PRICE—TWO CENTS.

SPLENDID RECORD MADE BY RED CROSS SCHEME

HAMILTON FRUIT KITCHEN IDEA EXTENDED TO OTHER CENTRES INCLUDING ST. CATHARINES PROVED A FINE SUCCESS DURING THE WAR.

The following extract from the Red Cross report will give our readers an idea of the splendid work done by the Hamilton Fruit Kitchen which is affiliated with this district. The campaign of 1917 was carried on by the Canadian Club as the Red Cross Fruit Campaign for Over seas hospitals, in which St. Catharines, Niagara Falls and Burlington joined Hamilton, with a total production of 47,000 quart jars, representing 117,500 pounds, valued at \$35,250. It was in 1916 that the Red Cross Society established the fruit Department. There was produced that year with the assistance of St. Catharines, 53,000 quart jars, equal to 132,500 pounds, and valued at \$40,750. In 1917 there was produced 160,000 quart jars, equal to 400,000 pounds, and valued at \$120,000. In 1918 the scope of the work was enlarged, taking in the Women's Institute Canning Centres at Parkhill, Stratford, Guelph, Mapleton, Barrie, Niagara-on-the-Lake, and the product put up by the Horticultural Experimental Station at Vineland, together with the following from the Hamilton Kitchen:

8378 cases of No. 10 cans.
1796 cases of No. 3 cans.
a total weight of 577,000 pounds of fruit, including jams, jellies and canned chicken.

There was also produced for the Canadian War Contingent Association and the Canadian Red Cross Society 2137 cases of plum pudding of No. 10 tins, 24 cans to the case, including the pudding sauce, making a total of 57,300 pounds.

There was also put up by the Girls Service Battalion and Women of Niagara the "Lanes" for the Polish Hospital, 24 cases of frank, including jams, jellies, pickles, soups, valued at \$600, so that the total valuation for the season of 1918 was \$117,000.

The total weight produced for the four seasons was 1,387,514 pounds, with a total valuation of \$313,825. During the last season everything was put up in tin cans, formerly in glass jars.

Mr. and Mrs. A. R. Russ, of Cornwall, are visiting his father, F. B. Russ, postmaster at Grimsby, Ont.

The Buffalo Express states that some opposition is expressed in that city to the project of deepening the Erie Lock at Canal.

NEW PROBE OPENS AT OSGOODE HALL

The first sitting of the Royal Commission appointed by the Government to investigate the charges made by Sir H. Dewar, K.C., M.P.P., will be held at Osgoode Hall at 11 o'clock tomorrow.

Full power has been given Sir William Meredith, Chief Justice of Ontario, to inquire into all charges contained in Hartley Dewar's speech of March 20, and into all the suggestions made in articles of the Toronto World relative to the Homer case from February 21 to February 28.

FARMERS' CLUB ATTACKS THE NEW TIME

Five Delegates From Ontario Discussing Political Action.

Winnipeg, April 3.—Strongly protesting against the adoption by the Government of daylight saving, the Canadian Council of Agriculture, in session here, unanimously adopted a resolution calling upon their representatives in Parliament to have the Government take such steps to compel the Railway War Board to rescind its order "in accordance with the declared desires of the great majority of the people of Canada." This resolution was telegraphed to Thomas White, Acting Premier, tonight.

"CHEAPER DIVORCE" URGED BY VETERANS

The Ontario Provincial Executive of the Great War Veterans' Association has passed the following resolution: "That this Ontario Provincial Executive, whilst realizing the sacredness of the marriage ties and of home life, and that it would be detrimental to the highest interests of social betterment in the Dominion of Canada, to open wide the gates of divorce, yet favors certain changes in the Divorce Laws which shall ensure that the procedure for divorce shall be less expensive, thus making for equality of treatment towards both rich and poor and that the evidence for divorce shall be submitted locally by a Travelling Court composed of judges appointed by the Federal Government, who shall have the final decision in all matters pertaining to divorce."

HOPE OF NATION IN ITS THINKERS

In Masterful Address Before Canadian Club Sir Robert Falconer Emphasized Need of Greater Education for the Masses

What was regarded by those present as one of the ablest addresses ever delivered before the Canadian Club was given last night by Sir Robert Falconer, president of the University of Toronto. He is a man of rare intellectual attainment and of wide travel and observation. He spoke on the conditions prevailing before the war, the birth of a new world in August, 1914, and pointed out the principle things that faced Canada in the future if it would make the greatest progress.

REMARKABLE AGE GONE.

Sir Robert is clean shaven, of middle age with a deep thoughtful eye and keen perception of national and international affairs. He spoke of the 19th century as one of the greatest of the ages in achievement and daring. In exploration, science, social development, etc., remarkable strides had been bought for humanity and which it was cast had passed with the declaration of war in 1914. Then a struggle began between the powerful forces that were based on materialism and the forces that stood for freedom of the soul. Through the welter and the blood a new freedom had been bought for humanity and now the problem that faced the peoples was how they were going to measure up to their new responsibilities and opportunities.

IDEAS IN BRIEF.

Without giving a lengthy report of the address it would be impossible to convey a comprehensive idea of what was said but possibly a few extracts would suggest some of the views that Sir Robert expressed. Among other things he held that Sir Joseph Flavelle had been unjustly maligned by newspapers and others and that he was one of the greatest organizing minds of the present day in Canada. The nation was indebted to his remarkable business genius in handling munitions during the war.

People on this continent he said are too shallow in their thought. They put too high a premium on action and too little on the thinker.

Canada should not hesitate to make large expenditures for education for in this department lay the future hope of the nation.

This side of the Atlantic must provide more room for the contemplative virtues.

As Canadians we shall be able to meet the new world industrially but we also must be prepared to meet it in education, science and intellectual service.

There would be many persons tried for heresy on this continent if they were as broad and advanced in their ideas and sympathies as the thinkers in England. The new world must be more tolerant.

At the close of the address which was largely attended a cordial mo-

RIOT AT ARSENAL

Pittsburg, Pa., April 3.—Police detectives were rushed to the United States arsenal here this afternoon in response to a riot call. Officers reported that several men were attempting to gain entrance to the Government plant.

GENERAL FOSTER DIES

London, April 3.—Brig. Hubert John Foster, who equipped and despatched the Canadian contingents to the South African War, has died in Australia.

LABOR BUREAU IS GREAT FACTOR IN PROVIDING WORK

Rapidly Developing Into Big Power Positions Found for all Waiks

The Ontario Government Employment Bureau, originally a by-product of the war, has rapidly developed into an institution of the greatest power to provide suitable employment for every form of work.

The general view of all labor employment bureaus, in the past has been that it was the medium of employment for the "down-and-outer," but conditions have greatly changed.

Positions are now being found daily for men and women in every walk of life, skilled and unskilled labor, domestic, industrial and general clerical help, and more recently for professional and executive officials.

P. E. I. LEGISLATURE OPENS

Charlottetown, P.E.I., April 3.—The Provincial legislature opened yesterday. This is the last session before the general election.

The copper stocks made a sharp advance in the trading at New York yesterday.

F. W. HASKELL DIES SUDDENLY

President of Carborundum Company and Resident of Buffalo

Niagara Falls, N. Y., April 3.—Frank W. Haskell, president of the Carborundum Company of this city, died yesterday at Datona, Florida.

Mr. Haskell lived at No. 694 West Ferry Street. His age was 54 years. His wife and 13-year-old son, Benjamin, had been spending the winter in Datona. Two weeks ago she telegraphed him to join her. He left shortly afterwards for that resort.

No reason for Mr. Haskell's death is assigned in the despatch received here this morning.

Previous to taking up a residence in Buffalo the family lived in this city.

GERMAN TROOPS MOVE TO SUPPRESS SPARTACAN DISORDERS

(Special To The Journal.)
Goblenz, April 3.—German troops opposite the Goblenz bridge head began moving early Thursday towards Frankfurt where a Spartacan revolt has been causing disorder.

The Grimsby Park store of the Canada Steamship Co. was broken into recently and about \$35 worth of cigars, cigarettes and candy stolen.

FARMERS WANT IT.

If the farmers who live in the neighborhood of Hamilton are opposed to daylight saving they do not talk that way when they come to Hamilton market. On Saturday last there was a good market, and all the truck farmers in the district were in. All their talk was in favor of the daylight schedule. Only one man, in particular, seemed to be against it. Yesterday morning there were not many in, but those who were are practically in favor of the system.—Hamilton Times

tion of thanks was moved by Mr. Wilson Taylor and seconded by Mr. H. G. Williams. It was presented by Mr. Courtney Kingstone, president of the Club.

SUCCESSFUL BANQUET AT MERRITTON

Drill Corps Girls Given Sumptuous Luncheon at Rubber Company's Hostel.

One of the most interesting events held in Merritton for sometime was the banquet held at the Independent Rubber Company's Hostel last night when about thirty-five members of the Merritton Drill Corps Girls sat down to a sumptuous luncheon. The dining room was artistically decorated with flags and bunting, the tables which formed a red cross being prettily decorated with red and white tulips. At each place was a favor and a place card, the former being a basket of candies. Mr. A. T. Smith, who has always filled the capacity of instructor with these girls, presided and after the luncheon was served announced a splendid programme of readings, vocal and instrumental music, every number being enjoyed to the fullest extent. The young ladies residing at the hostel, under the able supervision of Miss Haney, left no thanks to the evening a vote of appreciation was tendered to those who so ably assisted to make the evening the huge success it turned out to be. A seasonable hour dancing came to an end, and the jolly party returned to their respective homes, all reporting having had a most enjoyable time.

ROOSEVELT JR. TO DEVOTE SELF TO PUBLIC LIFE

Announces He Intends to Follow Footsteps of his Father and Enter Politics.

