Feeling Engendered by Peace Treaty's Shan Tung Provision Got Very Close to the Boiling Point.

Longshoremen Are Voting To Resume Work in N. Y.

New York, Oct. 14.—Six of the largest longshoremen's local unions voted today to return to work.

Washington, Oct. 14.—Bitter feeling engendered by the Peace Treaty's Shan Tung provision got close to the boiling point again today in the Senate.

The declaration to which format objection was taken was made by Senator McCumber, republican, North Dakota, in the course of a heated exchange with Senator Reed, democrat, Missouri, and have to do with charges which Japan acting in bad faith in the province of her statement to return Shan Tung province to China.

Senator McCumber, a republican member of the Foreign Relations Committee, was speaking in reply to chairman Lodge of the committee, who had just concluded a prepared address, supposing the Shan Tung province had been her province, and would continue to do so, in furtherance of her scheme for China's exploitation, Mr. Lodge asserted.

In replying Senator McCumber argued that the proposed amendment would be of no avail because Shan Tung already was in Japan's possession and altering the Treaty would not change that possession. On the other hand, he said, the clause of the Treaty which gave the Shan Tung province to China was a "straw man" and he would like to see it removed.

DISCUSSION OF TREATIES HEARD IN HOUSE TUES.

House Asked to Concur in the Amendments in so Far as Austrian Treaty Was Concerned.

THIRD READING FOR SEVERAL BILLS

Additional Correspondence and Memoranda Regarding G. T. R. Legislation Were Tabled by Hon. Meighen.

Ottawa, Oct. 14.—A short, sharp discussion of treaty approval marked today's sitting of the House of Commons. The question arose on Senate amendments to the bill to carry the German Peace Treaty into effect.

Mr. D. D. McKenna wanted the bill so to extend the provisions of the bill so that it would apply to the treaty with Austria, and also to other treaties signed by Canada. Mr. Doherty asked the House to concur in the amendments in so far as the Austrian treaty was concerned, but not with regard to the others.

Mr. D. D. McKenna wanted the Austrian treaty tabled before the House should express its approval of it, and Hon. W. S. Fielding thought it most extraordinary that the Canadian Parliament should be asked to assent to this agreement without having seen it.

Mr. Doherty explained that an authenticated copy of the Austrian Treaty had not yet been received, but that a copy of the document, as prepared for signature, had reached the government, and that in all fundamentals it followed the lines of the German treaty. He understood that the signed treaty was practically the same as that received by the government here.

The government's motion carried. Third reading was given to the civil service commission bill, and also to the bill permitting the inspection, manufacture and sale of chloroform in Canada for a limited period.

In connection with further consideration of bills relating to the wheat board, Sir George Foster made some additional explanations as to the disposition of the Canadian wheat crop and the agreement made with the millers.

Before the House arose, Hon. Arthur Meighen tabled some additional correspondence and memoranda regarding the legislation to acquire the G. T. R. These documents will be printed before discussion of the G. T. R. resolution is commenced at tomorrow's sitting.

DR. SMITH FAILS AS MANAGER OF CANDIDATES

Hon. Minister of Lands and Mines Hits the Toboggan and Pulls His Ticket Down to Defeat in Council Election.

Special to The Standard. Shediac, Oct. 14.—The oft-repeated smile and optimistic air that had always radiated from the beaming countenance of Dr. E. A. Smith, Hon. Minister of Lands and Mines in the cabinet of Premier Foster, are no more.

The manipulator of government real estate passed through an election today in which he was campaign manager, director of ceremonies, water boy and all, but his efforts counted for naught.

He has become one of the ships that pass in the night, the smile is faint and stolid and wisdom has flown. His undoing came in the Municipal Councillor Election held here today. Liberals were pitted against Conservatives, and the Hon. Minister made it his fight in his own behalf when he felt he was political ruler supreme.

It is reported that some of the exciting refreshments that are arising to the wavering voter were issued to such an extent it was found necessary to call in one of Inspector Wilson's assistants who made a seizure of one polling place.

Despite the hard work of the Hon. Minister his cohorts went down to defeat. He sees the handwriting on the wall and his sleep tonight will be haunted by horrible nightmares of what it means to be a political failure, or visions of the swiping of the widow's mite.

The returns from the polls today gave the Conservative candidates Wm. Murray 485, Mr. Richard 528; the

Divorces Granted Under Soviet Are Invalidated

Budapest, Oct. 13.—The Hungarian government has issued a decree, invalidating all divorces granted by the Soviet, during which period very liberal divorce legislation was put into effect. The only divorces not invalidated are those in which remarriage of one or both parties has taken place.

LAMBETH POOR LAW GUARDIANS GAIN SUPPORT

The Establishment of Judicial Courts in Britain and Dominions to Consider Description Cases.

London, Oct. 14.—Some prominence is being given here to the resolution of the Lambeth Poor Law guardians, which suggests the establishment of judicial courts in Britain and the overseas dominions, to adjudicate upon cases of wives deserted by men from overseas or who depart from their home after a brief experience of married life. The guardians have not yet received any answer from the Canadian authorities.

Rounding Up Bomb Plotters

Federal Authorities Have the Net Thrown About Perpetrators of Bomb Outrages.

KNOW MAKER OF GIMBEL BOMBS

The Leader of the Dynamiters An Expert Electrician in One of the Gary Steel Mills.

Chicago, Oct. 14.—Premature announcement in a Chicago paper this morning of some features of a bomb story, military authorities at Gary said, had partly thwarted the plans for clearing out what they had reason to believe was one of the central committee's headquarters for dynamiters in this country. This story said that Alexander Ivanoff had been arrested as the principal bomb maker. Colonel Napes, commander of the Federal troops at Gary, announced this forenoon that Ivanoff had not been arrested, but that the authorities were looking for him. Army intelligence department officials said that Ivanoff was the Gimbel bomb maker.

Ivanoff, the alleged bomb maker, the authorities said, was an expert electrician, employed in a large mill near Gary. There, they claimed, he started his bombs, taking them home for the finishing work. His plans, the officers asserted, included finally the destruction of the factory where he worked. The cache of the dynamite was located and its amount was not made public today, but an official who declined to be named said that he presumed there was enough to "blow about all northern Indiana off the map."

Officers at Gary asserted that they had taken into custody the man who dynamited the Chicago Post Office last year. This explosion cost four lives. The officers here said that this dynamite had been released from confinement in order to help in the search for Ivanoff, but that he was closely watched that he could not escape.

