

AUSTRIAN LOSSES 120,000; CANADIANS IN HARD FIGHT

A HARD DAY FOR FORCES OF CANADA

Boys from Dominion Make Gains in Region of Green Crassier.

ENEMY SUCCEEDS AT OTHER POINTS

New and Important Outposts Established by Canadians in Avion.

By Stewart Lyon, Special Correspondent of the Canadian Press in France, Canadian Army Headquarters, Sept. 7.—After a day of hard fighting following the attack by our troops in Green Crassier area near Arras, the enemy counter-attacked this morning all along the front to the west of Lens. He succeeded, after several efforts, in driving us out of part of the positions, the coming of which was told of in yesterday's despatch, but in the region of Green Crassier the gains made by our men were not only held, but extended, and our new front constitutes a serious menace to the enemy positions along the northern side of the Souchez river. In the northern part of Avion also, where the line has been stationary for some time, new and important outposts have been established.

Fierce Resentment. The enemy has shown fierce resentment at these forward moves and has shelled the entire front heavily, using larger shells than have hitherto been seen in this area.

Against the clouds of gas released in this way our men's masks are a perfect protection.

The lying story that the Canadians take no prisoners and that therefore German who meet them in battle may as well resist to the death because they will be killed after capture has cropped up again, this time in official enemy documents.

WILL HIT THE GERMAN VOTE IN WATERLOO

Kitchener, Ont., Sept. 7.—The new franchise act introduced in the Commons makes a clean sweep of twelve hundred names from the voters' list of this riding. It was learned that a strong appeal was made to Sir Wilfrid Laurier today to vigorously oppose the measure in the interests of the electors of North Waterloo, both in the Commons and Senate.

Liberals in Caucus. Ottawa, Sept. 7.—Liberals were in caucus this morning to consider what course they will adopt in regard to the wartime election act. It is understood that with possibly a few exceptions the members expressed themselves as being opposed to some provisions of the bill.

Opposition to the second reading will probably call for the giving of the franchise to all women.

Union in South Winnipeg.

Winnipeg, Man., Sept. 7.—The "Get-Together" meeting of South Winnipeg Liberals and Conservatives, held last night, adopted the following resolution:

"Realizing as we do the critical position of Canada today and recognizing that the paramount issue for the Canadian people at the present time, is the bringing of the war to a successful close as early a date as possible and that in order to accomplish this end there should be conscription of men, money and other resources, and realizing the importance of all electors in each constituency who hold similar views uniting for the purpose of electing a man pledged to such views, we therefore recommend that the electors in South Winnipeg endeavor to agree upon the union and pledge to support, above everything else, the views above set forth."

The Laurierites Will Obstruct Government Franchise Measure

Lose-the-War Liberal Element Are Enraged and Chagrined Because Bill Eliminates Foreign Element of the West Upon Which They Depended for Support at the Polls.

Measure Will Be Taken Up Today—Mariner G. Teed of St. John and John McCaffrey of Fredericton on Board of Selection—Senate Will Vote on C. N. R. Bill Monday Night.

Special to The Standard. Ottawa, Sept. 7.—Laurierites, lose-the-war Liberals are enraged at the government's franchise act. The elimination of the foreign vote, upon which they had frankly based their hopes of victory in the approaching election has convinced them that it is now impossible and they are preparing to do everything possible to obstruct the bill in parliament. Today Sir Wilfrid Laurier asked the government if it would be willing to delay consideration of the measure until Monday next. The reply was that his request would be granted if he agreed to have the bill voted on on Tuesday night.

Taken Up Today. The result is that the act will be taken up tomorrow, and the government proposes to force it through the house with all possible despatch. Sir Robert Borden has made up his mind that parliament must finish its labors without any unnecessary delay and does not propose to have the affairs of the country held up by politicians striving to get sordid party advantages through the medium of a dilatory vote in the west. The Prime Minister is willing that there should be reasonable discussion of the franchise bill and will be glad to consider all suggestions honestly designed to make it a better and stronger measure, but any attempt at obstruction will be met with prompt application of the closure. It is therefore altogether likely that the bill will reach its second reading under closure by the end of next week and that prorogation of parliament will come within a fortnight, there being little else left in the way of legislation.

Laurierites Amazed. The Laurierites are amazed and chagrined at the speed with which the government is getting things in readiness to enforce compulsory military service. The radical leaders who were preaching civil war a few weeks ago are now witnessing the government in the act of calling their bluff and from all reports are coming from Quebec the Prime Minister holds all the trump cards. The Laurierites are now admitting that Quebec will accept compulsory service and they are trying to save their faces by protesting that when they protest they merely mean that the draft law would be fought in the courts.

The vote on the Canadian Northern bill will be taken in the Senate on Monday evening. The government's majority will be small. The government made an announcement today in connection with the bill which cuts the ground from under the feet of the bulk of the Liberal argument against it. It is that the government proposes to fix a limit to the amount that will be paid the Canadian Northern for stock no matter what the award of the arbitrators will be; and that if there are any undisclosed liabilities of the company their amount shall be deducted by the government from the amount of the award.

Local Tribunals.

Ottawa, Sept. 7.—(Canadian Press)—Sir George Foster submitted a motion naming the following members of board of selection to appoint members of local tribunals under the Military Service Act:

- Ontario—A. E. Fripp, M.P. for Ottawa; W. A. Boyd, M.P. Barrie, Ont.; Sir John Gibson, Hamilton, Ont.; A. B. Lowe, Ottawa.
- Quebec—Joseph Rainville, M.P., St. Lambert; Romeo Langlois, K.C., Quebec; Hon. E. N. Parson, Montreal; Hon. Sydney Fisher, Knowlton, Que.
- Nova Scotia—George S. Campbell, Halifax; D. A. Cameron, Sydney, N.S.
- New Brunswick—Mariner G. Teed, St. John; John McCaffrey, Fredericton, N. B.
- Manitoba—Senator W. H. Sharpe, Manitoba; Sir Daniel MacMillan, Winnipeg.
- Saskatchewan—Senator H. W. Laird, Regina; Arthur Hitchcock, Moose Jaw.
- Alberta—R. B. Bennett, M.P., Calgary; Alfred H. Clark, K.C., Calgary.
- British Columbia—R. F. Green, M.

ABYSSINIANS HAVE WAR OF THEIR OWN

London, Sept. 7.—The struggle in Abyssinia, between government forces and troops of the deposed Emperor Lijl Jassu, who recently escaped to the mountains after having been surrounded by government troops at Magdala for six months, has resulted in the rout of Lijl Jassu's army after a fierce battle, according to a Reuters' despatch from Addis Ababa under date of August 28.

The former Emperor's best generals were killed, while in action and it is believed that he himself was shot while attempting to escape, but this has not yet been confirmed. The engagement took place in the neighborhood of Desale.

RUSSIA DECIDES TO EXILE TWO GRAND DUKES

Former Confidant of Ex-Empress Alexandra Also To Go.

NICHOLAS WILL BE WATCHED

Petrograd, Sept. 7.—The newspapers today report that the government has decided to release and exile abroad, as a result of recent exposure of a counter-revolutionary plot, Grand Duke Michael Alexandrovich, Grand Duke Paul, Mme. Vrubova, confidant of former Empress Alexandra, who lately was released from the Petropavlovsk fortress; former Minister of the Interior Khvorostov, and the former palace commandant, General Yovukoff. Former Premier Sturmer's secretary, the notorious Manassevitch-Maunilov, was sent abroad yesterday.

It develops that the arrest of Mme. Margaret Hitrovo, said to have been one of the chief conspirators in the plot, was effected when she was caught trying to enter the prison of former Emperor Nicholas at Tobolsk with a letter. Her correspondence was seized and she was put aboard a steamer under a heavy guard and despatched to Petrograd. The government has sent three commissaries to Tobolsk to watch the former emperor.

GERMANY READY FOR PEACE

Foreign Secretary Von Kuehlmann and Phillip Scheidemann Acknowledge It.

Amsterdam, Sept. 7.—The statement that the German foreign secretary, Dr. Von Kuehlmann, is in favor of a negotiated peace, is made in a despatch from Vienna, which the secretary recently visited.

The overwhelming majority of the German people are for a peace by conciliation, according to an article by Phillip Scheidemann, published in the Vorwaerts. The article urges the imperial chancellor to discredit the present pan-German manoeuvres for a "Hindenburg peace."

