LIGHTNING DAMAGE AT CENTREVILLE

Warden R. K. Tracey Loses Barn
and Horses—Baptist Church
Damaged

There was an extremely heavy down pour of rain Sunday afternoon accompanied by heavy thunder and extremely sharp lightning. The steeple of the Baptist church was struck, the lightning tearing off part of the roof and knocking pieces of boards several rods away in every direction. There was no fire. The bolt hit the top of the spire and wound round, passing inside and out through a window in the belfry, breaking a large pane of glass. The damage probably will amount to \$300 or \$400.

The lightning also struck Warden Rennie Tracey's large barn near his house at Tracey Mills and set fire to it. Mr. Tracey was right on the spot but only succeeded in saving one of his four valuable horses as the fire spread throughout the whole barn almost instantly. A large crowd quickly collected but all they could do was watch it burn. The house and sheds were unharmed. Besides the three horses burned Mr. Tracey also lost a self binder, a seeder and some other machinery and a number of tons of baled straw. There is some insurance. Just at this particular time of year the loss of his barn and horses will be a great inconvenience to Mr. Tracey, in addition to the actual momentary loss. Haying will be right on and barn room will be very necessary this year as the crop is abundant.

The lightning also struck a screen door at the residence of Mrs. Rose Clark, knocking a piece off it but doing no further damage.

Misses Foster of Woodstock are visiting at Mrs. McKenzie's. Donald Scholey after a week's holidays here returned to his work at Mars Hill Monday.

Burt Cliff visited Woodstock by auto Friday.

Miss Knowles returned to her home in St. John this week having filled her millinery engagement with G. E. Wilson. She was accompanied by Miss Robin Wilson.

Albert Fields of Woodstock was a visitor here Sunday.

Harold White, teller in the Bank here, has been transferred to Campbellton and left Monday on the express North, going by the way of the International from St. Leonards.

Mrs. Sawyer of Prince William is visiting Mr. and Mrs. E. A. Hoyt.

Irene Corey of New Hampshire is visiting her grand-parents, Mr. and Mrs. H. J. Clark.

Jack and James Lee and Alexander Ritchie were fishing on the Miramichi this week, also Charles Cliff and John Gilland.

Mr. and Mrs. Dennis Cronk came up from Avondale Saturday evening on the Valley and drove to Bristol Sunday.

ROY STEVENS WITH THE FIGHTING 26TH

From the Start, Has Put in 22
Months of Trench Life Un-
harmed

Corp. Roy L. Stevens must live a charmed life. He is one of the dozen or so men who are left out of the thousand and more who sailed from St. John one June Sunday two years ago. Roy has been with the Fighting 26th through all its hardships, and up to the latest word from him he had not received a scratch. In recognition of his good service he was recommended for sergeant's stripes but was content to be a corporal.

Writing under date of June 24, he says:

France,
June 24, 1917.

Dear Mother: Received papa's letter and your money O. K. a couple of days ago and was very glad to get it. You asked me in a letter of April 27, if I had seen Lee Crandlemire or Herb Bradley before they were killed. Yes, I was talking to them about a week before and I tried to make them see the best side of it which I think they did for every new fellow seems to think that the war will soon end when they get here. But the poor old timers, like myself and a few more, have to stay here month in and month out and the war still goes on. If you ever see or talk with any of their people just tell them that was the best place for them to give up their lives, also that it was in one of the most important battles of the war, where the Canadians upheld their great name which would make any troop look up to them.

It seems rather strange you say you don't hear from me as I write at least once a month and surely they ought to come.

Well mother I guess this will be all for this time I will close with best love,

I am as ever,

LARGE CROP IF FALL WEATHER GOOD

Reports to the Department of
Agriculture Are Favorable to
Bumper Crops

The department of agriculture of New Brunswick has reported from its representatives in different sections of the province concerning crop conditions. In general the crop report as given by W. R. Reek, secretary of agriculture, is encouraging. Hay and potatoes are particularly good, and garden vegetables also, in spite of the wet spring and early summer. Mr. Reek's report is as follows:

The season of 1917 has been peculiar and while some crops give evidence of enormous yield others are late and it is rather difficult to form an estimate because early frosts have to be reckoned with.

The hay crop is going to be exceptionally good in every part of the province. The growth has been exceedingly rapid and the higher lands will produce a very large amount of high class hay. The intervalle land will give an enormous crop except in some places where the water lay too long in June. A certain amount of this, however, on account of deposits from freshets, is not going to be as clean and bright as the highland hay.

