LOSSES HEAVY. The German admiralty statement adds that by observation it was established that a large number of British battleships suffered damage from the fire of the German big ships and the attacks of the torpedo boat flotilla.

ONLY TRYING TO STOP SUICIDE OF EUROPE

VISITING MINISTERS WILL PREACH

Sunday in Simcoe and in "Windham Circuit" to be a Great Day.

Simcoe, June 2.—The authorities are on a still hunt for a horse belonging to Mr. Sipes, of Elberton, the official interviewed declining to tell the color of the animal or the date it disappeared. Theft is suspected.

Mrs. J. B. Jackson leaves for Toronto this morning for a holiday season.

The strength of the 133rd is to-day 873.

Several business men about town are forecasting what a mess matters will be in when half of the towns have adopted early rising and the other half pursue the former course. Laborers who have to work till dark, as many farmers do, are not taking kindly to the matter, and it is argued that rise or dine when one may there is no logical justification for setting the clocks wrong. It is assumed that railway time tables will not be re-printed to comply with the change.

Bus men say that there is already a marked dropping off in passenger traffic over the steam roads.

The ladies of the Anglican congregation are serving meals for the convenience of members of the conference.

MR. McCLELLAN SUPPRESSED AT LAYMEN'S CONFERENCE.

Neither Methodist or Layman, So Was Not Allowed to Speak.

THEOLOGICAL UNION ELECTIONS

Band Concert to-night for an Hour in Front of St. James'.

Simcoe, June 1.—Both the Laymen's Conference and the Ministerial sessions were on this morning. Rev. W. B. Smith, B.A., Oakville, Sec. Treas., Rev. H. J. Hartwell, Drayton, and there was a good audience present.

The remainder of the forenoon was chiefly spent in squaring the books as to the status of probationers and the discussion of questions of discipline.

The following officers of the Theological Union were chosen: Pres., Rev. W. B. Smith, B.A., Oakville; Sec. Treas., Rev. H. J. Hartwell, Drayton; Lecturer, H. B. Christie, B.A., Burlington.

Probationers on active service will be considered by a special committee. The general attitude of the Association is towards favorable and liberal treatment.

The attendance by rail is apparently sufficient to guarantee the return fare without extra charge.

The Ministerial Association voluntarily undertook to assume the circuit obligations re superannuation for all non-commissioned preachers in active service.

A male quartette will sing from time to time throughout the Conference. Messrs. A. J. Terryberry, H. A. Avison, J. E. Todd and N. A. Hurlbert are the members and they are daily rehearsing.

Yesterday afternoon and this morning after the draft was made public, there was considerable discussion re gardening, small fruit and vegetables. Evidently there are still some of the brethren who take a leap-year holiday from gardening.

The Laymen's Association concluded work this afternoon. The banquet this evening will finish their deliberations. There were about one hundred and fifty present.

After last night's meeting J. K. McClellan of Victoria, got the chairman's promise for a five-minute hearing this morning and he drove in seven miles arriving at 9.45 with an armful of documents prepared to set the Provincial Government tottering on account of the abominable temperance legislation. It transpired in the meanwhile that this gentleman was not a layman or even a Methodist, so he could not be heard. He got wrathful, but found himself in strong hands and could not speak. Jos. Gibson of Ingersoll endeavored privately to explain matters, but McClellan left, stating that the Jews used Barabbas better.

The addresses of the forenoon dealt with personal, private duty, the Sunday School and the Layman's part therein, and the necessity for something more than attending to the financial end of church work.

During the round table talk, Jos. Gibson said that the public must see to it that good hotels are maintained or a social weakness will grow upon us. They had them in Ingersoll, paying five per cent. dividend.

W. J. Robertson, of St. Catharines urged the necessity for the revival of fellowship and class meetings. The church existed for spiritual uplift, not for a practice of financial far-reaching.

By permission of the O.C. of the 133rd Battalion, Bandmaster Sutton's aggregation will give a band concert in front of St. James to-morrow, Friday evening, from 6.45 to 7.45, after returning from the "At home," to the former students of the High School, now in khaki, which is on from 4 to 6 o'clock.

WILL NOT BE DRY

The Ontario License Board has reversed its decision closing all Barrie bars on the arrival of the troops at the new Borden camp. Instead of having Barrie entirely "dry" after the troops go into quarters the board will cancel all shop licenses and permit the hotels to run their bars until the Ontario Temperance Act comes into force to wipe them out. In this way the board believes that it can accomplish what the military authorities desire—the protection of the troops without unnecessary hardship to the Barrie hotelkeepers and inconvenience to the people of the town. The hotels will be declared out of bounds for the military.

