LOOK FOR H. Freedman's NEW CLOTHING STORE, 537 MAIN ST., ST. JOHN, N. B. Phillips Bros. Building.

NOMINATION. Four Candidates Nominated Saturday.

A Lively Public Meeting Held at the Court House.

Although Saturday was a bitter cold day and a heavy wind blowing which drifted the light snow into the roads, making them in some places almost impassable, a large number attended the nomination at the Court House.

Sheriff Reid opened his Court at 10 o'clock and before noon the nomination of Isaac W. Carpenter, of Wickham, Lucious P. Farris, of Cambridge, Henry W. Woods, of Passyville, and Horace B. Hetherington, of Johnson were filed accompanied with the usual deposit of one hundred dollars with each candidate's nomination.

As there was no other business to be on the court and the people had arrived, by a vote of those present, the Sheriff was asked to give permission to the candidates to address the electors.

The Court House was filled and great enthusiasm prevailed. The candidates were all well received, when they took the platform to address the electors.

We give below a short report of the various speeches. MR. FARRIS. The Hon. E. P. Farris was the first speaker. He thanked the people for past support and asked them again for the same.

He said one reason for the dissolution of the Liberal-Conservative party in Moncton was that at a convention of the party in Provincial politics. The Provincial Government is composed of both Liberal and Liberal-Conservative and the government thought it was well to test the feelings of the people in regard to the drawing of party lines in Provincial politics.

We felt it was not in the interest of the province to draw party lines and that there should be no change. The Opposition candidates have charged us with misrepresenting the expenditure and ever expenditure on the Armstrong bridge in the Parish of Peterborough.

The people of that section complain of the raised state of the bridge and we want to know who condemned the bridge. We had it publicly appraised as possible. Part of the work was done by day's work and part of it was put up at public tender. Mr. Woods' brother-in-law, Mr. Howe received the tender and did the work.

One of the amounts for the repairs was put into the public accounts as the Armstrong bridge, and the other as the Merritt Bridge, but they both refer to the same bridge. The bridge was raised and a break-water built, etc.

Another charge against the administration is the price paid for permanent bridges built in the province. The government thought it wise to build permanent bridges, so issued bonds for that purpose, and a certain amount is put by each year so that when the bonds are due they will be able to meet the same and all the bridges built in the province will be permanent bridges.

The government built four bridges in the province and put them up to public tender. They were built by Upper Province contract and cost the government from 6 1/2 to 7 cents per pound. We did not have a competent engineer and the plans and specifications had to be made outside the government offices.

give the people practical ideas in the raising of the right kind of pork for such factory.

The government has protected the game of this province and the government received \$6,000 last year for license fees from this source. It is also estimated that the tourists, left \$80,000 in the Province.

The public printing has received a great deal of attention from the opposition candidates. The printing account is paid from a schedule. Last year the schedule was revised and cut down which made a saving in this direction.

The opposition charge the government with paying too much for a well bored at the Lunenburg asylum. This was a very difficult job, as the soil was not suitable for its boring. The well has been bored to the depth of 2,000 feet. This well saves \$900 per year to the province in water tax.

It is said that we are piling up the public debt at an enormous rate. The debt has increased but the province has been subsidizing railroad, etc. The old government gives timber lands as subsidies and if we had those lands we could give subsidies in money without increasing the debt.

The debt of the province is not greater than that of the city of St. John. I am only a farmer and anything that I would do to injure them would injure myself. I am satisfied that the government is administering the affairs in a economical, fair and beneficial way to the province.

I know that the government will be sustained on the 18th inst., throughout the province. I hope on the 18th that you will cast your ballots for the government candidates, Mr. Carpenter and myself. MR. WOODS.

Mr. Woods after making some opening remarks said: Mr. Farris told you that he was a farmer and that you would be safe in his hands. Mr. Farris has placed the paper in your hands and you will see that the excuse for bringing on an election is that the government feel that the Moncton Convention was so important that they want to test the country on that issue.

It is not the reason. They are afraid of the bridge charges on the floors of the House. What I wish, in the Parish of Johnson, about the Armstrong bridge was that the first plans the engineer made were not complete and the charge against the Merritt bridge was the same bridge. Why were they not under the same heads?

Mr. Farris says we are not drawing party lines, why then does he refer to the acts of the old Conservative government. Mr. Hazen says that the government is paying too much for bridges.

At this stage of Mr. Woods' speech the Sheriff informed the audience that the hour had arrived for the adjournment of his Court and that they would have to appoint a Chairman. Mr. W. H. Bulyas was chosen Chairman and Mr. Woods resumed his speech.

