## PASSING OF A GREAT CANADIAN STATELY FUNERAL HELD AT HALIFAX ON TUESDAY AND ATTENDED BY MEMBERS OF GOVERNMENT.

### REGULAR MEETING OF TOWN COUNCIL

Agreements Accepted From  
Owners to Remove Shacks  
Within Certain Time

The regular meeting of the Town Council was held on Tuesday evening in the Council Chambers, His Worship Mayor Andrew presiding over a small attendance. There were present Councillors Alexander, McLean, Ellsworth, Miller and Quinn.

The minutes of the previous meeting were read and confirmed. A communication was read from Mr. Adelard Martin regarding the position of catch-basins put down at the corner of Central and Wellington Streets, and referred to Water and Sewerage Committee.

Communication read from the Editor of the Municipal Journal with regard to the passing of a resolution relative to the matter of returned soldiers in various towns. This letter was accompanied by a lengthy editorial on the subject, which was read by the Town Clerk. The communication was ordered to be laid on the table.

Communication was read from Mr. George G. McKenzie with regard to his proposal to open up for business again in Campbellton. This letter was referred to the Police and License Committee.

Two petitions for business licenses were received, one from Emile Alain, to open up a jewelry and watch-repairing establishment in the Belanger building, and one from Charon and Joseph, to open up a photographer's studio in Gerrard Street. Both petitions were referred to Police and License Committee.

Petition was received from residents and business men of Ward III, protesting against the proposed erection of a coal shed on the south side of Water Street, next the site of the old Oddfellow's Hall. The petition was received and the Building Inspector officially notified of its reception.

The Town Solicitor Mr. H. A. Carr, then presented to the Council two agreements between the town and Mr. Jos. Boudreau, relative to the weighing scales and gasoline tank. Both these were ordered to be received and signed by the Mayor and Town Clerk.

The Town Solicitor also presented to the Council agreements made with owners of shacks within Fire District No. 1, who were willing to comply with the By-law, but asked for time to do so. These were Mr. Wm. J. Comeau, Mr. F. Belanger and Mr. Robert Connell. The town solicitor explained that writs were taken out against all who were violating the by-law, but he had explained to all so involved that there was no desire on the part of the town to harass any individual, hence the reason for these agreements. The agreements recited that the persons named would comply with the provisions of the by-law to the satisfaction of the town by the first of June 1916. The agreements were then ordered to be received and signed by the Mayor and Town Clerk. In reply to a question the Solicitor stated that Mr. Jos. Sharpe would remove the building on Water Street very shortly.

Reports were then received from the following committees recommending payment of accounts.

Finance \$ 9.90  
Water and Sewerage 13.10  
Electric Light 343.25  
Councillor Miller from the Finance Committee presented a report regarding the apportionment of the liquor license payment from the Provincial authorities, cheque for which was received some time ago. The report was received and adopted.

The councillors then informally discussed the matter of selling bonds but no action was taken, after which Council adjourned.

Body of Sir Chas. Tupper Brought From  
England on Steamer Metagama and  
Conveyed by Special Train to Halifax

CORTEGE PASSES HERE SUNDAY.

With muffled bell and locomotive and cars draped in the deepest mourning, the funeral special having on board the remains of Sir Charles Tupper, the last Father of Confederation, passed through Campbellton on Sunday evening, en route for Halifax, where the state funeral took place on Tuesday. As usual, the special was detained here for a few minutes while the necessary change of engines was made, and during this short time, the large number of citizens who had assembled at the depot as a visible sign of their regret at the passing of the great statesman, were allowed to enter the coach in which the casket was lying. The car was practically filled with the flowers which surrounded the body.

On the funeral train, among others, were Sir Charles Hibbert Tupper and his daughter, of Vancouver; Mr. W. J. Tupper and his daughter, of Winnipeg; and Sir Charles Tupper, of Winnipeg, captain in the Winnipeg Cameron Highlanders, heir to the title of deceased; Mrs. Charles Tupper, Miss Marie Tupper, Miss Cameron, Messrs. C. and E. Gray, Sir Charles Stuart Tupper and Lady Tupper, Miss Frances Tupper, Miss K. Tupper, Mr. C. W. Tupper, and Sir Joseph Pope, under secretary of state, who has charge of the funeral arrangements.

The coach, in which the body reposed, was decorated with signs of the deepest mourning, executed principally in purple and black bunting. In the round-house at every division point between Levis and Halifax, engines were especially decorated for the purpose of pulling the funeral special, and the engine from here was very tastefully decorated.

Each assistant division superintendent rode the train over his district. W. R. Fitzmaurice going down from Campbellton to Moncton and W. A. Fitch proceeding from Moncton to Halifax.

The Ministerial Special, having on board Sir Robert Borden and other members of the government, en route to Halifax to attend the state funeral, left Ottawa on Monday morning and passed through Campbellton on Monday evening. Their train consisted of locomotive, baggage car, two sleepers, a diner, and the private cars "Canada," "Empire," "Acadia," "Roleen" and "139". Among those on board was Major General, the Hon. Sir Sam Hughes, who gave an audience to a local deputation for a few minutes here.

