## WAS NATIVE OF WOLFVILLE

Charles R. Higgins Dies at Astoria, Oregon

News reached Wolfville last week of the death at Astoria, Oregon on August 20 of a foremost resident of that city, Mr. Charles Rupert Higgins, a native of this town. Mr. Higgins was the youngest son of the late W. J. Higgins and was born here on October 26th, 1866. During his high school days he worked in the old Peoples' Bank, thus laying the foundation for what proved to be his life work. He matriculated from Horton Academy and in the year 1889 went to Oregon where he spent a year in a grocery establishment earning sufficient to enable him to return to the homeland and pursue his studies. He was graduated from Acadia College in 1891.

He at once resumed his position with the Peoples' Bank, being subsequently transferred to Lunenburg, Mahone Bay and Riviere de Loup, Quebec. He returned to Oregon in 1893 and became identified with the Astoria National Bank, of which his brother, the late James E. Higgins held the position of cashier. He became assistant cashier and on the death of his brother in 1918 was made cashier, which position he held until he became president in 1920. During his 30 years' residence in Astoria he was a prominent figure in the business world and gave a large amount of time to the service of the community.

On October 18, 1899, he was married to Miss Maude Warren, and is survived by his widow and one daughter. Two brothers, Thomas F., of Portland, Oregon, and William Higgins, of Vancouver, Washington, and two sisters, Mrs. George F. Baldwin and Miss Linda Higgins, of Vancouver, B. C., survive him. Mrs. Faye Stuart of this place is a niece.

The following editorial reference from the Astoria Budget of August 20th, will be read with interest by many old friends here who learn with sorrow of his passing:

It was no deep shock to the community to learn that Charles R. Higgins had answered the summons of death's messenger. His long months of illness and the announcements from the sick room had prepared his fellow townsmen in a measure for the parting which has come, and yet even this expectation has not stayed the sense of sorrow nor the feeling of loss which comes unbidden with the realization that the last frail strand which bound him to this life has been severed.

For a full thirty years Mr. Higgins had been claimed by Astoria. He was more than a mere resident of the city. He was an active part of it. Though quiet and modest by nature, he had impressed himself upon the community's consciousness by his prominence as a business man, his achievements as a civic worker, the friendliness of his personality and by sheer worth of character.

It needs no written word to do him tribute. Those who knew him best loved him most and those who knew him but casually yet held for him high regard. Perhaps no finer praise can be offered to his memory than to say that he passed through a busy, active life and had neither enemies nor detractors. He lived cleanly, through honorably and the golden rule of conduct was more than a phrase to him. The universal respect which he enjoyed was exceptional in this world where business rivalries and personal differences so easily arouse prejudice and slander to their destroying work, and it speaks far better than mere words of the ideals which were his guiding lights.

C. R. Higgins lived as a man should, upright and honest, guarding his integrity and honor, devoted to his family, helpful to his fellowman, practicing the religion he professed, a loyal servant of his community and a reverent worshipper of his God. Such men are too few that their passing can go unnoticed but the heritage they leave in their work and their example is something which even death cannot take away.

## THE MINAS BASIN SERVICE

The Kingsport-Parraboro service of the Dominion Atlantic Railway, SS "Prince Albert" in commission, with its increased accommodation for carrying automobiles and its arrangements for serving light lunch and tea, has grown in popular favor this present season.

As the "Prince Albert" steams along Minas Basin and skirts around majestic Blomidon, one's admiration of nature's handiwork reaches the point of sublime ecstasy. The dykes and undulating topography of the country, the fleeting glimpses of Cape Split and myriads of enchanting scenes as the steamer glides along, form a panorama of beauty rarely surpassed anywhere. Parraboro shores and town, as you reach them, complete a rare treat of a sail over unique Minas Basin.

The reduction in the rate on autos carried on the SS "Prince Albert" between Kingsport and Parraboro, effective August 10th, will be appreciated by automobile owners. For details of rates and reservations, apply D. A. R. ticket agent at Kingsport or Parraboro.

## MARRIED AT BAPTIST CHURCH

A very attractive September wedding took place in the Baptist Church Wednesday afternoon when Eunice Davidson Curry only daughter of Mr. and Mrs. Elias Curry, was united in matrimony to Crandall Clayton Prescott, owner and manager of the Standard Creamery, St. John. An unusual and very effective setting was the old time aspect of the quaint gowns worn, fashioned from the style of 1830. Dr. A. C. Chute, of Acadia University performed the ceremony, while Mrs. Willard MacIntyre of Albert, a cousin of the groom, gave a brilliant rendering of the wedding march. The bride who was given away by her father, was most alluring wearing an exquisite frock of ivory crepe satin with train, the wedding veil being caught with orange blossom and carrying a shower bouquet of ophelia roses and white sweet peas. She was attended by Kathleen Prescott, of Albert, N. B., looking very lovely as maid of honor, who wore a gown of rose shotafetta with hoop skirt, encircled by a girde with rose and orchid streamers. The poke bonnet of the same material was trimmed with taffeta flowers and a Spanish lace scarf. She carried a bouquet of pink asters and orchids. Dorothy and Betty Iley the winsome little flower girls, wore white organdie dresses with ruffles, long lace pantalettes and white net poke bonnets. The groom was attended by Charles Harrison, a lawyer of Fredericton, while the ushers were Vernon Curry, Boston and Austin Chute.