The Socialist leader says that no one in Germany wants peace at any price, but that those who live with the people know the real feelings of the army and navy. They know Germany will defend herself to the last drop of blood and at the same time, they know also that Germany is ready today to sign a conciliatory peace. Therefore, Herr Scheidemann considers that the propaganda for conquest now being preached reaches the limit of consciousness. He adds that most of the German people favor peace by conciliation and declares that it is the first duty of the government to state solemnly that it has nothing to do with the pan-German tactics.

KAISER AIDED THE RUSSIANS IN WAR WITH JAPANESE

Tells Nicholas in Secret Telegrams He Went as Far as He Could to Aid Him Without Violating Neutrality Openly—Advised Emperor of Russia to Place Responsibility for Japanese War and Peace Conditions on the Duma, Thereby Evading Blame.

The War Lord Interfered in Morocco Question and Aroused Ire of France and Britain, Precipitating Fierce International Controversy, and Russia, France's Friend, and Germany's Secret Ally, Found Herself in Embarrassing Position—Kaiser Apparently Directed Certain Russian Affairs.

SPECIAL DESPATCH TO THE STANDARD.

Stockholm, via Paris, Sept. 6.—Thursday, the third and last installment of the secret telegraphic correspondence between Kaiser Wilhelm of Germany and Tsar Nicholas of Russia reveals the German Emperor urging Nicholas to place full responsibility for war or peace consequences during the Russian-Japanese peace negotiations on the Duma, in order to save himself.

The Kaiser, whose government now deals drastically and mercilessly with the people's representatives who dare to criticize Germany's role in the present war, hypocritically advised the Tsar in 1905 to listen to the voice of the people.

On July 29, 1905, he sent this telegram to Nicholas from Danzig: "With actual spirit prevailing in Russia disaffected masses would try to place whole responsibility for all disadvantage or consequences on your shoulders and all successes as the result of Witte's personal management. It would be excellent as first task for these Duma representatives if you gave them the peace treaty after it is first formulated, to vote upon it thus leaving the odium of decision to the country and thereby giving the Russian people a voice in the matter of their own prosperity. The outcome would be their work and therefore stop the mouths of the opposition."

On August 20th, 1905, the Kaiser again telegraphed to the Tsar as follows: "I gather that in general peace negotiations are going on satisfactorily, but that some points offer difficulty to settlement before you take final decision for peace or continuation of war."

"Latter will be of far-reaching consequences and will cost unlimited lives, blood and money. I should fancy it excellent procedure to submit the question to the great Duma first."

AUSTRIANS ARE BATTLING TENACIOUSLY TO HOLD THE HEIGHTS NEAR GORIZIA

Italians Continue to Press Home Their Attacks Despite Stubborn Resistance—Whole Region on the Carso Front is Inferno.

Heavy fighting for the possession of Monte San Gabriele and other important positions northeast of Gorizia still in progress, but the Italians are pressing home their attacks despite desperate resistance. Although suffering heavy losses, the Austrians are battling tenaciously for the heights positions. General Cadorna's latest report, however, says that the Italian pressure is continuing decisively. The Italians have added two hundred more to the number of prisoners taken in the fighting here.

Battle Rages. On the Carso and in the region of the Hermada, the Austrians have stopped their unsuccessful attacks, but the artillery battle rages incessantly, making the whole region an inferno. Only local infantry actions for the purpose of straightening out their lines have been carried out by the Italians.

In their present drive the Italians have already taken 30,000 prisoners and the total losses of the Austrians are estimated at 420,000. Northeast of Gorizia the Austrians hold a serious menace to the German positions along the Souchez river. On the French front there was no infantry activity Friday.

London, Ont., Sept. 7.—Father Laurendeau, who was recently ordered by Bishop Fallon to take charge of Our Lady of the Lake church at Ford city, leaves London Saturday, notwithstanding the objections to him, and expects to conduct a service Sunday morning. Last night he was presented with a purse of gold by his former parishioners here.

CANADA MUST SELL TO GREAT BRITAIN ON CREDIT, DECLARES W. H. ROWELL

Liberal Win-the-War Leader of Ontario Says the Reason Why United States is Getting Orders is Because She is Able to Sell Material to Great Britain on Credit.

Toronto, Sept. 7.—"Britain is giving her orders for munitions to the United States and our works are threatened with closing down, for why? Because Great Britain has come to a point where she cannot possibly pay in gold, after the great assistance she has given to the Allies, and she must purchase on credit. The United States can sell her on these conditions and why should not Canada be able to do likewise?"

"Such was a statement made by N. W. Rowell, K.C., in the course of a speech at the directors' luncheon at the exhibition today.

"This war is the most gigantic business undertaking our humanity has ever known," said Mr. Rowell.

SOLDIERS NOT HELD BACK IN IDLENESS

Britain Not Using Dominion Troops to Save Her Own—What the Actual Facts Are. Been Held up—Great In-

London, Sept. 7.—(Via Reuter's Ottawa Agency)—Reuter's has received the following authoritative statement regarding the respective parts played by the Dominions and Great Britain in the war:

"In America and elsewhere, the false idea that large numbers of trained soldiers, fit for service overseas, are retained in idleness in the United Kingdom. The authors of this false would like to spread the report that Britain's reserves of men are exhausted. That is entirely fictitious. The millions stated to be in reserve in the United Kingdom include all men trained and training to be in readiness to provide British drafts in the five theatres of the war; also the sick and wounded, those unfit for general service, the training staffs and the labor and administrative units necessary at the main base of the Empire.

Proportion of Troops. "As regards the comparative efforts of the motherland and the dominions in the actual war as an excluding the troops garrisoning India and the defended parts throughout the world, the proportion of troops of the motherland to those of the dominions is between six and six to one. It must be borne in mind that this proportion is natural since the proportion of the white male population of the United Kingdom to that of the dominions is over three to one.

"Some thought that dominion troops were being more freely used than those of the motherland. This was a fallacy. The proportion of motherland troops and casualties on the western front is higher than the dominions. The following are the figures in the four big battles:

"The Somme, Arras, Ypres and Meuse-Argonne. Divisions engaged—Motherland and dominions, respectively: Somme, five to one; Arras, three to one and two to one; Ypres, seven to one; Meuse-Argonne, five to one.

"Battles of casualties per division—Motherland and dominions respectively: Somme, five to four; Arras, seven to one; Ypres, five to one; Meuse-Argonne, seven to three.

SALVAGED A STEAMER OFF FARGOULEN ISLANDS

A Big Freighter Was Successfully Floated and Has Arrived at Halifax—Five Lane Ducks There Now.

(Chronicle, Halifax.) Another steamer has been salvaged from the Magdalen Islands through the efforts of H. Kjerland, Superintendent of the Quebec Salvage and Wrecking Company and A. MacGregor, representing the London Salvage Association. This is the steamer which went ashore on Amherst Island, one of the Magdalen group, on Saturday, August 26th. She is 7,800 tons, and was loaded with lumber when she struck. The damage to her bottom is slight, and she will be repaired here without going in the dry dock.

On Tuesday, August 28th, the Quebec Salvage and Wrecking Company's tug, Lord Strachan, left Halifax with H. Kjerland and A. MacGregor on board for the stranded ship. They arrived there Wednesday night, and immediately set to work to refloat her. The deck load of lumber was removed and placed on the island. Dr. Brigs was on the steamer, and was successful in hauling off the big ship. When it was found that there were no leaks she proceeded to the port under her own steam.

The arrival of this steamer will make five "lane ducks" at the Halifax Graving Dock's plant undergoing repairs. The steamer now in the dry dock will be there for some time.

ASSISTANT TO DR. GRENFELL IN CITY Called from Labrador to Provide by Selective Militia Draft.

Dr. L. R. Briggs of Providence, R. I., passed through the city yesterday on his way home from Northern Labrador. Dr. Briggs has been acting in the capacity of dental surgeon with the two government steamers, and immediately after his return to the United States on the selective militia draft.

Dr. Briggs was graduated from Harvard last June. He says that the Labrador has been favorable on the Labrador coast.

LETTER FROM W. H. BELL To the Editor of The Standard:

Dear Sir: At a meeting of the Common Council of the City of St. John, held on Monday last, the Commissioner McLellan took advantage of his position to assail me most unbecomingly on the subject of the milk question. His remarks were published in the morning papers of the 5th inst., and having received with the publicity they are doing grave injustice to my standing and reputation as a business man.

In the Telegraph's report Mr. McLellan is quoted as saying: "Most of the people haven't been getting milk, anyway. It is mostly skimmed milk." Again he is credited with the remark: "The milk is done up in such a way that it is almost impossible to tell the difference between the milk that is sold in the city and the milk that is sold in the country."

