MODERN MARTYRS!

The age of martyrs is not passed. There are thousands of women all over the country enduring physical torture and mental anguish almost beyond description. They are not victims of persecution, like the martyrs of old; they are not called on to face the scaffold or the stake, but their sufferings—borne in silence and hidden from the world at large—are scarcely less intense.

These ladies are women and girls of refined and sensitive temperaments. Knowing that their sufferings are due to a disordered condition of the female functions, their native modesty deters them from seeking relief in the earlier stages; and when they do consult a physician, they usually get some drug mixture to take internally, which is not more effective in relieving their troubles of this kind than it would be for a toothache, a bruise, or any other strictly local ailment.

The secret of the success which always follows the use of ORANGE LILLY in disordered conditions of this kind, it is a strictly local treatment. It is absorbed directly into the parts that are diseased and congested, and its beneficial, soothing influence is noticeable from the start. The congested and inflamed membrane is relieved, the congestion is overcome, and the discharge of the watery matter which served to oppress the nerves and cause mental depression; the nerves are relaxed and invigorated, and the sunshine and joy of life again becomes part of her being. Read the following letters:

Archer, Ont., Feb. 1, '09. Dear Mrs. Currah—I received your kind letter some time ago, and I am feeling so well, and not needing medicine, that I am writing you to thank you for the ORANGE LILLY you sent me. It cured my trouble in a few days. I was suffering from a severe case of the disease, and I was unable to do my work. I am now as well as ever, and I am sure that your medicine is the best for this disease. Yours sincerely, MRS. NORMAN WEAVER, Trenton, Ont., Dec. 4th, 1903.

Mr. F. E. Currah, Windsor, Ont.—My dear friend—feel it my duty to write you a testimonial as to what Orange Lilly has done for me. Last winter I was feeling very miserable indeed. I could scarcely do my household duties, and my menstrual periods for two months or more I was never free from pain in the womb and ovaries. The pain would run down the legs, so I would frequently nearly double up. Then I began going up to my neck to my brain until I hardly knew what I was doing at times. Life was a burden indeed. I finally could endure it no longer, so went to our leading physician and had an examination. He pronounced (I forget the word) a condition of the generative organs, produced by repeated attacks of inflammation. He said I would have to take a course of treatment, and if that failed to relieve the condition I might, in time, be compelled to have the ovaries removed. I objected to that, so filled out Dr. Cooney's symptom blank and forwarded it to him, and he diagnosed the disease the same as my local doctor, so I decided to take Dr. Cooney's Treatment. I have used two jars of Cerate Massage, two packages of Herbal Womb Tonic and six boxes of Orange Lilly. It is eight months since I began the treatment, but I feel like a new woman, and I work right through everything now. Hardly know a pain, even during menstruation now. I also say "It would not take \$100 and be in the state that I was in last March." I feel that Dr. Cooney's Home Treatment is a Godsend to suffering womankind, and shall continue to sound its praises whenever I have an opportunity.

Yours gratefully, MRS. HATTON. ORANGE LILLY as a remedy for these ills, as well as for leucorrhoea, painful periods, irregularities, cancer in their earlier stages, tumors and displacements, hemorrhages, and all ovarian troubles, has long since passed the experimental stage. So confident am I of this that I will send ten days' treatment, which is worth 25 cents, to any suffering lady, suffering women, for I have been one of them and can't say a word for nothing. The treatment is, inexpensive, used at home, and no physician is necessary. Send at once for the FREE TRIAL TREATMENT which will demonstrate that ORANGE LILLY will cure you. Enclose stamps, and address MRS. FRANCES E. CURRAH, WINDSOR, ONT., Can. Rep., Cooney Med. Co., Dept. 4, Windsor, Ont.

Easter Concert at Upper Gullies.

Dear Editor.—It is with much pleasure I again report the advancement of merry-making in Easter week, for although we are in the outposts, deprived of much fun, as to visiting the Nicks etc., I think when we have the opportunity of visiting an outport concert no Nickel can vie with it. However, as perhaps I am obtaining a very narrow and unbiased view, I will not tire your readers with unnecessary facts, but I feel it my duty to record the concert held on the nights of April 9th and 10th in Upper Gullies school under the management of Mr. Ploughman, teacher. To those who visited this concert they were well repaid, for a good selection of dialogues, recitations, songs, etc., provoked much laughter and applause. On both nights the little school was well filled with people, and all appreciated this concert very much. The performers are to be congratulated on their successful role which went to make up such a fine time. Despite the fact that the walking was very bad in many places a goodly number attended and the sum of \$12.50 was collected at the door. The teacher of Seal Cove, C. B., acted as chairman on the 9th, while Mr. Loder, student of Queen's College, St. John's, kindly officiated on the 10th, and he spoke very encouraging words to the acting local geniuses on the stage.

