

LIBERALS ARE DIVIDED OVER HUDSON BAY R.R.

Sifton Faction Trying To Oust Oliver In Order To Secure Big Expenditure On Government Road.

Laurier As Usual Leans Both Ways

Special to The Standard. Ottawa, Sept. 26.—It is understood that despairing of any move on the part of Hon. Frank Oliver in the direction of resignation from the cabinet unless an issue presents itself which would save his dignity, his enemies within the Liberal party are preparing that issue. It is understood that Mr. Oliver favors the handing over of the Hudson Bay railway to the Mackenzie and Mann interests and that in this he is supported by the Premier Scott faction in Saskatchewan and the ex-Premier Rutherford party in Alberta.

DRIVEN OUT BY PHOSPHORUS

Five Little Pieces Started Fire In Somersworth High School Which Threatened To Assume Serious Proportions.

Somersworth, N. H., Sept. 26.—Five pieces of phosphorus placed in some unexplained manner on a pile of cordwood, smoked the 80 students out of the high school this afternoon and started a fire which if it had broken out at night, probably would have destroyed the building. When the school was closed for the summer recess, there were five jars containing phosphorus in the laboratory. All except one jar had disappeared when the school was re-opened two weeks ago. How it disappeared and by what means the pieces reached the wood are mysterious.

HAY LADEN STEAMER TOTAL LOSS BY FIRE

A. W. Sterret Caught Fire At Tacoma Wharf And Burned To Water's Edge—Crew Escaped.

Tacoma, Wash., Sept. 26.—The steamer A. W. Sterret, bound from Tacoma to Seattle with a cargo of hay caught fire at a wharf today. After burning 20 minutes the steamer was taken in tow by a tug and beached on Brown's Point. Capt. Mason and crew of eight men were taken off without mishap. The Sterret, a two hundred ton vessel, will be a total loss.

ARCHBISHOP AT PARRSBORO

Special to The Standard. Parrsboro, N. S., Sept. 26.—The rite of confirmation was administered in St. Bridget's church yesterday morning by His Grace Archbishop McCarthy to a class of sixty-seven candidates. In the afternoon his grace consecrated the land that has recently been added to St. Bridget's cemetery.

MR. BORDEN IN OTTAWA.

Ottawa, Ont., Sept. 26.—R. L. Borden, opposition leader, returned to the city tonight from Echo Beach where he had been holidaying with George H. Farley, chief Conservative whip. The programme of the Ontario tour will be completed in a few days.

PARTIES IN LINE FOR CONFLICT

Roosevelt and Sherman Arrive at Saratoga for Republican Convention Today—Stevens Probable Republican Candidate—Opposition to Gaynor Develops.

Saratoga, Sept. 26.—Saratoga is in a turmoil tonight on the eve of one of the most important Republican state conventions ever held. The old guard are making the issue "shall Theodore Roosevelt rule the Republican party in the state of New York?" Col. Roosevelt reached Saratoga late today and within five minutes of his arrival, had plunged into the situation taking full command of the progressive forces, and rounding up the wavering unpledged delegates. The political tides finally set in for the progressives tonight and the Colonel repeated the declaration he made at Troy: "We have beaten them to a frazzle, and the trophies are ours." Col. Roosevelt came into Saratoga late today breathing defiance to his enemies and declaring the victory already won. He was met at the railroad station by the New York county delegation headed by Mr. Griscom, and hundreds of delegates and townspeople. A procession was formed and headed by a Troy band, it marched to the United States Hotel, where the Colonel made a brief speech. "Good luck," he shouted, waving his black slouch hat to the crowd. "I shan't try to make any speech now. I'll make my speech tomorrow." Then before the crowd could rush in on him, the Colonel dashed to his headquarters, where, with his lieutenants behind locked doors, he obtained the latest information concerning the situation. Vice president Sherman came to the village this morning from Utica, and went quietly to his room. Few knew of the arrival for he came in from Schenectady on a trolley car. Mr. Sherman had nothing to say and spent most of the day talking with friends on the veranda of the hotel.

NEW MOVE IN LACROSSE

Proposed At Toronto To Have Five Team League With Players Controlled On Baseball Plan.

Special to The Standard. Toronto, Ont., Sept. 26.—If Montreal drops out of the National Lacrosse Union there is a movement on foot to form a four club league, comprising Shamrocks and Nationales of Montreal, and Torontos and Tecumseh's of Toronto, and play a game every Saturday from May to September. Each club would have nine games at home, and nine away, playing a triple schedule. The proposal is for each club to reserve their last year's players and put the Ottawa, Cornwall and Montreal players on the market for any of the clubs, and do away with the residence rule. A paid president to appoint officials and buy, sell, and release players like they do in baseball. There would then be a game here every Saturday and a game in Montreal every Saturday.

CAR CONDUCTOR KILLED BY AUTO

S. H. Hallingshead Struck From Running Board While Collecting Fares At Beverly, Mass., And Fatally Injured.

Beverly, Mass., Sept. 26.—Struck by a passing automobile he was collecting fares on the running board of an electric car tonight, Samuel N. Hallingshead, of Wenham, a Boston and Northern conductor, was hurled to the street with such force that he sustained a fracture of the skull from which he died an hour later. The automobile did not stop and it is not known. Hallingshead was 28 years old, married and had one child. He had been employed by the street railway company for nine years.

ITALIAN FORK STABBER GIVEN TWO YEARS

Portland, Me., Sept. 26.—Santo Ferranto, the Italian indicted for murder in causing the death of Mesiglio Valen dino, who was fatally stabbed in the back with a macaroni fork, pleaded guilty to manslaughter in the superior court today, and was sentenced to two years in State prison.

CONFIRMATION OF CAR WORKS TRANSFER STORY

J. R. Douglas Of Amherst Gives More Particulars Of Acquisition Of Silliker Plant By Outside Men.

Special to The Standard. Amherst, N. S., Sept. 26.—The news that the control of the Silliker Car Company had passed into other hands was quite freely discussed in this town today. When interviewed by The Standard tonight, J. R. Douglas said that it was quite true that over two months ago J. R. Douglas and himself had acquired a controlling interest in that industry. Since that time they had associated with them a strong group of financial men in Halifax and Amherst and St. John.

It was not true that the industry was going to be acquired by the C. P. R., nor was it going into the merger. They intended to operate it as it was. They had associated with them a strong group of financial men in Halifax and Amherst and St. John. It was not true that the industry was going to be acquired by the C. P. R., nor was it going into the merger. They intended to operate it as it was. They had associated with them a strong group of financial men in Halifax and Amherst and St. John.

STRIKERS IN BERLIN FIGHT

Berlin, Sept. 26.—The police and coal strikers had a series of pitched battles tonight in the Moabit precinct. Fifty strikers were wounded by revolver shots and sword thrusts during the night. Twenty of them were taken to the hospitals severely injured. A very large number of police totalling 40 or more, also were wounded, some of them badly, while protecting strikebreakers.

FEAR THAT CHAVEZ WILL NOT RECOVER

Domodossola, Sept. 26.—Grave fears are now entertained over the recovery of George Chavez, the Peruvian aviator who made a flight across the Alps and was injured while landing at this place. Chavez, who suffers several fractures, and who is believed to be injured internally spent a bad night. Great general depression was noted, and the eminent specialist, Dr. Bozzoli, was summoned and examined the patient today.

CONSTABLE ARRESTED FOR KICKING WOMAN

John W. Colpitts Charged At Moncton With Inflicting Serious Injuries On Woman While Making An Arrest.

Special to The Standard. Moncton, Sept. 26.—John W. Colpitts, a provincial constable, is under arrest here tonight charged with kicking a woman while in the act of making an arrest. The woman was quite seriously injured, requiring attendance of a doctor.

MOVE TO RECOVER \$400,000 FROM WILDER

New York, N. Y., Sept. 26.—The New York branch of the Russo-Chinese bank brought suit for \$400,000 today against the youthful cashier, Erwin J. Wilder, now awaiting sentence for looting the strong box of more than \$500,000. This move to recover money indicates that the bank does not place much trust in Wilder's story that he lost all his stealings in Wall street.

CATHOLIC CHARITIES ARE REPORTED UPON

Washington, D. C., Sept. 26.—Reports on the condition of Catholic charities in various cities, were read at the afternoon session of the conference in charities. At the request of the presiding officer, of the conference, Judge Chas. DeCourcy, of the superior court of Massachusetts, summarized the condition of Catholic charities throughout the United States as indicated by the reports received by the conference from states and cities. These documents, he declared, showed that Catholics have no reason to complain of unfair treatment by governmental authorities.

FROST IN THE WEST.

Winnipeg, Man., Sept. 26.—The first killing frost of this season occurred last night extending throughout Manitoba and Saskatchewan. Five degrees of frost were recorded at many points in the west. Harvesting operations, however, are about completed and little damage can result.

MISS MAUD COWAN WINS FIRST PRIZE

Her Total Gain During Prize Period Was 106,371—Miss McLeod Second, 93,692 Votes—Miss Reid Third With 60,221 Votes, and Miss Andrews Fourth With a Gain of 59,599.

Table with 2 columns: Name and Gain. Miss Maud Cowan, Dist. 1, 106,371; Miss Louise E. McLeod, Dist. 6, 93,692; Miss Lyde Reid, Dist. 5, 68,221; Miss A. Beatrice Andrews, Dist. 1, 59,599; Miss Eva Smith, Dist. 5, 52,451; Miss Nan McBrearty, 32,820.

The above shows the Complete gain between Sept. 14th and Sept. 24th.

The special prize contest ended on Saturday evening at 10 o'clock and after a careful counting of the votes, the winners were found to be as recorded. A steady stream of votes started early in the day and continued right up to the closing hour. It was expected that a big vote would be polled, but no one anticipated such a startling result. A glance at the complete vote table tells its own story. Many surprises took place during the closing hours and great credit must be given not only to the winners, but the near winners who polled such a high vote.

MANY CASES OF CHOLERA

Even Deaths Reported From Hungary—Five Cases Break Out At Rome—Precautions At New York.

Rome, Sept. 26.—Prof. Dorla, chief of the board of health, announced today that there have been four cases of Asiatic cholera in Rome. One of these proved fatal, while the others are recovering. All have been traced to Naples. During the past twenty-four hours four new cases and three deaths have been reported in the south eastern districts.

PATHETIC APPEAL FROM PRISONER

Victim Of Consumption Who Has Six Months To Live Asks Leave To Spend It With His Family.

Portland, Me., Sept. 26.—"I know that I have but a short time to live, and I want to spend it in happiness, with my family." This pathetic appeal was made to Judge Turner in the Supreme Court today by Thomas Van Sant Warner, who was arrested on August 17, when discovered robbing a dentist's office.

WOOD AND CAMERON SIGN ARTICLES

Another Race In Two Weeks, Winner To Take 75 Per Cent. Of Receipts And \$100 Side Bet.

Amherst, Sept. 26.—Abbie Wood, the Montreal runner, who so decisively defeated Cameron Saturday, left for his home today. Before taking his departure he signed articles for another race to be held here a fortnight from Saturday last.

TRIAL TODAY OF LATEST U. S. WARSHIP

Rockland, Me., Sept. 26.—Arrangements have been completed for the four builders' acceptance trials of the new torpedo boat destroyer Perkins, which arrived here from Quincy, Mass. this afternoon, and the first standardization trial will take place tomorrow on the Rockland course. The other trials will be held on succeeding days, the Perkins making Rockland her headquarters for the time.

ELOPEMENT OF TIP KNOX ENDS IN A DIVORCE

Young Son Of U. S. Secretary Of State Residing At Reno After Few Months Of Wedded Life.

WIFE WAS CLERK IN DEPARTMENT STORE

Special to The Standard. Reno, Nev., Sept. 26.—Young Philander C. Knox, Jr., son of Secretary of State Knox, is in this state for the purpose of establishing a legal residence for the filing of a divorce complaint against May Holer, the pretty young girl clerk in a department store with whom he eloped six months ago, when he was a pupil at the Morris Heights School in Providence, R. I. It is understood a divorce is to come notwithstanding the fact that his parents have become reconciled and forgiven him, as reported. From no less authority than the declaration of a prominent president of a bank here, it is authoritatively admitted that the smooth-faced stocky young man has been in Nevada for a couple of weeks.

