## SLAYER OF MRS. WOODRILL SHOT BY CONSTABLES THIS MORNING

Was Located by Posse While Rowing Up the River—Roberts Fired on Officers, But His Aim Was Not Good—He Was Prepared to Suicide

ST. MICHAEL'S, Md., June 25.—(Special to the Times) says that J. P. Morgan arrived in Paris on Tuesday and immediately took up personally the matter of the United States Steel Corporation. Mr. Morgan's pride is believed to be much hurt by the apparent failure of the plan. He has now spent several days of masterful activity with surprisingly fruitful results. It appears that he has induced M. Callaux, minister of finance, to withhold the announcement of his decision for the present and to listen to the views of M. Sergeant, under controller of the currency, who believes he has found a means of reaching the legal difficulties without waiting for new legislation. Simultaneous efforts have been directed toward the steel manufacturers of France whose protest to the ministry a fortnight ago was effectual. W. B. Corey, president of the United States Steel Corporation, is interesting himself in this direction in a practical manner.

## SAM LANGFORD WANTS TO FIGHT JOHNSON

Says Jim Hague, the Englishman, Although a Big Fellow, Was an Easy Mark.

NEW YORK, June 25.—Sam Langford, the heavy-weight, who recently went to England and captured the British heavy-weight championship by knocking out Dan Hago, returned today on board the steamship Lusitania. "I am ready to fight Johnson for the championship at any time," said Langford, "in fact I would have met him in England, but he would not fight me. Hague was an easy proposition though he is a big strong fellow."

## EMPEROR NICHOLAS STARTS ON A VISIT TO SWEDEN

Freely Call Only—He Will Spend the Summer on Foreign Visits.

ST. PETERSBURG, June 25.—Emperor Nicholas left Russian waters on the imperial yacht yesterday for Stockholm on the first of the three foreign visits he will pay this summer. The trip to Sweden is a return of the visit of King Gustave to St. Petersburg at the marriage of Prince Wilhelm of Sweden, which will be discussed at Stockholm and the fact that Emperor Nicholas is going almost directly from Stockholm to Petrova to be present at the dedication of a monument to the Russo-Swedish dead who fell in the battle of Poltava two hundred years ago, is taken as an evidence that the ancient Russo-Swedish ill-feelings have been completely blotted out.

## MRS. GOULD DENIES ALL CHARGES OF MISCONDUCT

Hearing of Evidence in This Scandal Will be Finished This Evening.

NEW YORK, June 25.—Katherine Goussard, who is suing Howard Gould for a separation and alimony of \$250,000 a year, experienced another long ordeal on the witness stand today, when under the cross examination of her husband's counsel, Mrs. Gould in her direct testimony made a general denial of all the allegations of intoxication and improper conduct of which she has been accused by the witnesses for the defense. She explained her friendliness with Dustin Farnum, the actor, in that she simply desired to assist him in some of her plans to return to the stage after she and Mr. Gould had separated in July, 1908.

The large number of checks for "refreshments" which were furnished Mrs. Gould at the St. Regis Hotel in the fall of 1908, when she lived there, and as the defense contended, frequently had Mr. Farnum as her guest, are likely to be a subject of inquiry by Mr. Nicolai, the defendant's counsel, on cross examination. The trial is expected to be completed today.

The picnic for the scholars of the Tabernacle Sunday school which was to have been held tomorrow, has been indefinitely postponed. It is proposed to hold a picnic for the whole congregation later in the season.

## CHARGE OF ASSAULT WITH INTENT TO KILL

Jimmy Ramsey Had the Axe Out for Mrs. Bushara

Struck the Woman Once, But Lottie Hornet Saved the Situation by Snatching the Weapon—Beats Mother Too.

This morning three drunks were dealt with in the same manner in the police court. Wm. Andrews pleaded guilty to being profane and resisting the police on British street last night. He was fined four dollars or ten days for the profanity and \$16 or two months jail for resisting. James Ramsey is an old visitor to the police court, but it has been mostly for drunkenness. This morning he was up on a serious charge, that of assaulting Mrs. Mary Bushara with an axe with intent to kill. Mrs. Bushara, an American, lives in the upper flat of No. 77 Erin street, and Ramsey lives on the ground floor. Mrs. Bushara gave evidence that Ramsey was sitting on her door step yesterday afternoon and when she asked him to get up, he called her bad names and said he would kill her. He went into his own apartment and immediately returned with an axe. Swinging his axe, he struck the witness a severe blow on the right hip and about to bring the axe down again, when Lottie Hornet caught it and took it away from him. The axe was produced in court.

## LEON LING SHIPPED ON BOARD STEAMER

Chinaman Wanted for Murder of Miss Elsie Seigel Said to Have Signed on at Norfolk as Member of Crew.

NEW YORK, June 25.—The fact that the telegram sent to the parents of Elsie Seigel from Washington on the night of her disappearance, reassuring them of her safety and announcing her early return, had been sent by Leon Ling, the young Chinaman whom the police charge with her murder, was established today by Detective Van Wagner, who returned from Washington armed with the original of the telegram.

The detective also found a number of persons who had seen Leon in the National Hotel, Washington, and all doubt of his having been in the capital city on the day this telegram was sent has been removed. The police and district attorney's office have been diligently running down clues which at first seemed to indicate that Leon might have been in hiding in some dark and impenetrable corner of Chinatown, but nothing has come from them. The now established presence of Leon in Washington subsequent to the murder make the less likely any belief in the stories of his having remained in hiding here, and the authorities doubt that having once left this city Leon would return.

