Effect of Attorney-General Palmer's Work is Seen

REPORT FROM WASHINGTON

Officials Well Pleased and Look For Bigger Results After Congress Deals With Food Laws—Meats Cheaper on the Chicago Market

Washington, Aug. 28.—Prices are beginning to turn downward in various parts of the country, but the pump has not yet gathered momentum sufficient to affect purchases being made for immediate use, according to reports to the department of justice.

Attorney-General Palmer, asked yesterday how soon results could be expected from the campaign to reduce the cost of living, the outcome of which railroad employees have been requested to abstain from pressuring demands for wage increases, said all the government wanted was a fair chance to show what could be done to take the artificial inflation out of the market.

Chicago, Aug. 28.—A drop of one dollar a hundred pounds on the average for hogs, with lower prices for beef cattle at the stock yards yesterday, are due to several reasons, including the general protest against the high cost of living. Market men said the tendency was for the fall marketing and they professed to see a break in high living costs.

Wholesale Vendorships Will Cease And Government Commission Will Supply Retail Vendors—Appointments to be Made Next Week

The announcement that the government probably will take over the wholesale vending of liquor on November 1 was authorized this morning by Premier Foster. In reply to an inquiry regarding the government's policy, he stated that the matter would be taken up at a meeting of the government held in Fredericton next week and it was probable that the commission authorized by the act would be appointed to administer the sale.

At the last session of the legislature the prohibitory act was amended to permit the government to take over the buying and selling of liquor and to appoint a commission to carry on the business. The legislation is merely permissive and no date for putting it into effect was fixed. It was understood, however, that six months at least would elapse before the change was made and when the wholesale license expired on May 1, they were renewed for six months only and at the end of this period the government commission will be ready to take their place.

Under the new legislation the commission will be the sole wholesale vendor for the province and the only authorized source through which licensed retail vendors may secure supplies of liquor. The change was made at the request of temperance organizations and upon representations made by them.

REACHING OUT FOR CARRYING TRADE ON THE BLUE DANUBE  
Vienna, Aug. 28.—(By the Associated Press.)—It is reported that British and French capitalists are negotiating for the purchase of Austrian, Hungarian and Serbian steamers to monopolize the carrying trade on the Danube river. Roumanian shipping companies are not disposed to sell their interests, desiring to enter into competition if they are able to secure foreign backing.

GETTING READY FOR PARLIAMENT ON NEXT MONDAY  
Ottawa, Aug. 28.—The sessional programme, it is understood, was again under review at a meeting of the cabinet council yesterday afternoon. The various departments of the government which are desirous of continuing in force legislation enacted under the War Measures Act have been engaged in drafting the necessary bills, and it is likely that a considerable number will be ready for introduction and consideration as soon as the address in reply to the speech from the throne has been adopted. The debate on the address is likely to last for several days after the house meets on next Monday.

One of Empire's Big Men, General Botha, Passes Away Suddenly

Notable Career Brought to Close by Attack of Influenza; A Leader in Boer War Against England, he Had Become One of the Sturdy Props of Empire

Pretoria, Union of South Africa, Aug. 28.—General Louis Botha, premier and minister of agriculture of the Union of South Africa, died suddenly early this morning following an attack of influenza.

Louis Botha was born at Greytown, Natal, in 1863, and was a member of the Volksraad of Transvaal, in which he represented the district of Vryheid. At the beginning of the Boer war in 1899, he was Veldt-Garnet for that district. Joining the Boer forces in Northern Natal, he soon rose to high commands.

He was in charge of the Boer forces at the battle of Colenso and Spion Kop, and following the death of General J. J. Joubert, he was made commander-in-chief of the Transvaal Boers. After the fall of Pretoria he re-organized the Boers, with a view to prolonged guerilla warfare, his forces offering steady resistance to the British up till late in 1901.

Following the peace negotiations between the Boers and the British, General Botha took a leading role in the period of reconstruction. After the grant of self-government to the Transvaal in 1907, General Botha was called upon to form a government. He resigned in 1912, owing to dissenion in the cabinet, but was immediately asked to form a new government.

At the outbreak of the great war in 1914, General Botha took command of the Union forces in South West Africa, achieving a complete success and compelling the German troops in that region to surrender. With General Jan Christian Smuts, General Botha signed the peace treaty with Germany on behalf of the Union of South Africa on June 28 last. He arrived at Capetown from Europe on July 28.

Copenhagen, Aug. 28.—Nikolai Lenin, Russian Bolshevik premier, has sent a delegation to Kishinev to negotiate peace between the Russian Soviet government and Roumanian, according to a report received here from Budapest today.

Change in Prominent City Law Firm Is Announced Today  
W. H. Harrison Joins Barnhill, Ewing and Sanford and Change in Firm Name Follows

It was announced this morning that W. H. Harrison of the firm of Powell & Harrison had entered into partnership with the firm of Barnhill, Ewing & Sanford, and that the name of the new firm would in future be Barnhill, Sanford & Harrison.

Mr. Harrison was lieutenant-colonel in command of the 2nd Divisional Ammunition Column. He took this unit overseas and remained in command of it all through the war, bringing it back to St. John some months ago. While in France Colonel Harrison made an outstanding name for himself and won the D. S. O.

Before enlisting Colonel Harrison was the junior member of the firm of Powell & Harrison. He is one of the foremost young lawyers of the city and also holds the position of court reporter for the Supreme Court of New Brunswick. He attended the St. John High School and later the University of New Brunswick.

After graduating from this institution with the degree of B. A., he took up the study of law at Harvard University and there obtained the degree LL.B. He returned to this city and practiced for some time by himself, later entering into partnership with H. A. Powell, Esq. C. The vacancy in the firm of Barnhill, Ewing & Sanford, caused by the recent death of the late Mr. Ewing, will be filled by Mr. Harrison, and his many friends in and about the city will wish him all success.