The bride is one of Wolfville's favorite daughters, both because of her sweet personality and her gift of song. For two years she was on the Faculty of Agnes Scott College, Atlanta, from whom she she received twenty-eight pieces of sterling silver. Her gifts of cut glass silver and china, were numerous and beautiful. An informal luncheon was served at the bride's home, at which Mrs. Iley and Mrs. Guest poured tea. The happy couple departed by motor for Cape Breton before returning to St. John, their future home.

The out-of-town guests were—Mr. and Mrs. Isaac Prescott and family from Albert; Mrs. Jesse Prescott, and Miss Prescott, Sussex; Miss Mildred Prescott, St. John; Mr. and Mrs. A. S. Curry, Amherst; Mr. and Mrs. Vernon Curry, Boston; Mr. and Mrs. N. Curry, Montreal; Mr. William Card, Boston; Mrs. N. A. Rhodes, Amherst; Mr. and Mrs. Kempton, Riverport.

## GETTING FIRST HAND INFORMATION

Wolfville had an interesting visitor over the week end in the person of Mrs. Fred R. Barwis, representing the tourist information bureau of the great John Wamaker mercantile establishment of New York City. In order to be able to furnish reliable information to their patrons regarding points which the tourist is desirous of visiting this bureau undertakes to send its own officials to investigate. For this purpose Mrs. Barwis, who has travelled extensively over this continent and abroad, has been touring Nova Scotia and came from Halifax direct to Wolfville.

When seen during her stay at the Acadia Villa hotel by THE ACADIAN she expressed herself as much pleased with what she had seen of this province and particularly with Wolfville and surrounding points, as well as the people whom she met. Mr. Edson Graham, the president of the Wolfville Board of Trade, who is always interested that visitors should be favorably impressed, drove Mrs. Barwis to various points and pointed out what we have to offer in the way of attractions.

THE ACADIAN found Mrs. Barwis an interesting and well informed lady and we believe that her visit to our town cannot fail to be productive of good results. Monday morning Mrs. Barwis left for Digby, thence to St. John and Fredericton, returning to Yarmouth before proceeding home.

## WEST END WON ACADIAN TROPHY

The final game of the Town Baseball League for the Acadian trophy was played on Monday morning when the West End defeated the East End by the score of 8 to 1. Although the score was so uneven the game proved most interesting and was witnessed by quite a number of spectators. Ritchie pitched a good game for the West End, striking out nine men, and he received splendid support from his team mates. Eagles also pitched a fine game for the East End and struck out eleven. He, however, received very poor support. The teams were as follows:

East End—C. Munro, c; D. Munro, lb; West, 2b; Eagles, p; J. Burgess, 3b; Harrington, cf; Gould, ss; Patriquin, rf; R. Burgess, lf.

West End—Cohen, 2b; Boates, c; Ritchie, p; Dick, ss; Johnson, lf; Angus, rf; Hansford, cf; Brady, lb; M. Burgess, 3b.

Referee—J. W. Williams.

## Most Successful Convention Of the United Baptists of the Maritime Provinces Closed on Sunday

The seventy-eighth annual session of the United Baptist Convention of the Maritime Provinces, which closed last Sunday night, was one of the most successful ever held. Two hundred and eighty-six delegates were registered, representing 599 churches with a total membership of 64,000. All the meetings were most inspiring and helpful.

Thursday's meetings were taken up mostly with the mission work of the church. The Foreign Mission report appears in brief in another part of the paper. At the evening meeting the devotional services were led by Rev. W. H. Johnson, of Port Maitland, and Rev. Myles McCutcheon of Montreal, Rev. D. E. Hatt, Manager of the Baptist Publishing Society in Toronto, besought all congregations and Sunday schools to support that organization, which had proved of such great assistance to all forms of Baptist endeavor.

Returned missionaries were introduced by Rev. H. B. Stillwell, of Toronto. They were Rev. John Hardy who was twenty-six years in India; Miss Lottie Sanford, born in India, daughter of the veteran missionary, Rev. Rufus Sanford, who has given fifty years in missionary work; Rev. W. S. Tedford, who has fifteen years service in India, and Rev. Mr. Stillwell, himself, who told of his visit to the missions in Bolivia.

Friday morning's session was opened with an address by President F. W. Patterson on "The Church as an Organism". Following this address the report of the Board of Governors of Acadia University was read. This report noted the calling of F. W. Patterson to the presidency, and the action of the special committee in Moncton, April 11th, in deciding to remain and develop educational work at Wolfville.

The total enrollment in the Acadia institutions was placed at 841, made up of 292 in the college, 198 in the Academy and 351 in the Seminary. The report announced that the University Senate had abolished all old courses in theology, and that an entirely new course had been arranged, leading to the degree of B. A., B. D., and M. A. in theology. These courses had been arranged to give a thorough training to those fitting themselves for the Baptist ministry in the Maritime Provinces.

Dr. W. A. Coit, after fifteen years of successful teaching has retired from the chair of mathematics at Acadia University, the report announced. Professor William M. Rau has also retired from the chair of geology, and Charles B. Russell from the position of Physical Director, and Miss M. White from the position of Dean of Women. These positions, it was announced, would be satisfactorily filled before the opening of the College, October 1.

The theological staff, the report stated, had been enlarged by the appointment of Rev. J. H. MacDonald, D. D., C. B. E., F. R. G. S., until recently pastor of the Wolfville church, to the chair of Church History and Biblical English.