MONTREAL, June 25.—The Hawaiian Steamship Company's steamer Arizonian, which sailed from Norfolk yesterday bound for San Francisco, has aboard Leon Ling, who was signed as a member of the vessel's Chinese crew in New York, June 11. He left on the steamer June 12 for Lambers Point, where she yesterday finished taking on a full cargo of government coal for the Pacific coast.

The Carlton Grand Band will give concert in Tilling's Square, West Side, this evening.

## WESTFIELD IS EXPECTING A LIVELY DAY TOMORROW

CLOSE FIGHT WITH BEATH IN THE LACHINE RAPIDS

Gasoline in New Motor Boat Gave Out and John Gillies Was Saved Only After a Long Pull.

MONTREAL, June 25.—Snatched from the rapids of the Lachine Rapids, John Gillies will soon forget his experience last night. He was making his way in a motor boat and went out from Lachine for a long spin. All seemed right till those on shore heard cries for help and Harry Lucas and A. Mann put off in their motors. Gillies was found drifting towards the pitch of the rapids. The gasoline had given out, and he had no cars nor sails. Ropes were thrown him and the two rescuing motors headed for the shore. But they were just holding their own against the current. Slowly they gained a little and finally after an hour's struggle they made the shore. What made the rescue more thrilling was that it took place at night and the watchers on shore could just distinguish the three boats against the white background of boiling waters.

LONGBOAT WASN'T AFRAID OF SHRUBB BUT OF PAT POWERS

He Has Given Thousand Dollars to Run on Saturday.

TORONTO, June 24.-The Toronto Star says: "People who said that Tom Longboat was afraid to meet Alf Shrubbs in 20 miles because he procrastinated over the final race are another 'think' coming. True, the Indian did shilly-shally about running Shrubbs 20 miles, and those promoters who tried to deal with him told it around that the redskin was shivering in his boots, but after some talk digging those in the Indian's confidence, there are any-day-aways, that Longboat wasn't afraid of Shrubbs, but of Pat Powers. He was quietly looking after Tom Longboat's suit, and, his disbelievers, was patient and waiting. He knew they had to come to him, and sat tight. So it came that Alf Shrubbs made a straight proposal to the Indian, and agreed to settle with P. T. Powers. He made a flying trip to New York, got P. T. Powers to consent to take no more for his end and leave the Indian to see him run, and that Tom Longboat to a dot, and he signed up to meet Shrubbs. That he has always been willing to run Shrubbs is an open secret to those on the inside. The Indian, has been living quietly up west, and instead of roaming down town, has been doing quiet early morning training stunts around High Park. That he is in great shape is shown by his ten miles in 33:44.5 over a rough track at Buffalo last night, and the confidence, easy way he handled Netherick. That Alf Shrubbs fears the big redskin is shown by the fact that he went over to see him run, and that when he returned to town today he didn't offer to bet so many thousands as he did last time. KATHLEEN TO DEPEND CUP. KATHLEEN, June 24.-The yacht Kathleen, which won the George Cup from the Crescent, of Waterford, was the winner of the 1000-yacht regatta, the international series of the Eastern Lake Ontario yacht-races. KAUFMAN AND BEHNDON. LONDON, June 24.-Behind a bland announcement that William A. Kaufman, the American theatrical manager, is arranging for a sportive week, to be called 'the world's Olympic festival', is the London Olympia as its scene, next month, 'a sea laid scheme to bring off the pugilistic journey of the Eastern Canada Lawn Bowling Association opened yesterday afternoon on the greens of the Ottawa Bowling Club, on Third avenue. The one Toronto rink entered, skippered by J. S. Willson, Canada, won from C. M. Goddard, Civil Service, 15-10, but was defeated in the final game, 15-6, by R. W. Morley, Civil Service. TORONTO OPEN ANOTHER PARK

Locals Play First Game on Cornwall's New Grounds Next Saturday.

CORNWALL, June 24.-Cornwall's new athletic grounds will be officially opened next Saturday, June 26, when the local lacrosse team will have for their opponents the Torontos, on July 1, 1893, just twenty years ago. There has since been many changes in the game of lacrosse, as well as in the grounds, and the Cornwall's new stand is one of the finest in Canada. It will seat 2500 people, and is so arranged that every foot of the playing field is in full view from every seat. It is divided into three large sections, each of which has sub-sections, and in the front, with access to the dressing-rooms, is ample accommodation for the press and executives of the competing clubs. At the ends and across the south end are "bleachers." The field itself is very level and has a good crop of grass. When the old grounds were opened twenty years ago, Cornwall won by the very decisive score of 5 to 1, and they hope to be able to do as well next Saturday, and thereby wipe out part of the stigma of last Saturday's Waterloo at the hands of the Torontos. The Cornwall team of twenty years ago consisted of Norman Carpenter in goal, Hugh Adams, now of Campbellford, Ont.; Constable "Manny" Crites; Alex. Riviere, now of Montreal; Jack Kerwin, of Cornwall Island; Wm. Leary, now of Prescott; Dr. A. A. Smith, Geo. Tudhope, now in Buffalo, Columbia; Ald. James J. McCulloch, Dr. Neil Wright, an old glenarrigan, now of Red Lake Park, Minn., and Alex. Black, Frank Lally was field captain. The Torontos were: St. Martin, Carmichael, James S. Garvin, Boyd Vaita, Woodhouse, Jack Garvin, Gale, Irving, Walker, Schofield and Sewell, with McLaughry captain. William Pollock, who officiated as one of the referees in Montreal last Saturday, was referee, and the umpires were H. Barnes and R. B. Coulson, of Montreal. RHODES WAS VICTORIOUS. LONDON, June 24.-D. H. Rhodes, of Boston, was again victorious today in the lawn tennis championship contest now being conducted at Wimbledon. He defeated A. W. Andrew, 6-2, 6-1. CORNELL OARSMEN OVERCOME BY BEAT. POUGHKEEPSIE, N. Y., June 24.-As the result of the intense heat here today, the Cornell crew, who were rowing in the morning, one of them so badly that he was unable to take his place in the afternoon work. Simpson, No. 2, was the victim, and he was replaced by Bacchus, a substitute. Country may make this change permanent, even at this late date. He said after his afternoon's row: "The crew rows in better form with Bacchus at No. 2. Simpson has a weak spot at all along, but when the crew was going so nicely with him in it, I hated to make a change." The Pennsylvania crew took only one hour and a half to make the mile at a very fast clip in the morning. In the afternoon the heat was so intense that Ward was afraid to venture out till late and by that time a squall was threatening, so the row was short. Syracuse arrived this morning with three very fast crews. They received their first work-out on the Hudson late in the afternoon and looked very good. Champlain, at stroke, is one of the best oarsmen on the river. Ferguson was back in his place at No. 2 in the Pennsylvania four today, his finger having started to heal nicely. Philips, No. 5 in the Columbia varsity is still in a New-York hospital and pit showed in his place, again today. BAY'S FERRIES WILL WIN. NEW YORK, June 24.-Jack Mauro, the former Montana pugilist, who was twice in the ring with James J. Feteries and who fought a six-round draw with Jack Johnson in Philadelphia, four years ago, said last night: "I'm still in a New-York hospital and pit showed in his place, again today. I'm still in a New-York hospital and pit showed in his place, again today."

