THE EVENING TIMES AND STAR, ST. JOHN, N. B., TUESDAY, JANUARY 28, 1919

GOOD THINGS COMING TO THEATRES OF ST. JOHN

HOUDINI, THE HANDCUFF KING, WILL EXPOSE TRICKS

Houdini, the greatest known star in vaudeville, will appear at the Imperial Theatre in "The Master Mystery," a serial of the most thrilling and mysterious type—entirely novel—said to be one of the most startling stories ever written. The serial is unique in many ways, as it shows Houdini an opportunity to show his tricks of self-liberation before the camera. One of the most important phases of this startling picture is the fact that Houdini will do all of these tricks in what is known as an uninterrupted close-up. In other words, he will perform his stunts before the camera and they will be done on one piece of film without a break. No stop-camera trickery or dubbing but genuine stuff. The picture is not in the nature of an exposé, but has been written in such a way that the feats of escape done by Houdini come in a logical manner and are part of a plot. Arthur B. Reeve, it will be remembered, is one of America's foremost writers of logical stories, and his Craig Kennedy stories have been known to face a great many years.

ALL NEW TONIGHT AT OPERA HOUSE

The regular change of vaudeville programme at the Opera House tonight offers five splendid features, including "The Master Mystery" in a special class offering; Claude and Marion, two bright rays of sunshine, in a screaming hit, "The Art of the Circus"; and a good Vitagraph comedy picture. This evening at 7.30 and 9.30, tomorrow afternoon at 2.30 and 4.30.

BUSHMAN AND BAYNE AT PALACE THEATRE

Bushman and Bayne at Palace Theatre Wednesday night. The new Metro production entitled "The Brass Check," a splendid five-act comedy-drama. A two-act comedy will be shown with this Metro attraction.

IN WALL STREET TODAY

New York, Jan. 28.—Shipments reflected their trend of prices at the opening of today's stock market, Atlantic Gulf advancing a point, while Marine preferred lost 1/4 and Pacific Mail 2 1/2. Tendancies elsewhere were of the same uncertain character, oils and some of the minor rails ending fractionally. United States, on which dividend action is to be announced after the close of today's session, opened at a slight reaction which was soon recovered and the gain forced before the end of the first hour.

CONDENSED NEWS

The burgomaster of Coblenz has appealed to the self-respect of the Germans to refrain from commencing the cross and other German decorations of war.

Notice of Births, Marriages and Deaths, 50c.

DEATHS

GOULD—At the Military Hospital, St. James street, on January 27, 1919, James Gould, aged thirty-two, leaving three sons and four daughters, two brothers and one sister to mourn.

GERMAN TROOPS TO OPPOSE POLES

Paris, Jan. 28.—Two full corps of German troops have been assembled in the general staff to march against the Poles, and light troops are passing through Frankfurt-on-the-Oder, according to a dispatch to the Journal following the press of Baden-Baden.

WARD OF THANKS

Arthur B. Flewelling, Dunsmuir and family wish to express their appreciation to the doctors and staff of the General Public Hospital through the kindness of the recent nursing staff.

TRIAL OF HALL ON CHARGE OF MURDER OF WIFE IS BEGUN

Saco, Maine, Jan. 28.—The selection of a jury was expected to occupy the greater part of the first day of the trial of Henry H. Hall, a Baptist lay preacher charged with the murder of his wife in last June, when proceedings were started before the supreme court today. Much of the testimony for both sides will be given by medical experts.

CALL FOR SOLDIERS TO FILL ALIENS' PLACES

Wimpere, Man., Jan. 28.—A delegation of eight returned soldiers, headed by A. Loozeley, nominated at a meeting of 2,000 veterans, on Monday night, at the Hotel Victoria, to call for the return of soldiers to fill the places of aliens who were discharged as a result of the war.

DIVORCE COURT HAS ADJOURNED TO MARCH 10

Fredericton, Jan. 28.—The New Brunswick divorce court opened here today morning, Judge Corbett presiding. Adjournment was made until March 10, when all cases not ready today are set for hearing.

RECENT DEATHS

Miss Maud Taylor, aged forty-four years, passed to her rest on Sunday morning at the home of Mr. and Mrs. W. E. Palmer, Brookline Road, Sackville, after an illness of about one year. She was a school teacher. She leaves a son, Mr. Blair Taylor of Summersville, Mass.

THE BEST QUALITY AT A REASONABLE PRICE

What Do Folks Think When You Squint?

The little ones ask their mother, "What makes Mr. Jones look so funny?"

Older folks think "He'll ruin his eyes. He ought to get glasses."

If you only realized how much comfort and satisfaction properly fitted glasses bring—how much they benefit the sight and health—you would have Sharp examine your eyes and make the proper glasses to preserve and protect our vision.

PERSONALS

Mrs. Cornelius Sullivan, of Hampton, was taken to the St. John Infirmary yesterday. She has been ill for some time.

DAILY HEALTH TALKS

GOING BACK TO NATURE.
By Dr. W. Lucas.

People get sick because they go away from Nature, and the only way to get well is to go back. Something grows out of the ground in the form of vegetation to cure almost every ailment. Some of these vegetable growths are understood by man, and some are not. Animals, it would seem, know what to do when they are sick better than men and women. Observers have noted that a sick horse, dog, or cat will stop eating food and seek out some vegetable growth in the field or yard, which, when found and eaten, often restores appetite and health. Haven't you seen these animals do this very thing yourself?

