### COLLIER SHIFTED COURSE IN FOG, SAID KENDALL

**Captain of Empress and First Officer of Storstad Gave Flatly Contradictory Evidence at Inquiry—Liner's Sailors Accused of Reluctance to Aid in Rescue.**

Canadian Press Despatch. QUEBEC, June 16.—Evidence amplifying the known contentions in regard to the cause of the disaster to the Empress of Ireland at Father Point, in the St. Lawrence, on May 29, was brought out at today's opening session of the investigating Dominion commission, of which Lord Mersey is chairman.

So far the main arguments of Captain Kendall of the Empress that he was stationary when rammed by the collier Storstad and of the owners of the collier that the Empress placed herself in front of the vessel, which indisputably had the right of way, were only emphasized. Captain Kendall was on the stand for several hours, and gave a straightforward account of the events of the terrible morning along the lines of his testimony at the Rimouski inquest.

**Confusion of Orders.** That the collier had not changed her course after first sighting the Empress, the abortive attempts had been made to port her helm after she had been slowed down and that the Empress was crossing her bows, was the principal points arising out of the testimony of Alfred Tutene, the first officer of the Storstad, who was examined during the afternoon. This witness also repeated the story that Empress sailors refused to go back in boats to carry on rescue work after once reaching the Storstad. Mr. Haigh supplemented the evidence of Tutene at the request of Lord Mersey by giving as his explanation of the disaster a belief that the big liner thought she could cross the bow of the slow-going collier that lay helm was ordered ported by one officer and starboarded by another.

**MARINE ENGINEERS ARE ON STRIKE IN BRITAIN**

Canadian Press Despatch. LONDON, June 16.—A general strike of marine engineers on tramp steamers began in the United Kingdom today. The engineers demand an increase in wages. It is expected that between 500 and 800 vessels will be laid up.

**RIFLES CAME FROM STORES**

OTTAWA, June 16.—There is much amusement in the capital today over the statement made by Col. the Hon. Sam Hughes that the 65th regiment of Montreal had obeyed the militia regulations although they carried arms at the Corps Christi celebration on Sunday. They did not carry "government rifles," he said. The facts as reported to the world are that a Montreal hardware man, named Lariviere, was requisitioned to supply the 65th regiment with 400 rifles. This was a big order to get on Saturday morning, just one day before the celebration. He seemed to know just where to go, for it is said he secured 400 Lee-Enfield rifles from the government's stores in Montreal and these were distributed to the men. The Lee-Enfield rifle is being replaced gradually by the Ross rifle in the Canadian militia.

### RIVERDALE CANDIDATE

**JOSEPH RUSSELL IS RIVERDALE CANDIDATE**

Canadian Press Despatch. MONTREAL, June 16.—Looking tired and careworn, Visil Delmege, the clerk of the Merchants Bank of Canada, who was arrested in Trenton, Ont., on Sunday night, on a charge of theft, stepped off the train that arrived at Bonaventure station at 4 o'clock tonight, in charge of Deputy High Constable C. J. Doughty, who was taken in a cab to police headquarters, where he was locked up to appear tomorrow morning in the arraignment court.

### VOTE TO CENSURE GOVERNMENT DEFEATED

**Unionists Attacked Asquith Ministry for Failure to Suppress Nationalist Volunteers—Birrell Said Prosecutions to Suppress Public Opinion Would Be Futile in Ireland.**

LONDON, June 16.—Some of the Unionists who have been the strongest supporters of the Ulster volunteers, including Andrew Bonar Law, Lord Robert Cecil and Leopold Chas. Amery, attacked the government tonight in the house of commons for its failure to suppress the Nationalist volunteers. They declared that the Ulstermen should have been checked in the beginning.

**PEACE PARLEYS BOTH PARTIES PROVE FAILURE**

Factions in Mexico Are Stubborn and Conferences Cannot Break Existing Deadlock.

Canadian Press Despatch. NIAGARA FALLS, Ont., June 16.—Justice Lamar and Frederick W. Lehmann, the American delegates to the mediation conference, went to Buffalo today and talked for four hours with Rafael Zubaran and Luis Cabrera, personal representatives of Gen. Carranza. Their purpose was to find some way to bring the constitutionalists in harmony with the scope of mediation. The mission was a failure.

**FRANCE TO NEGOTIATE ANOTHER LARGE LOAN**

PARIS, June 16.—The finance minister, M. Noulens, placed on the table a bill authorizing the issue of a loan of 1,800,000,000 francs (\$300,000,000) at 3 1/2 per cent, redeemable in 25 years. The conditions of the loan are to be fixed later, but it is understood that the loan is to be divided, the first issue of 800,000,000 francs to be made in July. The price will not be made public until the eve of the issue, in order to prevent speculation, but it is thought will be between 90 and 95.

**PROMINENT LIBERAL OF NORTH BRANT DEAD**

PARIS, June 16.—The death occurred here today of Michael Ryan, 77 years of age, ex-president of the North Brant Liberal Association, and for some time license inspector of the riding.

### ACQUIT MACKAY OF SERIOUS CHARGE

**Hamilton Sensation, Featured by Suicide of James N. Gow, Ends in Dismissal of Case Against Prominent Society Man—Public Excluded From Trial.**

HAMILTON, June 16.—The sequel to the sensational arrests of Adam B. Mackay and James N. Gow, who were committed suicide, on the charge of procuring girls under the age of eighteen for immoral purposes, occurred today when Judge Snider acquitted Mackay. His honor held that there was no evidence to prove that the accused was guilty of the charge of procuring girls for immoral purposes, and also ruled that the prisoner being only a roomer at 194 South Hughson street, the residence of Gow, he could not be held responsible for criminal acts which might occur there.

**ITALY RETURNING TO NORMAL CONDITIONS**

ROME, June 16.—Italy, which last week was facing revolutionary risings in various parts of the kingdom, has apparently come back to a normal state of affairs. The threatened strike of the railwaymen and the general strike, which included only a comparatively small section of the working people, seem to have come to a definite end.

**BRITAIN ENTHUSIASTIC OVER VICTORY AT POLO**

LONDON, June 16.—The first victory of the English team over the Americans in the polo match for the return to the international polo cup which was at the lowest possible ebb before they began, everyone here thinking that another British defeat was certain.

**LIBERALS OF KINGSTON ADDRESSED BY ROWELL**

KINGSTON, Ont., June 16.—N. W. Rowell and the local Liberal candidate, Ald. T. F. Harrison, addressed a meeting in the city hall tonight, at which Mr. Elliott presided.

**POLICEWOMAN MAY BE APPOINTED IN SARNIA**

SARNIA, June 16.—The Sarnia branch of the local Council of Women has presented a petition to the city council asking for the appointment of a policewoman for Sarnia.

### VILLA'S MEN TURN OUT CARRANZA'S SOLDIERS

Canadian Press Despatch. EL PASO, Tex., June 16.—The bureau of information and the telegraph office at Juarez, in control of Carranza officials, were taken over forcefully tonight by soldiers under Col. Tomas Arriola, military commander of Juarez and Villa's supporter.

**ABSONDING BANK CLERK IS BACK IN MONTREAL**

MONTREAL, June 16.—Looking tired and careworn, Visil Delmege, the clerk of the Merchants Bank of Canada, who was arrested in Trenton, Ont., on Sunday night, on a charge of theft, stepped off the train that arrived at Bonaventure station at 4 o'clock tonight, in charge of Deputy High Constable C. J. Doughty, who was taken in a cab to police headquarters, where he was locked up to appear tomorrow morning in the arraignment court.

### NEW MINISTRY GIVEN SUPPORT

PARIS, June 16.—The first appearance in the chamber of deputies today of the new premier, Rene Viviani, was auspicious, and a vote of confidence in the ministry was adopted, 382 to 137. Later another motion, stating explicitly the confidence of the chamber in the new ministry, was adopted, 379 to 137. All the republican groups, with the exception of a few irreconcilable radicals, gave Premier Viviani their votes. M. Jaures, the socialist leader, alone attempted any hostile criticism. This was directed mainly at the military policy of the ministry.

### LABORER, OUT OF WORK SOUGHT TO END LIFE

LONDON, Ont., June 16.—Out of work and despondent, Frank Wilson, a laborer, 42 years of age, living at 975 Princess avenue, this city, swallowed a dose of poison tonight, and is in Victoria Hospital in a serious condition.

### FAVORS SCHOOL COURSE IN RELIGIOUS TRAINING

LONDON, Ont., June 16.—Rev. Dr. Williams, lord bishop of Huron, in his annual charge to the synod of Huron here today, deplored the lack of biblical education in the public schools of the province, and urged that a course in religious training be established in the schools throughout the country.