WHERE DO ALL THE PENNIES GO

Philadelphia Mint Turned Out 146,000,000 Cents Last Year And Nearly As Many Are Again Required.

Washington, Sept. 26.—Notwithstanding the Philadelphia mint coined 146,000,000 pennies last year, and many other millions in years before, the mystery where the little coppers go still is unsolved, and director of the Geo. E. Roberts estimated the big plant will turn out another 100,000,000 this year. Pennies, more so than any other sort of coin, disappear from circulation very mysteriously.

AMERICAN CONSUL AT NAPLES DEAD

C. S. Crowninshield, Who Rendered Distinguished Services In Messina Relief Work, Passed Away Yesterday.

Naples, Sept. 26.—Caspar S. Crowninshield, the American consul here died today.

"NO GANG RULE SHALL FLOURISH" POLICY LAID DOWN BY PRESIDENT FOWLER IN OPENING ADDRESS.

Pueblo, Colo., Sept. 26.—Laying down the policy "that no gang rule shall flourish here," and reiterating the motto of the congress, "save the desert, store the floods, reclaim the deserts, make homes on the lands," President Benjamin A. Fowler, of Phoenix, Ark., in opening the 18th national irrigation congress today aligned himself with those delegates who favor a thorough discussion of all practicable problems of irrigation.

ACTION AT LAST.

Ottawa, Ont., Sept. 26.—Hon. Charles Murphy, secretary of State, went to the printing bureau today and resumed his personal inquiry into the affairs of that institution. This is the first time Mr. Murphy himself has been there, since the disappearance of Gould-bridge, and his visit caused a flutter in the department.

A Customer's Reasonable Wish is this Store's Pleasure.

# DYKEMAN'S

## B. MOONEY & SONS OFFER TO BUY SIX LANCASTER LOTS

### Land Required for Extension of Brickmaking Facilities and \$3,300 is Offered--Motion to Take Over Craig Lease if Conditions are Not Complied With--Other Business.

At the meeting of the safety board last evening, B. Mooney and Sons, made application for a number of lots in Lancaster wanted for the purpose of extending their brick making business. The matter was referred to a special committee. There was some discussion in regard to the revision of the by-laws. A motion was passed to install a number of fire hydrants and other matters were dealt with. Ald. Vanwart presided, there were present the mayor, Ald. Sprout, Scully, Jones, Potts, Baxter, Russell and White with the common clerk and Director Wisely.

A communication was received from B. Mooney and Sons, offering to purchase lots 6, 7, 8, 9, 10 and 11 and also lots E and F in Lancaster for the sum of \$3300. The director said he did not think the city could sell these lots as most of them were now under lease. Mooney and Sons now held a lease of E and F lots. The rental from all the lots was \$229.95.

Ald. Baxter thought the city could sell, subject to leasehold rights.

**Giving Them Away.**  
Ald. Potts--We might as well sell as give them away. That's what we are doing at present.

Mr. Mooney, who was present, said he wanted to erect stationary kilns on lot F and needed more clay land. The director said the present rental capitalization would be about \$6000. Mr. Mooney said it would cost \$10,000 to put in their plant. They would employ 50 or 60 men in the summer season. Campbellton was getting bricks from Montreal. He thought St. John ought to supply the province with bricks.

A committee consisting of the chairman, the director and Ald. Scully were appointed to look into the matter and report back.

Ald. Sprout stated that H. L. McGowan had told him that a new company had been formed to develop the property leased by the David Craig Company.

Ald. Potts moved that the city take over the Craig Company's lease if it does not immediately comply with the terms.

Ald. Jones moved in amendment that the director ask the company what it intended to do and report back.

Ald. Potts' motion was adopted. The director reported that John F. Gleason had applied for a renewal of two lots in Brooks ward at \$6 rental per year. He recommended that the rent be raised to \$12.

It was decided to renew the lease for 7 years at \$6 per year.

J. King Kelley applied for a lease of a lot at Green Head for a summer cottage. He was willing to pay \$5. The matter was referred to the director to report back.

The Office Specialty Co., Ltd., of

Halifax, submitted plans and estimates regarding the improvement of the vaults in City Hall. The estimate was \$15,740. On motion of Ald. Potts the communication was filed.

**Unexpended Balances.**  
The director submitted statements showing that there were \$24,955 to the credit of the fire department and that there was \$15,740 for the police department to spend during the remainder of the year.

On motion of Ald. Russell it was voted to have a new fire hydrant installed on Harrison street.

Ald. Baxter--You'll have to get up a public subscription.

Ald. Jones moved that a committee be appointed to assist in the revision of the by-laws governing departments under the board.

The mayor said he intended to recommend the appointment of a paid commission to revise the civic by-laws.

Ald. Jones--Ald. Willet is doing the work for love.

The chairman--Ald. Jones, the director and the common clerk were appointed a committee to consider the by-laws.

The board then adjourned.

## PARTIES LINE UP

Continued from page 1.

day and tonight to preparation for the struggle against his selection for the head of the Democratic state ticket, which now seems likely to be the distinguishing feature of the two days remaining before the convention. The extent of this opposition is difficult to define.

Friends of Representative James S. Havens, of this city declare that it covers the western half of the state and some of the more enthusiastic assert that there is no real demand for the mayor's nomination outside of New York.

At present the Havens men head the anti-Gaynor forces, but when the supporters of the other candidates arrive, they hope to enlist their aid on the ground that the elimination of Gaynor is the first requisite toward ensuring the success of anybody else, no matter from what section of the state he hails.

The Havens men admit that they have no assurance of the support of William B. Hearst if their candidature receives the nomination, but they call attention to the fact that the New York editor supported Mr. Havens when he ran for congress and hope that this course indicates that Mr. Hearst has forgotten the fact that Havens opposed him when Hearst ran for governor in 1906. Not even the New York leaders are awaited with more curiosity here than Morris M. Milton, the New York man who has been circulating pro-Gaynor literature in the name of the so-called league of Gaynor clubs.

The Milton campaign is the mystery of the convention. Mayor Gaynor has asserted that Mr. Milton's activities on his behalf are without his knowledge or consent.

**Mayor Not a Candidate.**  
New York, N. Y., Sept. 26.--Mayor Gaynor issued tonight for the first time a formal statement that he is not a candidate for the Democratic nomination for governor. Nowhere in the statement does the mayor say, however, what course he will pursue in the event the nomination is forced upon him.

He indicates that he prefers to serve his full term as mayor, but, at the same time he emphasizes that he feels no moral obligation to do so. The statement is dated St. James, L. I., Sept. 26, and is in the form of a letter to John A. Dix, chairman of the Democratic state committee.

**Fight For Congress.**  
Boston, Mass., Sept. 26.--The personnel and complexion of the Massachusetts delegation to the 62nd congress is expected to realize itself considerably by the result of the primary elections of tomorrow and Wednesday. Nine of the present Republican congressmen will have little or no opposition tomorrow.

In three of the districts the 9th, 10th and 11th, which have been strongly Democratic for ten years, the present congressmen will fight tomorrow against retirement, their places being sought by members of their own party. Two Republicans aspire to run for the seat in the 4th district made vacant by the death of Chas. C. Tirrell, Republican while Congressman Eugene N. Foss who started the Democratic landslide in the 14th district last spring, will not seek re-election and edge Robert W. Harris, a Republican, wants to reclaim it. The congressional nomination battleground tomorrow and Wednesday is in the Democratic districts 9th, 10th and 11th and the Republican caucuses and primaries tomorrow and Wednesday in the 4th, 10th and 11th districts.

**Fitzgerald Retires.**  
Boston, Mass., Sept. 26.--Mayor John F. Fitzgerald in a statement issued tonight declared he will not run as a candidate for the Democratic nomination for governor. The retirement of Mayor Fitzgerald from the field leaves three active contestants for the nomination, Jas. H. Vahey, Eugene N. Foss, it is understood that Mayor Fitzgerald will support the candidacy of Mr. Foss.

**Stolen Thunder.**  
Pueblo, Colo., Sept. 26.--Wm. J. Bryan, in an address before a mass meeting today, charged Col. Theodore Roosevelt with having advocated old time Democratic principles in many of his addresses on his western tour.

Referring to Col. Roosevelt's Ossawatimie, Kas., speech on New Nationalism, Mr. Bryan said: "The Democrat party has preached this doctrine for 14 years and in 1906 incorporated it in its platform, quite in contrast with the distinguished gentleman who appears to have just made the discovery that this doctrine is correct and progressive and just. In his expressions regarding railroad regulation, the income tax, swollen fortunes and publicity of campaign contributions Mr. Roosevelt has merely followed a well established Democrat lead. For years Democracy has been clamoring for legislation in this direction."

**LaFollete's Majority.**  
Madison, Wis., Sept. 26.--The state board of canvassers completed its work today and the official primary election figures show that LaFollete Republican for U. S. senator, received 144,056 as against 141,343 for Cook A. J. Schmidt, Democrat for nomination for governor, received 48,071 and the Republican vote for governor for the principal candidates was as follows: McGovern, 82,265; Fairchild, 55,933; Lewis, 40,879.

## Big Party Guests of Power Co. At Aroostook Falls Plant

THE MAIN DAM WILL BE SEEN TODAY BY SOME 300 OR 400 EXCURSIONISTS, GUESTS OF THE M. & N. B. POWER COMPANY, LIMITED.

**HOUSEHOLD FURNITURE**  
Carpets, etc.  
At Rideau Hall  
BY AUCTION.

I am instructed to sell at Rideau Hall, corner of Union street and Hazen Avenue, on Tuesday, the 27th of September, commencing at 10 o'clock, the entire contents of twenty-six rooms, comprising in part parlor suites, sofas, couches, parlor mantle top, oak and other tables, do. chairs, sideboard, brass and enamel bedsteads, spring beds, mattresses, pillows, bedding, toilet sets, curtains, blinds, poles, bureaus, dressing cases, commodes, tables, chairs, mirrors, carpets, carpet squares, oilcloth, linoleum, bat trunks, wardrobes, portiers, canvas coats, folding beds, rocking and easy chairs, crockeryware, glassware, pictures, scales, set of horns, cooking range, kitchen utensils and dining table and sundry other household goods too numerous to mention. Sept. 12 1910. F. L. POTTS, Auctioneer.

**Valuable Freehold Property**  
With Three-Storey Wood on House, 28 Dorchester street.  
By Auction, I am instructed by Robt. J. Cox, Esq., to sell at Chubb's Corner, on Saturday Morning, October 1st, at 12 o'clock, noon: THAT VERY VALUABLE FREEHOLD property situated in the very heart of the city, containing twenty-six rooms, used for hotel purposes, but could with very little expense be turned into three or four tenements, which would command good rent. Size of lot, 86x48 more or less.  
For further particulars apply to F. L. POTTS, Auctioneer, 96 Germain Street. 9-2371

**MISS MAUD COWAN WINS FIRST PRIZE**

Her Total Gain During Prize Period Was 106,371  
—Miss McLeod Second, 93,692 Votes—Miss Reid Third With 68,221 Votes, and Miss Andrews Fourth With a Gain of 59,599.

Continued from page 1. Those ladies who have won the respective prizes have thus shown the other candidates to what extent it is possible to increase even the present large vote, and The Standard expects that all of the contestants will put forth every effort, not only to maintain their present standing, but to advance in position, which can be done through hard and persistent work, and thus win the main prize from each district, the trip to Bermuda.

There remains until October 8th in which to decide the winners of the grand prizes. Those who find themselves low on the list in their districts after the prize close, should not be discouraged, but should profit by what the leaders have shown them in the way of vote-getting and do the same thing. You say, "I haven't a chance now." That is where you are wrong. For if your sister who leads has a large vote she has seen most of her friends and is nearer her limit, while you have hosts of friends left to see and who want you to win and will see to it that you do. What has been done by one contestant can be duplicated by another.

All evidence goes to show that the next eleven days will be full of interest to all contestants and their friends. Keep at it and at the end come out a winner.

Contestants are requested to read the contest news every day until the close, as there will be notices from time to time of interest to them.

