Liberal Government is Swept from Power Frank Oliver and J. M. Douglas Win by Immense Majorities

Country Polls Strong For the Liberal Cause

The people of Edmonton, city and district, once more indicated their approval of the Hon. Frank Oliver's career as their representative in the House of Commons. In returning him by a majority which is estimated to be larger than that of the last general election...

With less than half the polls heard from, Mr. Oliver's majority has already reached the handsome total of 1200 which gives ample assurance of a total plurality of over 2000. As the returns began to come in shortly after five o'clock, it was evident that the fight in the city had been remarkably close, as well as bitter.

Quarantine to City. Sept. 13.—The recent quarantine at Point Du Bois of laborers on the Winnipeg west plant, is, according to Provincial Health Commissioner M. Wood, to be charged to the contractor. The matter was today referred to the solicitor, on the ground that the contractor had not yet taken over the plant and should be charged to the contractor.

Montreal, Sept. 21.—The Laurier Government and reciprocity suffered overwhelming defeat in the Canadian elections held today. By a veritable political landslide the Liberal majority of 43 was swept away, and the Conservative party secured one of the heaviest majorities, upwards of fifty, that any Canadian party ever has had.

The Liberals lost ground practically in every province of the Dominion, except Alberta. Where they won, their majorities were small. Where the Conservatives won their majorities were tremendous. Ontario, the leading province of Canada, declared almost unanimously against the administration and reciprocity.

R. L. Borden, leader of the Conservative party, shortly will become the prime minister of Canada. He will be supported in parliament by a working majority of members far more than ample for his purposes.

The government defeat means that the Fielding-Knox reciprocity agreement, ratified by the American Congress in extra congress, will not be introduced when the twelfth parliament meets. The Conservatives are committed to a policy of trade expansion within the Empire and a closed door against the United States.

Although re-elected in two constituencies in Quebec, the defeat of the Liberal party also means the retirement from public life of Sir Wilfrid Laurier, who for nearly two decades has directed the destiny of the Dominion. Several times during the bitter campaign which preceded today's election, the venerable premier said that the defeat of his party at the polls meant the end of his career; that he never would consent to lead a minority in opposition to a Conservative government.

A Liberal membership of 53 from Quebec was cut down to 36, which, taken alone, seriously threatened the supremacy of the party. But it was in Ontario that the Conservatives won their greatest victories. Spurred on by appeals to patriotism and the cry that reciprocity was the entering wedge for annexation the Conservatives swept nearly everything before them. That province, which in the last parliament was represented by 35 Liberals and 51 Conservatives, will send a representation to the next composed of 13 Liberals and 75 Conservatives.

"There is no doubt that we have been decisively defeated," declared Sir Wilfrid Laurier early in the evening at Quebec to a group of friends who had gathered with him to hear the returns. "I gladly lay down the premiership, a burden which I have carried for 15 years. We believed that in making the reciprocity arrangement we had done something which would be greatly to the benefit of the people of Canada. The electors have decided otherwise, and I bow to their decision. I regret that we have been unable to carry reciprocity, which I still believe would have promoted the material advancement of Canada, and would have promoted the growing friendship between the United States and Great Britain. However, the country has spoken, we must bow to the inevitable, and I cheerfully do so."

The landslide was not expected by either side. The Liberals were confident that they would be returned by the people with an increased majority. They believed that reciprocity would be most acceptable to the Canadian electors. While the Conservatives claimed that they would have a majority they did not expect that it would be so large, or that the general verdict of the country would be given so decisively against the government. They feared that reciprocity would prove popular with the farmers of Ontario and the farmers and fishermen of the Maritime Provinces, and while confident that they would win the cities they were dubious as to the result in rural constituencies. However, in Ontario especially, the agricultural vote went solidly against reciprocity, and in the Maritime Provinces it did not prove to be the popular issue expected.

