The regular meeting of the W.I. will be held at the home of Mrs. S. Harper on Wednesday evening, Nov. 14th. Report of convention will be given by delegate. Roll call "How I spent Thanksgiving."

Pay your next year's subscription to the Guide-Advocate now and get two chances on the Ford Sedan and cash prizes given by the Watford Community.

Peter Pan tailored blouses. The new flannel and velvet vestees.—A. Brown & Co.

Monday next is Thanksgiving Day and a public holiday. Attend the combined Armistice Day and Thanks giving Day service of praise and Thanksgiving to be held in the Lyceum in the morning.

Do you read "Slat's Diary" each week? Several readers tell us they get a laugh in every line. If you're not too old to remember your own "school days' philosophy" turn to page two and read it.

Art Tailored Suits are made right—satisfaction guaranteed.—Swift's.

Young men and boys are advised that it is against the law to carry a gun without a permit from the proper authorities. A good deal of promiscuous shooting it reported throughout the country.

A meeting of the Reading Club will be held on Wednesday evening, Nov. 14, at 7.30 p.m. in the Public Library basement, for the purpose of reorganizing for the coming year. All interested please note.

May McAvoy will be presented at the Lyceum tonight in "Everything for Sale" a story of the hour, of how a man thought everything had its price, even to a woman's soul, written by the distinguished playwright Hector Turnbull.

When anyone wishes us to publish a letter about some else; but, "leave my name out of it." We are reminded of that story about the monkey who made the cat pull the chestnuts out of the fire.

Griffins washable suede gloves in beaver, mode and brown, a wonderful glove for 75c per pair.—Swift's.

Next Sunday being Armistice Day the morning service in all Anglican churches will commence at 10.30 instead of 11 o'clock in order that the two minute silence may be properly observed by silent prayer and thanks giving.

Harvey, the twelve-year-old son of Capt. R. H. Stapleford met with a distressing accident on Thursday evening last. While playing with some other boys, coasting down the hill near the station in an old rig, by some means the wheels jammed throwing the boys out, with the result that young Harvey got a bad cut on the face near the eye. Mr. Ray who witnessed the accident picked the boy up and carried him to Dr. Sawers' office and several stitches were required to close the gash.

Harvey was then taken to his home on Erie street and is now progressing favorably.

Ladies sport hose 88c, \$1.00-\$1.25, \$1.35, best value in Canada. See them at Swift's.

Rev. T. DeCourcy Rayner has been suffering from a rather severe attack of appendicitis for over a week and although suffering considerable pain, managed to preach the anniversary sermons on Sunday, and with difficulty to take part on Monday, but has been confined to his bed ever since.

The Methodist and Congregational churches will hold union services on Sunday, the morning service will be held in the Congregational church and the evening service will be held in the Methodist church. T. D. Rayner hopes to be able to preach at both services, his topics will be 11 a.m. "Thanksgiving"; at 7 p.m. "God's Hand in History."

Stamped linens—new patterns now in stock.—A. Brown & Co.

"Wear a Vetract Poppy on Armistice Day." Help alleviate distress among returned men and their dependents also dependents of those who did not return. Indicate your appreciation of sacrifices made by wearing replica of flower which blooms above graves in Flanders Fields. Representatives of Women's Institute will sell poppies on Friday and Saturday.

Six dozen men's fine shirts, choice patterns, \$1.25, full range of sizes.—Swift's.

All subscribers paying their subscriptions, either past due or for next year, before the 31st of December, will get two chances on the Ford Sedan and cash prizes being given by the Watford Community Club. Those from a distance sending subscriptions by mail will be allotted signed tickets for each dollar sent, which will be placed in the ticket box on our counter.

Local happenings may be quoted as decidedly quiet this week: demand steady and continuous, supply nowhere. Weddings, scarce, but in view; fatalities, a few on the market; minor accidents, slim and slight value; municipal topics, stirring with prospects of an early boom; all local interest centered on the tax collector; rabbits running wild with dogs and shot guns at a premium.

Thanksgiving neckwear—the newest patterns, shapes and best quality.—Swift's.

It was forty-three years ago last Sunday since the big fire at the south of the town when the Baker House and stores south thereof were burnt down. It is said to have been one of the hottest fires ever seen here. There was deep mud on the street at the time which was dried hard in the vicinity of the fire by the heat from the burning buildings, and every water tank on the two blocks was pumped dry. No waterworks in those early days.

On Wednesday afternoon the children of the Primary class of the Presbyterian Sunday school held a farewell party in honor of Billy MacLean before he leaves for Chesley. Games were played and a good time in general had by the twenty-five members who then sat down to a bounteous repast, supervised by their teacher, Miss Jessie McIvor. On behalf of the teacher and classmates Billy was presented with the Bible story book "The Precious Gift."

Eight dozen men's fur band caps, a special for this week \$1.25.—Swift's. Jack Hathaway, the 16-year-old son of Mr. and Mrs. C. B. Hathaway of Palmerston, is developing into a violin artist of some merit. At the anniversary services entertainment of the Palmerston Methodist church two weeks ago he played selections which were rapturously received by the audience and his playing proved a surprise to all who heard him. The Palmerston Spectator's report says: "The surprise of the evening was a violin solo by Jack Hathaway. His selection and encore proved a delightful variation in the program." His solo was "Berceuse" from Jocelyn by B. Godard, and he received the applause of the evening to which he responded by playing for his encore "Humoresque" by Anton Doovak. Jack is a grandson of Mrs. Elizabeth and the late Robt. Hasket and a nephew of Mrs. Lillian E. Chambers, Watford.

On Sunday evening next, Armistice Day an appropriate thanksgiving service with special prayers and music will be held in Trinity church, and the rector will preach a sermon in keeping with the occasion. All are invited and welcome.

misses and children, none better, few as good, 75c and up.—Swift's.

A new two-dollar Dominion bill with the portrait of the Prince of Wales is being put into circulation but we hasten to assure our readers that there is absolutely no objection to the old bills at this office. Bring all you can and get tickets for the Ford Sedan and cash prizes.

The Hallowe'en tea given by the "Builders" Mission Band of Presbyterian church was very successful. The president and girls of the Mission Band wish to thank all who helped to make it a success. At the close of the tea the ladies of the church and the girls of Mission Band took this opportunity to remember Mrs. F. A. MacLean with a half dozen "Crown Derby" cups and saucers as a small gift from the church before she leaves for her new home in Chesley. Mrs. MacLean has taken an active part in all church work and the ladies feel her place is going to be very hard to fill.

Velvet special, 1 yard wide, blue, black and brown, \$2.50 per yard.—A. Brown & Co.

