Good Advice About

UNDERCLOTHING

What Kind to Wear

It all depends on the individual, but from all information gathered from the various medical experts, ALL WOOL UNDERWEAR is the safest for the majority of people to wear. Most people delay too long in putting on the Heavyweight Underwear, thinking they will not derive the benefit when the real cold weather sets in. This is a great mistake. More people die of pneumonia than of any other disease, the corollary of which is that there is more danger of dressing too lightly than too heavily. Most men need a barrier between them and the raw, cold atmosphere, which shall be a non-conductor of heat, and woolen goods are an excellent non-conductor. Wool is the natural protection of all animals. After a man has put on heavyweights he should grapple it to his soul with rods of steel, for if he tries to dodge the autumnal changes by shifting his attire to suit the conditions, sooner or later the weather will catch him napping.

WHERE TO BUY YOUR WINTER UNDERWEAR

We want your trade, and we have the assortment of goods. Our prices will be found very reasonable, when the qualities of the goods are considered. We purchase directly from the manufacturers, and we buy only for cash, therefore we are able to sell you at the lowest prices. Read a few of our prices:

- 50c per Suit—Heavy and Medium Cotton Underwear Shirts and Pants.
- 75c per Suit—Mixed Cotton and Wool Underwear, good value.
- \$1.00 per Suit—It is always our aim to have the very best value in every line we show in Underwear, but there are some prices that we buy largely to secure lower prices and offer better grades for the money, and our one dollar per suit is the best that can be procured in Scotch Knit Pure All-Wool.
- \$1.50 per Suit—This is another popular price, and at that figure we have wonderful value in Soft Knit Pure Wool, Sateen finished Shirts and Drawers, all sizes, 34 to 40 inch chest measures—comfortable and warm and will wear well.

- \$1.50 per Suit—American manufactured, fleece-lined all nicely bonded and silk stitched finish—very soft and comfortable, and very popular this season.
- \$2.00 per Suit—Our big selling line for the last three years was \$2.25 per suit, and this year, notwithstanding the big advance in Wool, we have secured a large stock of this line at a very close figure, and we have decided to sell them at \$2.00 per suit, making it, without a doubt, the best line offered in Chatham for the money. All sizes, 34 to 44 inches.
- Fine Grade Goods—We have also a good assortment of higher class goods in Natural Wool, Medium and Heavy Weight Scotch Lamb's Wool, Silk and Wool and Pure Silk Underwear at \$2.50 and \$3.00.

LOCAL BRIEFS

The civic pay sheets for the past week, amount to \$140.77.

A couple of tramps were housed in the police station over night.

The County Council will open their December session in this city one week from Tuesday.

On Monday evening, Nov. 26th, Western City Lodge No. 83, I. O. O. F., will hold their election of officers. All members are requested to be present.

On the farm of George Bailey, 3rd concession, Raleigh, the other day, John Wallace found an ear of corn with 23 fully developed cobs on it. The cobs, nearly all had grain on them, too.

The Saturday market was very good. The supply of vegetables, although good, showed little or no change in price. In the shed there was a fairly good offering of poultry, but there was not quite as much as last Saturday. Eggs were decidedly scarce at 18 to 20c a dozen, and butter was only in fair supply at 20c a pound.

There was a full meeting of the entertainment committee of Western City Lodge No. 83, I. O. O. F., last night and all arrangements were completed for the lecture to be given in the Grand Opera House on Wednesday evening, Dec. 6th, by Stanley McKinnon Brown, Mail and Empire war correspondent of South Africa, assisted by W. J. Robson, of Toronto, who will have charge of the stereoscopic views, showing pictures of our brave Canadian boys during the war in South Africa. There will be a matinee in the afternoon for the school children.

Your orders must be left at once at Brisco's if you want your bicycles cleaned or stored.

FROM OVER THE OCEAN

Very Latest Cable News.

THE BOERS BABY BEATEN.

THEY ATTACKED BRITISH POSTS AND WERE DRIVEN OFF WITH GREAT LOSS—KRUGER IN FRANCE.