In the Standard the statement is made: "The milk is done up in such a way that it is almost impossible to tell the difference between the milk that is sold in the city and the milk that is sold in the country."

I have been doing business in this City for 18 years, always paying my bills, and by careful attention and hard work, I have established a fairly good business. The statement of the Commissioner that I came to the City without a nickel is absolutely untrue and unworthy of a man occupying the position that Mr. McLellan does for the time being. It is gratuitously insulting and baseless. I had considerable means when I came to St. John which I invested in my business.

There is absolutely no truth in the statement or insinuation that I skim milk, nor is there any foundation for the insinuation that the milk is skimmed and the cream used for other purposes. I am convinced that so far as the other milk dealers in St. John are concerned there is no ground for the Commissioner's remarks so far as they apply to them.

Thanking you, Mr. Editor, for the space, I am, Yours Truly, W. H. Bell.

EXPRESS FOR PROVINCES DELAYED AT VANCEBORO INCONVENIENCES DEALERS

For Seven Days Parcels Have Inconvenienced Shippers and Dealers—Express Arriving Now in Abundance.

For the past two days the Dominion express company service has been overworked on the run to St. John from Vanceboro, and all on account of an order from Washington being carried out by the United States Customs officers at the port of Vanceboro.

Just a week ago yesterday, the United States officers held everything coming east at Vanceboro, and the only reason given out at the time for such action was that orders received from Washington, were to the effect that no goods were to be shipped from that port into Canada unless accompanied by a permit. The shippers of express parcels in the States were unaware of such an order being issued, and accordingly were awaiting the arrival of articles from the States in all sections in the Maritime provinces, were greatly inconvenienced.

The articles expressed from the States include a great variety, and a number of visitors in town. The summer cottage people are closing their homes in town and at the nearby seaside resorts and returning to the city.

A large number of motorists were in town for Labor Day. Among strangers to spend the holiday in town were Mr. and Mrs. D. S. Harper of St. John, and Mrs. Harding of Bangor, were visitors at the home of Mrs. Geo. Scarborough during the week. On Saturday evening their hosts entertained them at a dinner at two tables of bridge. Mr. and Mrs. Edward and family, Ottawa, after some time spent at Brule have returned to the city. Miss Hilda Tait and Mr. and Mrs. E. Ross have returned from a motor trip to New Glasgow, N. S. Miss Hilda Tait returned to visit her sister, Mrs. Fraser, Mr. and Mrs. Ross returned on Monday to their home in Quebec.

Miss Edna Macdonald after a vacation at her old home here has returned to St. John. Mr. W. G. R. Humphrey has gone back to Halifax, N. S. Miss C. Halliday of Truro, N. S. has returned home after a visit to Mrs. J. V. Bourque, Main street, and Mr. J. W. Bourque, who has been a guest at the summer home of Mr. J. W. Wortman, has returned to Albany, N. Y.

THE POLICE COURT.

The case of Norman McLeod, charged with assaulting Charles Cheery, was resumed in the police court yesterday. After hearing one witness the case was adjourned until Monday.

Dr. J. S. Bentley appeared on a report for leaving his automobile for more than half an hour in Charlotte street. He was excused.

George Ferris, driver for W. H. Thorne & Co., Ltd., was reported for allowing his horse to stand in Prince William street on last Saturday a few minutes without a legstrap.

Howard Sudbury was reported for leaving the wrong side of the street in passing a car at the head of King street.

William Babson, James McCarthy, Albert Wright, Andrew Proffitt, Jack Kelly, William Pearson, Harry Totten and J. D. Colwell were all reported for allowing their teams to stand without a legstrap in all these cases fines were allowed to stand.

NEW DIRECTOR COMING FOR THE Y. M. C. I.

Shower Bath Facilities Are Being Improved—Opening of Bowling Alleys on Monday Evening.

A large 600 gallon boiler is being installed at the Y. M. C. I. with a view of providing additional facilities for hot water shower baths. The improved baths will be completed within the course of the next few days.

The announcement of the re-opening of the bowling alleys at the Y. M. C. I. to take place on Monday evening next is welcomed by bowlers generally. The popular manager, George V. McGee, has returned to the city after spending his vacation at the Cedars. During the past few days the alleys have been thoroughly cleaned and placed in excellent condition.

SHEDIAC

Shediac, Sept. 7.—There are still a number of visitors in town. The summer cottage people are closing their homes in town and at the nearby seaside resorts and returning to the city.

A large number of motorists were in town for Labor Day. Among strangers to spend the holiday in town were Mr. and Mrs. D. S. Harper of St. John, and Mrs. Harding of Bangor, were visitors at the home of Mrs. Geo. Scarborough during the week.

F. H. RICHARDSON TENDERED BANQUET BY OPERATORS

The local operators connected with the different moving picture theatres tendered F. H. Richardson, the well known projection expert and editor of the projection department of the Moving Picture World, a dinner at Bond's last evening. Owing to the haste being compelled to remain at this post of duty until the close of the various performances the dinner did not commence until 11 o'clock.

Mr. Richardson gave an excellent address on the art of correct projection of moving pictures, and it might be remarked that there is no one more qualified to speak on this subject. Mr. Richardson, who was here last year and delivered an address to the managers and operators of the different theatres, made a stirring appeal to his audience to devote their best efforts to the details necessary to project good pictures on the screen. That his address was appreciated by his hearers was shown by the applause given him.

As a result of Mr. Richardson's visit it is safe to say that the patrons of the different local theatres will benefit by the talk given by him last night.

\$2,269,400,000 TOTAL U. S. LOAN TO ALLIES

That Country Loans \$100,000,000 More Each to Great Britain and France.

Washington, Sept. 6.—The credits of \$100,000,000 each to Great Britain and France constituting the first of loans to be extended to the Allied governments under the contemplated issue of liberty loan bonds. Prior to last August the treasury had loaned the Allied governments \$2,269,400,000 of the proceeds of the first issue of war bonds.

In view of the fact that the money raised by the first sale of bonds had been exhausted the treasury some few days ago sold \$300,000,000 of certificates of indebtedness, and Tuesday evening offered for sale a similar amount of certificates.

These \$600,000,000 certificates of indebtedness will be retired when the next issue of bonds is sold on November 1. In the meantime the treasury will extend credit loans to the Allies from money raised by certificates.

Yesterday's loans are the first made this month and probably will be followed by loans to other powers. The total thus far advanced to the Entente governments is as follows: Great Britain \$1,105,000,000 France \$20,000,000 Russia \$75,000,000 Italy 200,000,000 Belgium \$3,400,000 Serbia 3,000,000

When the \$200,000,000 of credits were extended yesterday the treasury had a net balance of \$49,353,324.33, according to the daily treasury statement.

It is interesting to note that the credit loans are increasing the amounts which the government is carrying on deposit with the federal reserve banks. The daily treasury statement shows that deposits in national banks total about \$4,500,000. On the other hand deposits in federal reserve banks total \$12,200,000. This latter figure does not include deposits made under Allied credit bond act.

STOMACH MEDICINES ARE DANGEROUS DOCTORS NOW ADVISE MAGNESIA.

Just how dangerous it is to indiscriminately dose the stomach with drugs and medicines is often not realized until too late. It seems so simple to swallow a dose of some special mixture or take tablets of soda, pepsin, bismuth, etc. after meals, and the folly of this is not apparent until, perhaps years afterward, when it is found that gastric ulcers have almost eaten their way through the stomach walls. Regrets are then unavailing; it is in the early stages when indigestion, dyspepsia, heartburn, flatulence, etc. indicates excessive acidity of the stomach and fermentation of food contents that precaution should be taken. Drugs and medicines are unsuitable and often dangerous—they have little or no influence upon the harmful acid, and that is why doctors are discarding them and advising sufferers from indigestion and stomach trouble to get rid of the dangerous acid and keep the food contents bland and sweet by taking a little pure blaurated magnesia instead. Blaurated magnesia is an absolutely pure anti-acid which can be readily obtained from any drug store. It is absolutely harmless, practically tasteless and a teaspoonful taken in a little warm or cold water after meals, will usually be found quite sufficient to instantly neutralize excessive acidity of the stomach and prevent all possibility of the food fermenting.

New York, Sept. 7.—The World publishes a despatch from London saying numerous large configurations are said to have been seen recently near the German lines, particularly in the Lille sector, and it is believed that these figures indicate that the Germans may be planning another winter withdrawal to a new line, as they did after the battle of the Somme.