New York, April 13.—Lieut. Col. Theodore Roosevelt, who has been discussed by Republican party leaders in this city as a possible candidate for president of the board of alterations next fall, announced yesterday that he intended to follow the footsteps of his father and enter politics.

He declined to state, however, whether the aldermanic berth would prove acceptable to him, in as he received a formal invitation to run for that office, asserting that it was too soon for him to pick his initial goal. He added that he was announcing his "that was in the ring" only because he intended to retire from business and considered some explanation necessary. His present activities, he said, were confined to organization in this country of the World War Veterans' Association.

In making known his intention to retire from business, Lieut. Col. Roosevelt said that he desired to devote himself to "public life," by which he said he meant "entering politics."

BURNS CLUB HOLDS WELL ATTENDED MEETING

A well attended meeting was held by the Burns Society Tuesday night in the Standard hall. Four more new members were initiated at the meeting, which shows that the popularity of the club is still on the increase.

Mr. James Dakers (the well known footballer) who has just returned from the front, was present, and received a hearty welcome home.

The business of the evening was very small, occupying slightly less than an hour.

The question of a fitting close for the season was also brought up and discussed at some length. It was finally agreed that an Old Country "At Home" be held about the end of this month, particulars of which will be published in The Journal as soon as the arrangements are completed.

The remainder of the evening was very enjoyably spent in music and song. The meeting closed about 10.45 with the singing of "Auld Lang Syne."

The American Pressed Metals Co. has offered a new block of stock for the purpose of forming an American company.

THEY'LL LEARN IT, TOO.

The farmers opposed automobilists; now having grown wealthy they purchase over sixty per cent. of all sold in Canada. Yet they oppose daylight saving which would give them more time to use their machines.

HERE'S ANOTHER DAYLIGHT SAVER

Preston, April 3.—Falling in behind Galt and Herpeler and the New Time Drum, Preston will advance the hands of the clock on Thursday at 2 a. m.

GRAVER CRISIS RAPIDLY NEARER SAYS DAILY MAIL

Bavarian Women Crowding to Learn "Unadulterated Bolshevism"

London, April 3.—Describing the outlook in Germany, the Berlin correspondent to The Mail says the crisis which is rapidly approaching seems certain to be graver than either the January or March outbreaks.

"One of the storm centres is Bavaria, especially Munich," he writes. "The situation in Southern Germany has completely changed during the last three weeks. Thousands of people, including many women, attend mass meetings at which unadulterated Bolshevism is advocated and demands are made for the abolition of Parliament. A political section has arisen that is even stronger than the Spartacans. The members of this party call themselves syndicalists, and are apparently led or inspired by terrorists who escaped from Dusseldorf when Government troops occupied that city after the last uprising."

"Bolshevism is working in Germany by propaganda, as it did in Hungary, and is wrecking and removing opportunities for work."

RECESS EASTER FOR PARLIAMENT

Ottawa, April 3.—Sir Thomas White gave notice of a motion in the House for an Easter recess from 6 p. m. on Thursday, April 17, to 3 p. m. on Tuesday, April 22.

In reply to a question by Mr. Anderson, the Hon. Mr. Rowell said that there were 854 totally disabled soldiers on the pension list. Of these, 39 had lost both eyes. Since July 1915, the number of ex-soldiers suffering from pulmonary tuberculosis who had received treatment, and who had been discharged, or who had died, totalled 5,730. There were now 1,712 under treatment.

Replying to Mr. Sinclair, Hon. Arthur Meighan said that the total expenditure in connection with loans under the Soldier's Settlement Board to December 31 last, in the Province of Nova Scotia, was \$2,809.

THE WEATHER

Toronto, April 3.—There are no very pronounced movements in progress in any part of the Dominion but it is probable that a shallow depression now in Iowa will move to Lake Erie. The weather continues quite mild in the western provinces and is becoming milder from Ontario eastward.

WHEREABOUTS OF GIRL NOT YET KNOWN

Up to this afternoon no trace has been found of the body of Miss Gladys Kimberley, supposed to be drowned in the old Old Canal. The firemen and many citizens who spent the entire day dragging along the canal bed deserve much praise for their exertions. The supposition now is that the body may have been caught in a snag or weeds, or as some think, carried over the slash boards at the Willand Vale weirs. If above the weir the level may be emptied when the factories close down on Saturday afternoon. In the meantime the search will be continued.

A lot of people will wish that other acts of parliament could be as easily disregarded as this latest one related to daylight saving.

LENGTHEN SCHOOL TERM TO MAKE UP SHORTAGE

COLLEGIATE BOARD DECIDES TO GIVE PUPILS CHANCE TO RECOVER LOST TIME DUE TO INFLUENZA EPIDEMIC.

A regular meeting of the Collegiate Institute Board was held last night. Present were Vice Chairman Craise, Trustees Petrie, Killmer, Trapnell, Watson, Stewart, Burgoyne and Principal Coombs.

In the absence of chairman McBride who was attending a meeting of the Housing Commission Vice-Chairman Craise occupied the chair.

The Boiler Inspection and Insurance Co. Canada, reported that both boilers in the Collegiate were in working order, but that the city supply to No. 1 boiler should be connected to the main return line or to the top of shell instead to the bottom connection of the water column as at present. Also the front arch of No. 1 H. T. is in need of repair.

Trustee Watson submitted the report of the Finance Committee for March recommending payment of salaries and arrears amounting to \$295.598.

Holiday is Shortened
Trustee Trapnell for the Internal

LIVES ARE LOST IN HULL FIRE

Early Morning Disaster Results in Death of Three Girls and Destruction of Valuable Property

(Special To The Journal.)
Ottawa, April 3.—Three lives were lost and property damage estimated at between thirty-five thousand and forty thousand dollars was caused by an early morning fire at Hull which gutted what is known as the Dorion Block, on the corner of Main and Leduc streets, consisting of a social club and three stores, in the heart of the business section of the city.

The dead are Misses Marie Dorion, aged 40, Gracie aged 32, and Blanche aged 10. The two former are daughters and the latter the grand-daughter of Mrs. L. N. Dorion, part owner of the burned block. The girls lie 41 alone in the top flat of the building, and it is surmised were overcome by dense smoke which suffocated them, as the bodies which recovered were not touched by flames. Although the firemen knew the girls were in the building and made no valiant attempts to rescue them, they were unable to enter the apartment where they were known to be, owing to its intensity of the fire.

Trustee Petrie gave a verbal report of the visit of the Board to the City Council re the building of a new Collegiate. They had been favorably received by the Council, and a special committee had been appointed by that body to select a site.

Trustee Burgoyne suggested that the Committee make inquiries of the Public School re the sites they had obtained options on.

On motion the Board adjourned.

GERMANY WILL BE ABLE TO PAY LARGE SUMS

(Special To The Journal.)
Paris, April 3.—Several ministers of the Peace delegation assure the Matin that the French ideas on the Peace Treaty and other matters are gaining ground and that an understanding has been almost if not altogether reached. Regarding the subject of financial demands to be imposed on Germany the Echo de Paris says that the Council of Four believes that Germany will be able to pay immediately six billion francs in money of various kinds. Deliveries of raw materials and manufactured goods from Germany, it says, will reach an undetermined sum which some optimists estimate will amount to thirty billion francs.

PEACE TERMS MAY BE READY BEFORE EASTER

French Foreign Minister Predicts That Preliminaries Will be up for Signature Then.

(Special To The Journal.)
Paris, April 3.—"I have always thought and think more than ever today that the peace preliminaries to be imposed upon Germany will be ready before Easter unless something unexpected arises," said Stephen Pichon, foreign minister, yesterday in reply to questioners at a banquet given by the French Republican journalists, according to the Matin.

LEFT BANK OF THE RHINE TO BECOME NEUTRALIZED

AMERICAN TROOPS CANNOT STAY IN EUROPE AFTER SIGNING OF PEACE TREATY.

(Special to the Journal)
Paris, April 3.—The Council of four has virtually decided, according to information from French sources, that the left bank of the Rhine will be neutralized until German has paid indemnities fixed by the Peace Conference. It is understood that French and Belgian troops will hold the territory the United States claiming it to be impossible to leave American troops in Europe after the signature of the Peace Treaty and Great Britain having insufficient effective troops to maintain the garrisons along the Rhine.

Management reported as follows:

That by reason of the enforced closing of the school during January last and the loss of instruction to the pupils occasioned thereby that the school term after Easter Day shall commence on Tuesday, the twenty-second day of April instant at the regular time of opening and the staff be requested to give their co-operation in promoting a full attendance on such opening date; that Dominion of Canada War Savings stamps be placed on sale with the Principal and teachers for the accommodation of the students and that the treasurer of this Board be directed and empowered to purchase of behalf of the Board for the purpose of sale to the students of war savings stamps in sum of Fifty dollars.

Trustee Killmer wanted to know how this request would effect the staff and their holidays.

Principal Coombs thought the teachers would all be in sympathy with it as they are now teaching extra time, but he did not know whether they would be able to mark registers or if it would be possible to get the pupils to attend. The School in former years closed on June 17th but this year, it will not close until 29th but even then the time could not be made up.

Responsibility on Parents
Trustee Burgoyne thought the report should be changed to read that the Internal Management Committee be empowered to act on the matter after consideration.

Trustee Trapnell said as one member he would stand by the report. He would hold the staff responsible if they did not teach, but if the pupils were given an opportunity and did not take advantage, then the parents and pupils would be responsible.

Trustee Petrie thought the Board should support the motion.

The report carried.

On motion of Trustees Petrie and Burgoyne, a special committee of Trustees Trapnell, Dwyer and Sheahan was appointed to act with the special committee from the City Council to select a site for a new Collegiate.

Report re School
Trustee Petrie gave a verbal report of the visit of the Board to the City Council re the building of a new Collegiate. They had been favorably received by the Council, and a special committee had been appointed by that body to select a site.

