of £500.

Lahore.—The Punjab Auxiliary made a special effort to distribute the Scriptures on the occasion of the proclamation of the Queen as Empress of India. Its issues have been 10,584; the colporteurs have been increased to 18, their sales being 4,736 copies. Among the editions recently prepared has been one of St. Matthew in Persian-Urdu, printed in London by photography. The printing of St. John in Sindhi-Gurumukhi is also complete.

Bombay.--Here the issues have been 9,257 copies; twothirds were in Marathi. This is a considerable improvement on the previous year. It is probably due to prevailing distress that, with more books sold, less should have been received in payment. Madras.—An increase is reported both in income and issues, the latter amounting to 96,905. There have been 75,500 copies printed during the year, in Tamil, Hindustani, and Malayalam. The colporteurs number 42, their sales 51,194; where possible, they are accompanied and superintended by missionaries. The Rev. E. Lewis made a Bible tour in this way, visiting a part of the Canarese country scarcely touched by mission work, and sold nearly 3,000 copies to people who had never seen the Word of God before.

Bangalore.—Scriptures have been forwarded by this Auxiliary to the Government schools of the district. Its issues have been 500 Bibles, 157 Testaments, and 6,064 Portions. Progress is being made with the new Pocket Canarese Bible; a grant of £50 has also been made from London towards enlarging the depôt.

Rangoon.—The Burmah Bible and Tract Society has issued 9,495 Parts of Scripture Your Committee have made it a grant of English school Bibles and Testaments.

CEYLON.—Jaffna.—The sales, chiefly of Tamil books, have been 1,690. Colportage has been aided by your Committee's grant of £100. The Bible women find ready entrance to the homes of the people, and do a good work among the potters, weavers, and tree-climbers.

Kandy.--£45 on P. A.

Colombo.—A grant has been made of paper and binding materials, to complete editions in Singhalese.

MALAYSIA.—The Gospel of Matthew has now been printed for the Battas, a people in the north of Sumatra, who used to devour their aged relatives, and so treated the first Missionaries who went to them. The Gospel of Mark has at the same time been brought out in Holland for the Balinese, another people numbering 800,000, for whom no portion of the Word of God had been translated.

CHINA.—The missionaries strongly urge an adherence to the principle of sale, being convinced by experience that the circulation is in the end hindered, and the Word of God brought into disrepute, unless the people are called upon to make some slight sacrifice in order to obtain it. Of course the first effect is to check the circulation; but it is regarded as certain that, when they understand that the Bible is a book wo for it, it into acti chiefly t aries.

Shanghai.-Two men have been employed around this centre, where your Agent Mr. Wylie, resides.

Hankow.—The local colporteur was discontinued in August, and it was some time before the Corresponding Committee could find a suitable successor.

Foo-Chow.—Here four natives are engaged, men of good character and influence.

Amoy.—Eight colporteurs move through this district. The Missionaries testify to the good service they have rendered ' in opening the way for the progress of the Gospel.'

Canton.—Long journeys have been made by the two colporteurs engaged; from the depôt have been issued 1 large Bible, 81 large Testaments and 140 small Testaments, with 3,640 Portions, besides 787 Parts in the Canton dialect.

Hong-Kong.—Despite much of suffering and ill-usage endured by the colporteurs, they persevere with their labours. The issues have been 7,637 copies; the Psalms have been published in the Punti dialect, and a new pocket Testament, printed in European style, has been gladly hailed by the native Christians.

JAPAN.—It is a matter for rejoicing that, if colportage appears less productive than before in China, numerous openings for the circulation of the Bible are found in Japan. Besides the Scriptures in the vernacular, your Agent at Shanghai has recently sent over a large supply of nearly 3,000 New and Old Testaments in Chinese, which are used in the numerous schools, are purchased readily by the natives and at a much higher price than can be obtained from the Chinese. A Corresponding Committee has been formed at Tokyo (Yedo), with a distinct Bible Trauslating Committee in connexion with it.

AUSTRALIA.—Owing to the grave and continued illness of their representative in the Australian Colonies, the Rev. B. Backhouse, your Committee have appointed the Rev. J. T. Evans, of the Colonial and Continental Church Society, to be Coadjutor Agent. They trust his arrival may be a comfort and relief to Mr. Backhouse, and a great benefit to the numerous auxiliaries which do so much for the Society.