Special to The Standard. Richfield, N. B., Oct. 14.—Albert Nowlan, charged with the murder of Militia Police Officer Jos. A. Richard, at Roy, Parish of St. Marys, in August 22nd, last, goes free. The Grand Jury taking his case under consideration at the Kent Circuit Court, today, with Mr. Justice McKenna presiding, found him not guilty. The Grand Jury was composed of David Targett, Hon. J. P. Byrne, Attorney-General, representing the Crown, with W. H. Henson, K. C., of Moncton, representing the Department of Justice, and E. R. MacDonald, of Shediac, representing the accused. The only crime in the deposition was the case of Albert Nowlan, charged with the murder of Militia Police Officer Jos. A. Richard. The Grand Jury was composed of David Targett, Hon. J. P. Byrne, Attorney-General, representing the Crown, with W. H. Henson, K. C., of Moncton, representing the Department of Justice, and E. R. MacDonald, of Shediac, representing the accused.

TWO PETTICODIAC WOMEN FIGURE IN AUTO ACCIDENT

With Two Soldiers from Fort Ethan Allen in Car Which Goes Over Embankment—To Deport Women.

Special to The Standard. Saint-John, N. B., Oct. 14.—Col. J. E. Connell, of Fort Ethan Allen, began a rigid investigation today of an automobile accident in which two married women, both from Pettaodiac, Nov. Brunswick, stopping with Joe Leno, proprietor of a road house here, and Sergeant Frank Macrois and Private Gormey figured. The machine, which is alleged, was taken from the Fort without permission by Sergeant Marotte, plunged over a 10-foot embankment, landing in a swamp.

One of the women, Mrs. Joseph Shattuck, suffered a broken arm and three fractured ribs. The other, Mrs. Grace Leno, was sent to the head and face. The soldiers, unharmed, telephoned for help, leaving the women and going back to the Fort while a rescue party was arriving. The two women claim to be sisters. The authorities state their intention to deport them.

FORMER ST. JOHN MAN COMMITS SUICIDE IN N. H.

Ernest Beauregard, a Native of This City, Puts Two Bullets Into His Body at Manchester, New Hampshire.

Special to The Standard. Manchester, N. H., Oct. 14.—Shooting himself twice with a 22-calibre revolver at his store on Main street early today, Ernest Beauregard, 51 years old, a native and former resident of St. John, N. B., one of the most prominent sportsmen in the state, walked across the street and fell dying on the steps of the police station. He was rushed to the Sacred Heart Hospital, where he died within a few moments.

Beauregard was the proprietor of a bicycle and sporting goods store and has been known as one of the most expert trout fishermen in New Hampshire. He had been despondent for several months and several times has threatened to commit suicide.

When the first shot failed, Beauregard pressed the gun to his chest and fired again. The second bullet entered the man's breast near the heart. Realizing that he was mortally wounded, Beauregard attempted to walk into the police station and he succeeded in reaching the steps of the building before he collapsed.

A son, Ernest, jr. of Shediac, N. B., and a sister, last heard from in St. John, survive.

Bolshevik Being Forced To Cover By Denikine

Copenhagen, Oct. 14.—The position of the Bolsheviks in the Baltic is reported from Russia to be critical owing to general Denikine's advance. One newspaper claims that Denikine will reach Moscow within a month and that the "Reds" no longer hope for victory. If Tula, 120 miles south of Moscow, is taken, says the newspaper, the Bolshevik commissaries intend to flee into Turkestan.

Parliament's Work Delayed BY OPPOSITION

Surprised by Gov't's Agreement With G. T. Liberals Go Into Caucus to Adopt Tactics of Delay.

INTEREST CENTRES ON LAPOINTE

Political Observers Discern in His Candidature in Quebec East the Rise of a New Power in French Canada.

Special to The Standard. Ottawa, Oct. 14.—The coming parliamentary week is likely to be spent in marking time. The opposition, taken somewhat by surprise by the government's agreement with the Grand Trunk Railway, goes into caucus tomorrow and is expected to adopt tactics of delay. Generally speaking, the rank and file of the party are opposed to nationalization, but they do not consider it politically expedient to say so when an election is in progress in the public ownership provinces of Ontario. Thus it is considered practically certain that when the measure comes up for consideration the opposition leader will demand more information and time to digest it before proceeding. The government so far as it is concerned, is ready and anxious to proceed with the bill; but, as emphasized by Mr. Meighen in laying the matter before the House, the agreement is a very important one, and there is no disposition to rush it. Consequently the opposition is likely to be granted any reasonable delay it asks for and the measure may not be taken up until toward the end of the week.

With the by-elections less than a fortnight away both parties are beginning to throw their forces into the fight. Mr. Ernest Lapointe, who is contesting Sir Wilfrid Laurier's old seat in Quebec East, and who may have as his opponent Mr. Armand Levesque, today sent Spenser Rhodes his resignation as member for Kamouraska. A great deal of interest centres in this fight, as keen political observers who are watching the cross-currents of politics in Quebec, discern in Mr. Lapointe's candidature the rise of a new power in French Canada, a power opposing the conservatism of Sir Lomer Gouin on the one hand and the nationalism of Mr. Bourassa on the other. Lapointe encountered both forces at the National Liberal convention and achieved a double victory. He defeated nationalism in the provincial caucus, when he overruled a resolution to have Quebec withdraw from the convention; and he defeated Sir Lomer Gouin in the open when he carried the overwhelming majority of French-Canadian delegates against Mr. Fielding.

Lapointe's rise has been meteoric, for, up to 1917, he was mostly regarded as an obscure back-bencher. Today he is the foremost figure in parliament from his province, and with the retirement of Mr. Lemieux, which is expected to take place shortly, his position of supremacy will be unchallenged. It is considered probable that this is Mr. Lemieux's last parliament. Since the passing of Laurier, and the death of his son in battle, his interest in politics has been on the wane, and it is said that he desires to retire to a less tumultuous and more serious literary and scholastic life. It is understood that he is to be given a distinguished post in connection with Laval University. The passing of Lemieux will remove from public life a politician whose career in politics has been brilliant and tempestuous. Since 1896, when he was one of the clever band of young French Liberals who came in with the Laurier tide, Lemieux has been a figure in parliament. One of the few surviving orators of the time, widely read and travelled, steeped in constitutionalism, he was in many ways an adornment to the House, and his loss will leave a large gap.

Special to The Standard. Ottawa, Oct. 14.—Official telegrams from Riga report the safety of the British mission and also the return to that city of the Lettish government. Efforts are proceeding to bring about the co-operation of the Baltic states against the Russo-German army, which suggests the establishment of an anti-German front. A despatch to the Handelsblad from Berlin today declares that General Von Gotta has been in Berlin since Wednesday, despite the German newspaper reports that he will still be in the Baltic region.

Letts Defending Their Position Against Invaders: Splendidly and Are Being Helped by Estonians.

Special to The Standard. Stockholm, Oct. 14.—The Lettish council of Ministers has refused, it is said, to comply with the suggestion of an armistice, put forth by Colonel Ayaloff-Bermond, who, on October 12th again requested the Lettish government to send delegates to Mitau to discuss possibilities of a settlement. The Lettish ministers replied that it was impossible to negotiate with Colonel Ayaloff-Bermond, who has been declared a traitor by General Jochen, commander of the Russian North-western Army.

