

GREATER HAMILTON'S MOST RELIABLE NEWSPAPER

MAJOR DREYFUS SHOT IN THE HAND.

Scene Over Zola's Body In Pantheon.

French Officer Attacks Dreyfus

And Is Beaten by Angry Mob.

Paris, June 4.—At the conclusion of the ceremony this morning in connection with the placing of the body of M. Emile Zola in the Pantheon, and while the procession was emerging from the portico to witness the defile of the troops, a member of the staff of the France Militaire, who gave his name as Gregori, fired two shots point blank at Major Alfred Dreyfus. The latter, however, was only struck once, in the hand. His assailant was arrested.

Dreyfus' injury is only a slight one. The attempt on the life of Major Dreyfus was made at the foot of the cataphage, directly in front of the tribune, from which M. Doumergue, the Minister of Public Instruction, delivered an eulogy on M. Zola's matchless courage in arousing the conscience of the nation to the necessity of doing justice to Dreyfus.

As the last refrain of the magnificent orchestra, which was playing the "Chant du Depart," was floating away through the marble columns of the classic temple, and as President Fallieres and the members of the Presidential party, after shaking hands with Madame Zola and her two natural children, now legitimized, was moving out towards the portico to review the garrison of Paris, two sharp reports startled the vast assembly. For the instant everyone believed that President Fallieres had been shot.

A scene of indescribable confusion followed, and many women present shrieked and fainted.

The crowd then began to surge forward, but it quickly broke and scattered, when the members of the guard, who lined the thoroughfare, rushed to the spot where the attempt had occurred. The assailant of the major was struck down. A fierce knot of soldiers and civilians were struggling over Major Dreyfus and his fallen aggressor, when the correspondent of the Associated Press, who was witnessing the ceremony from the balustrade occupied by the Court of Cassation, reached the spot. Major Dreyfus, with hawk-like features, pale as death, but manifesting complete composure, was holding in his hand, from which the blood was streaming, while the soldiers could with difficulty prevent the crowd from beating and kicking the man on the floor.

Upon the sharp command of the prefect of police, Lepine, who was immediately on the scene, the assailant of Dreyfus was dragged to his feet. He presented a pitiable spectacle. From the blood-smeared face his wild eyes looked around appealingly, as if for sympathy.

ELECTION NEWS.

Mitchell and Sutherland Hopeful—Brotherhood Visit.

St. Catharines, June 4.—General Secretary Thomas, of the Brotherhood of St. Andrew for Eastern Canada, visited the city last evening and delivered an address in St. Thomas' Church to a large gathering of Brotherhood men, on "Concentrated Brotherhood—Work and the Practical Brotherhood of Man." His visit was largely to make preliminary arrangements for the local representation to be held in Hamilton in October.

The Merrittville Village Council last evening gave a by-law two readings to take over the electric street lighting system as a municipal enterprise.

William Mitchell, Liberal candidate for the Legislature, spoke at the Conservative stronghold of Merrittville last evening, and made a splendid impression at a public meeting in his interest. Judging from reports received from other parts of the county, Lincoln will be restored to the Liberal column on Monday next.

Geo. W. Sutherland, Liberal candidate in Welland, held a splendid meeting in Thorold last evening. Nothing was said by him or any of the speakers who were with him regarding the nomination situation, and it is said that Mr. Sutherland is averse to taking the seal on a technicality. His election is practically conceded, even by some of the prominent Conservatives in the constituency.

A WELCOMED FAVOR.

The Times office was favored yesterday with a very handsome bouquet of white lilies and standard honeysuckle from the garden of Mr. Wm. McCay, mountain top.

B. B. B. Briar Pipes.

This name denotes the finest quality of material and workmanship. They are made in England of the best briar, with hand cut vulcanite mouthpieces, and sold in this city at peace's pipe store, 107 King street east.

DO NOT WANT AN EXTENSION.

DELAWARE AVENUE PEOPLE OPPOSED TO CAR TRACK.

Meeting of the Finance Committee This Evening—Monthly Statement of Finances.

It looks as if the Delaware avenue people have won out in their fight to keep the street railway tracks off that avenue. Chairman Sweeney went down to look the ground over last night, and found the opposition so strong that he intimated to-day he would advise the committee, to run the cars down Wentworth street from Stinson to King street instead. The residents of Delaware avenue have a largely signed petition to fire at the Board of Works when it meets again. The chairman says that the afternoon have no desire to force the street railway tracks on any street where they are not wanted, but he declares that people on most of the streets where the proposed extensions are to be made are very anxious to have them.

The Finance Committee to-night will open tenders for the sale of \$100,000 school debentures, recently sanctioned by the Council. John Billings, whose term on the Hospital Board has expired, will be reappointed. Other matters to be considered include the following: British universities' Canadian visit, 1908; Ontario Railway and Municipal Board, proposed regulation prohibiting passengers riding on front of open motor cars, and re Ontario Municipalities Securities Act of 1908; Ontario Municipal Association, for the removal of consumptives, appointment of delegates; Grand Trunk Railway, accommodation over Wellington, Grey & Bruce branch.

City Engineer Barrow resents the criticism levelled at him over the Jolley Cut. Like the sandusker, he says he has washed his hands of it, after urging on the proper authorities several times the necessity of proceeding at once with the work.

Building permits were issued to-day to James Armstrong, for a brick house on Burris street, between Main and Delaware avenue, to cost \$2,500, and to the Canada Screw Company, for a frame scale house on Wellington street, to cost \$200.

The City Treasurer's statement showing the expenditure from January 1st to June 4th is as follows:

Table with columns: Account, Appropriation, Expended. Rows include Administration of Criminal Justice, Board of Works, Street Lighting, Board of Health, Cemetery, City Hall, Charity, Fire Department, Hospital, Harbor, Interest, bank, Markets, Miscellaneous, Police Department, Printing and advertising, General salaries, Sewerage, Sewerage disposal, Waterworks construction, Waterworks expense, Night salaries, Damage claims.

City officials say the reason the east end mountain steps have not been fixed up before this is because the clay covering on the mountain side appears to keep constantly shifting, the result of the heavy rains this spring, and it is impossible to make a permanent job of it until the clay settles.

A number of cars in the Grand Trunk Stuart street yards were broken into last night and a quantity of provisions, etc., were stolen. The company's men are checking over the records to ascertain how much stuff has been taken.

ATTACHED THE BABY

Funny Incident in Connection With the Circus.

A rather funny incident happened yesterday afternoon, when James Huie, an ex-slave, and also the chef of the Cole Brothers' circus, walked into the office of Bruce, Bruce & Counsell and asked Mr. Counsell to issue a writ of attachment on the "baby elephant" for the sum of \$32, which he claimed was the amount of wages due him for work he had done in the kitchen. John Hunt, the bailiff, received the necessary papers from Mr. Counsell about 1.30, and Mr. Hunt made his way to the circus grounds. It is not known what success he had, but it is suspected that Mr. Huie, ex-slave and chef, got the money that was coming to him, as the baby elephant was not seen around town.

Ever Taste Real Fresh Fish?

Not the kind that has been around the store for several days. Every Friday we receive direct shipments, by express, of all kinds of fresh fish. For tomorrow we will have Quebec sea salmon, halibut, cod, haddock, perch, whitefish, trout, lobsters and fresh mackerel. Would be pleased to receive your esteemed order. TROUBLE IN THE COUNCIL.

Reeve Guest of Ancaster Threatens to Resign

Over the Expenditure of Road Construction Money.

Committee to Arrange For Keep of Poor.

The store of accumulated energy that the county councillors have been hoarding up partially expended itself this morning, when Councillor Guest, after a somewhat dramatic speech, announced his intention of resigning his seat in the council if the council could not see its way clear to adopt some suggestions of his in regard to the spending of appropriations on the county roads. The council did not adopt his suggestions, and after the council had adjourned he asked the Warden what was the procedure in resigning, and the Warden told him to consult his solicitor.

The trouble arose over a motion introduced by Warden Emery, seconded by Councillor Miller, that the committee rise and report no action taken over the change in the by-law governing Road Superintendent Taylor in the expenditure of the road appropriations.

Councillor Binkley said that while he did not want to appear as knocking the superintendent, he thought that \$20,000 was too big a sum of money to be held by one man for distribution. Several of the members coincided with that gentleman's views, and after some of them had spoken Councillor Guest again got up to speak. Councillor Gage interrupted him by saying "I want to have the right to appoint men on our division of the Ancaster road, for the purpose of getting votes."

"I don't want anything of the kind," replied Councillor Guest, "but I want to tell you councillors right here, that if there is no change made in that by-law, giving the chief superintendent the right to say how the money shall be apportioned on the different roads in the county, I will hand in my resignation as a member of the county, and also as the Reeve of the Township of Ancaster. I think the Road Commissioners should have some say as to how the money should be spent."

The Warden's motion carried with the opposition of but four of the councillors. Councillor Guest then moved in amendment that the matter be taken up with a view to changing the clause in the estimates for militia training to go through without further obstruction, the department will be enabled to get funds to continue arrangements for holding camps. New orders will be issued shortly definitely fixing dates for all camps east of Winnipeg.

MILITIA CAMPS.

Tories Allow Estimates For Militia Training to Pass.

Twelve Thousand Troops Will Go to Quebec.

(Special Despatch to the Times.) Ottawa, June 4.—The militia training camps will be held this year as usual, although the dates named in the original orders may have to be postponed in some cases. The Opposition having consented to allow the estimates for militia training to go through without further obstruction, the department will be enabled to get funds to continue arrangements for holding camps. New orders will be issued shortly definitely fixing dates for all camps east of Winnipeg. The arrangements for camps in western Provinces have already been completed. The department is also arranging for the mobilization of about 12,000 troops at Quebec during the last week of July. The troops will be representatives of both permanent and militia corps throughout the Dominion, from Halifax to Victoria. The department is working in conjunction with the Tercentenary committee in making arrangements. The selection of troops will be under general supervision of headquarters' staff, but in each military district commanding officers will be asked to select troops to represent his district.

STEEL CHEAPER.

Mills Reduce Price of Bars and Other Reductions Expected.

Pittsburg, June 4.—Following closely the action of the steel bar mills in reducing prices of steel bars, a ton, local makers of iron bars, including the Republic Iron & Steel Co., Lockhart Iron & Steel Co., Burns-Miller Co. and other mills have reduced prices of iron bars for Hillsburg, West Virginia, northern and eastern Ohio and western New York, to the basis of 1.40, Pittsburg, plus the freight.

Now that a start has been made in reducing prices on finished iron and steel, it is generally conceded that structural material, plates, black and galvanized sheets, and possibly tin plate will be reduced in price between now and July last.

Notice to the Traveling Public.

Steamer Turbinia will not make her 9.15 a. m. trip out of Hamilton on Monday, 8th inst., owing to crew orders on stalling electric light machinery and dynamo, but will resume her trips on Tuesday, 9th inst., leaving Hamilton 9.15 a. m., returning leave Toronto 5.30 p. m.

Fralick & Co. Have Just Placed

In stock some of the noblest young men's suits seen this season, and for value they would be sold in most stores at \$25. For quick sale we've priced them at \$16. Take our word, these are great suits. We'll be pleased to have you see these nice suits.—Fralick & Co., 13 and 15 James north.

THE MAN IN OVERALLS

How long are those Wentworth steps to remain in their present disgraceful and useless condition? It's a shame that people who pay city taxes should be so put upon by the Board of Works.

Ham. Regan still sticks to the three-fifths clause. That's where he gets off at.

