LABOR POLED BY VOTE JACOBS HAD OVER 2000 BALLOTS BUT MAJOR BEATTIE WON

East Northumberland Also Returned Owens, Conservative—North Wellington Elected Martin, Liberal—Contests Quiet and Not Much Interest Shown.

LONDON, Oct. 29.—(Special.)—The contest here to-day resulted in the election of Major Beattie, the Conservative candidate, by over one thousand majority. The result was not unexpected. That it was no worse adds considerable comfort to those who have a close understanding of ways political in London. The Labor candidate is defeated, but neither he nor the men who have espoused his cause have any need to feel ashamed of the result.

John D. Jacobs polled 2173 votes. That means that over two thousand men are independent to think over questions of public interest and record their votes in favor of a progressive platform. These votes largely represent themselves. There was no organization to compel them to come out, and there was no money to entice them. These men recorded their votes, through what under difficulties, too. On Saturday last a decided vote was made to lay off men in several of the large shops in the city. No less than forty men were laid off in one shop. In that shop before this there were about one hundred pledged to vote for Jacobs. There were no more than ten or fifteen votes at the outside polled for him.

That was true of other shops. Workmen in many instances were afraid that their jobs were in jeopardy, and on account of the hard-times coming, which were more than vaguely hinted at by many employers of labor, the workmen decided in large numbers to remain at home and refrain from voting. The workingman did record his vote in nearly his full strength, and the result is obvious. The Liberals turned out much better than was anticipated, and a considerable percentage of them voted for the Labor candidate. The party made absolutely no effort at registration, and consequently a large portion of their usual voting strength was lost. They did not swing to Beattie, as it was hinted they would, because they had polled over one thousand votes less than Billy Gray in his last election. They polled a good majority. That Major Beattie regards W. F. Jackson as a dangerous man was clearly evidenced to-night, when he called him a Socialist. He declared that the election clearly taught the Socialists from Toronto, Montreal and Hamilton that the people of London wanted no interference. But the fact still remains, that to-night the Liberal vote was credit for the good vote polled by the Labor candidate, and it is a good vote, is the member for South York. That a vote should be polled against him, manifest misrepresentation and intimidation, not out-spoken or indelectable, but nevertheless effective, is a sincere tribute to him.

To understand the situation it must never be forgotten that this is the first election in many years in which not one cent was spent. The city is quiet to-night, and there is no enthusiasm manifest anywhere. The Conservatives are not jubilant, as they have a candidate on their hands who is allied to corporate interests, and has never been anything else.

In addition to that, he will have to face Hyman and the Labor party in all probability in the coming general election, and the future is not bright with any degree of comfort for the party.

Small Votes in London. LONDON, Oct. 29.—(Special.)—Major Thomas Beattie was elected in every ward, a majority of 1086, securing a majority in every ward. Ward Ward Ward Ward Beattie... 798 695 801 1005 3209 Jacobs... 418 493 800 2173

Result was a surprise to all but those on the inside of the major's campaign. In consequence, the result to the crowd in front of the newspaper offices was a complete surprise. Victoria was expected by Mr. Jacobs' friends, but to the surprise of the major's election was expected, but not with such a great majority.

The total vote shows the little interest taken in the contest.

EAST NORTHUMBERLAND. CAMPBELLFORD, Oct. 29.—The election in East Northumberland, to fill the seat left vacant by the death of Edward Conservative member, Mr. Edward Cochrane, was held to-day, and resulted in the election by the majority of 256 of the Conservative candidate, Mr. C. L. Owens. The Liberal candidate was Major Mulholland. Both candidates are residents of Campbellford. The town of Campbellford and the adjoining Township of Seymour furnished the bulk of Mr. Owens' majority. Campbellford giving a majority of 84 and Seymour a majority of 93 for the Conservative candidate.

At Campbellford, when the result became known, a large procession was formed, and headed by the band, marched through the principal streets. On the corner of Front and Bridge streets, the member-elect addressed the large crowd for a few minutes, who were his ardent supporters. Campbellford for their good support. He also his friends through the constituency for their noble support. He would represent them to the best of his ability, and would stand only for an honest government, and would support any good measure that he considered for the benefit of the people. After the address the procession returned to his home, where he was carried by his many warm friends and supporters to his home. Colborne Village gave the Liberal candidate a majority of 23. This village has always gone Conservative before, but, owing to the fact that the government was building a new dock, the people here took this way of showing their appreciation of the same. Some of the figures from East Northumberland follow: Brighton Town gave Owens majority of 40; Brighton Township, Owens, 19; Campbellford,

ENGINE BURSTS TWO MEN ARE KILLED

Accident on G.T.R. at Newbury—Railway Commissioners On Wrecked Train.

THE DEAD. R. RUTHERFORD, engineer, London. J. ROBERTSON, fireman, London.

LONDON, Oct. 30.—(Special.)—By the explosion of Grand Trunk engine 446, near Newbury, last night, Engineer R. Rutherford and Fireman J. Robertson were instantly killed.

This was an accommodation train, bound from Chatham to London (No. 26). Of the 13 passengers, several are believed to have sustained serious injuries.

The railway commission's special car was attached to the train, but none of the commissioners was injured. A special train with six physicians was sent out from London.

The train was running at a fair speed at the time of the explosion. It is believed that the water in the boiler had run low, and that the injection of cold water caused the accident.

The railway commissioners arrived at London early this morning, via Glencoe. Chairman Killam took charge of the work of rescue at the wreck.

FRASER SAW PRESIDENT. Says Reciprocal Treaty Should Be Arranged Between Canada and U.S.

WASHINGTON, D.C., Oct. 29.—(Special.)—Lieut.-Gov. Duncan C. Fraser of Nova Scotia, on his way home from Jamestown Exposition, stopped off in Washington long enough to pay his respects to the president and to inform him that there should be a reciprocal trade treaty between United States and the Dominion of Canada.

At the exposition Lieut.-Gov. Fraser was accorded the highest courtesies, and his stay was marked by a great ovation. Supplementing his remark regarding reciprocity between the two countries, the lieutenant-governor said a reciprocal treaty should be arranged between the two countries, which would be mutually advantageous, and if it is not done we will be at war until our existence ends.

SUIT IS DROPPED. Alfred Craide yesterday withdrew his suit for \$1000 damages against McClure & Langley, for alleged negligence in furnishing him with unsuitable chocolate with which to make coverings for chocolate bonbons.

SIR FRED. WON'T RESIGN SUPREME COURT HEAR G.T.R. APPEAL

Minister of Militia Declines to Follow the Precedent Set by Mr. Emmerson When Bringing Action for Libel.

OTTAWA, Oct. 29.—(Special.)—It is stated here to-night in usually well-informed circles that Sir Wilfrid Laurier has called for the resignation of Sir Frederick Borden, and that the minister of militia has refused to resign. By Canadian law, the premier, of himself, cannot enforce his demand.

This action on the part of the premier is the outcome of the libel action instituted by Sir Frederick against The Nineteenth Century Magazine of London, which, in an article by Hamilton Fyfe, repeated the story told by The Calgary Eye-Opener, that a Canadian cabinet minister had been implicated in an unsavory incident.

No name was mentioned, but Sir Frederick Borden, considering the scandal leveled against himself, is pursuing the magazine. Previous experience shows the premier's attitude in matters of this kind. When the Hon. H. R. Emmerson resigned under somewhat similar circumstances last session, he did so in the following terms: "Feeling, as I do, that it would be unfair to you, the premier, to my colleagues and to the party generally, that I should be under such an imputation while occupying a place in your cabinet, I have, therefore, to ask you to accept my resignation as minister of railways and canals."