According to reports received here from Lettish quarters the demand for an armistice was provoked by the vigorous resistance of the Lettish troops at Riga, who had prevented the German Baltic forces from crossing the Duna bridges and penetrating into Riga.

Stockholm, Oct. 14.—The Lettish council of Ministers has refused, it is said, to comply with the suggestion of an armistice, put forth by Colonel Ayaloff-Bermond, who, on October 12th again requested the Lettish government to send delegates to Mitau to discuss possibilities of a settlement. The Lettish ministers replied that it was impossible to negotiate with Colonel Ayaloff-Bermond, who has been declared a traitor by General Jochen, commander of the Russian North-western Army.

According to reports received here from Lettish quarters the demand for an armistice was provoked by the vigorous resistance of the Lettish troops at Riga, who had prevented the German Baltic forces from crossing the Duna bridges and penetrating into Riga.

NEW RECORDS MADE IN FALL AUCTION SALE OF FURS

Muskrat Was the King on the Closing Day—Sales for Week Totalled \$7,050,000.

Special to The Standard.

New York, Oct. 14.—Muskrat was king on the closing day of the sale in the Masonic Temple here. Both the brown and black skins brought the highest prices ever paid for them at a public auction in this city, and largely because of this a new high record for a single day's selling at a New York fur sale was established. The day's total was \$1,500,000. The grand total for the sale just closed was \$7,050,000, which is also a new high record for a New York auction.

TRAVELLERS HOLD DEMONSTRATION AT MARSEILLES

Marseilles, Oct. 14.—Nine thousand prospective travellers for the Par East, the near East, Algeria and Morocco, who are held up in this port by the general strike now in progress, held a parade through the principal streets of Marseilles this morning. Afterwards the paraders sent a delegation to the Maritime Prefect requesting that arrangements be made for their departure and asking for the prompt settlement of the strike.

FRENCH STEAMER VENEZIA ON FIRE AND ABANDONED

Reported a Menace to Navigation Eight Hundred Miles East of Halifax.

Halifax, Oct. 14.—That the French steamer Venezia had been abandoned at sea on the 14th in latitude 43.32 north, longitude 45.04 west, was the news in a wireless message received this afternoon by C. H. Harvey, of the Maritime and Fisheries. The word came from the French steamer Chicago. No further information was given, but it is confidently assumed that the passengers, if there were any, and the crew, were taken off by the Chicago. The Venezia was reported by the Chicago to be a danger to navigation. The position given for the derelict is about nine hundred miles east of Halifax.

REAR ADMIRAL W.F. FULLAM, United States Navy, says: "It is probable that a complete revolution in naval architecture will be forced upon us in the near future and that the present types of dreadnoughts and battle cruisers will be driven from the sea. There are five different methods of attack that involve the possible destruction of the immense and costly ships that are now regarded as the measure of sea power. 1. The plunging fire of modern guns at extreme ranges of 16,000 yards and above. 2. Attack by bombing from aircraft. 3. Submarine mines. 4. Torpedoes fired from destroyers. 5. Torpedoes fired from torpedo-planes. The decks and upper works of modern ships are completely vulnerable to the plunging fire of big guns as well as to bombing airplanes. Aircraft will not only constitute dangerous offensive weapons in themselves, but they will contribute greatly to the accurate and effective use of a ship's guns in battle. They will be of double value, and from present indications airplanes will soon become one of the most invincible elements in sea power."

POLITICS IN ONT. SWINGING ON AT MERRY CLIP

Both Leaders of the Two Old Political Parties Are Campaigning Outside of Their Individual Ridings.

Toronto, Ont., Oct. 14.—Both leaders of the two old political parties are campaigning outside of their individual ridings. Sir William Hearst, the Premier, spoke in Wallaceburg this afternoon in support of Milton W. Shaw, the Conservative candidate in West Kent, and tonight the Premier was in Chatham. In each place he reviewed the legislation enacted by his government and paid an especial tribute to the Minister of Education, Hon. Dr. Coyle.

THIS WOMAN FOUND HEALTH

And Escaped an Operation by Taking Lydia E. Pinkham's Vegetable Compound.

Hazelhurst, Ga.—"I have used your remedies for only ten months, and they saved me from an operation. Before I took Lydia E. Pinkham's Vegetable Compound I was so ill from a female trouble that I was forced to stay in bed for a week at a time with weakness and pain, but your medicine has done so much for me that I am recommending it to all suffering women. It certainly is a great medicine and is a sure road to health for women. You may publish this letter if you like."—Mrs. W. C. LITTLE, R. F. D. 4, Hazelhurst, Ga.

LONDON DOESN'T TAKE KINDLY TO WOODEN HOUSES

Minister of Health Puts Ban on Erection of Wooden Houses There.

London, Oct. 14.—(By C. A. P. Cable.)—The result of the special investigation by the Ministry of Health into the erection of wooden houses here. It is stated that frame houses of the British Columbia type which would serve her condition could not be completed for less than £700, and there is not more than a six per cent. difference in the cost of wooden houses and brick ones. The risk of fire and vermin are also important considerations. Nevertheless permission is being given to local authorities to erect simple wooden houses.

GLASS OF SALTS CLEANS KIDNEYS

If your Back hurts or Bladder bothers you, drink lots of water.

When your kidneys hurt and back feels sore, don't get scared. Proceed to find your stomach with a lot of drugs that excite the bladder and irritate the entire urinary system. Keep your kidneys clean. Use your bowels clean, by flushing with a mild, harmless salt which moves the body's liquid waste, stimulates them to their normal activity. The function of the kidneys is to filter the blood. In 24 hours they strain from it 500 grains of waste, so we can readily understand the vital importance of keeping the kidneys active.

LET "DANDERINE" SAVE YOUR HAIR

Get rid of every bit of that ugly dandruff and stop falling hair.

To stop falling hair at once and rid the scalp of every particle of dandruff, get a small bottle of "Danderine" at any drug or toilet counter for a few cents, pour a little in your hand and rub well into the scalp. After several applications all dandruff usually goes and hair stops coming out. Every hair in your head soon shows new life, vigor, brightness, thickness and more color.

The St. John Standard

Published by The Standard Limited, 53 Prince William Street, St. John, N. B., Canada. H. V. MACKINNON, Manager and Editor.

ST. JOHN, N. B., WEDNESDAY, OCTOBER 15, 1919

MR. VENIOT'S REPAIRS.

Mr. Veniot states that, pending the transfer of tidal wharves to the Federal Government, the Provincial Public Works Department looked after repair work until July, 1918.

During the present year some plankings were put in the wharf at the Cedars and the corners of the structure were fixed. Dunham's Wharf was repaired this year and is in good condition.

At Day's Landing repairs were made in 1917. At Carter's nothing has been done for years; one fender and no repairs have been made.

