ITALIANS GAIN GROUND IN NEW ATTACK

ITALIANS NOW HAVE RETAKEN ALL MATERIAL

Complete Recapture of Artillery and Arms Has Been Ascertained.

MUCH ENEMY BOOTY

Deal of Work Necessary Before Quantity Lost by Austrians is Known.

Rome, June 26.—Today's official statement says:

"Yesterday our troops, having completely recaptured the bridgehead of Casso Sile, extended it, provoking and firmly sustaining resolute counterattacks by numerous enemy forces. Eight officers and 371 of other ranks were captured.

"On the remainder of the front there were artillery duels of not very great intensity and activity by small parties.

"Between Mori and Loppio, one of our assault patrols surprised and destroyed an enemy advanced post, and capturing the survivors.

"Our flights dropped several tons of bombs on enemy ammunition dumps on the Venetian plain and on railway establishments at Mattarello.

"Seven hostile machines were brought down. Lieutenant Flavio Baracchini obtained his thirty-first victory.

"In the clearing up of the battlefield, a few hundred additional prisoners were taken.

"The complete recapture of all our artillery, arms and material has been ascertained. Only after long statistical work will it be possible to establish the enormous quantity of Austrian arms and material which remained in our hands."

ITALIANS RENEW FIGHT IN THE HIGHER ALPS

Advantages Secured in Mountains Despite Severe Resistance by the Enemy.

Italian Army Headquarters, June 26.—In the higher Alps there are evidences of renewed activity. Italian Alpini, surprising the enemy on the summit of Cavello, 10,500 feet high, in the Tonale region, took 60 prisoners and captured several machine guns.

North of Monte Grappa detachments of the fourth army, after violent artillery and machine gun preparation, made thrusts and secured advantages, despite severe enemy resistance.

Russians Now Would Welcome Military Action by Allies

Washington, June 26.—John Skokine, a member of the Russian commission sent to the United States by the Kerensky government a year ago, and now back from Paris, said today he had been in touch with sentiment in Russia, and learned that the people would welcome military action by the allies to save the country from Germany, though a few months ago such action would have been intolerable.

SUCCESSFUL ATTACKS BY BRITISH AIRMEN

Enemy's Airdrome at Belchem Bombed From Low Altitude, and Powder Works Hit.

London, June 26.—The air ministry issued the following report tonight on aerial operations:

"On Tuesday night successful attacks were made by us on the enemy's airdrome at Belchem. Observation was difficult, but much damage is believed to have been done and a fire was started. The bombs were released from a low altitude, and machine guns fired into the hangars. Our planes were twice attacked with machine gun fire by low-flying machines, one of which was brought to a standstill. A large number of bombs were also dropped on railway sidings at Metz-Stablon.

"On Wednesday, a railway establishment and powder works at Karlsruhe were attacked with good results. The powder works, main station and other buildings were hit. Our formations were heavily attacked by hostile airplanes, and three of our machines have not returned."

AMERICANS TAKE 264 PRISONERS AT BELLEAU

French Raid German Lines Near Montdidier, Says Official Statement.

Paris, June 26.—The number of prisoners captured by the Americans in their operation in Belleau wood was 264, according to the war office communication tonight. The French raided the German line northwest of Montdidier, adds the statement, inflicting losses and taking prisoners. On June 25, twenty-two enemy machines were brought down or forced to land in a damaged condition. Three Drachens were burned. German bombing planes in the night and day dropped more than 17 tons of projectiles on aviation grounds, bivouacs, cantonments and munitions depots in the battle zone. Explosions and fires were observed.

7,000 Strike at Bridgeport; Will Be Quadrupled Saturday

Bridgeport, Conn., June 26.—Their wage demands not acceded to, 7,000 machine workers dropped their tools at noon today and walked out of the various manufacturing plants of this city. They here say that 6,000 sympathetic strikers will leave the shops tomorrow and that by Saturday 20,000 men will be on strike.

CHANGES EXPECTED IN THE GOVERNMENT

Ottawa Paper Predicts Them When Premier Borden Returns From Conference.

FOSTER TO RETIRE

Hon. A. K. Maclean Likely to Get a Full Portfolio, and Other Changes Mooted.

Ottawa, June 27.—The Citizen says this morning:

"When Sir Robert Borden returns to the capital rumor has it that a number of changes will be made in the cabinet. It is reported, for instance, that Sir George Foster, minister of trade and commerce, will go to the senate and retire from the department, while Hon. A. K. Maclean, who made good as acting minister of finance, is likely to get a full cabinet portfolio. At present he has none, but is heard of in connection with reconstruction and development.

"The announcement that Mr. Flou-din is to return to the postoffice department suggests the probability of his qualifying with a seat in the senate. It is rumored, for example, that Lieut.-Governor Leblanc of Quebec will resign because of ill-health and be succeeded by Hon. Joseph Bolduc, speaker of the senate, thus creating a vacancy in the upper house for Mr. Flou-din's parliamentary secretaryship of the postoffice department may be created, and in that connection the name of J. D. Armstrong, of East Lambton is prominently mentioned.

"Other changes are also mooted. It is to be remembered that the premier is pledged to give Liberal cabinet representation on the fifty-fifty basis, and they are now about three short of it, so the new men are likely to be largely of that political stripe. F. P. Pardee and one or two of the prominent men not in politics may land in the cabinet. If Mr. Crofters retires, Hon. Gideon Robertson, with a seat in the house, would probably succeed him."

SOARING EXCHANGE RATES

New York funds continue to be quoted at the greatest premium ever recorded in Toronto and Montreal. Financiers in close touch with the situation frankly admit that they look for little relief until the new crops are ready to be moved, and, whether or not the strain will then be relaxed, they point out, will depend upon the willingness of the United States to advance credits.

"There will probably be a slight drop in the premium, which is at present virtually 2 1/2 per cent, within the next few weeks, but a trying situation is bound to continue until September or October at earliest. It was stated in The World yesterday. Remittances across the border to meet interest on obligations, and for refunding purposes, in the case of maturing debentures, around July 1, will make a total of eight or ten million dollars. However, the easing of the tension after these payments are disposed of will not materially affect the premium on New York funds.

Some weeks ago, when the premium reached two per cent, an unprecedented height, up to that time, considerable uncertainty was caused in Canadian financial and business circles. This week the record of 27-16 was reached in Toronto and Montreal, following Sir Thomas White's announcement that the placing of a large Canadian loan in the United States was impracticable because of the high rate of interest. It would be necessary to pay. It is not unlikely that a new record will be established before the week is over. As an instance of the abnormal character of the rate now ruling on New York funds, it is only necessary to refer to the fact that a year ago the premium was only one-sixteenth of one per cent.

Will Resign

Dr. von Kuehlmann To Give Up Portfolio of Foreign Secretary.

Basle, Switzerland, June 26.—A rumor has reached here from Berlin that Dr. Richard von Kuehlmann, the German foreign secretary, will resign his portfolio.

LIES AS TO ORIGIN OF WAR, SAY PARIS

German Foreign Minister's Speech Bitterly Criticized by the Papers.

Paris, June 26.—The newspapers of Paris devote much space to the address of Dr. von Kuehlmann, the German foreign minister, and reproach him for repeating "lies as to the origin of the war."

