GRAND FALLS

A Wedding of Much Interest—Priest Dies—Other Interesting Notes.

A wedding of much interest to many friends of Mr. Glenn in this town, took place in Trenton, Ont., on Thursday evening, October 30, when Miss Gladys Jessie, youngest daughter of J. P. O'Rourke and the late Mrs. O'Rourke, became the bride of Mr. Clyde Allison Glenn, son of Mr. and Mrs. H. C. Glenn of Grand Falls. Rev. J. R. Creamer officiated. The bride was given in marriage by her father, and looked very charming in a dainty hand-drawn ivory georgette gown and embroidered veil arranged Juliet fashion, with orange blossoms. She carried Ophelia roses and lilies of the Valley and wore the gift of the groom, a platinum and gold filigree bracelet. Miss Jean O'Rourke, cousin of the bride, made a very attractive bridesmaid in bisque colored georgette and picture hat of brown panne velvet, trimmed with a single bronze rose. She also wore the groom's gift, a sterling silver bracelet and carried sunset roses. Mr. Gerard O'Rourke, brother of the bride, was best man. The groom's gift to him was a pair of gold cuff links. At the reception which followed the ceremony, several toasts were proposed, a toast to the bride by her uncle, Mr. T. A. O'Rourke, was responded to by the groom on her behalf. Mrs. W. A. Fraser, groomed in sapphire blue satin, and Mrs. T. A. O'Rourke, in black moire with ermine, presided over the table, which was very attractively arranged with large silver basket of yellow "mums" as centre piece and tall silver candle sticks. After a pleasant evening the happy couple left amid showers of confetti and good wishes for Montreal and Quebec. The bride's travelling gown was black and white canton crepe with coat of black velvet with grey squirrel collar and cuffs and small black hat with silver trimming. Many beautiful gifts were received, among which were several cheques, testifying to the popularity of the bride and groom, the latter having been associated with the Bank of Montreal at Trenton, the last few years.

OUR PRESENT FINANCIAL STATUS.

The object of this article is to discuss a few of the aspects of our financial condition as a town as well as to touch on our school.

Twenty years ago on July 1st, the village fire and water commissioners bonded the then water district for the sum of \$9,000 at 4½ p. c., there being no provision made to lay aside a sinking fund to meet this indebtedness, neither was it arranged on a serial basis, whereby a certain sum would be paid each year in order to liquidate these debentures by a yearly reduction. We will therefore find ourselves confronted by this debt on July 1st, 1925.

Let us consider what this has meant to us as a village and town.

The annual interest charge on the \$9,000 at 4½ p. c., figures an annual interest charge of \$405.00. In the twenty years we have paid \$8,100 in interest alone and we still have the debt. If we had paid \$500 a year after this indebtedness had been incurred, we would have reduced our interest charges \$22.50 per annum and in eighteen years we would have liquidated the debt, only having paid \$3,870 in interest, thus saving the sum of \$4,230 in interest charges. Should we renew these bonds at the same rate of interest, paying \$500.00 per annum, it would therefore take us eighteen years to pay them off, thus adding \$3,870 to the \$8,100 already paid, or the staggering sum of \$11,970 in interest, before we have paid the original debt. This method of financing is getting us nowhere and we should change our methods if we are to stay on the map. We must also curtail our expenditure and not think because a new council comes into power, that they must make a name for themselves by making appropriations that they could just as well get along without. At the present time, we owe the County \$1,200 arrears, which will have to be met as soon as the Town has legalized the arrangement entered into with the County Council. This arrangement is a splendid step by the present council and the writer wishes to always give credit wherever due.

This sum will have to be considered by the incoming council, as well as the debentures already referred to. We have one of the best schools in the Province for a town of our size, but let us not forget that in getting the school we also got the debt and it will have to be paid by somebody. The method of financing was altered by the present school board, to their everlasting credit, by changing from the sinking fund to a serial basis.