Another Statement on Sugar Matter  
Toronto, Aug. 28.—With reference to an Ottawa despatch of August 28, stating that the wholesale grocers, in their convention at Ottawa, had predicted that sugar would rise to twenty cents a pound before the present shortage would be relieved, Hugh Blain, president of the Wholesale Grocers' Association of Canada, said yesterday:

"There must be some mistake about this, as no discussion took place at the convention as to what the price of sugar was likely to be. It was, however, stated to the convention that speculators in the United States had bought fifty cars of granulated sugar held in Halifax and that a few cars were bought at this price. The convention generally felt that to buy sugar at such a price might have the effect of creating an advance on all sugar, which would be most unfortunate."

It was also felt that selling this sugar would have the appearance of profiteering, even if sold again at cost, because sugar is sold today in Montreal to the wholesale trade at \$10.40 and \$10.50, with the usual discount off, and is resold to the retail trade at these figures, with the freight added. The shortage in sugar has been caused entirely through the lack of shipping facilities owing to the marine strike which prevented refiners from getting raws and if shipping facilities can be restored to normal conditions without further delay, we should get supplies of refined to meet our requirements within the next thirty or sixty days.

"I would like to warn the public against buying sugar beyond their pressing requirements, because hoarding sugar is certainly going to increase the price to the consumer."

NO FIFTY-FIFTY TO IT

High Protectionist Wing Believed to Have Seen to That and it is Too Late Now for Cure of the Situation by Living up to Promise—The Outlook for an Election

(Special to Times.)  
Ottawa, Aug. 28.—As it is believed here that a successor to Hon. Mr. Carvell in the cabinet is about to be appointed, and as there is a growing conviction that a Conservative has been selected by Sir Robert Borden, though he pledges because of the stiff objections of the high protectionist wing of his party and it is pointed out that the time has gone by for the cure of the situation, inasmuch as shrewd observers on both sides are convinced that the country will demand with increasing force a dissolution of the ministry and an appeal to the electors in order that a fresh House of Commons may be elected and a new ministry formed in accordance with public sentiment expressed at the polls.

Liberals are saying that further Liberal additions to the industry of the day would mean nothing, because in matters as plan in regard to which the changes would not be long in expressing its marked hostility.

AMUNDSEN DRIFTS IN ICE PACK OVER "TOP OF THE EARTH"  
Norwegian Explorer Will Make Final Dash for Pole in Airplane and Fly Back—Is North of Siberia

Seattle, Aug. 28.—Bound for the North Pole, Roald Amundsen, Norwegian discoverer of the South Pole, is at present drifting in his ice locked schooner, the Maud, somewhere north of western Siberia, according to beliefs held by the Seattle Norwegian vice-consulate and Viljalmar Stefansson, Canadian Arctic explorer.

At the time the Maud was reported to be expected, after reaching the pole, to return either to Grant Land, west of Greenland, or Melville Island, which lies to the Arctic Ocean north of Canada. Should he reach Melville Island he probably would journey by sea to Nome, Alaska, or overland to Dawson, Yukon Territory.

Two airplanes, it is believed, formed part of the Maud's equipment when she left the Arctic Ocean north of Canada. The White Sea bound for the icy north. The final dash to the pole may be made in one of the planes. Amundsen, it is believed, may also fly back to civilization in one of the machines.

Nothing has been heard from Amundsen since Sept. 1, 1914, nearly one year ago. At that time the Maud was reported taking off for her motors at Dixon Island, a White Sea point. After taking the oil she sailed northeast into the rapidly freezing waters of the Arctic Ocean.

From White Sea Amundsen expected to drift to Siberia, which lie in the Arctic of Siberia. At the New Siberian Islands, it was believed, the drift would carry the boat toward the pole. Amundsen intended to use the airplane if he found the drift would carry him across the "top of the earth."

Amundsen, in a degree, followed the footsteps of his countrymen, Fridtjof Nansen, in 1896-98. Nansen in the Fram started on a drift across the pole, but left his boat and tried unsuccessfully to reach the goal on foot. Later the Fram drifted across to the pole as Nansen got.

The Maud carries wireless sending apparatus, but no receiving instruments. Amundsen said he would not install the receiving apparatus because he did not want to be worried by news from the outside world.

The Norwegian government this summer arranged to establish several food depots on Grant Land from Cape Columbia to Robinson Crusoe, for the use of Amundsen in case he comes out by his eastern route.

If he comes toward the west and strikes Melville Island, he will pass near Melville Island when he discovered the Northwest Passage in 1908-06.

Amundsen expects to obtain scientific data at the pole. He will take soundings, observe the ocean drifts, study the ice conditions and bring back full reports.

EX-KAISER WANTS A FEW THINGS TO MAKE NEW HOUSE PRESENTABLE

Matter of Marks Also on His Mind and He Sends Secretary To Berlin to Fix up Money Matters

Amerongen, Aug. 28.—(By the Associated Press.)—Former Emperor William of Germany has sent one of his secretaries, Major Kraus, to Berlin, to arrange his finances and probably also to confer with the German government regarding the bringing of furniture from his German castle for use in his newly purchased home, the House of Doon.

Although there have been few calls recently at the Bentinck Castle to see the former German emperor, there has been a constant stream of German officers and other persons to Wiesbaden, where Frederick-William, now-German crown prince, is residing. It is reported that Kaiser-William and his father are keeping in touch with events through almost daily telephone conversation.

There is of course, an odor perceptible, as you are aware, there is a strong odor from mud flats, at low tide when sewerage is not present, that there are dumps on the banks upon which decaying matter is thrown and that there is a hide and wool company in the immediate neighborhood which probably is responsible for part of the effluvia.

Great Gain Over Week Last Year in Bank Clearings

The bank clearings in St. John this week make a fine showing. They have passed the three million dollar mark, and total \$3,049,115. In the corresponding week last year they were but \$1,851,007 and in the previous year \$2,325,97.

Halfax, N. S., Aug. 28.—Bank clearings here for the week ending today were \$4,551,642; last year, \$3,735,108.

RESTRRAINING ORDER IN ACTORS' STRIKE

New York, Aug. 28.—Supreme Court Justice Hendrick last night signed the first restraining order in a series of injunctions brought by members of the Producing Managers' Protective Association against the Actors' Equity Association to prevent the latter organization as a body and its members individually from interfering in any way with the opening of the twenty-five theatres closed by the actors' strike.