The body of Sir Charles Tupper one-time Prime Minister of Canada, lay in state in the Nova Scotian provincial parliament buildings, Halifax, in the chambers, where as Premier of the Province, he first won his place as a legislator, and before he stepped out into the ranks of Dominion statesmen.

The remains were brought on a special from Quebec, where the body was disembarked from the steamer Metagama, which had brought it from England where Sir Charles died.

**ANNUAL MEETING  
OF SCOTTISH SOCIETY**  
Held Last Thursday Evening—  
Mr. Thos. R. Busted Pres.  
of Caledonian Society

The Annual Meeting of the Caledonian Society of Restigouche was held last Thursday evening in the Council Chambers, President H. F. McLatchy in the chair.

The reports of the Secretary-Treasurer were read and on motion were adopted. The Society is in a strong financial position, the balance on hand at the end of October being \$42.81, while a contribution of \$57.00 had been made to the Prince of Wales Fund. In all nine members of the Society are bearing arms for their King and country, many of them having seen a lot of fighting.

The office-bearers for the ensuing year were appointed as follows:—  
President—Thos. R. Busted.  
Vice-Pres.—Harry R. Smith.  
Secy.-Treas.—John G. MacColl.  
Chaplain—Wm. Currie.  
Piper—H. M. McLennan.  
Marshals—F. J. McRae and F. E. Shephard.

Executive—A. D. McKendrick, M.

Halifax, Nov. 16.—The body of Sir Charles Tupper, formerly Prime Minister of Canada, and the last link with pre-Confederation times, with all the impressiveness of a state funeral, was laid to rest in the quiet little cemetery of St. John's to-day, after the remains had been carried through the streets of Halifax, from St. Paul's Anglican Church, where a solemn service was held. The period of lying-in-state ended this morning, and during the twelve hours that the body was on view it is estimated that more than ten thousand people passed before it to look a last time at the peaceful features of the aged statesman, lying in the plain oak casket shrouded in the Union Jack.

The procession which followed the body to the grave in St. John's cemetery, where Sir Charles was buried near Lady Tupper, emphasized the fact that his efforts as a public man have brought. Thus the imperial aspect of his work was testified to by the presence of Lord Richard Neville, the representative of the Duke of Connaught, governor general; the lusty Dominion that has sprung from confederation, by the Prime Minister and members of the House of Commons, and those here on behalf of the various provinces and the railways that owed much to his vision and determined advocacy in parliament, by Sir Thos. Shaughnessy, president of the Canadian Pacific; Sir William Mackenzie, president of the Canadian Northern, and Sir Henry Drayton, chairman of the Dominion Railway Commission.

The more personal element in the concourse of mourners was provided by Sir Charles Hibbert Tupper and Sir Charles Tupper, the latter the statesman's heir.

The procession, which was two miles long, contained several naval and military contingents.

The service in St. Paul's Church was intensely moving.

The music included Chopin's funeral march and the favorite hymns of Sir Charles, "Peace, Perfect Peace" and "Now the Laborer's Task is O'er."

As the body was removed to take its place in the procession the Dead March in Saul was given.

Archbishop Worrell, in the course of his panegyric referred to Sir Charles's ambition to link the provinces together, to improve trade, an ambition which found expression in his labors on behalf of Confederation, the Intercolonial and Canadian Pacific Railways, and in the Welland and St. Lawrence canals. While Sir Charles had his faults, he was nevertheless actuated by right motives, and showed a political record which might well be envied by some subsequent politicians. He was of a generation passed away, a type of public man not produced to-day. He was an optimist and a visionary, and his visions came true.

Messrs. D. A. Stewart and A. J. Culligan, our local Provincial members, both attended the funeral at Halifax.

M. Mowat, Dr. Murray, Harry Miller, H. A. Carr, and A. F. Chamberlain. The manner of observing "St. Andrew's Night" was left in the hands of the Executive and some celebration will be carried through.

The members of the Society will regret to know of President Busted's illness, but they will be glad to hear that latest reports from Montreal are that he is doing well.

### NORTH SHORE BATT. NOW TO BE RAISED

Minister of Militia Holds Out  
Hopes That Part of Unit  
Will Be Billeted Here

The North Shore Battalion is now an accomplished fact, and the unit which will be under the command of Lt. Col. Mesereau, will be known as the 132nd Overseas Batt.

Recruiting Officer McDonald has received instructions to begin recruiting for this battalion and instructions have been given to hold all the men here who sign on.

During the past week the following recruits were enlisted:  
Fred Nault, Lowell, Mass.  
Dennis Belanger, Rhode Island.  
F. J. Robert, Gaspe Basin.  
Jos. Beaulieu, New Carlisle.  
Dom. Arseneau, St. Omer.  
Walter Sargeant, Campbellton.  
Robert A. Thompson, Escominac.  
Harry Ivan Court, Escominac.  
Emerson Targett, Richardsville.

Some of the above recruits have gone to Sussex to join the 104th Batt., while others have gone to Halifax for home service.

On Monday evening a deputation consisting of His Worship Mayor Andrew, Mr. D. A. Stewart, M.L.A. and Recruiting Officer McDonald met the Minister of Militia and had a few minutes conversation with him, relative to the billeting of troops. While the minister thought that recruits could be kept here in private houses, he listened carefully to the remarks of the deputation regarding the use of the old International Buildings, and promised to send an engineer to look the situation over.