A large crowd was present at the fowl supper and concert given in the Congregational church on Monday evening. Rev. Matthew Kelly, of London, former pastor of the church and ex-chairman of Congregational Union of Canada, presided and delivered an inspiring address. The pastor, Rev. T. DeCourcy Rayner, although unwell, gave a brief outline of the church's history. Other addresses by Rev. H. V. Workman, Rev. J. H. Hosford and Rev. J. L. Foster. Rev. W. K. Hager was unavoidably absent through illness. A fine musical program was presented. Solos by Miss Lottie Cameron and Mrs. J. Brush, duets by Rev. Mr. Gale and Dr. Russell Woods of Arkona; male quartettes by Rev. T. D. Rayner, W. G. Connolly, A. Rufford and S. Welch. Two fine concert anthems by the choir.

On Wednesday, October 21st, Mr. and Mrs. J. D. Brown celebrated the fortieth anniversary of their wedding day. By a post card shower they received the congratulations of many relatives and friends. They were also tendered a surprise dinner party at the home of Mrs. H. Y. Williams, Main street, by their children and grandchildren, with the exception of Verne Brown of Sarnia. The home decoration was carried out in Hallowe'en colors. During the evening games and music was enjoyed by all. Mr. and Mrs. Brown were presented with a beautiful fernery and bouquets of chrysanthemums and carnations.

PERSONAL

Grant Lovell and Jack Rogers spent the weekend in Forest with the latter's uncle.

Mr. and Mrs. E. J. Nidderly of Forest were recent guests with Mr. and Mrs. W. R. Earley.

Mrs. J. D. McKee and Miss Reginae Kennedy of London spent a day last week with Mrs. C. C. Leigh.

Mrs. J. D. Brown and Mrs. H. Humphries are in London this week attending the Women's Institute Convention.

ENGAGEMENTS

Mr. and Mrs. Andrew Morgan, Warwick, announce the engagement of their daughter, Lillian Pearl, to James A. Steadman, only son of Mr. and Mrs. John Steadman, Brooke, the marriage to take place quietly in November.

Rev. Stanley Annis, B.A., of West China, will preach in Bethesda church next Sunday morning at 11. Everyone welcome.

Calvin Hodgins and Sons sold to Mr. D. Fotheringham of Seaford, a two-year-old gelding which will be exhibited at Ontario Provincial Winter Fair, Guelph.

WARWICK

Mrs. A. Walter Kelly, 6th line, attended the funeral of her cousin, the late Neil Galbraith, Appin.

Miss Jennet Hall attended the Strathroy District Young People's League Convention at Petrolia Monday, Oct. 29th.

Mrs. Walter Kelly has returned home after having spent a few days in Windsor the guest of her mother, Mrs. Grant.

The regular meeting of the Warwick W. I. was held in the Town hall Warwick Village on Thursday evening, Nov. 1st. The meeting was opened by singing the Maple Leaf followed by prayer. A delegate was appointed to attend the Women's Institute in London. It was decided to send \$5 to the Navy League. The next meeting will be held on January 10th. The Roll call is to be answered by a New Year's Resolution.

A jolly social evening was held in the school-house of S.S. No. 11, Warwick, last Friday evening when the children entertained their parents and friends. A short program was given which included solos by Margaret Edwards and Jessie Spalding and other numbers, after which the evening was spent in games and contests, followed by lunch. The children are endeavoring to raise funds for the purchase of a victrola for the school and the proceeds of the evening amounted to \$10.50.

The meeting of the members of the Kingscourt Branch of Zenana Missionary Society and several visitors met at the home of Mrs. Stephen Morris on Wednesday afternoon, Oct. 31st, and took the form of a Hallowe'en social. The guests were greeted with a clammy handshake from a ghost. A program including several musical selections, choruses and readings were enjoyed in the living room, made attractive with black and orange streamers, pumpkins and black cats. Later dainty refreshments were served and an offering of \$14.30 was taken to assist in the work of the society. The singing of "God be with you till we meet again" brought the afternoon to a close. The members of Group Six of the society were in charge of the arrangements: Mrs. Stephen Morris, Mrs. Wm. Smith, Mrs. Cecil McNaughton, Mrs. Russel Duncan and Miss Alma Morris. Four young girls acting as assistants, Misses Mary and Marguerite Smith and Hilda and Dorothy Morris.

BROOKE

Mr. Russell Shugg, Toronto, spent the weekend with relatives at Walnut.

The Walnut Mission Circle will meet Friday evening, Nov. 9th, at the home of Mrs. Clarence Coke. A good attendance is requested.

Anniversary services will be held in St. James church, 6th line, on Sunday afternoon at 3 p.m. An appropriate sermon will be preached by the rector and special music rendered by the choir.

In compliance with the request of the Bishop the service at Christ church, Sutorville, will be held at 10.30 on Sunday next on account of that date being Armistice Day. Holy Communion will be administered at this service.

The Hunt Club members left for the North on Monday. The members are George Maddock, Charles Maddock, John Saunders, Thomas Lucas, Bert McCabe, William Totten, Kenneth Johnston, David Bourne and Alex. McClung. They are going to Massey, Ont. They have always brought home their quota of deer and a moose or a bear. They are all expert shots.

The W. I. held a very enjoyable Hallowe'en masquerade at the home of Mrs. Jas. Searson. The house decorations being tastefully arranged and the numerous odd costumes, lent quite a gay appearance to the spacious rooms. Several contests in which all took part formed part of the evening's amusement. There was also a good program of local talent after which the ladies served lunch, and everyone partook of an old-time election cake. The guests then moved a vote of thanks to Mr. and Mrs. Searson for the pleasant evening spent in their home, over which the Rev. J. H. Hosford presided. Proceeds \$31. The November meeting of the W. I. will be held at the home of Mrs. J. Steadman on Thursday, Oct. 15th. Roll call—Labor saving dodges. All ladies cordially invited.

WATFORD COMMUNITY CLUB CONTEST WELL UNDER WAY

Twenty-Four Business Houses Giving Free Ticket With Every Dollar Cash Purchase or Paid on Account,

NEW FORD SEDAN AND \$150.00 IN CASH PRIZES

Watford Community Club Contest is now well under way after an exceptionally good start on Saturday last. Fine weather and good roads brought a large crowd to town both in the afternoon and evening and business was much brisker in all lines.

Apparently, the announcement of the contest and prizes to the winners was well received by the buying public of the surrounding district and enthusiastic approval of the Club's venture was heard on every side.

As everyone is aware, these big prizes (totalling \$1,000.00) will be paid for out of the greatly increased business members of the Club will do during the two months that the contest will run. Prices on all lines will be marked lower than in most towns and all the merchants will have special bargain prices on certain articles while they last. Each member of the Club is carrying well assorted stocks so that buyers are assured of "First Quality goods. "Satisfaction on every sale or money refunded" is the rule, as usual.