The spring grain is late, but growing well, and is healthy. A favorable fall, with an absence of severe frost early in the season, will assure a normal crop of oats and in some sections a crop above the average.

The demand for seed oats during the seeding season would indicate that every acre possible was being seeded. Doubtless some of the very late sown crop will have to be used as hay, but eliminating that acreage the prospects are for a normal crop.

Barley is coming into use in some of the sections and, while the acreage is very small, nevertheless it is sufficient to introduce the growing of barley into many parts.

Turnip sowing has been done under difficulties because of the frequent and heavy rains. However, turnips have a good range for growing and while the crop is yet young, there is every indication that they will be satisfactory.

Potato acreage has increased about twenty per cent. Where the seed was not injured during the very wet weather, the crop is growing very fast and promises a normal yield to the acre. A great many, planted in response to the greater production appeal. Spraying should be followed closely to insure against diseases.

Pastures are excellent and the milk flow is heavy. The cheese and butter outcome is very satisfactory in quantity. Markets are good and the dairymen will have a satisfactory year when conditions are considered.

The apple outlook is not so bright and throughout the crop will not be up to an average yield.

Vegetable plantings in gardens and small lots have been very largely increased, due to the demand for food. Everywhere these crops are flourishing and will have a decided effect upon the living in the province during this summer. The seasons has been good for gardens, but from now on more sunshine would be of great benefit.

The increased acreage of beans, although in very small lots, is of decided advantage to the province.

Throughout New Brunswick crop prospects are excellent if the weather during the coming fall is favorable a very large crop will be harvested.

THE LIBERAL POLICY

Hon. Mr. Graham's amendment to the extension of parliament motion, calling for the mobilization of national resources, earned the united support of the Liberals with the exception of Dr. Michael Clark and Albert Champagne, and was defeated only by the vote of 78 to 61, or a government majority of 17, the smallest on any important division since the election of 1911.

Hon. Mr. Graham's resolution follows:

"That consideration of the terms of the resolution be deferred until the government brings before parliament a measure providing that those best able to pay will be asked to contribute their full share of the cost of the war, and by which the agriculture, industry, transportation and the natural resources of Canada will be organized to give the greatest possible assistance to the empire and the war, and reduce the cost of living to the Canadian people."

A general election is looked for in a month or two.

Primitive Baptist General Conference

From July 7 to 9 the Primitive Baptist general conference sat in session with the church of the same faith at Bannock.

The first service began on Saturday at 10.30, with good attendance. Regular covenant meeting at 2.30 was unusually large. Nearing the close of this meeting the Lord's Supper was observed, when 130 communicants gathered around the table in remembrance of their risen Lord.

Saturday evening meeting was devoted to receiving of church reports. Sabbath prayer and praise service 9.30 a.m. was led by Licentiate Bragdon and was one of great blessing to all who would put themselves in the way. At 11 a.m. Rev. A. Hatfield addressed a crowded house from words found in Luke 14.2. At the same hour G. A. Giberson occupied the

pulpit in the United Baptist church at Mount Pleasant.

Afternoon service was profitably led by Bro. Kilcollins, Text "Prepare to meet thy God." He warned the people to make ready now, also showing the impracticality of leaving until late in life our eternal destiny. At the same hour in an open air meeting led by A. Hatfield, Licentiate Gorden and Bragdon. The Spirit's presence was strongly manifested.

Service was in charge of Rev. G. A. Giberson. Theme "The Lost world."

Monday was entirely devoted to business. Much business was transacted in interest of Primitive Baptist cause.

The old staff of officers were allowed to continue for another year: C. H. Orser, moderation, P. J. Quigg asst., A. Hatfield, clerk, J. M. Mallory, asst., E. H. Giberson, Treas. Report of Treasurer showed the demonization to be in good financial standing.

Bro. G. A. Giberson was chosen for delegate to Nova Scotia conference.

Sister Tuff of Nova Scotia made a profound impression as she spoke in the interest of N. S. work.

In the past year, like others, we have met with some losses, and disappointments, yet it has been a year of prosperity for which, we desire to return humble thanks.

Few deaths are reported among the churches. There were 232 new members added to the churches; 168 baptisms reported. One new church added to the conference, also an old church restored. One church reports 81 baptisms during the year. One new church building, also one purchased from Methodist conference. One new church dedicated, and one to be dedicated July 22, while three others are under construction.