Dr. Pierce, of Buffalo, N. Y., long since found the herbs and roots provided by Nature to overcome constipation, and he had these vegetables collected and made up of Mayapple, leaves of Aloe, root of Jalap, into little white sugar-coated pills, that he called Dr. Pierce's Pleasant Pellets. You must understand that when your intestines are stopped up, poisons and decayed matter are imprisoned in your system, and these are carried by the blood throughout your body. Thus does your head ache, you get dizzy, you can't sleep, your skin may break out, your appetite declines, you get nervous and healthy. As a matter of fact, you may get sick all over. Don't you see how useless all this suffering is? All that is often needed is a few of Dr. Pierce's Pleasant Pellets, which he has placed in all drug stores for your convenience and health. Try them by all means. They are probably the very thing you need right now.

New Portuguese Cabinet

Lisbon, Jan. 28.—A new Portuguese cabinet has been formed with Jose Relvas as premier and minister of education and Elias Moniz as minister of foreign affairs.

The Evening Times and Star

ST. JOHN, N. B., JANUARY 28, 1919

The St. John Evening Times is printed at 27 and 29 Canterbury street, every evening (Sunday excepted) by The St. John Times Printing and Publishing Co., Ltd., a company incorporated under the Joint Stock Companies Act.

A JUVENILE COURT.

St. John has been too long without a juvenile court. It is now possible to establish one with little further expense than the salaries of judge and probation officer, and without taking the children to the police cells or the jail.

Judge Ritchie has conducted a juvenile court within limitations, but it is not a task for a police magistrate. It is one man's job, and he should give it his whole time, not merely hearing cases but following them up and acting in a semi-parental capacity toward the youthful wrong-doers.

The record shows a grave increase in juvenile crime in St. John, but that is not all. There are too many boys and girls learning vicious practices and openly guilty of misbehavior in the streets.

A lecture and dismissal will not cure them. There must be such an organization radiating from the juvenile court through a probation officer and voluntary aid committees to the very homes from which delinquents come that the responsibility will be fixed and the boys and girls made to feel that somebody cares for them, and will not only help them but restrain them if that should be necessary.

Major Smith pointed out to the Rotary Club yesterday how great an honor it was that after four years of expenditure of all the forces in the war, and in the critical period of the final drives against the enemy, the Canadians were selected to provide storming troops, to open the way for the armies.

Of the evils of land speculation the Toronto Globe says: "The Alberta legislature at its coming session will deal with some of the evil consequences of the land boom. Nearly all the municipalities where the epidemic raged have large areas of taxation, usually levied against vacant land bought as a speculation, which they are unable to collect.

The city of Edmonton is a classic example. Its tax arrears amount to \$6,000,000, a situation which has put it beyond the power of the municipality to meet its obligations and pull itself out of the morass unaided. Edmonton and other cities and towns bitten by the boom are appealing to the government for financial aid. Probably the province will lend cash or credit to enable the municipalities to spread the arrears of taxation over a long period, during which defaulting property owners may be able to pay their debts."

Halifax Chronicle: "What is to be the future attitude of the human brotherhood towards its constituents? Are we to degenerate into permanent warring classes and sections, or are we to join hands harmoniously and wholeheartedly for mutual help, through close co-operation? All depends on whether those who are more enlightened and successful stand coldly aloof from those who are less, or recognize it as the most sacred of all human duties to open warm hearts to those who are in distress of any kind—physical, mental or spiritual—and so prove that they are really influenced by Christ's revelation of the brotherhood of men and the fatherhood of God."

The Rotary Club conference in Halifax tomorrow and Thursday will deal with matters of public concern. Primary education, maritime union, boys' work, civics and problems of reconstruction are on the programme, and the relation of Rotary Clubs to these and other community questions will be considered.

Rotary has gone far afield from the idea of its founders, and has become an international as well as a national force for progress in community life.

What a change in a few months in the position of William Hohenzollern. It seems but yesterday when he boasted of what he as God's instrument would do. Today there are few to do him reverence. Even the German people are careless as to his fate. Looking back from the peace conference to the pre-war period one can scarcely realize how great and swift and beneficent has been the change in the world outlook.

Three matters relating to child-welfare have been brought to the attention of the city council recently. The first was vocational training. The second was playgrounds. The third was a juvenile court. With regard to the first, nothing of importance has been done. With regard to the second, the increased grant asked for was not given. With regard to the third—what?

If the Bolsheviks prevail in Russia that country's debt to France will be repudiated. That is reason why France wants no recognition of the Bolsheviks, and why a portion of the French press criticizes the attitude of Premier Lloyd George and President Wilson. The latter, however, do not anticipate the triumph of Bolshevism.

Reference was made in this paper a few days ago to a movement started in Winnipeg in favor of a national system of education for Canada. President Osborne of the University of Manitoba addressed the Canadian Club of Montreal last evening on this subject.

The strike in Belfast for a forty-hour week has assumed such proportions that every industry and every public service are paralyzed. Belfast has had many strikes, but none of such magnitude as this.

Joint trustees for civilization is Mr. Balfour's description of the British Empire and the United States. It should appeal very strongly to the people of both great powers, and would be the realization of a dream long cherished.

The participation by Baptist, Methodist and Presbyterian ministers in a service in Trinity church this week marks a new and happier era in church relationship in this province.

The Standard is worried about the fate of the provincial audit act. It is partial to the act because the act was so useful in preventing graft and fraud under the old government. What?

The city council and school board had a friendly conference yesterday. May this be the beginning of more cordial relations that will result in great benefit to the schools.

German schools in Buenos Aires observed the ex-Kaiser's birthday by the usual holiday. It was not observed in Germany.

What is the Standard trying to do in its discussions of the coming tax-reform bill? It is not clear.

