INTERIM REPORT NOT DEFINITE ENOUGH

Methodist Membership Requires Fuller Explanation and Subcommittee on Book Room Site Will Meet Again Today — Full Statement Will Be Made Public.

Another meeting of the Methodist Book Rooms sub-committee in the Beverley House site deal will be held this afternoon. As the so-called "interim" explanation of the peculiarities of the transaction has not satisfied the Methodist membership a fuller statement is to be drawn up to show why the committee "in the evidence presented" could not find anything dishonest by or on the part of those who received such a generous commission, as over \$30,000 for securing the site from Hon. Geo. A. Cox to the committee, with which he is so prominently associated.

One Favors Site.

The discovery was made yesterday by a Bay street oracle that the Beverley House site was in all respects O.K. The related declaration is not expected to outweigh the letter of Chester D. Massey protesting against the building of the Methodist publication house on the Queen-John streets site, or the vigorous argument made by J. W. Flavelle, the chief speaker for the deputization of representative Methodist ministers and laymen who protested against further progress with the blunder. The deputization, it is pointed out, also included Rev. C. E. Manning, Rev. W. F. Wilson, Rev. E. H. Spence, Dr. D. A. Watson, Miles Vokes, G. Mills, James Simpson and a score of other influential members of the Methodist body.

It is asserted that whatever the action of the committee this afternoon a full statement of the facts will be made public.

COL. BALDERSON WILL FIGHT TO LAST DITCH

Expects Election in South Lanark on Second Week in December.

(Special to The Toronto World). OTTAWA, Nov. 17.—Col. Balderson of Perth, the independent Conservative candidate in South Lanark, was in town today seeing the party leaders. He intimated that efforts had been made to induce him to drop out of the contest, but declared positively that he would not retire. There is the prospect of a merry fight.

Col. Balderson expects the election to take place the second week of December.

No Extension of Ward Seven Car Line Pending Result of Purchase Deal.

Sir William Meredith yesterday gave instructions at Osmonds Hall that the street car line on Annette street, ordered by the Ontario Railway Board in September, should not be proceeded with pending the result of the negotiations for the purchase of the street railway system by the city. The Ontario Railway Board ordered the tracks to be laid on Annette street, and the city yesterday applied for permission to appeal from this order. Sir William gave a ruling which means that no work will be done to add another street car fare to residents of the ward seven district by adjourning the application pending the outcome of the present negotiations.

WOODEN VESSEL AMONG THE LOST

Pieces of Wreckage Washed Ashore—Report of Transfer of Bodies to Sarnia Denied.

(Special to The Toronto World). SARNIA, Nov. 17.—It is reported here that several pieces of wreckage from a wooden boat have been washed up on the beach a few miles north of Point Edward. The wreckage north of here includes a pilot house and Texas.

All steamers passing this point are carrying their flags at half-mast, in remembrance of the many good men and ships which are now under the waters of the great lakes, as a result of the big storm.

The report from Kincardine that a special train was leaving there to bring 40 bodies of the drowned to this port was a mistaken one and has caused some inconvenience. Relatives reading the papers are arriving here to identify relatives, but so far only 12 bodies have arrived, and only four are now left as unidentified. The others have been shipped to their homes in different parts of Canada and the States.

WINNIPEG OFFICIAL IS VICTIM OF LIVE WIRE

Russell Wilson, Assistant City Engineer, Killed on Inspection Trip.

WINNIPEG, Nov. 17.—(Can. Press.)—Assistant City Engineer Russell D. Wilson was electrocuted this afternoon while on a trip of inspection over the city pipe line six miles north of the city. Wilson seized a live wire carrying 13,900 volts. He was formerly with the C.N.R.

PERSIAN LAMB COATS AT GREAT PRICE CONCESSIONS.

A feature of the big fur sale now going on at Dineen's, 140 Yonge street, is the exceptionally low prices on Persian Lamb Coats. These have been divided into four lots and priced \$185, \$250, \$315 and \$285, prices that are far below original figures. They afford a unique opportunity of buying one of these ever-fashionable coats in the height of the season at price concessions that are truly remarkable.

OFFICIAL INQUIRY TO PLACE BLAME FOR LATE DISASTERS RADICAL REFORMS TO FOLLOW

Many Reports Reach Ottawa That Captains Showed Disregard of Storm Signals and That Oil Sprinkling Apparatus is Vital Need—Commission to Consider Reforms.

(Special to The Toronto World). OTTAWA, Nov. 17.—There will be a searching departmental enquiry into the terrible marine disaster on the great lakes. Capt. Lindsay, Dominion wreck commissioner, and two others will form the board, which will meet at Goderich or Sarnia probably. The duties of the commissioners will not only consist of probing certain aspects of the recent wrecks, but to suggest some future line of action on the part of the government in order to make navigation on the great lakes safer.

The government is receiving reports hourly, claiming that the failure of captains and officers to give proper regard to official storm signals, was in a large sense responsible for some of the catastrophes, while it is further claimed that had some of the steamers been equipped, as are ocean liners, with apparatus for sprinkling oil upon the troubled waters the disaster could not have been so great.

Will Appoint Commission.

It is expected that later on a commission will be appointed to consider the whole question of lake and river navigation. Hon. J. D. Hazen has a proposed bill already printed, which will make regulations more binding upon skippers and impose penalties. Such a commission, it is said here, might redraft the bill if this is deemed necessary.

The intervention of railways and canals that for the first time in the history of the department, an insurance policy has been taken out. Insurance of \$5,000,000 was placed on the cargo and wireless telegraph plant of the Cearensa, which was wrecked at Port Nelson, Hudson Bay. It is suspected that members of the crew of the Cearensa made free with the wireless equipment, as some of it has been already printed.

The whole question of government insurance has been revived as a result of the great-lakes disaster. At present Lloyds discriminates against Canadian shipping.

TRIP PROPOSED FOR COCHRANE

May Visit Southern States and Canadian West—Rumor of Resignation Not Given Credence.

The health of Hon. Frank Cochrane is understood to be causing his colleagues considerable concern in view of the approaching session of the federal house. It is now rumored that Mr. Cochrane is likely to take a prolonged trip northward to the Canadian west in an effort to recuperate.

The story about some time ago to the effect that the minister was meditating resigning his portfolio is not regarded seriously by any of his colleagues in the cabinet. One of these in speaking to The World last evening laughed at the suggestion, and stated that he felt sure Mr. Cochrane had no thought of leaving public life. He also belittled the seriousness of Mr. Cochrane's present indisposition.

The trip which it is proposed the minister of railways and canals should take includes a survey of the new Panama Canal.

CAUGHT IN ACT OF STORE THEFT

Samuel Corbett Arrested After Strenuous Fight With Three Policemen Early This Morning.

His suspicious aroused by the actions of a small white terrier dog, Constable Crumley (436) entered the rear of the tailoring shop of A. Samuel and Co. at 321 West Queen street at 12.30 this morning and caught Samuel A. Corbett, a trainman of the B. & N. West Toronto riding the premises.