At the end of twenty-five years we will have paid \$46,475.00 in interest charges, but we will own our property. This does not cover the balance of the debt of \$4,000 yet to be arranged. We will be reducing our debt on the school \$2,000 per annum for the first fifteen years and \$3,000 per annum for the next ten, which means that we are reducing our interest \$110.00 per annum for the first fifteen years and \$165.00 for the next ten. Let us, therefore, consolidate what we have already, not branching out beyond our actual needs, but spend where we can save money. A few suggestions along this line will be the basis of an article which shall be submitted for consideration at a later date.

BOY KILLS SISTER

AT PLASTER ROCK

Plaster Rock, Nov. 17.—Miss Violet Porter, 21, was instantly killed about 3 o'clock this afternoon in her home at Everett, Victoria County, when she was struck in the head by a bullet from a rifle in the hands of her six-year-old brother. The bullet passed completely through the top of her skull and then went through the window of the room in which she was sitting.

The rifle had been left standing against the door of the kitchen by Clarence Cook, a friend of the Porter family, who had just returned from a shooting expedition in the woods near the house. He is said to have taken what he thought were all the shells from the gun before he laid it down. Cook proceeded through the kitchen into the dining room, in which Miss Porter was seated, and, just as he came near her chair, turned back to see the young boy pointing the rifle through the doorway towards his sister.

He cried out to the lad to drop the weapon but he was too late, the gun being discharged just as he spoke. The bullet struck the young woman just above her left ear, passed through her skull and continued on its way through a window. Death was instantaneous.

Miss Porter was the daughter of Mrs. Amy Porter, of Everett and was the eldest of a family of eight. Both her mother and her grandmother were witnesses of the tragedy.

A. for their valuable work done for the church during the past year, and expressed his appreciation of their warm-hearted loyalty at all times. Refreshments were served by the hostess and general discussion brought a very happy meeting to a close.

LOCAL AND PERSONAL ITEMS

"Tess of the Storm Country," a ten-reel super-special, was shown at the local theatre on Wednesday evening, starring Mary Pickford. The picture dealt with the lives of the wealthy hill-toppers in a fishing colony, and the humble squatters who lived near in squalor and poverty, and the war of class that existed between them. A murder committed by a poacher one night was circumstantially fastened to an innocent old fisherman, father of Tess. The plot was well worked out from this until the ultimate happy ending. Mary has still the petite, winsome, active personality that won her fame and fortune, and the wonderful work she did in this picture proves conclusively why she draws big money. Lloyd Hughes was the hero of the story.

On Saturday evening another noteworthy film was shown in "The Nei," a play of mystery and thrills, where in a mysterious murder held up stage position. Not an idle moment existed throughout the seven reels with every one on the alert each scene. Barbara Castleton, Richard Bloomer and Albert Roscoe carried the principal parts. An educational reel showing the world's greatest institutions of learning was also shown. Read page 7 for pending attractions.

George Niles returned to Fredericton on Tuesday.

Historic Site at Friendly Cove, B.C.

The historic past of the Nootka section of the West Coast was recalled recently when Lieutenant-Governor Walter C. Nichol, of British Columbia, unveiled a monument commemorating the explorations of those great English navigators, Captain Cook and Captain Vancouver.

The monument was built under the auspices of the Historic Sites and Monuments Board of Canada which is placing similar memorials across the Dominion on sites hallowed by interesting chapters of Canadian history.

A large party travelled on the Canadian Pacific S.S. Princess Maquinna for the ceremony and left the steamer at the cannery wharf, boarding launches for the short run to Friendly Cove. The party included Lieutenant-Governor Nichol, H. J. S. Muskett, his secretary, Judge Howay and Mr. Forsyth, Dr. C. S. Newcombe, the well-known historical authority who wrote the "Circumnavigation of Vancouver Island," Prof. W. N. Sage of the University of British Columbia, Mrs. R. B. McMicking, representing the I.O.B.E., Mrs. and Miss Howay, Thomas Deacy, late Indian agent for the Queen Charlotte agency and a pioneer of 1859, Dr. David Donald, Mrs. Cave-Browne-Cave, and Professor Macmillan Brown, chancellor of the University of New Zealand. Dr. Macmillan Brown is one of the leading ethnologists of the Pacific, and has been spending the summer on the coast investigating the Indians and their customs.