Beck says the power question is not a political one.

Underneath, Studholme is just as Tory as any of them. He has little use for the Grits.

Vote for McClemtout and a Minister of Labor.

Scott seems to be out of the running altogether.

MacKay says the Liberals will capture fifty per cent. of the seats. Don't leave our men behind.

Hendrie needn't depend on his money bags to see him through this time.

Mayor Stewart is going to get a dressing down at the next Council meeting for that nomination speech of his. Watch how he will wriggle out of it.

Yes, sir. Scott spoke of the church people with contempt.

Wardrobe and McClemtout need rigs on Monday. Bring yours.

Find out where you vote before Monday.

Liberals, vote Liberal, and get rid of Whitney. It's the only way.

I hope my North Wentworth friends will see that Friend Thompson is put right at the top.

It does look blue for Hendrie. He should have run in Toronto.

Now get busy.

Liberal workington do not need to be told that they will never get rid of the Whitney Government by electing Studholme.

It is Whitney and the Manufacturers' Association that are flooding Ontario with mechanics.

Almost all the Liberals who voted for Studholme at the by-election are voting for McClemtout this time.

Hendrie stock is away below par just now. Wardrobe is on top.

There were too many "hirelings" at the Scott meeting.

If you have got a rig to spare for Monday, let Wardrobe or McClemtout have it.

There will be a sharp lookout for the fellows with the long green.

Liberal workington are warned that beneath Studholme's Laborism is pure Toryism. He is no friend of the Grits. That's one thing sure.

Whitney has done nothing for Labor so far. The statute books are full of Labor laws put there by the Liberals.

Put in a little time this week if you can help our candidates.

Whitney's power scheme is searing capital away from the Province and making times hard. See John Patterson's trouble in getting money in the old country.

The church people have not yet forgotten Scott's insults to them.

Time for talk is about over. It's the man who does things that will help to elect Wardrobe and McClemtout.

Dan Reed relies upon his friends and supporters to put him ahead on Monday night.

Hon. Adam Beck, in slipping over to laud Whitney, aptly expressed public opinion when he said: "We all appreciate the monstrous work he has done during the last three years." Adam is a jolly blunderer, but even he sometimes blunders into the truth.

If Adam Beck made at London the statements credited to him by the Tory organs, he has not yet abandoned a habit of rashness of assertion that has, even in this power matter, brought him great discredit, and forced him to withdraw more than one of his allegations.

TWO DROWNED.

Montana Railroads Washed Out--Battle in Darkness.

Butte, Mont., June 3.—Train service in Montana is in a state of demoralization on account of the floods. The Northern Pacific and the Chicago, Milwaukee & St. Paul west from Deer Lodge are under water or washed out. The Missouri River rose steadily last night as the result of heavy rains yesterday. Butte last night was in darkness as the result of the bursting of White's dam below the city, flooding the power plant. Two lives were lost in Northern Montana yesterday, a rancher and his wife drowning in the high water in a coulee.

PAID THE FINE.

Chatham, Ont., June 4.—Gaspede Favata, fruit merchant, proved a unique benefactor, when in order to prevent Henry Fulkes, whom he unmercifully mauled in front of his fruit emporium last Saturday evening, from spending 12 days in jail, he good naturedly paid the man's fine. Both men were fined for creating a disturbance on the street, but Fulkes was broke. Fulkes has a family and this fact appealed to the Italian's amoshy.

DIRTY TACTICS OF THE TORIES

Trying to Hire Liberals to Work in Hamilton.

Two More Meetings In McClemtout Campaign.

Good Thompson Meeting In Dundas Last Evening.

The dirty tactics being pursued by Hamilton Tories are shown up in the following announcement made in bold type in the Dundas Banner to-day: Hamilton Tories are going through North Wentworth hiring teams and drivers from Liberals, requiring them to go to Hamilton Sunday night and stay all day Monday. The object is to keep some of Mr. Thompson's supporters from voting. All true supporters will not thus be bought off.

W. H. Wardrobe's workers and supporters in West Hamilton are delighted because of last night's Hendrie "mass" meeting. The mass consisted of enough people to fill five rows of seats in Association Hall from side to side and leave all the rest of the main floor and gallery unoccupied. Had the meeting been held in the open air the frost would have injured the fruit crop, sure. Mr. Wardrobe's clean campaign is winning the admiration of all clean people.

Mr. W. M. McClemtout announces two more meetings to be held in his campaign close. To-morrow he will speak at the west end of the T. H. & B. freight sheds, corner of Ferguson avenue and Forest avenue, and to-morrow night he will have a tent meeting on Barton street, east of Wentworth. The commodious tent will seat a good crowd. At both of these meetings Mr. McClemtout will give an illustrated talk on the three-year-hour prison-made goods contract.

W. H. Wardrobe, K. C., will give another of his splendid election talks to-morrow night. He will address No. 3 Ward street, opposite 224 Locke street south. Go and hear him.

Cobalt stocks, reported by A. E. Carpenter, 102 King street east.

Mr. Thompson's Meeting.

Dundas, June 4.—A meeting was held in the Town Hall in the interest of Mr. R. A. Thompson, Liberal candidate, last evening, and those present were privileged to hear the questions of the day discussed calmly, fairly and convincingly. R. J. Burke occupied the chair. Pailings' orchestra furnished the music, and the speakers were J. M. Langstaff, of (Continued on page 4.)

KILLING TIME.

Tories Continue Their Obstruction at Ottawa.

Dr. Reid's Denial—As to Militia Camps.

Ottawa, Ont., June 4.—In the Commons this morning Dr. Reid, the Conservative member for Grenville, denied that his yacht was repaired at the Government yard in Prescott and that he had not paid for it. This was stated by a witness in the Public Accounts Committee yesterday.

Mr. Borden stated that information had come to him that Intercolonial officials in Temescouqua county, Quebec, were being coerced into voting for the Liberal candidate in the Provincial election.

Mr. Graham said he had heard nothing of it, but would have the matter looked into.

Mr. McCarthy wanted the Government to give Calgary 60 acres of town site. Mr. Oliver said that when the Calgary City Council asked for this their application would be considered.

Sir Frederick Borden, in reply to a question by the leader of the Opposition as to whether the militia camps would be held in June, said two had been postponed at the request of the local militia. That at Kingston had been postponed because the water supply at present was doubtful, and that at Portage La Prairie because the camp grounds were under water. These two, he thought, were the only changes. Later in day he hoped to make a definite statement. He hoped to be able to make a definite statement on Monday as to arrangements being made by General Otter to secure attendance at Quebec Tercentenary of a considerable number of troops.

Dr. Daniel, of St. John, then put himself in the way of the House getting into committee of supply by making a speech on representation from the Maritime Provinces, protesting against the enlargement of Quebec and the enlargement of the unit of representation.

MORE ART SCHOOL PRIZES.

On account of the exceptionally good work done in several of the classes of the Hamilton Art School, for which prizes had not already been arranged, Mr. Norman Ellis, Mr. W. D. Long and the Sanford Manufacturing Co. have given the following prizes: The Ellis prize, solid silver bonbon dish, given for best water color painting, Miss Enid Hendrie. The Long prize, of \$10, given for the best architectural drawing, Harold Beckett. The Sanford prize, silver fern dish, for best arts and crafts, Jessie B. Dixon.

LAYMEN CONDEMN THE THREE-FIFTHS.

CHANGES IN THE POLICE FORCE.

TALK OF PROMOTIONS AND NEW APPOINTMENTS.

Chief Says They Will Not Be Made Until New Station is Erected and Force Divided.

Rumors of great changes in the police force are rife, but Chief Smith will neither deny nor confirm them. The answer he makes to all enquiries is that if there are changes they will not be made until the new station is erected and the force divided. Constable Arthur Robson is slated for a detective's job, and Constable Harry Tuck will get a sergeant's stripes, so the rumors go. There will be no sergeant-major of the force, but another Inspector will be appointed to look after the western division, while Inspector McClemtout will have charge of the east, and Chief Smith will have the central division. In the event of another Inspector being appointed, another vacancy will be left on the detective force, and this will go to Robson. The force will need two new sergeants, one, at any rate, when the division is made, and Constables Campbell and Tuck are the men mentioned. The new Inspectorship will most likely be a three-cornered contest between Detectives Coulter, Campbell and Bleakley, and the one to get the recommendation of Chief Smith will be the one to get the job. Chief Smith also expects some new men at the beginning of the year.

SEVERELY CRUSHED.

James Forman Injured While at His Work.

James Forman, 329 Cannon street east, was the victim of a serious accident yesterday afternoon while at work at the Pringle Flour Mills, where he is employed. He was standing beside the stables while a load of hay was being driven past and was caught between the wall and the load. He was badly crushed and was rendered unconscious. The rack caught him on the abdomen, and he was internally injured. Roy Stewart was on duty at the hospital where medical attention was given him, and while he is in a serious condition, it was stated this morning that he would likely recover.

TRUANCY CASES.

Several of Them in Police Court This Morning.

Police Court was small this morning, and Magistrate Jelfs waded through the several cases in good time. Michael Baxter, found guilty of stealing a coat from the hallway of Mrs. McElroy's house, Victoria avenue, a week ago, was up for sentence, but Chief Smith got a further remand to find out some more about the prisoner. Roy Stewart was up for neglecting to send his boy to school. He said the boy played truant, and the case was enlarged till to-morrow, when the lad will be brought up and likely sent to Mimico. Mrs. Giron, 65 Margaret street, up on a similar charge, said her son was working, and was paying money to her for his board. She was told to send him to school, or the police would. Mrs. Hyslop, 50 Strachan street, said the reason her son did not attend school was that he had no shoes, and the other boys laughed at him. She was given one more chance to send him, even if he goes in bare feet.

STOLE HIS FLOWERS.

Geo. Mumford's Rockery Depleted This Morning.

George Mumford, 14 Cannon street east, was the victim of a mean sneak thief this morning. Mr. Mumford has a nice rockery in front of his place, which is the admiration of all passers by. He left the house this morning with a look at the flower garden, and went away and did some work. At 5.30 a. m., two hours and a quarter later, he returned for breakfast, and lo! no beautiful flowers shone from the rockery, and holes in the earth were all that remained to show flowers had been there. Mr. Mumford tried to trace the thieves by the earth they had dropped, and did so as far as Catharine street, but there the trail ended. The police will be asked to investigate.

FEW TARIFF CHANGES.

Washington, June 4.—The fact that Chairman Payne of the House Committee on Ways and Means, which is to inquire into the subject of tariff revision, does not intend to call his committee together during the recess of Congress is attributed to a desire not to encourage tariff revisionists.

Saturday's Special—From 12 Noon to 8.00 p. m. In Toronto.

Ask Conference to Adjourn Over Monday

To Give Them a Chance to Vote.

Plea For Minimum Salary of \$1,000.

More than 100 lay delegates to the annual conference of the Methodist Church assembled in First Methodist Church last night for the first meeting of the Laymen's Association, and a very interesting session was held, lasting from 8 until 10 o'clock. Mr. E. R. Bollert, of Guelph, president, was in the chair and Mr. Seneca Jones, of this city, vice-president, occupied a seat at his side. Mr. Thomas S. Morris, secretary, was also at his post and assisted in the opening exercises.

An address on the Laymen's Missionary movement by Mr. W. Frank Coote, of this city, was on the programme for the evening, but so much time was taken up with a small matter relative to the status of past presidents that it had to be held over until this morning.