In announcing the resignation to the house, Sir Wilfrid said: "The minister of railways and canals absolutely denies the truth of the allegations, and in order to better vindicate his character, has tendered his resignation, and it has been accepted."

The refusal of Sir Frederick Borden to adopt a similar course to that of Emmerson is inexplicable, the latter stated that the minister of militia will change his mind within a very short while.

HOTELMEN MAY BUILD BREWERY If They Can't Get a Reduction in the Wholesale Prices. The Toronto hotelkeepers held a meeting yesterday to consider the increase made by the brewers in the price of beer and ale. It was unanimously decided that the rise of \$1 a barrel was not justified by the rise in the price of malt.

It was resolved to offer the brewers 50 cents a barrel increase, and a deputation of 28 hotelkeepers will meet the brewers to make this offer. In the event of its not being accepted, the meeting pledged itself to build a new brewery and run it on co-operative lines.

DID MEDICINE CONTAIN A POISON?

Analysis to Determine Cause of Mr. Polson's Death May Involve Large Accident Policy.

Prof. W. H. Ellis, provincial analyst, is analyzing the stomach of F. B. Polson, president of the Polson Iron Works, who was found dead at his home, 8 Beaumont-road, Monday afternoon.

Dr. Harry B. Anderson performed a post-mortem Monday afternoon, in which he was assisted by Dr. E. B. Elliott, the attending physician, Dr. Walter P. Thomson, brother-in-law of Jules Johnson, and Chief Coroner Arthur Jules Johnson. The analysis is to determine whether a prescription given Mr. Polson by a Chicago specialist, and which he had been taking up to the time of his death, had anything to do with the cause of death, which a post-mortem did not wholly explain.

A bottle containing a quantity of this prescription was also turned over to Prof. Ellis for analysis. It is not thought by any of the physicians that Mr. Polson had any knowledge that the medicine contained dangerous ingredients, if, indeed, it did contain any such, nor is there the remotest suspicion that any drug was administered either by the deceased or anyone else.

No death certificate has yet been filed, but will be filed to-day. The post-mortem, which, as yet is incomplete, discovered an inflamed condition of the digestive organs, and a further indication of a poison which might, however, have been generated in the organs themselves. One matter upon which the outcome of these examinations will bear is the claim of Mr. Polson's estate to the proceeds of an accident policy of \$30,000, which would be payable in the event of accidental poisoning being shown to its cause.

A World reporter called upon Dr. Elliott last night. The doctor said that he had been attending Mr. Polson since Saturday, when he had complained of indigestion. He had remained in bed on Sunday and had not risen on Monday.

"I had not looked for any fatal termination of the illness," said Dr. Elliott, "and I was terribly shocked when I called at the house about 2 o'clock Monday, to learn that Mr. Polson was dead. Having regard to his prominence and because he had told me of taking this medicine, of the contents of which I am still ignorant, I decided that the best course would be to have a post-mortem performed. I called in the best doctors I could and also summoned the chief coroner."

"The outcome of this, while it is still incomplete, decided us to have the analysis taken both of the contents of the stomach and the contents of the bottle."

"I want you to say, so that there may be no sensation, that there is absolutely no suspicion that Polson knowingly took his own life or that poison was administered by another."

KING AND QUEEN OF SPAIN WITH PRINCE IN LONDON

Populace Displayed Great Interest in Infant Heir to Spanish Throne. LONDON, Oct. 29.—The king and queen of Spain arrived in London to-night. It was raining hard, but in spite of the depressing weather their majesties were met at the railway station by members of the English royal family and the Spanish ambassador to Great Britain, Senor Villa y Urrutia. The visitors drove at once to Kensington Palace, where they will reside until next Monday. They will then visit King Edward and Queen Alexandra at Sandringham.

The London populace displayed the greatest interest to-night in the infant son of the Spanish king and queen. "CHERBOURG, France, Oct. 29.—The king and queen of Spain had another close escape from injury or death early to-day.

The journey from Paris was made in safety until just as they were entering Cherbourg, when it ran off the rails. The royal party escaped injury.

A CHANCE FOR VERSE MAKERS Who can Write Neat Rhyme About Time, Place and Rhythm?

Toronto verse makers will have a chance to show their originality. In choice of a title for "The Time, the Place, and the Girl," the inspiration came from the title song in Fritz Schuler's opera, "Mlle. Modiste," for which Henry Blossom, the author of "Checkers," wrote.

Household Suggestions.

"Don't kill your plants with kindness," an old gardener once said to me, and, of course, he should have added, "Do not let them die of neglect."

It is very true that many house plants receive far too much water, and this causes decay and death of the plant.

A successful florist told me to always test my plants by tapping upon the pots before watering them. If the pot rings clear, the plant needed water.

If the sound were the reverse, a dull, heavy sound, the plant was to be let alone. He always used an his green-house plants in this way, and was a most successful grower.

The roots of these plants are not the only important part of the plant. The leaves need water and considerable attention, for dust clogs the pores and prevents the plant from getting moisture, and the leaves and flowers every time you water the plant.

In the case of those with large leaves, it is well to wash the plant frequently with a damp sponge. The water should not be cold, but about the same temperature as the room.

If the house is heated by steam or furnace, it is well that water should be kept in some receptacle in the room to prevent the air becoming dry. It is not well to keep plants in painted pots, and the plant should be kept from reaching the roots.

When a plant needs repotting, as so often becomes necessary from a diseased condition of the roots, or from worms in the soil, the plant should be turned out of the pot and the soil removed as carefully as possible, shaking out all that is loose and dry, soaking and washing off the remainder. It should then be repotted in fresh soil.

For a good compost, composed of fibrous loam or the soil shaken from good soil, leaf mould, clean, sharp sand, and a small quantity of old, decayed manure will be found to agree with the plant. For ferns, begonias and fuchsias considerable leaf mould will be required, while for geraniums more loam is necessary.

Flowers need to be grown in pots altogether indoors, for surely the tall ferneries of rectangular shape, are charming for almost any room. These have a deep, portable galvanized tray, and are made in mahogany, wicker, white wood or oak. Tiled flower-boxes are quite decorative in themselves, and before the Japanese have flowered their beauty relieves to a certain extent the plainness of ordinary wooden boxes.

For the house, miniature Japanese gardens are most attractive. The work is done by Japanese artists, the dwarf plants and trees being imported for this purpose. Some of the shrubbery is very old and needs great care.

Only Japanese art could achieve this wonderful miniature work. A perfect illusion of extensive landscape is won by the clever arranging of the tiny trees, small arbors, and well graveled paths. The smallest gardens are usually grown in shallow porcelain dishes of Japanese design. The gardens range in price from \$3 up.

Queen Victoria's Letters.

These letters, just lately published, throw an interesting light on the character of the late Queen. There is no doubt that, great as her virtues were, Victoria had a strong will in matters which touched her personally.

Fortunately, it seldom went beyond a certain autocratic attitude in family affairs, and so was no grievance to the people at large. Goodwill, kindness and a sympathetic interest were all family virtues, but her ideas of honor and family were more German than English.

Her most pleasing aspect is that gracious tolerance in public life and womanly dignity which so strongly marked her, and, above all, a perfect fidelity to literal truth and to duty.

The late Queen, through Gladstone, who hypnotized his contemporaries, and whom future generations will better understand than we, is a great credit to her people. Doubtless she realized, as indeed she said one time, that his policy was totally misleading, conveying the impression that Britain would not fight, when, in reality, she was armed to the teeth.

