Premier Drury Foreshadows End of Farmer-Labor Coalition in Ontario

CAMPAIGN WORKERS TO EXTEND EFFORT FOR ANOTHER DAY

Has Achieved Splendid Results Up Against Unusually Difficult Conditions.

SET A NEW OBJECTIVE

Also the campaign for the Federation of Community Service did not attain the objective which it set out to obtain at the beginning of its work...

U. F. O.-LABOR TIES MUST SOON BREAK DRURY CONFESSES

Perpetuation of Union Not in Line With Public Opinion, He Says at Chatham—Farmers Do Not Want Class Legislation, and Before Long People's Party Must Develop.

Chatham, Ont., Dec. 3.—In a speech delivered before the Maple City Club at a monster banquet, held in the armories here tonight, Hon. E. C. Drury, premier of Ontario, made the plain admission that the farmers and the members of the Independent Labor Party cannot continue as a U.F.O.-Labor government in this province...

CONFERENCE RESULTS IN PURCHASE OF MACKENZIE ELECTRIC INTERESTS ON BEHALF OF CITY AND MUNICIPALITIES

Power Generating Stations, Transmission Lines and Electric Radials Will Be Turned Over to New Owners as of December 1, 1920—Matter Must Be Submitted to Ratepayers for Final Approval.

Sir Adam Beck, to whose efforts are largely due the purchase by Toronto and the province of the Mackenzie power and radial interests and the resultant clean-up of Toronto's transportation situation.

The deal for the purchase of the power and radial interests of the Mackenzie interests by the Hydro Commission and the city of Toronto was closed last night at a meeting in the office of the Hydro Commission on University avenue...

The conference did not conclude until after midnight. Sir Adam said to the World that he believed the deal was a good one for the Hydro municipalities and the city...

SURPRISING RESULTS FOLLOWING BIG DEAL

Now that the big deal has gone through surprising results may speedily follow. As to upper Yonge street: The Yonge street single track line of the Metropolitan will be made a part of the municipal lines of the city under the Commission Harris plan...

TART DENIAL BY JAPS OF KOREAN MASSACRES

Letter in Reply to Protests of Canadian Missionaries Seeks to Justify Use of Fire and Sword, and Warns Them to Keep "Hands Off."

HAPPENS NEAR KINGSTON

Kingston, Ont., Dec. 3.—Emulating the heroic pilot of John Hay's well known poem, Jim Bludso, who, in the imminent peril of his life at the wheel of his burning vessel, declared that "the world hold her nose against the bank till the last galoot was ashore," Captain Thomas Suggs, pilot of the steamer Schoolcraft, which was destroyed by fire this morning, remained at the wheel of his burning vessel until he had beached her on Wolfe Island.

TROOPS ARE IN FLIGHT

Warsaw, Dec. 3.—The Bolsheviks have smashed all the detachments of General Bulak Balakovich and the remnants are fleeing toward Poland, across the frontier near David Grodek, north of the Pinsk marshes, where they were disarmed, according to latest reports received here.

TARIFF HEAVY BURDEN ACCORDING TO FARMERS

Representatives of U. F. O. Flay Protection Before Commission—Nature Given Credit for Prosperity of the Country—Look to Greater Agricultural Production Under Free Trade.

RUMORS OF PEACE MORE PRONOUNCED

Irish Troubles May Be Near an End as Result of Negotiations.

CAPT. WHITE ARRESTED

Belfast, Dec. 3.—Capt. J. R. White, son of the late Field Marshal Sir George S. White, defender of Ladysmith, Natal, during the South African war, has been arrested at Dublin. The charge is not stated.

BANK MESSENGER ROBBED

St. Paul, Minn., Dec. 3.—Two bank messengers carrying bonds said to be valued at \$15,000, were held up and robbed by two bandits near the St. Paul postoffice in the heart of the downtown district shortly before six o'clock tonight. The bandits escaped.

WIDOWS

The rumors seem not entirely baseless, the precise character of the negotiations, if such they may be called, can at present only be surmised.

WIDOWS

There seems to be no doubt, adds the paper, that Arthur Henderson has at least an informal mandate to explore the avenues which might lead to Irish peace.

WIDOWS

As well as hats, the Dineen Co. stock of men's overcoats are also reduced; \$37.50 to \$50.00 coats are selling at \$22.50 and all others reduced in proportion. If you want a bargain in either an overcoat or hat go into Dineen's today.

WIDOWS

Mr. Powers said particularly with agricultural conditions in the province. He said it was plain that farming conditions had been better in the last 20 years than in the previous decade and more particularly in the last six years. This improved situation, he said, was due to the fact that the United States had made their tariff more favorable for Canadians.

WIDOWS

In 1913 Canada had exported to the United States \$8,000,000 of cattle, valued at about \$1,000,000, whereas, in 1918, 300,000 cattle, valued at approximately \$80,000,000, had been shipped southward. Therefore, he exhorted the commission member Mr. George Lane's advice at Calgary and so (Continued on Page 9, Column 2).

ADD TO ARTICLES FREE OF SALES TAX

New List Includes Real Estate, Buildings, Bread, Salt, Bibles, Artificial Eyes.

Ottawa, Dec. 3.—More articles have been added to those exempt from sales tax. They are: Bread, yeast, salt, malted foods for infants' use, real estate and buildings, hominy, cooked meats not canned, gluten flour, rolled wheat, poultry feed, stearine, oleo oil, cotton seed oil and corn oil, when used solely in the manufacture of oleomargarine or any substitute for butter, or as a substitute for lard or for the production of cottonseed; edible tallow, for use solely in the production of butter or any substitute therefor, or as a substitute for lard, jams, jellies, marmalade and preserves; bees, manilla fibre, for use solely in the manufacture of rope for holding traps in lobster fisheries.

Exempt War Badges. War veterans' badges, memorials or monuments, erected by voluntary public subscription, municipal corporations or provincial governments not engaged in any other business in memory of soldiers who fell in the great war.

Articles imported for use of the government-general. Articles imported for the personal or official use of consuls-general, who are natives or citizens of the country they represent, and who are not engaged in any other business, or profession.

Bibles and Prayer-books. Bibles, prayer-books, psalms, hymn books, religious tracts and Sunday school lesson pictures.

Artificial eyes, crowns, bridge-work and plates to which artificial teeth have been permanently affixed by a dentist.

The above exemptions apply only to articles sold on or after November 28, and are not retroactive.

It is further announced that goods manufactured by the following classes of merchants are subject to sales tax: Merchant tailors, milliners, confectioners, harness makers, tinsmiths, etc.

WOMAN MAY DIE FROM PUTTING PAINT ON STOVE

Dorchester, N.B., Dec. 3.—Mrs. Samuel Coleman today received injuries which it is feared will prove fatal. While painting a stovepipe, she placed the can of paint on the edge of a hot stove. An explosion followed, throwing the burning liquid over her clothing, which was immediately a mass of flames.

Mrs. Coleman is the wife of a member of the penitentiary staff, who served overseas in the war. She came from England as a bride on the return to Canada of her soldier husband.

STEAMER SCHOOLCRAFT IS DESTROYED BY FIRE

Kingston, Ont., Dec. 3.—The steamer Schoolcraft, while on her way to Montreal, took fire this morning at the lower end of Wolfe Island, about 17 miles from this city, and was totally destroyed. The crew managed to escape. The vessel was owned by Manley Chew, of Midland.

GAINSBORO MAN AWAKES TO FACE POINTED PISTOL

St. Catharines, Ont., Dec. 3.—Jacob Crow of Gainsboro township awoke early this morning to find a revolver pointed in his face and another burglar going thru the pockets of his trousers hanging on the bedpost. After having ransacked the house, only \$20 has been missed. The burglars, who got away, had cut the telephone wires.

EDMONTON COAL MINERS RETURN TO WORK TODAY

Edmonton, Alta., Dec. 3.—Voting to file an application at once for a conciliation board, coal miners on strike in Edmonton district decided at a meeting Thursday evening to return to work Saturday morning. Nearly seven hundred miners are affected by this decision.

MINNEAPOLIS BANK ROBBED.

Minneapolis, Minn., Dec. 3.—Registered mail, unofficially valued at from \$25,000 to \$75,000, was stolen today by three bandits, who held up the mail car of the Moberg-Minneapolis train on the Chicago, Milwaukee and St. Paul Railroad, between Hopkins and Minneapolis. The bandits escaped.

FAST RUN BY TRAIN WITH DOCTOR TO KINGSTON

Kingston, Ont., Dec. 3.—(Special).—The Grand Trunk made fast time in bringing Dr. Anderson, specialist, from Toronto today to attend Robert Richardson, son of the late Senator Henry Richardson, who is critically ill with pleuro-pneumonia. An order was put in for the train at 10 o'clock. The special left Toronto at 11.10 a.m. and arrived here at 2.35 p.m., making the 164 miles in three and a quarter hours, with twelve minutes' detention.

AGAIN SAY GAUTHIER LIKELY FOR CABINET

Ottawa Despatch Reports He Had a Lengthy Interview With Meighen.

Ottawa, Dec. 3.—The Citizen today carries the following political story in its news columns: "The persistent Montreal report that L. J. Gauthier, Liberal member of parliament for St. Hyacinthe, may come into the Meighen government, finds some color in the fact that Mr. Gauthier was in Ottawa today and had a lengthy interview with the prime minister. It is learned that there was no definite development, but the situation was fully discussed and some further negotiations are looked for.

Needs to Be Liberal. "It is the purpose of the premier to increase the French representation in the cabinet, but the situation is not without its difficulties. If a member of parliament is to be selected, it would need to be from the Liberal side as only three seats are held by the government. Two are occupied by ministers, Messrs. Doherty and Ballantyne, while the other, Sir Herbert Ames' seat, is potentially vacant, as he has accepted the post of financial director of the League of Nations. It is believed there will be several more consultations here and in Montreal before a conclusion is arrived at.

OTTAWA BENEFITS THRU ALBERTA OIL

Western Province's Natural Resources Enrich Federal Chest by \$3,000,000.

Calgary, Dec. 3.—(By Canadian Press).—Revenue from the natural resources of Alberta collected by the Dominion government in the year 1920 will approximate and may exceed \$3,000,000, according to estimates given here today by Attorney-General J. G. Boyle.

In return the province is getting this year the sum of approximately \$650,000 from the federal subsidy, he said.

Province to Contest. Mr. Boyle said that the provincial government preferred to exhaust methods of negotiation first, but if forced, might choose some other course to secure its demands.

Mr. Boyle stated that in the first oil rush in southern Alberta, the federal government took in much more than \$1,000,000 in revenue from oil leases. With the new oil rush on in the north the attorney-general estimates that the federal government will take in more than a million dollars and more likely \$2,000,000 this year.

JAIL AND HEAVY FINE 'IN GUELPH O.T.A. CASE'

Guelph, Ont., Dec. 3.—(Special).—Mike Boyco, who was placed under arrest following a raid on his home when a quantity of liquor was seized, was arraigned before Magistrate Watt today, charged with selling liquor without a license, contrary to the O.T.A. Boyco pleaded guilty, was sentenced to three months in jail and fined \$1,000 and costs. His worship also ordered confiscation of eight bottles of liquor and 23 bottles of beer found at Boyco's home.

The acting city clerk was instructed today to write Sir Adam Beck inviting the Hydro knight to attend a committee meeting of the city council to be held next week, when matters pertaining to the local radial railway will be discussed.