The government paid two prices for the Saunders' Bridge. Where has the money gone? Into the pockets of the Record Foundry Company. If you are willing to pay the money for building bridges into the hands of one company, vote for Farris and Carpenter. The contractors, Mr. Farris says, lost four or five thousand dollars on the Woodstock bridge. They are going to be sure that the Record Foundry lose nothing on their bridge building.

\$100 is paid for stationery for the month. Mr. Farris here stated that the committee recommended \$10 for stationery, \$10 for telegrams, \$10 for postage, and \$10 for recess for each member, which is the amount charged for stationery and is a saving of \$300 on the amount voted by the old government.

The Highway Act, of 1896, is so complicated that no one understands it, and it is unadvisable for the province. In the last bye-road appropriation there appears a paragraph stating that the Kelly bridge, in the Parish of Peterborough, was to be replanked and the lumber bought from Gen. Kelly for the work. Why was not this work put up at public tender?

Mr. Carpenter was the next speaker. He said he had been returned as a member of the Legislature, without opposition, at a bye-election two years ago, as a supporter of the late Hon. Mr. Mitchell. Mr. Carpenter here spoke in a very touching manner of the dead Statesman. Owing to the illness of Mr. Mitchell the reins of government were placed in the hands of Mr. Emmerson who also reached my support.

The Opposition charges the government with extravagance in regard to the Asplen Well. The well was a saving of \$900.00 per year to the government in water tax. He answered Mr. Farris' statements in regard to the County bridges. The Highway Act was a benefit to the country. It did not suit everyone, but who ever heard of an act that did. Mr. Shaw of the Opposition favored the paying of the road tax in cash.

The Government's Agricultural Policy was a benefit to the farmers. Through their help the making of butter and cheese had been stimulated. The province did not produce enough butter and cheese a few years ago for its own use. Last year 770 tons of cheese and 50 tons of butter were produced at the factories.

The government favored the establishment of a Pork factory in St. John, which would be a great benefit to this county. The wheat policy of the government had been a great benefit to the wheat growing sections of this province.

The Stock Inspectors has greatly helped the farmers. The lumber interest of our province is our greatest industry, and the government is doing everything to protect it and in a few years, if properly protected, it will be better than it is now.

The government is charged by Mr. Hazen with paying too prices for steel bridges. Dr. Stockton is over looked in this matter, and Mr. Hazen is brought out to do the work for they know that he is not a member of the House and cannot be brought to task on the floors of the Legislature.

The accounts of those bridges were before the committee last session and Dr. Stockton was a member of that committee, and the committee reported unanimously that Mr. Emmerson's accounts were correct and showed economy. Mr. Carpenter asked the electors to support the government ticket on the 18th.

H. HETHERINGTON. Mr. Hetherington, after some opening remarks said:-A Nova Scotia bridge 50 feet roadway cost \$440. A New Brunswick bridge half the length cost \$400. The Nova Scotia accounts are itemized and the New Brunswick ones only give the lump sums. They tell us that the holes in our bridges are bored instead of punched. The Nova Scotia tenders call for the same thing.

The Agricultural Policy of the Government was a delusion. If they wanted to help the farmers, why did they not support a farmer-such as Mr. Farris, as head of the Agricultural Department. If housing wheat mills stimulates the growth of wheat, why not bonus haystacks to stimulate the growth of timothy. Ask a farmer if he has been benefited by the Government's Agricultural Policy, and not one will say he has.

Dr. Stockton has advocated the establishing of a Pork Packing Factory in St. John, on the floors of the House, but the government showed that they were not interested by ignoring the petition from this County Council asking for the establishing of such. Mr. Farris made some reference to the game laws of this country, there should be some changes made in the law. The license was to high. In game sections of the U. S. there were no license charged. (Continued on page four)

Santa Claus is Coming DICKIE'S STORE WHERE YOU WILL FIND ALL KINDS OF Xmas Presents, Consisting of the following goods, CHINA, GLASSWARE, LAMPS, FANCY TEAPOTS, FANCY HANDKERCHIEFS, COMBS, SOAP, NOTE PAPER IN BOXES, TABLETS, ETC., CLEANED CURRANTS, RAISINS, CITRON, ORANGE AND LEMON PEEL, POWDERED SUGAR, NUTS, MIXED CANDIES, SPICES OF ALL KINDS, FLAVORING EXTRACTS OF BEST QUALITY. Wishing on Falling Stars.

Would you know the origin of the custom of making a wish upon a star-fall? If so, you need not travel the way to Galilee, a province north-east of Hungary, whence it comes. There is a belief by the peasantry that when a star falls it reaches the earth in the form of a beautiful woman with long glittering, blonde hair. Every handsome youth she meets in her wanderings becomes the victim of this starland beauty because she has the power of magic. At least that is what they call it in Galilee. Having bewitched her victim she enchants him to death. In certain words are murmured the moment the star falls, the woman has no power to harm that particular person.