The constable, nightly walks up a back lane on Queen street to see that all is in order, and last night, coming to the rear of Samuel's shop, the white terrier an up to him, fawned upon him, cringing as if in fear. Entering the premises thru a back shed, the constable came upon Corbett bending over a pile of clothing. Asked what he was doing there, the man feigned drunkenness, and mumbled an unintelligible reply, but at last said he lived there. Hearing a noise in the store, Constable Crumley promptly handcuffed his man to a post, and went in search of an accomplice, but could find none. A police call brought half a dozen more officers and the premises were thoroughly searched, but the other culprit had escaped.

Corbett proved a tartar when it came to get him in the patrol wagon. He fought three policemen as long as he could stand against them, and after he had been placed in the patrol, he jumped on the guard and attempted to break away.

Corbett will appear in police court today on a charge of shopbreaking.

HEAVY GALE SWEEPS OVER LAKE SUPERIOR

Several Large Canadian Steamers Were Forced to Take Shelter.

PORT ARTHUR, Nov. 17.—(Can. Press.)—Altho it is mild and calm on shore, a heavy southwest gale is reported blowing on Lake Superior today. Several boats are in shelter at Pic Island and Thunder Cape, waiting for the wind to moderate before going down Lake Superior. They are the Canadian steamers Dundee, Plummer, Graham, Turret Court, Ionic and several United States steamers. The Mamonic arrived at noon.

SIR WM. VAN HORNE IS SERIOUSLY ILL

Left Last Night for Montreal Instead of Staying a Week in Toronto.

Becoming seriously ill while at the King Edward Hotel last night, Sir William Van Horne had to be rushed to Montreal shortly before midnight.

His condition was said to be such as to cause grave concern to his friends. Sir William was to have spent the remainder of the week in Toronto, but following the attack of weakness it was thought advisable for him to return to Montreal for medical treatment.

KILLED BY MOTOR CAR

MAY GORDON, eight years old, who was killed by a motor car while returning from an errand to her home at 600 College street.

FATALLY HURT BY MOTOR CAR

May Gordon, Eight Years Old, Died of Injuries Received While Returning From Errand.

While running along the roadway with two other little girls on Clinton street, just north of College, at 8 o'clock last night, 8-year-old May Gordon of 600 College street was run down by a motor car driven by Frank Bethel of 433 Palmerston avenue, sustaining injuries to her head and body from which she died an hour later in the Western Hospital.

At the time of the accident the child was returning with some wool, with which her mother was going to knit a woolen bonnet for her chim's doll. The children were all running quickly down the sidewalk, when May averted suddenly to the roadway and altho one of the other girls called to her to watch out for the approaching motor car, she ran directly in front of it, was struck in the temple, and thrown unconscious underneath the wheels of the car.

Mr. Bethel, the driver, plucked up the unconscious child and drove at top speed to the Western Hospital, but she never regained consciousness.

Driving to the detective office at the city hall, Mr. Bethel told of the occurrence and explained in detail how it occurred. He was not detained by the police.

The body will be removed to the morgue and an inquest held.

IDENTIFIED BODY OF TORONTO MAN

Remains of John Boulitier of Carruthers' Crew, Sent to City—Six Bodies Unidentified.

(Special to The Toronto World). GODERICH, Nov. 17.—Owing to the lake being too rough, no attempt was made today to patrol the shores by the government boat Lamblin, which arrived last night. If the blow continues it will be impossible to do anything further for a couple of days.

Of the eleven bodies lying in Brophy's undertaking rooms, five have been identified. They are George Jacobson of Wolverine, Michigan, off the McGean, found at Bayfield. He was identified by his mother, who arrived this afternoon, and who will take the body home tomorrow.

John Olson of Buffalo, off the McGean, one of the three found lashed to the raft at Naflet's Point, was identified. The body of H. Corbett of Thornton, found at Ripley on Friday, was shipped to his home. Another body identified as John Boulitier, one of the Carruthers' crew, was sent to Toronto. A body identified as Sampson, from the Carruthers, will be sent to Collingwood in the morning. There are still six bodies unidentified from the Carruthers, one of them a boy about 16 years of age.

BOYS ARE PAINED FOR DEATH OF COMPANION

Coroner Johnson's Jury Found That Cecil Babcock and William Sherman Were Guilty of Homicide and on That Charge They Will Be Tried.

Cecil Babcock and William Sherman, aged 15 and 17 respectively, will be sent up for preliminary hearing on a charge of murdering Thomas Crisp, while Ralph McCabum will be used as a material witness in the trial, as a result of the verdict returned last night by Chief Coroner's Johnson's jury which investigated the circumstances of the shooting affair near Port Credit, last Saturday, in which Crisp was fatally wounded.

The jury found that Thomas Crisp came to his death as a result of a shot fired either by William Sherman or Cecil Babcock, in an interchange of shots, with Crisp on the one side and Sherman and Babcock on the other. Their verdict was homicide, but it will be left to the jury in the trial to say whether it was a case of murder or manslaughter. Incorporated in the verdict was a strong recommendation that more stringent regulations be enforced regarding the sale or rental of firearms, and that the age limit for the purchase of same be raised.

William Sherman, one of the boys accused of the murder, told in a most intelligent and straight-forward manner of the occurrences of the day up to the time of the shooting. The four boys had left on the 9 o'clock car for Port Credit, and spent the morning and part of the afternoon shooting at rabbits and at a target. While walking along the road towards the city, Crisp began shooting into the air to frighten his companions, and in a short time they began retaliating in the same manner. In the course of a half an hour they arrived in front of the gate of Mr. Ball's property, when Crisp, who was in the lead, turned and began shooting in the direction of the two boys, Sherman and Babcock, who were walking some distance behind him. Crisp dodged behind a telegraph post, while the other boys sought refuge

MAY BE BLOCKADE OF MEXICAN PORT

(Continued on Page 3, Column 3.)

MEXICO CITY, Nov. 17.—(Canadian Press.)—Organization of President Huerta's new congress was completed late today when enough senators were gathered to form a quorum in the upper house. Gen. Francisco Proceso was chosen temporary chairman of the senate and a committee on credentials was appointed. A similar committee of the chamber of deputies today began the work of revising the deputies' credentials, and there is nothing to indicate that the formal opening of congress next Thursday will be postponed.

President Huerta talked tonight informally to the members of his staff and a few personal friends regarding the possibility of intervention by the United States. He intimated that he would be ready to resist such a step.

May Start Blockade.

The opinion is expressed in various circles here that the United States will soon inaugurate a blockade of Mexican ports. Rumor has it that President Wilson would be content with such an action and might even permit the embassy to remain in Mexico City, until an open rupture occurred.

The German minister, Admiral Von Hitz, summoned to the legation tonight the heads of the more important German commercial houses and asked them to give him inventories of shipments expected. He explained that he would then be in a position better to guard their interests in case of a blockade.

Our experience is that a custom-made shirt will out-wear two ordinary factory shirts.

Often a factory shirt fits only in the collar, and even then doesn't fit your collar-bone or shoulders.

behind posts on either side of the road. From these positions Babcock and Sherman began firing in the direction of the other boy, Price, but only in fun with no intention of hitting him.

He also stated that Babcock had told someone that he (Babcock) had shot Tommy accidentally.

Coroner Johnson in his address to the jury laid stress on the fact that the boys were committing an unlawful act and must be held responsible for the result of the deed, as it resulted in the death of another boy.