The new monument is seven feet broad by eleven feet high, with a standard size bronze tablet bearing the following inscription: "Nootka Sound, discovered by Capt. Cook, in March, 1778. In June, 1789, Spain took possession and established and maintained a settlement, until 1795. The capture of British vessels in 1789 almost led to war, which was avoided by the Nootka Convention, 1790. Vancouver and Quadra met here in August, 1792, to determine the land to be restored under the convention."

A feature of the entertainment provided those who took part in the unveiling ceremony was the Indian dancing, arranged by aborigines from Clayoquot Sound, the Wicwinnish of the early navigators' journals. Tentative plans are afoot for an elaborate pageant to be held at Friendly Cove, Nootka Island, in four years time to celebrate the 150th anniversary of events commemorated by the unveiling of the cairn.

THE VENDORS.

(Edmundston Observer.)

We understand that the Licensed Vendors are closed. We have not heard any particulars in regard to their opening again, or as to whether they are to be superseded by some one else.

We do not know what the policy of the Government is in regard to the dispensing of alcoholic liquors in Edmundston.

Some months ago the Premier said that he would make an honest attempt to enforce the law.

Conditions in Edmundston have been bad in the past, we are hoping that the conditions will be better in the future.

We believe that a vendor is a necessity in the town. We believe that under prescription, alcohol, is a medicine. We have never been in favour of closing up the vendors altogether.

Our statements from time to time in this paper have not been for prohibition as prohibition, have never been to make it impossible for people with prescriptions to obtain liquor, have never been to stop the legitimate sale of liquor when that liquor was needed in the case of sickness, and was so prescribed by a physician.

Our contention was that the present law should be enforced. Our contention is that every law should be enforced or taken off the Statute Books.

If the Government intends that the sale of liquor by the glass should be stopped, if the Government is going to see to it that people here obey the law, then we say "more power to them," and our opinion of Premier Veniot, will be greatly enhanced.

The only criticism we have heard of the Veniot Government here has been in that respect, everybody with any common sense believes that his Grand Falls hydro development policy is wise, the great majority of people here believe that he is in earnest.

If he carries out his policy of making Edmundston a law-abiding place in regard to the liquor business, then Madawaska County will be unanimous in support of him, and will boost him all it can.

ON CHURCH UNION.

The question has lately been raised in the press as to the belief of the Methodist, Presbyterian and Congregational Churches in the central truths of evangelical religion. We wish to draw attention to the fact that the latest expression of the faith of these churches is found in the section on Doctrine of the Basis of Union. "This confession" contains statements of the doctrines of grace as clear and strong as an authoritative statement issued by any church in recent times. The following quotations will show their character:

Article 6.—"Of the Grace of God." We believe that God, out of His great love for the world, has given His only begotten Son to be the Savior of sinners, and in the Gospel freely offers His all-sufficient salvation to all men."

Article 9.—"Of Regeneration." We believe in the necessity of regeneration, whereby we are made new creatures of Christ Jesus by the Spirit of God."

Article 10.—"Of Faith and Repentance." We believe that faith in Christ is a saving grace whereby we receive Him, trust in Him and rest upon Him alone for salvation as He is offered to us in the Gospel."

Many other statements similar in their definiteness and emphasis might be quoted. The faith of the three churches entering the Union is to be judged by the statement mutually agreed upon and accepted both by their courts and their membership and not by excerpts from the writings of individuals, especially when such excerpts are usually torn from their context by special pleaders, and made to bear a meaning never intended by their authors.

WHAT KIND OF A COUGH Is Yours?