New South Wales.—Sydney.—The remittances of this venerable auxiliary have been.—F. C. £500, and P. A. £500. The issues number 7,097, of which nearly two-thirds are entire Bibles. There are 40 branches, most of them sending increased contributions.

Bathurst.-F. C. £50; P. A. £26 14s. 4d. A 'Friend' bas also sent £25 to the Benevolent Fund.

Grafton -F. C. £100. The issues of the Clarence Auxiliary are given as 248 copies; grants have been made to the local hospital and steamers. Two new branches have been formed, but operations have been much retarded by a severe flood.

Parramatta.—F. C. £75, of which £25 are contributed by the Liverpool Branch. A colporteur has recently been employed.

Goulburn.—F. C. £100; P. A. £50. Your Committee recently made a grant of Scriptures for the Sunday schools n this neighbourhood. The issues for 1875 were 467 copies.

West Maitland.—F. C. £200;) P. A. £14 9s. The Branches of the Hunter River Auxiliary have done liberally; the issues are reported as 491.

Newcastle.—The ladies are able to show a list of nearly 1,000 subscribers of sums from 3*d*. to  $\pounds 5$ —an example worthy of praise and imitation. F. C.  $\pounds 100$ ; P. A.  $\pounds 85$ 15s. 9d.

Launceston.—The Cornwall Auxiliary, despite losses, reports undiminished prosperity, the issues being 1,268. A visit was paid by delegates to the north-west coast. F. C. £100; P. A. £100. NEW ZEALAND.— Here your Agent spent five months of last year before illness laid hold of him.

Auckland.—The stock of books ran short just when the two colporteurs were ready to begin work; hence the issues (2,135) are a little less than before; otherwise there is gratifying progress. F. C. £96 16s. 9d.; P. A. £190. The friends at Waiapu, formerly associated with the Rev. N. M'Leod, have kindly sent F. C. £64 2s. 6d., and the congregation of the Rev. W. Macrae £16 18s.

Harvey Islands. Rarotonga. The Rev. W. W. Gill, in pleading for maps in the Rarotongan Bibles, says and It is impossible for me adequately to express our indebtedness to your Society for the help you have all along given us in our work. I think the great success of our South Sea Missions has arisen mainly from two things: 1. The employment of a native ministry 2. The early translation and rapid diffusion of the Scriptures in the native language. So that in a single generation a race which had no written language has become a reading people.' The natives value the Word of God so highly, that they willingly give one or two dollars for a copy, and they cannot hear to have the best of books shabbily bound.

Mangala,-Similar testimony comes from this quarter. For Scriptures sold the sum of £117 has been remitted.

Georgian Group: Tahiti A new edition of 5,000 copies of the Tahitian Bible is being printed in this country, with maps. The Rev. J. L. Green, in sending £149 11s. 6d. on account of sales in Tahiti and Raiatea says: 'It is thirtynine years since the first edition of the Tahitian Bible was published by the Society; and now, though there is not such a rush for copies as there was, we show a steady sale, which indicates a continued love for the Book among the natives.'

SOUTH AMERICA.—Buenes Ayres.—Your Agency here is in a vigorous condition, though its circulation (\$,035) is less by 400 than in the previous year. The chief part of the sales has been effected by five faithful colporteurs who have encountered much opposition with a great amount of patience and Christian earnestness. One of them has recently made the longest journey of the kind ever attempted in South America. He travelled mostly by mules, his boxes of books being slung over the backs of a troop of these hardy animals, which carried him through forests and deserts, over precipitous paths and rocky mountain passes, along the outskirts of the perpetual snows of the Andes, and into the tropical confines of Bolivia.

Brazil.-Despite the efforts of the five colporteurs em ployed in Rio Janeiro and the surrounding districts, the circulation has declined from 10,664 to 6,662. The yellow fever, carrying off its scores of victims daily, has not only frightened away the shipping but driven many of the inhabitants from the city ; and the result for those who remain is that trade languishes and both work and food failes There is another colporteur, named Vianna, who works at Pernambuco, an allowance being made him upon the sales be effects. The Rev. E. Lane, of Campinas, who has remitted £13 9s. 8d. for Scriptures, says of the colportage in Brazil :- AI doubt not that many souls in this country will find their way to heaven, by simply reading the Scriptures, who will never have the opportunity of hearing the voice of the preacher.' Nevis.—The Rev. W. W. Thackeray, to whom a grant of Scriptures was recently made for the coolies in Nevis, writes :—' Some of the Mohammedans were anxious for me to get them out some Korans. Two of them offered to give me £2 each for a copy—a proof this of their wonderful attachment to the book of their false prophet, as they rarely earn more than 6d. per day and more often less. I told them that my Koran was a better one than theirs, and that if they only searched it, they would find all the best pieces of their Koran in it, and also better things still.' Haiti.—Jacmel.—Your Committee have heard with sincere regret of the death of the Rev. J. E. Gummer, with whom they had just arranged for colportage. On a Bible tour made by him he found a Protestant woman who had dwelt for some ten years in a town given up to Romish pomp and parade, and who knew not of a single fellowbeliever in the town. He asked her what had enabled her thus to stand firmly without Christian sympathy. She took out of a drawer a time-stained Bible, and said, "This has been my strength and comfort"; and he found that the same Bible, lent out to her neighbours, had given to an intelligent young man clear and pure ideas of God and of the way of salvation.