Are Your Bread and Buns Always the Same? You may use the same recipe, and yet get varying results, the difference, very often, being due to the flour. LA TOUR FLOUR is milled up to the same standard, always (being made from Finest Manitoba Hard Spring Wheat) so, its use, following your present good receipt, will produce uniformly delicious bread. Ask Your Grocer For La Tour Flour. FOWLER MILLING COMPANY LIMITED ST. JOHN, N. B.

HAVE YOU A HEAVY BREATH? This is usually caused by nervous indigestion or habitual Constipation. ABBEY'S EFFERVESCENT SALT sweetens the stomach; insures sound digestion; regulates the bowels; clears away the coated tongue and heavy breath. Take it every morning before breakfast. Recommended by Physicians and Druggists.

Small Powers All Fall in Line

Paris, Jan. 27.—(By the Associated Press)—The peace conference today made a distinct gain when the sixteen small powers gave adhesion to the organization formulated by the five great powers thus securing a united front of the great and small powers at the outset of the work on the main subjects before the members of the commission.

This was largely due to the skilful direction of Jules Cambon, French delegate and former ambassador at Washington, who was designated by the council of the great powers to preside over the meeting of the small powers held this afternoon. This meeting convened at the foreign office at 3 o'clock, at the same time the council of the great powers met, the two separate gatherings proceeding simultaneously, one in the office of M. Pichon, the foreign minister and the other in the Salle de la Paix.

For a time there was some apprehension of the sequel to the different viewpoints expressed at Saturday's conference, but today's meeting of the small powers was without incident or renewal of the claims then set up and increased representation on the various committees. Belgium, Serbia, Roumania and all the other small powers had their full delegations at the afternoon meeting. NO REPLY FROM RUSSIA AND FIGHTING CONTINUES.

Paris, Jan. 27.—No direct reply to the invitation, extended to the various Russian factions for a conference with representatives of the allied and associated governments has so far been received from any quarter. The protests that have been filed by the anti-Bolshevik elements in Paris are not regarded as fully authorized by their governments, and the reply sent out by M. Tchitcherin, the Bolshevik foreign minister, by wireless through Stockholm and addressed to a Paris newspaper, is considered as being altogether unofficial.

Wisdom Whispers "A DOCTOR'S PRESCRIPTION, FAMOUS FOR MORE THAN 100 YEARS" JOHNSON'S ANODYNE LINIMENT (Internal as well as External use) This wonderful old family medicine quickly cures Coughs, Colds, Grippe, Sore Throat, Cramps, Chills, Sprains, Strains, and many other common ills. Soothes, heals, and Stops Suffering.

DAILY FISH BULLETIN
Issued by Canada Food Board

CANADA'S FISH EXPORTS.
The imports of all varieties of fish into Great Britain are roughly valued at \$20,000,000 a year. Until recently no attempt was made by Canada to export fish other than canned. Now, however, the fish export trade is growing rapidly and the special commission appointed desired.

to make a report on our trading relationship with European countries found that every dealer in canned goods who gave evidence before them expressed the strongest desire to give Canada a preference. All were in favor of tins and cases being stamped "Canada."

THRIFT RECIPES

Issued by the Canadian Food Board.

- SPLIT PEA SOUP.**
1 cup split peas,
4 cups water,
1 cup chopped celery,
2 tablespoons grated onion,
8 teaspoons salt,
1/2 teaspoon pepper.
Wash peas and put them to soak overnight in three cups of cold water. In the morning put them on to cook in the water in which they were soaked and add the chopped celery, onion and one cup of water. Cook slowly until the peas are done. Ten minutes before serving add the seasonings. Strain if the special commission appointed desired.

Your hands are in your pockets most of the time these days. Wear Ballantyne's Scotch Knit Gloves this winter and it won't be because of the cold. And they'll enable you to beat out "rising prices" in regard to gloves.
Ask for Ballantyne's.
R. M. Ballantyne, Limited
Staford, Ont.

RECENT DEATHS

Waldo B. Cronk.
Toronto, Jan. 27—Waldo B. Cronk, of Bathurst (N. B.), vice-president of the Carriquet Gulf Shore and Kent Northern Railway, died here today at the home of his son, E. R. Cronk. He came to Toronto in impaired health shortly before Christmas. He was in his fifty-seventh year and had been in the railway business all his life. He was born in Footville (W.Va.). His first position as a lad was with the Chicago and Northwestern railway which he left in 1898 to take a position with the St. Paul, Minneapolis and Omaha road. Then as promotion offered he joined the staffs of the Chicago, Rock Island and Pacific, Baltimore and Ohio, Canadian Pacific railway, Grand Trunk Pacific and National Transcontinental.

In Moncton on Saturday Mrs. Clyde Stevens died. She leaves her husband, her father and mother, two brothers and one sister. The brothers are T. C. Edgett and Frank, overseas. Mrs. Captain Studdell of Hillsboro is a sister. Her parents are Mr. and Mrs. W. H. Edgett of Hillsboro.

The death of Judson Jones took place at Litchfield, Me., on Friday, Jan. 24. He was a former resident of Moncton, moving to Maine about five years ago. He is survived by his wife and grown-up family, who reside in various parts of the States.

William J. McLean, son of A. C. McLean of Chatham, died in St. John on Saturday morning at the age of twenty-six.

C. G. R. Association Deaths.

There were fourteen deaths in the C. G. R. Employees Relief and Insurance Association during the month ended Jan. 25. William Arling, Moncton, died of wounds received in action, \$1,000; James T. Probert, Halifax, killed in action, \$250; Gordon W. Large, Charlottetown, \$250; William McAdoo, ret. employe, St. John, \$1,000; James W. Miller, ret. employe, Truro, \$250; Fred J. Melanson, ret. employe, Moncton, \$250; Owen J. Stevens, ret. employe, Moncton, \$250; Bliss LeBlanc, Moncton, \$250; James Gullivan, Sydney, \$1,000; Henry J. McGrath, ret. employe, Moncton, \$250; Claude W. Price, terminal agent, Moncton, \$1,000; Edward Bon-dreau, ret. employe, Newcastle, \$250.

