ERNEST LAPOINTE TO RUN IN EAST QUEBEC AND MAY GET LAURIER'S MANTLE

(Special To The Record.)
Ottawa, Oct. 15.—The resignation of Ernest Lapointe as representative of Kamouraska in order that he may run as Liberal representative in East Quebec at the coming bye-election on the 27th, is regarded here as having considerable significance. In fact it is interpreted as foreshadowing a new and interesting alignment in the province of Quebec.

Mr. Lapointe has given up a seat which he has had since 1904 to contest a constituency which, at the outset, promised to have at least four candidates in the field. His acceptance of the nomination was however practically to limit the fight to two men, namely himself and Armand Lavergne, former lieutenant of Henri Bourassa, Nationalist leader. There is now no certainty that even Mr. Lavergne will be in the field when polling comes, for the elimination of Mr. Lapointe is the chief purpose of the fight.

Coupled with the definite announcement of Mr. Lapointe's intentions comes the rumor that Hon. Rudolph Lemieux, formerly

Wilfrid Laurier's first lieutenant in Quebec, who will in a few days leave for France to visit the grave of his son, will shortly retire altogether from public life and will accept a position as lecturer in Laval University.

The very fact that Mr. Lemieux held aloof from the contest in Quebec gives color of belief to that report. As a matter of fact since the death of his only son in action and the passing of Sir Wilfrid, his former leader, Mr. Lemieux has taken but a half-hearted interest in the affairs of the public. It is to be noted also that Sir Lomer Gouin, Premier of the province, has apparently decided not to participate in the pending bye-election or to commit himself in any way on behalf of either of the candidates.

So the "young men" will fight it out. That the mantle of Sir Wilfrid Laurier as Federal leader in Quebec has fallen on the shoulders of Ernest Lapointe is unquestioned, if he secures election on the 27th. He will succeed the Chief as the representative in East Quebec, but he will also succeed him as Federal leader in the province.

NO NEEDY SOLDIER AND DEPENDENTS TO GO HUNGRY

UNDER PLAN OF SPECIAL
COMMITTEE

(Special To The Record.)
Ottawa, Oct. 15.—Behind closed doors the members of the special committee appointed to consider soldiers' civil readjustment are working out the report which they will submit to the commons.

Out of the mass of evidence, statistics and opinions addressed, the committee hopes to be able to make recommendations which may be calculated to further assist the returned soldier on return to civil life.

It may safely be predicted that no further system of gratuities, either along the lines suggested by the Gratiuity Association or the great war Veterans will be entertained in the report.

The principle will, however, be laid down that no soldier or his dependents shall be allowed to be in needy circumstances during the coming winter and it is probable that the creation of a fund on the lines of the patriotic fund, to be administered from the various centres, of the Dominion will be recommended.

Apart from this the committee will likely recommend as follows—

First—That Canadians who have served with the Imperials shall be granted the difference between the Imperial gratuity and the Canadian gratuity. This will include many men who were connected with the medical flying, engineering and other units.

Second—That grants be given to matriculated students who left for the war and who were thus unable to complete their university courses, such grants to be under the control of the government.

Third—That loans be extended to Medical men who had graduated just before the war and who as a consequence of their absence overseas now feel that need of a post-graduate course.

Fourth—That vocational training shall be extended in the case of certain trades, etc.

Fifth—That the insurance branch prepare an actuarial form of insurance which may be granted to disabled men not at present able to secure life insurance.

The committee should report this week.

VOTERS COURTS ARE TO BE REOPENED

TO HEAR APPEALS OF SOLDIERS
AND OTHERS

(Special To The Record.)
TORONTO, Oct. 15.—The possibility of a widespread opening of the Voters' Appeal Courts in Ontario for the benefit of soldier voters looms greater and greater. To-day Premier Hearst's secretary wired that courts in Lon-

don and Peterboro were to be reopened and it is expected that further developments will take place for a general reopening on Friday and Saturday.

Following complaints from all over Ontario the Ontario, the Command of the G.W.V.A. has been exercising its influence with the government to apply some remedial action to relieve the discontent which exists among a great number of returned soldiers, because of circumstances which deprive them of a vote. Secretary Turley, of the Ontario Command, stated today that he had been in touch with the prime minister through his secretary and expects some satisfactory results.

CAPITAL DEMANDS ARBITRATION

IN THE STEEL STRIKE DIS-
PUTE

WASHINGTON, Oct. 15.—Demands that organized labor's proposal for arbitration of the steel strike be made an immediate issue in the national Industry Conference was made today by the Capital group, through its chairman, Harry A. Wheeler.

Bernard M. Baruch, Chairman of the Public group, has proposed that action on steel resolution be postponed until Thursday.

OUTSIDER WON THE CZARWITCH STAKE

AT THE NEWMARKET RACES
TO-DAY

NEWMARKET, England, Oct. 5.—The running of the Czarwitsch Stakes here to-day furnished a sensation when an outsider Ivanhoe, owned by White, against whom the odds were twenty to one, took the event.

Golden Melody, owned by V. Stewart, was second, and Bridgend, owned by W. G. Riggs, was third. Nineteen horses started.

SOFT COAL MINERS INTEND STRIKING

DATE IS SET FOR OCTOBER 31

INDIANAPOLIS, Ind., Oct. 15.—A decrease of \$32,575,418 in the grand total of Canadian trade for the six month of the fiscal year, ending September 30, as compared with the same period in 1918, is shown by the monthly trades statement issued through the customs department.

Condition Favorable.
The condition of Mr. C. Kouba and Mrs. Herb Himburg, who were injured in the railway crossing accident on the holiday, who are in the hospital, is favorable.

TAX IS NOT FOR AVERAGE INVESTOR

Victory Bond issues of other years had a tax exempt clause which aroused considerable interest but for the great majority of investors it could have no material effect.

The forthcoming loan has not this tax exemption feature, but it must be firmly impressed that it is only the interest yield that is taxable.

Married people and people with dependents are not taxed on an income of less than \$2000. So it can be seen that the great majority of investors in these bonds will never know personally that the income from their bonds bears a tax.

The tax on bond income is only for rich men to think about.

POLES BEGIN WAR IN RIGA REGION

CAPTURE CITY OF KOVNO.

Stockholm, Oct. 15.—The Poles have begun an offensive against German-Russian forces in the Baltic region, according to a message received here from Riga. They are reported to have captured Kovno, six miles northwest of Vilna, near the Courland border.

Riga is in flames.
London, Oct. 15.—Part of Riga is burning owing to the bombardment of the city by German-Russian forces, according to a Central News dispatch from Helsinki.

DENIKIN'S FORCES MAKE BIG STRIDE

ALMOST WITHIN STRIKING DIS-
TANCE OF PETROGRAD.

London, Oct. 15.—With General Denikin's Cossack army advancing from the south and the northwestern Russian forces almost within striking distance of Petrograd, the Soviet government of Russia appears to be facing a crisis. Bolshevik headquarters at Petrograd were closed last Thursday, according to dispatches to the Daily Mail from Revel. The northwestern Russian army has apparently crashed through the Bolshevik lines over a wide front.

London General Denikin's anti-Bolshevik army has captured the important city of Orel, together with thousands of prisoners and enormous quantities of material. It was announced in advices received here today.

OREL IS AN IMPORTANT CAPTURE

LONDON, Oct. 15.—Two batteries of Bolshevik artillery fell into General Denikin's hands. While Orel is 230 miles south of Moscow, possession of the city will give General Denikin a secure hold on vast stretches of territory in old Russia, as the place is one of the most important railway centres south of the present Russian capital.

LONGSHORESMEN STRIKE BROKEN

MEN ARE RETURNING TO WORK.

New York, Oct. 15.—The strike of longshoremen and other harbor workers which has paralyzed port activities here for several days and threatened serious food shortage, was broken today when the ferry workers returned to work and 15,000 of the 30,000 longshoremen resumed their labors.

Union leaders predicted that by Friday all of longshoremen would be at work.

Ferry men at midnight unexpectedly decided to return immediately accepting with reservation governments compromise wage increase offer. Before dawn all ferries were plying Hudson as usual.

MANY PASSENGERS RESCUED FROM SHIP

WHICH TOOK FIRE IN MID-
OCEAN

(Special To The Record.)
NEW YORK, Oct. 15.—A wireless message was received today by local agents of French line from the captain of the steamer "Chicago," saying that he had on board 19 first class passengers, 18 second and 102 third, rescued from the Fabre liner Venezia, which was abandoned on fire in mid-ocean.

The Chicago also carries fifteen officers and 140 men of the crew of the Venezia, and 160 sacks of mail.