Anotta Bay.—The Rev. W. Teale, sending on P. A. £8 19s Id., says:—'At least fifty village meeting-houses have been supplied with the Word of God, through the kindness of your Committee; and I have, on behalf of the people, to tender to the Committee their warmest thanks.'

Bahamas.-F. C. £60 a a handsome sum.

MEXICO,—The Society's operations in this country have been entrusted for the present to the care of Mr. James Pascoe, who has laboured for several years at Toluca. To this town the principal depôt has been transferred, so as to be under his immediate superintendence, and it was opened at Christmas, 'without any molestation beyond mud, with which the Roman Catholics bespattered the newly-painted shop front.' The colporteurs, though they have journeyed repeatedly into the remote parts of the country, have effected scarcely any sales, save at the stations of the Protestant missionaries.

UNITED STATES.—The American Bible Society made a prominent display at the Centennial Exhibition at Philadelphia; the aid given by your Committee was acknowledged by a distinct award. The American Bible Society is to be congratulated on the issue during the past year of 872,676 copies, while the receipts have been \$543,579.

"Why, sir, our Bibles are very heavy to carry on a snow-shoe trip, and I don't like to go without mine, and so I want you to write for a small one for me, the same size as I see the whites have," "But there are no Cree ones like those, William; indeed, there are none at all in England, they are all here." "But, sir, if you ask them, the good people there will make one for me." The art of printing and the cost thereof had here to be explained; after which he said, "Well, what a child I am -I know mething; I thought if you wrote now, the people there would make me a little Bible like yours, and send it by the ship." Quebec.-Much vigour is shown here; the depôt issues being 1,205 copies, besides 694 sold during the summer by the new local agent. The Ladies' Bible Association superintends a Bible-woman. A sum of £49 12s. 1d. has been received on P. A.

New Branswick.-St. John.-Thanks to larger collections in the churches, and the labours of the present agent, this Auxiliary presented a good report at its 57th annual meeting. Funds.-The free income is composed of three distinct classes of items, by far the most important being the contributions from Auxiliaries, and annual subscriptions paid at head-quarters. These amounted in 1875 to £67,014 7s. 2d., and last year to £66,981 Os. 8d., showing a difference of less than £34. As these form the regular sources of revenue, it appears to your Committee eminently satisfactory that, in a year of great commercial depression, the previous level should have been practically maintained. But legacies and donations have suddenly fallen to the average of previous years, and have yielded only £31,860 0s. 5d. as compared with £46,943 12s. 3d. in 1875. Adding together these items, the free income is seen to amount to £104,461 13s 3d.; which, with £102,402 17s. 8d. received on purchase, and £114 6s. 8d. on account of the Roxburgh Fund, gives a grand total of receipts of £206,978 17s. 7d. of salk

The Total Issues of the Society from its commencement are thus brought up to 79,103,465 copies of the Word of God, whole or in part.

Referring again to the work of your own Auxiliar,y we have to thank the officers of the several branches, who, notwithstanding the commercial depression, have nearly kept up the usual contributions.

Mr. Toland has been received with the same kindness as his predecessor, and though a stranger among them he speaks very favourably of the kind reception he has received among the branches, "esteeming him highly for his works sake." He has twice visited all existing branches and formed some new ones. His Reports are herewith submitted, and are interesting, illustrating as they do the progress made by the several settlements in their appreciation of the efforts of the Bible Society in its great work for the evangelization of the world. It is hoped the Agent's Reports will be read by the friends throughout the Province, and though much has been done, yet there is much more

to be accomplished, and each has his part to perform. Let it be done now, for the night of death will come to all, and "in the grave whither thou goest, there is neither work nor device."