No need for anyone to buy from Mail Order houses. You will find prices just as low here (and in many cases even lower) and besides you stand as good a chance as everyone to win the new Ford Sedan or some of the big cash prizes.

The Reeves of Warwick, Brooke and Watford will be asked to superintend the drawing on New Year's Eve in the Lyceum, when the fifteen lucky tickets will be drawn.

Remember—you get a Free Ticket for every \$1.00 Cash Purchase or every Dollar paid on account. Sign your name and address on each ticket and drop them in the box at the front of each store.

Remember, also—you receive these Free Tickets only in stores which are members of the Community Club. There are twenty-four of them in all as listed in the adjoining column:

NOTE AND COMMENT

California has a state tax of two cents a gallon on gasoline. In British Columbia a similar tax is proposed. The idea is to make users of the highways pay for their upkeep.

Are times really any harder for the immigrant than they were one and two decades back when so many came and made homes in Canada? This Dominion is not a sanctuary for tired people, but a country where industrious ones persevere and succeed.

St. Catharines Standard: On Wednesday night last hundreds of radio fans were all set in this district to hear Lloyd George speak at Pittsburg. The silvery voice of Lloyd George could be heard in jerks of a word or syllable, and then more Statler Hotel dancing and jazz. What a disappointment! What a jar on the sensitive ear!

The Manitoba Government has decided to abolish the agricultural representative system. Extension work in agriculture in the future will be carried on by the staff of the Agricultural College, and the activities of boys' and girls' clubs will be directed through the Department of Education.

H. G. Wells, who loves peace and fights for it constantly, is worried because Great Britain is building a base at Singapore. He calls it a blood-thirsty demonstration. It is, on the contrary, a wise step to protect Australia and New Zealand, first of all, and the rest of the British Empire, from anything that may happen in Asia, particularly in Japan.

Extra vigilance on the part of the nightwatchman has become necessary in view of the reported robberies in several western Ontario towns and villages. Stores have been entered in Clifford, Glencoe and Ferris. In the last named town goods to the value of \$5000 were carried away. Fortunately the bandits were caught and with them the goods but it is not always so and a little extra precaution on the part of both merchant and watchman will not come amiss at the present time.

"Yes," said Mrs. Malaprop, describing the last illness of a friend, "she was taken suddenly sick with pantomime poisoning and four doctors came to the house and insulted about her and diagrammed her case very closely. They decided she had eaten some fish or something that had paragraphs in it, and so they gave her a hypocritical injection of a serial that would destroy the caselles, but it didn't seem to help any, and she soon was in a state of chrome."—Watertown Times.

An interesting study of the purchasing power of the dollar from 1913 to 1923 has been made by the U.S. Bureau of Labor Statistics and published in the September issue of the Monthly Labor Review. According to this survey, the purchasing power of the 1913 dollar, which was taken as the standard, has varied widely in the last ten years. It purchased more commodities in 1914 and 1915 than in 1913, but it began to decline in 1916 until in May, 1920, it was equal to only 40 cents in purchasing power as compared with 1913. In June, 1923, its purchasing power as compared with 1913 was 65 cents.

Cause of Asthma. No one can say with certainty exactly what causes the establishing of asthmatic conditions. Dust from the street, from flowers, from grain and various other irritants may set up a trouble impossible to irradiate except through a sure preparation such as Dr. J. D. Kellogg's Asthma Remedy. Uncertainty may exist as to cause, but there can be no uncertainty regarding a remedy which has freed a generation of asthmatic victims from this scourge of the bronchial tubes. It is sold everywhere.

"Buy in Watford and Win the Ford Sedan or Cash Prize"

Orillia Packet: The courtesies of the road in automobile traffic are being spoiled by the almost daily tales of robbery on the highways. Drivers now refuse to stop at night either to pick up a wayfarer or to assist a fellow-motorist in trouble lest they should be "held-up."

Industry in Ontario to-day is facing a serious situation in the increased number of accidents reported to the Workmen's Compensation Board. It appears that there were 50,411 accidents, of which 418 were fatal, reported to the Board in the year 1922, while for the twelve month period ending 30th September, 1923, there were 59,351 accidents reported by industry to the Compensation Board of this Province, and of these 375 were fatal. The decrease in fatalities is worth while noting but the increase of an average of practically one thousand each month is something in which the whole community is interested and something to which employer and employee alike should give careful thought. It is a fact that accidents can be prevented and it is also a fact that there are too many accidents happening to-day. Management and men should jointly lend a hand in a campaign of carefulness and help to cut the heavy burden that accidents have laid upon industry in this country.

BEAUTIFY SCHOOL GROUNDS

With all the picturesqueness of the usual surrounding landscape with all the well tiled farms and with all the fine roads and thousands of automobiles travelling those roads, there is one unfortunate blemish on the landscape of this fair province of ours. That defect is seen in the condition of many of our rural school grounds. It is rather a rare thing to see much taste displayed in the decoration of these grounds. Some of them have not even a tree, or a shrub on the premises. This is an uninviting prospect to the tourist, to the immediate community to the boys and girls attending school and depreciates the value of farm property in the section. The time has yet to come when there should be a general interest taken in this matter by the Board of Trustees and teacher of every rural school.

THE UNITED STATES AS SEEN AT THE MOVIES

There is such a good laugh about Americans—and such a lesson for the people of that country to take to heart—in a recent issue of the London Evening News that the temptation to print it can't be resisted.

"A Filmgoer," writing on "America As I Know It," gives his impressions of the Americans as follows: "America is a large country entirely surrounded by sin and sentiment. It is inhabited in the East by unscrupulous but enormously successful business men, who devote their nights to squandering in cabarets their ill-gotten gains of the day before. In the West 'bad men' rob stage coaches and banks and shoot sheriffs and their partners in crime and spend a good deal of their time rolling on the ground in attempts to gouge out each other's eyes. The North is peopled by bearded scoundrels who go there to escape from the law, to steal mining claims and to menace lonely girls snow-bound in log cabins. The South is noted for cacti and half-breeds. The last named have no particular vice; they are just bad.

"These conclusions are arrived at from personal observation, not in America, but in the British cinemas. The films which have taught me these things have American trademarks, so I suppose they must be true pictures of life in the United States. They have also taught me that there are a number of good people in the land who seem to make up in sentimentality what they lack in sinfulness.

"The rich women of the East are noted for the scantiness of their clothes, their uncharitable attitude towards other women and for their remarkable bed-rooms. These are of enormous size and have at least one telephone and an easy way of egress for the heroine and ingress for the heroes."