As a result, the Boer war took place, and marred the last days of the great Queen. The policy was so remarkable as a domestic character. Those who do simply ignore the quiet, continuous, persistent effect her character had on the ideas of her countrymen, are not doing her justice.

Her court was pure; under her woman was emancipated from the condition of a domestic animal, and many stormy revolutionary periods safely passed thru.

We hear of the constant meddling of women of mean mental capacities. Let it stand as a monument to the great Queen's name, that she let things she could not benefit alone, that she protested, and then was silent, scornful to interfere. On one occasion, when her will in a private matter opposed that of the fussy ministers, the people gave her a majority, and so justified her action.

Greatness does not always consist in brilliancy, verve, audacity or even energy. There is a greatness which is restful, nobly contemplative, and which endures self-knowledge, self-reverence, and self-control. In such spirits do others more active find their source and inspiration, and above all, their ballast.

The Toronto McAll Auxiliary had their monthly meeting at the residence of Mrs. Stark in Fair road yesterday. When Miss Cart read an interesting paper she had prepared on the life work of Miss Johnnie.

The members of the Parkdale Travel Club were the guests of Mrs. F. A. Parker, in the Merchants Bank Chambers Monday afternoon, when Mrs. George Gillies read a paper on the Burns Country, treating chiefly the incidents and scenery of Tam O'Shanter and the Brigade of Ayr. Mrs. S. T. Church afterwards recited the former poem. Mrs. O'Sullivan and Miss Clark related their experiences of Tam O'Shanter, and also explaining the proper mode of dressing, and the means of obtaining invitations. Miss Bowley afterwards gave two piano solos.

The Gordon W.C.T.U., at its meeting held in St. John's church on Monday afternoon, decided to change the date of the Talent Tea to Nov. 14, when it will be held at the residence of Mrs. Robertson, 267 Wellesley-street. Miss Cowan addressed the meeting on the subject of her work at the Union Station.

Mrs. Cowdry, 11 Queen's Park, will receive to-day and not again until after the New Year.

Miss Maud Gordon, Czar-street, will receive to-day, and on the fourth Tuesday during the winter.

Mrs. J. G. McDermid is again setting at 39 St. Joseph-street, and will receive in a private matter opposed that of the fussy ministers, the people gave her a majority, and so justified her action.

BEER IS GOOD FOR MOST FOLKS (HARDLY ANOTHER BEVERAGE FEEDS SO WELL)

BEER really excels milk as a food-drink for most grown people. And many, many people cannot digest milk easily, because it is so lacking in solid food-contents.

Moreover, milk is so liable to contagion that it is seldom pure when we get it in the cities. But Ontario-brewed beer is really pure,—brewed in cleanliness, of sound materials, in a sanitary way, and brought to the user in the same fit-to-drink state.

Beer Is No Stimulant

Drink beer with meals and at bedtime, as an item of diet that will help the stomach do its work better, and will feed the body besides. Don't choose beer as a stimulant, though,—it does not contain enough alcohol for that.

Beer Makes Better Nerves

Ontario beer is not only deliciously appetizing and refreshing, because brewed of pure malt and hops only; but, besides, all the power that hops possess to repair nerve wastes is kept in these brews. That is what makes beer so particularly good for women to drink regularly. Ask your own doctor what he thinks of beer for your household.

BEER is a term which covers lager, ale, porter and stout; and, in the practice of Ontario, includes beverages made under most hygienic conditions from Ontario barley (the best in the world), malt, hops and pure water.

GUIDES VIOLATE ACT.

Protection for Game Sought by a Hamilton Deputation. Thomas Upton, president of the Hamilton branch of the Fish and Game Protective Association of Ontario; A. Barnard, vice-president, and William Henry, secretary, appeared yesterday morning before Dr. Reaume as a deputation and complained of violations of the Game Act, especially by the foreign element, locally by hunters in the outside districts. They state that there is a good deal of indiscriminate shooting on Sundays, but they particularly complained against the shooting of deer by guides and unlicensed hunters along the railway lines, to be afterwards sold in part to unsuccessful licensed hunters and in part otherwise disposed of.

Dr. Reaume replied that as far as the carrying of loaded guns on Sunday was concerned they had the assistance of the attorney-general's department, and as to the other matters they would receive careful attention.

It is also desired that guides should be placed on exactly the same footing as others. It appears that when any considerable number of men go together on these excursions they violate the law by the minority, who are successful, is concealed by dividing the game among the others.

A number of amendments to the act were requested.

C. L. A. CHAMPIONS.

ROCKS OF ELORA TENDERED COMPLIMENTARY CONCERT BY CITIZENS. ELORA, Oct. 29.—At a concert last night, complimentary to the Rocks Lacrosse Club, Elora, winners of the C.L.A. intermediate championship series, a bumper house greeted the concert company.

A pleasing feature and the purpose for which the entertainment was given was to show in a public way the appreciation of their successful efforts throughout the season to play good lacrosse in a many way and win out without the loss of a single game. A congratulatory address was read by L. L. Lipsey, reeve of the town, and each member was presented with a gold pocket and chain suitably inscribed.

Major Craig, M.L.A., on behalf of the club, addressed the citizens for the honor show them, and closing his remarks with advice to the club as individuals to exhibit the same manly effort, independence and stick-to-itiveness throughout all their future undertakings as they have done on the lacrosse field.

Boxing Entries For Tournament

NOTE AND COMMENT

By the new C.A.A.U. boxing rule adopted at the special meeting of the board of governors on Saturday it is impossible to frame up a bout to flummox the public.

Some time ago The World printed a news item from Cornwall about a lacrosse game purported to have been played on Sunday.

The first game between Toronto and Ottawa Universities recalled medieval times, says a writer in The Detroit Free Press.

The reverend gentlemen were the subjects of much "joshing" by the spectators during the match, and were not averse to handing out some good-natured jokes themselves at each other's expense.

How kind the gentle look of those clear eyes. Turned so enquiringly on this gay scene.

Men may degrade you, sell your pace for gold; Rogues, knives and sharpers cluster in your wake.

W. Grant of Markham will undertake to walk from Toronto to Markham and back, 45 miles, in 11 1/2 hours, starting on the holiday morning from the Clyde Hotel at 8 o'clock, to the Tremont House in Markham.

BALTIMORE, Oct. 28.—Following is the preliminary summary: Place and show money are given on second and third.

SEVENTH RACE—7 furlongs: 1. Royal Oak, 113 (McMahon), 2 to 1.

AMATEUR BOXING ENTRIES FOR THE FALL TOURNAMENT

Different Classes Exceptionally Well Filled—New C. A. A. U. Rules Will Be in Operation—Draw Made To-day.

The entry for the twelfth semi-annual amateur boxing tournament, that opens to-morrow night in the Mutual-street rink, is probably the best-balanced in the record of the City Association.

Bowling League Results

St. Simons Win the Championship While St. Albans Made Most Runs—Evans and Hilliam Lead With Bat and Ball.

Every game scheduled in the Toronto Cricket League competition last season was played, but owing to the fine weather and good wickets many more games than usual were left drawn, high scores being plentiful.

St. Simons wins the trophy, the Beatty Shield, by a margin of two points, losing only one game.

Adoration Wins Feature. NEW YORK, Oct. 29.—The Saville run over a muddy track here to-day and resulted in an easy victory for the odds-on favorite, Adoration. She trailed behind and won easily.

The race is not always to the swift. Circumstances do have a great deal to do with our position, our salaries, our place in life. "Luck" does exist, but "pluck" is the surer winner. The greatest thing a man can do is to make the most possible out of the stuff that has been given him.

