## QUIET EASTER IN BRIDGETOWN

No Train Services For Three Days. Snow Falls Cuts For Umpteenth Time.

HOLIDAY VISITORS DISAPPOINTED. BIKK SITH Does Active Business—Church Services Were Well Attended.

Easter was spent in Bridgetown in a quiet manner approximating pretty closely to a strict observance of the Sabbath. About the only depressions were skating at the rink on dreeds at the movies and a slight excitement in the evening out on Jeffrey Street from which an S. O. S. call was sent notifying the officers of the law that a capture might be made of either John Harlequin or his weaker brother, the latter being a fugitive from the law who worked at once set in motion...

During Saturday afternoon the express trains began to arrive and discharged many long delayed vacationers—a number of whom have put in their hotel accounts to the railway for services during the tie up. Miss Marion Troop, of the teaching staff, Lawrencetown, spent the holidays at her home here.

## EASTER AT THE CHURCHES

Dedication at St. James of Alms-Basin Presented By Mrs. Fred Uncles of Newcastle.

SPECIAL MUSIC. Beautiful Programme at St. James and at United Church. The Easter services in the United Church were well attended in spite of the inclemency of the weather. In the morning the Rev. Cranwick Jost, M.A., D.D., preached a special Easter sermon. The choir rendered a special anthem. The evening service was a particularly interesting one, the choir rendering several extra pieces of special music. The introductory anthem was made particularly attractive by the chimes made and played by Mr. Percy Burns. The offertory piece was a fine cornet solo by Mr. Hartley, with organ accompaniment by Mrs. A. R. Bishop. The pastor, the Rev. J. H. Freestone, preached from the text: "Then They Remembered His Words." The sacrament of the Lord's Supper was attended by a large number and a reception of members took place during the celebration. The services in St. James' Church on Easter-day were bright and hearty and characteristic of the great festival. A feature of the morning service was the dedication of a Brass Alms-Basin presented to the church by Mrs. Fred Uncles, of Newcastle, N. B., in memory of her aunt, Mrs. I. B. Freeman, who, for many years, was a devoted member of St. James' Church congregation. The Alms-Basin was manufactured by the well known firm of Richard and Andrews, Ottawa, and on the under side, bears the inscription: "To the glory of God, and in loving memory of Annie Freeman, born at Newcastle, N. B., died at Bridgetown, N. S." As is usual at Easter, the altar was adorned with lilies and daffodils. These were contributed by Mrs. Chas. DeWitt, (in memoriam), Mr. Arthur C. Johnstone, Dartmouth, (in memoriam) Mrs. Walter McCormick, (in memoriam) and Mrs. O. T. Daniels.

The aid of the splendid new lantern will be called in to help provide very many of the programmes.

## A Word To Subscribers

We wish to express our very cordial thanks to those of our subscribers who have recognized the fact that it requires a certain amount of money to run a newspaper, and have attended to the payment of subscriptions. Practically every subscriber from Sydney Cape Breton in the East to Vancouver and San Francisco in the West and San Antonio, Texas, in the South, has received his or her account. Much as we regret to have to say it, many readers still have the idea that newspapers can be run on wind and water alone. Wages and supplies paid by promises which can be redeemed at any old time. We freely concede that the money market is tight but at the same time every newspaper in the Province has hundreds of subscribers the wheels of whose business machinery would not be blocked by the payment of long overdue subscriptions. Within a short time authorized collectors will make calls. Kindly remember that newspaper publishers have the same human needs as any other citizen in the community. We thank you. CLEMENTSPORT The Ladies' Sewing Circle of the Baptist Church held a supper and entertainment in the vestry of the church Tuesday evening, March 24th. Entertainment consisted of vocal solos by Mr. Wm. Sandford, Mrs. Chas. Stronach, Miss Vera Barteaux; a short drama by Mrs. Barrill and daughter, readings by Mr. W. D. Robertson. Over fifty dollars was raised, twenty-three of which was given by the ladies of the Sewing Circle, each one carrying one dollar and telling how they earned it. Wishing to thank all those who helped to make it a success. Captain F. H. Rawding and wife are visiting the former's brother, Captain Elias Rawding, after an absence of seventeen years. Among those home coming for Easter were Miss Margaret Roop and the Misses Ward. The floral offerings were beautiful: Wealth, husband and family; Cut Flowers, Cecil and Douglas; Cut Flowers, father; Broken Circle, Ernle, May and family; Crescent, Stan, and Edina; Spray, Will and family; Wealth, Mr. and Mrs. G. ## TRAGIC DEATH GRANVILLE CENTRE

Mrs. John Troop, Aged and Respected Lady Fatally Burned.

DEATH ENDS IN THREE HOURS. While Placing Lighted Paper in Stove Her Kimona Ignited, Help Unavailing. A most distressing fatality occurred at Granville Centre on Sunday evening when Mrs. John Troop, an aged and respected lady of that place, was burned so severely that she died three hours after. Mrs. Troop, who had reached the age of seventy-five years, and had been poorly for some days, got up and after putting on her kimona, lit a piece of paper which, as she was putting it into the stove, ignited her clothing. Her husband who is eighty years old, was quite near but unable to get to the spot sufficiently quick to cope with the situation. Her son, LeBaron Troop, who lives with his family in the other end of the house, arrived in the room a moment or two after but the inflammable nature of Mrs. Troop's apparel was such that before the flames could be extinguished she was severely burned. Medical aid was summoned from Granville Ferry three miles away but in spite of all that could be done the unfortunate old lady passed away three hours after the accident took place. WEATHER STILL Baffles DESCRIPTION AND DISAPPOINTS ALL EXPECTATIONS No one in the neighborhood from the youngest "nut" to the oldest stager remembers weather at this time of year such as we have been getting during the past week. On Wednesday night the thermometer dropped gradually during the evening and in the early morning hours more rapidly, so much so that several reputable citizens state that the glass registered 18 below. Numbers of water pipes not previously frozen during the Winter were tied up hard and fast and the day was one of great activities among the plumbers. Snow storms and blustry weather gave the transportation companies another almost unexpected jolt. The sun releases great quantities of snow by evaporation but somehow the loss appears to be pretty well made good by numerous and unseasonable storms.

The Sunday School at Inglewood was opened last Sunday at 3:00 p.m. The classes were taught by M. C. Foster, Muriel Miller, Dorothy Abbott and Gertrude Barnes. ANCIENT SCULPTURES Important rock sculpturing has just been unearthed near Edinburgh Castle by Mr. Ludovic Mann. The carvings are said to be more than 3,000 years old. But excavators are at work at Traprain Law, where even older carvings are expected to be found. It was here that the famous Viking buried treasure was said to have been buried. Maybe we shall have another case of Tutankhamen at home—London Times. He is gone but not forgotten, He has reached that shining shore Where the portal gates are open To receive him evermore. He has left this world of trouble Freed from every sin and care, But he left his friends behind him, Father and mother dear. When the family ties are broken, And the farewell words are said, In that sleep that knows no waking We'll be numbered with the dead.

### STEEL WORKERS GIVEN INCREASE OF 10 PER CENT

Official Announcement States Increase Will Mean An Additional Loss to Company.