The training of the auxiliary sections is to be carried out under qualified company machine gun officers where such are available, and the battalion machine gun officers will have general supervision of the work.

FULFORD BLOCK IN BROCKVILLE BADLY BURNED

By Special Wire to the Courier.

Brockville, Ont., June 2.—Fire this morning damaged the big block of the Senator Fulford estate and for a time threatened the heart of Brockville's business section, including the post office building and the customs house. The absence of any wind aided the fire department materially, although they had a hard fight to confine the blaze to the block where it started. The entire building was practically gutted and what was not burned suffered from smoke and water.

The store of F. R. Curry, druggist, and the offices of the Dr. Williams' Medicine Company, were completely destroyed. Others to suffer were the music stores of the C. W. Lindsay Agency, the law offices of A. C. Hardy, Hutchinson and Drivener, and J. A. Page, the Brockville Business College, the G. N. W. Telegraph Company, the Grand Truck Railway city office, the Canadian Express Company, and the offices of Brockville Loan and Savings Co. The loss is placed at upwards of \$100,000, well covered by insurance.

The fire is thought to have originated in an elevator shaft at the rear of the drug store from spontaneous combustion.

BRITAIN'S CHIEF OF STAFF ROSE FROM THE RANKS

Once, When a Mere Youth, Held Position of Footman.

SERVED MUCH IN INDIA

The Boer War, War Office and Aldershot Gave Him Experience.

Some time ago an English general found himself at dinner beside a woman for many years famous in London society in the course of conversation he mentioned, quite naturally, that the last time he had seen her he was standing behind her chair in "uniform"—not the King's but a private employer's, and, not of khaki, but of plush. He had been a footman before he became a soldier.

The General was Sir William Robertson, whose name has been so frequently quoted in recent speeches. The story has more meaning than most anecdotes of great men, because it does illustrate the simplicity and unaffected character of this gifted organizer. He does not, like some self-made and self-educated men, weary all and weary with the miracle of his success; he does not, like others, shrink from all recollection of humble beginnings. He simply accepts the fact, as all others, with perfect balance. It is nothing to be ashamed of, but nothing very remarkable after all, that was not Murat a stable lad, Lannes a diver and Ney a peasant?

Balance the balance of energies and not of doubts or hesitations—in fact, the leading characteristic of Sir William Robertson's character. His face bespeaks quiet strength, the massive head set on broad square shoulders, the marked and rather heavy features, the shaggy eyebrows, the penetrating glance tell equally of mental and physical strength. His ordinary expression is one of purposeful gravity, but there is humor and sympathy in his clear eyes when occasion calls, and he knows how to laugh as well as any North-countryman. He belongs in short, to the plain, simple type, strong and kindly, but forceful in word and deed common in North-country Britain.

Although he belongs to the Highland Robertsons, the only mountain clan of Saxon blood, he himself was born fifty-six years ago at Woburn, being the eldest son of Mr. Thomas Robertson. After the start in life to which reference has been made, he enlisted in the Royal Scots Greys, and soon attracted attention by his ability, his extreme thoroughness and his sense of duty. In 1888 he was given a commission in the 3rd Dragoon Guards, and from that time his career has been one of ever-increasing distinction. Yet the man is so modest, so averse from any kind of display, that outside of the army few had heard of him until he became one of the great figures of the war.

Sir William was railway transport officer in the Miranazi and Black Mountains Expeditions on the Northwest frontier of India in 1891, and was immediately after was appointed a staff captain and D. Q. M. G. in the Intelligence Department at army headquarters at Simla. He served as chief of staff with the Chitral Relief Force in 1895, and then nearly lost his life. His party was treacherously attacked, and he was left for dead by his escort. He survived, however, his very serious wounds, and came out with a reputation that ensured his employment as D. A. A. G., for intelligence with army headquarters in South Africa during the Boer War.

Six years at the War Office and six years at Aldershot added to Sir William's reputation as an administrator. His three years as commandant of the Staff College made his name a household word among the corps of officers. He was strict without undue severity, thorough without pedantry. As a lecturer this highly practical soldier, the ideal of a man of action, was a most conspicuous success.

In 1913, Sir William Robertson was appointed to the War Office as Director of Military Training. On the outbreak of war he joined Lord French's staff as Quartermaster-General, and was especially mentioned for his services during the retreat from Mons and the subsequent advance to the Aisne.