WHETHER

it is a simple cough that you have been inclined to ignore, or whether it is a cough that almost seems to burst you by the racking exertion, with aching head and aching body—

Get a box of Peps at once, take a tablet from its silver wrapper, and as it dissolves on the tongue, breathe in the HEALING, BALSAMIC FUMES that are then given off. Notice how the balsamic odours find their way by inhalation along all the breathing passages and there allay the inflammation causing you trouble.

You cannot possibly get at these delicate membranes by any other way. Liquid medicines are merely swallowed into the stomach. Peps act direct on the affected tissues and remove the cause of the irritating cough in a way no other devised remedy can.

Due to greatly increased sales and lowered cost of production Peps can now be obtained in hand boxes of all druggists and medicine dealers at the

He leaves to mourn an aged father, one brother, Albert, and one sister, Mrs. James Campbell and a large circle of relatives and friends. Relatives from a distance who attended the funeral were Mr. and Mrs. John Estabrooks and family of Mars Hill; and a nephew, Levis Estabrooks of Boston.

They contained clothing and other personal belongings, besides order papers. It is understood an arrest has been made.

Government and 35 leading universities and found to be superior to 10 ordinary oil lamps. It burns without odor, smoke or noise—no pumping up, is simple, clean, safe. Burns 94 per cent air and 6 per cent common kerosene (coal oil).

The inventor, J. M. Johnson, 246 Craig St. W., Montreal, is offering to send a lamp on 10 days' FREE trial, or even to give one FREE to the first user in each locality who will help him introduce it. Write him today for full particulars. Also ask him to explain how you can get the agency, and without experience or money make \$250 to \$500 per month. 11-13.

The public school which was closed for Thanksgiving there, did not re-open on Tuesday morning owing to scarlet fever having broken out during the holiday. It is thought that the disease, which is a mild type, is quite prevalent and the school will not re-open until the epidemic has been stamped out. Cases of chickenpox and measles are numerous in town, there also.

There has been considerable improvement added to the Methodist Church. A new entrance has been built, consisting of a platform with steps leading from both right and left sides. Concrete steps have been put in, leading from the elevation of ground in front of the church to the sidewalk. Then the interior of the church has been repainted and it is done in a very tasteful manner. The side walls are painted a deep cream with brown trimmings. The work was done by Mr. R. McKenzie, who came here from P. E. I., a few weeks ago. He is now engaged in painting the interior of the Church of England and if the work is done there as well as it is at the Methodist Church there will be no cause for complaint.

She was attended by Miss Anna Barker, sister of the groom, who wore pink crepe de chene with hat to match. The groom was supported by Albert Smith, brother of the bride.

Miss Alma Whotman played the wedding march. Immediately after

DANGER FROM COLDS.

In his latest monthly bulletin, Dr. Hastings, medical officer of health for the city of Toronto, endeavors to educate the public to the fact that ordinary colds are at present the most dangerous ailments that have to be contended with, and hands out some good advice along this line.

"It must be apparent," he says, "that the greater frequency of these acute respiratory diseases during the late fall, winter, and early spring, bears a very decided relationship to air conditions, inasmuch as when we are placed under artificial conditions, such as artificial heating and ventilation, forced upon us by a falling temperature, we immediately notice an increase in the incidence of the so-called common cold."

"In the first place, we have already emphasized, keep physically fit, avoid all those things that have a tendency to lower the vitality, such as overwork, fatigue, unnecessary exposure, to cold, improper food that you eat, take ample exercise in the open air, and live and work under proper air conditions as regards temperature, humidity and movement," is the M. O. H.'s advice.

"An acute cold in an infant is always serious. It spreads rapidly and if not got promptly under control, soon extends to the bronchial tubes and lungs, resulting in broncho-pne-

HEAVY TOURIST TRAFFIC.

The report on agricultural and industrial progress in Canada as compiled by the Department of Colonization of the Canadian Pacific Railway has the following about New Brunswick:

"A fairly heavy cut of lumber in New Brunswick during the coming season is indicated in scalers' report to the Department of Lands and Mines. Sawing during the last summer has depleted stocks and the supply of sawlogs will have to be replenished for next summer's operations."

