The New Brunswick General Assembly Election.

The general election for representatives to serve in the next House of Assembly of the Province took place last Saturday, as our readers know.

There was no reasonable fault connected with the administration of provincial affairs found since 1895, when the last election took place, and it is probable that under ordinary circumstances the term of the late House would have been allowed to run the full time of four years, but for an attempt on the part of ex-finance Minister Foster, aided by what is known as the St. John Sun wing of the Liberal-Conservative...

to properly thank the electors for the support they had given him. He had been at the head of the poll for the last three or four days, just as his friend Mr. Edward Sinclair had been at the head of the poll for the last three or four days...

He had not been able to see many of the electors owing to the shortness of the campaign but he begged to take this opportunity of tendering to them every-thing his sincere thanks for their endorsement.

One of these was an attempt to influence the people of the North and particularly upon Mr. Stewart of Chatham, and the Messrs. Ritchie, of Newcastle, who were represented as defrauding the Province in connection with their lumber operations on Crown Lands.

Mr. Dana of St. John became Surveyor-General, and he was a prudent and honest administrator who was above being improperly influenced by any one.

all of which latter were justifiable and right, were all the opposition had to talk about. The canvasses and scandals had been answered by the mandates of the ballot which had swept them away to where they could be left until the next election comes around and calls them to again do battle.

him a campaign fund and a persuaded "life long" and other Liberal innocents to join with the enemies of the local government in an attempt to capture New Brunswick for the Sun's alleged conservative party, going so far as to suggest that the Liberal-Conservative party was wrong side out and the conviction that the boys have had considerable fun at somebody's expense.

refuge in York. New York goes back on him, for it is especially mentioned as having Mr. Foster's candidature under a majority of 1700. Mr. Foster's pretensions to leadership have been extinguished as by a flash of lightning, and it must be said that he has not rashly yielded the bolt.

CITATION.

IN THE PROBATE COURT OF NORTHUMBERLAND COUNTY. To the Sheriff of the County of Northumberland, or any constable within the said County, Greeting. Whereas James D. The optimistic promoters of the Canadian Atlantic steamship line, who thought that their boats could be run between Mirford Haven and Papebian in the winter season, appear to have made a mistake. Their steamer, Gaspesia, made one trip in the early winter and came out on a second. She landed her passengers and freight with return cargo and some passengers for Mirford Haven a fortnight or more since. She was seen off the Mirford Islands helpless in the ice, and at last accounts was so hemmed in that she could neither communicate with the shore nor be reached by any rescue ship. It is believed by nautical men that she will not get clear until April, provided she is not crushed, meantime.

Something for Nothing. A trial bottle of Catarthous and Inhaler, prepaid, sent free to anyone who sends the name and address within one week. Catarthous is a sure cure for catarrh, bronchitis, irritable throat, laryngitis, and kindred diseases. How can we afford to do this? Because we know a trial of this pleasant and efficacious remedy, never fails. Warnings, snuffs and ointments have proved unavailing, use Catarthous and you will be cured.

Search for Young Men. No better proof could be given of the appreciation in which the Rev. Mr. Henderson's monetary assistance to young men are held and nothing could be more encouraging to the presbyter than the large numbers of young men that greeted him last Sunday evening in St. Andrew's Church. Through snow squalls and a blustering wind, the worshippers, veritable pilgrims' procession—made their way as they could to their place of worship and were warmly welcomed by our self-acting minister a member of the Queen's university—by the many services which testify to the thirty-five students who were admitted to St. Andrew's, and to the many young men in St. Andrew's, and to the many young men to a higher and nobler standard.

A Boy in Chatham Man. The Amherst, N.S., News says:—"On Monday last a man registered at the Terrace hotel here as Frank Doyle, of Chatham, N.B., and was given a room for the night. In the morning he was missing and his bed was found to be a gold chain and two rings. As Doyle did not appear at an appearance at the hotel suspiciously called on him as being a thief and having stolen the above articles. I.C.R. officer Jones was given the case and he traced the man to Springfield where he had registered at the Royal hotel. From that hotel he also slipped out, taking with him a suit of clothes. Officer Jones next located him in Turco. At that place Doyle seems to have become aware that the police were on his track as he took the midnight train from there, but a telegraphic message travelling quicker, he was arrested on the train here by policeman Pipes and locked up in jail. He was taken before stipendiary magistrate Davis yesterday and remanded until Monday. Part of the stolen property which belonged to the cook at the Terrace hotel, has been recovered. The accused now gives the name of Butler and hails from P. E. Island."