The farmers and fishermen of the Maritime Provinces and the United States do not appear to have placed the same value upon the American market which was anticipated. While Sir Wilfrid Laurier, the Prime Minister, was safe in two constituencies, the Conservatives made a great harvest of ministerial heads. Thirteen members of the Laurier cabinet sought reelection and seven of them were defeated. Minister of Finance Fielding and Minister of Customs Patterson, who made the reciprocity bargain with the United States, failed to win their elections. Sir Frederick Borden, minister of militia, McKenzie King, minister of labor, Sydney Fisher, minister of agriculture, George P. Graham, minister of railways, and Wm. Tennant, minister of inland revenue, were re-elected. The province of Quebec rejected one minister, British Columbia, one, Nova Scotia two and Ontario three. A. B. Aylesworth, minister of justice, did not seek re-election as he decided to return from public life and Sir Richard Curriewright, minister of land and commerce, who is a member of the Canadian senate, was not re-elected. The splendid majority obtained by R. L. Borden in the English provinces will make him practically independent of the French group, for he has been elected there or not will be no difference. If a final count of the votes for Halifax leaves Mr. Borden in the minority, any one of a hundred members elected as Conservative representatives would resign to him a seat. Among the most disappointed men over the result is Sir Frederick Borden, minister of militia, who has

property of Canada and would seem to be an annexation with the United States. The Conservatives on the other hand while arguing against the economic advantages of reciprocity, dealt with mere sentimental considerations, asserting the result of reciprocity would lead Canada from Great Britain and to the United States, and to calling upon the electors to prevent this. The people responded to that appeal, Ontario, the largest province of all, in the most wholehearted way, and the other provinces, with the exception of Quebec, Alberta and Saskatchewan, hardly less so. Even the prairie west, which was supposed to desire reciprocity above all other things and where American settlers have gone in large numbers, did not go unanimously government. It has been an axiom in Canadian politics that no party could succeed without a majority in the province of Quebec, but the results of today have destroyed this theory for the government, though defeated retained a majority in Quebec. Many who believed that the Conservatives would win, expected the majority to be comparatively small and the result would be that the French National group of the Opposition would hold the balance of power and that Henri Bourassa, their leader, would seek election in some constituency within a short time and make his appearance in parliament to direct them. If this has been the case, they would have occupied the post which the Irish party have sometimes had in the British parliament and might have made the position of the prime minister an exceedingly difficult one. The election results that the electors were moved by sentiment more than by material considerations. Throughout the campaign the Liberal speakers and the government party in appealing for the support of the government and reciprocity did so chiefly on economic grounds, maintaining that it would promote the

J. M. Douglas Has Won a Magnificent Victory

The Liberal rooms in Strathcona were crowded at an early hour last evening when the results of the election contest in Strathcona riding began to come in, indicating an overwhelming victory for J. M. Douglas, the Liberal candidate. By nine o'clock with the results of twenty-seven polling divisions recorded, Mr. Douglas had a substantial lead. Latest returns last night give him 1112 with 46 polls heard from. There are 208 in the constituency.

The successful candidate sat in the inner office by special wire strands into the building by the C.P.R. After the 800 mark was reached in the majority the committee lost track and for the next two hours the results in Edmonton and the whole Dominion absorbed the attention of the meeting. Every Liberal elected was vociferously cheered and it was hoped that the conservative gains in the towns would be offset by the rural electors. Mr. Oliver's victory in Edmonton was received with tremendous applause.

When, however, Ontario began to show remarkable Conservative gains without any reassuring news from the Maritime Provinces or Quebec, the truth suddenly forced itself on even the most ardent that the Government had gone down to defeat and the crown began to glimmer—not entirely discolored for the complete victory of Mr. Douglas was no inconsiderable feat. The local defeat was forgotten in the great triumph of the Liberal cause. At the Conservative rooms on Whyte avenue quite another scene was enacted. TRIBUTES TO LATE RUSSIAN PREMIER

Will Be Interred at Kiev on Next Friday—Edgipov Sent Cross of White Flowers and Other Members of Royalty Wire Condolence. Kiev, Russia, Sept. 19.—A complete change has been made in the funeral arrangements of the late Premier Stolypin. Before he died Stolypin expressed the wish to be buried at Kiev, and the Emperor ordered that his wishes be respected. Accordingly the body was removed from the Pechersk Monastery. The funeral will take place there at 1 o'clock Friday morning with a religious service in the Monastery church yards.

The Emperor sent a cross of white flowers as a tribute and the Empress and Dowager Empress telegraphed condolence to the widow. General Threshoff has issued a proclamation declaring that the death of the late Premier was a national loss and that he will be rigorously suppressed. Emperor Nicholas, in a long rescript to the Governor General, says that he and the Empress have been deeply touched by the heavy welcome from all classes during their visit to Kiev, but that joyful welcome has been stopped by the murder.