After the opening exercises the ordinary business of the association was taken up. The president, secretary and treasurer were appointed a committee to consider two resolutions and bring in a recommendation re the past presidents, the opinion of the meeting being that they should all be members of the association, even though not delegates to the conference and that the immediate past president only should be a member of the executive. At present all the past presidents are members of the executive.

Mr. Morris presented the financial report, showing the receipts to have been \$49, the expenditure \$58.09. Almost all the expenditure was incurred printing and distributing Prof. Reynolds' address at the last meeting and in printing and sending out circulars to all the circuits in reference to the spiritual work of the association. The association has adopted at last meeting, "A Revival in Every Circuit."

Mr. Joseph Gibson, of Ingersoll, introduced the question of the three-fifths clause in local option by-laws and asked the association to do something to firm its condemnation of that unjust measure. In a five-minute speech he pointed out that Manitoba had declared by majority rule and that in England, under the Asquith bill, the same principle had been adopted, so that the Ontario Government could have no excuse for retaining the clause. It was time for Temperance Grits and Temperance Tories to stand by their principles.

Mr. W. J. Waugh seconded a motion presented by Mr. Gibson and in doing so said he was neither Grit nor Tory, had never contributed to either party.

FLIM-FLAMMERS.

A Bunch of Them Around the Circus Last Night.

Policemen dotted the circus grounds yesterday afternoon and night, watching for the bunco men inseparable from a circus, but the only troupe they had was from some alleged employees of the circus, who were selling tickets outside the big tent. Several men were touched and in such a clever manner that they didn't know it for some time. Several got their money back when they walked up to the manager and made a complaint, and said delinquents were profuse in their apologies for the "mistake" they made. The game was to ask a stranger if he would exchange a \$5 bill for some small change. Inducements in the shape of free passes into the show were offered, and many walked up with their \$5. The ticket man would give \$3 worth of change and take the five and then ask the stranger for another big bill for change, before he would hand over the pass. The stranger would nearly always reply that he had no more bills and would be given his five back, while the circus man would take his change and start on another one. The victim would find after he had wandered around that the bill he got back was only a one, in spite of the fact that the ticket

MARGUERITE'S SECRET

As silent! How dare you humble yourself, to flatter me so unbecomingly! exclaimed Marguerite, flushing with indignation. "As for the magnificent, that can be easily transferred; fine feathers make fine birds, and queenly jewels go very far toward making queenly women." she continued, proceeding to unclasp the pearls from her own neck and arms, and to fasten them upon those of Cornelia.

ceded by the stately minut, and that by the graceful waltz, and the time-honored and social Virginia reel. Then came an interval of repose, preceding the sumptuous supper. Then the outpouring of the whole company into the dining room; and the eating, drinking, toasting and jesting; then they adjourned to the saloon, when again quadrilles, minuets, reels and waltzes alternated with short-lived rest, refreshment, gossip and flirtations, until a late hour, when the discovered disappearance of the bride and her attendants gave the usual warning for the company to break up.

THE ODDFELLOWS

Prevented by Clergy From Going to Church. Lindsay, June 3.—There are a large number of very indignant Canadian Order of Oddfellows at Lindsay and at Fenelon Falls. Last Sunday morning about forty-five of the Fenelon Falls brethren were expected to attend the annual divine service at Lindsay in St. Paul's Church, and for this purpose they had previously chartered one of the many pleasure boats. Sunday morning the Fenelon Falls brethren were all nicely housed on board the boat and were about pulling out, when four clergymen raided the craft and forbade them from running the boat on Sunday.

A DELIGHTFUL TIME.

Annual At-Home at the Aged Women's Home. The aged Women's Home and Orphan Asylum held their annual at-home yesterday afternoon from four to seven o'clock. There were many visitors. The managing committee did a great credit for the way the institution is run and the excellent condition it is kept in. Lomas' orchestra supplied music and refreshments were served in the parlor. Mrs. Renick, President, Mrs. Strachan and Mrs. R. L. Gunn, Vice-Presidents, received the visitors. Mrs. Lucas, Mrs. Spratt, Mrs. Wainwright and Mrs. Greening were the committee appointed to receive the contributions at the door; refreshment committee, Mrs. Evel, Mrs. Lazier, Mrs. Melroy and Mrs. Gates; decoration committee, Mrs. F. B. Greening, Mrs. T. H. Husband, Mrs. Chester Freeman and Mrs. E. Lazier. One of the features admired was the sitting room, which had been provided by Mrs. Sanford in the last year, for the old ladies.

COLES' CIRCUS.

Large Crowds Enjoyed Good Performances Yesterday. Cole Bros' circus has been here and gone. Many people there were who took advantage of the first show of the year, and the result was the big "top" was packed for the afternoon and evening performances. The circus was especially fine, and the audience was throughout the year, and the audience were kept on edge all the time. The work of the clowns was very amusing, and their humor was bright. Perhaps the most interesting company that performed was the Lenox Troupe, in Hamilton. THE DEADLY OIL CAN.

Farmer's Wife Was Fatally Burned by Kerosene Explosion. Medicine Hat, Alberta, June 3.—The wife of A. J. Olsen, a farmer living at Medicine Hat, was fatally injured last evening while preparing supper. The cause of the accident was the explosion of a coal oil can which Mrs. Olsen had used to start the fire.

## Delaware Park Survey

### Hamilton's Choicest Residential Location

There are still to the south of Cumberland Avenue three lots for sale at \$7.00 per foot and four lots at \$8.00 per foot. The sidewalks in front of these lots are now being laid. The 13 other lots south of Cumberland Avenue have been sold.

Eight fine lots on the north side of Cumberland Avenue, 100 feet deep, at \$12.00 per foot. These are splendid building lots.

A number of lots still left on both sides of Eastbourne Avenue and on east side of Westmoreland Avenue. A few of these lots though generally well located are a little lower than the street, and we have a special building arrangement as to these. The price is still \$15.00 per foot between Main Street and Delaware Avenue. Between Delaware Avenue and Cumberland Avenue the price is \$12.00 and \$14.00 per foot with the exception of four good lots which are \$10.00 per foot. All these lots will soon double in value.

Look at the surroundings to the east, west, north and south of this survey and you will say it has no equal in the city. You can lose nothing in an investment in this property but on the contrary are certain to make a handsome profit. Your own judgment tells you this and you can find no one to dispute it. In most cases you must risk to make but here you have certainty.

TERMS—One-sixth cash, balance easy terms.

## KITTSON & CO.,

## West Mount Survey Very Popular

The very liberal terms under which we are offering lots in West Mount is appreciated and taken advantage of by many. It is seldom that a high class property, such as West Mount, is placed upon the market at such a low price, combined with such liberal terms, a uniform price of \$20.00 for a desirable building lots 40 to 44 feet frontage, 110 feet deep with alley in rear, and with NO INTEREST OR TAXES FOR FIVE YEARS, and with five years to pay for the lot. These conditions must appeal to any person having the slightest desire to own a home or to those seeking investment.

Plans of "West Mount" and "Delaware" surveys can be had by calling at our office. Our representative will be on the ground, head of Garth Street, Saturdays, 2 to 5 o'clock.

## CHANGES IN G. T. R.

J. D. McDonald, D. P. A., May Go to Montreal.

It is understood that several important changes will be made among the officials of the passenger department of the Grand Trunk Railway on July 1. The changes as figured out in railway circles are: W. P. Hinton, assistant general passenger and ticket agent, Montreal, to the same position with the Grand Trunk Pacific; George W. Vaux, assistant general passenger agent at Chicago, to be transferred to Montreal; H. G. Elliott, assistant general ticket at Montreal, to go to Chicago. The statement is also made that J. D. McDonald, district passenger agent at Toronto, will go to Montreal, and that William Duporow, travelling passenger agent, will succeed him.

### Business Contraries.

"It is odd, dear, you had such a heavy loss in that electric lighting enterprise." "Why odd?" "Because one ought not to find a heavy loss in a light investment."—Baltimore American.

### It's all right to have a good opinion of yourself, but it won't get you into heaven.

## MARKETS and FINANCE

Thursday, June 4.—There was a very fair market this morning for a Thursday. The butchers made a fine showing of meat, and green stuff was also plentiful. Prices were steady, with the exception of asparagus, which was scarce, and went up a couple of cents. Poultry and dairy produce prices are firm, outside of butter, which is very much cheaper. Hay is still coming down, and sells now at \$9 to \$11 per ton.

Today's ruling prices were:

Poultry and Dairy Produce.

Creamery butter	0.25 to 0.27
Butter	0.20 to 0.22
Creamery butter	0.20 to 0.22
Maple Syrup, quart, in sealers	0.40 to 0.45
Maple Syrup, gallon	0.25 to 0.30
Strawberry, quart, in sealer	0.25 to 0.30
Blueberry, quart, in sealer	0.25 to 0.30
Orange, per doz.	0.15 to 0.20
Eggs, per doz.	0.18 to 0.20
Chicken, pair	1.00 to 1.20
Turkey	0.18 to 0.25
Ducks, per pair	1.00 to 1.20
Meat Sugar, lb.	0.25 to 0.30

New York, June 4.—Noon letter.—The market during the morning developed some weakness, with influential buying and selling about equally in evidence.

There was quiet buying of especially good character in Northern Pacific. Reaction of the German bank rate was well received. Our bank statement promises to make a favorable showing. Since Friday the Standard Trust Corporation has gained over \$1,427 in increase. The U. P. official announcement regarding the bond matter is settled. We favor purchases on fair concessions. —Ennis & Stoppani.

The following quotations are reported by A. E. Carpenter, stock broker, 102 King Street.

THE HAMILTON TIMES

THURSDAY, JUNE 4, 1908.

POOR CASE POORLY PUT.

The much-trumpeted Tory rally, at which Provincial Treasurer Matheson was to be the star, was so woefully disappointing to the machine and its East Hamilton candidate that even the Spectator cannot pretend to regard it as other than a dismal failure.

been many hundreds of thousands of dollars behind each year.

But being obliged to admit that he has enormously increased the expenditure of the Province, Whitney's partisans say: "But see what we have done for education! See how we have increased the Provincial grants toward it!"

Let us assume that the Tory organs, in their "official" presentation of the machine's case, use the correct figures. They claim that the grants made by Ross in 1904 for the purposes of education, agriculture, colonization roads, and Provincial institutions generally, aggregated \$1,808,502, while they claim that the grants last year amounted to \$2,545,139. It is surely conceding them enough to accept their own figures.

NOT LIKE SCOTT.

The candidates in North Renfrew, unlike Mr. J. J. Scott in East Hamilton, do not think it to their discredit to join together to discourage every form of improper practice in the election.

Whereas it is necessary for the truest national welfare that in all elections corrupt practices be avoided, and, where we recognize that political purity is more essential than party victory, we, the candidates for Parliamentary honors in North Renfrew, undertake in honor and good faith to refrain from and prevent as far as possible any infraction, in spirit or in letter, of any part of the election law.

IN BORROWED PLUMES.

Premier Whitney and his organs affect to regard the case of the Government in relation to finances as proven when they are able to say that, while it is true they have increased the cost of Government by about \$2,500,000 a year, the revenue which they take from the Province has been correspondingly increased.

The machine organs have been given a hint to pursue a similar course, leaving it to be assumed that Whitney is due great credit for increasing the revenue. Whitney, and the more cautious of the organs, seek to avoid a too close examination of the sources whence this increased revenue is derived.