Semi-ready Tailoring. Chance or Luck has never builded on a sound foundation. Behind the initiative, the carrying out of the semi-ready idea was the inflexible purpose to find the way. There is always room for the men of forceful ideas.

HOW TO HAVE A CLEAN ELECTION.

The bye-election in London was absolutely clean. The World is able to state that the labor party did not exceed over \$200. Probably the Conservatives did not spend much more.

It proved to be easy. The labor candidate and his supporters had no money to spend, and they would not have spent it, in any event.

It is the duty of the railways to furnish the plans for the elevation of the tracks on the Esplanade, and if the representatives of the city undertake to present for the consideration of the board of railway commissioners plans for this work, the result will be that they will be criticized by the carrying companies, and an attempt will be made to show that they are impracticable.

Legitimate Trade Not Hurt By Stock Gambling in N.Y.

Wholesalers Say Orders Show Increase for Every Month Over Last Year—Money Stringency Result of Wise Action of Banks in Preventing Too Lavish Expenditures.

"What, if any, has been the effect thus far upon customs receipts of the money stringency and the fall in value of speculative stocks on the New York market?"

This enquiry was made of Collector of Customs John Small, under the assumption that, if there had, as yet, resulted anything materially affecting legitimate business, receipts would show it.

"Of course, you understand, it is not the custom to communicate any of the secrets of the office, but I can assure you there is no indication here that either the money stringency or the panic has had any effect upon trade. It looks as if the business public have become wise to the fact that stock gambling in New York has no direct connection with legitimate trade."

SENATE VACANCIES.

Some Interesting Rumors From the Capital as to "Probables."

OTTAWA, Oct. 29.—(Special.)—Early next week the cabinet will take into consideration the filling of the vacant seats in the senate. Of the vacancies Ontario is entitled to three, and it is stated that if Archie Campbell, M.P., is not appointed to the position of postmaster at Toronto, he will be translated to the red chamber. In this latter event, W. H. Shaw may be asked to accept the position of postmaster.

Outcome of a Wreck of Bonded Liqueur Car Near a Local Operation Community.

CHATHAM, Oct. 29.—(Special.)—Sixteen of the most prominent citizens of the local operation Town of Thamesville were brought before Justice of the Peace Ingalls of that place this afternoon, charged with trespass and theft by the Grand Trunk Railway.

The case was the outcome of a wreck on the G.T.R. last week, when the thirty citizens of Thamesville took advantage of the opportunity and filled up with the drippings from a bonded liqueur car which was smashed up in the wreck. They were also charged with carrying off a quantity of the bottled goods inside the car. The case was tried before Justice Ingalls, and it was with considerable difficulty that a Chatham reporter gained admission.

Rodd's appeal from the mining commission's judgment, dismissing his claim to certain mining property, has been dismissed by the divisional court, without costs. Cut Down His Timber. James McClinchy of Etobicoke Township alleges that Leopold Chad wrongfully entered upon his lands, cut down his timber, cut sods and dug holes all thru it. McClinchy has issued a writ of summons claiming damages. Action Settled. While transferring freight from the C.P.R. Co's shed, at Owen Sound, to the steamer at the dock, Frederick H. Campbell, July 1906, had his foot severely injured on the gangway, which Campbell alleges was defective. He brought an action against the company for \$2000, but has now settled for \$500 and costs. Upon consent the action is dismissed without costs. Killed at Bay St. Crossing. Agnes Wilson Fraser of Leith, Scotland, has instituted an action against the G.T.R. Company, claiming \$25,000 damages for the benefit of her mother of John Fraser, who was killed at the Bay-street crossing of the G.T.R. charged against the company is in not crossing. Wants the Bylaw Declared Void. The corporation of the Town of Port Frances has applied to the court for a declaration that a certain bylaw passed on Jan. 2 last be declared null and void. They are also asking for an order to deliver up certain deeds for cancellation. Wants an Accounting. Lyle Gormley of Unionville is asking the court in a writ of summons issued against Abraham George Gormley of Markham Township for an account by the defendant for the use and occupation of part of the west half of lot 12 in concession 5 of Markham. Alimony Action. Eight dollars a week is the amount of alimony Kate Stanley is asking from her husband, Edmund Stanley, in the writ of summons she has issued against him. She is also asking costs. Collins' Clear Type Edition of Handy Illustrated Pocket Classics

This series has been produced to meet the requirements of book-lovers who like to have their books suitable for either pocket or library, and with a clear, distinct type. The best works of the standard authors are included, and all are illustrated in half-tone by well-known artists who have made a careful study of the characters and times described in order that the reader may get the same idea of the characters which the author had in mind.

The whole get-up of the book is neat, elegant; the paper is very thin and smooth, thus making possible a small-sized book and large clear type. The edges are full gilt and there is a silk bookmark. The binding is in two styles, a dark red ribbed cloth and a dark rich maroon leather, soft and pliable, and showing a beautiful grain through a glossy polish. On the back are the title of the book, the author's name and a neat design, all executed in gilt and forming when a number of them are together a very pleasing effect. The rest of the cover is quite plain, except for a fac-simile of the author's autograph stamped in gold on the front outside.

PROTECTION FOR FRUIT MEN.

Deputation Visits Hon. Nelson Monro and Will Go to Ottawa.

A. H. Pettit and E. J. Woolverton of Grimsby; J. W. Smith and W. E. Biggar of Winona, leading fruit growers, called upon Mr. Monteth yesterday and urged the consideration of infested fruit immediately upon entrance into the province, the constant inspection of fruit as well as of nursery stock imported; the placing of a penalty upon the importer; the prosecution of offending canning companies, and the passing of rigid legislation in respect to canning factories, as well as their inspection. They stated that the Dominion act does not now give them sufficient protection. They go to Ottawa next week on a similar mission. The cars on which the fruit came will be carefully fumigated. Two more cars of diseased fruit have reached St. Catharines.

TO INVESTIGATE WRECK.

Crew of the Lurline Didn't Know of Sunken Crib.

The provincial inspectors have been directed to make a strict investigation into the complete wreck of the Lurline of Goderich harbor on Sunday night. The men claim that they were in complete ignorance of the fact that a sunken crib endangered navigation at that point. The Lurline was purchased recently from the Hiram Walker estate for fishery inspection purposes for \$10,000, and was not insured, also no yesterday this precaution was to have been taken.

\$500 IN GOLD AS A PRESENT TO EVERY BABY THAT'S BORN

An Alluring and Ingenious Proposal Which Was Being Made to Torontonians Until the Police Made Some Enquiries.

What might be pleasing in the sight of Theodore Roosevelt does not suit the Toronto police, and when an advertisement calling upon married women to come forward and hear of things to their advantage appeared in an afternoon paper, local sleuths got busy.

One of those to whom the proposition was expounded in answer to a letter sent to the corresponding box advertised retold the tale. It developed that one, J. D. Rankin, was commissioned to bestow a boon on humanity and to reward innocent new-comers into this vale of tears with a substantial gift of \$500 in gold.

Of course, there was a stipulation. The mother, to whom the sum would be paid as trustee, must deposit \$5 with Brother Rankin as agent for The North American Parents' Benevolent Association, which company, in its prospectus, described as incorporated under the laws of the State of New York, with its main offices at 1287 Broadway, New York City.

The happy woman who became a member of this association was asked that one month after the birth had called the company's official Santa Claus would be on hand with the purse of gold.

Those receiving the announcements were entreated to join the association and "reap the benefits, which are certain as death." He might have added that whenever happiness entered the home of a sister member, each and all of the others would be required to chip in her proportionate share of the \$500 in gold. In addition to this, a semi-annual assessment of \$2 was also nominated in the prospectus, this last to cover "office rent and postage."