Lt. Col. Dean and Capt. Jago from Halifax are here today and we feel certain that their report will be favorable to taking over the premises. We appreciate the promptness with which Sir Sam Hughes looked after this matter and the success of raising our share of the 132nd battalion will depend a great deal on whether we can quarter the men here or not. It is certain for one thing that there are no places around where men could be boarded for fifty cents a day.

### SOLDIER GETS WELL MERITED PROMOTION

Col. Beer of P. E. I. Passes Through Here Tuesday on Way to Raise Battalion

Col. Beer of Prince Edward Island passed through here on Tuesday by the Limited and was met at the station by some of his friends here, who were glad to meet him.

Col. Beer was a major in the Mounted Squadron of P. E. I. and when the war broke out went to Valcartier and offered to go as a private in the Strathcona Horse. He was given a sub-lieutenancy in this Corps, and went through all the engagements taken part in by the Canadians since April 23rd and came out without a scratch. He was given two months' leave of absence and on reporting at Ottawa was congratulated by the Minister of Militia, who promoted him to be Colonel and given the position of raising a killed regiment in Prince Edward Island.

Speaking with friends here Col. Beer said that the officers and men partook of the same food in the trenches and no one had any objections of any kind.

It will be recalled that the Col's daughter, Miss Nora Beer, visited here last summer the guest of Miss Margaret Gallagher.

# SUDDEN DEATH OF MRS. DENIS FITZGERALD

## Was Making Good Recovery From Operation But Passes Away Suddenly

In the death of Mrs. Denis Fitzgerald which occurred at the Royal Victoria Hospital, Montreal, on the afternoon of Sunday the seventh last, her family and the community generally have sustained an irreparable loss.

The deceased lady was in the prime of life being in her fifty second year and had gone to Montreal a short time ago to have a slight operation performed. This had been carried out successfully, she was making good progress, and looking forward to a reunion with her family when, as she was quietly reading, the summons came, and she passed away quite peacefully, with no suffering. The cause of death was an unsuspected weakness of the heart.

There are left to mourn her loss, her husband, Denis Fitzgerald, five sons, and three daughters. The sons are James and Richard, married and living close to the old home, and Weir, Frank and George, unmarried, and staying at home. The daughters are Matilda, married to James Chesser, living in Restigouche County, N. B., Nellie, married to Robert Adams, also living in Restigouche County and Bertha the youngest, at home. One brother and three sisters also survive her, namely, Alexander Ryan of Flat Lands, Quebec, and Mrs. Richard Firth of Flat Lands, Restigouche, N. B., and Mrs. Edward Mann and Mrs. Alexander Mann of Manns Settlement, Matapedia, P. Q.

The remains of Mrs. Fitzgerald were embalmed at Montreal, and arrived at Matapedia on Tuesday morning. The funeral took place at 9 o'clock on Wednesday morning.

The esteem that both she and the family were held in by all, was evidenced at the funeral. Although the roads were in the worst possible condition, and the notice to the public was necessarily short, upwards of fifty teams followed in the funeral procession to the Roman Catholic cemetery at Matapedia, where after a most impressive service in the chapel, she was consigned to her last resting place.

Mrs. Fitzgerald had lived amongst us in Matapedia West for the last twenty five years, coming here with her husband and family in 1890, during that time she had her share of sorrow, losing a son and daughter. John, a lad of 21 years and Mary, her eldest daughter, married to Alex. Mann of Manns Settlement, Matapedia. Her bright cheery presence, her energy, and helpfulness towards every good work together with her courage and great devotion to her family will remain long in the memory of all.

Her family and friends have the consolation of knowing that so far as good care and the best medical skill procurable were concerned, she had the advantage of them.

This article would not be complete without referring to the very great kindness of Dr. W. W. Chipman of the staff of surgeons of the Royal Victoria Hospital, and the sympathy, kindness, and consideration of the rest of the doctors and nurses of that institution, who did all that was possible under the circumstances.

The pall bearers were her four sons, James, Richard, Weir and Frank, together with James Chesser and Daniel Lawlor.

A Dominion arsenal for the making of big guns should be a decided success. Its best feature is the elimination of the contractor.

# FAMOUS SWORD FOR COL. FOWLER

Was Carried on March of Old 104th From Fredericton to Quebec

St. John.—A few days ago in a cleverly conceived decoration in M. R. A.'s establishment, the sword carried by Lieut. William Barry Phair of the old and debatable 104th Regiment, was placed on exhibition along with many other relics of that intrepid band of volunteers.

This sword has been purchased outright and will be presented to Lieut. Col. George W. Fowler, M. P. of the new 104th New Brunswick Battalion in perpetuation of the battalion number and of the spirit which impelled the men of this loyal province to take up arms in defense of their home and flag.

Lieut. Col. Fowler feels pleased and complimented that such a time-honored and illustrious relic should be bestowed upon him and his regiment, and promises to wear the weapon throughout the career of the new 104th in the present struggle.

