LOCAL OPTION

The question of abolishing the bars in Athens and Rear Yonge and Escott is now before the people in a practical way. Those who favor and those who are opposed to the licensed sale of liquor are likely to be given an opportunity of recording their preference.

On Friday evening next the people of these two municipalities are invited to assemble in the town hall, Athens, to hear addresses to be delivered on the subject. The speaker of the evening will be Rev T. E. Burke, M. A., of Kingston, an experienced Local Option campaigner, and there will be an appropriate musical programme. Organizing for the campaign will probably also be a feature of this meeting.

Local Option in Ontario has made considerable headway. Of 529 townships, 270 are "dry." Of 275 incorporated cities, towns and villages, 42 are "dry." The three fifths clause has defeated Local option in seventy-four other municipalities where a majority vote was secured for the By-law.

The Reporter till January 1909, to any address in Canada for \$1.00.

FOUR ITALIANS SUFFOCATED.

Escape of Gas at Waterbury, Conn. Caused the Tragedy.

Eight Men and Two Women Also Found Unconscious.

Rescued by Police and Passerby Who Gave the Alarm.

Waterbury, Conn., Oct. 12.—Illuminating gas, leaking into sleeping rooms in an Italian boarding house, on Bank street, kept by Giuseppe Santora, claimed four young Italian men for their victims early to-day, and but for Antonio Demarco, who passed by the house on his way home, the dead might have been more than twice that number.

Demarco told the police that his attention was attracted to the house by means and growling which he heard issuing from it. Thinking that something was wrong he went to the place, which is a three story building. As the men approached the house the odor of gas became increasingly strong and when they attempted to go inside they had to open the doors to stand wide open for a while.

ULTIMATUM TO UNIONS.

Strikes to Cease, or Works Close, Says Sir C. Furness.

London, Oct. 12.—A memorable conference between capital and labor, summoned by Sir Christopher Furness, head of the steamship building firm of Furness, Withy & Co., and also of the Furness line of steamers, has been held at West Hartlepool.

First, that strikes must cease, or the works would close.

Second, if the trades unions thought they could carry on the business themselves, the firm was willing to sell out at a price to be fixed by assessors.

Third, if the unions would not, the firm was willing to admit its workers as partners, on a profit-sharing basis, and, fourth, that a council be formed to settle all disputes, or refer them to accredited arbitrators.

Sir Christopher's hearers declared that they must examine the proposals in detail before expressing an opinion.

JEWS VICTIMIZED.

Vagrant's Scheme For Making His Living Expensive.

Toronto despatch: The only thing which could be proved against Harold Harford in the Police Court yesterday was that he had a neat scheme for defrauding Jewish second-hand dealers. He got a number of rings made out of cheap metal and gold washed. They were plain bands, and beside having initials cut in them had a 14-karat stamp.

When offering them for sale Harford would give unsatisfactory accounts of them, but offered to take about \$8 as payment. The second-hand dealers thought the young man had good reason for selling valuable rings at such a price, and bought them without testing them to moist down. The melting process disclosed the fraud.

RESCUED CREW.

Four Days in Open Boat on a Stormy Sea.

New York, Oct. 12.—After having abandoned their dismasted and waterlogged vessel and passing four days in a small open boat on a storm-swept ocean, Capt. Charles F. Hines and the crew of seven men of the Baltimore steamer, John A. Matheson were brought into port on the steamer Seminole, returning from San Domingo. For four days and nights the little craft was tossed about.

IS HE CRAZY?

Welland Township Man Held at Lockport.

Buffalo, N.Y., despatch: A well-dressed man who, from papers found in his pockets, is thought to be Richard T. Anderson, about 50 years old, of the township of Ontario, is being held by the authorities at Lockport until his friends or relatives can be located. He is thought to be insane. The man was taken into police custody following complaints received from people living on West avenue, that the man was acting in a strange manner in the vicinity. Anderson claimed that he is a ruined man, that the lawyers of his town got his money away from him, after which the sheriff levied upon his property and took his goods. The Lockport police do not know how to take the story. They think his troubles, real or fancied, have driven him insane.