The election of officers for the ensuing year resulted as follows: President, Geo. Stevenson; vice-presidents, R. E. Smythe, H. L. Crawford, John King, Miles Vokes; secretary, F. R. Richardson; treasurer, W. P. Godard; auditors, John Pearl and W. H. Hall; executive, Dr. R. J. Wilson.

behind posts on either side of the road. From these positions Babcock and Sherman began firing in the direction of the other boy, Price, but only in fun with no intention of hitting him.

He also stated that Babcock had told someone that he (Babcock) had shot Tommy accidentally.

Coroner Johnson in his address to the jury laid stress on the fact that the boys were committing an unlawful act and must be held responsible for the result of the deed, as it resulted in the death of another boy.

The election of officers for the ensuing year resulted as follows: President, Geo. Stevenson; vice-presidents, R. E. Smythe, H. L. Crawford, John King, Miles Vokes; secretary, F. R. Richardson; treasurer, W. P. Godard; auditors, John Pearl and W. H. Hall; executive, Dr. R. J. Wilson.

WILSON'S POLICY IS WAITING ONE

Steady Pressure Upon Huerta is Expected to Bring Desired Results.

RUMORS ARE DENIED

U. S. Has No Intention of Cutting Off Communications Summarily.

WASHINGTON, Nov. 17.—(Can. Press.)—That the United States in its policy toward the provisional government in Mexico is content to await the outcome of the steady pressure being exerted to bring about the downfall of the Huerta regime was apparent today in official circles here.

The mills of the gods grind slowly," was the declaration of one high official of the government in discussing the developments. The president was not at all aroused by reports that Mr. O'Shaughnessy, the American charge d'affaires, was about to quit Mexico City, and it was stated that no orders had been given either to Mr. O'Shaughnessy or John Lind at Vera Cruz, to leave Mexico.

No Vital Change. The president told callers during the day that while there had been some change in the Mexican relations as to persons there had been no essential change in the circumstances to which he had referred the other day as seeming favorable to a solution of the difficulties.

The president, it is said, is confident that the financial basis of the Huerta regime by the United States and the great foreign powers will be a powerful factor in bringing about the end of Huerta.

In discussing the persistent rumors that Charge O'Shaughnessy was about to take his departure, leaving the American embassy's records in the care of one of the ministers representing the foreign powers, Secretary Bryan stated flatly that neither the charge nor Mr. Lind had any conditional instructions, and intimated that both were acting under precise instructions from Washington in every step in the negotiations.

Indications based on the few admissions of the state department officials are that no action is contemplated at present that would precipitate a crisis in the situation. On the other hand it was remarked that no one here can foretell what action Gen. Huerta might take in the City of Mexico that would bring about such a crisis.

Contradictory Views. Secretary Bryan has been informed by Mr. O'Shaughnessy of the resignation of Manuel Garza Aldape as minister of the interior, but he has heard only rumors of the intention of Gen. Blaquet to surrender his portfolio as minister of war. While in some quarters there was a disposition to regard cabinet changes as the forerunner of disintegration of the Huerta regime, in others it was pointed out that it might mark the adoption by Gen. Huerta of a more active and vigorous policy and one more defiant of the United States government.

An early development of his purpose is expected in view of the fact that in the ordinary course of events he must submit his special message to congress not later than Thursday.

ALDAPE LEAVES MEXICO. VERA CRUZ, Mex., Nov. 17.—(Can. Press.)—Manuel Garza Aldape, who recently resigned his office as minister of the interior in the Mexican cabinet, arrived here this morning from Mexico City and went on board the steamer Panama, accompanied by his wife and children. He was escorted to the quay by the local officials. He is en route to Paris to take up his duties as Mexican minister to France.

FEAR CUTTING OFF OF MEXICO CITY

Railroad Communication With Vera Cruz Reported to Be in Danger.

WASHINGTON, Nov. 17.—(Can. Press.)—The possibility of an interruption of railroad communication between the City of Mexico and Vera Cruz, which is now practically the only outlet for the capital, is giving considerable concern to the officials here and it is said that any attempt to thus completely isolate Americans and other foreigners in the Mexican capital would result in quick action by the United States to prevent it.

PROTEST LODGED AGAINST MORRIS

Many Charges Put Forth by Petitioners Who Ask for Disqualification.

MONTREAL, Nov. 17.—(Can. Press.)—The election of Mr. James Morris as M.P. for the County of Chateauguay was protested this afternoon, when petitions to unseat and disqualify him were deposited in the superior court office in Valleyfield. Bribery by himself and by agents by payment of money, promises of public offices, undue influence, defraying transportation, treating, intimidation and furnishing vehicles illegally, are among the charges against the Conservative M.P. and his agents.

Four petitions covering the charges were deposited, sworn to by the following electors of Chateauguay County: Alex. Mills, brickmaker of Ormstown; James Robertson, farmer of North Georgetown; Robert McFarlane farmer, of Howick Station, and Philmore Mallette, artist, of Chateauguay Village.

The petitions pray, not only that Mr. Morris be unseated, but that he be disqualified also as an elector of Chateauguay County for seven years. Mr. Morris' Liberal opponent was Hon. Sydney Fisher, ex-minister of agriculture.

The four petitions in connection with the election protest, together with other documents, and the statutory \$1,000 to guarantee the costs in the trial, were deposited in the superior court office in the presence of the petitioners, Messrs. Mills, Robertson, McFarlane and Mallette. They were accompanied by W. K. McKeown, one of the Montreal counsel for the petitioners, who will have a charge of the case, and Ludger Cotebeque, the crown prosecutor for the district of Beauharnois. The crown prosecutor appeared as attorney for the case. Besides the petitioners, three other eminent counsel have been retained in the case, R. C. Smith, K.C., J. L. Perron, K.C., and Aime Geoffrin, K.C., of Montreal.

The document in connection with the election protest will be sent on to the respondent at once. In this case the ordinary course has been departed from, and instead of waiting until the last minute to file the protest the petitioners have anticipated the date of expiry, which is Nov. 20. The papers in the proceedings have been in the course of preparation for several weeks past.

WHEN SIR JOHN A. BECAME CONVERTED

Evangelist Crossley Throws Interesting Sidelight on Old Chieftain's Life.

MONTREAL, Nov. 17.—(Canadian Press.)—Some new light on the subject of the conversion of Sir John A. Macdonald was given by the Rev. H. T. Crossley, the evangelist, in the course of his sermon in the Westmount Methodist Church on Sunday night. "The Rev. Mr. Hunter and myself opened a revival meeting in Ottawa," Mr. Crossley said. "Sir John A. Macdonald was present at these meetings three nights a week for seven weeks and a half. All present prayed hard for the conversion of the 'Old Chief,' and their efforts did not go unrewarded; for one evening I received an invitation to dine with Sir John and Lady Macdonald.

"No wine was on the table and Sir John said to me, 'I was never skeptical. I had a good Presbyterian father and mother, and in my younger days attended the Methodist camp meetings. I have been a great sinner, however.' "One night near the close of our meeting he stood up singing beside Lady Macdonald, and shortly afterwards his surrender to Christ. Three years after this he died a good Christian man. One of the first we expect to meet as we pass thru the pearly gates is Sir John; who we regard as our greatest son."

IRISH QUESTION NOW FOREMOST

Important Developments Expected During Week—Compromise to Be Considered.