**CANDIDATES VOTE STANDING.**

District No.	Name	Votes
District No. 1.	Miss A. Beatrice Andrews, 45 Victoria street	79,769

**IN MISS RISING'S HONOR.**  
Dalhousie, Sept. 22.—Mrs. J. E. Dean of Inch Arran, entertained a few of her friends on Monday evening in honor of Miss Rising, of St. John. The spacious drawing rooms were prettily decorated with cut flowers. A choice musical programme was enjoyed. Among those present were, Rev. Mr. N. Hevel, of Indiana; Rev. Mr. and Mrs. Coleman, Judge Treueman, Mrs. Bishop, of Bathurst, Mr. and Mrs. Jas. Storer, Mrs. Donald, of Quebec, Mr. and Mrs. D. McDonald, Miss Doberly and Miss Mitchell.

**A. R. CAMPBELL & SON,**  
HIGH-CLASS TAILORING  
26 Germain Street.

One does not buy a bedstead for buying means to incur expense; and a bedstead is an investment—a lifelong one. So the bed good enough for your home should be all a bed can be. It is, when this trademark is on its footrail.

Look for that trademark. You may need to pay a trifle more to have it on the bed you buy, but it is worth the trifle more when it is "Ideal" quality.

Worth more, because the non-white enamel remains white (does not turn dingy gray, or yellowish). Worth less, because "Ideal" trademark guarantees the buyer a metal bed that will not rattle, nor become noisy, as ever look cheap. Worth far more than the little extra price—perhaps forty cents—because of technical reasons.

We who make and guarantee "Ideal" Metal Beds believe many people think business is valuable when it affects sleep.

For those people we have printed a little booklet called "The Philosophy of Sleep." Your copy is to be sent quite free for your name and the name of your dealer if you ask for Booklet No. 155.

**IDEAL BEDDING CO.**  
MONTREAL—TORONTO—WINNIPEG

**MT. A. OPENS THIS WEEK**  
Expected That Capacity Will be Taxed—New Professor Arrives—Memorial Service for Warden Kirk.

Sackville, Sept. 26.—Mount Allison University opens this week and a large number of students have arrived. The rooming capacity of the residences is likely to be taxed to its utmost. Lectures begin on Monday. Dr. Thomas McKay the new professor of physics arrived this week and will occupy the new cottage on Park street, built by Professor Hammond.

Jack P. Haine, B. A. (Mt. Allison 1904) of the firm of Hume and Company, Ltd., Revelstoke, B. C., was united in marriage on September 12th to Miss Etta Maud Chamberlain of Spokane, Washington. In his senior year at the University, Mr. Hume was captain of the Varsity Football team. An enjoyable entertainment was given in music hall on Monday evening. The principal performer was Charles A. Cooke, the famous Indian orator, who was heartily cheered and encored at each appearance. Miss Caroline Kaye, vocalist, and Miss Gladie Smith, violinist, were also heard in several pleasing numbers. Professor Pickard of the conservatory staff acted as accompanist. The entertainment was under the auspices of the Presbyterian Ladies' Aid.

Mr. and Mrs. William Ogden have returned home from a most enjoyable trip to the west. Their travels included a visit to Edmonton, Calgary, Niagara, Winnipeg and several other cities.

Mrs. Howard Sprague and Mrs. T. D. Hart will represent the Sackville W. C. T. U. at the annual convention in Hartland next week.

The marriage of Miss Catherine Cole, daughter of Mrs. Edward Cole, to Mr. Leon Houghton of Lippentott, Manitoba, took place at the home of the bride, in Dalhousie, on Wednesday, Rev. D. D. Hatt, B.D., performed the ceremony.

Mrs. M. E. Nicholls who has spent some time with her parents, Senator and Mrs. Wood, left this week for her home in Winnipeg.

The Methodist Church at Jollicure was reopened for public worship on Sunday last after being thoroughly renovated on the interior and exterior. The pastor, Rev. Thomas Hicks was assisted at the services by Professor Deshares and Watson, of Mt. Allison University. Special music was rendered by the choir under the leadership of Mr. W. Richardson.

The marriage of Ralph O. Stratford, of Macan, to Miss Ethel May Grant, daughter of Mr. James Grant of the Direct Cable Company, Halifax, was solemnized at Chalmers church in that city on Wednesday, Rev. R. J. Power officiating.

A memorial service for the late Warden Kirk of Dalhousie was held in the Penitentiary Chapel on Sunday afternoon. Rev. A. B. Dickie, pastor of the Presbyterian church, of which Mr. Kirk was a consistent member and most liberal supporter, conducted the service, assisted by Rev. B. H. Thomas, of the Baptist church.

An appropriate resolution of sympathy was sent from the convicts to the bereaved family. The deceased was laid to rest at Antigonish. Mr. James Flery represented the penitentiary staff at the funeral.

Amherst is mourning the loss of one of its former citizens, Dr. Wilbur Douglas, for many years a prominent business man of that town. Three years ago he moved to Victoria where he has since resided. He was in his 60th year, a son of the late Benjamin Douglas; a widow and one son, Mr. J. H. Douglas, of Amherst, survive. Robert Douglas of Ottawa is a brother, and one sister, Mrs. Sleep, is a resident of Amherst. Many years he carried on the business known as Douglas and Company, founded by his father, and was also president of the Canadian Electric Light Company.

Miss Harriet B. Stewart left on Friday for Toronto to attend a missionary society gathering. She was accompanied by Miss Alcorn of Japan, who has spent some time here.

SAINT JOHN, TUESDAY MORNING, SEPT. 27, 1910.

## RECIPROCITY UNDER THE BRITISH FLAG.

A significant remark of a Chicago manufacturer on the subject of reciprocity is worth recording these days when so much is being heard on the reduction of the tariff between Canada and the United States. He is quoted as saying:—"Of course, I am in favor of reciprocity. Our firm makes goods for the farmer, and it sells them in every state of the union. We have, in consequence of our large output, reduced costs to a limit. Throw down your tariff bars, and we will enter Western Canada and burn up any Canadian competition that we meet." There is probably more truth than wisdom from the speaker's standpoint in this statement. There can be little doubt he voices the opinion of American manufacturers who have an interest in the Canadian market.

In this particular instance, it appears, a Canadian company is manufacturing a similar line of goods, is employing about 200 hands, and is selling its product as cheaply as the United States concern is doing it in its own territory. What would happen if the bars were pulled down and the Canadian company were "burned up"? With a monopoly in the field would the United States company continue to sell at free trade prices? Past history does not warrant any such presumption. The farmer would pay as much for the articles in question as he does now, or more, and he would have a lessened demand for his products, by reason of the throwing of 200 consumers out of employment.

The apt expression of this Chicago manufacturer that Canadian manufacturing industries would be "burned up" by American competition should be taken in conjunction with the resolution passed by the Canadian Manufacturers' Association a few days ago which called for action on the part of the Dominion government to bring about reciprocity under the British flag. While no specific declaration on the Canadian tariff question and reciprocity with the United States was made, the issue was covered by the resolution on Imperial preference. It expressed the opinion of the association "that the representatives of the Dominion of Canada at the forthcoming Colonial conference be requested to urge the desirability of taking immediate steps to bring about reciprocal trade within the Empire." It proceeded to state the conviction of the association that such reciprocity would strengthen the bonds of union and would largely free the British Empire from dependence on foreign countries for food and other supplies.

Mr. Rowley, the president of the association, in his address at the banquet, dealt mainly with protection and Imperial preference. "Much of the prosperity we enjoy today," he said, "is traceable to the protection of the old National Policy, whereby we have encouraged development of our national resources. But we must not stop there. We must now protect ourselves against the waste and extravagance in the utilizing of these resources, so that we may conserve to future generations of Canadians the wealth of land, of forest, of the sea, and of water-power, in which they hold equal right with ourselves.

"If practical protection is not maintained in Canada, we cannot compete in our home markets, much less in foreign markets against our commercial competitors, the mercantile marauders and the foreign foes, who, with the large markets of their own, are always ready to dump their surplus wares into Canada at any price they can get.

"It should not be forgotten that if industrial progress and development in Canada is hampered, we will surely rue it, for we will be given a setback from which it may take us many years to recover. We do not want Canada to be landed in this sort of plight, so let us stand pat; let us go our own pace in our own way. Let us promote our own trade among our own people, at home in Canada, and also throughout the Empire. Let us keep free of entanglements at Washington, let us cease to listen to overtures from the United States; let them deal with their tariff in their own way, and let us protect ourselves in our own way, on a broad, solid, sure, safe basis, practical protection."

As Mr. Rowley pointed out, the National Policy has been largely instrumental in making the Dominion what it is today. The existence of a moderate tariff has induced a constant stream of capital and industries to flow across the international boundary. But for the tariff all this United States capital and all these branches of United States factories would have remained at home to supply the Canadian market with American-made goods. Manufacturers in the United States, when they talk of reciprocity, want free access to the wealth of Canada's natural resources, the unrestricted privilege to exploit them in their own way, and also freer access to the Canadian market. The removal of the tariff bars would mean ruin to the industries of the country. Imperial preference, on the other hand, will tend to strengthen the ties which bind the nations of the Empire together, and promote the commercial prosperity of each unit. The call of the Manufacturers' Association to Sir Wilfrid Laurier to urge the importance of reciprocal trade within the Empire at the forthcoming colonial conference voices the opinion of an overwhelming majority of the Canadian people.

## FORTIFYING THE PANAMA CANAL.

The right of the United States to fortify the Panama Canal is claimed by the United States government on the ground that it is conceded by the Hay-Pauncefote

treaty made by the United States with Great Britain in 1901. The right is not conceded in so many words; but, according to the view of the Administration, it is implied, since the Treaty, while modelling itself by name upon the Suez Canal Convention of 1888, omitted the clause which prohibits the fortification of the Suez Canal.

The United States, moreover, definitely asserted the right to erect fortifications in the Hay-Bunau-Varilla Treaty, made with the republic of Panama, against which Great Britain entered no protest. Mr. Roosevelt holds strongly the view, to which he has recently given vigorous expression, that the United States is "bound in honor" to fortify the canal as a means to "effectively guarantee its neutrality."

The London Times points out that the matter in any case does not rest exclusively with Great Britain and the United States. "Other powers," it says, "may urge that their strategic situation will also be considerably affected by the canal, and they may argue that the guaranteeing of its neutrality should not be the case of a single power. Mr. Roosevelt will, no doubt, recognize that his argument, while powerful for the purpose he had in view, is not without another edge. Fortifications which guarantee neutrality must obviously be capable of guaranteeing a good deal else besides, and it may be felt that not even the United States should claim so prominent a military position in regard to the canal. We do not know that these questions will be raised; but we are certain that, if they are raised, they can be promptly and amicably solved.

"The issue, which is simply one of international equity, and is obviously covered to a very considerable extent by parallels to be found in existing international agreements, is precisely of the kind with which arbitration is best fitted to deal."

## WRITTEN TOO SOON.

"Mr. J. S. Willison, the accomplished editor of the Toronto News, Canadian representative of the London Times, fellow of the Royal Society of Canada, who is now about returning from a western tour," says the Vancouver News-Advertiser, "bears with him from place to place a rooted sorrow. He wrote too soon a political history of Sir Wilfrid Laurier. It is a good book from the standpoint of an admirer of the Liberal leader, but was printed too soon after Sir Wilfrid became premier to be such a complete history as Mr. Willison could write now. Mr. Willison has less admiration for the premier than he had when he wrote the biography, and believes that Sir Wilfrid is now less worthy of confidence. At least he has departed far from the principles for which Mr. Willison commended him in other days.

"If Mr. Willison were now asked to write the biography of Sir Wilfrid Laurier it is probable that he would decline the task lest there might be yet other developments which cannot be foreseen. But if he should undertake the work he would produce a more keen and discriminating biography. He would show the difference between Wilfrid Laurier in opposition and Sir Wilfrid after fourteen years in office. He would compare promise and performance. He would compare the ministry first organized by Sir Wilfrid and that which holds office now. He would read the autonomy argument of 1896 in the light of the legislation establishing the provinces of Saskatchewan and Alberta. He would discuss the land grants in the west in the light of the Ottawa platform, and would show the likeness of the McGreevy scandals to those of the present day. "How Sir Hector Langevin left a ministry and how Mr. Brodeur stayed in," might be the title of a chapter.

"The book which Mr. Willison would write now would not only be still more interesting than the one he wrote some years ago, but it would be more true to life and history."