The Petit Journal declares that the orator must "have an abnormal dose of impudence to declare, the day after the German emperor had gloried himself in that he foresaw the war, that Russia and the entente started it.

"In the midst of ambiguities," the newspaper says, "can be seen the deadly uneasiness of the Kaiser."

The speech was intended for German consumption, in the opinion of The Excelsior which says that the German people need such "recomforting tonics."

The Petit Parisien sees an economic war after the war, and the Echo de Paris thinks that the daily strengthened economic league of the allies has crushed Germany's political arms, and that the anger of the German leaders was expressed thru the foreign minister.

The Matin declares that such addresses as that of Dr. von Kuehlmann are intended to "deceive us."

They say it is evident that there has been no progress and that the world is no nearer the hour of peace "for which Germany is not yet ripe."

AIR RAID ON PARIS BY GERMAN PLANES

Paris, June 27.—German airplanes penetrated the anti-aerial defences of Paris Wednesday night and several bombs were dropped, causing material damage, says an official statement issued early today. The statement reads:

"At night several groups of enemy airplanes were perceived coming in the direction of Paris. An alarm was given at 11.16 o'clock. The aerial defences went into action and the aircraft factories threw up a violent curtain of fire. Several bombs were dropped, causing material damage. All clear" was sounded at 12.35 a.m. Thursday."

A RECORD IN MAY OF SUNK U-BOATS

London, June 27.—The month of May was really the most favorable we have yet had."

This is the comment of Archibald S. Hurd, the naval writer with the Daily Telegraph, who adds:

"It is common knowledge that, owing to the large number of submarines destroyed, the price of shipping has risen for every ton of shipping sunk than in any corresponding period since piracy was inaugurated.

"The offensive by sea was still being maintained by the Germans during May with the utmost vigor, but in spite of the unprecedented number of submarines sent to sea only 24,000 tons of British tonnage was lost, as compared with 374,000 in May of last year."

Germans Bluffed With Yarns About Capture of New York

With the American Army in France, June 26.—German prisoners captured by the Americans on storming the Belleau wood section last night now number 250, including 7 officers. One of the officers said the German commanders have been telling the soldiers that the Germans have landed an army in America, captured New York, and are now marching towards Philadelphia. The Germans also are told that submarines have sunk between 40 and 50 ships in Long Island sound.

ENTIRE COUNTRY SLOWLY STARVING

Austria-Hungary Said to Be Without Food of Any Kind.

HARVEST OUTLOOK BAD

Grains Are Poor, Potato Yield Small, and There's No Fruit.

Copenhagen, June 26.—The harvest prospects in Bavaria are extremely bad and the Bavarian Agricultural Council is preparing the population for further suffering, according to a Munich despatch to The Berlin Tageblatt. Frosts have affected the crops in the kingdom, and they have also suffered from drought. Rye is in particular had state, the advices add, while the potato yield is expected to be very small, and there is virtually no fruit.

Entire Country Starving.

London, June 26.—The internal situation in Austria-Hungary continues to be disturbed intensely, according to the correspondent of The Daily Mail at Anemasse, on the Franco-Swiss frontier, who claims to have authentic sources of information. Under date of Monday he says that the strikes in Hungary are extending.

The correspondent says it is not improbable, despite Germany's help, that the entire country is slowly starving. According to rumors received by way of the Austrian legation in Bern, the Austrians are marching into Bohemia to restore order.

Prague is reported to be without bread, meat and potatoes, and Galicia is almost a waste land.

Saxony Needs Food.

Amsterdam, May 26.—The Dresden newspapers, says a despatch to The Telegraph from the Saxony capital, have published an appeal to the government for relief from the critical food situation in Saxony, which is described as the worst in the empire.

What Soldiers Eat.

Rome, June 26.—An official chemist examination of the black bread eaten by the Austrian soldiers who were in the Italian campaign showed 32 per cent of oat flour, the remainder being ground up wood shavings, straw, hay and other unintended ingredients.

Thousands Courtrai Inhabitants Sent to Sedan for Road Work

Washington, June 26.—An official despatch from France today said that a thousand of the inhabitants of Courtrai have been ordered to leave for Sedan, where they are compelled to work on the construction of roads and trench building. All those condemned to serve in prison by the German courts also have been sent to Sedan to work on military roads.

WANT BOARD TO INVESTIGATE.

London, Ont., June 26.—The members of the Italian Airplane Flying Club in this city, who have been charged with the charges that have been made in connection with the brigade investigated by a board of conciliation instead of by the county judge as the city council has decided. They may take a strike vote shortly, it was announced tonight.

INFLUENZA EPIDEMIC AMONG GERMAN TROOPS

Prevalence of the Disease is Hampering Preparations for Offensive Operations.

London, June 26.—Influenza is now epidemic all along the German front, according to advices received here from the Dutch frontier, and the prevalence of this ailment is said to be hampering the preparations for offensive operations.

"The total of men sent to hospital on account of influenza has risen rapidly in all the German units in the past few days, and special hospitals are being established in the rear areas dealing solely with this disease. Thus far only the more serious Spanish type, which recently prevailed in France, of the 26 members of the Belgian Armored Motor Corps, who passed thru the United States last month en route from Russia to the Belgian front. They visited many cities in this country, and assisted in the Red Cross hundred million dollar war fund campaign.

Belgian Armored Motor Corps Has Arrived Safely in France

Washington, June 26.—Major Osterrieth, chief of the Belgian military mission, announced today the safe arrival in France of the 26 members of the Belgian Armored Motor Corps, who passed thru the United States last month en route from Russia to the Belgian front. They visited many cities in this country, and assisted in the Red Cross hundred million dollar war fund campaign.

BRITISH FRONT IS QUIET.

London, June 26.—"Beyond artillery activity on both sides in the different sectors," Field Marshal Haig announced from headquarters in France tonight, "there is nothing of special interest to report."

KERENSKY REACHES LONDON IS SEEKING AID FOR RUSSIA

BRITISH SEAPLANES ACTIVE SINKING MINES AND U-BOATS

Naval Air Force Contingents Have Also Carried Out Day Bombing Raids on Bruges and Ostend Docks.

London, June 26.—The following official communication dealing with aviation was issued by the admiralty this evening:

"During the period from June 20 to June 23 air force contingents with the navy carried out day bombing raids on the Bruges and Ostend docks. About four tons of bombs were dropped on quays and sheds. An enemy drone at Mariakerke was bombed.

"In home waters during this period, in spite of unseizable weather, anti-submarine escort duties were maintained by airplanes, seaplanes and airships. Enemy mines were located and sunk and submarines were attacked.

"It has now been ascertained that the pilot of a large seaplane who was forced to alight near the coast of Holland June 4, shot down another enemy seaplane, making a total of three destroyed on that occasion."

GRAIN GROWS FAST AS RESULT OF RAIN

Regina, June 26.—Wheat in the short blade in the province according to reports received by the Saskatchewan Co-operative Elevator Company, from their representatives from all parts of the province, and made public tonight. The reports also show that crop conditions have greatly improved during the past week as a result of local showers, which have fallen almost everywhere.

Slight hail seems to have accompanied rains in many parts of the province, but from no districts was extensive damage from this source reported. Avonia, south of Regina, reports wheat 12 inches high, but backward owing to drought. As a result of heavy rains the grain is growing rapidly, and crops have much improved.