At Glenwood repairs were made in 1917 and the wharf is in a fairly good shape. Williams' Wharf is in a bad state of repair, the posts, fenders and face of the wharf being practically destroyed.

At Oak Point the Public Works Department had a photograph taken of the wharf as an example of the extent to which neglect may go, and that photograph is kept as a curiosity in the Department of Public Works at Fredericton.

The main body of the high water wharf is three feet below the level of the plank and nearer the water, so that neither teams nor live stock can be kept off or put on the steamer.

At Hampstead both high and low water wharves are badly rotted, and fenders, posts and plankings are all in need of replacement.

At Grand Falls the high water wharf is in a disgraceful condition, the face of the wharf is full of holes, the whole structure is shaky and will undoubtedly be carried away by next spring's freshet.

Mr. Veniot states that his department has been responsible for all repairs up to July, 1918. This record shows the attitude of Mr. Veniot in the matter.

and that no hope of success will attend efforts to defeat candidates supporting the present administration. They have wisely undertaken to attack the unsatisfactory opposition and because of the energetic campaign which they have conducted during the past two or three months, now enjoy prospects of a fair measure of success.

The postponement of the meeting of the Board of Commerce in St. John will give our civic authorities opportunity to prepare such information as may be at hand for presentation when that meeting takes place.

The merchant shall buy his goods in the lowest possible market and sell them where he can obtain the highest prices. The storekeeper whose gross profits are smaller than his business expenses very soon finds himself in the bankruptcy court.

Railroad Man Is Feeling Fine, Now

Joseph A. Black Suffered from Rheumatism for Years—Trouble Disappears After Tanlac Builds Him up.

Joseph A. Black of 86 Hazen St., St. John, New Brunswick, is still another well-known railroad man who has cause to be glad he was induced to try Tanlac. Mr. Black is employed by the Canadian Pacific. He is not only popular with the railroad men, but is highly respected by all who know him. In desiccated and relief, Mr. Black said:

"I have suffered from rheumatism for a few months ago. I had an attack in my right knee that hurt me so bad I couldn't rest at night. I would have to get up and rub with liniments and try every way to get a little ease and then feel so bad during the day that I could hardly work. My appetite was very poor and my head ached. It is hard, of course, used all kinds of liniments and was under treatment, but nothing did me a particle of good.

"In fact, I got worse until my wife brought me a bottle of Tanlac and then I commenced to straighten right up. I had not taken half of the first bottle until there was a big improvement in my condition. I am feeling just fine now. Every sign of the rheumatism is gone, my appetite is great and I sleep like a log every night. I feel better in every way than I have in years and it is all due to the good work of Tanlac."

Rheumatism is not only one of the most painful and difficult to treat of all present day diseases. When the digestive organs and bowels are not working properly and the kidneys become clogged up, the whole system becomes deranged and saturated with uric acid poisons and other impurities, which accumulate in the joints and other part of the body and produce the condition known as rheumatism.

Tanlac is a powerful reconstructive tonic and quickly overcomes this condition by acting directly on the vital organs, toning them up and enabling them to perform their proper functions, so that the impurities are soon eliminated from the system in a natural way. Liniments and external applications, as a general thing, only afford temporary relief. Tanlac is a constitutional treatment and gets at the root of the trouble by removing the cause.

Tanlac is sold in St. John by Ross Drug Company, and F. W. Munro, under the personal direction of a special Tanlac representative. (Advt.)

"The Touch of Abner" New Novel

H. A. Cody's Latest Story Tells of An Eccentric Character—Is Full of Amusing Incidents and Funny Sayings.

According to his own statement: "Brains, gall an' luck," were possessed by Abner Andrews, the hero of "The Touch of Abner," the latest book from the pen of H. A. Cody. Readers of this novel will add "Humor, imagination and a very kind heart" all of which make up a character whose fortunes, as related by the author, are full of interest and entertainment.

The story holds the reader from the first page until the happy ending and is marked by a vein of humor which will delight young and old. Abner, the shrewd eccentric farmer whose homely wisdom and queer sayings are the delight and terror of his family—Tidy, his wife who has a passion for house-cleaning and who alternately worries over and scolds her husband—Jess the daughter who comes home from the Seminary filled with ambition to do Social Service work in a big city, and has to be shown that there are neglected orphan asylums in the world.

REBELLION IN STOMACH

"Pape's Diapepsin" at once ends Indigestion and Sour, Acid Stomach

Lumps of undigested food cause pain. If your stomach is in revolt, if sick, gassy and upset, and what you just ate has fermented and turned sour; head dizzy and aches; belch gases and acids and eructate undigested food—just take a tablet or two of Pape's Diapepsin to help neutralize acidity and in five minutes you wonder what became of the pain, acidity, indigestion and distress.

If your stomach doesn't take care of your liberal limit without rebellion; if your food is a damage instead of a help, remember the quickest, surest, most harmless stomach antacid is Pape's Diapepsin, which costs so little at drug stores.

POLICE COURT CASES YESTERDAY

Fred LeBlanc, arrested by Sgt. Rankine, appeared in court yesterday afternoon, was fined \$8 or two months in jail for being drunk, and nine months in jail, without a fine, for accounting women on Main street Sunday evening.

George Stanton pleaded not guilty to the charge of stealing lead pipe from the city, and was remanded. Frank McMurray pleaded guilty to the charge of assaulting William Khevan in Main street, but denied the statement that he had gone into the latter's barn and mistreated the horses there. He was remanded.

Four drunks were given the usual fine. Two boys, charged with entering the store of Robert Carrol, Rodney Wharf, were remanded until this morning.

DENTAL CAR TO SAVE TEETH AND TIME OF CHILDREN

The medical report of the schools of Nassau County, Long Island, for 1917-1918 showed that many of the children's teeth were below par. Many children had not had proper dental attention, and those who were making regular visits to the dentist did so often to the detriment of their school work. From now on the 25,000 school children of the seventy schools in the county need not go to the dentist, however. The dental car of the Junior Red Cross of Nassau County will attend to all that. Dr. Vincent T. Menney will operate the car as well as the "tooth buzzer." With him will ride a nurse, and both will be uniformed in white. In the car is a dental chair built especially for children and all apparatus for dental work. This mobile dental office will make the rounds of all the schools, fill teeth, detect bad tonsils for a surgeon to deal with and in general insist on the "clean teeth" motto of the modern school. This remarkable scheme was thought out by Mrs. E. C. Brower, of Roslyn, L. I., chairman of the Red Cross Committee on Schools of the County. "If people can't get to the dentist we'll send the dentist around to the people," said W. J. Multer, supervising principal of the Junior Red Cross in the public schools of Nassau County.

Communication To The Navy League

President Receives Word from Head Office, Toronto, Expressing Disappointment That Drive Was Postponed

The President has received a communication from the head office, Toronto, expressing the most intense disappointment that the "Drive" for Navy League funds has been postponed, as all their plans have been put on a temporary basis.

