WOMAN'S LIFE WAS SAVED BY OXYGEN

A New Cure for Peritonitis Discovered.

Remarkable Results Attained at Beth Israel Hospital, New York—Case Cured in Two and a Half Weeks

NEW YORK, July 15.—Remarkable results attained in treating peritonitis with pure oxygen at Beth Israel Hospital have raised hopes that a way has been found at last to combat this dread disease. These are now in the hands of President McKinley, and which place the stamp of death upon 95 per cent. of its victims.

A striking illustration of the efficacy of the oxygen was given yesterday when there was discharged from the hospital, Mrs. Anna Abias, a sufferer from peritonitis, whose case upon her admission was at first given up as hopeless.

Mrs. Abias was the first to receive the oxygen treatment. On the day when she was taken to the hospital two and a half weeks ago, Dr. William Seaman Bainbridge, the noted scientist, had been discussing with Professor Henry Mansfield Silver, the hospital's chief surgeon, a theory that oxygen, if tried, would prove a cure for peritonitis.

It was but an hour afterwards that Dr. Silver received the summons to make a heroic effort to save the woman's life. When Anna reached her side he found she was suffering with general peritonitis, and that her temperature was 103 degrees.

Seeing that the old method of draining off the bacterial substance in the region of the peritoneum would be without avail in her case, he resolved to follow the suggestion given by Dr. Bainbridge.

After the usual treatment had been given the wound was so treated that it left room for a small tube. This tube was connected with a tank of oxygen, which was run through water to thoroughly purify it, and after the flow had continued for three minutes the tube was withdrawn.

Mrs. Abias evinced such remarkable improvement from the very start that other peritonitis sufferers were similarly treated. These are now in the hospital four other persons who were given the cure. All have shown improvement equaling that of Mrs. Abias, and it is expected that when they too have been in the hospital for two weeks and a half they will be able to go home as well as they ever were.

NEW ZEALAND SOCIALISTS OBJECT TO THE EXPENSE

May Hold a Demonstration of Unemployment as a Protest Against Welcome to the U. S. Fleet

WELLAND, N. Z., July 16.—The Socialists in Auckland are threatening to hold a demonstration of the unemployed as a protest against the public expenditures incidental to the reception of the American fleet in the House of Assembly last night. Mr. Holcomb, one of the members, said that there was danger that the visit of the American fleet might cause the colonies to place dependence on the United States rather than on the Motherland. He therefore requested that the invitation had been given.

CHASING A HORSE THIEF ON THE NORTH SHORE

Owners of Stolen Animal and Wagon are Hard After Sam Russell.

CHATHAM, July 15.—Sam Russell, the thief who over two weeks ago stole a horse from George Amos, ten miles above here and a wagon and harness from R. A. Murdoch's three miles above town, hitched the outfit together and drove furiously to Kent Co., is still at large, but is being hard chased from place to place. George Amos has received his horse from Thomas Beers with whom Russell swapped the horse and now Mr. Beers is hot foot after him. News reached here today that Beers traced Russell to a house where a wedding celebration was taking place but arrived one hour too late to make a capture.

Beers chased him eight miles farther, but was mystified by cross roads. The thief is said to be in the vicinity of Buctouche. His outfit now consists of Murdoch's wagon and Beers' horse and harness.

FLEET DUE AT HONOLULU

HONOLULU, July 16.—The United States fleet is due to arrive at Honolulu at one o'clock this afternoon, according to a wireless message which came in during the night. At the time message was sent, the ships were 163 miles from this port.

THE CORKERY ESTATE CASE SETTLED TODAY

Original Offer Has Been Accepted by Mrs. Mullin.

She Will Receive \$4,388.11 and the Use of the House Until May of Next Year

In the equity court this morning the case of Mullin vs. Corkery was settled. The defendant agreeing to pay the plaintiff the sum of \$4,388.11 and also permitting her to remain in the house on Paradise Row until May next. By the terms of the settlement both parties to the suit are to pay their own costs, and the Probate court contested suit in the estate of the late Johanna Corkery is to be dropped and all parties are to pay their own costs. It is further agreed by the parties to the suits in question that Mrs. Mullin is not to contest the will of the late Michael Corkery, she is to have the furniture in the house.