AIRPLANE IS READY TO CROSS ATLANTIC

Italian Inventor Makes Offer Which Will Be Submitted to Washington Authorities.

New York, June 26.—Signor Caproni, the Italian airplane inventor, already has a machine capable of flying across the Atlantic, and is ready to send it to this country or to build one here, according to his plans, the executive committee of the Aero Club of America was advised tonight by Lieut. Belloni of the Royal Italian Flying Corps. Hundreds of aviators, he declared, would willingly take the initial flight.

The plan, it was stated after the meeting, will be laid before the proper government officials in Washington with the recommendation that Signor Caproni's offer be formally accepted thru the Italian Government.

In his statement to Alan B. Hively, president of the club, Lieut. Belloni pointed out that the machines could be built in American airplane factories in large numbers, and as there were plenty of airmen available for the service, there only remained organization, faith and skill to make transatlantic flying successful.

AVIATION REPORT.

Ten Enemy Planes Destroyed and Four Driven Down Out of Control.

London, June 26.—The official communication dealing with aviation issued this evening says:

"The weather conditions on June 25 were unfavorable for artillery observation, but some hostile batteries were located and reported by our machines. A number of reconnaissances also were carried out and photographs taken.

"In air fighting, ten enemy airplanes were destroyed and four driven down out of control. Seven of our machines are missing.

"The total of bombs dropped during the day and night amounted to ten tons."

TEASPOONFUL A MEAL U. S. SUGAR ALLOWED

Order Issued by Food Commissioner Which Will Be Effective for Six Months.

Washington, June 26.—The restriction of the American people to one and a half ounces of sugar a day for each individual during the next six months was ordered today by Food Commissioner Herbert Hoover. The amount is about one teaspoonful of sugar in this country, together with the absence of mercantile vessels to import hundreds of thousands of tons of sugar from the Philippine Islands, Java and other sugar-producing countries, mentioned as the reason for the curtailment.

Mr. Hoover's allotment is three pounds a month to each person. This is at the rate of 16 ounces for each 30 meals, or about one-half ounce to each meal. The reduction is estimated to amount to 25 per cent, below the normal consumption of sugar.

Former Premier is Combating Spread of German Influence and Intrigue, and Will Visit the United States.

Washington, June 26.—The unheralded appearance in London today of Alexander Kerensky, former provisional premier of Russia, together with his announcement that he is on his way to America, and that he is certain Russia soon will be fighting again with the forces of democracy against German domination, furnished the subject for a discussion in official and diplomatic circles that covered a wide range.

As there apparently had been no intimation of Kerensky's intended visit to this country, speculation naturally centred around his purpose in coming. The belief seems to be general that he not only will seek to enlist the support of his own people in this country in his efforts to rehabilitate Russia and cast off the German yoke, but will discuss the subject with officials as well.

His Many Possibilities. Appearing as he does at a time when both the United States and the entente governments are earnestly considering how they may best aid Russia to rid herself of German influence and establish a stable government, the visit of the one-time dictator of that stricken nation is regarded by officials as having many and far-reaching possibilities.

Coincident with the appearance of Kerensky in London, John Bookin, a member of the Russian commission sent to the United States by the Kerensky government a year ago, and now just back from France, announced today that he had learned from intimate reports from Russia that the people would welcome military action by the allies to overcome German domination.

A few months ago, Mr. Bookin said, this action would have been intolerable to the people, but German aggression in spite of the Brest-Litovsk treaty has caused so much suffering and privation that allied intervention now would be hailed with relief.

Mr. Bookin's statement and that of former Premier Kerensky concerning the change in the sentiment of the Russian masses served to bear out reports received at the state department. It is known that for some time powerful forces have been gathering within Russia itself to restore order and establish a government in accord with entente governments.

Hiding in Moscow. It developed today that Kerensky actually has been in Russia most of the period of eight months since his government suddenly was overthrown by the Bolsheviks. Also undoubtedly sought by the Bolsheviks, he is understood to have been hiding in Moscow and in the Caucasus, directing his agents in combating the spread of German influence and intrigue. However, it has not yet been made clear to what extent Kerensky represents the elements seeking to set up a strong government in Russia and to what use he will be put in the allied plans for rehabilitation of that country.

Additional reports of resentment among the people of Russia of German domination continue to reach the Washington Government. An official said today that latest news shows the country still in chaos, with the masses beginning to understand that Germany is largely to blame for conditions.

Reports from Moscow to Washington are that workmen in the Ukraine are in open revolt and that efforts are being made to form a new government at Kiev. Grave disorders are foreseen by officials here in the districts where the peasants are being robbed of their land and where the workmen's control of the factories thru their committees has been overthrown and lower wages and longer working hours put into effect.

Spoke in London. London, June 26.—The appearance of M. Kerensky before the labor council today was merely preliminary to a speech which he had expected to make tomorrow. He had planned to address the delegates at greater length.

M. Kerensky expects to go to Paris, perhaps before the end of the week, and a few days later to sail for America. He left Russia less than three weeks ago, by way of Mourmansk. Between the days of his disappearance from public affairs and then, he spent the time in Novgorod, Petrograd and Moscow. His wife remains in Russia, in hiding with their children.

Altho Kerensky's evasion of the police agents of his own country was facilitated by a monastic and long beard, which he grew in his long months of hiding, he did not think this sufficient to disguise himself, and added the dress of a soldier servant. A friend procured for him the pass and other papers of an orderly, and finally he began to move more publicly about the streets of Moscow. Finally he risked passage on the railway and got out of the country.

One man with whom he has conferred much since his arrival here is M. Stachovich, his own appointee as ambassador to Spain, who was summoned to London a few days before

PEMBERTON BILLING ON THE WRONG SCENT

Is Told in Commons Sir Albert Stanley's Name is Not Nuttmeyer, But Knatteries.

London, June 26.—Noel Pemberton Billing, member of parliament for the east division of Hertfordshire, whose activities include a crusade against all persons of German origin, attacked Sir Albert Stanley, president of the board of trade, in the house of commons this afternoon. He elicited the reply that Sir Albert's family name was Knatteries, that he was from Derbyshire, and had no foreign blood.

Mr. Pemberton Billing put the following question to Andrew Bonar Law, the government spokesman in the house: "Is the president of the board of trade a German of the name of Nuttmeyer, and does he hold his position thru the influence of a German who is now working in Derbyshire, and had no foreign blood?"

Mr. Bonar Law replied that he knew Sir Albert Stanley and no German blood or connections. Sir Albert promptly explained the matter to the house. He said that his father and mother were born in Derbyshire, that the family was English for many generations back, and had no trace of foreign blood. Knatteries was an old English name, but very difficult to pronounce; hence his parent had changed it after he had resided for some years in America. This statement was greeted with cheers and laughter.

Total Captures by Italians Nearly Eighteen Thousand

Italian Army Headquarters, June 26.—With the capture yesterday of between 2,000 and 3,000 prisoners, the total captures by the Italian forces during the counter-offensives are brought up to the neighborhood of 18,000 men.