BALLOON TRIALS.

Eighty-Six to Take Part in Airship Contests.

Berlin, Oct. 12.—Eighty-six balloons have assembled here to take part in the series of airship contests that begin tomorrow and continue through Sunday and Monday. Among the pilots are several. The races will start from the suburb of Schmargendorf. The principal event will be the contest for the International Cup, which will take place on Sunday. There are 23 entries, representing eight nations.

LOST AN ARM.

Moulder Run Over by Train at Port Hope.

Belleville, (Despatch).—Leslie Olden, aged 28 years, a moulder by trade, was knocked down by an engine in the Grand Trunk yards at Port Hope last night. He was brought to the hospital here, where his left arm was amputated at the elbow and several bad scalp wounds stitched up. He will recover.

FRACTURED HIS SKULL.

H. J. Harrington, of Malvern, Injured in Jumping From Car.

Toronto despatch: With a serious fracture at the base of his skull, as the result of stepping from a moving car on Broadview avenue last night, H. J. Harrington, a young man, whose home is in Malvern, is lying in the General Hospital with little chance of recovery. The accident occurred just above Gerard street. Harrington had intended to get off at First avenue, but was carried a block farther before he noticed that he had passed his street. He hurriedly jumped off, and in doing so was thrown to the pavement, striking the back of his head.

SAIL UNDER SEALED ORDERS.

British Warships Leave For Island of Lemnos.

Cretans Take Oath of Office to Greece.

Servians Quieting Down—Britain and the Conference.

Valetta, Island of Malta, Oct. 12.—Several of the British warships here have been instructed to sail under sealed orders. Their destination is believed to be the Turkish island of Lemnos. The fleet includes the battleships Glory and the Prince of Wales, and the cruisers Diana and Lancaster.

Lemnos is an island of the Grecian archipelago, about 50 miles west of the entrance to the Dardanelles. It belongs to Turkey. The population mainly is Greek.

Why They Go. London, Oct. 12.—The Foreign Office and the Admiralty have issued the press cablegram from Malta, saying that the British warships have been ordered to the Aegean Sea. It is explained that these vessels are sent out simply to watch events, but it is understood from other sources that Turkey intimated she would welcome the appearance of the British fleet as likely to calm the population.

Stay on the Job. Constantinople, Oct. 12.—The Porte has instructed the imperial Ottoman commissioner resident in Sofia to continue his functions, as neither Turkey nor the powers have recognized the independence of Bulgaria.

Cretes Take the Oath. Crete, Island of Crete, Oct. 12.—The members of the new government took the oath of loyalty to Greece yesterday, as did also the officers of the gendarmerie and the militia. The consular body protested in principle against the declaration of union, but will confine itself to submitting the matter to the four protecting powers, Great Britain, Russia, France and Italy.

Servia Warned to be Good. Vienna, Oct. 12.—Official advice received here this morning declares that the situation at Belgrade, Servia, is improving. The general excitement among the Servians is calming down. In Vienna the fears of a war with Servia are noticeably less.

Big Shooting Trophy Was Captured by Australian Team. Ottawa, Ont., Oct. 12.—Militia orders give the results of the Schumacher challenge trophy competition, for which 108 rifle teams entered. The prize winners were:

Table with 2 columns: Team Name and Points. Includes: 1st, Challenge Cup—Silver medal and £50, 7th Australian Infantry, 3,897 points.

CROSS CROSSINGS.

B. & H. E. Cars Can Cross G.T.R. Branch Crossings.

Ottawa, Ont., Oct. 12.—The Railway Commission has granted the application of the Brantford & Hamilton Electric Railway Company for an order granting them permission to operate their cars over the crossings of the tracks of the Grand Trunk Railway pending the installation of an intersection and derailing plant, which has to be put on this crossing.