LONDON, Nov. 17.—(Can. Press.)—The present week will unquestionably see an important development in the Irish crisis. After a long period of skirmishing by means of public speeches, a point has been reached at which Premier Asquith, on behalf of the government, is ready to offer terms of settlement, and Mr. Bonar Law, representing the opposition, is ready to consider them.

It may be taken for granted that within the next few days the Unionist leaders will be in full possession of the government's proposals for dealing with the refusal of Ulster to tolerate the home rule bill.

SCIENCE GRADUATES CHEERED

Calculations Proved Exact to a Wire's Breadth—'I Should Have Been Satisfied Had Sections Met Within an Inch,' Declared S. P. Brown.

Thirty thousand captives of war or prisoners condemned to death were hanged in one tunnel cut through a mountain by the Romans. Their deadly fire and water blasting with its fearful momentum saved a vivid description of the operation before the Engineering Alumni Association at the School of Practical Science last night.

A series of views of tube construction at New York and other cities, completed in progress, emphasized the advent of subway transportation as an essential of the modern metropolitan life.

At Montreal a thousand men are rushing the work continuously in three eight-hour shifts. As every million expended means the annual consumption of \$60,000,000 interest, time is a vital factor in the cost price. How to reduce it to a minimum on a vast work in which many new problems had also to be faced and solved was achieved by a proposition which proved eminently successful.

On April 5 the heading of the first section of the tunnel from Mt. Royal Heights to the Maple avenue shaft met.

COMPENSATION BILL CASTS SHADOW AHEAD

Employers Already Take Precautions, Says Business Agent of Carpenters.

LABOR MEN ENTHUSED

Upholsterers Are Pleased With Clause Granting Compensation for Disease.

Labor leaders are enthusiastic over the workmen's compensation bill, as drawn up by Sir William Meredith, and hope that it will be passed as soon as possible. They are satisfied that it embodies practically all that the workmen have been contending for. They feel that the bill will give more security and better compensation than any other set in Canada.

Generally speaking, the labor men are obliged to work in dust and bad air in the manufacturing of furniture, especially pleased with this clause. F. W. Wegman, counsel for the Toronto branch of the Canadian Manufacturers' Association, declined to express an opinion until he had had an opportunity to study the entire report.

Another Lake Mystery

SAENIA, Nov. 17.—(Special.)—Word was received from Port Austin today which corroborates the statement of the captain of the steamer Chadwick, who reported some days ago that he had sighted a steamer, bottom up, off that port on his way down.

A telegram today from a man named Childs stated that several of the fishermen at that port had sighted the bow. The bow is reported to have red or rusted bottom and is of good length.

So true had been the surveys that the headings were drilled thru to such extent that they met on the swinging plumb line wire.

The announcement was cheered by the assemblage of Canadian engineers last night. Mr. Brown bowed and smilingly remarked that he would have been quite satisfied if they had met within an inch.

Views of Plant. After showing a number of views of the plant and machinery and sections of the Mt. Royal tunnel, Mr. Brown concluded by stating that the headings of the main section were due to meet on Dec. 19.

A view of the magnificent terminals to be erected at Dorchester street, Montreal, indicated that they would be on a scale of considerable architectural magnificence.

President Oliver expressed gratification over the representative assemblage of Canadian engineers present, and his appreciation of the valuable address given by Mr. Brown. He invited the lecturer of the evening to address the association after the Mt. Royal tunnel was completed.

WAR NO GUARANTEE OF NATIONAL LIFE

Professor Gilbert Jackson Denies Stagnation is Consequent Upon Peace.

"Nationality and Internationalism" were the subjects debated on at the meeting of the Arts and Letters Club of the University at its meeting last night. Dr. V. Henderson of Medicine upheld the first-named principle as against the latter and the opposite view was supported by Gilbert Jackson.

Varsity Rugby Team Disbands

Refuse Game in Hamilton, But May Play Argos for Billy Slee Benefit

Varsity Rugby team may play just one more game this fall, tho the players took home their suits last night and divided up the balls, etc. The Tigers invited Varsity for a game in Hamilton on Saturday, but it was declined. The Varsity directors favor a game with Argonauts on Nov. 29 for Billy Slee's benefit, and would give the stadium free.

The Varsity editors believe that McGill won by getting the breaks, and they are just about right. A lot of guff has been printed the past day about the marvelous work of the Montreal machine, when, as a matter of fact, Coach Shea called it the closest kind of a game, and the blue and white worked the second half with practically only one man behind the line. Carr, in his crippled condition, was unable to handle a pass, that resulted directly in one touchdown, and Ream's absence was the first bad break, that gave McGill try No. 1.

True, Shea had his men in top form, and they stood the game better than did Varsity, and they had the ability left to go over for a final try, that put a game on ice that looked to be anybody's.

To quote from Varsity:

At the end of the game Coach Shea was approached by a Varsity reporter and asked his opinion of things in general and the game in particular.

"It was some game," he answered. "Did you ever see such well-matched teams in your life? Neither seemed to have anything on the other. Honestly, I never saw such a game."

"Will you have a try for the Dominion championship, Mr. Shea?"

"No, we're about thru for the season. The faculty passed a rule forbidding it."

The celebrated X play never gained more than a few yards. It didn't look very baffling from the sidelines, anyway.

The touch-line judge was watching the girls in the stand when Jeffrey stepped out in the last quarter. A touch was the result.

VIC. RUGBY PLAYER SERIOUSLY HURT.

William Blatz, one of the Victoria College rugby men, who was injured yesterday afternoon in the Mulock Cup game with Senior Meds, lies unconscious in the General Hospital, suffering from a concussion. He is seriously ill. His case is a very peculiar one, as he was revived a couple of times only to lapse into unconsciousness again. Brown, another Victoria player, had his knee cap broken, and is at the hospital also.

OVER A HUNDRED BOXING ENTRIES

Eleven or More in Each Class, Including Heavyweight—Show Opens Thursday.

Entries for the 21st city amateur boxing tournament closed last night, an expected, with the record list of 101. The previous high mark was 72 last fall. All the classes are particularly well filled, the heavy division being away above expectations. The bouts begin on Thursday night in the Arena. The different classes filled as follows, with possibly an addition of two today in the main:

Bantam, 105 lbs.	14
Feather, 112 lbs.	12
Light, 125 lbs.	12
Special, 135 lbs.	11
Light, 135 lbs.	11
Heavyweight, 175 lbs.	11
Middle, 165 lbs.	14
Heavyweight, 175 lbs.	11

The list of entries will be given tomorrow morning and the draw in the evening papers. The outside entries include one from Boston, Buffalo, Brantford and Hamilton.

BOSTON MAN IS NEW A. A. U. PRESIDENT

NEW YORK, Nov. 17.—At the annual meeting of the A. A. U. of the United States, in addition to the choosing of officers, many matters of importance were decided.

The election of Alfred J. Lill, Jr., of Boston, as president, was somewhat of a surprise, the general opinion prior to the vote being that George Pawling of Philadelphia, the only other nominee for the office, would succeed Gustav T. Kirby, the retiring executive. The vote stood 23 to 9 in favor of Lill, and then the election of the Boston man was made unanimous.

In all 32 new records, made during the past year, were approved. Seventy-eight of these were in track and field events, and the remaining fourteen for swimming. Of the swimming records, Duke Kahanavick of Honolulu was credited with seven.