Reference has already been made to the loss the Committee sustained by the death of three of their number. The Rev. H. Pope has been identified with the work of the British and Foreign Bible Society since its formation, and in his labours as Wesleyan minister throughout the Provinces, was ever the faithful advocate of its cause, soon after his retirement from the active duties of the ministry and settlement in Halifax, he was elected a member of this Committee in 1863, since which time to his decease he was most consciencious in his attendance at meetings. In spite of the inclemency of the weather, or the infirmities of age, his place is seldom vacant. Of him the words of the poet is fully applicable :--

> "Servant of God well done; Rest from thy loved employ, The combat's o'er, the victory won, Enter thy Master's joy."

James G. A. Creighton, Esq., was elected a membes of the Committee in April, 1849, in which he also held a prominent place, having occupied places on soveral sub-committees, and faithfully discharged duties assigned him there for nearly thirty years—" Blessed are the dead who die in the Lord, they rest from their labours and their works do follow them."

On the 14th October, 1869, Edward Jost, Esq., was added to the Committee. He was actively associated

Esq., was ssociated with the Auxiliary previous to that time. Yet his activity in the cause of other branches of philanthropy then brought him more prominently into notice, and from that time till the day of his death the Committee could count upon him for the execution of any duty committed to his care. In his death the poor have lost a friend, and the Bible Society an energetic member, who was ever ready by word and act to advance its interests.

The Committee deems it a privilege to make a public record of the services of those who have passed away from among them, feeling though dead they still speak, and their works do follow them. "Man goeth to his long home, the mourners go about the streets. The grass withereth, and the flower thereof fadeth, but the word of the Lord our God endureth forever." It should be ours then to make known that word on every hill and valley of Nova Scotia, and send that word to every son and daughter of Adam, so long as we are permitted to hold it as ours and labour for its circula-To this end we would give an outline of the tion. circulation for 1876 :---

It may be remarked that this is only a portion of the circulation of the Holy Scriptures in this Province, as the British American Book and Tract Society receive much of their supply from the National Society of Scotland, and the American Bible Society, the supply of the former being more suitable to the wants of many of the places where colporteurs visit. The several book-selling establishments in the Province also import and sell large stock as an article of commerce. The above statement shows an increase over the previous year to the extent of 302 Bibles, though a decrease of the Testaments of 183 copies.

No new feature calls for notice here, the branches all over the Province are supplied with stock for sale when they desire them, and every person in Nova Scotia may be supplied with a copy of God's word at a price which the poorest might be enabled to pur chase. These may be had at the branch depots, or carried as they are from house to house by the Colporteurs.

he well monant Making an increase of seventy-three dollars and fortynine cents over the previous year, yet in that year there is a considerable decrease in the general subscriptions from the previous year. The pressure of the times too plainly accounts for the difference, and not any diminution of interest in the great work we have at heart, Any other features of interest connected with this Auxiliary or its history during the past year may be learned from the Agent's reports and store

All the benevolent and humane institutions have been supplied the Scriptures free when proper requests have been made for them. The British American Book and Tract Society's colporteur's scheme have been supplied up to a certain amount at the rate of fifty per cent discount, and the Wesleyan Book Room on the same terms for supply of Bibles throughout the Province, and all the branches at the lowest terms for their local depots. Sometimes receiving back the half of the first subscriptions from new branches on the purchase account to be afterwards repaid when the sales were made, or continued in stock for a supply in time to come. So that there need be little destitution within the Province, and if the plans of this Auxiliary were carried out there would be none.

The field of this Society's operations is the world at large, and while we are earnestly endeavouring to cultivate this portion, and make efforts to see that a judicious circulation of God's word is attainable in our Province, let us never forget the lands into whose language the word of God has not been translated, is or ought to be the special subject of our prayers, and the special object of our exertions, and that they too may become helpers to send that word to "the regions beyond" as in the case of Aneiteymese who raised arrow-root, and paid for every copy of the new edition of their Bible sent them in 1874 and 1875, or as in the case of Madagascar in 1862, where of the three thousand three hundred Bibles brought out, more than two thousand were paid for, and in 1874 the small shilling edition met with a ready sale among the native christians. In New Zealand a few years ago the natives scouted the idea of purchasing the word of God. Now, however, a native Missionary writes requesting to be furnished with a supply on sale, and making himself responsible for the amount." dependence to too many professing christians in Nova Scotia, whom we fear have been too much taught by circumstances to consider it a bit of triumph when . they can obtain "Free Grants" or cheap Bibles from this institution simply because it is a rich Society, and because of the extent of its revenues. It is a rich Society and its revenues are large. Yet the legitimate deman upon its revenues are every day increasing. The discoveries of Livingstone, of Cameron, and of Stanley, and the various tribes among whom those explorers passed, was just another call for another new translation of God's word into that peculiar dialect. That in the coming years the message of the Saviour's love and his invitation to sinners of every tongue and every clime would be heard and read by them, "every man in his own tongue," and in due time be purchased and paid for in the interior of Africa, as it is now among the once Cannibals of the Islands of the Southern Sea, and the Maori tribes of New Zealand.