There were a number of "also spoken" that sorely tried the patience of the little audience, but they had absolutely nothing new to say, and did not advance a single reason that should for a moment weigh with the people of Hamilton, why they should forgive the wrongs the city has sustained at Whitney's hands, or condone the offence of treachery by her representatives.

TOO MANY LEAKS.

The Tory organs are obliged to admit that Whitney has increased the expenditure of the Province of Ontario by considerably over \$2,500,000 in less than 4 years. The expenditure for 1904 was \$5,297,453. The Whitney Government's estimates for 1908 call for \$7,900,205.

EDITORIAL NOTES.

The machine feels that something desperate has to be done. Watch its crooks!

The workmen are catching on, and, to make sure of defeating Scott, are rallying to McClemon.

Liberals who were enojled by Whitney's promises into believing that he would give us better government, and supporting him, should now have their eyes fully opened. The leopard did not change his spots; he simply wore a disguise.

One of the questions that naturally present themselves to thoughtful and

patriotic Canadians is: What are things coming to if the Legislature of Ontario cannot accept the solemn word of the Premier in a matter affecting the public business?

According to a return brought down to the Legislature, Whitney increased the civil service employees of Ontario since January, 1905, from 704 to 817. And so recently he declared that it was over-offered—men falling over each other!

The Spectator thinks that "the noisy Grit workman can be depended on to mark his ballot for the Grit candidate on election day." Surely. And more than that, many a quiet Tory one will do the same in order to smash the Tory machine, and secure an efficient representative.

The electors of Hamilton can best serve the interests of the province in this election by electing Messrs. Scott and Hendrie, supporters of the Whitney Government of square dealing.—Hamilton Spectator.

Gerrymander! Spoils! Increased taxes! Expenditure increased by 46 per cent! Deceit and trickery!

The Ottawa Journal recently referred to the Ontario forest reserves policy as "another development of the policy of the Whitney Government!" And yet Whitney inherited from the Ross Government some millions of acres of forest reserve and a definite policy for increasing its area.

Mr. MacKay claims that the redistribution was specially devised to keep him out of office. But would not this be a rather good feature of the plan—Mail and Empire.

We have no doubt that it so appeared to Whitney. The gerrymander had no excuse whatever save that it would help to cheat the Grits. The organ appreciates that fact.

The Laurier organ will have some trouble to point out where any of the public money of Ontario has gone extravagantly or in a way to "feather the nest" of any one.—London Free Press.

Still, those commissioners appear to have yielded hard wages to quite a few of the needy healers. Then to have a brother-in-law in the Cabinet does not appear to be any disadvantage when there's money going.

Whitney's speakers and organs are fond of alleging that Mr. MacKay, while Commissioner of Crown Lands in Ross' Government, had "secretly" made a ruling giving a mining claim (the La Rose) to a political friend. What MacKay did was to sign the award made to the arbitrators in the case, as his official duty demanded he should do. Moreover, Mr. O'Brien was not a party friend, but a Tory!

When George Lynch-Staunton, at the Matheson meeting, incautiously alleged that in the past Ontario's money had "gone to grafters," many a hearer instinctively wondered how much of the 24 per cent. increase under Whitney of the amount paid for legal services outside of the Attorney-General's staff went down into George's capacious pocket. His remark produced an audible smile.

Whitney is doing a good deal of talking about giving back to municipalities a small part of the increased taxes which he imposes upon railways. But he doesn't dwell on the fact that to meet the taxation the railways simply add to the rates, thus transferring the tax multiplied to the shoulders of the people.

Whitney continues to try to hide his paucity of educational ideas by babbling about making the Public Schools "self-centred, complete in themselves, and not mere stepping stones or links in an educational chain." Reasonable people must marvel that he continues to insult the intelligent electorate by such asinine drivel.

Mr. George Lynch-Staunton, stand up! On your honor as a gentleman, are you proud of your performance at the Matheson meeting in alleging that Mr. Pense had said that he had not voted against the C. N. R. guarantee because Mr. MacKay told him it was all right? Now, Mr. Staunton, you could not have been ignorant of the fact that Mr. Pense had emphatically denied that story, and that the press generally, and the Spectator included, had published and accepted that denial. Have you, Mr. Staunton, less regard for truth than the Conservative press? Why did you repeat that falsehood?

Whitney continues to try to hide his paucity of educational ideas by babbling about making the Public Schools "self-centred, complete in themselves, and not mere stepping stones or links in an educational chain." Reasonable people must marvel that he continues to insult the intelligent electorate by such asinine drivel. Pupils naturally take the Public School course before entering the higher schools, and the course is now, as it has always been, shaped both in the lower and higher schools, so as to be continuous. Not even a Provincial Premier's position warrants him in ignoring the fact that the public is to be presumed to have some common sense.

ORANGE JUICE AND HEALTH For Stomach and Skin

Few of us realize what an important part the skin plays in keeping us well or making us ill.

The millions of tiny glands, or pores, are intended to rid the system of waste matter, which the blood brings to the skin. It is a well-known medical fact that the healthy skin carries off more Urea or waste matter than the kidneys. Just think how much poison remains in the system when there is any skin trouble.

The skin and stomach are intimately associated. Find a person with a dry, harsh skin and you will find one who suffers with indigestion, or constipation, and both, usually.

Both may be relieved by a judicious use of orange juice. Both can be cured by taking the juice at various intervals morning before breakfast, and taking "Fruit-a-tives" at night. "Fruit-a-tives" are fruit juices in tablet form. The fresh juices of oranges, apples, figs and prunes are separated from the pulp, and then combined in such a way that the medicinal action is intensified.

Orange juice alone will not cure Skin, Stomach or Bowel troubles. But when taken in connection with "Fruit-a-tives," a positive cure results. "Fruit-a-tives" may be obtained at all dealers. Will be sent on receipt of price—50c a box—for \$2.50. "Fruit-a-tives," Limited, Ottawa.

DIRTY TACTICS OF THE TORIES.

(Continued from page 1.)

Toronto; E. C. Huycke, of Cobourg, and Hon. Thos. Bain.

Mr. Langstaff spoke of the bad faith of Mr. Whitney in introducing the spoils system. He said that he had attended the position of Premier of Ontario had not received the support of hundreds of independent Liberals. He quickly showed his treachery and deceit by yielding to the demands of his rangers on an obnoxious bill, made Liberal officials to make room for hungry Tories. Whitney's career was through out one of disappointment and deceit. He had promised to take the licensing business out of politics. He had done the opposite, and even Dr. Payne, his Minister of Education, was shown to have used his influence to secure a license for a man who had been fourteen times fined in the police court for violation of the liquor law. He promised a fair distribution but had disgraced his history for all time by giving the worst possible gerrymander.

Mr. E. C. Huycke contrasted the basic principles of Premier Whitney and Opposition Leader MacKay. MacKay's called for "trusting the people." Whitney on the other hand was afraid of the people. His absolute and notorious failure to carry out the promises he made in opposition had given him good reason to fear the people, hence his resort to the infamous gerrymander and wholesale bribery of committees. If possible, to maintain himself in power. A coward and conscious of it, it was no wonder that he feared the people and would stop at nothing to prevent a free election in the hands of the people's will through the ballot.

Hon. Thos. Bain's address was a rousing one, as usual. He spoke chiefly of the vast increase of the expenditure under Whitney. Some of this increase, he said, was necessary owing to the growth of the north country. He especially drew attention to the increase in and about the Legislature in Toronto. There was no possible excuse, he declared, for any such increases as had taken place. Whitney Government had increased the expenditure a greater percentage in the three and a half years it had been in power than the Liberals had in the 33 years of their rule, and the Lord save the country if the present Government was permitted much longer to continue its rule.

WEAK AGRICULTURAL POLICY. (St. Mary's Argus.)

In an address in the Ontario Legislature during the recent session, Mr. R. A. Thompson, member for North Wentworth, dealt at length with the Whitney Government's Agricultural Policy. He showed wherein the interests of the farmer, and all that pertains to him had been neglected by the present Administration. The speech is printed in full in this issue of the Argus and sets forth fully the weaknesses that have become palpably apparent in the Agricultural Department under the Conservative management.

Here are extracts from Mr. Thompson's able address that should be of particular interest to the farmers of South Perth: Now, Mr. Speaker, what excuse are we given for the falling off of the interest in our Farmers' Institutes? The attendance at them in the years gone by has been very high. In 1901-02 791 meetings were held, with an attendance of 147,842. In 1906-07 there were 914 meetings held with an attendance of only 110,763. There must be some special reason for this change. Is it because the ground has been covered in the subjects that fall to be discussed at these institute meetings? Is it because the farmers have been looking for something new and have not found it, and have tired of going out to hear discussions that have been given from year to year? Is it because not enough energy has been displayed by the Minister in charge in things that are especially important to the farmer, things in which he is especially interested, things on the discussion of which he would be willing to take a hand if he thought anything of that kind was going to be brought up? Does it not look as if the policy was a policy of drift, drift, drift? These meetings have been a success in the past and has not the present Minister just taken it easy?

Vote for Thompson. What They're Doing. (Toronto News.) The Hamilton Times mildly observes that the Whitney wolves are ravening at the door of the treasury. What It Takes. (Toronto Globe.) It takes the mining fees of 26,000 prospectors to pay the contribution to the La Rose Mining Company. Vote for Thompson. (Dundas Banner.) Reports that come to us are so favorable to Mr. Thompson's candidature that they exceed the most sanguine expectations.

MAJOR DREYFUS SHOT IN THE HAND.

(Continued from page 1.)

but they met only the angry and menacing glare of the crowd, and his ears heard only their imprecations upon his foul deed.

The man's clothing was in shreds, and his coat and vest had been literally torn from his body. Major Dreyfus, accompanied by his brother, Matthew, who was the first to strike the assailant after he fired; Dr. Pozzi, and several other friends, was led away to the mayor's office, opposite the Pantheon, where his wound was dressed. The doctors found that the bullet had entered his wrist.

In the meantime a cordon had been formed about the assailant, who, under the direction of M. Lepine, was conducted to a side entrance of the Pantheon.

At this time the vast multitude packing the sidewalks, crowding the windows and streets, and converging on the Pantheon had no suspicion of the excitement that reigned within the temple. The appearance of President Fallieres at the portico had been greeted with a great cheer, which drowned the cries of "Down with Dreyfus," and "Long live the army!" which came primarily from a band of about 500 men belonging to a Catholic association known as "Lajeunesse Catholique," who had stationed themselves on a corner opposite. Soon after this cheering, regiment after regiment came swinging by to the sounds of trumpets and the sounds of martial music.

After having his wound dressed, Major Dreyfus was taken to his home, where he was rejoined by his wife, who was with him when he was shot.

The news spread through Paris, and caused a veritable panic, as it was at first believed that President Fallieres had been killed. The crowds around the Pantheon during the funeral, and the streets leading to the temple, were barred. Twenty arrests have been made by the police.

Why Zola Was Honored.

Paris, June 4.—Emile Zola, who died in Sept., 1902, was ten years ago twice condemned to a year's imprisonment for addressing to Felix Faures, then President of France, the famous letter, "J'accuse," in which he laid bare the conspiracy in the general army staff against Major Dreyfus. To-day he was canonized with national honors in the Pantheon, the French temple of fame, with impressive ceremonies. The proposal to give Zola glorious burial, made first in 1906, aroused in France all the dormant animosities that came out during the Dreyfus trials, and the transfer of his ashes, although duly voted by the Chamber and the Senate, had to be twice postponed because of the disorder of public opinion. Disorder and rioting were expected to-day and the authorities found it expedient to take ample measures for the preservation of order.