### LET TOM STICK TO DOUGHNUTS

No paper in the city has less frequently interfered directly with the selection of candidates in any of the local elections than The World, and it comes with a very bad grace from the champion tub-thumper and bulldozer of civic politics to suggest that personal considerations had anything to do with our reference to Mr. Foster's discreditable attempt to capture the Riverdale nomination. There is scarcely any issue dealt with by the contemporary to which we refer that is not settled on a personal basis. Questions of principle, matters of independent citizenship, affairs of provincial or national importance are only measured and determined and finally settled on a basis of personal relationship to the organ in question. There was not the slightest attempt on the part of The World to dictate to Riverdale who should be chosen to represent the Conservative party there when we pointed out that it would be unwise to saddle the party with the private economics of Mr. Thomas Foster when so many other eligible candidates were at hand. We very well remember how Mr. Foster publicly charged The World, and we remember also how we showed that his charges, like many other of Mr. Foster's proceedings, had nothing to do with the case. It was unwise for him to recall them, and for our part we should be glad to permit Mr. Foster to drop into the obscurity which ward two and Riverdale evidently deem best for him did his injudicious journalistic friends allow it. Mr. Foster's forte is pious platitudes, not politics. He should stick to the doughnuts.

### CHARLES J. DOUGHTY WAS DEFEATED ON FIRST BALLOT, AND ON SECOND VOTE, TAKEN THIS MORNING, THOMAS FOSTER WAS DEFEATED BY FORMER M.P.

Out of a maelstrom of political cross currents, Joseph Russell was nominated as Conservative candidate to contest the riding of Riverdale at the provincial elections on June 23. It was not until 2 o'clock this morning that the final ballot was completed. Three people were up for nomination, C. J. Doughty, who had precipitated the whole excitement by his declaration a week ago; Joseph Russell, who in his own words "came out to meet the situation and to quiet troubled waters"; and ex-controller Foster, who considered himself an eligible person for the parliamentary position. There was no graceful backdown on the part of Mr. Doughty, altho a section of his audience was very hostile. He made a fighting speech in defence of his principles, declaring that he was a temperance man to the hilt, but was not a supporter of Mr. Rowell or any of his followers.

### COMMISSION ON FLEMING CHARGES ASCERTAINED THAT LUMBERMEN CONTRIBUTED

ST. JOHN, N.B., June 16.—The royal commission investigating the charges made against Hon. James Kidd Fleming, premier of New Brunswick, by L. A. Dugal, leader of the opposition in the legislature, in connection with the administration of crown lands, opened its session here this morning, with Justice McKeown presiding, and ex-Judge W. Wells and W. S. Fisher, the other commissioners, present.

### REDMOND TRIUMPHED IN FACTIONAL STRUGGLE

DUBLIN, June 16.—John Redmond, the Nationalist leader, has gained control of the Nationalist volunteer movement. The committee in charge of this movement, after much demur, has accepted his suggestion that "the existing self-elected committee of the volunteers should be strengthened by the addition of 25 representatives of the Irish party."

### VILLA HAS RESIGNED, SAYS MEXICAN REPORT

LAREDO, Tex., June 16.—It was reported in official circles here today that Francisco Villa has resigned as second chief of the constitutional army to become governor of the state of Chihuahua, succeeding Fiel Avila, who is temporarily acting in that post. Rumors have also been current that the resignation of Villa, now secretary of war for the constitutionalists, will probably succeed.

### NATHAN LOSES FIGHT FOR ROMAN MAYORALTY

ROME, June 16.—The entire Catholic and monarchist ticket was elected at the municipal elections held on Sunday, the result of which became known today. Prince Consalvi headed the list with over 6000 votes more than Ernesto Nathan, the former mayor, who led the anti-clerical coalition. Signor Nathan was last but one among the representatives of the minority elected, and he got on the list with only 25 votes to spare.

### ENGLISH PLAYERS WON SECOND POLO GAME

Score Was Four to Two and Three-Quarters in Final Game of Series for World's Championship, Which Was Featured by Thrilling, Sensational Plays.

MBA DOWROCK CLUB, WEST-BURY, L. I., June 16.—The international polo cup, emblematic of the world's championship, will cross the ocean again, having been won here today by the English team, in the second game of the series, by a score of 4 to 2 3/4. Altho the American defenders made a desperate last ditch stand they were not quite equal to winning. Their brilliant rushes—both individually and as a team—in the closing minutes of the struggle aroused the 40,000 spectators to a frenzy, however, and no previous international polo struggle ever closed under such tense and exciting conditions.

### GAVE MONEY TO CAMPAIGN FUND

W. H. Berry, who it is alleged, collected the money which it is claimed was unlawfully extorted from the lumbermen, did not appear when his name was called today.

### THEY'VE ALL GOT 'EM BAD

Wedding Silks. A hat with the name of the maker patronized by royalty every year. Health's new silk hats, some shape by other makers, \$6 to \$7. Exclusive silk hats, \$5 to \$6. ## WHITNEY POLICY IS TO EDUCATE PUBLIC

Candidates in N. E. Toronto Riding Speak at Moore Park.

## ELECTION JUSTIFIED

Hydro Extensions and Radial Lines the Paramount Issue.

An enthusiastic gathering of the Conservatives of the northeast riding was held last night in Moore Park Hall, when the two candidates, Hon. Dr. R. A. Payne and Mark Fisher, addressed the electors. W. K. McNaught, K. C., was present and delivered one of his characteristic addresses. Dr. Charles Stewart was also present, but was called out of the city and was unable to be present. The inactivity of the Liberal government in temperance matters during their 34 years of office, and the progressiveness of the Whitney government along the same lines were dealt with by each of the speakers, who claimed that local option law was giving a weapon to the people which they could use if they chose. The Conservative government by its legislation was educating the people so that they could protect themselves from the liquor evil as they saw fit.

**Educating Public.** W. K. McNaught declared that he was a thorough temperance man, and had always been such. He asserted that the Whitney government was doing away with the liquor traffic by educating the people. "The Whitney government has done more in its eight years of power to do away with the liquor business than the Liberal government had done in its 34 years of office." By reducing the number necessary to petition for the local option law being submitted from twenty-five to ten per cent, it had given more power to the people to express their sentiments on this question. He claimed that the Ross government was allied with the liquor interests, and that the charge laid by the opposition that the Whitney administration was in league with these interests could never be substantiated.

**HELD ON OLD CHARGE.** Thomas Stark, who was arrested by Detective Taylor Monday night on a charge of fraud, was arrested on a two-year-old warrant. The charge is that he obtained \$30 from Robert Reid of 470 Spadina avenue by means of a worthless cheque. Stark claims Brooklyn, N. Y., as his home and has been in the city only four days.

## SILVERTHORNE B. I. A. TO BUILD CLUB HOUSE

A well-attended meeting of the new Silverthorne Branch, B. I. A., was held last evening in the Methodist Church. J. S. Colbourne occupied the chair. Amongst those present was Frank McLaughlin of the Silverthorne Land Company, who offered the residents of the district, thru the B. I. A., a plot of land worth \$250, for \$150, upon which a club house could be built, also donating \$40 as a personal gift and a further \$50 from a friend, Mr. Gage, to help purchase the building material.

A hearty vote of thanks was accorded the donors. Mr. McLaughlin stated with reference to the York Township Council taking over the street of the district that he had consulted his lawyers and this regard advised that the township should do so.

**Always Reluctant.** Mr. McLaughlin said that the council, thru some peculiar reason, have a grudge against anyone subdividing land in the township and that did not take over subdivisions until compelled to do so.

**Will Take Census.** It was also decided to prepare a census of the number of children in the district of school age, several members being appointed to secure the information in readiness for next meeting.

**BRUCE WOULD ABOLISH EVILS OF PATRONAGE** Alexander Bruce, the Liberal candidate in the East York riding, addressed a large gathering in the town hall at Parkhurst last night. J. E. Lee occupied the chair, and there was a large number of ladies present.

**Mrs. Constance Boulton** spoke on behalf of the woman's suffrage movement, and the Rev. Dr. A. W. Aiken of the Metropolitan Church, Toronto, and D. Munro endorsed Mr. Bruce's candidature as an advocate of temperance.

## A COUNTY POLICE COMMISSION TO BUILD CLUB HOUSE

York County Council's application for the creation of a commission, to have charge of the county constables and the administration of justice in York County was directed by the fact that the quality of the justice administered in county police courts was questionable owing to the existence of the fee system of payment for magistrates and constables and the opinion generally held that the representatives of the people in the county should have reasonable control of the administration of justice and of the county police.