## THE SITUATION IN SOUTH AFRICA.

General Botha's decision to remain at the head of the government of the South African Union, despite his defeat in the elections to the parliament, is what might have been expected of that doughty leader of the Nationalist party. He was beaten in the constituency of Pretoria East, by Sir Percy Fitz Patrick, but can easily find another seat. Four members of his Cabinet were returned unopposed; and while the Nationalist majority in the Parliament will not be so great as was expected, it will be fully adequate to carrying on the government.

The recent electoral campaign followed pretty closely the old lines of political division in South Africa. The Nationalists still represent most strongly the Dutch element, though the Unionists have drawn away to themselves many Dutch votes, particularly among the commercial and industrial classes. The Boer farmer, however, has stood firmly by the Boer Premier.

Dr. Jameson is singled out as the predestined leader of the Opposition, having won for himself a high place in public confidence since his return to public life ten years ago. Next to Gen. Botha, he is said to be today the South African statesman "most widely trusted by South Africans of either race." This is a surprising achievement after the intense bitterness engendered by the Jameson Raid. But it is equally surprising to read the high praise which the London Times gives to General Botha, along with Dr. Jameson, concluding that "South African politics is safe in the hands of two such men." Surely time does bring its revenges.

A Gagetown correspondent writes to inform The Standard that a resident of Queens County, whom he names, and who is seventy-eight years of age, was blessed with a daughter on September 10. Unfortunately The Standard's correspondent omits his own name, which is necessary with all communications as a guarantee of good faith. Otherwise we feel sure we should be voicing the wishes of the community in extending to this venerable parent the more personal congratulations which he undoubtedly deserves.

## CURRENT COMMENT

(London Times.)

Mr. Beckles Willison:—It may perhaps help those who are endeavoring (I fear somewhat unprofitably) to reconcile the various economic sentiments prevalent in Canada if I venture to explain that the intelligence of the West is hardly comparable to that of the East. The centre of Canada's culture, enlightenment, and statesmanship is not her geographical omphalos, but the Maritime Provinces. Nova Scotia and New Brunswick have between them furnished four-fifths of the eminent scholars, doctors, lawyers, divines, and statesmen in the entire Dominion, and are, in my opinion, destined to occupy the place New England and New York occupy in the American Republic. Altogether too much is being made of opinion in Manitoba, Alberta, and Saskatchewan, regions for whose political equivalent we (and likewise posterity) may turn to Kansas or Nebraska.

(Ottawa Journal.)

The \$45 Ross rifle was a success at Bisley, where the other competitors shot with \$17 rifles. The \$25 Ross rifle is reported to be a hot failure with the Queen's Own at Aldershot. So glad to think that our government has 50,000 of them!

## ST. JOHN MEN CONTROL CAR WORKS

Messrs. W. B. Tennant of this city and J. R. Douglas of Amherst are reported to have acquired a controlling interest in the Silliker Car Works at Halifax. The Silliker Car Company's paid up capital consists of \$250,000 of common stock and \$125,000 of preferred shares, recently subscribed for and there is a loan from the city of Halifax of \$125,000. The company has in addition to the \$125,000 of preference stock, issued a further amount authorized of \$125,000. Commenting on the purchase the Halifax Echo says: "There is a movement in stock in the Silliker Car Co. that may mean much or little to Halifax, and rumors have it that the C.P.R. and the Canada Car Co. are interested. There seems to be no doubt about stock being acquired by parties in St. John and Amherst, though whether they are acting for the Canadian Pacific Co. or the Canada Car Co. or are merely investing on their own private account is unknown to the local parties interested in the concern. The fact that the Canada Car Co. recently acquired some land in Halifax might seem to find color to the report that that company is interested."

## FULL PROGRAMME FOR TEACHERS' INSTITUTE

Newcastle, Sept. 26.—The 33rd annual meeting of the Northumberland Teachers' Institute convenes Oct. 6 and 7. The programme is as follows:

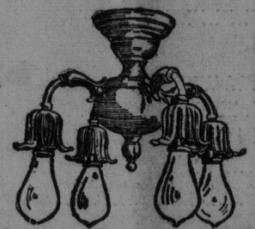

Thursday, Oct. 6.  
 1st Session, 10 a. m.—Enrolment. Addresses by President B. P. Steeves and Inspector Mersereau.

## Are Your Glasses Right

It's not enough that you should wear glasses—you should be sure they are right—that they properly correct the irregularities in the shape of the eyes and that they fit the face properly.

There's one final test in regard to glasses—do they show results.

If you've been troubled with headaches, do your glasses stop them?

If your sight has been poor do your glasses give you good vision?

If the answer to these questions is "yes," you may be satisfied with your glasses; if not, better let us help you get the right kind.

## LOCAL NEWS

**Mr. Sullivan Gets License.**  
At a special meeting of the Liquor License Commissioners yesterday morning the transfer of the license held by Mrs. J. J. Power, corner British and Prince William streets to Patrick Sullivan, of Douglas Avenue, was approved. There were present: Chairman Eagles, Messrs. Florence McCarthy, T. A. Linton, and secretary J. B. Jones. Mr. Sullivan recently purchased the house and license, paying it is said, five thousand dollars for the former.

**Capt. DeBury Goes to England.**  
Capt. H. R. V. DeBury, who for the past five years has been professor of artillery, tactics, reconnaissance and military law at the Royal Military College, Kingston, Ont., has returned to England to again take up his duties with the Royal Garrison Artillery. Capt. DeBury, who is a son of the late Count R. V. DeBury, was sent from England by the Imperial authorities to fill this important post, has completed his term. His successor is Capt. F. R. Sedgwick of the Royal Field Artillery.

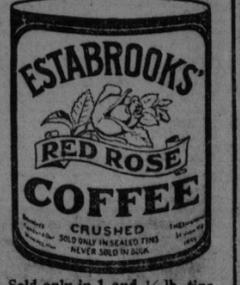

**Big Coal Contract.**  
The Empire Coal Company, whose coal areas are situated near Macaan, recently purchased by a new company of which the directors are W. H. Thorne, St. John; R. A. O'Leary, Richibucto; W. S. Montgomery, Dalhousie; D. R. Sherry, Memramcook; H. A. Powell, St. John, and Thomas Nagle, St. John, has secured a year's contract from the I. C. R. for 100 tons of coal per day. This contract together with the local market for coal, will enable the company to carry on operations on a fairly extensive scale. The coal areas are said to be extensive.

**Ocama Arrives.**  
Str. Ocama, Capt. Coffin, arrived yesterday morning from Demerara, West Indies, etc. with mails, passengers and general cargo. She brought 30 passengers, made up of 5 saloon and 25 second class. Among the latter were 6 Chinese bound for Hong Kong. The saloon passengers were as follows: Miss Emily Thomson and Miss Elaine Thomson, from St. Vincent and Grenada; Messrs. H. M. Bayars and M. R. Malone and Mrs. David Brown. The Misses Thomson are quite young and en route to visit their uncle, J. Prudhomme, a lawyer at Winnipeg. Mrs. Brown goes to St. Martins.

**W. F. Burditt's Good Work.**  
It is not generally known that the new cattle sheds at the Dominion exhibition were built from plans and specifications prepared by W. F. Burditt, chairman of the building committee. Mr. Burditt devoted a great deal of his time to the work and is entitled to the credit of having designed what were admitted by experts who visited the exhibition, to be the best and most up to date sheds on the continent. A member of the executive speaking to The Standard yesterday said a wrong impression had been created and in justice to Mr. Burditt he felt the facts of the case should be made public.

**Meet at Hartland.**  
The annual provincial convention of the W. C. T. U. opens Tuesday at Hartland, N. B. About fifty delegates will be present from various parts of New Brunswick and Prince Edward Island, also the New Brunswick officers. The delegates from St. John who will leave this morning for Hartland are: Mrs. C. R. Plandford, Mrs. Humphrey, city union; Mrs. J. A. McAvity and Mrs. Patterson, North End union; Mrs. O. D. Hanson and Mrs. W. Stevens, Fairville union; Mrs. J. H. Gray, of Fairville, provincial president, will preside, and Mrs. Howard Sprague, of Sackville, formerly of St. John, vice-president for New Brunswick, will also be in attendance. Mrs. A. O. Rutherford, of Toronto, for many years Dominion president of the W. C. T. U., will be the speaker at the convention. The last session will be held on Thursday.

**Good coffee means a good breakfast. Nothing takes its place. Nothing tastes so good. Estabrooks' Coffee has the vigorous strength and delicate richness which brightens and satisfies the appetite. Clears the brain. A good starter for the day.**

Sold only in 1 and 1/2 lb. tins. Try it for breakfast to-morrow

## ISSUE CALL TO SUNDAY SCHOOLS

Attractive Programme Arranged for Annual Convention at Woodstock Oct. 11-13—Rev. W.S. Brown Coming

**WOODSTOCK, Oct. 11-13.**  
This is a call to Sunday Schools to send delegates to their annual convention. If any are in doubt as to the wisdom of making special effort to go, these should read the programme. It will pay live workers to attend and take part in these meetings. The older class, if they are sure they are dead, would better stay at home.

The great Washington convention of this year made history. Teachers and scholars who could not take it in may get some of its uplift at Woodstock. More than ever before it pays today to "get the touch" of a common crusade. So, from Victoria to Westmorland, from Gloucester to Charlottetown, and all in between, men and women should turn now to Woodstock for inspiration and education.

A feature of interest is the appearance of the new Provincial Secretary, Rev. W. H. Kennedy, who has already made a place for himself in his chosen work. This occasion will bring him face to face with the helpers he must use.

The international representative this year is none other than Mr. Brown, who made good long ago. He brings a message and a method of peculiar timeliness. A large and strong representation of Sunday School workers should be at Woodstock to get his message. The convention will be held in the United Baptist church. This is the programme:—

**First Session—Tuesday Oct. 11.**  
2.30 p. m.—Elementary Institute, conducted by Mrs. W. C. Matthews.  
3.00 p. m.—Meeting of the Executive Committee.  
**Second Session—Tuesday Oct. 11.**  
7.30 p. m.—Song and devotional service, Rev. H. G. Kennedy.  
8.00 p. m.—Appointment of committees; address by the president, Andrew Malcolm; greetings from P. E. Island; music; offering.

8.45 p. m.—The Sunday School and the Great Commission; Echoes from Washington, Mrs. J. A. McAvity, S. J. Parsons, W. H. Farnham; "A Great Opportunity," W. A. Brown, Missionary Superintendent; International S. S. Association.  
9.45 p. m.—Closing.

**Third Session—Wednesday Oct. 12.**  
9.30 a. m.—Devotional, Rev. R. W. Weddall; minutes.  
9.45 a. m.—Reports from counties; report of Executive Committee, Andrew Malcolm; report of General Secretaries, Revs. J. B. Ganong and W. A. Ross; address, "The Missionary Spirit," W. A. Brown.  
11.30 a. m.—The Divine Spirit a Fundamental Doctrine, Rev. G. M. Campbell, D. D.

**Fourth Session, Wednesday, Oct. 12.**  
2.30 p. m.—Devotional, Rev. H. A. Archer; minutes.  
2.45 p. m.—Departmental reports; I. B. R. A., Alex. Murray; Home, H. H. Coleman, M. D.; Temperance, W. H. Farnham; discussion.  
4.00 p. m.—Address, Rev. Gordon Dickie.  
4.30 p. m.—The Divine Spirit in Individual Experience, Rev. G. M. Campbell.  
5.00 p. m.—Closing.

**Fifth Session—Wednesday, Oct. 12th.**  
7.30 p. m.—Song and devotional service, Rev. J. D. Ireland, Minutes.  
8.00 p. m.—Report of A. B. C. department, J. N. Harvey. A B C demonstration. Offering.  
9.00 p. m.—Address "The Missionary Message of the Bible," W. A. Brown.  
9.30 p. m.—Address "The Bible Society Distributing the Spirit-given Word," Rev. G. M. Campbell, D. D. Closing.

**Sixth Session—Thursday, Oct. 13th.**  
9.30 a. m.—Devotional, Rev. G. A. Ayers, Minutes. Business. Appointment of delegates to International Convention. Association Day.  
10.00 a. m.—Departmental reports: Grading and supplemental lessons, Rev. W. Cantel, Elementary; Teacher training, Rev. J. H. Brownell.  
10.30 a. m.—Address "Child Study—The Intermediate Age," Rev. W. A. Ross, General Secretary.  
11.00 a. m.—Address: "The Teacher," Rev. J. B. Ganong.  
11.30 a. m.—The Spirits Indwelling Fruits, Rev. G. M. Campbell, D. D.  
12.00 a. m.—Closing.