# ANTI-BRITISHER TO BE INTERNED

Talkative Critic on Train From Montreal Taken in Custody at Ottawa

Ottawa, Nov. 5.—A man who gave vent to a great deal of anti-British talk on the train while coming over from Montreal last night and also at the review of the 52nd Battalion from Port Arthur on Parliament Hill this morning, has been taken into custody and is being sent to Kingston to-night to be interned. The man appears to be mentally deranged. He is about 47 years of age and says he was born in Lorraine, but will not give his name nor any information about himself more than to say that he is going about the country urging men not to enlist because the ammunition is no good. A letter found on him seemed to indicate that he had been working for the Canadian Explosives Co. He speaks German and also Parisian French.

It's queer how affronted some of us are when our wives merely smile wanly instead of laughing vociferously every time we retell them the whiskered old stories we've been pulling on them since 1887.

# IN QUANDARY OVER MACHINE GUN FUND

## Government Denies Asking for Contributions After Receiving Nearly Two Millions

Ottawa, Nov. 11.—The government is now backing up on the campaign inaugurated last summer for public contributions to provide machine guns for the Canadian troops. The suggestion that public generosity and patriotism might take the form of such contributions emanated from Senator Loughheed, when the latter was acting minister of militia during Sir Sam's absence in England.

The suggestion was taken up by the press, and offers poured in immediately to the department aggregating nearly \$2,000,000 from private and public bodies in all parts of Canada. Then it was found that the government had already placed orders for months ahead for all the machine guns which could be delivered by all the available manufacturers. The offers of subscriptions for the machine gun fund were, however, acknowledged by the militia department and the subscriptions were accepted until recently, when the difficulties in the way of applying the money as intended were pointed out.

Now the government is in a quandary as to just what to do with the funds on hand and with the funds raised for the purpose, and awaiting government advice as to their disposal. Probably the donors will be asked to turn the funds over to the Red Cross or the National Patriotic Fund Association. In any event the government now says that it will itself look after the purchase of all necessary machine gun equipment, and that public subscriptions for machine guns are unnecessary and were never officially suggested. That is the gist of the following statement issued today from the prime minister's office.

"The impression seems to have gained ground that an appeal for such contributions from the public was made by some member of the government. The prime minister has made careful inquiry and cannot ascertain that any such request was ever put forward. Appeals must necessarily be made to the generosity of the people of Canada for aid to the Patriotic Fund, the Canadian Red Cross Society and other similar organizations which are performing a national service.

"It is earnestly hoped that the efforts of the various committees in Canada will be devoted to necessary assistance for such associations rather than to contributions for machine guns which have been amply provided for by the federal government."

Senator Loughheed, when interviewed last afternoon on the question said that the public movement for machine gun subscriptions had started before he became acting minister of militia, and that the government at the time did not feel justified in discouraging this outburst of practical patriotism. The people wanted to give and the government could not very well refuse to accept, although at the time arrangements had been made by the government for very largely increasing the machine gun supplies of the Canadians at the front.

# KICK ARMAND OUT OF THE MILITIA?

Kingston, Nov. 6.—Declaring that Armand Lavergne is suffering from the most severe attack of cold feet yet reported in Canada, the Daily Standard today editorially declares that "the sooner he is kicked out of his military office the better, even though by such an act he be enabled to pose as a martyr."

The Standard dubs Lavergne a "brass-button, gold-braided, drawing-room soldier," and thinks that it is up to a real soldier like General Hughes to relieve Lavergne both of his command and of his title since that gentleman, never ornamental at best, is certainly not useful.

Says the Standard in conclusion: "This war is showing up some of the people of this country" in their true colors, but none has been shown up in a more pitiful light than this same Mr. Armand Lavergne, hyphenated French-Canadian, par extraordinaire."

The enemy is trying vegetarianism and professes to like it. The time is coming when Berlin will be glad to "eat crow."

Germany may be and probably is weakening, but there is still abundant work to be done and a pressing need for every recruit available.

The sign "No Irish need apply" will not be hung out in the Balkans, where Sir Bryan Mahon is now the British Commander-in-chief.

Canada is now exporting wheat and shells instead of securities. It takes work to produce wheat and shells, but securities can be made with pen and ink. It is a good change.

The real meaning of the word "Boche" is "Thickhead" and that is why the Germans don't like it.

When the office boy and the stenographer begin to get into the war stock market, it is a fine time for the investor to pull out.

**So that my executors may have ready money**  
The following extract is from the will, recently probated, of a keen, successful, and successful business man.  
Among the insurance policies on my life which are now payable to my children, I am endeavoring to arrange that these policies shall be made payable to my estate so that my executors may have in hand ready money for immediate requirements. If I should not have been successful in this, I desire that my children should have the interest in the policies and in the event of my death the proceeds of the policies should be paid to them at a great sacrifice.  
The moral is plain. There is no estate, be it large or small, but should be covered by life insurance. A policy would prevent losses to your widow or your children that could not otherwise be avoided. Because a small "ready money" policy is a life insurance policy.

### OBITUARY

Word by telegram has been received at Bathurst by Miss M. B. Ryan, of the death on November 8th, of her brother, John, at Coleraine Hospital, Minnesota, of typhoid fever.