RENTS AND TAXES.

To the Editor of The Times-Star:
Sir,—I would like to ask through your press what is to become of our city in regard to house rents and taxes. I would say it is about time that the people of this community and especially the tenants and taxpayers should call a mass meeting and abolish this commission business and go back to the old council system. It seems all right for the commissioners to sit at a table and suggest anything that would be suitable for them—they never stop to think of a poor man paying \$18 and \$20 a month with a salary of \$14 or \$15 a week and support a family of children, not saying about sickness and the high cost of living. You can take it from me that the laboring class and hundreds of other citizens are watching the out-

come of where those commissioners are going to stop.
I remain, yours,
ALEX. ROBINSON,
Taxpayer and Citizen,
Waterloo street, St. John, Jan. 26, '19.

ELOCUTION CONTEST.

An elocution contest was held in the Centenary Sunday school room last evening by the Young People's Association of the church. The contest had excited considerable attention and as a result there was a very large attendance. Three young ladies were the contestants for the laurels. They were Mrs. Mahoney, Miss McAlpine and Miss Knowles, while the judges were G. A. Horton, Mr. Stephens and Rev. Neil McLaughlin. The prize was won by Mrs. Mahoney, who chose for her reading "The spires of Oxford." She gave very effective expression and great force of description to her reading and showed without a doubt that she had made a very careful study of her subject. In addition to the contest an excellent programme was given and consisted of a duet by Mrs. Ring and Miss Kee, an instrumental solo and several vocal melodies by Mrs. J. M. Barnes, which were greatly appreciated and applauded. The contest was of the most successful entertainments held for some time in Centenary church.

NEW CUBAN CONSUL.

Senor Machado has been appointed Cuban consul in St. John to succeed Senor Rubio, who will leave on Friday for Baltimore, where he will be stationed for a time. Senor Machado has been in the consular service in London, and has considerable knowledge of Can-

dian trade affairs. He arrived in this city yesterday on the Boston train. Senor Rubio, who was formerly a Havana journalist, has been in St. John two months. During that period he has written a number of articles for a Havana newspaper, in which he describes Canada, its history and resources. He has done much to increase trade between

two countries, and was recently thanked for his efforts by Mr. Manser, New Brunswick commercial agent in Cuba. Santaram, the fourteen-year-old Hindu boy servant of M. W. Marshall, New York, has been released by the immigration officials and left last evening for Montreal en route to New York.

CARTER'S IRON PILLS
Absence of iron in the blood is the reason for many colorless faces but will greatly help most pale-faced people

Please, Mother! It's Nasty! Give Me a Candy Cascaret!

TO MOTHERS! Instead of the dreaded dose of castor oil, drops, calomel or pills, give your children Cascarets and save money, worry and trouble. Children love Cascarets because they taste like candy. Nothing else acts so gently but surely on the child's little stomach, liver and bowels.

When one of the kiddies has a white tongue, tainted breath, sour stomach or a cold; when cross, bilious, feverish, constipated, remember, a Cascaret to quickly "work" away the nasty bile, sour fermentations and poisons should always be the first treatment given. Cascarets never grip the tender bowels, never injure, and never disappoint the worried mother. Each 10 cent box of Cascarets contain directions for children's dose from one year old and upwards. Also for adults.

\$214,000 ADDED TO ASSESSMENT

The city this year, it is said, will face the biggest assessment in its history. At the close of yesterday afternoon's committee meeting there was an increase of about \$214,000 over the assessment of last year and there was no likelihood of any reduction in the figures, but there was a possibility of a further increase.

Table with columns: Increase, Decrease. Rows include Streets, Fire, Police, Lighting, Libraries, Debiture Int., Ferry, Sewers, Hydrants, Grants, Parks, Overage bal., County assess., Schools, Totals.

When the commissioners resumed their sitting yesterday afternoon the first matter before them was the question as to whether or not the sum of \$80,500 should be charged to water revenue and put in with the general assessment.

Mr. Lingley, city chamberlain, and George D. Martin, of the water and sewerage department took part in the discussion. Commissioners Fisher, Jones and Thornton took the view that it should be put in with general assessment, while the mayor and Commissioner Bullock held that it should be charged to water revenue.

Finally, on motion of Commissioner Fisher, seconded by Commissioner Jones, it was decided to charge it to general assessment.

At the Y. M. C. A. last evening the directors and friends entertained Major F. J. Smith at luncheon and greatly enjoyed an address delivered by him and a series of overseas Y. M. C. A. pictures which he threw on the screen.

Major Smith gave a very graphic description of the Y. M. C. A. huts in England and the work done not only at the camps for soldiers on leave in Great Britain and pointed out how much that work counted for in the lives of the men.

Following his address more than a hundred pictures were thrown on the screen illustrating in a most striking way the things he had described.

DO YOUR EARS RING? HAVE YOU CATARRH? A buzzing noise in the head is the beginning of chronic Catarrh. If not checked the result is deafness.

REASONS

1st. Because Zam-Buk has a superior soothing and healing power. This is due to its unique composition.

2nd. Because Zam-Buk is composed exclusively of herbal extracts and vegetable oils and is 100% medicine.

3rd. Because Zam-Buk is anti-septic. In other words, germs cannot live where Zam-Buk is applied.