**Seventh Session—Thursday, Oct. 13.**  
2.30 p. m.—Devotional, Mrs. C. D. Dickinson, Minutes. Report of treasurer. Report of Advocate Committee.  
3.15 p. m.—Address: "Child Study—The Senior Age," Rev. W. A. Ross.  
3.45 p. m.—Round Table conference: "The Teacher," Rev. J. B. Ganong. Report of nominating committee.  
4.30 p. m.—Address: "The Spirit and Missions," Rev. G. M. Campbell, D. D. Closing.

**Eighth Session—Thursday, Oct. 13.**  
7.30 p. m.—Song and devotional service, Rev. R. A. McDonald.  
8.00 p. m.—Address, His Lordship Bishop Richardson. Singing. Offering.  
8.30 p. m.—Address: "The Christianization of America and the evangelization of the World," W. A. Brown.

9.00 p. m.—Consecration service, Rev. J. H. Copeland.  
9.30 p. m.—Closing.

## PERSONAL.

**Miss Nora Stewart** has returned to the city after visiting relatives and friends in Montreal.  
**Mrs. Annie McLean**, Charlotte street leaves today for Vancouver, B. C., to visit her daughter, Mrs. Frank S. Bonnell.

## GREAT SINGER WILL ACCOMPANY DR. TORREY

**McEwan, Famous Scotch Leader, to Take Part in Campaign in Queen's Rink—Special Pianist Also Coming.**

McEwan, the famous Scotch singer, has been secured by Dr. Torrey for his great meetings at the Queen's Rink in November. He will also have with him a very fine soloist who is to take part in his meetings in New York state next month.  
The choir, which will be formed of local singers, will number upwards of 200 voices, and will be accompanied by Dr. Torrey's regular pianist, a performer of great ability.  
As many of the songs used at the meetings will be heard for the first time in St. John, Dr. Torrey considers it essential to have an accompanist thoroughly familiar with the music

## Eucharistic Picture Big Success at Nickel.

The eucharistic congress picture at the Nickel proved of great interest to thousands yesterday afternoon and evening and preparation is being made for another rush of patrons today. The great film record of the imposing scenes at this Roman Catholic convention in Montreal was of unusual educational worth and the photography was excellent. About the only fault possible to find with the film was the rather quickened movement of the figures in the photograph at times, due to faulty speeding of the camera that took the picture, which it was impossible to rectify. Everybody seemed greatly pleased with the feature and this afternoon and tomorrow at 4.15 a special extra showing for the benefit of the schoolchildren who are at their studies until 3.30, will be given. The remainder of the Nickel show was up to the usual high standard. Mr. Myers sang in the City Where Nobody Cares, the MacBrady children had a cute double number and the Biograph picture, A Summer Idyll and the Edison picture (after Emile Zola) The Attack On The Bridge, elicited much favorable comment.

## G. T. P. WILL TRY CAR FERRY AT QUEBEC

Quebec, Sept. 26.—It is expected that the Federal government will have constructed at Davies dock this winter a vessel which will be used as a transport between Quebec and Lewisville in connection with the Transcontinental railway. As the bridge will not be completed in time for the railway and as there must be a connecting link with the road on both sides of the river, the construction of the vessel will be necessary. It will cost between \$400,000 and \$500,000.

SAINT JOHN, TUESDAY MORNING, SEPT. 27, 1910.

## RECIPROCITY UNDER THE BRITISH FLAG.

A significant remark of a Chicago manufacturer on the subject of reciprocity is worth recording these days when so much is being heard on the reduction of the tariff between Canada and the United States. He is quoted as saying:—"Of course, I am in favor of reciprocity. Our firm makes goods for the farmer, and it sells them in every state of the union. We have, in consequence of our large output, reduced costs to a limit. Throw down your tariff bars, and we will enter Western Canada and burn up any Canadian competition that we meet." There is probably more truth than wisdom from the speaker's standpoint in this statement. There can be little doubt he voices the opinion of American manufacturers who have an interest in the Canadian market.

In this particular instance, it appears, a Canadian company is manufacturing a similar line of goods, is employing about 200 hands, and is selling its product as cheaply as the United States concern is doing it in its own territory. What would happen if the bars were pulled down and the Canadian company were "burned up"? With a monopoly in the field would the United States company continue to sell at free trade prices? Past history does not warrant any such presumption. The farmer would pay as much for the articles in question as he does now, or more, and he would have a lessened demand for his products, by reason of the throwing of 200 consumers out of employment.

The apt expression of this Chicago manufacturer that Canadian manufacturing industries would be "burned up" by American competition should be taken in conjunction with the resolution passed by the Canadian Manufacturers' Association a few days ago which called for action on the part of the Dominion government to bring about reciprocity under the British flag. While no specific declaration on the Canadian tariff question and reciprocity with the United States was made, the issue was covered by the resolution on Imperial preference. It expressed the opinion of the association "that the representatives of the Dominion of Canada at the forthcoming Colonial conference be requested to urge the desirability of taking immediate steps to bring about reciprocal trade within the Empire." It proceeded to state the conviction of the association that such reciprocity would strengthen the bonds of union and would largely free the British Empire from dependence on foreign countries for food and other supplies.

Mr. Rowley, the president of the association, in his address at the banquet, dealt mainly with protection and Imperial preference. "Much of the prosperity we enjoy today," he said, "is traceable to the protection of the old National Policy, whereby we have encouraged development of our national resources. But we must not stop there. We must now protect ourselves against the waste and extravagance in the utilizing of these resources, so that we may conserve to future generations of Canadians the wealth of land, of forest, of the sea, and of water-power, in which they hold equal right with ourselves."

"If practical protection is not maintained in Canada, we cannot compete in our home markets, much less in foreign markets against our commercial competitors, the mercantile marauders and the foreign foes, who, with the large markets of their own, are always ready to dump their surplus wares into Canada at any price they can get."

"It should not be forgotten that if industrial progress and development in Canada is hampered, we will surely rue it, for we will be given a setback from which it may take us many years to recover. We do not want Canada to be landed in this sort of plight, so let us stand pat; let us go our own pace in our own way. Let us promote our own trade among our own people, at home in Canada, and also throughout the Empire. Let us keep free of entanglements at Washington, let us cease to listen to overtures from the United States; let them deal with their tariff in their own way, and let us protect ourselves in our own way, on a broad, solid, sure, safe basis, practical protection."

As Mr. Rowley pointed out, the National Policy has been largely instrumental in making the Dominion what it is today. The existence of a moderate tariff has induced a constant stream of capital and industries to flow across the international boundary. But for the tariff all this United States capital and all these branches of United States factories would have remained at home to supply the Canadian market with American-made goods. Manufacturers in the United States, when they talk of reciprocity, want free access to the wealth of Canada's natural resources, the unrestricted privilege to exploit them in their own way, and also freer access to the Canadian market. The removal of the tariff bars would mean ruin to the industries of the country. Imperial preference, on the other hand, will tend to strengthen the ties which bind the nations of the Empire together, and promote the commercial prosperity of each unit. The call of the Manufacturers' Association to Sir Wilfrid Laurier to urge the importance of reciprocal trade within the Empire at the forthcoming colonial conference voices the opinion of an overwhelming majority of the Canadian people.

## FORTIFYING THE PANAMA CANAL.

The right of the United States to fortify the Panama Canal is claimed by the United States government on the ground that it is conceded by the Hay-Pauncefote

treaty made by the United States with Great Britain in 1901. The right is not conceded in so many words; but, according to the view of the Administration, it is implied, since the Treaty, while modelling itself by name upon the Suez Canal Convention of 1858, omitted the clause which prohibits the fortification of the Suez Canal.

The United States, moreover, definitely asserted the right to erect fortifications in the Hay-Bunau-Varilla Treaty, made with the republic of Panama, against which Great Britain entered no protest. Mr. Roosevelt holds strongly the view, to which he has recently given vigorous expression, that the United States is "bound in honor" to fortify the canal as a means to "effectively guarantee its neutrality."

The London Times points out that the matter in any case does not rest exclusively with Great Britain and the United States. "Other powers," it says, "may urge that their strategic situation will also be considerably affected by the canal, and they may argue that the guaranteeing of its neutrality should not be the case of a single power. Mr. Roosevelt will, no doubt, recognize that his argument, while powerful for the purpose he had in view, is not without another edge. Fortifications which guarantee neutrality must obviously be capable of guaranteeing a good deal else besides, and it may be felt that not even the United States should claim so prominent a military position in regard to the canal. We do not know that these questions will be raised; but we are certain that, if they are raised, they can be promptly and amicably solved."

"The issue, which is simply one of international equity, and is obviously covered to a very considerable extent by parallels to be found in existing international agreements, is precisely of the kind with which arbitration is best fitted to deal."

## WRITTEN TOO SOON.

"Mr. J. S. Willison, the accomplished editor of the Toronto News, Canadian representative of the London Times, fellow of the Royal Society of Canada, who is now about returning from a western tour," says the Vancouver News-Advertiser, "bears with him from place to place a rooted sorrow. He wrote too soon a political history of Sir Wilfrid Laurier. It is a good book from the standpoint of an admirer of the Liberal leader, but was printed too soon after Sir Wilfrid became premier to be such a complete history as Mr. Willison could write now. Mr. Willison has less admiration for the premier than he had when he wrote the biography, and believes that Sir Wilfrid is now less worthy of confidence. At least he has departed far from the principles for which Mr. Willison commended him in other days."

"If Mr. Willison were now asked to write the biography of Sir Wilfrid Laurier it is probable that he would decline the task lest there might be yet other developments which cannot be foreseen. But if he should undertake the work he would produce a more keen and discriminating biography. He would show the difference between Wilfrid Laurier in opposition and Sir Wilfrid after fourteen years in office. He would compare promise and performance. He would compare the ministry first organized by Sir Wilfrid and that which holds office now. He would read the autonomy argument of 1896 in the light of the legislation establishing the provinces of Saskatchewan and Alberta. He would discuss the land grants in the west in the light of the Ottawa platform, and would show the likeness of the McGreevy scandals to those of the present day. "How Sir Hector Langevin left a ministry and how Mr. Brodeur stayed in," might be the title of a chapter.

"The book which Mr. Willison would write now would not only be still more interesting than the one he wrote some years ago, but it would be more true to life and history."

## THE SITUATION IN SOUTH AFRICA.

General Botha's decision to remain at the head of the government of the South African Union, despite his defeat in the elections to the parliament, is what might have been expected of that doughty leader of the Nationalist party. He was beaten in the constituency of Pretoria East, by Sir Percy Fitz Patrick, but can easily find another seat. Four members of his Cabinet were returned unopposed; and while the Nationalist majority in the Parliament will not be so great as was expected, it will be fully adequate to carrying on the government.

The recent electoral campaign followed pretty closely the old lines of political division in South Africa. The Nationalists still represent most strongly the Dutch element, though the Unionists have drawn away to themselves many Dutch votes, particularly among the commercial and industrial classes. The Boer farmer, however, has stood firmly by the Boer Premier.

Dr. Jameson is singled out as the predestined leader of the Opposition, having won for himself a high place in public confidence since his return to public life ten years ago. Next to Gen. Botha, he is said to be today the South African statesman "most widely trusted by South Africans of either race." This is a surprising achievement after the intense bitterness engendered by the Jameson Raid. But it is equally surprising to read the high praise which the London Times gives to General Botha, along with Dr. Jameson, concluding that "South African politics is safe in the hands of two such men." Surely time does bring its revenges.

A Gagetown correspondent writes to inform The Standard that a resident of Queens County, whom he names, and who is seventy-eight years of age, was blessed with a daughter on September 10. Unfortunately The Standard's correspondent omits his own name, which is necessary with all communications as a guarantee of good faith. Otherwise we feel sure we should be voicing the wishes of the community in extending to this venerable parent the more personal congratulations which he undoubtedly deserves.

## CURRENT COMMENT

(London Times.)