STRUCK BY TROLLEY WIRE.

Mr. John Johnson, of London, in a Precarious Condition.

London, Ont., despatch: Last night as John Johnson, of 86 King street, and J. Coleman, of Dundas street, a trolley wire crossing Dundas street a trolley wire broke and fell, striking Mr. Johnson on the head. Mr. Johnson did not appear to be seriously hurt, but later he was again prostrated and had to be removed to Victoria Hospital, where he now lies in a precarious state. Coleman was not hurt.

WILL TOUR C. P. R. SYSTEM.

President Shaughnessy Will Make an Exhaustive Inspection.

Montreal, Oct. 12.—Now that he has finished up the business in connection with the annual meeting of the C. P. R. shareholders, Sir Thomas Shaughnessy will make his annual tour of inspection on the C. P. R. system in western Canada, and during the tour will pass over the greater portion of the 9,300 miles of railway owned by the company. He will start to-morrow morning, if possible, but more probably on Saturday morning.

FATAL SMASH.

Haverhill, Mass., Oct. 12.—One man was killed and several others were injured, while a score were hurt, none dangerously, in a collision between two Boston & Northern electric cars on Main street, in the Bradford district of Haverhill, just across the Merrimack River. Italian laborers from Boston, en route to Andover, where a short line of track is under construction.

FOUR MEN VICTIMS.

Richard Grant Elevator a Singl... (The text is partially obscured and difficult to read.)

Fireman a Victim—Walls Fall—A... (The text is partially obscured and difficult to read.)

Richard, Vt., Oct. 12.—The ruins of the grain elevator which exploded and burned yesterday, causing the death of more than a dozen employees, were burning too fiercely at dawn today to permit a start being made in the search for the bodies of the victims, but a careful canvass among those who escaped indicated that the death list had been increased to fourteen, as Elmer Lempier, a foreman, could not be found.

DELAYED BY SMOKE.

Ocean Liners Unable to Make Sailings From Montreal.

Montreal, Oct. 12.—The smoke of forest fires prevented two vessels from leaving port this morning. The brush lying in the neighborhood of Sherbrooke is still burning, sending up clouds of smoke, which are settling down on the river between Montreal and points below Quebec. The Victoria of the Allan Line was unable to leave, although booked to sail at 9, with 550 passengers and would have sailed this morning for Glasgow had not the pall prevented. Other boats are delayed between here and Quebec.

ON COW-CATCHER.

Baby Carried Some Distance, But Not Badly Hurt.

West Toronto despatch: While wheeling her eighteen months old baby in a carriage over the Weston road railway crossing this evening Mrs. J. Osborne, of McRoberts avenue, in York township, was run down by Grand Trunk station way train No. 9, which does not stop here. The woman was thrown violently into the ditch and the baby was carried along some distance on the cow-catcher, but escaped serious injury.

Mrs. Osborne's lower jaw was broken and she received other painful injuries. No serious results are anticipated. A double track has recently been placed at this crossing, and it is thought Mrs. Osborne became confused when the train approached.

HEARTS TOUCHED.

Pathetic Scene Witnessed in Toronto Police Court.

A Toronto despatch: A pathetic scene was enacted in one of the waiting rooms adjoining the Police Court yesterday morning, while Nelson Yake, a young married man of 104 Euclid avenue, with shame-struck mien and downcast head, was being sentenced in jail for stealing a bottle of milk from a College street doorstep at an early hour this morning.

After Yake, who was undefended and had pleaded guilty, had disappeared down the stairs, his grief-stricken wife and three young children, who had been waiting outside the court, broke into pitiful tears. Between her sobs the young woman told some sympathetic spectators the sad story of her husband's fruitless efforts for several weeks past to obtain work, and how at last he had gone out determined to get milk for their infant child by any means.