Queens County Gazette.
GAGETOWN, N. B., FEB. 15, 1899.

VOLUME THREE.

With this issue of the QUEENS COUNTY GAZETTE we enter upon the third year of its publication. The past year has been a year of financial depression all over New Brunswick, and we have felt the results of the scarcity of money in common with every other business. When the GAZETTE was started it was thought that its life would be a short one, and on this account a large number of people withheld their support until they could be convinced that it had come to stay. During the past year people have acquired more confidence in the GAZETTE and have come to realize that its success is assured, and are, therefore, more willing to pay their subscription in advance than they were during the previous year. Although the past year has not been a favorable one to newspaper business in this province, still, the GAZETTE has held its own and has advanced as well as could be expected by the proprietor. We are pleased to inform our readers that our business is increasing and last year was far ahead of the previous one.

It was claimed when we made our appearance before the people of Queens county that there was no field for a newspaper here, but we had every confidence in the people of this and adjoining counties and our confidence has not been shaken. As a large number of our subscribers did not have confidence enough in the enterprise to pay for their paper in advance, consequently, we have a great many unpaid subscriptions scattered all over the county.

We would kindly ask those in arrears to have their subscriptions paid as soon as convenient.

ST. JOHN LETTER.

It seems as if those who have property to dispose of would do well to get rid of the bulk of it during their life time unless they are indifferent as to what becomes of it after their decease. In the disposition of the wife of a late resident of this city the following lawyers are said to be engaged: G. C. Coster, A. L. True-man, A. O. Earle, H. H. Pickett, T. P. Regan, S. A. M. Skinner, A. W. Baird, J. L. Carleton, A. W. MacLae, C. J. Coster, Silas Alward and Dr. Pugsley. It will not be a matter of surprise if before long these are "assisted" by as much more legal talent if it can be found in the province. Several morals might be drawn from this and other estate and trust cases, one of which is that the person who has property should enjoy it while he can and make a final disposition of the bulk of it while he lives rather than leave it to be litigated over when he is dead. There is much in the world to live and die for besides riches as has been proved by "The Jolly Old Pedagogue."

He lived in the house by the Hawthorne lane,
With roses and woodbine over the door;
His rooms were quiet and neat and plain,
But a spirit of comfort he held in reign.
And made him forget, he was old and poor;

"I need no little," he often said,
"And my friends and relatives here be low
Won't litigate over me when I am dead,"
Said the jolly old pedagogue long ago.

John D. Rockerfeller long \$6,000,000 in six minutes a few days ago by a depreciation in Standard Oil Co. Stock. He has only about \$200,000,000 left.

A REVERIE.
In this chamber dim and cold,
By Time's fingers seared and seamed,
In the pleasant days of old,
How they dreamed.

Age, with retrospective eyes,
Mused beside the glowing hearth,
Of a time when he was wise
And full of mirth.

And manhood built his castles fair
By the window where I sit;
Like the birds that sing they were—
That sing and fit.

Here merry maidens once, I ween,
Of lovers dreamed as maidens will;
Over their heads the grass is green—
Their hearts are still.

And children sung, and children played—
Their songs I hear—their ghosts I see—
All life—then nothing but a shade—
A memory.

In this chamber dim and cold,
By Time's fingers seared and seamed,
In the pleasant days of old,
How they dreamed!

H. L. S.
The actual cost of the improvements at Sandy Point, up to first January last, is reported to be \$623,239.16. Of this sum the C. F. R. has paid \$37,771.66 and the city \$585,467.51.

It is said that the timber lands of the late James Miller of this city, at Notre Dame, Quebec, have been sold to Donald

Fraser & Co., of Fredricton, for about \$90,000.
J. E. Bernier, pilot of the Connolly dredge which arrived here a few days ago in connection with the terminal facilities of the L. C. R., proposes to leave Vancouver on an expedition to the pole in May, 1899. He wants a subsidy from the Dominion of \$60,000 and from Quebec of \$5,000. He is said to be an experienced navigator.

The King's Daughters of this city, will open a Cooking School on the 20th inst. Schaefer Avalon, owned here, with a cargo of lumber went on the rocks off Beverly Farms, the other day, but has been floated.

The markets during the week have been very steady few changes in price having occurred except in sugars which are easier. Standard granulated is quoted at \$4.40, and yellows \$3.92 to \$3.97. Refiners have discontinued the manufacture of Dutch sugar because standard is sold so fine that the Dutch cannot be made at a profit. What markets have been unsettled but are no stronger and a slight advance in flour is anticipated.

EDWARD EDWARDS,
St. John, Feb. 11.

YOU NEED IT

If You Would Avoid the Troubles and Dangers That Stomach Derangements Bring On.