"Tourist traffic in New Brunswick during the last summer left nearly \$3,000,000 in the province, an amount almost equal to the total provincial revenue, according to an estimate of the New Brunswick Tourist Association. Approximately 70,000 tourists visited the province."

"Unusually heavy yield of potatoes are reported throughout the province of New Brunswick, as high as 225 bushels per acre being secured by farmers in some sections."

U. S. POTATOES IN THE WEST

Low Duty Gives Products Edge on Those From The Maritime Provinces.

Messrs. Hatfield and Company, produce shippers have received some telegraph messages from Winnipeg, concerning the price of potatoes there. The subject matter of these telegrams indicate that the American potatoes are crowding out the Canadian product. The final crop report from the United States, issued from Washington shows that there were 454 million bushels of potatoes in that country this year which is the largest crop in history. Last season's crop was 412 million bushels. Messrs. Hatfield and Company state:

"Would say that there are potatoes coming into Western Ontario and all points in Western Canada today and owing to our heavy freight rates and difference in duty, we are shut out of that market and it now looks as if that market and also our Cuban market would go to the United States unless the price goes very low in New Brunswick. The following telegrams have been received:

Winnipeg, Man. Nov. 12, 1924: Hatfield & Co., Ltd.,

Hartland, N. B.

"This market importing now United States grade number one early Ohio even weight sacks, around seventy-two cents bushel delivered here. Stuff giving good satisfaction. Our potato crop is practically a failure; and we feel we will be importing potatoes here all winter, although now demand is not awful heavy. We feel storage proposition if it appeals to you might be all right. Wire us. MUTUAL BROKERAGE LTD."

Winnipeg, Man., Nov. 12, 1924. Hatfield & Co., Ltd.,

Hartland, N. B.

"Your blue message addressed Scott Brokerage, referred to us, Canada A grade and United States No. 1 potatoes even weight sacks being bought off track here 70 to 75 cents bushel. Local holdings light also light crop, Saskatchewan, but northern Alberta good and also Minnesota and Illinois."

"SCOTT FRUIT CO., LTD." "In view of the foregoing telegrams, it would appear that there is plenty of opportunity for a market in the Canadian West, but Eastern shippers are prohibited from utilizing this market on account of the low import duty of 25 cents a bushel on potatoes entering Canada from the United States, while going into United States from Canada are assessed 30 cents per bushel, a difference of ten cents favorable to United States importation."

"If our Government could only realize the difficulties which confront the Eastern section of Canada in the matter of marketing our goods and would take it seriously, giving the matter a thorough study, there is no reason why greater trade could not be stimulated between different sections of Canada."

"The United States Government is wide awake to the interests of anything affecting its trade and is continually looking to the protection of its industries in order that they may thrive and prosper."

DEVELOPMENT AT GRAND FALLS.

Early development of Grand Falls would seem now to be a matter of certainty in the early future. All the preliminary stages of the enterprise have been successfully covered, and an order from the proper official source, authorizing construction work to begin, has been issued.

It is expected that the development work covered by the order will involve an outlay of approximately \$4,000,000. Following development transmission lines will be constructed to distribute the power very extensively over the Maritime Provinces, the power being sufficient, when supplemented by storage dams on the tributaries of the St. John above the Falls to suffice for all power demands in New Brunswick and Nova Scotia.

TRAFFORD-THORNTON.

A very pretty wedding was solemnized at the home of Mr. and Mrs. David Thornton, Lower Southampton, on Wednesday afternoon, Nov. 5th, when their second daughter, Mary, was united in marriage to Percy R. Trafford of Woodstock. The ceremony was performed by Rev. P. J. Quigg in the presence of a number of relatives and friends. The bride looked charming in a gown of white satin with elder-down trimmings. She wore a veil draped and caught with orange blossoms and carried a bouquet of pink carnations and maiden hair fern. The young couple will reside in Woodstock.

UPPER WICKLOW

Miss Verna Tweedie attended the funeral of her cousin at Blaine Thursday.