London, Nov. 24.—The Boers made a simultaneous attack yesterday on Balmoral and Wilge River, and were repulsed after several hours' hard fighting. The British artillery arrived as the Boers retired, and wrought great havoc, killing and wounding over 200.

The cabinet has decided to recommend Queen Victoria to make Major-General Lord Kitchener a lieutenant-general, so as to enable him to take over the supreme command in South Africa when Lord Roberts shall leave the country.

The Star, commenting on the report that General Botha, with his command, is close to Dewet's army, regards the news as most disquieting, and says: "We have heard many strange and unverifiable stories, but one thing we know, that Gen. Botha pursued the British, marched south and joined hands with Gen. De Wet, and that thus Bloemfontein is endangered and the Orange Free State will have to be reconquered before the end of the Transvaal can be commenced."

BRITAIN JUSTIFIED

In Removing Undesirable Persons From the Field.

Berlin, Nov. 24.—In the Reichstag yesterday, replying to a question regarding the expulsion of Germans from the Transvaal, Baron von Richthofen, secretary for foreign affairs, declared that the British authorities in removing from the seat of war undesirable persons, but Great Britain had given assurances that she was prepared to compensate those who had been unjustifiably expelled.

POWERS DISAGREE

As to Whether Prince Tuan Should be Hanged or Not

London, Nov. 24.—"A serious divergence has arisen in Peking," says the Tien Tsin correspondent of the Daily Mail, writing Wednesday. "Japan, the United States, Russia and France favor demanding a milder punishment than the execution of Prince Tuan and the others, while Great Britain, Germany, Austria-Hungary and Italy deem anything less than the death penalty useless." An important decision has been arrived at, however, that this divergence is not to interfere with the general peace negotiations. Another remarkable feature of the situation is the sudden volte face of Russia, who has decided to withdraw her troops from the Pro-

vince of Chi-Li or to hand over the railway, as promised.

MAY TELL FOR KRUGER

But Must Not Revive Britain in the Order to the Paris Populace.

Paris, Nov. 23.—M. Leger, the greatest of poets, said: "We have full confidence in the people of Paris, and count upon them not to do anything likely to cause diplomatic complications. However, the police have the strictest orders not to permit any cries which are complimentary to Mr. Kruger and the Boers. They will not tolerate any cries uncomplimentary to a neighboring friendly country. Any persons uttering such uncomplimentary cries will be arrested."

Mr. Kruger has become, for the moment at least, the popular idol of the French. His triumphant passage northward through the country from Marseilles to Dijon has placed this without doubt. He met with a tremendous reception in each town along the route where the train stopped, culminating in scenes of frenzied enthusiasm.

The few Englishmen, whose ill-timed levity at the Hotel de Louvre, in Marseilles, exasperated the people in the streets there, never dreamed of the serious consequences of their act. They showed the wiles and the English people are reaping the whirlwind. The news of the supposed insult to Mr. Kruger seems to have spread across France, and at all stations, especially Dijon and Lyons, shouts for the Boers were mingled with loud cries of "Down with the English!" Indeed at Lyons the demonstrations of the English drowned the shouting for the Boers. This is a disturbing feature, which is universally discussed. Fears are expressed that the reception in Paris may assume a character calculated to arouse the feelings of Great Britain against France to such an extent as to result in unpleasant relations between the two countries.

HACKETT GETS THE SEAT.

Halifax, N. S., Nov. 24.—The recount in West Prince, F. E. L., was concluded yesterday afternoon, and Edward Hackett, Conservative, was declared elected by a majority of nine. This is the case in which a ballot box was broken and empty on the railway track.

GET A GRAMOPHONE.