Mr. Beckles Willison:—It may perhaps help those who are endeavoring (I fear somewhat unprofitably) to reconcile the various economic sentiments prevalent in Canada if I venture to explain that the intelligence of the West is hardly comparable to that of the East. The centre of Canada's culture, enlightenment, and statesmanship is not her geographical omphalos, but the Maritime Provinces. Nova Scotia and New Brunswick have between them furnished four-fifths of the eminent scholars, doctors, lawyers, divines, and statesmen in the entire Dominion, and are, in my opinion, destined to occupy the place New England and New York occupy in the American Republic. Altogether too much is being made of opinion in Manitoba, Alberta, and Saskatchewan, regions for whose political equivalent we (and likewise posterity) may turn to Kansas or Nebraska.

(Ottawa Journal.)

The \$45 Ross rifle was a success at Bisley, where the other competitors shot with \$17 rifles. The \$25 Ross rifle is reported to be a hot failure with the Queen's Own at Aldershot. So glad to think that our government has 50,000 of them!

## ST. JOHN MEN CONTROL CAR WORKS

Messrs. W. B. Tennant of this city and J. R. Douglas of Amherst are reported to have acquired a controlling interest in the Silliker Car Works at Halifax. The Silliker Car Company's paid up capital consists of \$250,000 of common stock and \$125,000 of preferred shares, recently subscribed for and there is a loan from the city of Halifax of \$125,000. The company has in addition to the \$125,000 of preference stock, issued a further amount authorized of \$125,000.

Commenting on the purchase the Halifax Echo says: There is a movement in stock in the Silliker Car Co. that may mean much or little to Halifax, and rumors have it that the C.P.R. and the Canada Car Co. are interested. There seems to be no doubt about stock being acquired by parties in St. John and Amherst, though whether they are acting for the Canadian Pacific Co. or the Canada Car Co., or are merely investing on their own private account is unknown to the local parties interested in the concern. The fact that the Canada Car Co. recently acquired some land in Halifax might seem to find color to the report that that company is interested.

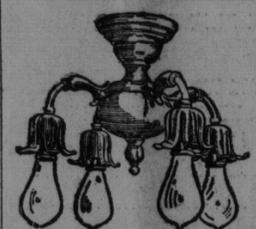

## FULL PROGRAMME FOR TEACHERS' INSTITUTE

Newcastle, Sept. 26.—The 33rd annual meeting of Northumberland Teachers' Institute convenes Oct. 5 and 7. The programme is as follows:

Thursday, Oct. 6.  
1st Session, 10 a. m.—Enrolment. Address by President B. P. Steeves and Inspector Mersereau.  
11 a. m.—Paper on Language Work in Common School Grades, by Principal C. J. Mersereau, of Chatham.  
2nd Session, 2 p. m.—Paper on Life and Work of Pestalozzi, by Miss Marion Fraser, of Chatham.  
3 p. m.—Some Ways in Which Our Educational System Might be Improved, by Principal H. H. Stuart, Douglastown.

Friday, Oct. 7.  
3rd Session, 9 a. m.—Paper on Drawing, by H. H. Hagerman, of the Normal School.  
11 a. m.—A paper on Kindergarten Methods as Applied to Primary Work.  
4th Session, 2 p. m.—Election of officers.  
2.30 p. m.—A paper on School Management, by Miss Mabel M. McGregor, of Newcastle. Papers on Number Work.

## Are Your Glasses Right

It's not enough that you should wear glasses—you should be sure they are right—that they properly correct the irregularities in the shape of the eyes and that they fit the face properly.

There's one final test in regard to glasses—do they show results.

If you've been troubled with headaches, do your glasses stop them?

If your sight has been poor do your glasses give you good vision?

If the answer to these questions is "yes," you may be satisfied with your glasses; if not, better let us help you get the right kind.

## LOCAL NEWS

**Mr. Sullivan Gets License.**  
At a special meeting of the Liquor License Commissioners yesterday morning the transfer of the license held by Mrs. J. J. Power, corner British and Prince William streets to Patrick Sullivan, of Douglas Avenue, was approved. There were present: Chairman Eagles, Messrs. Florence McCarthy, T. A. Linton, and secretary J. B. Jones. Mr. Sullivan recently purchased the house and license, paying, it is said, five thousand dollars for the former.

**Capt. DeBury Goes to England.**  
Capt. H. R. V. DeBury, who for the past five years has been professor of artillery, tactics, reconnaissance and military law at the Royal Military College, Kingston, Ont., has returned to England to again take up his duties with the Royal Garrison Artillery. Capt. DeBury, who is a son of the late Count R. V. DeBury, was sent from England by the imperial authorities to fill this important post, has completed his term. His successor is Capt. F. R. Sedgewick of the Royal Field Artillery.

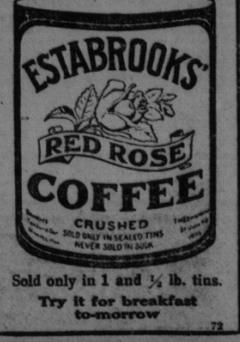

**Big Coal Contract.**  
The Empire Coal Company, whose coal areas are situated near Marston, recently purchased by a new company of which the directors are W. H. Thorne, St. John; R. A. O'Leary, Richibucto; W. S. Montgomery, Dalhousie; D. R. Sherry, Memramcook; H. A. Powell, St. John; and Thomas Eagle, St. John, has secured a year's contract from the I. C. R. for 100 tons of coal per day. This contract together with the local market for coal, will enable the company to carry on operations on a fairly extensive scale. The coal areas are said to be extensive.

**Ocama Arrives.**  
Str. Ocama, Capt. Coffin, arrived yesterday morning from Demerara, West Indies, etc., with mails, passengers and general cargo. She brought 30 passengers, made up of 5 saloon and 25 second class. Among the latter were 6 Chinese bound for Hong Kong. The saloon passengers were as follows: Miss Emily Thomson and Miss Elaine Thomson, from St. Vincent and Grenada; Messrs. H. M. Bayars and M. R. Malone and Mrs. David Brown. The Misses Thomson are quite young and are en route to visit their uncle, J. Prudhomme, a lawyer at Winnipeg. Mrs. Brown goes to St. Martinus.

**W. F. Burditt's Good Work.**  
It is not generally known that the new cattle sheds at the Dominion exhibition were built from plans and specifications prepared by W. F. Burditt, chairman of the building committee. Mr. Burditt devoted a great deal of his time to the work and is entitled to the credit of having designed what were admitted by experts who visited the exhibition, to be the best and most up to date sheds on the continent. A member of the executive speaking to The Standard yesterday said a wrong impression had been created and in justice to Mr. Burditt he felt the facts of the case should be made public.

**Meet at Hartland.**  
The annual provincial convention of the W. C. T. U. opened Tuesday at Hartland, N. B. About fifty delegates will be present from various parts of New Brunswick and Prince Edward Island, also the New Brunswick officers. The delegates from St. John who will leave this morning for Hartland are: Mrs. C. R. Flanders and Mrs. Humphrey, city union; Mrs. Jas. McAvity and Mrs. Patterson, North End union; Mrs. O. D. Hanson and Mrs. W. Stevens, Fairville union; Mrs. J. H. Gray, of Fairville, provincial president, will preside, and Mrs. Howard Sprague, of Sackville, formerly of St. John, vice-president for New Brunswick, will also be in attendance. Mrs. A. O. Rutherford, of Toronto, for many years Dominion president of the W. C. T. U., will be the speaker at the convention. The last session will be held on Thursday.

**Good coffee means a good breakfast. Nothing takes its place. Nothing tastes so good. Estabrooks' Coffee has the vigorous strength and delicate richness which brightens and satisfies the appetite. Clears the brain. A good starter for the day.**

## ISSUE CALL TO SUNDAY SCHOOLS

Attractive Programme Arranged for Annual Convention at Woodstock Oct. 11-13--Rev. W.S. Brown Coming

**WOODSTOCK, OCT. 11-13.**  
This is a call to Sunday Schools to send delegates to their annual convention. It may be in doubt as to the wisdom of making special effort to go, these should read the programme. It will pay live workers to attend and take part in these meetings. The other class, if they are sure they are dead, would better stay at home.

The great Washington convention of this year made history. Teachers and scholars who could not take it in may get some of its uplift at Woodstock. More than ever before it pays today to "get the touch" of a common crusade. So, from Victoria to Westland, from Gloucester to Charlotte, and all in between, men and women should turn now to Woodstock for inspiration and education.

A feature of interest is the appearance of the new Provincial Secretary, Rev. W. A. Ross. He has already made a place for himself in his chosen work. This occasion will bring him face to face with the helpers he must use.

The international representative this year is new to New Brunswick, but Mr. Brown made good long ago. He brings a message and a method of peculiar timeliness. A large and strong representation of Sunday School workers should be at Woodstock to get his message. The convention will be held in the United Baptist church. This is the programme:—

**First Session—Tuesday Oct. 11.**  
2.30 p. m.—Elementary Institute, conducted by Mrs. W. C. Matthews.  
3.00 p. m.—Meeting of the Executive Committee.

**Second Session—Tuesday Oct. 11.**  
7.30 p. m.—Song and devotional service, Rev. H. G. Kennedy.  
8.00 p. m.—Appointment of committees; address by the president, Andrew Malcolm; greetings from P. E. Island; music; "A Great Opportunity," W. A. Brown, Missionary Superintendent; International S. S. Association.

9.45 p. m.—Closing.  
**Third Session—Wednesday Oct. 12.**  
9.30 a. m.—Devotional, Rev. R. W. Weddall; minutes.  
9.45 a. m.—Reports from counties; report of Executive Committee, Andrew Malcolm; report of General Secretaries, Revs. J. B. Ganong and W. A. Ross; address, "The Missionary Spirit," W. A. Brown.

11.30 a. m.—"The Divine Spirit a Fundamental Doctrine," Rev. G. M. Campbell, D. D.  
**Fourth Session, Wednesday, Oct. 12.**  
2.30 p. m.—Devotional, Rev. H. A. Archer; minutes.  
2.45 p. m.—Departmental reports; I. B. R. A., Alex. Murray; Home, H. H. Coleman, M. D.; Temperance, W. H. Parham; diaconia.  
4.00 p. m.—Address, Rev. Gordon Dickie.

**GREAT SINGER WILL ACCOMPANY DR. TORREY**  
McEwan, Famous Scotch Leader, to Take Part in Campaign in Queen's Rink—Special Pianist Also Coming.

**G. T. P. WILL TRY CAR FERRY AT QUEBEC**

McEwan, the famous Scotch singer, has been secured by Dr. Torrey for his great meetings at the Queen's Rink in November. He will also have with him a very fine soloist who is to take part in his meetings in New York state next month.  
The choir, which will be formed of local singers, will number upwards of 200 voices, and will be accompanied by Dr. Torrey's regular pianist, a performer of great ability.  
A number of the songs used at the meetings will be heard for the first time in St. John. Dr. Torrey considers it essential to have an accompanist thoroughly familiar with the music

and for that reason always takes with him his regular pianist.  
At the Torrey meetings in the Royal Albert Hall in London, England, which great building was taxed to its utmost to hold the vast audience which assembled nightly for weeks, the singing was a noteworthy feature and for many months after the conclusion of the mission the songs were constantly whistled in the streets of London.  
The eucharistic congress picture at the Nickel proved of great interest to thousands yesterday afternoon and evening and preparation is being made for another rush of patrons today. The great film record of the imposing scenes at this Roman Catholic convention in Montreal was of unusual educational worth and the photography was excellent. About the only fault possible to find with the film was the rather quickened movement of the figures in the photograph at times, due to faulty speeding of the camera that took the picture, which it was impossible to rectify. Everybody seemed greatly pleased with the feature and the Biograph picture, for the benefit of the schoolchildren who are at their studies until 3.30, will be given. The remainder of the Nickel's show was up to the usual high standard. Mr. Myers sang in the City Where Nobody Cares, the Mackinac children had a cute double number and the Biograph picture, A Summer Idyll and the Edison picture (after Emile Zola) The Attack On The Bridge, elicited much favorable comment.

# Chatham 9 Moncton 2 Football Teams Are Out More Records At Columbus

## Coveleski, Once a Hoodoo, Back In Majors With Wonderful Record

Remarkable things in Covey's work. Won 20 of 29 games, one being tied. Eight of his victories were shutouts. Not more than three runs scored off him in any of his winning games.

In only one game did the enemy score more than four runs, and in only two games more than three runs.