Paine's Celery Compound Banishes Every Difficulty and Restores Perfect Health.

Stomach troubles are exceedingly common and varied in character. Today thousands complain of stomach derangements. Stomach difficulties are usually manifested by poor appetite, foul tongue and breath, putrid or bitter taste in the mouth, a desire for acids; some have headache, sleepy feelings, constipation, inactive bowels, and vomiting of food and bile.

Victims of stomach troubles manifest low spirits, despondent mind, and have fears of impending danger. It matters not what the symptoms are; any of them indicate low nerve force, and point to the fact that the digestive system is out of gear and the blood in an unhealthy condition.

In order to avoid the many dangers of indigestion, dyspepsia and general stomach derangements, Paine's Celery Compound should be used when any of the many unpleasant symptoms that lead to trouble are experienced. A few doses of nature's health restorer will quickly set the digestive machinery of the body in perfect running order, and good health will be maintained.

It is better that you have long applied the troubles that have become deep seated and chronic, do not despair. The faithful use of Paine's Celery Compound for a few weeks will, without fail, banish all your sufferings; your appetite will become natural, your rest and sleep will be refreshing, and your food will enrich your blood, making bone and muscle, and your health will be as rugged as ever before.

Free Cuba The Cry.

General Gomez has set a limit to his friendly co-operation. He wants it distinctly understood that nothing short of Cuba Libre will satisfy him, and he emphatically faces with us a savage earnestness. The prospect of a continued American occupation is not all to his liking. It has already become hateful to him. In a published letter to his soldiers the old general warns them that "we

may not yet have finished the strange destiny that presents this last trial and humiliation. We are strangers in our own country still wet with our blood." And he adds:

"Forced guidance is hateful to us. If the Americans are interfering themselves for their spontaneous intervention in our war for independence. Their delay in that intervention is still a shame upon them. The Americans, instead of aiding, are obstructing the establishment of a free and independent republic."

"This is our house. We are to live in it. We should furnish it to our own liking. I say to you, there cannot be peace in Cuba while there lasts that transitory government, imposed by force and which is hateful in the eyes of our people."

He concludes by offering himself anew without restriction for "the accomplishment of the great, unobscured of the revolution—the erection of a republic in Cuba."

That Throbbing Headache

Would quickly leave you if you used Dr. King's New Life Pills. Thousands of sufferers have proved their matches merit for Sick and Nervous Headaches. They make pure blood and strong nerves and build up your health. Easy to take. Try them. Only 25 cents. Money back if not cured. Sold by all Druggists.

Fear End Of World.

BALTIMORE, Md., Feb. 6.—Electrical and snow storms have been chasing each other across Chesapeake bay and from the mountains to the sea in Maryland during the last 36 hours. These peculiar atmospheric conditions have excited the wonder of the weatherwise and the superstition of the negroes. While the country on the eastern shore was covered with snow the temperature in a few hours rose between 20 and 30 degrees, and a terrific electrical storm burst.

Lightning shivered snow-capped trees. A colored girl was killed by a bolt of lightning near her home in Dorchester county. In the southern part of the state the electrical disturbance was also severe. An unknown colored man in Howard county was found dead on a road beside a tree that had been split in two by a bolt.

The temperature fell rapidly after this storm, and at 3 o'clock yesterday morning a blizzard developed. In four hours six inches of snow fell, and the bay and the roads were intersected with navigation. The country roads are impassible, and railroad trains are delayed on the mountain roads.

The negroes in the country districts swept by the thunder storm fear the world is coming to an end.

She Used the Reliable Diamond Dyes.

Results Were Satisfactory and Pleasing.

For Carpet and Rug Makers Diamond Dyes Mean Success and Profit.

Having a Carpet to make and a good deal of coloring to do, I thought I would give the Diamond Dyes a trial. I used them, and they produced most beautiful colors, and I was pleased with the effects in the Carpet. I am a farmer's wife and after this will use only the Diamond Dyes.

MRS. NELSON WOOD,
Campbellford, Ont.
COOK'S NEW BLOOD PILLS.

Nomination.
(Continued from page one)

Mr. Emmerison speaks of boring for oil in N. B., but it will be a long day before oil will be obtained in paying quantities in this country.

Mr. Emmerison's Pork Packing is a political canvass to catch votes.

The government has dissolved the House when grave charges were made against it.

The accounts of the government are not kept like the N. S. accounts. If our accounts were kept in a proper way no charges could be made.

The attitude of the government is to keep the people in the dark instead of being in the interest of the people it is in the interest of political pets. There is another way of helping political pets. The school books are changed every year and the law compels the parents to buy the books. I am in favor of the government supplying the books.

In former years the roads were sold at public competition and the farmers were given a chance to make a little money, now in the Parish of Johnston, alone, \$500 is taken for use by the road machine and the political favorites get the benefit.

