## LEONARD HAD MUCH THE BETTER OF JACK BRITTON

### The World's Light Weight Champion Clearly Out-classed His Opponent

New York, Oct. 19.—Benny Leonard, world's champion lightweight pugilist, outboxed Jack Britton, of Chicago, former welterweight champion, in six rounds of a 10-round bout here tonight. Leonard had the better of two rounds and honors were even in two others. Leonard weighed 133 pounds, and Britton 139.

At nearly every stage of the bout Leonard was the aggressor, but Britton adopted a crouching position in order to keep away from Leonard's right, and Benny found it difficult to reach a vulnerable spot on Jack's jaw. Both men did a lot of work with their lefts, but Leonard by long odds was the more effective and landed a greater number of clean blows.

The champion hooked and swung his left into Britton's stomach and face with great force, while the Chicagoan with his left hand reached head and body effectively at times and occasionally landed his right to the head. In at least three of the rounds Leonard fought Britton to the ropes, and forced Jack to twist on his back to ward off his adversary.

Britton was inclined to rough it. He seemed low, and was cautioned several times by the referee. In the seventh round, after the referee had separated the men with a good deal of force, Britton seemingly lost his temper and struck at the referee, who dodged the blow. He did not seem to mind this, as Leonard stepped in at that moment and delivered four lefts to Britton's face. The tenth was fast, both men standing toe to toe. Leonard landed two blows to his opponent's one, and at the close of the fight had Britton in a rather meek condition. Jack's left eye was slightly bruised and he had been bleeding at the mouth from the first round. Leonard showed no marks as he left the ring.

All the New York papers concede the fight to Leonard by a wide margin. The consensus of opinion is that the lightweight champion far outplayed the former welterweight title holder.

### FULTON OUTCLASSED DEVERE

Milwaukee, Oct. 19.—Fred Fulton, Rochester, Minn., heavyweight boxer, stopped Bob Devere, of Kansas City, in the fifth round of a 10-round bout tonight. Fulton outclassed his opponent in every session. A left to the jaw and a rich punch to the stomach ended the affair.

### FITZSIMMONS STILL VERY LOW

Chicago, Oct. 19.—Robert Fitzsimmons, former heavyweight champion of the world, who has been dangerously ill of pneumonia at a hospital here for several days, was reported tonight as "in the same condition he has been since his arrival at the hospital."

### GIVEN FULL POWER

New York, Oct. 19.—At a special meeting of the National League today, president John K. Tener was given full power to act for the league in the matter of the suit of the Baltimore club of the former Federal League. He will represent his organization in consultation with legal authorities looking toward any action which may be undertaken either in defense of the suit, or otherwise.

### BIG RACES POSTPONED

Atlanta, Oct. 19.—Grand Circuit races were postponed today because of rains. Efforts will be made to complete today's card tomorrow, when the first heat will be started at 12.30 o'clock.

### MAY CROSS LINE UNDER A PERMIT

#### Men of Class One Who Have Reported May Get Permit Under Conditions

A telegram has been received from Ottawa by Registrar Carson giving instructions that any man in Class 1 having important reasons to go to the United States, who has complied with the act by claiming exemption or reporting for service, may be given a letter to the local immigration authorities to that effect if the registrar has no objection. Any man granted such permission who stays away after Nov. 19 will be responsible for the receiving of the letter in connection with the tribunal before which he is to appear.

The order from Ottawa does not state that anyone can go to the U.S. for any ordinary reason, but the applicant must show that he has a very important reason for going, connected with business or family matters.

|-------------|-----|-----|
| Shaver      | 156 | 156 |
| Miller      | 132 | 146 |
| Shillington | 123 | 183 |
| Marshall    | 130 | 167 |
| Curtiss     | 116 | 166 |
| Fraser      | 173 | 185 |
| Totals      | 674 | 832 |

#### BOWLING NOTES

A large crowd was on hand to roo for the "Old Timers."

Old Timer Birnie struck out in the second game.

Rochon's youngsters should warm up before the game. They did not get well started until the second game was half through.

Shaver replaced Miller in the third game.

Marshall ran into three splits in his second string.

Warren Lyons is off on a hunting trip. On his return he will strengthen Rochon's team.

Phil Lief replaced Carson in the third. Phil can still shoot the pill down the line in great style.

Fraser rolled 222 for his third string, winning the game for his team.

Monday night Nelsons and the Club Cafe tangle.

### SIR WILFRID HAD NOTHING NEW TO SAY TO ONTARIO GRITS

(Continued from page one)  
probably that within the next week Sir Wilfrid Laurier will also issue a manifesto, outlining his position. It was learned that Hon. George P. Graham made a speech in which he stated that since the beginning of the war he had favored union government. He had favored it when Sir Robert Borden made proposals for union with Sir Wilfrid Laurier, and which, owing to the conditions and circumstances, could not be accepted because it was too late. Later on, when individual Liberals joined to join the government, he had adopted the attitude that the formation of a union government was not desirable, but that it would more properly come after the people had spoken.

Graham Was Fair  
Mr. Graham deprecated criticism of the motives of the Liberals who had joined the Borden administration. They were still Liberals, he said. No one in Ontario would question the loyalty and sincerity of Hon. N. W. Rowell.

Referring to the prime minister's manifesto, Mr. Graham said that the platform as announced showed an infusion of Liberal principles. Some of the plans announced were identical with proposals which had been made by himself. He intimated that if the government were adhered to by the government he would give to it his support, but he would leave himself free to oppose to the full extent of his powers any attempt on the part of the financial pirates to plunder the public treasury. Referring to the military service act, Mr. Graham said it is a deal, stated that he had voted for conscription, and still believed it desirable. He had not changed his views.