We knew the Canadian Macintosh Red was a good apple, even before the Imperial Fruit Show judges pronounced their verdict, but we are not yet prepared to reject a sound Northern Spy or an old-fashioned Snow.

The regulations for the collection of the new six per cent sales tax have now been completed by the department of customs and excise and sent out to their officers. The new regulations will come into force on the 1st of January next.

County councils are liable for damages sustained by motorists and others on detoured roads while the main highway is closed under construction or repair, according to the decision of county solicitor A. W. Marquis, presented to Lincoln county council recently.

Last year there were 7,850 murders and 7,790 cases of manslaughter in the United States—15,640 killings altogether—while in England and Wales there were but 63 murders. They seem to do everything on a large scale across the line.

A detective asked an office boy if it was Mr. Jones or his partner who reached the office first as a rule. "Well," said the boy, turning very red, "Mr. Jones at first was always late, but later he began to get earlier, still at last he was first, though before he had always been behind. He soon got later again, though of late he has been sooner and at last he got behind as before. But I expect he'll be getting earlier sooner or later.

The garage business continues to be lucrative. A Detroit man recently purchased a limousine, for which he discarded a smaller car of well known make. Going around a corner he heard a rattle and immediately sensed that something must be wrong. He drove to the garage and the mechanics there said they could have it O K the next day. When the owner was out of sight they lifted the back seat and packed the loose tools which had caused the rattle. The owner called next day, and after paying a bill of \$25 drove away for a test. The rattle was gone, and he has been singing the praises of the garage ever since.—Detroit News.

Our minister ran over time at church to-day—five minutes. He preached twenty-eight minutes. That was an hour and five minutes service, which is too much. So some people say, and if our preacher does not watch out they will be handing him his hat and asking him what's his hurry. An hour and five minutes in church is an outrageous long time. I was wondering how these stood it to sit three hours at the show the other night, and two and a half hours at the movies, and I never heard of a dance one hour long, or a sixty-minute card party. People seem to want to get their money's worth when they go to shows and things. Well, perhaps, that's why they want one hour at church—that is all they have paid for. I never thought of that.—Exchange.

Russia is now preparing to resume shipments of wheat and flax on a very large scale, and hopes to begin the reproduction of minerals and oil at a rate that will put all its pre-war figures in the background. Two or three weeks ago despatches indicated that the co-operative societies of Britain were to buy 500,000 tons of Russian grain at a very favorable rate. It was thought then that the question of financing this transaction would offer no difficulties, and since there has been no denial of the report it was presumably correct. Naturally enough the chief concern of Canadians in this matter will be as to its effect upon the export of wheat from this country, which has such a large crop this year. The difficulties which threaten in regard to getting the Canadian Western crop to the East have been dispelled by a modification of the shipping tariff regulations to meet the views of American vessel owners and these are now coming in to help move the crop from the head of the lakes.

Slats' Diary
By Ross Farquhar

Friday—well from all I can gather from various and sun dried conversations I guess we will have sum new flours in are garden next summer. I herd ma telling pa all about it. She sed Mrs. Gillem told her she had arranged to have a Pergolia put in there back yd. and ma told pa she diddent no xactly what it was but she was going to have a slip off of it. So I sposed that will mean a nother flour for me to tend to all summer long and water and trim around it and Etc.

Saturday—well they say politix hassent nothing to do with the skools and kids and Etc. but I have noticed I thing since are new mayor got elected. I aint had a licking in skool since it happened. Nor not even half to stay in after skool for nothing neather.

Sunday—Ma called it the culmination of a holloween Romance but pa sed it was just a nother pear of yung foolish youths a getting married for life or for the duration of the war. The way it cum about this girl looks in a mirrow at holloween and seen her future husband witch turns out to be the guy she married. Pa says the girls use to look in a mirrow for there husbands but now they look in a popular book rote by Mr. Brad St.

Monday—Teacher ast the class what was are favrit studs and all of us kids of the strong and ugly sex guest Gograffy. She sed that was a very Wise choice but she diddent no it was because we can hide the funny sheet behind it better than any other book we got.

Tuesday—I gess the yung cuple witch got married day before yesterday aint so crazy about each other at that. because today I seen her in the grocery a bying a lot of onions to Eat.

Wednesday—Pa went to a leuxure by sum man tonite. When ma ast him what was the leuxure about he sed it was Fools I Have Met. Then he shone her the ticket and it sed. ADMIT ONE. 2 thirds of are family laffed hartly.

Thursday—Pa and ma was a getting redy to a tend a masked bawl tonite and ma ast pa how was he going to dress and who was he going to repasant. Pa sed he was a going disgyzed as Peace. ma sed she diddent no how to go and pa suggested that she mite go with him and repasant Plenty. So the party was postponed as fur as my relations was conserved. What happened was not Peace but it was a Plenty.

ZAM-BUK
Beats Any Embrocation
In Winter Aches & Pains
Try a Box To-Day!

Whilst Zam-Buk has long been recognised as Canada's most popular remedy in skin troubles, how many know how better it is than any poisonous liniment for relieving the sharp twinges of rheumatism, sciatica or lumbago?

Zam-Buk is equally good for aching backs, stiff joints, sore muscles, cold in the head and chest, or sore throat.

Rubbed well into the affected parts, Zam-Buk's powerful pain-soothing essences soak right into the tissues, banishing soreness, congestion and inflammation. Others prefer to treat their colds so: they rub Zam-Buk between the palms of both hands and then inhale the evaporating medicinal balsams. This does the same good in another way.

SAVED BABY'S LIFE

Mrs. Alfred Tranchemontagne, St. Michel des Saints, Que., writes:—"Baby's Own Tablets are an excellent medicine. They saved my baby's life and I can highly recommend them to all mothers." Mrs. Tranchemontagne's experience is that of thousands of other mothers who have tested the worth of Baby's Own Tablets. The Tablets are a sure and safe medicine for little ones and never fail to regulate the bowels and stomach, thus relieving all the minor ills from which children suffer. They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

New Lamp Burns 94 Percent. Air
BEATS ELECTRIC OR GAS

A new oil lamp that gives an amazingly brilliant, soft, white light, ever better than gas or electricity, has been tested by the U. S. Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, it is simple, clean, safe. Burns 94% air and 6% common kerosene (coal oil).

The inventor, F. N. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him to-day for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month.

OFFICIAL REPORT ON JAPANESE EARTHQUAKE

One of the most thrilling and instructive stories written in recent years is contained in the Official Report fo Captain S. Robinson, R.N.R., commander of the Canadian Pacific S.S. "Empress of Australia," on the Japanese earthquake, the fire and subsequent relief operations issued in booklet form by the Canadian Pacific Steamships Ltd.