Edward Jordan has an exhibition at his store and also for sale, the gramophone. This phonographic machine is the best on sale to-day. Its construction is very simple and there is nothing to go wrong or get out of order. In the phonograph, the wax cylinders used have to be wrapped up carefully and they are easily spoiled. Vulcanized rubber discs are used in the gramophone, and there is nothing to spoil about them, and they will last forever. The price of the talking machine is \$15 and the purchaser can secure any song or musical composition desired. The very latest or any song can be secured by ordering from Mr. Jordan. The gramophone is the most wonderful and simplest constructed talking machine sold, and will provide amusement for a house full of a half full. There is no way in which an evening can be spent more pleasantly than listening to the varied program which it produces. Call on Mr. Jordan and he will be only too glad to show you the gramophone and let you listen to the yards of melodious song and music which it reels off.

THIEVES ABOARD.

Have Been Operating Along the Raleigh-Barwich Townline.

The farmers on the Raleigh-Barwich townline are troubled with petty thieving just now. One night this week some party entered the cellar of Wm. Knott, who resides just beyond Charing Cross, and they took all the butter and a side of pork. Who ever the guilty persons were they knew the premises and were also provided with a key that would fit the door. Last night the family of George Wilson, was awakened by a noise against their turkey. Robert Wilson got up and went out but the thieves had heard him and made off without getting any of the birds. Feeling in running high amongst the farmers and there is talk of forming a vigilance committee for mutual protection. Every resident is putting an extra lock on his gracy door and letting the dog loose at night.

CRUEL METHODS

Of Treating Piles and Rectal Diseases

The old method of treating piles by the knife, by ligature or dilation besides causing intense pain and frequently collapse and death, are now known to be worse than useless as far as actually curing the trouble is concerned.

Derangement of the liver and other internal organs as well as constipation often cause piles and it is a mistake to treat it as a purely local disease; this is the reason why salves and ointments have so little effect and the wide spread success of the Pyramid File Cure has demonstrated it. The Pyramid File Cure is not a salve nor ointment, but is in suppository form, which is applied at night, absorbed into the rectum and rectal membrane and acts both as a local and constitutional treatment and in cases of many years' standing has made thousands of permanent cures.

Many pile sufferers who have undergone surgical operations without relief or cure have been surprised by results from a few weeks' treatment with the Pyramid suppository.

The relief from pain is immediate that patients sometimes imagine that the Pyramid contains opiates or cocaine, but such is not the case, it is guaranteed absolutely free from any injurious drug.

The cure is the result of the healing oils and astringent properties of the remedy which cause the little tumors and congested blood vessels to contract and a natural circulation is established.

All druggists sell the Pyramid File Cure at 50c. for full sized package.

A little book on cause and cure of piles mailed free by addressing Pyramid Drug Co., Marshall, Mich.

AT THE THEATRE.

Monday's Buffalo Courier says, concerning this evening's attraction at the Grand:

"The Girl from Calcutta, was produced at Batavia Saturday night by a strong company including Thomas G. Bridgeland, Margaret Wilkes and George Paxton. The comedy is beautifully mounted, well acted, and should be a success. Mr. Bridgeland and Miss Wilkes will be pleasantly remembered as members of the Criterion Stock Company, at the Star Theatre last summer. Mr. Paxton is such a well-known actor that mention of his work is unnecessary. A large audience, including many dramatic critics from other cities saw the production."

Bawkey—And you met Brassy? Versatile, isn't he?

Biles—Oh, yes? The kind of an ass you'd expect to offer you a humorous recitation.

BRADLEY'S DRUG STORE

[illegible]

When Meyer Rothschild, founder of the great banking house in Frankfurt, Germany, died he left something more than wealth—an example to become a tradition in this nation. Here are some of the precepts that were the following:

- “Carefully examine every day your business.”
- “Be prompt in everything.”
- “Take time to consider, but positively.”
- “Dare to go forward.”
- “Bear troubles patiently.”
- “Be brave in the struggle.”
- “Never turn your integrity.”
- “Create things.”
- “Morally tell business lies.”
- “Make no useless acquaintances.”
- “Pay your debts promptly.”
- “Shun strong drink.”
- “Love your time well.”
- “Be prompt, peck on chance.”