In fact, in suggesting that the high constable be a member of the commission the council realized that they appointed the high constable and could hold him responsible for the conduct of the county police. It is therefore evident that the council have not got what they asked for. With the county judge and police magistrate in the majority the bench will practically have a monopoly of the administration of justice and police affairs in the county, and the council is simply in the position that it was before suggesting the appointment of a commission. The high constable will have no control over the constables, and they can continue to do as they please.

**Why have a high constable if he is devoid of authority? Why not put all county police affairs under control of the county judge subject to the attorney-general of the province? That will be the position if the commission is appointed as suggested by the legislature. The control of police and the administration of justice will then be something apart and absolutely beyond the control or influence of the county council.**

**Since the judge and the police magistrate are appointed by political influence and the county constables are appointed by the county judge it is evident that the political party in power has absolute control of the administration of justice in the County of York irrespective of the opinion of the county council. The whole business might therefore be carried on under the jurisdiction of the attorney-general as a provincial matter. Otherwise the county council should have equal representation on the police commission.**

**The warden and county judge should be appointed ex-officio and the warden member selected by them.**

## RATEPAYERS' MEETING AT LAMBTON PARK

The Lambton Park Ratepayers' Association will ask the township clerk to call a public meeting of the ratepayers of this district for the appointment of school trustees who will arrange the erection of a much needed school building. It was stated at the meeting last night by Mr. Shaw that he had the authority of Dr. Bull, one of the arbitrators, that the award separating the union school section No. 3, Etobicoke, and No. 24, York, would stand. He understood that the statutory 30 days in which objections could be lodged had expired, and that having now a school section of their own, they were at liberty to proceed.

**The association will ask the Lambton Mills and Scarlett Plains Ratepayers' Association to co-operate in approaching the Toronto Suburban Railway with a view to instituting a Sunday car service. The district, it was pointed out by C. Adams, is growing fast, and the fact that there is no communication with the city on Sundays will militate against it.**

**The secretary was instructed to write to the York Township Council asking that the railway board grant a thru road on Eileen avenue, going away with the dead ends east and west by a right-of-way over the power and bell lines.**

**A strong protest was made by Mr. Adams regarding what he called the disgraceful condition of the Scarlett road subway. It was stated by J. Bal, the president, that the council had taken the matter before the railway board last night.**

**Some dissatisfaction was expressed by Mr. Phippard on behalf of those who have purchased building lots from the Humber Land Company over the matter of taxation. Those who have paid rates to the company are now being asked by the township council for taxes, and the people are objecting. Bolton tax collector is now, he said, getting treated as a second-rate citizen.**

# Burro Contest Proving Highly Popular With the Children of Toronto and Vicinity

## "EL PASO JACK" EAGERLY SOUGHT AFTER BY YOUNGSTERS EVERYWHERE

When the Ad Club of El Paso, Texas, decided to present a Mexican burro, thru The Toronto World, to the child under fifteen years of age writing the best essay on "El Paso, Texas; Its Resources and Future," they little thought it would create such a sensation in Toronto.

As Jack is not yet acclimatized, he has abandoned his plan of visiting the pupils of the different schools throughout the city, and has been holding receptions in front of The Toronto World office, at 40 West Richmond street. It is really not necessary to add that these receptions are still very well attended. A visit to The World office down to see the much discussed burro, and on all sides are heard expressions of a desire to become the possessor of "El Paso Jack" or his baby brother, to be given as second prize in the contest.

Unfortunately, Jack, at the present time, like some of the voters, is going thru the process of changing his coat, which rather spoils his appearance, but under the rough fur can be seen traces of the sleek, smooth coat that he will soon be covered with. He has made friends with every one who has seen him since his arrival in Toronto. This does not mean the children only, but includes the grown-ups as well.

Jack has a fondness for lump sugar and it is really amusing to see him trying to put his head in the pockets of people's coats, looking for his favorite sweet. Have you been down to see Jack? If you haven't you must test closes on June 20, at 6 p.m., and answers received after that time cannot be accepted. The only conditions are as follows: Contestants living outside of Toronto are eligible. The contestant must not be more than fifteen years of age. Essays are to consist of not less than five hundred and not more than one thousand words, and are to be written on "El Paso, Texas; Its Resources and Future." Parents of contestants must be subscribers to either The Daily or Sunday World.

The judging of the essays received will be done by the members of the El Paso Ad Club and other prominent members of the Associated Ad Clubs of America in Toronto during the week of June 21. The presentation of El Paso Jack and his baby brother, first and second prize, respectively, will be made at the Exhibition Grounds, Wednesday evening, June 24. Don't you hope you are one of the two lucky youngsters?

In appearance, El Paso Jack is merely an ordinary Mexican burro, but he has a very romantic history, which includes participation in several of the battles of the Mexican war. He has assisted in the flight of Mexico, can women from the scene of a battle, and has taken a part in the great mining and construction works of Mexico. Remember, it is advisable to deliver your essay into The World office as soon as you possibly can. Make it as close to 500 words as you can. Address to the Contest Manager, The World, 40 Richmond street west, Toronto, Ont.

## RATEPAYERS AWAITING RAILWAY BOARD'S ORDER

No further word on the transportation situation in Ward Seven has been received by the officers of the Ratepayers' Association, and an announcement of the date of the next meeting will be delayed until the decision of the railway board regarding the construction of a line on Bloor street has been made public. When sufficient information has been gathered on the subject another meeting will be held and written notice of the date of the next meeting will be given to the members of the association.

## WEST END PROPERTY BOUGHT BY PAULISTS

Thomas F. Burke, C.S.P., rector of Newman Hall, is at present in New York in connection with the purchase of property on High Park boulevard, known as Parkview Mansions, by the Paulist Fathers, New York. It is the intention to establish a school which will be one of the finest in the city.

## VICTORIA SQUARE

The annual garden party in connection with the Methodist Sunday school here, will be held on June 20 and 21. On Saturday, at 2 o'clock in the afternoon, sports will consist of a football contest for a prize of \$15.25, and a tug-of-war contest for a prize of \$3.75. Draw will close on the football contest on June 17 at 8 p.m. Malvern band will attend and take part in the program, also Malvern orchestra. Myrtle I. Phillips, Toronto, elocutionist, and the ladies' quartet of Stouffville will furnish a choice program for the evening. Tea will be served from 6 to 8 on the grounds of Mr. Ross Kinick. This is the garden party of the township, and all the country is represented.

## N. YORK CONSERVATIVES NOMINATE T. H. LENNOX

T. H. Lennox, K.C., was nominated by the New York Conservatives at their convention in Newmarket town hall on Monday. Mr. Lennox was enthusiastically received by his adherents in the riding, and in a spirited address gave a review of the work done by the government since the last election. He had no apologies to make for the expenditure of the Whitney administration. Every dollar, he said, had come back to the people and had been expended with wisdom and foresight. Dealing with the temperance issue, the speaker was doubtful that the elimination of the bars would improve matters while the bottle trade existed. J. A. M. Armstrong, M. P., also addressed the meeting, criticizing the attitude adopted by some of the clergy in the present campaign.

## NEWS OF EARLS COURT WANT STREETS OILED

Residents of Earls Court are complaining about the way in which the streets of the district are being oiled. The streets which have been concreted, but leaves untouched the parts which are still unfinished, and from which thick clouds of dust arise, blinding and suffocating pedestrians and coating the interior of dwellings with sand.

## PUPILS TESTED BY SCHOOL PRINCIPALS

Exams Considered Necessary Before Recommending Students for High School.

Although the law passed last year by the board of education allows pupils of the public schools to enter high school without passing the regular entrance examinations, most of the principals who will enter the schools under this law have had to undergo tests in their respective schools equivalent to the entrance examinations. The principals of many of the schools have taken this course as a safeguard in recommending the pupils for high school. Only about 300 pupils will stand the examinations commencing this afternoon, when spelling and composition will be taken. In the majority of the schools about one-third of the senior pupils will write the papers. An exception, however, is made in the case of a school where the whole class of 31 will have to write, not one being recommended to enter. Only one pupil in a class of 21 in Dovercourt School was not recommended, and these will write. Those in the class at Carlton School who are not recommended have decided to accept the principal's judgment and not write. Fifteen were recommended from this class.

## HE FIRED A REVOLVER AT FORMER LANDLORD

A week ago Harold Clarkson and his wife were a special mention in the Toronto World on account of their move from Brown's boarding house at 155 Madison avenue for unbecoming habits in their rooms. At midnight Monday night Clarkson returned to Brown's house and knocked. When Brown opened the door Clarkson fired a revolver at him, the bullet missing by six inches. The police afterwards found the bullet embedded in the door.

## First Officer of Storstad Flatly Denied That Collier Changed Direction After Sighting Empress of Ireland — Bulkheads Not Closed Until After Impact.

other, a suggested confusion or orders that Captain Kendall indignantly repudiated.