Quite a number of this neighborhood attended the sing at Mrs. Sidney Smith's Sunday evening and enjoyed the evening.

On Monday evening a large number of Mr. Sidney Smith's friends and relatives gathered together to surprise him and help him celebrate his seventy-fifth birthday. A very enjoyable evening was spent by all. Mr. Smith was presented with a nice rocking chair. Mr. Gilbert Lee presented it with a nicely worded address. Mr. Smith was very much surprised. The birthday cake looked lovely when alit with the seventy-five candles. Everybody, particularly the young people, anxiously looked on. For if the candles all went out with one breath, as they did, everybody got their wish. A dainty luncheon was served and with the singing of "God be With You Till We Meet Again," and "Auld Lang Syne," the people bade each other good night and repaired to their homes.

Mr. and Mrs. Sam Squires, Mr. and Mrs. Robert Ford, Mars Hill, Me., had tea with Mrs. Denton and Mr. Sidney Smith Monday.

Mr. and Mrs. Sharpe Smith attended Mr. and Mrs. Howard Lunn's "frolic" Wednesday.

Mrs. Johnson Smith has returned from Caribou where she has been visiting her daughter who is recovering from an operation.

Grover Kilpatrick has returned home from the West. Mr. Kilpatrick went away in the spring and while away visited many points of interest, one being the Thousand Islands.

PAINS IN LEFT SIDE AND BACK

Other Troubles Women Often Have Relieved by Lydia E. Pinkham's Vegetable Compound

Lachine, Quebec.—"I took Lydia E. Pinkham's Vegetable Compound because I suffered with pains in my left side and back, and with weakness and other troubles women so often have. I was this way about six months. I saw the Vegetable Compound advertised in the 'Montreal Standard' and I have taken four bottles of it. I was a very sick woman and I feel so much better I would not be without it. I also use Lydia E. Pinkham's Sanative Wash. I recommend the medicines to my friends and I am willing for you to use my letter as a testimonial."—Mrs. M. W. Rose, 580 Notre Dame Street, Lachine, Quebec.

Doctor Said an Operation

Provost, Alberta.—"Perhaps you will remember sending me one of your books a year ago. I was in a bad condition and would suffer awful pains at times and could not do anything. The doctor said I could not have children unless I went under an operation. I read testimonials of Lydia E. Pinkham's Vegetable Compound in the papers and a friend recommended me to take it. After taking three bottles I became much better and now have a bonny baby girl four months old. I do my housework and help a little with the chores. I recommend the Vegetable Compound to my friends and am willing for you to use this testimonial letter."—Mrs. A.A. Adams, Box 54, Provost, Alberta.

INTER-PROVINCIAL HOME FOR WOMEN

Rev. C. Younger Lewis is in Hartland this week in the interest of the new Inter-Provincial Home for Delinquent women. He addressed a mass meeting Monday evening at the U. B. Church and there was a large representative audience present in spite of the cold, wintry night. The local clergymen also voiced their appreciation of this work.

This new home is organized by the four Protestant churches of Nova Scotia, New Brunswick and Prince Edward Island, viz: the Anglicans, Methodists, Presbyterians and Baptists. These bodies are united in their efforts in this work. The governments will not contribute to the building fund but will assist after the home is erected.

The building has been started and the location is at Coverdale, a place near Moncton, Moncton being chosen as the most central point of the three provinces. The home will be for wayward women and girls over the age of 16 years. There is already, as is well known, a home provided at Truro, for girls under 16 years.

The Catholic church is to be commended on its homes and work along this line and it is felt by those that have the matter in hand that the Protestant churches should not neglect this work.

Rev. Mr. Lewis was met by a number of interested citizens Tuesday morning and the proposition was endorsed that a canvas should be made for funds. Mr. Lewis will also meet the ladies of the Women's Institute on Friday evening and bring the matter to their particular notice. This is a worthy and a much needed work and when the solicitors call everyone should be willing and ready to subscribe toward the funds as far as they are able.