PARNEL OUT OF IT AT ST. CATHERINES

RACE BETWEEN LIBERAL AND
LABOR CANDIDATES.

(Special To The Record.)
St. Catharines, Oct. 15.—The singular situation has developed in this one time Tory hive of it being a straight fight between J. E. Masters, Liberal, and Frank Greenleaf, Independent Labor, with R. Parnell, Conservative, practically out of the race. This is the statement of Liberal members to-day.

Last night's Conservative meeting in the Grand Opera House, where Tory conclaves are always held, was the smallest on record, showing little interest in the fight on the part of Conservatives. Addresses were given by Bright-Gen. Ross, Senator Blain and Brig-Gen. King. The place was only half filled.

MUST DIE ON FRIDAY.

Regina, Oct. 15.—Dr. D. Jervais, V. Carmel and J. B. St. Germain, found guilty of murdering sheriff's officers Mr. Ray, Horsley and Lajoie at Sheep Creek were to have hanged September 17 but postponement of the death sentence was ordered and the latest instructions from Ottawa are that they must die on Friday, between 6 and 7 o'clock in the morning.

The Mississippi River Scenic Highway Association, which plans to build a tourist highway from Lake Itasca to New Orleans, will hold its annual meeting today at Memphis.

The lower picture is that of Peter Gardiner, who is opposing Mr. Webster, as Conservative candidate in West Lambton.

NEW OFFICERS ARE APPOINTED

At a meeting of the Directors of The News Record Limited, held at the offices, Mr. W. V. Uttley resigned as an officer of the Company. Mr. W. D. Euler, M.P., was appointed President, and Mr. W. J. Motz Treasurer and Managing Director.

On Thursday evening the Company is giving a Complimentary Banquet at Wagner's Hotel, Bridgeport, to Mr. Uttley, to which invitations have been extended to the Directors and staffs of the two amalgamated companies, The News Record Limited and Rittinger and Motz Limited, as well as to the master printers of the Twin City. Mr. Uttley is leaving at the end of the week for the South for the benefit of his health. His many friends wish him a pleasant holiday and a safe return home, ready for many more years of service in his profession.

EXTRAORDINARY INCREASE IN THE IMPORTATION OF HARMFUL DRUGS

LEADS TO GOVERNMENT
ACTION

(Special To The Record.)
OTTAWA, Oct. 15.—The extraordinary increase in the importation of narcotics including opium, morphine and cocaine has moved the government to action in the matter. Hon. N. W. Rowell, President of the Privy Council, is sponsor for a resolution now on the order paper which provides for the imposing of a maximum fine of a thousand dollars or one year in jail upon any person, who, without a license, imports into or exports from Canada "any cocaine or any of its salts or preparations or any opium or its preparations or any opium salts or its salts or preparations."

In conclusion, after pointing out flaws in the United States system of government including the professional politician, in elections for petty offices, as compared to the Canadian system where there are no such professional politicians. (Continued on Page Two)

DRAYTON ACTIVE KINGSTON RIDING

BORN THERE IN 1869

KINGSTON, Oct. 15.—Sir Henry Drayton, Unionist candidate for Kingston in the coming bye-elections, yesterday afternoon addressed the employees in several of the city's large industries about the Victory Loan. Kingston is interested in the fact that the Finance Minister was born in Tete de Pont barracks here in 1869, the son of an army officer. Sir Henry after a trip over Kingston harbor this morning is now in a position to advance this city's advantages to being created the east terminal for the grain shipping trade.

SAMUEL GOMPERS IS SERIOUSLY ILL

SUFFERING FROM NERVOUS
BREAKDOWN

WASHINGTON, Oct. 15.—Samuel Gompers, president of American Federation of Labor, was reported today by labor leaders to be suffering from a nervous breakdown. He is confined to bed, with a temperature of 101 degrees.

The special session of the Colorado legislature called by Governor Shoup to meet today to act on the Federal suffrage amendment has been postponed until next month.

A BIG MEETING HELD IN LINWOOD

ALD. ASMUSSEN AND OTHERS
SPOKE

At a new Germany This Evening a big meeting in the interests of Ald. N. Assmusen, the Independent Liberal candidate, was held in Linwood last evening. The attendance was large, being bigger than at any meeting held by any candidate in that district.

Mr. Louis Heimler occupied the chair. Addresses were delivered by Mr. George Schnarr, Dr. Schnarr and Mr. W. D. Euler, M.P. All the addresses were well received. The enthusiasm that prevailed, with the large attendance, can be considered as being indicative of a clean sweep in the riding as a whole.

This evening the candidate holds a meeting in New Germany. On Thursday evening Waterloo is the place and the windup will come on Friday when Elmira electors will have the opportunity of turning out to hear the issues discussed from the Independent Liberal candidate's platform.

In connection with the meetings held in Bamberg and Wellesley on Monday evening, a slight error occurred in yesterday's report. Mr. W. D. Euler, M.P., was among the speakers. It was wrongly stated that Ald. H. M. Bowman spoke. At Wellesley Mr. Ottman was the chairman and at Bamberg, Mr. Geiger filled the office.

MEETING HELD BY REFORM ASSO.

IN IMPERIAL THEATRE LAST
EVENING

A meeting in the interests of the candidate of the North Waterloo Reform Association, Mr. Walter J. Snider, was held in the Imperial theatre last evening.

The proceedings were opened with moving pictures. Later in the evening addresses were delivered.

Mr. W. Downing acted as chairman. The speakers were Messrs. E. W. Clement, Capt. D. G. McIntosh, Mr. Snider, and Mr. C. M. Bowman, M.P., P. of Southampton.

Others on the platform were Mr. S. Hallman of Waterloo; E. W. B. Snider, Dr. J. F. Honsberger, J. B. Weaver, Julius Roos of Waterloo; L. Master, P. Sims of Toronto, and others.

Mr. Clement eulogized the Liberal party claiming that all reforms of the present administration had originated in the ideas of the Liberals. He deemed the breaking away of some of the Liberals and their stand in putting up other party men as acts of ingratitude.

Coming to the Independent Liberal candidate, Ald. Assmusen, he said he had never heard of him having been a Liberal or given any support to the Liberals, looking back ten years or so, a far he could remember.

In conclusion, after pointing out flaws in the United States system of government including the professional politician, in elections for petty offices, as compared to the Canadian system where there are no such professional politicians. (Continued on Page Two)

A STRONG PERSONNEL FOR THE COMING V.L. CAMPAIGN

Local Victory Loan Organisation Complete and Plans Well Under Way. Every Dollar Raised Will Be Spent in Canada.

Local Victory Loan Organisation Complete and Plans Well Under Way. Every Dollar Raised Will Be Spent in Canada. Citizens of North Waterloo will again have an opportunity of buying Victory Bonds. As the day of the great nation wide campaign draws near we find in our midst a very complete organization such as was responsible for the overwhelming success of last year's campaign in North Waterloo. To head up this organization there is the Chairman of last year, Mr. Geo. C. H. Lang, who is the dynamic behind the activities of all the various sub-committees and who is ably supported by Mr. H. M. Snyder of Waterloo and Mr. A. R. Kaufman of Kitchener, as Vice-Chairmen, both of whose assistance in the forthcoming Campaign is greatly appreciated.

Mr. Thos. Hilliard of Waterloo is Chairman of a very large Honorary Committee of prominent men throughout the country in the local unit, whose duties are to boost the loan in their local communities.

Mr. Chas. Ruby and his committee will again this year handle all large subscriptions of \$25,000 and over on which no commission is paid and the force of this committee has already been felt in some very substantial subscriptions have already been promised by the industries and institutions in Kitchener and Waterloo and throughout the unit.

Mr. August Lang is Chairman of the Sales Committee in charge of the work of selecting canvassers, supervising of canvassing in the various eight districts. In this connection nearly all the canvassers have been appointed in the urban centres and the country and the townships should be well manned by the end of the present week.

North Waterloo is fortunate in having Mr. N. M. Davison head a large committee of representative business men throughout the unit which handles the interior organization of factories and institutions. The excellent results obtained last year from the employees of North Waterloo were most gratifying and there is no doubt that this year when taking

into consideration the increased prosperity and greater production that even a greater sum may be rolled up to the credit of the employees in all Kitchener's and Waterloo's prosperous industries.

The publicity committee is in the hands of Mr. Henry Nyberg and have well in hand the work of county-wide distribution of publicity material such as posters, pamphlets, leaflets, educational matter together with a series of public meeting throughout the county, which work is in the hands of Mr. G. O. Philip. The immense amount of matter that passes through this committee's hands is truly a credit in itself.