It is understood that Sir Wilfrid Laurier, in his speech, did not depart from the views already expressed by him in regard to the military service act. His position in regard to conscription will, it is believed, be dealt with fully by him in the manifesto which he will issue shortly.

### HUNS GET TWO AMERICAN BOATS IN TWO DAYS

(Continued from page one)  
**TOOK GERMAN PRISONERS**  
Paris, Oct. 19.—The French last night attacked the German lines on the Aisne front after a heavy bombardment. The war office reports that the German positions were penetrated and that 100 prisoners were taken. A German attack on the Verdun front, on the right bank of the Meuse, was repulsed. The announcement follows:  
"After particularly effective artillery preparation, a series of detail operations enabled us to penetrate the German defenses in the region of Bray-en-Laonnois and Laifaux mill. We destroyed German defenses and brought back 100 prisoners belonging to four different divisions. An enemy attempt against our small posts in the Chevreux salient was repulsed.  
"Between the Miette and the Aisne we carried out an attack in the course of which we inflicted serious losses on the enemy and captured material. In the Champagne one of our detachments penetrated the German trenches north of the Casque, pursued the retreating enemy and after a spirited combat returned to its own lines.  
"On the right bank of the Meuse we repulsed a German attack north of Chailion-Sous-les-Cotes.  
"Twenty bombs were dropped by aviators last night in the region of Dunkirk. No victims are reported. On October 18 two German airplanes were brought down by section 510 of the automobile artillery."

### JUST ARTILLERY ACTION

Paris, Oct. 19.—The following official communication was issued this evening:  
"At some points on the Aisne front, in the sector of Somain and on both banks of the Meuse, there has been rather pronounced artillery actions.  
"Belgian communication: The cannonade has been intermittent on most of the fronts. It has increased in the sector of Ramecapelle. In the last two days we have carried out retaliatory shelling on enemy organizations and counter-shelled various German batteries."  
"During the night of October 18-19, one of our patrols penetrated a German wood near Dixmude and attacked with grenades its garrison. Shortly after the return of

### GERMAN NAVY REACHED

Petrograd, Oct. 19.—The text of the official report follows:  
"In the Baltic sea, during the battle of Wednesday at the southern entrance to the Moon sound, hits were obtained by our battleships on enemy dreadnoughts. Two trawlers were sunk by our fire Thursday. In the Moon sound region, two enemy torpedo boats ran into our mine fields, where they blew up and sank. Admiral Baklanoff, who commanded our naval squadron in the battle, testified to the gallantry of the crew who took part in the battle."  
"The German naval units which took part in the operation are reported as being not less than ten dreadnoughts of the newest type, about ten cruisers and not

### WARM RECEPTION FOR THE VETERANS

Large Crowd Out to Greet Those Who Have Done Their Bit

Relatives and friends who went to meet their soldier relatives that were due to arrive at 8.30 yesterday morning had to wait until 11 a.m., the train with the returned men being six hours late. A large number of people waited patiently for the arrival of the train, and when it at last arrived the men, the men who had been traveling the long journeys by rail and sea were

more than repaid by the warmth of their welcome home. Some ninety men were in the party, and all looked travel-worn but very happy to look once more on faces they had not seen for many long days. Many of the men whose homes were outside the city left at once for their homes, all being glad to be in Canada again.

**N. ROMANOFF'S FOOD SUPPLY**  
Petrograd, Oct. 19.—The family of Nicholas Romanoff, former emperor of Russia, now procures its food supply by the use of cards. The authorities in the Tobolsk district are issuing food cards and the Romanoffs must obtain their food the same as other citizens.

### BUSINESS MEN BID WELCOME TO NEW Y.M.C.A. SECRETARY

### Mayor Costello Speaks for City and Various Institutions Represented

Calgary citizens gave Stanley Brent, the new general secretary of the Y.M.C.A., a hearty welcome at a supper in the Y.M.C.A. last night. Representatives of almost every important local organization were present to bid Mr. Brent welcome to Calgary and wish him success in his work.

Adm. R. C. Marshall, president of the "Y" presided, and after a few introductory remarks called on Mayor Costello who, in a brief speech, formally welcomed Mr. Brent on behalf of the city.

In the absence of President Black of the board of trade, Archibald McTeer spoke for that organization. H. R. Chauncey represented the Ad club and bid Mr. Brent a hearty welcome. President Jeff Lydall was introduced by Chairman Marshall as head of a very live club. In a brief manner he promised Mr. Brent the support of Rotarians in his work.

In a very humorous speech Rev. A. Rennie, president of the Ministerial association, told Mr. Brent of Calgary's pitfalls and temptations, concluding with a warm promise of co-operation on the part of the ministers of the city. Speaking for the national council of the Y.M.C.A., J. H. Hanna, secretary-treasurer of the school board, explained the new changes in the territorial supervision of the Y.M.C.A. Mr. Hanna stated that western Secretary Harry Ballantyne would shortly move his headquarters to Vancouver.

Holding up the splendid work and extensive influence of Capt. Bob Pearson as an example for Mr. Brent to look to, W. M. Davidson, M.L.A., commended the local "Y" as the institution of most value to the city of Calgary, and in welcoming Mr. Brent, wished him the success which attended his predecessor.

Mr. Brent, in replying, thanked the men for their reception to him, and after pointing the responsibility the war had entailed upon the association at home and at the front, the opportunities for work in Calgary, promised that he would give the best of his efforts and ability to the accomplishment of the association work.

### MERCHANTS BANK EXECUTIVE AND MANAGERS MEET

### Conference of Alberta and B.C. Branch Managers With an Eastern Official Held Yesterday; Banquet Concludes the Event

A banquet was held last night in the ballroom of the Palliser, following a conference of the executive officers of the Merchants bank and the branch managers of Alberta and British Columbia, held during the day, when the bank's policy and general business affairs were discussed.