This, by far the largest session of Primitive Baptist ever held in this country, came to a fitting close Monday evening, when Licentiate H. V. Bragdon was publicly set apart and ordained to the work of the Gospel ministry.—A. H.

Is Hartland Immune From Lightning?

Hartland is seldom squarely hit by a thunder storm. There was no such storm here all last summer. True many showers passed by, we saw the lightning, heard the thunder and had, perhaps, a dash of rain. During the past few weeks electric storms have arisen but their nearest approach to this locality was only what might be said to be a glancing blow. It is a well established fact that there is a belt of territory through Carleton county almost immune from lightning. Hartland lies in the centre of that belt. Storms approaching from the northwest frequently divide before reaching this vicinity, and as frequently reunite in the southeast. This matter has been brought to the notice of prominent meteorologists who say the condition is not unique. The courses of electrical silvers is directed by three influences: mountain ranges cause diversion, storms follow large watercourses, and from ore deposits are believed to attract electrically charged clouds.

Farewell Gatherings

Rev. C. S. Young and wife were highly honored by having been given three farewell bouquets just before they left Plaster Rock for their new home at Lower Millstream Kings Co. Rev. Mr. Young has been serving the United Baptist churches on the Tobique on the Plaster Rock field for nearly six years. Mrs.

Young has been living there since her marriage during the fall 1914. She has always taken an active part in church work, especially her musical efforts been highly appreciated. On June 27 the citizens of Maple View assembled during the evening at the home of Sadler Bros., where a farewell bouquet was given in their honor. After spending sometime in singing, Mrs. M. E. Flanders read an address and presented Mr. and Mrs. Young, on behalf of all present, with a handsome upholstered living room chair and a puff.

On Monday evening July 2, another party was given in their honor at the home of Mr. and Mrs. Wright of Plaster Rock when an address was read by B. F. Marsten who also presented Mrs. Young with a handsome cocoa set. During the following evening, July 3, a large crowd met at the church at Burnt Land Brook, where an address was read by Mrs. D. J. Jenkins, after which Mr. and Mrs. Young were presented with a purse of money. Refreshments were served at the close of each gathering. To all of these addresses Mr. and Mrs. Young replied. Mr. Young said it was not because they were going away that they were so kindly remembered, but yearly he was remembered by his congregations, especially last winter, when he was presented with a very costly coon coat. The presentation was made by all the churches under his charge.

Mr. and Mrs. Young both have found the ties hard to break; hard to say farewell; but they felt, however, that they were not only followed by the good wishes of their many friends but by their prayers as well. They left Thursday morning for their home in Kings Co, where Rev. Mr. Young is pastor, of the United Baptist churches on the Millstream field.

YES! MAGICALLY!
CORNS LIFT OUT
WITH FINGERS

You simply say to the drug store man, "Give me a quarter of an ounce of freezezone." This will cost very little but is sufficient to remove every hard or soft corn from one's feet.

A few drops of this new ether compound applied directly upon a tender, aching corn should relieve the soreness instantly, and soon the entire corn, root and all, dries up and can be lifted out with the fingers.

This new way to rid one's feet of corns was introduced by a Cincinnati man, who says that, while freezezone is sticky, it dries in a moment, and simply shrivels up the corn without inflaming or even irritating the surrounding tissue or skin.

Don't let father die of infection or lockjaw from whitening at his corns, out clip this out and make him try it.

Officers of Potato Exchange

At the meeting of the Potato Growers' Exchange, Ltd., held at Woodstock on Monday and Tuesday of last week the following officers were appointed for the ensuing year:

President, Guy Porter, Andover.
Secretary, Charles Gallagher, Bath.
Solicitor, W. P. Jones, Woodstock.

The Potato Exchange was formed for the purpose of acting as selling agents for the shareholders and to handle the potatoes at so much per flat rate per car. It maintains offices in Montreal and Toronto and agents in smaller Ontario towns for the purpose of selling potatoes, adjusting any losses or claims for shortage in cars, etc.

Outside of the association the members act independently as far as their own business is concerned, the association simply acting as agents.

The object of the association is not to make money, as has been claimed, but simply enough to maintain the different agencies to look after the business of the exchange and to act in the interest of the producer and shipper.

Last fall when the association was charged with having a potato combine in New Brunswick, the members went to Ottawa and submitted all their books and dealings to the Minister of Agriculture, which went to show that the organization was a perfectly legal one.