THE LAY WORKERS'

Proceedings at the Convention On the Second Day.

An Instructive Annual Report—Some Interesting Papers Read.

FRIDAY AFTERNOON.

The annual report, read by Principal Dymond, chairman of the committee of management, showed the association was entering upon its tenth year. The statistics received from the diocese showed as follows:—Licensed lay readers 80, S. S. Superintendents 156, male bible class teachers 332, female 1101, associations and guilds 361, of which there are 34 different forms, male adult choristers 437. The use of lay help was shown to be far more general than a few years ago and acknowledgment was made of the help of the women of the church, especially those of the women's auxiliary. The work of the Brotherhood of St. Andrew was also highly recommended as a valuable aid in the work of the church. The Christian Endeavor society was pointed to as helpful and in no way conflicting with the rules of the church. The report was then submitted to the clergy members regarding the best means of promoting social intercourse and Christian fellowship, increase in church membership and attendance at services and the retention of young men within the church showed the difficulty of finding any one form of organization that would directly and effectively meet all these, but the young people's society in which, under the eye of the pastor, the young men and women of the church may meet in profitable intercourse, may win a standing institution in each parish, but money raising should have no part in it. This should be a haven of rest from such thankless duty.

How to increase membership and attendance at services brought out much plain spoken direction. Some desired the Bishop's visits to be more frequent, overlooking the fact that there are 200 congregations to be visited, many long distances apart, and the Bishop has many other duties so that his time is taxed to the utmost. The committee suggest as a remedy that the churches in large places, with many privileges of other kinds, shall unselfishly lessen their demands upon the Bishop's time, and allow him to give more time to the weaker parishes. Regarding the clergy, the suggestion obtained showed that an ideal man is desired. He is to be like Barnabas, a good man, full of the Holy Ghost, a good preacher, sermons not bold but rich in attraction, his preaching good church doctrine, not pressing the claims of the church or of apostolic succession, give due importance to the Holy Communion and the teaching of the prayer book, his rendition of the service must be reverent and intelligent and without whine or drawl. His services must be bright and congregational, not a line of purple and gold, and his pastoral qualifications must be second to none, and finally must be "personally attractive," and have a deep interest in the members of the congregation. This picture is drawn by the clergy themselves—with regard to the congregation's part, the work of the St. Andrew's Brotherhood, the King's Daughters were especially approved. The methods suggested for reaching young men point to a large extent to the clergyman as the primary factor, but finally one correspondent suggested that the young men should marry members of the church.

Rev. W. J. Taylor read a paper on "Church Growth in Rural Districts." He felt that the church hadn't kept pace with the needs of the people in the past and pointed to the causes of want of progress. He urged as a remedy Canadian Church prayer book, smaller dioceses; using prayer book and hymns in S. schools; church literature; interest in great moral reforms and hearty services.

Rev. W. Craig read a paper on "Spiritual Growth and its Influence." He pointed out that spiritual growth or the development of a man's spirit upward is not exclusively Christian. He pointed out that the figures given by him in his certificate, which showed a majority for one of the candidates of 29, Mr. Grant, acting for the Liberals, objected to the return being counted, although Mr. Bennett produced a certificate, showing a majority of 29 for Bennett at this poll. At No. 6, Tins, the deputy failed to place a certificate showing the result in the box, but Mr. Bennett produced a certificate sent to him from the deputy returning officer, showing a majority at this poll of 7 for Bennett. This, too, Mr. Grant objected to being allowed. At No. 3, Tins, the deputy's certificate, showed a majority for Chew of 124, although the certificate sent by the deputy to Mr. Bennett showed only 84 of a majority for Mr. Chew at this poll. The question, agreed on whether the figures were 121 or 123, the middle figure looking more like a 7 than a 3, but the result was not given in writing, only figures. The return showed that the deputy had only received 250 ballots, so had there been 171 cast for Chew, instead of 131, having returned to the number of ballots cast and returned by the statement, there would have been more ballots used than given to the deputy. The addition of 47 votes for Bennett, 131 for Chew, 3 rejected and the 69 returned, made exactly the 250 ballots issued to the deputy. The returning officer, Mr. McKay, declared an adjournment for one week to secure the correct returns from these three polls, although from the agreed upon returns a majority of three was apparent for Bennett, even allowing 124 majority instead of 84 at No. 3 for Chew. The full returns from three polls and all others will give Mr. Bennett a clear majority of 79. Mr. Bennett expressed his full confidence in Mr. McKay's action as returning officer and for his impartial and courteous conduct.