In the vernacular of the bridge, Captain Robinson relates the incidents of the disaster as they were brought to his notice, from noon of Saturday, September 1st, when, as his ship was preparing to leave the dock at Yokohama, the first earthquake took place, until September 12th, when, after encountering innumerable difficulties—a fouled propeller, a sea of burning oil,—and serving as a hospital and relief ship for the earthquake sufferers, the "Australia" left the stricken Orient for Vancouver.

Stories of Captain Robinson's heroism, outstanding seamanship with which he upheld the traditions of the Royal Navy Reserve, and consideration for the suffering ones at great personal cost and effort, have been accorded a little of the publicity which is their due, but the Captain's report is modest in the extreme, and although one can glean from it some of the great problems which presented themselves to him, the "hero of the disaster" reports only the good work executed by those identified with relief work. It is therefore fitting that the Company should include in the booklet letters addressed to the Captain by the refugees, passengers on the ship and the American relief committee in recognition and appreciation of his skillful handling of the many critical situations which presented themselves.

The report is an historical document, recording the greatest natural disaster known to man, and certainly no library will be complete without a copy of the booklet which can be obtained without charge from the Canadian Pacific Offices at Montreal.

MCCHESNEY—SHEPPARD

A pretty autumn wedding was solemnized on Wednesday, Oct. 24, at the home of the bride's parents, when Kelso Muriel, eldest daughter of Mr. and Mrs. C. J. Sheppard became the bride of Herbert L. McChesney, son of Mr. and Mrs. J. McChesney, 5th line Warwick. Rev. A. H. Jones of Arkona performed the ceremony under and arch of ever green and rose buds.

The bride entered the drawingroom on the arm of her father to the strains of the wedding march played by Miss Viola Sheppard of Stratford a cousin of the bride. The bride looked charming in a gown of cocoa brown georgette with touches of gold and carried a bouquet of pink roses. Zeta Sheppard, sister of the bride acted as bridesmaid and wore a gown of seal brown velvet trimmed with gilt, and carried a bouquet of pink rose buds. Little Jean Frayne, cousin of the bride carried the ring wearing a dress of pale pink organdy while Mr. Roy Barnes of Theford supported the groom. The groom's gift to the bride was a rope of pearls to the pianist a ivory clock, to the bridesmaid a white gold bar pin, to the flower girl a signet ring and to the best man a tie pin.

After the signing of the register the guests numbering about 90 entered the diningroom, decorated in pink and white, where a dainty wedding was served by three cousins and three girl friends of the bride.

Guests were present from Toronto, Stratford, Sarnia and Detroit. After receiving hearty congratulations from their relatives and friends Mr. and Mrs. McChesney left by motor for Port Huron and Detroit, the bride travelling in a suit of navy tricotine with fox choker and hat and shoes to match. On their return they will reside on the groom's farm, 4th line, Warwick.

FOREST

Wilbur McFarlane has taken the contract to put in the Albert street drain, at \$1250, he to furnish all material.

Two automobiles, one driven by B. F. Clemens and the other by Merton Todd, 6th line, Warwick, came together on the townline of Warwick and Bosanquet near Robert Garrett's farm one mile from Forest. The force of the impact turned the Todd car completely over in the ditch, wrecking it badly. Mr. Clemens' car was also damaged considerably, one wheel being completely demolished. Fortunately the occupants of both cars escaped injury.

The marriage took place on October 17th of an old Forest boy when Mr. Michael Morrissey was united in marriage to Miss Anna Sinner of Moberly, Missouri. The bride is a music teacher in that place, and the groom, was a printer, having served his apprenticeship in this town, but has been living retired for some time. The groom is a brother of Mr. John Morrissey, the popular C. N. R. passenger conductor, running from Sarnia to Stratford, via Forest.

GOOD RED BLOOD

A REAL NERVE TONIC

Weak, Watery Blood the Source of All Nervousness

"If people would attend to their blood instead of worrying themselves ill," said an eminent nerve specialist, "we doctors would not see our consulting rooms crowded with nervous wrecks. More people suffer from worry than anything else." The sort of thing the specialist spoke of is the nervous, rundown condition caused by overwork, and the many anxieties of to-day. Sufferers find themselves tired, low-spirited and unable to keep their minds on anything. Any sudden noise hurts them like a blow. They are full of groundless fears, do not sleep well at night. Headaches and other nerve pains are part of the misery, and it all comes from starved nerves.

Doctoring the nerves with poisonous sedatives is a terrible mistake. The only real nerve tonic is a good supply of rich red blood. Therefore to relieve nervousness and run-down health Dr. Williams' Pink Pills should be taken. These pills enrich the blood, which tones the nerves, improves the appetite, gives new strength and spirits, and makes hitherto despondent people bright and cheerful. If you are at all "out of sorts" you should begin taking Dr. Williams' Pink Pills. You can get these pills through any dealer in medicine, or by mail at 50 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

PETROLEA

The town council passed a bylaw at last meeting fixing the date of the municipal elections on the first Monday in December instead of January. The Firemen's ball will be held on Monday Nov. 12.

B.W. Moore returned home Thursday after spending ten weeks on a business trip in the Maritime provinces. Mr. Moore saw the Bluenose triumph over the Columbia on Monday.

It is of interest to note that at the 56th anniversary of Petrolea Methodist church, of which Rev. A. Murray Stuart is pastor, the offerings of the day amounted to \$1,900. Mr. Stuart preached at both services. Dr. John Dunfield returned on Monday from his western trip after ten weeks' absence from town. He spent two months in Cutknife, Sask., where he owns 640 acres of land, the remainder of the time being taken up in Banff and in travel.

Rub it in for Lame Back.—A brisk rubbing with Dr. Thomas' Electric Oil will relieve lame back. The skin will immediately absorb the oil and it will penetrate the tissues and bring speedy relief. Try it and be convinced. As the liniment sinks in, the pain comes out and there are ample grounds for saying that it is an excellent article.

A peculiar accident occurred at the home of P. J. McEwen, London road, Sarnia township. Some time ago the hydro men placed a phone for their convenience in the house during the construction work. One day Mrs. McEwen noticed sparks coming from the apparatus and hastened to pull down a lever for the purpose of shutting off the power and received an electrical charge which burned her severely about the hand and arm. She was thrown to the floor instantly by the contact. She, however, succeeded in saving the house from fire. Mrs. McEwen is suffering from shock, but is recovering. The accident was caused by a tree falling on a wire in Sarnia township, making a short circuit.