TRUSTEE ARMSTRONG TOOK STAND "NO BILINGUALISM" IN ANY SCHOOLS, AT BOARD OF EDUCATION LAST NIGHT

Municipal Railway Will be Approached to Give Special Rates to Children on Street Cars—Public Schools Will Close on June 29th and the Collegiate Institute on June 14th—Dr. Marquis Appointed to the Board in Place of Sapper J. C. Coles—New Schedule of Teachers' Salaries.

Discussion over a projected schedule of salaries for principals and male assistants of the public schools and for all teachers of the Collegiate Institute, occupied the greater part of last evening's session of the Board of Education. Another matter of importance dealt with was the appointment of Dr. Marquis to succeed J. C. Coles on the board. Many other affairs cropped up, in addition to the routine business of the board, one of these being embodied in a recommendation by Dr. Elliott that school children's tickets be issued at a reduced rate by the Municipal Railway. Dr. Elliott was authorized to inquire into this matter, his proposal meeting with more or less favor from all. Mr. H. H. Powell urged French be taught in the public schools, a proposal strongly opposed by Mr. Armstrong, who advocated the "no bilingualism" stand, declaring himself in favor of the total abolition of both German and French from the Collegiate Institute curriculum. No action was taken in the matter however.

STARTED LATE
The regular business of the meeting was not commenced until half past eight, at which time chairman Capt. Andrews called the meeting to order. Those present were Messrs. Andrews, Armstrong, Coulbeck, Lane, Powell, Elliott, Lahey, Gamble, Principal Burt of the Collegiate Institute and Public School Inspector Kilmer.

REPORTS RECEIVED
A few communications were read by Secretary Bunnell and disposed of in prompt manner.

The report of Miss Jean McPherson, nurse, for the months of April and May, was filed, as was also the report of Inspector Kilmer and a communication from the Deputy Minister of Education concerning the examination of pupils of the Mohawk Institute. A communication from the Y.M.C.A. concerning the system of playground supervision, was referred to the management committee, and the resignation of Miss Florence Dunlop was accepted, it being resolved to give her a recommendation as to the satisfactory nature of her work. A communication from the City Clerk concerning the daylight saving measure was filed. On the motion of Messrs. Powell and Elliott, the Secretary, was instructed that all principals, janitors and pupils be notified that the new hours be adopted.

The monthly report for May of Inspector Kilmer showed the attendance at the various public schools throughout the city to have been as follows:—

Schools	Enroll.	Av. At.	P.C.

THE NURSES' STATEMENT.
Miss MacPherson, visiting nurse, reported as follows:—
Eyelids diseased, 10 children; vision defective, 6; throat and nose trouble, 8; neck glands enlarged, 4; choren, 2; eczema, 1; gimpeligo, 5; ring worm, 2; scabies, 1; personal uncleanness and pediculis, 4; visits during the month, 49. Visits made to the homes of the children excluded from school with contagious eruptions and uncleanness. Some have been treated by their family physician; instruction given to mothers how to care for other cases.

PUBLIC SCHOOLS CLOSE JUNE 29TH.

The report of the management committee recommended that the Public Schools close on June 29; that teaching be discontinued in the Collegiate on June 14; that teachers' salary cheques be issued on June 29; that the offer of the Y.M.C.A. concerning the use of the baths by the school children be not accepted at present, lest it interfere with the soldiers who make use of the baths; that the Y.M.C.A.'s proposal of playground supervision be accepted, and that the inspector be appointed to advise with the officials of the Y.M.C.A.; that Ernest Forsyth be appointed to the vacancy formed by the resignation of Mr. Martin at the schedule salary.

B. and G. COMMITTEE REPORT.
The Buildings and Grounds committee in its report recommended that W. Little, janitor of the Collegiate be granted an increase in salary of \$50 from Sept. 1, subject to a new agreement; that the acting janitor of King George school be retained for another month; that the secretary write for new quotations for a fire

escape at Alexandra school; and that a number of articles be purchased. Payment of a number of accounts was advised by the Finance committee, and of others by the Technical Advisory committee. Mr. J. A. Muter was allowed leave of absence for the duration of the war.

On the motion of Mr. Lane, seconded by Mr. Armstrong, Dr. Marquis was appointed to the board in the place of Mr. J. C. Coles, he to take the place of Mr. Coles on the various committees of the board.