Sydney—A general increase of ten per cent. in all wages at the steel plant was announced in notices posted at the plant. The increase is to be effective from April 1st, and will be adjusted with special attention to the lower paid classes of labor, in some of which the increase will amount to 14 per cent. The notices posted, which are signed by W. H. Bischoff, general superintendent, read as follows:

"For some time past the company has taken all the orders it would care to enter at prices which involved heavy losses, in order to provide employment, and in the belief that business conditions would steadily improve. The management desires to point out that the plant is being operated at a loss, and that a new scale of wages will substantially increase that loss. Since March 14th some classes of the company's products have been sold at better prices and indications now are that conditions in the steel trade will continue to improve for some months to come."

### WREYMOUTH VESSEL MAKES RECORD TRIP

Yarmouth—The Weymouth schooner, *Leo LeBlanc*, Captain Oliver O'Connell, completed a rapid trip when the vessel docked at L. E. Baker and Co's. The vessel left New York Thursday with 425 tons hard coal and in forty-four hours, Capt. O'Connell had made the LeBlanc the fastest vessel in the world when it arrived here at Yarmouth in exactly fifty-two hours from New York. Upon arrival here the schooner completed a round voyage of five months, much of which time was spent in various ports awaiting cargo. In November the schooner left Yarmouth for Shelburne, loading lumber for New York. At the latter place the vessel took a general cargo to Belize, British Honduras, leaving New York on January ninth and arriving at Belize in five days. At that port the vessel loaded thirty-one thousand pounds and twenty-three thousand pounds of copra and sailed for New York February 8th, arriving March 5th, and encountering bad weather.

### RATS ATTACK COW IN BARN

Swarms of Rodents Scramper Out as Stableman Enters.

A swarm of rats attacked a valuable Guernsey cow owned by district superintendent of mines Alexander McDonald, recently.

The animal was bitten in many places, the flesh virtually torn away in large pieces. The infuriated animal endeavoring to break out of the barn, broke off both horns. Ahen McKenzie who tends Mr. McDonald's stables, arrived on Sunday morning early and as he opened the barn door, at least one hundred rats were scattered in all directions. Some of the rodents were over a foot long. The rats evidently were attracted by a box of feed which had been placed in front of the cow.

The animal endeavoring to get rid of the rodents broke off both horns. Flesh was torn from both sides of the animal and the forelegs also showed several cuts and lacerations. *Glouce Bay Gazette*.

### THE OLD DAYS

Oh, the old days, the dear days,  
How shine they now afar!  
Oh, who can tell these new days  
How dear the old days are?  
For there's never a song of the old days,  
But will bid the tears to start;  
And there's never a lower of the old days,  
But is treasured in our heart.

Oh, the old days, the dear days!  
And can we hope to see  
Any, of all the new days,  
So fair in their degree?  
Fair, fair they were, those old days,  
We shall nevermore behold!  
Yet heaven's lines clear through the new days,  
Though earth's were green in the old.

### SYDNEY AWARDED THE 1923 TENNIS TOURNAMENT

L. A. Gastonvay, Honorary Secretary of the Nova Scotia Tennis Association, has announced that the annual tournament will be played this year during the week of August 4th at Sydney. The last time the annual championship matches were played at Sydney was in nineteen twelve. Last year they were held in Bridgetown.

### CHARGE AGAINST CHIEF OF POLICE

Louis A. Clark, North Sydney, Accused of Theft of Business Books—A Tangled Affair.

North Sydney—Chief of Police Louis A. Clark, of North Sydney, was placed under arrest charged with the theft of the business books of Wm. Lane, a second-hand dealer. The warrant was issued by Spendary S. G. Thomas on an information laid by Lane and was executed by a County Constable. The occurrence is an off-shoot of the Mrs. Alex. Stammer case which opened before Judge Finlayson under the speedy trials act at Sydney on Saturday. Mrs. Stammer is charged with receiving stolen goods.

On Saturday afternoon Chief of Police Clark went to the premises of Lane and seized four books relating to the daily sales of the business. It is understood the Crown denied the books as evidence in the Stammer case.

Lane contends the chief had no legal authority for the seizure and in addition to the warrant for arrest obtained an order for search to recover the books.

Chief Clark, it is stated, removed the books to the office of the Crown Prosecutor before the arrest was made. He was admitted to bail on his own recognizance and will come up for hearing on Thursday.

The Stammer trial is adjourned until April 3rd and it is probable that the case against Clark will not be heard until after that date.

### Walter Maughan Fills New Post Made Necessary by Growth of the Canadian Pacific Steamship Business

Walter Maughan, newly appointed Steamship Passenger Manager of the Canadian Pacific Railway

The appointment of Mr. Walter Maughan as Steamship Passenger Manager of the Canadian Pacific Railway has been officially announced at the Company's headquarters. The appointment includes the management of the Company's passenger business in both the Atlantic and Pacific Oceans. Mr. Maughan was born in Toronto in 1875 and joined the Canadian Pacific in 1892. In 1897 he was made City Passenger Agent at Toronto, and in 1902 District Passenger Agent at Montreal. He has since held high positions by outstanding ability as much as by long service.

During the war Mr. Maughan did valuable work as Chairman of the Demobilization Committee of the Canadian Railway War Board representing the Ministers of Militia and Defence. He has since been recognized in recognition of his work in transporting troops from Canada and China to France.

Mr. Maughan's appointment results from recent remarkable growth of the Canadian Pacific Steamship fleets on both oceans, and those especially equipped for West Indies, Mediterranean and around the world cruises that are planned.

At present in regular service on the Atlantic Ocean between St. John, N.B. (winter season) and Montreal and Quebec (summer season) and Southampton, Liverpool, Belfast, Glasgow, Cherbourg, Antwerp, and Hamburg the Canadian Pacific have eighteen passenger steamships with an aggregate displacement of 300,000 tons. During the coming summer season the Company will have 100 passenger steamship sailings. These exclusive of the fleet of freight steamships.

In the Oriental trade four of the largest and fastest ships on the Pacific Ocean operate between Vancouver and Victoria and Japan and China.

In the year 1924 the Canadian Pacific will operate their own cruises to the West Indies, Mediterranean, Egypt, the Holy Land, and also around the world. Three of their finest oil burning ships have been allotted to these services.

One result of these cruises is that the great Canadian Company not only bridges two oceans and links four continents but actually encircles the globe with its own ships and railways without being dependent on any other transportation agencies.

### Head Steamships On Atlantic and Pacific Oceans

Walter Maughan Fills New Post Made Necessary by Growth of the Canadian Pacific Steamship Business

The appointment of Mr. Walter Maughan as Steamship Passenger Manager of the Canadian Pacific Railway has been officially announced at the Company's headquarters. The appointment includes the management of the Company's passenger business in both the Atlantic and Pacific Oceans. Mr. Maughan was born in Toronto in 1875 and joined the Canadian Pacific in 1892. In 1897 he was made City Passenger Agent at Toronto, and in 1902 District Passenger Agent at Montreal. He has since held high positions by outstanding ability as much as by long service.

During the war Mr. Maughan did valuable work as Chairman of the Demobilization Committee of the Canadian Railway War Board representing the Ministers of Militia and Defence. He has since been recognized in recognition of his work in transporting troops from Canada and China to France.