TWO WELCOME CHANGES

A wedding used to be a terrible thing to a family of small means but large pretensions, says Forbes Magazine. In the strain to make a show such as custom demanded, the father of the bride not infrequently courted bankruptcy. It is different today. Now the young people are likely to get married first, announce the fact by telegraph or telephone to their papas and mammas, and next start off on a honeymoon automobile trip. Funerals, too. The journey from the home of the departed to the cemetery used to be a very slow and solemn affair. To permit the horses to go faster than a walk was disrespectful to the dead. A funeral wasn't a real funeral if it didn't spoil an entire day for all concerned. Now a funeral, like most honeymoons, is largely an automobile trip. Selah.

Anniversary services which were held in the Methodist church last Sunday also the fowl supper and concert on Monday night were a decided success in spite of the rain. Large crowds turned out to each service. The church being filled to its utmost capacity. Rev. W. L. Hill B. A. of Parkhill delivered most inspiring sermons and the music by the Misses Jackson of Comber helped make the services impressive and will be long remembered by all present. The ladies of the congregation served the fowl supper in the Sunday school rooms which were thrown open for the occasion, tables were laden with all the delicacies of the season and were beautifully decorated with yellow mums. After satisfying the inner man, all repaired to the auditorium where a high class concert was given by the Misses Jackson of Comber, who again convinced the pleased audience of their musical gifts. An address by a former pastor, Rev. C. J. Moorhouse who now resides at Clinton, was enjoyed, and all were delighted to see him again. A twenty minute address was given by Rev. Hill, his subject being "How to read the character of the man on the street." His talk was educational and interesting. Rev. R. A. Brook, the pastor, filled in several spaces with witticisms and also moved a vote of thanks to all those who had helped to make the evening a success, he then asked Rev. Moorhouse to pronounce the benediction. Proceeds were between five and six hundred dollars.

SAVING FENCE POSTS

Ontario Puts in Twenty Million Fence Posts Yearly.

White Cedar Posts Will Soon Be Unobtainable—Coal Tar Creosote the Best Wood Preservative—Directions for Application—Cottage Cheese Easy to Make.

(Contributed by Ontario Department of Agriculture, Toronto.)

Every year the decay of fence posts on Ontario farms requires a replacement of not less than twenty million posts. This repair bill of five million dollars each year could be very greatly reduced through the use of wood preservatives. A white cedar post costing twenty-five cents may last fifteen years in the natural condition, but treated with creosote it will last thirty years. It should be good business to treat all posts, saving money, posts and labor.

White Cedar Posts Soon Unobtainable.

White cedar posts will soon be unobtainable. Other woods can be used; woods with a reputation for early decay, but which can be made very efficient by the creosote treatment. For instance, soft maple or willow posts will last but four years in the natural condition; treat them with creosote and such will be serviceable for twenty years. It costs about twenty cents per post for creosote treatment. If the post will last double or five times as long through being creosoted, surely the twenty cent investment is a profitable one.

Decay Caused by Fungi and Bacteria.

Decay or rot in fence posts is caused by fungi and bacteria. Wood tissue being largely cellulose is a good food for bacteria and fungi, and the moist, away from light, condition just beneath the surface of the soil is also suitable to their development. Hence we see the posts rotting off just below the surface of the soil in which such are set. When a post is soaked with creosote it becomes a poison medium to the fungi and bacteria that may attack it; and their growth is greatly retarded. Coal tar creosote is the most satisfactory preservative that we can use on the farms. The posts to be treated must be thoroughly seasoned and dry to absorb sufficient creosote. The practice of spraying or brushing on hot creosote is not a very profitable one, as the wood does not absorb enough of the preservative to be of much use.

How to Get Best Results.

To get good results, an open tank with a fire place beneath, or other heating arrangement, should be set up. The coal tar creosote is heated in the open tank, and then the posts are immersed long enough to permit a good soaking with the hot oil. A large oil drum with one end removed and set over a fireplace makes a cheap and efficient tank, if nothing larger is at hand on the farm. The following points should be kept in mind by the man doing the work:

- (1) Have the posts clean, dry and free from bark.
- (2) Heat the creosote to 180° F., and maintain for 2 to 6 hours, according to condition of posts.
- (3) Immerse the posts in the creosote deep enough to give a treatment that will extend six inches above the ground line after posts are set in fence row.
- (4) Leave the posts in the hot oil long enough to permit them to cool after the fire has been drawn, and set over a fireplace makes a cheap and efficient tank, if nothing larger is at hand on the farm. The following points should be kept in mind by the man doing the work:
- (5) Add more creosote to the tank to take the place of that absorbed.
- (6) Use small posts; 4 1/2 inches in diameter and round are to be preferred.
- (7) Do not let the temperature go above 200° F.—L. Stevenson, O.A.C., Guelph.

Cottage Cheese Easy to Make.

On most farms there is produced considerable skim milk. It is fed to calves, hogs or chickens, while little thought is given to its value as human food on the farm. One form of utilizing this valuable food in the household is as cottage cheese, or Dutch cheese.

Cottage cheese contains all of the proteins of milk and a little fat. It contains more protein than most meats and the cost is very slight. Each pound of cottage cheese contains about one-fifth of a pound of protein, most of which is digestible. This food alone is delicious and palatable, and it may be made more so by adding a little sweet or sour cream, salt, chopped onion, and pickles. It may be used in sandwiches and salads, and served with fruits, jellies and nuts. As a meat substitute cottage cheese rolls make a pleasing dish.

Cottage cheese may be made in any home by permitting the milk to sour naturally until it curdles or clabbers. Cut the curd into fine pieces with a knife and cook slowly over a slow fire, preferably at the back of the stove, until the curd contracts and wheys off. Remove the whey, wash with cold water to firm the curd and wash out some of the acid taste. Place in colander or hang in a cloth sack to drain. After cooling and draining it is ready for the table. It requires no curing.

TREES BARKED BY MICE

Preventing Injury to Fruit Trees by Field Vermin.

Poisoned Grain the Cheapest Method—Preparing the Bait—How to Place It—Bee Colony Winter Supplies—Feeding Facts—A Refrigerator Without Ice.

(Contributed by Ontario Department of Agriculture, Toronto.)

With the passing of snow each spring, the destructive bark gnawing of small rodents is in evidence in too many orchards.

Poison the Best and Cheapest Method.