JANITOR WILL ACCEPT HIS QUARTER MILLION

Malden, Mass., Dec. 3.—William R. Hanson, a janitor, was telling fellow employes at a drug store here today what he would do with the million dollars that Charles Garland of Buzzard's Bay has refused, when a postman gave him a letter, stating that he was being offered about a quarter of a million. He will accept the money, he said, unlike Garland, but he will stay at his work of washing windows and sweeping floors so that he will have something to do.

Between times he intends to smoke cigars and have an automobile to take him out in the country for week-ends.

IMMIGRATION BRIBE IS 'WITHIN THE LAW'

Quebec, Que., Dec. 3.—(By Canadian Press).—Judge Lachance in the court of sessions today dismissed the case against George Marou, an Austrian, who was charged with attempting to bribe an immigration official to secure the release of two immigrants held for deportation. The judge held that the complaint as laid did not come under the criminal code or the immigration act.

WILSON'S LAST MESSAGE

Washington, Dec. 3.—President Wilson was represented today as being "strongly desirous" of appearing in person before congress next week to deliver what will be his last annual message to that body. He has not yet, however, made known his plans.

TOO MILD TO FISH.

Port Arthur, Ont., Dec. 3.—Mild weather has interrupted the fall herring fishing industry, it being impossible to freeze the catch.

EXPRESS RATE CASE GOES ON NEXT WEEK

Adjourns Today Uptil Thursday—Toronto Financial Expert Is Heard.

Ottawa, Dec. 3.—(Can. Press).—All hope of concluding the express rates inquiry this week was abandoned at the close of the sitting today of the railway board, altho the present series of sittings was called for Tuesday, ostensibly for the purpose of hearing argument by counsel, the taking of additional evidence and the filling of revised statement had been steadily proceeded with ever since Monday. At five o'clock this afternoon the evidence was still unfinished.

In view of the situation and the fact that he has to be in the maritime provinces on Monday to attend a meeting at which matters relating to coal will be considered, Chief Commissioner Carvell suggested that the hearing of evidence be finished tomorrow and an adjournment taken until the following Thursday or Friday. To this proposal counsel agreed.

Hear Toronto Expert. Col. H. D. Lockhart Gordon, D.S.O., the financial expert in the case, was in Toronto today, witness at the afternoon sitting, produced figures and computations purporting to show the position of the Dominion Express Company, both present and prospective, to be more favorable than is set forth in the statements submitted by the company last, when a new wage scale went into effect, the company operating, in the case. He claimed, for instance, that for the year commencing on May operating under present rates, would have a deficit of only \$165,000. The company has not submitted any statement covering this particular twelve months, but claims that rate increases of at least 33 per cent are required if it is to avoid a deficit on the 1921 operations.

Dispute Overseas Profits. Col. Gordon's calculations included profits made on the overseas business and the chief commissioner raised a point as to whether these profits could be fairly taken into account.

Mr. Geary claimed that the C.P.R. he hoped to show, had charged some \$3,000,000 to express rates which should not have been so charged. He proposed to bring this to the attention of the board during argument.

MONUMENT TO AUTHOR OF 'IN FLANDERS FIELDS'

Guelph, Ont., Dec. 3.—(Special).—The committee appointed some time ago by the Guelph Canadian Club to raise a sum of money from the various clubs throught the country for the purpose of erecting a suitable memorial to the late Lieut.-Col. John McCrae, the author of "In Flanders Fields," is making progress. The sum of \$1,786 has been secured for this purpose, and the committee is not sure that this was sufficient to erect the kind of a memorial desired, and they recommend that they be authorized to communicate with Dr. Creelman, agent-general of Ontario in London, asking him to find out what a suitable memorial would cost. Dr. Hobbs stated the Belgian government had very generously donated a suitable site for this memorial in the famous city of Ypres.

TWENTY-ONE PERISH WHEN BARGE SINKS

Seattle, Wash., Dec. 3.—Bodies of 21 victims of the wrecked barge, W. J. Pierre, which sunk on Lake Cootenaw, off the Washington coast, last Friday, have been recovered and buried on the beach near Cape Johnson, according to a telegram from Noah Bay, Washington, today.

The findings of the 21 bodies, with the rescue of Ernesto Ravina, a man, and Carlos Peterson, second engineer, accounts for all persons known to have been aboard the vessel when she went down.

CONSTANTINE AWAITS CALL OF COUNTRYMEN

Lucerne, Dec. 3.—Former King Constantine of Greece, after learning of the contents of the note of the allies, directed to the Greek government made known thru his chief adviser that he did not wish to say or do anything which is in the nature of influencing or interfering with the free expression of the will of the Greek people in the plebiscite to be held next Sunday.

Constantine, according to his adviser, has taken the position of "let my people decide whether they want me back" and adopted a policy of "hands off."

WALTER R. SCAGE DEAD.

Brockville, Dec. 3.—After a day's illness of paralysis, Walter R. Scage, county jailer, died last night. For 23 years prior to appointment to that office, he was business manager of The Brockville Times. F. S. Scage, inspector of customs, Toronto, is a brother.

BOOTLEGGING ON DECREASE.

Port Arthur, Ont., Dec. 3.—The chief of police reports a decided decrease in the amount of bootlegging in this district.

CREAM FOR CATARRH OPENS UP NOSTRILS

Tells How To Get Quick Relief from Head-Colds. It's Splendid!

In one minute your clogged nostrils will open, the pain of your head will clear and you can breathe freely. No more hawking, snuffling, blowing, headache, dryness. No struggling for breath at night; your cold or catarrh will be gone.

Get a small bottle of Ely's Cream Balm from your druggist now. Apply a little of this fragrant, antiseptic, healing cream in your nostrils three or four times through every air passage of the head, soothes the inflamed or swollen mucous membrane and relief comes instantly.

It's just free. Don't stay stuffed-up with a cold or nasty catarrh—Relief comes so quickly.

WINTERING FIFTY SHIPS IN HARBOR OF KINGSTON

Kingston, Ont., Dec. 3.—(Special).—The fact that 50 vessels will be laid up here this winter will mean that a big staff of men will be employed and a sum of money amounting into the thousands expended. This is the largest fleet to be laid up here in thirty years.

KEEP TROOPS FROM VILNA.

The Hague, Dec. 3.—A Geneva message to The Handelsblad, says that H. A. Von Karnebeck, the Dutch

AUTOMATIC FLAGMAN ON TRIAL BY THE C.P.R.

Bellefonte, Ont., Dec. 3.—(Special).—An automatic flagman has been installed at a crossing on the line of the C.P.R. two miles east of the city and is the first of its kind to be put on the lines of the C.P.R. The new device consists of a circular red banner with the word "stop" painted in white on same. An approach by a train the red banner swings backwards and forwards towards the roadway and a

REDFLIGHT FLASHED IN SAME MANNER AFTER DARK.

There is also a shield with the words "look and listen" painted in white on a black background.

DEFER BYLAW ON BOTANIC GARDEN

Controllers Also Decline to Send Early Closing Question to People.

SECESSION TO FIGURE

Electors of North Toronto Will Vote on New Year's Day.

The board of control yesterday declined to call for a vote of the people on early closing of stores, the expenditure of \$25,000 for improvements in the parks, the purchase of 500 acres of land by the city for a botanic garden and the appropriation of \$150,000 for the Muskoka Consumptive hospital.

Only Controllers Maguire and Cameron voted to send the question of establishing a botanical garden on to the people.

Following are the questions and bylaws which the board decided to send on for a vote of the people on January 1:

Daylight Saving Vote. Question: 1. Seccession of North Toronto. All the electors in North Toronto will have the right to vote on this question. 2. Daylight saving. Vote of all electors. 3. Partial exemption of buildings assessed up to \$4,000. Only ratepayers will vote. 4. Laying of water mains on the local improvement plan. 5. In the event of the board of control and the board of education failing to agree, are you in favor of the board of education's expenditure being supervised by the city council? Vote of all electors.

Bylaws: 1. To authorize an expenditure of \$500,000 for the operation of motor buses. 2. To authorize an expenditure of \$200,000 for the building of stadiums in different sections of the city.

A bylaw to authorize a debenture issue to meet capital requirements of civic departments totaling \$7,770,000, was held up for another conference. Of this sum, \$140,000 is wanted for an asphalt plant, \$2,230,000 for relief sewers, \$2,135,000 for railways and bridges, \$2,430,000 for water supply, and \$1,860,000 miscellaneous.

Vote for Waterways. The board voted \$1,000 to the Canadian Deep Waterways Association, of which Alex. C. Lewis, M.L.A., is secretary. Mr. Lewis explained that his salary was \$5,000 a year, and that the salary dates from 1915 to 1917. Owing to shortage of funds he is now over \$2,000 behind in salary.

Controller Cameron pointed out that Mr. Lewis had been appointed by people who were letting others pay the salary, to which Mr. Lewis replied that Toronto would be the great beneficiary if the waterways scheme should go thru.

An application for a grant for the National Waterways Association of Canada was also before the board. A decision was deferred until next Wednesday, when the secretary, Mr. Duthie, will be asked to be present. The grant is required for publicity purposes.

The question came up as to what Mayor Church received from the Gas Company for his services as a director. His worship said he was paid a certain sum for each meeting he attended, and that the whole amount did not exceed \$500 a year.

Mayor Church had a motion that the question of giving the board of education \$2,000,000 for new schools and sites in 1921 be referred to a vote of the ratepayers on January 1, but the city solicitor said that would be irregular. The opinion was with the trustees, not the board of control. Such a bylaw could not be sent to the people until the school trustees asked for it. "Never mind about that," said the mayor, "and if on any day, this is a question of policy," in view, however, of the statement of the solicitor, the board decided not to send it on.

LIMIT COMMISSION ON INSURANCE PREMIUMS

The Ontario department of insurance will introduce legislation, on the lines of Justice Masten's report, to limit commissions paid to insurance agents. It is hoped to save Ontario people a million dollars a year. According to Superintendent of Insurance Evan Gray, of annual premiums of \$15,500,000, expenses of management total \$6,270,000, including over \$4,000,000 payable as commission. Canadian companies pay 40.8 per cent. of premiums on management, British companies here 34.85 per cent., and United States companies here, 33.87 per cent. Commissions paid run as high as 50 per cent. of the premium. It is proposed to make a 15 per cent. limit, and that company charges for supervision of agents, underwriting, inspection of risks, etc., must be paid by salary or by salary and profit commission only; that no person may fulfil both functions of insurance agents and company supervisor.

A conference of interested parties will be held at the parliament buildings on December 16.

HORSE'S NAME NOT GIVEN

Mr. Arthur George suffered a very severe bruise of the right ankle last Friday as a result of having a horse step on it while he, (Arthur), was working in Messrs. Bender Bros. blacksmithshop.—Tavistock Gazette.

MRS. M. SUMMERS, Box 55 WINDSOR, ONT.

WELL-KNOWN TORONTO CIVIC SERVANT DEAD

After a lingering illness the death of Geo. M. Melville, a veteran in the civic service, occurred at the Western Hospital yesterday, in his 61st year.

Mr. Melville served in various departments at the city hall, during the past twenty years, but was prominently identified as clerk of the police court during the past twelve years.

Beside his widow, Mrs. Beatrice Melville, he is survived by one son, Ronald, and two daughters, Marguerite and Annie.

CONSCIENCE MONEY IS NOT BEING PAID

U.F.O. Whip Says Lumber Companies Are Paying Back Dues.