PHOENIX IS TOTAL LOSS MACHIASPORT, Me., June 24.-Lobby Island, the graveyard of the eastern Maine coast, probably became the last resting place today of the three-masted British schooner Phoenix, bound from Windsor, N. S., for New York, with a cargo of 400,000 feet of lumber. The schooner went ashore on the outside of the island in an exposed position about noon. Captain Bentley mistook the position of the Lobby Island wharf, which he thought sounded further away than it really was and was among the breakers before he realized his position. Captain Bentley, his son and daughter and the crew of four, reached the island safely in their boat and were given shelter over night. There was no means of communication with the shore except by boat, the island being ten miles out to sea. A fisherman who brought the first information tonight said the schooner probably would be saved. The Phoenix was built 25 years ago at Parraboro, N. S.

Manager Lewis Dana claims to have a first class aggregation, who will put up first edge ball. The Indians and Greeks meet on the Victoria grounds this afternoon. The regular game between the Clippers and Marathons is scheduled for this evening. Lovers of good ball will have two chances of seeing the genuine article at these games.

FAIRVILLE PLAYERS ARE AGAIN DEFEATED Despite the threatening weather a fairly large crowd gathered at the Shamrock grounds last evening to witness the match between the Saint Josephs and A. O. H. ball tossers. The former aggregation pulled out a victory in a three-inning contest. However, as four innings are necessary to constitute a match, the game will have to be played again. A heavy fog early enveloped the field and made playing rather difficult. The final score stood 3-1, although most of the Saint Josephs' tallies were made when it was almost impossible to see the ball.

HILDBRETH COLT WINS SUBURBAN

NEW YORK, N. Y., June 24.-Fitz-Hilbreth, the sturdy three-year-old son of Fitzhugh-Morganatic, easily won the Suburban Handicap today from a field of six starters. The colts, who had never contested for the honors of the classic event of the American turf, bearing the colors of Sam Hildreth, the sleek brown horse, with Eddie Dupak up, went the distance of a mile and a quarter in 2:02.2 which is only 2.5 of a second slower than the record for the event, hung up by that sterling handsook horse, Birdie. The four-year-old Alfred Nobis was second, finishing six lengths behind the winner, and Fayette, a smart three-year-old, was third.

TOURNAMENT OF MIXED DOUBLES

Despite a general cloudiness upon the part of the weather man in his somewhat devious antics of yesterday there were many attended the weekly tennis tea held at the club courts, Gilbert's Lane. The hostesses were Mrs. W. Barker, Miss McLaren and Miss McAvily. An interesting feature of the afternoon was the play-off in a tournament of mixed doubles. There were six couples entered in the tournament and each played each, the final score being arrived at from the total number of games won. The following is the list in the order in which they finished: Mr. Merkel and Miss McLaren, Mr. Barnaby and Miss Schofield, Mr. Dobbin and Miss McKenzie, Mr. Wetmore and Miss Truman, Mr. Barnes and Miss Barnes, Mr. Alward and Miss Bridges.

FINE WEATHER FOR THE KIEL REGATTA

KIEL, June 24.-The chief event today in the results was the sander-klass race. Fine weather prevailed, with a stiff southeasterly breeze and nineteen yachts were sent away from the starting line. The crown prince was at the tiller of Angria IV. Prince Ethel was in command of Elizabeth III. Prince Adalbert Jack and Prince Henry of Tilly XII. Prince Henry was the only one among the royal yachtsmen to win a prize, coming in sixth. The race was won by Tilly X. in command of C. V. Krogmann.