Mr. Blair still rules this government and the government exists to assist Mr. Blair.

On the 18th you will say by your ballots that you do not favor the government's expenditure and that you want the road law amended and the pork packing establishment struck in St. John, by voting for the opposition.

Mr. Stockton says if he comes into power he will return the provincial grant to the teachers, which has been reduced.

The opposition favors the protection of Queens County from outside counties. The government repairs the bridges of this county by importing iron from Albert and Westmorland to do the work. I am a poor man and if elected I will further the poor man's interests.

Mr. S. L. Peters was called upon and made a few remarks.

IN OTHER COUNTIES.

There were full tickets on both sides nominated in every county on Saturday except Gloucester and Northumberland. There is one opposition in Northumberland and Gloucester has no opposition. They had a very interesting meeting at the Court house in St. John. The Hon. Mr. Blair was present and delivered a lengthy address. Mr. Haines also delivered a lengthy address. The other candidates delivered short addresses.

The Range.

Feb. 1.—Thus far during the winter, the roads in this section have been in perfect condition for weeks, and the weather during the past two weeks has been all that could be desired.

Lagrippe is very prevalent here and quite a number are at present bedfast through the effects of it.

Miss Lillie Burton, who for the past four years has been living in Portland, Maine, has lately returned home on a visit, and all unite in giving her a hearty welcome home.

Miss Laura Collins who has been home from St. John on a visit, intends returning to the city again tomorrow.

A few nights ago a sleighing party was organized and a number of our young folks took a trip by moonlight to the coal mines, some six or eight miles from here. The night was clear and frosty, but with scarce a breath of wind and the merry songs and laughter of the party mingled harmoniously with the jingling of the bells on the horses.

A very pleasant evening was spent at the boarding house at the mines, some of the party amused themselves by dancing, while others went to explore the mines above.

Among the number to go beneath the surface were two young ladies, Miss Etta Barton and Miss Della Beausomme. Mr. George Conway and Mr. Peter Spooner acted as guides. Quite a large part of the evening was spent in examining the works underground and the machinery above.

Our school is under the supervision of Mr. McKee, of Cumberland Bay. Election seems to be the principle topic of the day.

POOR DOCUMENT

Correspondence.

Splcy News Items Gathered by Gazette Correspondents

BERLIN, N. H. Jan. 29th, 1899.

To EDITOR QUEENS COUNTY GAZETTE.

Perhaps a few lines from here might interest your readers. First, let me say the QUEENS COUNTY GAZETTE is a credit to the county and deserves the patronage of all, and is like a message from many friends, as I see the names of many I know, besides the local gossip, etc.

Our camp is built at the foot of a mountain, commonly known as, Old Speck, and about half a mile from the siding where we draw in about 90,000 a day. Our crew is quite large and there are many Province men, among whom is James Crawford, who did the best days hauling that has been done here this winter. I tell you Jim is a hustler!

Willard Miles is our boss, and a jolly good fellow he is, besides being a first class woodsman.

Ward Leary, our cook, is one of the best in the State, and finds favor with all the boys.

Byron Crawford, a chopper, has cut the most logs, and intends to beat all along as he knows how to do it.

And now Mr. Editor I will close, thanking you for space in your paper. Yours Sincerely X. Y. Z. Petersburg.

Petersville.

Mr. Wellington B. Fowler, a well known resident of Petersburg, had the misfortune to break his leg near the knee, on the 8th inst., while twitching a tree out of the woods. He was going around a turn in the road and the tree boomd causing the chain to break and the tree to fly back and strike him. Dr. McDonald rendered the necessary surgical operation and Mr. Fowler was resting easy on the 10th inst.

Mr. Wm. Tilley, a life long resident of Petersburg and an Ex-Councillor for the Parish, died at his residence, Olinville, on the 9th inst. He was well known as a school teacher and was much respected.

The residence of James B. Taylor, of Armstrong's Corner, Petersburg, was burned to the ground on Friday morning, the 10th inst., caused by defective stoves. Mr. Taylor saved most of his furniture.

Beats the Klondike.

Mr. A. C. Thomas, of Marysville, Tex., has found a more valuable discovery than has yet been made in the Klondike. For years he suffered untold agony from consumption, accompanied by hemorrhages, and was absolutely cured by Dr. King's New Discovery for Consumption, Coughs and Colds. He declares that gold is of little value in comparison with this marvellous cure; would have it, even if it cost a hundred dollars a bottle. Asthma, Bronchitis, and all throat and lung affections are positively cured by Dr. King's New Discovery for Consumption. Sold at any Drug Store. Regular size 50 cents and \$1.00. Guaranteed to cure or price refunded.

Hampstead.