J. P. Scully is Chairman of a large Committee known as the "Names Committee" and their work of preparing lists of prospective Bond buyers is such that will undoubtedly produce excellent results when the campaign is over.

Mr. A. Lookhart is taking care of the transportation committee. This year and will see that all speakers and deputations have adequate transportation requirements.

The various committees described above embody the most active and prominent men in the district. When the gun is fired on Monday, October 27th, North Waterloo will again show its good business principles in subscribing to the limit and obtaining their objective which will entitle them to the Prince of Wales Honor Flag, a beautiful emblem of which the Prince of Wales' crest appears.

There are altogether eight canvassing units to be covered by some fifty canvassers. This small army will devote its entire time to obtaining subscriptions for the ensuing three weeks. Not a farmer, employee, business man or manufacturer will be overlooked in the fine tooth combing that these aggressive men have taken upon their shoulders to do.

The objective for North Waterloo is comparatively easy, as last year and taking into consideration the prosperity that the district has experienced in the last twelve months it should be a simple matter to reach and pass this objective long before the campaign closes.

NEED OF NEW TECHNICAL SCHOOL VERY APPARENT

529 Students Crowd Collegiate at Evening Classes. And More
Are Still To Come.

THE GROWTH OF COURSES.

The necessity of an occupational school in this city was never more apparent than it was last evening at the opening of the evening industrial classes at the collegiate institute. 529 persons, more than double the number who attended the classes last year, sought admission. This number is not the limit as yet, for at the next classes an additional quota will be present if the school is expected.

The situation was such that the staff of instructors had difficulty in placing the students. Lack of ample accommodation is being experienced. The difficulty has been aggravated by the forced removal of the sewing classes from Victoria school to the Collegiate. The courses provided and the number of students attending the first classes are as follows:—

DATES OF POULTRY SHOWS WILL CLASH

Both Associations Will Adhere to Same Dates

After a discussion lasting for over an hour and a half between the members of the Waterloo Poultry Association and a committee composed of President Ringle, Secretary Beam, Mr. Wellheiser of the Kitchener Association at a meeting held in the Council chamber, Waterloo last night in regard to the holding of the annual shows of the two Societies in Kitchener and Waterloo on the same dates the parties were just as far from compromising at the finish as when they began. The outcome of the whole discussion was that the dates will clash and consequently both associations will not benefit as much financially and otherwise had a change in date been decided on. The Waterloo Association extended, and apparently rightly so, that they have always held their show during Xmas week while on the other hand the Kitchener show has not been held since three years in November and the switching of the dates this year to those selected by the local association looked as if they were trying to put the Waterloo Association out of business. This remark had been used quite frequently of late and it had only been an incentive to the members to remain firm and stick to the dates that really belonged to them. The Kitchener delegation were frank in their statements last night and refused to budge. There was any intention on their part to smother the Waterloo Association. The question of the two associations amalgamating had been discussed early last Spring but nothing had come of it. A letter had been written to President Lamb in this regard but as no answer had been received the matter was allowed to drop.

During the discussion it was pointed out that the matter of the dates was being referred to the Department of the Ontario Poultry Commission had advised the two associations to get together as the two shows could not be held on the same date. The matter had dragged along all summer and it was confidently expected that the matter would be settled at the convention held in Guelph this summer but when the local delegates brought it up it was decided to leave it to Secretary Wade and Chairman Hamilton to arrive at a settlement suitable to both parties. However, the matter still hangs as it did then and from the expression of opinion of both sides last night the Kitchener delegation could not see their way clear to give up the dates already chosen but would lay the matter before the general meeting for final decision. Secretary Underwood explained that some few years ago there were 6 shows held throughout the County all on different dates and could not see that as we have only 3 associations that two of them should hold their show on the same dates.

There was a lot of discussion on the split which occurred in 1918 when the Waterloo Association was formed but the members did not seem to be getting any nearer a solution and there is no doubt that on or the other will suffer when the annual show is held. In listening to any discussion last night one could help but feel that what there was no nigger in the fence somewhere but just what it was hard to determine. One thing sure Secretary Wade's handling of the question did not receive any commendations from the two sides. The matter stands now the two sides will have two poultry shows instead of one during Xmas and New Years.

LIBERAL CAUCUS DECIDES TO OPPOSE ACQUISITION OF G.T.R.

AT THE PRESENT JUNCTURE

(Special to the Record)

Ottawa, Oct. 15.—Opposition members will oppose the Grand Trunk legislation proposed by Hon. Arthur Meighen, on two particular grounds. First—Because it is claimed to be unjust to the house and the country to bring down legislation of such importance, in view of the declaration of the acting prime minister, made on October 8, to the effect that business of parliament had then been practically completed and that proposals as laid out as hand.
Second—Because that in view of the financial conditions of the country as disclosed by Sir Thomas White, former Minister of Finance, before the soldiers civil reestablishment committee, it is unwise to hurry the country into further heavy liabilities at the present time.

On the specified grounds the Opposition will oppose the measure and a lengthy debate is consequently in preparation. The decision reached in full caucus of the Opposition members held this morning.

SENATORS WILL ALSO OPPOSE BILL

OTTAWA, Oct. 15.—The Liberal members of the Commons met in caucus here to-day and decided to oppose strongly the Grand Trunk legislation, on the ground that it was unfair to the country to propose such legislation at the present time.

The caucus was presided over by J. C. Ethier, M.P., for Two Mountains. Leader Mackenzie King attended.

The statements of Sir Thomas White regarding the financial condition of Canada were freely quoted and the opinion expressed that such legislation as the Grand Trunk Purchase should not be put through at the present time. Liberal members declared that the debate on the question in the Commons would last all week and well into next unless the closure is applied by the government. Liberal senators present also promised a stiff fight in the upper chamber.

WATER COM. HOLD REGULAR MEETING

Proper Test of Bridgeport Wells Could Not Be Made

The regular monthly meeting of the Water Commission was held last evening there being present Mr. C. Braun, Philip Gies, R. F. Goffin and Mayor Gross. In the absence of chairman Breithaupt Mr. Braun took the chair.

The business was principally routine. A chemical report of the Strange Street well has been received showing the water to be fairly hard. The Board will also apply to the Compensation Board to have all work carried on by the commission transferred to schedule One. This will place the Commission's workers in the same class as factory workers. There were a number of communications received principally of minor importance. Supt. Hymmen presented a report, part of which was as follows:

Gallons pumped at
Shoemaker Ave. 21,866,000
Gallons pumped at
Glasgow St. 6,039,000
Received from
Waterloo 20,520,000

Maximum Gals. per day 1,742,000
Average Gals. per day 1,614,106

The test of the Bridgeport wells did not prove as satisfactory as we expected. Wells No. 1, 2, 3 and 5 are so filled with sand and stones that they produced very little water, with No. 5 we could not do anything. We had 4" Turbine Pumps on Nos. 4 and 6 emitting a large quantity of sand and—355,000 and 371,000 gallons per twenty-four hours respectively.

Wells Nos. 1, 2, 3 and 5 will have to be cleaned before the proper test can be made. The 6" main on Park St. was extended 245 feet to within 58 feet of where it is proposed to divert the street, from there we laid 94 feet 1 inch pipe to Mr. Wm. Ziegler's four new house, 1 additional hydrant was placed on the 6 inch line.

G. A. C. CANDIDATE IN EAST HAMILTON IS OUT OF CANADA

SUPPORTERS WORRYING OVER HIS ABSENCE

(Special to the Record)
Hamilton, Oct. 15.—With the election day less than a week away the Grand Army of Canada here is beginning to worry over the continued absence of Capt. M. L. Fitzgerald, its soldier candidate for the provincial honors in East Hamilton.

About five weeks ago, after announcing his decision to enter the field under the "Army's" banner and arranging for his nomination by proxy, the Captain wired he had been called overseas on important business and had left for England. He was to have returned on October 8th, but up to date nothing has been heard from him.

On Monday he was nominated by proxy and the G.A.C. expecting his arrival in the city momentarily, arranged a series of mass meetings. Efforts have been made to locate him by cables to the old country and wires to the various papers. Thus far all attempts have ended in failure and his sponsors are in a quandary as to what to do in the matter.

According to indirect information Capt. Fitzgerald had booked passage for return on the Minnesota, which docked in Canada some few days ago, but as nothing has been heard from him his sailing on that boat is regarded as improbable.

Since leaving Canada his wife, who resides in Hamilton, has received but one letter from her husband and she too is somewhat alarmed. This morning telegrams were again directed to steamship agencies at Halifax and Quebec but up to a late hour this afternoon replies hadn't been received.