The opposition to removing the remains of Zola to the Pantheon arises from the fact that the Pantheon is because of his famous letter, not because of his literary fame. He was the first successful leader in the Dreyfus war; he vanquished the general staff of the army, and to give him glorious burial at the ceremonies to be held at the side of Berthelot and President Carnot, Victor Hugo, Voltaire and Rousseau, to an accompaniment of martial music while long lines of soldiers defiled before his tomb aroused the passions of a large number of the French people.

The attempt on the life of Major Dreyfus was made by Louis Antheime Gregoris, a member of the staff of La France Militaire, a journal devoted to military progress and the military future of the republic. Major Dreyfus was present at the ceremony, and he paid a homage to the great leader of his cause. Gregoris' act probably was inspired by the campaign which the reactionary press has been conducting against Zola as an insulter of the army and "a traitor of his country; furthermore, the Catholic faith," a paper to which Gregoris was attached was a supporter of General Boulanger, and violently opposed to Dreyfus.

SALE OF TROUT.

Allany, N. Y., June 4.—By the provisions of the law governing fish and game as revised this year, trout caught in this State cannot be sold or offered for sale. "The only exception to this is in New York city, where trout taken on Long Island may be sold during the legal open season. It is also illegal to ship trout unless they are accompanied by the actual owner, and the law provides that no person shall take or transport at any one time more than ten pounds of brook trout. The effect of this law is to prevent shipments of brook trout from Canada or points outside of the State into New York State.

Col. Denison was in the city last evening for the purpose of inspecting the left half of the 91st Regiment. He was greatly pleased with the work of the officers and men. There was a good turnout of the regiment. The right half was dismissed after a short drill. Company drill was indulged in by the left half. Particularly good work was done by Capt. Stewart's company. The parade state was the finest yet seen in the city.

As soon as each boat has its allotted number of passengers on board, it will sail. They will proceed out into the lake in order. The Modjeska first, the Turbinia in the middle and Macassa third. They will then sail slowly around, each boat giving the salute of the respective and. As about 9.30 the Hand Fireworks Company will set off their display. Special arrangements have been made with the street car company to handle the large crowds both to and from the boats.

Mr. Fred. Robert Love, of Toronto, died at St. Michael's Hospital yesterday afternoon. His illness was of short duration. He had an attack of appendicitis and Dr. Oldright, considering that an operation was necessary, had him removed from his home at 240 Avenue Road, on May 25th to St. Michael's Hospital. Complications followed the operation on May 26th, and death took place yesterday afternoon. About four years ago Mr. Love married Miss Ethel Beemer, niece of Dr. Beemer, and there is one child. He was the eldest son of Mr. Frederick Love, who preceded him in the firm of Brown & Love, contractors, and was still a junior member of the firm.

The attraction at the Savoy next week will be a four-act comedy-drama, "The Gambler's Wife." This is said to be an exceptionally good play, full of action and interest. It will be staged with special scenery.

No offering presented by the Summers Stock Company during its engagement at the Merrick theatre, however, has given better satisfaction than "The Little Minister," which is the attraction this week. It is given a clever production, and merits liberal patronage during the balance of the week. Louis Atwell is singing a couple of the latest song hits between the acts.

Voicel & Nolan's Dandy Dixie Minstrels will hold the boards at the Grand on Tuesday and Wednesday, June 9 and 10.

Richard & Pringle's minstrel show will be the attraction at the Grand on Saturday, June 13. They are said to put on an amusing entertainment, brimful of fun, lively music, and expert dancing.

AMUSEMENTS

Mrs. Leslie-Carter will present David Belasco's greatest play, "Du Barry," at the Grand on Monday night.

The appearance of Mrs. Carter in this great play was a master-stroke, and for several reasons. In the first place, it is undoubtedly the biggest play yet produced by an American dramatist, and by a great good fortune the title role fell into the hands of the most extraordinary emotional actress that our stage has known.

At the Savoy. The attraction at the Savoy next week will be a four-act comedy-drama, "The Gambler's Wife." This is said to be an exceptionally good play, full of action and interest.

INCREASING EXPENDITURE.

When the Conservative party was in Opposition in Ontario it was the custom of its members to call attention to the expenditure as it was in the good old days of John Sandfield Macdonald, when it amounted to little more than a million annually, and to the surplus which, as they put it, that gentleman left for his successors in office to dissipate.

With this explanation the appended figures are illuminating:

EXPENDITURE. John Sandfield Macdonald Period.

1867 ..... \$ 56,969 97 1868 ..... 1,179,269 17 1869 ..... 1,445,751 73 1870 ..... 1,578,976 65

Under Liberal Rule.

1871 ..... 1,816,784 11 1872 ..... 2,217,555 07 1873 ..... 2,940,803 45 1874 ..... 3,870,704 14 1875 ..... 3,994,524 42 1876 ..... 3,139,650 96 1877 ..... 3,119,117 73 1878 ..... 2,209,388 37 1879 ..... 2,941,714 27 1880 ..... 2,518,186 80 1881 ..... 2,579,802 28 1882 ..... 2,918,826 93 1883 ..... 2,887,037 73 1884 ..... 3,207,889 67 1885 ..... 3,040,139 07 1886 ..... 3,181,449 89 1887 ..... 3,454,472 43 1888 ..... 3,545,234 85 1889 ..... 3,653,356 37 1890 ..... 3,896,324 38 1891 ..... 4,158,459 55 1892 ..... 4,068,257 39 1893 ..... 3,907,145 32 1894 ..... 3,839,338 75 1895 ..... 3,758,595 44 1896 ..... 3,703,579 73 1897 ..... 3,767,875 70 1898 ..... 3,803,081 32 1899 ..... 3,710,420 82 1900 ..... 4,003,729 37 1901 ..... 4,245,593 38 1902 ..... 4,888,982 57 1903 ..... 5,267,453 02

Under Conservative Rule.

1905 ..... 5,396,016 74 1906 ..... 6,720,179 07 1907 ..... 7,714,245 00

An examination of the figures furnishes more food for thought than is found in the mere rapid increase in cost of government in the last few years, especially in the last two years. It is found that the total expenditure increased under the John Sandfield Macdonald administration in three years, 1868 to 1870, 33.9 per cent., or 11.3 per cent. per year.

Under Reform administration in 34 years 189.9 per cent., or 5.5 per cent. per year.

Under Conservative rule from 1904 to 1907, 3 years, 42.9 per cent., or 14.3 per cent. per year.

To put it in another way, it is figured out that whereas the Liberal party in 33 years increased the expenditures of the Province one dollar per head of population the Whitney Government in one-tenth the time has increased the per capita expenditure to a like extent.

Worst of all, the increase is most noticeable under the heading of Civil Government, salaries of Ministers, civil servants, etc., which is not only a controllable expenditure, but is the one for which the people receive no direct return.

WE NEED PURE, NOT RICH MILK

Milk is in such general use as a food that the question of its purity is always an important one. Milk is one of the best healthful and economical articles of diet and contains much nourishment. It is a real necessity and therefore every means ought to be taken to guard against adulteration.

Let milk be pure and clean from healthy cows, do not allow anything to be taken from the milk, nor anything to be added, and you have an ideal food of much value.

PRESBYTERIAN ASSEMBLY.

Rev. Dr. DuVal, of Winnipeg, Elected Moderator.

A Full Attendance of Ministers and Elders.

The New Moderator's Acknowledgments.

Winnipeg, June 3.—The thirty-fifth General Assembly of the Presbyterian Church in Canada met in Knox Church here this evening, with the retiring Moderator, Rev. Dr. Campbell, Montreal, in the chair. The church was filled with commissioners and their friends, and while devotional exercises occupied the greater portion of the serene, keen interest was shown in the business of the evening. Rev. F. B. DuVal, pastor of Knox Church, was unanimously chosen Moderator for the coming year, and the formal announcement of his election received with great enthusiasm.

Rev. Dr. DuVal was born in Prince George, Maryland, of Huguenot French and Scotch ancestry. He spent three years in the Hightstown Classical Academy, State of New Jersey, in preparation for the ministry, and entered Princeton University in 1868, then under the Presidency of the Very Reverend Dr. John Maclean, who was succeeded by Dr. James McCosh, of Belfast, Ireland. He graduated there in 1872 in the honor roll of a class of 95 men, with gold medals and the first prize in Biblical knowledge. He subsequently took a three year course in the Princeton Theological Seminary, then under the Presidency of Dr. Charles Hodge.

The city welcomes the General Assembly for the third time in its history. In 1887, just before the Queen's Jubilee, the commissioners met here, and they saw a raw city which had barely survived the strain of boom and speculation. Diamond Jubilee, they came back and beheld Winnipeg taking a fresh grip on things and preparing for the commercial advancement which has since contributed towards making her the market-place of the west.

There are many big questions that will come before the present commissioners. Church union will be one of these, and it is predicted that it will cause a keen discussion. The position of Queen's University and its future relation to the Church will be the basis of another debate. Social and moral reform has become a more important branch of the work in Canada during the past few years, and the report of Rev. Dr. Shearer, the General Secretary of the department, will be decidedly interesting, especially on account of the advances which have taken place in connection with the preservation of the Lord's Day and the extension of temperance sentiment. And there will be other features on the programme.

There is practically a full attendance of the ministerial commissioners, and the arrivals to-morrow are expected to make up the complement. The representation of elders is also large, and includes many distinguished men prominent in former Assemblies.

Rev. Dr. Bryce, Winnipeg, proposed the name of Rev. Dr. DuVal, Knox Church, Winnipeg, as a pastor and preacher and scholar of excellence, who had taken a prominent part in the work of the Church, and had an intimate knowledge of its system and methods. As the successor of the late Dr. Robertson and Rev. Dr. Gordon in the pastorate of Knox Church, Dr. DuVal had a difficult place to fill, but he had filled it well. The nomination was seconded by Judge Forbes, of Halifax. No other name was proposed, and Dr. DuVal was elected. Dr. DuVal was escorted to the chair by the mover and seconder, and welcomed by Dr. Campbell. He expressed hearty and deep appreciation of the honor which had been done Knox Church and himself, and referred to his twenty years' pastorate here as a work of joy. On motion of Mr. Walter Paul, Montreal, and Rev. Dr. Ratcliffe, St. Catharines, the cordial thanks of the Assembly were given to Rev. Dr. Campbell for his services as Moderator and for the sermon preached this evening. Dr. Campbell, in reply, thanked the Assembly for the appointment of committees and the announcement of meetings.

NEW NIAGARA BRIDGE.

Meeting of Traction Magnates Interested in a New Trolley Line.

Buffalo, June 3.—Buffalo and Toronto traction magnates met at the Clifton House, Niagara Falls, Ont. this afternoon, regarding the building of a new bridge across the Niagara River, one-half mile above the Cantliever bridge.

The structure will be the connecting link in a proposed Buffalo-Toronto electric railway, and a franchise has been asked of the Dominion Government.

Frederick Nicholls, of Toronto, represented Canadian interests at the meeting, which was attended also by Henry J. Pierce, President of the International Railway, operating the Great George Road, Forter Norton, attorney for the company, and Frank A. Dudley, a New York financier.

The perfection of the bridge charter was the principal matter discussed at the meeting.