Has F. R. Hicks, U. F. O. whip in the legislature, again been talking at random? A despatch from London quotes him as saying that lumber companies have been refusing to the government with conscience money in payment of dues properly owing to the province.

Hon. Beniah Bowman and officers of his department, who might be supposed to know, have not heard of any such a rush. One company, however, has forwarded \$1,500 in payment of dues, but this could not by any means be called conscience money.

ST. LUKE'S CHURCH CELEBRATES JUBILEE

Site of Present Edifice Was an Orchard and Market Garden Fifty Years Ago.

St. Luke's Church, which celebrates the jubilee of its foundation tomorrow, was set aside as a parish by the Bishop of Toronto in 1870. The first rector was the Rev. John Langtry, at the time assistant priest of St. Patrick's Church, Toronto, whose incumbency lasted until his death in August, 1906.

He has had two successors in the rectorship, the Rev. A. G. H. Dicker, from 1906 to 1912, and the present rector, the Rev. G. F. B. Doherty, who assumed charge of the parish on Easter-day, 1913.

The original church was a frame edifice, standing at the corner of St. Vincent and Broadbanc streets where the first service was held on Dec. 4, 1870. Subsequently this building was removed to the present site at the corner of St. Vincent and St. Joseph streets and used as a Sunday school until the parish hall was created in 1906. Fifty years ago the site of the present church and rectory formed part of a large market garden and orchard with wide fields stretching off to the westward. Now the church is rapidly being confronted with all the problems of a downtown parish. The congregation, however, is growing in a most satisfactory manner at the present time.

Special services commemorating the jubilee of the parish are to be held tomorrow, when it is hoped many former members of St. Luke's will be in attendance.

W. J. MCCREA IN FIELD

W. J. McCrea is being urged by his friends to allow his name to go in the ballot papers at the coming election for member of the board of education for Ward 8. Mr. McCrea demonstrated his fitness for the position during his term on the board in 1913. He failed to be re-elected last year thru many of his friends neglecting to vote under the impression that his election was assured.

UP-TO-DATE

One of the smartest little cafes in Toronto has just been opened at 119 Victoria street by H. G. Baguley. Special attention is given to table service, and noon-day luncheon at popular prices are featured. The cafe has already become popular with those who wish to lunch in comfort at reasonable prices.

MAGISTRATE MUST FACE AN INQUIRY

Administration of Justice at Dunnville Described as Scandalous.

To a deputation which waited upon him yesterday to protest against the suspension of Magistrate Hastings of Dunnville, Attorney-General Raney created somewhat of a flurry among his visitors by confronting them with the following charges made to him by informers:

1. The administration of justice in the police court at Dunnville has for this condition of things the magistrate, Mr. Hastings, is largely responsible.

2. Mr. Hastings is guided in his administration of the law largely by F. R. Lalor, M. P., president of the Monarch Knitting Company, and a group of other men who are associated with him in the control and deflation of the affairs of the community.

3. All these men, including Mr. Hastings, are opposed to the Ontario temperance act, and to its enforcement.

Has Not Enforced Act. Mr. Hastings has not enforced the Ontario temperance act according to either the spirit or the letter of the law, the penalties imposed by him for flagrant offences where he has made convictions being, for the most part, the minimum penalties provided by the statute. In his administration of the law, Mr. Hastings favors the political and whiskey ring which is in control of the affairs of the town.

4. Mr. Hastings is an active politician, attached to and dependent upon Mr. Lalor, from whose company, the Monarch Knitting Company, he derives the greater part of his business as a job printer.

5. When men have been arrested for offences against the Ontario temperance act and placed in jail, Mr. Hastings has used his authority as magistrate to release them without bail and before their appearance in court.

6. Mr. Hastings has refused to take information in cases of serious infractions of the law where the defendants were able to bring influence to bear upon him.

7. Signatures to the petition that is being presented to the attorney-general for reinstatement of Mr. Hastings, were procured by misrepresentation of the facts and coercion, many signers fearing that if they refused to sign they would be blacklisted by Mr. Lalor and the other men whose influence in the affairs of the town is both paramount and pernicious.

Demand An Inquiry. Mr. Lalor and others of the deputation present demanded an immediate investigation and the names of those making the charges. The charges were untrue, and Mr. Hastings was a competent man for the position and also a strong temperance advocate.

The attorney-general promised an inquiry under oath by an impartial commission.

T.S.R. PERCENTAGES CONTINUE TO GROW

Toronto Railway Co. now owes the city \$559,497.86 in overdue percentages, the total for six months November earnings were \$667,282.96 and percentage \$79,884.49, an increase over November, 1919, of \$38,412.41 and \$7,173.23 respectively. Earnings for the first eleven months of 1920 were \$7,168,985.73 and the percentages were \$1,202,321.65.

SENT TO GRAVENHURST

The Canadian Red Cross, Ontario division, has today shipped the following articles to the Muskoka Free Hospital for Consumptives: One hospital sink complete, one copper steam sterilizer, 102 Paris socks, 50 dressing gowns, 300 pillow slips, 250 pillows.

VOTE CHRISTMAS GRANTS

The board of control yesterday voted Christmas grants of \$2,000 to the G. A. U. V., \$2,000 to the G. W. V. A., \$200 to the Amputation Association and \$200 to the Army and Navy Veterans.

JAIL FOR MOTORIST ON MANSLAUGHTER CHARGE

"If it had not been for the recommendation of the jury," said Mr. Justice Rose yesterday, to Wexter Isadore Woolf, found guilty of the manslaughter of Helen Taggart, a child by criminal negligence in driving a motor. "I would have been obliged to impose a severe sentence. So that motorists shall know that if they are careless they will have to be punished I will impose upon you a sentence of five months' imprisonment."

COLLEGIATE SHORT OF ACCOMMODATION

Public Opinion Should Be Aroused, Major Mowat Says at Exercises.

"If I may so, the board of education does not push its needs vigorously enough before the public. Now, if you parents and friends of Parkdale Collegiate believe in supporting your school you should back up the board of education in its demands. You must see to it that public opinion is aroused in such a measure as to get busy in championing the cause of the board and better collegiate halls."

It was thus that Major H. M. Mowat, K.C., M.P. for Parkdale, addressed the large gathering of parents and friends of Parkdale students at Dunn Avenue Presbyterian Church on the occasion yesterday of the exercises commencing the year. It was noteworthy that the commencement was held at the church only because there was neither sufficient accommodation in the assembly hall and proper class room for the students, nor was there any other accommodation available. This, at least, was the reason given by the principal of the collegiate, G. A. Smith, B.A., who pointed out that this lack of both an assembly hall and proper class room for the students, but also there was no specially adapted laboratory for science work. There were many other defects which might be considered at length, said the principal, but those which touched upon were the most important. Major Mowat pointed out that if the influence of public opinion was brought to bear upon the board of education and the needs of the schools of the city.

Miss Irene Irwin, in witty and very human vein, rendered the valedictory, and in the presentation of the graduates' memorial a special note of honor was accorded both Miss Irwin and Miss Helen McKay, students of considerable attainment, they having gained many firsts and seconds, as well as honors in both the sciences and arts.

Strive for Perfection. Rev. Andrew Logan Geggie, in the course of a stirring and reminiscent address in which John Stuart Blackie of Edinburgh University frequently figured, touched eloquently upon the need of eliminating in the struggle of life all the non-essentials, and of striving for perfection thru thoroughness and foresight, not to mention adaptability. Impracticability, said Dr. Geggie, was the millstone around the neck of many a fine man, but more especially of the most learned, who by virtue of abstract idealism had failed to grasp the essentials which made for strength and success. Book-worms and absent-minded professors might be counted easily first among these, their acumen for scholarship outrunning all other possible qualifications, making them one-sided and, therefore, unsuited to the practical needs of the day. No great statesman, no great soldier, no great captain of industry could afford to drone along in absent-minded indifference to the essentials of life, and as soon as he fell into this rut his success in life vanished.

Among those present and who added to the interest of the occasion were Rev. Mr. Duncan of First Credit, who presented several diplomas; F.

TEA, COFFEE AND MILK NOW REDUCED TO 5 C A CUP At The Sheffield Lunch Ltd. Cor. Yonge and Adelaide Sts.

Oakoal Co. Receives Congratulations! Nearly every home householders call us up to say how surprised and pleased they are with our Brickets. One well-known business man called at the office yesterday to say his employees were all excited over the "tremendous heating qualities," and "the best of it is," he added, "it lasts and burns to a fine ash."

The Oakoal Co., (Canada) Limited 43 SCOTT STREET, TORONTO. All Free! "FIMA WALKER" the Famous Walking Doll and Grand 42-piece Set of Doll's Furniture

THREE WINNERS OF IMPORTANT SCHOLARSHIPS. The trio are pupils of Parkdale Collegiate, who have carried off high honors. From left to right they are: Miss Helen G. McKay, Miss Edna Green and Miss Irene Irwin. Miss McKay won first place in Latin and first in the city in mathematics and holds the first Edward Blake scholarship in mathematics and moderns. Miss Green was awarded by reversal the \$1,000 scholarship presented by the I.O.D.E. to students in Ontario, whose fathers fell in the war, and who obtained highest standing in matriculation. Miss Irwin won first place in the province in classics and Greek and won three scholarships.

ROTARY CLUB SELLS CANOE FOR CHARITY Over Twenty-Five Hundred Realized After Some Very Spirited Bidding. A unique system of collecting funds for the Federation campaign was inaugurated yesterday at the Rotary Club luncheon when a canoe, donated by the Dean Boat Co. and valued at \$100, was auctioned off by Rotarian Bert Trestrahl for \$2300. Each member who bid had to pay into the fund the difference between his bid and the previous one. Members were enthusiastic in their desire to help the campaign along, and also some bids could not be heard, over \$2500 was collected. Morden Nelson, who was finally declared the owner of the canoe, contributed over \$100 in bids. Bert Applegate, Ralph Connable and Mr. Nelson were spirited competitors and both Mr. Connable and Mr. Applegate were promised a canoe by President Norman Tovell, each having contributed generously. Harry Glendenning of the James Patterson Co. gave an interesting address on "Rub Backache Away," and enlarged upon the necessity of installing proper fixtures, the methods employed in their manufacture and the danger to health of poor fixtures improperly installed. Frank Littlefield, on behalf of the Rotary Club, welcomed nine new members and, in a short address, said that in Rotary real men were awakened to other men's needs. C. N. R. APPOINTMENTS. The following appointments in connection with the sleeping, dining and parlor car department of Canadian National and Grand Trunk Pacific Railways were announced at the headquarters of Canadian National Railways. R. M. Flett is appointed equipment supervisor. He will report to Walter Lister, up to Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

Rub Backache Away. Backache, you can't straighten up without feeling sudden pains, sharp aches and twinges? Now listen! That's lumbago, sciatica or maybe from a strain, and you'll get blessed relief the moment you rub your back with soothing, penetrating "St. Jacobs Oil." Nothing else takes out soreness, lameness and stiffness so quickly. You simply rub it on and out comes the pain. It is perfectly harmless and doesn't burn or discolor the skin. Lister up! Don't suffer! Get a small trial bottle from any drug store, and after using it just once, you'll forget that you ever had backache, lumbago or sciatica, because your back will never hurt or cause any more misery. It never disappoints and has been recommended for 60 years.

Railway Manager, However,
Would Not Advise Further
Building Now.

INCREASE IN COSTS

Witness and Counsel Have
Lively Times at Radial
Commission.