It is also reported that thousands of the French population in the same section of German occupied territory are being sent back toward the French lines, via Switzerland, presumably to conserve food supplies and reduce the civilian population to a minimum in the areas where the heavy fighting may take place.

London suspects, however, that this shifting of civilians may be but another indication of the Germans' intention to retire.

STARVATION STARTED RUSSIAN REVOLUTION

Sir George Bury, Vice-President of the Canadian Pacific Railroad, Tells of His Trip in That Country.

Toronto, Ont. Sept. 6.—The Russian Revolution was brought about because the people were on the verge of starvation, according to Sir George Bury, Vice-President of the Canadian Pacific Railway, who was the guest

of honor at the directors luncheon at the Canadian National exhibition today. Sir George said he had travelled through Russia from the north where the remainder helped with the transportation to the south, where caravans were used. He told how, on the eve of the Russian revolution, starving peasants left the country districts for Petrograd in search of food.

CATARRAHAL DEAFNESS MAY BE OVERCOME

A simple, safe and reliable way that calls for no ugly trumpets, phones or other instruments.

To be deaf is very annoying and embarrassing. People who are deaf are generally mighty sensitive on this subject. And yet many deaf folks carry around instruments that call attention to their infirmity. Therefore people who are hard of hearing, who suffer from head noises, or who are actually deaf from catarrhal trouble, will be glad to know of a simple recipe that can be easily made up at home for a few cents' cost that is really quite efficient in relieving the disagreeable deafness and head noises caused by catarrh.

From any drug store get one ounce of Parmitin (double strength) about 50c. worth. Take this home and put it into a simple syrup made of 1/2 pint of hot water and four ounces of ordinary granulated sugar. Take a tablespoonful four times a day. This treatment should be tonic action reduce the inflammation in the middle ear that a catarrhal condition would be likely to cause and with the inflammation gone the distressing head noises, headaches, cloudy thinking and that dull feeling in the ears should gradually disappear. Anyone who suffers from catarrh, catarrhal deafness or head noises should give Parmitin a trial. It is pleasant to take and is quite inexpensive.

OBITUARY.
George Edward Day,
The death of George Edward Day of Pokok Road occurred early yesterday morning at his residence. Mr. Day was well known in the North End and also throughout the province as well as in the lumbering business. He was eighty years old and leaves his wife, four sons, Manfred of this city, and Edward, John and Frank at home; two daughters, Mrs. J. H. Flewelling and Mrs. Alfred Vadenburg, both of this city, and one sister, Mrs. Alfred Waters of West St. John. The funeral will take place tomorrow afternoon.

KAISER AIDED THE RUSSIANS IN WAR WITH JAPANESE

(Continued from Page 1)
The Voice of Russia.

"As it represents the people of Russia, it would be the voice of Russia, if it should decide for peace you are empowered in the way to proceed. If the war is to continue the decisions which are to be taken are so terribly earnest and the consequences so far-reaching that it is quite impossible for any mortal sovereign to take the responsibility for them alone on his shoulders without the help of his people. May God be with you. Do not forget the line of advancement, 'vis-a-vis the guards'."

This telegram was signed "Willy."

Separate Treaty Issue.

On September 29th, 1905, the Kaiser again took up the separate treaty question. In a telegram to the Tsar on that date he says:
"The working of the treaty as we agreed at Borko does not conflict with the Franco-Russian alliance provided of course the latter is not aimed directly at my country. On the other hand the obligations of Russia toward France can only go as far as Franco merits them."

"Your ally notoriously left you in the lurch whereas Germany helped you in every way as far as it could without infringing the laws of neutrality. That puts Russia morally also under obligation to us."

"Do your utmost with the nation to conclude peace on the basis of the proposals made to your delegates at Washington, and if this Russia itself thinks its honor unimpaired you will return your sword to the scabbard with the words of Francis the First: 'Tout est perdu pour l'honneur.'"

"Nobody in your army, in your country, or in the rest of the world has the right to blame you for this act. If the Duma thinks the proposals unacceptable, and the Japanese government refuses to treat on any other basis than again Russia through the voice of the Duma, incites you, its Emperor, to continue the fight, thus taking full responsibility for consequences itself and sheltering you once and for all before the world and before history in the future from the reproach that you sac-

rificed thousands of Russia's sons without asking the country or even against their wishes. This will end your personal act, be a grand stimulus and strengthen you, as you will feel yourself, to fight to the bitter end regardless of time, losses and privations which are inevitable. Meanwhile the indiscretions of Mr. Delcasse have shown the world that though France is your ally, she nevertheless made an agreement with England when England was on the verge of surprising Germany in the midst of the peace and while I was doing my best for you and your country, her ally.

France Warned.

"This is an experiment which she must not repeat, and against repetition of which I must expect you to guard me."

"I fully agree with you it will cost time, labor and patience, to induce France to join us, but the reasonable people will in future make themselves heard and felt. Our Moroccan business is regulated to entire satisfaction so the air is free for a better understanding between us."

"Our treaty is a very good base to build upon. We joined hands and signed before God, who heard our voice. I therefore think the treaty can well come into existence. What is signed is signed. God is our testator."

The Tattering Throne.

Little did the Kaiser and the Czar expect at the time of these writings that their intimate conspirative correspondence would soon come to public light through a tattered, Romanoff throne. The Kaiser's war made Nicholas the last of the Romanoff dynasty. Perhaps the Kaiser's war will also lead to the termination of the Hohenzollern dynasty.

The Moroccan crisis referred to by the Kaiser in his last telegram to the Czar occurred early in 1905. The Mediterranean powers, France, England, Italy and Spain, had through France imposed certain governmental restrictions on the Emperor of Morocco in an effort to bring to an end the internal anarchy in that country which

had been very inimical to French interests in Algeria.
Kaiser Butts in.
These restrictions were eminently satisfactory to the Moroccan ruler. Everything was going along peacefully when in March, 1905, the German Emperor announced that he was going on a pleasure trip in his yacht, the Hohenzollern. On March 31, 1905, the Kaiser landed at Tangier, and there made a speech in which he deliberately stated that the Emperor of Morocco was beyond peradventure of a doubt, an independent sovereign.
France and England were bitter at this interference, asserting that by upholding Turkish rights in Morocco the Kaiser was deliberately creating a Mussulman peril to use as an answer to Great Britain's yellow peril.
A fierce international controversy followed, during which Russia as France's open ally, and as proven by the correspondence unearched by Mr. Bernstein, Germany's secret ally, was placed in a very embarrassing position.

\$2,263,400,000 TOTAL U. S. LOAN TO ALLIES

That Country Loans \$100,000,000 More Each to Great Britain and France.

Washington, Sept. 6.—The credits of \$100,000,000 each to Great Britain and France constitute the first loans to be extended to the Allied governments under the contemplated issue of Liberty loan bonds. Prior to last August the treasury had loaned the Allied governments \$2,238,400,000 from the proceeds of the first issue of war bonds.
In view of the fact that the money raised by the first sale of bonds had been exhausted the treasury some few days ago sold \$300,000,000 of certificates of indebtedness, and Tuesday evening offered for sale a similar amount of certificates.
These \$600,000,000 certificates of indebtedness will be retired when the next issue of bonds is sold on November 1. In the meantime the treasury will extend credit loans to the Allies from money raised by certificates.
Yesterday's loans are the first made this month and probably will be followed by loans to other powers. The total thus far advanced to the Entente governments is as follows:
Great Britain \$1,105,000,000
France 630,000,000
Russia 278,000,000
Italy 200,000,000
Belgium 63,400,000
Serbia 3,000,000
When the \$200,000,000 of credits were extended yesterday the treasury had a net balance of \$549,352,324.23, according to the daily treasury statement.
It is interesting to note that the credit loans are increasing the amounts which the government is carrying on deposit with the federal reserve banks. The daily treasury statement shows that deposits in national banks total about \$48,900,000. On the other hand deposits in federal reserve banks total \$112,300,000. This latter figure does not include deposits made under Allied credit bond act.

F. H. RICHARDSON TENDERED BANQUET BY OPERATORS

The local operators connected with the different moving picture theatres tendered F. H. Richardson, the well known projection expert and editor of the projection department of the Moving Picture World, a dinner at Bond's last evening. Owing to the hosts being confined to remain at their post of duty until the close of the various performances the dinner did not commence until 11 o'clock. The guest of honor gave an excellent address on the art of correct projection of moving pictures, and it might be remarked that there is no one more qualified to speak on this subject. Mr. Richardson, who was here last year and delivered an address to the managers and operators of the different theatres, made a stirring appeal to his audience to remain at their post of duty until the close of the various performances of the dinner. As a result of Mr. Richardson's visit it is safe to say that the patrons of the different local theatres will benefit by the talk given by him last night.