It is pointed out that last year, while Ontario raised over \$1,100,000, there was only \$12,000 spent in that province, while New Brunswick raised slightly over \$38,000, and grants here amounted to over \$55,000. It was pointed out, also, that if the campaign was held later it would probably be more difficult to interest the people than if undertaken now, so the Executive of the Navy League here still hope that some effort will be made in our subscriptions, and trust that the Empire will yet rally to the support of the Navy League. In the above connection the following letter from Sir Bertram Hayes, Captain of the S. S. Olympic is interesting and shows how the work of the Navy League is appreciated.

Toronto, Oct. 8th, 1919. Aemilius Jarvis, Esq., President Navy League of Canada, Toronto: Dear Sir— I heard today, whilst speaking at the Canadian Club, of the appeal that the Navy League of Canada is again making in the interests of the sailors, and I take this occasion to say how grateful we are at what Canada has done in the past in this direction, and I am sincerely hoping that this year your appeal will not be upon deaf ears.

Now that the war is over, we are realizing to the full measure the destruction submarine warfare has wrought in the lives of our merchant seamen and the number of dependents that have been left behind. Whilst the seaman is today receiving a greater wage than he ever did before, still this has not been for a sufficient time to allow him to accumulate anything, and the dependents of those who have gone have not participated.

If Canada is awake to her own interests, she will back the Navy League's efforts to realize what SEA POWER means to a country. It means PROSPERITY, it means DEPENDENCE, and we want more seamen, so that British ships will be all manned by British subjects. I am, Yours truly, BERTRAM W. HAYES, Captain S. S. Olympic.

STOCK MARKET EXTREMELY ACTIVE BUT UNSETTLED

Breaks, Recoveries and More Breaks Were Orders of the Trade Tuesday.

New York, Oct. 14—An irregular opening soon developing into weakness, a vigorous rally at midday and another violent reaction in the afternoon summarized the kaleidoscopic changes of today's extremely active and unsettled stock market.

The break of the first hour, when speculative issues declined three to twelve points, was attributed to events over the double holiday, especially the industrial situation, which was intensified by local labor disturbances.

Fallies during the mid session, which largely reduced losses and established several noteworthy high records, accompanied the slight rise and then to fourteen points.

The sweeping setback later began when call loans jumped to twelve per cent and then to more liberal rates from steel centers.

PROVINCIAL OPPOSITION CONVENTION IS TO BE HELD IN ST. JOHN, NOVEMBER 6TH

Those Qualified To Attend Will Be Two Elected Delegates from Each Parish, Two from Each Ward of Cities and Towns, Together With Parish Chairmen and Ward Chairmen—Convention to Discuss Organization and Policy.

A convention, in the interests of the Provincial Opposition Party in New Brunswick, will be held in the hall of the Seamen's Institute, Prince William street, St. John, N. B., on Thursday, November sixth, commencing at ten o'clock in the forenoon.

Representation at this convention will consist of two elected delegates from each parish, together with the parish chairman—qualified ex-officio—and from the towns and cities two elected delegates from each ward, together with the ward chairman, along with such other persons as may be qualified to be present.

This gathering has been arranged by the Convention Committee of the Opposition party and is called for the purpose of discussing matters of organization and policy. County and parish organizations are requested to make note of the date and conditions of this convention, and to take such steps as may be necessary in preparing for the election of delegates and substitutes.

MILITARY NEWS

A statement was given out at military headquarters yesterday that further reductions are to be made in the military personnel here. It is expected that the staff of the district depot will be reduced about fifty per cent.

DON'T PAMPER YOUR STOMACH

Fear of Dyspepsia Robs the Entire System of Necessary Nutrients. Eat a Diversified Meal and With Stuart's Dyspepsia Tablets You Will Avoid the Distress of Indigestion.

TRIUMPHANT, Canada emerged from the war, a nation great in arms and great in trade, a nation respected and admired by the world.

And Canada will continue to hold high her head.

Our obligations to the heroic dead, to the crippled and disabled soldiers, and to the men who were so fortunate as to return, will all be met.

That is Canada's duty.

To fulfill it, every Canadian will do his part.

Canadians will keep the machinery of prosperity humming, the factory chimneys smoking, the sea and lake ports bustling with activity, and the surplus products of farm and factory going forth to Great Britain and other lands.

But to accomplish all this more National Working Capital is needed.

STANDARD'S SPORTING SECTION

DISTINGUISHED PARTY OF AMERICAN SPORTING MEN HERE

Writers and Baseball Executives Arrived Yesterday En Route to Hunt Big Game in Nova Scotia—Delighted With Reception—Were Banqueted at Union Club Last Night.

Yesterday's noon train from Montreal brought to the city a distinguished party of American sporting writers and baseball executives, who have come down in person to judge the famed excellence of the scenery and the hunting possibilities in the Canadian Maritime Provinces.

Following their dinner at the Dufferin Hotel, the party repaired to various local establishments, where they bought guns, ammunition, hunting and camping equipment, camp clothing, footwear and other articles necessary for their two weeks' stay in the woods.

This morning they leave by the S. S. Empress for Digby and will spend two weeks in the woods around Kennebec, N. S.

Irvin S. Cobb, a rather reticent man, is Irvin S. Cobb. Having received large sums of money as a platform lecturer, was a respondent and magazine writer, he probably has a due respect for the value of words and strives to conserve his capital.

Mr. Cobb, rising from the status of a reporter on a Pauline, Kentucky paper, has passed through the stages of stardom in the journalistic field until now his plays are being "banned" throughout the country and he is deriving a very comfortable living, thank you, from his book royalties and his regular cheque from the publishers of the Saturday Evening Post.

Some time ago he became the proprietor of an abandoned farm in New York State, and though the title of his companions yesterday was engaged principally in buying shot, shells and other munitions of war for their forthcoming night in the Nova Scotia woods, the creator of the famous "Judge Priest" stories was looking at clocks, baskets and other articles that will find their place in the newly renovated barn on the abandoned farm, now the headquarters of the Cobb family.

Harry Leon Wilson is known to all as the author of the stories which have made Mac Peckinell, Andy Sawtelle, and Ruggles of Red Gap real living personalities to the millions of his readers. His stories, dealing mostly with the west as it is today, are full of fire and life, probably because considerable of his local color was acquired in Alberta and the Prairie Provinces, as he told The Standard reporter yesterday.

Some big game. This is not the only party of distinguished Americans of which Mr. Page, on behalf of the Canadian Pacific, has been responsible for the past few years. He has been in charge of the party of sportsmen who were to visit New Brunswick on a salmon fishing trip, of which the St. John public have already seen the moving picture, and which were to make a speech, at the University Club, Montreal, and the luncheon served at the Dufferin Hotel here, which he was two of the finest he had ever seen down to.

Irvin S. Cobb, then whom there is no greater than whom ever present at a public dinner, was the star attraction at a dinner given in the Union Club last night for the visiting sportsmen from across the southern boundary.