"For over two years I was sick and miserable. I suffered from constant Headaches, and had Palpitation of the Heart so badly that I feared I would die. There seemed to be a lump in my stomach and the Constipation was dreadful. I suffered from Pain in the Back and Kidney Disease.
I was treated by a physician for a year and a half and he did me no good at all. I tried 'Fruit-a-tives' as a last resort. After using three boxes, I was greatly improved and twelve boxes made me well. Now I can work all day and there are no Headaches, no Palpitation, no Heart Trouble, no Constipation, no Pain or Kidney Trouble and I feel like a new being—and it was 'Fruit-a-tives' that gave me back my health!"

PUT UP PLENTY OF PRESERVES

Increased Cost of Sugar is Surprisingly Low—Have Home-made Preserves

There is nothing quite so effective as facts and figures to demolish a fallacy.

Last year, when sugar went up a few cents in price, some people decided that they would not put up their regular supply of home-made preserves. They could only see the 2-cent or 3-cent increase in the price of sugar. They could not see how much more it would cost them to replace preserves with anything else. They did not stop to figure how this increase in the cost of sugar was going to affect the cost of preserving.

Others did, however, and proved that the cost of preserving, due to the increased cost of sugar, had been greatly exaggerated.

Here is the way these clever women proved it. Before the war, we know that sugar was 5½ cents a pound. Because of war conditions, the price of sugar fluctuates, but the retail price for the best granulated sugar averages 8½ cents a pound. This is an average increase of only 3 cents a pound.

Every good housekeeper knows that a quart jar of preserved berries or fruit requires only half a pound of sugar, so that the increased cost of preserving, due to the increased cost of sugar, is only 1½ cents a pound!

This is why a jar of home-made strawberries, raspberries, cherries, plums, peaches or pears is about the most inexpensive sweet or dessert that can be put on the table.

Besides the economy of putting up a goodly supply of home-made preserves, there is another good reason. We must conserve our food supply. We must have our food crops. Last year because of the mistaken idea of economy, hundreds of thousands of dollars' worth of berries and fruit were wasted. Now that the women realize that the cost of preserving was greatly exaggerated last year, they are determined to do more preserving, and also to enjoy an abundance of delicious home-made jam, jellies and preserves this winter.

Lt. Col. W. C. Good Home on Furlough

Lieutenant-Colonel W. C. Good arrived in St. John on Wednesday on his return from the front. He was a member of the first contingent, having sailed on the first steamer which left Quebec on the memorable occasion when Canada's first division left for overseas service. At that time he was residing in Woodstock and after his departure, his wife removed to St. John where she has been making her home with her father, Rev. J. C. Berrie.

Colonel Good is a veteran in militia service, holding the long service medal in recognition of his services. He served through the South African campaign and has the Queen's Medal with three bars, which was presented to him by the present king and queen when they were in St. John. He went overseas with the Divisional Ammunition Column and since then has held various important commands.

He is now home on three months' furlough and hopes to return to the other side at the expiration of his furlough.

Price-Webber is Clean

It is the proud boast of H. tation on better lines and to win for the spoken drama the goodwill of the people. If this could be said of other actors and producers, whose advantages and opportunities have been greater than those of Mr. Webber, there would be no stage problem today, no demand for censors and no protest against a growing tendency to use the theatre for the exploitation of nauseating, vulgar and often demoralizing productions. H. Price Webber has done something more than win for himself a living during his long career, and for that reason he is to be regarded as greater than many a manager, many an actor, who gets his applause from larger audiences and in finer theatres.—St. John Globe.

Harry Stiles Barely Escapes Election

Harry Stiles, an employee of the Maine & New Brunswick Electrical Power Co., came in contact with a live wire of 2300 volts Saturday afternoon while doing some work connected with a pole on State street near Main, and was thrown to the ground, a distance of about 18 feet. He struck on his head and shoulders, and strange to say no bones were broken. His right hand was burned some and of course the shock was quite great, although he is doing well. He is under treatment at St. Margaret's Hospital. Mr. Stiles is around 35 years old and is from Florenceville.—The Star-Herald.

Presentation to Pastor Young at Maple View

A very enjoyable evening was spent recently at the Sadler homestead, Maple View, when the people of that place and a few guests from Plaster Rock, met at a farewell gathering for Rev. C. S. and Mrs. Young. During the evening on the behalf of the congregation, Mrs. Flanders presented Mr. Young with a leather upholstered library chair and Mrs. Young with an eider-down puff with the following address:

"Dear Friends: May we assure you that it is with much regret and great disappointment that we hear you are about to sever your connection with us and assume work in a new field of labor.