Poison offers the best and cheapest method of preventing mouse injury. Should there be any evidence of mice before freeze-up, or should there be an abundance of feed and shelter for mice in the young orchard through the presence of weeds, seeds, and fallen fruit, it is advisable to institute a mouse-poisoning campaign before snow covers the ground. An excellent poison bait can be prepared as follows: Make a clear starch paste by mixing one tablespoon full of gloss starch in one-half cup of cold water and stir this mixture into a pint of boiling water; then mix one ounce of strychnine sulphate with one ounce of baking soda, and stir into the starch until a smooth mass is formed, then stir in one-half cup of heavy corn syrup and a tablespoonful of glycerine. Apply this mixture to 40 pounds of clean wheat and mix thoroughly to coat each kernel. Put the poisoned grain in a strong paper sack, then burn the stick you used for stirring, and seal the vessel, being careful where the wash water goes.

Where to Place the Poisoned Grain.

The poisoned grain can be placed in containers of some sort such as tin cans, or open-necked bottles, small drain tiles and such like. These containers can then be placed at any likely place where there is protection or near the trunk of the tree. With the poisoned grain in a container so placed as to be protected from rain or standing water, it will always be on duty should a hungry bark-eating mouse approach a tree. The container with any unused poisoned grain should be taken up and put out of harm's way as soon as the mouse danger is over in the early spring. Put a poison label, large enough for all humans to see, on all poison grain sacks. When the sacks are empty burn them. Keep all poisons out of the reach of children and animals.—L. Stevenson, O. A. C., Guelph.

Bee Colony Requires 40 Pounds of Stores.

Success in wintering bees depends upon (1) the strength of the colony, (2) the quantity and quality of winter stores, and (3) the temperature and humidity of the air in the cellar. Every colony must possess an abundance of young bees. If some have failed to rear sufficient bees in the fall they should be united with each other until colonies of the requisite strength are obtained. It is useless to put away weak colonies in the fall and expect to take out worth while colonies in the spring.

Equally important is the quantity and quality of stores. To be on the safe side every colony should have 40 pounds of stores either white honey or sugar syrup. On an average bees wintered on natural honey lost twice as heavily as those wintered on sugar syrup.

Given strong colonies with good stores, there is yet required to insure perfect wintering a good bee cellar. Usually a cellar under a house is used and if the temperature in it does not run below 35 degrees F. or above 45 degrees F. and it is neither too damp nor too dry, good results are obtained. Plenty of ventilation will relieve either an excess of moisture or an extreme of dryness. In addition, the part of the cellar reserved for bees must be always dark and must never be subject to jars and such disturbances.

Feeding Facts.

Silage is indispensable for cheap milk production. It is a succulent feed. The hay should be a legume such as clover or alfalfa. Silage and alfalfa or clover hay are the "best and cheapest" roughages. Feed all the roughage a cow will clean up.

Choose grain mixture to balance class of roughage available. Feed grain in accordance to milk yield of each cow. For Holsteins or Ayrshires feed one pound grain for each four pounds milk. For Guernsey or Jerseys feed one pound grain for each three pounds milk.

Give access to salt daily. Feed and milk regularly. Supply an abundance of pure, fresh water at all times.

YOUNG DAUGHTER MADE WELL

Mother Tells How Her Daughter Suffered and Was Made Well by Lydia E. Pinkham's Vegetable Compound

Vancouver, B.C.—"My daughter young girl who has been having se-vere pains and weak and dizzy feelings some time and had lost her appe-tite. Through an older daughter who was taking for the same trouble, we were told for Lydia E. Pinkham's Vegetable Compound. My daughter has been taking for several months and is quite all right now. It has done all it was re-quired to do and we have told a num-ber of friends about it. I am never with-out a bottle of it in the house, for I can take it for that weak, tired, wor-ried feeling which sometimes comes to me. I find it is building me up and I trust recommend it to women who are su-ffering as I and my daughter have."

J. McDONALD, 2947 28th Ave. J. Vancouver, B. C.

From the age of twelve a girl needs the care a thoughtful mother can give. Many a woman has suffered year after year from the victim of that terrible and ignorant of the mother should have guided her during this time. If she complains of headaches, in the back and lower limbs, or if she notices a slowness of thought, nervousness or irritability on the part of her daughter, make life easier for her. Lydia E. Pinkham's Vegetable Compound is especially adapted for such conditions.

It will prevent Ulcerated Throat. At the first symptoms of sore throat which presages ulceration an inflammation, take a spoonful of Thomas' Electric Oil. Add a sugar to it to make it palatable will allay the irritation and prevent the ulceration and swelling the so painful. Those who were peculiarly subject to quinsy have made themselves immune to it.

Nova Scotia Interior as Moose Pasture

Nova Scotia is a country of lakes and streams, offering many ideal canoe trips, and the interior is a great moose pasture. Ideal, too, is the moose hunting, because both the canoe and automobile are used by hunters and guides, thus saving many miles of weary hiking through the wilderness. On the Liverpool chain of lakes reached from South Milford via Annapolis Royal or Digby, and on Lake Kedegamakooke, Lake Rossignol, Lake Munro, Loon Lake and the Liverpool River expert Indian and white guides use the canoes for long distances and even call the moose to the shore with their birch bark horns. When some distant point is to be reached from "Del" Thomas' South Milford camp, canoes, guides, hunters and duffle are loaded upon a big motor truck for the journey.

South Milford is 15 miles from Annapolis Royal and is a favorite outfitting point. So is the Kedegamakooke Rod and Gun Club, on famous Lake Kedegamakooke, in the heart of the wilderness 34 miles from Annapolis Royal. Both of these camps have ample accommodations and plenty of canoes and reliable guides.

The Nova Scotian moose season lasts from Oct. 1 to Nov. 15. Deer are as plentiful as moose, and the open season for this game lasts from Oct. 16 to Nov. 31.

Although large numbers of moose are shot each year, many with magnificent "spreads," the annual increase is said to equal the kill. Such guides as Louis Harlow, half-breed Miqmaq and Sam Globe, full-blooded Indian, are expert moose callers and stalkers and rarely disappoint the hunter. The cleverness with which they simulate the calls of the cow moose with a simple roll of birch bark fashioned into a horn, is sure to fool the wisest old bull in the wilderness. When the calling season is past, the moose no longer comes to the hunter and the hunter must go to him. Neither canoe, nor automobile figures much in this phase of moose hunting except that one, or both, may help the hunter near the place where the quarry is supposed to be and carry him home when the hunt is over.

By Strawberry Flats and the Silver Daisy

The little village of Hope, situated on the Fraser River about one hundred miles from the coast, is the starting point for all mountaineers wishing to reach the interior of British Columbia by the trail route. It is a scattered village of about two hundred inhabitants but possessing both an abundance of natural beauty and a truly romantic past. The village is flanked on one side by the noble Fraser river, while from the other side one looks up three wide draws in the mountain ranges. The one to the left is the beautiful Coquihalla valley through which the turbulent Coquihalla river cascades from a pass unmatched for rugged grandeur. Through this pass too, under innumerable snow sheds and tunnels the Kettle Valley Railway goes to Princeton and the interior. In the centre is an opening for the Nicola river, to the right is the Silver Creek draw and beyond it the snow-capped peaks of the Cascade range.