Big Reward for Bank Robbers. Vancouver, Sept. 20.—Instructions from the head office of the Bank of Montreal announced here say a reward in connection with the robbery of the New Westminster branch has been increased to a total of thirty-two thousand; five thousand for information leading to the arrest and conviction of the perpetrators and ten per cent of the sum returned. A total of two hundred and seventy-two thousand dollars was stolen. If all is recovered the lucky detectives would have twenty-seven thousand in addition to the five thousand.

Strike Settled by Arbitration. Detroit, Mich., Sept. 21.—At one minute before 12 o'clock tonight the strike of the Detroit United Railway employees was settled by arbitration. The employees accepted a new wage schedule of 23 cents an hour for the first six months, 27 1/2 cents thereafter. The rate was within a half cent of that originally demanded.

LIBERAL GOVERNMENT SWEEP FROM POWER

(Continued from Page One.)

been a minister of the crown ever since the Laurier government took office. He has suffered the humiliation of having been defeated by a twenty-one year old college student. He also loses the chance of going to London as Canadian high commissioner in succession to Lord Strachan, for which place he was mentioned prominently.

Hon. Sydney Fisher, minister of agriculture, is in somewhat similar plight. He was defeated by a young lawyer, who barely has passed his majority.

An Unexpected Disaster. Montreal, Sept. 21.—The Liberal government of Sir Wilfrid Laurier suffered a disastrous defeat in the Canadian elections today. By 9 p.m. the returns showed such heavy Conservative gains that the overthrow of the Government was assured and the leading Liberal newspapers have conceded the defeat of the Laurier Government and the rejection of reciprocity.

Albert's Great Showing. Winnipeg, Sept. 21.—Returns from the Prairie Provinces are coming slowly in particularly from Alberta. Enough is known, however, to indicate that probably there will be no large change in the representation of Manitoba for while the Liberals appear to have lost Provencher and Brandon they have won Lisgar and Dauphin.

In Saskatchewan the anti-reciprocity forces have won an unexpected strength by holding their only seat of Qu'Appelle by a good majority, capturing Prince Albert, thus giving a Conservative representation of three to seven as against one to nine in the last house.

This has been partially offset, in Alberta where the Liberals have won. The brilliant campaign in favor of reciprocity put up by W. A. Buchanan appears to have won the support of the Alberta voters. In British Columbia the anti-reciprocity forces have won a victory defeating the minister of inland revenue Hon. Mr. Tompkinson and with but one seat to hear from expect to make a sweep of the province.

Taft Dismissed. Kalamazoo, Mich., Sept. 21.—President Taft heard the returns from the Canadian election here tonight while at a banquet. Disappointed he has dismissed this Mr. Taft. "I am greatly disappointed," he said. "Further than this Mr. Taft declined to discuss the subject tonight. After he has analyzed the complete returns he will undoubtedly issue a statement or incorporate his views in a special message to seven Ministers Deceased.

Montreal, Sept. 21.—The Laurier ministry were among the defeated members reported in the earlier returns of the evening and other Liberal ministers are still in doubt and the current is strong against them. Sir Wilfrid Laurier is elected in Quebec East as the seat had not been contested.

MANY SURPRISES IN NOVA SCOTIA. Fielding Defeated by Prominent Halifax Banker—Sir Fred. Borden loses to 31 Year Old College Student. Halifax, N.S., Sept. 21.—Nova Scotia furnished probably as many surprises in today's balloting as any province in Canada. First Hon. W. S. Fielding, finance minister of the Dominion, and who next to Sir Wilfrid Laurier himself was the most important Canadian instrumental in arranging the proposed agreement with the United States, was defeated in election in parliament in Shelburne, Queens, by F. B. McCurdy, a prominent Halifax banker. The minister of finance is Sir Wilfrid Laurier's right hand man and has been mentioned as his successor. Coincidentally, Minister of Customs Patterson, who aided Mr. Fielding in negotiating the reciprocity pact, lost his election in Brant, which he has represented for many years. Earl returns here showed the defeat of R. L. Borden but this is yet in some doubt.

VIGILANCE COMMITTEE TO PREVENT PLUGGING

Liberal Organization in Winnipeg Has Called Emergency Meeting of Citizens to Man Polls to Prevent Plugging. Winnipeg, Sept. 20.—Across the lower half of the front page this morning the Free Press boldly makes the following startling announcement: The chairman of the executive committee, which has H. Ashdown as its election campaign in hand, has issued an emergency call to citizens for tonight at eight o'clock at the Liberal headquarters. At this meeting it is proposed to organize a citizens' vigilance committee to man the polls on Thursday and to protect them from the operations of persons and pluggers.