The executives present were E. F. Hobden, managing director, Montreal; D. C. Macarow, general manager, Montreal; and the following directors, H. Wilson, Montreal; A. B. Evans, Montreal; and G. L. Cairns. The party has been making a tour of inspection throughout the west in the bank's interest, and the banquet held last night was for the purpose of bringing the executive in closer touch with the managers, and with business conditions as they exist in this country.

Mr. Macarow, the general manager, in a statement to The Albertian commented on the excellent condition of affairs prevalent in the western provinces. "The whole business system in force in western Canada," remarked Mr. Macarow, "is on a very sound basis. Our western trip has been an agreeable surprise to us, and affairs are in much better shape than we anticipated. It is five years since I made my last trip through the west and I have found a remarkable change. I am speaking as a business man of business. When last here, though conditions were flourishing, there lacked the stability essential to sound business operations. All this has changed. In every line of trade the operators are firmly established. It is not a case of make a fortune in two or three years and moving on. They are established and their various businesses are established.

Purpose of the Gathering  
"This gathering tonight of the many branch managers will be most beneficial, not only to them, but to ourselves. The executive of the bank is located a long way off. It is difficult to render an answer on some business proposition referred to us, unless we know intimately the man through whom the transaction is communicated to us. That man is the branch manager."

Asked if he anticipated a further reduction of the staff under the Military Service act, Mr. Macarow stated that in one eastern branch 33 of the staff were classified by the medical board as a men. "Our staff is terribly depleted, 600 members of the staff have already gone to the front."

STANLEY BRENT  
New general secretary of the Y.M.C.A., who was formally welcomed to Calgary last evening

### ONE-MAN CARS ARE NOT A FIXTURE; IS A MATTER OF ECONOMY

### Commissioner Graves Believes the System Will Be Abolished in Post War Times; to Be Tried Out This Winter

"I am not sure that the one-man cars have come to stay. In fact I hardly think they have come to stay. But in this period of unusual stress we found it wise to introduce them for the purpose of reducing our cost of operation. We had but three things to choose from, either lose money, increase the fares or reduce the cost of operation. The one-man cars made the latter possible and we have adopted it at least for the present." This was the explanation given by Commissioner Graves to F. A. Hoover of Vancouver, vice-president of the international union of street railwaymen.

Mr. Hoover is in town for the purpose of looking over the operation of one-man cars and to report the result of his observations to the officers of the international union.

Only a Trial.  
Mr. Hoover visited the commissioners yesterday afternoon and spent last evening in riding on the cars and making personal observations. Commissioner Samis explained to Mr. Hoover that the one-man cars were still practically on trial; in fact he pointed out that the council had power to reverse any decision it had arrived at in the matter at any time. There has been no charter amendment and so there is nothing to prevent the council from rescinding any former decision.

Commissioner Graves also explained to Mr. Hoover that some of the difficulty now experienced through the men having too much to do might be eliminated by introducing a system of selling tickets off a reel, something similar to that used in the picture theaters.

### JOHN A. IRVINE IN OPPOSITION TO THE UNION GOVERNMENT

### Candidate in West Calgary Cannot See His Way Clear to Support Sir Robert Borden

John A. Irvine, Liberal candidate for West Calgary, is not in favor of the present union government. He told The Albertian last night that he favored a national government chosen after the election from the various parties, which would be truly representative of all parties.

As far as the present cabinet is concerned he cannot see his way clear to endorse it.

Mr. Irvine remarked: "I am a Liberal and have always been a Liberal and do not see any reason why I should endorse a government headed by Sir Robert Borden. As to win-the-war I hold that I am as much a win-the-war candidate as anyone. I am out to win the war and be-

### Semi-ready Styles for Young Men

In the Semi-ready Models there are smart styles for young men. Staid styles for men of mature years. Good styles for all men.

Semi-ready Tailored Clothes have an expression all their own—they are made for the critical and the particular—designed for the man of fastidious taste in dress.

The new Semi-ready patterns and models are supplemented by Special Order samples—from which an individual suit will be custom-tailored to measure in four days at values varying from \$18 to \$25 and \$35. Most men choose above \$20 nowadays—to get the finer-feeing wool quality cloth.

### BACON KNIGHTS ADMIT THAT THEY "TRANSGRESSED"

Forced Up Prices on Hogs; Several Peculiar Messages Read at Investigation; Had to Assure "Denny"

### FOX EVASIVE

General Manager of Davis Co. on the Stand; Is Finally Held to Statement on Increase of Prices

Toronto, Oct. 19.—It was established today at the government investigation into the war-time profits on bacon that one of the chief reasons for the rapid increase in prices was the entry of the Matthews-Blackwell and Wm. Davies companies into the market at a time when the supply was low and their consequent purchases at extremely high prices. These facts were gleaned from E. C. Fox, general manager of the latter concern, when he was recalled to the witness stand in the afternoon by J. W. Bain, government counsel.

At first when questioned regarding the activities of the Matthews-Blackwell company, Mr. Fox was evasive, stating that one packer and another was responsible for the forcing up of prices. Pressed further, however, he admitted that the Matthews-Blackwell company had from time to time been "aggressive" on the market. Finally he agreed with a statement by Mr. Bain that the Matthews-Blackwell people at one time were willing to pay any price for hogs, and that the company he represented had also "transgressed" in this regard.

Interested Messages  
Mr. Bain read a series of cables from the Davies company to Sheed-Thomson, their London agents, in which advances in hog prices were reported, among other things, one "dramatic rise" in the market being reported. One cable congratulated Sheed in the minimum price guarantee. It was described as a "splendid stroke of business."