Mr. Cobb told the assemblage that he always regarded the after-dinner speaker as a member of the lowest order of insect life. Some are above the beetle in importance, some below, but he thought the general average was an insult to the beetle. He did not expect to make a speech, but that was what he always made—and he always spoke.

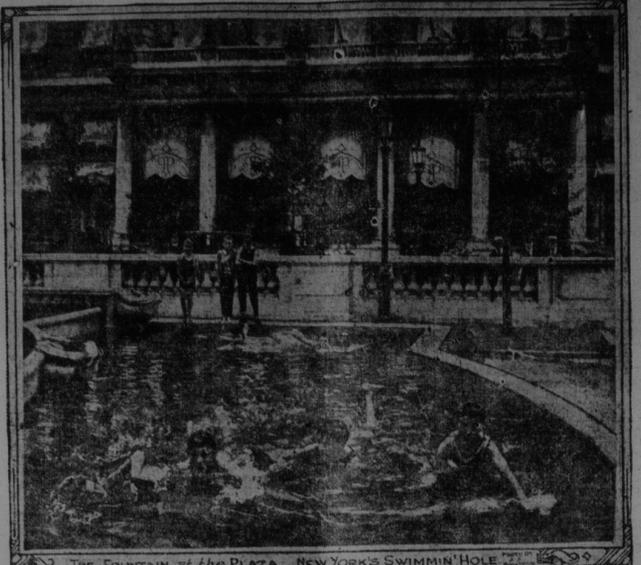

When he regarded the works of Dickens and Mark Twain, and his own present achievements, he could only say with a modest sigh that too much honor had been paid him. He did not think that he was the right one to be called upon for a speech. There, at the left of the table was Harry Leon Wilson, a keen, calculating, pulsating writer of fictional masterpieces, than whom there was no more capable writer in existence today. Then there were three other men, who leaving their wives and families, their business cares and responsibilities, on this side of the water, had come over with America's first army, one returning with the rank of major and the other two as lieutenant colonels. But regarding his own merits as a spokesman of the party, he did not know but that the choice of the chairman had been a wise one.

He had great expectations for the days to come. When he was out after the first moon, he intended to use all the allurement of nature, even to imitating a photograph of William Russell and he was sure he could seal the doom of at least one moose, particularly if his mind was set upon something else.

Flying the Union Jack and the Star Spangled Banner to the breeze, the transformed and transplanted "Abandoned farmer from New York" spoke of Canada, the great northern division of the continent, sharing with the southern republic in a common heritage, language and application. The two countries, he said had lived in peace and harmony for over a hundred years, though their flags had flown side by side through the bloodiest fields of Europe.

In the fall of 1914, as war correspondents with the German army, he was the guest at dinner with the Grey Ghost of Metz, the former chancellor of war for the German Empire. This man questioned Cobb regarding the United States and of the United States, and expressed wonder that the United States did not seize the favorable opportunity while Canada's sons were going across to fight the Hun, to seize this valuable and practically unexploited country. Cobb told him that one could walk along the boundary line between the countries, from coast to coast, and not meet an armed soldier, a gun boat nor a cannon prepared for action. It had never been necessary to erect fortresses, nor to have a naval patrol on the Great Lakes, a condition of affairs that could not seem possible to the Teuton mind.

BOYS HAVE SWIMMIN' HOLE ON MILLIONAIRES' ROW

THE FOUNTAIN at the Plaza, New York's SWIMMIN' HOLE.

New Yorkers were surprised to see a happy lot of youngsters swimming in the large fountain of one of the largest hotels in the country located in the heart of the most exclusive residential district. Those who approached heard the rollicking youngsters venting their enthusiasm in this fashion—"Come on in! Gee, it's great! No, you don't have to pay. You have no rights? Neither have I. These are my B. V. D.'s. The cops won't bother you. Gee! a guy came over here and took our picture! I'll bet he wanted to have a swim himself. This here is the fountain of that big hotel over there and they let us use it when it gets hot. Hey! what do you think of us taking a dip on the same street that Vanderbilt, of John D. and the Astors live on? It's better'n just keeping a lot of goldfish in here. Watch me initiate a morsel!"

Something done to interest the youth of St. John, and the only way to do that was for the local business men to take an interest in sport, as the young fellows undoubtedly do, and make this a real live sporting town. St. John, he said, is the greatest baseball city in the entire country. He well remembers when a world's series was being played one year in Boston, that over 1,200 fans went from this town to see the games, spending well over \$50,000 and travelling over 450 miles to accomplish their object. And with fans like that in the city and good ball material too, there is no good ball field, no sporting ground of any nature.

He advocated strongly for the application from this city for a franchise in the New England League. There is good enough playing material right in the city and it can easily be secured—and there is no better town of fans in the country than right here. Once the town is down on a regular ball schedule it is on the map. You don't have to ask where Lowell is, where Worcester is, where Providence is, where Manchester is—these are all in the New England League and all these towns are on the map as real live sporting, hustling towns. A real good club in a real live league," declared Mr. Page, "is the best investment any of you business men could make, and it is a real worth-while advertisement for your city—advertising it wherever the team travels, at every game, and wherever the box score is quoted."

Among the other speakers at the luncheon were His Worship Mayor Hayes, R. B. Emmons, president of the Board of Trade; R. E. Armstrong, E. A. Schofield, A. O. Seymour, Commissioners Thornton, Jones, Fisher, and Bullock; C. B. Allen, C. C. Avari and others.

Major W. O. McGeehan, of the New York Tribune, Damon Runyon, of the N. Y. Morning World, William J. McBeth, feature writer with the Tribune (the latter a Canadian) also spoke in appreciation of the hospitality extended to them.

Joe Page, baseball authority, and prime mover of the present hunting expedition, said that there should be

WEDDINGS.

McSorley-Rutledge. Special to The Standard. Fredericton, Oct. 14.—A charming wedding was solemnized at Oromoco today, when Estelle Blanche, daughter of the late Mr. and Mrs. William Rutledge, was united in marriage to John Thomas McSorley, of Fredericton. The ceremony which was performed by Rev. W. P. Haunigan, was followed by nuptial mass.

The bride, who was becomingly gowned in navy blue serge, wearing a taupe velvet hat with ostrich trimmings, pink tulle and carrying a bouquet of white and pink roses, was given in marriage by her uncle, John Holland of St. John. The bridesmaid, Miss Mary McElroy, wore brown velvet with hat to match and pink tulle and carried a white prayer book. The groom had the support of his friend, John Harley, of Fredericton, immediately after the ceremony, a dainty wedding breakfast was served at the home of the bride's sister, Mrs. Francis Duffy, at which thirty guests, all immediate relatives of the bride and groom, were present.