Several sharp breezes between Robert McKay, K. C., counsel for Hydro municipalities, and Geo. C. Martin, general traffic manager for the Toronto, Hamilton and Buffalo Railway, enlivened the proceedings yesterday afternoon when the Hydro radial commission resumed at Osgoode Hall. Counsel declared that witness had not studied facts and figures given in evidence earlier in the day, to which Mr. Martin retorted that they seemed to be both in the same boat since neither of them knew very much about it. He declared that it was impossible for him to give direct answers from such information as he was supplied with, and cross-questioning ensued.

Mr. McKay got into a fury, and appealed to the chairman, demanding that witness be made to supply figures showing the company's traffic over the Hamilton-Welland portion of their line.

Mr. McKay: You seem to know little about this part of your line Mr. Martin. Are you an Irishman? I am sorry if I am upsetting you, but you seem to be answering my questions by asking me others.

Counsel then attempted to show that a great volume of traffic was carried over all the lines that linked up with the seven American lines running to the border, some of which had connection with Canadian railways, while others had not, but agreed that since the T. H. and B. Central and the C. P. R. the matter of another line did not worry him much.

Mr. Martin in answer, stated that he was a good Scotsman, and as for knowing everything about it, informed counsel that he had been engaged in railway work in all its branches for over thirty-five years, but stoutly declined to go into details unless supplied with detailed information.

Mr. Justice Sutherland then informed witness that if he could not answer yes or no to counsel's questions, he might answer in his own way, but he must not ask counsel questions.

Regarding car loads over the Toronto-Welland line, counsel suggested that 63 cars per day might be a fair number, but witness stated that he had not figured the matter out, and asked for time to go into it, but McKay insisted that the figures be answered, to which witness replied, "All right, let it go at that."

Objected to Figures. Answering further questions regarding car and freight traffic, witness strongly objected to counsel's figures especially those dealing with Sunday traffic since the Lord's Day act interfered with cattle traffic. Counsel agreed to take off one-seventh of the figures.

Counsel then called witness' attention to evidence given by Mr. Gaby, in which the latter had stated that it would require about 24 cars per day for each train, or forty-eight cars each way, making a total of 96 cars to deal with the traffic, adding that Mr. Gaby was not out in his estimate.

Mr. Martin agreed that Mr. Gaby was pretty well correct, but mentioned that about 54 cars carried part lots.

Witness then asked counsel to supply him with a detailed statement as to a traffic standpoint. The paper he was asked to give evidence upon was, he declared, useless and not worth the ink expended upon it. He further intimated that without definite information he was not certain he could answer questions in a satisfactory manner.

Mr. McKay: Yes, the less you know it seems the more you know, and that is how you are giving your evidence. He called witness' attention to the fact that he was on his oath.

Mr. Martin: I never make bald statements. My evidence can be backed up. I know what I am talking about, considering that I have had 30 years at it.

Counsel (heatedly): Can you give an estimate of the passenger traffic between these points?

Witness then appealed to the commission and stated that he wished the arguments to be conducted in a friendly manner, pointing out that some of the questions put by counsel were unfair, since

he could not answer them without definite information.

Mr. McKay: Have you studied the question of electricity versus steam in your traffic experience? To which witness stated that he had not, but admitted that the earnings of his company over the 38 miles of line between Welland and Hamilton was about 70 per cent. of their total earnings. He called counsel's attention to the fact that he had stated that figure earlier in the day, while counsel was now fishing for him to say it was 75 per cent.

Counsel: Will you give me exact figures?

Mr. Martin: Since you seem to have the figures I am willing to let it go at that.

Costs of New Road. Mr. McKay then dived into the question of the costs of a new road and suggested that the cost would be about four dollars per foot or \$20,000 per mile, and witness agreed that this figure might cover the building of the line alone, but would not take in cost of land and probably other essentials, adding that it would cost three times as much to build a line today as it did in 1906. He also pointed out that since engineering science had so greatly improved many items of expense that occurred in the building of old railways would not apply today, as modern machinery and methods saved much time, labor and money in construction work.

Counsel: Is it your experience that a new line usually creates more traffic? Witness: It sometimes does, but I would not advise building any road today. He added that where there were too many tracks railways were liable to get into each other's road.

Coal Rates Question. During the morning session Mr. Martin said there was no possibility of coal rates being reduced to 60 cents per ton, the 1918 figure. The present figure was \$1, and witness thought that if conditions altered it might be reduced to 90 or 80 cents.

Mr. Martin submitted figures showing while in 1909, 453,000 passengers were carried with a total revenue of \$357,000, the average earning per passenger was 56 and the average rate per mile 1.9 cents. In 1919 the figures were: Passengers, 520,000; total revenue, \$531,000; average earning per passenger, \$1.04 and average rate per mile 3.146 cents.

Mr. Hellmuth, crown counsel, pointed out that the Hydro placed the fixed charges on the Toronto and St. Catharines line (including taxes and interest, but not sinking fund) at \$1,307,000, representing \$17,000 per mile on bonded issues. "What is the amount per mile of fixed charges on your bonded debt?" he asked.

"About \$3000 per mile." The exact figure was \$2780.

The witness said there were years in which the T. H. and B. had paid no dividends.

A little scene occurred between counsel and the witness. Mr. McKay raised his voice to a high pitch and conducted his examination with the view to show that Mr. Martin was not eligible to express an opinion on the Hydro estimates.

"Don't shake all your cinders at me," said witness. "You are talking to a gentleman."

Mr. McKay: "I am not rude. I am civil to you."

In 1919, Mr. Martin said, the T. H. & B. delivered to the Niagara, St. Catharines and Toronto Railway 99,402 tons and received from them 48,900 tons.

The commission adjourned until Thursday next.

MILLER CASE DECISION IS AGAIN ADJOURNED

Harry Miller, charged with not returning to the scene of an accident, reappeared today before Magistrate Cohen, and was remanded for another week.

Mr. Cohen explained that he had not time to do justice to the written argument submitted by Joseph Singer defense counsel, and therefore, would take additional time to read and digest the brief.

Miller was acquitted in the assizes on a charge of manslaughter, arising from the death of little Edward Kettlewell, and this second offence was not alleged officially until two days before the lapse of the statutory six months.

RETAIL MERCHANTS DENY HAVING STOOL PIGEON

W. C. Miller, secretary of the Retail Merchants' Association, appeared in police court yesterday afternoon and thru Inspector McKinney asked permission to address the court. Magistrate Cohen expressed his willingness and Mr. Miller said:

"Your worship is reported to have severely censured the Retail Merchants' Association, when it was stated that we employed a 'stool pigeon' to secure evidence against grocers who do not observe the early closing bylaw."

"On behalf of the association, I wish to state that there is neither substance nor foundation in the report. We have never had a 'stool pigeon' in our employ, and we are perfectly satisfied with the efforts of the police to enforce the bylaw."

Magistrate Cohen said he was glad to hear the Retail Merchants' explanation.

FAMILY GETS INCOME FROM ESTATE RESIDUE

Lloyd F. Robertson, Powassan, and Albert F. Schnauffer, Toronto, have been granted probate of the will of Waldemar Kahner, of Toronto, who died at Monrovia, California, Feb. 13 last, leaving \$9,400 personalty, realty in Monrovia, valued at \$3,000 and 502-504 Spadina ave., Toronto, \$18,500. He bequeathed a diamond pin, concert and bass zither to his son, Olaf; a diamond ring, collection of coins and two violin zithers to his son, Waldemar; his household goods to his widow, Mrs. Angie Kahner; Powassan; \$100 to the House of Providence, Toronto, and \$50 to the Roman Catholic Church at Powassan.

The income from the residue is to be used for the maintenance of Mrs. Kahner, and the deceased's four children, until the youngest is twenty-one, while one-third passes to the widow and the residue to the children.

X-RAY WAS USED.

At the inquest held on James Brown, who died in the Western Hospital from cerebral hemorrhage, Dr. Loudon in his post-mortem evidence did not say that an X-ray had not been taken. The records of the hospital show that an X-ray examination had been made.

CIVIC SERVANTS' HOURS.

In future the hours of civil servants at the parliament buildings will be from 9 to 5 o'clock, with an hour and a half for lunch. On Saturdays, after January 1, the offices will close at noon instead of one o'clock as at present.

UNVEIL MEMORIAL TO NURSING SISTER

Tablet in Western Hospital Marks Heroic Service of Ontario Women.

In loving memory of Nursing Sister Lena Alos Davis, graduate of class 1908. Born at Beausville, Ont., 1855. Died serving her King and country at Basingstoke, England, February 21, 1918. This tablet was erected by her alumnae association.

This was the inscription on a handsome brass tablet which was unveiled last night by Colonel J. A. Roberts, O. C. of University Base Hospital, at the assembly hall of the Western Hospital. He made suitable reference to the noble career of Sister Davis, who went overseas with the hospital staff.

Mrs. A. M. Huston, president of the alumnae, occupied the chair, and other speakers were Dr. Roberts, Col. C. McVicar, who presided at Saloniki; Dr. Harvey Clare, director of medical work for Ontario insane hospitals, and Dr. Wm. Heggie, of the Western Hospital staff.

From Dr. Forster, under whom Miss Davis served as superintendent of nurses at the Hospital for the Insane, West Queen street, Miss Davis received a letter regretting that his duties at Whitby would not permit of his being present at the unveiling. Dr. Forster expresses warm appreciation of the late Miss Davis, who was a general favorite, both here and overseas.

Miss Hiscox, superintendent of nurses, Western Hospital, was present at the ceremony last night, and a goodly representation of the hospital staff. The alumnae, including Nursing Sister Drysdale, R.R.C., who went overseas with Miss Davis, also attended, as well as relatives and personal friends of the late sister.

A musical program was given by Mrs. J. A. Roberts, Mrs. Snelgrove and Miss Gilmore. Miss Davis was born at Beausville, Ont., where her mother still resides. Prior to taking up the nursing profession she taught school for a year. In 1908 she graduated from the Western Hospital and later became superintendent of nurses at the Hospital for the Insane. Going overseas in 1914 with the University Base Hospital, she saw some of the most appalling scenes in the history of the world.

Noted speaker coming. The Rev. Robert E. Soper, M.A., D.D., of New York, the well-known missionary leader, will speak at the annual meeting of the Upper Canada Bible Society on Wednesday evening, Jan. 26.

Valera is better. St. Paul, Minn., Dec. 3.—Eamonn de Valera, "president of the Irish republic," who was confined to his bed here yesterday and today with a severe bilious attack, had recovered sufficiently tonight to leave for New York City.

Childhood Constipation

Constipation—that disordered state of the digestive tract which is nearly always caused by improper feeding—can be readily regulated by the use of Baby's Own Tablets. These Tablets are a mild but thorough laxative. They are easy to take and are absolutely free from injurious drugs. Concerning them Mrs. Joseph Dion, Ste. Perpetue, Que., writes:—"I have nothing but praise for Baby's Own Tablets. When my baby was three months old he was terribly constipated, but the Tablets soon set him right, and now, at the age of fifteen months, he is a big, healthy boy, and his good health I attribute entirely to the use of the Tablets." They are sold by medicine dealers or by mail at 25 cents a box from The Dr. Williams' Medicine Co., Brockville, Ont.

GOVERNMENT HOUSE

Mrs. Clarke will hold the following Receptions at Government House, Toronto, between the hours of four and six o'clock, viz:— On Thursday, the ninth of December, 1920; Thursday, the sixth of January, 1921; Thursday, the third of February, 1921.