KIDNEY DISEASE COMES ON QUIETLY. Perhaps no other organs work harder than the kidneys to preserve the general health of the body and most people are troubled with some kind of kidney complaint, but do not suspect it. It may have been in the system for some time. There may have been backache, swelling of the feet and ankles, disturbance of the urinary organs, such as brick dust deposits in the urine, highly colored scanty or cloudy urine, bladder pain, frequent or suppressed urination, burning sensation when urinating, etc. Do not neglect any of these symptoms, for, neglected they will eventually lead to Bright's Disease, Dropsy and Diabetes. On the first sign of anything wrong Donan's Kidney Pills should be taken. They go to the seat of trouble, strengthen the kidneys and help them to filter the blood properly and flush out all the impurities which cause kidney trouble. Miss Alberta B. Clark, Stony Creek, Ont., writes: "I was troubled with kidney trouble for several years, my back was weak, I had such terrible headaches, and was so restless I could not sleep at night and tried everything without any benefit. My doctor friend advised me to try Donan's Kidney Pills, so I got four boxes and they completely cured me. I now feel as well as I ever did and would advise everyone suffering from kidney disease to try them." Price 50c. per box, or for \$1.25, all dealers or The T. Milburn Co., Limited, Toronto, Ont. THE STAR, ST. JOHN N.B., FRIDAY, JUNE 25, 1909

ST. JOHN STAR. ST. JOHN, N. B., JUNE 25, 1909. THE LOWEST CLASS. Naturally enough the larger New York papers devote considerable space to a record of the doings and misdoings of those made prominent by this publicity.

Complaints from various sections of the province indicate that the unsatisfactory condition of the highways is general, and in ordinary decency and fairness, the government officials who are responsible for the care and maintenance of the roads, should lay aside whatever party prejudice they may be allowing to influence them and endeavor to have something done in the matter.

COULDN'T SNEEL IT. A well known judge at present on trial once complained that he could not hear in a certain court, and said to one of the responsible officials: "Really, my lord," was the reply, "you surprise me. I can't smell anything!"—Exchange.

AN AMAZING CRIMINAL. An almost incredible record of crime (and of apparently futile punishment) is that of Frederick Murray, aged 32, who, at the Old Bailey, London, a few days ago, was ordered ten years' penal servitude. He was charged with the attempted murder of Mr. Henry Hewson, of Cranston street, Newington, and with stealing a boat belonging to a large and a yacht.

PLEASANT WHILE IT LASTED. He listened intently. It was his wife and her mother talking. "No, my dear," the latter was saying, "I must go tomorrow. I do not believe in a mother-in-law making long visits. But, before I go, I want to tell you what a treasure I think you have gained in your husband. He seems to me to be near perfection. Are you sure, however, that you are not too strict with him? Do not be quick to chide him when he stays out too late. Men need a little latitude, you know—say two or three times a week."

DONE AWAY WITH ENTIRELY. "Johnny, who the pitcher on your ball team?" "We ain't got no pitcher. But we HAVE got a slaban, and he's some hurler, lemme tell you. Why, there ain't a 14-year-old team as is got a flinger what kin match him. He's sure of a peach spear juggler, an' a s'outpaw at dat!"

Alcohol Making Neuroscheses of Business Men, Boston Physician Contends.

DETROIT, Mich., June 24.—"Notwithstanding the prohibitive laws of the country, there is every reason to believe that the alcoholic habit among business men is steadily on the increase," declared Dr. Frank C. Richardson, of Boston, today in an address before the Society of Neurology and Psychiatricists.

Dr. Richardson's topic was "The Problem of American Business Neurosis." He declared that the strenuous American business life is producing in many of its followers a neurosis partaking of the character of neurasthenia, psychasthenia and hysteria.

CROP OUTLOOK  
IS EXCELLENT

OTTAWA, June 24.—A bulletin covering the condition of the crops and live stock in all parts of Canada reported by special correspondents of the Agriculture Department, under date of June 15th, was issued by the Census Bureau today. In general the report shows that despite the backwardness of spring which retarded the early growth in practically all sections of the country, reports from all provinces are now very satisfactory, and except in some localities of the Maritime Provinces where the rainfall has been light, there is a promise of an excellent harvest.

Wheat, the great staple crop of the country, has a reported area of 7,750,000 acres, which is 1,140,000 acres more than last year. In the Maritime Provinces and Quebec there is little change; but in Ontario the area is less by 106,000 acres. Manitoba, Saskatchewan and Alberta show an area of 6,878,000 acres, being 1,254,000 acres more than last year. The area of oats in the Dominion is 3,202,600 acres, which is 1,261,500 acres more than last year. Barley, the cereal crop next in importance, has a total area of 1,864,000 acres, or 119,300 acres more than last year. At the end of June, 1934, there were 122,250 farms in the provinces of Manitoba, Saskatchewan and Alberta, and at the end of 1933 the homesteads entered less all cancellations, increased the number to 120,234, or by 10,825,700 acres. In Manitoba the net increase of the two and one-half years was 4,399 in Saskatchewan 4,423, and in Alberta 22,020, but these figures do not take account of farm lands purchased from railway companies and other corporations in the same period.

WHERE WASHINGTON RESTED.  
A small feather pillow which nestled in a glass case in the historical museum created especial interest among the visitors.  
"I don't see anything unusual about that pillow," remarked a girl, turning to the guide. "That is Washington's original headquarters."—Ladies' Home Journal.

GOVERNMENT BY MEN  
IS NOT DEMOCRACY

Women's Congress Declare  
Women Must Help to Govern

Eloquent Opening Address by Countess Grey  
—Housewife Not Adequately Compensated, Declares Speaker.

TORONTO, June 24.—That Canada has arrived at a point when the foundation for a better national life will be laid and the part to be played by women in the building up of that structure were eloquently explained by Countess Grey in her address at Convocation Hall this morning in opening the International Congress of Women. The Congress which opened at the International Council of Women as being held under the auspices of the National Council of Women of Canada and the gathering this morning retained all the cosmopolitan features of the meeting which preceded it. The chair was occupied by Lady Edgar, president of the Canadian Council, and she was supported by the International Council, Mrs. J. M. Gibson, Lady Byrd Grey and various officers of the International organization.