P. Drew, the sprinter from Springfield (Mass.) High School, accounted for new indoor time marks at 65, 70 and 75 yards of 5, 5.4, 6.1, and 6.8, second, respectively.

John Paul Jones of Cornell, with his world's outdoor record of 4:42.5, and Abel R. Kiviat of the Irish-American A. C., with his record of 4:50, were the honor men among the middle-distance runners for the year.

In the general opinion of the delegates that hereafter the record committee should accept only those records made at the standard distances, and in events according to the list which now obtains in the United States, those sanctioned by the Olympic council, as advocated by the athletic federation, and those to be passed on at the next year's Paris convention of the international Olympic committee. The organization will be represented by a committee to be appointed later at the sessions of the athletic federation, to be held at London or Brussels and Paris next year.

A meeting of the Varsity Rugby Club was held yesterday afternoon, and the secretary reported that the negotiations with the American colleges were off, as none of them had replied favorably. The secretary had written four American colleges to try and get them to play a game here, and only two replied, and at that unfavorable. It had been agreed that if the game went thru University Settlement and the Varsity Parliament would give the proceeds. The club then arranged with the university directors to play the game of the Mulock Cup on Saturday, and the remaining semi-final and the final games, and give them to the Settlement and Parliament.

REGINA WINNERS OF THE WESTERN RUGBY CHAMPIONSHIP.

Regina, winners of the western rugby championship, are about to come here to meet the Tigers. They think they are strong enough to make a bold bid for Dominion honors. Providing a guarantee of \$1000 is forthcoming they will make the trip. The Tigers will agree to this if the proposed game with Varsity falls thru.

Shaughnessy is in luck. He will have his McGill team practically intact for next season. The only players who are to graduate are Jimmy Lee and Geo. Draper. Leung, Patsy, Waterous, Lemay, Gendron, Montgomery, Jeffrey and nearly all his regulars will be back next fall, whereas Shea has only a few of last year's regulars left, but he turned out a winner in double quick time. If the college union decides to cut out the pro, coaches, McGill will likely drop out with Shea.

If you want to be convinced that the Hamilton Tigers are a better team than McGill, just ask some of the Juniors: Coach Macriest—We could beat McGill in the morning and Varsity in the afternoon.

Captain Sam Manson—I was disappointed. I expected to see something that would keep us guessing night to night, but neither Varsity nor McGill could get away with anything on our wings. They are too experienced to fall for the supposed fancy stuff. We could beat McGill.

Bob Webster—The interference had a lot to do with McGill's success, and Shaughnessy has not failed to work it into every plan. Minus the interference as they would be in a play-off under C. R. P. U. rules, we would surely defeat them.

Harry Glasford—I'm too modest to say much about the probable result of a play-off with McGill. Let it go at this. We would surely win.

Rees Craig—The McGill wings would never get away with any of that interference on our fellows. We've been used to it from playing against Ottawa. I am sure we would beat them.

Noah Clark—My only regret is that McGill will not meet us. They wouldn't stand a chance.

EATONIA CLUB'S INAUGURATION

Mr. and Mrs. Eaton Received the Members and Their Friends.

If the opening evening in the new clubrooms secured by the Eatonia Club is any criterion as to the future success of the body, then the members should not be the least dubious over its outlook.

Nearly two thousand employees of the Eaton Company, Ltd., and their friends congregated in the old Central Y.M.C.A. building, on Yonge street, last night, and proceeded to enjoy themselves in the numerous and varied ways that the committee had arranged for the occasion.

They thronged the corridors, surged thru different little rooms, each displaying its attractions, tried all the apparatus in the gymnasium, and watched the performers in their athletic feats with interest eyes. Each one found something of interest either in his or her, in fact, many of them were so delighted with the prospect of receiving instruction in several important objects that attracted them, and expressed the quiet but lively spirit which reigned over all the scenes of the project.

SENIOR MEDS REACH MULLOCK CUP FINAL

Victorias Were Held Scoreless by Painkillers—Brown Had Knee Cap Broken.

Senior Meds earned the right to fight for the Mulock Cup by the final defeat of Victoria College in a semi-final intercollegiate game by the score of 4 to 0.

The pair, who were equally the better team, and simply punted themselves to victory. It was a fine exhibition of football in a way, as the play was too open for newly-trained aggregations, with the result that punning plays were sipped in the bud and heavy credits in the advances of the Meds. For the winners, Nicholas, who did the booting, and they were so effective that they scored the four tallies on reds. Jeffs was the star on the line. Watson played a very heady game for the Vics, but was overwhelmed by the Meds. Brown, flying wing for Victoria, broke his kneecap in the fourth quarter and had to be removed to the General Hospital. Victoria won after working the ball up the field, kicked over the hump and forced Watson to ruck. Vics forced the play and sent Meds back on the defensive. They failed to score, however, and the quarter ended with them in possession. Early in the second quarter Dales sent a long punt to Watson, and Reed pulled him down before he could run it out. Vics secured on Meds' territory and finally did the booting, and they then tried an outside kick, but over.

Kennedy picked it off and reached his 23-yard line before he was downed. Dales again booted for another ruck to Watson, but he was tackled before he could get a yard. Vics took a lot of chances, but were benched for scrapping. Half-time ended with the final score 4 to 0.

Neither team scored in the third quarter, the play alternating from one territory to the other, and many chances were tried, but without much success. In the last period the play became very fast, and Vics took a lot of chances, but Meds and McKenzie held them well, however, and finally Dales scored another ruck.

The teams:

Victorias (4)—Flying wing, Brown; halves, Hyslop, Chesney, Watson, quarter, Bowler; scrummage, Horner, Blatz, Murray; inside, Griffiths, Horning; middles, 143, 141, 136, 145; outside, Hays, Zimmerman.

Senior Meds (4)—Flying wing, Shoultz; halves, Dale, McKinnon, quarter, quarter, Brown; scrummage, Walker, middle, McMullen; roses, outside, Hays, Boulier.

MERCANTILE LEAGUE READY FOR SEASON

The annual meeting of the Mercantile Hockey League was held in the parlour of the Empress Hotel. All of last year's teams, including W. B. White, H. S. Howland and Co., Canadian Fairbanks, Warwick Bros and Butler were present. A couple of new teams will be needed to complete a league of eight teams. Applications in writing will be needed by P. Symington, care of W. B. Johnston and Co., until Thursday of this week.

The Varsity hockey players are training on the track and with the skipping ropes every evening, and quite a few are getting into shape for an early start. Strong, a star of the Jennings Cup hockey, is one of the latest to put in an appearance, and Wilson, the little Winnipeg whirlwind of last year, will be out tonight.

The Dominion Bank Hockey Club organized for the season last night at a large and enthusiastic meeting, nearly one hundred members of the staff being present. Prospects for the coming season are most bright, and its success is assured by the election of the following officers, after a keen fight on several occasions: Hon. president, Sir Edmund Osler, C. A. Bognert; hon. vice-presidents, E. B. Bognert, J. P. Bognert; secretary, W. J. Walsh; vice-presidents, J. M. B. Walsh, Duggan; hon. treasurer, J. P. Bognert; assistant manager, A. P. Kerr; land; sec-treas, P. W. Huffman; committee, W. J. Le Roy, W. Macdonald, J. W. Sprague, T. W. Joyce, R. Slatter, T. Gale.