Wage Question Has Been Settled in Port Arthur Shipyards

Port Arthur, Ont., June 26.—The wage question at the Port Arthur shipbuilding plant, which has been threatening trouble for some time, was settled this evening by the adoption of a schedule of nine hours' work for not less than ten hours' pay.

U. S. SUGAR ALLOWED

Order Issued by Food Commissioner Which Will Be Effective for Six Months.

Korensky's arrival. His chief object in going to Paris is to confer with M. Sidakoff, the Russian ambassador there, who is reported to be favorable to the growing sentiment of allied intervention. M. Stachovich is one of those who signed the communication appealing to President Wilson for intervention in Russia.

Russia is Recovering. M. Nabokoff was the first person to greet Korensky upon the latter's arrival in England, and has spent more time than any one else in London with the former Russia premier. In his conversation with the Associated Press representative, M. Nabokoff said: "Korensky told me that Russia is like a strong man recovering from sickness. She is healthier than before. All she needs is assistance from the outside. She does not want interference in her internal affairs. That problem she will solve in her own way. It is economic and financial aid that she needs."

"Korensky is not a social revolutionary," he added. "He is a citizen of Russia, and appeals to all intelligent Russians everywhere in behalf of the fatherland. He especially welcomes American aid, because he knows it will be distributed and not the result of political ambitions. He dislikes the use of the term 'intervention' as applied to Russia. He prefers to term it 'assistance' because he does not believe that Russia has gone out of the war. He insists that the Russian front still exists, and that it has been merely pushed back by the Germans and Austrians, and will be restored by the resurrected Russians, who are rapidly recovering from their illness."

RATEPAYERS HEAR TALKS ON TAXATION

Chairman of Assessment Committee and Others Speak in Ward Five.

Taxation and assessment were discussed last night at a meeting of Ward Five ratepayers in Givens Street School, over which George Ellis presided. The chairman, in his opening remarks, charged that the present system getting advantage at the expense of the smaller ratepayers; he cited the case of the Dominion Gas Company.

Alderman Ball spoke as chairman of the special assessment committee of the city council, and he enumerated various topics which should be considered, and which would later be formulated and presented to a special committee of the legislature.

PTE. ALBERT E. HARVEY KILLED WHILE FLYING

Pte. Albert E. Harvey, No. 71028, Royal Air Force and the second son of Joseph Harvey, 163 Niagara street, was killed in an airplane accident at Camp Borden at 12:15 yesterday. No other information was contained in the despatch to the parents. Pte. Harvey was 20 years of age and had been attached to the aviation department of the Royal Air Force at Camp Borden. He was drafted in March of this year in the R.A.F. and had made rapid advancement, having passed all his examinations with high honors. Less than a week ago he visited his home during the summer of his marriage to his sister. The family last night wired the authorities to forward the body to Toronto.

WAR SUMMARY

THE DAY'S EVENTS REVIEWED

While the Italians have been busily engaged in cleaning up the Piave battlefield, gathering together the spoils of war and making straggling Austrians prisoners, the American troops stationed in the Belleau Wood northwest of Chateau Thierry have been devoting their time to showing the Germans again the fighting timber of which they are made.

CHURCH ANNIVERSARY DRAWS LARGE CROWD

Cabinet Ministers Give Addresses at Meeting at Little Trinity.

Flags were flying, music filled the air and a holiday spirit animated the crowds of men, women, and particularly children, gathered at the corner of Erin and King streets last night in and around the old little church which has stood as a sentinel for the last three-quarters of a century in that part of Toronto.

The occasion for the festivities was the 75th anniversary of the foundation of Little Trinity Church, the second oldest house of worship in the city.

The church green was covered with a merry and happy throng assembled to celebrate with their pastor the 75th anniversary of the church's foundation.

After the choir selections and songs, Major (Rev.) Canon Dixon, pastor of the church, and Hon. G. Howard Ferguson, minister of lands and mines, delivered short addresses appropriate to the occasion.

DOCTOR DECLARES INFANT FOUND IN DON RIVER HAD BEEN BORN ALIVE.

The inquest into the death of the newly-born female infant found in the Don River about 100 yards north of Winchester street on the morning of June 25, and afterwards identified as the daughter of Eve and Ernest Hennessey, 74 Ann street, was held last evening before Coroner Dr. W. G. Russell.

Brampton VISIT BRAMPTON

Hon. George S. Henry and Dr. Cody See Work of School Children.

The excitement in the school of Brampton was infectious yesterday morning on account of the anticipated visit of the minister of agriculture, Hon. G. S. Henry, and the newly-appointed minister of education, Dr. Cody. Every boy and girl was in gala costume for the occasion, and on behaviour to match the costume.

As soon as the party arrived from Toronto, Chairman McCulloch introduced the members of the school board, Messrs. Hollis, Packham, McCulloch, Harme, and others, and they were taken to the school building.

The Toronto party included Hon. G. S. Henry, Dr. Cody, William Bailey, assistant deputy minister, and A. E. V. Richardson, commissioner of agriculture for Ontario, who is visiting agricultural conditions in Canada.

Moving pictures were made of the school children who were marched out in front of the new school to be reviewed by the new head of the educational department, and gravely gave the salute when they were presented.

More moving pictures were taken for the publicity department of the provincial government when the little ones were reviewed on the steps of the new school, addresses were made by the school children, and the minister and his party were taken to the school to inspect the grounds. Both ministers are visitors expressed delighted surprise at the boys' garden. What last year's garden field is this year a well cultivated garden containing 80 plots, each 20 by 25 feet. One boy was seen to be watering with the idea of removing the last bit of the common enemy, which grass, that he would return to the garden.

RIGHT OF SEARCH IN FOOD HOARDING

Authorized Representatives of Food Board May Enter Suspected Premises.

Ottawa, June 26.—In order to facilitate the operation of the anti-hoarding law, an order has been passed giving to an authorized representative of the Canada Food Board the right to enter and search any place where it is suspected that food is illegally held or offence committed against the Canada Food Board regulations. The order provides that any person duly authorized by the food board, who has reason to suspect that any building, vessel, vehicle, receptacle or place contains any food or foodstuffs in excess of the quantities prescribed by law, or who has reason to suspect that any offence against the regulations of the food board is being, or has been, committed, upon or within such premises, may enter the latter at any time of the day for purpose of examination, search and inspection.

Any justice who is satisfied that there is reasonable ground for believing that food in excess of the legal allowance is held or that there is anything in such premises which would afford evidence as to the com-

mission of any such offence, may issue a warrant authorizing search and seizure.

Refusal or failure to admit any person authorized by the Canada Food Board or any constable or other person acting under the search warrant issued by any justice, or any attempt to obstruct the entrance of any duly authorized person, constitutes an offence involving a penalty of not less than \$25 and up to \$1000, or imprisonment for three months, or both fine and imprisonment.

When any person is charged with any violation of any of the food regulations, the burden of proving that food held by him or under his control is not held contrary to or in excess of the quantities prescribed by law shall be upon the person charged.

A penalty of from \$100 to \$1000, or imprisonment, or both fine and imprisonment, are provided for violation of the new regulations.

ELECTED BY ACCLAMATION.