I sincerely hope that many similar concerts will be held during Mr. Ploughman's career as teacher, for he has proven himself to be not only a very efficient actor, but also a teacher whose interests are for the advancement of education and the delight of and imparting knowledge to those among whom he dwells.

H. A. BUTLER, Seal Cove, C. B., April 11th, 1912.

As a Cure for Whooping Cough

A medicine that will cure whooping cough can certainly be relied upon to overcome all ordinary coughs and colds. This is about the severest test, and one to which Dr. Chase's Syrup of Linseed and Turpentine has frequently been put with the most satisfactory results.

Mr. John Chesney, Inverkip, Ont., writes: "We have used a dozen bottles of Dr. Chase's Syrup of Linseed and Turpentine. It cured my little girl of whooping cough when the doctor had given her up, and since then we always keep it in the house as a treatment for coughs and colds. It is the best medicine we ever used."

In spite of imitations and substitutes the sales of Dr. Chase's Syrup of Linseed and Turpentine keep right on increasing, and this, we believe, the most substantial evidence that can be offered as to the reliability of this well-known medicine as a cure for croup, bronchitis, whooping cough and kindred ailments; 25 cents a bottle, at all dealers, or Edmanson, Bates & Co., Limited, Toronto.

The Hearers Were Moved.

An amusing experience occurred a short while ago during the voyage of the Olympic to Liverpool. While Rev. R. J. Campbell was giving an address the rolling of the ship caused the whole of the congregation to be thrown to the deck. "It was the most rocky pulp it I have ever occupied," said the preacher to an interviewer, "but no congregation was ever more quickly moved."

Submitted Schedule.

The L. S. P. U. submitted one schedule of increased wages, which they ask the mercantile people and request an answer by Monday the 15th. We understand that the demand made is for an increase of 16 per cent.

The Evening Chit-Chat

By RUTH CAMERON

The other day I heard a man complain that when he gave up his seat to a woman in the trolley car, she received it so ungraciously that he made up his mind he would never be so courteous again.

We, the female sex, quite frequently hear complaints of that sort on the part of offended masculines who feel that they have not received due payment in gratitude for their courtesy, and I, at least, always feel very sorry that any woman should have been so ungracious. But there is another side to this matter. Since men are such sticklers for courtesy, I am sure they will agree with me in condemning the man who does a kindly act in such an ungracious manner that he robs it of all its grace and courtesy.

To what do I refer? I refer to the man who gives up his seat on the trolley car, but gives it up with such evident reluctance and resentment that he makes the woman, who accepts his ungracious offering rather than make herself conspicuous by refusing, feel uncomfortable and unhappy instead of complimented and protected.

Just yesterday I witnessed a striking example of this kind of ungraciousness. The man was a good looking, well dressed young person, apparently sufficiently educated to warrant better manners than he showed. He was sitting down in a trolley car. In front of him a plain little woman of

about forty or forty-five was standing. He let her stand for a few minutes, finally he slouched to his feet, saying crossly to an acquaintance who was already standing, "Guess I might as well stand up." After a moment the woman took his seat. She did not thank him. How could she? He had not taken any notice of her, nor in any way suggested that his act was in deference to her.

Now, to have lifted his hat and said pleasantly, "Won't you have my seat, madame?" would not have cost that man any great effort. It would not have made the reception of the seat a hundred times pleasanter to the little woman. She would have felt protected and complimented, and would doubtless have remembered and been pleased at the little act of chivalry long afterwards.

"Is it not enough," someone says, "to give up one's seat without putting on a lot of frills, too?" No, my friend, it is not. A gracious act done in an ungracious manner is never complete, never enough. The world needs love as well as service.

A single act done willingly and graciously out of the heart's goodness will be worth more than a dozen done ungraciously, and only because convention or some other force extorts them from the doer.