**Burst into Flame.**  
New chapters illustrating the horror of the disaster were added by Captain Kendall in his testimony, the most startling being his description of how a sheet of flame burst from the Empress after she was rammed, the prow of the collier evidently penetrating clear thru to her boilers. The first authentic account was also given of a distressing scene enacted when Captain Kendall, on the verge of a collapse, met Captain Andersen of the collier when the former reached the Storstad. Apparently, until Captain Kendall was taken away insensible, he vehemently argued that the collier had rammed him at full speed, while Captain Andersen contended that the liner was at fault.

**Bulkheads Were Open.**  
No agreement could be secured from the testimony of the two witnesses as to whether the bulkheads were closed when the collier was stopped and had immediately afterwards given an order to go slow ahead.

over on her starboard side, both funnels striking the water together. "I was thrown in the water, and when I came up grasped a piece of grating. I was saved by some of my own men in an Empress boat, and superintended the work of rescue. I loaded the boat down to the water line and placed people on the ropes around the boat, telling the men to hold them. We then went to the Storstad and disembarked the passengers. I called for volunteers to go back to the scene of the wreck and all of the ten men in the boat volunteered. I took six. We found no more alive and the dead we saw had life belts around their waists.

# MAYOR HOCKEN TO PRESENT PRIZES

## City's Chief Magistrate Will Officiate at Dominion Day Horse Parade.

### ENTRIES ARE COMING IN Appeal for Subscriptions Met With Generous Response From Citizens.

Mayor Hocken has written the president of the O.P. Horse Parade Association, Noel Marshall, concerning the prizes to be presented to the winners at the Dominion Day Horse Parade and Show, on the morning of Dominion Day.

A general meeting of the association will be held in the King Edward Hotel, Room 3, this evening at 8 o'clock. The merchants and citizens interested in the affairs of the association are requested to attend. This year the parade promises to be larger and greater than ever. President Marshall has received a letter from Leonard, stating that the royal salute fired at 12 o'clock on Dominion Day, instead of in front of the parliament buildings, thus eliminating any danger to the exhibitors and public by frightened horses.

The secretary reports the entries are coming in very fast, especially the children's pony classes, which are exceptionally well filled this year. The appeal for subscriptions has been exceeding well responded to, which bears evidence of the appreciation of the merchants and citizens of the benefits of the parade, and those taking part in the show and parade.

# TO RUSH WORK AT PORT NELSON

## Big Supply of Materials Soon to Move From Halifax.

### TO SPEND MILLIONS Government May Be Called on to Furnish Line of Steamers.

By a Staff Reporter. OTTAWA, June 16.—During the first week in July the government will send five steamers from Halifax with materials and supplies for the construction of the railway terminals, elevators and harbor works at Port Nelson. There are altogether 28,000 tons of material to be taken in this summer. If these first vessels are not unduly delayed by ice in Hudson Straits or the bay they should reach their destination much earlier than the first vessel last year, which arrived only on Aug. 7. The government has been busy in the construction of dockage and has also three small steamers built to serve as lighters. The troubles of last year in discharging cargoes are not likely to be repeated.

The completion of wireless communication by means of the stations erected at Port Nelson and at Le Pas 415 miles west, enables the railway department to keep in constant touch with the work. Over six million dollars has been spent to date on the railway and terminals, and the appropriations voted at the session just closed included 14,500,000 for the railway terminals and elevators.

**Hudson Bay Railway.**  
The Hudson Bay Railway, which is being built from Le Pas is now just half finished. The government will also proceed this year with the establishment of the necessary aids to navigation along the northern route. These will include lighthouses and wireless stations on the Hudson Straits.

A very important feature of this transportation route from western Canada to the old country must be faced by the government at an early date. It is the question of a line of specially-built steamers. If a private company cannot be induced to undertake such a contract or demands too large a subsidy the government will have to build and operate a line of steamers of its own. The government was urged during the past session to decide this matter at once. It replied that the ships would be provided in time for the traffic.

Some New Things About Citrus Fruits

SINCE citrus fruits are becoming more plentiful and lower in price each season, we are learning new facts and finding new uses for them.

You will need six pounds of loaf sugar to each dozen lemons. Grate the yellow outer rind from the fruit and put it with the sugar, add one quart of water to each pound of sugar and let this boil until it is a syrup.

An interesting new discovery has been made by Professor Goldwate of Illinois University, regarding orange and lemon jellies. He frequently noticed that well made orange and lemon marmalade showed a jelly-like appearance denoting that there must be some jelly-making substance (pectin) in these fruits.

Other new hints for lemons are: One teaspoon of lemon juice, each quart of dried fruit will be found an improvement.

Everyone knows how refreshing lemon is in tea, but few have used it in black coffee; it is very fine and is said to be a corrective for biliousness.

The California fruit grower advises using an slice of lemon in every jar of cherries and small berries canned this season to improve the flavor.

For mildew spots, sprinkle a little salt on the lemon juice. For mildew on the stains in soap suds containing starch and make a paste of starch and cold water and spread it thickly on each side of the goods and sprinkle it with lemon juice.

Do You See Those Thin Spaces?

Genial warmth all over the house, all the winter time, at least expense—that's what those water spaces (sections) would mean to you if you put a Safford heating system in your home.

You would call them big, covered water "pans." They're shallow enough to let the water heat quickly, and flow by the shortest way out of the "pans" into the radiators.

If you had four of these big "pans" to heat, one above the other, you would have them made and arranged if you had studied the problem scientifically just the way they are in the Safford.

Safford Boilers and Radiators

are, you see, built by a company with 30 years' experience. The Dominion Radiator Company makes nothing but hot water and steam heating systems, specializing in this line.

The arrows in the picture show you how the heat travels in the Safford hot water boiler. You see how the heat encounters the first pan straight from the centre of the fire where it is hottest.

It goes straight against the second pan, straight against the third and the fourth. All of it is absorbed quickly, surely, and sent coursing through the radiators.

In the Safford System the heat units, given off by the boiler, are absorbed by the water and take the shortest route to the radiators, and consequently, less heat-energy is required than if the water had to travel a much longer route, as it does in ordinary boilers.

If you are anxious to save 33 1/2 per cent. of your coal expense next winter get a Safford hot water system put in now. The first step in that direction is to write for our "Home Heating" booklet and see the different styles of radiators, as well as get a full description of the Safford System. It will only take you a minute or two to write for the booklet. Do it now, before you've a chance to forget.

If Your Face Is Lined, Your Habits Are Faulty

By DR. LEONARD KEENE HIRSHBERG

THE front part of the human head, made up of forehead, eyes, nose, mouth, cheeks and chin, is, perhaps, the most susceptible of all the anatomy to the outward expression of the inward emotions.

The popular term, "an expressive look," proves how universally recognized is the fact that each little line, groove, fold and gutter is symbolic of thought habits and muscular habits.

These habits are the adjustment of the flesh to the reason. It is the subservience of living tissues to an impulse that came originally from without.

Notwithstanding this, it were better far to have a heavily furrowed forehead, which points with firmness to a mind far from serene, than to have a stupid smoothness, a waveless, placid face unsharpened by living thoughts.

Beauty with a bloodless complexion finds a welcome sovereignty in liberal minds. The reason you can tell a preacher

Advice to Girls

Dear Annie Laurie: Dear friend, will you please tell me if it is proper to speak to a young gentleman whom I have never been introduced to. I met him every morning, and he looks at me as though he wished to become acquainted.

LITTLE BROWN EYES. DEAR Little Brown Eyes: What a foolish little brown eye you are, to be sure. Of course it isn't proper for you to speak to a man to whom you have never been introduced. It isn't proper, and it isn't sensible, and it isn't nice.

The Queen and the Magic Flower

By Winifred Black

THE children had a little party last night. What a time there was getting ready for it. Such whisperings and rustlings; such huntings in the attic for old frocks; such ransackings in the bureau for bright ribbons; such a gathering of gay flowers from the garden; such a weaving of pretty wreaths; such a making of fresh garlands; and such a barking of the puppy as he ran to and fro taking what he thought was a highly important part in the preparations.

"The Flower of Love," that was the name of the play, and it was written and composed, plot, dialogue, music and costumes, by the little girl who played the Queen of the Roses.

The first scene of the play was in a fairy wood, and somehow it did look more than mortal—the geraniums that fringed the balcony with their gay, many flowers under the moonlight, and the honeysuckle that wreathed in the pergola as was sweet as honey-suckle could possibly be.

The Queen of the Roses was charming. She was as rosy as her name and her rich brown hair fell in a shower over her chubby little shoulders, and she wore a wreath of honeysuckle and roses.