4th. Because Zam-Buk is pure. Its purity is due to its herbal composition, and this particularly commends Zam-Buk to mothers.

5th. Because Zam-Buk is economical. Owing to its freedom from animal fat, Zam-Buk does not become rancid.

The reliability of this herbal remedy has established it as the household balm which has been used for eczema, ringworm, abscesses, ulcers, running sores, and legs, blood-poisoning, rubeola, pimples, burns, scalds, chapped hands, chilblains.

Major Smith leaves for Toronto on Wednesday.

N.B. SOLDIERS HONORED

London, Jan. 27.—By Canadian Associated Press.—Colonel Cyrus Wesley Peck, of the 16th Manitoba Regiment, and Sergeant William Merrifield, of the Central Ontario Regiment, on Sunday visited Sandringham where King George is in residence and received at the hands of his majesty the Victoria Cross.

Colonel Peck is a former New Brunswick man, showed conspicuous gallantry and skillful handling of his men in an attack under intense fire at Capricourt on September 26. He is in a critical position and over ground swept by machine gun fire he reconnoitered the machine gun position and was enabled to direct and ensure the success of his brigade.

Canada's Care For Her Soldiers

The Canadian government is doing a very great work on behalf of the returning soldiers, according to the Rt. Rev. Dr. J. C. Roper, lord bishop of Ottawa, chairman of the war commission of the Church of England in Canada, who last evening addressed representatives of the various Anglican parishes in this city in the interest of returning men, at a well attended meeting in the Stone church school room.

Bishop Roper told of a recent visit of an expert Philadelphia delegation which called on Hon. Martin Burritt at Ottawa. The delegation had made a study of the soldier and reconstruction problem in various countries, and the members had no hesitation in telling Mr. Burritt that Canada was ahead of every other country in the world in its arrangements to help the returned soldier.

The war commission of the church was established by the general synod of the church in 1914, and since that time, being chairman he was acting secretary, Rev. G. A. Kurling, the rector of the Stone church, is a member of the central committee. Diocesan committees have been appointed throughout Canada and every province has been organized.

Major Smith leaves for Toronto on Wednesday.

Strength Declines And Age Advances Follow This Suggestion

So many women grow old before their time, perhaps your wife or sister. A little while ago, buoyant, full of vigor and imparted pleasure to the whole family; but now in a few short years she has faded and lost color and strength.

TRIAL FOR ESPIONAGE New York, Jan. 27.—(Special.)—A. O'Leary, who since his sensational flight to the Pacific coast early last summer has been confined to the Tombs on a charge of conspiracy to commit treason, was placed on trial in the federal court today on an earlier indictment alleging violation of the Espionage act.

SIR MALACHI DALY INJURED AT HALIFAX Halifax, N. S., Jan. 27.—Sir Malachi Daly, a former governor of Nova Scotia, met with a serious accident today after stepping from a car in front of his residence in Spring Garden road he was struck by another car going in the opposite direction.

For Biliousness

Biliousness is a common form of indigestion. It is brought on by food-waste which the stomach, intestines and bowels fail to expel. If you will take a few doses of Beecham's Pills, when bilious, you will soon rid yourself of the impurities, relieve sick headache, stimulate the liver and bile and tone the stomach.

BEECHAM'S PILLS Directions of Special Value to Women use with Every Box. Prepared only by Thomas Beecham, St. Helens, Lancashire, England.

DARTING, PIERCING SCIATIC PAINS

Give way before the penetrating effects of Sloan's Liniment. So do those rheumatic twinges and the loins-aches of lumbago, the nerve-inflammation of neuritis, the wry neck, the joint wrench, the ligament strain, the muscle strain, and the throbbing brain.

Sloan's Liniment Kills Pain 30c, 60c, \$1.20. See that these children are provided with every comfort and means found for their education.

EAR'S WORK IN KINDERGARTENS

Review at Annual Meeting This Afternoon

ST. JOHN ASSOCIATION

at Yet Part of Normal School Training But President, Mrs. Vincent, Says Every Effort in That Direction Must be Made

The reports submitted at the annual meeting of the Free Kindergarten Association, held this afternoon in the public rooms in Germain street, were very gratifying and went to show that the association had passed through very successful year. The president, Mrs. Vincent, presided.

Mrs. Vincent, after reading her report on the work of the year, thanked members of the association for their operation and their ever readiness to help. She made special mention of the illness on the part of the members of the association in aiding in the secured such a marked success. Mrs. Vincent also made reference to the hard work of the year and added that the year's work had been a very pleasant one to her.

Mrs. Vincent complimented Mrs. Vincent on her work during the year, and made mention of the fact that Mrs. Vincent had never missed a meeting of the association during her time in office. The treasurer in reporting a balance of \$993.75, said that with the city grant the association would have funds enough to carry on for the next six months. The president's annual report of the Free Kindergarten Association for 1918-1919 follows:

Before giving my report of the year, I would like to read a part of the circular just received from the International Kindergarten Association of the United States, with which we affiliate. "The call for social service is too distinct to be neglected or misinterpreted. It is the 'child's year,' has been declared by our government and it is time to show the value of the social service to the community. We must endeavor to register babies, and to weigh and measure children under the age of six years, physicians and trained nurses are giving help in their services in this work, can we as Kindergarten workers do less, as we do, how many defects in the child are discovered during the year? How many limitations can be removed if parents can be shown how to help us remove them?"