The woman who does not say, "Thank you," when a man gives up his seat to her certainly has reason to be ashamed of herself, but no more reason than the man who gives up his seat only because convention or fear of opinion forces him to, and acts like a bear when he does it.

Remedies are Needed

Were perfect, which we say, medicines would not often be needed. But since our systems have become weakened, impaired and broken down through indiscretions which have gone on from the early ages, through countless generations, remedies are needed to aid Nature in correcting our inherited and otherwise acquired weaknesses. To reach the seat of stomach weakness and consequent digestive troubles, there is nothing so good as Dr. Pierce's Golden Medical Discovery, a glyceric compound, extracted from native medicinal roots—sold for over forty years with great satisfaction to all users. For Weak Stomach, Biliousness, Liver Complaint, Pain in the Stomach after eating, Heartburn, Bad Breath, Belching of food, Chronic Diarrhea and other intestinal Derangements, the "Discovery" is a time-proven and most efficient remedy.

The genuine has on its outside wrapper the Signature. You can't afford to accept a secret nostrum as a substitute for this non-alcoholic, medicine of known composition, not even though the urgent dealer may thereby make a little bigger profit. Dr. Pierce's Pleasant Pellets regulate and invigorate stomach, liver and bowels. Sugar-coated, tiny granules, easy to take as candy.

Fads and Fashions.

To wear with an ornate costume, a broad hat bound with black velvet and covered with Irish lace stands in the first rank. Macramé laces are more than ever popular, and now comes along a charming little macramé belt for the white summer dress.

Very noticeable is the favor shown to touches of bright green, coral and red on dark colors, such as black, blue and cast brown. Bright touches of Chinese embroidery appear upon many of the tailor-made coat and skirt costumes in serge, tweed and ratine.

Pleats are used in some of the tailored skirts, principally in the center-back; but they are so flatly pressed as to be scarcely perceptible. Smart frocks for children are usually made with separate gumples made of fine-linen or batiste and finished at the neck with dainty turn-over collars.

For dinner gowns and evening wear nothing is so popular as the lacetrimmed chiffon or satin gown of pure white, with one glowing note of color at the corsage. We even find the accessories of taffeta decidedly in vogue. Hand-bags, parasols, girdles, fichus and collarettes of silk are carrying out the taffeta idea.

Long lines of small, capricious bows are placed on skirts and bodices. Velvet ribbon, satin or silk are employed for these, with a buckle or button in the center. The all-enveloping and disguising bell shapes in hats have given place to other hats of entirely different form, the broad, flat, pretentious hat being undeniably popular.

Thin spangles, or Turkish towelings, now appears in many colors, but its chief use is in white summer suits, and it will to some extent supplant serge and flannel for these. In this season's silks we find very noticeable the combination of plain with changeable, flowered with stripes bordered effects with plain and spotted panels with the one-tone silks. A new evening wrap in taffeta, voile, chiffon or net is made sleeveless, having slits at the sides, finished off with a ruffling, and is worn only on dressy occasions, over lingerie or evening gowns.

Among the leading colors are the various shades of tan, including champagne, hazel and straw, also nut and wood browns, Rose, Indian red, opal, linoges blue, shrimp and melon pink are the high shades. Ruffles and flounces appear everywhere on frocks for every occasion, narrow edged with lace, or very deep, or graduated, or pointed, or scalloped, with posies and pert ribbon bows tucking them up here and there.

All of the new skirts are cut wider, and yet many do not measure any more in width than those that have been smart this season. There is a little more fullness around the upper part, and no good skirt draws in around the knees. Afternoon frocks in shot taffeta silks are arranged in nine o'clock out of ten with flou bodices, draped to the figure with early Victorian demureness. They are finished with quaint little ruches and box plaited or silk bordered with frayed-out edges.

Concert at Ferryland.

On Easter Monday night the T. A. Society of Ferryland held another very successful concert for the benefit of their hall. The following programme which was ably attended to by the different performers and joyously received by the large audience, was as follows:—

Opening Chorus:—"Welcome." Song:—"Big Night To-night" Master W. Farrell. Dialogue:—"The Whistling New-boy"—Messrs. C. Johnson and W. Costello.

Song:—"Where the Sweet Kentucky Flows"—Misses M. Devereaux and E. Barnable. Recitation:—"Ode to Newfoundland"—Miss B. Ryan. Song:—"Rocked in the Cradle of the Deep"—Mrs. H. Windsor.