"As a matter of fact it was of no advantage to us except during a three-week period, because the market was always above minimum cost," said Mr. Fox.

One cable from the Davies company to Sheed-Thomson stated, "Assure Denny that we are looking after his interests with respect to quantity." A short time afterward another cable from Sheed-Thomson said, "Denny says he has been getting too much Canadian bacon. That explains cost of bacon in Canada."

**1** I vote for the Government

Je vote pour l'Opposition

**3** I vote for the Independent Candidate  
Je vote pour le candidat Independent

**4** I vote for the Labour Candidate  
Je vote pour le candidat Ouvrier

**HOW THE SOLDIERS WILL CAST THEIR VOTE**  
Formation of the union government will not interfere with the details of administering the military voters' act, under which Canadian soldiers will have a vote in the coming election. The ballot was carefully prepared so as to cover every contingency, and while it says nothing about the union government, the word government is quite sufficient. The voter if he desires to vote for any particular candidate or candidates designated by name shall write the name of such candidate or candidates in the first white space, or if he desires to vote for a party he shall make an X within the white space containing the name of the party for which he intends to vote. Each of the ballots goes into an envelope on which the soldier states, among other things, his place of last residence, or if that is uncertain, the riding in which he wished his vote to count.

### BIG MEETING TUESDAY NIGHT

Dr. Lafferty has announced that the public meeting which he is calling for the purpose of solving the local political situation, hoping to avoid an election, will be held on Tuesday night of next week. The meeting will be held at some convenient point but the place has not yet been decided. Although no cut and dried program has been arranged, it is expected that the meeting will be almost entirely devoted to plans to arrive at the desired end rather than unnecessary speeches.

### OWNER OF AUTO LICENSE NO. 5788 FOUND BY POLICE

Summons Has Been Issued for His Arrest; Alleged to Have Run Down a Boy

On Thursday afternoon at the corner of Ninth Avenue and First Street West, Albert C. Willough, a 16-year-old boy, was run down by an auto, thrown from his wheel and shaken up. The driver of the car failed to stop, but fortunately for the safety of the public in general, eye-witnesses of the accident secured the number of the car, which was reported to the police as being license No. 5788.

### ELECTRICAL WORKERS QUIT

San Francisco, Oct. 19.—A coast-wide strike of electrical workers of the Pacific Telephone and Telegraph Company developed today when it was announced that W. F. Delaney, Seattle; F. E. Kerr, Fresno; and P. H. Shock, Los Angeles, members of the employees' conference committee, had abruptly withdrawn from further negotiations with the company.

### MUST HAVE PERMITS

Ottawa, Oct. 19.—Men coming within the first class callous under the Military Service Act will be given permits to leave Canada only if they are able to show that they have completed the terms of the proclamation. On this point the superintendent of immigration, with the approval of the militia department, has issued a statement.

### BOARD OF CONCILIATION

Ottawa, Oct. 19.—A board of conciliation has been established by the labor department between the Michigan Central railroad and its train freight men, etc. James Murdoch, Toronto, having been appointed by the employees as their representative, a nomination from the company is expected immediately.

### TRIPLETS ON TRAIN

Denver, Oct. 19.—Mrs. G. Atkinson, of Seattle, became the mother of triplets aboard a westbound Rock Island train early today. Two of the children were born in Kansas and the third at Peonico, just across the Colorado line. Mrs. Atkinson had been visiting in the east. Mother and children are well, and now are at Colorado Springs.

### POSSIBLE THREE SNAKES

Vancouver, Oct. 19.—Chong Shun, a Chinese restaurant and rooming house keeper at Marpole, was fined \$50 today by Magistrate Haney for having 30 bottles of Old Kwong, a Chinese medicinal wine, known among the orientals as "three snakes," on his premises. For the defense it was claimed that Old Kwong was a proprietary medicine and not a beverage, and that it had been passed by the customs as medicine.

**THE WANT AD WAY**

### The Crushed-Coffee Smile

Is naturally a broad and radiant one, because he who wears it has discovered a fine, rich coffee which has none of that bitter "after taste" so common to ground coffees. That is because the bitter chaff and dust have all been removed from Red Rose Coffee, which is crushed—not ground. It is hard to believe that there could be so much difference in coffees until you taste Red Rose Coffee.

The same price as it was three years ago.

### Red Rose Coffee

**EX-GREEK KING ILL**  
Paris, Oct. 19.—A Zurich dispatch to the Mezin says the old wound of former King Constantine of Greece has re-opened and that an operation was performed at the Sauerbruch Clinic, in Zurich yesterday. His condition is said to be most grave.

**HEAVY PAYMENT OF TAXES**  
The payments on taxes are steadily improving as the days for the 10 per cent discount become shorter. Yesterday there was received at the tax collector's counter \$146,728.35. This is almost twice that received on Thursday and four times that received on Wednesday. The office will be kept open until 10 p.m. today as this is the last day on which the 10 per cent discount may be secured.

The tax certificate list has not been prepared in time for advertisement today, but will be advertised on Monday, Oct. 22. The last day for redemption before the sale will be either Nov. 19 or Nov. 22.

**SCARCITY OF COAL**  
Rotterdam, Oct. 19.—Foreign steamships will not be supplied with bunker coal in Dutch harbors, according to the Maasbode. This measure, it adds, will be taken owing to the scarcity of coal in Holland.

**FAVORABLE TO GOVERNMENT**  
Paris, Oct. 19.—The discussion of the government's general policy in the chamber of deputies today ended with a vote favorable to the government of 339 to 96.

### A Test of Our Shoe Repairing Service

It is easily made. Send us a pair that you have discarded as useless. We'll put new soles and heels on, put in new eyelets, stitch the uppers or do anything else required. When you get them back you will not recognize them as the old, worn-out shoes you sent us. They will be both as wearable and presentable as when they were new. Make the test today.