"From all over the country comes the testimony as to the helpfulness of training kindergarten in this kind of work. I believe we are doing better than ever in helping the child welfare campaign to prepare stronger, more efficient and better citizens for the problems which will inevitably follow the close of this war. Let every kindergarten worker spare a few hours of her time to volunteer to help in this work. Again our government, through its bureau of education, is sending out some of its most valuable circular letters concerning the kindergarten as an important instrument in education, now that the youth of our land through the dire necessity of war must be cut off from the last year or two of their education, can we not arouse the public to the fact that one or two years may be added to the education of our children, thus establishing more kindergarten habits of head and heart and hand, thus stabilizing will do much to help in the loss of training in the highest educational lines from which our country must suffer in the next generation, such an opportunity to serve humanity as never before presented itself to our profession."

"When we consider the comparative short time that the United States was in the war and that their government would make this appeal to its kindergarten workers through its bureau of education, we must see how much greater need of such work is in Canada, especially New Brunswick, where kindergarten has not yet been made a part of the Normal School training. I feel that an association, not yet made every in this direction. Last February when the District Rotary conference was held in our city, a number of visiting Rotarians, including Professor Sexton, Professor Stewart and Dean DeLia, spent part of the morning visiting the kindergartens. Prof. Sexton said that St. John was the work being done by the free Kindergarten Association. It is a very pronounced supporter of the kindergarten as a valuable factor in education. One of the resolutions at this conference was that such essential educational effort should be incorporated in the public school system of the maritime provinces.

The work of the Free Kindergarten Association of St. John being child welfare, as well as educational, and supported by public subscription, our report may vary somewhat from other societies. While not being able to render much financial aid to other organizations, however, the association is always ready to help. In December, 1917, we took charge of two of the largest wards of the city on "Rosebud" Day, held for the benefit of the Children's Aid, and so in March for the Soldiers' Comforts. At the time of the Halifax disaster the association and alumni contributed over one hundred new garments, having them ready to go forward to the first shipmen. During the epidemic of the influenza we were able to evade, in many ways, the suffering of our kindergarten families, as well as making a small donation to the V. A. and Victorian order of nurses. In September we opened our fifth kindergarten, with an enrollment of 230 children in all. We have also started a very telling hour which is proving a great success, having an attendance of no seventy-five to 100 children in the Free rooms each Saturday morning. It is not necessary for me to speak of a wonderful benefit this is to the children of our city, as it has so recently been referred to by one of our city speakers, we have been doing very good work with our mothers' meetings, especially in the North End, under the direction of Miss Edith Stephens, where the mothers have made a number of outfits

BUY W.S.S. WARESAVINGS STAMPS

which have been sold, giving the money for the benefit of the children. The kindergarten was also remembered by the mothers' meetings of two of our churches, those from Trinity sending a donation of money on our last tag day, and St. Paul's sending a donation of dolls at Xmas time.

We also find the visiting of the directors a great benefit, especially to the children of foreign parentage, who come to us in many cases not speaking the English language. Those who had the privilege of hearing Miss Reed's address to the women's council on Saturday afternoon were much interested in hearing what the United States is doing for the Americanization of its foreign population. With the attention of the country focused upon the importance of the alien, and his value as an asset or his menace as an enemy, they recognize the fact that the kindergarten has been one of the pioneers of Americanization. Our house committee have had a very busy year. However, through their efforts we are very comfortably housed, having moved every kindergarten except the Brussels street, which we are moving next month to the building formerly used as a Baptist church on that street. His worship the mayor granted permission for our tag day, which we held on Feb. 27, the response of the public being very generous. This, together with the grant from the city enabled us to open a fifth kindergarten. We also have his worship's permission for our tag day this spring, and trust the response will be sufficiently generous not only to keep our fifth kindergarten open but to extend our work in other ways. The treasurer's report will show that the entire running expenses of the kindergarten this year, with the exception of a few small donations, have been met by the city grant and the returns of tag day, which included cheques from several chapters of the Daughters of the Empire. During the year we have had much help from various other societies and friends of the kindergarten, providing clothing which at times greatly needed and a nice treat at Christmas, which this year owing to the epidemic took the form of a real Christmas party instead of our usual public closing. We are also able through these donations to give the little ones a lunch each morning. On behalf of our association I wish to thank his worship the mayor and the commissioners for their kindly interest and furtherance of our work, the press, the Rev. H. R. Boyer, through whose kindness we are permitted the use of this room for our monthly meetings, the very many societies and private individuals who have so generously helped us.

Respectfully submitted, HELEN V. VINCENT, President.

Secretary's report for the year ending 1918: Executive President and Members of the Free Kindergarten Association of St. John: Numerous and varied correspondence has been dealt with during the past year. Amongst the more important letters, I would like to appeal to the city of St. John for an increased grant, which was generally voted to the association.

We received a courteous letter from the premier, Hon. W. E. Foster, assuring us that the question of the introduction of kindergarten training in the normal school should be given attention as soon as possible. This subject was brought to the premier's notice by A. M. Belding. Fletcher Peacock, director of manual training, wrote expressing much pleasure at being invited to visit our schools, time to be arranged in the near future. Gracious letters of acknowledgment accompanied by a generous gift were received from Miss Evelyn Peters in appreciation of the naming of a kindergarten in memory of her sister, the late Miss Mabel Peters.

is greatly honored owing to the happy idea of our president, to be privileged even in so humble a manner to place a memorial which will perpetuate the memory of one who did so much for the child welfare of the city of St. John. His worship the mayor has again generously granted us permission to hold our tag day for 1919. During the past year we have welcomed as additional members of our committee Mrs. L. De V. Chipman, Mrs. W. Kising, Mrs. Roy Church, Mrs. Thos. Flood, Mrs. E. L. Corbett and Mrs. Flewelling, who was our first kindergarten teacher, and it was our pleasure to congratulate Mrs. Richard Hooper upon her appointment to the board of health.