THE FACTORS IN THE B.C. DEFEAT

Commercial Depression On the Pacific Coast and the Power of the McCrete Government Account For Anti-Reciprocity Majorities. Vancouver, Sept. 23.—Two principal factors in the Conservative victory in British Columbia were the commercial depression and the power of the McCrete Government. The anti-reciprocity forces have won a victory defeating the minister of inland revenue Hon. Mr. Tompkinson and with but one seat to hear from expect to make a sweep of the province.

The wedding presents were many and valuable and included silver dinner service from the members of the legislature.

OCEAN LINER CRUISE RAINED

Olympic of White Star Line Run Down by Cruiser Hawke.

Southampton, Eng., Sept. 20.—The Olympic of the White Star Line which left Southampton shortly before noon today with a large crowd of returning American tourists, lies tonight off Calshot Castle at the entrance of Southampton water with a gaping hole in her side as a result of a collision with the British Protected Cruiser Hawke. Fortunately no lives were lost and of the 2400 or more passengers and crew of the ship not one was even injured. There is a slight possibility that the British Protected Cruiser Hawke, which was on a cruise to the West Indies, was on a collision course with the Olympic.

The accident occurred a few miles from the spot where the American Olympic was on a cruise to the West Indies. The British Protected Cruiser Hawke, which was on a cruise to the West Indies, was on a collision course with the Olympic. The Olympic left her dock at 11:30 o'clock this morning and was on a moderate speed eastward on her way to Cherbourg to pick up continental passengers. She already had on board nearly 1700 persons, exclusive of the crew. The first cabin passengers were just answering the call to lunch when attention was attracted to the Hawke. The Olympic was on a collision course with the British Protected Cruiser Hawke, which was on a cruise to the West Indies.

WIDESPREAD INTRIGUE REVEALED IN RUSSIA

Premier Stolypin's Life Sacrificed to Departmental Discard—Vast Number of Arrests—Being Made—Police and Revolutionary Circles Involved.

St. Petersburg, Sept. 21.—Inquiry into the assassination of Premier Stolypin at Kiev, with particular reference to the revolutionary and police elements involved is being conducted personally by the minister of justice, M. Checheverlev.

Greater sensations than those so far published are expected. The Director of the Department of Police Verigin is under strong suspicion by the authorities, who hold that he is in a measure responsible for the outrage.

The protection of the emperor and empress and the cabinet ministers at Kiev formed the subject of departmental discord. The governor general wanted the attorney general to have the oversight of the protective measures, but he was over-ruled by the director of the department of police and Kurlov.

Verigin was Kurlov's right hand man and maintained close relations with Kurlov's family. Kurlov, again Premier Stolypin's most determined opponent, married the divorced wife of a young adjutant. Premier Stolypin made the matter one of personal confidence to the emperor, but Kurlov's influential supporters at court over-ruled the premier.

MISS PRICE IDENTIFIES THE MAN WHO ASSAULTED HER

EDWARD DAVIS WAIVES EXTRADITION AND RETURNS TO SCENE OF DASTARDLY OUTRAGE, TO WHICH HE CONFESSES—TELLS STORY OF MAN THAT RESULTED IN HIS CAPTURE.

St. Paul, Minn., Sept. 21.—Edward Davis, alias Fred Wilson, alias "Bill Miner," alias George Brown, who was arrested here on charges of kidnaping Miss Gladys Price, the "little Rivardale" senator's daughter, and who was attempting to murder William Adams, proprietor of the Weston hotel at Snowflake.

This trial will undoubtedly be the most sensational account in the history of Manitoba, for men and women here heavily armed scoured the country between Manitoba and Snowflake for four days and five nights, to effect the capture of this man for one of the most heinous crimes ever committed.

It was a man hunt in every sense of the word for had Davis been captured on Canadian soil by many of the mobs seeking him, his capture would have been inevitable for the hunters, accustomed as they are to leave their women folk at home, were determined to get an outlaw which would redound from generation to generation.

It was on Tim Halliday's farm, near Hansburg, N.D., that Davis was captured. Earlier in the day he had taken off his coat, vest and hat to go to a creek for a drink of water. It was his customary one of the posse closed in upon him and he was forced to go on minus that portion of his clothing.

Pathetic was the meeting between Miss Price and the man who had treated her in such a dastardly way. He was brought out of his cell and greeted her with a smile, saying "How do you do," but Miss Price, realizing that her life had been ruined by this creature, did not deign to reply to him.