"Dear Bro. Young: In you, whether as pastor, Christian, brother or friend, we have always found a true brother, a strong principled man, a truly courageous and consecrated minister

of the gospel; you have always been true to the voice of duty, conscious in all acts, truly sympathetic in disposition, firm and decided in your pulpit efforts, confidential and unchanging in your friendships, ever showing an interest in every touch of Christian service. You developed in your sphere of activity a strong influence in all Christian bodies, so that we feel we will sustain a great loss in Christian fellowship by your removal from among us.

"Dear Sister Young: We have appreciated to the fullest sense your efforts in our behalf. Your culture, exceptional refinement and strong Christian character has been an example to all. We feel that we cannot permit you to depart without expressing our heartfelt appreciation of your personal worth and the valuable service to our church life and work.

"Dear Bro. and Sister: We bid you God speed in your departure, and we humbly pray that the great Head of the church may abundantly bless you. We earnestly pray God will direct and bless the little ones entrusted to your care, and make them a blessing to you and comfort in your old age.

"Before parting we ask you to accept these small tangible tokens as an indication of our fellowship, appreciation of services rendered in our midst, and the esteem in which you are held. We trust you may enjoy health and strength for many years to labor in the Master's service."

Mr. Young very feelingly responded. At the close Mrs. Sadler served most delicious refreshments.

If Not This, What?

Dr. Michael Clark, in the House of Commons: "I wonder if those who hesitate about what they should do on this bill reflect that at the present moment in France, as the Teuton is compelled to retire, he is taking every French female above the age of 14 years, to work, to suffer, and God knows what else. These are the recruiting agents that appealed to the wide dominions of this Empire. May I add, not uncharitably, I hope, that if men will not listen to this, neither would they listen if one rose from the dead."

Women of Middle Age

Many distressing Ailments experienced by them are Alleviated by Lydia E. Pinkham's Vegetable Compound.

Here is Proof by Women who Know.

She Tells Her Friends to Take Lydia E. Pinkham's Remedies.

North Haven, Conn.—"When I was 45 I had the Change of Life which is a trouble all women have. At first it didn't bother me but after a while I got bearing down pains. I called in doctors who told me to try different things but they did not cure my pains. One day my husband came home and said, 'Why don't you try Lydia E. Pinkham's Vegetable Compound and Sanative Wash?' Well, I got them and took about 10 bottles of Vegetable Compound and could feel myself regaining my health. I also used Lydia E. Pinkham's Sanative Wash and it has done me a great deal of good. Any one coming to my house who suffers from female troubles or Change of Life, I tell them to take the Pinkham remedies. There are about 30 of us here who think the world of them."—Mrs. FLORENCE ISLELL, Box 197, North Haven, Conn.

To the Sheep Men of the Province

The Honourable J. F. Tweeddale, Minister of Agriculture for the Province of New Brunswick, realizing the fact that many of the sheep breeders and prospective sheep breeders of New Brunswick will be requiring breeding stock, both male and female, for the coming fall, and recognizing the fact that such breeding stock will become scarcer as the season advances, wishes it be made known that the Agricultural Department of the Province stands ready to help locate and put sheep men in touch with good stock.

The sheep industry should be encouraged in every way possible. The present prices of wool, mutton and lamb are such that every farm should carry its full quota of these money makers. "Stock up this fall with a pure-bred ram and a few grade ewes" is a good slogan. The country is per-eminently adapted for sheep production. Everything is just right. A new dog law, passed June 22, 1917, is very favorable to the sheep men's interests. The county council when petitioned by twenty-five men in the county, such men being householders and rate-payers, must pass a by-law declaring the dog law in force in that county. This is positive legislation. Legislation that will be beneficial in the widest measure to sheep men. It is up to the sheep men of each county to get up a petition with twenty-five names signed to it and the council will do the rest. Now the dogs may be taxed. These taxes constitute a fund for satisfying losses in the county caused by dogs.

Breeders of pure bred and grade stock are asked to co-operate with the Agricultural Department and supply us with the probably number of males and females that each will have available for sale. Persons desiring to secure animals for breeding purposes are asked to address all communications to Thomas Hetherington, Agricultural Department, Fredericton. The Department is at your service.