New instructors at the Academy would include J. H. Dexter, Ernest D. Parr, and H. H. Wetmore.

The plans for the proposed new college building have been submitted by L. R. Fair, architect, accepted and tenders called for the work of construction. The report announced that it was hoped to have the building ready for occupancy by October, 1924.

The convention endorsed the Board's proposal to launch a financial campaign for \$1,500,000 to provide necessary buildings and increased endowment.

The work of the Baptist church in Western Canada was reviewed by Rev. H. G. Mellick, D. D., who presented the report on Western Missions, this being the Jubilee year of Baptist work in Canada's hinterland. The report stated there were now 250 Baptist churches in the West, with a total membership of 21,000.

At two o'clock Dr. Patterson delivered the fourth of his devotional addresses his subject being "the church of the loving heart".

The convention committee for examining candidates for ordination recommended the ordination of licentiate A. A. McLeod, S. M. Hirtle, Wm. Bosny and W. A. Ferris.

Rev. F. S. Porter, secretary of the Canadian Branch of the Canadian Bible Society, spoke in the interests of the work of the Society.

Rev. J. H. McDonald reported for the committee on correspondence.

J. W. Dimock gave his report as treasurer of denominational funds, reporting \$68,800.65 for the general fund, European Baptist relief \$338.58, reported by treas. U. B. Missionary Union, \$36,762.86; Mission Bands \$6,423.09. Total—\$112,325.18.

The board of Ministers annuity fund reported through A. H. Chipman, Secretary, a bequest of \$1,090 has been received from the estate of Mrs. Margaret Sterling, of Kentville. The board reports about \$12,000 dispersed in connection with their work. The trust funds for these purposes amount to \$163,131.15.

The Grande Ligne Mission reported through their secretary, Rev. E. Bosworth. The work of this Mission lies among the French speaking people of Canada.

The Friday evening session was a platform meeting in the interest of education as carried on in the Acadia Institutions, Rev. Ross C. Eaton, Vice-President, presiding. Rev. A. H. Whitman read the scripture and Rev. C. E. Pineo offered prayer. A feature of this service was a duet finely rendered by Mrs. Frank Bartheaux and Miss Evelyn Duncanson. The Vice-Presidents of convention elected are: 1st, J. F. Fraser, Esq.; 2nd, Rev. N. A. Whitman.

Dr. W. L. Archibald, Principal of the Acadia Academy, the first speaker, spoke of the needs of Acadia Academy. The Academy needs a well-equipped classroom building. A residence is needed for the junior school. Campus grounds are needed. A more efficient teaching staff is needed, also adequate financial resources and a larger fund to assist needy students for the ministry.

Dr. W. L. Archibald, Principal of Acadia Seminary, reported the needs of the Seminary. Among material there is first a new plant; among the non-material needs is a new interpretation of the purpose of Acadia Seminary. The girls should be trained to be ideal homemakers, as leaders in church work, to be fitted to be more efficient forces in society. Girls who take the full course in household science are credited with two and one-half years on the household science in Columbia University, New York. A large and enthusiastic body of agents throughout the constituency is needed, as also a loyal constituency. The best is none too good for the Baptists of these Provinces, and Acadia Seminary stands for the best.

Dr. Simeon Spidle, Dean of Theology, said the aim of Acadia University is a well balanced relation of the various departments of the University. The department of Theology has now been raised to a plane equal to that of any other department. This department needs money. It needs homes where it is desired that sons to enter the ministry be found.

Dr. Patterson, President of Acadia, was given an ovation, the large audience rising to their feet and cheering as he rose to speak. He said the presence of such an audience on such an evening demonstrates the place Acadia has in the hearts of the people. Acadia does not exist for itself. It exists to serve. No institution which exists as a time server will serve its time. The graduates of Acadia are filling many of the largest places in many lines of work all over this continent. This institution is bound up vitally with the life of our nation and is making a mighty contribution to the life of the United States. To accomplish the purpose of Acadia \$1,500,000 is needed within three years, \$3,000,000 within fifteen years. The lack of classroom accommodation compels teachers to double bench.

## TOWN COUNCIL

Report of Regular Meeting at Which Important Measures Were Passed

The regular monthly meeting of the Council was held on Wednesday evening at which Mayor Phinney and all the Councilors were present.

After the reading and passing of the minutes of the last meeting, the assessment appeals laid over from last meeting were dealt with as follows: A. W. Bleakney's appeal from income not allowed, as it was claimed that it was received too late for action. Joan Russell was allowed the four hundred dollar exemption on the Capt. Smith property purchased by her last December. The appeal of Louise J. Biscoe from appraisal of the Appeal Court was referred to the Finance Committee for a more equitable valuation.

The Town Manager presented his report of work done during August in the various departments. Street work included the resurfacing of the paved streets with tarvia and other incidental repairs. At the source of the water supply the dam had been repaired and new screenings installed and the reservoir cleaned and put in perfect condition. Owing to the favorable season the supply of water is adequate for all needs.

The financial report shows expenditures during the month amounting to \$1766.88 and receipts \$794.68. At the end of August the bank overdraft amounted to \$2476.90.

A resolution was passed approving of the proposed sewer extension at the west end of the town and the Clerk was instructed to call a public meeting of the citizens to authorize the same at an early date.