To be eligible one need only be "a married person of good moral character with the necessary \$5." It is urged in the literature that statistics, or the number of benefits falling due, can have nothing to do with the matter so long as the married folk are willing to co-operate. Members are also called upon to remember that the prospectus closing quotations from the poet, in which Adelaide Anne Proctor and Sir Walter Scott are quoted as having anticipated the proposition, and old Ben Franklin, as having spoken prophetically when he said: "Why not pay a premium on life, rather than on death?"

However, the police found out that the company is not registered in Canada, and Mr. Rankin has been induced to quit his advertising.

BEN GREET'S PLAYERS IN OLD MORALITY PLAY

"Everyman" is Given a Remarkable Production—New Actor in Chief Role.

The presentation of "Everyman" at Massey Hall last night by the Ben Greet Company was remarkable in two respects. It gave all, and if one may hazard a guess, even more than, the author had intended of dramatic and psychological effect, and at the same time added, by a sort of artistic necromancy, the atmosphere of the time when the play must have been first presented. Yet the effect could scarcely have been called antique or archaic, for the appeal was to the inner consciousness of everyone who witnessed it.

Presbytery of Montreal. The Rev. W. G. Hanna has just arrived in the city from Mount Forest. He is the newly appointed secretary of the eastern province for the Lord's Day Alliance.

Last week the members and adherents of his church, in Mount Forest, tendered a banquet to him, and Mrs. Hanna was made the recipient of a silver fish set. Mr. Hanna commences his duties on Nov. 1.

Rev. T. Albert Moore, former secretary of the eastern province, has been appointed general secretary, the position heretofore occupied by Rev. Dr. Shearer, who has been appointed general secretary of the moral and social reform department of moral and social reform, which meets to-day in the vestry of St. James' Presbyterian Church, on Thursday (Thanksgiving).

A meeting of the Presbyterian assembly committee in the morning for the purpose of organizing Presbyterian brotherhoods, in the afternoon, on Thursday (Thanksgiving), will be held at 2.30 the moral committee will confer with other committees of the Presbyterian Church, re the work of each committee, and at 4 o'clock a conference of representatives from the various Christian denominations throughout the church will be held for the purpose of co-operation in moral reform.

Dr. Shearer said that the moral reform committee of the Presbyterian Church is doing great work before them in the uplifting of the more before them world at large. Their work comprises temperance reform, Lord's Day observance, and the industrial and social relations in labor and vice-versa.

"The industrial problem is one of great magnitude," said Dr. Shearer, "and one that requires not only careful handling, but thoughtful and much study. We must show the working man that we can help him, and that we must prove to him that he can trust us implicitly."

There are always two sides to a question, and each side has to treat the other side rightly and generously. It is going to be a big fight, but it is, notwithstanding, a grand fight. To those who are trying to uplift our fellow-men, it is saying the best word of good to humanity, is reward enough in itself, even the results be not forthcoming as soon as we might like."

Montreal Here To-Morrow. There was a general rush for reserve seats at the "Levee" yesterday for the Montreal game to-morrow at Varsity Field. The caterers have to win the game to be in the running for the championship, and will make strenuous efforts to do so. The first game depended upon to give Montreal one of the hardest battles of the year. It was only hard luck that the first game for the Argos to Montreal, and as both teams play identically the same kind of game, an interesting match should result. Montreal will arrive in the city to-morrow, so as to be in the best possible shape for the gruelling contest to-morrow. The game will be called at 2.30, with Dr. A. B. Wright referee. The following are the teams: Montreal: Stiles, fullback; Hamilton, Craig, Russell, halfbacks; Gordon, Whelan, Robert, McAllin, Tesser, scrum-men; Murphy, Kingston, Reynolds, Flegg, Molsen, Savage, wing; Armstrong, Clark, fullback; Kent, Platt, Ross, Crozier, Sheriff, quarter; Baymure, Crozier, Mara, Clark, Sinclair, fullback.

Toronto Revolver Club. The Revolver Club held a largely-attended meeting, which held a largely-attended meeting, when the following officers were elected for the coming season: Lieut.-Col. D. Robertson, Lieut.-Col. E. Goodham, president; Major M. C. Merrett, Lieut. H. Eaton Smith, executive committee; Mr. W. Meadows, Geo. Thompson, R. Geo. Creighton, A. S. Todd; team captain, A. S. Todd. Shots will be held weekly at the armory, commencing at 8 p.m. Tuesday. The committee are endeavoring to arrange league matches with Montreal. All citizens interested in States. SHAMEFIGHT TO-MORROW SHOULD BE A GREAT ONE

Toronto Troops Will Leave To-Day and To-Morrow—Montreal Battle Cancelled.

There are to be war correspondents at the sham battle this year, and they will be accorded all the privileges that go with the regular role. They will wear red badges on their arms to distinguish them from the spectators.

The arrangements are now complete as to the transportation of the troops and horses. The 9th Field Battery and the mounted section of the Engineers will leave this afternoon at 4.30 with the umpire, staff and orderlies. The rest of the force will entrain to-morrow morning between 8 and 9 o'clock. All the horses leave on the first train.

The general idea of the fight is that a southern force (Grey) is moving on Hamilton from the west, and a northern force (Red) is moving from Guelph to check the advance. The capture of the country suggests that the centre of the conflict will be the "old red mill" in the Dundas Valley. This part of the country is rough and covered with brush, and the surrounding district is open. The "cease fire" will probably sound at 2 o'clock in the afternoon, and the troops will commence to entrain.

A conference of officials will be held at the Hamilton Rifle Ranges immediately after the "cease fire" will commence. The officers of the directors' staff, the senior umpires and staff, the commanders of forces and of regiments and independent companies will be present, and will start operations by luncheon served at the Range Headquarters. After the decision is reached the officers will go to Hamilton for dinner, and will start operations by luncheon served at the Range Headquarters.

The Field Engineers are not taking their position wagons, so there will be no bridge building. Roads and bridges will be "destroyed" by ticket. All the Engineers will have to do is to satisfy the umpire that they could repair or destroy if they wanted to.

The Hamilton and other outside forces will reach the scene of conflict by early train and route march. Gen. Otter will be umpire-in-chief, assisted by a large staff. The Ottawa headquarters will be represented by Major H. A. Parent, assistant adjutant-general.

A few items in the orders are worthy of notice: Before troops armed with rifles and shotguns, the Ottawa headquarters will be represented by Major H. A. Parent, assistant adjutant-general.

All the troops will be back in the city all night if everything runs smoothly as expected. The sham battle and military manoeuvres scheduled to take place at Montreal on Thanksgiving Day have been declared off. After the manoeuvres last year there was considerable dissatisfaction among the men over the way in which the manoeuvres were managed, and many, including quite a few of the officers, declared that they would not turn out again.

"Don't Neglect a Cough or Cold."

It can have but one result. It leaves the throat or lungs, or both, affected. Dr. Wood's Norway Pine Syrup is the medicine you need. It is without an equal as a remedy for Coughs, Colds, Bronchitis, Sore Throat, Pain in the Chest, Asthma, Whooping Cough, Quinsy and all affections of the Throat and Lungs.

A single dose of Dr. Wood's Norway Pine Syrup will stop the cough, soothe the throat, and if the cough or cold has become settled on the lungs, the healing properties of the Norway Pine Tree will proclaim its great virtue by promptly eradicating the bad effects, and a persistent use of the remedy cannot fail to bring about a complete cure.