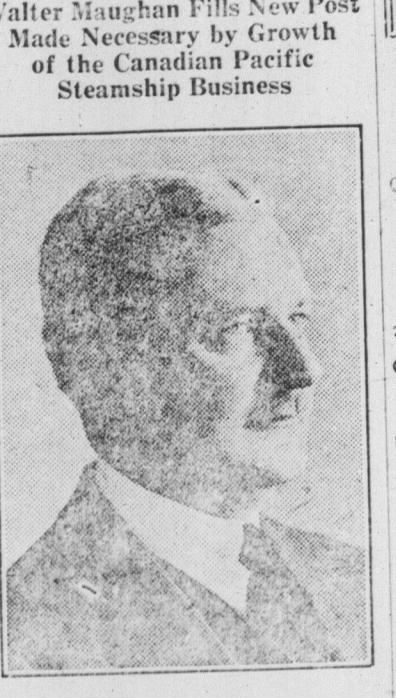

Mr. Maughan's appointment results from recent remarkable growth of the Canadian Pacific Steamship fleets on both oceans, and those especially equipped for West Indies, Mediterranean and around the world cruises that are planned.

At present in regular service on the Atlantic Ocean between St. John, N.B. (winter season) and Montreal and Quebec (summer season) and Southampton, Liverpool, Belfast, Glasgow, Cherbourg, Antwerp, and Hamburg the Canadian Pacific have eighteen passenger steamships with an aggregate displacement of 300,000 tons. During the coming summer season the Company will have 100 passenger steamship sailings. These exclusive of the fleet of freight steamships.

In the Oriental trade four of the largest and fastest ships on the Pacific Ocean operate between Vancouver and Victoria and Japan and China.

In the year 1924 the Canadian Pacific will operate their own cruises to the West Indies, Mediterranean, Egypt, the Holy Land, and also around the world. Three of their finest oil burning ships have been allotted to these services.

One result of these cruises is that the great Canadian Company not only bridges two oceans and links four continents but actually encircles the globe with its own ships and railways without being dependent on any other transportation agencies.

## SHOTS FIRED AT THE OFFICE

While Searching For L. Near George's River, C. B.

SYDNEY.—The last element engaged in the business in Cape Breton was in the least by the public indignation followed shooting of Inspector William. The shooting was strikingly silent when inspectors William and Sam MacKenzie were hit from ambush near George's River, C. B., as they approached the place suspected a still was hidden. As the officers approached shots were fired from the bushes. Instead of retreating they broke into a run toward the objective. Two men, arms broke cover and ran away. The falling light the inspectors unable to find them. Those they recognized one of the men and the case will be further.

In the suspected spot stills were found together with 30 gallon casks of home brew. A large quantity of mash and brew were destroyed and stills brought to Sydney.

A man named Jesson, who property the still was hidden, arrested and brought to Sydney, but he believed that he was the man who did the shooting.

London.—The British Delegation, which left here in the month of October and other parts of the world, gave the situation, but had a tour.

The Laborites visited the town in the Ruhr, talked with authorities, and according to the patch to the Daily Express Cologne, "were appalled at the horrific nature of the events." The dispatch says the "do not believe the intricate nature. Ruhr railroads makes them able to anybody not used system. They found Bochum worst place in the Ruhr."

"Fear walked in the street lurked behind closed doors in the Ruhr the despatch. "It on the part of the soldiers was less obvious than the fear part of the populace. The who demanded the passage of the situation, seemed overgrown with vermin."

The correspondent of the Dusseldorf, visiting Essen, says he noticed more in both places than on any previous and that movements were in suggesting that the French about to put into execution special plan in that area. The correspondent also

### SHOTS FIRED AT THE OFFICERS

#### While Searching For Liquor Near George's River, C. B.

SYDNEY.—That the lawless element engaged in the liquor business in Cape Breton has not been awed in the least by the burst of public indignation followed by the shooting of Inspector William Theobald was strikingly demonstrated when inspectors William Lamond and Sam Macenzie were fired on from a bush near George's River, as they approached the place they suspected a still was hidden.

As the officers approached, two shots were fired from the bushes. Instead of retreating the officers broke into a run toward their objective. Two men immediately broke cover and ran away but in the falling light the inspectors were unable to find them. They think they recognized one of the fellows and the case will be investigated further.

In the suspected spot two large stills were found together with four 30 gallon casks of home brew and a large quantity of mash. The mash and brew were destroyed and the stills brought to Sydney.

A man named Jesso, on whose property the still was located, was arrested and brought to jail. It is not believed that he is the man who did the shooting.

### STARTLING SHIP-PING EVIDENCE

#### Rates are made behind closed doors in New York every month.

#### TRANSPORTATION "CURSE"

#### W. H. Chase Gives Outspoken Testimony Before Federal Committee.

Ottawa.—"The greatest curse of transportation is simply this, shipping rates are made in every month behind closed doors."

This testimony was given by W. H. Chase, of the Nova Scotia Ship-ping Association, before the special House of Commons committee on agricultural conditions.

"Do the Canadian lines belong to the conference?" asked Chairman McMASTER.

"All," was the reply, "not excluding the Canadian Government Merchant Marine."

Mr. Chase went on to explain the reduction of trans-Atlantic rates on spots from the early post-war figure of \$5.00 per barrel down to 75 cents to a dollar at present. The pre-war rate was 60 cents per barrel, and Mr. Chase expressed the view that ocean rates today should be on practically a pre-war basis.

Mr. McMASTER stated that transportation witnesses had said that the rate was cut because the Nova Scotia apple shippers had asked for it.

Mr. Chase explained that he had got a trans-Atlantic rate of 75 cents a barrel before he asked the North Atlantic Conference to come below \$1.35. These two conferences had come down to \$1.00 and the apple dealers had some on chartering tramp steamers.

"We got a ship from London Smith and Company, of New York, at 75 cents," he added. "They are outside the conference, and Yorkland and Black, through whom we chartered the vessel, were told by a member of the conference that if they continued to act as agent for London Smith, they would not do more business from the conference."

"It was not pure benevolence then, that reduction," commented Chairman McMASTER.

W. Elliott, of Waterloo South, inquired as to the cost of apples in Montreal.

"As far as we are concerned," was the reply of the witness, "we simply use Montreal as a dumping ground for number threes, when the market is so bad we cannot sell them."

The grower got \$2.50 per barrel, he said, and they were sold to Montreal at 75 cents, the Montreal dealer paying the freight.

For number one and number two, he added, the grower got \$3.00. The price in England this year varied from \$1.50 to \$3.00. He quoted the cost of growing the apples at \$1.00 per barrel; 20 cents for picking; the barrel itself 50 cents.

"Increased severity" on the part of the occupation authorities in Bochum, which town he describes as like a dead city.

The correspondent of the Times at Düsseldorf, visiting Essen and Bochum, says he noticed more troops in both places than on any previous visit and that movements were in progress suggesting that the French were about to put into execution some special plan in that area.

### Railway News

Vancouver.—Three hours after the Queen of the Pacific, Empress of Canada, Capt. A. L. Halley, had made a grand landing at C. P. Pier A, section 2, a long train with her valuable silk cargo rolled out of the yards on its way to eastern points. The magnificent ship was tied up about 4 p.m. and a battalion of stevedores got all the silk in the cars and out of the yards at 7 p.m., 24 hours ahead of a similar cargo on board the President Madison, which left Yokohama the same day as the Empress of Canada.