Mr. Mayes Case of Wickham has two or three teams to work hauling cordwood out to the shore here.

A. D. Case also has two teams to work at the same business.

John Slipp who has been laid up for some time is able to be around again.

We have had quite a stretch of cold weather lately.

Election is about the main talk here now.

There was a public meeting held in the Hall at Hibernia last Wednesday evening in the interest of the local government. It was addressed by L. P. Farris, Isaac Carpenter, L. B. Tweedie and E. W. McAlpine.

Mr. Willford VanWart is getting out cord wood.

Mr. Stephen Hamm is laid up with la grippe.

Mr. Stanley Golding who has been away from here for two years has returned home.

Miss Mabee of Hampton was a guest at the Woodville House last week.

There is to be a political meeting in the interest of the local opposition in Woodville Hall here on Tuesday evening. The speakers will be H. B. Hetherington one of the local opposition candidates for this county and S. L. Peters.

W. H. Perry pastor of this circuit was unable to attend his appointments yesterday on account of ill health.

Mouth of Jemseg.

Feb. 11.—The weather during the past week has been very cold the thermometer registering from 10 to 15 below zero. The farmers have been kept busy hauling hay, during the past few weeks, from their intervals, and they seem to have quite a quantity to haul yet.

Lagrippe seems to be roaming over this section of country. Among those stricken are Mr. and Mrs. G. F. Nevers, Mr. and Mrs. J. W. Foshey and family, Miss Annie Foshey, Mr. James Reese, Mr. and Mrs. Luke E. Dewitt, Mrs. David N. Smith.

Caleb Heustis and sons who have been lumbering on the land recently purchased by them have finished cutting logs for this winter, and will spend the rest of the winter in getting steam-boat wood. Very little Rockland wood is being cut for

market, there being no demand.

We wish to inform the travelling public that the roads are not staked across the rivers. The crossing is good and has been ever since it was staked on the other side. Now it is time that the Commissioners looked after this, and see that the road is staked, as strangers driving might be led near the mouth of Jemseg Channel, which is very dangerous during the winter period.

On account of so much sickness the C. L. & D. Club have not had any meetings during the past month. It is hoped that they will be able to meet next Tuesday night.

Miss Anne's Heustis has not been able to take charge of her school during the past week, lagrippe being the cause.

At present there seems to be considerable amount of talk concerning a high water wharf at this place, which is very much needed during the Spring of the year, there being considerable amount of traffic, such as beef, cattle etc. It is very inconvenient for the farmer to haul his produce so many times on and off of a snow. Many of them have to take their cattle six or seven miles, where there is a high water wharf, in order to get them on the steamer without being injured. It is hoped that proper authority will take note of this, and that a speedy effort will be put forth towards the erection of a high water wharf.

Sleighing parties seem to be the order of the day. The one which was to have taken place last Wednesday was postponed on account of sickness, also, the one on Thursday was laid over, the weather being rough and cold. At present there seems to be talk of one down as far as Mr. John O. Vanwart's during the next moonlight nights.

Despite the coldness of the weather many are venturing their way towards the Shiretown to attend the nomination.

Misses Flora and Emma White will spend Sunday with their parents, at the Narrows.

Brave Men Fall

Victims to stomach, liver and kidney troubles as well as women, and all feel the results in loss of appetite, poisons in the blood, backache, nervousness, headache and tired, listless, run-down feeling. But there's no need to feel like that. Listen to J. W. Gardner, Idaville, Ind. He says: "Electric Bitters are just the thing for a man when he is all run down, and don't care whether he lives or dies. It did more to give me new strength and good appetite than anything I could take. I can now eat anything and have a new lease on life." Only 50 cents, at any Drug Store. Every bottle guaranteed.

Elizabeth.

Feb. 3.—The Sewing Circle of the Episcopal church met at the Rectory on Thursday 28th January.

A farmers' meeting was held in the Hall here on the evening of Feb. 1. Speeches were made by Messrs. Ferguson, Hopkins and Hubbard, of the Farmers' and Dairymen's Association. The Hon. L. P. Farris, M. P., and Isaac Carpenter, M. P., also addressed the meeting on the subject of agriculture. A large crowd was in attendance and enjoyed the meeting very much judging from the frequent and prolonged applause, and from the interest taken in the proceedings.

Lagrippe is getting to its work in this locality just now, whole families being prostrated.

D. M. Pearson, Gov. Sealer, has just returned from an official visit to his district, and reports a great many cases of lagrippe among the lumbermen. Scarcely a camp seems to be free from it.

The home of Mr. and Mrs. E. W. Parker was gladdened by the arrival of a little stranger—a girl, on January 19th.

Mr. Chas. Pearson met with quite a painful accident the other day, by slipping off a log and spraining his ankle, while chopping in the woods.