SOCCER AT VARSITY.

Varsity II soccer team were defeated yesterday afternoon in the final game of the intercollegiate football season. McMaster to the tune of 1 to 0. This gives McMaster the championship. The standing of the league is as follows:

Won. Lost.	
City Teachers	2 0
Varsity II	2 0

The Varsity II team will practice hard this week as they expect to arrange a game with one of the local T. & P. senior teams for Saturday.

A century ago there were in all Europe only 22 cities with more than 100,000 inhabitants.

The output of motor cars in the United States in 1912 is estimated at between 250,000 and 295,000.

CLANERS WIN ODD GAME FROM SIMCOES

In the Atheneum A. League the 'Yodden' Cleaners took the odd game from the Simcoes, Armstrong being high with 584.

In the B. League "40" had to go get an anchor to get the alley from moving, and Finch Hitter Ike went in to retrieve the team mates' score, striking out for 194 to win the last and odd game from the big store team. In the C. League the anchor man of Ontario Press picked one pin from a fivepin cluster to lose by one pin. They succeeded in winning the second game in the third game. In the merry battle in the third game in the Furniture League the Dressers dressed the Kitchens in three games, while the Office Desk took the odd game from the Parlor Suites.

NO NEW PRESIDENT ELECTED.

NEWARK, N.J., Nov. 17.—Directors of the Newark Club of the International League gathered here today to elect officers. Neither Charles H. Ebbets, president of the Brooklyn National League Club, nor Charles H. Ebbets, Jr., who has been mentioned as a candidate for president of the Newark Club, was present, owing to an illness in the Ebbets family, and the meeting was adjourned until Dec. 2.

TRAINING GERMAN ATHLETES.

The executive of the German Sport Authority has decided that the American trainer, Kraenzlein, who has been secured to prepare Germany for the sixth Olympiad, should first impart his knowledge to three sub-trainers, who will then be sent to different parts of Germany to supervise the work of the selected competitors. With his three assistants Kraenzlein will hold a two month course in the art of training in Berlin during the winter.

Kuntz's OLD GERMAN LAGER

That "Old German" flavor—it sure is worth tasting. One man we know says it makes him smile all over, it's just so delightful. Try a bottle of this sparkling, invigorating "Old German" brew—and you will smile with appreciation, too.

Be sure it's in Peacock Green bottles with the "Old German" scene on the label.

All dealers have or can get Kuntz's Old German Lager. If your dealer cannot supply you, phone J. D. Todd, Toronto agent. Phone College 3475.

COAST PLAYERS DOWN TO TRAINING

Parker, Former Varsity Goal-tender, is After a Job-Hockey Gossip.

Lester Patrick has just signed up a new player for the Victoria Hockey Club in the person of Bernie Morris of Moose Jaw. He will in all probability be used as a utility man.

The Regina hockey war is no more. So are the Capitals and the Regents out of existence.

After a month or two of debate as to the advisability of joining the forces of the two teams, they have at last come to an amicable agreement, and Regina will this winter have but one team, to be known as the Victorias.

Although the official training season for the Pacific Coast Hockey League does not commence till Nov. 20, the players who are now on the coast, have already been down to their respective training camps and they will have the jump on the other fellows when the season begins on Dec. 5. So far the players from all teams working together and no club practices have been organized.

Chuck Clark, the Calgary goal tender, who is trying to take the Vancouver netting job away from Allan, has been working between the posts and has made a favorable impression. Parker, the former University of Toronto goal tender, has also shown up very well. He is showing his usual sensational form. While St. Grifflis looks in better physical shape than the other contenders, St. Sibby Nichols will likely hold down the centre position on the Vancouver forward line this winter.

Three Westminister players, the Treherne, Ran McDonald and Ken Malen, were out at practice. McDonald and Malen, having no worries relative to the management of the Royals, were able to devote their entire time to playing hockey and they look to have a good season in prospect, particularly McDonald.

Deek Hudson, the former Cornwall lacrosse and hockey player, will coach the Victoria rink team this season.

Senior hockey will open in Winnipeg on the evening of Dec. 18, one week earlier than last year when the Monarchs and Victorias, the two teams who are classed as the best contenders, Dec. 21 and Allan Cup, will meet at the arena in the name which will pry off the lid on what promises to be another big season for amateur hockey in Winnipeg.

The Thunder Bay Hockey League of six teams, Y.M.C.A., Grain Exchange and Y.W.C.A., of the new organization, Thunder Bay and Port Arthur of Port Arthur and Schreiber will open the hockey season on Christmas night and the closing game will be on March 12.

The Toronto R. & A.A., senior champions of the O.H.A., have completed arrangements for the western trip, the following games being announced by the management as having been arranged: Dec. 19 and 20, Vancouver; Dec. 21 and 22, Winnipeg and Victoria, at Winnipeg. The trip to New York and Boston will be taken about the middle of January, if the O.H.A. schedule will permit.

The Toronto Canoe Club, at a meeting Saturday night, decided to devote the entire energy to the H.A. team. The senior team was formally abandoned. Bob Wilson was re-elected manager of the junior team and George Warwick, the wing player, was elected captain. Warwick of the forwards, and Allan Robertson of the defence are the two players left of last year's good team, but the club have rounded up four or five good players of last year's city teams. They will get down to gym work this week.

Winnipeg teams have turned down the offer of the New Edinburgh rink of Ottawa to play exhibition games in the city.

Although a number of the candidates for Woodstock's hockey team have been in training for some days now, the management of the club has decided that it is time for all the players to get out and endeavor to get in shape and a number of the livery stables were held to the Y.M.C.A. Tuesday night, when the club coach, R. H. Cochran, will take the candidates in charge, and put them through a systematic course of training. Woodstock certainly lacked condition in their opening game last year, "he remarked, "we intend to go out after the music this year, and when the season opens we will be in the best possible condition."

On Saturday Secretary Stanley Trotter of the Frontenac hockey team received a letter from H. C. Shannon of Cleveland asking him to arrange a trip to Syracuse, Cleveland and Detroit to play exhibition matches the forepart of any week during January. Frontenac will try out Percy D'Esteve of Toronto in goal.

Connors was admitted to membership in the western group of the Interprovincial Hockey Union at a meeting held in Brockville yesterday afternoon. The section was previously organized at Perth, Brockville and Smith's Falls. The last two meetings were held at Brockville and Smith's Falls. The last two meetings were held at Brockville and Smith's Falls. The last two meetings were held at Brockville and Smith's Falls.

Westmoreland met Centennial on Saturday last at Dovercourt Park to decide the championship of western livelists being present. The Westmoreland team started in, and were soon pressing in goal and before long a goal was scored, which was not surprising, owing to the excellent combination shown by the Westmoreland players. Before half-time was reached another goal was added to the credit of Westmoreland. On resuming the second half quite a few tries were made for the Centennial goal, but without result. At last Centennial managed to get away and scored, much to the surprise of the boys in red. Before long one of the Westmoreland players who tried hard to get the winning goal, but Westmoreland proved too good for them and scored again just before the whistle. Result: Westmoreland 3, Centennial 2.