Cars will enter by Roxborough Drive and leave by Douglas Drive. ALEXANDER FRASER (Col.), Official Secretary.

ANNOUNCEMENTS

Mrs. Clarke will hold receptions at Government House between the hours of four and six o'clock on Thursday afternoon, Dec. 3, Jan. 6 and Feb. 3. Cars will enter by Roxborough Drive and leave by Douglas Drive. Mrs. Clarke will hold the following Receptions at Government House, Toronto, between the hours of four and six o'clock, viz:— On Thursday, the ninth of December, 1920; Thursday, the sixth of January, 1921; Thursday, the third of February, 1921.

College Hospital were the hostesses of a dance last night in the new Masonic Hall, North York street, at which three hundred and fifty guests were present. The large hall was decorated with palms, ferns and flags, and a buffet supper of home-made dainties was served in the banquet hall. Mrs. R. H. Cameron, the president, received wearing a handsome French gown of king's blue and gold brocade. She was assisted by Mrs. D. A. Brodie, Mrs. Defries and Mrs. J. L. Fitzroy.

A quiet home wedding took place Thursday evening at the residence of Mr. and Mrs. F. J. Goddard, Cleveland street, when their only daughter, Olive Millson, was married to Mr. William James Bain. The bride was attended by Miss Louise Gardiner, who sat in her revolving seat of blue tulle with large picture hat, and carried sweetheart and Ophelia roses. The bride's sister, Miss Edith Johnson, was bridesmaid, and wore a pretty dress of pale pink satin with bouquet of pink chrysanthemums. The groom was assisted by Mr. George Wilson, and Mrs. Charles Foster played the Wedding March. After a wedding supper the happy couple left for a short honeymoon, and on their return they will reside at the Beach.

Mrs. Playfair McMurrich and Miss Kathleen McMurrich were the hostesses of a girls luncheon yesterday. Some two hundred attended the delightful musical given yesterday afternoon by the Army Medical Corps women's auxiliary in Sherbourne House Club. Mrs. W. B. Hendry, the president, received, and with her the treasurer, Mrs. W. E. Ogden. The artists taking part in the program were Mrs. R. J. Dillworth, soprano; Mrs. George Barron, contralto; and Miss Margarette Wasth, violinist. In charge of the tea room was Mrs. C. S. Hawkins. Pouring tea were Mrs. Dalrymple, Mrs. Dobbie and Mrs. Godwin. Lavender mums were effectively used on the tea table.

A banquet in aid of the relief work carried on by the Women's Community Service Club of the Timothy Eaton Memorial Church was held yesterday afternoon at the home of Mrs. W. G. Dean, 161 Avenue Road. The president of the club is Mrs. C. W. Miller, and she was assisted by the hostess and by the following heads of committees as well as a score of helpers in the various sections: Fanny work, Mrs. Ireland and Mrs. Rogers; towels, Mrs. Boyer; home cooking, Mrs. John Miller; tea room, Mrs. Money Penny.

Mrs. Pantazis in the absence of the president, Mr. Lloyd Harris, occupied the chair at the meeting of the committee of the Canadian Nursing Mission in Humana, held in the office of the treasurer, Mr. J. E. O'Brien. Letters from Miss Cotton, who heads the mission, and from members of her staff, telling of their pleasant passage were read. It was also announced that contributions for the mission had come from Strathcona Chapter, I.O.O.F., Toronto, and from the Gordon Southern Chapter, Montreal. Aviation Chapter, Hamilton, is working on uniforms for the probationers in the new training school at Bucharest. The ladies' auxiliary of the Women's

Speaking from Experience. The Doctor: "My wife restless and feverish. Give her a Steedman's Powder and she will soon be all right." Steedman's Soothing Powders Contain no Poison.

FORMER EMPRESS NEARING THE END

Old Friends Are Guarding the Bedside in Castle at Doorn.

Doorn, Holland, Dec. 3.—Hypodermic injections of a heart stimulant are being resorted to daily to conserve the fast-waning strength of former Empress Augusta Victoria of Germany.

A constant watch is being kept at her bedside, and it is said hope for her recovery has been abandoned, although it is believed she may linger until a particularly severe attack ensues.

Old Friends' Vigil. The sick bed is in an upper room. Countess von Keller and Countess von Lotzau, old friends of the former empress and ladies-in-waiting in the Potsdam days, share with the Duchess of Brunswick, daughter of the empress, the duty of guarding the bedside.

Every room in the castle is now occupied. Former Prince Oscar and his wife, Adalbert and his wife, the Duchess of Brunswick, and Dr. Ernst von Dryander, pastor of the former empress, all are living within the building, instead of taking rooms in the village, as was done on the occasion of former visits.

Ex-Kaiser's Routine Unchanged. Former Emperor William has deviated but little from his old routine. He spends his evenings, generally alone, in his own downstairs apartment. Yesterday he took a walk outside the house for the first time in many weeks.

The former empress passed a comfortable night and today was resting easily. She is understood to fully realize her recovery is improbable and has requested burial in Germany.

Inmates of the castle say this has been arranged not at Potsdam, but at some other cherished spot as yet undecided, and that a place will be left beside her for the former emperor.

NORMAL OLD BOYS FORM ASSOCIATION

Need for New Institution Is Emphasized by Speakers at Inauguration.

The inaugural meeting of the Normal Model School Old Boys' Association was held last evening at the school building, at which there was a large number of ex-pupils present. On the platform were T. M. Porter, Professor

Are Likely to Commute Death Sentence on Woman

Ottawa, Dec. 3.—(Can. Press)—The case of Sarah Jackson, sentenced to die at Fort Saskatchewan on Dec. 21, will be before the cabinet council shortly. It is likely that the death sentence will be commuted.

No woman has been hanged in Canada since 1899, in which year two women were executed. Since confederation, executions of women in Canada have numbered only four.

Mrs. Molyneux Lockart Gordon held her first reception since her marriage, yesterday afternoon, at her new home on Lansdowne road, when she was wearing a lovely gown of Alice blue georgette, veiled with midnight blue net and corsage bouquet of pink roses. Mrs. Shirk assisted in the drawing-room, which was decorated with yellow chrysanthemums. Mrs. Graham Thompson and Mrs. Bartlett Jackson, served tea and coffee at a table centered with pink and white chrysanthemums. Mrs. Allen of Hallowbury, Mrs. Audrey Allan and the Misses Temple assisted.

A quiet home wedding took place Thursday evening at the residence of Mr. and Mrs. F. J. Goddard, Cleveland street, when their only daughter, Olive Millson, was married to Mr. William James Bain. The bride was attended by Miss Louise Gardiner, who sat in her revolving seat of blue tulle with large picture hat, and carried sweetheart and Ophelia roses. THE OLDEST ESTABLISHED WHOLESALE DIAMOND IMPORTERS IN CANADA OPEN SATURDAY EVENING DIAMONDS

Young, Dr. Murray and M. A. Sorsolle, B.A., who occupied the chair. In his opening address, Mr. Sorsolle expressed his pleasure at seeing so many ex-pupils, and stated that the idea of forming the association was just the thing for an institution like the model school.

Dr. Murray and Professor Young agreed. The former said the association would be a means of re-establishing old times and former relations among the old boys, some of whom graduated many years ago.

Professor Young, president of the Upper Canada Old Boys' Association, outlined the history, methods and aims of the old boys at the college, and suggested that those present adopt them as a motto. T. M. Porter gave an interesting

talk, during which he congratulated the boys on their manly conduct and splendid spirit, and stated that all over the city the general opinion was on the greatness and civility of model school boys. "To live for the benefit of others," he said, "was a great aim to keep always in mind," adding that the association would be a powerful aid to the school.

Other addresses were given by various ex-pupils, all endorsing the forming of the association, and officers proposed were elected as follows: M. A. Sorsolle, chairman; W. R. Commins, secretary, and an executive committee including Capt. Allan Thomas, J. Scott, M. S. Ellis, J. E. Robertson, Lieut. McIntosh, and Messrs. Jobb and Simmons.

LEAGUE CONSIDERS WORLD CREDITS

Completes Draft Plan for International Solution for Great Problem.

Geneva, Dec. 3.—The Catalans have asked the League of Nations to free them from Spanish rule, the Montenegrois repeatedly are appealing to the council and assembly for the independence of their country and for relief from alleged cruelties of Serbian troops of occupation, and among the almost innumerable odds and ends in the league hall are demands for a revision of the treaty of Sevres. These and minor complications are preventing the council of the assembly from pushing ahead with the big program of the present meeting.

Meanwhile, the financial committee of twelve, appointed to continue the work of the Brussels financial conference, has been diligently working out a plan for an international credits institution. This committee took the rough sketch of the plan prepared by the Brussels conference as a starting point for its work. After twenty odd sittings here, it has virtually completed the draft of the plan, which will be submitted to the council in a few days. Announcement of this progress toward a practical solution of one of the world's greatest problems is hailed with the greatest satisfaction by many delegates, who had acquired the impression that the council was permitting the recommendations of the Brussels conference to rest in limbo.

This was a quiet day among the committees. A great many of the delegates are beginning to feel the effects of the intense efforts made in the work of the assembly and the almost nightly entertainments the delegations are giving each other in the process of making acquaintances.

Last night the delegates were given a dinner by the Southern Americans, and the French delegation has arranged an elaborate reception. Swiss social organizations and authorities have been so lavish in their entertainments that some of the delegates are beginning to wonder whether the delegations will be held out until the end of the sessions.

ALLIES TO AWAIT GREEK PLEBISCITE

(Continued From Page 1).

As regards Smyrna. It is certain that some of those at the conference who expressed the belief that Smyrna would be safer, from the allied standpoint, in Turkish hands than in the hands of the Greeks under Constantine. The wish was expressed, however, not to go so far as to threaten the Greeks before the plebiscite with retaking part of the territory allotted them under the Sevres treaty. While the premiers are in accord that the sternest measures should be taken if Constantine is returned, they have not agreed on any definite day when the Greeks choose Prince George for their king. In any event they consider another conference soon will be necessary to decide definitely what shall be done if Constantine wins or what steps shall be taken if the Greeks vote otherwise.

Tomorrow the conference will discuss German reparations.

Dismay in Athens.

Athens, Dec. 3.—The note sent by the British, French and Italian governments to Greece, Thursday, concerning the return of former King Constantine to power, and the relations between them and Greece in such an event, caused consternation here. It came as a complete surprise to the Greek cabinet.

THE TREASURE OF GOOD HEALTH

Easily Maintained Through the Use of Dr. Williams' Pink Pills.

There is not a nook or corner in Canada, in the cities, the towns, the villages, on the farms and in the mines and lumber camps, where Dr. Williams' Pink Pills have not been used, and from one end of the country to the other they have brought back to health, strength, their wives and families, the splendid treasure of new health and strength.

You have only to ask your neighbor, or they can tell you of some rheumatic or nerve-shattered man, some suffering woman, ailing youth or anaemic girl, who owes present health and strength to Dr. Williams' Pink Pills. For more than a quarter of a century these pills have been known not only in Canada, but throughout all the world, as a reliable tonic, blood-making medicine.