A grant of \$50, moved by Mr. Lane, seconded by Mr. Calbeck, was made to the Public school cadets for the purpose of purchasing drums. A motion was also passed recommending that county pupils in attendance at the Collegiate Institute be given the same privileges as city residents in the matter of supplementary reading from the public library.

Miss G. Edna Smith was empowered to issue checks for the Board of Education during the subsequent month when Mr. Bunnell will be absent from the city.

A special report was submitted by the management committee advocating the adoption of the following schedule of salaries:

COLLEGIATE INSTITUTE.
Principal, initial \$2,000 to \$3,200 maximum.
Departments of classics, moderns, mathematics and science heads \$1,600 to \$1,800; assistant specialists \$1,200 to \$1,500.

Department of Art, \$1,100 to \$1,300.
Female junior assistants \$800 to \$1,100.
Male junior assistants, \$1,200 to \$1,500.

Teachers of physical culture to rank as junior assistants.
Household science \$700 to \$900.
Annual increase of \$50 to maximum.

PUBLIC SCHOOLS.
Inspector \$2,000 to \$2,300; annual increase \$50 to maximum.
Principals \$1,600 to \$1,900; annual increase \$100 to \$1,300, then \$50 to maximum.

Male assistants \$700 to \$1,000; initial salary may be increased to \$800 for extra experience. Annual increase \$75 to maximum.

Present principal of Central school to be increased to \$1,300 as of Sept. 1. First annual increase Sept. 1, 1917. All other teachers affected by this schedule now on staff to go to minimum, to receive first annual increase on Jan. 1, 1917, and yearly thereafter.

The entire school board was shocked and grieved to learn that truancy at Alexandra school had been given impetus by Vice-Chairman Armstrong. Mr. Lane explained that Mr. Armstrong visited that school recently, and expressed surprise that there was so little truancy among the pupils. The next day, no less than seven children, two of them girls, were discovered to have "played hooky." A strong vote of censure was merrily passed by the board upon Mr. Armstrong's action.

NO PERSON TO BLAME FOR DEATH OF FRED BARGE

Coroner's Jury Finds That He Was Killed Accidentally by T. H. & B. Train.

FOUR WITNESSES WERE CALLED
Evidence Showed Engineer Sounded Bell and Whistle to Warn Him.

Mr. Fred Barche came to his death by being struck by No. 10 T. H. & B. train on May 27th, about 2.25 in the afternoon, and no blame attaches to any person or persons. Such was the verdict of the jury, empanelled to inquire into the cause of his death, and which met last night in the police court, Dr. Hicks presiding. Four witnesses were called, three trainmen and a soldier, who saw the accident. With the exception of the soldier, all the witnesses testified that the late Mr. Barche was on the track when the train struck him, and while the soldier stated that he was "pretty sure" that Mr. Barche was alongside the track when struck, and not on it, he wouldn't swear to it.

Louis Martin, the baggageman, was the first witness called. He was on duty on the east end of the T. H. & B. bridge, and saw the regular train coming east. About five minutes before that, Mr. Barche had passed him and crossed the bridge, going west. He knew Mr. Barche, the witness stated, and also knew that he was very deaf. Mr. Barche had made it a practice to use the track as a thoroughfare whenever he travelled that way.

Five or seven minutes after Mr. Barche had crossed the bridge, the witness heard the train whistle when it was about, he judged, the Gilkison street crossing. Mr. Martin stated that he did not see the accident, but saw the engine stop, the engineer jump out, and go back. He did not go over the bridge himself. The train was running about four miles an hour, and stopped in its own length. Mr. Barche, concluded the witness, was always very careful and always looked up at frequent intervals to see if the train was coming.

Mr. Hiram Dickout, the engineer, who has had many years experience on the T. H. & B., was the next witness. When the train came around the curve he saw a man walking along the tow-path beside the track. The man would be about 50 feet east of Gilkison street. When the train crossed Gilkison street, he started to use the whistle, by which he meant he blew the whistle several times. The man stepped on the track and the engineer threw the throttle, and applied the brakes. Mr. Barche's head might have been down when he stepped on the track, but the engineer thought

VERITY'S BEAT COCKSHUTT TEAM

Put Over Victory and Tie Their Opponents at Top of League.

In an Eagle Place softball fixture last night the Verity team defeated the Cockshutt team by the score of 17-9, it being the first loss for the Cockshutt team. McGraw, who pitched the first part of the game for Cockshutt's, was hit rather freely and was relieved by Whitaker, who was somewhat of an improvement. The game was featured by home runs by 'Cap' Brown and Davidson of the Cockshutt team. McAuley, who pitched for Verity's, was helped out of some tight holes by brilliant fielding, especially in the outer gardens. The battles were: Cockshutt's, McGraw, Whitaker and Brown; Verity's, McAuley and Bradshaw. Umpires, Cook and Lamb.