A short while previous, Miss Ryan had a letter from him saying he was not feeling in the best of health, but that he intended going to the hospital for medical treatment.

The deceased's many Newcastle and surrounding town's friends will read with regret of his early death. He had a host of friends, and was liked by every one for his genial disposition and good heart.

He was considered in his home town as a smart and able man, and was an energetic worker. He leaves a widowed mother, a brother, William in Vancouver, who has been notified of his death; one brother Frank at home, and one sister, Mary E. Ryan, manager of the Bathurst telegraph offices. The deceased Mr. Ryan was forty years of age.

His remains arrived on Sunday's Limited and were taken to his residence and buried on Monday morning with a funeral Mass at 9 o'clock. Bathurst friends extend sympathy to Miss Ryan and the members of the family in the loss of a kind and loving son and brother.

#### SHATTERED NERVES

Too many people disregard the warning of shattered nerves. And slowly but surely—neglect lets this curse of modern life affect every organ and every function of the body and mind.

For the nervous system is not independent and separate—it is intimately connected with stomach, liver, heart and brain.

You should heed the very first warning that your nerves telegraph to your intelligence.

First, remove the cause of the trouble. If you don't know what the cause is, consult a capable physician at once.

Second, rebuild and tone up your nervous system with Zoc-tic—the Greek Health Tonic.

It is a new and improved combination of glycer-phosphates, fine colorless-rendered Cod Liver Oil containing no greases and the best procurable tonic wine. Your own physician will tell you that glycer-phosphates contain the actual elements of the human body in the most assimilative form, and the value of Cod Liver Oil in rebuilding tissue, and tonic wine in rebuilding nerve force are too well known to need discussion. Zoc-tic has a delightful taste.

Everywhere in Canada at the same price. One Dollar for a Generous Bottle. Compounded from food and tonic essences by The Zoc-tic Company, Montreal. (5-45)

#### THE MACHINE GUN FUND.

The statements now made by members of the federal government from Premier Borden down to the effect that the government or members of it never at any time encouraged the collecting of funds throughout the country for the providing of extra machine guns for the various overseas battalions from Canada, can hardly be reconciled with the letters and telegrams sent out by Senator Loughheed during the time when this movement was at its height.

For instance, Mayor Hickey of this town, took pains to wire Senator Loughheed who was acting Minister of Militia during Sir Sam Hughes' trip to the Old Country, and received specific assurance that the government would welcome all such contributions. Later on when the funds had been sent in to Ottawa a letter of acknowledgement and thanks was received. No doubt other communities can produce the same evidence and if this does not constitute a plain case of asking and encouragement nothing does.

The truth seems to be that the government had made as bad a muddle of this matter as of countless other projects they have entered into. Instead of denying their work they should issue a frank statement of explanation

#### MAJOR A. E. G. MCKENZIE WRITES NEWSY LETTER

Trenches Not Pleasant When it Rains. King's Inspection of 26th Battalion

Mr. M. A. Kelly has received a splendid letter from Major McKenzie, a portion of which we give below for the benefit of our readers.

MAJOR A. E. G. MCKENZIE of 26th Battalion

We came out of the trenches last night about 12 and I am going to rest up today. It is raining quite hard, so I have retired for the day from my tent to our billet in a Belgian farmhouse. They are very friendly to us (some Belgians are not) and they do not mind us overcrowding their houses.

I often wonder over here what the boys at home think of the situation—those who stay at home in this great struggle. It seems a shame sometimes that some fellows should have all the comforts and the rest of us all the hardships. Still, we are not downhearted—none of us. It is a game that must be played out to the limit.

I suppose you heard that we got quite a smash on the 13th; about twenty killed and something over thirty wounded, nearly all one company. I am sorry to say that four of the boys enlisted from Campbellton, were killed. Three of them were killed together, in our little attack on a crater in front of our line. It was some little scrap while it lasted. You might tell Dan Richards to tell his (Thompson's) father, that there was not a better boy in the Battalion than he.

These boys knew that they were going to almost certain death, but they went like heroes. It was some little hell for the time, I can tell you; dead and wounded men being brought in, stretcher-bearers trying to patch them up and all kinds of shells passing over our heads (fortunately they nearly all passed).

The conduct of our men was exceedingly good and we received a letter of thanks from the Divisional Commander. Some honour. I think one of our men, Sergeant Ryer, will get the V.C. or the military Cross and probably Major Brown, who commanded the company, will get some special recognition.

This last trip to the trenches has been pretty quiet and we lost just one man killed and one or two wounded. We are supposed to have six days rest, but we have to send about four or five hundred men up each night as working parties and it is not much of a rest. The men, I believe, really welcome going back to the trenches again.

It is really wonderful the whole system here: rations come in right on time and everything else has been splendidly managed. Water is brought to the "dumps" in water carts or waggons. It is carried every night to the trenches in gasoline tins holding about two and one-half gallons. Rations, in the same way are brought up and taken to the trenches at night.

The trenches themselves have dug-outs where the men sleep when off duty. Of course they are damp and cold, but one can sleep there anyway. Wet weather is our bad time. The trenches then are rotten. Imagine living for six days in one of the ditches the town digs when putting in water or a sewerage. It is just like that when it rains.