Lady Edgar in welcoming Lady Grey and the delegates said programmes of various sections, nine in all, into which the congress would divide were so full of interest that it was hard to choose between them. The questions dealt with were of vital interest to the world at large. There were depths to be visited and heights to be climbed. Countess Grey, in declaring the congress open, said that as hon. president of the National Council of Women of Canada she was particularly glad to see the delegates from the various countries, and especially to Lady Aberdeen, the invaluable president of the International Council. She was glad to see the delegates at an opportune time because they came at a period when the greatness of Canada's destiny was assured and yet when lines of development might be suggested by the experience of other countries.

"We recognize," she said, "that a guardianship which will rest on us as mothers and directors of childhood of citizens of nature, and we are glad to see many distant countries and giving us the benefit of your experience and conclusions. We realize that it is in our power if we have sufficient knowledge and sufficient heart to apply that knowledge to eliminate the evils of the Dominion much of that preventive disease and death which constitute such appalling annual losses, exceeding the loss in actual warfare."  
"They also realized that it was in their power to secure for succeeding generations a system of education which would fit them for true patriotic citizenship. They would be glad to learn from their visitors' methods of their countries of manual training which could be adopted in Canada, and in handicrafts for dexterity to enable them to meet the industrial revolution which was being brought about by the progress of science and the development of machinery. She hoped God's blessing would rest on the discussion of the many questions of vital importance to the world and that they would carry away bright pictures of Canada and her warm-hearted people."

REVIEWED HISTORY.  
Lady Aberdeen, in thanking Lady Grey, briefly reviewed the history of the congress from its inception in Chicago in 1893 and its development into an essential adjunct to the International Council of Women.

INTERESTING SERVICE  
IN CARLETON CHURCH  
The festival of St. John the Baptist was celebrated by divine service in Carleton Presbyterian Church last night for the Worshipful Master Wardens and brethren of the Carleton Union Lodge of Free Masons, No. 8, P. and A. M.—N. B. A very fine and spiritual sermon was delivered by Brother, the Rev. Hibbert R. Bond. He was assisted at the service by Past Masters, Revs. G. Fred Sewell and M. E. Fletcher. There was a special programme of hymns and the service was in all both brilliant and edifying.

Lost Energy  
Restored by Psyche.  
Mr. Geo. Pratt, of Clarkson, Ont., says: "Four years ago my son Wilbert was so run down that he could not do his work. He was thin and emaciated, and that thought he was going into a decline and feared he would never pull through the severe cold of the winter months. The boy had no appetite and seemed to have lost all energy and interest in life. He was altogether in a terrible shape. His condition caused us the gravest anxiety.  
"Fortunately I procured PSYCHE for him and this soon gave him a new lease of life. It is really remarkable how rapidly this splendid medicine brought about a change. After taking one or two bottles he was back to his normal condition. PSYCHE effected a speedy cure and he was soon able to work about the farm again. To-day he is a robust young fellow and frantically stronger than he was when he was in the way hand work seems to affect him. I cannot speak highly enough of PSYCHE. It certainly did our boy and made a man of him."  
"Prevents the children taking cold, wards off that terrible malady La Grippe and completely fortifies them against disease. It should always be used for colds, grippe, vertigo, loss of appetite, etc. Send to Dr. T. A. SLOCUM, Limited, Spadina Ave., Toronto. Sold by all druggists and dealers. 50c and \$1.00."

Niagara Falls Police Judge Gives Parents a  
Practical Example of How to  
Train Boys

NIAGARA FALLS, N. Y., June 24.—Police Judge Rankin in the dual role of judge and executioner, reverted to the methods of his fathers and administered a sound spanking to two seven-year-old culprits whom he had just declared guilty of tampering with a fire alarm box.

"The judge is a firm believer in the Biblical injunction against sparing the rod and spolling the child, and he is not a crowded court room. Angelo and Tony Gurto, cousins, of pulling a fire alarm box and sending in a false alarm of fire. The judge admitted their guilt and did not seem greatly alarmed at the prospect of any ordinary sentence which he would have imposed had he been surprised that the officers and spectators at the bench, and in the presence of their parents, took each culprit in turn, held him across his judicial knees, and gave a realistic demonstration of the power that lies within the majestic arm of the law. Then with his signature the judge turned the boys over to their parents:—  
"Take them home and do unto them as you have seen me do."  
Then to the court attaches the wise judge added:—  
"The trouble with these 'kiddie' is they don't get 'licked' enough. When I was a little shaver I used to get 'licked' every day, whether I needed it or not. That was the way my father took his exercise, but in the long run that exercise did me more good than I did my father. Show me a 'kid' that is properly spanked, and I'll show you one that will never turn up in the police court."

VON BUELOW TO RESIGN  
IS REPORT GIVEN OUT

BERLIN, June 24.—The Reichstag today further added to the government's difficulties in its proposed financial reforms by rejecting by a vote of 184 to 188 the imperial minister's bill to extend inheritance taxes to direct heirs, including widows and children. The president of the Reichstag announced this evening that the bill in its present form would be dropped. It is rumored tonight that the Reichstag shortly will adjourn until August to permit the government to revise its financial scheme, but as the chancellor and the other ministers have expressed a resolute to include some further tax on property it is not possible to foresee how they will be able to clear the situation. Other reports say that parliament will be dissolved or that Prince von Buelow will resign, but nothing definite is permitted to leak out.