Kentville, N.S., June 26.—Hon. H. H. Wickwire, recently appointed minister of highways in the Nova Scotia Government, a new portfolio, was today elected by acclamation here. DOHERTY DENIES HIS SON IS LIABLE

Ottawa, June 26.—It having been represented that Rev. W. D. Spence, president of the Ministerial Alliance of Guelph, had not received an answer to a series of questions addressed to Hon. C. J. Doherty, acting prime minister, regarding the Guelph controversy, Mr. Doherty yesterday stated that an answer had been sent by his secretary and mailed Sunday night. The letter states that his son became 19 years of age on Dec. 1, 1917, and consequently does not come within the act, having entered on the 30th March, 1918, and was, and is, free from any obligation whatsoever under the law, including, of course, any obligation to submit to military medical examination or to register in his military district. The letter adds that he did present himself for examination and was examined by four physicians, all members of the examining board appointed under the act, and was found unfit.

The troops are kept at the segregation camp, Frensham, for a time after their arrival. During their sojourn there, all extractions are attended to, and the nominal rolls are then sent to the training camps to the assistant director of dental services. At the training camp all the men are paraded to dental clinics and are made "dentally fit." What this means to the comfort of the men and their general health will be especially appreciated in Canada, where care of the teeth is so well understood.

Before going to France, all the men

ALL OVERSEAS MEN ARE DENTALLY FIT

Sir Edward Kemp Also Reports Ravages of Trench Mouth Are Under Control.

Ottawa, June 26.—The following has been received by the militia department from Sir Edward Kemp, minister of overseas military forces:

It will be of interest to the Canadian public to know that every man in the Canadian army in England is "dentally fit." One of the first things that happen to a soldier on his arrival in England is to have his mouth examined. A nominal roll is then made out and the details of the dental conditions are set after each name.

The troops are kept at the segregation camp, Frensham, for a time after their arrival. During their sojourn there, all extractions are attended to, and the nominal rolls are then sent to the training camps to the assistant director of dental services.

At the training camp all the men are paraded to dental clinics and are made "dentally fit." What this means to the comfort of the men and their general health will be especially appreciated in Canada, where care of the teeth is so well understood.

Before going to France, all the men

are again paraded. They are given a thorough examination and are made "dentally fit" before they are allowed to go to the front. The Canadian army dental corps has 44 dental officers operating in hospitals in addition to those working in training areas. The special clinic equipped and donated by the Ontario Government at Oppington is doing specially efficient work with men who have been wounded in the face, who have sustained fractured or splintered jaws, or other complex injuries.

By microscopic diagnosis and systematic treatment, together with the aid of segregation to stop the spread of infection, the ravages of "trench mouth," which were assuming disgusting proportions, have been brought under control. There were 2,000 cases early in the year, and it was spreading and the number of cases increasing. There are now less than two hundred cases.

In this connection it is interesting to note that the measures taken by the Canadian dental authorities were placed at the disposal of the New Zealand forces, who expressed warm appreciation. They are inaugurating the system in New Zealand, where "trench mouth" has assumed serious proportions among returned soldiers.

FIRST STEAMER TO LABRADOR.

St. John's, Nfld., June 26.—The steamer Neptune has arrived from her first trip to Labrador this season and reports weather conditions very favorable. Many harbors are ice-bound. No fish is reported on the coast and the outlook generally is unfavorable.

MEN HAVE THE RIGHT TO JOIN A UNION

Ottawa, June 26.—The following statement was given out this morning by Hon. T. W. Crothers, minister of labor:

"Perhaps in larger numbers than ever before, complaints reach the minister of labor from workmen that their employers forbid, upon penalty of dismissal, their becoming members of any labor organization. Upon investigation, such complaints are generally found to have been well founded."

The minister deeply regrets this attitude on the part of so many employers, believing it too well calculated to produce serious labor disturbances. He maintains that every man must be at perfect liberty to associate himself with his fellow workers in any legitimate labor organization without thereby subjecting himself to penalties or discriminations of any character. He expresses the hope that employers may accept his attitude in this regard, and that henceforth no just cause for such complaints may arise.

ALL GALT REGISTERED.

Galt, June 26.—Registrar D. J. Fleming for South Waterloo announced this afternoon that completion of registrations on Saturday last showed a total of 21,708 having complied with the order out of a population of 31,884. It is believed that every adult over 16 years complied with the order, the remaining 10,000 of the population being children.

CALL FOR TENDERS TO BURY SOLDIERS

Kingston, June 26.—Severe criticism of the militia department in calling for tenders among local undertakers for the burying of the bodies of soldiers who have died in local military hospitals was heard here today. Local undertakers have been asked to tender for the work and it is understood that similar requests have been made to the undertakers in all the military centres. At the present time local undertakers are paid at the rate of \$50 for each body, and even this sum is regarded as too small an amount in the case of men who have fought on the battlefield and given up their life.

Cases are known where the relatives of soldiers, after finding out from undertakers just what is being done, have paid money out of their own pockets to provide a better burial. Apparently the matter of asking for tenders has been kept a secret, but it managed to get out today. Even at \$50 an undertaker has very little to work on to provide a decent burial to a soldier.

C.P.R. STRIKE IN SASKATCHEWAN

Moose Jaw, June 26.—Machinists, specialists and helpers of the C. P. R. system here and at all divisional points throughout Saskatchewan quit work this morning. They declared a general sympathetic strike in connection with the walkout in Winnipeg.

SCHEME FOR LAYING STREET CAR TRACKS AS FAR AS LEASIDE

Hon. Wallace Nesbitt Draws Up Plans Forwarded to Mayor Church.

NEW CEMENT BRIDGE

One Would Be Required to Be Built Just West of Astley Avenue.

Further suggestions continue to be made for the opening up of Leaside by means of new roads and a system of street cars. Everybody admits the necessity of doing something to afford access to the new town in the making; but just how it should be done, where the car lines should be taken and which are the best roads to use are the points of difference of opinion.

Wallace Nesbitt has come forward with a scheme for the city to build a street railway on and from the Rosedale bridge over to the new military hospital, and branch off easterly to the head of a certain bridge, which purposes should be thrown across the ravine south of the railway tracks and just west of Astley avenue and north of Government House; thence across the Cadmore property to the Pottery road and under the C. P. R. tracks by a subway, for which, he says, there is a natural opening and thence up the ravine into Leaside.

In a letter to Sir William Meredith, who in turn handed it over to Mayor Church, Mr. Nesbitt outlines a scheme which he has had in his mind for some time. The idea, he says, is that the Canadian Northern, under its branch line six-mile power, should run from Leaside down to connect with the railway at the end of the bridge on the city side, and thence would give from Leaside directly into the city a continuous street railway transportation. The cement bridge was at that time figured at a cost somewhere about \$35,000, and the building of it was authorized by chapter of the Ontario statutes, 1915, an act to amend the Local Improvement Act.

Assessing the Cost. "It was then intended that the cost of it should be assessed, partly on Leaside, partly on the other properties benefited, and it was thought the city would contribute a portion, and under the present scheme the city would no doubt come in under it. The assessment in this way could be worked out so that the city would partly contribute, the properties in the township of York, including Cadmore, Davies property, etc., would contribute, and the properties between Cadmore and Leaside in the municipality of Leaside, would contribute.