Do not be humbugged into buying so-called Norway Pine Syrups, but be sure and insist on having Dr. Wood's. It is put up in a yellow wrapper, three pine trees the trade mark, and price 25 cents.

CHRONIC BRONCHITIS

Mr. Wm. O'Hara, Sonria, Man., writes: "Having suffered for a long time with severe attack of Chronic Bronchitis, which your Dr. Wood's Norway Pine Syrup and your Dr. Wood's Catarrh Pills have cured, I am glad to state it has given me a com-

ENQUIRY BEGINS TO-DAY COMMITTEE ENLARGED

Mayor and Ald. Bengough Will Assist in Clearing Up "Graft" Charges.

The notification by the mayor that the special committee of the city council appointed to deal with the charges against the civic parks department will meet this afternoon at 3.30 o'clock, has further stimulated in civic circles an interest that has required little whetting. At the same time there is something of a disposition in the talk around city hall corridors to regard the committee as hardly likely to assume a stern, inquisitorial attitude, especially as there is no power to compel the attendance of witnesses, or to enforce the giving of evidence.

Under the rules of council procedure both the mayor and Ald. Bengough are members of the committee, since the bylaw provides that the mayor is a member ex-officio, on every committee, standing or special, also that the mayor of motion to appoint any committee is included in its make-up. Of the nine members of the committee only Controller Hocken, J. Hales and Ald. Keeler showed themselves at debate, and in vote, to be in favor of going before Judge Winchester.

There were rumors about yesterday that the committee would never get together, owing to the refusal of some of the aldermen named to act, but while Controller Hocken and Ald. Keeler express disappointment, that a more searching enquiry cannot be immediately entered upon, they consider that nothing can be done but make the most of their opportunities. Several others of the committee who were spoken to, gave no indication of any intention to back out. The mayor says he has "every confidence that the committee will do what is fair."

Anderson Will Testify. As for William Anderson, who is very much in the limelight as the author of the affidavit, he asserts that the parks committee refused to consider his charges when they were made originally. He considers that they involve Mr. Chambers as head of the department. Anderson says he was an employee of the department for ten years prior to the time of Carter's becoming superintendent of Riverdale Park.

Controller Hocken, who says Anderson yesterday, says that the latter is willing to appear and substantiate everything he says in the affidavit. The controller says he has obtained corroborative evidence from a brother, Chas. Anderson, and Fred King, a street railway employe, who says he has "every confidence that the committee will do what is fair."

Mr. Chambers added that he had documentary evidence in refutation of the charges. Some of them dated from the time he was superintendent in connection with the handling of the department within the last four years.

Never Headed Off Inquiry. The committee had not granted the charges were true, though there was no reflection cast upon himself personally as head of the department. It was possible for pay sheets to be presented to him for signature that falsely represented the work of employees, but this would imply dishonesty on the part of the superintendent or foreman, who should be dismissed. The commissioner denies that he should be investigated by members of the council for the handling of the department.

Chief Justice Meredith refused a motion, brought at Osgoode Hall yesterday by way of appeal from the master-in-chambers, to strike out J. W. Kay as a co-plaintiff in the suit of Kay and Taberner against G. C. Hayden, the motion was made by the defendant.

What are these motions made for, said the chief justice, "unless to show the absolute rottenness of our judicial system?"

A PHONEY CHEQUE.

Henry Lamb, 50 years, 59 Frederick-street, was arrested by Detective Arthur Chibald last night, charged with obtaining \$3.50 from William Bacon, 100 Berkeley-street, under a worthless cheque, drawn out in the name of McColl Bros., in favor of Lamb.

Lamb has just served a term of three years for a like offence.

RACE FOR WARRANT

Mike Raffles and Israel Cohen played cards at 89 Elizabeth-street Monday night. They were caught. Both complained to the police at No. 2 Station that night, but Cohen beat Raffles in a race for a warrant yesterday morning, and Detective McKinney arrested Raffles yesterday.

Want Stoves in Cars.

The suggestion of the Ontario Railway Board that the city make formal application to that body to compel the street railway to remove open cars from the tracks and to have all cars heated, will be acted upon by the controllers.

Men's Overcoats For Thanksgiving

Yonge and Queen Streets. Philip J. J. J. J.

We have just received from our tailor shops an excellent line of Winter Overcoats in the most approved styles, made from cloths that are both serviceable and stylish. The showing at \$12.00 is beyond any comparison in town. The price, quality considered, is made possible only for the reason that we make the Overcoats ourselves—one profit, from "Maker to Wearer."

Have you seen the Overcoats we are selling at \$10.00? We think you'll admit they are Crack-a-Jacks. (See display in Yonge St. window—better still, let's show you.)

DID SUGAR KILL SHORTLEGS?

Amplious Indian Met Tragic Death at Maple Creek. MAPLE CREEK, Sask., Oct. 28.—(Special)—An Indian named Sugar, charged with the murder of another Indian, called Shortlegs, has been committed for trial at the next sitting of the supreme court at Maple Creek.

The circumstances were: On Sept. 28 there were races in Maple Creek and a lot of Indians and halfbreeds were in attendance. The foreman of the race track in the Indian encampment, which considerable whiskey was drunk. The deceased Indian was educated at the Qu'Appelle Industrial School and aspired to being a leader among his people, which was resented by some of them. During a fight in the camp Shortlegs fractured, as the result of which he died some days later.

GRAIN BLOCKADE AT REGINA.

REGINA, Oct. 28.—(Special)—There is a serious grain blockade in the Regina District and 150 cars are booked by the Canadian Northern for Regina, but are tied up because the farmers are unable to market the grain at a time when prices are high. A petition was sent to the railway officials, calling attention to the congestion. Farmers near Pense are hauling grain 15 miles to Lumsden, where the Canadian Northern are supplying cars.

Dr. Bruce Smith goes to Markdale on Friday next on the House of Refuge business. The foreman of the grand jury will be given the opportunity to subpoena their complainants.

FOR INDIAN EDUCATION.

Deputation Representing Churches Wait on Government. OTTAWA, Oct. 28.—(Special)—A deputation representing the Church of England, Methodists and Presbyterians waited upon Hon. Frank Oliver to-day on the question of education among the Indians, both with regard to day and residential schools.

Rev. Dr. Sutherland of Toronto stated, after the meeting, that various suggestions were made for improving the method of Indian education, and that the government should, in consultation with those interested, as to the number and location of the residential schools. Dr. Sutherland could not say just what was likely to be done, but the matter has full and careful consideration.

The deputation consisted of the Bishop of Saskatchewan, I. I. Blakey, C. of Toronto and Rev. Canon Pollard of Ottawa, representing the Church of England; Rev. Dr. Sutherland of Toronto, representing the Methodist Church; and Rev. Dr. Armstrong of Toronto, representing the Presbyterian Church.

John Rockefeller has been fined \$20 and costs for shooting ducks out of season at Port Rowan.

MANLY STRENGTH

Happy, glorious manhood—the strength that pushes the world! Success in its completeness! And what is weakness, failure, despair! But with you each for the asking? All men with very few exceptions were made strong and should be so through life. Many have shared this grand privilege and thro' disipation have become weaklings, puny, lack confidence; can't face the slightest difficulty, have drains, losses, impotency, varicocele, rheumatism, limp back, etc., and are never parting in the hands of their associates. How deplorable, but all these men can be made full of strength, vigor and life if they will only try the right course. Electricity cures these cases. I have been curing ed Dr. Sanden Electric Belt will do that if you will call or send for one, you can see it

82 CARS AT CITY YARDS QUALITY OF CATTLE SAME. Prices Lower — Hogs, Sheep, Lambs and Calves at Steady Quotations.

Receipts of live stock at the city market were 82 carloads, composed of 1334 cattle, 991 hogs, 1938 sheep, and 200 calves.