REGINA WINS RUGBY CHAMPIONSHIP OF WEST.
REGINA, Nov. 17.—Outclassing the Winnipeg R.C. Regina won Saturday's Rugby final by the score of 29 to 0, retaining the championship of Western Canada. Winnipeg never had a chance to score. In fact, they had the ball on the Regina side only once. Only once did the Carman make their yards. Reggie's goalposts were early in the second half. Five yards, a one of which was converted. The four-try game was the result of a smashing play on the lines, fourth was an account of a fumble, and the fifth was the result of a brilliant fly by Wilson.

SENTENCED PRISONER ESCAPES FROM CUSTODY

BELLEVILLE, Nov. 17.—(Can. Press.)—A wild suffragette disturbance occurred here tonight. Philip Snowden, Socialist member of parliament for Blackburn, attempted to address a "no conscription" meeting arranged by the Labor party, but was howled down by suffragettes. Stewards promptly took a hand, and in the scuffle were attacked also by male sympathizers with the women. Some of the stewards were kicked and badly bruised. In spite of the fact that many of the disturbers were elected, the uproar persisted to such an extent that at the end of half an hour the meeting was abandoned. A large section of the audience displayed anger at the chairman for calling the police to his aid, declaring that the working classes had had enough of the police.

ELEVEN EXECUTED BY REBEL FORCES

Capture of Juarez Was Followed by Reign of Blood.

EL PASO, Tex., Nov. 17.—(Can. Press.)—Eleven men are known to have been executed in Juarez since Francisco Pancho Villa and his rebel forces captured the city on Saturday morning. The rebel officials admit the execution of that number. The bodies of most of the victims are still unburied.

More than twenty corpses, some of them of men executed, some of the bodies of victims of the battle, lay all night in the rain in the Juarez Cemetery, because graves had not been completed for them.

The body of Col. Enrique Portillo, executed on Saturday, was brought to El Paso for interment here today. It was dressed in his trousers and shoes by a rebel who was short of clothing while it lay in the military barracks in Juarez.

All rebels are badly in need of clothing, and the distribution of captured federal uniforms made by Villa did not go around, so there has been a scramble for the clothing of the men executed.

LORD COWDRAY DENIES MEDDLING IN MEXICO

Had Nothing to Do With Carden's Appointment as Ambassador.

LONDON, Nov. 18.—(Can. Press.)—Speaking for himself and any company in which he is interested, Lord Cowdray writes to the newspapers denying that Sir Lionel Carden was appointed minister to Mexico by his wish or suggestion, that he himself is concerned directly or indirectly in financing the present de facto Mexican Government, except to the extent of having participated to the amount of less than three per cent. in a loan negotiated two months ago to the National Bank of Mexico. Lord Cowdray further denies the contention that the Madero administration cancelled the concessions granted to the Pearson Co. by the Diaz government or that the Pearsons sought of concessions or an oil monopoly from the Huerta government, or that he participated directly or indirectly in the overthrowing of the Madero government.

SILK FOR CHRISTMAS TRADE

MONTREAL, Nov. 17.—(Can. Press.)—A special train of fourteen cars arrived here today from Vancouver, carrying \$2,000,000 worth of silk brought from the Orient by the Empress of Japan. The silk special was despatched across the continent at express speed for New York, via Montreal, to meet the Christmas shopping demands.

EGYPTIAN ART DEALS

WITH LIFE IN REPOSE

Principle Underlying Pyramid Decoration Outlined by Professor Muller.

Engineering and artistic achievements of the Egyptians of the time of the pyramids were faithfully portrayed by Prof. Max Muller of the University of Pennsylvania in an address which he delivered to University of Toronto students in the physics building last evening. Lantern slides of the massive structures built by the people of the Nile Valley showed to what a degree of civilization this race had advanced. The people were at this time still users of stone weapons and bronze to any extent.

Each king built a pyramid, and the longer his reign the larger the structure which was erected. Each monarch would be interred in the structure. The theory that these huge monuments were built for astronomical purposes was cast aside as absolutely false.

The degree of proficiency attained by jewelers and cabinet makers was described by Prof. Muller. The object of those who were the exponents of the arts was to represent truthfully and not to flatter; they aimed not to show action, but to picture a period of repose.

This lecture was largely attended by Year 10 students and also by the general public.

The French people are great chicken raisers. A return gives the income derived by them from this industry as \$38,000,000.

WOODEN LEG FOR CALF

But for Boy's Plea Animal Would Have Been Put to Death. GEM, Idaho, Nov. 17.—A calf belonging to N. J. Pearson, a dairyman, recently had a leg broken by an O. W. R. & N. train. Mr. Pearson started to kill the calf, but his three boys pleaded so eloquently for the animal's life that Mr. Pearson spared it.

With the aid of the boys Mr. Pearson put splints on the leg of the calf and placed the little animal in the barn. A wooden leg was devised for it. It is fastened above the break and extends to the ground, preventing the quadruped's foot from touching the earth. The young boyvine has become expert at hopping around.

OTHER ISSUES FIRM HEAVY TONE IN LONDON

Brazils and Barcelona Are Flattering Report on Copper Fractionally Lower Than Saturday's Market. Trade Failed to Stimulate Buying.

Except for a meagre investment demand, the public's share in the local market yesterday was nil. Traders in the specialties like Barcelona and Brazils were inclined to the selling side, and it required force to maintain these issues at fractional recessions from last week's closing figures. There was nothing new on which to build sentiment, and traders preferred to continue the attitude of a pessimistic outlook. In a very general sense, however, the Canadian market was anything but good, but how far the change in sentiment and other exchange conditions is not known.

OUTLOOK GOOD FOR ARGENTINE HARVEST

Rains Cease and Fears Greatly Alayed—Prices Eased at Chicago.

CHICAGO, Nov. 17.—Late favorable news from Argentina eased what today was an early morning market showing regular, a shade up to 1/4 to 1/2 net lower. Covering shorts steadied corn, the close showing a net gain of 1/4 to 1/2c. Oats, shipped by corn, showed a net rise of 1/4 to 1/2c. Provisions, on good supply, unchanged to 1/2c to 1/4c higher.

Prompt check to a strong bull tendency in wheat came on reports that rains were ceasing in the northern part of Argentina. Fears that to covering that a net rise of 1/4 to 1/2c would be made were allayed by the fact that the market for the attractive early bulge. The opening strength was checked, not by the fact that in the south, where drought is still much alarm, a large increase in the visible supply further increased the bear sentiment.

Shorts were secured by prospects of delayed marketing of new corn, and by a forecast of unsettled weather for nearly the entire country. The forecast led to covering that gave back to the market. The market was only moderately one of the largest western shorts was a big buyer of provisions, and this strengthened the list, despite the decline at the yards.

BIDDING BRISK IN MONTREAL YARDS

Supply of Common Cattle and Lambs Unequal to Strong Demand.

MONTREAL, Nov. 17.—At the Montreal Stock Yards west end market, offerings today amounted to 2800 cattle, 6000 sheep and 1000 hogs and 800 calves. A feature of the trade today was the stronger feeling in the market for common cattle and prices as compared with a week ago show an advance of 20 to 40c per 100 pounds. The better grades of cattle were unchanged in price. Common cattle were unchanged and sales of round lots were made at \$4.40 to \$4.60, and canning cows at \$3.40 to \$3.50 per 100 pounds. A new departure in the trade was the demand from American buyers for milk cows and springers. Butchers' cattle were fairly active, there being a good demand for small lots to fill actual wants. Lambs in scant supply.