### REFUSED PERMIT TO SELL STOCK

Utilities Commission Will Not Allow Co-operative Co. to Sell Stock

The Calgary Co-operative Company, Limited, with headquarters at Calgary, has been refused a permit to sell shares of the commission. The company very wise powers. But when application was made to the public utilities commission for authority to sell shares the commission refused permission on the grounds that the charter gives the company too broad powers. The company's legal representative in Edmonton is taking the matter up with the commission again.

### PAINTERS OPEN NEGOTIATIONS

Will Try and Reach Settlement With the Master Painters

While the painters' union and the master painters are still at a dead lock it looks now as though some settlement may be made. Negotiations will be reopened today between the union and the master painters. So far only one master painter has accepted the conditions laid down by the painters' union. The men asked 60 cents an hour at first, but later offered a compromise at 55 cents until April 1 and then 57½ cents until July 1. The masters refused to accept this offer but made a counter offer of 55 cents for nine months. This is an advance of five cents per hour over the prevailing pay. The men could not see their way to accept this offer so that only the one man who agreed to pay the union wages has had men.

Last night the union painters decided to reopen negotiations with the master painters today.

**MAY NOT BE CANDIDATE**  
It is possible that P. Turner Bone, who has served on the hospital board since the early days before the erection of the present hospital, may not stand for reelection. Mr. Bone told The Albertan yesterday that he had been so long connected with the work of the hospital board and takes such an interest in it that he was very much adverse to giving it up. But the work connected with the Patriotic fund demanded so much of his time at present that he feels he cannot do justice to any other public work.

**WILL NOT RUN**  
Archie Nimmo has come to the definite conclusion that he will not stand for reelection to the school board this fall. So he told The Albertan yesterday. He gives as his reason the increased demands of his business.

**BRICKLAYERS STAND FIRM**  
There has been no change in the aspect of affairs on the Lancaster building or the new Thomas building. The men who went out on protest that the agreement entered into between them was not being carried out are still firm in their attitude.

**CROWD OF SOLDIERS ON A RUSSIAN CRUISER**  
This photo is timely just now when the Germans are forcing their way to the Gulf of Finland. It illustrates the voyage of a batch of Russian soldiers to France on board an auxiliary cruiser. Before the vessel sailed a member of the provisional government came on board and addressed the men, wishing them the best of luck. Hearty cheers were afterwards given for the member of the provisional government leading the cheering.

Dog lovers turn naturally to the Saturday Herald for the latest news in the canine world.

### THERE'S GOOD SUNDAY HOME READING FOR EVERYBODY in SATURDAY'S HERALD

HOW I CURED MY CATARRH TOLD IN A SIMPLE WAY

Without Apparatus, Inhalers, Salves, Lotions, Harmful Drugs, Smoke or Electricity

Heals Day and Night

It is a new way. It is something absolutely different. No hot steam sprays or sticky smelling salves or creams. No atomizer, or any apparatus of any kind.

My cataract was fifty and I had it for some time. It dulled my mind. It undermined my health and was weakening my will.

Send no money. Just your name and address on a postal card. Say "Dear Sam Katz." Please tell me how you cured your cataract and how I can cure mine.

Send no money. Just your name and address on a postal card. Say "Dear Sam Katz." Please tell me how you cured your cataract and how I can cure mine.

OVERCOME BY CROWD New York, Oct. 19.—Several women were overcome when they were jostled in the crowd attending a Liberty loan meeting on the steps of the United States sub-treasury building here today.

CARRICK WITHDRAWS IN THUNDER BAY FOR SOLDIER CANDIDATE

Favors Col. Dan Hogarth and Believes Election Will Be Avoided

Toronto, Oct. 19.—J. J. Carrick, who has represented Thunder Bay and Rainy River as a supporter of the Borden government in the house of commons for years, has relinquished his claims to nomination in the forthcoming elections in the following telegram sent today to F. S. Wiley, president of the Liberal-Conservative association of Port Arthur.

"At the same time, while I fully appreciate the honor and confidence reposed in me by the district as their representative for the last few years, I am willing in order to avoid a war-time contest for the constituency to resign the nomination which I have held for over two years in favor of Col. Dan Hogarth, D.C.O.

BISHOP TO GO OVERSEAS St. John, N.B., Oct. 19.—Right Rev. J. A. Richardson, bishop of Fredericton, has been selected by the house of bishops of the Church of England in Canada, to go overseas and on behalf of the church make inspection of the Canadian troops in England and in France and submit a report regarding their condition and environment.

BERLIN TO RIGA BY RAIL Amsterdam, Oct. 19.—Through trains are now running from Berlin to Riga, the trip consuming 24 hours. A person can now travel from the Baltic seaport to Ostend, Belgium, with one change of cars at Berlin in 45 hours.

States sub-treasury building here today. They were removed to the office of J. P. Morgan & Co. across the street, where they were attended by hospital doctors.

COAST PAPERS ARE SATISFIED

Editorial Comment on Union Government Endorses New Policy

Vancouver, Oct. 19.—After reviewing the announcement of the policy of the union government, the Vancouver Province says:

"This is a good time to take up such social and economic questions. They are much in the public mind, and a government which deals with them in a sane and judicious way has the present advantage of a strong but not hysterical public sentiment. These are matters with which an administration of both parties is in better position to deal than any party ministry would be.

In General Terms St. John, N.B., Oct. 19.—The Evening Times-Star says: "Sir Robert has announced in general terms the policy of the new government. Its merits will be determined by the extent to which its provisions are carried out."