Song:—"One Called Mother and the other Home Sweet Home"—Misses I. Sullivan and M. Murphy. Dialogue:—"Betsy Buns Troubles"—Misses Devereaux, E. Costello and Mr. W. Costello.

Song:—"For Killarney and You"—Mrs. T. Costello. Recitation:—"Rory O'Moore's Present to the Priest"—Mr. F. Costello. Song:—"Dan Rielly"—Messrs. Johnson and Costello.

Song:—"Are You Sincere"—Master W. Farrell and Miss I. Sullivan. Duet:—"Matrimonial Sweet"—Mr. Costello and Miss M. Devereaux. Song:—"Mona"—Dr. Freebairn. Dialogue:—"Flannigan's Night Off"—Mr. C. Johnson and Miss E. Costello.

Song:—"My Cute of Tipperary"—Mr. A. White. Address:—"Bachelor Question"—Mr. J. Costello. The singing of God Save the King by all brought this highly successful entertainment to a close.

JUST ONE MORE SPLENDID CURE

RHEUMATISM WAS VANQUISHED BY DODD'S KIDNEY PILLS.

Amable Lamarche Tells How His Kidney Disease Developed and how he got Relief When he Used the One Sure Cure.

Lafayette, Ont., April 12. (Special).—Another splendid cure by Dodd's Kidney Pills is the talk of this village. Mr. Amable Lamarche is the person cured and the cure is vouched for by his numerous friends.

"It was a sprain and a cold that was the beginning of my trouble," Mr. Lamarche says in telling his story. "I could not sleep, my appetite was fitful and I felt heavy and sleepy after meals. I was always thirsty, had a bitter taste in my mouth and perspired freely. My limbs were heavy and I had a dragging sensation across the loins.

"When my symptoms developed into rheumatism I realized that my kidneys were the cause of the trouble and I started to take Dodd's Kidney Pills. Six boxes made me a well man."

Kidney trouble quickly develops into painful and often fatal diseases. To ensure good health, cure the first symptoms with Dodd's Kidney Pills. They never fail.

The oldest soldier in the British Army is said to be Samuel Parsons, the King's gunner at Windsor Castle, who has just celebrated the 52nd anniversary of his appointment to the position. He is still on the active list, but his duties are now mainly confined to the hoisting of the flag on the tower at sunrise and hauling it down at sunset. He has drawn full military pay for 65 years, and is the possessor of six medals. He is 87 years old.

### In the House of Assembly.

Among the petitions presented yesterday in the House of Assembly was one from Change Islands, asking for an Election this fall. Mr. Earle read a letter which showed that the petition was signed largely by both Union and non-Union men. All were anxious to have an election this fall and afforded an opportunity of relieving the Government from the worries which oppress them and giving their places to others. He had no hope that the prayer of the petitioners would be granted, as the Government was not anxious to retire as electors were to retire them. A number of other petitions were presented by the Hon. M. P. Cashin and the Hon. R. Watson.

In reply to a question of Mr. Kent, the Prime Minister said: "On Aug. 1st, 1908, a draft of Convention for the settlement of Pecuniary Claims between the United States and Great Britain, together with a list of claims against the Government of Newfoundland, was furnished to the Newfoundland Government by the Secretary of State for the Colonies. Considerable correspondence took place between the late Government, before leaving office, and the Secretary of State for the Colonies in relation to the same. When the present administration assumed office the matter had not been concluded. The total claim made in 1908 amounted to about \$40,000. An agreement has been arrived at between the United States and Great Britain for the submission to arbitration of those claims. The form of submission and the constitution of the tribunal have not yet been made public."

On motion of the Premier the Rules of the House in relation to future business were suspended.

## Delicious Bread or Your Money Refunded

Every Barrel Cream of the West Flour Guaranteed for Bread

Yes, madam, I am the Cream of the West miller. I know what Cream of the West is. It's a strong flour. It has extra bread-making qualities, and I'll guarantee great, big, bulging loaves of the lightest, whitest, most wholesome bread.

## Cream of the West Flour

the hard wheat flour that is guaranteed for bread

Tell your grocer you want to try Cream of the West. Buy a barrel subject to the guarantee. Tell him we expect him to refund your money if the flour fails to do as we claim. He won't lose a cent. We will reimburse him in full. Show him this paper with the guarantee. It is his authority to pay you back if you ask him.