Suggests a Driveway. "I shall be glad if you will turn this over in your mind and perhaps the civic guild could make a definite recommendation which the government and the township and city authorities would, in view of the improvements in Leaside and the military hospital, and the necessity for railway accommodation, be glad to fall in with. I think, of course, one of the chief recommendations, looking to the future, would be a driveway to connect practically from the waterfront, around thru Leaside by way of Eglinton ave. or St. Clair, with the drives up Yonge street and the Vaughan road, to the Home Smith highway, and Toronto and Hamilton highway, etc., making a beautiful and complete system of drives about this city. Why an Endowment Fund?

Victoria has been running behind at the rate of \$20,000 a year. Annual subscriptions might be obtained to cover the deficits, but money thus secured would be dissipated each year to meet debts, and the college would have a yearly campaign on its hands.

Contributions made to this endowment fund will always be the property of the college and will earn sufficient revenue to wipe out these annual deficits.

Your contribution to the endowment fund will aid in the education not only of students of today but their children and grand-children.

Campaign Office, Room 45, Trusts and Guarantee Building, 120 Bay Street.

WOMEN ARE WANTED IN THE AIR FORCE

Opportunities to Help Win the War and Earn Good Money.

Opportunities for women are every day presenting themselves in more or less alluring forms, and amongst the latest opportunities is that of being employed in many connections with the always fascinating air service. It is true that the opportunity to "fly" is not yet at hand, but with changes occurring as rapidly as they are now being, it may happen that women as "flyers" may be not far remote.

Meantime women are now to be employed by the Royal Air Force units in Toronto, Beamsville, Hamilton and Deseronto. They will be engaged as civilian subordinates in exactly the same way as are the large number at present employed at the headquarters, Church street. In all cases they will be engaged direct by the officer commanding units and not thru a central organization.

Units in Toronto requiring women are as follows: 43rd wing headquarters, Leaside; No. 4 School of Aeronautics, the University; recruit depot, Jesse Ketchum School; stores depot, Hayden House; engine repair park, Atlantic avenue; airplane repair park, Strachan avenue; M. P. section, Dupont street; cadet wing, Long Branch.

Service is terminable by one week's notice on either side, and superintendents will be appointed to look after the welfare and working conditions of all women employed.

Rates of pay are stated below—Clerks: First class, \$18; second class, \$14; third class, \$12; fourth class, \$10. Stenographers: First class, \$18; second class, \$14; third class, \$12; fourth class, \$10. Clerks (telephone operators), day work only: First class, \$14; second class, \$12; third class, \$10. Cooks: First class, \$15; second class, \$13; third class, \$12. Officers' mess waitresses: First class, \$12; second class, \$10; third class, \$8. Spicemen, helpers: First class, \$12; second class, \$11; third class, \$10. Storewomen: First class, \$17; second class, \$16; third class, \$15. Superintendents: First class, \$30; second class, \$25; third class, \$20. Workers (in all trades): First class, \$17; second class, \$15; third class, \$13. Drivers, petrol: First class, \$12; second class, \$11; third class, \$10.

All women will be engaged in the lowest rates of pay for their particular class. They will gain the higher rates by promotion.

DOCTORS ARE CONCERNED OVER PUBLIC HEALTH

The Ontario Medical Council is to appeal to the government to see what can be done about the depletion of doctors by the Military Service Act.

The doctors in session yesterday were much concerned over the future of the medical men for the army, as well as the civilian population are to come from, if the army grabs them as they see fit for its maintenance. Statistics from the schools were given to substantiate the statements.

In the morning Dr. Jules Johnson urged the medical council to take some action on the matter of the depletion of doctors to take up themselves, and not looking the public in a wrong light. A motion asking for the Ontario Medical Council to take steps to amend the Patent Medicines Act was passed.

A resolution was passed without comment to the effect that the council felt that some steps should be taken by the government to supervise the sale of patent medicines for military service showed a weakness in that direction.

ONLY LABOR SHORTAGE WILL DELAY VIADUCT

Providing council approves, Dr. H. E. Eaton, whose house party encroaches on the new roadway leading from the head of Sherbourne street to the Bloor-Danforth viaduct, will be paid \$2,000 as an interim payment, providing he gives up possession not later than August. His property, the city admits, is worth considerably more than this and arbitration proceedings will be taken to arrive at a valuation.

Commissioner Harris was asked yesterday if Dr. Eaton's occupancy would interfere with the city's work of grading the roadway and laying the street car tracks.

"It will not delay us," he answered. "If we are delayed it will be on account of shortage of labor and nothing else. We have already commenced work at this end."

"The labor situation again," he explained. "The material for the bridge to span Glen road is already ordered. The structure will be almost entirely of wood with steel girders to carry the load. The bridge will be about 30 feet long by 63 feet wide. No delay in the delivery of the girders is anticipated.

COMPANY'S FIGURES BEING EXAMINED

The city solicitor's department expects soon to hold a conference with representatives of the York Radial Railway in connection with the arbitration proceedings ordered to be held as a preliminary to fixing the price to be paid by the city for the Metropolitan division which it is proposed to take over.

The company value their franchise at about \$8,000,000 and the figures making a profit are being examined by the city's legal department for the purpose of seeing if they can be attacked.

CLUB LEADER ARRESTED

Mrs. Wm. C. Story is Charged With Larceny and Conspiracy.

She was paroled in the custody of her counsel and is being arraigned and bail will be fixed.

Polarine

FRICITION REDUCING MOTOR OIL

"Makes a good car better"

For Piston Pins

PISTON pins receive the full force of every explosion. Unless their bearings are adequately cushioned with oil of correct body and lubricating qualities, they soon wear loose, with vibration that racks connecting rod and crankshaft bearings. Correct lubrication guards your motor against this danger.

BEWARE OF "KNOCKS"

Every "knock" in your engine is a danger signal. Knocks mean extra strain, excessive wear on moving parts. They foretell increased repairs—decreased car value. And often the cause of these "knocks" is the use of the wrong lubricant. Don't wait for that metallic warning from a worn part before you realize that there is a great difference between lubricants. Help save your engine to-day from that possible breakdown of to-morrow by the use of

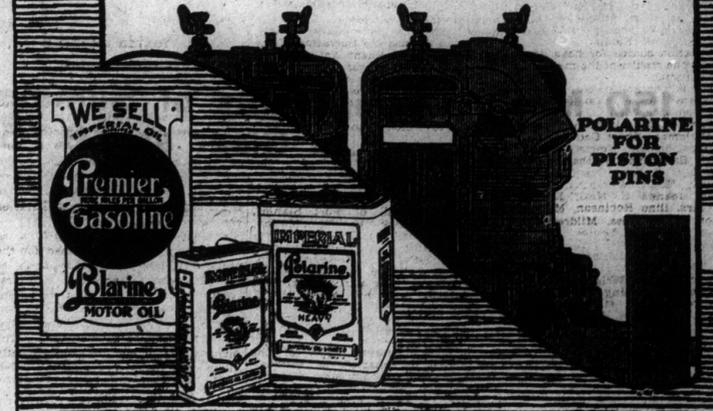

It has both body and lubricating qualities that minimize wear and friction. It flows freely at all temperatures—does not break down and run thin when your motor heats up. It lessens carbon trouble—softens vibration—keeps your car running smoothly and delivering full power day in day out.