PURE BLOOD MAKES HEALTHY PEOPLE

Hood's Sarsaparilla surely and effectively removes scrofula, boils and other blood diseases because it drives out of the blood all the humors that cause these diseases. They cannot be successfully treated in any other way.

TELEPHONE OPERATORS STRIKE

San Francisco, Oct. 19.—Approximately 2,000 operators of telephone and telegraph companies in the State of Washington are to go out on strike at midnight tonight.

REPRESENTATIVES TO THE PROVINCIAL TRIBUNALS NAMED

(Continued from page one)

thorities, that all men in the locality of the class called out comply with the law. He reports that he has not complying with the act to the district military representative.

Representative's Duties Attention was called to the explanatory announcement issued by the minister of justice on September 11, which appeared in all the daily newspapers in Canada, and was posted in all post offices. The representative pursuant to this notice, will endeavor to explain to those in his locality affected by the act, the advisability of reporting or claiming exemption as early as possible. He should also make clear that the man who reports for service will not be placed on active service any earlier than the man who claims exemption, and does not sustain his claim; furthermore, claims for exemption will be dealt with in the order in which they are received, so that the man who filed his claim first will be the first to know his status.

The claims for exemption which are sent in through the post office to the registrar of the district will be scheduled by him and copies sent daily to the military representative (district), who will transmit them to the local military representative. These schedules will indicate the date and the tribunal at which the person concerned will be heard.

The exemption schedules will be in the hands of the local military representatives some days before the hearing of the claim in each case. In this way, the representative will be enabled to investigate each claim before it is heard by the tribunal. In cases where the claim is found by the preliminary inquiry to be well founded, the representative should notify the tribunal in writing that the claim will not be contested by him; it is impossible to give details as to what action he should take in such individual cases, so that he will be obliged to use his own discretion; but he should be guided by the following general considerations:

(a) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he is habitually engaged.

(b) That it is expedient in the national interest that the man should, instead of being employed in military service, be engaged in other work in which he wishes to be engaged and for which he has special qualifications.

To Stop a Persistent, Hacking Cough The best remedy is one you can easily make at home. Cheap, but very effective.

Thousands of people normally healthy in every other respect, are troubled with a persistent hacking or bronchial cough year after year, disturbing their sleep and making life disagreeable. It's so needless—there's an old home-made remedy that will end such a cough easily and quickly.

DISTRIBUTORS AND PRODUCERS OF MILK TO HAVE HEARING

Committee Will Figure Cost of Production and Set Prices at Various Centers

Ottawa, Oct. 19.—At this morning's session of the milk investigating committee it was decided before proceeding any further with the enquiry into distributors and producers in the various cities throughout Canada, requesting that they appear before the committee Wednesday or Thursday next prepared to state all the facts and to give information regarding their side of the question. The writs will be sent out immediately from the food controller's office and will state that it is important that representatives should appear and give definite information regarding the cost of producing milk. The committee will issue the names of the producers and distributors listed last in the day.

After some discussion on the question of price of milk, it was decided that the milk committee should take the cost of production as its basis and its prices for the various districts. As cost of production advanced or decreased, the price of milk could be fixed on a sliding scale.

W. A. Wilson, dairy commissioner for the province of Saskatchewan, who only reached the convention this morning, favored the manufacture and transportation of oleomargarine. He stated that the admission and manufacture of oleomargarine would prevent the most laborious branch of agriculture and the one farmers would be most likely to drop.

# AUTOMOBILES

## THE AUTO TROUBLE SOLVER

If you have any problems or wish any information about your automobile, write us and we will be pleased to answer you under this heading.

**Q** My 1915 model... has gotten so that after starting it up, very often it will not pull in high gear. I have to start it a number of times before it will take the gas properly. What do you think is the proper remedy for this? And again, it has gotten so that it will not pull well in high gear. I have had the valves ground and it will pull in low, but will not pick up quickly. What is the trouble? For the past three months there is an unusual strong humming noise as if it was the motor. A mechanic says it is the rear axle, but I can hardly think so. What do you think?

**A** I believe that a poor carburetor adjustment, in combination with a bad spark, is the cause of your trouble. What probably happens when you start is that much of the gasoline condenses on the manifold, and when you open the throttle this gas, due to the friction of the fast-moving mixture, you open the throttle cylinders, making the mixture far too rich. You will probably find that there is a certain speed at which the engine will run immediately after starting, and that if you open the throttle very slowly it will speed up all right.

**Q** I have a 1916... which gives me all kinds of power, and I get about 15 miles to the gallon of gas, but I must use nearly a quart and a half of oil per 100 miles, and the engine is always choked with carbon.

**A** I have put in new rings recently, but it has made no difference as regards the amount of oil I have to use. I was told that by drilling a number of small holes in the piston rings that the oil will be given a chance to run back and so overcome my oil trouble.

**Q** I have a 1916... which gives me all kinds of power, and I get about 15 miles to the gallon of gas, but I must use nearly a quart and a half of oil per 100 miles, and the engine is always choked with carbon.

## NO GLARE LAW TO BE RIGIDLY ENFORCED

This Is Word Received From Edmonton by Auto Club President

Word has been received by W. F. W. Lent, president of the Calgary Automobile Club, from the attorney-general's department that the motor vehicle act pertaining to the headlight glare is to be rigidly enforced from now on. All motorists must observe the headlight law, through I. K. Kerr, Jr., secretary of the Calgary Auto Club, and as a result of the number of inquiries, he wrote the attorney-general's department some time ago and this communication is a result of Mr. Kerr's letter.