The purchase of a combination chemical and hose cart for the improvement of our fire equipment, at a cost not to exceed \$2300, was authorized.

Policeman Crowell was granted his usual annual vacation of two weeks, during which a substitute will be provided.

It was decided to hold a public meeting of the citizens to consider the proposal to spend \$5000 for street paving on the east end extension and other incidentals.

Mayor Phinney then vacated the chair which was taken by Presiding Council Whidden and the resignation of the Mayor laid over from last meeting, was taken up.

A resolution was introduced and read, and was passed, setting forth the facts which led to the resignation, and the Council's conviction that although new conditions made necessary the Mayor's absence from town much of the time his services could not profitably be dispensed with, and declining to accept the resignation.

Coun. Peck gave notice of a resolution to amend the sewerage by-laws, increasing the frontage tax from \$1.00 to seventy-five cents, which was taken up at a recent meeting, would be introduced at the next regular meeting.

### WOLFVILLE AND ACADIA

One of the chief topics of conversation during the past week has been relating to the proposed building operations to be undertaken in the near future by the Governors of Acadia University. Plans are now fully matured for the rebuilding of College Hall on a larger and grander scale at a total cost of well up to \$300,000, and it is expected that the work will very soon be commenced. Other operations, including the new plant for Acadia Seminary, will involve very heavy expenditure, the result of which will materially affect the prosperity of Wolfville and surrounding country.

In the campaign soon to be launched to provide funds for these undertakings this town will very naturally be expected to make a liberal contribution. Business men and property owners will certainly realize that the carrying out of the contemplated enlargement of the University's plant and the inevitable increase in the attendance and influence along all lines will mean very much to them, and will look upon the undertaking as one in which they will desire to have a hand. Not so long ago, when the problem of Acadia's future was under discussion, the fear was freely expressed that dire disaster would result if it was decided to remove the University to some other section. Now that the matter has been definitely settled and when plans for a bigger and more prosperous Acadia are under way it is only natural that the people of this vicinity should manifest a willingness to render material assistance to an undertaking that promises to contribute to their prosperity. It is understood that a number of very generous contributions have been made by wealthy friends of the institution, and while these cannot be duplicated in kind by Wolfville citizens, we believe that much smaller offerings freely made will be accepted with the same appreciation and as a token of friendly interest on the part of near at hand friends of Acadia.

### THE TOURIST BUSINESS AN ASSET

A better provision should be made for supplying authentic information to the many summer visitors who annually visit this favored section. Those who act in the capacity of guides ought to be required to prove qualified before being allowed to do so and should be obliged to register and have a badge granted to them. There is plenty of historical and descriptive data to interest tourists without making it necessary to resort to the absurd fabrications often reported. Frequently THE ACADIAN is called upon to pronounce upon the accuracy of these stories, some of which would be ludicrous if their effect was not so damaging. The tourist deserves decent treatment at our hands. It is not good policy—even from a business standpoint—to impose upon his credulity and overcharge for the services which he desires. Properly dealt with the yearly influx of summer visitors should prove a source of prosperity well worth taking into consideration.

In the province of British Columbia it is estimated that from tourist travel more revenue is received than from their fisheries, which is a very important industry, while, in the some of the New England States it furnishes the chief factor in the financial welfare of the people. This being the case it is full time that we should systematically set ourselves to a thorough understanding of the whole matter and lay immediate plans for the wise and generous development of what is destined to be a great source of prosperity. The method too often followed is nothing less than folly.

### THE THREE COUNTIES EXHIBITION

This is Kings County's year for the three counties exhibition. It was Wolfville's turn and the show might have been held here had our citizens manifested sufficient interest. They did not, however, and the shiretown went after and landed it.

These exhibitions are held alternately in Kings, Hants and Annapolis counties and some of the best of them have been held in Kings. October 2nd, 3rd and 4th are the dates selected for holding the exhibition this year and a good committee of competent men I have in charge. If our people generally get behind the management, the show can be made the best yet held. Annapolis and Hants counties will no doubt do their part as they have always done in past years but the brunt of the undertaking devolves upon the people of Kings.

THE ACADIAN has no hesitation in urging the importance of the undertaking and bespeaks for it the honest and hearty co-operation of our people generally. It is none too early to begin now. Make your arrangements for entries in as many departments as possible and be sure to plan your work so as to attend. Let it not be a Kentville Exhibition nor a Kings County Fair, but indeed as it is in name a "Three Counties Exhibition" with honest and fair competition, and a determination to make it a credit to all concerned.

### HOLIDAYS AND THEIR MEANING

As a general rule our public holidays are devoted to feasting, merry-making and the like. We make them holidays and forget that they are holy-days. Each of these days which the government sets apart has its significance which should not be lost sight of. We may on them lay aside our customary work and indulge in amusements of various kinds, but unless some emphasis is placed upon the real purpose of the festival its value to the community is very largely lost.

Thanksgiving Day may be a very proper time for eating turkey and family reunions, but primarily it should be a day of thankfulness to the Giver of all that we enjoy. Labor Day may be a very proper time for athletic amusements, auto trips, etc., but it should mean much more. It should teach the dignity of labor and should result in a better understanding between labor and capital and their dependence one upon the other. Christmas and New Years have their particular message, and the birthday of the King is a fitting opportunity for inculcating a love of country for which the sovereign stands.