The wonderful success of Dr. Williams' Pink Pills is due to the fact that they go right to the root of the disease in the blood, and by making the vital fluid rich and red, strengthen every organ and every nerve, thus driving out disease and pain, and making weak, despondent people bright, active and strong. Mr. W. T. Johnson, one of the best known and most highly esteemed men in Lunenburg County, N.S., says: "I am a Provincial Land Surveyor, and am exposed for the greater part of the year to very hard work travelling through the forests by day and camping out by night, and I find the only thing that will keep me up to the mark is Dr. Williams' Pink Pills. When I leave home for a trip in the woods I am as interested in having my supply of pills as provisions, and on such occasions, I take them regularly. The result is I am always fit. I never take cold, and can digest all kinds of food such as we have to put up with, and I have never had a headache. Having proved the value of Dr. Williams' Pink Pills, as a tonic and health builder, I am anxious to recommend them to every opportunity in recommending them to weak people whom I meet."

Dr. Williams' Pink Pills should be kept in every home, and their occasional use will keep the blood pure and ward off illness. You can get these pills through any medicine dealer, or by mail at 50 cents a box or six boxes for \$2.50, from the Dr. Williams Medicine Co., Brockville, Ont.

ARMY MEDICAL CORPS PRAISES TARIFF

Mrs. Hubbard, Who Rendered Valuable Service Overseas, Can't Say Enough for Master Medicine.

"I'll tell you, it's enough to make anybody rejoice to get the wonderful relief I have, and I just can't praise Tania enough for it," declared Mrs. Thomas Hubbard, of 67 Fullerton St., Hamilton, Ont. Mrs. Hubbard has a large circle of friends in Hamilton, and rendered valuable service in the Women's Army Medical Corps overseas.

"Before Tania built me up to good health, I was badly run down and very much worried over my condition. My

appetite was so poor that I didn't care for anything to eat, and felt weak and worn out all the time. I would lie awake nearly all night, and would get up in the morning feeling as tired as when I retired, hardly able to do my housework.

"However, I could tell I was improving after the first few doses of Tania, and it wasn't long until my appetite returned with such force that I could hardly get enough to eat. I never have a sign of indigestion, am entirely free from that tired, worn-out feeling, and just sleep like a child every night. Tania is certainly a great medicine, and has been so wonderful for me I want to let others know about it."

Tania is sold in Toronto by Tamby drug stores and by an established agency in every town.

TARIFF TERMED HEAVY BURDEN

(Continued From Page 1).

nothing to imperil the American market. Continuing, Mr. Powers said: "Compared with other callings, farming is not prosperous. Farmers do not receive rewards commensurate with their toil. If farmers spent on their creation and luxuries sums in comparison with those expended by people engaged in other callings, they could not make ends meet. In order to maintain a condition of solvency they are compelled to work hard during long hours and to practice most rigid economy, even denying themselves many of the comforts which, with other classes, are considered quite necessary."

Mr. Powers referred to the Leith report to show that in Middlesex County the best farms surveyed yielded an average value income of \$1478 per annum, the six best in Dufferin \$1770, and the 10 best in Dundas \$2488. "These incomes, however," declared Mr. Powers, "are not equal at most those received from the operation of a yard engine on railroads, where the hours are short. Mr. Powers said the average wage return for the same amount of land in Middlesex was \$1818, in Dufferin \$2602, and in Dundas \$3988."

Mr. Powers went on to say that people were inclined to exaggerate the proportion of the farmers' table supplies, which he produced himself. He tried to lighten the commission on the success of the British fiscal policy, which he said had enabled the country to pay off its \$200,000,000 of external debt. In his opinion this fact alone was tremendous testimony to the results of a fiscal policy which the government had adopted, and urged the commission to study the performance of the mother country.

Mr. Powers of Old N. P. P. protectionists inclined to give the National Policy credit for all the prosperity the country has enjoyed in recent years. He stated, apparently, had no hand in it. The evidence at the Hamilton meeting, however, indicated that the prosperity of the period about 30 years after the introduction of the National Policy. During these thirty years various new factories were built, and a vigorous immigration policy had opened up the west, attracted settlers in thousands and protected the country for millions of dollars of foreign capital. The great era of railway construction and the building of the Canadian Pacific and the great variety of articles needed for these enterprises and for supplies to meet the wants of new immigrants was exceedingly great. Also the rigidity of the National Policy which had really bred stagnation had been broken down by the inauguration of the British preference.

Commenting on the statement of certain farmers that the value of farm land had increased, Mr. Burnaby said he did not know of any land that would rent to pay five per cent. on investment. There were thousands of farms for sale at a price below the cost of the improvements on them, adding: "That our own tariff on imports has imposed a very heavy burden upon consumers generally, and more particularly on farmers, can be very easily shown. The tariff bears with exceptional weight on farmers, because, generally speaking, the selling price of their products cannot be enhanced by protection while a protective tariff does add enormously to the cost of almost every manufactured article they have to buy."

Cost of Collecting. "One hundred and fifty-eight million dollars was collected in customs taxation in Canada in the year ending March 31, 1919. That sum went into the Dominion treasury. But the cost to the Canadian consumer was a good deal more than \$158,000,000. The importer paid the duties levied in the first instance. Then he added his profit, not only on the \$58,000,000, worth of dutiable import, but on the \$158,000,000 of the cost of duties paid thereon as well. Next the retailer added his profit, not only on the total sum represented by the first cost of the imports, but on the duties-of-duty and the importer's profit on first cost and duties combined. In this way the ultimate consumer was forced to pay, in the two profits on the duties, probably \$79,000,000, in addition to the \$158,000,000 the Dominion government received in customs revenue. In order that the Dominion government might receive \$158,000,000 the Canadian consumer of dutiable goods was forced to pay \$237,000,000, or not much short of half the first cost of the dutiable goods imported."

Doubling the Profit. "Nor was this all," Mr. Burnaby said. "Every article manufactured by a Canadian corporation and competing with an imported article, was increased in cost by a sum approximating the duty on the competing imported article. The aggregate value of domestic manufactures in 1915 was, according to the Canadian Year Book, \$1,400,000,000. After full allowance for manufacturing lines which are not materially affected by the tariff, such as the building trade, the output of butter and cheese factories and so on, it is fair to put the aggregate output of protected industries at \$1,350,000,000 at least. A reasonable calculation will show, when allowance is made for profit on mere chandising, that at least \$400,000,000 of this sum represents the extra price that purchasers of the output of protected industries were forced to pay by reason of the tariff. In order, therefore, to permit the Dominion government to secure \$158,000,000 in customs revenue the Canadian people were penalized to the extent of \$579,000,000. In other words, for every dollar the Dominion government received in customs revenue the Canadian people paid, directly and indirectly, \$4.21. If this form of taxation is to be maintained, in all justice an excessive tax should be levied on the output of Canadian manufactures protected by the tariff on imports, corresponding to the duty on imported articles competing therewith."

Where Tariff Hits Hardest. "In the customs tariff, as at present framed," Mr. Burnaby went on, "taxation is not levied according to ability to bear. The lowest tariff on woolen ready-

made clothing is 30 per cent., and a tariff of 30 per cent. really means, as already shown, a tax of 50 per cent. by the time the consumer is reached. Much is made of the allegation that by protecting Canadian manufactures through the tariff we give employment to Canadian labor. This is true. But in many cases the Canadian laborer is employed ahead financially by penning off every employee in protected industries and allowing importers to compete with those produced by the protected industries to enter this country duty free. It is a means of reducing the tariff. It has reduced the proportion of rural to urban population to dangerously low limits, uniform reductions in duties will involve a further reduction in rural population. And a healthy balance in respect to essential national stability.

Definite Tariff Demands. "The Canadian Council of Agriculture," said Mr. Burnaby, "representing the organized farmers of Canada, urges that as a means of remedying these evils and bringing about much-needed social and economic reforms, our tariff laws should be amended as follows: By an immediate and substantial all-round reduction of the customs tariff, by reducing the customs duty on goods imported from the United States to one-half the rates charged under the general tariff, and that further gradual uniform reductions be made in the remaining tariff on British imports that will ensure complete free trade between Great Britain and Canada in all years. By endeavoring to secure unrestricted reciprocal trade in natural products with the United States under the terms of the reciprocal agreement of 1911. That agricultural implements, farm and household machinery, vehicles, tools, and machinery used in their manufacture also be placed on the free list. A witness from the Independent Labor party appeared before you at Hamilton last week, asking that the tariff question be taken out of politics and put in its proper place as a permanent commission. While I cannot altogether agree with this idea, yet as you are no court of appeal, and as a matter of public criticism of this board, even though the members are all avowed protectionists, our duty is to give our views, but so thoroughly converted that it finds it more necessary to speak its true feelings in the public hearing, than to the tariff, advocating the protective policy. And another member being asked to state his views on the tariff, he said that he recently took part in the League of Protection, advocating the policy of free trade. He said that he was organized by the League of Protection, and you will recommend to parliament the adoption of a new national policy, embracing the principles set forth in the platform of the Canadian Council of Agriculture."

Mr. Morrison's Argument. Mr. Morrison said that the expression often heard, "What is wrong with agriculture?" reflected the general view that farming was uncredited and the farmer inefficient. No other industry was so widely scorned as set down to failure, yet no other industry was asked to carry so heavy a burden. The protective policy was a wild tall smoke-stack in the cities, but the duty were removed greater agricultural production would be the result. The chairman said the records showed increasing production of grain in Ontario.

Mr. Morrison agreed that the development of cattle-raising in Ontario might have some bearing on the fact that grain production was increasing rapidly. He said that in the last ten years the Chicago market for grain had been better than the Canadian market, also the Canadian market had the benefit of protection.

"What industries particularly do you want protection taken from?" asked the chairman. "From them all," replied Mr. Morrison. "I would also like to see an excise tax almost equal to the protection on all industries."

Answering the chairman, Mr. Morrison said that the value of farm lands in general showed that farming was not a profitable industry. The remuneration for the farmer must be raised to a point where the profit will draw people back to the land. Regarding taxes, he believed the farmers' burden was increased by a direct tax if the tariff were reduced.

Says Tariff Penalizes. "The tariff penalizes parents," said Mrs. Brodie of the Women's A. F. O., "and those who refuse to bear children go free, thus putting a premium on the childless. The Canadian manufacturers, thru the tariff, demand at least \$100,000,000 in preference of the mothers' pensions to keep industry in Canada. This is his plea, but in reality, it is so that his wife and daughter may live in a castle and revel in motor cars, savings banks, and all the luxuries money can buy. One thing must always be borne in mind: The children by which the nation lives are reared in the cottages, not in the castles."

Mrs. Simpson, wife of Prof. Simpson of Victoria College, said she could see no use for her money in the United States than in Canada. Protection, she declared, fostered the manufacture of inferior goods. She bought shoes for her children in the States and believed she was saving money. Miss Agnes McPhail said: "Farm women wear out early. Farm women are done at by the tariff on their goods."

The luxury tax is killing business and causing stagnation all over the country, is the opinion of T. W. Leary, representing the makers of men's and boys' clothing. "A change in the protective policy would be fought with the greatest danger," said Mr. Leary, "if the revenues from the tariff should be used for other purposes than extraordinary taxes which

U.F.O.-LABOR PACT CANNOT CONTINUE

(Continued From Page 1). The program already established by the government, and hoped for a continuation of that co-operation.

Premier Talks Politics. Fully seven hundred men and women sat down at the tables in spite of the fact that it was a non-political gathering, the premier dealt almost entirely with political subjects. He laid stress on the policy of the government in bringing about the simplification and codification of the laws, in spite of the opposition from the lawyers. In connection with the enforcement of the Ontario temperance act, he considered that all of the blame for the unfortunate conditions of rum-running in the province should not be placed on the shoulders of the government. Thru leaving the door open, and postponing the referendum, the federal government, he said, had made every effort of the bootlegging trade. It is impossible under such conditions, he said, for the legislature to control the intoxication.