Minard's Liniment Cures Colds, etc.

A public meeting was held in Christ Church proceeded by a short service led by Rev. W. J. Taylor and Principal Dymond. The Bishop then introduced the Rev. C. L. Arnold, of Detroit, who gave an earnest and eloquent address on the subject of "The church's mission." He brought a message from the United States and gave a graphic account of their recent missionary convention. He referred to the Master's message to preach the gospel in all the world, but which had been neglected by the church to a large extent. If men could only realize that Christ died for our sins and rose again for our justification nothing can then prevent us from reaching the world with the message of the command. All would be anxious to carry his message forward. In fervent words he showed the church's mission to be to make Christ known to everyone and he prayed that the divine blessing would rest upon the convention.

The Bishop then addressed the meeting on the subject of "Christian work." His Lordship referred to the nearness of the centenary of the Reformation, and the past 100 years, showing the state of the world in 1800 from a religious standpoint and contrasting it with that of the present time. Then but little had been done and all seemed at a standstill. He showed what had helped to bring about the new state of things. The open door; the power of the press; railway facilities, all have been arranged to help in the work. But there was still a lack of means as the surplus laid up in England and the U. S. would carry the gospel into all lands. He pointed out that the enemy of souls is busy sowing evil seeds, which must be rooted out. His Lordship then showed the needs of the heathen world and with characteristic earnestness and eloquence pleaded for more interest in missions and a hearty co-operation in Christian work.

Rev. J. Downie and Principal Dymond in behalf of the Association conveyed thanks to Rev. A. H. Baldwin and C. L. Arnold, to Mrs. Brookner and all who had given papers, to the organist and choir, to the local committee and to the citizens for their hospitality.

The Bishop with a few words referred to the subjects considered and thanked those who were present and returned to their homes resolved to live nearer to God and to consecrate themselves to His service. The convention then closed with the benediction.

FADING AWAY.

THE CONDITION OF YOUNG GIRLS WHO ARE ANAEMIC.

This Record is of Especial Value to Parents—It is a Message from a Mother to Mothers of Growing Girls.

Among the young girls throughout Canada who owe good health—perhaps life itself—to Dr. Williams' Pink Pills for Pale People, is Hattie, of Campden, Ont. When a representative called at the Althouse homestead to make enquiries as to the "particulars" of the cure, Mrs. Althouse, who received by Mrs. Althouse, who readily consented to give a statement for publication. "Up to the age of fourteen years," said Mrs. Althouse, "my daughter Hattie had always enjoyed the best of health. Then she began to complain of weakness, and grew pale and languid. We tried every remedy, but instead of helping her she was steadily growing worse, and we became alarmed and called in a doctor. He told us that her blood was in a very watery condition, and that she was on the verge of nervous prostration. She was under his care for several months, but still kept growing worse. She had become very pale, had no appetite, frequent headaches, and after even slight exertion her heart would palpitate violently. As time passed, she seemed to grow weaker and worse, until at last she could scarcely move about, and would lie upon a sofa most of the day. At this juncture she had occasional fainting fits, and any fright, as from a sudden noise, would bring on slight attacks of hysteria. Both my husband and myself feared that she would not live more than a few months. It was while Hattie was in this condition that I read an account of a girl cured of a similar ailment through the use of Dr. Williams' Pink Pills. Then I decided that Hattie should give them a trial, and procured three boxes. When she had used them there was an undoubted improvement in her condition, and we felt hopeful that she would regain her health. She continued using the pills, and from that time made progress toward complete recovery. Her appetite returned; color began to come back to her face, headaches disappeared, and in the course of a few months she was as well as ever. She had been in her life. It is now more than two years since she discontinued the use of the pills, and in all that time has enjoyed the best of health, with absolutely no return of the trouble. I can scarcely say how grateful we feel for what Dr. Williams' Pink Pills have done for my daughter, and I would strongly urge mothers whose daughters may be ailing to give them Dr. Williams' Pink Pills at once, and not experiment with other medicines."