## POINTERS FOR TRAFFIC RELIEF

Common Sense Road Rules Suggested by Police Department

**DON'T**  
Drink intoxicating liquor while operating a motor car.  
Permit your chauffeur to speed.  
Pass a street car while passengers are boarding or being discharged.  
Pass on the left hand side of a street car or any other vehicle which is being driven along the street car tracks.  
Attempt to cut in between street cars going in opposite directions.  
Use glaring headlights in the city.  
Ride on the wrong side of the street.  
Permit anyone under 18 years to operate a car.  
Keep up a conversation while driving a car.  
Turn to the right or left until you have signaled the vehicles behind.  
Drive fast while approaching or passing a school.  
Argue with police officers. You will get the worst of it.  
**DO**  
Read, study and obey the traffic laws of the city and province.  
Always drive on the right side of the street.  
Use the best lamps and light them at sundown.  
Get your motor car and chauffeur's license at once.  
Obey the traffic officers at all times.  
Use dim lights on front of car.  
Use tire chains on rainy days.  
Signal drivers back of you in case you intend to turn or stop a car.  
Watch your speedometer and have it tested frequently.  
Slow down at street intersections.  
Respect the rights of pedestrians.  
In case of accident stop at once and give your assistance to the injured.  
Stop at all railroad crossings before crossing.  
Always sound a signal when approaching an obstructed crossing.  
Pay particular attention to the laws pertaining to speeding.

## MONEY IN TRUCK SAYS A HUCKSTER

Down in Arizona Gardener Gets Over Bad Roads by Using Maxwell Car

Hucksters are fast finding the one-ton Maxwell truck a money maker for them far beyond their ability when teams and wagons are exclusively used. One instance that serves as an example of what a huckster may accomplish by adopting motor truck transportation is the case of Al Keegan, of Phoenix, Arizona. Keegan piles his trade of vegetable vander between Phoenix and Avondale. For years he had used a double team and wagon. Often the Arizona roads were so difficult of navigation that it was impossible for a team and wagon to get over them to town with a load.

### Willard

## See The Point?

The biggest argument for Willard Battery Service is the fact that it saves a lot of repairs that would be necessary otherwise. Let us show you.

Motor Car Supply Co., Ltd.  
607 FIRST STREET WEST

Free inspection of any battery at any time

seat of trouble is discovered. Rattling caused by this looseness will be more frequent and distinct when the car is riding over fairly rough roads. A good method of taking up the play is to place shims between the spring and the shackles. Or the play may be removed by tightening the spring bolts. Watch the shackles and do not allow mud to accumulate, for small particles of flinty grit in the mud make their way into the working parts and cause excessive wear. Lubricate the shackle bolts generously.

# Neolin Soles

ARE

# Waterproof

Wet feet are often the direct cause of pneumonia, sore throat, diphtheria, etc.

We believe Neolin soles are the acme of perfection for wear, and walking around in the wet they are unsurpassed.

## AUTOS KILL 600,000 CHICKENS

Indiana Genus Figures Monetary Loss from Poultry Fatalities

## MOTORISTS-ATTENTION!

The Attorney-General announces that the "Headlight Law" is to be enforced. The Alberta Motor League officials advise that instructions have been given police officials to enforce this new law immediately.

## NEW ADVERTISING MANAGER FOR THE MITCHELL AUTOS

The Mitchell Motors Company, Inc., of Racine, Wis., announces the appointment of Frank A. Kapp as their advertising manager.

## R. S. McLAUGHLIN NOW DIRECTOR OF THE CHEVROLET CO.

Mr. R. S. McLaughlin, president of the McLaughlin Motor Co., Ltd., Ottawa, Ont., and director of the Dominion bank, was appointed a director of the Chevrolet Motor Company on Oct. 5 at a meeting held in New York.

## BEWARE THE HAMMER!

Care in the use of the machinist's hammer, which forms a part of the tool equipment of every automobile, is one of the first things the amateur automobile repair man must learn when working around the engine, says a writer in the current issue of American Motorist.

## MORE THAN 4,000,000 CARS REGISTERED IN U.S.

More than 4,000,000 motor cars of all descriptions in use in the United States were registered in the several commonwealths during the first six months of the current year.

## PROGRESSIVE TIGHTENING

In tightening opposed nuts, such as those holding the bearing caps in place, one nut should be drawn up a little and then the opposite one tightened a little. It is wrong to tighten one nut fully and then proceed with the other, as this method tends to spring the metal and cause poor contact.

## TESTING WHEELS

Every car owner ought to make it a practice to test the wheels for side play, at least three or four times a year. Side play performs a doubly vicious role, for it covers excessive bearing wear and tire wear as well. If the motorist will jack up each wheel in turn and grasping it firmly push and pull it any side motion will be readily apparent. In many cars wheel bearings are adjustable to care for just such trouble.

## WATER CAUSES MISSING

One of the causes of an engine missing explosions, which is sometimes very mysterious, is water in the carburetor. If you have tried all other causes of skipping, try draining the carburetor. If some is caught in the hand, the water will be repelled by the gasoline and form globules.

## City Welding and Repair Shop

The welder wants you to bring in your broken articles to weld. And you want them welded. Bring them to the shop and we will be all satisfied.

# Puncture Cure

Every up-to-the-minute Motorist is adding to his equipment, accessories that point to safety, comfort, ease of mind combined with general economy. Puncture Cure has already merited the confidence of all its users. WHY?

**BECAUSE**—Its inventor was determined upon overcoming imperfections found to exist in other preparations; he overcame them, and not only has his chemist furnished a qualifying certificate, but a practical time test of over 18 months has proven this beyond doubt.

It instantaneously seals punctures. It does not impair the resiliency of tires. It does not damage rubber, fabric or metal. It prolongs the life of tires.