**Guarantee**

WE hereby affirm and declare that Cream of the West Flour is a superior bread flour, and as such is subject to our absolute guarantee of money back if not satisfactory after a fair trial. Any dealer is hereby authorized to return price paid by customer on return of unused portion of barrel if flour is not as represented.

### N. H. At Home.

The annual "At Home" under the auspices of the N.H. Highlanders took place in the British Hall, last night and proved a "uniform" success. It was the largest patronized social event that was ever held there. The brilliant illuminations and decorations of the ball room done by members of the Brigade, as previously referred to, had an effective impression on all present and an important bearing on the enjoyment of the "At Home." After supper was partaken of, which was provided by the lady friends of the Brigade, dancing was indulged in and continued until 2 this a.m. The music was excellently furnished by the C. L. B. Band.

### Will Clean City.

At the meeting of the City Council held yesterday afternoon it was decided to have the annual clean up for the city early next month. Last year the benefit from such a proceeding was apparent to all our people, and as most of our streets are at present in a bad state, the work this year should be done thoroughly and the city most greatly benefited by it.

### THE CLYDE ARRIVES.

The s.s. Clyde, Capt. Blandford, arrived at Port aux Basques at 1.30 p.m. yesterday. The ship met heavy ice near St. Pierre and had to run west of Miquelon to Cape La Hune to get clear of it. She harbored at Burgeo Thursday night out of a heavy snow storm.

### Bonds for Engineer Byrne

AND CROWN WITNESSES.  
In consequence of the Grand Jury's presentation of "No Bill" in the case of Joseph Byrne, engineer, who had the "bill" of indictment preferred against him for manslaughter, the Crown has taken bonds and admitted the accused to bail. Security has also been taken from the Crown witnesses to appear before the Supreme Court in October next when the indictment will be considered by another Grand Jury.

LANDED CREW.—The Sagona in coming here landed a considerable part of her crew at Westville and other places. As the catch was small there was no object in bringing the whole ship's company here.

### The Sagona Here

She Hails for Two Thousand Six Hundred.  
The S. S. Sagona, Capt. S. R. Winsor, arrived here at 7 p.m. yesterday from the icefields with about 2,600 seals, 600 of which are old. The ship left here the day after the steel fleet sailed, being late in arriving here from the other side. On leaving here the ship proceeded north at full speed and early on the 16th in strain of Cape Bonavista after she entered the ice the first few seals were taken, they being prime whitecoats, and for about 5 hours until midnight the ship steamed through numerous harps but the captain believing he had not struck the main patch sailed away north and met very poor opportunities to load. Some of the crew say that if the ship had to remain in the patch she struck on the 16th and sailed through she would have loaded quickly and been the first vessel in port. She went away to the Funks and picked up her small catch in company with the Florizel, Algerine, Eagle and other ships. The ship left the ice Thursday morning about 80 miles E. N. E. of the Offer Wadhams. Thousands of old seals were seen last week but the weather was stormy and a big swell ran through the ice loosening it up so that nothing could be done with them. The 600 old seals secured were shot. Two steamers were sighted the past week. The ship lost a lot of pens of seals containing at least 2,000 or 3,000. She proved herself a splendid ice breaker and was not jammed over 5 minutes during the spring.

### Splendid Passage

The tern schr. Mildred, Capt. Whitshire, arrived in port yesterday afternoon from Cadiz, the passage occupying 21 days. The first 12 days at sea the captain said he never experienced the weather more summer like, the water being like that in a mill pond. After reaching the Grand Banks the vessel struck the ice and came along the edge of it for 180 miles, making good progress all the time. She brought a cargo of salt for Job Bros. & Co. The Mildred did not sight any of the vessels now overdue.

### Health of City.

Fourteen cases of scarlet fever were reported during the week; eleven houses disinfected and released. There are now in hospital 34 cases of scarlet, 2 of diphtheria and 1 of smallpox; under treatment at home, 12 of scarlet and one of diphtheria.

### TUGS TO HER AID.

Owing to the tugs in the harbour yesterday afternoon the S. S. Adventure, which was moving over from the Southside to berth at Shear's wharf, fearing mishap, had to get the tugs John Green and Daisy to assist her to the pier.