Dr. Williams' Pink Pills create new blood, and thus reach the root of the disease. In the case of girls merging into womanhood they are almost indispensable, and their use is a guarantee of future health and strength. Other so-called tonic pills are mere irritants, and their use should be avoided. If your dealer does not keep them they will be sent post-paid at 50 cents a box or six boxes for \$2.50, by addressing the Dr. Williams' Medicine Co., Brockville, Ont.

Half-a-dollar Well Spent.

If it is not your habit to buy an illustrated book for your family's Christmas reading, try the experience. "Toronto Saturday Night's" Christmas sixty pages, full of stories and pictures, will interest everyone and widen the vision of all as Canadians. Four pictures suitable for framing, one of which, "Raphael's mother and child," is an exact reproduction of the costliest and best picture in the world. No where else can you get the same value. Five dollars' worth of the best and latest literature for 50 cents. Get it from your newswoman, or from The Sheppard Publishing Company, Limited Toronto.

Keep Minard's Liniment in the House. Ask for Minard's and take no other.

WHO'S YOUR SHOE MAN?

Well, never mind telling his name. But, say

- Does he keep goods you want?
- Sells shoes cheap?
- Guarantees every pair?
- Takes pains to fit you?
- Never tells you yarns?
- Makes your shopping easy?
- Study to please you?
- Aim to not disappoint?
- Strive to keep your favor?
- Always have sizes?

That's the kind of shoe service this house offers to you. We miss nothing that's used in new footwear today. Try us, you'll find more than you expected to gratify you in calling.

ASSESSMENT REFORM.

A Tax on Household Furniture of the Wealthy Suggested.

Toronto, Nov. 24.—The taxation of household furniture was the startling proposition advanced before the royal assessment commission yesterday by Frank MacKellan, on behalf of the Municipal Association. Mr. MacKellan proposed that all furniture be assessed, with an exemption from taxation of \$700, as in the case of incomes. This exemption would cover the value of the furniture of the working class, and let the tax fall on the wealthy people, who have often large sums invested in costly furniture and bric-a-brac. As to income taxation, Mr. MacKellan advocated the assessment of each man's income, from whatever source, at his place of domicile. This would enable the assessors to reach many sources of income, such as bank and stock dividends, of which sight is now lost. He urged that all companies, other than banks and money loaning institutions, should be taxed on the personal property actually held by them.

THAMESVILLE.

Nov. 24.—Mrs. Marchbanks and daughter, of Bothwell are spending the day with Mrs. Geo. Pickard. Mrs. J. N. Harner and Mrs. H. E. Harner went to Chatham yesterday. A. R. Smith, of London, is in town. Ed. Kelly, our enterprising liveryman, has moved into his new barn. Mr. Kelly has spent no expense in making his barn among the most complete in Western Ontario. Fairy Watts entertained about 20 of her little friends at the Tecumseh house.

A Terrible Explosion.

"Of a gasoline stove burned a lady here frightfully," writes N. B. Palmer, of Kirkman, Ia. "The best doctors couldn't heal the running sore that followed. But Buck's Arnica Salve entirely cured her." Infallible for Cuts, Burns, Sores, Boils, Bruises, Skin Diseases and Piles. 25c. at A. I. McGill & Co's.

—The best protection against fever, pneumonia, diphtheria, etc., is in building up the system with Hood's Sarsaparilla.

Youth may stray afar, yet return at last.