We have again appealed to the generosity of the school board for the use of a room in the King Edward school to enable us to conduct a story telling hour in the south end of the city. Number of letters written 357, exclusive of regular and special meeting notices. The signing of the armistice and the consequent cessation of hostilities was the signal of much rejoicing throughout the world, particularly to many of our members whose dear ones were overseas—Mrs. Flagg's daughter, Miss Marion Flagg, who so nobly responded to the call as V. A. D.; Mrs. Holman and Mrs. Lawlor's sons—and it is with much pleasure we note the safe return of Mrs. Scott's son, Dr. Margaret Parks was cordially welcomed home after several years' service in England and France, faithfully administering to the sick and wounded in the noble cause of her profession. In closing my report I would draw attention to the marked improvement

THE PROBLEMS OF PEACE

call for intelligent patriotism of the highest order—"reconstruction" in the home as well as in business—better food for growing children and for men and women who do the work of the world.

LOCAL NEWS

GIFT FROM NEW YORK.
When Mrs. D. McLellan returned home last evening after a meeting of the managing committee of the Children's Home she found on her table \$3 sent by Mrs. Brownell of New York for the Children's Aid Society.

NOW IT'S A BUTTERFLY.
Yesterday the Times told of a pigeon rearing its flock in our balmy January climate. Today in Lawley's grocery store, 36 St. Patrick street, a yellow butterfly was seen flitting about the shelves and was put under a glass cover that customers might see it and dream of summer.

PROPERTY TRANSFERS.
Transfers of real estate in St. John county have been recorded as follows: Fulton, property in Lancaster; J. A. Moore to J. A. Gilchrist, property in Mount Pleasant avenue; Violet Parks to A. H. Moran, property in St. Martin's; H. O. Weaver to J. D. Coes, property in Water street, West St. John.

COAL MARKET FAIRLY EASY.
The late mild spell and the lack of much snow so far this winter has caused a considerable let-up in the demand for coal. Therefore deliveries are fairly prompt and the expected stringency has not materialized. Some agents are reported soliciting orders in pre-shipment lots and it is a reminder of pre-war times to have it so. However, prices are still reported abnormally high.

SMOKING IN THEATRES.
Utters in local theatres report quite a trial with sailors and officers, also some of our own returned soldiers who unthinkingly light cigars and cigarettes while enjoying a show. In the old country smoking is allowed in most of the theatres and to the natives of Britain it is only natural to start smoking in the place of entertainment over here. On one prominent theatre the other night a soldier's ship's officers smoked half the evening in a secluded section of the theatre and to the natives of Britain the humbly apologized for the unintentional infringement of the rules and of course the usher understood the situation.

TAKE OVER PRINCE WILLIAM APARTMENTS ABOUT FEBRUARY 15

Major Barr Speaks of Army Plans For Hostel

Want to Keep in Kindly Touch With the Soldiers for Longer Time Than Present and Convalescent Days

The Salvation Army officials here expect to take over the Prince William Apartments about Feb. 15, and very few changes will be made in the present interior arrangements.

Major Barr informs the Times that the forty rooms of the hotel will be utilized for soldier hospital beds, but it is doubtful if there will be space large enough for dormitories. The agreement with the company includes the furnishings and appliances belonging to the hotel, but naturally enough private chattels, etc., will be removed by lodgers and boarders.

It was announced today that the object of the new Salvation Army hostel in Prince William street will be more along the lines of social welfare than medical and surgical work. The actual after-war activities of the hostel will be over in a year's time or at the outside two years. After that it will be devoted to housing returned soldiers and other war veterans who may require the kindly ministrations of a better class of hospital.

"We want to keep an eye on the boys for a longer period than just the immediate wartime and terms of convalescence," said Major Barr. "Many of them will have to be led back into civil life with a helping hand, and special watchcare for a considerable period after we have disposed of all the sick cases."

The Salvation Army has hostels in Toronto, London, Chatham, Ont., and at other Canadian points and the need for more is increasing rapidly. Only recently a second one was opened in Toronto.

Major Barr says they are all looking upon the hostel as a means of helping up its mind to lose money in conducting them. They are regarded as a great necessity in a large community, and the Army feels that it is a duty it cannot shirk and one it willingly and cheerfully assumes.

TRIBUTE TO ST. JOHN WRITER.

In the January issue of the Pacific Printer and Publisher of San Francisco, official organ of the California Press Association, a full page in colors is devoted to A. M. Belding's poem, "The Night is Past." In a letter to the author, the publisher, Charles McIntyre, says:

"This is a very beautiful thing. Let me congratulate you. I wanted to feature a peace poem in the magazine and made a considerable collection, finally selecting yours as the one best expressing the spirit of peace and victory. Since it was published I have heard a number of very complimentary comments, showing that my liking for the poem was shared by others. I hope to have the pleasure of reading more of the same high quality of verse from your pen."

Mr. McIntyre is himself a St. John man, a son of D. McIntyre of this city. He was a very clever writer who drifted west some years ago, and succeeded so well that he is today the publisher of the magazine which is the official organ of the printing and newspaper industries west of Denver; official organ of the California Typographical Association, Press Association, San Francisco Printers' Board of Trade, and the Utah State Press Association. His St. John friends will be greatly pleased to learn of his success.

The U. S. Railroads, Washington, Jan. 28.—Revocation of President Wilson's power to return railroads under government control to their private owners any time within twenty-one months after peace is declared, was proposed in a bill introduced yesterday by Senator Cummins of Iowa. It was referred to the committee.

GOING TO MOVE?