### A Powerful Demonstration.

Special to Evening Telegram.  
NICE, April 12.  
Franco-British festivals signifying according to the French press, another powerful demonstration of the vitality of the friendship between the two countries, began to-day, when an imposing monument was dedicated to Queen Victoria. The British and French fleets were anchored in the bay, while 10,000 British and French marines and soldiers marched through the streets of the city. They were reviewed by the French Premier, Raymond Poincaré, Sir Francis Bertie, the Ambassador to France, Theophile Delcasse, French Minister of Marine, and Alexander Miller, French Minister of War. The King of Sweden and a large number of princes and princesses were present. To-morrow a statue of the late King Edward is to be unveiled at Cannes.

And Healed The Wound With But Three Applications.

You could not have a better proof of the value of Egyptian Liniment than is given by the experience of Mr. C. A. Holden, of Montreal, as given in his letter.  
"My pony received a deep cut across the back of her leg below the hock joint, after trying several remedies, without any beneficial results, I was induced to try Douglas' Egyptian Liniment. Proud flesh had formed the size of a hickory nut. After three applications it was entirely healed, which I consider marvellous, as a small artery had been cut, which spurting blood every time the wound was disturbed."

### All You Need is a Cascaret To-Night

No Sick Headache, Bilious Stomach, Coated Tongue or Constipated Bowels by Morning.

Turn the rascals out—the headache, the biliousness, the indigestion, the sick, sour stomach and foul gases—turn them out tonight and keep them out with Cascarets.

Millions of men and women take a Cascaret now and then and never know the misery caused by a lazy liver, clogged bowels or an upset stomach.

Don't put in another day of distress. Let Cascarets cleanse and regulate your stomach; remove the sour, undigested and fermenting food and that misery-making gas; take the excess bile from your liver and carry out of the system all the decomposed waste matter and poison in the intestines and bowels. Then you will feel great.

A Cascaret to-night will surely straighten you out by morning. They work while you sleep. A 10-cent box from any drug store means a clear head and cheerfulness for months, because they taste good—never gripe or sicken.

### The Emperor Nero.

BY H. L. RANN.

The emperor Nero was an illustrious character who waxed and waned about the time that the hearse was being backed up for the remains of the Roman empire. Nero did most of his waxing at the expense of the citizens of Rome, whom he introduced to the evergreen shore in large and melancholy rhaps. He was also the inventor of several new styles of sudden death. It got so around Rome that a man could hardly go down town to try to pick up six bars of soap for a quarter without being pounced upon by one of Nero's emissaries in a green tunic and murderous smile and draped tastefully over an iron fence erected for that purpose. On this account nearly every body in Rome ordered their groceries by telephone. Nero was a very disagreeable man to live with; as he had the unpleasant habit of poisoning his relatives without saying anything to them about it. By this means he killed a great many people who resented his action and showed by their manner that they were completely surprised. Nero had a large reservoir of native wit and played a number of side-splitting jokes on the common people. Being in a particularly jocular and playful mood one evening, he went out and started a successful bonfire in the Coliseum by pouring coal oil over the janitor, after which he returned home, denuded a neat hard cider source and perpetrated some popular music on the fiddle. History relates that Nero was about as poor a fiddler as ever came out of Rome, but nobody ever mentioned it to him and got out of the palace without the aid of the undertaker. After a while, the Roman people got tired of being killed before they had time to attend to any of the funeral arrangements, and sent word to Nero that they were going to hire an emperor who would stay on the water wagon long enough to sign the minutes of the preceding meeting. Thereupon Nero retired to a clump of box elders and, taking careful aim at his left ventricle, stabbed himself with so much accuracy that everybody was highly pleased. This was one of the brightest things Nero ever did, and as a result his funeral made a tremendous popular hit.

### HIS OWN LITTLE AXE!

## BONNE BAY MAIL!

### Strong Complaint Signed by the Leading Men of Bonne Bay.

Special to Evening Telegram.