Following the signing of the restraining order, Grant Stewart, president of the Actors' Equity Association, issued a statement asserting that Justice Hendrick's order was not based on the merits of the controversy, but merely upon affidavits signed by the producing managers.

Marselles, Aug. 28.—The mission sent to Syria by the Chambers of Commerce of Marselles and Lyons has returned after having visited Cilicia, Syria and Palestine.

Information gathered by the commission tends to show that from the economic viewpoint, Syria, without a hinterland and with an indefensible littoral, is bound to be reduced to a state of complete impotency.

Balkans Ablaze; Revolution In Montenegro

Fighting All Over the Country and Situation Serious; Serbs Try to Suppress Uprising But do Not Meet With Success

London, Aug. 28.—Fighting has broken out everywhere in Montenegro and the whole country is in a state of revolution, according to news received here. The situation is extremely serious and the Serbians are using strong measures in an attempt to suppress the uprising. "We seem to be in for a recrudescence of the Balkan trouble," was a statement made to the Associated Press today from an authoritative source.

The Montenegrians have cut the railway between Virpazar and Antivair on the coast. The Serbians are receiving reinforcements, but are not meeting with success in their efforts to put down the revolutionary movement, according to the advice, which represent the Montenegrin national spirit as thoroughly aroused and the animosity of the people against the Serbians increasing.

CITY ENGINEER REPORTS ON THE CREEK TROUBLE

Cannot See That Sewage is Prime Cause of Conditions and Suggests Careful Board of Health Survey

In the opinion of G. G. Hare, city engineer, as expressed in a report submitted today to the commissioner of water and sewerage, the conditions at Marsh bridge, which have been the subject of complaint are a matter for the Board of Health rather than for the civic department. His report is as follows:

I visited the Marsh bridge in company with Superintendent Sewell at low tide on August 26, to examine—and report on the conditions complained of recently. "We are directly interested only in so far as any nuisance may be caused by its discharge from the public sewers which empty into the Marsh creek, and I fail to see that this sewage is the prime cause of any unsanitary conditions which may prevail in the immediate vicinity of the sewer outfalls.

There is of course, an odor perceptible, as you are aware, there is a strong odor from mud flats, at low tide when sewerage is not present, that there are dumps on the banks upon which decaying matter is thrown and that there is a hide and wool company in the immediate neighborhood which probably is responsible for part of the effluvia.

At present the tide flushes the area freely, water passes slowly forward through the gates of the abutment causing no heavy current to carry floating matter up-stream, and with the turn of the tide everything is carried out.

It would not, in my judgment, help matters to deepen the creek bed inside the bridge, unless it was feasible to clear the openings in the abutment at the same time. The result would be, I think, to create a temporary pool which, after a time, would sink up again, leaving matters as before.

It is not practicable to discharge these sewers below the bridge. Part of the area drained by them is so low that at high tide there would probably be an inflow from the catch basins. Indeed one of the reasons for the abatement is to produce an area to take care of the flow from the sewers at high tide and to keep the tide at high water from backing up the sewers.

In conclusion I may suggest that the Board of Health might make a careful, not hasty, survey of the whole locality. Anything that the department of water and sewerage can do to assist in reducing the nuisance to a minimum, I am sure you would be willing to do.

BRITAIN CAN KEEP TROOPS IN ARMENIA ONLY IF THE UNITED STATES WILL TAKE UP TASK

Paris, Aug. 27.—(By the Associated Press.)—British troops being located in the Caucasus region on August 16, and were the outcome of districts where they have been protecting Armenians before September 15, said Davis Arnold of Providence, R. I., managing director of the American Committee for Relief in the Near East, on his return to Paris from London. In the British capital he interviewed Viscount Peel, under-secretary of war, who told him it was impossible for the British to retain troops in Armenia unless the United States should give assurance they would send troops to relieve them within two or three months.

Mr. Arnold, who left Constantinople three weeks ago, says it is imperative that Turkey, both European and Asiatic, should be policed by foreign troops before any actual partition of the country takes place. He says if this is not done there will be wholesale massacres.

"For human reasons, Mr. Arnold said, "the United States should accept the mandate for all Turkey. I believe 100,000 Americans could police both European and Asiatic Turkey and keep the country in order for two years, or until local conditions are stabilized. From 500,000 to 500,000 Armenians now in Russian Armenia will undoubtedly starve or be killed if the British leave without other foreigners entering to act as a police force, as Armenia is being oppressed equally by the Georgians, Turks, Tartars and Kurds.

"These people hem in the Armenians on all sides, persecute them and will not permit food to reach them. The 400,000 children now being fed by Americans must inevitably starve if no foreign police force is provided. Even with British protection, the relief workers lost thirty per cent of their foodstuffs in transportation. There are probably another half million Armenian fugitives in Southern Russia who want to return home but cannot do so."

More than thirty persons in Chicago lunch room were poisoned last night after drinking coffee. The health department is investigating.

MASSACHUSETTS UNDER PROHIBITION; ARRESTS ARE FEWER

Boston, Aug. 28.—Official figures on arrests for drunkenness in six of the larger cities of the state, for the first month of prohibition, Edward C. Buckley, state director of prisons, said yesterday, indicated that these arrests in the future would be so low as to constitute a negligible quantity in sending persons to jail and correctional institutions.

The six cities, which included Worcester and Holyoke, Mr. Buckley said, had a total of arrests of \$29 for July as compared with 975 for June. He said the reports for August would show a further decrease.

PRINCE CALLS TO HIM THOSE WHO DID THE "DIRTY WORK IN WAR"

Toronto, Aug. 28.—The Globe this morning publishes the following: "I want to meet the people who did the dirty work in the war," said the Prince of Wales yesterday. Officialdom perhaps would like to have kept the prince in some secluded spot, "far from the madding crowd" and the rude gaze of the proletariat. But that was not Edward's idea of duty and service, and, as he is a very determined young man, he had his way.

"I want to shake hands with the people in rags and tatters and the brave men and women whose self-sacrifice saved the British Empire. Let them crowd in! Tell the police to keep them back. I want to shake hands with them all."