There was little change in the quality of the cattle delivered for sale, either in quality or price, but what change there was was for lower quotations, and it still looks as though prices would recede farther before they go higher.

With the exception of a few bulls, there was nothing doing in the export class. Bulls sold at \$3.50 to \$3.75.

There was one load of butcher's cattle sold by James Corbett, 1060 lbs., each at \$4.40, which was the highest price quoted.

## EAST TORONTO'S CLAIM FOR STREET CAR SERVICE

Contract With York Radial is Held to Bind Toronto Street Railway.

Mayor Ross and Councillor Nasmith of East Toronto, Solicitor Grant, F. Lyndon, N. B. McKibbin, John Loudon, J. J. Lauder, Dr. Burgess, F. Burgess, J. L. Hughes, J. Dineen, L. Kuhl and some others formed a large deputation which waited upon the railway and municipal board yesterday morning to complain of the inadequate street car service at present furnished to the residents on East King-street near the city limits and at Balm Beach since the opening of Scarborough Park. At present the cars on the regular city service stop at Scarborough Park, and passengers are transferred to the stub-line. A formal petition setting out the complaints of the residents was submitted to the board.

Mayor Ross explained that he appeared both as a resident and as mayor of East Toronto. During twelve years at the Toronto Railway Company he had given them an excellent service, but since it became interested in Scarborough Park a stub-line running every 10 or 12 minutes had been put on, and they had been subjected to great inconvenience. During those twelve years, with a good service, properties had been purchased and improved, and their value was now seriously affected. Only a couple of days ago a lawyer representing a financial company had offered him that loans by his company on properties in that section would not be renewed, because owing to depreciation through this inadequate car service they were not worth the face value of the loans.

Have a Moral Claim.

Mr. Leitch: But what legal claim have you against the Toronto Railway Company?

Mayor Ross: We have a contract with the York Radial Company, but we have no definite contract with the Toronto Railway Company.

Solicitor Grant stated that four separate contracts for car service for the east end had been embodied in Chap. 102 of the Statute of 1883, but had not been observed. Legislation followed, and they applied in 1888 to the legislature for a new act. The rails of the company were also torn up and thrown into a ravine. But in the very last hours of the session they were called into the attorney-general's office and were practically forced to accept certain clauses, which were drawn up in a great hurry. And under this agreement the company

was to carry their people at special specified rates. The Toronto Railway Company were now using the franchise of the Radial Company to get across East Toronto and into the Township of York.

Mr. Leitch: This relates to the service of the Toronto & York Railway. How do you connect the Toronto Railway Company with it?

Mr. Grant: Under the act of 1888, the Radial Company agreed to carry our people regularly to and fro on their cars, thru an arrangement with the Toronto & York Railway Company, but we have no contract with this latter company because the act of 1888 was forced thru during the last hours of the session, and we had to take that or go nothing. Mr. Fleming now says that they even intend to take away the stub-line altogether, the only way in which we can reach the Toronto Railway Company is thru the York Radial Company.

Must Prove Violation.

Mr. Leitch: This board has no jurisdiction unless an agreement is violated. As far as these matters are concerned, we are simply a judicial tribunal. We do not take it upon us to make an agreement with the Toronto & Scarborough Electric Railway Co., which is a sub-company of the Toronto Railway Company. The Radial Company are bound under this agreement to give such a time-table as will meet the requirements of our people.

Mr. Leitch: That is to say that the Toronto Railway Company have entered into a contract or agreement with the Toronto & Scarborough Electric Railway Company, and you are glad to have you appear before us, but we do not try cases on deputations, but we do insist on technicalities, but you had better begin by a formal application to the board and we will then discuss the matter out.

Councillor Nasmith said it had been the practice of the stub-line cars reaching the end of the line to turn off without notice, and in had weather this had caused a great deal of annoyance.

Mr. Allen, who lives at the extreme end of the district, stated that he had built three houses during the season, but could not sell them owing to the poor car service. A Belleville man who had thought of investing there had abandoned his intention the moment he learned of this state of things.

"We are certainly suffering, and our property has depreciated in value," added Mr. Lyndon, "and I do not think that Mr. Fleming, who seems to be in a governing spirit against us, has any right to take thousands of dollars out of our pockets."

"I certainly sympathize with you in your position," said Mr. Leitch, "but we cannot try cases on sympathy. Make a formal application and thresh the matter out."

The deputation left with the understanding that this would be done.

### RETAIL CREAM AND MILK DEALERS PUT UP PRICE

Farmers Get Advance Asked—Cost of Production Said to Be High—County Items.

TORONTO JUNCTION, Oct. 29.—The milk dealers of the Junction are again up in arms about customers not returning milk bottles. Some time ago the same complaints were made.

At a special meeting of the council, which was held to-night, the tender of the Stark T. L. & P. system for street lighting was formally accepted. The tender is for three years, from Oct. 31, 1907.

Councillor Howell brought up a discussion in regard to the telephone service of the Stark T. L. & P. system. He and several other councillors contended that the service was not up to the standard. Instances were cited of residents who were unable to obtain telephone service for two years after application had been made to the company. However, the resolution accepting the terms of the company was passed.

The committee accepted the tender of the Stark T. L. & P. for excavations, brick work and masonry on the new fire hall.

On a request from the residents of St. Clair-avenue, the committee recommended that an arc light be put on St. Clair-avenue between Elizabeth-street and St. Clair-avenue school.

At the meeting of the property committee to-night, Electric Light Superintendent Hardy lodged a complaint that the voltage for the street lamps was being increased and suggested that in the interest of the town ratepayers a voltmeter be purchased which would indicate whether the voltage is kept up to the required standard. The committee instructed Supt. Hardy to purchase the voltmeter, the cost not to exceed \$65.

In police court to-day before Peter Laughton, J.P., Albert Meebe of the Junction was fined \$2 without costs for disorderly conduct.

Liela Cummings, aged 4 years, of 38 Maybrant-street, died this afternoon of membranous croup. The funeral will take place Thursday afternoon to Prospect Cemetery.

The young people of Annette-street Methodist Church met in the basement last night and suggested that the church give a very interesting account of its recent trip to Dixieland.

The Young Men's Club of the Royal Black Knights of Ireland will attend divine service in the Annette-street Methodist Church next Sunday morning.

Several local gentlemen interested in curling, including ex-Mayor Smith, J. McCormick, George and Herman Leitner, and Dr. Haselwood, will give a public meeting next week, when they will discuss the curling clubs for the coming winter will be discussed.

In the College of Music Hall to-night Miss McKinley, a missionary, who has been visiting in the city, will give an interesting address entitled, "The Women of Our Indian Empire."

The Women's Aid Society of Victoria Presbyterian Church held a social to-night in the church basement.

The school board held their regular meeting to-night, but beyond the passing of accounts nothing of interest transpired. The new building for Western-avenue school is very satisfactory. Seats for 52 pupils have already been placed in one of the buildings.

### HOME-MADE MEDICINE

Said to Relieve Kidney Trouble and Rheumatism.

One ounce Fluid Extract Dandelion;  
One ounce Compound Sassafras;  
Four ounces Compound Syrup Sassafras;

Mixed and taken in teaspoonful doses after meals and at bedtime, is stated by a prominent physician to give most excellent results in kidney or urinary affections, and also in rheumatism and sciatica. The mixture opens the clogged pores of the kidneys, thus assisting them in their work of filtering all waste and poisonous matter from the blood, and expels these in the urine. To allow this poisonous matter to remain means that it will settle in the muscular tissues, joints, and cause the untold misery known as rheumatism.