Owing to the small supplies of lambs coming forward for the season of the buyers for the time, the undertone to the market continues strong and prices have scored another advance of 10c per 100 pounds. The trade was active, and sales of round lots were made at \$7.50 and east at \$7 to \$7.25 per 100 pounds. There was no further change in sheep, but there was a good demand for ewes at \$4.75 to \$5 per 100 pounds. Grass-fed calves brought 4 1/2c to 4 3/4c and milk-fed 4 1/2c to 7 1/4c.

NEW HAVEN WAS AT LOW LEVEL

Mexican Situation Coming Out Favorably—No Change in the Leaders.

NEW HAVEN, Nov. 15.—The stock market was lifeless at the opening today and changes among the leaders were small and irregular. First quotations showed a majority of fractional gains, but on the subsequent transactions the list receded slightly. New Haven once more touched a new low record, dropping a point to 75. A Favorable Issue. The Mexican situation which for a long time has been the dominating stock market interest, seems to be gradually working toward a favorable issue. It will be some days yet perhaps until the outlook can be accurately forecasted, but it begins to look as if President Wilson will accomplish his aims along peaceful lines. The stock market has given repeated evidences of late that the general list has been well liquidated and that many favorable developments would meet prompt response. The shape of a smart recovery. Receiving Better Support. While large interests will very likely discourage a net profit to bid up prices against the short interest at the present time, there are nevertheless signs that the market is receiving better support in moments of weakness. The prevailing level of prices is a very attractive one from the investment standpoint, and it would not be surprising to witness an increased demand from this source before very long. While there may be developments of a character to temporarily unsettle the market, it looks as if good stocks should be sought on all bear drives from going prices of the franchisees.

HIGHER PRESSURE FOR CIVIC TUGS

Chief Thompson Will Report on Cost of Better Fire Protection.

DANIEL E. THOMPSON Will Assist Corporation Counsel in Drawing Purchase Agreement. Additional revenue collection of fire protection and betterment of fire protection at the island were discussed at a private meeting of the board of control yesterday. Commissioner Forman was instructed to consider ways and means for applying the assessment so that unincorporated thru community activities would provide additional revenue. For instance, property may be purchased for \$100 a front foot, and in three years sell for \$200 a front foot. For three years the value has been returning to the original value, but rapidly increasing, the an increase in assessment may wait for the sale to fix the new value. Did each year's assessment increase with the increased increment, the city would be able to collect more of the added value to property by community activities. Controller McCarthy estimates that the tax rate would come down considerably by the assessment department securing for the city a share of the unincorporated increment. Consideration was given to the plan of a transfer tax upon sales of property as registered, but it was found impracticable. Controller McCarthy contending that residential property would be assessed seven years and business property every two years, but business property would be assessed every year. The plan would be to collect with more consideration for the financial condition of the property owner. These suggestions were discussed by the board of control. To help tax collectors get in arrears, Controller McCarthy suggested that in cases of property, in large or small areas, be approved a certificate of payment of arrears as taxes is attached to the plans. He also suggested that business and residential property, which has the least earning capacity. On Separate Rents. McDonald, late of Cornwall, and three daughters, Marie, Norma and Dora Elizabeth.

WATSON GRIFFIN TO VISIT WEST INDIES

Animals Valued at Twenty-Five Thousand Dollars Have Had to Be Destroyed.

WATSON GRIFFIN TO VISIT WEST INDIES. BRANDON, Man. Nov. 17.—(Can. Press.)—Watson Griffin, industrial commissioner of Brandon, has been selected by the government at Ottawa, to visit British West Indies as a special commissioner of the department of trade and commerce to investigate the possibilities of developing Canadian trade with them. He will leave for the West Indies early next July. Griffin has for 18 months been in the district with a view to the development of the West Indies. He has had journalistic experience in Toronto and Montreal, and in behalf of the C. M. A. CHOLERA AMONG HOGS. Animals Valued at Twenty-Five Thousand Dollars Have Had to Be Destroyed. LONDON, Ont. Nov. 17.—Hogs valued at over \$25,000 have been killed in the district west of London as a result of the worst epidemic of hog cholera the authorities have yet had to deal with. Scarcely a farmer, but has lost from half a dozen to fifty, and in one spot, a dozen is checked in one spot, it breaks out in another despite every effort of special government inspectors. JAPANESE PRINCE HAD UNUSUALLY BIG BRAIN. TOKYO, Nov. 17.—The brain of the late Prince Katsura, one of Japan's greatest statesmen who died Oct. 10, weighed slightly more than 1600 grammes. Prince Katsura was president of the Japanese society devoted to the study of cancer, from which disease he died, and in accordance with his own directions the body was offered to science and dissected. This brain weight is said to be nearly the same as that of Kant, the philosopher, and Napoleon III, and is heavier than that of Napoleon III and Gambetta, and a little lighter than that of Bismarck and about 300 grammes heavier than the brain of an average person. MILL FIREMEN STRIKE FOR EIGHT HOUR DAY. LAWRENCE, Mass. Nov. 17.—(Can. Press.)—The union firemen in the textile mills in Lawrence, went out on strike today in pursuance of a vote yesterday to strike, unless their demands for an eight-hour day were granted. They went to the mills this morning, started the fires and then walked out. The strikers' number about 450. Should the strike be long continued, it is believed the mills employing 95,000 operatives would be forced to shut down, owing to the provision in the law prohibiting the operation of a manufacturing establishment for more than one week without licensed firemen. PUBLIC HEALTH EXHIBIT. Moving Picture Outfit Will Be Sent Out on This Tour. The Ontario public health exhibit goes on the road today on its annual tour of showing the province how to avoid the prevalent causes of disease. The first stop will be at Blind River, and the whole of the north is mapped out in a tour including St. Mary's, and Schreiber in the west and Sudbury as a centre to the east.

BROOMHALL'S CABLES.
LIVERPOOL, Nov. 17.—Wheat opened 1/4 to 1/2 higher, and later March wheat further advanced. The strength in Winnipeg on Saturday and light weather in the United Kingdom, and an shipment from the continent for increased demand for the continent for goods arriving, stimulated support. Foreign wheat, on the continent for increased demand in the market leading. Short and speculators bought freely on the continent for increased demand in the market leading.

World's shipments: Wheat, 15,056,000; corn, 24,577,000; Argentine cable: In Northern Buenos Aires wheat has been seriously damaged by floods along the river of the Pacific good, but fine, dry weather is desired. Western wheat has been extensively rain, and the weather is still unsettled. Corn crop has made a splendid start. A cable just received from the Argentine district states that rain is general.

CONSUMMATE ART

The greatest man is the least self-conscious one—the greatest art is that in which every detail, no matter how careful and elaborate, is lost in the impression. Makoffsky's great painting, "The Wedding Feast," first strikes you broadly. None of its wonderful detail obtrudes itself upon your notice. You can just enjoy it and listen to its story, romantic, beautiful, engrossing. Afterwards you will have the keen pleasure of studying its glowing colors and matchless handling. The painting will be here until Saturday only. See it at once.