Papke Wins, But Doesn't Come Back

New York, June 2.—Billy Papke, conqueror of Stanley Ketchel, and one time holder of the middleweight title, tried to come back at the Clermont rink in Brooklyn last night. Papke's opponent was Irish Jack Smith, who made a poor showing. The bout went ten rounds, and such as it was it went to Papke, but only by the narrowest of margins. The furious aggressiveness which used to characterize the Thunderbolt's deportment in the ring was conspicuously absent. This, coupled with Smith's aversion for making a fight of it, made the contest a dreary affair. The men were hooted and jeered when they left the ring. Papke weighed 165 pounds, and Smith 158.

STRING OF CIPHERS OFF WATER MANNING

Buffalo, N. Y., June 2.—Backed by the splendid pitching of Walter Manning, the Leafs yesterday rose with all their might and handed the champion Bisons a lousy lacing in the first game of the series. The score was 5 to 0. It was the first time this year that the Bisons have been held runless in any game. Manning pitched a brilliant game, the best that has been seen here this season, and he was supported in superb style by his team-mates who played like real champions. The Leafs used their clubs to good advantage, too, busting Lore Bader's delivery for eleven bingles. They bunched their hits in the first and sixth innings, when they did all their scoring.

Oldring Seems to Thrive on New York's Pitching

New York, June 2.—New York lost to Philadelphia yesterday by a score of 5 to 0. Caldwell, the veteran Highlander pitcher, was pounded for fifteen hits for twenty-one bases. Good support kept the Athletics away from the plate for six innings, but they scored heavily in the late innings. Oldring made a triple, a double and two singles. During the five games of the series Oldring made 12 hits in twenty times at bat. The score: Philadelphia . . . 000 002 120 5 15 0

Close Games Divided by Indians and Browns

St. Louis, June 2.—Cleveland divided a double-header with St. Louis here yesterday, winning the first game 3 to 2, and losing the second 6 to 5. Morton pitched for Cleveland in the first and won his own game with a single in the ninth that scored Wambsgass from second. Loudermilk's wildness was mainly responsible for Cleveland's loss of the second game. The scores: R. H. E.

All Pitchers Looked Alike to the Pirates Yesterday

Rudolph and Coombs Fight Great Battle

Brooklyn, June 2.—Boston beat Brooklyn twice yesterday, 6 to 1 and 2 to 1, but the Dodgers retained the lead through New York's defeat at Philadelphia. Errors and passes were responsible for Brooklyn's defeat in the first game. Rudolph and Coombs fought a great pitchers' battle in the second game. Coombs had the Braves shut out up to the ninth. Then Magees double, Smith's triple and Wilhoit's out scored two runs and won the game. Wheat had eight put-outs in left field. Scores:—

Joe Jackson Stars in Sox Defeat of Detroit

Detroit, June 2.—Chicago won the last game of the series from Detroit yesterday 6 to 3. WILSON NOT ACCEPTABLE AS A MEDIATOR

German Thinks He is Too Much in Sympathy With the Allies.

Berlin, May 31.—(via London, June 1)—Prof. Hans Delbrueck, of the University of Berlin, has written an article in regard to American mediation in the war in which he says there is something repellent to Germany in the idea of accepting President Wilson as mediator. It is obvious, he says, that the sympathies of the President are with the Entente powers, which might be regarded as disqualifying him so far as the Central Powers are concerned. He continues: "Moreover President Wilson by using in his speeches expressions which are insulting has created an atmosphere between us which renders a cordial rapprochement no longer possible. Nevertheless Germany need not show herself absolutely inflexible, for Germany's strength lies in the fact that the president already has shown himself so unfriendly that he has left almost nothing undone in that direction."

"What could he do to us if he proposed conditions which we rejected flatly? He might threaten war, but he would never be able to win the support of American public opinion and of congress for war in order to establish the peace of Europe."

Prof. Delbrueck argues the case is quite different with the Entente powers, which are chiefly in the hands of America, and are compelled to accept the conditions which America regards as reasonable.

"America does not even need to go so far as to prohibit the exportation of munitions and to withdraw financial support," he writes, "but needs only to insist on maintenance of the old rules of international law in order to compel England to yield."