All was fair in her bower, she told us in a delicious, soliloquy spoken in a kind of dreamy sing-song; that was ever since she had visited the earth and looked upon the mortals there, she was lonely—for the young prince she had seen on earth did not remember her; and, oh, it was very hard to bear.

So she stretched out a chubby hand and beckoned and called, in a voice to honey-sweet for a mere mortal, to Huckleberry, and Huckleberry, appearing suddenly in the doorway, turned out to be a sturdy young man of five or thereabout, with a pair of rose-color paper wings which simply would not stay in place, much to Huckleberry's indignant discomfiture.

While he was gone there were all sorts of dances and things; but the Queen was merely irked by them. We knew she was—because she said so. But Huckleberry came back at last, and he had a long tale to tell about his adventures in search of the flower of Love, we found afterward, but at the time all Huckleberry said was: "Queen, here's your flower of Love!"

Useful Hints for the Housewife

By Ann Marie Lloyd

CCD beverages survive in spite of the fact that the medical men agree Americans as a nation drink too much ice water and other ice cold fluids.

As long as nearly every one insists on taking his warm weather thirst with something cold and the colder the better, it is well to know how to concoct pleasing and harmless libations.

Here are some of the simpler cooling summer drinks as given by a woman who has made a success of a little way-side inn, where motorists stop for cooling beverages served on a vine-lad piazza.

Lead coffee sounds simple, but there is a way of making it which adds materially to its deliciousness. Make black coffee, fairly strong, and add to it hot milk in the proper proportion, flavor with vanilla, sweeten to taste. Allow time before serving to have it well chilled. Serve in tall glasses with a tablespoonful of chopped ice in each glass.

Beat the egg with the juice of two lemons and add the fruit, ice and charged water, and if desired, a cup of maraschino cherries.

Not a Success. "Why did Bertie decide that she did wish to become a nurse?" "She tried on a nurse's uniform and found that it did not suit her style of beauty."

Sir Walter Scott's KENILWORTH

Condensed by AUGUSTA SHELBY

THE appealing story of lovely Amy Robsart, with all its sweetness, its pathos, its tragedy, forms the motif for Sir Walter Scott's "Kenilworth."

Therefore, that their marriage might remain a secret, he hid her away in a gloomy old mansion, Cumnor Place, in Cumnor Village, near Oxford.

Here she was given over to the care and protection of an unscrupulous old fellow completely in the power of Varney.

**LINE OF R.C.Y.C. DEFENDER**

Ahmek, launched yesterday at Oakville, will race the Chicago challenger here in August. George Owen designed her. She looks like the Patricia, also designed by Owen, that lifted the cup last year at Chicago. Measurements: Waterline, 35 feet; length over all, 53 feet; displacement, 1 1/2 tons; sail area, 1586 square feet.

**Bob Dibble Doesn't Worry**  
 The chief drawback to most contestants in sport is that they should worry. Attacks of nerves before the race beat many an otherwise redoubtable performance. Above all, the sculler must forget it. The Ned Henley, in his heyday, was a marvelous example of the cool customer. Close friends point out this splendid characteristic in Toronto's representative, Harry Dibble of the city hall tells how his son at Boston last summer had three heats to row in two hours. Winning the first, his traisers wrapped him up in a blanket after the rubdown. When time came for the next they had to shake Harry out of a sound sleep, but he was ready in a minute, winning again, and also the third later on without the aid of a nap.

city school championship of the intermediate series. A cup to the school and medals for the nine go with the honor.

The standing of the teams in the Methodist Church League is as follows:

**SOCCER NOTES**

Gurneys and Eatons come together at the Eaton field (top of Bathurst street) Saturday, at 2.30 p.m., in the first round of the Connaught Cup. Great rivalry exists between these two teams, and the game should draw a bumper crowd.

A benefit game will be played in aid of an injured player between the Eaton senior team and a picked team of all-stars from the Store League, to take place on the Eaton field (top of Bathurst street), starting at 6.45 tonight. The star team—Brantford (Mail Order), Murray (General Office), Wilson (Mail Order), Geddis (Despatch), Fisher (General Office), Chilmis (General Office), Thompson (Fifth Floor), Martin (Fifth Floor), Wallace (Despatch), Tetterington and Taylor (Fifth Floor); reserves, Kernehan (Mail Order), Gordon (Basement), Bain (Elevators). Senior team—McCracken, Tweedie, Glichrist, McCadden, Baldwin, Abbott, Phair, Givens, McQueen, McNelly and Moynaux.

Rath Rovers will practice on Technical School ground, College street, tonight (Wednesday) at 6.30, and would be glad to sign on a couple of good players. Tea and time of kick-off against Eatons on Saturday will be published later.

**DIBBLE IN TRIALS GOING SMOOTHLY**

Good Field of English Scullers in the Diamond Sculls—Winnipeg Crew Working.

The first heat for the Diamond Sculls is two weeks away from Bob Dibble that he is already on good terms with the climate along the Thames. He not only is scottmatized, but likes the river, and Ernest Barry has rigged his shell up to the entire satisfaction of the Don Rowing Club sculler, who is going smoothly in his trial spins.

Local rowing men say that Dibble must do his best, as the Henley field this year has a skilful lot, notably the English ex-triathletes. Besides the three Boston scullers there is the great Hain, Singaglia, and none of these is considered a favorite. Barry has taken full charge of Dibble's training and expects to land him a winner.

The G.A.P. despatch yesterday from Henley said:  
 Dibble, with Barry in attendance, is sculling well, and rowing men speak highly of his work.

The Winnipeg crew were rather late in their trip on the premier paddling honors as they were delayed by an accidental tear in the boat's canvas, which Nat Scholtes, Dibble's trainer, neatly repaired. Showing consistent form, the crew did useful work of a detail character, and were well together in a trial over the first half of the regatta course they covered the distance in three minutes thirty-nine seconds.

The Winnipeg crew were afloat this morning, and after a strong paddle to the starting point did a fine three-minute row to the half-way mark. They finished with a row over the last half of the course, which they covered in three minutes forty seconds.

**SEVEN WAR CANOE CREWS IN BIG RACE.**  
 The champion Toronto Canoe Club war canoe crew will endeavor to maintain their grip on the premier paddling honors at their regatta on June 20. Parkdale expect to pull one over on them, and both crews are working hard for the half-mile race for the Gooch trophy. I.A.A., Humber Bay and the Beach Clubs have also entered crews, and one of them may furnish the upset of the paddling dope.

A match race between the retired, undefeated champion, Reg. Blomfield, and the present holder of the Canadian single blades paddling championship, L. Mackenzie, has been arranged as a special feature of the regatta.

The committee in charge of the Toronto Canoe Club regatta next Saturday wish to call the attention of the different clubs to the fact that all events are going to be started on schedule time whether all entries are on the line or not.

**PLAYING FOR SECOND PLACE.**

Toronto and Tecumseh meet for the first time this season at Hanlan's Point in a "Big Four" lacrosse match. As the teams are tie for second place in the league the contest should be a warm one all the way. The Toronto defense has been strengthened by the addition of Donald Cameron, the ex-Cornwall and the Indians played in great form against Quebec last week. The strong Beaches Club of the O.A.L.A. will meet the Robert Simpson Company in the curtain-raiser, and the rivalry between the teams is intense. The reserved seat plan goes on sale at Moody's tomorrow morning at 9 o'clock.

# LEAFS ON THE SWATTING CARAVAN AT EXPENSE OF THE LOWLY JERSEY SKEETERS

**Mighty Tim Cleaned Up With a Homer, and All Down the Line They Banged the Ball to All Corners for Thirteen Counters.**

**JERSEY CITY, N.J., June 16.**—(Special)—Joe Kelley's Maple Leafs came back with a vengeance in this afternoon's lineup with Jersey City's baseball players under an avalanche of base hits that fairly rained from the Toronto bats to all portions of the enclosure. As the result of the unusual shower of the bingles, the Leafs accumulated a collection of thirteen tallies, and at the same time limited the Jersey City pitcher to three critical outs of the base lines. This exceptional streak of batting seemed to be infectious among Kelley's men, as it affected every member of the team, who got credit for one or more safe walks.

Toronto started the slugging with the opening frame and continued it right through to the final inning. Jersey City's new pitcher, nor Johnny Verbut, long-seasoned on the mound, proved unable to check the onslaught of wallops and flood of runs which followed. On the other hand, Jersey City was behind the Toronto guns, served up ammunition to the Dragons that proved deadly, and a variety of Jersey City's offense of scoring by limiting them to five scattered safeties, and were it not for the mistakes of Bob Fisher, the fourth and catcher Kelly in the ninth the home players would have to be content with a lone mark in place of the trio of tallies credited to them.