During the hearing of the case the defendant stated that he was willing to pay the plaintiff the legacy of four thousand dollars, but the suit was for that amount plus interest on same for 20 years which amounted to over the principal. The defendant had no objection to the plaintiff residing in the house until the first day of May next.

It is understood that the defendant before the hearing of the case agreed to pay the legacy, but refused to pay the interest thereon, and also to allow the plaintiff the sum of \$600 during her lifetime. This was not accepted by the plaintiff at first but later the plaintiff agreed to accept it, but the defendant would not then agree to it.

M. G. Teed, K.C., and D. Mullin, K.C., represented the plaintiff, Attorney General Hazen and Dr. A. O. Earle and A. A. Wilson, K.C., for the defendant.

The case of Mullin vs. Currie et al was taken up after twelve o'clock. This is an action to set aside a deed, which is alleged to have been executed to defraud the creditors.

TWENTY THOUSAND IN CASH PICKED UP IN TRAIN SHED

Express Messenger Was Careless About Looking After the Packages Given to Him

WINNIPEG, July 15.—Twenty thousand dollars' worth of brown wrapping paper was found in the train shed of the C. P. R. yesterday as the result of a search through the train shed packages, thus revealing its contents. It is said to have been handed by one of the express messengers to a man, who found he had too much money on hand, and was too inexperienced to handle the packages. The valuable packages had been handled like an ordinary bunch of laundry, among a lot of packages with which it was intrusted.

JAPAN WILL BUILD TWO MORE BIG BATTLESHIPS

TOKYO, June 29.—Arrangements are rapidly progressing for the building of two additional battleships. The keel of one will be laid at Yokosuka during July and the keel of the other at Kure before the end of the year. The displacement of these ships will be 20,000 tons, their speed 20 knots, their armament 12 inches and their principal armor 18 twelve-inch guns. The old Fus, which is the second battleship upon the Japanese naval list in point of antiquity, has been condemned to become a target for gun practice. The date of her demise has not yet been fixed, but it is expected that her excursions will be the ships of the first squadron.

MRS. R. L. STEVENSON SELLS HER FRISCO HOME

NEW YORK, July 16.—A special to the Times from San Francisco says that Mrs. Robert Louis Stevenson has sold the house which she built on Lombard Street Hill, overlooking the Golden Gate, and will remove to Santa Barbara, where she has purchased a country home. Mrs. Stevenson has received \$50,000 for her house, which was built after an original design and was richly decorated with Samoan tapestry and weapons.

The house was filled with South Sea curios and the library contained Stevenson books as well as many manuscripts of his stories and novels. It was saved during the great fire by members of the Eberhart Club, old friends of Stevenson, who carried water for the purpose in buckets.

AMHERST, N. S., July 16.—The marriage of Charles B. Dixon, assistant station agent at Sackville, N. B., to Miss Josephine Chase, took place at the Baptist parsonage, Amherst, last evening. The death of Aubrey McKay took place this morning after a lingering illness. He was aged 25 years and died at the home of his aunt, Mrs. George Weeks. The young man was well known in Amherst.

PREVENTED GHOST FROM RAMBLING

Severed the Sinews in the Foot of the Corpse

Lower Court Discharged the Accused, But Court of Appeal Sent the Woman to Jail

LONDON, July 15.—The Pall Mall Gazette's "Trick" correspondent sends an account of a strange case illustrative of the superstitions current in Dalman, Antigua, a widow was accused of mutilating a corpse, and also of disturbing the repose of the dead, by severing the sinews in the foot of Mathe Duda, a deceased landowner, at Sanona, near Spalato.

It seems that in this locality exists a deep rooted superstition that an evildoer will after death be compelled to wander about eternal in the shape of a greatly distended spirit, to the terror and discomfort of himself and all beholders. And as Duda's daughter-in-law had reasons for fearing that he might become a "Bukodlak," as the Dalmanian Venetian has it, she employed the widow to cut the ligament in one foot and thus prevent any ghostly ramblings later.

The lower court discharged the prisoner because she was convinced of the truth of the superstition and had acted from motives of piety, but the Court of Appeal reversed the decision and sentenced her to three days' imprisonment for mistreatment of a corpse.

MET SUDDEN DEATH AT REED'S POINT

Reuben Greenwood Succumbed to Heart Failure

Young Man Belonging to Campobello Fell Dead While Crossing Street—Identified by Contents of Pocket.