The bride, who is one of Oromoco's popular young ladies, is well and favorably known, having been postmistress of the village for the past ten years and she was the recipient of many beautiful wedding gifts, including cheques, cut glass, silver, furniture and linen. The groom's gift to the bride was a substantial cheque, to the bride's maid she gave a cameo brooch, and to the groom's maid a pearl stick pin. Following the wedding breakfast Mr. and Mrs. McSorley left by auto for St. John, en route to points in Nova Scotia, and upon their return will reside in Fredericton, where the groom is a well known baker.

Out of town guests present at the wedding were Mr. and Mrs. J. V. Holland and Mrs. James E. Emery of St. John.

Dr. F. W. McDonald, a prominent surgeon of Boston, accompanied by Mrs. McDonald, Mrs. M. P. Smith, Mr. and Mrs. C. W. Sawtelle and Mr. Earle McDonald, all of Boston, are in the city on an automobile trip, coming from Dr. McDonald's Lodge, situated at Blissett on the Miramichi.

Mr. and Mrs. Harry Morton and family spent Sunday with his parents Mr. and Mrs. Sam Mowen. Another hunting party took their departure this week to Walton Lake. Mr. and Mrs. George Hall, Mr. Aoda and Mrs. Walter Stewart and Mr. and Mrs. Robert of Sussex.

Miss Alice McLeod, Sussex, spent Sunday with her parents, Mr. and Mrs. Byron McLeod. Mr. A. Mills of Sussex, was a guest of Mrs. Law Murray for the weekend. Messrs. Byron McLeod, Harry Walton, Abram Branscombe, attended the fair at Petford Tuesday.

Mrs. Bryon McLeod, Harry Walton, Abram Branscombe, attended the fair at Petford Tuesday. The Sunday school convention for Kings county met here Monday. About sixty delegates were present, also four ministers. Thirteen Sunday schools were represented. The evening session was attended by a large number of Penobscot people, who enjoyed the speakers Rev. Gostin and Rev. Boothroy. Regrets were extended that Rev. Rogers could not be present to deliver an address on "Why we should train ourselves."

The remains of the late Mrs. Fannie Morton were brought to Penobscot on the C. P. R. Wednesday afternoon and laid to rest in Pioneer cemetery beside those of her late husband, George Morton. Mrs. Morton lived the greater part of her life here, but moved to Sackville a few years ago to live with her son, Talbot Morton. Moore is becoming very plentiful here this fall. One night recently a man living a short distance from the village heard a noise in his garden and on looking out discovered a large otter standing only a few feet from the house. Needless to say it was a great temptation to shoot, but being a strict observer of the same laws he had to let the roamer live.

BIG FAIR FOR WEST END. It's Carlisle's turn for a big fair. The Carlisle curlers will open the doors of their rink on Saturday night for a fair which no one should miss. Door prizes and band music every night. All the latest games. A country store without profiteers.

To the Electors of the Federal Constituency of Carleton-Victoria: Having been nominated by a Convention of the UNITED FARMERS of NEW BRUNSWICK, which was held in Woodstock on September 2nd, to contest the coming by-election in the above constituency to fill the vacancy caused by the resignation of the Dominion Minister of Public Works, and as the Election is to be held on October 27th and the time being so short, it will be impossible for me to personally call on all the Electors in the two Counties, I, therefore, take this opportunity to state to you what the aims of the UNITED FARMERS are. They are in brief as follows: THE UNITED FARMERS are strictly independent of both the old Political Parties, and their representatives will be perfectly free to support any measure that is for the best interests of the Farmers of Canada, and that is free to oppose any measure that they feel is not in the interests of the Farmers. And Canada, being an Agricultural Country, we believe that any legislation that is beneficial to Agriculture is indirectly beneficial to every citizen of Canada. THE UNITED FARMERS also stand for PURITY in elections, as they believe that the lack of this is the starting point of all the Political Graft and Corruption which is so much in evidence in Canada today. We would therefore appeal to every loyal citizen of Canada to support the FARMER'S PARTY, and to support me as the UNITED FARMERS' Candidate in the coming By-Election. Yours sincerely, T. W. CALDWELL.

He was later promoted to district manager, and in 1906 was appointed joint provincial manager for New Brunswick with H. S. Wright, with headquarters at St. John. In 1911, being particularly fitted by his ability, he was awarded the post of assistant of agencies in the Eastern Provinces.

SPREAD OF BOLSHEVISM WILL BANKRUPT NATIONS

Russian Government to Organize Foreign Legion to Fight Bolshevists—Capt. Weidie, Who Served With Canadians on Murman Coast, Talks of Military Situation and Trade Opportunities There.

"If Bolshevism is not crushed it will spread over the world, and all the nations will have to go bankrupt. If the Allies crush the Bolshevists they will be welcomed in Russia, and will have the best chance in the exploitation of a great country amazingly rich in natural resources. If they fail to undertake the job, the Germans will take the place of the Bolshevists, and therein there, exploiting the country for their own purposes. If Germany is left to work her will with Russia, she will gain a great deal more than she lost in the war. Germany has the industries, and Russia has the raw materials. The Germans will take the brains and Russia the personnel—the cheap labor. If German brains and industry are united to Russian resources, Germany will soon become a great power again."

Such is the view of Captain Victor Weidie of Winnipeg, who was in the city yesterday on his way to the West from North Russia.

During the summer of 1918 the British government learned that a German force was advancing through Finland with the object of occupying the Baltic shores. The Allies decided to send a small force to the Murman Coast, and the War Office asked the Canadian authorities to supply a small detachment for this expedition. Among the officers of this detachment was Major D. King Hasen of St. John, who is now on the Atlantic homebound. The Allied Expedition which landed on the Murman Coast never had any encounters with the Germans, but later on was engaged in many battles with the Bolshevists. The Canadian detachment which numbered less than one hundred became well liked by the other Allied forces as good fighters, and were popular among the civil population, not being inclined to look down upon the natives because they were ignorant and incompetent.

"A great deal has been said lately in the British newspapers about the peculiar military situation in North Russia," said Capt. Weidie, who was born in Russia. "The public, however, has not a clear conception of affairs there. The territory in North Russia which was occupied by the Allied forces has about one and a half million inhabitants. This is too small a population to enable the Russian authorities to organize a force of their own strong enough to hold back the Bolshevists. The inhabitants have had no previous military training, and have no confidence in themselves. It has been necessary to keep Allied

Free Dispensary Not Made Use Of

Meeting of Anti-Tuberculosis Society Held Yesterday Afternoon — Forty-four Persons Called at Dispensary During the Month.

Only forty-four persons took advantage this month of the assistance given at the Free Dispensary maintained by the Anti-Tuberculosis Society. At yesterday's meeting of the Association held at the Dispensary, Miss Duggan reported that only thirty-five adults and nine children had applied for help and advice.

Joseph A. Likety, president, presided and twenty members of the society were present. It was decided to purchase a table and a revolving chair for the Dispensary. Mrs. Arthur Adams was appointed visitor for the coming month.