Having had a taste of victory, Manager Hulwitz counted on making it two straight and picked up the lead in the second frame. Jersey City's offense made such an excellent start a few days ago with Jersey City at Providence, Williams is a big factor in the offense, and he was in the box, but with the form that Kelley's men were in, he proved unequal to the task imposed, and after the visitors had bombarded his curves for six safe hits and five runs in two and a third innings he resigned in Verbut's favor. His benders were just as ineffective, but he stuck out to the finish, being stung for ten hits and eight runs. Levers of the old style game were more than satisfied in this exhibition, as no less than three home runs were hurled up by Toronto's batsmen. Verbut, who was hit by the Toronto batsmen, was hit by the Toronto batsmen, was hit by the Toronto batsmen.

Big Tim Jordan practically took the stretch out of Hulwitz's pitcher, and with two out and two Toronto players on the route, he drove the ball against the score board in left field, and in the journey, putting the game in chancery right at the start. Not content with this, the Leafs came back with four more counts in the third, on four hits, a hit by error, and a walk, and in the fourth, then Wilson's triple in the eighth, followed by Fitzpatrick's triple in the ninth.

## CLYMER'S KIDS ARE ON THE TOBOGGAN

**NEWARK, June 12.**—The champions knocked three Buffalo pitchers in the first inning today, and in the second frame, getting a homer in the first inning, and a double in the second, and a single in the third, and a double in the fourth, and a single in the fifth, and a double in the sixth, and a single in the seventh, and a double in the eighth, and a single in the ninth.

## GOOD FIELDING IS WHAT SAVED ROYALS

**PROVIDENCE, June 16.**—Schultz and Couchman engaged in a great pitchers' battle for eight innings today, but both were weakened in the ninth, and both were saved by the fielders. Score: Royals 2, Cubs 1.

## YOUNG BOY RESCUED FROM DEATH IN BAY

**Capt. Chapman and his crew of life-savers rescued a ten-year-old lad from a raft off Poisons on the bay yesterday afternoon. The boy said he had constructed the raft himself and was playing on it when it got out into deep water and was unable to make land. He was warned and fed and sent home.**

## TWO NEW PITCHERS FOR THE KELLEYITES

**Palmer and Wagner to Report at Once—Reds and Superbas Coming.**

President McCaffery has been on a still hunt for reliable pitchers for many weeks and was able to announce last night that he has landed two for his Leafs. Palmer, the big Cuban, that Manager McGaffery of the New York Giants has carried for some time. The other is Wagner, who is a big fellow with wonderful speed and a fast breaking ball. He will join the Leafs at once. Brooklyn has been taking his regular turn in the box for the Superbas, and Robinson was loth to let him come to the Leafs' aid.

## GARRISON FINISH BY THE HUSTLERS

**BALTIMORE, June 16.**—Making a garrison finish Rochester beat John Dunn's Birds today, winning by a score of 7 to 1. The home team was in an attempt to catch the Birds in the ninth, but the needed two runs in the ninth. Score: Rochester 7, Birds 1.

## Some Finish To This Battle

**ST. LOUIS, June 16.**—Scoring eight runs in the twelfth inning, three more in the thirteenth, and two more in the fourteenth, the Cardinals won the game from the first game of the season, with Brooklyn here today, 12 to 2. The visitors gained seven runs in the final frame, also, and the game was tied at the end of the twelfth. Score: Cardinals 12, Browns 2.

## PETERBORO WON IN FIFTEEN INNINGS

**HAMILTON, June 16.**—(Special)—Peterboro won the second game of the series to Peterboro today in a fifteen inning game by a 6 to 4 score. Stepping up to bat for the Peterboro side were eleven hits, which he kept well scattered. Dolan and Dougherty worked for Hamilton, and Dougherty ninth the score was 4-4 and Peterboro were lucky enough to come out on top. Score: Peterboro 6, Hamilton 4.

## YANKEES BUNCHED HITS ON COCKNEYS

**ERIE, Pa., June 16.**—Erie bunched hits off Heck today and won a thrilling game 8 to 2. London was dangerous at every stage, the except in the seventh his hits were scattered. ## THREE STRAIGHT FOR TAILENDERS

**Steen Bested Ayres and the Naps Downed Washington Again.**

**CLEVELAND, June 16.**—In a pitching battle between Bill Steen and Doc Ayres, Steen had a shade the better of it, three Cleveland won the third straight game over Washington. Score: Cleveland 3, Washington 1.

## BASES ON BALLS BEAT WHITE SOX

**CHICAGO, June 16.**—Philadelphia won the third straight game from Chicago to day 10 to 7. Bases on balls were the key to the victory, as they were by Russell and Wolfgang, coupled with five errors and opportune hitting, cost the locals the game. Score: Philadelphia 10, Chicago 7.

## FOSTER TIGHTENED UP WITH MEN ON BASES

**ST. LOUIS, June 16.**—With men on bases, Foster was invincible today, and Boston won his third successive victory over St. Louis, 4 to 2. Foster struck out the first batter, and Speaker reached on a base on balls, and scored when Lewis singled and stole second. Gardner singled and stole second, and when Leary threw to center, the first baseman Gardner Lewis counted with Boston's second run. Score: Boston 4, St. Louis 2.

## TWO SHUT OUTS IN WEEK FOR BIG POLE

**DETROIT, June 16.**—Holding New York out for four hits, Covaleski pitched his second shut-out game within a week today, and Detroit won the third consecutive game from the Highlanders by a score of 5 to 0. It was "Sweeney Day" and Chicago's second baseman, who was a member of the Boston team for several years, was the recipient of several gifts. These included a silver service tray, given by the Boston club and a percolator set from the New York club.

## "SWEENEY" DAY IS LUCKY FOR BRAVES

**BOSTON, June 16.**—Boston turned the tables on Chicago today and won, 7 to 5. It was "Sweeney Day" and Chicago's second baseman, who was a member of the Boston team for several years, was the recipient of several gifts. These included a silver service tray, given by the Boston club and a percolator set from the New York club.

## SEE-SAW CONTEST WOM BY THE REDS

**Home Runs Shift the Lead Twice, But Brooklyn Failed at the Finish.**

**BROOKLYN, June 16.**—Brooklyn piled up a lead of four runs off Yingling in the first inning today by virtue of three singles, a triple and two passes. In the third and fourth innings his support went to pieces, and the visitors got the four back. Clarke knocked a home run to centre in the fourth, and Bates, who pitched for Ular in the eighth and ninth, had with Niehoff on second.

## KIRLEY BLEW

**TORONTO, June 16.**—Kirley blew up and Brantford shaved across enough runs to win. The five hundred odd fans who braved the cold June breezes of Toronto Bay to see the smoke of sad happenings had their innings at the island yesterday. In the ninth things began to happen and when Taylor, who had pitched for Brantford, cleared the bases with a single and a couple of questionable plays on the part of the Toronto batsmen, the score was 6-2.

## Falkenburg Held Buffeds Safe

**INDIANAPOLIS, June 16.**—Falkenburg held Buffalo safe after the first inning and Indianapolis won the first game of the series today, 4 to 1. McKee's batting was a feature. Score: Indianapolis 4, Buffalo 1.

## GIANTS EVEN UP SERIES WITH PIRATES

**NEW YORK, June 16.**—New York evened the series with Pittsburgh by winning the second game by a score of 5 to 0. It was Tarsus's second shutout over Pittsburgh this season. Mayers was hit by the ankle by a foul tip in the fifth inning and retired from the game. Score: New York 5, Pittsburgh 0.

## CARDINALS HELD THEIR EARLY LEAD

**PHILADELPHIA, June 16.**—Philadelphia made a rally in the ninth inning today, but could not overcome St. Louis' lead and lost, 4 to 3. With one run needed to tie the score and men on third and second, with two out, Peritt ended the game by striking out Burns, a pinch hitter. Score: Cardinals 4, Phillies 3.

## Rebels Had Best Of Batting Rally

**CHICAGO, June 15.**—Pittsburg and Chicago each staged a rally in the tenth inning of today's game, but the former opened a three-game series with the extra round, and won the game, 4 to 2. Score: Pittsburg 4, Chicago 2.

**Society Brand Clothes**

Most dealers have pretty much the same story to tell. Words are easily juggled, and clothes, regardless of whether they are good, bad, or indifferent, are simply sold as "clothes."

In "Society Brand" and "Stein-Bloch" tailoring we offer clothes which are absolutely guaranteed. They are garments to which we are proud to attach our name, garments that men are proud to wear—worn in all good society, by the careful dresser.