Her story evidently touched many hearts not unused to the heartrending scenes of city life, for when he thought no one was looking, one man—he was waiting his turn to face a charge of keeping a gambling house in the city—called the woman's little three-year-old daughter. Pressing the child into her tiny hands, he bade the little girl take it to her mamma, while he turned away and with a far-away look in his eyes studied the architecture of some Albert street cottages. A well-known criminal lawyer followed him, and said, "Mr. Curry, understand to let the facts of the case before the Magistrate."

Before the court adjourned Mr. Kingsford had the prisoner brought back before him, and said, "Mr. Curry, tell me something about your unfortunate circumstances, and I am very sorry for you. I quite sympathize with the position you found yourself in, but I have to pass some sentence on you. I am sorry to have to do it, but you must go to jail. Your sentence will be reduced, however, and you will be released first thing to-morrow morning."

NO OVERTIME.

British Labor Men Want a Minister of Labor.

London, Oct. 12.—The general Federation of Trades Unions has issued a manifesto declaring that there are 1,600,000 unemployed in the United Kingdom, with dependents numbering 7,500,000 suffering thereby. The federation recommends the creation of a Minister of Labor and a permanent "unemployment" board, and that all members of labor unions refuse to work over time.

HUSBAND FEARED BATH.

He Had Not Taken One in Eleven Years.

New York, Oct. 12.—A despatch to the Tribune from Pittsburg said: Alleging that her husband, William F. Erny, a rich farmer of Pine township, had not, to her knowledge, taken a bath in the entire eleven years she had been married to him, Mrs. Mary Erny obtained a divorce from him, with alimony, to-day. The report of the Master was made public this afternoon.

HARVESTER'S SENTENCE.

Toronto despatch: Justice Anglin this morning refused to quash the conviction of Wm. Gills, a young Nova Scotia harvester, sentenced by the police magistrate at Fort William to nine months imprisonment for breaking four glass insulators on the C. P. R. telegraph line at Plattsburg station. Gills' parents in Nova Scotia are said to be well to do and they will appeal the case to a higher court.

GOLD AT STURGEON LAKE.

Port Arthur, Oct. 12.—King Peter, explorer, has started the people here with the report of a great find in Sturgeon Lake district, where he has been exploring. He brought samples of gold ore and nuggets of great value. So rich is the ore that it is being bagged as it is taken from the property. It is said to be the richest find ever made in this country.

PLUCKY BRANTFORD LADY STUDENT ESCAPES FROM UNDER STREET CAR.

Brantford despatch: While riding along Market street on a bicycle at noon today, Marion Bulving, aged nineteen years, a student at the Brantford Business College, was struck by a street car. She fell on the track, her limbs going under the fender. With presence of mind she grasped the fender, throwing most of her weight on it. She was dragged half a block through the mud before the car could be stopped, but escaped unhurt.

MAROONED IN ALASKA.

Boat With Supplies Floated Off in Aleaska River.

Nanouert, Oct. 12.—The annals of the north furnish nothing more thrilling than the recent experiences in the wilds of Alaska of Mr. George Bruce White, of Ottawa, Canada, representative on one of the American parties engaged in an Alaska boundary survey, and his assistants, Mr. D. V. Ritchie, of Ottawa, and Mr. Archie Rannels, of this city. The three Canadians were marooned on an island in the swift-running Alaska

river owing to their boat escaping from the anchorage. The craft virtually contained all their food, with the exception of a few supplies loaded for use while in camp. Mr. Rannels volunteered to go for assistance. Bravely he endeavored to go for assistance, bravely he endeavored to go for assistance, bravely he endeavored to go for assistance, bravely he endeavored to go for assistance.

Then, after a four days' walk across the mountains without food, he dragged himself into the main camp of the expedition. It was on the tenth day after his departure that he brought help and food to the famished Canadians, who were found utterly exhausted. A delay of another day would have proved fatal. Mr. Rannels has not yet recovered from his heroic act.

UPSET IN BREAKERS.

Two Men Drowned and Three Others Saved.