That was the expressed desire of Britain's future ruler, and so he spent most of his last day in Toronto with the plain folk—"the folk who did the dirty work in the war."

PRINCE IN CAPITAL

Ottawa, Aug. 28.—The Prince of Wales was warmly received by the citizens of Ottawa on his arrival at eleven o'clock this morning. A vast throng of persons gathered on Parliament Hill for the occasion, and the route from the Central Station was lined by thousands. Government Address.

The address on behalf of the government to the Prince of Wales was signed by Premier Sir Robert Borden and Hon. Martin Burrell, secretary of state. It reads as follows:—"May it please Your Royal Highness: On behalf of the government and people of Canada we tender to Your Royal Highness our loyal and cordial welcome. Our people have happy memories of his visits to our beloved sovereign and of his illustrious father, the late King Edward. We confidently anticipate that the results of your visit will strengthen the ties of affection and devotion which bind our people to the crown and person of His Gracious Majesty."

The association of Your Royal Highness with our forces in the great conflict from which the British Empire and her Allies have victoriously emerged is no matter of deepest satisfaction to our people. This comradeship in arms in a world wide struggle for the preservation of justice and liberty has established a secular bond of affection and sympathy between Your Royal Highness and this Dominion which will never be severed. The notable development in the status of the great Dominion has tended to strengthen the influence of the crown in binding together the people of the Empire through the tie of a common allegiance in which the united public purpose and endeavor of all the British peoples find effective expression.

We rejoice that you have taken this early opportunity after the cessation of hostilities to visit this portion of our Empire and we hope that the opportunity thus afforded to Your Royal Highness of intimate acquaintance with our people and with the resources and conditions of our country, will prove not only of interest but of real and permanent value to you in the performance of the exalted duties, which, under Divine Providence, you may be called upon to discharge."

AT OTTAWA—AND ELSEWHERE.

The long promised fifty-fifty arrangement as between Liberals and Conservatives in the Dominion cabinet has never been worked out. There was to be an equal division. That pledge was never kept, and it is too late now to be a matter of much importance as to whether the pledge is redeemed or not.

General Louis Botha. Today the British Empire mourns the death of one born of an alien race and whose first claim to fame was his success in leading an army against British forces.

General Botha first came into world prominence at the time of the Boer war when the Dutch states of South Africa undertook to battle against the whole weight of the British Empire and—largely because of the leadership of men like Botha—succeeded in maintaining hostilities for a surprising length of time.

General Botha had been active in politics in the Transvaal, and when his people took the field the ability he showed in military affairs soon led to his promotion to high commands. His skill and daring made him an outstanding figure among the Boer leaders, and on the death of General Joubert he became commander-in-chief of the Transvaal Boers.

When the last resistance was swept away and a new order became inevitable, General Botha threw himself into the work of reconstruction with the same energy and success which had marked his war efforts. Only a few years later, when self-government was granted to the Transvaal, he was called upon to form a government, and the man who six years before had been leading his forces against the British became the head of the government of a British colony.

Cynics might doubt the wisdom of such an arrangement, and undoubtedly the Germans counted it to their advantage in estimating the strength of the Empire and its weakness before the great war; but events proved not only the greatness of the man but the soundness of the system which makes of enemies the most loyal citizens.

The part General Botha played in the recent war and his success against the German troops in Africa are too fresh in the mind to require repetition, and by his services he earned a debt of gratitude which the Empire long will remember, although it cannot repay.

General Botha had shown the qualities of his statesmanship, and when the war was over he was called upon to play a leading part in the councils of the Empire while the negotiation of the peace treaty was in progress.

On June 28 he signed the peace treaty on behalf of the Union of South Africa. With this event crowning his career, he turned his face homeward and less than a month ago arrived in the country which had given him birth, for which he had fought and for which he had labored so long and so successfully.

While others will step forward to take up the burden he has laid down, it will be a matter for regret that Botha will not have the privilege of watching and aiding in the future development of his country under the peaceful conditions which he had helped to bring about.

Mr. Justice White and his associates, constituting the appeal tribunal in the matter of the price of newspapers, have ordered a slight reduction in the price fixed by Commissioner Pringle and applying between July 1 and November 30, 1918.

The price from that time forward, it must be supposed, is still subject to review and readjustment. As a matter of fact, the newspapers of Canada, as a simple matter of justice to the public and to themselves, should demand a review by impartial authorities like Mr. Justice White and others on the bench, of the whole course of Commissioner Pringle from the time of his appointment down to the date on which the appeal tribunal was appointed.

It should be kept in mind that the reduction of \$3 a ton for five months of 1918, while important in principle, is, in actual money, a very slight amount as compared with the total excess collected from the newspapers of Canada during the whole period in which the price was forced up from \$1.92 per hundred pounds to \$3.46. It must not be supposed for a moment that the newspapers can afford, even in their private interests or as a matter of public policy, to permit the newspaper situation to remain as it is at present, even in the light of the vigorous and commendable action taken with respect to the five months period by Mr. Justice White and his associates.

The Balkans again resound to the clash of arms. Montenegro once more is the scene of conflict, and despatches say the whole country is in turmoil and the situation serious.

Thus, to those who give earnest thought to the situation at Ottawa, a simple list of the cabinet members today, together with their political affiliation, will indicate somewhat forcibly the practical, not to say insuperable, difficulties confronting those who have in mind the perpetuation of Union on the plea that the problems of reconstruction demand for a year or two yet the suppression of party policies. It follows from a mere recital of the facts that Canadians must before long have an opportunity to elect a new House of Commons which shall be fresh from the people and fully representative of their views upon vital questions, in order that representative government may be restored in this country.

Jones, while intoxicated, went home and shot at his mother-in-law five times. When seen he was asked, "Do you call liquor your friend, when it makes you shoot at your mother-in-law?" He replied: "Liquor is no friend of mine. It made me miss her."

"What can you tell me about Esau?" asked the Sunday school teacher of her most promising pupil in the beginner's class. "Esau," replied the young hopeful, with the glib alacrity of one who feels himself for once on safe ground. "Esau became the father that wrote a book of fables and sold the copyright for a bottle of potato."