STOMACH MEDICINES ARE DANGEROUS

DOCTORS NOW ADVISE MAGNESIA
Just how dangerous it is to indiscriminately dose the stomach with drugs and medicines is often not realized until too late. It seems so simple to swallow a dose of some special mixture or take tablets of soda, pepsin, bismuth, etc. after meals, and the folly of this dragging is not apparent until, perhaps years afterward, when it is found that gastric ulcers have almost eaten their way through the stomach walls. Regrets are then unavailing; it is in the early stages when indigestion, dyspepsia, heartburn, flatulence, etc. indicates excessive acidity of the stomach and fermentation of food contents that precaution should be taken. Drugs and medicines are unsuitable and often dangerous—they have little or no influence upon the harmful acid, and that is why doctors are discarding them and advising sufferers from indigestion and stomach troubles to get rid of the dangerous acid and keep the food contents bland and sweet by taking a little pure bicarbonate of soda. This is the only safe and effective remedy. It is absolutely pure anti-acid which can be readily obtained from any drug store. It is absolutely harmless, is practically tasteless and a teaspoonful taken in a little warm or cold water after meals, will usually be found quite sufficient to instantly neutralize excessive acidity of the stomach and prevent all possibility of the food fermenting.

THE NEW FRANCHISE BILL.

That the supporters of Sir Wilfrid Laurier will vigorously oppose the War Elections Act is natural, as it will deprive them of thousands of anti-British votes which they would receive were the enemy aliens of Canada permitted to exercise the franchise at the next election.

This being the case it is not surprising that the esteemed Telegraph should tell its readers that the Dominion Government is "loading the dice" in the contest for endorsement by the people at the ballot box. The Telegraph's criticism of the measure is unwarranted and intended to create a false impression. The act contains several sections likely to lead to bitter controversy in Parliament and the country, but if Canadians who believe that the paramount duty of Canada at the present time is to safeguard against those who would cause a slackening of our war effort, who would desert our boys at the front and repudiate our pledges to the motherland, will carefully read the provisions of the measure and follow the reports of the discussion in the House of Commons, they can see for themselves where the measure is in the interest of the country and the Empire, and why it is necessary at this time.

The desire of Sir Robert Borden and the members of his Government has been to avoid the stress and turmoil of a war election. It was felt that the whole effort of Canada should be devoted to the vigorous prosecution of the war and that an election, conducted as there is every indication the next election will be conducted, on straight party lines, would distract the attention of the people and cause a slackening of war effort. To this end he made a proposal for an extension of the life of Parliament which the Laurierites refused and an election is thus forced upon the country.

Sir Robert Borden also attempted to get Sir Wilfrid Laurier to join with him in the formation of a union, non-partisan Government, especially connected to the winning of the war. With such a Government in power it was hoped to avoid a contest, or, if a contest had to come it at least would be assured that all Canadians who desire to win the war would be fighting on the one side, above and apart from old party lines. Sir Wilfrid dickered with that proposal and finally came out against it, thus making it certain that in any election his undoubted ability and influence will be thrown into the contest on the side of those who are unwilling to place their country's welfare above political considerations.

Should the anti-war party prove victorious at the polls the effect of that victory will be to gradually eliminate Canada as a war factor, and with this elimination will come the heartless desertion of our soldiers who have already gone overseas. Such a possibility is to be guarded against at all costs and it is for the purpose of guarding against it that the Government has introduced a measure which will take from enemy aliens their voice in the selection of a Canadian Government and will ensure, insofar as legislation can ensure, that there shall be a preponderance of those patriotic Canadians who are determined that Canada shall fulfill her Empire obligation and that our boys at the front shall have unlimited support.

Broadly this is the reason for the War Elections Act. It is an act which, as its name implies, will apply only to Dominion-wide political contests during the continuance of the war and the military demobilization after the war. In other words, while the most patriotic element of our Canadian citizenship is absent from Canada on Empire business the Government will see to it that the disloyal element shall not obtain control of our affairs, and of the destinies of our fathers, sons and brothers who are fighting for us.

No true Canadian can object to a measure which aims to achieve that end. The Government's bill is decidedly along the right lines. Those who take no part in war service shall have no voice in the direction of Canadian affairs until after the war is over and our boys return home.

GERMANY'S WANING STRENGTH.

Signs of distress in Germany continue to multiply. McLeod Allen in Car Crashes Through Railing of Bridge and Drops Twenty Feet into Water of Creek Near Jolicure.

Special to The Standard. Moncton, Sept. 6.—McLeod Allen, representing the Saxon Motor Co., of Chicago, had a narrow escape from death today near Jolicure as the result of his car going over a twenty foot bridge into about five feet of water. How Allen escaped death is a miracle. At the time of the crash, he was studying the chart of the road, paying little attention to steering his car. Suddenly he ran on to a bridge and the car not being under control swerved to one side, crashed through the railing, fell fifteen or twenty feet into the creek below. Allen managed to crawl out of five feet of water and reach the bank but was so badly shaken up he was unable to get further until help arrived. His escape from death or serious injury was indeed lucky.

Little Benny's Note Book

Me and Skinny Martin and Leroy Shooter and Sid Hunt and Sid fox terrier Teddy was standing around the lam post, and there was a old glove with no thumb to it laying in the street, and Skinny Martin picked it up, saying, I will now throw the gauntlet, men. Everybody that picks up this gauntlet challenges me to a fight. And he banged the glove down on the pavement, saying, I defy the world, pick it up, whoever dares.

With nobody dared, on account of Skinny being the best fighter there. And he picked it up and threw it down again 4 more times, defying the world each time, and then Reddy Merly came up, and Skinny quick picked up the gauntlet and flung it down again, on account of Reddy Merly being a better of a fighter than wat Skinny is. Wats you playing? sed Reddy. We was playing throw the gauntlet, but its all over now, sed Skinny Martin.

Like heck it is, sed Reddy Merly. And he grabbed the glove away from Skinny Martin and slammed it down, saying, Come one come all, I challenge any one to pick it up. With nobody did, and Reddy threw it down again just as a messenger boy came up in back of him smoking a cigaret and looking tuff, Reddy saying, There not a man in the world that got the nerve to pick it up and face me in dely combat.

Dedwood Dick to the rescue, and the messenger boy. And Reddy turned around and saw him, and they both grabbed for the gauntlet at the same time, and their heads bumped with a fierce crack, and Sid Hunts fox terrier Teddy picked up the gauntlet and ran away with it, and the messenger boy sed Reddy either had to fit or apologise for bumping his head. Wich Reddy apologized. Proving it all depends on who does the challenging.

RUSSIAN COUNTER PLOT

HAD RAMIFICATIONS

Arrests of Persons Charged With Being Implicated in Attempt to Re-Establish the Monarchy Continue.

Petrograd, Sept. 6.—The inquiry regarding the counter-revolutionary plot recently brought to light is being energetically pursued, says an official statement issued today. It has been demonstrated, says the statement, that relations existed between the arrested grand dukes and other personages in the outfit, certain monarchists. Large sums of money intended for the furtherance of the plot have been traced not only

to Petrograd, but to Moscow, Kiev, Odessa and even to Siberia. Arrests of persons charged with being implicated in the plot and searches for incriminating documents continue to be made.

Where Did Your Boy Stand Last Year?

At the head of the class or at the foot? That depends on you, his parents. If he needed glasses last year, that is why his poor standing probably disappointed you. If he needs glasses and you get them for him now, he will not only do better work, but enjoy his school work.

We examine eyes, design, make, fit and repair glasses.

APPLE CROPS THIS YEAR WILL REACH HALF-NORMAL SIZE

S. B. Hatheway, Manager of New Brunswick Colonization Co., Ltd., Says Big Shortage in Nova Scotia and Ontario as Well.

That the New Brunswick apple crop this season would not be more than half of the normal production was the statement made by S. B. Hatheway, manager of the New Brunswick Colonization Co., Ltd., of Springhill, Fredericton, Mr. Hatheway came to the city yesterday on business. He said that the backward weather in the early part of the year was one of the chief reasons for the shortage in the crop. New Brunswick is not alone in a short fruit crop. While the production of the ordinary varieties in this province will not be sufficient to permit of any extensive export business, the apple crop in Ontario has suffered more heavily. Mr. Hatheway said that this year's crop in Ontario would only be about fifteen per cent. of the normal production. Nova Scotia, too, is experiencing a shortage in the production of apples, the crop for 1917 being only about half the regular size.