KINGSTON CHIEF OF POLICE IS DEAD

HAD BEEN ON FORCE UPWARD OF 30 YEARS

Kingston, Oct. 15.—Chief of Police Robt. Nesbitt died this morning following an extended illness. He was about 63 years old and had been identified with the force for over thirty years.

For 25 years he served as a sergeant and last fall, following the death of Chief Wm. Baillie, was appointed Chief. He was born in Ireland and before coming to Canada served on the Liverpool police force.

His widow, three daughters and two sons survive. The Board of Police Commissioners appointed Capt. Robt. Robinson, who served over 25 years with the C.A.S.C., as his successor.

MEETING HELD

(Continued from page 1.)

clans except in one or two of the larger cities, he concluded with an appeal for Mr. Snider, who was an honest straight-forward citizen, who had no political past but whose success in municipal life and in business ensured success in the political field.

Captain D. G. McIntosh criticized the Hearst government for its inactivity and its neglect to give a successful administration. He concluded by expressing confidence in Mr. Snider who would uphold all the principles of fairness and good government. Mr. Snider, the candidate, besides reiterating his platform as given at the nomination meeting announced that he is not in favor of the government taking over the Hydro undertaking. He would oppose any proposal to take it over if it came in the House.

He eulogized Sir Adam Beck for coming out as an independent. Good roads will have his support. He mentioned the fact that Woolwich Township is the first township to experiment with concrete roads, having laid three miles of it.

Reforestation has had his interest and he has reserved 26 acres on his own farm. Reforestation, if undertaken on a paying basis he said, can be put on a paying basis he said.

As to the referendum he would stand by the decision of the Liberal party to obey the will of the people in the matter.

Mr. C. M. Bowman, former Liberal Whip, in the Legislature emphasized the need of a new vision in this period of reconstruction when the very highest standard of democracy must be developed. Referring to the political situation in Canada he said this is no time for the autonomy of wealth or labor or any other class. The breadth of vision of the Liberal platform, broad enough for all people, was referred to.

He regretted the fact that the U.F.O. had entered politics. This decision was calamitous for that organization had accomplished much more for the benefit of their members.

In conclusion of the Hearst administration he commended Sir Adam Beck. The failure of the government to get the peoples' millions of dollars from the International Nickel Company instead of only \$40,000 a year and the successful efforts of the Liberals in the House to have the matter looked into were mentioned by him.

In conclusion he paid a tribute to the candidate, Mr. Snider, whom he knew since childhood, both having been born in the same vicinity, namely, Conestogo.

He urged the electors to support him.

THE BAZAAR AT ST. MARY'S HALL IS A GREAT SUCCESS.

Everything is en fête at St. Mary's Hall. The bazaar which the ladies of the parish are holding opened last evening under favorable auspices. The success on the first night was beyond the most sanguine expectations. The attendance was large, the bazaar was well patronized and the various booths were marked and justifiably so.

The event which is being held for the benefit of St. Anne's convent is being held under surroundings as appropriate for the occasion. The interior of the hall is very inviting. The attractive booths, filled with hand-made and desirable articles which appeal to the young folk as well as to the old, besides the flags, ferns, flower-plants, and beautiful and useful articles, all form an effective and harmonious whole which holds the eye.

There are several booths, namely candy, fancywork, ten cent booth, useful articles, ice-cream and coffee. There are in charge of the kind bodies of the parish. Last evening all were well patronized.

The indications are that the patronage this evening and tomorrow evening, the last night for the bazaar, will again be as general and large as last evening.

Today the pupils of St. Mary's and St. Anthony's schools were the patrons. They were accompanied in groups under the direction of the Sisters. It was interesting to note the enthusiasm which the young folk displayed at the booths.

A survey of the bazaar and what it has to offer in the way of useful articles reveals good reasons for congratulations to those at the helm of the undertaking. To those who donated the articles, who by the way, are not limited to the Twin Cities but also include friends residing in distant towns and cities in Western Ontario, equal commendation is due.

was declared as illegal. The upholders declare that their demands are not excessive owing to increased cost of living, and after many compromises they have made will not make any further ones, but are out to win. Compromises are taken as signs of weakness so the fight will continue to prove such is not the case.

To Be Sober.
Strong arguments were delivered in favor of developing the social side of the labor movement. All want to play "is too strenuous as all know, so evenings for sociability are to be desired. Delegates will make a 'feeler' at their own local unions.

Abolition of Night Work.
Organizer Stewart spoke in favor of the abolition of night work for bakers. This was being done all over, and the consumer of the morning loaf never knows the unnecessary discomfort of the baker. Knead is just as palatable made by day work, it is claimed, and the forward movement is to abolish night work.

George Haehnel, the Candidate.
A resolution endorsed the candidature of the Labor candidate, George Haehnel, was unanimously passed.

The meeting was addressed by Mrs. Tucker and Mrs. Wiemer, the ladies being most eloquent in favor of a man who understood labor problems and no other, strong point being that nothing was done for families left by the "Flur" and other misfortunes without support.

The Independent Labor party platform was explained clearly by C. Massel, president of the party in North Waterloo.

Organization work was conducted at the close of the meeting.

WILL TRY TO SETTLE IRISH SITUATION

LLOYD GEORGE TAKING UP PROBLEM.

London, Oct. 14.—This week sees the beginning of Lloyd George's new effort to devise an Irish settlement to submit to the House of Commons when it reassembles on October 22. News from Dublin to-day is frankly hostile. These messages declare that no good can come from a Cabinet committee to predominantly Unionist, including as it does, such former co-operationists as Lord Birkenhead (formerly Sir F. E. Smith). Upon this however, it is only fair to remark that Lord Birkenhead has often shown a remarkable capacity for political adaptability to exchanged conditions.

These Nationalist declarations recall the assertion of a prominent Irish Nationalist member of the House of Commons, who, in speaking of the efforts made by Lloyd George for conciliation, said recently: "We shall kick anyone who ever proposes, but you must do something, for obviously nobody except the Sinn Féiners want the Home Rule Act to become operative and thus set up a Sinn Féin Parliament in Dublin."

BOLD MEASURES NEEDED.
The Dublin correspondent of the Manchester Guardian says, probably with truth, that nothing but bold measures, which frankly recognize the unity and nationality of Ireland while making it plain that the

protection, have the smallest chance of being accepted and lead to peace and settlement. Otherwise to the words of Sir Mark Sykes, "the scuffle with the Irish people must go on with all its unhappiness, efforts upon Anglo-American and inter-imperial relations. Lord Northcliffe's hand is disclosed in an editorial in The Times to-day. He reiterates his proposals for dominating Ireland and reminds Unionist who charge him and The Times with treachery to the Unionist cause, that upon the basis of Unionism isn't the true basis of Unionism isn't to regard as a fetish an Act Parliament unworkable, but rather to recreate a union of sympathy and willing co-operation between peoples in these islands. A foundation must be laid upon the Irishmen themselves may in the course of time, build up free Irish institutions.

LATE DOINGS IN POLITICAL FIELD

TOM MOORE ENTERS ELECTION CAMPAIGN

Ottawa, Oct. 13.—President Tom Moore, of the Dominion Trades and Labor Congress, in a speech last night in support of the Labor candidate in West Ottawa, made a plea for the return of a healthy Opposition, drawn from the ranks of Labor and the United Farmers. President Moore alluded to the existence of "political war chests" and challenged the Conservative and Liberal candidates to make known the source of their campaign funds, so that the public may know who are the "masters of the Government."

Mr. Moore said that it was unusual for him to delve into the political arena, but he felt present conditions warranted such step.

GRAND TRUNK TO BE LEASED

Legislation is to be introduced at the present session of parliament to acquire the Grand Trunk, both in Canada and the United States. This to include the Grand Trunk Pacific.

It is gathered that the Dominion will assume the outstanding bonds of the company, amounting to \$150,000,000, as to the principal and interest, and buy its preferred stock, reissuing bonds to cover this amount. This will involve \$50,000,000 and bear interest at 4 per cent.

There remains to be dealt with the common stock of the G.T.R. This equals about the sum of the preferred stock. The common stock has never paid dividends. It is proposed to acquire it at a valuation, to be determined by arbitration and to pay for it with non-voting stock, bearing interest at 4 per cent. It is presently only worth about 14 cents on the dollar on the London market.

The Board of Arbitrators will consist of three persons, one to be appointed by the Government, one by the Grand Trunk Company and the third to be named by the Chief Justice of Canada, the Chief Justice of Ontario and the senior judge of the Exchequer Court.

Any objections which later arise in the Commons may principally attach to the sum which the arbitrators recommend to be paid for the common stock. The Grand Trunk is playing on the sentiment of the country; on its having been the pioneer railway of Canada and having employed London capital. But arbitration could in fairness hardly be refused.