Mrs. Swanker was bursting with pride. "How d'ye like my new carpet, Mrs. Trailer?" Mrs. Trailer was bursting with envy. "It's—very nice indeed, Mrs. Swanker, for—Brussels. By the way, I nearly forgot what I came for, I wish you would lend me your lawn mower for a few minutes."

"Lawn mower?" exclaimed Mrs. Swanker. "Why, certainly! But what on earth can you want with a lawn mower this weather?" "I wish to weed the garden," replied Mrs. Trailer, "I think down our Turkey carpet in the nursery a little; the children are always losing their marbles in it."

FAIRVILLE, LANCASTER, CARLETON AND THE CITY.

To the Editor of The Times: Sir,—I beg permission to draw the attention of the residents of the parish of Lancaster to certain remarks of Commissioner Bullock in Tuesday's issue of the Standard.

The long forecasted happened the city is prepared to swallow up or foreclose in Lancaster. But he (Commissioner Bullock) bears his antagonism to the city with opposition; and, no doubt, strong opposition it will be. In his proposition he fails to point out where Fairville and Lancaster are a whole while benefit.

Perhaps he could use West St. John, formerly Carleton, as an example showing how, after the city took over Carleton and its assets, it fell to Carleton generally, and the city specifically, in its promise. The gold-brick handed out was to be a free highway between the east and west sides.

Today the resident, merchant and, last but not by any means the least, the laborer, faces an excessive ferry tax and the new West St. John (barring winter port) became automatically a dead town without even a representative at city hall.

As to Lancaster, our chief and only drawbacks seem to be the ever too willingness of the city fathers to become guarantors of the city's financial condition of continual protests of property holders and merchants, thereby piling up the unbearable indebtedness and the selfish control of practically all our choice building lots, the city controlling, generally speaking, the land from the falls to South Bay, makes the development of Fairville almost an impossibility.

Perhaps ere long one of the councillors may step forward and dispute the city's legal or moral rights to these holdings and methods of administering them. That citizens are fast awakening to this injustice is obvious, and a counter demand of taxation to the hilt at the city's own appraising would be in order. Imagine asking a resident, a laborer, \$500 for a lot at least a mile from town, and then making restrictions impossible for any ordinary workman.

That Lancaster has ever had to keep its eye on city hall is shown in past experience. The "Lancaster politics" mentioned by the commissioner originates from the city, and future feelers will no doubt be thoroughly aired. As a counter proposition, I would suggest that West St. John break from the city, join Fairville, etc., and go forward to prosperity.

Thanking you, Sir, I remain, in the community interest, a citizen only. GLENDON H. ALLAN. Fairville, N. B., Aug. 26, 1918.

RUSSIAN FINANCING.

Stockholm, Aug. 27.—A despatch from Helsingfors says the northwestern Russian government is printing fifty million rubles in new bank notes for the replacement of its interim notes. The notes will bear the signature of General Juchenich, head of the new government in Helsingfors, and the circulation throughout Russian territory will be compulsory.

Three months after Petrograd is taken from the Bolsheviks the notes are to be redeemed against state bonds. The new issue is to be guaranteed by Russia's entire assets. Forty rubles are to be considered equal in value to a pound sterling.

C., the other minority member, in advocating abolition of the death penalty for women convicted of infringing military law. UNIONIST CANDIDATE IN NORTH ONTARIO. Sunderland, Ont., Aug. 28.—W. J. ### NOT INCLINED TO OPPOSE FARMERS IN BYE-ELECTIONS

Apparent Policy of Liberal Party, Says Ottawa

Letter from Hon. Mr. King on the Matter and Opinion Expressed That, Where Farmers Have Candidate Nominated, Liberals Will Not Put up Man

(Special to Times.)

Ottawa, Ont., Aug. 28.—It would appear to be the policy of the opposition in the pending federal bye elections to place candidates in seats where representatives of the United Farmers or Grain Growers are nominated. This is fairly clearly indicated by the attitude taken by the Liberal convention held at Alexandria in the County of Glengarry, on Tuesday evening. At that convention a resolution was placed before the meeting tendering the Liberal nomination to Hon. W. L. Mackenzie King, but before the resolution was put to a vote the secretary, S. H. Cline, read a letter received from Mr. King on August 12 last. In this letter Mr. King referred to a meeting of the Liberal executive held that day and at which the unanimous opinion had been expressed that should be tendered the nomination as representative of the county.

In his letter Mr. King thanked the executive but declared that his choice must be with the convention which would later be held. He further said, however, "I notice in the press reference to a farmers' convention to be held in Alexandria on Wednesday, the 10th inst., for the purpose of selecting candidates for the federal parliament and the provincial bye-election. I do not know whether this convention is called with reference in any way to the existing race in Glengarry or whether it is primarily for the purpose of selecting candidates for the general elections. The policy of the Liberal Party is laid down at the national convention just concluded is so akin in essentials to the policy of the United Farmers, as set forth in their platform, that contests at this time between a Liberal candidate and a farmer's candidate could not, in my humble judgment, prove other than detrimental to the interests of both.

"It is only effect, so far as I am able to see, would be to create such a division in the forces which are naturally opposed to the reactionary policy of the government in power as to afford the government just the opportunity it would like to have at the present moment. As leader of the Liberal party I should feel that I was placing both myself and the party in a false position were I to consider accepting any nomination which would have the effect at this time of placing me in an attitude of apparent antagonism to the farmers of our province. Such a position would be unjust to my own feelings, as it would be unfair to the aim and purpose of the Liberal party as expressed in the platform adopted at the recent convention. I hope, therefore, that in any mention which may be made of my name at the convention of Liberals on August 25, account will be taken of this all important consideration.

As a consequence of this letter the convention moved a vote of confidence in Mr. King and adjourned without nominating anyone. It is generally believed that Mr. King will be followed in the bye-elections in connection with all seats where bona fide United Farmers' candidates stand for election during the coming contest.