Montreal.—Calls at Belfast on both the eastbound and westbound trips of Canadian Pacific liners sailing between Montreal and Glasgow, instead of only on the westbound trips as at present, and more extensive use of Southampton as a port of call for passenger traffic, are innovations planned by the Canadian Pacific Steamships, Limited, for the 1923 season.

The calls at Belfast on eastbound trips are an innovation of a new passenger service from Canada to Ireland. This service will be maintained by the steamships Metagama, Marlboro and Marbach, and will commence with the sailing of the Metagama from Montreal, bound for Belfast and Glasgow, on May 3. This will be the first Canadian Pacific sailing from this port in 1923.

Winnipeg.—With the completion of the Canadian Pacific Railway line from Acme to Drumheller, Alta., last month, five new mines were put into operation along this line, according to Charles Murphy, general manager of western lines.

The coal mined is of excellent quality for domestic use and should remove any danger of coal shortages in the west this winter, Mr. Murphy states.

Evidently the farmers of the district are not contented with the fuel problem, for Mr. Murphy, while travelling through the district, noticed farmers filling their wagons with coal dug up with shovels.

Lethbridge.—Jurisdiction of the Lethbridge division, Alberta district, Canadian Pacific Railway, was exercised for the first time in the west when the Saskatoon branch of Saskatchewan when the Lethbridge operating department of the railway took over on December 11 the operation of the newly constructed portion of the Lethbridge-Weyburn line.

The Lethbridge division now extends to the town of Shaunavon, Sask., half way between Lethbridge and Weyburn, 122 miles east of Shaunavon, which has been the end of the steel on the west, and the territory of the Lethbridge division now covers 725 miles of line from Crow's Nest to Shaunavon and from Calgary to the border.

Owen Sound.—Joseph Lee, section foreman on the C. P. R. at Dundalk for seven or eight years, has been appointed section foreman at Orangeville and has moved to that town. Just before his departure from Dundalk Mr. Lee received a cheque for \$25.00 from the C. P. R., representing the amount of the prize awarded by the Company to the Superintendent having the best kept section on the Beace division. Six years ago Mr. Lee was the winner of the Road-master's prize.

Ottawa.—Ottawa loses a popular citizen and an able railwayman in Mr. P. P. Tinker, district freight agent for the Canadian Pacific Railway for several years, who has just purchased a prominent position in the year Mr. Tinker takes up the position of district freight agent for the Canadian Pacific and associated lines in Detroit. These lines include the Canadian Pacific Steamship Co., the Minneapolis, St. Paul and Salt Ste. Marie Railway, the Duluth South Shore and Atlantic Railway and the Spokane International Railway.

Mr. Tinker came to Ottawa on December 1st, 1916, from St. John, N.B. He started railway work on the old New Brunswick Railway on Oct. 7th, 1887, and was taken over by the C.P.R. when the company purchased the road and has been with the company ever since.

Mr. C. S. Morse, of Toronto, a well known C.P.R. man, has been transferred to Ottawa to take over Mr. Tinker's duties. Mr. Morse arrived in Ottawa on December 26th.

Chatham, Ont.—"Speed-mania" has again broken loose in the city and unless some strong steps are taken to eliminate this craze it will gain a strong foothold in the city, declared Chief of Police Groves.

A complaint was laid to the police by the C. P. R. to the effect that an automobile going south on William St. at a considerable rate of speed struck one of the north-side gates which had just been lowered for an oncoming train and completely smashed it.

The tower-man, realizing that one of the south gates was liable to be similarly treated by the speeding motorist, raised these gates at considerable speed, being just quick enough to make a passage for the speeding motorist. The number of the car was secured by one of the local section crew and turned over to the police.

"The driver of the car will be charged with reckless driving," stated the Chief. "It is high time that we take decisive steps to prevent any accidents which can be directly traceable to reckless driving."

ABBIES DEFEATED WINDSOR FOUR TO THREE

The Game Was Fast and Witnessed By a Large Crowd.

Charlottetown.—The Abegweit, champions of the N. B. and P. E. I. Amateur Hockey League, won the Maritime championship for the second time by defeating the Windsor team, the hitherto undefeated champions of the Nova Scotia league, in a hard, fast, close and clean game, by the score of 4 to 3.

### LABRADOR "GOLD RUSH"

#### 611 Gold Miners Here Showing Interest in Expedition.

#### MANY WANT TO JOIN

#### Alleged Traces of Gold Reported by Men From North.

Glace Bay is showing keen interest in the Labrador gold rush; in fact the gold fever runs exceedingly high in some quarters. That there will be a large number of men leave Glace Bay this Spring for Stag Bay, Labrador, seems pretty certain.

Several old gold miners in Glace Bay, among them men of the famous Klondike rush, are making plans to accompany the first expedition to Labrador. Complaints that there is not an office or information bureau in Glace Bay are heard on all sides. Many of these men are willing to take jobs with the company promoting the expedition but are at loss for want of sufficient information.

Capt. Horsport, marine superintendent of the Labrador Gold Company, is at present at Sydney and has announced that the first steamer to leave for Labrador will be the Petrol now outfitting at Halifax. The Petrol will first carry a number of officials and employees to Stag Bay and then return later for supplies and additional men.

Alleged Traces of Gold

A Gazette reporter was in conversation with a former Ontario gold miner who some years ago worked in the new famous Timmins fields near where the Hollinger mine is located. While working at one of the gold mines there he made the acquaintance of two miners who had been in Labrador.

"These men stated that it was a likely place for gold and according to their story they found traces of the precious metal," Glace Bay Gazette.

There is no logical reason why anyone should hesitate to take cod-liver oil. This energizing food has been an important factor in the health record of thousands.

NEW BANK FOR BRIDGEWATER

Tablet Unveiled to Members of Staff Who Served in War at Opening of Bank of Commerce.

Bridgewater, N. S.—The Canadian Bank of Commerce, the last of the three local banks to provide their own office buildings, opened their new building in a unique manner by the unveiling of a tablet in memory of the members of the local staff who served in the Great War. Rev. (Capt.) Balnes opened with prayer. C. N. Roop, local manager, acted as chairman, and in a neat speech outlined the policy of the institution in regard to the placing of these standard and artistic tablets in the various branches, also of the furnishing of the branches with a bound volume containing the war records of its enlisted members.

WASTE BASKET STUFF

By one mail this week we received seven columns of matter for free publication in the Advocate. There was a half column boasting a steamship line, two columns pleading the cause of France as against Germany, two columns and a half of propaganda for church union, three quarters of a column regarding canned food stuffs, a quarter column about the Red Cross and a column furthering the interests of a great financial institution. It seems too bad that these people went to the expense of paying writers to write this stuff, paying printers to print it, paying the government for postage and then lose all its effects because they did not make any provision for paying the newspaper man to publish it. Sometime it may dawn on propagandists that newspaper space costs money and must be paid for if it is to be obtained.—Picton Advocate.