ODD NAMES IN CHINA.

Chinese children are endowed with strange Christian names. Their girls, for instance, are not called Mary, Jenny or Matilda, but Cloudy Moon, Celestial Happiness, Spring Peach or Golden Perfumes. The boys get less attractive names, being made for work and wisdom rather than for pleasure and dancing. Thus we find a two-year-old Practical Industry; three-year-old Ancestral Knowledge; four-year-old Complete Virtue; five-year-old Discreet Valor. To their slaves they give still another set of names. Not for Me, Joy to Serve, Your Happiness and Humble Devotion may be taken as typical examples.

Henry Kissan and His Brother dug

SAN FRANCISCO, Cal., June 24.—A remarkable story of the burial under a house at Sixth and Polson streets of gold coin to the amount of about fifty thousand dollars was told in Judge Graham's court by Henry Kissan, a brother of the late Reuben H. Lloyd, a well known lawyer, who died last month. Kissan told of digging up the money, \$10,000 at a time, and giving it to his brother to invest for him. Judgment against the estate of Charles W. Slack and Dr. John Galloway—made no defence to the suit, stating that they were convinced the money belonged to Kissan. The beneficiaries under Lloyd's will also requested that any doubt be resolved in the plaintiff's favor.

SIX  
CONFRONTING AIDE,  
MRS. TRACEY SWOONS

Woman, Who Admits Poisoning Husband,  
and Relative Both Confess.

YORK, Pa., June 24.—Mrs. Joshua Tracey and William Brown, already prisoners, are now charged with the murder of Mrs. Tracey's husband, since both have made signed confessions, each largely corroborative, to Detective Charles S. White.

Confronted by William Brown in the county prison, Mrs. Tracey avowed and efforts to make her tell some of the manner in which strychnine was administered to Tracey in a drink of coffee proved unavailing at that time. In substance the woman's statement is as follows:

Brown bought the strychnine. He concealed himself in the woods until he had an opportunity to enter the Tracey house unobserved by the husband. He dropped the poison into a coffee pot on the stove, while Mrs. Tracey stood nearby and watched him. The woman said she then administered the strychnine to the coffee pot, after this she instructed her daughter to empty the coffee pot, then to make fresh coffee.

Here is the substance of Brown's confession:

"My name is William R. Brown. I went to Lancaster Thursday, June 10, while there brought to my home and on the following Saturday I met Mrs. Tracey at Ben Mitzel's house, and I gave her the poison while there."

Brown later amended this statement by saying that he did not personally purchase the strychnine but had his brother John, of 17 Queen street, Lancaster, buy it for him.

Immediately after the funeral of Tracey the woman says Brown came to her home and said:

"Do not be worried about this. I will take all the blame."

Tracey died Monday night in agony after the administration of poison. He tore his flesh and made such an outcry that it was one of the things that directed suspicion to the pair as being responsible for his death.

BORN IN FIGHT WITH  
DOG, WOMAN MAY DIE

Dragged Through Yard by Beast, She is  
Terribly Hurt.

CHESTER, Pa., June 23.—Mrs. John Turpin, of Upland, engaged in a desperate encounter with a large, ferocious dog this afternoon, and the terrible lacerations inflicted by the brute's fangs are liable to cause her death.

The experience so affected her nerves that she has not been rational for several days.

Mrs. Turpin was calling upon Mrs. Joseph Glenn, a next-door neighbor, when the dog, which owned by the Glenns, attacked her. The animal threw her down upon the porch, grabbed her by the hair of her head, and dragged her around the yard, paying no attention to the vigorous beating administered by Mrs. Glenn with a chair.

Great pieces of flesh were chewed out of Mrs. Turpin's face and arms, and she was unconscious for several hours, rescued by Policeman Joseph W. Price who shot the dog.

BLACK HAND SIGNAL  
STOPS MURDER TRIAL

Star State Witness, Fearing Death,  
Refuses to Testify.

CHICAGO, June 24.—The trial of Joseph Bertucci, an alleged "Black Hand" murderer, came to a sudden halt in court today when an Italian entered the room, waved a handkerchief at Bruno Nardi, star witness for the state, who had taken the stand to tell of the murder.

After waving the handkerchief to Nardi, the Italian, and detectives followed Nardi not far, Nardi refused to answer any more questions, saying he would be killed if he testified against Bertucci. The same fear was expressed by Nardi's wife, also a material witness, and the prosecutor was forced to adjourn the trial.

FREDERICTON, N. B., June 24.—After years of faithful services in cause of Dominion A. Dunstan Thomas, keeper of Fredericton Municipal House, has landed a government job. He will have charge of the distribution of school books and scribbles at a salary of \$700 per year and will enter upon his duties on July 1.

Mr. Thomas has had his net out for a government job ever since the local election. He wanted to be high sheriff, but another with stronger claims won and it was found necessary to create a position for him. It is not expected that his present job will be very exciting.

The appointment of Mr. Thomas makes the seventh addition to the staff in the department building here since the "economical" Hazen government took office and a net increase of four.

HALIFAX, N. S., June 24.—With over 200 Chinamen on board, bound in bond from Montreal to Mexico, the Elder Dempster liner Sokoto arrived in port this morning from Montreal and Sydney. This is one of the largest numbers of Chinese that ever passed through Halifax in one lot. The quarters had to be fitted up on board the Sokoto to accommodate the Chinamen, and while the steamer is in port two police officers will be constantly on duty watching that none of them jump their bond. Two of them made an unsuccessful attempt to escape yesterday at Sydney.