Trustee Burgoyne suggested that the Committee make inquiries of the Public School re the sites they had obtained options on.

On motion the Board adjourned.

IN DAYS GONE BY

We notice by our exchanges that numbers of returned soldiers are getting jobs as policemen in the various towns and cities of Canada. It is hoped the boys will make good in their new positions. This was not always the case. After the close of Wellington's wars when the British army was demobilized Lecky, the historian says, that Sir Robert Peel, then Prime Minister of Great Britain was at his wits end as to what he could do for the returned men, and finally got an Act passed, to organize them into a police force for the United Kingdom.

The old soldiers of those days were neither in conduct or character up to the present standard, and drunkness in the army was not considered a disgrace. Peel's policemen got drunk whenever they got a chance, and neglected their responsibility to the public. So after a brief trial the well intentioned movement proved a failure. Although it may not be generally known, it was from Peel's Act that the policemen got the nickname of "Peelers" or in some places "Bobbies". It may be also stated that during a conversation on the composition of Wellington's old Peninsular Army, the Iron Duke stated that as fighters he had the best men in the world and his non commissioned officers were splendid if their officers could only keep them sober. Things have of course changed since those days.

EDITORIAL NOTES

On Wednesday, March 28, 1838, the first steamship to cross the Atlantic, from England to New York, the Sirius, left Cork, Ireland, with 22 passengers and made the voyage within 22 days. Now passengers think six days a long voyage.

The ex-Kaiser blames the Free Masons for helping to bring about the war. Yet William, like nearly all the crowned heads in Europe, was a Knight of the Prussian Order of the Black Eagle, whereas it should have been the Black Vulture.

Are you sticking to your Lenten resolutions. If not, why not?

It looks very like spring to-day, but don't be too sure.

With daylight saving and long evenings, get on the job of raking up the rubbish on your garden plots and sharpen your spade, for to the hour is high. Potatoes and turnips are needed for dinner.

The Canadian Board of Home Missions of the Presbyterian Church has put itself on record that unused land held by private individuals should be appropriated by the Government or heavily taxed. There is logic in the demand.

With the price of butter likely to reach \$1.00 a pound and the storages said to contain vast quantities of it, is it not time that those persons who are well paid to look after food control and fair prices get busy?

In a statement just issued by the Canadian Trade Commission, attention is drawn to the following values of imports of fruits and vegetables from the United States in the fiscal year ending March, 1918:

Green apples, \$1,500,000; berries, all sorts, \$685,000; cherries, \$107,000; garden and field seeds, \$308,000; potatoes, \$811,000; tomatoes, canned, \$694,000; tomatoes, fresh, \$530,000; canned vegetables, general, \$475,000; beans, \$2,500,000; pets, \$216,000.

WELLAND GETS BOCHE GUN

Welland, April 3.—A German machine gun captured by Sergt. C. M. Hodges is now on its way here.

RIMOUSKI HARBOUR FREE OF ICE

Quebec, April 3.—For the first time in seventy years the harbor of Rimouski is clear of ice at this date.

MONTREAL VISITOR HELD UP

Montreal, April 3.—Ambrose Pare on his first trip to Montreal was held up by two men and robbed of \$100.

NEW TIME FOR CUSTOMS HOUSE

Montreal, April 3.—The Customs house staff will conform with the system of daylight saving.

DEATH OF MRS. CALVERT

Many friends will be shocked to learn of the sudden death in Washington, D.C., of Mrs. W. C. Calvert. She was a daughter of the late Sam. Dolson and had lived in this city practically all her life till moving to Washington a few years ago. Besides her sorrowing husband she leaves to mourn her loss five sisters Mrs. Brocklebank, Mrs. Frank of Chicago, Mrs. Stora, Rochester, Mrs. Simmons, Detroit, and Mrs. Armstrong, California. The funeral will be held Friday afternoon to the First Presbyterian Church on arrival of train from east.

LAI D AT REST.

There was a large attendance of friends at the funeral of the late Mrs. M. Pegg, yesterday afternoon, from her late residence, Queenston street. A short service was held at the house by the Rev. Mr. Martin assisted by the Rev. J. J. Liddy, and the remains were interred in North Pelham Church yard where the Rev. Mr. Ferguson officiated. The bearers were Messrs. S. Parkes, A. A. Pegg, J. P. Pegg, G. Riggs, and D. Disher.

FEW CENTS DESTROYS YOUR DANDRUFF AND STOP'S FALLING HAIR

Save your hair! Make it thick, wavy and beautiful—try this!

Thin, brittle, colorless and scraggy hair is mute evidence of a neglected scalp; of dandruff—that awful scurf. There is nothing so destructive to the hair as dandruff. It robs the hair of its lustre, its strength and its very life; eventually producing a feverishness and itching of the scalp, which if not remedied causes the hair roots to shrink, loosen and die—then the hair falls out fast. A little Danderine tonight—now—any time—will surely save your hair.

Get a small bottle of Knowlton's Danderine from any drug store or toilet counter, and after the first application your hair will take on that life, lustre and luxuriance which is so beautiful. It will become wavy and fluffy and have the appearance of abundance, an incomparable gloss and softness; but what will please you most will be after just a few weeks' use, when you will actually see a lot of fine, downy hair—new hair—growing all over the scalp.

FOLLOW THE GLEAM

BY H. F. GADSBY

There has been much talk of the light in the window and some peevish newspapers have pretended to view it as an insult—as a signal placed there to guide the prodigal son home. They object to being treated as "Prodigal Sons."

This only goes to show that they do not know their Bible because there were no lights in the window for the prodigal sons. All he got was gold chains and fatted calves and he had to find his own way home. Even if the Liberal Unionists were prodigal sons, which they are not, the Opposition could not afford to kill any veal for them on account of the high cost of living. The light in the window is much cheaper, although oil has gone up too, and it is put there in good faith, not for prodigal sons, but for old friends and members of the family who may be wandering in the cold and the dark.

The last thing the light in the window wants to becom is the rough company of prodigal sons and sinners. It is simply calling the boys home—a friendly twinkling that conveys nothing but good will. It is more than a light—it is warmth and a welcome and if anybody thinks that he has to come in through the window simply because the light is there he has another guess coming. The light is a sign that the door swings free and the latch string is on the outside and sensible people will, of course, come in by the door which is the place to come in by and not through the window which is the place where mosquitoes and burglars and other pests enter.

Meanwhile the strayed Liberals on the other side of the House cast various doubts on the light. Some say that it may be only a light and a window-frame with no stout planks to make a shelter for the regenerated Liberal party. Others complain that, while leader McKenzie is the official signaller, he is assisted by a committee of ten, which makes the light hard to follow. When the light is in so many hands it is hard to keep track of a will-o-the-wisp—now here, now nowhere at all. They're waiting—so they say—until the light becomes one man's job and he has the job for keeps. They do not expect the light to shine steadily and clearly until the National Government is called and a permanent leader is chosen. This is a slim excuse, of course—there's really nothing uncertain about the light—but it goes to show that the wanderers are wistful about it.

The Hon. Frank Carvell, as I remember, refused to see the light, for the present. Like the farmer who saw a giraffe for the first time he said:

"There ain't no such darned thing." Carvell has long had a low tariff light of his own and it isn't so long ago that he and that other Fighting Frank—Oliver to wit—were flashing it vigorously. But just now Mr. Carvell has gone out of the signalling business and the gleams he sees across the waves are not inviting. Some body is throwing stones at the Carvell light—Charley Murphy, perhaps, and somehow or other the stones seem to land hard on the Liberal organization in Western Ontario. People who carry glass lanterns shouldn't throw stones—it's a bad way to harmonize the party.

Meanwhile the light holds out to burn. The Hon. James Callaghan sees it but is loath for the time being to leave the Union Government, which at least keeps his back warm, and to step out into the cold future whither the light leads. Instead he sets his own light in the window for Premier Gouin of Quebec who is on the outside, looking in. What will Premier Gouin do? What did September Morning do—did she take the plunge or did she continue to shiver on the brink?

The Hon. Thomas Creger recognized the light at once, answered heartily that it was the same old light that had always worked by a light that Grain Growers and United Farmers admitted was almost identical with their own—a good light, a true light. Almost was the Hon. Thomas—no Thomas the Doubter this—persuaded. He put one foot on toward the friendly beacon—then he backed up. Henderson and Richardson and other Western members saw the light more or less distinctly but professed to fear politics—thought politics might clog the wick—and said they would stay where they were for a while anyway. Maharg had no misgivings about the light in the window—admitted that there was a light and a window and a welcome behind it—and then asked savagely why Union Government hadn't a light of its own. Maharg rath'r ruffled the Union Government. They are not in a position to start a light of their own, but rumour has it that they will burn the seven per cent war duty and the duty on agricultural implements to keep the Western farmers feet warm until they get home.

In the fullness of time, and how full time will have to be before it happens

nobody knows. Union Government will break up into its component parts and the Liberals in it will follow their low tariff light which glows clear and steady in the hands of the Hon. Bob Rogers, Sir Sam Hughes, Col. John Currie and the other audacious lighters. All of which means that if Union Government started to hang out any other lights now than a red one to indicate danger or a green one to say "go steady," it would have so many lights to steer by that the ship would go on the rocks. As soon as the two parties have their charts mapped out, their courses laid and their pilots aboard, Union Government will cease to exist. Meanwhile, to use a nautical phrase, the ship is "in stays" and as far as lights are concerned the casual observer doesn't know whether they are bow lights or stern lights, whether the ship is going or coming, backing or filling, drifting or sailing. The chances are that she is doing all six. Union Government is a fore-and-aft arrangement, anyhow.

Mr. Fielding did not apply the blind eye to the light in the window. No, indeed. He saw the light the very first time—good old light shining

bravely as ever. But he said "I'll take it for granted. A light like that has plenty of oil from public opinion. It will be shining with as pure a flame a year hence as it is now. Cheer up, boy—keep the home fires burning and when these fellows are up to their necks in the swamp, I'll lead the rush toward your friendly signal." Mr. Fielding is a philosopher. He knows that everything comes to the light that waits.