There is scarcely a paper in Canada but every week receives enough propaganda and free publicity stuff to fill it full to the exclusion of everything else if published. It is just as logical to argue for the continuation of this as to argue that persons should go into a grocery

### Here and There

Gold production in Canada in 1922 passed the million ounce mark for the first time since 1902.

Public works to be undertaken in Vancouver this year will cost in the neighborhood of \$10,000,000, of which \$3,000,000 will be spent by the Canadian Pacific Railway on pier construction.

The Canadian Pacific steamship Montreal carried 900 emigrants for Canada on her last voyage from Liverpool, the largest number of emigrants to leave that port this year.

Work was commenced last week on the new elevator at the Ballantyne pier, Vancouver, which will cost approximately \$2,000,000 to complete. The new elevator will have a storage capacity of 1,500,000 bushels.

Three thousand seven hundred licensed grain elevators in Manitoba, Saskatchewan, and Alberta have a total storage capacity of over 300,000,000 bushels. Ontario, Quebec and Maritime provinces have storage elevators with capacity up to 23,180,000 bushels.

The first lodge of Free and Accepted Masons in the history of the Merchant Marine World, was recently organized on the Canadian Pacific liner Empress of France, when cruising the Mediterranean Sea with a party of 800 Canadian and United States tourists.

Four thousand seven hundred and eighty-four cars of last season's fruit crop have been shipped out of the Okanagan district of British Columbia up to February 14th, according to a statement made to the Vancouver Board of Trade recently by P. W. Peters, general superintendent of the Canadian Pacific Railway, B.C. division.

Stull Ste. Marie.—The new downtown hotel and telegraph office of the Canadian Pacific Railway and the Dominion Express Company at the corner of Queen and McDougall streets, in the building formerly occupied by the Public Utilities Commission, is one of the finest in the province. There are some larger offices in the larger cities, but none that are better equipped.

Herald Binal, divisional engineer for the Canadian Pacific Railway, who has been located at Vancouver for the past thirteen years, and F. W. Alexander, divisional engineer for Alberta at Calgary, have exchanged posts, it being the company's policy to develop its engineers by giving them experience with the varying conditions in different parts of the Dominion.

A number of western interests have combined and chartered the Canadian Pacific steamship Proteus and the vessel will sail from Montreal on August 1st for Fort Churchill, for the purpose of proving to the satisfaction of the interested parties whether or not conditions of navigation to and from Hudson's Bay can be made a commercial success. Between three and four hundred passengers from the west will make the trip.

J. S. Brown, president of the Brown Fruit Company of Edmonton, Alta., returned on the Metacama last week from a three months' visit to Europe. He was present in Germany when the French invaded the Ruhr, and he said that the feeling was very bitter between the two races. On the other hand, a Canadian, American or Britisher was given a cordial welcome; this being true due to a speech in which Lloyd George advocated a compromise. Travel in Germany, he said, was surprisingly cheap, he having made one trip of nearly 15,000 miles for the sum of fifty cents in Canadian currency.

When the Canadian Pacific steamship Metacama which left St. John's on March first for Glasgow, reaches her destination, Captain G. B. Evans, O.B.E., her commander, will have commanded his last voyage in command of the vessel. Captain Evans, who is the oldest and one of the most highly esteemed commanders in the service of the Canadian Pacific Steamships, Limited, is retiring after a career at sea of 45 years, during which time he crossed the Atlantic in command 578 times, and conveyed 247,925 passengers, of whom 71,000 were Canadian and American troops. He was in command of the Missanabie when this ship was sunk by the Germans in 1918, and he will be remembered by many passengers as the captain of the Missanabie, the Montcalm or the Empress of Scotland.

AGE LIMIT ON MINES LABOR

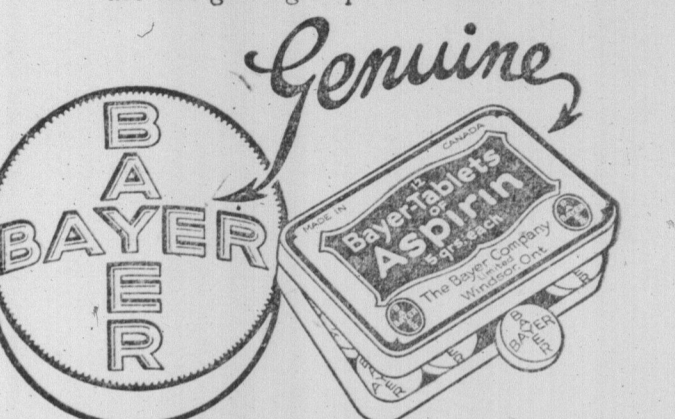

Apparently as a result of the report of the recent conference between the executive of the United Mine Workers and the Local Government, Premier Armstrong introduced in the Local House a bill to amend the Coal Mines Regulation Act which contains a clause providing that no boy under 16 years of age may be employed in or around the mines of this Province.

At the time the U.M.W. delegation waited upon the government, this point was strongly emphasized by J. B. MacLachlan, Secretary of the district. It was the claim of the delegation, that putting a boy of such tender years to work in or about a mine was injurious to his health. The Premier at the time expressed himself as being in accord with their desire to remedy this condition.—Hfx. Herald.

## Obituaries

### Loring Beardsley.

The funeral of Loring Beardsley whose death occurred at Keene, N. H. to which reference was made in last issue, was held at the home of his father, Capt. Samuel Beardsley, Port Lorne, on Saturday afternoon. The service was conducted by our pastor, Rev. D. W. Dixon, assisted by Rev. A. Whitman, text Amos 4th and 12th. "Prepare to Meet thy God". The hymns were "Nearer my God to thee" and "Abide with Me". Mr. W. E. Reed was undertaker.

The deceased was 52 years of age. His home was in Port Lorne until about three years ago, he, with his wife, went to Keene. Quiet and unassuming, and of a cheerful disposition, his friends were many, who were shocked to hear of his demise.

He leaves a wife and little daughter, in Keene, and two sons, Aubrey, at present on a voyage to Australia, and Joe, in Clarence, an aged father, two brothers, Capt. S. M. Beardsley, Wolfville, and Silas, St. Croix Cove; two sisters, Alice, residing with her father, and Mrs. Frank Charlton, of Halifax.

Considering the heavy snow storm prevailing and bad roads, quite a number gathered to pay their last tribute of respect.

### Phineas DeWolfe Phinney.

The community of Upper Granville was surprised and saddened, Sunday morning, March 25th, upon hearing of the very sudden death of Phineas Phinney, aged 77 years. On Wednesday last he was taken ill, but recovered, and no fears were felt concerning his health. Sunday, while attending to his morning chores, without a moments warning, his labors ceased; the Angel of Death closed his eyes forever.

A man, noted for his upright dealings and for his kindly welcome to each and every one, he will be greatly missed, not only by his immediate family circle, but by his many friends. Mr. Phinney was three times married. His first wife, Anna Cropley, predeceased him thirty-eight years ago; his second wife, Margaret Bradshaw, died in June, 1897, and the third, Mrs. Emmeretta Achilles, passed away thirteen months ago, as suddenly as Mr. Phinney himself went.