#### ALBION'S BEAT ST. MATTHIAS.

The Albion C.C. defeated St. Matthias' C.C. in a C. and M. League game played on Saturday afternoon at Trinity College grounds by 146 to 133 for five wickets. The Saints went in to bat first on a good batsman's wicket, and started right in to put up a score. Townsend proved himself to be the hard hitter for his side by making two scores, 41, when he was beaten by a ball from Tunbridge. The remainder of the wickets fell quickly. The Albion started their innings with Howden and Blackman. Both wickets fell in the first two overs for two runs, and looked as if the Saints were going to keep the score down, but thanks to Hall and Wellman, who made a fine stand by playing good cricket, they took the score from 2 to 88 before Wellman was bowled by Lansley. Taylor joined Hall and played a good game for his side, when he was caught. By this time the score was 131 for four wickets. Hall played well for his 80 (not out), his innings containing twelve fours and ten twos. Tunbridge was best with the ball, taking two wickets for two runs. Howden one for four. The game was most enjoyable to both teams. The only regret was the accident which Lennox received. Following are the scores:—

### RIDLEY OLD BOYS AT RIDLEY.

The annual old boys' match took place at Ridley on Saturday and resulted in a draw. Many old boys were present from all parts and a most enjoyable week-end was spent at the school. For the school Irwin 39, Drope 36, Lefroy 34, Sneed 34, Maxwell 28 were top scores. The Ridley total being 184. For the old boys the Dalton brothers with 35 and 33 were in splendid form. H. M. Wilson, C. Maxwell, S. C. Sively, E. D. Godeherm all batting very carefully for their runs, displaying splendid cricket during their innings. When stumps were drawn the old boys' total had reached 153, and there were still several to bat, including F. A.

### McGivern, G. Y. Tuckett, V. Boyd. The outstanding features of the match were the fielding of G. Y. Lee and the wicket-keeping of A. C. Sively. Most of the old boys remained over Sunday at the school. Ridley plays R.M.C. at Ridley on Wednesday, and Buffalo on Saturday, and after school closes the eleven is going on a tour to Montreal and Ottawa, playing in Montreal July 1 and 2, and in Ottawa July 3 and 4.

# 100% Beer Goodness

## Says The Pure Food Expert—

"Of all the brews I have ever tested, O'KEEFE'S come nearest to perfection. I score them 100% beer goodness because

- O'Keefe's Pilsener Lager
- O'Keefe's Special Extra Mild Ale
- O'Keefe's Gold Label Stock Ale
- O'Keefe's Special Extra Mild Stout

are brewed only with our good Canadian Barley, choicest imported Hops, and filtered spring water.

Because of the high percentage of nutriment they contain, I cordially recommend them as the best health-drink for the whole family."

NEW WHEAT ON CHICAGO MARKET

First Car Arrived Earlier in Season Than Ever Before Known.

CHICAGO, June 16.—Increased hedging of wheat and the fact that the first car to reach here loaded from the new district had arrived earlier in the season than ever before known, made the market today pitch heavily downward.

Even a reduction of more than 10,000,000 bushels in the world's available supply had no supporting influence on wheat after prices began to fall. A temporary shortage of firmness, which at the start came about thru an extension of the rain area into the harvest district southwest, disappeared within an hour and a new market without a prop. Traders seemed disposed to wait largely over the effects of the unwise movements.

Shearers were the only active taking from short sellers, who were taking profits from traders that not so long ago had been looked upon quite generally as market making ventures.

Corn weakened with wheat and as a result of better weather in the recent past. It was checked in a measure by predictions that the crop receipts for some time would be meagre.

Winnipeg Grain Market. HUDSON BAY LAND SALES FELL OFF. LONDON, June 16.—Reports of the Hudson Bay Company, which have been issued to shareholders show that the lands received for town lots and farming lands for twelve months to March 31 last amounted to 2,343,933. This compares with 2,817,724 in 1912-13 and 2,294,809 in 1911-12. In 1912-13 the circumstances were exceptional, as in that year the company decided to sell a large number of town lots in Edmonton and received for them not less than 2,372,785, while during the year under review the receipts from this source, while satisfactory enough, were only 1,250,000.

LONDON EXCHANGE BUSINESS SLACK. LONDON, June 16.—Business was very slack on the stock exchange today, pending the American rate decision, the French and Bulgarian loans and the dealings of the near east and Mexican situations. Price movements were narrow and uninteresting, except in oil where there was a good demand and the latter advanced from 3 to 5 points.

RESTORED HEALTH. This is what thousands of suffering, run-down people look forward to with longing, and toward which they would sacrifice much. Many have spent their money in its pursuit—and thrown their money away.

YET HEALTH CAN BE YOURS. If you are suffering from a run-down condition, nervousness, breakdown, sciatia, lumbago, anaemia, or any of the many forms of bodily weakness, Electricity, as it is given to the body by the Dr. McLaughlin's Electric Belt, is your salvation, your hope of health.

Another Banner Year

H. B. Walker, manager of the Canadian Bank of Commerce at Montreal, has expressed the opinion that one of the strong features in connection with Canada's financial progress in London is the fact that so many banks are represented by officers of their own. He said Canada's credit has never been as solid as in the great money market.

WRIT AGAINST FORMER C. H. I. C. DIRECTORS

VANCOUVER, June 16.—W. R. Arnold, managing director of the Dominion Trust Co., gives the report of the affairs of the Canadian Home Investment Company, Ltd. Following this a writ has been issued by the Alpha Mortgage and Investment Co. and F. W. Law, agent Albert McKechnie, E. C. Mason, J. R. Seymour and former directors of the C. H. I. C. for the recission of a contract for the purchase of 711 shares and the recovery of \$71,000 paid under the contract.

EUROPEAN BOURSES.

BERLIN, June 16.—Trading was very dull, and prices were slightly weaker on the bourse today. The 100 per cent. bond, 5 1/2; 100 per cent. bond, 5 1/2; 100 per cent. bond, 5 1/2.

HAS INCREASED CAPITAL.

COBALT, June 16.—At a meeting of the York, Ontario, Silver Mines, Limited, a new board of directors was elected. The capitalization of this company has been increased from \$1,000,000 to \$1,500,000, and it is understood that a substantial sum has been subscribed for immediate development of their property on Cross Lake, viz., the old King Edward mine. It has been decided immediately to put the mill in condition to treat the ore, which is being done and it is expected to start milling in about three weeks. Extensive developments on the upper level were planned, and this, together with the sinking to the 1000 foot level, was commenced as soon as power for the drills is obtained.

GRIMSBY BEACH NOW OPEN.

One of the most attractive summer resorts in the province is the Grimsby Beach, in the vicinity of Toronto is Grimsby Beach. Many new attractions will be found there this season as well as splendid hotel accommodations. Steamer "Mascara" is now running to Grimsby, leaving Toronto at 8.15 a.m. and 2.00 p.m. Round trip fare only 75 cents. This is a delightful outing for the day or afternoon. Tickets at office Canada Steamship Lines, Limited, 46 Yonge or at Yonge street dock.

DISMISSED HOUSEKEEPER'S CLAIM.

Justice Middleton yesterday dismissed the claim of Mrs. Helen Herries, for seven years housekeeper for the late John Fletcher, of Barton Township, getting her dismissed from his farm under an agreement between them, but his honor suggested that in view of the fact that she had only been getting \$12 a month in wages the relative of the late John Fletcher might well make her some allowance.

TWO DIVIDENDS PASSED YESTERDAY

MONTREAL, June 15.—At a meeting of the directors of Smart, Woods, Limited, the dividend was declared on the preferred stock, payable July 15, and the dividend on the common was deferred. The company is an amalgam of the Smart, Big Co. and Woods, Limited, makers of balsa, rope, twine, etc. The consolidation was effected in 1913, and the common stock has up to the present been on a 5 per cent. basis.

GOVERNMENT RIFLES NOT CARRIED IN MARCH

OTTAWA, June 16.—Col. Hon. Sam Hughes, minister of militia, was back at his office this morning after a week-end trip. "What are you going to do about the 65th of Montreal for turning out in the Corpus Christi parade with rifles?" "They did not use government rifles," remarked the minister, and then he added: "I have taught the greatest subject, nothing whatever to say." The militia order against the carrying of rifles in church parades or religious gatherings prohibits the use of government rifles. The minister's incidental remark that they did not use rifles belonging to the government may explain the contention that no rule was violated by the corps. If, for instance, they carried arms specially loaned for the occasion, the regulation could be evaded.

NEGRO STABS MEN WHO MOCKED HIM

Two young men were stabbed in the back at the circus grounds yesterday morning by a negro, who was being escorted by a guard across the grounds. James Washbrook, 63 Westmoreland avenue, received a slight wound in the back, while his friend, William Law, 100 St. George street, received a wound in the shoulder. Neither is seriously hurt. The negro made his escape.