Mrs. T. E. A. Pearson is visiting friends in Waterbury.

Mr. D. J. Hamilton and Miss Agnes Pearson were the guests of Coun. Leonard, of Annidale, on Sunday last.

Mr. and Mrs. W. Pugsley, of Cambridge, are visiting friends in this place.

Mr. J. H. F. Ward visited the shiretown last week on business.

Summer Hill.

Feb. 11.—The annual meeting of the Queens County (West) Loyal Orange Lodge was held in No. 4 Orange Hall on Tuesday afternoon, 7th inst. There was a large attendance of the members of the order from different sections of the county. The reports of the different officers showed the order to be in a good condition. The election of officers resulted as follows:

John Corbett, County Master. William McKee, County D. Master. Samuel McCallum, County Chap. A. M. Corbett, County Recording Sec. Geo. Francis, County F. Sec. Robert Corbett, County Treasurer. Robert Murphy, County D. of C. John Petty, County Lecturer. William Johnston, County D. Lect. John McKee, County D. Lect.

It was decided to hold the semi-annual meeting at Olliville, on the third Saturday in June at 2 p. m.

A social dance was held at the home of Mr. and Mrs. James Dunn, on Tuesday evening last. A very enjoyable time was spent.

There are a great many very severe cases of lagrippe in this community at present.

The family circle of Mr. W. W. Sutton,

was recently enlarged by the arrival of a son.

Mr. John S. Kerr, of Boston, (formerly of this place), arrived here on Monday afternoon with the remains of his infant son for interment in the family burying ground.

A Frightful Blunder

Will often cause a horrible Burn, Scald, Out or Bruise. Bucklen's Arnica Salve, best in the world, will kill the pain and promptly heal it. Cures Old Sores, Fever Sores, Ulcers, Boils, Felons, Corns, all Skin Eruptions. Best Pile cure on earth. Only 25 cents a box. Cures guaranteed. Sold by all Druggists.

Red Deer School.

A summary of the returns for the Red Deer Public School for the year 1898 shows that school was kept open for 299 1/2 days exclusive of the days spent at Teachers' Institute convention. Ninety pupils were registered in attendance during the year, 49 of whom were boys and 41 girls. The total aggregate attendance was 2014, four pupils attended less than 20 days during the year, only two attended over 201 days. While these were none in the district between the ages of 7 and 12 who did not attend during the year over 60 days.

ADDRESS TO TEACHERS.

Miss Hattie M. Keast was the recipient of a very agreeable surprise on the last day of school for the year.

She is very popular with the scholars and they showed their appreciation of her efforts by making a presentation of her following address, accompanied by a very handsome manure set and handkerchief box. The address was read by Ethel Keast, and the presentations were made by Lizzie Cornell and Isabella Jenkins.

To Miss Hattie M. Keast:

Dear Teacher: Today our school over which you have presided, as our teacher, for the past 12 months closes for the year.

As we look over the past, we do so with pleasure, when we recount the many happy hours which we have spent within these walls, with you as our teacher.

When we look forward to the future, we do so with a great amount of satisfaction and pleasure, on account of the joyous season which we are about to enter, the Merry Xmas time; on account of the short respite from study and labor; and because when school opens with the beginning of another year, we are to have you as our guide and instructor for 1899.

Before parting (for the holidays only) we have determined to make our esteem for you, by presenting you with this slight token of our regard for the earnest endeavor which you have put forth in our behalf. The value is not so intrinsically great as to lead us to the charge of ostentation. Its value, to you, we hope, will be in the fact, that it comes with the best wishes of your pupils.

Wishing you a Merry Christmas and a Happy New Year, we bid you adieu.

Your Respectful Pupils of 1898. Dated at Red Deer, Alberta, this 24th day of December, A. D. 1898.

(Signed): ETHEL KEAST, W. J. McLEOD.

Miss Keast, who was taken by surprise, thanked the pupils for their kindness in a very neat speech, and expressed the satisfaction she had in the work with them. She impressed upon them the importance of life and the fulfillment of life's duties, the power of example, and asked them always and everywhere to cast their power on the side of "Right." She dilated on the subject "the child is the father of the man" and that in their school work they were building the character which will be theirs when they become men and women and would be called upon to take up life's duties and responsibilities in the place of the men and women of today.

When Miss Keast took her seat the whole school rose and gave three cheers for their teacher. Before leaving the school Miss Keast bore her pupils to fruit nuts and candy, after which the school closed for the year 1898, all going on their way rejoicing, singing "for she is a jolly good fellow."

School opens on Monday, the 9th with Miss Keast as principal, and Miss Stewart as first assistant.

Two Papers for One Price.