Ten children were born of these marriages: one (Archie), dying in infancy. The remaining nine were present at the father's funeral. The children left to mourn the loss of a kind and loving father are: Aaron, of Granville; Clara, (Mrs. MacIsaac) and Harriet (Mrs. Dillon) of Worcester, Mass.; Stella (Mrs. Henry Bent) of Belleisle, Flora (Mrs. Walker) of Bridgetown, Annie (Mrs. Patterson) of Hartford, Conn.; Laura (Mrs. Harold Bent) of Belleisle, and the Misses Rufe and Margaret, at home. One sister, Mrs. Louisa Taylor, survives him.

The funeral services, conducted by Rev. Mr. Freestone, assisted by Rev. Mr. Prosser, took place Tuesday, in interment in Riverside cemetery. The very large attendance shows the esteem in which he was held.

### J. W. Saunders.

The funeral took place at West Paradise on Monday afternoon of Mr. J. W. Saunders, an old and highly respected citizen of this community. The deceased had been in rather poor health for about fifteen years and this winter contracted a grippe, but heart failure was the ultimate cause of death. The deceased leaves a wife but no children. He has been a life long resident of West Paradise where he was generally esteemed. Services were conducted by Rev. W. Stedman Smith, his pastor, assisted by Rev. A. H. Saunders, of Aylesford, a cousin of the deceased, and were largely attended, testifying the esteem in which the deceased was held.

Among persons from outside West Paradise attending were Mrs. Mervin Viotto, of Middleton, a cousin of the deceased, and also her daughter, Mrs. B. Horne, of Massachusetts.

### Gilbert Calnek.

The death took place at his home at Granville Ferry on Thursday last of Mr. Gilbert Calnek, a well known and highly respected citizen. He leaves a wife but no family. Three sisters survive, Mrs. Julia Young, residing with a second sister, Mrs.

Walter Troop at Granville Ferry, and Mrs. Agnes Randall, of Middleton. The deceased had been in poor health for some weeks and the end was not unexpected. Funeral services were conducted by Rev. A. W. Watson and interment was in the cemetery at Granville Centre where the deceased had resided previous to removing to Granville Ferry. The funeral which was under Masonic auspices was largely attended.

### Mrs. Ada Bath.

The death took place of pneumonia on Monday afternoon at her home in Upper Granville, of Mrs. Ada Bath, aged 76 years, relict of the late Robt. Bath of that place. The deceased enjoyed the friendship and respect of a very large number of friends throughout the Valley, in Halifax and in other places.

She leaves to mourn their loss one son, Percy T. Bath, of Upper Granville, and one sister, Mrs. Georgie Kennedy, of California, formerly of Granville Ferry. Mrs. Bath's husband predeceased her by twenty years and she has made her home with her stepson, Mr. Frank Bath. The deceased was a woman whose personality made her many friends who regret her decease. Besides many relatives in this county, she had also a number in Halifax including the Dr. Woodbury's of that city. The funeral is being held this afternoon and services will be conducted by Rev. A. J. Prosser, assisted by Rev. J. H. Freestone.

### Mrs. Sarah E. Shafner.

An old and much respected resident passed away in the death of Mrs. Sarah E. Shafner, which took place at the home of her youngest son, James T. Shafner, of Malden, Mass.

She was born in Granville 87 years ago. Her parents, William and Mary Healy Fish, were among the earliest settlers of Granville. When a young woman she married Capt. Edwin Clark of Litchfield. They had three children, one boy and two girls; one girl predeceased her, the other two children live in the United States, Capt. Clark having died. After remaining a widow a few years she married William Shafner, of Lower Granville. She also had three children by this marriage—one girl (who is Mrs. Frank O. Armstrong, of Springdale, Alberta), and two boys, now living in United States. After a number of years, Mr. William Shafner was thrown from a carriage, which accident proved fatal, being again left a widow. After a few years she married again to John H. Shafner, who predeceased her some years. Since his death she has been living in Malden, Mass., with her youngest son, where she died on February 2nd, 1923, after about a week's sickness.

They held the funeral at the home of her son, with whom she lived, on Saturday afternoon. The remains were sent to Annapolis for burial in the Stoney Beach cemetery beside her second husband, William Shafner. The remains arrived Feb. 7th and were laid to rest, awaiting the resurrection. The Rev. G. W. Heister, pastor of the Lower Granville Baptist Church, conducted the services at the grave.

Services in Malden are thus referred to by one of the city papers:

The funeral services for Mrs. Sarah E. Shafner, widow of John H. Shafner were held at the home of her son James T. Shafner, 19 Kenilworth St. and Rev. George D. Brooks of the First Baptist Church, officiated. Many relatives and friends were gathered. Mrs. Mina Rich Sargent rendered "Beautiful Isle of Somewhere," "Abide With Me," and "Passing Out of the Shadow." There was a wealth of floral tributes including set pieces from the family and Majestic Lodge of Rebekahs, the degree staff of the Lodge, other pieces from Mr. and Mrs. Chas. H. Hall, Jos. Lindall and family, Mr. and Mrs. G. M. Bishop, Mrs. Katherine Sears and family, Mr. and Mrs. W. H. Greene, Mr. and Mrs. M. H. Hylander. The body was taken to Annapolis, N. S., for burial.

Friday night last was "Old Man's Night" at the Pictou rink and a special prize was offered for the oldest skater on the ice. The "Old Man" however, did not put in an appearance, and the event was postponed until a future date.

A fine quotation is a diamond on the finger of a man of wit.

BANFF, nestled down among the mountains, ever beautiful, and always interesting, was more than ever so when Their Excellencies the Governor-General and Lady Byng spent a few days there recently, while on their way west over the C. Later in the day exciting pony races were held, and archery and other feats of contests of skill and strength were held. Little stands of rough boards accommodated a crowd of on-lookers which included Lord and Lady Byng, a large number of tourists and

"If We Only Understand"

If we knew the cares and trials, Knew the efforts all in vain, And the bitter disappointment, Understood the loss and gain— Would the grim eternal roughness Seem—I wonder—just the same? Should we help where now we hinder? Should we pity where we blame?

Ah! we judge each other harshly, Knowing not his hidden face— Knowing not the fount of action Is less mild at its source; Seeing not amid the evil All the golden grains of good; And we'd love each other better If we only understood.

Could we judge all deeds by motives That surround each other's lives, See the mixed heart and spirit, Know what spur the action gives, Often we would find it better, Purer than we judge we should, We would love each other better If we only understood.

Could we judge all deeds by motives, See the good and bad within, Often we would love the sinner All the while we loathe the sin; Could we know the powers working To overthrow integrity, We should judge each other's errors More with patient charity.

Yours very truly,  
JOHN E. RAWDING.

### PORT GEORGE

Another big storm Saturday, 24th. Will it ever get done snowing so that we can have some Spring weather. It has been a hard Winter and the most ice in the bay there has been for many years.

Mr. Andrew Bee, while chopping in the woods, had the misfortune to cut his ankle quite bad, and he will have to lay off for some time.

We are glad to see Capt. Henry Fritz out again after his sickness. Mrs. G. A. Fader, who has been ill for some time, is much improved and able to be around.

The water pipes at this place are all frozen up and the springs are very low.

Our teacher, Miss Bitter, is on the sick list. Miss Jelm, Fritz has charge of the school.