Timber Scandals. Referring to the timber probe, he stated that the idea of the government was not to attack any party nor any member of former administrations. Wholesale pilferage had been discovered, and it was merely the desire to get back for the people, the money which had been taken from them. If anyone can tell the government where additional money can be recovered on past transactions, they would promise equally prompt and unserving devotion to the people's interests.

Hydro-Railway Probe. He defended the appointment of a Hydro-railway commission of inquiry, saying he was an old enough politician to do nothing until he knew positively what was in the interests of the province. He personally thought that the country is over-built with railways, and that there are too many parallel lines. He ventured the remark that Canada has at least two too many transcontinental lines. He thought the problem of transportation in the future would be solved by good roads. A dollar spent on good roads would be worth ten dollars spent on radial railways. It will take years to get results from the good roads, but in the end the people will be improved, good and serviceable roads.

Future of Schools. Dealing with the future, the premier stated that a great deal of consideration will have to be given to education. Rural schools will have to be improved. Consolidated schools will help, but something will have to be done for the districts in which consolidation is not possible. Secondary education must be improved in the rural centres. Improvement in forestation, the protection of timber lands were also laid as policies which will soon have to be carried into effect.

R. L. Brackin, M.L.A., was the chairman of the meeting. He was warmly welcomed by Mayor Brisco. A musical program was also given. The Women's Canadian Club and also visited the schools of the city.

CAMPAIN WORKERS IN CLOSING EFFORT

(Continued From Page 1).

of Toronto's charitable institutions, is that from the co-operation and enthusiasm which the drive has evolved, permanent campaigns can be established, the chairman of which is already assured.

Mr. George Howell, chairman of the organizing committee in the case of 1920, whose work received appreciation in a resolution endorsing the harmony and efficiency which marked the campaign under his leadership, has consented to become chairman of the permanent committee. Enthusiastic co-operation was promised by the gathering.

Thanks for Workers. Rev. Peter Bryce, chairman of the federation, paid a glowing tribute to the campaigners. On behalf of the social workers and those who have care of the institutions he expressed thanks, which he said could not be too extravagant.

are crippling business. Clothing workers in Ontario have an annual earning power of \$4,200,000.

Thomas Delworth, speaking for the Market Gardeners' Association of Weston, there was a high merit in the fact that the product of their labor was admitted to compete with the tariff on their produce. The gardeners, he said, wanted the tariff left at least as high as at present.

Rev. J. E. Breakey of the Canadian Swine Breeding Association said he had started importing hogs from the old country for breeding purposes in 1889. In the time of the exporting of hog products jumped from about seven million pounds to 137,000,000 in 1919. If the Canadian producer had been subject to competition from the United States the bacon industry would have developed. It had, and if tariff protection were withdrawn the industry would be in a precarious condition. The outlook was good for the export market for Canadian bacon.

Questioned by the chairman, Mr. Breakey said the hog market here was about five cents a pound higher than in Chicago. The only time in recent years in which the Chicago price had gone above the Canadian price was in 1919. He bought his hog feed. Mr. Breakey said he had 57 acres in peas last year and got back about \$19 an acre, country.

Victorious Prosperity. W. J. Smith of The Farmer's Sun said that the farmers of Ontario had done better in the last five years than in any other period in his memory, but much of this recent prosperity was due to the property and they would all pay for it later. If the farming industry was consistently profitable there would be no difficulty in keeping young men on the land.

L. A. Hamilton, who has a fruit farm in Fred, near Oakville, and another in Florida, said that he had been sent from the city to the country to see if there was any work for him only two years to live, and he now felt better than he did then. Farmers in estimating their profit from fruiting were inclined to overlook the value of good health which they got in the country. When he started farming he was glad to get \$1.50 a barrel for apples, and in the season he sold them for \$2.00 a barrel. Small fruits showed the same margin of increase in price. If any change was made in the tariff, he thought it should be raised rather than lowered. Imports from the States had grown to proportions that the Canadian grower could not compete with. Regarding labor, Mr. Hamilton said that he did not know what the fruit growers would do if they did not have labor. He had a district, town and cities to draw upon when they needed help because they could not afford to keep their labor the year round. The commissioner will resume his hearing at 10 o'clock this morning.

Personal Banking Service

Under present conditions, the Service a Bank's Collection Department renders its clients is subject to critical scrutiny.

Letters in our files show where our policy of giving personal attention to each individual client of the Sterling Bank has resulted in better and more complete returns.

Every effort possible is made to collect. Then if a note or draft still remains unpaid, a full and adequate reason for non-acceptance must be obtained before the note or draft is returned. By this means, the client is saved time and the cost of double drawing.

The collection of notes and drafts is a most important part of our Service to Sterling Bank clients. But it is only one of the transactions in which the incorporation of personal Service has proved of value.

Let us explain the others—in your Office, or ours.

ACCIDENTAL DEATH IS JURY VERDICT. Coroner W. T. Fiewes' jury brought in a verdict of accidental death in the case of John Bodman, aged 13, of 13 Drummond place, who was struck by an eastbound Harbor street car on Adelaide street, near Widmer street, on November 26. The street car had slowed down as a truck was backing out of a garage and had just cleared the auto when the boy ran out. He was pinned by his head under the front rods and 15 minutes elapsed before the street car was jacked up and the boy removed.

ROBY VARSITY ARE FAVORITES

DOMINION FINAL AT VARSITY TODAY

Munro Will Do Kicking for Argos—Sticky Field Is Order.

Varsity Stadium is the scene today of the Dominion rugby final with Argonauts and Varsity as the contesting teams.

Both teams had their final prep yesterday, light signal work being the order.

Varsity reports all hands ready and waiting. They are in great shape, and will enter the contest favorites, owing to their clean-cut work in their college fixtures.

The sun yesterday loosened up the frozen ground and the game will be won and lost on the wing lines.

The teams will be: Argonauts—Duncan, Flying wing; Baltho Mackenzie, Right half; Munro Snyder, Centre half; O'Connor Breen (capt.), Left half; Baxton Murray, Quarter; Cochrane Ferguson, Scrummage; Sinclair Douglas, Scrummage; Robertson, Scrummage; Taylor, Scrummage; Hay Wallace, In wings; Grey G. Stewart, In wings; G. Sullivan, Middle wings; Heurdis Westman, Middle wings; Romeril Fisher, Out wings; Brinson Dolph, Out wings; Polson J. Taylor, Subs; Garrett P. Sullivan, Subs; Park Ketchum, Subs; Leair J. Stewart, Subs; Fear Weaver, Subs; Pugh Hyde, Subs; Murphy

Varsity Boxers Score Two K.O.'s

Third Student Beaten by Partridge in Best Bout of Preliminary Fight.

Twenty bouts were decided on the first night of the Varsity city boxing tournament last night in the Armories. A great crowd saw a splendid evening of preliminaries.

Hancock (Classics) only lasted about a minute against Gray of Varsity. Hard right in the stomach did the trick.

McBride (St. Charles) and Dempsey of Niagara Falls were the first pair up. Neither knew much, but McBride was always the best and stopped his man in the third.

Field (Maitlands) made short work of Johnston (St. Charles) who lasted less than a round, and Russell Young took the measure of Fleming (Classics) in two rounds.

OSLER ATHLETIC. T. Burt again proved the winner in the Osler Athletic competition, chalking up a mark of 19 feet 8 inches in the standing two-jump.

KERONA CALLED TO WIN THE TROT

Having Shown Best Trial the Past Week at Dufferin Park. The Toronto Driving Club will try again this afternoon to pull off their program of trotting and pacing races at the Dufferin Park track, which is in splendid shape now, and with a nice day, a holiday crowd should be out to the west side course for this afternoon's racing.

The 214 pace has a great field, and should be a good battle between our King, Tony the Hero and Rena Blon. This trio should finish very close together each heat. Teddy P., from Garvin's stable, is going to try hard to upset the form players in this event, but from his last work looks a little short of a hard race.

JUDGE PRICE WINS AT THIRTY TO ONE

CONFERENCE ON DEAL SUCCEEDS

(Continued From Page 1). which bonds are to be guaranteed by the province of Ontario as to principal and interest and issued under the terms of the Hydro radial act.

(c) Approximately \$12,523 of 20-year 6 per cent. bonds of the Hydro Commission, dated December 1, 1920, guaranteed as to principal and interest by the province of Ontario. (d) The assumption by the commission of the underlying bonds and the interest and sinking funds thereon of the Toronto Power Co., Limited, as follows: (1) First mortgage 5 per cent. bonds of the Electrical Development Co. of Ontario, secured by trust deed dated 1st March 1905, now outstanding in the hands of the public: \$4,335,000. (2) 4 1/2 per cent. 30-year debenture stock and/or bonds of the Toronto Power Co., Limited, now outstanding, amounting to \$1,858,817. (3) 5 per cent. mortgage bonds maturing 1st July, 1924 (secured on preferred stock) of Electrical Development Co., Limited, \$4,108,200. (4) Three-year 6 per cent. promissory notes of the Toronto Electric Light Co., Limited, secured by the deposit of \$1,000,000 of first mortgage bonds of that company, on which there is due for principal, \$400,000. (5) Outstanding shares of Electrical Development of Ontario, Limited, \$13,100. Total, \$22,850,217. Less sinking fund aggregating approximately \$75,040, \$22,775,177. Summary: Total purchase price, \$22,775,000. Bonds to be delivered, 9,958,823. Obligations to be assumed, \$2,775,177. The Toronto Power Company, Limited, subject to its bond issues above referred to, owns: 1. All of the issued capital stock of the Toronto Electric Light Co., Ltd. 2. All except \$13,100 par value of the issued capital stock, preferred and common, of the Electrical Development Co. of Ontario, Ltd. 3. The last named company subject to its bond mortgage above referred to, owns all of the stock and all of the bonds of the Toronto and Niagara Power Co. 4. The Toronto Power Co. owns a debt of the Toronto Electric Light Co., Ltd., as security for which it holds \$3,000,000 of second mortgage bonds of the Toronto Electric Light Co., Ltd. 5. The Toronto Power Co., thru its ownership of all of the stock of the Toronto Electric Light Co., Ltd., owns the note of the Toronto and Niagara Power Co. for the sum of \$4,212,200, representing the balance of the purchase price for the Toronto Electric Light Co.'s property, and in addition the Toronto and Niagara Power Co. has assumed the payment of the first and second mortgage bonds of the Toronto Electric Light Co., Ltd., aggregating \$4,000,000.

TORONTO BOXER WINS STAR BOUT AT OTTAWA

Ottawa, Dec. 3.—Fred Bowerback of the Riverside Club, Toronto, secured the decision over Billy Dore, 125 pound champion of Ottawa, in the feature bout of this evening's boxing show at the drill hall here. Close to two thousand people turned out for the entertainment provided by the Laurier Athletic Club under the auspices of the Ottawa boxing commission. Seven snappy bouts were put on, with the inter-city event as the headliner. The Toronto boy piled up his points in the second round when he sent Dore to the mat for a count of nine with a hard right cross to the base of the ear. Dore came back and held his own for the balance of the round, making a big stab for a knockout in the final round.

INTERESTING GAMES IN ENGLISH SOCCER

Liverpool May Knock Burnley From Table Top—Welsh Teams Prominent. Old country soccer games down for today will probably result in home team getting a clear advantage in most matches, this being especially the case in Scottish League games, and those down for decision in the third division of the English League.