Among those who temporized with the light in the window was Dr. Michael Clark, who took the ground that it was too good to be true. He surmised that it might be false morning, sun dogs, a Catherine wheel, almost anything but a real light in a real window. He would have to be surer of it before he made a move. His experience was that the light got smoky when everybody was inside and the door locked.

As if to answer him the McMaster revolution was produced which showed that the light in the window was in good working order, the wick trimmed, the oil pure and the flame steady. Union Government did with it what it did with the knighthood question—treated it as a want of confidence notion. In other words it drew the blind, so that this fierce white light in the window wouldn't hurt its eyes. However, the light is still there and any strayed soul that

Pensions

CANADA'S yearly pension bill is estimated by the Minister of Finance at \$30,000,000. This is a minimum figure. How is this vast fund to be administered? To whom will pensions be paid? Everyone is asking these questions. Here is the official answer.

The Organization

A huge organization has been built up to handle pensions promptly, smoothly, fairly.

At its head is the Board of Pensions Commissioners. This Board is to be developed as a civil rather than as a military body. It consists of three men, each appointed for ten years, each devoting his whole time to his duties as a Commissioner. The Head Office of the Pensions Board is at Ottawa; and there are seventeen branch offices in the principal centres throughout Canada. An important branch is in operation in London, England.

These local branches receive applications from soldiers' dependents for pensions; send "Visitors" to call on pensioners in their homes; hold medical re-examinations; handle complaints.

The Board keeps a representative travelling from coast to coast interviewing pensioners and addressing organizations interested in their welfare. He has already conferred with more than 30,000 pensioners.

At present 60,000 pensions are being administered by the Board.

A Pension—What it is

A pension is not a gift, gratuity or reward for service done. It is compensation—money paid as a right by Canadians, through their Government, to offset in a measure the handicaps suffered in war by their fellow-citizens—a debt that the country owes to our returned men, and to the dependents of those who have fallen.

It is in this spirit that Orders-in-Council governing pensions are framed. It is in this spirit that the Board of Pensions Commissioners administers these Orders-in-Council.

To Whom Payable

Pensions are not awarded for service. Broadly speaking, any soldier or sailor who was disabled during his service is entitled to a pension—provided medical treatment fails to restore his full normal capacity.

remains out on the hills away has only himself to blame.

The amount of the pension is based on the extent of the physical handicap he has suffered.

The physical condition of the disabled man is described on his discharge from the service by a Medical Board. Pension is awarded according to the amount of disablement from which he is then found to be suffering.

The percentage of handicap has been carefully and thoroughly worked out for every disability. It is both accurate and fair.

The relationship between the Medical Board and the pension applicant is that of doctor and patient. Every opportunity is given to have the man's condition judged from his point of view.

Amount of Pension

The pension is awarded to a soldier or sailor so that he can live in decent comfort, despite his handicap.

The money he may be able to earn, or the money he earned before the war, does not affect the amount of his pension. The extent of his handicap alone in the general labor market is considered.

Every man who has increased his income by Vocational Training will not have his pension decreased or discontinued.

The amount of the pension varies also according to the soldier's rank; but his trade or profession is not considered. The minimum pension for a totally disabled unmarried soldier or sailor of the lowest rank is \$600 a year.

Pensions to Dependents

Widows of soldiers or sailors who have died during or as a result of service, are entitled to pension so long as they do not remarry.

Children of soldiers or sailors are entitled to pensions up to the age of sixteen, if boys, or seventeen, if girls.

Pension is awarded to the parents of a soldier or sailor according to the degree of their dependency on the deceased soldier and, (b) according to their needs.

A complete schedule of the pensions granted to disabled soldiers and sailors, and to their dependents, will be sent to anyone interested. Apply to Board of Pensions Commissioners, Ottawa.

to blame.

A Modern Luxury for Modern Homes

IMAGINE what strides we have made since Grandmother's time! Really our house-keeping is now only a matter of remembering names—we step to the telephone, and command as we will! And think how vastly better the article—how clean, wholesome, uniform it is, from the maker to your table! Take, for example,

Swift's Premium Oleomargarine

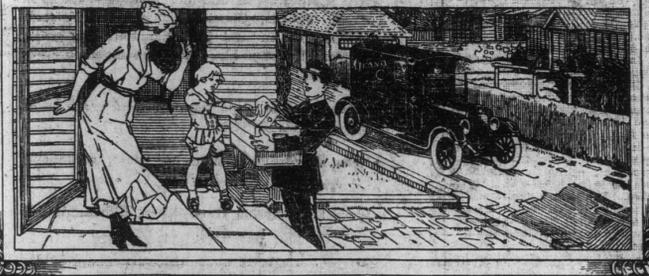

—that dainty, appetizing, nutritious product that is recommended by domestic science authorities everywhere for table and kitchen use, as a delicious spread for bread, for the making of cake, cookies, sauces and general cooking. Compare it with old-fashioned standards! My goodness! In Swift's Premium Oleomargarine you have an article that's always sweet, pure, clean (it's Government inspected,

and never touched by hands)—always the same in flavour, texture, quality—reaches you fresh—and with all this, saves you about fifteen cents per pound!

Merely remember the name—telephone your grocer or butcher today for a pound carton—and a luxury undreamed of in Grandmother's home will be a necessity in yours!

POLISH TROOPS TO USE DANZIG

Troops Returning From France may Use Danzig on their Way Back to Poland.

(Special To The Journal) Paris, April 2.—Germany will not persist in her opposition to the use of Danzig by Polish troops on their way from France to Poland according to advices reaching Paris newspapers. Marshal Foch, who had planned to leave last night, will leave Paris today for Spa to meet the German representatives to discuss the Danzig question. The Marshal had a long conference with Premier Clemenceau.

RUBBER PIONEER DIES.

New York, April 3.—Myer Dittenhofer, a pioneer of the American rubber industry and long president of the Vulcanized Rubber Co., until his retirement a few years ago, died here Tuesday, aged 81 years.

FOR OTTAWA TO DECIDE

Belgian and French Govts. Will Hand Over Sites for Memorials

Hullfax, April 2.—Among the officers returning on the Canada was Lieutenant-Col. Beckles Wilson, of Windsor, Nova Scotia, who was attached for some time to the Imperial staff as inspector of war trophies in the east. He was in charge of the allocation of all enemy ordnance captured there. He is particularly interested in the work of building the Canadian war memorial at Ypres and Vimy. He stated that both the Belgian and French Governments had intimated that they were prepared to hand over sites to Canada at both these historic points, and it was now merely a question of how much the Dominion Government was prepared to spend in the erection of suitable buildings.

INDIANS START GAMES.

New Orleans, La., April 3.—The monotony of two week's routine stunts will be broken for the Cleveland Indians to-day, when the Rookies stack up against the regulars. Games with the Pelicans are slated for Saturday and Sunday.

STRIKERS AND TROOPS CLASH

Three Persons Killed, Others Wounded—General Strike has Been Declared

(Special To The Journal) Berlin, April 2.—In a collision between strikers and government troops at Stuttgart on Tuesday, three persons were killed and many others wounded. The demonstrators were eventually dispersed and order restored. The labor leaders in Stuttgart have declared a general strike there.

SCHMANDT BADLY SPIKED.

Jacksonville, Fla., April 3.—Wilbert Robinson is rebuilding the Dodge infield as a result of Ray Schmandt's injury. Schmandt, badly spiked by Frank Brazil, will be out of the game at least six weeks. Brazil probably will fill the gap. Incidentally leaving first base unprotected.

TO PROBE BRIBE FUND.

Albany, N. Y., April 3.—By a vote of 47 to 0, the Senate Tuesday, afternoon directed the Judiciary Committee to conduct an investigation into the statements of a half million dollar traction bribe fund.

TO COMBAT PROHIBITION.

Albany, N. Y., April 3.—An association with the avowed purpose of combating prohibition was incorporated by the Secretary of State yesterday. The object of the association is to collect, distribute and disseminate information regarding the political, social and economic effect of the prohibition.

BIGBEE IN RIGHT FIELD.

Birmingham, Ala., April 3.—Manager Bezdek has made a change in the line-up of his regular Pittsburg team sending Cliff Lee to the scrubs and placing Carson Bigbee in right field in his stead. The yanigans were defeated by 9 to 1.

MAY PAVE WAY TO NEW WAR

If French Indemnity is Defended Instead of Calculated in Peace Treaty More Trouble May Result

(Special To The Journal) Paris, April 2.—The proposal that the French indemnity be merely defended instead of calculated in the preliminary peace treaty, is attacked by several newspapers. Some of them declare that this method would raise needless difficulties between financiers and between France and Germany. The Journal even fears that such a settlement would pave the way to a new war rather than to peace.

NEW TIME OR OLD TIME?

People of Markham Find Much Trouble in Deciding Time

Markham, April 2.—With the high school running on summer time, the public school on standard time, and some stores keeping to one and some to the other time, people in Markham scarcely know what time they are at. The Bell Telephone Exchange, which is running on the old time, is located in a drug store that is running on the new time. Monday morning the High School opened on the old time and closed on the new time. The Council meets on Friday, and the citizens are hoping that they then will dispose of the time issue for all time.

CASTORIA For Infants and Children In Use For Over 30 Years

Always bears the Signature of J. C. Hart

Women! Here is A Dandy Thing

Few drops on corn or callus stop pain, then they lift off.

Your high heels have put corns on your toes and calluses on the bottom of your feet, but why care now?