Nor is the untutored savage *alone* a source of expenditure. Many thousands of dollars will be spent in supplying God's word to the wounded and dying in the hospitals of the Turko-Russian war, from whom no return can ever be expected in money, but "the blessing of him who is ready to perish," is promised. And this year some thousands of pounds will be judiciously spent in the neighbourhood of the Paris Exhibition for the purpose of presenting the precious truth to the civilized and refined nations of the earth as "the secret of Britain's greatness." But we could not enter upon an enumeration of the legitimate calls upon that institution, a humble auxiliary, whose sixty-fourth anniversary we have met this evening to celebrate. And endorsing the Divine truth, "the liberal soul deviseth liberal things," your Committe look for liberal things to be devised this year beyond any of its predecessors, and rejoice to know that God will be honoured with your substance, as the silver and gold are His.

# MR. TOLAND'S REPORT international and the second se

To the Committee of the Nova Scotia Auxiliary

GENTLEMEN, Han would de la construction de la const

The first meeting was held in the Presbyterian Church, Brookfield, Golchester County. Here on the evening of Monday, the 2nd April, Laddressed a pretty large audience and obtained a small subscription.

Proceeded next day to Middle Stewiacke, and had a fine meeting in Mr. Smith's Church, and although the excellent Secretary, R. G. Rutherford, Esq., reported that some of the collectors had not handed in their raturns, still I received \$29.50, and it is expected that this sum will be considerably increased when all the collectors are heard from.

The following evening visited the Upper Stewiacke branch, and although the state of the roads was very unfavourable, still there was a large gathering in Mr. Grant's Church, and the sum of \$31,82 was handed to me by the Secretary.

The annual meeting of the Spring Side branch was held on Thursday, 5th April, at 2 p. m. Rev. James Sinclair, President, in the chair, and here at the close of a very interesting meeting, I obtained \$24, notwithstanding the scarcity of money, and the numerous demands upon the Christian liberality of the churches at the present time.

Rev. E. Grant kindly drove me to South Branch, and at 1 p. m. on Friday, 6th April, held a small meeting and obtained a collection of \$6.

Mr. E. Archibald sent me on my way to Lower Stewiacke, where on Sabbath, at 3 p.m., I had an opportunity of pressing the claims of the Divine Word on a fair audience, and also of addressing a very spirited Bible meeting at 7 p. m. in the new and corumodious Presbyterian Church. I obtained a small contribution, and five collectors will obtain more.

Proceeded next morning by train to Truro, and thence by stage to Clifton. Addressed a very small and very cold, meeting in the Presbyterian Church on Monday evening at  $7\frac{1}{2}$  o'clock.

The next meeting which was appointed for Five Mile River, on Tuesday evening, was an entire failure. The state of the roads and a snow storm prevailing at the time, prevented all, except a few in the vicinity of the Hall from attending the meeting.

Had an opportunity of addressing the Maitland Branch on Wednesday evening, 11th April. The attendance was good, and the attention all that could be desired, but I was sorry to find that no collectors had been appointed for last year, and that consequently the name of Maitland will not appear in the list of Branches forwarding contributions this year. I have reason to hope that the deficiency will be made up on a future occasion.

Went on to Noel and held a small but spirited meeting in the Hall. Received a little more than last year, and something will yet be forwarded to increase the contribution of Noel Branch.

Mr. Gilmour O'Brien sent me on through roads all but impassible, to Walton. There a small meeting assemi a colle me. W

assembled in the Baptist Cburch, and after my address a collection of *one dollar* was taken up and handed to me.

Walked on next day to Cheveree, and on Sabbath evening, 15th, there was a large meeting in the Hall. I obtained of subscriptions some \$10.