### Spring Impurities Due to Poor Blood

A Tonic Medicine a Necessity at This Season.

Dr. Williams' Pink Pills are an all-year-round tonic for the blood and nerves. But they are especially valuable in the Spring when the system is loaded with impurities as a result of the indoor life of the Winter months. There is no other season when the blood is so much in need of purifying and enriching, and every dose of these pills helps to enrich the blood. In the Spring one feels weak and tired—Dr. Williams' Pink Pills give strength. In the Spring the appetite is often poor—Dr. Williams' Pink Pills develop the appetite, tone the stomach and aid weak digestion. It is in the Spring that poisons in the blood find an outlet in disfiguring pimples, eruptions and boils—Dr. Williams' Pink Pills clear the skin because they go to the root of the trouble in the blood. In the Spring, anemia, rheumatism, indigestion, neuritis and many other troubles are most persistent because of poor, weak blood, and it is at this time when all nature takes on new life that the blood most seriously needs attention. Some people dose themselves with purgatives at this season, but these only further weaken themselves. A purgative merely empties the bowels, but does not help the blood. On the other hand, Dr. Williams' Pink Pills enrich the blood which reaches every nerve and every organ in the body, bring new strength and vigor to weak, easily tired men, women and children. Try Dr. Williams' Pink Pills this Spring—they will not disappoint you.

### YARMOUTH PITCHER IS RELEASED BY PITTSBURGH CLUB

Bobby Forward is "Blas Enveloped" By Bill McKechnie. May Play in Yarmouth Again.

Pittsburg, Pa.—Bob Forward, of Yarmouth, a rookie pitcher, who joined the Pirates several weeks ago, was given his unconditional release by Manager McKechnie, at the Hot Springs training camp.

While no details of Forward's failure to impress "Bill" McKechnie with his wares was received here, it is stated by eastern baseball men that the Pirates carried a surplus of pitching material and Forward went thru lack of experience.

As Forward did not probably receive a salary while at the training camp, he will be eligible to again compete in the amateur ranks and Yarmouth is his likely stopping place.

### SHEFFIELD MILLS REFUSE TO FILL AMERICAN ORDERS

London.—The Sheffield correspondent of the Westminster Gazette says that the Sheffield Forge and Rolling Mills have just declined an order for 50,000 special steel bars from the United States. The order was originally intended for Ruhr plants, but cannot be filled by them.

"In view of the lack of consideration shown by the United States to Sheffield, as instanced by the Fordney tariff aimed at Sheffield special steel," the correspondent adds: "Local firms are not prepared to hold up orders of English customers in favor of American competitors."

### HOLES IN THE BASKET

We thought the limit was reached when a farmer on the St. John River complained that a Salmon or two ago, he sent a calf skin down to the St. John market on one of the river boats, for which skin he received fifteen cents in payments and for transportation on which he paid the flat rate of twenty-five cents. That is it cost him ten cents to give the skin away. That is hard, but here is one that surpasses it. Tom King, the Washington correspondent of The Toronto Globe has despatched the following:—

"One of Senator Brookhart's exhibits the other day was a cheque for one dollar and thirty cents received by N. P. Nelson, of Leal, North Dakota, in full payment for a car of potatoes shipped by him to Minneapolis, and there sold for three hundred and thirty-six dollars. Handling charges and commissions of various kinds absorbed three hundred and thirty-four dollars and seventy cents, but the freight alone was one hundred and eighty dollars and sixty cents."

One dollar and thirty cents on a three hundred and thirty-six dollar potato cargo! No comment on these transactions is necessary, for they clearly indicate the problems of transportation which face us in Canada and in the United States.—Blomdon, in Seckville Tribune.

### HOW THE WAGE EARNER SPENDS HIS MONEY

"How does the ordinary wage-earner spend his money?" is a question which is frequently asked. The Scientific American discussing the question shows the following as the chief outlets for a man's money:—

Food takes 32 per cent., rent 15.3 per cent., clothing 13.3 per cent., miscellaneous 12 per cent., savings 12 per cent., recreation 4.6 per cent., fuel and light 4.3 per cent., furniture and general supplies 2.5 per cent., medical 2.3 per cent., church and charity .9 per cent., reading matter .8 per cent.

The above figures are interesting in a great many ways. In the first place they show that nearly a third of the ordinary wage earner's money goes for food, thus indicating how important it is that proper marketing conditions should exist. Rent takes a considerable portion of the wage-earner's money, but despite these heavy outlays the fact that he is able to save 12 per cent. is very gratifying.

Another illuminating feature is the small amount expended in reading matter and also for church and charity. Certainly the amount spent for recreation is very small when contrasted with that spent for recreation. Perhaps if the average man read more and studied more, he would get on farther and faster in life. In other words if he reversed the amounts spent for recreation and reading matter, he would be wise.

BRITAIN'S REPLY HAS HALTED U. S. MODERNIZATION

Week of Increasing Naval Gun-Races Checked Upon Receipt of Latest British Representations.

Washington.—Owing to the attitude of the British government, the alteration of armaments on battleships at the present time would constitute a violation "in spirit" of the Washington treaty, the United States navy's modernization plans have been halted.

Under these plans it was intended to increase the range of the guns on United States battleships, naval officers asserting that this was necessary to bring the United States ships to a parity with the fleets of Great Britain and Japan; but a controversy has arisen as to whether this proposed elevation of gun turrets is privileged under the terms of the naval treaty.

When Congress appropriated \$6,500,000 for this work of modernization, it stipulated that the navy department should definitely establish its right under the treaty to embark on its program. Navy officers replied by asserting that as Great Britain was strengthening its older ships, there would be no violation of the treaty in the plans of the Navy Department. Now, however, that Great Britain has denied the modernization work attributed to her navy, strong congressional opposition has developed against spending any part of the \$6,500,000 until the correct interpretation of the treaty is decided upon.

Meanwhile, the work of modernizing United States battleships has been abandoned until the matter is thrashed out.

GRAND OLD LADY OF RIVER JOHN, DEAD

River John.—The community was saddened by the death of Mrs. David Langille, the oldest resident of this place, at the age of 102 years. She was the wife of Mr. John Langille, a well known citizen of this place, who died some years ago. Mrs. Langille was a devoted wife and mother, and her death is a great loss to the community. She was born in Scotland and came to this country with her husband in 1848. She lived a long and happy life, and her death is a great loss to the community.

NEW BRUNSWICK TO HAVE PRO BASEBALL LEAGUE THIS YEAR

Several Clubs Ready to Enter New Organization—May Be Affiliated With National Association.

Fredericton.—Progress towards the formation of the proposed professional baseball league in New Brunswick for the coming season has been considerably more rapid than expected. The Fredericton Gleener says that the organization meeting has been called and will be held at St. John. Apparently the program is to have the moving spirits in the project get together first and when they have a definite program formulated at place it before the public in the various centres to be embraced in the league.

The Gleener says the organizer of the league is W. D. McMahon, of St. John, who has for some time acted as managing director of St. Peter's Park, the new baseball stadium at St. John. He visited the various places to be included in the circuit a few weeks ago, including the St. Croix Valley and Fredericton, and evidently then received sufficient encouragement to warrant his proceeding with his plans. Whether the league will seek affiliation with the National Association of Professional Baseball Leagues and thus get into organized baseball is not yet known.