A BIG INCREASE IN CANADIAN BUILDING

Consumption Shows That Much More Structural Work Has Been in Progress During Last August Than a Year Ago.

With a total investment well in advance of that noted in the corresponding period, July adds another substantial increase to the heavy list of gains that have already characterized operations in the building line so far this year.

Miss Price Has Recovered from that awful three hours' ordeal in the bush with Davis and says she is willing to do it again to rescue her child. When asked regarding her marriage with Frank Patterson, she only blushed and would not give any reply as to the date on which she is to become Mrs. Patterson.

After the capture of Davis the people were greatly interested in the large crowd which collected at Hannah, for everyone in Snowflake wanted to see the man who had caused so much trouble. However, the rifles of the constables and words of advice from some of the more level-headed restrained them and Canada can still boast that it has never had a lynching.

PRODUCTION IN MINERALS

Gratifying Showings Made in Many of Our Provinces of Dominion.

Ottawa, Sept. 15.—The total value of mineral production of Canada during the month of August, 1911, was \$1,329,517, an increase of \$13,309,517 over that of 1910. This is indicated by a preliminary report from the department of mines.

Incidentally it is said to be extraordinary doubt whether Davis was ever sentenced in California for high robbery for the officials of California have no record of him. It is suggested that it is but a ruse on his part to avoid being taken back to Canada.

He stayed in the bush all day Wednesday, being hidden not far from Mrs. John Rink's farm, where Miss Price first turned up. He saw the bloodhounds working on his trail and said they were getting very close to him when some one ran after the man holding the black and tan dog and said something to him.

Not long after he had started to take his next Constable Gleason did "May" arrived from Hansburg and had the affidavits on Davis' wrists before he was awake. He made no resistance whatever and was taken to Hansburg where he was held in the bank until Sheriff Drury arrived and took him to the prison where he was placed in a cell.

Miss Price sees Davis, turning to Chief Elliott, and then Davis only tried to prevent pursuit. Shortly afterwards he noticed a tall fellow dressed in galloos and riding a horse and a red sweater. He took him for an English constable man, lurching through the nervous way in which he handled the revolver he carried.

He spent Thursday in the bush and several times was in close proximity to the posse. That night he again went into Snowflake and stopped. Will Sims, asking him for matches, but the story told by Sims was not believed and no one followed him. At the time he had a pall on his arm which he had stolen and shortly afterwards he stole a chicken and walked away. In the bush he made a stew and during the early hours of Friday morning left for "Halliday's" farm to get clothing he had left there, having lost his coat, vest and hat while getting a drink at a creek.

Davis says that he would never have been taken alive had he not broken his gun, for he was very much afraid of mob law. He was very nervous and was greatly distressed. He told the story of the chase as though he was proud of his deeds. He just intended to get Miss Price has recovered from that awful three hours' ordeal in the bush with Davis and says she is willing to do it again to rescue her child.

When asked regarding her marriage with Frank Patterson, she only blushed and would not give any reply as to the date on which she is to become Mrs. Patterson. After the capture of Davis the people were greatly interested in the large crowd which collected at Hannah, for everyone in Snowflake wanted to see the man who had caused so much trouble.

TWELVE TORY PLUGGERS ARE ARRESTED IN WINNIPEG

LIBERALS SECURE ARREST OF PORTION OF BIG GANG OF THUGS WHO HAVE BEEN IMPORTED INTO CITY FOR PERSONATION PURPOSES BY CONSERVATIVES — PERSONATION A PENITENTIARY OFFENSE.

Winnipeg, Sept. 21.—The Liberal organization at 10 o'clock this morning arrested twelve men at a North Winnipeg, who were charged with personation. They were all jailed and are awaiting trial.

The Liberals issued warrants last night for the arrest of four prominent Conservative election workers, and two have been arrested. W. Welch, former hotelman and wholesale liquor merchant, "Dusty" Holden, keeper of the famous Moose Club, Charles Gerrie, inspector of the court house, and J. Johnson, license inspector for Manitoba, have been charged with personation.

The Liberals know of fifty thugs who have been imported and who are quartered in city hotels, ready for personation purposes for the Conservative party in today's election. Gerrie and Holden are in jail.

The Conservatives have countered a party entering a voting booth and John W. Laidlaw, secretary of the Liberal association, on a charge of furnishing money to one A. A. Rosenthal for illegal purposes. Rosenthal's house was searched and a payment to him of \$6.00 by Laidlaw was found.