25 YEARS ECZEMA DEVELOPED BLOOD POISON. Theological Student Says Zam-Buk Saved His Leg. The dreadful irritating skin disease Eczema includes amongst its victims the rich and poor, the student and the illiterate. Mr. Geo. E. Williams, who now resides at 60 Mutual St., Toronto, was intended for the Ministry, and to this end studied Theology at King's College, London Eng. He says: "Whilst there I began to suffer from Eczema. This was 25 years ago, and concluded I was doomed to suffer for life. A few weeks ago I was called to Hamilton on business, and had not been there two days when I was forced to lay up, the pain in my legs was so severe. My wife examined the parts that were so painful, and discovered a patch of badly discolored skin. She did all she could think of to relieve me, but failed. We obtained advice, and it was found I was suffering from Blood Poison, and that I was in danger of losing my legs, if not my life. At this point I decided to try Zam-Buk which I had seen advertised. The first application gave me great relief, and the poisonous matter which came from the wounds convinced me that I was on the right track. I therefore persevered with this healing balm. The first two boxes had cleaned the sores and my legs looked as though they were all of holes. From this time on the healing work commenced, and I am thankful to say that after using 4 boxes of Zam-Buk all the wounds were healed and my legs cleared of the horrible Eczema that had afflicted me for 25 years."

MURDER IN CAMP.

FRITZ YOUNG DIES IN HIS WAY TO THE HOSPITAL.

Trouble With T. S. Wright, Foreman, Led to Fight, in Which Young Was Stabbed—Wright and Two Others Held.

Haileybury, Ont., June 3.—Word has reached here of a serious stabbing affray at Reynolds' construction camp at Ingonis Falls, about 120 miles north of here, on Saturday night. As a result Fritz Young, a boatman of Stanhope, Quebec, is dead from his wounds, and Thomas S. Wright, a foreman in the employ of the Reynolds Co., is under arrest, charged with murder. Two other men from the camp, Michael Morris and James Quinn, are also under arrest, charged with aiding and abetting Wright in the murder of Fritz Young. The three prisoners are now awaiting trial, and are confined in the jail at New Liskeard.

The affair is said to have started with some words between Young and Wright over the former having left two boats up the river instead of bringing them down to the camp again with him. Wright is said to have come out of the tent to where the other two men, Quinn and Morris, were sitting and told them he would knife Young with a new knife he had purchased that day. The men urged Wright to fight him with his fists instead, and they all three returned to the tent, where the fight, in which they all took part, ensued. A cook, a Frenchman named Brisson, was in the tent and managed to separate the men, but when he went to lift Young to put him out of the tent he found the man was bleeding profusely from a knife wound in the stomach.

Young begged to be taken to McDougall's Chutes, where he could be attended by a doctor, so the men wrapped him up in a blanket and started in a heavy rainstorm in a boat for the Chutes at about 9 o'clock on Saturday night.

About five miles up the river they decided to camp for the night. Young was in too serious a condition to be moved, so they left him in the boat. When they returned next morning they found the man was dead. Dr. Coold, of Haileybury, held an inquest on the dead man at McDougall's Chutes on Sunday afternoon, and a verdict of wilful murder was returned. The jury in their verdict, also found that Quinn and Morris aided Wright in the murder of Young.

The knife with which the deed is said to have been done cannot now be found, and Wright claims that he did not have it with him at the time of the murder, but he had previously admitted that he used it to cut some tobacco

A CHARMING OVER-WAIST. No. 5977—This modish little over-waist is decidedly chic and one of the newest of the season. It is in hydrangea blue crepe de chine, and is worn over an underbust of net. Two deep tucks at each side of the front give width to the figure and render the front becomingly full. The sleeves are quite unique with their turned-back corners, caught down with buttons. They are in modified kimono style. A waist of this description could be successfully made from foulard, taffeta, chiffon broadcloth and voile. For 36 inches bust measure 2 yards of 36-inch material will be required. Ladies' Over-Waist, No. 5977. Sizes for 32, 34, 36, 38, 40 and 42 inches bust measure. A pattern of this illustration will be mailed to any address on receipt of 10 cents in silver or stamps. Address, "Pattern Department," Times Office, Hamilton. It will take several days before you can get pattern.

THE OPPOSITION.

OBSTRUCTION OF SUPPLY REGARDED AS BAD POLICY.

Feeling Aroused in the Country—Further Negotiations Between the Leaders Regarding the Manitoba Lists Difficult.

Ottawa, June 3.—At an Opposition caucus this afternoon it was decided that the obstruction policy would not be enforced against the item in the militia estimates for holding the annual training camps this year. The Opposition are realizing that the policy of complete obstruction of all items of supply is getting them in bad odor with the civil servants throughout the country, who are being kept out of their salaries with consequent far-reaching effect upon the public generally.

The two leaders are both anxious to arrive at some agreement on the contentious first clause of the election bill that will be satisfactory to both parties, thus enabling the business of legislation to proceed. It is hoped that the negotiations now proceeding will result next week in a compromise, which will be a fair list in Manitoba. That will pave the way for the speedy winding up of the rest of the sessional agenda, and with morning sittings of the House from now on prorogation may be reached early in July.

LUGGERS LOST.

TYPHOON STRUCK WEST AUSTRALIAN PEARLING FLEET.

Twenty Australian Pearlers and Two Hundred and Fifty Malays, Manila Men and Japs Lost Their Lives—Many Eaten by Sharks.

Victoria, B. C., June 3.—Bringing news of an unprecedented disaster to the pearling fleet off West Australia, involving the loss of 40 luggers and 270 lives in a typhoon, the Canadian-Australian liner Manuka arrived this afternoon. The disaster to the fleet of the pearling luggers occurred near Thursday Island, a typhoon striking the fleet just as it was starting for the pearling grounds, scattering the vessels, completely wrecking some and driving others ashore. About twenty Australian pearlers were lost. The other victims were Malays, Manila men, Japanese and Kanakas. The survivors reported harrowing experiences, some having been picked up in the last stages of exhaustion, after having cut away their masts and having been clinging to the wrecked hull, while sharks followed, waiting for the exhausted men to drop from the wreckage. Many were rescued by the steamer Paroo, sent from Broome as a relief steamer. The bodies of some of the victims were eaten by sharks. The beach near Broome presents a terrible sight, covered with wreckage and bodies.

BANK CLERK'S SUICIDE.

Taxed With Shortage in His Accounts, He Shoots Himself.

New York, June 3.—Questioned by the bank's officers to-day about an apparent discrepancy in his accounts, Charles T. Muir, paying teller of the Forty-second Street branch of the Corn Exchange Bank, asked to be excused until he could obtain a deposit ticket to explain the matter, went to the basement, and after writing a brief confession that his accounts were short, shot himself in the head. He died within an hour at the hospital. Vice-President Frev, of the Corn Exchange Bank, stated to-night that Muir's shortage was \$9,068.

WHOLE FAMILY ASPHYXIATED.

Mother and Three Children Dead in Chicago.

Chicago, June 3.—Mrs. Mary Doerman and her three children were found dead early to-day at their home, 69 Tell Court, having been asphyxiated by gas escaping from a stove.

Mrs. Doerman last night entertained the children of the neighborhood on the occasion of the birthday of her eldest daughter. The company broke up at about 10 o'clock, and from that time until to-day, when the bodies were found by neighbors, nothing was seen or heard of them.

A rubber tube which conveys gas to a small cooking stove was found detached, and it is supposed that it slipped off during the night, the house filling with gas.

SAVES SON.

But Receives Fatal Blow Struck by His Husband.

New York, June 3.—Receiving a knife thrust into the back of her son, Mrs. Caroline Campbell, wife of Cornelius Campbell, a bricklayer, was tonight stabbed to death at her home here. Campbell, it is said, quarreled with his son George, when the latter chided him for making no apparent effort to obtain work, and with a butcher knife inflicted a gash several inches long in the young man's forearm. When the knife was raised for the second time Mrs. Campbell rushed in between the combatants and received the full force of the blow, the knife penetrating the breast, causing almost instant death. The elder Campbell was arrested.

Babe Choked While Feeding.

Montreal, June 3.—The 13-month-old baby of Mrs. Houle died at her breast this morning. The baby choked while feeding, and was suffocated.

FOUGHT FIRE WITH MILK.

Reeve Pullen's Residence in West Oxford Damaged.

Woodstock, June 3.—The fine brick residence of Reeve Wm. Pullen, of West Oxford township, at Falden's corners, was badly damaged by fire early this morning. Fire caught from an oil stove in the kitchen and spread very rapidly. Neighbors and men from the cheese factory nearby came quickly, and the flames were energetically fought by a bucket brigade, using water, milk, and hay as materials. The whole interior of the house was burned out and most of the furniture was destroyed, but the services of the volunteer brigade prevented its total destruction. The loss will be partially covered by insurance.

BETTER CLASS OF MEN

Arriving From the Old Country—Government's New Rule Works Well.

Toronto, June 4.—According to the stories of the immigrants who have arrived in the city recently the government's new rules regarding the admission of immigrants is being strictly enforced. The men coming in are asked to prove that they have work awaiting them or have \$25 in their possession. As a result the late arrivals are of a much better class than those who came during the winter. Very few of them are staying in the city. One party of ten registered at the British Welcome League on Monday, and yesterday they were all engaged for construction work near Embro.

MOUNTSBERG

Miss Mary Mount, of Hamilton, spent the holiday at the home of her parents in this place. Miss Ethel Haines entertained a number of her friends at the home of her sister, Mrs. J. Revell, of Puslinch, on Monday evening last.

Mr. Brock Chapman, of Milton, visited his sister, Miss Ethel Chapman, over the holiday.

Mr. and Mrs. F. W. Gunston, of Toronto, have been visiting the former's sister, Mrs. Alex. Campbell, at this place for a few days.

Mr. John Hunter will have charge of the service in the Methodist Church on Sunday evening. Special music by the choir. All are welcome.

The Methodists are talking of having a garden party early in June, so watch out for bills.

FALLS DISTRICT

Afraid Americans May Claim Too Much of Niagara.

Ottawa, June 3.—In the House of Commons this evening Mr. Lancaster urged that in the survey of the boundary particular care should be taken in the Niagara River delimitation. Canadians in the Niagara district feared that the Americans were laying plans and building up evidence with a view to demanding a great deal, in order that by compromise they might get more than really belonged to them on that part of the river usually known as Niagara Falls district, and which was very valuable because of its splendid water power. He feared that the Canadian section of the International Waterways Commission had not proper evidence to warrant them in making recommendations on the subject, as compared with the Americans, who for three years had been at work to strengthen their case. It would not be wise that the Canadian section of the commission should be allowed to say where the boundary should be.

Hon. Frank Oliver answered that the Waterways Commission was not in his department, but in that of public works. He believed it would be found that Canada's interests were being safeguarded in every possible way.

An estimate of \$920,000 for immigration was under discussion when the House adjourned at 6 o'clock.

WOMAN SUFFRAGE.

A LEAGUE FORMED IN ENGLAND TO COMBAT IT.

The Object is to Prevent the Spirit of Sex Antagonism Aroused—Promoters Say Woman's Place is at Home.

London, June 3.—Prominent opponents of woman suffrage have formed the "National Woman's Anti-Suffrage Association" to combat the Suffragettes' campaign. A circular will be issued to-morrow setting forth the principles and objects of the association. It will have numerous signatories, including the Marchioness of Tweeddale, the Countess of Jersey, Mrs. Humphry Ward, Lord Dunraven and Lord Rothschild.

The promoters say they wish to combat the spirit of sex antagonism which is arousing and they want the fact recognized that the two sexes are not antagonistic, but complimentary. They believe that woman's sphere is the home, and while granting that woman's work in municipal and local bodies has been valuable and should be continued, they protest against her work in the Parliamentary franchise upon them.