It was decided to hold the annual meeting of the second of November in the hall of the Free Dispensary, and, if possible, to secure a speaker.

The Society has two thousand copies of a pamphlet entitled "What You Should Know About Tuberculosis," which are to be distributed among the school children.

It was suggested that a committee should wait upon the Board of Health to see if that body would consider paying some portion of the salary of a second nurse, who is badly needed.

The doctors' reports told of twenty-seven cases examined by Dr. Paris, seven by Dr. Logan, six advised to go to River Glade, and six to the St. John County Hospital, several were pronounced incurable.

Mrs. Richard O'Brien, visitor for last month, reported that thanks were due the Red Cross Society for a splendid donation.

WELL PLEASED WITH RECEPTION HERE

Current Number of Journal of the Engineering Institute of Canada Contains Account of Convention Proceedings Here.

The current number of the Journal of the Engineering Institute of Canada contains a long account of the proceedings of the recent convention of engineers at St. John, and a number of pictures, showing the delegates in various attitudes. According to the Journal the delegates were well pleased with their reception here, and in fact, during the summer months a warm-hearted city, destined to greatness. Mr. C. C. Kirby, district engineer of the C. P. R., appears large as life in one illustration, and City Engineer Hare's well-known smile is also in evidence.

LARGE AMOUNT OF TALENT MONEY

Valcartier Chapter I. O. D. E. Will Assist Oromocto Fire Sufferers—Plans Made for a Rummage Sale.

The Valcartier Chapter, I. O. D. E., held their regular meeting last evening at the home of Miss Constance Campbell, Leinster street. In the absence of the Regent, Miss Betty Miller, one of the councillors, presided. The sum of ten dollars a month was voted toward the relief of the Child Welfare Home, during the summer months the chapter collected one hundred and seventy-five dollars in Talent Money.

It was voted that the Chapter should leave the matter of assisting the Oromocto fire sufferers in the hands of the executive, giving the executive power to do whatever the Order decides to do.

Plans were made for the holding of a Rummage Sale in October.

PROPERTY PURCHASE

An interesting real estate purchase was announced yesterday when it became known that G. E. Burbour Co., Ltd., had purchased the property of the Ready Breweries in Foot street. The transfer was made through W. E. Anderson, who acted for the purchasers.

O.'s and men on application only, and the card of invitation will be drawn up, if it is thought necessary. All applications must be in not later than Wednesday evening, the 16th.

Hardware Clerks' Assn. At Banquet

About One Hundred and Fifty Members Last Night Celebrated Growing Strength of Organization at Bond's.

About one hundred and fifty members of the St. John Hardware Clerks' Association met last night at Bond's banquet hall to celebrate the growing strength of the organization, which was given birth last April.

After full justice was given to an excellent menu, the chairman, Charles O. Morris, president of the association, in a brief address outlined the aims and objects of the club, told of the present strength and growing prosperity and promised many happy returns for the future.

He proposed the toast, "The King," which was drunk with full honors. The toast "Our Guests" brought a response from both Miles Agar and H. Horton. K. M. Hatch proposed the toast to the ladies, of whom there were about forty present and an able response was given by Miss Fitzmaurice, representing W. H. Thorne & Co.; Miss Rogers, representing T. McAvity & Co.; Miss Haggitt, representing S. Hayward & Co., and Miss Campbell.

Then followed an excellent and varied musical programme, comprising a solo by Cyril Moore, ball solo by Walter Bagnall, reading by Arthur McCusker, solo by A. C. Smith, duet by Robert Carson and F. J. Pantor, instrumental duet by Walter Bagnall and Clarence Cain, solo by John Stonehouse; musical selection by P. C. Johnson; reading by Cyril Moore, and a piano number by H. C. Dunlop. Victor Lee was the accompanist of the evening. Many of the numbers were repeatedly encored and all were thoroughly enjoyed.

Under the direction of Hedley T. Sherraton, floor manager, a quiet and satisfactory programme of dances followed, comprising three waltzes, two fox trots, gavotte, polka, rye waltz, two step and one step.

The officials of the new association are: Charles O. Morris, president; Harry D. Sullivan, vice-president; and Roy A. Willott, secretary-treasurer.

Child of Six At Industrial Home

W. C. T. U. Member Reports on Visit to Home at Meeting Held Yesterday—Plans for Pantry and Apron Sale Completed.

There is a child of six years of age at the Boys' Industrial Home. This was reported by Mrs. Seymour at a meeting of the W. C. T. U. held yesterday afternoon in the Orange Hall.

The president, Mrs. David Hipwell, presided, and led the devotions, reading the sixty-first Psalm. Mrs. R. D. Christie led in prayer, others followed. After the singing of the hymn "Peace like a river" a collection was taken for missions.

Mrs. Hipwell reminded the members of the light for prohibition which is being waged in Ontario, and asked for the prayers of the St. John members for the passing of this measure at the election shortly to take place in that province. She referred to the fact that the government will set the price of liquor instead of the vendors.

Mrs. Seymour reported that she had visited several sick convalescents and spoke of their expressions of appreciation. She also told of paying a visit on Thanksgiving Day to the Boys' Industrial Home, taking with her Miss Earle and Miss Beulah Fox. These young ladies had given some music and had sung with the boys, after which Mrs. Seymour had given a short talk on religion. A treat of home made candy supplied by the visitors was much enjoyed. Mrs. Seymour stated that there are twenty-eight boys in the home, some very young, one being under seven years of age.

Plans for the cooking and apron sale were completed. Mrs. Seymour is convener for the apron sale, Mrs. D. Hipwell and Mrs. R. D. Christie for the home cooking. Each member is asked to ask friends for donations for the home cooking table, as the object for which the sale is being held—the Protestant Orphan Asylum—is such a worthy one.

A letter of thanks were received from Mrs. Freeman and Mrs. David McLellan of the Children's Aid Society for cake sent to them by the committee of the convention. There was a good attendance at yesterday's meeting.

RAILWAY EMPLOYEE DEAD.

Word reached the city early yesterday that A. Hodgeson, of Woodstock, passed away during the night from injuries sustained at Carleton Monday. Mr. Hodgeson, who was in the employ of the C. P. R., for more than thirty years, was repairing a water tank at Carleton when he slipped off a steaming and fell to the ground, a distance of fifteen feet, striking on his head and shoulders. He sustained concussion of the brain and death resulted. He was a valued employee of the railway and his injuries and subsequent death was heard with regret.

EXAMINED PLANS.

The town planning committee, at a meeting in the Mayor's office, yesterday morning, examined and discussed the plans for a new extension of the Pleasant Court by Armstrong & Bruce in connection with a petition by the firm that water and sewerage be extended to the site. The estimate of the extension is \$2,000. After the meeting, the Mayor said while no recommendation had been drawn up, it was thought that the matter of the extension could be adjusted satisfactorily.