Within a few weeks or a few months, the Government expects to get possession of the Grand Trunk, lock, stock and barrel, and to turn it over to the Canadian National Railways, which is now operating the Intercolonial, P.E.I. Railway, the C.N.R. and the N.T.R., and the mercantile marine.

Ontario, which is the G.T.R.'s main field, will welcome its acquisition on several grounds. Among these are that it will fetch and carry for the Canadian Northern, which has few branch feeders in the province and will make it possible for the Hydro-Electric Commission to lease certain Western Ontario portions of it.

The Dominion as a whole may find that the arbitrators are when arranging the terms of the bargain, generous to the company, but when it is acquired Canada will be free for many a day of the necessity of guaranteeing bonds, making loans and going periodically to the rescue of lame railroads. Thereafter any money expended will be on a nationally-owned system.

There are those who do not indorse the railway program of the country, fearing that politics may creep in, as it did when the Intercolonial was operated by a public department at Ottawa. But a departure has been made, since the Canadian Northern was acquired. The railways and Canada's merchant marine have been placed under the management of a directorate, responsible to the country, yet free from political interference.

Rounded by the G.T.R. and given continuously good management, the railway and marine situation of Canada should steadily improve. When the several systems have been coordinated and the bill for the mistakes of the past have been paid, competition in railway services should be restored.

It is equally desirable that there should be a strong, national merchant marine constructed and placed at the service of Canadian shippers. The ocean-shipping companies have treated this country as of little account and when they did serve it, made it pay dearly.

When Canada has provided a national railway and shipping service, it will find it advisable to develop the St. Lawrence-Great Lakes Waterway, for a double purpose. The one to enable ocean craft to ply to the head of Lake Superior and the other to furnish electric energy with which to operate the railways of the province and the new industries such an undertaking will attract to Ontario.

Given possession to large blocks of St. Lawrence power, and the electrification of railways, Ontario will be less dependent upon the coalfields of Pennsylvania, and probably secure a reduction in both freight and passenger rates.

The country may have to pay a little more to get the G.T.R. than conditions warrant but the objects in view will in the end justify it, providing the Canadian National Railways are operated as a purely business enterprise.

That this can be done is abundantly clear from the success attending the big Hydro power undertaking.

CANADA MUST HAVE MORE WORKING CAPITAL

Canada is in the position of a big business house with a growing trade.

She is making money.

But the success of her business depends entirely on her ability to procure working capital.

Canada must have money to finance her agricultural, commercial and industrial development. Business needs more working capital in order to expand.

All classes of Canadian people and all trades benefit directly by this development and expansion.

On the success of the 1919 Loan depends the prosperity of the whole country.

Help Canada provide the working capital by subscribing to your utmost.

Urge others to buy.

And help yourself.

The bulk of the income tax in the United States is borne by persons whose salaries are \$2,000 to \$4,000. There are 311,565 Americans who get between \$2,000 and \$2,500 and 356,437 who receive between \$3,000 and \$4,000. These contributed upward of eighteen millions to the U.S. treasury. An average of \$27.50 each. Many millions make a muckle.

POLITICAL INDEPENDENCE

Woodstock Sentinel Review: From the point of view of democracy the situation is not to be deplored. Party systems are desirable and necessary, no doubt, but, after all, the party is but a means to an end. The real purpose of the election is to secure an expression of the will of the people.

That the people may express themselves freely and intelligently they must learn to do their own thinking and cultivate the spirit of independence. The people must learn to guide and control the parties, rather than accept guidance and control from the parties.

A free and intelligent electorate is the first essential of a successful democracy. If the people would be free they must learn to assume the duties and responsibilities of freedom. They must learn to trust themselves.

LABOR'S POINT OF VIEW.

To The Editor:—Will you let me express an opinion on the present situation as regards the election next Monday?

From all appearances the result will be a great victory for Labor, which has an opportunity of showing its strength as never before. It is practically certain that Haslam and Amussen together will pull a much larger vote than any other candidate, which means that Labor will secure more support than any other platform.

But—what benefit is it to Labor that two candidates secure such a large vote? If Labor is to have a representative at Toronto, it is necessary that one Labor candidate secure more votes than any other candidate. That's clear enough.

To give the Labor vote to two candidates and then let some other one secure the election because he gets more votes than either one of them, even though if two together have a large majority, will do Labor not one particle of good.

Whether we like it or not, we cannot get away from facts. Labor generally is dissatisfied, even disgusted with Haslam and autocracy. No one expects a strong opponent. How? Size up the situation. Which one of the two Labor candidates has the best chance of success?

You'll have to drop personal considerations. You must keep the main object in view. The one Labor candidate has support from one side only, and he will not get many other votes. The other candidate, and his name is Nick Amussen, has the strongest Labor support, and besides he is going to pull mighty well in the country districts.

Labor united can put Nick Amussen in next Monday. Labor divided is likely to help some other candidate into office. What do you want?

Yours for united action,
SHIN PLASTER.

The Widow's Son

By Mrs. E. Southworth

with you and be your little friend and find work to support me." "Dear Child, know me and your self better. There is nothing—I say it with due reflection—noting that you could tell me which would induce me to part with you. Why, even if you earnestly wished to leave me, I should be deeply grieved to let go." "Once more Lily May lifted the hand of the lady to her lips, and covered it with kisses and tears. "Tell me your little story now, dear," said Mrs. Powis, gently. "Well, I will. But I wonder where I ought to begin?" "At the beginning of course, dear," said Mrs. Powis, smiling to encourage her. "But I did not begin the beginning myself until the end that is to say the very evening before I left my home and you took me in."

"Then begin where you please, my dear." "First I ought to tell you that I am an abandoned child—suppose to child of sin," whispered Lily May in an audible voice. "But that is not ascertained," murmured the lady, also in a very low voice. "No, it is not ascertained. Very little is ascertained about me except that from my birth I was deserted by my parents, who disappeared, leaving me in the hands of a worthy doctor, who had undertaken the care of me for a few days."

"It seems strange that you should have sprung from people so unprincipled. I cannot believe it, Mary," said Mrs. Powis tenderly. Lily May shook her head, murmuring "I fear it is too true." "Couldn't the unnatural monsters have been traced followed, and compelled to do something for their own child?" "No, all trace of them was lost in the death of the good doctor who had brought me home to his house. For, you see, it appears to have been a secret birth, and he kept the secret until he died. That was not long, for the day after he brought me home he was waylaid and murdered, in the Black Pine Woods by a band of fugitives slaves, it was supposed, though no one ever knew, since the murderers have never been discovered."

"What a terrible story all together. Mary! Where did all this happen?" "In Maryland!" "Yes, ma'am, at a place called 'Rogues' Harbor.' "Oh! I do not know that place. But how fared it with you poor thing after your protector died?" "His widow took care of me for me for a pity." "God bless her!" "He has. She has been in heaven these many years."

"Was she well able to adopt you, my dear?" "Oh, no, she was very poor, for you see her husband had been a struggling young practitioner, who, when

TORONTO WOMAN PRAISES TANLAC

Mrs. Emma Benson Says Results She Has Derived Have Been Marvelous.

"Tanlac certainly has proved to be one of the best friends I ever had," said Mrs. Emma Benson, of 693 Runnymede Road, West Toronto, Ontario. "I had been in a badly run-down condition for a long time," she continued, "suffering from neuralgia and such terrible headaches that I would have to go to bed and stay there for days at a time. My nerves were shattered and I would lie awake at night for hours before I could get to sleep. Then often I would wake up feeling as weak and nervous that I would faint dead away. I was completely worn out and was simply miserable all the time."

"My husband had been relieved of stomach trouble by taking Tanlac so I decided to try it myself, and now that terrible neuralgia is completely gone. I haven't had a headache since I started on Tanlac, my nerves are quiet and I sleep like a baby. That tired feeling has passed away and I am stronger and better in every way than I have been in a long time."

Tanlac is sold in Kitchener by E. O. Ritz and Co., in Galt by R. W. Melkham, in Hespeler by Jno. R. Phin, in New Hamburg by W. H. Boule, in Wilfrank by R. B. Hamilton, in West Montrose by C. E. Richert and Co., in Preston by H. L. Frick, in Waterloo by A. B. Learn, in Doon by L. C. Bullock.

S. O. S.

If Constipated, Bilious or Headachy, take "Cascarets"

Sick headache, biliousness, coated tongue, or crur gassy stomach—all ways trace this to torpid liver; delayed, fermenting food in the bowels. Poisonous matter, elcged in the intestines, instead of being cast out of the system is re-absorbed into the blood. When this poison reaches the delicate brain tissue it causes congestion and that dull, throbbing, sickening head ache.