RECRUITING IN CANADA FOR MEN FOR BRITISH NAVY

Capt. Rupert Guinness Here From England For That Specific Purpose.

Ottawa, June 2.—Men for the British navy proper are to be sought in Canada. Captain the Hon. Rupert Guinness, member of the British Government, who has been active in connection with naval matters, is here to make arrangements for the recruiting of men for Britain's navy.

Capt. Guinness refused to go into the details of his mission on the plea that he has not yet seen Hon. J. D. Hazen, head of the Canadian Naval Department. The difficulty to be met in England at present is that the army is taking all the men, he said. Men have to be obtained to take the places of those in the ships that are building and to be built, and Canadians are to get an opportunity to help in this regard.

The Captain, when asked what qualifications would be required, intimated that the test would not be severe, and would be passed by the average young man.

POISON GAS BOMB HAS LONG HISTORY

Evidence Showed Such Were Used Over 300 Years Ago.

The Hague, Netherlands, June 2.—(Correspondence of The Associated Press)—The poison gas bomb employed in trench warfare to-day in Europe appears to have a history dating back several centuries.

Attention has just been drawn here to a discovery made during the carrying out of repairs to the naval defences of the port of Flushing, near the southern frontier of Holland, in 1857. Some curious stone jars were found in a cleft of the outer wall of the fort. In form they resemble gun shells and were found to be filled with asphyxiating materials. A chemical investigation showed that the contents included finely ground Spanish pepper and pepper seeds, gunpowder, fine pitch and antimony, these ingredients giving rise, in a state of combustion to an asphyxiating gas.

Moreover, on investigating twenty-five of such jars, though unfilled, were actually found still stored in an old lumber room of the Dutch arsenal at Veere. They must then have been centuries old. The jars agree in form with those described in works on pyrotechnics of 1614 and 1651.

When the enemy in those days stormed the ramparts of a fortress he was pelted with these unpleasant missiles which were used also in close quarter fighting at sea. According to a work dated 1697 they were replaced towards the end of the 17th century by pots, containing such ingredients as pitch, resin, sulphur, brimstone, colophony, coal, horse-hoof fillings and poisons of various kinds.

Ottawa, June 2.—The fuse enquiry will end next week. It ran out of witnesses at an early hour yesterday and adjourned at noon until to-day. Mr. T. A. David Carnegie will probably be recalled to the stand to clear up several points raised by testimony given since his first appearance in the witness box. Crisis Reached in Lockout of Gar-
ment Makers in New
York.

By Special Wire to the Courier.
New York, June 2.—A crisis in the struggle between the garment makers and their employees was precipitated yesterday by the action of the Cloak, Suit and Skirt Manufacturers Protective Association instructing its members to open their shops and give an opportunity for the return of their employees who were locked out on April 29. The manufacturers' busy season begins the first of July, and today's move was taken as a determined effort to get the shops running regularly by the middle of June. The employers gave no intimation of any intention to grant the union's chief demand, which is for a preferential union shop. Union officials adopt a defiant attitude to-day, and sent a swarm of pickets to persuade workers who might be inclined to accept the manufacturers' offer not to return.

Two Points Below Ten
Years' Standard.

By Special Wire to the Courier.
Washington, June 2.—The cotton crop of the United States showed a condition of 77.5 per cent. of a normal on May 25, the department of agriculture announced yesterday in its condition report of the season, awaited with interest by cotton, textile and other interests. That condition compares with 80.0 on May 25 last year and 79.8 the average of the last ten years on May 25. Until the government's official report estimating the area planted to cotton this year is issued on July 1, no calculation will be made by the department's experts as to the probable size of the crop.

Troops fired on citizens who tried to prevent Garcia landing from the steamer Merida, which had taken him to Maracaibo. The action of the troops quelled the disturbance. Many persons were taken prisoner, including Senor Aranguren, whose popularity led to the outbreak against his successor.

The Trouble Due to Nerves Starved for Lack of Good Blood.