Reuben W. Greenwood, of Campobello, met sudden death at Reed's Point at ten minutes past noon today. The young man was walking across the square opposite the St. John Hotel, carrying a suit-case, when he suddenly collapsed. Several men who were near rushed to his assistance and carried him to the sidewalk, out of the heat of the sun. Among the first to reach him was J. A. Armour, who has had considerable experience in hospitals, and as a nurse. Mr. Armour thought the man was dead, but in deference to the opinions of those around he directed the work of attempting to revive him until the arrival of a doctor. Some difficulty was experienced in getting a physician, but in response to telephone calls Doctors MacDonald and Malcolm and Coroner Berryman finally arrived. Everything possible was done to resuscitate the unfortunate man, but he was beyond assistance. The cause of death is supposed to be heart failure.

Chief Clark, who came along, went through the pockets of the deceased and took charge of his effects. The papers in his pockets it was learned that the young man's name was Reuben W. Greenwood, and that he is a son of Capt. Charles Greenwood, of Wilton's Beach, Campobello. He had in his pockets the address of several people in Vancouver, and it was thought that he was returning home from the Pacific Coast.

Coroner Berryman ordered the body conveyed to Chamberlain's undertaking rooms, where it will await instructions from the relatives of the deceased.

SAYS INTEMPERANCE IS NOT PREVALENT

Among Young People in Rural Districts

So Declares Judge Hainington at Sunday School Session—Others Hold Different Opinions.

HAMPTON, N. B., July 16.—The sessions of the Church of England Sunday school conference were continued this morning, opening with Holy Communion at 8 o'clock. The session proper began at 9 o'clock and during the morning two very excellent papers were submitted, and if the practical suggestions they contained were not effected from the minds of the large number of Sunday school workers, both clerical and lay, who were present, by much of the talk that followed them, they must prove of great benefit to teachers who put them into active operations. The first paper was by Mr. T. H. Kidner, Supl. of manual training, whereas he laid down certain principles logical and psychological, by which "Teacher training" for Sunday school work may be effectively brought about. Resolutions of thanks and a request for publication were unanimously adopted. The second paper on "The Temperance Department in Sunday Schools," by Mrs. Davidson, of Bethesda, was of a high order and full of common sense suggestions, although the president deprecated the whole subject being made at all prominent in the lives of the young. It might be necessary in cities, but his experience was that it was not a vice among the population. Canon Hainington emphasized his contention in a long address and declared he had not seen cases of drunkenness among the people of the parish during his residence in Norton. The chairman's views did not appear to be in line with those of the audience, and a few of the clergy so expressed themselves. However, it was stated by the secretary, Rev. E. B. Hooper, that the subjects treated would receive the best consideration of the committee to whom the papers would be submitted. The conference adjourned at 11:30.

WIMANS "DEAD" IN MIMIC DUEL

American Then Polishes off Several Opponents With Frozen Wax Bullets

LONDON, July 15.—Before the regular Olympic games opened at Shepherd's Bush today there was a series of new and exciting duels fought in a secluded corner of the exhibition grounds. Nobody's honor was at stake and several of the duellists were killed, while wounds without number were dealt out.

It was the competition for honors of the well known Paris club which exists to enjoy and promote the apparatus of exciting sport of harmless dueling. The competitors use ice cooled pistols and frozen wax bullets. They wear a light protection over their clothes and a mask suggesting a diver's helmet, which an American at the competition today christened a peacock hat.

There were eleven competitors, representing France, America, Russia and Sweden. Captain Winans, the crack American shot, was instantly shot in the heart by Major Ferrus of France. Mr. Winans acknowledged that he had received a death wound, but he survived to kill, subsequently several of his opponents and came out high on the list of winners. Every man engaged was frequently killed before he had time to fire. Mr. Winans is enthusiastic about the sport, which he is trying to popularize in England.

TELL OF HARD TIMES ON ITALIAN SHIP

Three Sailors Appeared in Police Court Today

Wanting Legal Assistance—They Say They Were Very Badly Treated—Threats Made Against Them.

Three young sailors were called at the police station today. They had a long tale of hardship at sea. They were Fred J. Coles, a 20 year old Australian, G. Whitney, of the United States, and a colored youth named Joe James, of Antigua, B. W. I.