Chatham Town Council. Chatham Town Council met in special session on Monday evening last. In the absence of the Mayor, who is ill, Ald. Robinson was elected chairman. The minutes of last meeting being read—Ald. Robinson explained that the meeting had been called to authorize advertisement of a bill relating to tearing down old buildings and other nuisances in the town, and also to consider the matter of obtaining a fire truck and ladders for the town. He read specifications of the Watsons Company, Brantford, Ont. J. D. Ronald, Brantford, Ont. and the Seagrave Company of Columbus, Ohio, quoting prices—\$400 for the Ronald's, \$600 for the Watsons and \$800 for the Seagrave.

After discussion, the matter of selection was deferred until the next regular meeting, or a special one to be called should necessary information be received. It was ordered that a bill relating to the tearing down of old buildings, etc. be advertised for the legislature.

St. Andrew's Church. We city the following from the editorial columns of the Presbyterian Witness (Halifax) of last week—"The report of St. Andrew's church, Chatham (Rev. D. Henderson, pastor) is in charge of the present year. The annual meeting showed that the congregation is in good working order. The trustees congratulate the congregation on the satisfactory state of the church finances, every dollar of debt due by the church at the close of the year, having been paid, and the year 1898 started with a balance of ninety dollars on hand of \$92.76. There is a balance at the credit of the church and manse repair fund of \$17.07. The details of the receipts and expenditure will be found in the audited accounts; but it may be stated generally, as showing the improvement in the finances, that during the year 1898 as compared with the previous year there was an increase in the Sunday offerings of \$268.57, and in the pew-renters of \$126.32. The manse was offered for sale last May but happily it is now in good and comfortable order and more than paid of debt. Over \$500 were expended on the manse. The trustees received and expended over \$2000. The roll of members, 1897—as an increase of 42 during the year. Families about 160. Collected for schemes of the church, \$335.33. There is an active Ladies' Aid Society. The Sabbath School has 150 pupils and 22 teachers. The Young People's Society numbers 41 members. All money raised during 1898, \$2,721.63. We predict for St. Andrew's a prosperous future."

Perished in the Storm. Miscellaneous correspondents send the ADVANCE particulars of a most distressing occurrence which took place there a fortnight ago. It appears that on the 9th—the day of the big ice and snow storm—Messrs. Adolphus Sivree and Edward Vibert, both of Miramichi, were returning home from Shippagan, N.B. They left Fabian Lautevig's between ten and eleven o'clock in the evening. They lost their way in the vicinity of Little Brook and about half past seven they were in the water. Mr. Sivree was the only one who was able to find the telephone poles and get the road again. He found the poles, and shouted to Sivree to come in his direction, but hearing no response, went to find him, but could not succeed in doing so, nor could he find either of the teams. After an unsuccessful search he made his way to Grand Plains, to Sivree's house—between one and two miles—and not finding him there told Mrs. Sivree the facts. As many men as could be got together at once set out to search for the lost man and teams, but were unsuccessful that night, save that they found Vibert's horse, all right. They turned out again the next day and searched till Saturday morning when they found poor Sivree's body out on the ice about one hundred yards from E. Brook factory, beside a stump of ice. He had taken the floor of the sled and made a shelter with it and some pieces of boards. He had also detached the horse from the sled and let it go. Poor Sivree had lain down in his shelter and when found was frozen stiff. The horse did not go far in the blizzard, for it was found, not much the worse, alongside one of the factory buildings.

Recent D. A. S. Mrs. Phineas, wife of Robert Phineas, died at Chatham on Sunday. She deceased was taken suddenly ill last Monday night at her home in Chatham. She was the wife of Robert Phineas, of Chatham. The funeral took place at Rimouski yesterday.

Mrs. Milken, Mouton, has received a dispatch from Skagway announcing the death at that place of her son-in-law, Mr. R. B. Jack. O. R. Deceased was a brother of Mrs. Jack and brother-in-law of G. B. Fraser, Esq., of Chatham. He was 32 years of age and for the past several years had been in the C. C. R. chief engineer's office. A little over a year ago he left Montreal and went to Vancouver, taking with him his wife and family. Since that time he has had charge of an engineering corps at Skagway. He leaves a wife and three children.