### CANADIAN TRADE REMARKABLY GOOD SAYS DUN'S REVIEW

Fully Up to Best Records for This Period; Orders Being Placed With More Confidence

New York, Oct. 19.—Cooler weather had a good effect on business in the Dominion of Canada, according to dispatches received by Dun's Review from branch offices of B. D. Dun & Co. in the principal cities, and distribution of seasonal commodities, both wholesale and retail, is fully up to the best records for this period.

Trade by Districts.  
Retail trade in staple lines is well maintained at Winnipeg and country merchants are placing orders for dry goods, clothing, footwear, furnishings, groceries, hardware and other staples with a liberality that reflects considerable confidence in the future.

### NEW YORK MARKET STORMY AND ACTIVE

All War Demands Show a Healthy Strengthening

New York, Oct. 19.—Equipment and other issues comprising the more important shares were again the conspicuous feature of today's strong and active market. Ralls and the securities of other companies which derive less direct benefit from war demands also moved forward.

### FIRMER UNDERTONE WITH MONTREAL

No Noticeable Advance in Any Stocks But Tone Improves

Montreal, Oct. 19.—There was a firmer undertone to the Canadian security market today, although improvement in prices in some directions was partly offset by sagging in others. Not changes, in few cases important, embraced more gains than losses; there was no recurrence of pronounced weakness in specialties, such as was in evidence in the earlier days of week, and selling of the more pressing sort appeared to have been completed.

### CALGARY WEEKLY LIVESTOCK MARKET SHOWS DECLINE

Business at Local Yards Has Been Good During Week; Embargoes Affect Values

About 25 cars of cattle passed through the yards yesterday, the tops being some very good beef which were sent out as feeders. There sold at 9 cents.

### UNITED GRAIN GROWERS' LIVESTOCK BULLETIN

Receipts  
Horses Cattle Hogs Sheep  
Last week's Alberta  
Stockyards ... 236 4612 1392 432  
This week ... 212 2682 1083 311  
Corresponding week  
a year ago ... 229 2397 1757 987

The feature of the market was the drop in hog prices, \$1.40 below the figure paid for last week. Buyers generally anticipate a further decline in porkers, and also anticipate a heavy run, as the spring pigs have started to come in.

There were no sheep offered, and any that put in an appearance will sell readily at a good figure.

For the past week trade has been brisk, but all values have shown a slight decline.

### MAYLAND'S STATEMENT

Beef Cattle—Lighter arrivals of beef, due to the storm, and good feed demand, helped a market which otherwise would have lowered seriously. It looks as if this market is bound to go over, as there will be heavy receipts here after the weather settles, and outside markets are weak and low.

### PARSLOW AND DENOON'S LETTER

Continued liberal receipts of cattle and light outside demand made a very slow market this week with prices ruling 1/2 to 1/4 lower. The best choice heavy steers sold \$9.00 to \$9.50, with good butchers \$8.00 to \$8.75.

### CHICAGO LIVESTOCK

Chicago, Oct. 19.—Cattle—Receipts, 1200; market steady; beefs, \$6.75 to \$7.25; western steers, \$5.90 to \$6.55; stockers and feeders, \$6.00 to \$6.40; cows and heifers, \$4.85 to \$6.00; calves, \$9.00 to \$10.00.

### WINNIPEG LIVESTOCK

Winnipeg, Oct. 19.—Livestock receipts at the Union stockyards for today's market were 3,700 cattle, 1,000 hogs. Cattle trading showed quite an improvement of the past few days, there was considerable more action by the buyers, although prices did not advance to any extent.

Good steers sold at a slight increase, cows and heifers sold at steady prices; bulls and stags were in good demand at unchanged prices, stockers and feeders were just steady for the better class stuff, low and average and feeders are not wanted and are hard sellers at any price. Veal

There was a fair run of cattle this week. The market is 25 cents higher than last week on all kinds except choice heavy feeders, which I think are 25 cents to 50 cents higher.

Grant, on Saturday, the 27th day of October, 1917, at 10 o'clock in the forenoon, the following lands and premises:

SASKATCHEWAN
HOUSE TO MEET
ABOUT NOV. 15
Provincial Parliament Will Hold Early Session if Federal Election Is Delayed
Regina, Oct. 19.—Although there has been no date fixed so far for a session of the provincial legislature this year owing to the uncertainty as to a possible federal election before Christmas every preparation is being made for an early meeting of the house if circumstances permit. It is generally understood that if it is decided not to have a Dominion election until early in 1918, the provincial legislature will meet about the middle of the next month. Everything about the building points to an early session unless Dominion elections are arranged to take place in the near future.

MOVING FROM PETROGRAD
Petrograd, Oct. 19.—The government has definitely determined to move to Moscow in the very near future.

LIBERAL CONSCRIPTIONISTS
Hamilton, Oct. 19.—It was officially announced that the meeting of Liberal conscriptionists of Ontario, at the Royal Connaught hotel, scheduled for Thursday of next week, has been postponed until November 2. Hon. W. W. Rowell and Hon. Frank Carvell, of the Union cabinet have promised to attend, and Mr. Pardee and Mr. Guthrie are also expected. It will be an open meeting under the auspices of the 40 conscriptionist Liberals who met some time ago in Toronto.

DR. CLARK ENDORSED AT TWO MONSTER EDMONTON MEETS
(Continued from page one)
con, and A. R. Aldridge, his Conservative opponent, and others. S. B. Woods, K.C., presided at the meeting in the McDougall church, and explained that the objects of the Win-the-War league in the city aimed at the abolition of all partyism during the period of the war.
Dr. Clark was received with applause to the podium. He thanked Edmonton for what it had done in a great struggle, and tendered his sympathies to the bereaved who had lost loved ones. He dealt with the Winnipeg Liberal convention, he said that the people of the west would not allow themselves to be put under the domination of Quebec.