Next day proceeded to Burlington, and had the pleasure of meeting and addressing a fine audience in the Methodist Church. There had been no President in this Branch for several years past. An old and tried friend not only of the Bible Society, but of every good cause, Capt. John Mann, was elected President. I obtained here a few dollars more than last year.

Next morning went on by stage to Brooklyn. The meeting in the Presbyterian Church was small. Messrs. McGilvary and Moore both spoke warmly and effectively in support of the good cause. Rev. Mr. Moore drove me next evening to St. Croix.

There was a pretty large gathering in Mr. Sutherland's Church on Wednesday evening. I obtained a small collection, and the promise that in due time some further contributions will be made and forwarded a small thus of an approximately and

A very fine, attentive and appreciative meeting assembled in the Vestry of the Methodist Church, Avondale, on Tuesday evening, 19th April, Rev. Mr. Strothard, though in feeble health, presided, and after my address a collection of \$10.42 was taken and handed to me.

Next evening in Windsor, the attendance was good. The President, Rev. R. Morton, occupied the chair. The Revs. Messrs. Mowatt and Boyd both gave excellent addresses. The collection, which was more than double of last year's amounted to \$14.07.

Went on by train to Avonport on Saturday morning; and next day had two opportunities of forwarding my work in Avonport and Lower Horton. Addressed a small meeting in the latter place on Monday evening, and a still smaller one in Union Hall, Church Street, on the following evening, small subscriptions were obtained at all these places. Kindly taken by Mr. E. Chase to Canning on Wednesday, the 25th. A large and very spirited meeting assembled in the Vestry of the Baptist Church, was much assisted by the Revs. Messrs. Neilly and Teesdale. A good collection was taken and handed to me, and more will be obtained and forwarded.

WNext day. Mr. Chase sent me on to Kentville. The meeting in the Methodist Charch was, as usual, small. Proceeded to Somerset, addressed a small meeting in the Hall, and obtained a collection of \$14.76.

At Lawrencetown, on Sabbath, April 29th, had a fair meeting in the Methodist Church. This Branch was very successful in collecting funds last year, and I hope there will be no diminished interest this year.

A wet evening caused a small meeting in Bridgetown on Monday, 30th April. Collectors will, in due time, visit the friends of the cause here, and I hope there will be a fair subscription from Bridgetown.

The meeting in the Court House, Annapolis, Tuesday evening, 1st May, was very small. And at Bear River the next day it was a complete failure, owing to heavy rain which prevailed at the hour of meeting.

Went on to Digby and had a fine, spirited meeting in the Vestry of the Methodist Church. Collectors had gone their rounds and handed in their contributions to the President, Dr. Stephen, by whom they were handed over to me

Returned Saturday, 5th May, to New Brunswick, and prepared for a tour in the North and East of that Province:

uesday, lling all night, to Yarmouth. The audience in Providence Church on Thursday evening, 12th July, was one of the largest and most cultivated I have ever addressed. There were the strongest manifestations of sympathy with my work. I was very much encouraged by the tokens of good will which I received. Notwithstanding the fact that there had just been made up, in Yarmouth, a large contribution, both in money and goods, for the sufferers by the St. John fire, I received considerably more than last year. T. M. Lewis, Esq., went round with me, as usual, on Tuesday and Wednesday. I obtained of contribution, and on purchase account \$164, and left Yarmouth with regret that my work there was over for at least another year.

Went on to Barrington on Saturday, 14th July, and next day, Sabbath, addressed two large audiences, one at the Passage at 11 o'clock and another at the Head at  $7\frac{1}{2}$  o'clock. Obtained here \$26.70-collections and on purchase account.

Proceeded to Shelburne, the stage was, as usual, late, I hurried to the Presbyterian Church, where the meeting was to be held, the opening exercises had just been concluded when I arrived. After may address I received \$14.85. I was very sorry to hear that Mr. Crews, President of Shelburne Branch, was confined to bed by illness, I was not able to visit him as the stage started for Liverpool before 6 o'clock next morning.

0

The officers of the Liverpool Branch are very efficient, and heartily interested in the good cause. We had, in consequence, a fine gathering in the Hall of the Y. M. C. Association. Sheriff Freeman, the President, being unavoidably absent at the commencement of the meeting, Mr. Anderson, the Treasurer, presided until his arrival. Mrs. Anderson, who is the only collector in Liverpool, and one of the best that could be got, is at work this year again, and the contributions will be made up and forwarded in good time.