These festivals deserve a public observance for which the community should assume responsibility. THE ACADIAN would suggest the arrangement of a comprehensive program of all our national holidays in such a manner as to make their purpose fully understood especially by the youth of our land.

### NOVA SCOTIA AHEAD IN APPLE PRODUCTION

OTTAWA, Sept. 6.—Nova Scotia occupied the premier position in the Dominion as an apple producing province last year, according to figures just made public by the Dominion Bureau of Statistics, while

### SIX INJURED IN BAD AUTO SMASH NEAR KENTVILLE

Kentville, Aug. 31.—A bad auto accident occurred this afternoon at the west end of town limit, near the residence of Fred Mitchell. A McLaughlin car, driven by Ainslie Hiscoe, with passengers S. L. Cross, Monson Carroll, J. W. McKay and J. F. Outhit, was leaving Kentville to attend the funeral of the late Archibald Foster, at Kingston, when it collided with a large Studebaker car from Yarmouth, driven by Dr. Putnam. The two cars were passing on a sharp turn. Mr. Hiscoe, in trying to avoid the accident went into the ditch, his car being badly smashed up. All the occupants were badly cut about the head and face and severely shaken up. Monson Carroll had his scalp partly torn from his head, necessitating several stitches. ### CROP REPORT

The Bank of Montreal crop report under date of August 30th has the following to say concerning conditions in the Maritime Provinces:

New Brunswick—conditions generally improving. St. John Valley hay crop light, but mostly harvested in good condition. Potatoes promise fair yield. In the Northern district crops now making fairly good progress and in the Eastern district hay and grass pasture good. Nova Scotia and Prince Edward Island grass pasture excellent and large hay crop of first quality harvested. Everything promises well, but crops are late and warm weather is needed. In the Annapolis Valley recent gales destroyed 20% of the early apples, but all varieties clean and of good quality. Pears and plums are poor.

### Getting More Out of Your Farm

If you could increase your production a little and reduce your expenses even slightly, it might mean the difference between a fair living and failure in some seasons.

Sheep, poultry, hogs, and a regular "milk cheque" have saved the day for many a farmer when his crops have failed.

Shelters from the heat, rain or snow for your live stock and protection from the weather for your outbuildings, machinery and implements, will minimize your losses and reduce your yearly repair bills by many a dollar.

**HISTORY AT UPPER CANARD**

Macaulay says that the man who cares nothing for the past, will care nothing for the future. The care and attention given to the graveyards of any community is a good measure of the degree of culture and refinement attained by its people. The people who neglect the graves of their kindred have as much soul as the animals they have confined in pens in their barnyard. As a rule the graveyards of Nova Scotia are shamefully neglected. Graveyards are robbed. Gravestones have been taken up and used for door stoops and chimney pots, by human ghouls. Makers of gravestones are known to use the monuments of persons having no near relatives, to form the sub-structure of monuments they erect. Those having the care of graveyards as a rule take no pains and go to no expense in maintaining the old monuments intact.

The worst example of sheer neglect is probably in the town of Windsor. One of the best preserved in the Province is the ancient graveyard at the old Parade Ground, Upper Canard. It is under the care of the Baptist Church, but Jew and Gentile, bond and free are found there, side by side. The widow of Dr. Theodore Harding Rand bequeathed \$1,000 for its upkeep. This is a fitting monument of one of Nova Scotia's great sons, whose remains repose there. He was Superintendent of Education in Nova Scotia, when the bill was first enacted, and was still under fire. He served the public in the same capacity in New Brunswick at a later date, and was afterwards appointed Chancellor of McMaster University. One gravestone goes back to 1767—over a century and a half, and from that date there are many graves of the first generation of settlers—some of whom have no stone to record their life or death.

The following is a list of the older ones: They are given alphabetically and not according to age:

- James Brag, died 1831, aged 35 years.
- Perry Borden, Sr., died 1805, aged 66 years.
- Martha, wife of Benjamin Borden, died 1822, aged 43 years.

 Dr. Stephen Wheaton, died 1848, aged 76 years.

The Parade, across the highway from the graveyard, was set aside in the revolutionary days to keep a rebellious realm in awe. It was adopted by the early Congregationalists from New England for a church which was soon occupied by Henry Alline. It later became the Ft. et Baptist Church of Cornwallis. The present structure is one of the finest rural churches in the Province.

**ANNUAL CONVENTION UNION OF N. S. MUNICIPALITIES**

AMHERST, August 31.—The eighteenth annual convention of the Union of Nova Scotia Municipalities concluded its three days session this afternoon, a motor boat trip to old Fort Beauséjour rounding out the end of a session that was pronounced by many of the large number of delegates as the best in the history of the union. On invitation of Mayor Mosher, the union decided to hold its 1924 session in Dartmouth.

A number of important resolutions were passed, including thanks to the entertaining municipalities, the Press, the provincial government and others. The retiring president, Parker Archibald, Municipal clerk of Halifax county, was elected an honorary member of the union, and H. A. Rice, Mayor of Canso, was elected president.

The resolution before the convention that promoted the most discussion was to the effect that the provincial government be asked to amend the present legislation so that at least one half of the fees collected from motor owners residing within the cities, town and rural municipalities, be refunded to the cities, towns and rural municipalities wherein the motor owners reside. The resolution passed twenty-seven to four.

A resolution requesting the abolition of the grand jury was passed, also one asking that the penalty in bastardy cases be raised to a minimum of \$200 and a maximum of \$500.