Mr. Hatheway said that the harvesting of the fruit crop would commence early next week.

NO TROUBLE TO KILL A GERMAN, SAYS SOLDIER

Wounded, Charles Barchard Writes from England—Huns Using New Kind of Gas—Experience at the Front.

Private Charles V. Barchard, of Elgin, Albert Co., is wounded and is now in Royal Surrey Hospital, England. He writes from there that the Hun is a student in the Currie Business College in this city, and a letter received recently from him stated that his brother is rather interesting. In part it is as follows: Royal Surrey Hospital, Aug. 17th, 1917.

I wish to let you know that I have had the luck to get to England. This is an awful nice place that I am in here. I am still in bed and don't think that I will get out for some time, but I don't think that they will let me stay here. There are only three Canadians in this hospital and I don't know them yet. There were only three of us that was in that drive that came over on the boat. There were several other boys wounded that morning. Fritz stood his ground this time and fought a lot better than I ever saw him before, but I don't think that they will last very much longer as our bombardment is getting more and more for them to stand. Fritz has a new kind of gas that is getting a lot of our fellows. I was certainly glad to get this little hole through the arm. But then war is not as bad as you people over there think it is. It's pretty hard to stand under the enemy shell fire and see your chums getting knocked out and all a fellow can do is swear curses on them, for the next time we go over the top it's no trouble to kill a German, because if they see you coming at them with the bayonet they drop their rifles, put up their hands and cry Meret Conrad. Some of them don't deserve much mercy and they don't get any more than they deserve. I am not busy about spending nine months more in France killing Germans. After a fellow is there a certain time he gets a little bit of nerves and every time you get under a bombardment you get all shaky from your nerves. That was not so much. My arm is not paining much now and I am getting along fine.

THE LARGE PRIZES AT VETERANS' FAIR WILL BE DRAWN MONDAY

Good Attendance Last Night—Ticket No. 518 Won the Door Prize—Fair Open Afternoon and Evening Today

It was announced last night by the management of the fair, being conducted under the auspices of the C.V.A., that on Monday night the drawing of the lottery prizes will take place. There were about 1,400 present last evening and the different booths and concessions did a thriving business. This afternoon and evening the fair will be in full swing and record crowds are anticipated. In the evening the City Cornet band will be in attendance.

The person holding ticket No. 518 is the winner of last night's door prize, a pair of rubber boots. This prize was donated by the Canadian Rubber Company. A pipe donated by the Canadian Drug Company for the highest total pinfall was won by C. Lewis of this city. Mr. James McCrackin of Fairville won the highest score on the bean board, and was awarded first prize, a pair of ladies' shoes, donated by Winsell's Cash Store. The first bean toss was won by Sgt. W. Pink of Fairville, the prize being a pair of white sneakers, donated by Francis and Vaughan. All goods left over on Monday night will be sold by auction. The Temple Band will be in attendance.

BRAVE N. B. SOLDIERS KILLED OR WOUNDED

Every Day Brings News That Saddens Homes—Interesting News Regarding the Boys at the Front.

Passed Examination. Frederick, Sept. 7.—Lieut. John T. Wilson, of Miramichi, has returned from Toronto, where he was a cadet, undergoing instruction for the Royal Flying Corps. He has passed examination and now is qualified as a lieutenant in the unit. He expects to go overseas in the near future.

Are St. John Men. In Wednesday night's casualty list the name of F. A. Davis, of St. John, appears. It is announced that he has been killed in action.

Mrs. Frank Doucet, of 177 Winslow street, went out yesterday. Mr. Frank Doucet, was wounded on August 27. No particulars are given. Private Doucet went overseas with the 14th battalion and was transferred to another regiment. He left his wife and five little ones at home to go overseas and has one brother in France, Felix Doucet. Another brother, Joseph, was killed in action on December 29. Mrs. Doucet received a letter from her husband only last week. It is said that he was well and contented.

FREQUENT HEADACHES

People with thin blood are much more subject to headaches than full-blooded persons, and the form of anemia that afflicts growing girls is almost always accompanied by headaches, together with disturbance of the digestive organs.

Whenever you have constant or recurring headaches and pallor of the face, they show that the blood in your system is not being properly renewed and your efforts should be directed toward building up your blood. A fair treatment with Dr. Williams' Pink Pills will do this effectively, and the rich, red blood made by these pills will remove the headaches.

More disturbances to the health are caused by their blood than most people have any idea of. When your blood is impoverished, the nerves suffer from lack of nourishment and you may be troubled with insomnia, neuritis, neuralgia or sciatica. Muscles subject to strain are under-nourished and you may have muscular rheumatism or lumbago. If your blood is thin and you begin to show symptoms of any of these disorders, try building up the blood with Dr. Williams' Pink Pills, and as the blood is restored to its normal condition every symptom of the trouble will disappear. There are more people who own their present state of good health to Dr. Williams' Pink Pills than to any other medicine, and most of them do not hesitate to say so.

You can get Dr. Williams' Pink Pills through any dealer in medicine or by mail at 50 cents a box or six boxes for \$2.50 from The Dr. Williams' Medicine Co., Brockville, Ont.

NEWS AND COMMENT FROM THE FINANCIAL WORLD

A Reliance

STOCK MARKET IN CONFUSION YESTERDAY

Steamship Shares Fall from Two to Five Points—New Haven Still Tobogganing—General Motors Down Five More.

New York, Sept. 7.—The stock market was thrown into confusion at the outset of today's operations on an announcement from Washington of the shipping board's plan to reduce ocean freight rates by 25 to 75 per cent. Steamship shares fell 2 to 5 points in the heavy selling of the first half hour and the stocks of other companies whose future hinged largely on the attitude of the government towards price fixing lost 1 to 3 1/2.

Standard shares were well supported during the reversal, recovering the greater part of their losses before mid-day. Later, when dealings dwindled this improvement became more pronounced especially in Tobaccos in which a large short interest is believed to exist. Pressure was renewed in the last hour, together with re-aligning for profit, United States Steel yielded from 10 1/2 to 10 3/4, closing at that quotation, a net loss of 1/2 of a point. Bethlehem Steel was under great restraint, making an extreme decline of three points. Total sales amounted to \$15,000 shares.

STEEL PRODUCTS SHOW WEAKENING IN PRICES

Readjustment in Engineering Trade—Steel and Iron Industries More or Less Unsettled.

(Toronto, Sept. 7.—In its summary of the iron, steel, metal and machinery markets for the week Canadian Machinery and Manufacturing News, makes the following observations: Now that the munitions industry is definitely coming to an end, the engineering trade enters on a period of readjustment. Concerned with engaged in manufacturing munitions are turning their attention to other work and in some cases have already been successful particularly in the field of activity is necessarily limited, but will serve to relieve the situation materially in the iron and steel trade and the outlook continues somewhat unsettled on account of the embargo and also because of the uncertainty surrounding the price-fixing policy of the United States government.

NEW HAVEN LIQUIDATION NOT YET COMPLETED

Irregular General Market with Slight Rallies and Cross Currents Looked for—Shipings Likely to Sag.

(McDOUGALL & COWANS.) New York, Sept. 7.—Rallying tendencies are expected to continue in an irregular general market with cross-currents. The report from Washington that the shipping board will cut ocean transportation rates materially may bring an attack on the shipping shares. Any sympathetic decline in the general market will be followed by recoveries on the shorts, according to our information. Steels, Equipments and Coppers are oversold. New Haven liquidation is not completed. Southern Pacific is well bought.

PANIC CONDITIONS IN WALL ST. DISAPPEAR

Little Business Doing, Indicating Cessation of Frightened Selling and of Operations of Bear Cliques.

(McDOUGALL & COWANS.) New York, Sept. 7.—There was an all around improvement in prices in the early afternoon, in which the Tobacco stocks led. The Steel issues and some of the Railroads got above the previous close. In the hour there was another moderate reaction. Overwhelming defeat of La Follette's amendment in the Senate to add \$500,000,000 to the income surtaxes, indicates that the Senate has fully made up its mind to pass the bill as it stands, and this means that we are beginning to see daylight ahead on the question of war taxes.

A portion of the house now affects a radical stand, but inasmuch as the taxation bill, in the Senate measure is much heavier on income and excess profits than that of the original house bill, the new position in the house looks very much like a political pose. The news today, and in fact for several days, has made for a more two-sided market, and in fact the action of the market itself today was more of that character. The volume of trading today was the smallest of the week, indicating a cessation both of the frightened selling and the operation of bear cliques.