This tiny bottle holds an almost magic fluid. A genius in Cincinnati discovered this ether compound and named it freezone. Small bottles of freezone can be had at any drug store for a few cents. Don't limp or twist your face in agony and spoil your beauty, but get a little bottle of freezone and apply a few drops on your tender, aching corn or callus. Instantly the soreness disappears and shortly you will find the corn or callus so shriveled and loose that you can lift it off with the fingers. Just think! You get rid of a hard corn, soft corn or a corn between the toes, as well as hardened calluses, without suffering one particle. Millions of women keep a tiny bottle on the dresser and never let corns ache twice.

WOUNDED MEN COMING

London, April 2.—The Essequibo sailed on Monday from Liverpool for Portland carrying 32 officers and 13 nurses from Buxton, together with 531 other ranks from Kirkdale Hospital, Liverpool.

BOAT FOUNDERS, 11 DROWN

Norfolk, Va., April 3.—Eleven persons were drowned in the floundering of the Cuban schooner Lucia, Saturday, four hundred miles off the North Carolina Coast.

COURT REJECTS APPEAL

Edmonton, April 3.—Both appeals of Joseph Arthur Campbell now under double sentence of death for two murders, have been dismissed by the Supreme Court. Campbell was sentenced April 23.

NO JAPS GIVEN LANDS

Mexico City, April 3.—Salvador Gomez, chief of staff of the Department of Agriculture and Development officially denied tonight reports that Japanese subjects have bought lands in Lower California.

WEST NOMINATES N. S. MINISTER

Winnipeg, April 3.—Winnipeg Presbytery yesterday nominated Rev. Clarence McKinnon, of Halifax, N. S., as the next moderator of the General Assembly. Mr. McKinnon is a former pastor of Westminster Church, this city.

SOLDIERS GUARD TRIAL

Woodstock, Va., April 3.—With a company to State Militia closely guarding the jail and the court house, the preliminary hearing of four agents of the Prohibition Commissioner, charged with murder as the result of the killing of Lawrence D. Hudson and Raymond Shackelford, alleged liquor law violators, was begun here this morning.

DESTROYERS TO PATROL.

Washington, April 3.—British destroyers will co-operate with the U. S. navy in patrolling the course to be followed in the projected air flight across the Atlantic Ocean next month.

ZULU KID BEATEN.

Hot Springs, Ark., April 3.—Young Sandow, of Cincinnati, won a newspaper decision over the Zulu Kid of Brooklyn in a ten-round bout here. The men are bantamweights.

MOORE WINS AGAIN.

Akron O., April 3.—Pal Moore, of Memphis, was given the newspaper decision over Willie Davore, of Akron, after 12 rounds of fast boxing.

MONTREAL SHIRTMAKERS WALK OUT

Montreal, April 3.—Demanding a 44-hour week, granted to clothing workers, 100 shirtmakers of the John W. Peck Co., have gone on strike.

PRESIDENT TOO BUSY.

Dublin, April 2.—The Lord Mayor has received a message from President Wilson, expressing regret that the constant pressure of engagements has prevented him from accepting the Lord Mayor's invitation to visit Dublin and receive the freedom of the city.

LABOR OFFICIALS TO MEET

Topeka, Kas., April 3.—The annual meeting of the Association of Governmental Labor Officials of the United States and Canada, will be held in Madison, Wis., June 1, 3, 4.

SOLDIER IS ELECTED

Montreal, Que., April 3.—Verdun, Que., elected the first returned soldier alderman in Canada last night, when it voted so overwhelmingly for Sergeant James K. Bacon, that his opponent lost deposit.

NIAGARA, ST. CATHARINES AND TORONTO RAILWAY OPERATING ONE HOUR EARLIER

Important Daylight Saving Change TIME AT 2 A.M. SUNDAY, MARCH 30TH, 1919.

All clocks and watches used in operation of Niagara St. Catharines & Toronto Railway, including boat line, Toronto to Port Dalhousie, will at 2 a.m. Sunday, March Thirtieth, be advanced one hour. To prevent serious confusion and inconvenience to the Public, the attention of all concerned is directed to the following conditions resulting from this important change of time.

If Cities, Towns, Villages and other Municipal bodies do not change their local time to correspond with the new Railway time, all concerned should keep in mind that while Electric Cars and Boats continue to leave on present schedules, such schedules will be operated one hour ahead of present local time. Therefore, in Municipalities where local time is not changed to correspond with the new Railway Time passengers must reach stations or the dock

ONE HOUR EARLIER

than shown in current folders and public time-table posters. Where the Municipal time is changed to correspond with the new Railway time, passengers will not experience any difficulty growing out of the change.

DR. ARTHUR B. COBB Dentist.

Seldom a day passes that we do not receive a call from one of our former patients—sometimes of twenty years ago—who comes in to tell us how thoroughly satisfied he or she is with the Dental attention received from us.

These unsolicited words of praise carry a greater meaning than all the claims we could possibly set forth in favor of our skilled and pain-free Dentistry.

But perhaps the greatest achievement of this Office is that it serves suffering humanity at costs that all may pay with comfort and convenience.

In fact, our prices for Fillings, Crown and Bridge Work and Plates complete with the lowest prices in the city, while the work is first class.

OFFICES 368-378 Main St. cor. of Eagle Open until 8—No Sunday work. Phone: Seneca 405

GIRLS' PAINS AND WEAKNESS

Yield to Lydia E. Pinkham's Vegetable Compound. Thousands of Girls Benefited

St. Louis, Mo.—"When I was only fifteen years old mother had to put me to bed every month for two days because I suffered such pain. I also suffered from a weakness and mother took me to a doctor but he did not help me. Finally mother made me take Lydia E. Pinkham's Vegetable Compound and it has made me strong and healthy."

When mother or I hear any woman complaining we tell them about Lydia E. Pinkham's Vegetable Compound and what it did for me. —Mrs. JOHN FRAME, 1121 N. 18th St., St. Louis, Mo. Girls who suffer as Mrs. Frame did should not hesitate to give this famous root and herb remedy, Lydia E. Pinkham's Vegetable Compound; a trial, as the evidence that is constantly being published proves beyond question that this grand old remedy has relieved more suffering among women than any other medicine.

For confidential advice write Lydia E. Pinkham Medicine Co., Lynn, Mass. The result of their forty years experience is at your service.

Electrical Cooking Turns Labor to Pleasure

No invention surpasses McClary's Electric Range to relieve woman-kind of so many disagreeable tasks in the kitchen.

No roaring fire, no overheated kitchen, no ashes, dirt or fumes.

See and be convinced that it is the safest, cleanest, quickest and easiest way of cooking.

USE A HYDRAULIC RAM

Now Recognized As the Cheapest Power for Pumping.

When and How It Is Used—Complete Information Given—Tubercular Cows a Menace to Health—How Tubercular Test is Made—Why It Pays Farmer to Test Cattle and to Discard Reactors.

(Contributed by Ontario Department of Agriculture, Toronto.)

WHERE conditions are suitable for a hydraulic ram it is without question the cheapest and most satisfactory method of pumping water. It has one drawback—it wastes far more water than it pumps to the buildings, and hence can only be installed where the supply is from five to twenty times as great as required at the buildings. The efficiency of the ram is from 70 per cent. to 90 per cent., i.e., it uses 55 to 90 per cent. of the energy of the falling water. Suppose the spring supplies 10 gallons per minute and the fall from the spring to the ram is five feet. Multiply these together and then take 65 per cent. of the product, and we have the energy available for driving water to the buildings. Energy in this case 65-100 x 10 = 5 foot-gallons—32.5 foot-gallons. Now divide this by the height of the buildings above the ram and we have the number of gallons the ram will deliver per minute at the buildings. If, for example, the height is 32.5 feet then:

Number of gallons per minute—32.5 divided by 32.5—1 gallon, which is 1-10 of the water supplied by the supposed spring.

Number of gallons per day—60 x 24 = 1,440 gallons (about 29 barrels). Consequently with five feet of head and 32.5 feet of lift the ram will deliver at the buildings 1-10 of the water in the spring. The quantity that will be delivered with other heads, lifts and spring-falls may be calculated in a similar way.

Generally speaking it is found that for each 10 feet of lift there should be one foot of head, but there is a limit—it is seldom advisable to install rams where the head is less than say two feet, although they have been known to work with as little as 18 inches. The length of drive pipe should not be less than three-quarters of the vertical lift to the buildings, nor less than five times the fall from the spring to the ram. It may however, be longer, but seldom exceeds 50 feet, and 75 feet might be taken as an extreme length for sizes of ram suitable for farm conditions. If too long a drive pipe be used, the extra friction it prevents the water from striking as heavily or as frequently as with a drive pipe just the right length.

The cost of installing a ram is not great. For the smallest size of ram it will run in the neighborhood of \$25 to \$35 and about \$15 extra for each hundred feet between the spring and the ram. Thus if they were 100 feet apart the total cost would be from \$40 to \$50, but if 200 feet then from \$55 to \$65, and other distances in proportion. The largest size of standard ram can be installed at about \$100 if the ram and pump are 100 feet apart, and \$125 if 200 feet apart.—R. M. Graham, B.S.A., O. A. College, Guelph.

Tuberculosis in Cattle.

One reason why farmers should have their cattle tested for tuberculosis is the financial loss which they suffer by having tubercular animals in their herds. As the disease is at first slow in development and does not induce sudden death, like anthrax, black leg or hog cholera, the farmer does not realize the loss that he endures by having tuberculosis in his herd until one or more animals develop the disease in an advanced degree and die or are slaughtered, when they are at once seen to be rotten with the disease. Such animals will have had the disease a long time without it being suspected and will have been giving off in their milk, saliva and droppings, large numbers of tubercular bacilli. In this way the bacilli are spread around, the food, water and atmosphere in the stable get contaminated with them and other members of the herd contract the disease from these contaminated materials.

The tuberculin test will indicate whether or not an animal is tubercular long before any clinical symptoms are visible, thus enabling one to deal with such an animal before it becomes a dangerous spreader of the disease.