Dreadful Accident in Halifax Harbor Witnessed by Crowd on Shore—Prompt Action of Rescuers Saves Three of the Men.

Halifax despatch: At the eastern passage at the entrance to the harbor, a boat capsized, and two men met death in the breakers this afternoon, and only by the heroic efforts of men who put out from the shore were three others saved from a similar fate.

The dead—Charles Conrad, 65 years old, survived by a widow and grown-up family. James Naughton, survived by a widow and two children.

The saved—William De Young; John De Young, a brother of William; Thos. Osborne.

The accident occurred about half-past 5 o'clock. All the men had been working at McNab's Island, and were returning home for supper. Passing the Horseshoe Shoal, the boat capsized in the breakers, and before the men knew what had happened they were struggling in the water. Conrad and Naughton went down within the hour, and never came to the surface. The De Young brothers and Osborne managed to keep afloat, and a boat put out from the shore, manned by two brothers named Murray, and picked them up.

The accident occurred only about four hundred yards from the shore, and several people were watching the boat when it overturned.

N. T. R. TENDERS OPENED. Carshops and Roundhouses at Winnipeg to be Built.

Ottawa, Oct. 12.—Tenders were opened by the National Transportation Railway Commission to-day for the construction of car shops, roundhouses, etc., at the Winnipeg terminals. Four tenders were received for the complete heating plant, etc. The successful tenderers will not be announced for a week or so yet, pending the examination of each tender by the commission's engineers.

The contractors now at work on the various sections of the road under contract all report good progress made during the past summer. Active construction work will be continued all winter, thus providing employment for thousands of men.

The total amount so far paid out by the commission in connection with the building of the road amounts to over \$40,000.

LIBERAL CONVENTION

The political meeting held in Athens on Wednesday evening last was a great event—the greatest political gathering ever held in this village. The announcement that Hon Geo. P. Graham and Hon. W. S. Fielding would speak in Athens caused widespread interest and electors were present from distant parts of the riding, as well as from Athens and Rear Yonge and Escott.

The people came early, and long before the arrival of the Brockville train the hall was well filled. Many arriving late were unable to gain admittance.

The 41st Batt. Band and over 200 people came by special train from Brockville, and on arriving a torch light procession was formed and headed by the band they marched to the hall. It was an inspiring sight, and no wonder the people cheered.

Mr. I. C. Algurie presided and with him on the platform were a large number of prominent members of the Liberal party. After a few preliminary remarks, he introduced Senator Derbyshire, who delivered a brief address that was very well received.

Hon. W. S. Fielding was the next speaker and he was given a most hearty reception. He was presented with an address read by Mr. W. G. Parish, in behalf of the liberals of Athens and Rear Yonge and Escott, and received a bouquet of red roses from Miss Jessie Percival, daughter of Mr W. B. Percival. On rewarding the little maid in the customary way and stepping forward to speak, he was cheered to the echo. He dealt at length with the finances of the country, showing that while the expenditure had been large the results achieved had been commensurate, and personally and by his presentation of the Liberal administrative record he made a most favorable impression.

Then the Hon. Geo. P. Graham was introduced and he was received with rounds of cheers. Mr. S. S. Holmes of Elvida read to him an address from the Liberals of the district and Miss Gwen Witte daughter of Mr and Mrs Irwin Witte, presented him with a bouquet white roses. As he saluted the little maid, the band played "He's a jolly good fellow" and the audience heartily applauded. Mr. Graham was in good form and delivered a capital address covering many of the issues raised by the Conservatives and presenting the work of several departments of the government in a clear, fair manner that tended to convince all of the honesty and efficiency of the Liberal government and frequently evoked hearty applause.

The addresses were educative, intensely interesting, moderate in tone—a pattern that all political campaigners might well follow.

The meeting closed with customary cheers.

The "Hecla" has four grate bars. Each one can be shaken separately. This means that you can shake down just the part of the fire where the ashes are, without disturbing the rest of the coals.