The mountain trail over the Hope Pass is the old one known as the Dewdney which was surveyed and partly built for twenty-five miles out of Hope, by English Sappers in 1861. It winds up the Coquihalla River for a short distance, then branches off with the Nicola, a tributary of the former river. The way lies through Sylvan glades, past rushing waterfalls and over rustic bridges, the old dry "cribbing" of which is as firm as the day when it was laid. The first feeding ground for horses is at 12 Mile Lake—otherwise known as Divide Lake at an altitude of 2800 feet. This lake is the head waters of the Nicola river. Here there is a beautiful hay meadow owned by a trapper and prospector who is patiently awaiting the day when the transprovincial road will give him a means of transporting his wealth, in the shape of hay, to outside points.

At 22 Mile there is another beautiful camping spot. Here there is a large cabin situated in the forest's heart on the very banks of the Skagit river. The owner of it carries on prospecting and mining operations in the vicinity. He appropriately calls his cabin "Defiance Camp" and his mine "The Silver Daisy."

From here on for many miles the scenery becomes more wonderful, if that were possible, but at the same time more wild and rugged. The Pass, a narrow hallway bounded by cliffs thousands of feet high, is a sight of never-ending marvel. At one spot, known as Skagit bluffs, the trail (a bare 18 inches wide) winds around the

shoulder of a cliff which towers above and drops away a sheer one thousand feet to the bed of the river below. Then the trail once more drops down to the next feeding grounds at Cayuse Flats which has a sister spot three miles farther on—Cedar Flats. Beyond Cedar Flats lies a long strip of heavy cedar timber, a true "forest primeval." Strawberry Flats, a pleasant open field on the Skagit river at a height of 3700 feet is the last stopping place before the actual ascent to the summit begins. Here, in spite of the high altitude, wild strawberries grow in abundance.

In the next 2300 feet (of the perpendicular course) one is led to the summit by a series of switchbacks zig-zagging up the face of the mountain. The river, which at the foot appeared a torrent, is here a tiny stream, a mere trickle over the stones. Below, the ever-lasting hills unroll themselves for a hundred miles of valley and peak.

When the summit itself is attained a sight never to be forgotten appears. A wide open meadow lies in an inverted crown on the mountain top. Around its edge rise whitish cliffs scarcely distinguishable from the many snow banks. And everywhere, even beside the snow, grows a bewildering variety of wild flowers.

In the centre of the depression lie two lakes, the dividing of the waters, for from the one goes the Skagit river towards the sea and from the other flows the Whip Saw Creek towards the interior lakes.

As soon as the descent of the eastern slope is begun a great change is noticeable. The grade is easy and steady, the country becomes more open and is clear of the under-brush and ferns so characteristic of the western slope.

The last camp is twenty miles from Princeton but the last nine miles of that distance are covered by a good motor road, the beginning of the proposed Trans-provincial-highway from Princeton to Hope.

About eight miles from Princeton is a wonderfully interesting spot where stratified rocks yielding excellent fossils remains are located on the side of the hill.

Shortly after this the valley opens out before one—Princeton snuggled peacefully into a friendly circle of hills and its two rivers, the Similkameen and Tulameen keeping guard over it. Beyond it, rises a splendid vista of rolling green foothills with more rugged mountains closer in, indicative of the districts most flourishing industries, ranching and mining.

MR. LEWTHWAITE TRANSFERRED TO WATFORD

(Mitchell Advocate)
 Mr. E. E. Lewthwaite, manager of the Bank of Montreal, Mitchell, for the past six years, has been transferred to Watford. Mr. Lewthwaite has been one of the most courteous and obliging members of the bank staff that the people of Mitchell and community have had to deal with and his departure will be deeply regretted. He has always given his service most willingly in the activities of the life of the town and has held office in local sports organizations, social societies and fraternal organizations. Both Mr. and Mrs. Lewthwaite and their little son and daughter have endeared themselves on the lives of Mitchell citizens and the best wishes of a host of friends will follow them to their new home in Watford.

Citizens are not going to let this esteemed family leave town without first making an effort to retain them and in that behalf a joint meeting of the town council and Board of Trade was held and passed a resolution asking the management of the Bank of Montreal to reconsider the matter and if at all possible to leave Mr. Lewthwaite here. Up to the time the Advocate goes to press no answer has been received in reply to the request.

BIBLE SOCIETY MEETING

The annual meeting of the Watford branch of the Upper Canada Bible Society was held in the Presbyterian church, Thursday evening, when representatives of all the Protestant churches of Watford and its immediate vicinity gathered to hear the reports of the past year's work and to elect officers for the coming year.

The president of the local branch, Rev. H. V. Workman, presided, Rev. J. H. Hosford read the scripture lesson and Rev. L. J. Stone and Rev. J. L. Foster assisted in the devotions.

Dr. George Hicks presented the secretary's report, and Mr. J. W. McLaren presented the treasurer's report, each report revealing splendid work accomplished during the year.

Rev. R. J. Bowen, F.R.G.S., of London, the district secretary of the Bible Society for Western Ontario, told in a most interesting manner the story of the work of the Bible Society, its difficulties and successes and particularly of its accomplishments during the past year in its efforts to supply a copy of the Word

of God to every person in the world in their native tongue.

The officers for the new year were elected as follows: Rev. J. H. Hosford, M.A., B.D.; vice-president Mr. John Mc Kercher; secretary, Dr. George Hicks; treasurer, Mr. J. W. McLaren; executive committee, Rev. T. D. Rayner, Rev. H. V. Workman, Rev. W. K. Hager, B.A.; Rev. L. J. Stone, Rev. J. L. Foster, and the following representatives of the various denominations: Anglican, Mr. W. H. Shrapnell; Baptist, Mr. S. W. Louks; Congregational, Mr. John Thomas; Methodist, Mr. Benj. Parker; Presbyterian, Mr. John Mc Kercher.

Collectors were also appointed as follows: Village of Watford, Mrs. Ross Luckham and the Misses L. Carroll, Laura Humphries and Maud Marwick; second concession, Misses L. Fuller and K. Wynne; fourth concession, east, Misses L. Morgan and E. Cameron; west, Misses Jean McCormick and Alma Morris; sixth concession, east, Misses G. Richardson and M. Foster; west, Misses R. Higgins and E. Acton; twelfth line: east, Misses A. Hair and M. McLean; west, Misses M. Kelly and R. Palmer.