Whitney seems to be the leader of the party, and says that the three of them, along with Wm. Stephenson of the United States, and a young Frenchman, were pitted against thirteen Italians on board the big Italian ship Andrea, which arrived here a few days ago.

Lorenzo Campoponica is the master of the ship, and the young sailors claim that because they were not Italians they were used rather roughly. They shipped on board the Andrea at Newcastle, Australia, bound for Chile, and were to be paid off at that port unless the ship was to return to Australia. Now that the ship went to Chile, then to Barbados, was ordered to St. John, and is to load for England, they claim the right to be paid off here. Whitney, James and Stephenson have been paid off, but Fred Coles claims that the captain has refused to pay him, and that there is considerable money, probably \$25 due him. If he runs away he loses his money, while if he goes on the ship he is afraid of his life, as there has been talk of a watery grave for him. Stephenson has shipped and left for the States; Whitney goes away tomorrow, the negro has not yet shipped. The Frenchman ran away from the ship at Chile and left his earnings behind him. Whitney said he did not like to go away until he saw his Australian chum treated right.

Speaking of life on board the Andria the young sailors say it took them about four days before they could get used to eating the food given them. The food was rotten salt pork with bad macaroni and worms, and any dirty work to be done on board the ship was given to them to do. The colored sailor says that he was told that if it was not for the few English speaking sailors on board the ship Coles would be thrown overboard.

Coles states that he was cruelly treated while on board the ship and on one stormy night the captain called him while he was on the forecastle head. He did not hear the captain on account of the noise made by wind and sea, and when he finally arrived on deck the captain put his fingers round his throat and threw him to the deck. The skipper's finger-scratched the young sailor's throat.

Coles has retained the services of E. R. Hebble and will try to obtain his release from the ship here and get what money is coming to him. He says that Capt. Campoponica maintains that the articles do not call for his discharge here, and does not wish to let him go because there is a scarcity of seamen in the port.

Presidential Nomination of Prohibition Party Still an Open Question—Seaborn Wright Could Have It.

COLUMBUS, Ohio, July 15.—The prohibitionists' national convention, which met here today, worked under a temporary organization throughout its two sessions and adjourned until tomorrow without hearing a report from the committee appointed to select its permanent officers.

The committee on permanent organization will report tomorrow morning and Professor Charles Scanlon, of Pittsburg, one of the numerous candidates for the presidency, will be named as the permanent chairman.

The presidential nomination is still open and there has been no market concentration in favor of any candidate. It was agreed early today that the nomination could be had by Seaborn Wright of Georgia, if he would express a willingness to accept it.

OLD QUEBEC ALREADY GAY WITH COLOR

QUEBEC, July 15.—The arrival of two detachments of Royal Canadian Horse Artillery, one from Kingston and the other from Toronto, an interchange of official visits between the hundreds of legitimate printing concerns daily do with private work and are never criticized for.

That the government gets its printing done at the lowest commercial rate is a fact which is not allowed to be forgotten. In accepting orders for printing which is done outside the office for 75 per cent of the schedule rates, furnishing the paper, and advancing the sub-contractor money from time to time, the Sun is simply doing what hundreds of legitimate printing concerns daily do with private work and are never criticized for.

"GRAFT" CHARGES AGAINST THE SUN ARE EXPLODED

Investigation at Ottawa Shows Sun Gets Regular Rates in Regular Way for Government Printing—Sun Charges Less than Govt. Printing Bureau.

OTTAWA, July 15.—The I. C. R. gets its printing done at the cheapest rate that the largest establishments in the country can do for it, make a living profit. The prices for each detail of the work are fixed by the King's Printer, and all bills are checked by him before payment.

The I. C. R. is not allowed one cent more for printing than any one of the fifty-three other printing concerns in Canada and in some cases is not allowed enough. In accepting orders for printing which is done outside the office for 75 per cent of the schedule rates, furnishing the paper, and advancing the sub-contractor money from time to time, the Sun is simply doing what hundreds of legitimate printing concerns daily do with private work and are never criticized for.

JOB'S WIFE

Ducking as a punishment for evils was instituted by Noah, and not by her English or New England grand-children. Chaucer tells us that "Good John" was a veritable terror. History does not relate just how she was smothered into a submissive before she was permitted to marry.