Polarine is made in two grades—Polarine and Polarine Heavy. It is supplied in one-half, one and four gallon sealed cans, also in 12½ gallon steel kegs, barrels and half barrels. There are also Polarine oils and greases for effective transmission and differential lubrication.

Buy Polarine where you get Premier Gasoline—at the sign of the "Red Ball." Write us at Room 704 Imperial Oil Bldg., Toronto, for interesting booklet on Polarine for Automobile Lubrication.

ELGIN DEPUTATION WAITS UPON MINISTER

A deputation of mayors and Reeves of the County of Elgin waited upon Hon. F. G. Macdunnachie, minister of public works, and W. A. McLean, deputy minister of highways, yesterday, to discuss the operation of the Highways Improvement Act, as it affects towns and villages.
The deputation also sought from the minister a definition as to the acceptable basis for grants to villages, and the approval of roads traversing such villages to which grants may be applied.
Satisfactory arrangements were made for the present and for the future. A special engineer of the department will make a thorough examination of conditions in Elgin County.
Wardens Cornett of Port Stanley, with County Clerk K. W. McKay of St. Thomas, and Councillors Graham of Rodney, Ferguson of Aylmer, Todd of Malahide, McKennedy of Aylmer and Barron of Springfield, formed the visiting party, which was accompanied also by Major H. H. Wright of Aylmer.

AN IDEAL VACATION REGION.

The Lake of Bays region of the "Highlands of Ontario" is surpassingly beautiful, comprising some of the loveliest water stretches in that country of lakes. Those in search of health and the pure bracing air most beneficial. You may bathe in cool waters, enjoy a game of golf, take boating excursions and catch fine bass and trout. The murmur of gentle waters is everywhere, interwoven with the whispering of trees. There is excellent hotel and boarding house accommodation. Illustrated descriptive literature and all particulars may be had on application to any Grand Trunk Agent, or to C. E. Horning, D.F.A., Toronto, Ont.

AUSTRALIAN MINISTER STUDYING AGRICULTURE

A. E. V. Richardson, superintendent of the department of agriculture of the Victorian Government, was a visitor at the parliament buildings yesterday. Mr. Richardson is here to study the various agriculture systems of the Dominion. The letter expressed the appreciation of the prisoners for the parcels sent them and mentioned that many of these shell-shocked men would die if it were not for the constant care of their comrades in tempting them with nourishing food from these parcels.
The 48th Highlanders are giving a band concert this Friday evening at the armories, to raise funds for these unfortunate men.

SHELL-SHOCKED CASES GET NO CONSIDERATION

At a meeting of the officers of the 48th Highlanders a letter was read from a 48th man who had escaped from a German prison camp to Holland. The letter revealed a very sad condition of many prisoners who have suffered from shell shock. Men in this condition are given no consideration and are forced to accomplish the same amount of prison labor as their healthier comrades, under penalty of the heaviest flogging. The letter expressed the appreciation of the prisoners for the parcels sent them and mentioned that many of these shell-shocked men would die if it were not for the constant care of their comrades in tempting them with nourishing food from these parcels.
The 48th Highlanders are giving a band concert this Friday evening at the armories, to raise funds for these unfortunate men.

SOLDIERS IN CAMP TO HAVE LIBRARY

Department of Education Will Provide Reading for Men in Training.

Books for a library at Niagara Camp will be provided by the public libraries branch of the department of education. The books will be sent over by the end of the week for the use of the men in training. The intention is to serve other camps besides the Niagara one as soon as libraries can be provided.

The books for the camp libraries have been specially purchased for the purpose and represent the best of contemporary literature. Several copies of each of the most recent interesting books have been chosen and will go to make up the library that will meet appeal to the boys. The inspector of public libraries recently visited the camp and met a number of the officers and men. Requests were made for the following particularly desirable books: "The Intensive Farming," "Gasoline Engines," "Elementary Electricity and Fiction," "The Works of Robert Service and Harry Lauder's 'Minstrel in France.'" The works of Donald Henley, Stephen Leacock and Arnold Bennett, were mentioned as favorites. More recent books were also asked for, especially "Winged Warfare," by Major W. A. Leacock, and "The Hun," by Lieut. Pat O'Brien; "Face to Face With Kaiserism," by Gerard, and several of the women of the Toronto Public Library are giving their assistance in preparing the books for the soldiers.

The Niagara collection will be divided into three parts. The first part, books will be placed in the Y.M.C.A. quarters and will be in charge of Miss Helen I. Lockhart. The other two sections of the library will be in charge of non-commissioned officers. Lieut.-Col. MacLaren is making arrangements for suitable accommodations. The library will supply the 1st Battalion of the 1st C.O.R., 2nd Battalion of the 1st C.O.R., 2nd Battalion of the 2nd C.O.R., and the 1st Battalion of the 2nd C.O.R. The railway construction battalion.

BOARD CONSIDERS HOUSING PROBLEM

Three-Storey Apartment Houses Recommended in Report.

With the information before them yesterday, the board of control was not prepared to make any recommendations regarding the proposal that the restrictions be removed in certain areas so as to permit of the erection of apartment houses of not more than three storeys. A report was presented by the city architect, assessment commissioner, finance commissioner and fire chief, the adoption of which, they thought, would relieve the scarcity of dwellings, but the controllers decided to send it along to the property committee to deal with first.

In part the report said: "In view of the housing conditions at present existing in the city, the question of housing is a matter of the greatest importance. The population should be carefully considered, and it is thought by removing the restrictions referred to that inviting conditions for business and result inasmuch as the objections to apartment houses would be removed by the proposition now being submitted."

The area at present considered is that of both sides of Bloor street and Howard street on the north; of Parliament street, the east side of Bathurst street on the west, and the harbor on the south. The building most applicable to relieve present conditions would be a three-storey apartment of not more than three suites and not exceeding twenty rooms, exclusive of bathroom, this type of building being of an economical class of construction. A building higher than thirty-five feet would come into the fireproof class, and, therefore, be much more costly. It is also proposed that old residences may be changed into apartment houses, of course within the limits aforesaid. In each case the yard area will be provided for and permits will, as usual, have to be obtained from the city architect. No change is proposed in the actual construction of apartment houses as now provided for in the building bylaws.

"The lands within the city limits have become valuable, with the consequent heavy taxation, and it may be that with the restrictions as at present removed, builders will seize the opportunity of erecting the class of building mentioned."

All Thrown Open.
Controlled conditions, thought the whole city and not a particular area, should be thrown open to allow of the erection of three-storey apartment houses. He also pointed out that foreigners "lived like hogs, five, ten and more in a room," in the very hub of the city. This he termed the "hub," said Controller O'Neill.

"In every city you will find high apartment houses," said Controller O'Neill.

NOT GUILTY OF PERJURY IN TAKING WIFE'S WORD

Henry C. Burke was found not guilty on the charge of perjury yesterday afternoon in the criminal court. The case, which was of unusual interest, arose out of the wedding of Burke and Margaret May Berry, of 162 De Grassi street, when it was alleged Burke swore in signing the certificate that the girl's age was 18, when she was only fifteen. John Berry, the father, swore that he had told accused that his daughter was only fifteen years of age, and if he married her he would prosecute him for perjury. Witnesses were called who swore that they had heard the girl tell Burke her age was 18, and also that she had said on more than one occasion she wanted to leave home because she was abused by her step-mother. Mrs. Berry, the step-mother, admitted in the witness-box that she had struck the girl on the morning of her wedding.