**REQUIREMENTS:**  
Courtesy, Intelligence, Grade 8 Education

TELEPHONE OPERATING requires special knowledge and training, which is given in the School for Operators. Not only is this instruction given without charge, but the company pays you a salary while you are learning. In many lines of work a girl has to give her time for several weeks, or even months, learning a trade, and often in addition has to pay for the instruction. When the trade is learned and she is fitted for a position, she frequently has to wait more weeks or months before she can secure one.

Upon successful completion of the Telephone School Course, you are assured a position at once. Rapid promotion to responsible positions is possible for girls with ambition and intelligence, who are alive to requirements of a present day business woman at salaries in excess of most other lines of business.

CUTS PRICE OF NEWSPRINT AND GIVES REFUND

Paper Mills of Canada Must Pay Back \$150,000 to Newspapers

TONNAGE PRICE DOWN \$3

Judgment Applies to Period Between July 1 and November 30, 1918; Later Time up to End of War Suit to be Dealt With Judge White Chairman

Ottawa, Aug. 28.—A judgment which means that the paper mills of Canada must refund about \$150,000 to the newspapers of the Dominion on bills for newsprint sold between July 1 and Nov. 30, 1918, has been rendered by the paper control tribunal.

This is the final pronouncement on the long-drawn out newsprint inquiry, so far as the period in question is concerned, but later periods up to the end of the war have yet to be dealt with.

The judgment reduces the price of newsprint in rolls from \$69 a ton to \$66. The price of \$69 was that fixed by it. A. Pringle, paper controller, and both the manufacturers and publishers appealed to the paper control tribunal against it, the manufacturers attempting to have that body impose a price of \$80 a ton upon the newspapers.

The chairman of the tribunal, Justice White of Sussex, N. B., and his colleagues, Judge Middleton of Toronto, concurred in the judgment. Justice Archer of Montreal concurs in so far as July, August and September are concerned, but does not think that the reduction should apply to the other two months.

Statement by Pringle. Ottawa, Aug. 28.—Commenting on the judgment of the paper control tribunal last night Mr. Pringle, paper controller, said that while the judgment gave a reduction of \$300 a ton for a period of five months it would mean going into the whole thing again at some future date as the judges had not dealt with the period prior to the fixing of the price at \$69.00 a ton.

The judges did not take into consideration the period of eleven months when the price was fixed at \$60 per ton, and the five months at \$57 per ton," said Mr. Pringle. "They felt that if they went back to that price period it would disturb everything that had been done."

Mr. Pringle said the hearing would have to be resumed to settle the question of this prior period, but he could not give any estimate of the likely date of reopening.

Seaside Park formed a strong attraction yesterday for great crowds in attendance at the annual Sunday school picnic of St. Peter's and Holy Trinity parishes in aid of the Catholic orphanage. Street cars to the grounds were crowded throughout the day and evening, and the various attractions were liberally patronized with the result that the outing is expected to rank among the many successes scored in years past by this annual event. Music by the Juvenile Cornet and City Cornet bands was greatly enjoyed.

Two On Murder Charge. Sydney, N. S., Aug. 27.—No date has yet been set for the preliminary investigation in the cases of James Furey and John North, arrested yesterday at Glace Bay, charged with the murder of Alexander Campbell at the Bay, on the night of April 23. It will, however, probably be held within the next few days. The investigation is in the hands of the crown prosecutor, W. P. Carroll of Sydney.

PAYING LOVING TRIBUTE TO DEAD

This is Decoration Day of Knights of Pythias—The Ceremony and the Names of Those Kept in Memory

The memory of their brother knights who have passed away is today being honored by the Knights of Pythias in St. John, who will place wreaths and flowers upon their graves in the various cemeteries according to their annual observance of Decoration Day. In the rooms of the McLaughlin Motor Car Company, Union street, last evening and this morning committees of the knights were busy arranging the flowers which have been received in large quantities and which will be taken to the cemeteries today; should the weather hold.

FORMERLY OF YARMOUTH. Stratham, N. H., Aug. 25.—Capt. Bowman C. Trefry, aged fifty-nine, of 63 Adams street, Somerville, Mass., died here this morning of heart failure. He was a summer visitor, having no connection with this section. He was a retired sea captain, as was his father before him, and was born on shipboard in New York harbor. His former home was in Yarmouth, N. S. His wife died recently and nephews and nieces are his nearest relatives.

\$50,000,000 FOR HOUSES IN IRELAND. London, Aug. 28.—The London Times says a letter is reported to have been sent from London by Aid. J. Kelly of the Dublin Corporation to Aid. Thomas Kelley, chairman of the Corporation Housing Committee, stating that arrangements have been completed with a large trust company composed of Americans and Scotsmen for the advance of £150,000,000 for housing purposes in Ireland.

It stated that the money will be lent out through county, urban and district councils, and will be repayable, with interest at 5 per cent. per annum, within 50 years.

The letter adds in a postscript that Aid. Kelly also has obtained the sum of \$100,000 for the development of Irish shipping.

In Aid of Orphans. An old-fashioned box social was held in the R. K. Y. C. clubhouse at Millidgeville last evening in aid of the Protestant Orphans' Home. Messrs. Israel and Thorne furnished music for ten dances. The baskets were auctioned by T. T. Lantulum and J. Fraser Gregory. The sale of boxes realized about \$125, and a fish pond, soft drinks and candy booths added \$50 more to the receipts. The affair was organized by Mrs. Chas. Green and Mrs. George Martin of the Lend-a-Hand Circle of the King's Daughters.

Begin Placing Bets. A New York betting commissioner has set off \$20,000 to \$1,000 that the Giants will not win the pennant. A Brooklyn rooster is willing to bet \$700 at even money that the Brooklyn finish in the first division, and another has \$500 to bet against \$900 that they finish third.

There is a commission of \$500 to be wagered against \$900 that Detroit wins the American League pennant.

Club Loses on Boat. Newark, Aug. 27.—Although the First Regiment Armory of Newark looked to be filled almost to capacity last Friday night, the gross receipts announced were only \$14,785. Of this sum \$1,475 went to the state as a 10 per cent. tax. O'Dowd was guaranteed \$5,000, while Britton drew down a third of the net receipts, which was \$4,440. After paying \$8,000 for use of the armory, and with printing, help and other expenses, the club probably lost on the show.