Another Pluggers Arrested. Globe, proprietor of the Belmont Hotel, was arrested at eleven o'clock this morning on a charge of helping to personation for the Conservative cause. He was charged with the personation of voters at a "Doughnut" election in a very serious offense. It calls for both the arrest and imprisonment.

The provincial elections in Manitoba personation is a very serious offense. It is regarded simply as a misdemeanor, and is punishable by a fine at the discretion of the magistrate. The law with respect to personation in municipal elections is equally lenient.

The Dominion law is not only draconian in its severity, but it makes the offense to include, not only personation, but an attempt at personation, or the abetting of personation. Thus the man who induces or suggests to another man that he should personate a voter at the election is liable to fine and imprisonment.

Man Returns to Native Place and Igloo-Comb Mark a Terrible Tragedy—Five Are Slain by the Sled. Berlin, Sept. 21.—A domestic tragedy, involving the murder of five members of a household, has occurred in the village of Rendel, Hesse, where his wife was living, shot her father-in-law, mother-in-law, brother-in-law, and sister-in-law.

Police dogs, which were on the track of Gunderschock, found the body of the murderer at noon in a nearby potato field. He had committed suicide by firing a bullet through his mouth.

The murders were carried out with extraordinary coolness and resolution. Gunderschock, who was 41, well-to-do yeoman farmer, married the daughter of a farmer named Eberhard, living in the village of Rendel. After the death of his first wife, he married Eberhard's daughter, who was 18 years old.

After the explosion he divided the bank into three portions, and the three portions were divided into three more portions. The bank still filled with gas, he entered. He immediately phoned for the fire department, but the fire department was not at the bank at that time.

Labor Men Will Hold Meeting Next Year in Guelph.

Calgary, Sept. 16.—The Trades and Labor Congress of Canada concluded its business and adjourned 'till next year (to meet in Guelph). The time of the session was occupied with a consideration of the various reports of committees, and there was an acrimonious discussion on several topics.

Another resolution advocating the incorporation in their platform of the principles of collective ownership and democratic control of land and capital, was spoken of by several Socialists, but the committee report recommending non-concurrence was also endorsed by the assembly.

Section 13 of the officers' report which was laid over yesterday for discussion this morning was proceeded with. Auto Driven by Lee Oldfield Plunges From Track Into Crowd.

Syracuse, N.Y., Sept. 17.—Ten persons were dead and at least 14 are seriously injured as the result of an accident during the 50 mile automobile race at the fair grounds yesterday when a Knox car driven by Lee Oldfield, leaped from the track and plunged into the throng of spectators on the other side of the fence.

Where Accident Occurred. The accident occurred at the first turn of the track after leaving the grand stand. On the inside of the oval the people jammed against the fence and just completed the forty-third mile of the race and De Palma was leading Oldfield by a close behind. On the first turn his right tyre blew up. His machine flew from the track, crashed through the fence and plunged into the crowd of people on the other side.

Continued Raging. Starter Fred J. Wagner of New York, however, refused to stop the race and started another, the last one of the day, with five minutes after the track had been closed.

TRIPS FOR STATION GROUND. The competition by agents and section foremen on the Alberta Division for the Canadian Pacific Railway for the most attractive looking station grounds and grounds has this year been won by Mr. Donald Mackenzie at Botha, who receives the prize of \$50. The agents receiving the prize of \$10 for the best kept grounds on their respective districts are Mr. C. J. Burtell, agent at Langdon, Mr. A. C. Moore, agent at Erskine, and Mr. R. Reading, agent at Fernie.

DISTRICT COURT ACTIONS. The district court opened yesterday for the trial of a number of civil actions, with Judge Taylor presiding. The forenoon session was largely occupied in dealing with the cases on the docket, of which many are for small debts, and other matters for fee collection.

IN THE SUPREME COURT. Elizabeth C. Evans has won her suit in the supreme court for some time ago to recover judgment against Edward Evans and his heirs, for the sum of \$1,500 per annum from December 2, 1910. Judgment was given in favor of the plaintiff.

THE PLAINIFF. The plaintiff originally sought to have the defendant pay \$100 per annum for the use of the land. Eventually the plaintiff was able to get the defendant to pay \$100 per annum for the use of the land.

ONLY ONE CASE. The only case heard in the police court yesterday was a charge against a driver who left his horse insufficiently secured on the street. A fine of \$1 was imposed.