Good Means to Promote Trade

This journal has through its columns from time to time advocated this co-operation with the local paper as the best means of promoting the general trade of the country and has consistently urged dealers to do their part along this line toward increasing the consumption of native products. Too many retailers are content to sit down and take what Providence sends them in the way of trade. The manufacturer or jobber who did this would soon be without a business. At this time it is particularly necessary to tell people what to buy.

This policy of using the local paper is also the best means of counteracting the competition of departmental and mail order houses who are able through their huge announcements in the city papers to create the trade to which they are justly entitled. If local merchants did more advertising and less whining about departmental stores there would be less to whine about. This journal, as well as other trade journals, has always sought to encourage active co-operation between the local merchant and his paper, both by preparing special advertising matter for local use and reproducing specimens of the best work along this line by live retail merchants throughout the country. The brightest and most successful men in the business today are those who have built up their trade through local advertising.—Shoe and Leather Journal.

Could Not Sleep

Nothing to Worry About

You have two alternatives: Either you are mobilized or you are not. If not, you have nothing to worry about.

If you are, you have two alternatives: Either you are in camp or at the front. If you are in camp you have nothing to worry about.

If you are at the front, you have two alternatives: Either you are in reserve or you are on the fighting line. If you are in reserve you have nothing to worry about.

If you are on the fighting line, you have two alternatives: Either you scrap or you don't. If you don't, you have nothing to worry about.

If you do, you have two alternatives: Either you get hurt or you don't. If you don't, you have nothing to worry about.

If you do, you have two alternatives: Either you get slightly hurt or you get badly hurt. If slightly, you have nothing to worry about.

If badly, you have two alternatives: Either you recover or you don't. If you recover, you have nothing to worry about. If you don't, you have nothing to worry about.—Exchange.

A Necessity In The House

Most of the common ills of life arise from the torpid, sluggish condition of the Liver, Kidneys or Bowels, and because they act on each of these organs in a direct and specific way, Dr. Chase's Kidney-Liver Pills overcome serious and painful diseases over which ordinary medicine have no control.

RAISING POTATOES IN PEN 8 BY 8 FEET

To raise forty bushels of potatoes in a pen eight feet by eight, is being tried out in both Canada and the United States, following announcement by the originator of the plan, R. E. Hendricks, Kansas City. In St. John, a potato pen has been erected on Mount Pleasant and the result of the experiment will be awaited with interest.

Briefly, the plan is to plant the potato seed in alternate layers of earth and manure in pens with open slats through which the potato stalks are supposed to come out, even from the centre of the pen.

R. E. Hendricks, of Kansas City, Mo., the originator of this plan, discovered that his potatoes were as fine as any grown and was amazed to discover that he harvested 42 bushels from his little eight by eight plot.

The local experiments will be watched with considerable interest, as this method of raising potatoes is nothing short of revolutionary, and if it proves to be successful here, almost everyone will try it next year. It means the end of high prices of potatoes if it works out satisfactorily, and means much to the world in this time of threatened famine.—St. John Globe.

Scott Act Repeal Sept. 6?

The department of the Secretary of state at Ottawa to which the petitions for the repeal of the Canada Temperance Act were forwarded from several municipalities of this province has set the date for the holding of the elections on the question of repeal in several of the constituencies. The dates announced are: City of Fredericton, Thursday, August 16; County of Sunbury, Wednesday, August 15; County of Charlotte, Monday, August 13; County of Carleton, probably Thursday, September 6. Nothing is settled concerning the date in the County of York.

Had Chronic Indigestion Thought She Would Die

After Years of Suffering Attributes Cure to Dr. Chase's Kidney-Liver Pills.

Eating too much or using foods that do not agree are the usual causes of indigestion.

The trouble usually begins not in the stomach, but in the liver, since it devolves on this organ to filter the excess waste matter from the system.

Now, since Dr. Chase's Kidney-Liver Pills are the greatest of liver regulators, it naturally follows that they are unexcelled as a cure for chronic indigestion.

With the liver, kidneys and bowels active the poisonous waste matter is quickly removed from the system and there is nothing to interfere with the natural and healthful working of the organs of digestion. In this way only can lasting cure be effected.

Mrs. Rebecca Elliott, Magnetawan, Ont., writes:—"I feel it my duty to write you in regard to Dr. Chase's Kidney-Liver Pills. I had gastritis of the stomach for three years, and could get nothing to stop it until I tried Dr. Chase's Kidney-Liver Pills. I would have an attack of this trouble with my stomach every three or four weeks, and was so bad at times that my friends thought I would surely die. Thanks to these pills, I have not had an attack for six months, and believe that the cure is thorough. My husband has had very satisfactory experience with Dr. Chase's Nerve Food. He was much run down, and very pale and weak. I persuaded him to use the Nerve Food, and after having taken five boxes he looks and feels real well."