O'Dowd to Meet Lewis. Joe Dunfee, fight promoter of Syracuse, N. Y., has surely landed a great bout for his boxing show at the big arena in that city on Labor Day night. He has signed up Ted "Kid" Lewis, the former welterweight champion, to meet Mike O'Dowd, the legitimate middleweight champion. They will clash for ten rounds. O'Dowd made good at Syracuse by knocking out Young Fisher, the Syracuse fighter, in a few rounds at the same club.

Another Harbor Tie-up. Copenhagen, Aug. 28.—All harbor work in Copenhagen was brought to a standstill yesterday as a result of a strike called by the harbor workers.

RED ROSE TEA is good tea. ONLY an artist can blend colors to match the beautiful Red Rose. Blending teas is even more difficult. It requires expert knowledge and a highly cultivated sense of taste to select teas from many different gardens and produce a uniform blend day after day. Only the largest companies can afford to employ men who are expert tea tasters and blenders. Red Rose Tea is an example of the fine art of tea blending, more than a dozen varieties of choice teas being used—principally rich, strong, full-flavored ASSAMS. Its delightful and distinctive flavor is exclusive to Red Rose. And its rich strength means economy in your tea pot. Try a sealed package of this expert blend. Red Rose Coffee is as generously good as Red Rose Tea.

### DID A WORLD OF GOOD, SHE SAYS

Miss Kathleen Murphy Walked Across the Room—Tanlac Restores Her.

"Of all the medicine and treatments I have taken since my health failed about two years ago, Tanlac is the only thing that has done me any good at all," said Miss Kathleen Murphy who lives at 845 Barrington street, Halifax, a few days ago.  
"When I commenced taking 'Tanlac,' continued Miss Murphy, "I hardly had strength enough to walk across the room. I suffered a complete nervous breakdown about two years ago and I have certainly undergone a great deal of misery since that time. I lost my appetite completely and didn't relish what little I forced myself to eat. Many nights I would be so tired and exhausted that I would hardly be able to get out of bed. I fell off in weight until I was just a shadow. I had to give up doing any work at all about a year and a half ago, and I got so blue and despondent over my condition that I was under treatment all the time but my condition just got worse from day to day."  
"Not very long ago, my mother, who was in a badly run-down condition, began taking 'Tanlac,' and as she improved so much from it, I decided to give it a trial myself. I have only taken two bottles so far—am on my third now—and it certainly has done me a world of good. In fact that nervousness has left me entirely and I never enjoyed better health in my life than I do now. My appetite is fine, and I sleep like a baby every night. I am so well and strong now that I am back at my work again, and haven't lost a day since I went back. I think 'Tanlac' is the best medicine in the world, and I just can't say enough for it."  
Tanlac is sold in St. John by Ross Drug Company and F. Munro, under the personal direction of a special Tanlac representative.—(Advt.)

W. Berry, J. Russell, Jr. and Captain Warren. Others who expected to go over were unable to attend, but it is expected that the above team will make a good showing in the prize list.

#### THE RING.

Leonard in Training.  
New York, Aug. 25.—Benny Leonard, lightweight champion of the world, left today for Hunter, N. Y., where he intends to finish training for his bout with Soldier Bartfield. They are scheduled to box six rounds in the open at Philadelphia on Sept. 3. In this bout Leonard will go out of his class once more. He boxed Ted Lewis, one of the country's leading welterweights, in New Jersey not so long ago, and Bartfield he will meet another contender for the crown held by Jack Britton.  
"Bartfield is far from being an easy mark," said Leonard, "and I want to be in the best possible condition for him. I have been training hard here in the city, but I want to get in the open to put on the finishing touches. There is nothing like open-air training to fit a man for a hard bout."

Beckett and Dempsey.  
New York, Aug. 26.—Angie Ratner, well-known pugilist, who went over with her first fight and defeated the English champion, Roy McCormick, and had the honor of having King George pin the winner's medal on him.  
Comparing Joe Beckett with Jack Dempsey, Ratner said Beckett would stand no chance whatever against the American. McCormick can whip the Englishman. It is said the two will meet soon. Ratner said England had no heavyweight fighters like Jimmy White was the best boxer there at the present time.

FOOTBALL.  
Arranging for League.  
A meeting of those interested in the formation of a football league was held in Thorne Lodge hall last evening. It was decided to use the East End League diamond and to endeavor to form a soccer league. Teams from the Great War Veterans, Fairville and Carleton will be arranged with teams arriving here on steamers during the fall. A meeting to further arrangements will be held on the East End League grounds on Friday evening.

THE TURF.  
Heavy Heat at Readville.  
Only one heat in three events were run off at the grand circuit meet in Readville yesterday. The track became so heavy that the races had to be postponed and will be run off today.

#### Cured His Rupture

Houlton, Aug. 27.—(Special)—About 1,500 people attended the Houlton Fair today. The races were excellent and every driver appeared to be out to win. The 235 class went six heats, with Trusses did me no good. Finally I got hold of something that quickly and completely cured my rupture. I have passed the rupture has never returned, although I am doing hard work as a carpenter. There was no operation, no loss of time, no trouble. I have nothing to sell, but will give full information about how you may find a complete cure without operation, if you write to me, Eugene M. Puller, Carpenter, 837 Marcellus Avenue, Manassas, N.J. Better cut out this notice and show it to any others who are ruptured—you may save a life or at least stop the misery of rupture and the worry and danger of an operation.

#### HOW TO STOP BEING NERVOUS

Nothing Like Plain Bitro-Phosphate to Strengthen Weak Nerves and Increase Strength and Vigor.

According to a noted French Scientist, the most effective remedy for nervousness, insomnia and ailments due to depleted nerve forces is a form of organic phosphate known among druggists in this country as Bitro-Phosphate.

It is described as a substance which is similar in composition to the phosphorus naturally found in brain and nerve cells, and being easily and quickly assimilated, the work of creating nerve force, strength and vigor begins immediately. It is taken into the human system.

There are many reports of astonishing results from its use, some showing remarkable improvement even in stubborn cases of long standing nerve weakness. As there are many kinds of phosphates one should be careful to procure the genuine Bitro-Phosphate. It is sold by Ross Drug Co., in St. John and all good druggists.