A Fredericton despatch of Monday last says:—"Mr. David Thompson, wheelwright, one of Fredericton's oldest residents, and his wife died last night at their home on King street. Mr. Thompson had been ill with grippe for several days, but came out and voted on Saturday. The result was a relapse and death followed at 9 o'clock last night. His wife who had been ill for about a week and a half, though not confined to bed, swooned away the moment Mr. Thompson died, and expired, as above stated, two hours later. Mr. Thompson was 73 years of age and his wife 69. They were married 42 years ago and have since lived continuously in the house in which they died. They leave one son, Alfred, of Lynn, Mass., and four daughters, Mrs. D. H. Melvin, St. John; Mrs. J. D. McNeill, Chatham; Mrs. John Martin, Bangor, and Miss Alice Thompson, of this city.

Victor E. Scofield was son of Mr. and Mrs. John L. Scofield of Deadwood, and the company of which he was a member went from Carter, Minn. Scofield is at Bangor, Me., and he was informed of the sad news by the Pioneer-Times by telephone last night. He was not able to come home last night and a messenger was sent to break the intelligence to Mr. Scofield. It was a terrible blow to the parents and to the younger sisters and brother of the young man. The messenger was met at the door by Mrs. Scofield herself, and before a word could be uttered she said: "You have brought me some news of my boy." The news that followed the affirmative answer was painful in the extreme.

Victor E. Scofield was twenty-one years old last December. He was well known in Terry, Carter, Hermon, and various other parts of the Black Hills, and was slightly acquainted in this city. He was a correspondent for the Pioneer-Times, and had written a number of letters to the paper that were of great interest. He had been practically raised in the Black Hills, and was bright, energetic, a good student, a young man of splendid morals. In one of his last letters to his parents he stated that he had just come out of the hospital after a long siege with the typhoid fever, and was going on duty again the next day. That was on the first of January. He sent his parents a number of little mementoes at the time he wrote. Mr. and Mrs. Scofield will have the sympathy of the entire community in the loss of their boy, who was serving his flag so well, and who came to his death in the defense.

LOVE AND MARRIAGE

A song called "The Sprig of Shillelagh," which has been very popular with the Irish peasantry since it was written, close on a century ago, says: Love is the root of a most fruitful tree...

And yet, though there seems to exist widespread impression that strong passion, masterful love is a characteristic of the Irish temperament, love making in Ireland is really a very calm and placid business, and the old song I have quoted notwithstanding...

Love by no means decides all the marriages that are made in Ireland. The match is often arranged in a judiciously cool, businesslike and mercenary fashion between the parents of the "boy" and the "girl," the young people themselves not being allowed, and indeed, not expecting any voice in the matter...

The great marrying season in Ireland is the "shrovetide" period, the forty days of Lent the Irish peasantry, in obedience to the ordinance of the Church, abstain from matrimony as well as from eggs, butter, and milk...

A favorite proverb of the peasantry in regard to matrimony is "Either marry very young or become a monk very young." And yet many of the Irish poor enter into matrimony as a sort of provident investment for old age...

Having such happy homes and faithful grandparents, and an ancient great-grandmother, and an ancient great-grandfather, the large sums of money which have been annually sent by children in the colonies and in America to parents in Ireland during the past century...

THE PROBLEM ANALYZED.—It would be a fair question to ask, "What is the problem?" Russia, he tells us, has about 40,000 troops in Turkestan and rail communications with the Caspian extending to within 200 miles of the Afghan fortress of Herat...

DOMESTIC USE OF BEEF.—The retail butcher in cutting up meat as ordered generally weighs it before trimming, making the customer pay full price for portions which go into the scrap and are sold at a small price for soup-making...

MEAT DELIVERED BY THE BUTCHER.—Should be at once removed from the paper and put in a cool place until needed. Care should be taken that it does not come into direct contact with the ice...

About the House.

SEE CAN'T COOK. My wife is a cook, though she studies a book. Of recipes day after day. But when I care? She is charming and fair, and as sweet as the blossoms of May...

FLORAL DECORATIONS.—There is no more artistic decoration than flowers; they give the note of refinement even to a room that seems otherwise impossible, and they cheer and brighten as no other dumb things can...

BEef Loaf for Slicing Cold.—Chop three pounds of raw beef, half pound of suet, half pound of bread crumbs, and one egg, and season with salt and pepper...