An eminent medical writer has said that "neuralgia is the cry of starved nerves for better blood." The one great symptom of this trouble is pain, fierce, stabbing pain, that almost drives the sufferer frantic. The one cause is poor blood; the only cure is to enrich the blood. Heat applied to the inflamed nerves will give relief, but does not cure. Dr. Williams' Pink Pills furnish the blood all the needed elements, and the blood conveys them to the nerves. The only way of getting food for medicine to the nerves is through the blood, and the only way to enrich the blood is through a fair use of Dr. Williams' Pink Pills. In this way neuralgia, sciatica, and other nerve disorders are promptly cured, and the whole system benefited and strengthened. Mrs. M. Gleason, R.R. No. 1, Uxbridge, Ont. who was a great sufferer from neuralgia says: "I suffered intensely from neuralgia for four years. My blood was thin and I was completely run down. I suffered intense pain all the time. At different times I consulted three doctors, but their treatment did no more than give me temporary relief. Then I tried different medicines, but the result was the same—they seemed no good in my case. I was growing steadily worse, and finally reached a life of pain. Then one of Dr. Williams' almanacs came to our house and I read of similar cases cured through the use of Pink Pills. I got three boxes and before I was cured the pain began to decrease, and I began to have a better appetite. By the time I had taken six boxes I was again a well woman, and my neighbors could hardly realize that such a change could be made in so short a time. Later I was bothered with eczema and Dr. Williams' Pink Pills cured me. I have found these Pills worth their weight in gold and I cheerfully recommend them to all who are ailing."

**Do Not Want

Newspapers in Germany Protest Against Postal and Telegraph Taxes.

By Special Wire to the Courier.
Berlin, June 1.—The proposal by the government to increase postal and telegraphic rates in order to add to its revenue has met with opposition from papers that believe the public will be fewer letters, and also from publications which maintain that higher telegraph tolls will put Germany at an increased disadvantage in its efforts to place its case before the neutral world. Telegraph rates, insofar as they concern the newspapers, should be reduced rather than raised, it is contended. The papers seem to be unanimous in a belief that Germany in the past has neglected rather than recognized the value of facilitating its means of getting German news to the rest of the world, and of receiving the news of the rest of the world.

Paris, June 2.—The record for citations for gallant conduct at the front in the French army was held until recently by Adjutant Grober of Alsatian origin, who had been mentioned in the orders of the regiment and the army 27 times before he died of his wounds at Belfort. The living record man for citation is now Adje Chavel, of the regiment to which Grober also belonged. Chavel has been mentioned 21 times and his war cross is attached to a ribbon nearly a foot long to accommodate all the laurels and stars that his citations entitle him to wear.

**Bible University
Fulfills Condition**

Has Raised \$200,000, and Will Therefore Receive \$50,000 From J. J. Hill Estate.

By Special Wire to the Courier.
Eugene, Ore., June 1.—The conditions imposed on the Eugene Bible University by the late James J. Hill, pioneer railroad builder, that in order to enjoy a gift of \$50,000, an additional \$200,000 would have to be raised by May 31, have been fulfilled and members of Mr. Hill's family were informed today by President E. C. Sanderson of the University. Mr. Hill made the offer March 31, 1914 and placed a time limit of two years upon the gift. Two months ago he granted the university an additional 60 days in which to fulfill the conditions.

The will of Dr. J. William White, of Philadelphia, was admitted to probate yesterday. It is believed the value of the estate will reach \$1,000,000. His wife is the beneficiary.

PAYS**

The waste paper basket in some offices is emptied once a day, sometimes twice a day. Besides scraps of paper and envelopes it usually contains many circulars addressed to the man who seldom opens them. Thousands of dollars are wasted by circular publicity. There is no surer method of reaching the people you want than through the CLASSIFIED COLUMNS OF THE COURIER. There is no waste publicity in CLASSIFIED ADVERTISING. You can reach a greater number of possible buyers at a cost far below that of sending circulars, and the only time needed is to write your copy. Eliminate office basket waste and turn your money into CLASSIFIED ADVERTISING.

Music and Drama

AT THE GRAND
"Robin Hood," the best comic opera America has produced, will be sung at the Grand Opera House next Tuesday, June 6th.
The story of this popular and artistic success is based upon the old English tale of Robin Hood and his band of outlaws, a story used by Sir Walter Scott in his famous novel of Ivanhoe. The romance of this picturesque bandit possesses a charm which can never die, and in the opera of "Robin Hood," Reginald de Koven has given the world a musical setting as immortal as the wonderful story itself. The delightful melodies are as appealing to the ear as the story is to the heart, and the opportunity to hear this beautiful music again is distinctly a privilege.