With "Hecla" Triangular Grate Bars, you can get rid of all the ashes—save coal—keep the fire bright and clean—and do away with sifting ashes, because no fresh coal or half-burnt clinkers come down in the ashpan.

We would be pleased to talk over the furnace question with you and show you, part by part, just why the "Hecla" Furnace is the best for you to buy. Come in any time.

Vancouver and Victoria: Wholesale trade is now active in all lines. Quebec: A slight improvement is noticeable in trade circles, wholesale and retail, over the preceding week.

Hamilton: The volume of wholesale trade moving continues to show a slight increase. Cooler weather has helped the retail movement and country trade is reported a little more active.

C. P. R. ANNUAL

\$50,000,000 ADDED TO COMMON STOCK OF THE RAILWAY.

Shareholders Authorize the Increase—Purpose is Not Announced—President, However, Says There Will be Continuous Expenditure for Rolling Stock.

Montreal, Oct. 12.—The principal business transacted at the C. P. R. annual meeting, which was held to-day, under the presidency of Sir William VanHorne, chairman of the Board of Directors...

the authorization of the shareholders of the proposal of the directors to increase the company's common stock from one hundred and fifty to two hundred million dollars.

Sir Thomas Shaughnessy, in the unusually short speech in which he moved the adoption of the report, gave no indication of the purposes to which the fifty million dollars new stock were to be applied, further than the fact that there would be continuous expenditures in rolling stock, which in the last half-dozen years had aggregated thirty-seven million dollars.

The President said that in the six years, 1902 to 1908, there was an increase in equipment of 650 locomotives, 842 sleeping cars and day coaches, and 25,100 freight cars, and yet the prospects were that within the next six weeks the demand would be in excess of the supply of freight cars. While it was a healthy sign to have a shortage rather than an excess of equipment, it was due to the public, and in the best interests of the company, that neither money nor effort should be spared to meet the reasonable requirements of shippers.

Sir William VanHorne seconded the adoption of the report, and it was carried.

Resolutions were passed expressing the deep sense of loss to the company, in the deaths of Sir Robert Reid and Mr. Drinkwater, and the appreciation of the shareholders of the valuable services they had rendered.

On a ballot being taken the following retiring directors were re-elected for a period of four years: Sir George Drummond, Sir Sandford Fleming, Mr. Wilmot, D. Mathews, and Mr. Robert Meighen.

At a subsequent meeting of the Board of Directors, Sir William VanHorne was re-elected chairman of the board; Sir Thomas Shaughnessy President, and Mr. D. McNicoll Vice-President of the company. The Executive Committee was re-elected as follows: Sir William VanHorne (chairman), Lord Strathcona, R. B. Angus, E. B. Ouler, D. McNicoll and Sir Thomas Shaughnessy.

STOLE TROUSERS.

Guelph Jail Bird Sent to Central For Six Months.

Guelph, (Despatch).—John Cox, the ring-leader in the determined attempt made some months ago by six prisoners to get out of the county jail, is again in trouble, and was this morning given six months in Central Prison by Magistrate Saunders for stealing a pair of trousers from a fellow boarder at the Victoria Hotel.

The attempt to break jail, it will be remembered, was discovered after the prisoners burrowed through a stone wall, and were making their getaway.

SUES HOTEL MEN

For Selling Liquor to Husband Who Is On "Indian List."

Chatham, Ont., Oct. 12.—Unusual writs each for \$500 damages, have been entered in the Chatham registry office. Mrs. James Carswell is the plaintiff, and one is against Balke & Eberts, proprietors of the Grand Central Hotel, while the other is against Peter Toulouse, proprietor of the Idlewild Hotel.

Mrs. Carswell asserts that the hotel proprietors named sold liquor to her husband, who as a result came home unwell and ill treated her. As Carswell is on the "Indian list," his wife considers she has just cause of complaint against the hotel keepers.

Evils that are passed should not be mourned.—Latin.