He pitched one no-hit game, four two-hit games, six four-hit games, four five-hit games and four six-hit games.

In only four games were more than six hits made off him.

In his 20 winning games but 23 runs were scored off him.

His team was shut out in four of the eight games he lost.

Only 30 hits were made off him in the eight games he lost.

In three of the losing games, he allowed but three hits per game.

In one losing game he pitched no-hit-no-run ball for nine innings.

They say that all Birmingham had to do was to toss Coveleski's glove onto the mound, tell whom it belonged to, and then go in and win while the other fellows stood around petrified.

The Birmingham management followed a system in pitching the big Pole, which seems to have worked splendidly. Instead of pitching him in his turn, every five or six days, manager Molesworth put him in twice in

HARRY COVELESKI

Cincinnati, O., Sept. 24.—Harry Coveleski, the giant left hander, declared to wild to keep by Manager Clarke Griffith, has returned to the Reds after a wonderful season in the southern league. True, his record was made in a minor league, but the Southern is but one class removed from the big leagues.

Coveleski went to Birmingham discredited. It was blinted he had a streak of saffron a foot wide. Some said he'd soon be back in the Tri-state, where he hailed from originally.

When released by Cincinnati, Covey shed tears, and exclaimed: "Released! Why, don't they even think enough of me to keep a string on me?" He didn't understand. The string was there all right, only he didn't know it. And the Reds tried hard all season to jerk the big fellow back by means of this same string, but without success.

No southern league club was able to do anything with Coveleski during the last six weeks he was in the organization. When he was announced to pitch the opposition curled up and

some four-game series; twice he doubled up the Pole in three one-game series, permitting him to rest for the next six or seven days. The result

is that Covey is back among the big ones again, apparently as good as when he beat the Giants out of a pennant two years ago.

## RIVAL TEAMS AT PRACTICE

Moncton and Halifax Squads Are Getting in Shape While There is Little Doing in St. John.

It is time now that football squads are getting down to work, although the weather during the last few days has not been very encouraging. Moncton and Halifax papers tell of the prospects of the teams with which St. John clubs are likely to arrange games. The Moncton Times says:—

Football players by the score went out for the first practice, which was held on the M.A.A.A. field Saturday afternoon. The afternoon was a shade on the warm side for good football. The early part of the afternoon was spent in running around the field trying to get back some of the wind the boys lost during the summer months and inside of a few days it is hoped they will be in condition to settle down to real hard work.

As soon as the boys loosened up Captain Dayton called his men together and picked two teams and set them to work and to see some of them going at it you would think that it was about the middle of the season. Scrim work was indulged in a lot, and they did fairly well. The half line, comprising stars such as Dayton, McBeath, McConnell and Richard, worked out fine. Passing and dodging was great for the first workout. Some promising candidates, all young fellows, were seen on the field and with further workouts and a few pointers should make some of the "Old Bucks" retire from the game. The locals will miss John Brown on the team this year and will have a hard time to replace him.

Captain Dayton, after practice, in speaking about his men said he thought he had the makings of a good team; in fact as good, if not better than any that has ever represented the city of Moncton. The next regular practice will be published later.

## RECORD GOES AT COLUMBUS

Ross K. Sets New Mark of 2.03 1-4 in \$5,000 King Stake -- Dirt Lost Deciding Heat in 2.13 Pace.

Columbus, Ohio, Sept. 26.—Ross K., on a track softened by rain of Saturday, won the King stake of five thousand dollars, for 2.05 paces a new record today, when he paced the first heat in 2.03 1/4. He won without effort, and the next two heats came easily.

By the conditions of the event six horses shared in the money division. Ross K. won \$2,000 and Bland S., sixth, \$400. T. W. Murphy, who drove in each of the fifteen heats on the programme, rode six of them back of Dirli and won two seconds. One heat was necessary to settle the 2.13 pace that came over from Friday, and it gave Fred F. a decision over Dirli, which later was selected to win the 2.18 pace. Two heats of this race were taken by the favorite. Then he tried and Dirli Grattan got the race by winning the next three times.

Bernaldo, of the Murphy stable, made it one, two, three, in the 2.13 trot, being able to outbrush Olive F. in the stretch. Major Wellington, the first choice, was twice third and once last because of a break.

To handle the 2.19 trotters, it was necessary to cut the event into divisions. The first started with Creighton as the favorite. He won the first heat in slow time, but was second to Admiral Red in the next heat when the time dropped to 2:09 1/4. A third heat was won easily by Admiral Red and then the race was postponed until tomorrow to be resumed just before the second division is taken up.

## LAJOIE LEADS BIG LEAGUE RACE FOR AUTO

French-Canadian Fairly Sure of the Much-Coveted Machine -- Cobb Second and Speaker Third.

A gain by Warner was about all the changes in the race for the auto among the leading batmen of the big leagues. Hans is now in sixth place and coming strong. Lajoie has a comfortable lead, however, and is pretty sure of the car. Speaker is a good third.

The figures are:—

Player	Ave.
Lajoie, Cleveland	.373
Cobb, Detroit	.361
Speaker, Boston	.342
Campbell, Pittsburgh	.335
Magee, Philadelphia Nat.	.336

Konetchy, St. Louis Nat.	.288
Byrne, Pittsburgh	.286
Chase, New York Am.	.285
Karger, Boston Am.	.284
Burns, Cincinnati	.283

## GREEKS HAVE AMBITIONS

Ann Arbor, Mich., Sept. 26.—Where will the next champion come from, is a question often asked and always interesting in athletic circles. The identity of the man who will take the place of a title holder is a matter of interest.

Universities and athletic clubs usually furnish new champions, and the breaking of a record by a novice or star is heralded from one end of the land to another.

But whoever thought of looking into a shoe shining parlor for a record breaker?

Right here in little Ann Arbor, in the shadow of the university administration building, two Greeks, Charles and Paul Preketes, twenty-one and nineteen years respectively, do a thriving business shining shoes.

That they had any other life aim than the gathering of dimes might never have been known had not a student discovered a high jumping paraphernalia in the rear of their shop and wormed from them the fact that they are practicing daily for the 1912 Olympic games.

"We came from Megalopolis, Greece eight years ago," said Charles. "When we came here we had no idea of practicing for the games or of attempting anything in athletics. But as we grow older the thought often came to us. It is what you call the call of the blood I guess."

The father of the boys, Nick Preketes, according to the brothers' story, was a giant of six feet eight inches. He was the champion wrestler of Greece, and in the Olympic games of 1896 equaled the world's record for the hammer throw and was the individual star in the Hellenic games in Russia.

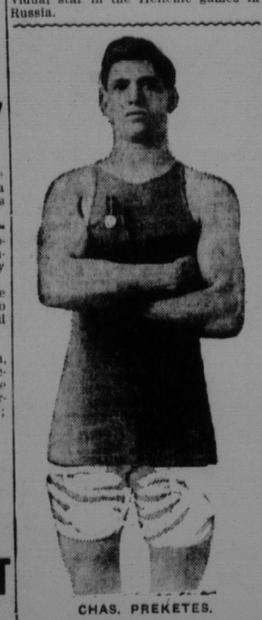

## ST. PETERS IX LEAVE FOR CALAIS TODAY

St. Peter's baseball team will leave today for Calais, where they play a series of three games with the Calais Stars.

The first games takes place tomorrow, and Manager Coughlan has procured the best material possible, including McGovern, Riley, Donnelly and Lynch.

Frank Harrington will be on the slab for St. Peter's. The other two games will be played on Friday and Saturday.

Following is the lineup: McGovern, catcher; Harrington, pitcher; Donnelly, 1st base; J. Mc Cormick, 2nd base; D. Lynch, 3rd base; A. Mahoney, short stop; C. McCormick, left field; J. Dever, center field; Harrigan, right field; Riley, sub.

CHAS. PREKETES.

Chas. Preketes is no infant, standing six feet one inch and weighing 188 pounds. His brother Paul, who is a six footer, weighs 156. He says Charles is a better developed man than his father.

Charles is an all-around performer. At present he has a mark of 129 feet with the discus, 44 feet with the shot, and has cleared the bar at 4 feet 12 inches in the standing high jump.

Paul does 5 feet 9 inches in the running high jump, and has stepped a mile in 4:37.

The brothers have trained, or perhaps practiced is a better word, for a little more than one year, and show steady improvement. They have little time to practice, but with the determination and patience which has characterized them since they left their home, coupled with the fact that they have two years in which to reach their limit before the games, it seems certain that the names of the Preketes brothers are bound to become famous.

The Funny Ways of Girls. Young Woman—Did you see the way that man looked at me? It was positively insulting. Big Brother—Did he stare at you? Young Woman—Stare? Why no; he ran his eye over me and then glanced off at someone else, just as if I wasn't worth a second thought.

## OFFICIAL AUTOMOBILE RECORDS

Owing to the misrepresentations made in regard to the automobile speedway free-for-all marks, the contest committee of the American Automobile Association has announced the records which have been officially accepted by that body. The records follow:—

Straightaway Free-for-All Records, Regardless of Class.

Distance	Time	Driver	Car	Place	Date
1 kilo	17.04	Oldfield	Benz	Daytona	March 23, 1910

## FAREWELL TO JAS. SCHOOLES

St. Martin's People Honor Popular Hotel Man on Eve of His Departure for Fort William.

St. Martin's, Sept. 27.—A number of the friends of Mr. James Schooles, the well known proprietor of the St. Martin's Hotel, gathered at the Quaco last evening to do him honor on the eve of his departure for his future home in Port William, Ont. Those present partook of a dainty supper after which followed an address and presentation.

The following address was read by the secretary of the committee in charge:—

Dear Sir:—The news of your intended departure to western Canada came upon us as a shock, for we had thought your future was bound up in St. Martin's, where, for the past few years you have successfully managed the hotel named after our village.

As a hotel man you have well earned a reputation for courtesy, energy and good nature.

As a citizen you are popular with young and old of all classes and creeds. As a friend you have proved yourself most worthy.

In giving you this farewell supper to accept this gift we only feebly express the friendly feeling of the people of the whole parish towards you as well as towards your mother and sister, we are remembering them in a slight way at tonight's entertainment. Kindly convey to them the evidence of our regards, and may you and they in your new western home enjoy prosperity, and the happiness you all so well deserve.

Dated at the Parish of St. Martin's, in the County of St. John and Province of New Brunswick, this 26th day of Sept., A. D. 1910.

F. M. COCHRANE, Chairman.

CECIL R. CALMAN, Secretary.

## THE COURTS.

The circuit court opens this morning at 11 o'clock in the courthouse. His Honor Mr. Justice Landry will preside. The indictments in the Italian murder case and in the fight picture case will be presented to the grand jury shortly after the court opens. Hon. J. D. Hazen, K. C., attorney general, will appear for the Crown.

In the probate court yesterday afternoon, Judge Armstrong presiding, the accounts of George E. Day, the administrator of the estate of the late Joseph Buchanan, mariner, were passed and an order of distribution was made among the two surviving brothers of the deceased, Henry and John. Messrs. Barnhill, Ewing and Sanford were the proctors for the administrator and Sherwood A. M. Skinner for Henry Buchanan.

Estate of John Riley, the adjourned hearing on passing of the accounts, two witnesses were examined. The administrator Joseph Riley and Thomas X. Gibbon who was appointed by the late judge of probate to conduct the affairs. Further hearing was adjourned until Tuesday, the 11th prox, at 3 p. m. Edmund S. Ritchie appeared for the agent, Homer D. Forbes for the administrator, John A. Barry for a daughter of the deceased, and Sherwood A. M. Skinner for the bonds men.

## THEN IT HAPPENED

Zeke Shuffle, the village sport, dropped into Old Man Greenhuth's and found the gang playing poker. Zeke sat in.

Fifteen minutes later Zeke found he had four jacks. Deftly slipping the yarn from round his roll, he bet the whole wad.

"I've got a straight flush," said his opponent. "What you got?"

"I've got nothing but a piece of yarn," sighed Zeke.

The End.

**CEETEE** Once worn—Always worn

Those who know the comfort and perfect fit of "Ceetee" Underclothing will wear no other.

Ask your dealer to show you "Ceetee." It is all size for men, women and children.