BEef Loaf for Slicing Cold.—Chop three pounds of raw beef, half pound of suet, half pound of bread crumbs, and one egg, and season with salt and pepper...

HELPFUL HINTS.—We have discovered a rather odd addition to breakfast dishes, that may be liked by others who have corn in plenty, but live where "breakfast foods" are expensive, says a writer...

COULD RUSSIA TAKE INDIA?—The Problem Analyzed.—It would be a fair question to ask, "What is the problem?" Russia, he tells us, has about 40,000 troops in Turkestan and rail communications with the Caspian extending to within 200 miles of the Afghan fortress of Herat...

SILLY GOSSIP.—Maud—Is it true that you are in love with Mr. Bullion? Clara—Mercy, no! I'm only engaged to him.

True Greatness In Medicine

Is proved by the health of the people who have taken it. More people have been made well, more cases of disease and sickness have been cured by Hood's Sarsaparilla than by any other medicine in the world...

WIDOWS AND BACHELORS.—Men and women have such different views on some subjects. Take matrimony, for instance. When a widow chooses a second helpmate, she looks about him for a splinter, but a bachelor doesn't care two straws for a splinter...

Breaking the Ice.—Harold Severn and Frank Spencer were both in love with Alice Ware, but she had so successfully used those two young men as a means of getting them to her friends—rather than to her own—that she had no friends left...

A Victim of Neuragia.—MRS. ROBERTS, OF MONTREAL TELLS A WONDERFUL STORY. She was a sufferer from some severe form of Neuragia, and had been advised to try Dr. Williams' Pink Pills for Pale People...

SCIENCE AND LIFE.—We are indebted to the former for the latter. DODD'S KIDNEY PILLS give us security. From Death—Mr. Charles Dean's case. London, Jan. 30.—At this season, when everybody one meets is complaining of the Grip, "Bacche," or some other similar complaint, it comes as a relief to know that there are some diseases from which people can free themselves at very slight expense, and scarcely any trouble...

ENOUGH TO KILL HIM.—Do you think Plummer will get over himself? "I hardly think so. He has three doctors."

STAMMERERS.—Toronto Cutting School. Write for special terms during January and February, B. COHEN, 110 St. Nicholas St., Toronto.

MOVING STAIRCASES ARE COMING. Every visitor to the Grand Magasin de Louvre at Paris has been struck by the wonderful moving staircase, says London Sketch. You put your hand on a rail, you stand still, and you find, by a delightful movement, which is both exhilarating and fascinating that you are carried from floor to floor without the least effort, and without any of those unpleasant thrills which lift you up as if you were being carried by a "conveyor belt"...

A Happy New Year, indeed. To those that believed there was no cure for catarrh and to whom the constant use of ointments, snuffs and washes were a wearing and weary business, a cure has been found. No need for food and broken voice. Send for a free pamphlet, and be convinced. The name of this sure cure is CATARRH. Catarrh penetrates to the diseased parts in the form of a pine-scented gas. Write at once to N. C. POLSON & Co., Kingston, Ont.

A CEREBRAL ERROR. That was a good sermon that Dr. Binks preached this morning. Excellent. It would have been almost perfect if the doctor had interpolated a few sentences of his own.

CHANGE OF BASE. Nurse Girl—Why don't you put that hair to sleep, or have a good time while you're in the park? Ex-Nurse Girl—It's my own. I'll have it.

WILLING TO TRY. The new woman who had acquired some of the slang of the business world was called to the attention of a young man. "I'm a square woman, she said. Then, of course, a ring would do her good, returned the youth who had hopes. Still she insisted that she should not discourage an experiment."

CALVERI'S. Carbolic Antiseptic, etc. have been used by the medical profession for many years with the most successful results. It is a powerful antiseptic, and is used for the treatment of all kinds of wounds, ulcers, and other diseases. It is also used for the treatment of the throat, and for the relief of all kinds of pain.

TO CURE A COLD IN ONE DAY. Two Tablets Dissolve in Water. All the colds and coughs that are caused by the action of the cold virus on the mucous membrane of the nose and throat are cured by the use of these tablets. They are used by the most eminent medical authorities, and are the only remedy that will cure a cold in one day.

RETURNING IN ONE WEEK. We want good, energetic, and reliable men to sell our "Cutting School" method of curing stammering. We will pay you \$5.00 per day guaranteed. Write for full particulars to the "Cutting School," 110 St. Nicholas St., Toronto.