How many who dwell upon the same material of Job's wife, realize that Mrs. Job is to be thanked for it? Few give her credit.

How many who profess to be so good as Job's wife, realize that she was a woman of noble spirit and noble heart, and that she was a woman who was not to be despised.

MEN SPURRED TO AMBITION BY SCOLDING

Dictionary ascribe the attributes of "scold," "shrew," "termagant" and "vixen" to women. Men, however, compiled dictionaries, and Justice is personified by a woman not a man. Indeed, so perfectly is the quality of justice developed in woman that she is represented as being able to administer it with the best exercise of her wits.

WOMEN OF COURAGE

Under the influence of empyric and unbridled feminine tongue some of the wisest sages, greatest rulers, scientists, artists and statesmen that the world has ever known have developed, and shall be beautiful images of virtue to give due credit to the instrument which shaped it.

Who may guess how much of the tempering of that fine metal which went into the makeup of George Washington was occasioned by the ability of Dame Mary and Lady Martha to speak their mind for the diatribes of the scold, the shrew and the termagant are like blows upon a red-hot anvil to temper it to greater endurance.

Recent the Sacred Building Being Profaned by Unseemingly Bacchanalian Revels

DRESDEN, July 14.—Zittau, a Saxon town of over 100,000 inhabitants, has provided Thomas Hardy with material for a story entitled "Three on a Tower" which might perhaps be incorporated in "Life's Little Ironies."

But by this time a section of the tongue so long as it was done by officers in uniform, that it might be advisable to do something, and a considerable number of policemen were sent to the scene to see that the tower was not profaned by a bacchanalian revel.

TAXPAYER SUGGESTS A DAY FOR THE CHILDREN

Believes the City Might Give a Big Outing Along the Lines Adopted by Mayor Bullock Yesterday. St. John, N. B., July 15, '08. Dear Sir,—In the borough of Brooklyn, New York, a city of 1,500,000 inhabitants, there is what is known as the Brooklyn Sunday School Union. Once a year, usually about June 15th or earlier, the children of the Sunday schools of Brooklyn form in a line and parade in a body to Prospect Park at which place they are addressed by the Governor of the State and a few others high in official life. After a reasonable time spent in the park they march back to a sufficient number of churches to hold them, where they are given a luncheon, more or less elaborate. This day has come to be recognized as the greatest day in Brooklyn, surpassing even the Fourth of July. Everybody in Brooklyn reserves this day as the great day of the year, the merchants dress their windows in honor of the occasion and wherever it is possible for an individual or the city government to participate even in the smallest degree in this day they do so. It was the writer's good fortune to visit Rockwood Park yesterday afternoon, when His Worship, the Mayor, was so generously entertaining several hundred of the children of the city at his own expense. It was a glorious sight to see the children, without scruple of creed or color, either shooting the chutes, riding on the merry-go-round or romping on the green, and everyone seemed to be enjoying themselves. Judging from the appearance of their happy faces, this day will go down in their memory as one of the greatest days of their lives. It is needless to say that His Worship has endeavored himself to the hearts of the children as very few men have been able to do. When we stop to consider that the little ones, who now are attending the public schools, will in the space of a

very few years be called upon to assume the responsibilities of home and state government, and that they must in turn look to the generation following to take up the work where they leave off, it is not well for us to make every sacrifice in order to make their young lives happy, so that in the future the memory of the past will enthrone them to a nobler and greater citizenship. Would it not be possible for the city to profit by His Worship's example and make a yearly appropriation and set aside one day for the children to have a good time in the same manner as they had yesterday? We find much complaint about the taxes, but I believe that by far the largest percentage of the taxpayers of this city would gladly pay a little more for such a worthy cause. I, for one, would.

INJURED WHILE TRYING TO STOP A RUNAWAY

GREAT BARRINGTON, Mass., July 15.—In attempting to stop a team of runaway horses, David Wilson, of New York, formerly head of the Dodge Express Company, was run over and seriously injured here today. Mr. Wilson, accompanied by his wife and daughter, had driven over from their summer residence in Sheffield, and he had left the team standing in the street while he stepped into a store. Seeing the horses start suddenly, he ran out and attempted to grasp the reins, but missed his footing and fell, the wheels passing over his body, causing probable internal injuries. Mrs. Wilson and her daughter, who were on the rear seat of the carriage, escaped injury, as the team was stopped after going a short distance. His condition, tonight was said to be critical.