Cascarets immediately cleanse the stomach, remove the sour, undigested food and foul gases, take the excess bile from the liver and carry out all the astipated waste matter and p is n s i the b wels.

A Cascaret tonight will surely straighten you out by morning. They work while you sleep.

cut off so suddenly, left only debts and difficulties behind him. But she was too tender-hearted to turn the poor, helpless, forsaken babe away, and so kept it, and gave it half her own babe's milk, and half its cradle. She was the gentle woman of whom I told you, as being the only mother I ever knew. She was a true and loving mother to me until her death, which occurred when I was between three and four years of age."

"And afterward, her son, my dear, dear brother, took care of me with his little sister. He was but a boy then, yet he worked far our support all the days, and in the evenings taught us to read and write and cast accounts." "A rare, good, fine spirit!" "Oh! the rarest, best and finest!—my dearest brother."

"A brother who is no brother, little one?" "Ah, but dearer, nearer than any brother could ever be!" warmly exclaimed Lily May, speaking with as much innocence as ever. "And you continued with him up to the time of your coming to me?" "Oh yes! He continued to work for us, and he supported us in comfort and taught us all he knew. About six years ago he removed to New York, bringing us with him. He placed us at a first-class school in Hoboken. He entered the house of Abell, Brent & Campbell on Broadway. He prospered. Why should he not? The blessing of heaven was over him. Everything he touched turned to gold. He is now a partner in one of the richest firms in New York, and is himself one of the wealthiest among the young merchants of New York."

"What was the immediate cause of your leaving his protection?" "Oh, madam! Up to the very day before I left I had supposed myself to be his own sister. But on that day while I was at school, in the recreation hour, the truth was suddenly told me by a haughty young girl, a new pupil who came from the neighborhood of 'Rogues' Harbor, and knew more of my history than I know myself."

"Did she know your parents?" "I am sure not whether she did or not, but she knew that I was an abandoned nameless child, brought up by charity. And she told me so in the presence of my schoolmates, adding cruelly that I was something that was not fit for a young lady's lips to speak, or ears to hear. Oh, how those words seemed pressed and branded into my heart! They are burning there yet!"

The young brute! She should have had her ears well boxed!" indignantly exclaimed Mrs. Powis. She had her ears well boxed, I am sorry to say. My sister—my foster sister, I mean—is of a very high-spirited and impulsive nature, and so she punished her on the spot. It was wrong, and if my dear one had taken time to think about it she would not have done it."

"It was alright! And if she had taken a month to think about it, she would not have done it better! And yet I do not blame her so much as the unprincipled wretches who foresook you, leaving you to incur such reproach," said Mrs. Powis, warmly.

"Oh! please do not call them so, dear lady," pleaded Lily May with a shudder.

"I will not if it pains you, though I do not see why it should. And now tell me, was that the reason why you left your foster-brother's house?"

"Oh, yes, it was all so sorrowful and so mortifying. We had to leave the school. I was partly heart-broken and partly brain-crazed. I knew I was a shame and reproach to my dearest ones. I knew that if I remained with them they must again and again be made to sadder and more reproach on my account. I knew also that they would never consent to part with me, and that if I left them they would grieve after me. But I reasoned that sorrow was better than shame, and

MEAT CAUSE OF KIDNEY TROUBLE

Take Salts to flush kidneys if Back hurts or Bladder bothers.

If you must have your meat every day, eat it, but flush your kidneys with salts occasionally, says a noted authority who tells us that meat forms uric acid which almost paralyzes the kidneys in their efforts to expel it from the blood. They become sluggish and weaken, then you suffer with a dull misery in the kidney region, sharp pains in the back or sick headache, dizziness, your stomach sour, tongue is coated and when the weather is bad you have rheumatic twinges. The urine gets cloudy, full of sediment, the channels often get sore and irritated, obliging you to seek relief two or three times during the night.

To neutralize these irritating acids to cleanse the kidneys and flush off the body's urinous waste get four ounces of Jad Salts from any pharmacy here; take a tablespoonful in a glass of water before breakfast for a few days and your kidneys will then act fine. This famous salt is made from the acid of grapes and lemon juice, combined with lithia, and has been used for generations to flush and stimulate sluggish kidneys, also to neutralize the acids in urine, so it no longer irritates, thus ending bladder weakness. Jad Salts is inexpensive; cannot injure, and makes a delightful effervescent lithia-water drink.

A SIMPLE WAY TO REDUCE WRINKLES

Remember that wrinkles and bagginess of cheek or chin are due to the muscular tissue losing its strength and shrinking. The skin is then too large in area to fit such tissue smoothly. It wrinkles or sags.

To remedy this condition, there's nothing so effective, so quick-acting, as a simple wash lotion easily made at home. Just get an ounce of pure powdered axolite at your druggist's, and a half pint of witch hazel, mix the two and bathe your face in the liquid. This at once tightens the skin and solidifies the underlying tissue—which, of course, smooths out the lines and draws in the sagging skin. It also stimulates capillary circulation, bringing natural color to faded cheeks.

THE LAWS OF THE W.C.T.U.

To the Editor:—When the Women's Christian Temperance Union gets full control of the country, we may expect laws like the following:

No married man shall be permitted to do, say, or think anything that his wife does not approve of.

No married man shall leave his home without his wife's permission, and all married men shall return not later than 10 p.m. and proceed to bed forthwith after their arrival.

No man under 40 years of age shall be permitted to use tobacco in any form. Single men over 40 years of age may smoke one cigar or one pipeful of tobacco per diem and the smoking of cigarettes by any person, male or female, is strictly prohibited.

No man shall have in his possession at any one time more than two hats, or one hat and one cap.

All persons over 7 years of age shall attend some approved church at least twice every Sunday, and shall also attend prayer meeting 3 times a week.

All dancing is prohibited except in private dwelling houses, and then only under the supervision of a recognised minister of the gospel, or his agent, thereto duly appointed.

All girls over 10 years of age shall wear long dresses, and short "skirts" are strictly forbidden for all girls over the age of ten years.

No beverage resembling beer or wine shall be imported, manufactured, or sold, and the names of all alcoholic liquors formerly in use shall be eliminated from decent conversation.

Married men shall be at all times subject to the orders and commands of their wives, and shall pay over to them all their wages, earnings and salary as soon as possible after the receipt of the same.

This is what the country is coming to if the W.C.T.U. is allowed to rule.

NEW GERMANY

With the exception of the Union Jack flying on all of the public buildings, there was no celebration of Thanksgiving Day. There might have been some horse-races, but the farmers are all very busy at plowing and needed the horses for motive power.

Miss Cecelia Zinger from Kitchener, spent the holiday with her parents.

Miss Marie Zinger visited with her uncle on Sunday and Monday.

Messrs. William Eitel, J. Eckert and Fred Scheuerman, from Kitchener, made a short call in our town on Sunday evening.

Miss Emma Halter from Toronto, spent the holiday with her mother and sister, Mrs. C. Murray.

Mr. and Mrs. C. Murray returned with her, and will make a visit at London with Mr. C. Murray's parents before she returns to New Germany.

Rev. Wm. Becker and Herman Goetz visited with Rev. F. Forster last week.

We are having an overdose of political meetings, his is evidenced by the fact that only a few voters turn out.

Mr. Snider, the Liberal candidate, wouldn't even address the few who were present at his meeting.

Mr. Mills had an interesting meeting at Scherrer's Hotel on Saturday evening. The gathering didn't adjourn until a late hour.

Mr. Joe Zuber, proprietor of the Walpole House, John F. McKay and others from Kitchener, came with Mr. Mills.

Mr. Amussen will address the voters on Wednesday evening, and from the interest that the people are taking in his behalf he seems to be the favorable candidate at this point.

Mr. William Kneischewsky spent Saturday in Kitchener.

Mr. Alf. Snyder was a business visitor to Kitchener on Friday.

Mr. Elliot Richmond attended the Teacher's Convention at Kitchener last week.

Mr. Noah Haug spent Saturday in Kitchener.

Mr. Emil Kneischewsky of Hamilton, spent the week-end with relatives here.

Mrs. Chas. Henrich and son Gordon, spent Friday in the Twin City.

Miss Minnie Hoeflin spent the week-end with Welland friends.

Mr. Andrew Wahl spent Saturday in Clifford.

Mrs. Oscar Good and Miss Elsie Good spent Thursday in Conestogo.

Operations have ceased on the county road for this season on account of the scarcity of cement; the section north of this place is complete.