**THIS MORNING'S CASES IN THE POLICE COURT**

William E. Miller charged with assault on John Bartley, was before Magistrate Ritchie this morning in the police court. The plaintiff in his evidence said that the defendant lived across the hall from him in the same house and that on Wednesday morning, August 27, he had gone down stairs on his way to work when the defendant called out to him asking him to come back. He replied that he had not time. The defendant, he said, then came down behind him, hit him on the back of the head, then on the neck, knocking him down. When he, Bartley, eventually reached the street, the defendant, he said, stood on the stairs calling names at him.

The defendant called the plaintiff a liar and said that he had witnesses to prove it. The magistrate ordered that the defendant be sent below.

Arthur Bremner, who was arrested at 2:45 this morning by Detective Saunders at North Market street, charged with not being able to give a satisfactory account of himself, and also for having a bottle of liquor in his possession, caused considerable amusement in the court by his witty answers.

Detective Saunders gave evidence that he was in the lunch cart in North Market street, at 2:30 when the defendant entered, disturbing the people in there. The detective said he took him outside and the defendant told him that he had no home. Detective Saunders put him under arrest and took him to the police station where he found the bottle of liquor on the defendant. He said he had it merely for medicinal purposes.

Bremner when asked by the magistrate where he obtained the liquor said that he got it at the foot of Mill street, but he could not remember who gave it to him.

The magistrate told him to go below but added that if he proved \$200 amount of the fine, he would allow him to go.

"I ain't got fifty-eight cents, Your Honor, let alone \$200," said the defendant.

"Give me a check then," said the magistrate.

"Then I would get fifty-eight cents," replied Bremner. He was remanded until tomorrow.

The case against Phillip Bushfan, charged with being intoxicated in the old burying ground, came up again this morning. John Gay gave evidence that there was no liquor in the crowd so far as he knew. Bushfan, when cross examined by Detective Merrifield admitted that he had two drinks of lemon in his own cellar. The case was allowed to stand for the present.

**HAPPY TIME AT THEIR WEDDING ANNIVERSARY**

A very pleasant evening was spent at Camp Swastika, the summer home of Mr. and Mrs. Frank Hamm, Sandy point beach, on the Kennebecasis, on Tuesday, the 26th inst., when a large number of their friends from the city and elsewhere assembled to pay their respects in honor of the fifth anniversary of their marriage. A good number of dances were greatly enjoyed on the beautifully decorated pavilion of the Sand Point Beach Outing Club, which was resplendent with flags, bunting and Chinese lanterns.

While the dancing was in progress a large bonfire was started on the beach directly in front of the pavilion, which illuminated it and delighted everybody. Refreshments were served in the characteristic Sandy Point Beach style which, needless to say, is both sumptuous and delightful.

The party broke up in the early hours and the whole-hearted exclamations of everyone present testified to the popularity of the host and hostess and also was expressive of the pleasant evening spent.

**GETTING READY FOR COMING OF WINTER SEASON**

Tenders to be Called For Painting West End Warehouses and Repairs to Union Street Trestle—Still Waiting Word on Harbor Matters

A call for tenders for painting several of the city warehouses on the west side wharves and repairing the Union street trestle and also the repairing of No. 4 fire station by day work were recommended by the common council in committee this morning. There was some discussion of the harbor commission situation and the announcement was made that the city engineer is making a preliminary study of harbor surveys while awaiting the co-operation of the federal departments.

Mayor Hayes presided, and Commissioners Bullock, Thornton and Jones were present.

Mr. Bullock announced that the city warehouses Nos. 1, 2, 3, 4 and 6 wharves, west end, need painting and that the work on the three first mentioned could not be delayed. His motion that tenders should be called for the work was adopted.

On Mr. Bullock's representation of the urgent need for repairs to the trestle work which forms the harbor side of Union street, west end, was authorized to call for tenders for this work also.

The Harbor

In reply to Mr. Thornton, the mayor explained the steps which had been taken to clear up the situation, preparatory to holding a plebiscite on the harbor commission plan. The council still is awaiting information regarding the status of the ferry under the co-operation of the federal department of public works in making a survey of the harbor area.

Mr. Bullock said that the engineer was today checking over with the resident public works engineers, the government plans and surveys in order to expedite the work.

The mayor added that it was impossible to hold the plebiscite until the government proposals had been put in more definite form.

On motion of Mr. Thornton, he was authorized to have repairs to No. 4 fire station, at an estimated cost of \$400, made by day work.

J. F. Belyea, granted to ask the council regarding the grants for aquatic sports and was informed that the total grant was \$1,000. Some necessary explanations were made to the comptroller.

**ABOUT \$700 WORTH OF LIQUOR SIZED**

It Was Being Brought Over Border From Quebec in Automobiles

For some time it is said the practice of bringing liquor across the border from Quebec into New Brunswick has been going on. Restigouche and Madawaska counties being the chief offenders. Rev. W. D. Wilson, chief license inspector for the province, returned to the city at noon today from Fredericton and said that efforts were being made to check this and to that end a seizure had been made two nights ago at St. Jacques.

The amount seized totalled about twenty cases of whiskey worth about \$700. It had been brought across the line in two automobiles. He thought the intention was to take it further, to get it across the bridge at St. Leonard's into Van Buren, Me., where better prices could be obtained than prevail on this side. In addition to prosecutions for this there had been cases in Restigouche within the last week wherein offenders under the act had been dealt with, though the circumstances were not the same.

The letter is as follows: State of Maine Executive Chamber, Augusta, August 25, 1919.

My Dear Governor Pugsley:

I wish to express to you and through you to the people of New Brunswick my most cordial appreciation of the attention you showed the official party from Maine on the occasion of the visit of the Prince of Wales to St. John.

Not only was the occasion a pleasing one to me personally, but I cannot help feeling that, as a result of the additional evidences of good-will on the part of your province, the relations between New Brunswick and Maine will become even more cordial. I hope, at some time, to return your kindness.

Very sincerely yours,  
CARL E. MILLIKEN.