It is such experiences as these that have made a place for Dr. Chase's medicines in the great majority of homes. They do not fail, even in the most complicated cases. Dr. Chase's Kidney-Liver Pills, one pill a dose, 25 cents a box. Dr. Chase's Nerve Food, 50 cents a box, 6 for \$2.50. All dealers, or Edmanson, Bates & Co., Limited, Toronto.

"God's purpose in this Great War" was the theme of a powerful sermon by Rev. George Kincaid in the United Baptist church on Sunday evening. The speaker whose address was always clever and timely, showed a fine grasp of the war situation and brought forth evidence to support his theory that the present crisis in the world's history is but the fulfilment of scriptural prophecy. The preacher in his discourse was vigorous and forceful, yet sympathetic and tender. The congregation was profoundly impressed with the subject and its setting forth.

ANDOVER LOCALS

What might have been a very serious accident occurred in Andover last Monday at noon when Miss Sylvia Cronkite, who was driving a small car, owned by Porter-Manzer Co., lost control of the machine near the home of Robert Crawford. With great presence of mind she sprang from the car just as it went over the bank to the beach below. Many friends congratulate Miss Cronkite upon her almost miraculous escape from death.

It has been reported that Raymond Bishop, a former Andover High School boy, has been wounded. His many friends hope that his wounds are not serious.

Rev. Robinson Belyea went to Grand Falls Saturday where he had service Sunday.

Rev. Mr. Brittain of Grand Falls, returned Chaplin from the front, had service in Trinity church Sunday afternoon.

Miss Manx of St. John is a guest of Mrs. D. W. Pickett of Hilldale.

Miss Helen Haugh and Miss Mildred Anderson of the Barony spent a few days of last week with Mrs. William Curry.

Richard Everett and daughter of Connecticut are guests of Mr. and Mrs. Charles Everett on Thursday. This party visited Grand Falls.

Mrs. A. E. Kupkey is spending a few weeks with friends in St. John.

Mrs. J. W. Smalley and daughter and child of Houlton. Mrs. C. J. Smalley and Mrs. J. N. Bell of Florenceville were recent visitors of Mrs. Edward Waugh.

Miss Louise Knight spent last week in town with her sister, Mrs. Robinson Belyea. Miss Knight returned to her home in St. John Friday.

Mr. and Mrs. E. W. Jarvis and family of Woodstock motored to Andover last Monday. While in town they were guests at Hotel Andover. Mr. Jarvis, a brother Mason, attended the funeral of the late William E. Spike.

Miss Vi Gillett went to Woodstock last Monday to remain four or five weeks. While there Miss Gillett will attend the Summer School of Science.

Mrs. Bert Graham and two children of Ottawa are guests of Mrs. J. W. Niles and Mrs. D. Baird of Perth.

William Curry spent a day or two in Woodstock on business during the past week.

Mrs. Orrin Davis of Grand Falls is visiting friends at Aroostook Jct. and Andover.

Mr. and Mrs. James Wright of Grand Falls spent the week-end in town, guests of Mrs. James Wright and Miss Bessie Wright. Mrs. William Matheson and family are spending a month at Cabano, Que.

Mrs. Cronk and little daughter and Miss Carrie Rivers of Cliffordale spent a few days recently with Mrs. W. A. Gillett and Miss Bea Gillett.

Miss Gertrude Tibbitts left Andover Saturday morning for Upper Kent from there she will motor to Fredericton in company with Mrs. Gaunce and son William Gaunce.

Many friends in Andover regret to hear that Rev. J. J. McAskill of St. John who has been at the front in France as chaplain has been wounded. Mr. McAskill made many friends while here, during his pastorate of the Presbyterian church, a few years ago.

Mrs. William Curry, Miss Janet Curry, Robert Curry and Miss Mary Henderson motored to the Barony on Saturday.

Mrs. S. P. Waite and Miss Pearl Waite visited Fort Fairfield friends for a short time Saturday afternoon.