SILK CLOTH FOR SUITS—A new fabric suitable for men's suits will soon be on the market in Britain. It is made up of silk fibres usually wasted, and is very strong, as will be seen from the efforts of Mr. Westley, one of the partners, who is trying to tear it. And he is a very muscular man. Suits will range from \$3.30 to \$5.50, according to cut, all the material being of the same quality.

Let—

Ontario's Golden Era Continue
PROGRESS—PERFORMANCE—PROMISE

If we have given worthy service during the trying time of war, may we not be relied upon to serve the nation faithfully and well in hastening the time of still greater prosperity and happiness? As we have begun, so we will continue, fearless in the discharge of duty and ever alert in the service to the people. Conscious of our shortcomings, and grateful for the opportunities we have to serve our Province, we submit our record with confidence to the electors for their consideration and approval, and ask from a united people a mandate to carry on the Government of this Province.

FINANCE

In 1904 the income of Ontario was \$4,464,000; in 1913 it was \$11,188,302; in 1918 it was \$19,270,123. This has been accomplished without resorting to direct taxation—apart from the war tax, which has been repealed. Out of this revenue the Government has returned to the people in larger grants, \$3,807,000 for Education; \$1,676,235 for Agriculture. The public services have been enlarged and ample grants have enabled important public duties to be undertaken.

AGRICULTURE

The Agricultural industry in Ontario is in a prosperous and thriving condition. Appropriations in 1904 amounted to \$475,000; in 1919, \$1,675,000. Last year the value of the farm products of Ontario was \$550,000,000, and the value of the combined farm assets was one and a half billion dollars. Within the last three years ten thousand farm mortgages have been paid off. Encouragement has been extended to every branch of the industry, education has been fostered, and social conditions have been improved. Agriculture has received the "earnest and unremitting attention of the Government."

HYDRO-ELECTRIC

Hydro is to-day the most extensive public-ownership enterprise of its kind in the world. Since its inception Hydro-Electric has saved to the consumers of electric power in Ontario over fifty millions of dollars. Hydro displaces annually 5,000,000 tons of coal. Hydro develops and distributes 350,000 horse power to over 230 municipalities, 175,000 domestic consumers and 6,000 customers for power. The Queenston-Chippewa undertaking will provide an economical development of 400,000 horse power, and the prospective ultimate development in the whole Province is over 1,000,000 horse power.

EDUCATION

Ontario's educational system is designed to provide the most efficient training possible for the boys and girls who are to become the future citizens of the state. Under the leadership of the Minister of Education no worthy expenditure has been denied to accomplish this purpose. Generous grants have been made for agricultural, technical and vocational training; returned soldiers are encouraged to enter the teaching profession; teachers' salaries have been raised and a superannuation scheme inaugurated. This year nearly \$4,000,000 will be spent on education in Ontario.

LABOR

Ontario's industrial leadership in Canada has been maintained by broad and effective labor laws. Under the Workmen's Compensation Act \$10,000,000 has been paid out in awards. Special safeguards have been provided for female and child labor. A minimum wage in Ontario is assured, and a direct representative of Labor will sit in the Cabinet. Free employment agencies have been established, and technical education has been encouraged.

HEALTH

Ontario's public health service is not excelled on the continent. Public health education, child welfare, sanitary engineering service, and the free distribution of antitoxins and serums have conserved life and prevented epidemic. A scheme of pensions for mothers is to be established. The Provincial Board of Health supplied all the typhoid vaccine used by the Canadian troops in the war. This feature of the work has brought about a saving of over \$100,000 a year to the people of the Province.

HIGHWAYS

Good roads add wealth and comfort to rural life. The highway improvement programme of the Ontario Government is applied to both urban and rural districts. A complete system of roads, including provincial roads, provincial county roads, county roads and township roads, with a mileage of 12,500 miles, has been worked out and will be constructed. The entire motor license revenue, with a large amount added, will be spent annually on this work.

WAR WORK

Ontario gave in men 232,895 in contributions \$54,532,186; to Victory loans \$540,465,550. Ontario provided 50 per cent. of Canada's war effort. The Ontario Government spent in war work over \$10,000,000; maintained in England the most efficient military hospital in Europe; furnished club houses for the soldiers in London and Paris; made gifts of food and guns to the Mother Country; made large grants to the British Red Cross, Belgium, Serbian relief, and other worthy patriotic objects. Ontario's war effort has made the name of Ontario resound in every corner of the world.

As a war measure the Ontario Temperance Act was passed, suspending for the duration of the war the retail sale of liquor. The promise was given that as soon as the war was over the whole question of the character of the liquor legislation of Ontario would be submitted to the people by Referendum, and the will of the people would prevail. This promise is now being fulfilled.

PROMISE:

Greatest possible assistance to Agriculture—Faithful enforcement of the Referendum—Support of Hydro-Electric; cheap light and power for the farmer—Convert railway branch lines into Hydro-radials—Good roads in every part of Ontario—State pension fund for mothers—Direct representation of Labor in the Cabinet—A minimum wage—Housing accommodation—Legislation implementing the findings of the National Industrial Conference—Consideration to returned soldiers with Cabinet representation—Educational progress, technical and agricultural instruction—Improved transportation in Northern Ontario—Timber conservation—Encouragement in mining development—Enlargement of Ontario's free public health service.

X-RAY FAILED Mechanic Gives Evidence

There are cases where science in its most profound phases is absolutely baffled, yet other help is at hand. This is proved by the testimony of a mechanic, 35 years of age, who suffered, at times, positive torture from stones in the bladder. After trying many remedies without result, he had an X-Ray photograph taken, which also failed to show where the trouble was. Fortunately, just at this juncture, when he almost had given up hope of any relief, his wife brought to his notice these famous pills in a very short time enabled him to pass the stone which was the cause of his trouble. We will give the name of this man on request.

THE AUTHORITY OF LAW

Repeal of Ontario Temperance Act Does Not Necessarily Mean a Return to the Old License System

THE Citizens' Liberty League contend that the unsatisfactory Ontario Temperance Act must be repealed and new legislation enacted. Further, they declare that the repeal of the Ontario Temperance Act does not necessarily mean the return of the Old License System.

The Referendum Committee contend differently.

To settle the matter once and for all, the Citizens' Liberty League herewith submits a signed statement by I. F. Hellmuth, K.C., of the law firm of Hellmuth, Cattnach & Meredith, Toronto, and by D.L. McCarthy, K.C., Toronto, son of the late Dalton McCarthy, and member of the legal firm of McCarthy & McCarthy, Toronto. Mr. Hellmuth and Mr. McCarthy are two of the outstanding King's Counsel of Ontario.

"Our opinion is asked as to whether a majority vote of 'YES' to question One of the Referendum, necessarily repeals the Ontario Temperance Act now in force and at the same time brings into effect the Liquor License Act which was in force prior to the passing of the Ontario Temperance Act, and our answer is unhesitatingly No.

"It is true that in case of such affirmative answer, the Lieutenant-Governor in Council can, by proclamation, bring into effect the prior Liquor License Act, but until this is done the present Ontario Temperance Act continues in force. It is not obligatory on the Lieutenant-Governor in Council to issue any such proclamation within any fixed or definite time, and there is no reason to suppose any action in this respect will be taken until after the meeting of the Legislature.

"Notwithstanding, therefore, an affirmative majority vote to question One of the Referendum, the prior Liquor License Act will not

necessarily be in force when the Legislature meets, and the Legislature can, at the next session, pass such legislation as it deems proper in regard to the whole question. It can bring into effect any Act that the majority of the members of the Legislature approve of, irrespective of any laws in force up to that time.

"There is nothing in the Constitution as laid down by the British North America Act which prevents the Legislature from validly enacting a law which would be a compromise between the Liquor License Act and the present Ontario Temperance Act and any such Act being entirely within the competence of the Legislature would, when passed, supersede any prior laws."

ONLY TABLETS MARKED "BAYER" ARE ASPIRIN

Not Aspirin at All without the "Bayer Cross"

Aspirin, to be genuine, must be marked with the "Bayer Cross." Just like your check must have your signature. Look for the "Bayer Cross." Then you are getting the only genuine Aspirin—the Aspirin prescribed by physicians for over nineteen years and now made in Canada.

There is only one Aspirin—"Bayer"—You must say "Bayer!"

Aspirin is the trade mark (registered in Canada) of Bayer Manufacture of Aspirin, to assist the public against imitations, the Tablets of Bayer Company will be stamped with their general trade mark, the "Bayer Cross."