**BONNE BAY, To-Day.**  
The disgraceful disorganization of our mail service has virtually tied up business operations on this coast. The season of navigation is rapidly approaching and local merchants have been unable to place orders for the summer's supplies. The lobster and cod fisheries are therefore bound to suffer, and great loss is inevitable to fishermen and business men. Even when trains run through from Port aux Basques they stop at Humbermouth, where our mails are held up for days, a proceeding as unnecessary as it is unwarranted. The whole mail service of this coast is in a desperate tangle. Mails despatched hence for Bay of Islands are taken to St. John's via Port aux Basques, and local business men are only now receiving telegraphed acknowledgments of the receipt of letters at Bay of Islands, dated from Bonne Bay the first week of February. The Postmaster General either does not know his business or is displaying a total disregard for the interests of this coast. There has been nothing to prevent the receipt of weekly mails here regularly since the end of February, the route via Millertown Junction being easily available and transportation to be obtained by dog team. Next week it will be necessary for local business men to proceed to St. John's to purchase supplies. As the

train service is now operated they face the possibility of several weeks' stop over at Deer Lake, a delay that would almost fatally hold up the commencement of fishery operations this season. It is practically impossible to receive definite information as to train movements or the progress made in clearing the blocked section of the railroad, a word that is of vital importance to us. We demand that the Premier and his associates force the hand of the Railway people so that every possible effort be made to relieve the blockade, and that we be kept posted so that our business men may govern themselves accordingly. We also suggest a thorough house-cleaning in the Post Office Department. Our vital interests are too closely bound up in its administration for such an exhibition of incapability therein to be again tolerated or even risked. We wish to emphasize the fact that on the immediate re-establishment of a regular mail service, and especially upon the prompt institution of measures that will ensure the early reopening of the railroad for through freight and passenger traffic, depend the livelihood of the fishermen of the whole northwest coast. Delay will mean much loss to all concerned in our fisheries.

### P.M.G. Replies to the Bonne Bay Complaint.

Editor Evening Telegram.

Dear Sir,—Referring to your editorial of yesterday I wired the postmaster at Bonne Bay for an exact statement of the receipt of mails from St. John's since the first of February. His reply contains our records as already published, viz. Mails were received at Bonne Bay Feb. 8th and 13th, March 19th (double mail), 23rd, 26th and April 12th, of course each of these dates implies a return mail.

It is therefore difficult to understand the reason for such a deliberate falsehood as the statement of your correspondents that Bonne Bay had only one mail since the first of February. Their reference to the Millertown Junction route and the employment of dog teams is equally misleading. They know that in Bonne Bay and vicinity the dog team is for mail purposes only. Carriers are utterly incapable of performing a week's service covering two hundred miles from Bonne Bay to Millertown Junction and return. Besides the trains to Millertown Junction were practically useless for mail purposes. From 8th February to March 19th one train succeeded in getting to the Junction and took 22 days to make the round trip. On April 2nd another train started and took a week and while going west the plow was fourteen times off the track, and the next train was cancelled.

Under these circumstances neither the Reid Co. nor anyone else humanly speaking, could do more than was done to overcome them. The striking of these few men at Bonne Bay is simply ridiculous except it be for reasons of their own. During the last winter many places along the Intercolonial Railway and others in Canada were at times ten days or longer without mails owing to the trains being blocked by snow drifts notwithstanding all the appliances available on these roads.

Yours truly,  
H. J. B. WOODS,  
P. M. G.

### Light, Warmth and Food.

These three words embrace the most urgent necessities of life, and it is an extraordinary thing that in each case our thoughts turn to Gas; this, after all, is but natural. We want Light, gas gives us the best, cheapest and healthiest artificial light known. Again, we want Warmth, and the gas fire is at hand to give it in its best form; and, lastly, we must have Food, and here the gas cooker never fails us. All this is absolutely true, as we have shown over and over again. If, however, any of our customers are in the least doubtful on any of these points, we cordially invite them to consult us. In the meantime, our advice is to get good burners and buy mantles of well-known makes, to use the modern flues and cookers, and, above all, to keep your gas appliances (whether old or new) in good order, for in this is the true secret of efficiency and complete satisfaction.

### South Side Improvements.

**WATER AND ROAD WIDENING.**  
Editor Evening Telegram.

Dear Sir,—Permit me in your paper to say a few words as regards the water supply for the South Side which has been promised by our Government ever since the first year they came in power, but the time has continued to run by and up to the present nothing has been done. It appears to me that we are still left to our own resources with what little we get from the spring coming down the hill-side. Not very long ago members of the Government were over on the South Side looking at the state of things, and leaving it to the present time as it was. I have heard that they intend giving us water this coming summer, and it is high time for those entrusted with the duty to wake out of sleep. We are just waiting to see what the Government intends doing. We all know that sanitation is one of the first things to be looked after, but it is not much good unless we have a supply of water. I do hope our Premier will see to this and do what he can in fulfilling his promise to the South Side people by removing certain houses that would be required to widen the road for traffic, especially down below the so-called Shute, which in one place is only eleven feet three inches wide. It appears to me that money can be found for many things in the Island which are not needed so much as in our case. If our Governor drove down here he could see for himself the state of affairs, and this I hope he will do soon for the benefit of St. Mary's Parish. In case of a fire, the engine would take all the road in the narrow parts coming down, not leaving room for any person to pass without being crushed. I am now a resident of the South Side for sixty-five years, and I must say sanitation has been neglected very much. Therefore I hope on behalf of the people that the promise made will be fulfilled. I will wait for results and withhold for a time further comments. We all know the wonderful