It is a pleasure to announce that this masterpiece, which demands the finest vocalists, will be sung in the coming production by artists of the first class. Foremost among them is Ivy Scott, a dramatic soprano from the "Madame Butterfly" and "Girl of the Golden West" companies of Henry W. Savage. Miss Scott will sing the role of Maid Marian, and her art in using her lovely voice has never before been equaled in this part. The title role will be sung by Ralph Brainerd, whose splendid tenor voice will be a revelation. Friar Tuck will be played by William Schuster. His unctuous performance of the character of Friar Tuck will be the Alan-Dale, who sings the always popular "O Promise Me!" Jas. Stevens, a fine baritone, from the Chicago Grand Opera, will be the Little John, and Herbert Waterous as Will Scarlet, will sing the famous "Armourers' Song." The chorus is especially fine vocally and a notable feature of this company is the augmented orchestra.

The de Koven Opera Company, which is under the direction of Fred E. Walker, is elaborately staged and costumed, and in detail is the same as that given at the New Amsterdam Theatre, New York, during the long run in that city last season. The performance here is sure to be a social and musical event.

LOST HIS CASE
Action Against Galt Malleable Iron Co. is Dismissed.

By Special Wire to the Courier.
Montreal, June 2—Edouard Lapointe has failed in the action he took against the Galt Malleable Iron Company Limited, Galt, Ontario, claiming \$3,866 from them for loss he alleged he had sustained through the cancellation of a government contract for the making of 99,000 malleable iron stumps to be fitted in to padlocks of the mail bags of the post office department.

Mr. Justice Greenfield has given judgment in the Superior Court dismissing the plaintiff's action. Lapointe is a contractor of Quebec.

OLD WORLD NOTES
The latest statistics from the hospitals near the front show that the death-rate from wounds is now only one-third as great as it was twelve months ago.

A window cleaner in London told a magistrate recently that he could easily save £3 to (\$7) a week and in fine weather more than this.

Ten million newspapers, a very large number of gramophones and 14,000 gramophone records have been sent to the front by newspaper publishers, through the Fleet Committee of the London Chamber of Commerce.

The suicide of a 16-year-old girl who was found drowned in the Thames, off Rotherhithe, was said at the inquest to have been caused by her mother on the previous day for not sewing buttons on her clothes.

The issue of silver coin in the United Kingdom in 1914 was, according to Messrs. S. Montague & Co.'s figures, 10,000,000, which is more than six and a half times the average of the previous ten years.

Finding a hand bomb in a dustbin, a Clacton dustman named Bruce began to remove its brass, thinking it harmless. Besides other injuries, he lost an eye, his left hand and three fingers in its explosion.

A mischievous boy in the absence of the driver, started a motor lorry, which milled the pavement in Spitalfields, killed a blind man, who was sitting at his door and injured five other persons.

LT. COL. J. CRAIG LOSES COMMAND

Major Kelly Evans in Temporary Charge of the 153rd.

Guelph, June 2—A decided sensation was sprung here to-day when it became known that when the 153rd Wellington Battalion left early this morning for London, Lieut.-Col. J. J. Craig was no longer its commanding officer. It developed that late Monday night last he received a message from Col. L. A. Shannon, officer in command of the first division, relieving him of his command, and placing Major Kelly Evans, second in command, temporarily in command of the battalion with a probability of his being promoted to lieutenant-colonel of the regiment.

While the removal of Col. Craig, which was made on evidence to Major-General Sam Hughes, came as a surprise to the majority of citizens here, there were others in close touch with the situation who knew that action had been taken to cause his removal. Some time ago a number of serious charges against Col. Craig were made at division headquarters at London, and an officer was detailed to make a quiet investigation and he came to Guelph for two or three days and interviewed many people. Following his report to London a visit was paid to this city by Col. Shannon and Col. H. D. Smith, G. S. O., when several officers and civilians were closely questioned and their evidence taken. Before these officers went away from Guelph it is understood that Colonel Shannon asked Col. Craig for his resignation, but the latter absolutely refused to tender it and demanded a public investigation. Nothing more was heard about the matter until Col. Craig received word of his removal from his command. He accompanied the battalion to London this morning, but only because he wanted to see the officer commanding the division regarding the matter.

In a conversation over the telephone yesterday Col. Craig laid all the blame for his removal to the people of Guelph, whom he declared had not treated him fairly since he had been appointed, his claim being that the battalion had denied absolutely that his conduct had been improper, or that he had acted in an insubordinate manner toward Colonel Shannon. He made it very clear that the matter was not closed and signified his intention of going to Ottawa to see Major-General Hughes.

Col. Craig has been an officer of the Canadian Militia for a great many years; prior to the war was in command of the 90th Wellington Rifles. He has a son at the front. He is also public school inspector for South Wellington, and some years ago represented the north riding of Wellington in the Ontario Legislature.