We have made arrangements with the "Family Herald and Weekly Star" Publishers whereby we can supply that paper and the QUEENS COUNTY GAZETTE, for one year, for \$1.50. Subscribers will also receive the beautiful picture entitled the "Thin Red Line." Taking the picture into consideration, the subscribers for the "Family Herald and Weekly Star" and the QUEENS COUNTY GAZETTE will receive two papers for the price of one. This is a golden opportunity. Address: JAS. A. STEWART, Gagetown, N. B.

ACTIVE SOLICITORS WANTED EVERYWHERE for "The Story of the Philippines" by Murat Halstead, commissioned by the government as Official Historian to the War Department. The book was written in army camps at San Francisco, on the Pacific with General Merritt, in the hospitals at Honolulu, in Hong Kong, in the American trenches at Manila, in the insurgent camps with Aguinaldo, on the deck of the Olympia with Dewey, and in the rear of battle at the fall of Manila. Bonanza for agents. Brimful of original pictures taken by government photographers on the spot. Large book. Low prices. Big profits. Freight paid. Credit given. Drop all trashy, unofficial war books. Outfit free. Address, F. T. Barber, Sec'y., Star Insurance Bldg., Chicago.

MR. FRANK P. MILLS

Tells of his Struggle with Kidney Disease.

Got no Relief till he Used Dodds Kidney Pills—One box of this Great Remedy Completely Restored His Health.

ZEALAND, N. B., Feb. 13.—Mr. Frank P. Mills, a well-known, energetic, and popular business man of this town has made public a statement that will have a vastly deeper interest for tens of thousands of people on this continent, than the Spanish-American treaty of peace, or any other event of public importance.

The statement given to the public by Mr. Mills is one that brings hope and gladness to the thousands of unfortunates who are suffering from that modern dragon Kidney Disease, and who have given up all expectations of recovery.

Here it is: "I had for a long time, been a sufferer from Lane Back, and have expended large sums of money for medicines, in my endeavors to regain my health.

"Nothing that I tried gave me the slightest relief. My sufferings were continually becoming more severe, and I had almost given up hope of getting better.

"One day I read in the papers of a man who had been cured of a complaint like mine, by Dodds' Kidney Pills. I decided to try this medicine, which was new to me.

"The first few doses convinced me that I had found a cure. I used only one box of Dodds' Kidney Pills, but even before I had finished it, every vestige of pain had left me—I was entirely cured. I earnestly recommend Dodds' Kidney Pills to all who suffer as I did."

All that is necessary to prove the strict truth of Mr. Mills' statement, is to try a box of Dodds' Kidney Pills.

Dodds' Kidney Pills are sold by all druggists at fifty cents a box, six boxes \$2.50, or sent, on receipt of price, by the Dodds Medicine Co., Limited, Toronto, Ont.

MAUDE MULLER TODAY.

Maude Muller, on a winter's day, Got out and shoveled the snow away.

Her cheeks were red and in her eyes Was the sparkle that comes from exercise.

The judge came trudging through the snow. With his collar turned up and his cap pulled low.

He struck the path that Maude had made And a smile across his features played.

Lifting his cap he stepped a bit, And she brushed her shawl and leaned on it.

"You have done a good job here, I declare," Said the judge to the maid who was standing there.

"And have you no brother to shovel the snow, And where is your father, I'd like to know?"

"My brother's in bed," Maude Muller replied. "And my father is eating his breakfast inside."

"But I love to get out, at the break of day, And shovel the beautiful snow away."

"For it quickens my wits sets my cheeks aglow, And it makes me happy to shovel the snow."

The judge gave a sigh and lingered awhile. And left the maiden, at last, with a smile.

And every morning he trudged that way, And he and Maude met at the break of day.

Ah me, but the years have been travelling on— The judge married Maude and her roses are gone.

She has ceased to get up at the break of the day, And the others now shovel the snow away.

—Cleveland Leader.

Better than the Klondike.

No one who has a bad cough, which has racked their system, and bids fair to hold on through the entire winter, with all its misery and suffering should begrudge 25 cents to have certain relief. That is just what a bottle of Dr. Cook's old time English remedy, Cook's Sure Cough Cure, will do. Sold by all dealers.

"Oh, oh!" exclaimed Mrs. B., crazed with toothache, "why can't people be born without teeth?"

"If you will recollect a moment, my dear," replied Mr. B., "you will be convinced that such is the fact."

COOK'S SURE COUGH CURE.

WANTED—SEVERAL TRUSTWORTHY PERSONS in this state to manage our business in their own and nearby counties. It is mainly office work conducted at home. Salary straight \$900 a year and expenses—definite, bonafide, no more no less salary. Monthly \$75. Reference. Enclose self-addressed stamped envelope, Herbert E. Hess, Proct., Dept. M., Chicago.

THE QUEENS COUNTY GAZETTE.