When an animal is shown to be tubercular it should not be allowed to mix with the rest of the herd. When cattle are purchased to add to the herd it should be only when subjected to the tuberculin test, as cattle may have every visible indication of good health and yet be tubercular, the disease not yet having developed to an advanced degree.

It is therefore strongly recommended that farmers

1st. Have their herds tested for tuberculosis annually.

2nd. That they slaughter the animals that have the disease in an advanced degree.

3rd. That they separate the cattle that react to the test from those which do not react.

4th. That they remove the calves from tubercular mothers as soon as dropped, and feed them on milk from healthy cows or on their mother's milk after it has been properly pasteurized, i.e., after it has been heated to 145 deg. F. for half an hour.

5th. That they apply the tuberculin test to every new purchase of cattle that are to be placed in the clean herd.

6th. That the herd be tested with tuberculin annually.

Obtaining Tuberculin For the Test. The manufacture and supply of tuberculin is kept under the Dominion Government control. It is required that a veterinarian be employed by the farmer to make the test.—Prof. Dan. H. Jones, Ontario Agricultural College, Guelph.

E. H. Dickenson, Manager Look For the Red Sign Next Door to Ellis House

Direct From Nature

WEATHER
Moderate winds; fair, and milder, mostly cloudy, with light local rains.

Natural gas cannot be stored. Holders for even one day's supply would cost so much that the price of gas would be greatly increased.

Nature has the only workable storehouse.

The gas now burning in your stove comes direct from Nature. Only a few hours ago it was lying deep underground where it had lain for hundreds of thousands, perhaps millions of years.

Although Natural Gas is Cheap, do not waste it—the Supply is not Everlasting.

THE UNITED GAS COMPANIES, Limited.

What the Late Exchanges Say

ONE GOOD RESULT.
(Ottawa Journal.)

Still if we're going to have two times in Canada this summer, some of us may work it once or twice as an excuse for being late.

NEATLY PUT.
(Toronto Telegram)

Canada's railway time must conform to United States railway time. Commercial and industrial communities in Canada must conform to Canada's railway time.

GIVE US DAYLIGHT SAVING.
(Toronto Times.)

The City Council does well to petition the Federal Government for the re-enactment of the Daylight Saving law. The experience of the urban workers last year under this legislation was more than satisfactory. The time for backyard gardening and for other forms of recreation was made ample and the saving in coal, gas and electric light was extraordinarily large. Any man who prefers old time, surely is at liberty to follow it, but the people in the cities and towns find it hard to understand his attitude.

AUTO SPEED LIMIT.
(Toronto Star.)

The speed limit ought to be increased, we think, as recommended by the Ontario Motor League. Cars actually go at the speeds mentioned, and those speeds ought to be legalized. But those who make those speeds at times and in circumstances where it endangers safety ought to be fined heavily for their recklessness, and determined offenders ought to be deprived of the right to use cars on public streets and highways until they learn to respect the rights of others in community life.

\$250,000 COTTON LOSS

Darlington, S. C., April 3.—Fire in warehouses last night destroyed over one thousand bales of cotton and with other damages caused losses estimated at more than \$250,000.

FEWER INFLUENZA DEATHS

Washington, April 3.—The deaths from influenza in the United States for each of the four weeks ending March 29 were respectively, 996, 932, 787 and 6655.

LAND DEPENDENTS AT QUEBEC

Quebec, April 3.—Sir Herbert Ames announces that after the opening of navigation in the St. Lawrence, all soldiers' dependents coming from overseas will land at Quebec.

BROKE INTO STORE

Thieves forced entrance into the Adanac store, at Bridgeburg, owned by Mr. N. G. Fite, of Java Street, by breaking through the panels of three doors. A quantity of cigars, candy and stationery was taken. Police are working on the case. There have been no arrests so far.

QUEBEC CUSTOMS INCREASE

Quebec, April 3.—The Quebec Custom receipts for the month of March, 1919, amounted to \$182,841.52, compared with \$159,585.05 for March, 1918.

THOROLD

Mrs. L. H. Neal and daughter Mary Ellen, have returned home after spending an extensive visit with relatives in Toronto.

Mr. John Shields and son, William, Ormond Street, have left for Scotland, where they will spend an indefinite visit with relatives. During Mr. Shields' stay in town he has made many warm friends who will read with regret of his departure.

The many friends of Rev. R. S. E. Large, will be pleased to hear he is rapidly recovering from his recent illness.

Mr. J. E. Rogers of the A. Bradshaw Company, Toronto, is spending a few days in town among his customers in the dry good trade.

A particularly sad death took place at the Welland Hospital, St. Catharines, this morning, when Mrs. Lawson, beloved wife of Wm. Lawson, West street, passed away following an illness of five weeks, aged 32 years. Deceased was born in Glasgow, Scotland, and came to this country about eleven years ago. Besides her sorrowing husband, nine children, six girls and three boys are left to survive the loss of a loving wife and affectionate mother. Her parents and two sisters, all of Glasgow, Scotland, also survive.

One of the oldest and most highly respected residents of this community passed away at the family home in Beavertown, last night, in the person of Warren Moore, aged 88 years, following a lengthy illness suffering from a complication of diseases. Deceased was born in the house where he passed away, and during his walk of life made many warm friends, who have heard of his death with deep regret. The funeral will take place to Fonthill Cemetery on Friday.

Notice to Creditors

In the matter of the Estate of Gerald Dennis Murray, late of the City of St. Catharines, in the County of Lincoln, Mechanic, deceased.

In pursuance of the Statutes in that behalf Notice is hereby given that all persons having claims or demands against the late Gerald Dennis Murray, who died on or about the 3rd day of January, A. D., 1919, at the City of St. Catharines, in the County of Lincoln, are required to send by post prepaid or delivered to the undersigned solicitor herein for John Sweeney, the Administrator of the Estate of the said Gerald Dennis Murray, their names and addresses and full particulars in writing of their claims and statements of their accounts, and the nature of the securities (if any) held by them.

AND TAKE NOTICE that after the 26th day of April, 1919, the said Administrator will proceed to distribute the estate of the said deceased amongst the persons entitled thereto having regard only to the claims of which he shall then have had notice, and that the said Administrator will not be liable for the said assets or any part thereof to any person of whose claim he shall not then have received notice.

M. J. McCARRON,

SPECIAL OFFICER IS ARRESTED

Detective Engaged to Watch for Pilferers is Charged With Looting Cars

Niagara Falls, Ont., April 2.—Grand Trunk Special Officer Freeman Evans, who was employed in the G. T. R. yards here to watch for car pilferers, was arrested today charged with looting cars himself. Evans' arrest followed the discovery by Grand Trunk Constable John Anderson of a cache of seven goods under the cattle pens. The goods found were valued at about \$1,500, among them being six cases of women's fine shoes. Evans was sent to jail on a week's remand. He has been employed in the yards here for two years, except six months he spent at the U. S. training camp, being called in a draft. His home is at Niagara Falls, N.Y.

TO START FLIGHT TO IRELAND FROM NEWFOUNDLAND

Pte. Hawker Fixes Date About April 10. Confident as to Success of the Venture. Sopwith Airplane is Being Made Ready.

St. John's Nfld., April 2.—Private Hawker, of the Sopwith airplane, with which an attempt will be made to fly from Newfoundland to Ireland, declared today he expected to start not later than April 10.

Both Hawker and his navigator are very reticent, but they express absolute confidence in the success of the venture. They feel sure the Sopwith plane will be the first to fly across the Atlantic.

The machine was taken to the flying field in sections, and now awaits arrival of mechanics who are en route here, and who were expected to be on the ground some time before the pilot arrived. They are aboard the steamship Kyle, which has been jammed in the ice two miles off Low Point ever since March 24. There is no immediate indication of the vessel being released unless the wind changes, and this will delay erection of the airplane considerably, but will not cause the start of the flight to be postponed to later than April 10th, Hawker insists.

CAPT. BARTLETT PLANS TO FLY TO THE POLE

Will Make His Flight in June

London, April 2.—Capt. Robert Bartlett plans to fly to the North Pole in June, starting from a base at Cape Columbia, it was announced yesterday. Bartlett, who is 44 years old, started his polar explorations as a member of the Perry expedition in 1897. He headed the Canadian Government expedition in 1913-14, when he crossed on the ice to Siberia.

LIBERALS MEET IN CONVENTION AT THE CAPITAL

Successor to Late Sir Wilfrid Laurier to be Selected at National Gathering in August Next.

(Special To The Journal) Ottawa, April 2.—Though the question of directorship has for the present session been agreed upon and Chief Whip J. A. Robb and Mr. D. D. McKenzie have been given temporary responsibility for the welfare of the Liberal party, still speculation continues as to who may be chosen permanent leader. The majority of guessers are looking to the extreme east and to the west for a prospective Moses, but few find any hope among the budding politicians of Ontario. It now seems certain, however, that the whole matter will be settled before the autumn comes. Yesterday a long caucus of Liberal members and senators was held. After it was over Mr. Robb issued the following statement: "Following the announcement made by Sir Wilfrid Laurier at London, in November last, and subsequently endorsed by Mr. D. D. McKenzie, the Liberal parliamentary party in caucus today, decided that a National Liberal convention will be held at Ottawa on Tuesday, Wednesday and Thursday, August 5, 6 and 7. Details for the holding of the convention will be announced within a few days."

HINT IS GIVEN THAT RAILWAYS MAY CONTINUE

Looks as Though Commission has Pretty Well Made up its Mind That Railroads may Operate on Advanced Time if They Wish

(Special To The Journal) Ottawa, April 2.—Rural members appeared unexpectedly before the Railway Commission this morning in opposition to the adoption of the daylight saving by railway companies. Sir Henry Drayton said that although the case was closed yesterday the Commission was ready to hear applications and to hear new evidence. W. A. Boys, Esq. South, and Dr. Clark of Red Deer were the principal speakers against daylight saving. They pointed out that the rural population was greater than the urban and their views should be consulted in such a measure. They reiterated the arguments given in Parliament against the measure but Sir Henry Drayton pointed out that the Railway Commission's business was not to decide whether the coun-

try should adopt the daylight saving but whether the railways should adopt it, and on this it appeared that the Commission had pretty well made up its mind.