Rev. J. Strempler of Elmira, preached a very inspiring missionary and Harvest-Thanking service in the Lutheran church on Sunday evening. An automobile accident happened to a Kitchener motorist party on Sunday on the road leading from here to Lexington about a mile south of here. One of their member seemed to have been rather seriously injured while a second one's face was badly bruised and the car which had evidently turned over a summerault, had landed on the fence badly wrecked. The injured were taken to Kitchener by Mr. Henry W. Ebel who happened to go that way. Mr. Nelson Shelley an 4th Misses Lriella and Nelda Shelley of Kitchener, spent the holiday here with their parents.

ST. AGATHA

Miss Olive Stockley of Petersburg, and Mr. Geo. Stubb of Toronto, were quietly married at the R. C. parsonage, Rev. Fr. Fehrenbach officiating, on Friday, Oct. 3rd.

An interesting event took place on Thursday evening Oct. 9th at the home of Mrs. Catherine Greyerzhil, on the 68th anniversary of her birthday. An address was read and a handsome rocker presented. The evening was spent in games and dancing after which refreshments were served. A jolly time was spent by the large number present and lasted till the " wee small" hours.

UNION GOVERNMENT STILL UNFAIR TO ARE ONLY TECHNICALLY AL

In the debate with reference to the new Naturalization Act, Mr. Euler spoke as a representative of the present legislative term of years who are only technicians of the new Naturalization Act. He stated that the fact that last spring he had endeavored to get the British Act to meet the case of the Acting Secretary of State in this direction, but as usual he failed.

Mr. EULER: I would like to refer to a statement made by the Minister of Justice in connection with this Bill. He stated that those who were referred to by the hon. member for South Renfrew (Mr. Pellow) if they can show that they have been good citizens for many years, can obtain permission to carry firearms by applying for naturalization, and then, having become naturalized citizens, they will be the same as all other citizens and this provision will not apply to them. That is the point to which I wish to take exception. If it were only possible for people who are to-day technically aliens to apply to this Government and to obtain naturalization papers, I would raise no particular objection.

But I would like to refer to the amendment to the Naturalization Act which was piloted through the House by the Solicitor-General (Mr. Guthrie). At that time I protested against the clause which made it necessary for men of alien enemy birth to reside in Canada for another ten years before they could obtain naturalization. I do not desire to burden the House again with the whole story, but I did say at that time particularly to certain people of alien enemy birth residing in the riding which I represent and also in other ridings, men who have lived there, as the member for South Renfrew (Mr. Pellow) stated, for ten, fifteen, twenty, thirty, forty, fifty and even sixty years, and many of whom were under the impression that their fathers had become naturalized British subjects, but could not prove it, and who, although they have lived in Canada for that period of years and have always conducted themselves as good British subjects and carried out their duties as citizens, having in many instances been elected to act as magistrates and mayors and councillors, find themselves in the position of being unable to procure naturalization under the amendment to the Naturalization Act of last session.

I protested against that, and I pointed to the fact that in the session of 1917 the Prime Minister (Sir Robert Borden) stated he would make provision, and he did make provision later on by Order in Council, whereby these people, old residents in Canada—I am not speaking of newcomers—could obtain naturalization by making their application to a judge, who would report to the Secretary of State, after which, if the reports were satisfactory, certificates were to be issued. In the riding of North Waterloo, some ninety-three petitions of that kind were handed in because of the Order in Council promised by the Prime Minister himself. Those ninety-three of State, but the naturalization papers were never issued.

Mr. Jacobs: An oversight. Mr. EULER: It was not an oversight, Mr. Chairman—but I shall not go all over that again. These people have not received their naturalization papers. No one in this House or outside of it can produce one particle of evidence to show that these people are not, to all intents and purposes, British subjects. But they are not technically so, and the Act of last session made it impossible for men who have been here for so many years, to receive their naturalization papers unless they live here another ten years. I made a plea that if these men were all right in every respect, the time during which they had already lived in Canada should be credited to them so far as the ten year period was concerned. The Prime Minister said that if it could not be done, because it was the desire of the House to pass a Naturalization Act that would enable the naturalization certificates to be recognized all over the Empire. He also admitted, as did the applications were passed upon by the judge, they were sent to the Secretary of State for his approval and then on as regards residents for a long time, naturally, but who on account of the Act passed by the Union Government for ten years. He likewise Premier Borden had promised to secure an amendment to the Act to these people. Mr. Euler asked whether anything had been done in could not obtain a definite reply. President of the Council (Hon. Mr. Rowell) that the condition of which I complained worked an injustice on many good people living in this country. The Prime Minister further promised that he would make application to the British Government to have this injustice remedied so that these people could obtain their naturalization papers without having to live here another ten years.

The point I wish to make is this: the Minister of Justice says that all an alien who has conducted himself properly, has to do to escape the provisions of this Act is to present himself for naturalization. But that is not the case with these particular

Little Arthur: "I say, father, is it true that Nature never wastes anything?"
Father: "Yes, Arthur, quite true!"
"Then what's the use of a cow having two horns when she can't even blow one?"
Instruction for the Young.
Yells from the nursery brought the mother, who found baby gleefully pulling Billy's curls.
"Never mine, darling," she comforted. "Baby doesn't know how it hurts."
Half an hour later wild shrieks from the baby made her run again to the nursery.
"Why, Billy," she cried, "what is the matter with baby?"
"Nothing, mother," said Billy, calmly "only now he knows."—Tit Bits.

A building permit for 12 storey \$7,000 residence has been taken out by Mr. Joseph Zubler, Jr., to be erected at the corner of Weber street and Pandora avenue.

Will Be The Artists For Occasion.
Through an error it was stated in an advance on the masquerade dance to be given by the Lad Lot Club on October 28th that Howard's orchestra will furnish the music. The artists for the occasion will be those of Krug's seven piece orchestra.

Death of Worthy Resident.
The death occurred at 7.30 o'clock last evening of Mrs. D. Kolb, 18 Bingham street after a lingering illness. The funeral will be held at 2.30 p.m. o'clock Friday. The cortege will proceed from the residence to the East End Mennonite cemetery for interment.

Injured in Collision.
Another motor accident occurred yesterday afternoon when a truck and an automobile collided at the corner of Weber and Victoria streets. Miss M. Boyer of Weber street, an occupant in the auto was thrown out and sustained injuries. She was removed to her home. Her condition, however, is favorable.

Had Successful Convention.
The tenth annual convention of the western district Sunday School Association of the Synod of Central Canada was held in the First English Lutheran church on Thanksgiving day. The day was an ideal one for the occasion and all sessions were well attended. Some very inspiring addresses were delivered on Sunday school work which were well received.

The following officers were elected for the ensuing year:
President, Mr. C. E. Lossing, Kitchener; vice-president, Mr. A. Kent, Hespeler; Secretary, Mrs. (Rev.) C. Sorensen, Guelph; Treasurer, Mr. Harvey Zinkann, Kitchener. The convention will be held at Hamilton next year.

Found Dead in Bed.
James Adams, a bachelor, residing on a small property about two miles from Menaford town, was found dead in his bed by a neighbor living across the street. He was in his ninety-second year and came to the township when it was little better than a wilderness. He attended the Conservative meeting here on Thursday evening last, and was introduced to Hon. Dr. Cody as one of the oldest Conservative pioneers of the township.

Recommend \$350,000.
Hamilton City Treasurer Leekie recommended that the Board of Control invest \$350,000 in Victory Bonds of the coming issue. He was asked to report whether the city might not invest more than this sum.

Stratford Furniture Employees Meet Again on Friday

Stratford, Oct. 14.—At a mass meeting of organized furniture workers in local factories held last night, a decision with regard to calling a strike in local factories, held last night, a decision with regard to calling a strike for a new working schedule and revision of wages was deferred until Thursday noon.

It is expected that local manufacturers Association in Toronto will have returned by that time. A further meeting of the workers has been called for Friday evening.

The agitation here is said to be the start of a provincial-wide movement for standardized working conditions.

The agreement fixes the hours of labor and provides a time and a half for overtime. Other clauses are: Minimum wage of 55 cents for mechanics and 45 cents for laborers; apprentices on six months after which they are to receive no less than 20 cents an hour and an increase of five cents every sixth until they have served their time.

No strike or lockout until the high cost representatives of both parties have failed in agreement reduction in hours in preference to reduction in staff.

Employment of none by union men where available.

Appointment of grievance committees.

RED CHIEF CONSIDERS FLIGHT INTO TURKISTAN.

Copenhagen, Oct. 14.—The position of the Bolsheviks is declared in a report from Russia to be critical owing to Gen. Denekine's advance. One newspaper claims that Denekine will enter Moscow within a month and that the Reds no longer hope for victory.

If Tula, a 120 miles south of Moscow is taken says the newspaper, the Bolshevik commissaries intend to flee into Turkistan.