**EUCCHARISTIC CONGRESS**

GREAT SUCCESS ATTENDED THE SHOWING OF THIS WONDERFUL PICTURE YESTERDAY, and we are prepared for more big crowds today. An extra show will be run at 4:15 p. m. for the school children who are free from study at 3.30. The motion photograph is a most excellent one, except that in a few places the action is abnormal, picture-record for the people of the Roman Catholic church. During the showing of the picture last evening—with elaborate orchestral setting—applause was loud and frequent. Send the little ones in the afternoon.

## JOHNSON IS WILLING TO MEET LANGFORD

Boston, Mass., Sept. 25.—Jack Johnson has declared his willingness to accept the offered offer of a \$50,000 purse for a championship battle with Eam Langford in London.

"McIntosh is willing to give us each a \$25,000 or a \$30,000 purse," said Johnson, "and I am ready to accept that offer and go across the pond and settle this matter with Langford. But the purse must be posted here in America. That much I will exact now, so that McIntosh and Langford know where they are before I do business. McIntosh is O. K., but some of those Englishmen do not come up to my idea of sportsmen. I can get the money on the other side just as well as I can get it here."

"My reason for insisting on the posting of the coin in this country is due to the fact that I want to put aside all chances of temptation for certain Englishmen. That purse is enticing, you know, and there is no telling what may happen over there if it were left where it could be easily reached. If I win the bout I can get it here on my return, and I know that Langford will not have any trouble securing possession of it if he is victorious."

## RUMOR SPREAD THAT JOHNSON HAD BEEN SHOT

Boston, Mass., Sept. 26.—A rumor that Jack Johnson, the heavyweight champion pugilist, had been shot while performing at a local theatre, which spread like wildfire through this city late this afternoon, was found to be untrue.

Charles St. Clair, of North Weymouth, while watching Johnson exhibition from a front seat, dropped a revolver he was carrying, and one of the cartridges was discharged. No one was injured. St. Clair was arrested, charged with carrying a loaded weapon.

THE WEATHER.

MARITIME:—Fair, not much change in temperature.

Table with weather forecasts for Toronto, Ont., Sept. 26. Columns include location, temperature (Min. Max.), and other details.

Washington, Sept. 26.—Weather:—The disturbance which was centered in the Mississippi Valley Monday morning is taking a northerly course, and gradually losing strength.

AROUND THE CITY

Fred Munro Succeeds. Fred Munro, the drug traveller, has secured the business carried on in Union Hall on Main street by the late George Hoben.

A Heavy Cargo. The Spanish steamship Neko Mandi, which sailed from this port last Friday took away the following cargo: 2,335,996 feet spruce deals, 317,879 feet spruce scantling, 37,603 feet spruce ends, 116,501 feet spruce boards, shipped by W. Malcolm Mackay.

Partridge Island Telephone. The telephone company had not found out yesterday what the trouble was in connection with the wire to Partridge Island. It is supposed the cable has worn out, though it is possible it may have been fouled and broken by the anchor of a fishing smack. It will be repaired at once.

Boy Rescued From Water. About 5.30 o'clock yesterday afternoon Albert Jones, a seven year old boy fell into the water in the York Point slip. The young fellow set up a loud cry of distress and in an instant there were many persons on the wharf to give assistance. Some men who happened on the wharf immediately after the alarm had been sounded, managed to rescue the boy.

May Mean New Industry. M. W. Ingraham, of Glace Bay, who had a patent bed spring on exhibition at the Dominion exhibition, is coming to St. John shortly for the purpose of trying to arrange for the manufacture of his patent article here. Whether he will start a new industry or have his spring beds manufactured in one of the local factories has not been decided yet. One local bed manufacturer has, it is said, expressed his willingness to manufacture the patent article on a royalty basis.

Came From Bloomfield. The body of John Jenkins, who died in the general public hospital from epileptic convulsions is now in the hospital morgue and the coroner has been notified.

The man was found on Erin street in a fit and the address 53 Erin street was found in his clothing. On learning these details from yesterday's Standard, his friends who resided at Bloomfield, came to the city last night to take charge of the body which will be taken to Bloomfield for interment.

An Awful Experience. With both hands badly cut, and a deep gash in his leg several inches in length, Gus Porter, an inmate of the Provincial Hospital for Nervous Diseases, who had made a desperate escape, was discovered in a yard off Carmarthen street by Sergt. Thomas Caples and officer Fred Lucas at an early hour yesterday morning. When found the unfortunate man was shivering with the cold, being entirely naked, and in that state with blood pouring profusely from his nasty wounds, he presented a pitiable sight. How the man escaped without even more serious injury is quite a mystery as in getting away from the house he leaped from a second story window, after first smashing the glass with his fists, and completely removing the sash. He was taken back to the hospital.

Lost in The Woods. Horatio T. Belyea caused his friends some anxiety by getting lost in the woods near Grand Bay on Sunday night. Searching parties were sent out early yesterday morning, but while they were hunting the bush Mr. Belyea arrived at Martinon, and notified his friends in the city that he was all right. With Stanley Ross and Otto Campbell Mr. Belyea went up to Grand Bay Saturday in a motor boat to spend a week-end in the country. On Sunday morning they separated, agreeing to meet at the boat in the evening. When Mr. Belyea did not turn up his companions telephoned W. H. Dunham at Steven's Station, and arranged to send searching parties in the morning. Mr. Belyea says he lost his bearings and thought it would be better to take a nap than wander around all night. He was little the worse for his experience.

PERSONAL. Mrs. John Scott and son, of Montreal, are in the city. They have been on a visit to Nova Scotia. Mr. Scott who is in city editor of the Montreal Gazette, is expected to join his family here today. Mrs. A. Campbell and son Howard of Sydney street, are spending a few days in Boston and New York and before their return will visit friends in Milton, Mass. On enquiry last night it was learned that William Bowden was still in a precarious condition.

GREAT WHITE WAY WILL BE PERMANENT

J. H. Doody Announces That He Has Concluded Arrangements With Merchants for Special Street Lighting.

J. H. Doody, who is promoting the scheme to keep in operation the street lights put up for the exhibition on Dock, King and Charlotte streets, as far south as Princess street, stated yesterday that all the principal merchants on the streets named had expressed their willingness to bear their proportion of the expense. The special lights, he said, would be turned on at the first of the month in front of all the stores whose proprietors had agreed to pay for the extra lighting. The merchants who will not pay will be left in darkness. Mr. Doody, it is understood, has made an agreement with the street railway regarding the use of the special lights, and he is sub-letting the lighting to the merchant for such rates as he can get. Some of the merchants object to dealing with a middleman, as they think if the street railway supplied the lighting direct to the parties interested the charges would be lower. An effort was made to have the city bear 25 per cent. of the cost of the extra illumination, but the aldermen were not particularly favorable to this idea and it was abandoned.

PIPE LINE HERE FOR NATURAL GAS

Officers of Company Controlling Albert Co. Gas Looking Forward to Bringing Product to St. John.

J. A. S. Henderson and O. P. Boggs of the Maritime Oil Fields Company, Ltd., were in the city yesterday. They were accompanied by L. A. McGeech, of Glasgow, Scotland, one of the directors of the company who has been inspecting the property near Moncton.

Speaking to a reporter Mr. Henderson said the development work was proceeding satisfactorily. Recently one of the borings opened a gas pocket which gave a pressure of 530 pounds to the square inch, or more than double the steam pressure in the average boiler. "We are making plans," he added, "to supply the city of Moncton with gas, and we hope in time to construct a pipe line to St. John and supply that city and the intermediate towns. "As yet we have not made any effort to market the oil, though we have a thousand barrels or so in storage. At present we are chiefly interested in conducting boring operations with a view to determine as far as possible the extent of our gas and oil resources. So far we have had every encouragement to proceed. "We are not looking for new capital. We have all the backing needed, and will proceed with the work of developing our property as fast as circumstances warrant. The oil is of an excellent quality."

TELEPHONE MATTER BEFORE COMMISSION

Board of Trade Committee Making Arrangements to Present Question of Higher Rates to Board of Public Utilities.

A meeting of the committee of the Board of Trade, appointed to consider the question of the telephone rates before the Public Utilities Commission was held last evening. It was stated at the close of the meeting that an endeavor would be made to have the question presented to the commission at its regular monthly meeting on Wednesday, but that it had not been definitely settled in whose name the case would be brought up. It was said a conference would probably be held today with H. A. Powell, K. C., who has been selected to represent the Board of Trade before the commission with a view to completing arrangements to have the matter proceeded with tomorrow. Besides the members of the committee, W. H. Thorne and W. Frank Hatheway were present at the meeting.

RAILWAY UNIONS ASKED TO CO-OPERATE

Local Branches of International Brotherhoods Will be Invited to Send Representatives to T. and L. Council.

The local unions of the big international brotherhoods of railway employees will be asked to send delegates to the trades and labor council of St. John. In the big cities of Canada the railway brotherhoods have for some time past joined forces with other unions to secure legislation in the interest of the workers generally. At the meeting of the representatives of the four big railway unions in New York the other day a resolution was adopted declaring that union men should strike at the ballot box and this, it is felt, will have the effect of inducing the local railway men to ally themselves with the general body of organized workers in an effort to improve their condition by bringing their influence to bear at election time.

NORTH END PARTY HAS MUCH SUCCESS

Moose and Deer Brought Out by Jarvis Purdy and Friends --Seven Moose on Sincennes This Season.

The steamer Sincennes arrived at Indiantown yesterday with a large cargo, including the carcasses two deer and a moose. One of the deer weighed 195 pounds when dressed. The moose and the deer were shot by a hunting party consisting of Jarvis C. Purdy, James Hatfield and James Parks. The party went into the woods in the vicinity of Cannan last week and will stay away some days longer to see if their luck holds. The carcasses were on exhibition yesterday in the store of Hon. D. J. Purdy, North End. They are splendid specimens of the denizens of the forest, and the party are to be congratulated on their skill as hunters. Capt. Mabee of the Sincennes has brought seven moose to St. John since the season opened.

ANOTHER STAGE IN WEST SIDE TRANSFER

Civic Committee Will Report That C. P. R. is Willing to Receive Property and Remove Tracks from Germain Street.

The civic committee appointed some time ago to take up the question of transferring the 40 acre lot on the West Side to the C. P. R. in exchange for the strip down the Beacon bar, will submit their report at the meeting of the board of works today. It is understood that the committee will be able to report that the C. P. R. has agreed to accept several important conditions which the city wished to impose, namely, that the railway company should undertake to construct the sewers through the 40-acre lot and remove its tracks from Germain street West, when the lot is filled in, thus giving the city the full use of this thoroughfare. The minister of public works promised sometime ago on behalf of the government to build the sea wall and fill in the lot. The C. P. R.'s concessions are, it is said, conditional on the government fulfilling its part of the agreement.

IMPORTER PLEASED WITH P.E.I. STOCK

A. H. Thompson Was Purchaser of Sheep at Charlottetown Exhibition--Horse Show Better Than Display Here.

A. H. Thompson, the well known importer of pure bred cattle and horses, arrived in the city yesterday from Charlottetown, P. E. I., where he has been attending the exhibition there. While on the Island he purchased a number of sheep for the agricultural society at St. Stephen. Mr. Thompson has recently imported a number of sheep for breeding purposes from Ontario. Some of them will be sold by public auction at Newcastle and the others at Moncton. The cattle exhibit at the Charlottetown fair was one of the best I ever saw, said Mr. Thompson. The exhibit of horses was superior to that at the Dominion exhibition.

LEAVE CHAIN GANG AT COURT HOUSE

George Rawlings, a Sailor, Second to Escape Within Few Days--Got Clear Away Before He Was Discovered

To have the chain gang at work in the court house seems to be a grand chance for the prisoners to escape. On Monday Barney Devine, a prisoner, who was doing an eight month sentence managed to make good his escape while the other prisoners were working in the court house. It was some time before the guards knew that Devine had got away, and it was then too late to make any attempt to capture him. Yesterday afternoon George Rawlings, a sailor, who was doing a two months' sentence in the jail gang for refusing duty on board a Manchester liner, also made his escape. The gang was at work cleaning up the court house when all of a sudden the cry was raised that Rawlings had gone. The sailor did not appear to have had a hard time to follow the footsteps of Barney Devine, who escaped the day before, and when the guards discovered that he was one of the missing, their search was in vain, for the sailor was well out of the city and taking the high road to the country districts.