SHIPPING BOARD IS ADVISED TO QUIT

BASEBALL TO BOOM IN VALLEY

The League Will Be Organized In Three Sections Next Summer.

KENTVILLE.—The annual meeting of the Valley Baseball Association was held in the United Fruit Co.'s office this evening. The delegates present were A. L. Davidson, G. L. Andrews, Middleton; J. H. Cunningham, Bear River; G. O. Thies, Bridgetown; R. T. Caldwell, Kentville. The President, A. L. Davidson, was in the chair. James Saunders, of Yarmouth, who was present representing the Y. A. A., was heard in reference to admitting Yarmouth to the Valley League. While no decision was arrived at, it was practically decided that the trip to Yarmouth would be too long and expensive for the Valley Clubs.

An application from Kingston was approved. G. O. Thies moved that the League this year be drawn up in three sections, Western Section to comprise Weymouth, Digby, Bear River, Annapolis, Middle Section, Middleton, Bridge town, Kingston, Lawrence town, Eastern Section, Kentville, Wolfville, Berwick, Windsor. This was passed, and a committee was appointed to interview the various clubs. It was also decided to play four games with each team instead of two last year.

The following officers were appointed for the year: President—Mayor A. E. H. Chesley, Kentville.

Vice President—Western Section—J. H. Cunningham.

Vice President—Middle Section—H. T. MacKenzie.

Vice President—Eastern Section—G. C. McElroy, Windsor.

Secretary—A. L. Smith, Middleton.

The new President, Mayor Chesley, who made such a success as President of the Valley Hockey League, is expected to guide the Valley Ball League through its biggest season this year.

The meeting adjourned until April 18th.

BABY'S HEALTH IN THE SPRING

The Spring is a time of anxiety to mothers who have little ones in the home. Conditions make it necessary to keep the baby indoors. He is often confined to overheated, badly ventilated rooms and catches colds which rack his whole system. To guard against this a box of Baby's Own Tablets should be kept in the house and an occasional dose given the baby to keep his stomach and bowels working regularly. This will prevent colds, constipation or colic and keep baby well. The tablets are sold by medicine dealers or by mail at 25 cents a box, from The Dr. Williams' Medicine Co., Brockville, Ont.

A TAP OF THE TIGER'S PAW

Manuscript of the great, rejected before their days of greatness by obtuse or heartless editors, are the theme of many anecdotes, entertaining to the general public and especially encouraging to young aspirants for fame. Now another is added to the list.

When our recent famous visitor from France, M. Georges Clemenceau, arrived in New York it was, as everyone knows, not his first visit. More than half a century ago as a young man "fresh from the imperial jails of Napoleon III" he landed at The Battery and a little later was practicing medicine, teaching, contributing to several newspapers in France and trying to contribute to others in America. The aged "Tiger" had not forgotten those days; and it was with a tap of the paw, playful but disconcerting, that he recalled them to a reporter from Le Courrier des Etats Unis.

The French reporter had been sent to welcome Clemenceau in behalf of his paper—the oldest French paper to New York and one of the oldest in any language—to ask him for a message to the French people in America.

"A message, hein?" said Clemenceau, reflexively tugging at his snow-white flowing moustache. "Why, my friend, I sent your paper a message about—let me see—say fifty-seven years ago. It was a good article. Why did you not print it?"

Said Le Courrier des Etats Unis, from the editor in chief down to the assistant office boy, would be delighted if they could dig up that article by Clemenceau from some forgotten waste-basket—Youth's Companion.

Alone, But Well Protected

A group of little girls who came from England to Canada, and "Buddy" a dog who traveled the long way from Boston to Manila.

I had a dog's life might not, on occasion, be as bad as the old adage infers; indeed, it might mean to lead a life of luxurious comfort and to be free of many of the troubles that human flesh is heir to. Take "Buddy" for instance. He is a young Bull Terrier who entered this life within the confines of the Boston Kennel, and as long as he remained a member of the colony he received all the care and attention that his canine heart could desire. Buddy, a well-behaved puppy, was allowed to reach the age when those of his species no longer feel the need of a protecting hand, attach themselves to a master and endeavor to protect him from the dangers of the day and night. Time came when his desire for his own man eye to be gratified and his owners having been paid for his priceless soul, he was placed in a crate and sent "Canadian Pacific" the way from Boston to Manila.

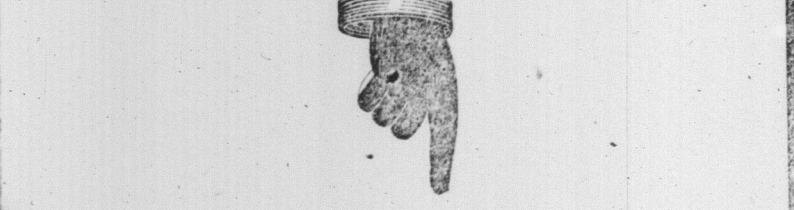

True, all the joys of travel were not his, but while on the train, his kennel was kept in an airy part of the baggage car, and on some pleasant occasions when the train stopped long enough he was given a run in a strange and fascinating city. At Vancouver he was taken aboard the Canadian Pacific "Empress of Asia" for the trip across the Pacific, and he at once won over the hearts of those of the passengers privileged to meet him. In addition to considerable notice from the passengers, "Buddy" received proper attention from the employees of the company, and thanks to the side of his crate were instructions as to feeding, which were religiously followed. Besides staling meal hours "Buddy" informed the world that he was a puppy.

"I am a young and affectionate puppy. I am a true friend to anyone who is kind to me. I am lonesome and sensitive, but very appreciative of kindness, and I wish kind men to speak to me, so feed me, to give me some water and to take me out of my crate so that I can keep clean."

"I am an Alfrede terror and my name is Buddy." "I certainly thank you for your kindness as I am on a long trip—from Boston to Manila." Another passenger on the "Empress of Asia," when she last sailed from Victoria, was little America Bradshaw, who was making the long trip across the Pacific for the purpose of joining her parents, Adjutant and Mrs. J. Swanson, who are engaged on the missionary work of the Salvation Army at Yokohama. Throughout the voyage Anggie was the special charge of Purser John Muir, who has, on more than one previous occasion, seen that little one was safely delivered to their waiting parents and friends. The little voyager soon made friends with other of the lady passengers, and although she was very glad to see her parents again she found the journey far too short for her liking. Years ago the idea of sending a child on such a long journey alone would not have been entertained for one moment by its guardians, but youngsters can now travel around the world in perfect safety alone, and many, particularly European settlers, find it very convenient to first make sure of their position and standing after immigration, and then have their children brought to them by, and under the very sure care and protection of, the Canadian Pacific. On her last voyage the "Montcalm" brought six children from the old land to friends on this side. These children represented three families and their ages ranged from nine months to fifteen years. The baby, a little girl, was under the care of her fifteen year old brother, and they were going to friends in Ontario, having lost both parents. Two other children were "Men of the World" at seven and eight years, and were going still further west. The others were placed on landing in the care of a lady going directly to their destination who was very interested in the arrangements being made to safeguard all six, and who gladly accepted the opportunity to help along a good work.