They contend that the effectiveness of woman's legislative power could not exceed the limits of the moral force exercised by their influence on men. This influence is immense and it would naturally be lessened proportionally as women attempted to become the competitors and rulers of men.

Is transportation just as good? Some little drawbacks you'll find, If not as bad as those you've stood. How do you like the change by now? Of course it seems a little strange, With furniture the rooms are small, There's trouble with the kitchen range, The oven will not bake at all. The stairs are steep, a leaky roof Brings frowns of worry to your brow, The basement is not waterproof. How do you like the change by now? You'll have to newly decorate: The plumbing's poor, you will admit. You didn't quite anticipate The parlor carpet wouldn't fit. There's one thing you will have to buy A lot of new stuff anyhow. But tell me—honest, hope to die— How do you like the change by now? She Would Keep It Dark. A Scottish parson, still on the under side of 40, was driving home from an outlying hamlet when he overtook a young woman. He recognized her as the maid of all work at a farm which he would pass, so he pulled up and offered her a lift. Mary gladly accepted his offer and they chatted pleasantly all the way to the farm gate. "Thank you, sir," she said as she got down. "Don't mention it, Mary. Don't mention it," he told her politely. TIGERS WON IN SEVENTEENTH.

Long Baseball Match at Britannia Park Yesterday.

London Beavers Became Rattled at the End—Inferno Won the King Edward Gold Cup.

There was a big show at the Barton street ball yard yesterday afternoon, as well as the Barton street circus camp. Yesterday's game between Hamilton and London went 17 innings, and a fine brand of ball was provided. It was the most exciting game yet played in the International League, and the fans were on the anxious seat from 4 o'clock till nearly 7. The Tigers showed their ability to go a route and keep their heads as critical times, and up to the seventeenth inning the Beavers were steady. They made only three errors up to this critical moment—then they made three in quick succession.

Table with 4 columns: Player Name, Runs, Hits, Errors. Includes names like Thibid, Quinn, Griffin, Meekitt, etc.

Harvey Muir was in the box for Hamilton, and he showed his metal. While he was touched up in nine innings for ten hits, the hits were scattered, and at critical times he settled down and pitched most effectively. The Kohan and Munro were not on the team yesterday, the former suffering from a broken finger and the latter being ill. Nelson Long was on first base and he played a star game, gathering several bad throws. Gleason was in right garden and Maxey was on the receiving end of the battery. He played the game of his life. He made three hits, two being two-baggers, and he had seven put outs, without an error. Two errors were made by the Tigers, who gave Muir the best kind of support.

London started the ball rolling in the first, scoring three runs. They got another in the fourth, and then the Tigers got into their stride, making three in the third and two in the fourth. In the seventh the Cocksney tied the score, and in the eighth each team added one to the tally, the score being 6 to 6. The game would have ended at the ten hour and had been properly concluded. He was the first man up and made a nice hit. The catcher advised him to grab the base, and Bradford started on the journey to second. He was neatly caught by a quick throw from the pitcher to first. The next man up, Maxey, made a two-bagger, which would have brought Bradford home. As it was, the next three did before reaching first, one striking out.

Both teams did great work from the sixth to the sixteenth inning, the pitchers improving as they went. In the seventeenth the Cocksney had five men at bat, two getting bases on balls and one hit—yet they failed to tally. Then the Tigers took their turn with the willow, and it proved to be a turn for the better. Muir was the first up and he reached first on an error of the pitcher. He stole second and reached third on an error of short stop and in the mix-up started for home. He was caught at the plate, but the catcher threw wide to first and Curtis galloped in and scored the winning run, with one out and London on first base. There was loud cheering when the winning run was scored.

Struck out—By Parkins 9; by Muir 1; Maxey 2, Gleason 3, Brennan 2, Long, McMillen, Johnson.

THE RECORD GAME. The Hamiltons came near breaking the professional baseball record for Hamilton yesterday. The record game was 19 innings, played at Dundurn Park on June 29, 1908, between the Hamiltons and the Port Hurons, of the old International League. For the information of many fans who have inquired about the record game the box score is given here: Hamilton—A.B.R.H.P.O.A.E. Congleton 8 0 1 5 1 0, Phillips, s.s. 9 2 2 2 7 1, Schwall, l.f. 6 1 1 1 0 1, Elton, l.b. 7 1 2 2 8 1 0, Dean, 2b. 7 1 3 8 12 1, Hagarty, 3b. 6 1 0 1 5 1, McAnn, r.f. 7 0 2 4 0 0, Conwell, c. 7 1 2 8 0 0, Bradford, p. 6 1 0 3 0 0, 33 8 13 57 31 4.

cent. of the gross receipts of the game. The other 40 per cent. is to go to the Children's Hospital scheme. Mr. Paige says he is prepared to play any time, and he will place the ball park at the disposal of the City Leaguers for practice. He will write Manager Bradley to that effect to-day. This afternoon the Niagara Falls nine plays the Hamiltons here. Gleason will leave for Hamilton. To-morrow the Cherokee Indians will be here for two exhibition games—one at 4 o'clock and one at 8. Maud Nelson, the champion woman pitcher, will twirl the first three innings for the Indians. On Saturday the Niagara Falls nine will play a double header here—at 2 and 1 o'clock. There will be no change in the scale of prices for any of these added attractions.

EASTERN LEAGUE SCORES. At Buffalo—Toronto's hard luck pursued the team to the very end, for yesterday's game was taken by Buffalo, 6 to 2, when the result should have been 2 to 1 in the champions' favor. A bad start by Applegate, the decisions of umpire Moran and the slow footing of Mertie left, are things which played a prominent part in today's defeat, the third straight administered by the Bisons. Score: Buffalo 6, Toronto 2. R.H.E. Buffalo 6 6 1, Toronto 2 7 1. Kissinger and Archer; Applegate and Vandergriff.

At Baltimore—The Orioles came into their own again yesterday. It was not until the fifth inning that the Birds found Fried, who up to that time had retired his opponents in order. Score: Baltimore 6, Toronto 0. R.H.E. Baltimore 6 4 0, Toronto 0 4 0. Batteries—Hardy and Hearne; Stone and Peterson.

At Newark—Jersey City and Newark wound up their series at Newark yesterday in a 12-inning tie. Score: Jersey City 2, Newark 2. R.H.E. Jersey City 2 6 2, Newark 2 8 0. Batteries—Wiltse and Woods; Hughes and Kritchell.

AMERICAN LEAGUE SCORES. Detroit 2, Cleveland 1. Washington 5, Philadelphia 11. Boston 6, New York 1. NATIONAL LEAGUE SCORES. St. Louis 8, Pittsburgh 4. Philadelphia 1, Brooklyn 2. New York 3, Boston 0.

FOUL TIPS. Newark has purchased Outfielder Jack Kelly from Baltimore, and are after Third-baseman Hartzell of the St. Louis Americans. The Senior Western Stars challenge any team in the city to a game of "indoor" ball, to be played at any diamond any time. Address J. Lemmond, 44 Garth street, city.

ANOTHER BASEBALL FATALITY. Pittsburgh, June 4.—Bernard Bowser, 7 years old, was struck and killed by a thrown baseball on the Homewood grounds yesterday. The bats were watching the practice of the Columbus, a team of negroes, when a ball thrown from the outfield to first base was missed by the baseman and struck young Bowser on the head. He was picked up unconscious and died in a few minutes. Six of the negro players were arrested. This is the second death due to baseball in Pittsburgh in two weeks, while two others were dangerously hurt. All were small boys.

At James' track last night Bobby Kerr, the Canadian champion sprinter, made some very fast trials. In one trial of 100 metres (109 yards) two out of four watches caught him at 10.2.5. The others had him at less than 11 seconds. If he can show this speed at the Olympic games he should land a championship. A red-headed suitor is apt to tell a girl he would dye for her.

Many Horses Here For H. J. C. Meeting.

The advance guard of horses from the southern tracks arrived at the Hamilton Jockey Club track yesterday afternoon, there being seven express car loads. In the lot were the horses belonging to Wm. Gerst, the millionaire breeder. There are now nearly 100 thoroughbreds quartered at the two tracks and in barns in the vicinity, all of the 450 stalls at the big track being occupied, or reserved for owners who are now racing at the Woodbine. Yesterday Secretary London had an agent out, arranging for stabling accommodation in the vicinity of the track. He secured stalls at the Tuckett farm, at the Delta and other places. He had to go a mile from the track before getting sufficient stalls to accommodate the owners who have notified the Secretary that they are coming here. There will be fully 100 horses here that did not race at the Woodbine this spring. Among the owners already here, and the names of the gallipers, are: Wm. Keating—Ballot Box, Peter Knight, Sully Tony, Oroonka. N. K. Beel—St. Jean, Delmore, Proclivity, Edith Glen, High Juniper, Superclition, Everard, Bacilla, Puriana, Drop Stitch, Lady Gay Spanker, Desideratum, Fillard, Solon Shingle. H. Busenberk—Ben Stille, Charlie Mange, Ross. Wm. Geest—Graechus, Ed. Shuster, Altmann, Lord Direct, Gowling, Don Alberto, Cressa, Barriada, Duragan, Sister Jeanne, Chrysanthemum, Mimot, Hour Pa, Mexican Girl, Evelyn S., Lady Siebel, Agnes Ford, Purlsey, Lady Savoy. J. U. Strodre—Whisk Broom, Clifton Forge, St. Valentine. L. M. Holmes—Birdslayer. P. Gallagher—Croydon, Feed, Andalusian, Jackoney, Senarrows. J. Hemley—Alcristel, J. W. BICYCLE TEAM FOR ENGLAND CHOSEN.

Toronto, June 4.—The Olympic bicycle final trials were held on the Exhibition track yesterday afternoon, under the auspices of the C.W.A., having been postponed from Saturday last, owing to wet weather. The track was in good condition, and the races were the most hotly contested that have been held in Toronto in many years, the finishes in the Olympic events being of the hair-splitting order. Shortly after 3.30 the riders were ordered out for the first event, the 600 yards. After they had been allotted their positions on the track, J. E. Wilkows, chairman of the Racing Board and Olympic Committee representative, gave them a few words of warning, and told them a few points would count in the picking of the riders, and also that no loading would be allowed. The next event on the programme was the 1,093 yards (1,000 metres). This was another very exciting event. The winner was F. R. McCarthy, of Stratford.

The pursuit race came next, each man riding 1.8 miles, 18 being the time, the four making the fastest time to count. McCarthy, in the first heat, cut a hot pace, and made the best time, while W. Anderson, R. C. B. C., and D. Eizerman, Stratford, made a tie of it in the second heat. They flipped a coin to settle it. W. Anderson won the race. The 2.8 miles (5,000 metres) and the 12,427 miles (20 kilometres) were very exciting, one being about 5 1/2 laps, and the other very close to 25 laps. The finishes in both events were of the closest order. The two extra events, mile novice, and two-mile handicap, were both good races, and almost treated as much excitement as the Olympic trials.

Olympic Finals In Toronto on Saturday.