Swallow's Marvelous Speed.

The connection between the flight of a bird and the flying of an airplane is obvious, yet in spite of the wonderful results obtained by birdmen, aces of the air, nature retains the advantage over men in flying. An ordinary swallow can travel 120 miles in an hour, and there is a record of a swallow that flew from Antwerp to Compelgne, 148 miles, in 68 minutes, attaining an average speed of 128 miles an hour.

PLANE CARRIES OVER 100 MEN

London, April 3.—A trial flight will take place next month, according to the Daily News, of a Tarrant super-jetplane. The newspaper says the machine is capable of carrying more than a hundred passengers. The speed of the machine, according to the newspaper, will be from 80 to 100 miles an hour, and it possesses great possibilities for continuous flying.

62 U. S. WARSHIPS AT LISBON.

Lisbon, April 3.—Sixty-two American warships are now in the harbor here. Their officers and crews have made the best impression, augmenting the sympathy between Portugal and the United States. Commander Harold Jones has been made a member of the Order of Avis. Lieutenant Clarence Dench has been made a knight of the same order.

SOCIALIST'S ROUTED.

Milwaukee, April 3.—Socialist municipal candidates in Milwaukee were completely routed by non-partisan candidates in Tuesday's elections.

GETTING READY FOR FLIGHT.

St. John's, Nfld., April 3.—Assembling of the Sopwith trans-Atlantic airplane, which reached here several days ago, is being delayed pending the arrival of four mechanics, icebound from March 22 until Tuesday on the steamer Kyle, off Placentia Bay.

SHIP IN DISTRESS.

Washington, April 3.—The Navy Department has received a S.O.S. call from the schooner Edward Drake of Philadelphia, which is in distress at sea. The location was not announced.

25,000 YANKS REPATRIATED.

London, April 3.—Repatriation of 25,000 Americans in the British army has begun. The first contingent of 2,000 sailed for New York late Tuesday. Others will follow in like numbers.

RECEIVED STOLEN GOODS.

A fine of \$200 or three months in jail was the sentence for Samuel Newman, who, with Louis Fleischman, was accused of receiving stolen goods from Hodsdon and Quinn's tailor shops, Yonge street. Newman paid his fine. Fleischman was sent to jail for six months.

POLICE FORCE QUIT

Welland, April 3.—Four policemen at Crowland have resigned.

COUNCIL OF FOUR WORK ON PROBLEM

(Special To The Journal) Paris, April 2.—Consideration of the question of reparations and the disposition of the Rhine Valley was continued by the Council of Four composing the Premiers of France, Great Britain, Italy and President Wilson when the session of the Council was resumed today. It is understood to be probable that at least three more days will be occupied with these subjects.

Help the work of Reconstruction Buy War Savings Stamps
"AFTER THE STORM"
Help Him to Help Himself
We owe the returned soldier every effort we can make towards securing steady employment for him.
Do not try to throw the burden entirely on employers. They have a grave responsibility, but only insofar as every man, woman and child gives willing help can Canada ensure a fair day's pay for a good day's work for all her men.
How can YOU help? By investing in War-Savings Stamps.
How will THAT help? Canada must secure foreign purchasers for the products of her forests, farms, and factories. Many nations are anxious to buy our goods, but can only do so if Canada grants credit to them.
Lend your money to Canada, so that Canada may re-lend to those who must buy on credit. The money is being raised by the sale of War-Savings Stamps, so that when you invest in a War-Savings Stamp you provide a day's pay for some returned soldier.
A War-Savings Certificate with 10 W.S.S. affixed will be redeemed by the Dominion of Canada on January 1st, 1924, for \$50.00, for at that date the W.S.S. are worth \$5.00 each.
War-Savings Stamps cost \$4.02 in March; \$4.03 in April; \$4.04 in May, and they may be purchased at any place displaying the Beaver-Triangle sign.

WILDE AGREES TO BOX IN U. S.

London, April 3.—"Jimmie" Wilde, the British flyweight champion, who defeated Joe Lynch, an American boxer, 10 points, has signed a contract with C. B. Cochran, the British theatrical manager, to box Pal Moore or Pete Herman of the United States

for the bantamweight championship of the world and a purse of \$25,000. Friends of Wilde, are prepared to back him for \$5,000 or \$10,000. Wilde will face a challenge to Moore and Herman under these conditions.

ROTH CAPTAIN OF ATHLETICS

Philadelphia, April 3.—Three more Athletics, Bobby Roth, Roy Grover, and Maurice Shannon, are now in the fold, training earnestly with the Mack team here. Connie Mack has expressed much enthusiasm over his team's permanent possibilities. Roth has been appointed captain.

GIBSON NOT WORRYING OVER PITCHING STAFF

President McCaffery is in a quandary. With the Leafs due to assemble for spring training in a few days, he doesn't know whether to take a chance on the weather or not. "It would be a shame," he said yesterday, "to ask Purcell, who has been wintering in California, and Whiteman, who is a native of Texas, to go through their training stunt at the island in weather such as we have been having lately." The local magnate will decide in a day or so whether he will order the Leafs to report here or at Easton, Pa. Manager Gibson is on his way north, but he is not likely to arrive in Toronto until Monday, as he intends stopping off at several of the major league camps en route. Mr. McCaffery says that "Gibby" will probably get one or two pitchers from the Giants. He has an eye on a couple of good men, and McGraw has promised to give him first chance. The Leafs, judging from all accounts, will not be weak in the twirling department. At least eight, and probably ten, pitchers will be on hand for the practice work. The infield is practically complete. Onslow is billed to play first base, Wagner second, Gonzales short and Purcell third. Nothing has been heard from the Cuban infielder, but Mr. McCaffery is not worrying about him. For the outfield there are any number of candidates—Whiteman, Holden, Kelly, Anderson, Breckenridge, and Harmon. "Andy" will be retained, no matter what happens. Mr. McCaffery thinks pretty well of the Buffalo boy. Despite the reports going the rounds that "Red" Fisher will not be available, it is the general belief at headquarters that the bulky backstop will be very much in evidence next week.

CANADIENS' STARS ARE VERY SICK MEN AT SEATTLE

Joe Hall and Jack Macdonald Reported to be Seriously Ill.

Seattle, Wash., April 3.—With five of the Canadian players under the care of doctors with a disease believed to be influenza, officers today stated that it would be impossible to settle the tie existing between the Frenchmen and Seattle. The tie has been taken out of the arena and the hardest-fought series since the Stanley Cup was put up for competition has reached an unsatisfactory ending.

BARROW HUSTLES RED SOX ALONG

Bulky Edward Keeps World's Champions on the Move

Ed Barrow's champion Red Sox are going along very well in practice at Tampa, Fla., and the doughy Edward himself predicts that the team that beats his champion crew will win the pennant. The Sox will have Melnis at first, Shean and Barry at second, Scott at short, and Oscar Vitt at third. In the outfield Gilhooley, Strunk and Hooper are the eligibles. With Vitt at the difficult corner Boston is stronger than last season, when Fred Thomas held down that position, while Gilhooley is probably a better all-round performer than George Whiteman, who has been returned to Toronto. He may not hit as well as the veteran, but he will add speed to the team.

YANKS EVENED UP

Jacksonville, Fla., April 3.—The Yanks evened up the stigma of Monday's defeat by shutting out Wilbert Robinson's Dodgers by 4 to 0 Wednesday. Duffy Lewis in his first appearance in a Yankee uniform compiled a batting average of .500.

"Strangler" Lewis applied the clamps to "Doc" Roller so bad at Harrisburg, Pa. last night, that the Seattle physician heard the birdies sing. One fall was enough for him. The bout lasted 57 minutes.

"Ty" Cobb, the "Georgian Peach," over whom considerable anxiety was felt owing to his continued absence from his club's training camp at Macon, has made arrangements to join the Tigers on Saturday.

The high cost of labor is the reason given by the Chicago racing promoters for their failure to go ahead with their plans to re-establish the turf sport in the Windy City.

ZACH WHEAT ONLY ABSENTEE

Jacksonville, Fla., April 3.—With the arrival here of Jimmy Hickman, Zach Wheat is the only absentee in the Dodger ranks. Wheat expects to report in a few days in order to get in trim for the Brooklyn-Boston series, April 19.

The citizens of Deer Lodge are contesting the state boxing law. Our former law was repealed by what was known as the Keeley commission bill, the Keeley bill leaving us without any law against boxing. We will contest this in Supreme Court within fourteen days, and if successful, as we feel confident we will be, there will be no limit to the number of rounds. Will offer you \$200,000 to stage the Willard-Dempsey bout in Deer Lodge, provided we can have half of motion picture privilege.

The high cost of labor is the reason given by the Chicago racing promoters for their failure to go ahead with their plans to re-establish the turf sport in the Windy City.

SOCIALISTS ARE DEFEATED

Milwaukee, Wis., April 3.—Socialists in Milwaukee County were defeated in the judicial contests.

ANNIVERSARY OF GOTH'S VICTORY OVER HACKENSCHMIDT

Frank Gotch won the heavyweight wrestling championship of the world eleven years ago today, April 3, 1908, when he defeated George Hackenschmidt, "The Russian Lion," forcing him to give up at the end of two hours and three minutes. Neither man got a fall in this ferocious contest, but the Russian was not equal to the strain and his lung power failed him.