SUPREME COURT EN BANC. In the Supreme Court yesterday with Chief Justice Harvey and Justices Stuart, Beck, Scott and Simmons sitting en banc, arguments were presented in the case of Frank W. Hunt against W. McNamara et al., involving a real estate deal in Strathcona. O. M. Biggar, representing the defendant, consumed a portion of the forenoon session in supporting the appeal.

THE ACTION. The action grew out of a transaction in which it seems, Hunt purchased or agreed to purchase several lots in Strathcona from McNamara. The latter alleged that Hunt failed to keep the terms of the agreement. McNamara thereupon sold the property over to another party.

THE DEFENDANT. The defendant in the case is W. McNamara, who is looking after the plaintiff's interests, opened the argument for his side of the case at 2 o'clock on the afternoon.

THE PLAINTIFF. The following additional appeals will be taken up by the supreme court, sitting en banc: Peter Smolth against Walter, Ltd. Edward Hilday against the Clover Leaf Coal Co. John Parr against A. and B. P. Wickham. Addie Edrington against Richard Secord. Watrous Abner Watson against A. A. Keller. Richard H. Knight against Cushing Bros. Anthony C. Charlton against Noah Rediger. Acme Company, Ltd. against Emma Huxley. Roland Dunn against the Mackay River Township. At this juncture Chamberlain's Cough Remedy for I have used it with perfect success. writes Mrs. M. J. Burford, Foxville, Md. For sale by dealers everywhere.

John P. Dugan against Wadleigh & Rankin. Grebne, Swift & Co. against G. G. Lawrence. Bonneau against Pomerleau. (From Thursday's Daily) FENDER WORKED WELL. That the dog population of Edmonton was not reduced by at least one in a very short space of time yesterday was due to the quick action of the motorman on street car No. 22. The car was westbound and speeding along at a lively clip near the corner of Jasper and McDougall avenues when the motorman caught a glimpse of a dog right in front. Like a flash he dropped the fender and picked up the canine. Dugan was badly excited, but that was all, escaping without a scratch.

TO COLLECT BY DISTRESS. In the course of the next few days distress warrants will be sworn out by the city assessor for the collection of overdue business taxes. Very few omitted to pay the tax at the appointed time, but in the kindness of his heart, Assessor McMillan allowed more than the usual period of grace. This has now expired, however, and he will proceed at once to collect by distress.

BUILDING PERMITS. Building permits for the present month have already reached the grand total of \$1,254,330. This is only a little less than the total reached on the same date in last month, which provided for the biggest year in the history of the city. The total for the present year is \$1,254,330. The total for last year was \$1,159,106. Permits were issued yesterday as follows: G. Goldsboro, three houses on Fourteenth street, each \$200. G. Goldsboro, house on Twenty-sixth street, \$330. Pang Lee, addition on First street, \$100. P. Kleparuk, house on York St., \$1700. N. Nicholson, shack on Cromdale, \$250. G. Thorpe, shack on Twelfth street, \$400.

TO CHASE JOY RIDERS. The city commissioners yesterday decided to recommend to the council the purchase of an automobile for the use of Chief Lancey of the police department. The chief drew attention to the fact that it would be very expensive to chase joy riders without the speed limit, especially in the evenings when it is almost impossible to identify the occupants of the car when they are travelling at high speed. If the council sanctions the purchase of the car, it will be ordered for use under the provisions of the by-law which enables the city to seize and impound a car if it is found on a street at night without a license and with a driver who is not licensed.

HOUSE WAS BURNED DOWN. While the occupant was attending the Conservative meeting in the Thistle Hotel, the home of Mr. Smith, at 147 Thistle street, was last night completely gutted within an hour of the time when Mr. Smith had left the house. The fire started in a room on the second floor, and in a few minutes it was out of control. The fire department was called, but the fire was too far advanced to be controlled. The house was completely destroyed, and the occupant, Mr. Smith, was forced to leave his home. The fire was caused by a gas stove which had been left burning unattended.

BRITISH EDITORS ARE VISITING EDMONTON. A party of leading editors from Old Country, who are touring Canada, reached the city yesterday. The party includes Mr. J. H. Sturges, editor of the Daily Telegraph, and Mr. W. D. Alexander, editor of the Aberdeen Press. They are in the city for a few days, and will be seen at various public functions.

become frightened at the approaching car. Will reports of the accident driver. It appears from the statements of eye-witnesses that the horse swerved to one side and cut which was running at a fairly good speed. Hit the rig with considerable force, completely demolishing it. Mrs. Morvins and her son were thrown out ahead of the car while the horse was knocked down. Mrs. Morvins screamed and started two passengers inside the broken rig and horses. The car was found to be tagged up in soon as it was possible to get it into a position. Beyond the shock sustained by being badly shaken up, Mrs. Morvins was probably not injured.