Went up to Milton and had a fair meeting in the Baptist Church, went round next morning and collected \$13.25 in this small place.

In Mill Village next evening, the audience was small. I obtained, however, a small collection, and something more will be done,

A fine gathering in Bridgewater. The President, Mr. Hunton, occupied the chair. As six collectors had been appointed at the previous meeting, I did not, of course, go round this year. It was thought that the surrounding districts would contribute something, and as these could only be reached by collectors, it was thought that their appointment would be an improvement on the old plan. I hope the result will justify the change.

Held two good meetings in La Have, and one in Lunenburg. Mr. Kaulback kindly drove me to Mahone Bay, where the audience in the Presbyterian Church was very small, the President of the Branch there having removed to Newport, accounted in part for the smallness of the meeting.

The audience at Chester Basin next evening was very fair, and the following evening in Chester town it was very encouraging. .Rev. Mr. Skinner presided at both meetings and rendered valuable assistance.

The next effort was made in Folleigh Village; the attendance was good. The Rev. Mr. George presided, and assisted me much Collectors were as usual appointed, and \$3 handed to me.

At Great Village the following evening the Presbyterian Church was well filled, considering the season. Mr. McLean occupied the chair and gave good help in pressing the claims of the Society. The same gentleman very kindly sent me on, with his horse and Proce notice to however, given par failure. the Secre of last me collectors The **n**

At the latter place I obtained \$13.66 after my address at 11 o'clock, and a free passage to Bass River, where at 3 o'clock I had the largest audience which I had addressed since I left Liverpool. There is no doubt about the contributions from Bass River, they will be forthcoming in due time.

George Fulton, Esq., drove me on to Economy. The meeting here was very much larger than last year. The President was absent, but his place was occupied by Mr. Murray. At Five Islands, on Monday, 30th July, very few assembled. The collectors of the former year were re-appointed.

Went on to Parrsboro, the audience in the Methodist Church was very fair. I received some \$9, and I hope there will be something more forwarded.

Proceeded to Wallace, regretted much that my notice to Mr. Murray had never reached. He had, however, seen my appointments in the newspaper, and given partial notice, but the meeting was all but a failure. The President, the Hon. A. McFarlane, and the Secretary, Mr. Morrison, being present, the minutes of last meeting were read and approved, and the former collectors re-appointed.

The next meeting was held in the beautiful village of Oxford. Rev. Mr. Johnson in the chair; obtained a small collection as the earnest of a large subscription, and went on to Amherst. The meeting here had been fully published in the various churches, as stated by the President, and yet only four persons appeared at the place of meeting. Resolved to try Amherst again, and went on to New Brunswick for a tour in the west of that Province.

Returned from New Brunswick, and on Wednesday, September 19th, addressed a fair meeting in the Hall of the Y. M. C. Association, Truro ; Rev. Mr. Burrows occupied the chair. Several gentlemen expressed regret that by some unaccountable oversight, the officers of this branch appointed no collectors last year. This is greatly to be regretted, as Truro has been one of the best branches connected with the Nova Scotia Auxiliary, and the churches there have always promptly and liberally responded to every appeal on behalf of the claims of the Bible Society.

Went on to Picton and thence by Prince Edward Island steamer St. Lawrence, to Hawkesbury, C. B. where we arrived about 8 o'clock, p. m. Went through same night by stage to West Bay, and thenee Went by steamer Neptune to Little Bras d'Or, performed the remainder of the journey to Sydney partly by stage and partly by steamer Lady of the Lake. The meeting in Sydney was held in the Kirk. Rev. Mr. Farquharson presided. Next day, which was very stormy, Mr. McLennan kindly left his business and accompanied me while I called on the friends of the cause and gathered up their subscriptions. Went down to the Bar same evening, and next day at 11 o'clock, a.m., addressed a good meeting at the "Mines." and at 72 p. m. in the Lew Presbyterian Church at the Bar, had the pleasure of presenting the claims of the Bible Soaiety to a splendid audience, the collection on this occasion amounted to \$32.43. The Hon. T. D. Archibald handed me \$6, which, with \$4 previously received from my esteemed friend Mr. Gammell of Little Bras d'Or, raised the contributions from North Sydney to \$42.43, which was \$7 more than I received here last year.