HALIFAX, June 24.—The site of the Roman Catholic chapel at Sheet Harbor may become the scene of extensive gold mining operations, as the result of the discovery of gold in the workmen engaged in digging there. Already 500 acres have been taken up by Sheet Harbor and Dartmouth people, and the rush for claims is just about beginning. The old Roman Catholic chapel by a new episode will be enlarged. The old building has been taken down and it was while the foundation was being laid that the gold was discovered. The gold-bearing boulders were found. Sheet Harbor is a gold-bearing district, and the workmen were able to judge of the value of their discovery.

Rev. Father Sweet, P. P., was at the R. C. picnic at Windsor and he was at once communicated with. Persons seeking the first information concerning the discovery, hastened to take up areas. If there is a paying lead at this spot the erection of the chapel may have to be stopped and the sacred edifice may have to be erected on another less valuable site.

WINNIPEG, June 25.—The bridge work over the filling at Hawk Lake, near Kenora, which was sunk again and expired last week, had again work getting over and was considered by the C. P. R. traffic will have to be sent by Canadian Northern until repairs are made. The train was about twelve hours late at Winnipeg.

The parcel post convention arranged between Canada and the Bahamas comes into operation on the 1st of July. The postage rates on parcels for the Bahamas will be twelve cents for each pound of weight, and a parcel of a custom declaration form, which can be obtained at any post office, must be affixed to each parcel.

WORLD'S OLDEST  
TELEGRAPHER HAS  
PASSED AWAY

Orrin S. Wood, Once Manager Montreal  
Telegraph Co., Dies at the  
Age of 91.

NEW YORK, June 24.—Orrin S. Wood, one of the first telegraph operators in Washington and pioneer constructor of telegraph lines in this country, died last night at his home in Turner, N. Y. He was 91 years old.

Mr. Wood was intimately associated with S. F. Morse in the early days of telegraphy, and he built the first line between New York and Philadelphia. In 1847, Mr. Wood connected Albany, Buffalo, Niagara Falls, Toronto, Montreal and Quebec by wire. Then he became superintendent of the Montreal telegraph company, which post he filled until 1850. For the last thirty-five years Mr. Wood had not actively engaged in business.

The late Orrin S. Wood, the oldest known telegrapher in the world, reached his ninetieth birthday on December 14, 1817, and this venerable descendant of the New York and Albany telegraph lines, along which routes he was also known as the principal operator. Mr. Wood was the first superintendent of the Montreal Telegraph Company of Canada, filling this position for eighteen years. In fact, it was under his supervision that the line was built.

He was one of the most notable telegraphers in America, and the first pupil of Professor Morse and the first to inaugurate an electric telegraph line in Canada on an extensive scale.

Born in 1817 near Ithaca, N. Y., after a grammar school education, he studied and became a civil engineer and was for some time employed in that capacity by the New York State government.

When Mr. Morse was exhibiting his telegraph in Washington, and Mr. Wood was subsequently engaged in other telegraphic enterprises in the United States, in all of which he was equally fortunate. He retired from active life some years ago to spend the evening of his days in a quiet suburb of New York.

He was a man of commanding presence, tall and dignified. He possessed a highly cultured mind, a humane heart, and a ready wit. He was a long remembered by telegraph men as the first telegrapher on the continent of America—a distinction of which he was the proud possessor.

ON KILLARNEY LAKES

KILLARNEY, June 24.—The inquiry into the death of five American and four English travellers and two boatmen who were drowned yesterday by the swamping of their boat on Lower Killarney Lake, was begun by the coroner this afternoon. The two boatmen who were rescued, however, were not sufficiently recovered to give evidence before the coroner until Monday.

Leary, one of the boatmen, stated tonight that a huge wave swamped the boat and successive waves, which were running high, threw all the passengers into the water. They called for help, but only two of them were able to hold out until help came.

The body of one of the victims was identified this afternoon as Mrs. H. W. Coburn, of Lowell, Mass., who arrived here on June 21. The manager of the Southern Hotel, where Mrs. Coburn was staying, is awaiting instructions concerning the disposition of the body.

Mrs. Coburn's name was first thought to be "Miss Catum."

The two other bodies recovered were those of the English women.

The work of dragging the lake ceased at 8.30 this evening and will be resumed tomorrow.

When your food has not been properly digested, your body has not received the nourishment it should. The exertions of the gastric juices have been confined entirely to removing the undigested and indigestible portions of food which they cannot properly digest as speedily as possible from the body, thereby only giving the blood a small percentage of nourishment with which to feed the tissues. Burdock Blood Bitters regulates the bowels, promotes perfect digestion, makes pure blood, tones the stomach, and thus restores perfect health and strength to the debilitated system.

Mrs. D. A. Francisco, Roseland, R. C., writes: "I was suffering from stomach trouble of the worst kind for about four years. Everything I ate seemed a burden to carry. I always awoke in the morning with a sickening and feverish taste in my mouth and was also troubled with swellings in my hands and feet. My physician said I was suffering from indigestion and I tried everything that was purchasable, and also consulted two or three physicians, but could find no relief until one of my neighbors told me of the wonderful cure by Burdock Blood Bitters. I used altogether ten bottles and am now perfectly cured. I wish to recommend B. B. B. to anyone who may be unfortunate as I was."

AT SEVENTY-FIVE HE  
IS FATHER OF THIRTY-

Delaware Farmer Has Twenty-One Children  
Still Living, the Youngest  
Only Two Years.

DELMAR, Del., June 23.—Colonel Roosevelt started for Africa before being acquainted with the fact that one of the best exponents of the anti-race suicide is John W. Guy, who is the father of thirty children, twenty sons and ten daughters, of whom there are twenty-one living, his eldest child, a son, being fifty-three years; his youngest, a daughter of two years.