The track was cleared of debris and after a delay of ten minutes, the car proceeded on its way. Mrs. Morvins was helped to her home.

TO AVOID LICENSE LAWS. A new method of circumventing the liquor license laws of the province has been discovered by some ingenious individual who is looking for something to do with the liquor. The method is to "dry" the liquor by the country contiguous to the railway grade. Early this week the liquor was brought to the city in a quantity of hundreds of cases of "Zanol" an extract which in combination with pure water and sugar makes a beverage which is indistinguishable from the real thing. The liquor is made in the United States. It is made in a variety of flavors to meet the different tastes, such as fruit, rice, and corn. STRONG OPPOSITION TO UNION AGREEMENT

(From Wednesday's Daily) Opposing the amalgamation agreement with all their resources, the minority of the Strathcona council lined up with their followers in the public meeting in the oldfellows hall last night and backed by voluntary legal opinion, assailed the agreement at every possible point, the discussion continuing until after midnight. The evening included the members of the committee and the minority of the council meeting on Friday, Sept. 1. The opposition expressed their views, the result being that few of the advocates of the agreement were given time to discuss the contract or their opinions. The meeting lasted until after midnight, the latter part being taken up largely by a recitation of the circumstances surrounding the agreement.

Mayor Opens Meeting. The evening's proceedings were opened by a short address by Mayor Davies, who introduced the subject and called on Aid. Tipton for a careful exposition of the whole history of the agreement. Aid. Tipton began by giving a resume of the discussion since the appointment of an "Edmonton committee" to study the agreement.

Dr. Tipton's Address. Dr. Tipton deprecating any appeal to partisanship. He did wish to speak, however, for the committee and in the best interests of the city. He said that the agreement was a matter of public concern and that it was necessary to discuss it in a fair and impartial manner.

Minority Opposed. This resulted in the approval of the agreement by both councils and a plebiscite on the question. True, it had been opposed in the council by the majority, but it was not until the plebiscite was held that the matter was decided. The plebiscite was held on Friday, Sept. 1, and the result was a vote in favor of the agreement.

Alderman Richards undertook to disburse the minds of Edmonians regarding his stand on amalgamation. He produced evidence to prove that he had been in favor of amalgamation in essence, but he admitted he did not favor the agreement. The point he made against amalgamation was that Strathcona's assets had become a part of Edmonton, and that the city of Strathcona would be a "ghost" city, with no assets and no liabilities.

He also complained of the boundaries of the new cities, claiming that they were too large, preventing the city from becoming compact. Alderman Richards' speech was concluded by an appeal to the voters of Ward One to oppose the agreement, as the street railway had not been promised until the south-east part of the city.

TO ACCEPT MORE THAN IS DUE IS TO STEAL

Judge Taylor Sentences G.P. Cook Who on Quitting Work Was Paid Double the Amount Owed Him, Which He Kept. He Promised to Make Restitution. (From Wednesday's Daily) A man who would take money twice for his work is as guilty of theft as the man who would steal money over a counter," said Judge Taylor in the district court yesterday in passing sentence upon Frank Dean.

Dean was tried on a charge of theft, the complainant being W. G. Jameson, a civil engineer for the Grand Trunk Pacific. Dean was formerly in Jameson's employ as cook. The evidence showed that Dean quit work on May 25, and through some mistake was paid nearly double the amount owing him, which was \$21.82. When a ransom of 15 cents had been paid, Jameson promised to settle with Dean, but failed to do so. Dean was in jail for over three months. The accused tried to explain that he had no intention of defrauding his former employer, and would now liquidate the indebtedness if permitted. Dean did not summon any witnesses in his own behalf, and his testimony concluded the case.

Judge Taylor said that in view of the fact that Dean had been in jail since May 21, and that this appeared to be his first offense, he would not impose the maximum penalty. Dean was accordingly sentenced to one month in jail at Port Saskatchewan.

New York Boy Held Captive. New York, Sept. 17.—Held captive in a cave near Rome, a young boy, Edward Carroll, 12 years old, and John Bauer, 12 years old, were restored to their parents yesterday when a ransom of 15 cents had been paid to boys who imprisoned them. Since Wednesday night the police of the Alexander avenue station in the Bronx, had been searching for the missing boy, both of whom attended public school.