The mixture is composed of harmless vegetable ingredients which can be purchased at any good drug store, and mixed at home.

Anyone suffering from any of these affections will no doubt be glad to learn of so simple and highly recommended a remedy.

of the town; and one on the west side of the town.

The Consumers' Gas Co. have promised, under date of Oct. 4, to level the dirt on Yonge-street, due to the laying of mains, but so far have failed to do so.

Engineer Gibson advised against the laying of any more concrete sidewalks this season, owing to the danger from frost.

The North Toronto Hockey Club asked for and obtained permission to use the town hall for the holding of a concert on Dec. 5.

Robert Ferguson, on behalf of York Lodge, A. F. and A. M., secured use of hall once a month for six months, at nominal rental of \$3 per night.

James Shackleton complained that the town commissioner refused to allow longer sagged sidewalks to be laid, and that Mr. Shackleton was not permitted to work on his department.

**CHESTER.**  
Archbishop Will Be Present—Thursday Will Be Busy Day.

CHESTER, Oct. 29.—His Grace Archbishop Sweetman will hold confirmation services next Friday evening at St. Barnabas Church. There are candidates for confirmation both from St. Barnabas and St. Andrew's Mission churches.

The Rev. Father G. J. O'Connell, who is in charge of the parish, is ready for the erection of the frame.

**HAGERMAN'S CORNERS.**  
Former Well-Known Markham Resident Dies in Michigan.

HAGERMAN'S CORNERS, Oct. 29.—(Special.)—A telegram received by Orson Hemmingway to-day conveyed the intelligence of the death of his brother, Frederick Hemmingway, twenty-two years of age, and prior to his removal from a farm near Buttonville, where he was a widower and had three children, two sons and one daughter, Mrs. James Hemmingway, who is a well-known resident of this neighborhood, and a brother-in-law of the late Moses Hemmingway.

Mr. and Mrs. Hemmingway left to-day to attend the funeral, which takes place to-morrow.

**EAST TORONTO.**  
Y.M.C.A. Will Hold Great Carnival of Sports Thursday.

EAST TORONTO, Oct. 29.—The Y. M. C. A. Harriers Club will hold a carnival of sports on Thursday, Thanksgiving Day, when more than a dozen events will start.

### Local Englishmen Will Visit Home and Return in Spring.

TODMORDEN, Oct. 29.—Six Englishmen of this district are already booked to sail on the Lusitania for England next December. They will spend a few weeks in their native home, some of them will become bachelors, and others, who are already married, will return with their families in the spring.

Ernest C. Ash, who contracted typhoid fever in the Cobalt district, is now convalescent, but will not return to the mining region this season.

The Young Men's Club of the Chester Presbyterian Church will hold a series of sports on the church grounds on the afternoon of Thanksgiving Day.

### UP GO PRICES.

At a meeting of the milk dealers' section, held yesterday, presided over by J. A. Vaughan, it was decided to increase a general advance in the price of milk and cream on Nov. 1. This in the mind of the dealer, was considered unavoidable by the cost of production, and the recent action of the milk and cream producers throughout the country. These prices were decided upon: Loose milk, 8c per quart; bottled milk, 9c per quart; table cream, 5c a quart, and whipping cream, 4c a quart.

The action of the retail dealers yesterday, means that the farmers have secured the advance asked for on Saturday last. The whole matter, as respects the milk and cream prices, is accordingly settled for the next year.

### PHYSICAL TRAINING.

Physical training classes for boys and girls of school age will open Saturday morning, Nov. 2, at the private school, McLean-avenue. Applications should be made before Nov. 1.

### RY. COMMISSION AT CHATHAM

Judgment Was Reserved in Two Cases.

CHATHAM, Oct. 29.—(Special.)—The railway commission were in session here yesterday, and out of a docket of some 15 cases only two were given a full hearing.

The first case was an application for the C. W. W. L. E. Electric Railway to force the Robertson estate to allow the company to lay their tracks along the western side of Queen-street, adjoining the estate, it was held by Mr. Smith of Toronto, who represented the estate, that the Robertson estate to erect residences on this property, and thus the tracks would depreciate the value of the property.

The company have their location maps approved of by the railway board, and are granted by the railway board, to track down the centre of the road for the purposes of laying tracks in the centre of the road, on the ground that it would interfere with traffic. Judgment reserved.

The Essex Terminal Railway made application to cross the Windsor, Essex and Lake Shore Rapids Railway, at a point where they were recently constructed. Both roads are in the hands of the same management, and the application seemed to be dependent on the railway board's consent.

The W. & L. R. road got part of its place in the dispute first with their construction, and then by the crossing to the other line. Judgment will return to the city on Friday to finish up.

### ACCIDENT TO A TORONTO BUILDER

John Feistand, a builder, of 312 Wilton-avenue, Toronto, was working on a temporary scaffold, the plank broke and he fell through. He received severe cuts on the leg, a bruised knee, and a thorough shaking. Zamb-Buk, the herbal balm, was applied to the cuts and gave him great relief.

"Zamb-Buk was so effective that although my leg was badly cut, I was able to go on without a day's break from my work. Zamb-Buk takes the soreness out of a wound at once and then it commences to heal. It is without doubt a wonderful balm for skin injuries, and an aid to make this virtue known."

Zamb-Buk is a sure and speedy cure for cuts, burns, and all skin diseases. At all stores and drug stores, or direct from Zamb-Buk Co., Toronto, 3 boxes for \$1.25.

### WINNIPEG'S POWER SCHEME

Tender of London, England, Engineering Company Recommended.

WINNIPEG, Oct. 29.—(Special.)—Ceel E. Smith, consulting engineer of the city's municipal power scheme, has recommended in favor of the Anglo-Canadian Engineering Company of London, England, who have made an offer to accept the city's municipal power scheme.

Mayor Ashdown wants the whole project postponed until next year on account of financial stringency. This stand has aroused considerable opposition, and Controller Garson is spoken of as a probable candidate.

### WILLIAM J. MITCHELL.

The death of W. J. Mitchell occurred at his late residence, 98 St. George-street, yesterday. He was for many years a wholesale and retail druggist in Winnipeg, and was formerly connected with the firm of Hooper & Co., Toronto. Mr. Mitchell was one of the charter members of the Farmers Club, Georgian Bay, a member of the Manitoba Club, Winnipeg, and of the Albany and Victoria Clubs, Toronto. His widow having died three years ago, the surviving members of his family are Mrs. George Broughall of this city, Harry Mitchell of Winnipeg, and E. H. Mitchell of Victoria, B.C. He is also survived by his mother, Mrs. Emma Mitchell of 62 Alexander-street, and four sisters, Mrs. Sarah Wilson, Mrs. Alex. Dixon, Mrs. Mitchell and Mrs. F. L. Mason, and two brothers, the Rev. George A. Mitchell and H. E. Mitchell.

### After Bill Miner.

WINNIPEG, Oct. 29.—Bill Miner, the American train robber, who escaped from the penitentiary at New Westminster, is believed to be a fugitive in the fastnesses northeast of Prince Albert.

### Case Withdrawn.

In the non-jury assizes yesterday, the action of the North Shore Copper and Smelting Company to demand an account of their affairs from the Trusts and Guarantee Company was withdrawn before Justice Britton.

The building for supplying heat for the Grand Trunk docks this winter will be completed by next week. The company estimate a saving of \$10,000 in heating expenses by the use of new apparatus.