# Steel Pays Dividend

## STOCKS STEADILY MOVE DOWNWARD

Various Reports Cast Influence Upon New York Issues.

### GOLD STILL GOES

Immense Amounts Have Left Country Since January—Situation Serious.

NEW YORK, June 16.—The monotony of recent days on the stock exchange was broken today by a definite downward movement. Professional traders, wearied by profitless sessions of duress and narrow fluctuations, took a decided view to the short side. It was soon evident that the list was more susceptible to pressure, and selling increased. While the day's business was not large, stocks were put out steadily enough to force a progressive decline amounting to a point or more in a long list of stocks.

So far as definite developments went, there was nothing of sufficient importance to account for the decline. Of rumors there were plenty. Wall street happened to be in demand for more important stocks on them. Perhaps most important was attached to a report from Washington to the effect that the freight rate case would not be decided until next month and that the ruling was made it would be disappointing to the railroads.

It was understood that there was no official backing for the report, but it was used successfully for selling the market. Another report which belonged in the same class was that the Mexican meddlers were in such difficulties that negotiations probably would be broken off speedily.

**Gold Going Out.**  
With bearish sentiment in the ascendency, the street attached more importance today to the stream of gold which is still flowing out of the country. Today's engagement of gold for Europe amounted to \$5,000,000, bringing up the week's total to \$10,000,000. Since Jan. 1, \$25,000,000 of gold has been taken for Europe.

In spite of the reported increase in demand for copper metal, following the recent cut in the price, the fortnightly report of Bureau of Supplies and Commerce, especially Amalgamated, were inclined to be pessimistic.

London stock prices here, but its operations were not disposed of, principally the copper and Britannias. Bonds were irregular.

## ONE ACTIVE STOCK FEATURED MONTREAL

Apart From N.S. Steel, Market Was Dull Under Own Weight.

MONTREAL, June 16.—Apart from Scotia Steel, which continued its rally in anticipation of the favorable action on the dividend subsequently realized, the local stock market was dull and inclined to heaviness today. The general movement of prices, however, was very quiet. C.P.R. was fractionally easier, reaching 122, but recovering to its final level of Monday. Power showed a gain of 1/4 at 224, but in both issues closing quotations were slightly down from the previous day.

**Steel in Demand.**  
Brazilian was fractionally down at 77 1/2 bid. Steamships preferred 1/4 to 2 1/2, also the common shares were a little better at 1 1/4 to 1 1/2. Iron was heavy around 2 1/2 to 2 3/4. Car. was with stock offering at 1 1/2, closed at the close, Quebec at 1 1/2 to 1 3/4, closed 1 1/2, and Detroit at 62. Steel of Canada common touched a new low of 1 1/2. Chalmers fell 1/4 to 2 1/2, and closed 1/4 better. Thus all these issues business was very light, and the market sagged of its own weight rather than from any new or important selling pressure.

Scotia furnished more than half the day's business, 250 shares out of a total turn over in the market of 4500. The opening was at an advance of 1/4, and after a slight reaction the price worked upward under short covering and buying for long account in anticipation of the dividend being declared.

At the high it touched 2 1/4, but closed at 2 1/2 in the afternoon, but closed at 2 1/2. This left a net gain of 2 points on the day and of 1 1/2 points from the low of the slump last week. Hollinger continued strong, selling at 18.

Bank shares Montreal was an easier stock, selling at 230, against 233 in last previous sale. Bonds were fairly active, but without feature.

Total business 4512 shares, 316 rights, 1840 mines, 320,000 bonds.

## DIVIDENDS

Canadian Cigar & Foundry Company Limited, quarterly dividend of 1 1/2 per cent. on the preferred, payable July 25, to shareholders of record June 25. Transfer books will not be closed.

Halifax Electric Railway, quarterly dividend of 2 per cent. payable July 15.

Nova Scotia Steel & Coal Company, quarterly dividend of 2 per cent. on the preferred and 1 1/2 per cent. on common, payable July 15 to shareholders of record June 30.

SILVER AND DOLLARS.  
NEW YORK, June 16.—Silver, 50 1/2; Mexican dollars, 44.

## WHAT THE TAPE SAYS

Railroad heads uniformly report fewer men employed and increased number of idle cars.

President Wilson insists on carrying out entire anti-trust program and sending his bills to the Senate to be carried to early vote.

Holland, Switzerland, Denmark and Sweden forming a league for defence. Supreme court is nation's bulwark, says Swift.

Southwestern Pacific Railroad Company incorporated in California to build from Denver to San Diego at a cost of \$105,000,000. Colonel D. C. Collier, San Diego, president of twelve industrialists, declined \$125,000,000 offer. Americans in London quiet and steady.

George Buck, managing director of the Black Diamond Oil Co., believes that his well will strike a body of oil within the next few days. Night and day shifts are re-doubling their energies.

Samuel Drumheller has arrived in the city with a sample of black, oily fluid from a well now at a depth of 160 feet in the vicinity of Meechee Creek in the Red Deer Bad Lands.

Two capitalists from London, England, with \$10,000,000 at their command are their way to Calgary, accompanied by a geologist, to report on the oil fields.

H. Johnson, a California geologist, is here from Los Angeles and will spend a couple of months preparing a report on the Alberta oil fields for Californian capitalists.

T. A. P. Frost, the Calgary alderman, who is on an only pilgrimage to convert the effete east, has convinced the doubters of Winnipeg by demonstrating the superiority of Alberta oil, a large quantity of which he carries with him secured from the Dingman well.

Mr. Frost is leaving Winnipeg with several drums of native Alberta oil, for demonstration purposes in Toronto and other eastern cities.

**Tanks for the Dingman.**  
The directors of the Dingman Discovery well have ordered twelve 12,000 gallon tanks to be installed soon near the well. There is such a pressure (sometimes as high as 350 pounds to the square inch) that they are not uncap the well until they have better storage facilities.

**Oil Man Here.**  
J. Reynolds, an oil man, with a large experience in California and Texas fields, declares that there is no doubt in his mind about there being an extensive oil field here. He believes that he has already seen enough to convince him that there is going to be a huge oil field opened up in this vicinity.

**Drilling Regulations.**  
The new regulations state that development work must be commenced 15 months after the lease has been issued, and a rig must be put on the ground within 12 months. A syndicate may control a group of claims, provided to convince him that there is going to be two miles apart, and development work on one portion of these claims will be considered sufficient to hold the lands. Unless special permission is granted by the department within 15 months, the companies must have drilling operations in progress, on each claim more than two miles away from their other holdings.

## SCOTIA DIVIDEND HAS BEEN DECLARED

Directors' Meeting Held Yesterday When Action Was Decided.

HALIFAX, N.S., June 16.—At a meeting of the directors of the Nova Scotia Steel Co., held this morning, it was decided to declare the usual quarterly dividend of two per cent. on the preferred stock and 1 1/2 per cent. on the common stock. The dividends are payable on June 30.

A most satisfactory meeting, declared General Manager Canley, after the meeting, but beyond this observation he had nothing to say.

**MORE GOLD TO PARIS.**  
NEW YORK, June 16.—One million dollars of gold is being shipped for Paris, making a total of \$25,000,000 for the day.

OFFERINGS LIGHT AT STOCK YARDS

Cattle Receipts Comprised Many Grass-Fed Animals, Slow of Sale.

CHOICE STOCK WANTED

Offerings of Hogs Large and Buyers Were Indifferent to Trading.

Receipts of live stock at the Union Stock Yards yesterday were 73 carsloads...

Receipts of cattle were light; the quality, generally speaking, was not nearly as good as that of Monday's offerings...

Trade in cattle was quiet at steady prices, compared with Monday's market, when quality is considered.

Choice butchers' steers by the load sold at \$3.25 to \$3.40; choice steers and heifers at \$3 to \$3.25...

Stockers and Feeders. An indifferent demand showed that stockers and feeders were not selling as high as they were even last week.

Receipts of hogs were large and buyers were indifferent to trading. Choice hogs were sold at \$3.50 to \$4.00.

## Departmental Enlargements.

### Summer Sale Begins Early.

### Midsummer Reductions Anticipated

Important changes and extensions in several departments necessitate moving of stock, and, incidentally, furnish the occasion for starting our Summer Sale earlier than usual. We invite you to see the great improvements we have made, and to note those that are still in progress. Some departments are one-half larger than formerly. It takes more goods to fill them. Our buyers have been making special provision for the extra space. Manufacturers have responded with extraordinary values. The result is

#### A GREAT BUYING OPPORTUNITY

Sale prices prevail, and we will have something new to tell you day by day.