We have had rather an interesting week. Yesterday the King inspected the Canadian Army Corps. Each regiment sent fifty men. I was in charge of our crowd. It was quite a sight (not spectacular at all) some khaki and a sombre day, with the guns booming all around. We were only then about two or three miles from the German trenches. We had an aeroplane watching over us, which reminded me that I saw an aerial fight, the day before yesterday. It was a beautiful day—very clear—and the German plane thought it would take a look around our vicinity. I heard it dropped a few bombs, without doing any damage. Then the anti aircraft guns opened up on him and one of our planes went after him. It was put out of business and dropped just behind the German first line trenches, about one hundred yards from our first line trenches. The two others brought down the same day so that was a pretty good day's work for them.

I think we have them trimmed as far as air-craft go and I almost think we have a preponderance of artillery now. There certainly seems no scarcity of ammunition. The Germans have quite a collection of death dealing

shells themselves. The "Coal box" is a dandy when you are not close to it. We hug the trenches pretty close when we hear them coming. There are so many ways we can get killed over here without any choice, it keeps one busy dodging.

Great Recruiting Meeting at  
Ottawa Taken Part in by  
Hon. C. H. Marcl

The great recruiting meeting held in the Kussell theatre, Ottawa, last Wednesday evening was notable in several respects. The immense audience, which crowded the building from pit to the topmost galleries, indicated the all-absorbing interest of the people of Ottawa in the mighty struggle against Prussian ruthlessness that is now being waged in a dozen bloody theatres of war. It was distinguished by the soldierly precision of the arrangements, and marked by the absence of artificial enthusiasm. There was a serious, at times almost a grim air about the meeting and the definite purpose for which it was called, was always apparent. That purpose was to get recruits, and recruits were obtained. A couple of dozen stalwart young men saw their duty, and did it. They came out from the ranks of the indifferent, and signified their desire to have a part in the death-grapple that has been forced upon Great Britain and her allies.

They came because their vision had been cleared. The scales had fallen from their eyes, after the situation had been placed before them in its true light by the various speakers. The homage that is always laid to manliness and self-sacrifice, was accorded them. As they took their places in the honor section, the great audience, thrilled with admiration at their response to the call of King and country, accorded them an ovation that will linger with them while life lasts. It was a spontaneous, human tribute or ordination and affection, that must have touched and warmed the hearts of the recipients and their loved ones.

There was not a jarring note during the evening. The addresses were singularly free from fustian or bombast. The gravity of the situation, and the colossal character of the task that confronts the allies was emphasized, but throughout the remarks of the several speakers ran the note of convincing optimism.

Hon. Charles Marcl, of Montreal, brought an eloquent message to his compatriots, and urged them not to be misled by the isolated utterances of one or two individuals in the Province of Quebec. These voices were not representative of the sentiments of Quebec, whose people, were heart and soul with Great Britain in this great struggle. After fighting each other in many lands, Great Britain and France were now fighting side by side. Their union had been cemented by blood, and they were today, battling for the cause of truth, justice and freedom.

"If you do not want to see the black cross of Germany floating from the ramparts of Parliament Hill, and from old Quebec, join in the great fight, and help to drive the unspeakable Hun back from whence he came," he exclaimed, with impassioned gesture.

Hon. Mr. Marcl's fervid, tactful and genuinely eloquent address, was very warmly received, and the message that he brought fell upon cheering ears.

He emphasized the duty of every Canadian to do his bit insofar as possible by enlistment. "In spite of what one or two may say, Quebec is loyal to the British crown," was his refutation of the cry that the French-Canadians were not responding as eagerly as they might. He seconded the view expressed at a recruiting meeting addressed by Senator Dandurand some weeks ago that "we must see to it that every parish and every steeple in Quebec is represented at the front."

In a moving appeal he called on all French-Canadians to rally to the colors. After a resume of the history of France and the part taken by the French with the English in repelling the invasion of 1812, and in similar instances, he expressed the conviction that the French people would show that they were grateful for the freedom granted them under the British constitution.

"If there are any of my countrymen in the audience here tonight I would ask them what would happen if the black cross of Germany flew from the ramparts of Quebec, and the Parliament tower at Ottawa.

"We have had long years of peace. The time has now come for us, if we are to occupy the premier position among the young nations of the British empire to be prepared to pay the price. It seems a great sacrifice after so many years of peace.

"But let me remind you, that if you had been living in France, or Germany or Austria or Italy, you would have had to join the army as a matter of course when you came of military age. The French soldier at the beginning of the war was fighting for one cent a day. Now it is about five cents a day.

"We French-Canadians are fighting

It was with feelings of deep regret that the news of Mr. James Reid's death was received here this morning. The late gentleman, who was always of rugged health was attacked by illness about two weeks ago, and suc-

ceded about two months ago, and her loss was a great blow to him.

**FAREWELL TO PORT DANIEL MINISTER**

Address Presented to Rev. A. T. Love at Church Meeting on Monday Evening

On Monday evening, despite the terrific snow storm, a good number of the congregation of St. James Church assembled in the parish hall to bid farewell to Rev. Love and his family. The first part of the evening was spent in a social way. Then the Pastor, his wife and mother were called to the platform, and Mr. LeGrand, clergyman's warden, read the address which follows and presented a purse of over fifty dollars on behalf of the congregation.