BRITISH COMPLAINTS ON EXCHANGE STILL

Importers Object to Paying in United States Dollars for Canadian Service. Ottawa, Dec. 3.—(Special.)—British importers complain that freights on Canadian goods from Canadian ports shipped to Britain on Canadian lines are demanded in American instead of Canadian dollars.

RAILWAY CONFERENCE TO CONTINUE TODAY

D. B. Hanna, president of the Canadian National Railways, stated to The World last night that the conference between his office and the officials of Division 4 of the Canadian Railway Brotherhood and of the International Association of Machinists would continue today, and that it would be impossible to say when the conference might be concluded. He said that he would be both as advisable and impossible to say what the outcome would be.

STOCKS ARE IRREGULAR TRADING LESS ACTIVE

Southern Pacific, Which Follows Erratic Course, Is Chief Centre of Interest—Mexican Oils and Number of Standard Railway Issues Are Firmest Spots.

New York, Dec. 3.—Save for a pronounced contraction of business, both as to volume and variety of issues traded in, dealings in the stock market today differed in no important essentials from those of recent irregular sessions. Interest continued to centre in Southern Pacific, the erratic course of which is suggesting an increasing divergence of opinion in speculative circles at least, regarding the potential benefits to be derived from the company's plan of segregation. General advice and developments were conflicting in their relations to market values. Passing of the dividends in two of the low-priced copper shares occasioned only a few disturbances in the group, having evidently been discounted. Further curtailment or indefinite suspension of operations in many branches of industry, especially steel, rubber and textiles, merely confirmed recognized conditions of the past few months, as set forth by commercial and financial authorities.

STEADY ABSORPTION OF VICTORY BONDS

The gradual absorption of the Victory bonds is making itself felt on prices, which responded again yesterday to buying for permanent investment. Institutional purchases are taking a very large proportion of the offerings and these will not be for sale again until the investment market is much more normal and only then for the purpose of effecting a profitable exchange. Present high money rates will put an embargo on new government expenditures that cannot be at all profited, and the bond market should materially improve with this constraint in force. Another upward swing in Toronto Bonds was accomplished yesterday, but it must be apparent to the veteran in the market that the advance is not because of public speculation. If the proposed deal is concluded the market offers quite a field for interesting outside speculative interest still extant and financially free. The paper stocks were dull, but sugar had another light upturn on the afternoon session. Brazilian was heavy again and down to 31 1/2. Market interest for the time is entirely exercised with the various bonds and the speculative shares are entirely subject to the whims of the supporting interest.

TORONTO RAILWAY GAINS TEN POINTS IN MONTREAL

Montreal, Dec. 3.—The outstanding feature of the trading today on the local stock exchange was Toronto Railway, with a turnover of 1,683 shares, the largest turnover in the stock for several years. The price, following the advance of 1/2 points yesterday, today gained a further 1 1/2 points, reaching 62, and closing at the top, the highest price since when the stock sold up to 62 1/2. This rise is attributed to the expected completion of the deal now in progress between the Ontario Hydro and the Mackenzie interests in the electrical development of the Toronto area. The result in a valuable equity holding for the railway shareholders. The deal is being actively traded in activity, selling up to 58, and closing at 55, a fractional improvement. Presently strong stocks in the list were Steamships, Asbestos and Spanish preferred. Weak issues included Price Brothers, which sold down 30 points from a previous last sale last month, and Ames preferred, which lost 36 points from a sale reported in October. In the bond department the Victory Loan continued to show well all the issues actively traded in showing a net gain from 1/2 to 3/4 points. Montreal man debentures added 1/2 per cent at 66. Trading in bonds was much less active than yesterday. 10,843; bonds, 235,760.

BRADSTREET'S REVIEW

Toronto reports to Bradstreet's say the general situation here continues quiet and business cannot be classed as better than fair at either wholesale or retail prices. There appears to be a better demand received at the latter establishments and the public seems to be taking a greater interest in goods. The outlook is a holiday character. Wholesale merchants say that buying in small lots is good, and customers are coming back frequently to replace stocks, but there is nothing doing in the way of purchasing for future delivery. One feature, however, which is a cause of satisfaction is the claim of some large wholesalers that among their customers they have not had one failure. It is also stated in some quarters that business for the last six months shows an increase over the corresponding period of 1919, although it is admitted that this may be due to the difference in prices.

OTIS PLANT CLOSURE

Ware, Mass., Dec. 3.—The Otis Company, textile manufacturers, employing 1700 hands, announced today that its plant will be closed all next week owing to shortage of orders. The concern has recently been operating three days a week.

GENERAL CANADA DIVIDEND

The directors of the Central Canada Loan and Savings Company have declared the usual quarterly dividend of 2 1/2 per cent, for the three months ending December 31, 1920, at the rate of 1 1/2 per cent per annum, and the transfer books will be closed from Dec. 16 to 31, both days inclusive.

PACIFIC OIL IS LISTED

New York, Dec. 3.—The New York Stock Exchange today admitted to its regular trading list the shares of the Pacific Petroleum Company, recently organized to take over the oil holdings of the Southern Pacific Company. Trading in this stock will begin tomorrow.

OILS

LONDON, Dec. 3.—Calcutta lineated, 2 1/2; Linseed oil, 50s; sperm oil, 2 1/2. Petroleum—American refined, 2 3/4; spirits, 2 1/4. Turpentine spirits, 16s. Resin—American strained, 38s; type G, 40s 6d. Tallow—Australian, 5 1/2.

COTTON MILLS CLOSE

West Warren, Mass., Dec. 3.—The Warren Cotton Mills Company announced today that the mills would be closed until December 14, when they will reopen on the weekly schedule of three days now in force.

RECORD OF YESTERDAY'S STOCK MARKETS

Table with columns for Toronto Stocks, New York Stocks, and Standard Stock Exchange. Lists various companies and their stock prices.

COBALT ARE LOWER IN MINING SHARES

The closing down of mines in the Cobalt camp and the belief that others are about to follow a similar course has cast a gloom over the Toronto mining market for the silver shares. There are few buyers for these issues under the circumstances, and stocks that have to be forcibly sold will necessarily have to be sacrificed. Mining Corporation came in this class yesterday and was liquidated at 1 1/2. McKinley sold down to 30 and it announced on the exchange that the quarterly dividend had been passed. Any liquidation was largely confined to the silver stocks, with Beaver and Peterson Lake showing the most activity. The golds were less active and distinctly steady. Hollinger and McIntyre were firm with little business and Dome was stronger with sales at 13 1/2. West Tree was slightly higher and the other golds were only steady.

DIVIDEND WAS PASSED BY MCKINLEY DIRECTORS

In a circular, the McKinley-Darragh directors announce that no dividend will be paid on Jan. 1 next. A financial statement in the same circular is as follows: Cash on hand \$69,070.80; Bonds on hand \$244,307.75; and ore at mine \$244,307.75. Total \$557,686.30. Less bills payable \$312,378.55; and other liabilities \$150,000.00. Cash assets \$94,307.75.

Power Shortage in North May Be Quickly Changed

Hamilton B. Willis in his weekly letter says: In conversation with an official of the Northern Ontario Power Company yesterday, he said: "The extremely mild weather prevailing throughout the north is very much in our favor, and a couple of days heavy rain will quickly change the power situation from a scarcity to a surplus. The snow is melting fast, and already the Mattagami has risen several inches within the past ten days. We will be able to make new contracts with companies anxious to resume operations, providing we get sufficient rain."

TORONTO SALES

NEW REGULATIONS AFFECT SALES TAX

Montreal, Dec. 3.—Several new rulings of importance were sent out today by the inland revenue tax department regarding sales tax. They are: (1) Sales tax shall be computed on the total value of any sales. (2) Fractions shall be disregarded where under half a cent and where over half a cent shall be treated as a whole cent. (3) Where the amount of the sales tax on any sale is less than half a cent no tax shall be collectible. These regulations are to go into effect from December 1, so that they are already effective.

DRUGLESS HEALING SCIENCE EXPLAINED

Dr. B. J. Palmer Says Regulation of Vital Forces is All Needed.

Two thousand persons last night in Massey Hall listened with interest to an extended address by Dr. B. J. Palmer, president of the Palmer School of Chiropractors, Davenport, Iowa, upon the theme of this practice and its values.

John D. Rockefeller, Mary Pickford, Charles Schwab, Douglas F. Brubanks, and many of the most notable men and women in all walks of life took "adjustments," said the lecturer, some of them taking a chiropractor with them during their travels.

The lecturer went on to say that physicians had attempted to treat diseases for five thousand years, yet today the percentage of disease was gradually increasing instead of decreasing.

Dr. B. J. Phillips, agriculturist, tells Toronto Association of Latest Methods.

The latest scientific and approved methods of beekeeping during the winter months was the subject of a practical address given by Dr. E. J. Phillips of Washington, D. C.

REV. W. A. CAMERON, pastor of Bloor Street Baptist Church, was born in Elmira, Kent County, and after graduating from McMaster University took his present charge and has been continuously there, save for a period of overseas service with the V.M.C.A.

ENTHUSIASTIC WORKERS IN FEDERATION FOR COMMUNITY SERVICE CAMPAIGN

Good results are being achieved by this group, in one of the hardest drives Toronto has known. Next to the smiling youngster on the extreme left of the front row is Captain J. Allen, financial director, and the others in the front line, from left to right, are: Miss F. Boland, organizing secretary of the women's committee; Mrs. F. Brock Wilkins, vice-chairwoman of the women's committee; M. C. MacLean, secretary of the federation for community services; Ralph Connors, chairman of the budget committee; Rev. W. A. Cameron, chairman of the campaign committee; George Howell, organization chairman; Norman Tovell, chairman special subscription committee; John Patterson, chairman publicity committee, and Mark Gardner, chairman complaints committee.

too sluggish a flow of this force. "I can tell you physicians how to get us chiropractors out of Toronto—cure your patients. As long as you are here you are making business for us, and as long as you make business for us the public will demand us.

Food for the hive should either consist of pure white honey or a mixture of pure sugar and water. Mr. George Demuth, apiculturist

from Medina, Ohio, told how these cases should be constructed. They should be packed with sawdust to a depth of a foot or more.

SOMEBOY IN CHINA STOOD TO LOSE MONEY

San Francisco, Dec. 3.—Investigation by customs authorities today of a shipment of whiskey billed at approximately \$4,000 from this city to

Shanghai, revealed the barrels were filled with colored water. The shipment was being loaded when the government officials halted it and examined each of the 27 barrels in the lot. Arrests are expected.

attendance for November was double that of the same month last year. J. A. Birmingham of Vancouver, ex-general secretary of the Brotherhood of Canada, spoke on the church attendance campaign in the west, which, he declared, had made rapid strides, while some of the churches had not now enough accommodation for the people.

CAMPAIGN TO FILL PEWS IN CHURCHES

Brotherhood of St. Andrew Members Hear Stirring Addresses.

Police reserves had to be called to keep the public back after the church attendance campaign lately conducted in the United States, declared G. Frank Shelby of Philadelphia, when addressing a mass meeting of the Brotherhood of St. Andrew in St. Luke's schoolroom last night.

Rev. G. P. B. Doherty, pastor of St. Luke's, in opening his speech, outlined the history of the church attendance campaign in Philadelphia, and advised the churches to organize and work more on the lines of the humanitarian principles, than from the spiritual side.