### At the City Hall.

The weekly session of the Municipal Council was held last evening.

Mr. J. E. Peters wrote complaining of a lane near his residence on Gower Street in a bad condition, and also of water running into his store on Duckworth Street. Referred to Inspector.

Mr. R. T. McGrath, solicitor, on behalf of the Cabmen's Union asked that the regulations governing cab fares not come into effect until May 1st, this request being asked on account of the present impassable condition of the country roads. All licenses will be taken out April 15th, as per regulations, but the scale of fees governing driving on the country roads will not come into effect until the roads are in fit condition.

Mr. E. Murphy and Mr. J. Nichol, Water Street West, asked permission to repair dwellings.

Mr. M. Parrell, Water Street, was granted leave to make alterations to his house.

J. Hennebury, Bloncoddy Street, will be able to have water and sewerage connection.

Messrs. Harvey & Co. complained of delay caused in watering S. S. Seal and a similar complaint was received from the Board of Trade as to watering the Beothic. In both cases the Secretary reported that the very best possible was done.

Mr. T. Coady was refused permission to build opposite the S. A. Citadel, New Gower Street.

Messrs. Harvey & Co. were given permission to build shed on their premises, provided Engineer Ryan would supervise the work.

On advice of Council's Solicitor, Mr. J. J. McKay will be asked to make affidavit as to what the gross proceeds of the hockey matches amounted to.

The request from the Standard Manufacturing Co. to build a porch was refused.

It was ordered to improve the condition of Kenna's Hill.

The Health Officer will visit Mr. R. Hickey, employee, who is sick and report as to his condition.

After passing of pay rolls, etc., the meeting adjourned.

He held on to the reins, and though he succeeded in stopping the horse, was badly cut about the face as he was dragged some distance. Just previous to the animal bolting, Mrs. Neville left the carriage preferring to walk. When the horse was soothed and quieted Mr. Neville drove home and had his wounds attended to.

### Prescription 'A.'

**CURES: INDIGESTION and DYSPEPSIA in all its forms.**

It is quite a daily occurrence to hear persons say: "Oh, what a feeling of distress I have after meals, fullness of the stomach, heaviness and headaches. I feel too tired to do anything. I have no heart to exert myself, and at times I care for nothing."

"I often have a pain in the pit of the stomach, no appetite, my heart beats rapidly on the slightest exertion. I feel just as tired when rising in the morning as when retiring to bed. My sleep is often disturbed, and I often awake with a feeling of suffocation and a difficulty of again going to sleep. I have to be careful of what I eat, and my life seems not worth living."

Why suffer from all these symptoms? when STAFFORD'S PRESCRIPTION 'A' will cure you.

Try a bottle.  
Price: small size, 25 cents; postage 5 cents extra. Large size, 50 cents; postage 10 cents extra.

Prepared only by  
**Dr. F. STAFFORD & SON**  
Theatre Hill. apr. 2.

### Used a Knife.

Yesterday afternoon a lad named Harvey, son of Fire Const. Harvey, of the Western Station, came to the lockup and reported to Supt. Grimes that another boy on the South Side, while both were getting flippers, had used a knife on him. The lad's clothing was split with the instrument, which was a very sharp one, and the wonder is that the boy's flesh was not cut. Supt. Grimes took his statement of the matter and the lad's aggressor will be summonsed.

Headache is often caused by Bad Indigestion. Try Prescription 'A.' only 25 cents a bottle. apr. 2, 11.

There is probably more trashy stuff sold in the baking powder line, than in any other line. Most of it contains large quantities of alum. To avoid the use of this dangerous acid, see that all ingredients are plainly stated in English on the package. The words "No alum" on the package or in an Ad. is not sufficient.