"To the Rev. A. T. Love.

Rev. and Dear Sir,— We cannot allow the bond of sympathy and love in the christian life which has existed between you as our pastor and we as your congregation to be severed without expressing the deep feeling of regret on our part, for the loss we sustain.

We feel that you have ever been faithful and attentive to your congregation in sickness and in health, preaching the Gospel of Christ with that earnestness and zeal which could only emanate from one who had the welfare of his people at heart, and whose sole desire was to prepare them for the great eternity to which we are all fast approaching. The christian example which you have showed your congregation by your conduct as

for our former mother and our present mother, when we enlist. You know, we in Quebec have two mothers and neither one is a mother-in-law."

date in Restigouche in 1900, defeating John McAllister, the conservative member. He has represented this county continuously at Ottawa since that time, and proved himself one of the strong men of the Liberal party.

At Ottawa he was always very popular, and word of his death will be received with regret by his colleagues throughout Canada.

our pastor for the last seven years, was all in accordance with the precepts you taught, and proved you were worthy of your calling.

We therefore wish to express to you our heartfelt gratitude for your faithful services, and the deep regret we feel at your separation from us, and we trust though separated here as pastor and congregation, that by following your example and the precepts you have taught us, we will meet in that better land where partings are no more, and we trust that God, whose servant you are, may long spare you, Mrs. Love, your worthy mother and little son to enjoy health and happiness through this life wherever your lot may be cast.

These are the earnest wishes, Rev. and Dear Sir, of St. James congregation, Port Daniel. We beg you to accept this purse as a token of our esteem for your faithful services."

Rev. Love replied to the address thanking the congregation for the loyalty shown him during the seven years he has been Incumbent of this Mission. He said there was one word which characterized his work here, and that word is "home."

On Sunday when he preached his farewell sermon the church was crowded, extra seats having to be placed in the aisle. In Gascons the congregation presented him with an address and purse of money, and the Newport congregation made a presentation of a brass writing set. These tokens of affection will surely impress upon him that he has the good will of the parishioners in the Mission of Port Daniel.

The Rev. Whiteley of Shediac, N. B., is to be Rev. Love's successor. He will take charge of the Mission the first Sunday in December. In the meantime the Rev. Vibert of Shigawake will conduct the services in Port Daniel.

**GOOD RESULTS OF RECRUITING TOUR**

Lieut. DelaPerrelle Writes From Chandler—Patriotic Action of Gaspe Hotel Keeper

The editor is in receipt of an interesting communication from Lieut. D. P. DelaPerrelle, who has been recruiting on the Gaspe Coast. Part of his letter is as follows:

Recruits are kind of slow in these places and as there are two of us recruiting on this coast we have to give them their choice, so at the present day Lieut. Mowat and myself have been going round to the different places and mills. Last Thursday we had a meeting in Gaspe in the mill cookhouse and I was again there on Friday, whilst Mr. Mowat went to Grand Greve and so the results are that as far as we know there has been eighteen recruited whilst we were there, and one for the 104th. The other eighteen all went to Montreal and Quebec, as they wanted to be with their friends. Lately there has been no less than three recruiting officers on the coast and quite a few have gone. There is somewhere about fifty or sixty from Gaspe alone. Mr. Baker of Baker's Hotel, Gaspe, is one of the FEW, as he has boarded Mr. Mowat and myself and fed what recruits we brought in there for examination, besides putting them up over night and when we asked for our bill on Saturday morning we were handed a clear receipt and his reason is that he is not able to fight, but will do all he can to help recruiting and it is the only means he can help by being of assistance to any man who goes recruiting in Gaspe. Rev. Wayman is also a hard worker and doing his best to encourage the young men, also Mr. Richmond, who offered his services to go round the coast to Fox River later on when the roads are fit to travel. So you see there are a few who are really interested. These as well as a few more who helped quite a lot during our stay in Gaspe. I am going to remain here a couple of days and go to Port Daniel on Thursday, so hope to have good luck from this out, but sorry I can't get them direct for the 104th, but I presume they are just as well in Montreal as Sussex as it means the same thing. I hope they are working hard for the North Shore Battalion and then we can prove there are still some fighting men in Campbellton. I remain, Yours truly, D. P. DeLaPerrelle.

Cross purposes, intend holding an Afternoon Tea and Supper on Tuesday first, the 23rd inst., in order to raise funds to carry on this much needed work.

It is unnecessary to state all the activities of this organization, full reports of which were published in these columns from time to time, and it is urged upon the citizens to patronize this entertainment, as it is only by voluntary contributions that the Institute are able to carry on their work.

Mr. S. W. Dimock has given the use of the new tea rooms and all conveniences free, so that all the proceeds will go to the benefit of the Institute. The afternoon Tea will be served from three o'clock, and the supper from 5.30 p. m. The charges will be 15 cents and 25 cents respectively, and the Institute hope to have a generous response as they have had in the past.