FROM ANOTHER VIEWPOINT. "Anyway," said her husband, "you'll give me credit for having sense enough to say nothing." "Oh, I don't know," rejoined his wife. "Perhaps you haven't sense enough to say anything." Chicago Tribune.

GIRL SHOTS DOWN DRUNKEN FATHER TO SAVE HER SISTER

'Are You Ready to Die?' Shouts Angry Man—Battle in the Dark—One Attacked, Then 19 Year Old Daughter Picks Up Pistol and Fires Twice

MILLVILLE, N. J., July 13.—Attempting to murder his wife and two daughters, Zebulon S. Polhamus, Jr., was shot and perhaps fatally wounded by his daughter, Helen, in his farmhouse on the Mormon road near DeLmont late Saturday night. Polhamus always has been known to his neighbors as a sullen, gloomy man, subject to fits of violent rage. He had made repeated threats against a young man whom he supposed had been attentive to his second daughter, Sarah. On Saturday morning while he was at work in a field he sent for Helen, his eldest daughter. As she came up to him he stopped her with the words: "You go home, tell Sarah to prepare to die. Tonight I am going to kill her. I will kill you, too, and your mother." The girl fled to the house in terror and told her brothers and sisters what her father had said. They did not tell the mother, who lay in an upstairs room with a 30-year-old child. The same afternoon the man drove to Leesburg, a neighboring town, where he met his father, who bears the same name. To him he repeated his threat against his daughter. The old man knelt in the road before his son and begged him not to harm his children. Polhamus reached his home late in the evening. Three of his daughters were in the house when he arrived—Helen, 19, Sarah, 17, and Mary, 15 years old. Helen, who drives a mail wagon between Leesburg and Leesburg, is licensed to carry a revolver, and this weapon lay upon the bureau of a bedroom which opens from the living room where his daughters sat. As the father swung open the door the girls saw that he had been drinking heavily. "Sarah," he said slowly, "I suppose you got the word I sent." "Yes," the girl replied. "I suppose you are ready to die." "I'M READY TO DIE."

were for visiting summary punishment upon the father. Helen, however, begged them not to do so and succeeded in dissuading them. Polhamus is now in a serious condition. The first bullet which struck the bone of his cheek, glanced downward into his neck, lodging close to the jugular vein. The other entered the abdomen. Dr. George Spence, the physician, considers both wounds dangerous. No legal steps have been taken for the arrest of Helen. She, however, has sworn out an information before Justice of the Peace Buckley that she is afraid of her life so long as her father remains at liberty. In case of his recovery, he will probably be committed to an asylum for the insane.

AMUSEMENTS.

SOUDANESE PICTURES A TREAT AT NICKEL. In spite of the rain last evening, the Nickel caught the crowd and everybody enjoyed the excellent feature, the natives of the Sudan, their work, play and customs. This territory and its people are of especial interest to Britons, particularly since Lord Kitchener did his great work out there. The colored transparent pictures, The Magic Dice, was a return to these wonderfully fine trick photos, and the comedy, The Lone Sailor, made everybody laugh long and loud. "Smiling Finish," the Thos. A. Edison feature—the story of the love tribulations of a circus skeleton man—was a unique laugh-factor. Today, besides all these attractive features, Miss Foley will sing a bright and breezy ditty, "The Summer Time," and Mr. Gurney will introduce a character song, "Gone Bright I Love You Right, Old Pal." Don't let the children miss the travel views.

EXCELLENT PICTURES AT THE UNIQUE TODAY.

What is perhaps one of the picture programmes ever shown in St. John is now on at the Unique. This popular house was packed to the doors last evening with a well pleased throng of people. The leading film is called "The Blackmailer," and is one of the best sensational pictures ever exhibited; it also contains an excellent moral. A young married woman has a lover with whom she corresponds regularly. One day on leaving the post office she drops an envelope and a blackmailer picks it up and thus learns her name follows her. After reading her lover's letter she tears it to pieces and throws it away. The blackmailer gathers them up and puts them together. He then goes to the lady's house and showing the letter, she demands a large sum of money. She refuses and going to her room poisons herself. "Returned" is an excellent comedy. A lady is dressing for the opera and her small daughter takes her perfume bottle while she is absent from the room and fills it with lodoform. The lady on entering the room picks the perfume bottle and throws some of it on her hair without noticing the difference. She then starts for the opera and her husband, who has come in contact is almost strangled by the odor. The people who occupy the seats near her get up and leave and finally she is herself expelled from the building. Two other new pictures, The Animated Doll and Native Life in Sudan. Do not miss hearing Miss Outous in her new song, "Beside the Old Oak Tree." This young lady's making a decided hit. Mr. Will Harrison will sing Just to be With You.