Rev. Mr. Wilson drove me next morning to Little Bras d'Or, where I caught the *Neptune* and went on to Baddeck. A very small gathering in Greenwood Church, collected a few dollars next morning and went on to Margaree. As usual, we had a large and interesting audience here. Here are many warm-hearted friends of Bible circulation, and this branch contributes steadily, if not liberally, to the good cause. The next effort was made in Mabou. The audience was large, intelligent, and attentive. The Rev. Mr. Thompson conducted the proceedings. Several collectors were appointed for the various surrounding districts, and I hope there will be a good contribution. I obtained a small audience in the Presbyterian Church, Port Hood. There are but few Protestants here, and they have been struggling to build a Church, still I hope there will be something sent in to help the good cause.

Went on to Hawkesbury. Addressed a very fine audience in the Methodist Church at 11 o'clock, a. m., and at three o'clock went up to Port Hastings and presented the claims of the Society to a large meeting in Mr. Forbes' Church. Returned same evening to Hawkesbury and had a fine gathering in the Methodist Church, the only one in the place. Crossed the Strait of Canso and went on to Guysborough. A small assembly in Temperance Hall same evening. The President of the excellent Ladies' Branch here handed me her subscription list as soon as I entered the meeting. Obtained fair contributions from both blanches in Guysborough, and took that long, dreary, journey to Antigonish. A splendid turn-out in the Kirk. A good collection was taken and handed to me and five collectors appointed to obtain more integration

On Wednesday evening, November 14th., there was a fair gathering in the Presbyterian Church, Upper Musquodoboit, Rev. Isaac Simpson occupied the chair and contributed largely to the interest of the meeting. Collectors were, as usual, appointed, and will call on the friends of the Society at the earliest opportunity.

Next morning Mr. Reynolds very kindly sent me en to Upper Caledonia; a distance of 38 miles. Two very good meetings were held in connection with this Branch, and although in this backward district there are very few means of obtaining money, the contributions at Upper and Lower Caledonia were larger than last year.

John Hattie, Esq., drove me on Saturday, 17th November, to Sherbrooke, a distance of 18 miles. Next day, Sabbath, 18th Nov., addressed three fine meetings, one in Sherbrooke at 11 o'clock, another at Goldenville at 3 o'clock, and a third at Glenelg, 12 miles distant, at  $7\frac{1}{2}$  o'clock. From all liberal contributions were obtained, and on the whole, larger than those of last year.

Returned next day to Musquodoboit, a journey of 55 miles, and on Tuesday evening, November 20th., had a fair audience in Middle Musquodoboit, Rev. Robert Sedgwick, presided, and the meeting appointed collectors, and elected an efficient staff of officers. At the close a small collection was taken up and handed to me.

In the Presbyterian Church, Gay's River, had an opportunity next evening of pressing the claims of the Bible Society on a fine audience. For the last ten year, as stated by the Secretary at the meeting, Gay's River Branch has existed only upon paper. A special effort was made to revive it on this occasion. New officers were elected and some six or seven collectors appointed. Several gentlemen expressed regret at the state of matters here in the past, and I have some reason to hope that in future Gay's River Branch will give a better account of itself.

The next opportunity was at Shubenacadie on Thursday evening, 22nd November. The audience in the basement of the Presbyterian Church was good, nothing had been done by this Branch last year, for which very good reasons were assigned. I confidently hope that this stigma will be wiped away during this year.

Excellent addresses were delivered by Judge Johnson, Judge James, Rev. Mr. Shore, Rev. Mr. Morrison, and Vice-President Angwin. Contributions for the year already reported exceed \$130.00, which is more than six times the contribution from Dartmouth last year.

Was present at the Annual Meeting of the Auxiliary in St. Matthew's Church, Pleasant Street, Halifax, on Monday evening, 26th November, 1877. The attendance was very small, chiefly composed of ladies, which I hope is not to be ascribed to any lack of interest in the good cause in Halifax, but rather perhaps, as was stated by a Rev. gentleman at the meeting, to the confidence which the Christian community repose in the integrity and efficiency of their committee. Returned next morning to New Brunswick to attend the Annual Meeting of the Sackville Branch.

In conclusion, I would very gratefully acknowledge the many kind offices which I have received from the friends of the Bible Society in Nova Scotia during the year. Their kindness and consideration have served to encourage my efforts, to lighten my labours, and to diminish my expenses. But above all would I offer the tribute of thanksgiving and praise to that God who has sustained my life, preserved my health, and who alone can make my way prosperous.

Respectfully submitted,

### JOHN TOLAND.