The convention went on record as favoring the establishment of Juvenile courts. Other resolutions passed were to the effect that the federal government maintain prisoners undergoing sentence for violation of the inland revenue act; that the penalty be made payable to the town; that the establishment of a municipal department again be urged upon the provincial government; that the convention favored the Provincial Tourists Association; that the government should defray the costs of collecting the road tax.

**WE NEVER KNOW**

I spoke a word,  
 And no one heard;  
 I wrote a word,  
 And no one cared  
 Or seemed to heed;  
 But after half a score of years  
 It blossomed in a fragrant deed.  
 Preachers and teachers all are we—  
 Sowers of seed of unconsciously.  
 Our hearers are beyond our ken,  
 Yet all we give may come again  
 With usury of joy or pain.  
 We never know  
 To what one little word may grow.  
 See to it then that all your seeds  
 Be such as bring forth noble deeds.

## The Importance of Being Pretty

Many a girl's fortune is determined by her face. A skin which is fresh, smooth and alluring with the radiance of health, predicts a happy future, because this is the greatest of all womanly charms.

Every girl can have a beautiful, attractive skin if she will only learn to give it proper care.

The constant application of cold creams, lotions, powder, and rouge tend to make the skin sluggish and inactive. Dirt accumulates and blackheads and other blemishes appear.

Thorough cleansing once a day prevents such a condition and keeps the complexion fresh and smooth. Cold Cream is beneficial when applied to a clean skin and rouge and powder are harmless beautifiers—but—start fresh every day on a clean foundation. Keep your skin active and it will be clear, fresh, youthful and attractive.

Soap to be thorough, need not be harsh. The mildest toilet soap made is the most thorough of all cleansers, as you will know after you have once tried Palmolive.

Mr. H. M. Wilson has left for Kingsley, Essex Falls, where he will be teacher of English in a well known school for boys.

Mr. E. J. Parks, of Church Street, who had the misfortune to lose all his buildings by fire recently, is selling his stock by auction on Sept. 11th. Read his adv. in another column.

A very pleasant and successful bridge party was held on Friday afternoon of last week, under the auspices of the V. O. N. The affair was held at the home of Mrs. Roy Forbes, Prospect street, generously opened for the purpose, and a large number participated. Everything passed off most agreeably and a considerable amount was realized which is to be applied towards the balance due on the Neracar recently purchased for Miss Harry.

Miss Rosamund Archibald, M. A., of the Department of English in Acadia Seminary, has been granted leave of absence for the first term in order to give her opportunity to promulgate and establish her new method of teaching correct grammatical forms. The third edition of her textbook, "The King's English Drill", will soon go to press. Miss Archibald has had enquiries from every part of the English speaking world about the 1923 Better English Week, which she put on in Nova Scotia and she now has plans for an all Canada 1924 drive. During the fall Miss Archibald will lecture in various towns and villages in the Maritime Provinces.

Mr. Harry Farris, the janitor of the public school buildings, recently called upon THE ACADIAN to report that the rumor concerning the school flag is incorrect. The flag is yet in existence and in good condition, and the fact that it has not been more in evidence is due to the state of the pole on the school grounds which has been in an unsafe condition for some time back. The pole was taken down at the end of last week and for the present the staff on the new building will be used on any occasion when the flying of the flag is in order. We are very glad to receive this information and to know that in future the flag will be in its place to inspire patriotism among our young.

**TENNIS STARS VISIT WOLFVILLE**

The Wolfville Tennis Club had a visit on Tuesday from Mr. Willard F. Crocker, Quebec, said to be the best tennis player in Canada, who was accompanied by Mr. John M. Miller, president of Quebec Province Lawn Tennis Association. Despite the recent rain the local courts were in good condition and a number of exhibition matches were played between Crocker and several of the local players including Dr. deWitt, Austin Chute, Dr. Leslie Eaton and R. W. Tufts. Messrs. Crocker and Miller were on their way home from Halifax, where on Monday in company with some other players from Upper Canada, they played in a tournament with some of the best Nova Scotia players. NEWS OF CANNING

Sheldon Smith, son of Mrs. W. D. F. Smith, will attend Acadia College this year.

Miss Carrie Whalen has returned to her school in Springfield, Mass. While in Canning she was the guest of her mother.

Kenneth, the eight year old son of Mr. and Mrs. Stanley Brown, Halls Harbour, who was kicked in the face by a horse and severely injured, is improving.

A number of young people of Canning and Canard enjoyed a picnic at Halls Harbour on Wednesday of last week, motoring back for the evening and enjoying a jolly dance at Mr. and Mrs. Isadore Brady's, Woodside.

Miss Marijaret Baine is spending a few days with her brother, Mr. Harry Baine.

Major E. J. Mooney and Mrs. Mooney, St. John, were guests at the Waverley Hotel last week. Accompanied by friends they motored to the Look Off, Peregou and Blomidon. The day being very fine five counties were distinctly seen from Mr. Blenkhorn's observatory, Hants, Colchester, Cumberland, Annapolis, and Kings. A view of the Cornwallis valley gives the tourists a great idea regarding the future prospects of the valley, and a magnificent view of the Bay of Fundy, Minas Basin, and Peregou river. Mr. Blenkhorn has had several hundred visitors take advantage of his observatory this season. Mr. Blenkhorn has a beautiful selection of Amethysts on exhibition which are carried away as souvenirs of Blomidon.