**SPECIAL SOLDIERS EDITION PROMISED**

We are at present making arrangements for our special Christmas edition, which will appear December 16th. This year's cover is a very attractive one in colors, and will be prized wherever it is seen.

Plans are being made to publish pictures of our soldier boys, and persons having photos are requested to bring them to our office.

Also a complete list of the boys from Restigouche will be published. In order to make this complete, we would request that Restigouche people having sons at the front who enlisted at other points, to send their and battalion number to us at once, so that all will be represented.

Restigouche has done nobly, so let us have all the names. Advertisers, both in Campbellton and outside points should make arrangements for advertising space at once.

# WOMAN IN TERRIBLE STATE

**Finds Help in Lydia E. Pinkham's Vegetable Compound.**

Cape Wolfe, Canada.—"Last March I was a complete wreck. I had given up all hope of getting better or living any length of time, as I was such a sufferer from female troubles. But I took Lydia E. Pinkham's Vegetable Compound, and today I am in good health and have a pair of twin boys two months old and growing finely. I surprised doctors and neighbors for they all knew what a wreck I was."

"Now I am healthy, happy and hearty, and owe it all to Lydia E. Pinkham's remedies. You may publish this letter if you like. I think if more women used your remedies they would have better health."—Mrs. J. T. Cook, Lot No. 7, Cape Wolfe, P. E. I., Canada.

Because your case is a difficult one, and doctors having done you no good, do not continue to suffer without giving Lydia E. Pinkham's Vegetable Compound a trial. It surely has remedied many cases of female ills, such as inflammation, ulceration, displacements, tumors, irregularities, periodic pains, backache, and it may be exactly what you need.

The Pinkham record is a proud and peerless one. It is a record of constant victory over the obstinate ills of women—ills that deal out despair. It is an established fact that Lydia E. Pinkham's Vegetable Compound has restored health to thousands of such suffering women. Why don't you try it if you need such a medicine?

## COL. McLEAN MAKES

STRONG DEFENCE OF FRENCH CANADIANS

Angry at "Little Canadian Crew" Who Seek to Cast Reflection on Loyalty of French as a Class

Ottawa, Nov. 15.—Col. H. H. McLean, Liberal M. P. for Sunbury-Queens, in an interview given, takes his stand as a champion of French-Canadians as fighting men. Col. McLean's interview is more or less of a reply to certain criticisms of French-Canadian regiments by "J. Stevenson Blake, of Toronto," who, writing to Mayor Martin, of Montreal, last week alleged that there were wholesale desertions from French-Canadian battalions.

Col. McLean, when asked if he had seen the letter from Mr. Blake to the mayor of Montreal, replied: "Yes, I have, and I am angry right through at the statements Blake makes. He is one of a class who, without taking the trouble to ascertain the facts, believes any rumors reflecting on the loyalty of French-Canadians. While Sir Wilfrid Laurier and Sir Robert Borden, the great Canadian leaders, are setting an example to the men of Canada by working together for Canada, little mean men are trying to stir up strife between the French and English."

"Minor defects in the French-Canadian regiments are magnified and distorted. Let us look at the record. The officers and men of the 22nd Battalion, under the command of Colonel Gaudet, have proved themselves the equal of any regiment on the fighting line. The 41st Battalion (Colonel Archambault) was in my brigade at Valcartier, and is now in England 1,100 strong. A finer lot of men never left Canada, and I know that Quebec will be proud of their services to our king and empire."

"The 57th (Colonel Paquet), also in my brigade, will be up to strength this month. This fine regiment has sent overseas over 800 men in drafts. The 55th (New Brunswick) of my brigade had one company of French-Canadians, splendid soldiers. Look also at Colonel Dansereau's regiment, which has just left Valcartier. The officers of the First Canadian Division included Papineau, Dansereau, Ranger, Barrie, Quintal, Leprohon and Roy, all typical French-Canadian officers. No man has ever done more than Sir Sam Hughes to draw together and cement the bonds of friendship between the French and English-Canadians."

Shall his efforts, backed up by the best men of Canada, be checked by the little Canadian crew?

"At Valcartier this year the best of good fellowship existed between the French and English regiments, and Col. Hughes, the camp commandant, endeared himself to the officers and men by his just treatment and impartial discipline."

Competition has made it necessary for every business man to know accurately what the cost is to do business. In manufacturing lines cost is figured in decimals from the raw material to the finished product. A man must know the percentage relation of expenses, rent, power, etc., to finished output. Miss Leonie Lavoie, who presided at the organ, played many appropriate pieces with mandolin accompaniment.

The bride, who was very charming in a pretty navy blue tailored suit, with a large hat to match, and furs of white fox, was attended by her uncle, Mr. Edward Arsenau, and Mr. Chs. Bernier supported the groom.

After the ceremony, the bridal party went to the home of the bride's mother, where a wedding dinner was served to the relatives and friends. The bride received also many valuable gifts.

The happy couple left on the afternoon train for their wedding tour to Montreal, Quebec, Charlemagne, etc., accompanied with the best wishes of their friends.

Miss Arsenau was loved by all those who knew her, and her friends will greatly miss her.

Mr. and Mrs. Bernier will make their future home in Carleton.