The Indian — the veteran machine

Through four years of war—four years of supreme test—four years in which the inventive and mechanical power of the nation were taxed to the utmost—the Indian Motorcycle has been a vital physical force.

Steady-going, adaptable, trusty and enduring, this king of the motor field filled a great need in the nation's service—filled it in a way that has won universal esteem. In its war-time record the superlative merits of the Indian held out in relief. Over 80% of the motorcycles used by the American Government in war were Indians.

The economic lessons of the war are illuminating and far-reaching. It requires little foresight to realize the possibilities of the Indian and its value to the business world. The magnitude of present demand is evidence of its growth.

Now that the war is over we are turning the strength of our production to meet the great public demand. No effort is being spared to supply dealers with their full quota of machines, also Indian Bicycles.

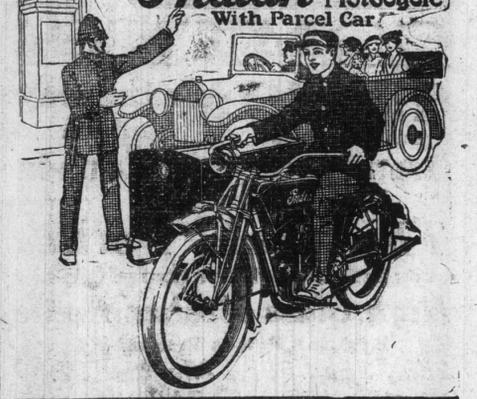

The veteran machine that upheld the nation in war is restored to the public.

The outstanding features of our big Indian Powerplus are: World-famous Powerplus motor that has no equal. Renowned and exclusive shock-absorbing Cradle Spring Frame and Fork. Light Twin Indians, too.

And the roomy, handsome, coach-built Indian sidecars. Go now to the Indian dealer and have a demonstration.

COMING TO THE GRAND

"Cinderella"—a fascinating musical fantasy, founded upon the famous fairy story of the same name, will be the attraction at the Grand Opera House for a return engagement on Friday and Saturday, April 4th and 5th.

This is the third English pantomime which the noted actor-manager, Mr. F. Stuart Whyte, has offered on this side. His previous presentations, "Alladin", and "Robinson Crusoe", were beautifully mounted and ably acted, but they are comparable only as stepping-stones, to his latest effort, "Cinderella".

In the matter of scenery, costumes and color schemes he has gone the limit, and the result is a production, the exquisite beauty of which not even he can hope to emulate with any other touring attraction.

The musical score is replete with tuneful melodies and witty topical songs, while the dialogue delightfully blends the laughter of to-day with the idyllic romance of the world's greatest sweetheart and her Prince Charming.

The company which Mr. Whyte has assembled for this tour includes some of the foremost pantomime and musical comedy artists of England and America, while the chorus is easy to look at.

Miss Zara Clinton who was the principal "boy" in the preceding shows, will again have the romantic role of Prince Charming, and Miss Sug Parker, a dainty little comedienne with a big Broadway reputation, will be the Cinderella.

Oil has been poured on the troubled waters with the result that the Marcus Musical Comedy company with its famous peach chorus of stage beauties, Mike Sacks and his assistant fun makers, will positively be seen in this city. Manager Gray Odium of the Grand Opera House yesterday wired the management that he would accept the offer made several days ago. A confirmation of his proposition was received today.

What is probably the largest guarantee ever made to a theatrical attraction in this part of the country was necessary, on Mr. Odium's part, in order to insure the appearance of the company in this city.

"Shortly after the story that I was after the Marcus show appeared in the Journal recently my telephone

ment have secured the services of Mr. Art Chater the popular vocalist who will appear every evening.

COULDN'T FOOL HIM.

"The 'orn of the 'unter is 'eard on the 'ill," sang the little boy at the Ragged school treat. But somehow his version of that line in "Kathleen Mavourneen" jarred on the nerves of the old squire.

"My little man," he said, kindly, "why don't you put a few more 'h's in your song?"

"Garn!" advised the little man politely. "Don't yer know there ain't no 'h' in music? It only goes up ter 'G'."—London Ideas.

WIVES PLEAD FOR MERCY

Philadelphia, Pa., April 3.—The two wives of the former Montrealer, William M. Stewart, clerk of the Emergency Fleet Corporation, who has confessed to bigamy and embezzlement of \$1,700, the police say will join in pleading to officials of the corporation and the police to deal leniently with him.

SHOEMAKERS TO ORGANIZE

FIRE BURNS LOW FOR TIME BEING

Communist Budapest is Orderly but the Hand of Lenin is Working Behind the Government

(Special To The Journal.)

Budapest, via Vienna, April 3.—The Government is putting forth every effort to stabilize conditions. There are pessimists, however, who declare the Government will endure less than a month, it being pointed out that its success will be partially dependent upon the success of the Russian Bolshevik army to establish order from Kiev to Budapest by way of Bessarabia and Bukovina.

Close Touch With Lenin.

Bela Kun, Foreign Minister, received hundreds of telegrams of an official nature every day, among them being messages from Nikolai Lenin, Russian Bolshevik Premier. He receives newspaper men freely, but has ordered that their dispatches be censored for the purpose of cutting down material to be sent over already crowded wires, as well as to eliminate objectionable features. Kun, who was formerly secretary of Lenin, is most anxious to deny reports relative to communications of women in Hungary which he declares to be "preposterous." He also denies rumors of assassinations and disorders.

Twenty-four members of the Government, nineteen are Jews.

The joy of feeling fit and fresh rewards those who heed the laws of health, and keep the habits regular with

WELLAND ATHLETE CLUB.

HOLDS INAUGURAL BOUTS

Welland, April 3.—The newly formed Welland Athletic Club will stage four boxing bouts on Wednesday evening. The main bout will be a ten-round go between Sergt. James of Welland and "Curley" Hume of Hamilton. James won the championship of Ontario in 1913-14. Before leaving for overseas in 1915 he won the lightweight championship of Ontario.

The four bouts will be as follows:—Eddie Farren (Rochester) v. Irish Kennedy (Hamilton), 6 rounds; Amy Duette (Welland) v. Harry Westbury (Toronto), 6 rounds; Young Nelson (Welland) v. Bert Carpenter (Welland), four rounds; K. O. Kane (Welland) v. Fighting Mack (Cleveland), 4 rounds.

OLYMPIAD IN 1921

Paris, April 3.—The French Olympic Committee has voted unanimously to abide by the resolution passed by that organization in November 22nd, 1918, in which it and its affiliated bodies decided they would not compete in any Olympiad in which citizens of enemy nations would compete. The committee suggests that the Olympic games should not be held before 1921.

Any one desiring to have The Journal delivered should call telephone 59, circulation department. Carrier boys are now going to all parts of the city and arrangements can be made to have the paper delivered every evening at your home.

ADVERTISE IN THE JOURNAL

APPENDICITIS PREVENTED LIFE LENGTHENED HEALTH MAINTAINED

Thousands Finding Wonderful Benefit in a Simple Home Remedy That Costs But a Quarter.

Doctors say if people kept their bowels in proper order there would be no such disease on record as appendicitis. It is due solely to neglect, and is therefore preventable.

If you have constipation, had breath or headache you need medicine right away.

The moment you suspect your bowels are clogged you should take Dr. Hamilton's Pills, the smoothest regulator of them all. They move the bowels and cleanse the liver so smoothly you scarcely notice the effect. But you can get the action just the same. Taken at night you wake up next morning, clear-headed, hungry, rested, energetic, feeling like a different man.

Why don't you spend a quarter to-day and try Dr. Hamilton's Pills? They work so easy, just as nature would order, never gripe or cause headache. Finest thing for folks that are out of sorts, depressed, lacking in color and spirits.

Folks that use Dr. Hamilton's Pills are never sick, never an ache or a pain—feel good all the time simply because their system is clean, regulated and healthy. This you can easily prove yourself.

MEMORIAL TO NURSES.

Brantford, April 3.—A movement has been started here for the erection of a national memorial in this city to the Canadian nurses who died on duty with the overseas forces. This city lays claim to such memorial in that the first Canadian nurse to be killed at her post at duty was Nursing Sister Maude MacDonald, who remained with her patient at a Canadian general hospital at Etaples, through a Hun air raid, refusing to go to safety though the opportunity was offered. She fell a victim to a Hun bomb dropped by one of the raiders. Nurse Dorothy Baldwin of Paris, who also a victim of a Hun air raid on a hospital.

COMING VIA CANADA.

Following is a list of the St. Catharines men who are arriving at Halifax per S.S. Canada:

S. Brown, R.R. No. 3.
R. Combe, R.R. No. 3.
N. O. Cooper.

AT GRIFFIN'S OPERA HOUSE

"Under the Top", featuring Fred Stone which will be seen at Griffin's Thursday, is a circus story, and is said to be taken from Fred Stone's early experience, when as a youngster, he longed for the life "Under the Big Tops".

He plays the part of a country guy who falls in love with a circus man's daughter and so gets mixed up with the goings on in the sawdust ring, and before you know it he is showing you a bunch of tricks that make the performers themselves gape like a bunch of Hayseeds. Some of the biggest circus scenes that ever came down the line are in "Under the Top". Nothing short of the Big Tent could stage all Fred Stone's acrobatic miracles. Its a real circus. See it.

The added feature is also a very strong one, featuring Peggy Hyland in "Bonnie Annie Laurie". This photoplay involves the love of an American Lieutenant and a Scotch Captain for a girl of Scotland who meets them again, and makes her final choice, in a war hospital at the front.

Many stirring scenes of No Man's Land are shown. The Griffin British News and a Mack Sennett Comedy entitled "Cupid's Day Off", complete a very strong programme. Mr. Fletcher the manager, has also arranged to have Mr. Art Chater, the popular vocalist appear at every evening performance, making a complete change of songs every Monday and Thursday. Judging from the applause last evening this feature will no doubt be well liked by the Griffin patrons.