This is Week for Landlord and Tenant to Exchange Notices

GOOD DEAL OF SHIFTING

That is Indication Already Reported—Again in the Question of Change of Custom—Fewer Queries as to Children

This is the week that landlords warn their tenants and tenants notify their landlords on the burning question of moving next May 1. They say it looks as if there will be a general shuffle in the spring. The condensed advertising columns of the Times have for some weeks indicated this approaching general change. Usually the "To Let" advertisements do not appear in numbers until after the tenants have notified their landlords on February 1, but apparently many have already made up their minds, hence the advertisements. A noticeable feature this year is the advertisements of people seeking new quarters under the heading "Wanted." This, too, is indicative of a domestic unrest on the housing question.

The old custom or legal procedure of notifying tenant and landlord relative to moving one's residence dates back to a bill passed in the reign of King Charles II of England and some think it is yet a big enough city for the monthly system of rentals such as obtain in large cities, but some say that this is the plan that should be adopted. However, that is a matter likely to be considered when housing plans are finally considered and acted upon as a civic measure.

The St. John real estate market is reported brisk just now. This is especially true of small home properties and residential holdings generally. The wind-up of the war has released a lot of money with which it was intended to buy home during the last few years, but which purchases were purposely delayed for obvious reasons. Furthermore the soldier element—men with saved funds and new ideas—and a new confidence among citizens as a whole have given home properties a boost on the market.

With regard to moving day preparations it is a singular fact that few landlords seem to be asking that moss-grown question "Have you any children?" It seems as if they have at last come to the conclusion that children are a necessary evil in these days of rehabilitation and reconstruction; that they must be housed and that after all wall paper and paint are easy to replace. One lady, a mother of a family of growing youngsters, says she has inspected more than two dozen houses and not one has the odious rule made. Hurrah for St. John, it is getting to be a real city in this regard.

Another little phase of house-hunting that careful observers are mentioning is the apparent lack of interest in the matter of gas and electric conveniences on the part of those seeking quarters. In this way many so-called old fashioned houses is coming into its own. Cost of both gas and electricity are given as the reason for this condition of mind—a willingness to feel the kitchen stove as of yore and save the rates on gas, while modern oil lamps, they figure, also show a saving.

NOT ELEVEN YET BUT ALREADY HIS RECORD BAD

Case of a North End Boy—How it is Reported he Spent Last Sunday

There is somewhere in the North End of the city a boy who although not yet eleven years old, has, if accounts are true, been successful in contributing a most undesirable chapter to the criminal history of St. John. Back in 1916, when not yet eight years old, he was arrested in a field with two little girls. He was put for a few weeks in the Children's Aid shelter but was taken out by relatives who undertook to take care of him.

Since then he has been before the police court several times. His latest appearance was in connection with a pair of boots which he was supposed to have stolen. There has been a well defined suspicion since that came into possession of the boots in the regular way, the unsuspecting storekeeper charging them to the boy's grandfather. At that time he was ordered to report in the police court every Saturday bringing a certificate from his teacher that he had been attending school. This he has been doing faithfully ever since, but between the times has been employing his spare time in his own way.

On last Sunday he went to a local livery stable and procured a team which he had charged to his brother-in-law and drove around Millidgeville, having a good time. In the evening he went to one of the best known churches, not with the purpose of attending the service, for while this was going on he slipped into the vestry and was busy in the pockets of garments hung up there when he was detected and thrown out.

The lad is still at large, though just how much longer the people will stand for it is a problem. The neighbors and others have on several occasions threatened violence. He has earned such a name for himself in one of the best known institutions that his room is more named than his company. Among other things which it is alleged he stole are a silver wrist watch and a sum of money.

MR. RACEY'S THANKS.
The mayor has received from A. C. Racey, famous cartoonist who recently delivered an illustrated lecture here, the following letter: "On returning to Montreal this morning I immediately wrote to express my warmest thanks for all your kindness and courtesy received at your hands during my visit to St. John. This visit I shall always remember as one of my most pleasant experiences and if I can ever be of the slightest use to you or to the citizens of St. John I shall consider it an honor if you will make use of my services at any time."

MACAULAY BROTHERS & CO

For the Victory Ball!

THE CORRECT WHITE FULL DRESS SHIRTS

for Men, from the Celebrated Makers, "Young and Rochester" London, England.

The finish Linen and Cotton in these Dress Shirts cannot be excelled, cut and shape perfect. The Range of Proven Satisfaction

The Glenwood E—The Range That Makes Cooking Easy

How satisfactory it is to have a range at work in the kitchen that you can trust. That you will be sure that it will measure up in the same way and same place every time—no hit or miss about it.

Thousands of women right here in the city of St. John are finding out. They have found the Glenwood E to be such a range. It is always found doing all that would be desired of a range. Even neat throughout the oven; economical to operate and free from fussy ornamentation that means nothing and requires a lot of persistent effort to keep polished.

The Glenwood E has just enough niceties about it to make it a quiet, simple and yet substantial piece of artistic kitchen furniture.

Your next range will be a Glenwood E—why not have us deliver it right away?

Hearing The World's Greatest Artists Without Leaving Your Home

The McLagan Phonograph in This Connection

A good Phonograph brings the greatest of world music right to your own door, no matter what your particular taste may be.

And this is by no means an expensive proposition either. After all, what is it you desire in a phonograph? True reproduction of the artist first, isn't it? Then comes artistic cabinet work.

The McLagan Phonograph, sold at this store, embodies all that is demanded of a good phonograph. The tone reproduction is excellent; there is an almost total absence of surface noise, and the cabinet work is unsurpassed on the continent.

We are showing a very wide assortment of machines just now in all the popular woods and designs, and shall be pleased to have you come in and let the McLagan tell its own story.

Come in today and hear your favorite piece.