Mrs. William Baxter, Sr., is improving in health. The Fieldwood, Captain Forsythe, Hillaton, is discharging a load of hard coal at Kingsport for Blenkhorn and Sons, Canning.

Mr. Simeon Jacobs, Halifax, spent the week end with his brother Mr. Jacobson. Miss Esther Jacobson left for Halifax last week where she expects to spend the winter.

Mr. and Mrs. Henry Clark, Newton, were guests of Mrs. Manuel last week. Mrs. Clark not being in Nova Scotia for 30 years saw many changes. They motored through the valley to the Look Off.

Mr. George Wagstaff, Granville Ferry, who has been visiting Mr. and Mrs. Russell Hatfield, returned on Thursday accompanied by his granddaughter Miss Wagstaff.

Rev. T. W. Hodgson, Mrs. Hodson and daughter returned to Canning last week, after having a most enjoyable trip to P. E. I.

Miss Chase, a former member of the teaching staff, Canning, has returned from the West where she spent a year and has a school at Windsor for the coming year.

On Friday evening, Aug. 31st, the people of Canning were highly favored in having Dr. John Cameron, F.R.S.C., of Dalhousie, give an illustrated lecture "Recent Egyptian Discoveries". The lecture which was under the auspices of the Woman's Institute was unusually interesting, many wonderful pictures of recent discoveries being shown. Rev. Mr. Logan, pastor of the Upper Canard Presbyterian Church, expressed on behalf of the large audience present their gratification to Dr. Cameron for his intensely interesting program.

Mrs. J. T. Moffett, Glace Bay, who has been attending the U. B. W. M. U. Convention, Truro, is the guest of her brother Mr. Charles E. Ellis. Mrs. Moffett is a graduate of Acadia Seminary 1864, with Mrs. David Burgess, Sheffield Mills. They are the oldest graduates living.

Miss Aileen Jacques, Halifax, is the guest of Miss Ruth Baker, Sheffield Mills.

Mr. and Mrs. William Burgess and Mr. and Mrs. Perry Rand are on a motor trip to P. E. Island. They will return next week.

Miss Harriett Spurr, Annapolis, is visiting her sister Mrs. Fred Burgess, Sheffield Mills.

Miss Allie Burgess has returned from Little Harbour, Pictou Co. where she has been visiting her sister Mrs. (Rev.) Ramsey.

The marriage took place at St. George's Church, Basse Terre, St. Kitts, Middle West Indies of Miss Sydney Shaw, daughter of Dr. and Mrs. C. A. Shaw, to John W. Payzant, son of Mr. and Mrs. Lewis K. Payzant, Dartmouth. The bride resided in Halifax for several years attending the Halifax Ladies College. Mr. Payzant is a nephew of Mrs. Charles Barsa, Wolfville, and a grandson of the late Col. William Belcher, Upper Canard. Dr. Shaw practiced in Canning and was a guest at the Waverley Hotel while here.

VISITING ARTISTS GIVE ENJOYABLE CONCERTS

One of the best concerts ever heard in Kingsport was given in the Congregational Church on Monday evening Aug. 27th, the principals being Miss Edith Lynwood Winn, violinist, and Miss Bertha Wesselhoeft Swift, soprano, both of Boston, Mass. They were assisted by a string orchestra consisting of the following violinists,—Miss Winn, Mrs. Chute, Mrs. Sennett, the Misses Rand, Schafheitlin, Clark and Perry; Mrs. J. D. Clark, Pianist. The church which was very tastefully decorated with roses, and sweet peas, was filled to its capacity with a very appreciative audience. After the concert refreshments were served at the Parsonage.

On Tuesday evening Miss Winn and Miss Swift repeated their concert in the Armouries, Canning, for the benefit of the Methodist Church. This was a rare treat to the music lovers of Canning. In the absence of the pastor a vote of thanks was tendered the artists by Mr. R. W. North who expressed the wish that we might hear them again in the future. Flowers were presented to Miss Winn and Miss Swift by little Miss Mary Payzant.

The worst children, of course, are the ones that aren't yours.

**PROGRESS EVERYWHERE**

"The moving finger writes", today the Palace of Peace stands, and the World Court sits in The Hague; the civilized nations are fast extending the suffrage to women; and the United States is under prohibition. Of all these changes, the most remarkable is the last. The human mind can more easily be persuaded into courses the ultimate consequences of which are obscure to it than into decisions the meanings of which are as plain as the nose on a man's face. There was nothing subtle about the prohibition act. It meant the end of John Barleycorn and the hiccupping of Bacchus; it meant that the country was willing, in the interests of the public good, for the sake of its weaker brethren, and in the cause of law and order, to sacrifice its appetites, and, with its eyes wide open, to pass an act of self-renunciation of a purely sensuous form of pleasure. But the prohibition victory was something more than this. In it the United States lifted up a standard to the world, a standard to which the nations in time will all be forced to rally. Thus the passing of the prohibition act is, perhaps, the greatest triumph to which the country has ever risen. Wars may be victorious over your neighbor; prohibition was a victory over itself.—International Interpreter.