Toronto, June 4.—It will be seen by the following list of entries to the Olympic final trials at Rosedale Saturday that all Canada will be pretty well represented in the events to be run here. Montreal will, of course, draw a large number of performers to the events which will be run there. The Rosedale performers and programme will be as follows: Marathon race, 25 miles—Harry Lawson, West End Y. M. C. A., Toronto; W. B. Goldsboro, Central Y. M. C. A., Toronto; E. V. Cotter, unattached, Burlington; Fred Simpson, Brantford Y. M. C. A.; J. M. H. Wood, Brantford Y. M. C. A.; Alfred Sellers, West End Y. M. C. A., Toronto; Percy Sellen, Irish-Canadian A. INFERNO'S GOLD CUP.

public the books did not lay up anything on the afternoon's play. The King Edward Hotel Cup, one of the big attractions at the Woodbine meeting, and yesterday's feature race, proved an easy victory for Joseph E. Seagram's Canadian-bred Inferno, who beat Zingano over a length after racing in front under restraint the entire trip. Inferno's victory meant much to his owner, for the conditions of the race read that the handsome trophy becomes the property of the owner whose colors are carried in victory four times, or three times in succession. Inferno won the race in 1906 and 1907, and the cup became Mr. Seagram's property. Another trophy which was first raced for yesterday was given by the King Edward Hotel Company under somewhat different conditions. Originally the cup had to be won three times or twice in succession. Under the present conditions the cup must be won four times or three times in succession. Inferno won the race in 1906 and 1907, and the cup became Mr. Seagram's property. Seagram's Good Horse First. Toronto, June 4.—The card at Woodbine Park yesterday was made up of seven races, with the King Edward Hotel Cup the principal feature. The weather was delightful, and another big crowd was in attendance and enjoyed the sport. The track was fast. Four of the races furnish exciting stirring finishes, and in two of them small margins separated the first two at the end. Elliott, Inferno, Wilton Lackaye and Bertha E. were the winning favorites, and as all were heavily backed by the

SHORT ENDS.

Little Paragraphs of Sport From Far and Near. Guelph, June 4.—The Rovers of Guelph have decided to drop out of the intermediate W. F. A. The club has received little support and is financially behind from last year. They made a good showing a year ago, reaching the semifinals, but had no support. The Toronto cricket eleven defeated Upper Canada College yesterday by a score of 63 to 62.

Cornwall, June 3.—The Cornwall Lacrosse Club has bought a site for their new lacrosse ground southwest of and including a portion of the present grounds, for \$3,000. Under the name of the Cornwall Athletic Association the club is seeking incorporation as a joint stock company, and by sale of stock hopes to raise sufficient funds to fit up the grounds with a modern stand, etc.

Niagara Falls, N. Y., June 4.—The British American Association would like to secure dates for cricket matches with any team in Toronto. Address George Jones, secretary. The association has a good ground here. New York, June 4.—J. B. Taylor, the celebrated colored runner, who has just passed his final examination at the University of Pennsylvania, and the quarter of a mile champion of the Amateur Athletic Union, made two entries yesterday for the Olympic try-outs, which will be decided at Philadelphia on Saturday. Taylor will sport the emblem of the Irish-American Athletic Club in the 400 and 800 metre races.

The following games will be pulled off on June 10, and entries may be made at the Central Y. M. C. A. office, East Hamilton Branch Y. M. C. A., and Chamber Bros., King street east: 220 yards boys' handicap, 220 yards men's handicap, 1-mile bicycle handicap, high jump handicap, 2-mile bicycle handicap, 2-mile run handicap.

Side Lights of Poetry. The ancient mariner had shot the albatross. "I was absolutely out of meat," he pleaded, "and I couldn't shoot a canvas back duck without getting into trouble with the game warden." Let us not blame Samuel Taylor Coleridge, however, for taking liberties with this bald narrative when he worked it up from a "Poen You Ought to Know."—Chicago Tribune.

Another player who is anxious to turn out with Hamilton is a leader, who used to play with Montreal. He was lately connected with a Chicago college team as captain and home player and besides having a great lacrosse reputation is a hockey player of the first rank.

NO SUCH GAME IS ON RECORD.

Sporting Editor Times: To decide an argument can you say if an English baseball team visited Canada about 39 years ago and played in Hamilton, nine men against Hamilton's eleven? (Sport). As far as the Times can learn no English baseball team ever visited Hamilton. English cricket teams visited Canada and played in Hamilton in the 70's, but baseball was practically unknown in England at that time, and there were no teams travelling across the ocean to play it.—Sporting Editor.

HIGHFIELD WON FROM RIDLEY.

Yesterday was a holiday at Highfield school—the Governor-General's holiday—and the cricket team played a game with the Ridley College. Highfield won by five runs. The game was a long one, every player showing close attention to style. Gibson's five took longer to obtain than Rodgers' 21. Ferrie did exceedingly well.

COMMENT AND GOSSIP

Almost a record, judging by the way the Tigers played in the twilight last evening, they are like the Cherokee Indians—they can play as good by night as by day. Last night's game was a kind of "moonlight trial"—a work-out for to-morrow night's game. The score board, which nearly cost NicMillian his life yesterday, will be moved eastward 30 or 40 feet. If Muir has a giant arm, it must be the plate glass kind. If these overcast games continue, Assistant Manager Richardson should put in a lunch counter or a tea room. Yesterday was bargain day at Paige's ball yard. Seventeen innings for 25 cents. "Newsy" Lalonde is gone, but the Hamilton Lacrosse Club still has day and night press agents, so the news will be disseminated the same as ever. Toronto World: William Stark, President of the Canadian Amateur Athletic Union, is all ready to sail for England,

The Hamilton Rowing Club will hold a small regatta Saturday afternoon.

If the club receives proper encouragement, this season will see the old age of rowing put on a more substantial footing in Hamilton.

If the proposed game between the City League stars of 1907 and Paige's Tigers take place the City League team will be as follows:

Southon p. and lb; Dennis lb and p.; Strouger 2b; Carey c.; Lanning 3b; Coutts lf; Howe cf; Haeckbusch rf; Howard e.

LINEMAN KILLED.

Well Known to Hamilton and Has Son Here.

Brampton, Ont., June 4.—Mr. Godin, lineman in the employ of the G. N. W. Telegraph Co., fell from the top of an electric light pole nearly in front of the telegraph office in this town to-day at noon, and was instantly killed.

Mr. Godin was an old and esteemed employee of the G. N. W., having been in its service 28 or 40 years. His home is in Toronto, where his widow and two sons, Thomas and Henry, also reside. He also leaves one other son, the eldest, Dona, of this city, also a lineman with the G. N. W.

CZAR HANGMEN.

Vigorous Protest in Parliament Against King's Visit to Russia.

London, June 4.—Violent protests were made by the Socialists and Labor members in the House of Commons this evening against King Edward's approaching visit to Russia in language, the offensiveness of which no attempt was made to veil.

There is quite a difference between telling the plain, unvarnished truth and painting a word picture.

TEA TABLE GOSSIP.

Mr. T. F. Best, general secretary of the Y. M. C. A., has started on a one month's trip across the continent.

Wentworth Historical Society will hold its annual meeting to-morrow night in the Y. M. C. A. parlor.

Mr. P. McGuire, who has been operator at the G. T. R. station at Burlington for some time, has been appointed agent at Copetown.

A special car for the R. H. Y. C. dances will leave the Terminal Station to-morrow evening at 7.45 and every subsequent Tuesday and Friday evening during the season.

The ladies of the Labrador Mission in Hamilton desire to heartily thank all those who have contributed towards the bales, which have just been packed and sent to Dr. Grenfell.

The final meeting for this season of the Municipal Chapter, Daughters of the Empire, will be held to-morrow morning at 10.30, at the Young Men's Christian Association.

The County Fair at Stoney Creek Battlefield next Saturday is going to be a grand success. Tickets are selling rapidly.

The general public will be welcome to share the good time and help add to the Quebec Battlefields fund. John Hackett will put on a series of fancy dances on the lawn.

POWER PRICES.

John Patterson Shows the Absurdity of the Mayor's Figures.

To the Editor of the Times: Sir,—With reference to the figures lately given to the public by the Mayor and the Herald newspaper, we have taken very little notice of them, as we thought that an offer to supply power at 10 per cent. less than the Hydro-Electric Commission would do was something that any one could understand, and that it was not necessary to go into the figures that the commission charged until the time came, and in the meantime we offered to charge a flat rate of \$16 per horse power.

I wish to draw your attention to one charge that has been consistently neglected by all speakers and writers who favor Hydro-Electric power, and that is the cost and expense of a step-down station to change the voltage of 60,000 supplied by the commission to that of 2,000 that would be necessary for distribution in the city.

The cost of completing a sub-station for 1,500 horse power, including \$5,000 for a building and land, will amount to at least \$20,000, and the charges that must be met in this connection, including the price of power, are as follows:

1,500 horse power at \$17.50 ..... \$26,250 Interest and depreciation on station ..... 3,000 Attendance 4 men, 12 hours each, 3,000 Expense, repairs and maintenance, etc., 7 1/2 per cent. .... 2,250 ..... \$34,500

The loss in transforming will average 4 per cent. at least, and the amount of power delivered from 1,500 horse power will be 1,440, which at \$34 per horsepower cost \$24,456 per horse power at the transformer station, before distribution, which is generally considered the largest item of cost.

This does not take taxes and many other charges into consideration, and makes the figures recently quoted look as if they were only made to mislead far more than they claim the Cataract has done. As to the chances of the saving by owning the lines after 30 years that is surely, if it can be proved, a fair reduction in the price. It only means that the Cataract will pay 10 per cent. less for the lines after 30 years, and it is merely drawing a herring across the trail. John Patterson.

GOING TO CAMP.

Orders For the Seventy-Seventh Wentworth Corps.

Dundas, June 1, 1908. Regimental Orders by Lieut.-Col. Protemy, commanding 77th Regiment.

Advertising to district orders by the D. O. C., Western Ontario, dated May 15, 1908. The Regiment will perform their annual training at Niagara from June 16 to 27, both dates inclusive.

In pursuance of the above order the 77th Regiment will assemble at the armories, Dundas, on Tuesday, June 16 at 8 o'clock a. m.

Officers commanding companies will detail three men per company, one of whom shall be a company cook, to act as advance party to the regiment. This party will be under command of the quartermaster and Q. M. sergeant, and will report for duty on Monday, June 15, either at Dundas, electric station at 8 a. m. or at T. H. B. station, Hamilton, at 8.30 a. m.

Officers commanding companies will be held personally responsible that each man taken into camp by them is physically sound, and not less than 5 feet 4 inches in height and 34 inch chest measurement.

Officers commanding companies will also be held personally responsible that each N. C. Q. and man is provided with one pair strong shoes, black leather, a change of shirts, socks, towels, soap, comb, razor, pin, clay, metal polish, blacking and brushes, knife, fork and spoon.

The Signal Corps will take all signaling equipment into camp for inspection, not later than June 9.

A FRIDAY FESTIVAL

Of Value-Giving at the Right House Interesting to Everyone.

The Thomas C. Watkins store announces a regular bargain festival for Friday, their great special value day.

So well have people come to know Right House Friday offerings, that they hardly need mentioning here, for hundreds and thousands of people have come to depend on Right House Friday sales to help them save money, by making their dollars do the duty of more than a dollar.

In many respects to-morrow's inducements will be the best of any Friday of the season. Coupled with the Friday specials are the tremendous June white sale, household linen sale, dress goods sale, house sale, silk sale, embroidery sale, glove sale, and others equally important.

Read the details in The Right House ad. in this paper.

Joint Deposit Accounts

A special convenience in force in our Savings Department, is the "Joint Deposit Account."

This means that an account may be opened in the names of two persons (husband and wife or any two members of a family) so that either may withdraw money on their individual cheques.

In case of the death of either person, the entire account may be withdrawn by the survivor.