NO IMPROVEMENT EXCEPT TEMPORARY ONE NOW

Regular Trading Element Disposed to Sell Stocks on Recoveries—American Locomotive Favored Around 60.

(McDOUGALL & COWANS.) New York, Sept. 7.—It seems to be the impression in conservative quarters that unless the Liberty Loan is made a per cent, and tax exempt, it will be difficult to get a satisfactory response from large investors. A great effort is to be made, we understand, to get the Liberty Loan the small buyer throughout the entire country.

Buying for long account from well informed quarters is noted in U. S. Steel, and specialist sources refer to covering of short contracts. Below 110 absorption of steel is called good. The freedom of this corporation from financing requirements is a factor mentioned in favor of the common stock. Commission house sentiment shows that there is no expectation as yet of improvement other than temporary rallies. The regular trading element is disposed to sell on recoveries, as a rule, and to buy on declines, according to gossip heard in prominent offices. American Locomotive is being favored as a purchase around 60, and by sources which have been bearish on the market for some weeks past. The volume of trading today was the smallest of the week, indicating a cessation both of the frightened selling and the operation of bear cliques.

WAGYAGACK ALSO TAKES A BOOST—DOMINION BRIDGE WAS "SICK SECURITY" OF DAY'S TRADING, DECLINING FIVE NOMINALLY.

(Special to The Standard.) Montreal, Sept. 7.—Sharp advances in a couple of specialties furnished the chief features in the stock exchange business here today. Lyall, to accompany the purchase of the Dominion Bridge which sold at 140, advanced 7 1/2 points to 147 1/2, closed at 147 1/2, a net advance of 1 1/2 points from the low price two days ago. Wayagack, on one lot purchase, scored a rise of 2 1/2 at 54 and closed 56 1/2, without further trading. The market was marked up against Dominion Bridge which sold at 140, against 145 in the last board lot transaction. But a small lot sold at 140 earlier in the week and the inactive market for the stock remained virtually unchanged at 140 bid, 143 asked, at the close of day.

LYALL RISES 7 1/2 POINTS IN MONTREAL

(Special to The Standard.) Montreal, Sept. 7.—Money was plentiful and discount rates were steady today. The Russian situation sent exchange to 383, made Russian securities flat on the stock exchange and checked expansion in other directions. Though steadiness continued in gilt edged bonds and the industrial section. Chinese bonds were features on the rise in silver and Spanish Egyptian bonds were in good demand. South American issues were dull and Oil and Rubber shares quiet.

FIGHT FOR CONTROL OF TEMISKAMING CO.

(Special to The Standard.) Toronto, Sept. 7.—The action of the Temiskaming directors in declaring a 3 per cent dividend came in the nature of an unpleasant surprise to those trying to get control of the property away from the present management. The theory on the street is that those who want control desire it for the purpose of financing the purchase of a Porcupine property out of the Temiskaming treasury. If they do succeed in getting control the declaration of a dividend means \$75,000 less in the treasury than had been expected. RUSSIANS HEAVY.

(Special to The Standard.) London, Sept. 7.—Money was plentiful and discount rates were steady today. I KNOW A WOMAN'S SUFFERINGS

I am a woman.

What I suffered is a far better guide than any MAN'S experience.

I know your need for sympathy and health, and the relief that will give you health and strength, new interest in life, and peace of mind.

Write and tell me your troubles and I will send you a free copy of my book, "A Home Treatment for Women's Sufferings," which will tell you how to cure your troubles without the expense of hospital treatment, or the pain of surgery.

Read My FREE Offer

To mothers of daughters, I will explain a simple home remedy for green-streaks (chlorosis), irregularities, headaches and lassitude in general. I will also explain the cause of these troubles and how to cure them. I will send you a free copy of my book, "A Home Treatment for Women's Sufferings," which will tell you how to cure your troubles without the expense of hospital treatment, or the pain of surgery.

Ancient Halifax Never More Interesting

Those who have not visited Halifax for several years should make plans now to see it during Exhibition week, September 12th to 20th.

No finer sight can be imagined than its magnificent harbor, and the great inland bay, Bedford Basin, crowded with hundreds of ships from all parts of the world. Everywhere can be seen all manner of craft for the shipment of goods to and from the coast.

It would take a Kipling to do justice to the Halifax of today. Anyone who loves to see history in the making who longs to come in closer touch with the mighty forces that are moulding the world will take opportunity of visiting Halifax for it is indeed one of the great strategic centres of the Empire today. A splendid time in which to visit the city and see in addition to all these things, a city alive with additional thousands on a holiday will be the Provincial Exhibition week at Halifax, September 12th to September 20th.

The Exhibition will be busier, bigger, better and brighter than ever. Eight days of fast horse racing. Surpassing Exhibits from the Provinces. Big Automobile Show. Largest Live Stock exhibit.

Special Rates on All Railroads.

Reserve these days—**September 12 to 20th**

SEVEN YEARS TORTURE

Nothing Helped Him Until He Took "FRUIT-TIVES."

ALBERT WARNER.

Buckingham, Que., May 27, 1915.

For seven years, I suffered terribly from Severe Headaches and Indigestion. I had belching gas from the stomach, bitter stuff would come up into my mouth after eating while at times I had nausea and vomiting, and had chronic Constipation. I went to several doctors and wrote to a specialist in Boston but without benefit. I tried many remedies but nothing did me any good. Finally, a friend advised "Fruit-tives." I took this grand fruit medicine and it made me well. I am grateful to "Fruit-tives" and to everyone who has miserable health from Constipation and Indigestion and Bad Stomach. I say take "Fruit-tives" and you get well!

Synopsis of Canadian Northwest Land Regulations.

The sole head of a family, or any male over 18 years of age, who is at the commencement of the year, or at the time of application, a British subject or a subject of an allied or protectorate, or a Dominion Land in Manitoba, Saskatchewan, or Alberta, and who is a resident in the Dominion, may apply for a homestead in any of the above-mentioned Provinces. The land must be of the class of land in such area.

In certain districts a homesteader may secure a pre-emption section of land. Pre-emption Price \$200 per acre. Duties—Rapidly the month in each of three years. May be made in three years, cultivate 50 acres extra. May obtain a certificate as soon as homestead patent on certain conditions.

A settler after obtaining homestead patent if he secures a pre-emption, may take a purchase homestead in certain districts. Price \$800 per acre. Must reside six months in each of three years, cultivate 30 acres and erect a house worth \$1000.

Holders of entries may count time of employment as farm laborers in Canada during 1917, as residence time under certain conditions.

When Dominion Lands are advertised or posted for entry, returned settlers who have served overseas and have been honorably discharged, receive day priority in applying for land at local Agent's Office (but not Sub-Agent). Discharge papers must be presented to Agent.

Around the City

INCREASED ENROLMENT.
 There are now about 580 pupils in the High School this year, making an increase of about thirty over last year.

NOTHING NEW DEVELOPED.
 Mayor Hayes said yesterday that nothing new had developed in the coal situation. His worship has despatched a communication to the fuel controller.

BANK CLERKS TRANSFERRED.
 Harry Killen of the Royal Bank staff, Sussex, has been transferred to the St. John office. Miss Nora Wetmore of the Royal Bank staff, St. John, has been transferred to Sussex.

LEFT FOR HOME.
 Dr. W. Taylor, who has been spending his vacation with his family at his summer home at Robinson's Point, Queens county, passed through the city last night en route to his home in Boston.

PROMINENT RAILWAY OFFICIALS.
 W. H. Snell, Montreal, general passenger agent of the C. P. R. eastern lines, and A. B. Calder, assistant general passenger agent, are in the city and leave today for Charlottetown.

POSTAL OFFICIAL HERE.
 C. Atwood, of the post office department at Ottawa, was in the city yesterday. He is here on an inspection of the local office and was in conference with M. W. Woods, post office inspector for New Brunswick.

BLAZE IN SCHOOLHOUSE.
 The West Side fire department was called out at 1:30 o'clock this morning to extinguish a slight blaze which broke out in the basement of the Albert school house, situated at the corner of Watson and Duke streets. The fire was caused by the furnace which became overheated.

ON INSPECTION TOUR.
 A. O. Dawson, of Montreal, general manager of the Canadian Cottons, Ltd., was in the city yesterday, a guest at the Royal Hotel. Mr. Dawson is on an inspection tour of the company's manufacturing plants in this province.

ADDRESSED MEETING HERE.
 Major J. L. Keston, of Halifax, who was recently awarded the D. S. O. for meritorious work at the front, will be remembered locally as one of the forceful speakers from the King Square stand at a recruiting meeting about two years ago.