Thursday was observed as Tag Day in Andover. A special appeal was made to the ladies of the Red Cross Society for help to aid the widows, children and dis-

abled soldiers of France. The boys and girls who acted as taggers were successful in raising the sum of \$95. Great credit is due the ladies of the Red Cross Society also the children who worked hard to make this day a success. Special mention should be made of the good work done by Mrs. Stephen P. Waite since the beginning of the war. Mrs. Waite is an untiring worker for the boys who are at the front. She has knit 325 pairs of socks, several scarfs, helmets, bands, 18 pairs of knee warmers, and mittens etc. Her daughter, Miss Myrtle Waite, has also done much knitting, great credit is due these ladies for the excellent work they have done. They hold a record for their good work which is hard to beat.

Owing to the bad conditions of the weather on July 12 the sports of the day were cancelled which proved a great disappointment to the Orangemen and the public. Quite a few from outside were in town but the weather being so disagreeable they departed for their homes at an early hour.

MacIntosh-Wallace

Fredericton, N. B., July 11—Miss Mildred E. Wallace, daughter of Mr. and Mrs. R. B. Wallace, of this city, and Dr. A. F. MacIntosh, of Andover, were united in marriage at 7 o'clock, this evening at the Brunswick street Baptist church. Rev. G. C. Warren performed the ceremony. The groom is a son of E. MacIntosh, Iroquois, Ont. and is practicing medicine at Andover. The bride has been teaching at Andover and Rothesay, since her graduation with the degree of B. A. by the University of New Brunswick in 1914.

The bride was given in marriage by her father, and was attended by little Miss Muriek Henderson, of Rothesay, as flower girl. The bride wore crepe de chene embroidered in gold with Juliet cape and veil and carried a shower bouquet. The flower girl was dressed in white silk and carried a basket of sweet peas. Lyson Wallace, brother of the bride, was usher. The ceremony was followed by an informal luncheon at the home of the bride.

Dr. MacIntosh and his bride left by C. P. R. tonight on a wedding tour, which will include the chief places of the province. They will reside at Andover. Among the guests were Dr. L. De. C. MacIntosh, recently returned from the Balkans; the Misses Wallace, of Boston; Mrs. Whitten, of Greenwich, and Mrs. J. H. Henderson, of Rothesay.

WHAT CATARRH IS

It has been said that every third person has catarrh in some form.

Science has shown that nasal catarrh often indicates a general weakness of the body; and local treatments in the form of snuffs and vapors do little, if any good.

To correct catarrh you should treat its cause by enriching your blood with the oil-food in Scott's Emulsion which is a medicinal food and a building-tonic, free from any harmful drugs. Try it.

GRAND FALLS LAD SERIOUSLY HURT

Grand Falls, July 10—What may prove to be a fatal accident occurred on Sunday evening. Some of the boys have a habit of jumping on automobiles while going slowly and riding on them. Sunday evening Master Alfred Bell and brother Charles were doing this. Soon after they got on the driver speeded up, not knowing they were there. Just in front of the Curless hotel, where there is a little rut, Alfred was thrown off, striking his head on a rock. His brother either jumped or fell, he is not quite certain which. Alfred was picked up unconscious and carried into the hospital, where Dr. Puddington worked with him for some time, but without being able to restore him. He never recovered consciousness until Monday morning, when he recognized his mother, and asked for his father. He is still lying very ill with concussion of the brain, with brief lapses of consciousness, and the result is very doubtful. Fracture of the skull is feared. The lad is fourteen years old, and is a son of Mr. and Mrs. Thomas Bell. Mr. Bell is a member of the N. B. Forestry Battalion, now in Sussex. He has been summoned, and is expected home today. A son, Joseph, is in England, and another son, Rene, is a member of the home guard. The eldest son, Leo, was killed last October in France. Mr. and Mrs. Bell have the heartfelt sympathy of all in their trouble.—Telegraph.

Dr. Hunter Has Joined the Colors

Dr. Thomas V. Hunter was here on Saturday, the guest of his sister, Mrs. C. H. Taylor. He spent the week-end with his parents, Mr. and Mrs. Hugh C. Hunter, and expects to soon sail for England as a member of the Royal Medical Corps, with the rank of captain. At River Bank on Sunday there was a full reunion of the whole Hunter family. Dr. Hunter after graduating from McGill 12 years ago practiced for a time at Millinocket, Me. After a short time he went to Vancouver and was very successful, until the war depression struck hard. He then removed to Detroit where he has been established for some time. The call to service came to him in no uncertain tone and he has sacrificed a lucrative practice to the cause of freedom and humanity.