HAPPY HALF HOUR.

The new programme at the Happy Half Hour yesterday delighted everybody present, both the pictures and the singing making a big hit. E. R. O. was the rule at several shows last evening. Love's Old Sweet Song has been sung here many a time, but never in the finished manner that Holmes and Buchanan sang it last evening. Known as it is to almost everyone it is small wonder that such a demand was made after their every appearance. Many of the leading musicians of the city were present last evening for the first time and nothing but astonishment was expressed that two such artists could be heard for the price of admission charged, and many declared the singing alone to be worth a quarter. To say nothing of the balance of the excellent programme. The pictures are Vanderbilts' Coaching Trip from Brighton to London, Eng., The Dynamo, Three Sports and a Hat, a funny comedy; The Cat's Revenge, a comedy picture; An Effective Hair Grower, a scream, and The Sorcerer's Scissors, a picture full of mystery and thrillingly colored. Today the new illustrated songs will be: When You Were a Boy, a late hit, sung by Harry Le Roy; When the Twine in the Trellis by the Door, another late hit sung by Harry Le Roy; Holmes and Buchanan will again sing Love's Old Sweet Song today at evening, and the same pictures today. New pictures tomorrow, if you haven't heard Holmes and Buchanan do so today; they won't be here always.

THE WIVES OF WOMEN

To be Penalized in Law Before Georgia Legislature

ATLANTA, Ga., July 15.—There promises to be a lively time in the Georgia Assembly this week when the bill introduced by Glenn of Whitfield relating to the wives and blandishments of women comes up for action. Glenn of Whitfield, the author of the bill has been at a summer resort recently and says the bill is needed.

N. B. INDIAN AFFAIRS DISCUSSED AT OTTAWA

OTTAWA, July 15. Items were last evening rushed through with great speed and with little discussion. On a vote of \$15,000 towards expenses of Canadian representatives to the Olympic games, Dr. Sprules expressed the opinion that it was the height of absurdity. The country was going too much in a tendency of games and sports and too little in the direction of profitable labor. The amount was, however, carried amid cries from both sides of "Longboat." "Longboat."

INDIAN SCHOOL INSPECTION.

On an item of \$400 under the head of Indians for salaries in New Brunswick, Hon. Mr. Oliver explained that the vote was for the salary of a new inspector of Indian schools in the province. Mr. Fowler asked who was to be appointed to the new office? Hon. Mr. Oliver—Rev. Father Ryan. Mr. Fowler thought the money should have been divided between various agents in the province. He suggested that the appointment of Father Ryan had been due to political influence and that it was unnecessary. Hon. Mr. Pugsley said that if Father Ryan was appointed inspector he would do excellent work. Mr. Crockett held there was no necessity for the appointment of an inspector. Mr. Farrel had done his work well, and if there was to be any increase of salary he should have got it.

FOR BORINGS ON P. E. I.

On items of \$25,000 to meet the cost of boring operations for oil, coal, gas, etc., Hon. Mr. Templeman stated that this amount or most of it was intended to be expended in boring for coal on Prince Edward Island, where geologists thought it might be found, though no deposit was known of. No expenditures had been made for P. E. Island for geological purposes in many years. During the discussion it was stated that a shipment of shale from New Brunswick had been sent to Glasgow, Scotland, to be tested for oil. Dr. Ellis of the geological survey had been given leave of absence on salary to go to Glasgow to watch the experiments.

LONDON, July 12.—London's comparatively apathy towards the Olympic games is the theme of much newspaper comment this morning. This is regarded as all the more disappointing as it is not unusual for a big football contest in the previous afternoon to attract 100,000 enthusiasts. It is suggested that the prices of the seats have been fixed too high and also that the affair has not been sufficiently advertised.