Mr. Guy is a farmer and resides at Mills Station, a few miles south here on the New York, Philadelphia and Norfolk Railroad. He was seventy-five years old on April 3 last. In 1855 he was married to Mary Ann Bayfield, a farmer's daughter, both being in their twenty-second year. To this union seven children were born.

On September 12, 1858, Mr. Guy was joined in wedlock to Margaret Elizabeth Ayers, who was twenty-one years old. The parents of the bride objected very much to this match. An agreement was planned, and the mother-in-law pointed woe, assisted by Miss Ayers' brother, stole his sweetheart from the house and drove to Newton, Md. (now Pocomoke) and were married at day-break the following morning. To this union eighteen children were born.

Mr. Guy's last marriage was to Lola Crockett, a beautiful girl of sixteen years, the bridegroom then being in his sixty-fifth year. To this union five children thus far have been born.

One of Mr. Guy's sons by his first marriage married a sister of his present wife, and a daughter of his second wife married a brother of his present wife. Despite the fact that Mr. Guy has raised twenty-one children, he has only twenty-three grandchildren, while eighteen of his own children are married.

At the time of his first marriage Mr. Guy was practically a poor man, and although he has raised three sets of children, starting each son out in life, he has prospered wonderfully, and now is owner of several farms in the surrounding country, besides his own home.

Mr. Guy is still robust and hearty, and bends in his body, and has no gray hair, and he may be seen each day working on the farm with his hired laborers, and his appearance caused one to think he had reached the century mark. Each morning he may be seen escorting four of his young children, accompanied by his wife, to the schoolhouse, making a long procession.

\$15,000 VERDICT FOR GIRL AGAINST LAIRD

It Takes Jury Only Twenty Minutes to Decide for Cora Sinclair

NEW YORK, June 24.—By its sealed verdict, opened today by Justice Amos, the jury in the suit of Cora Sinclair to recover \$15,000 from Samuel S. Laird, Jr., awarded \$15,000 a young married man of Philadelphia, for alleged breach of promise of marriage.

Laird denied the promise, and asserted that the plaintiff—An attractive-looking young woman—was a person of immoral life and habits, she admitted that for eight years she had been in the most intimate relations with Laird.

The trial lasted six court days. The jury sat out just twenty minutes. Upon receiving the verdict, Justice Amos promptly denied the application of Cora Sinclair to have set aside the verdict.

The case was considered by lawyers as one of the most remarkable of the year ever tried.

Miss Sinclair, while on the witness stand, was most frank in relating the story of her life and of her intimate relations with Laird. She testified that in 1902, while she was a poor sewing machine girl, she went to a house of bad repute, where she met Laird, who afterward rented apartments for her, and that they lived together.

### KINDERGARTEN TOTS HAVE A PICNIC AT ROCKWOOD

About a Hundred Little Ones are Spending a Happy Day in the Park.

The children of the free kindergarten classes are today heartily enjoying themselves at the picnic at Rockwood Park. Assembling at the school houses about 10 o'clock the children proceeded to the park. There were over a hundred little tots in all. On arrival at Rockwood the children at once started to enjoy themselves. Amusing games were indulged in to the great delight of the boys and girls. Noon arrived and the children assembled on the grass for dinner. The baskets were opened and the good things served. The classes were also treated to refreshments by friends of the kindergarten.

In a convenient position near the pavilion, the children were arranged about 1:30 o'clock, and a photograph of them was taken. Mrs. Matthews was in charge of the Portland street class and was assisted by Miss Lou Estey and Miss Eagles. Miss Hutt had the Glad Tidings Hall class, while Miss Belle Miller was in charge of about thirty children from the St. Mary's school.

It is the intention to spend the remainder of the afternoon at the park and return about six o'clock.

### NO AUTHORITY TO PAY MR. BARBOUR'S BILL

He Will be Asked to Explain—Water and Sewerage Had No Quorum So No Further Action Was Taken.

A meeting of the Water and Sewerage Board was called for this morning. The chairman, Mr. Frank, Mr. Scully and Hayes and Engineer Murdoch responded, but as there was no quorum, the meeting was not held.

The purpose of the meeting was to consider the bill for \$1979 submitted by Engineer Barbour for services in connection with the trials of the new system and the difficulty with Mr. Arthur and McVey's section. He charged \$25 per day for his services, but as no authority can be found for the payment of such a charge the Recorder has advised against paying the bill until the authority is produced.

The common clerk will write Mr. Barbour, asking him under what order of council or other instructions the charge is made.

The proposal to reduce the water rates for the benefit of manufacturers using large quantities, was not touched upon.

During the recent session of the New Brunswick and Prince Edward Island conference at Woodstock, Rev. Jas. As a result of this appointment the quarterly board of Zion church was called and passed a strong and unanimous resolution asking that Mr. Crisp be left at Zion for a fourth year. So strong was the feeling in this direction that the president of the conference and the chairman and financial secretary of the St. John district last evening made a readjustment by which Mr. Crisp will remain in Zion a fourth year. There being no other objection, Mr. Delastadt was appointed to Springfield.

At the recent exhibition of work at the Townsend Industrial School at Newport, there was a display by the drawing classes of the Rogers High School which was quite a revelation to many, not alone because of the quality but because of the variety. There were not only drawings in pencil, but in charcoal, crayon and water color, designs of various sorts, leather work, brass work, books and sofa pillows. There were life, still life and flower studies and conventional work, which collectively showed the broadness of the instruction of the classes under Miss Lulu Roderick, the popular teacher of that department in the High School.