**FORTY-NINE YEARS OF MISSIONARY WORK**

This being the Jubilee year of Canadian Baptist Foreign Mission work the report presented at the Convention here last week summed up the work of the forty-nine years as follows:  
 On March 12th, 1923, forty-nine years had passed since a section of Canadian Baptists began an independent Foreign Mission work at Cocanada, India, and twenty-four years had elapsed since a second Mission was opened in Bolivia. In view of the Jubilee of the India Mission and the Semi-Jubilee of the South American Mission next year, it seems fitting to attempt to sum up some of the things which the Lord has wrought during this period for our encouragement and guidance. As the figures given below are for the year ending March 31, 1923, they cover almost exactly forty-nine years.  
**Baptists in Canada.**—In May, 1875, at Amherst, N. S., with Dr. J. L. Campbell representing Ontario and Quebec at the special Maritime Convention, it was arranged that Maritime Baptists should co-operate with those from Upper Canada in evangelizing the Telugus, though as separate missions. Dr. Fyfe, who visited the Maritime Convention in the succeeding August, places the number of Baptists in Canada at that time at 55,000. To-day they number more than 140,000. And, for the past eleven years, the desire of that long-ago day has been realized in the fact that the two missions have been functioning unitedly under one Board and in the same fields.  
**Missionaries.**—Then there were four missionaries in India from Ontario and Quebec. These were joined a little later by eight from the Maritime Provinces. To-day there are 96 on the India staff and 18 on the Bolivia staff, or 114 in all, 34 of whom are men, 31 wives of missionaries, and 48 single ladies. During the 49 years 180 missionaries in all have served for longer or shorter periods on the foreign field. Of the 66 not on the staff, 30 have passed to the Eternal Service, while the others did not continue in the missionary ministry on account of illness or from other sufficient reasons.  
**Native Colleagues.**—At the end of 1874, Dr. McLau reported 4 preachers

**MAGIC BAKING POWDER**

Magic Baking Powder is scientifically made and has never failed to give the maximum leavening efficiency. Because of this and the uniformly satisfactory results obtained by its use we recommend it as Canada's perfect baking powder.

and 3 teachers, or 7 Indian colleagues. On March 31st last, there were in India and Bolivia 1,026, as follows: 9 ordained and 63 unordained pastors, 110 unordained preachers and evangelists, 19 colporteurs, 119 Biblewomen, 357 men and 176 women school teachers, 72 medical assistants and 101 unconverted school teachers. Truly, the 7 has become a great host.  
**Native Christians.**—Forty-nine years ago, in four or five villages, there was a total of 87 Christians who had been baptized by Gabriel, the Indian preacher from whom Dr. McLaurin took over the Mission. Last March there were in India and Bolivia 656 villages in which Christians lived, with a total membership of 16,001, or nearly a twenty-fold increase, apart from those who have died during these long years.  
**High Schools.**—In that day, nearly half a century ago, our pioneer missionary faced the future without a single school. To-day there are two great High Schools in which some 1,300 students are being trained under distinctly Christian influences, while there is a third school in which Anglo-Indian, or Eurasian, children are being given an education.  
**Boarding Schools.**—Last March there were in our Boarding Schools 561 boys and 394 girls, or 956 picked boys and girls under intensive training.  
**Village Schools.**—Last March there were 416 schools in the villages, with 2,961 Christian boys and 1,781 Christian girls, and 6,138 non-Christian boys and 3,040 non-Christian girls, or 14,915 in all in attendance.  
**Sunday Schools.**—Last March there were 650 Sunday and evangelistic schools, with 798 teachers, and an average attendance of 15,582 pupils, who are regularly taught Christian hymns, Bible verses and the Christian Story. Seventy-seven of these children were baptized during the year.  
**Medical Progress.**—Although it was about twenty years after the Mission began before Dr. Smith was sent to India as the Board's pioneer medical missionary, there are to-day 8 hospitals and 11 dispensaries, with 8 missionary doctors and 5 missionary nurses and 7 sub-assistant surgeons, or four years' course Indian practitioners. There were in all last year 84,088 treatments in these hospitals—a vast effort of Christian sympathy and healing.  
**Leprosy Homes.**—In two Leprosy Homes 197 unfortunates are cared for, with two of the Board's lady missionaries in charge.  
**An Industrial School.**—The small school which, for 26 years, has been training poor boys in India in carpentry and

other pursuits, has recently been enlarged at an expenditure of \$10,000, with a specially trained missionary-manager in the person of Rev. H. D. Smith in charge. In the boarding schools, weaving, basket-making and other useful arts are being taught, thus showing that the missionary outlook has widened during these years to care for the material as well as the spiritual needs of the people.  
**Women's Work.**—Forty-nine years ago there had not yet been sent out to the Canadian Telugu Mission any of that host of devoted single women whose ministry has so finely supplemented that of the general missionaries. Last year alone the 43 single lady missionaries in India visited no fewer than 5,480 Hindu and Mohammedan homes, 1,956 out-caste homes and 2,963 Christian homes scattered throughout 1,889 villages. All this was accomplished in addition to regular Sunday School, Caste Girls' School and other kinds of work.  
**Churches and Baptisms.**—In 1875, in a year of great blessing, 133 were baptized. Last year 1,447, or an average of 4 each day, were received into the 80 churches on the India field by baptism, while the number of converts in Bolivia has nearly reached the 100 mark.  
**Rate of Progress.**—The increasing momentum in the way of progress as the years pass may be illustrated from the fact that ten years ago the membership in the foreign field was 9,249, as against 16,001 in March last. This easily means, if the Mission is continued that long, over half a million church members by the time another Jubilee comes round.