In discharging the accused, the judge said he believed he was a truthful young man to believe when he signed that certificate he did so thinking she was eighteen years of age, and he had a perfect right to believe what the girl said when she told him her age. I do not believe he is lazy. The father has taken a great risk in interfering, and I think the parents of both parties should get together and come to some understanding."

WAR TAX INSTRUCTIONS.

The inland revenue department in Toronto received instructions on the cases when in signing cards and matches, which were in effect July 1. The tax refers only to articles imported or manufactured after April 30. In the case of medicines and other articles, the stamp may be affixed at the time of purchase, but in the case of matches and cards, the stock must carry the stamp after July 1. Any stock in the hands of manufacturers, wholesalers or retailers not having such stamp will be collected by the department.

IMPORTANT BUSINESS; NO QUORUM PRESENT

Altho a long list of appointments, including the staff for the model school classes at Oude street, and a number of transfers were on the order paper; there was no quorum at the management committee of the board of education, called for 4 o'clock yesterday afternoon at the administration building. Mrs. A. C. Courtye, Dr. Hunter and F. M. Edmunds, the trustees who attended, waited until 5 o'clock in vain for other members to arrive.

U.E.L. AVIATION STAMP.

For the purpose of devising means for raising funds for the purchase of an airplane for presentation to the British Government; by the United Empire Loyalists, a committee meeting was held at the Military Institute yesterday afternoon. Gov. Canon McNab was in the chair. Among the suggestions likely to be adopted is that of a special aviation stamp, designs of which were submitted to the meeting.

ANNOUNCEMENT

FALL WHEAT SEED

IN view of the partial failure of the Fall wheat crop in this Province this year it will be necessary for farmers to make early arrangements for the supply of seed which they will need for Fall sowing. Under these circumstances farmers who have on hand quantities of wheat suitable for Fall seeding are urged to conserve them for this purpose. If there is no demand locally, the information should be supplied to this Department, or to the Local Office of this Department in your County, so that every effort may be made to have an equitable and satisfactory distribution. The need for foodstuffs justifies a large acreage of Fall wheat in this Province again this year, and the co-operation of the farmers in the mobilization and distribution of the available seed supplies is invited.

SOLDIER NOT INCLINED TO ACCEPT VERDICT

Pte. John Taylor was found guilty by Judge Winchester in the criminal court yesterday on the charge of stealing a suit of clothes, the property of Donald McLennan, another soldier, and was handed over to the military authorities. Accused did not take the verdict calmly and shouted, "I am not inclined to accept that verdict," but altered his mind when the judge told him if he said anything more he would send him to the reformatories. Taylor served two years with the Black Watch and was wounded and discharged. He afterwards joined the mercantile marine, subsequently coming to Canada, where he enlisted again.

CITY CASE DISMISSED.

Suit Against Toronto Railway Company Was Entered Too Late.
In a judgment given by Judge Denton the suit brought by the city against the Toronto Railway Company for \$175, the amount paid as compensation to John H. Webster, has been dismissed. Webster was an employee of the municipal abattoir and was injured when a street car struck the ambulance in which he was accompanying a fellow-worker who had been taken ill on March 27, 1917. As the writ was not issued until April 17, 1918, Judge Denton found that the city was barred by the Railway Act from bringing any action.

DOLLAR-TEN AN HOUR FOR FIXING PIPES

At a meeting of the Toronto Society of Domestic Sanitary and Heating Engineers, the agreement between the master plumbers and journeymen was ratified. According to the agreement the men receive a substantial increase in wages, also some changes in the working clauses. It was also decided to raise the present rate to the public to \$1.00 an hour for plumbers and \$1.10 an hour for journeymen, the increase being justified by the raise in pay to the journeymen, and also by the increased cost of equipment and other overhead expense. The new rate goes into effect July 1.

You pay the same war tax on a pound of cheap, poor tea that you pay on Red Rose. In other words you pay 10¢ war tax on a cheap tea which will make perhaps 150 cups to the pound and you pay the same 10¢ tax on a pound of Red Rose which easily makes about 250 cups.

You will find today more value, more economy, more real satisfaction in Red Rose Tea than ever before.

It is truly a war time tea.

HAMILTON'S TOURNEY.
Hamilton, Ont., June 26.—One hundred and five rinks of four men each completed the third annual patriotic bowling tournament, which was held here today on the city and Burlington greens. G. R. Loyd (Toronto) was the winner, D. R. Speers (Victoria) second, T. P. White (Victoria) third, Dr. Morley (Thistles) fourth, and G. W. Orme (Welland) fifth. Controller Wright presented the prizes, which were donated by local merchants. The tournament was one of the most successful ever held here, and resulted in the sum of \$166 being realized. Another similar event will be held in September for the purpose of raising the fund to \$1000, which will then be spent on Christmas boxes for bowlers and the sons of bowlers. Each rink played three games of ten ends, the winner being decided by the one with the highest score in the three games.

AMATEUR BASEBALL

At the weekly meeting of the Toronto Amateur Baseball Association last night several important matters were dealt with. Sanctions were granted to the following clubs to play games out of town on Dominion Day: Dufferins, Intermediate Spaulding, St. Erins, D'Arcy, Junior Spaulding, at Hamilton; Bellwoods, Intermediate Spaulding, in Aurora; tournament, Oker, Intermediate Playground, at St. Catharines; Moss Park, Juvenile Playground, at Hamilton; St. Cyrillus, Juvenile Spaulding, at Brampton; and Grand Trunks, Juvenile Spaulding, at Hamilton. B. T. Cummins (Moore) and John Shea (Athletes) were granted certificates after appearing before the committee. They played in Kingston, and showed that it was the amateur league they played in. D. Shea (Gutta Percha) has his certificate canceled. He played for Peterboro in the Canadian League. C. Hines draws suspension for one month for playing with St. Cyrillus without a certificate. G. Stephenson and G. Morrison signed with Brown Brass and will be all next week. Both are Americans. C. W. Murphy and A. Murphy and St. Malone are suspended until they appear before the committee. W. B. Merkle, manager of St. Helens, appearing and gave a satisfactory reason for his club defaulting, and had his suspension lifted.

FULTON TO MEET OUR TOMMY BURNS

Vancouver, June 26.—Fred Fulton, Minnesota heavyweight champion aspirant, will appear in Toronto in a four-round bout with Tommy Burns, according to a wire received by the latter from Mike Duff, Burns' manager. Burns is now a corporal with the 1st Depot Battalion. The match will take place at a patriotic show on July 17.

THE FACT THAT TOMBOY TAYLOR HAD SHOT SEVERAL BALLS OF GUTTER MUD AGAINST THE FRONT LENS UNDOUBTEDLY HAD SOMETHING TO DO WITH IT.

Ernest Spaulding, an ordained minister of the International Bible Students' association, was sentenced to ten days' imprisonment when he appeared before Magistrate Denison in the police court yesterday morning. The defendant, claimed that Justice Duff had not made a ruling under the section under which he claimed to be exempted. He was, however, sentenced to the ten days.