LECTURE AT TRINITY.
 The lecture given by His Lordship Bishop C. D. Schofield was a source of pleasure to the many who assembled last evening in the Sunday school room of Trinity church. The views thrown on the screen assisted materially in bringing the subject of discourse closer to the audience. Bishop Schofield pointed out the interesting scenes, more especially those associated with his work in British Columbia. At the conclusion of the lecture His Lordship was the recipient of an unanimous vote of thanks by the audience.

SUCCESSFUL FARMING.
 David B. Doig, the former well known city water department engineer, has had splendid success with his farming operations at Pair Vale. This year Mr. Doig secured nine potatoes which weighed three pounds from the provincial department of agriculture. He cut up the potatoes into twenty-seven pieces. On digging them Mr. Doig took out 132 big potatoes and 50 small ones. During the summer Mr. Doig conducted several successful experiments in growing flowers—following the Burbank plan. He brought with him to the city dahlias grown on the one stock. The assortment was most complete, including deep red, red with a tinge of pink and white, pale pink with red fringe, red with shaded white centre, and white with red centre. Mr. Doig is being congratulated on his success as a producer.

DIFFERENT OPINIONS AS TO EFFECT CONSCRIPTION WILL HAVE ON INSURANCE

Already Some Branches in City Have Received Advice Not to Issue Term Policies to Eligibles for the First Call—Extra War Premium Practically Restricts Privates from Securing Insurance—One Company Makes a Decrease in War Premium, But Will Not Guarantee it Permanent—Insurance Men Interviewed.

What effect will the application of the Military Service Act have upon the insurance policies now held by those subject for the first draft, has been the subject of considerable controversy among policy holders of this class for the past few days. The Standard took occasion yesterday to visit several of the leading insurance offices in the city and in summing up the interviews granted, the whole situation is a matter which requires considerable study, not only by the companies but also by the government.

The most startling piece of information gained yesterday was that one company has already received advice from head office not to write up insurance for those coming under the first class, and another provincial manager stated that he anticipated such a step pending arrangements, which no doubt will follow. Contrasted with this, F. C. McLean, superintendent of the Metropolitan Life Insurance, has received word to decrease the amount of the war premium, which was \$60 on a thousand, to \$37.50. Another company has been notified not to write short term policies other than for applicants over thirty-six years of age. This means that those liable for military service will not be granted the privilege of this form of policy.

The New York Life announces in the Economist, an insurance paper issued monthly, that hereafter term policies will be only issued under strict limitations for small amounts and on gift edge risks, and under no circumstances will term policies be issued on those liable to naval or military service. Other companies have increased the war premium to such an extent that it is practically restrictive, several charging as high as \$10 in addition to the regular premium.

Discussing the matter with G. W. Merritt of the Great West Life, he expressed the opinion that the life insurance business would suffer somewhat owing to the fact that in many cases the war premium was so high that the men eligible would not consider paying it. He said that the Great West along with other insurance companies, notwithstanding the war clause in the policy, waived this clause and those enlisting during the first stages of the war were not obliged to pay any additional sum. However, owing to the increase in mortality the company was obliged to ask an extra premium of \$50 each \$1,000 of insurance, providing the insured went to the front. But owing to the burden of the increased mortality the company has been obliged to increase this extra war premium to \$75 per thousand for the duration of the policy.

J. F. Weston, speaking at the convention of the Life Underwriters' Association held the third week in August, at which insurance men from this province were present, said: "For some years previous to the outbreak of the war the policies of the majority of our companies contained no re-

FINAL JUDGMENT WILL BE DELIVERED ON NEXT FRIDAY IN LIQUOR CASE

Magistrate of the Opinion that Apartments Not Considered a Dwelling House Under Act—John Brown Fined \$50.

The judgment which was to have been delivered yesterday afternoon by Magistrate Ritchie in a recent liquor case as to what constitutes a private dwelling house has been postponed until Friday of next week. The magistrate in going over the evidence took occasion to weigh carefully the evidence submitted by both the defendant and the prosecution, noting particularly the connection of the defendant's apartment upstairs with the store downstairs. He said that according to the act there should be no connection with the exception of a telephone, but in this case there was a hallway which led to a stairway connecting the upstairs with the store.

He expressed himself as satisfied that the defendant came technically under the act and although he was considered a highly respected citizen he could not consider that the place in which the liquor was found could be a private dwelling under the act.

On application of the counsel for the defendant, the magistrate deferred final judgment until next Friday.

John Brown, who was charged with supplying liquor to a party on August 18th was fined \$50. The fine was paid by his employer.

HON. F. B. M'CURDY IN CITY YESTERDAY

Parliamentary Secretary of Militia Department Has Been Big Figure in War Work—Conferred with General McLean.

Hon. F. B. McCurdy, parliamentary secretary of the Militia Department, was in the city yesterday en route to Ottawa to resume his executive duties. Hon. Mr. McCurdy has been in Halifax on official business. He was accompanied to St. John by R. McLeod of F. B. McCurdy & Co., and

HON. F. B. M'CURDY.
 a well known Nova Scotia business man and promoter. Mr. McLeod is on a business trip to Montreal.

While in the city Hon. Mr. McCurdy conferred with Brigadier General McLean, officer in charge of the New Brunswick command, relative to militia matters in this district. Hon. Mr. McCurdy has made public figures, which show the absolute need of the adoption of conscription and he is impressed with the fact that the Canadian divisions require re-inforcements. He said that the public generally were quite familiar with the progress of events at Ottawa and there was nothing further that he could announce.

Since assuming the duties of parliamentary secretary of the militia department, Hon. Mr. McCurdy has been one of the most active men in Canada engaged in war work. He has been to the front and has personally seen the glorious work of the Canadians.

It was said in the city yesterday that it would be impossible to ascertain here the number of men from St. John who would be liable to be called out for service in the first draft. J. P. D. Tilley, K. C. said that in view of the signing of the National Service cards not being compulsory and that the campaign was for other purposes, the figures obtained would not be followed.

MINISTER MAY TAKE STEPS TO EXTEND GLOUSE SEASON

Scarcity of Moose and Deer This Season—War Will Have Effect of Reducing Number of Visiting Sportsmen from the United States—Letter from the Food Controller to Hon. Dr. Smith—The Cold Storage of the Meat.

Hon. Dr. E. A. Smith, Minister of Lands and Mines, was in the city last evening, a guest at the Royal Hotel. Replying to inquiries from The Standard, Hon. Dr. Smith said that he anticipated that the war would have quite a material effect on the number of sportsmen coming to New Brunswick from the United States this year. He said that the season would open on September 15th next, and judging by the records of the influx of sportsmen would be smaller than during normal times. In previous years a number of students came to New Brunswick to enjoy a big game hunt and the excellent fishing which the province afforded, but the war had operated to upset any plans of the unfortunates to return to New Brunswick this season. The falling off in the number of visitors means a consequent loss of revenue, which the minister said was absolutely uncontrollable.

Hon. Dr. Smith replying, said that so far as the advice received from the guides were concerned, there is a scarcity of big game in the woods. A number of deer died in the spring due to the heavy snow and other big game were not as plentiful as usual. Nevertheless there is sufficient game to provide amusement and sport for the visitors that may come to the province.

At the last session of the provincial legislative assembly Hon. Dr. Smith promoted legislation which gave permission to keep the meat in cold storage after the close of the open season. He said last evening that this was not applicable to sales of the meat, but only afforded permission to keep it for personal use. The demand for meat might operate to extend this privilege to dealers for the purposes of sale to the public, and if the conditions warranted it at the time he might introduce legislation permitting the storage for sale purposes when the legislature meets during the early part of next year.

As a sportsman himself Hon. Dr. Smith voiced the view that it would be desirable to extend the close season, or rather to defer the opening of it, until October 1st. The minister has recently received a letter from the food controller, Hon. W. J. Hanna, asking what the province could do along the lines of supplying meat of wild animals.

Hon. Dr. Smith left for his home in Shediac last evening.

PTE. MCINTYRE WOUNDED.
 Mrs. W. E. McIntyre, who is on a motor tour in Westmorland county, received official word from Ottawa last evening that W. S. McIntyre, formerly of this city, had been wounded again in France. Private McIntyre was slightly wounded in the battle of Vimy Ridge and had evidently not been at the front more than three or four days before he was wounded again. Mrs. McIntyre had a letter from him recently, in which he stated he was about to return to the firing line. Private McIntyre, who is a son of the late Dr. McIntyre, enlisted in Vancouver where he was a law student and crossed to France last March.
