THE FIFTY-EIGHTH ANNUAL REPORT OF THE MONTREAL GENERAL HOSPITAL :

The Annual Meeting of the Corporation of the Montreal General Hospital was held in the Governors' Hall of the Institution on the 18th May, Peter Redpath, Esq., President, in the chair; when the Secretary read the following Report, which was adopted and ordered to be printed for circulation amongst the subscribers :

GENTLEMEN OF THE CORPORATION OF THE MONTREAL GENERAL HOSPITAL,

I have the honor to present a report of the proceedings of the Governors for the year which ended 30th April, 1880.

The "Ordinary" Expenditure of the year has been.. \$32,816 71

The "Ordinary" Income 35,374 95

Showing a balance in favor of the Hospital of..... \$2,558 24

The "Extraordinary" Income has been..... \$4,350 00

Little or no "Extra" Expenditure was incurred during
the year.

Comparing the Ordinary Expenditure of 1878-79\$33,687 09

With that of 1879-80..... 32,816 71

That of the present year is less than that of last by \$870 38

The "Ordinary" Income of the year has exceeded that of 1878-79
by \$4,440.14.

This agreeable circumstance is the more gratifying inasmuch as the whole increase is derived from the subscriptions and donations of the citizens and of the employees of the mercantile and manufacturing houses.

The following legacies during the year are gratefully acknowledged :—

The estate of the late E. Guy..... \$1,000 00

" " Peter Macfarlane..... 50 00

" " Miss Lane..... 2,000 00

" " James P. Dawes..... 500 00

Of the 1,674 in-door patients treated to a termination there died 113 or 6.75 per centum. If 30 deaths which occurred within three days after admission be deducted, the mortality is reduced to 5.05 per centum, about one per cent. below that of last year. The average daily number of patients in the wards throughout the year was 130. The average number of days of each patient in Hospital was 26.14 days.

Of the in-door patients treated to a conclusion there were :

Males.....	979	Roman Catholics.....	806
Females.....	695	Protestants.....	861
	<u>1,674</u>	Other Religions.....	7

	<u>1,674</u>		<u>1,674</u>

In the out-door departments of the Hospital there were fifteen thousand four hundred and thirty-one (15,431) consultations with patients, a reduction of seven hundred and ninety-two (792) below the number of last year. Of these consultations four thousand six hundred and forty (4,640) were given in the "Out-door Eye and Ear department" and ten thousand seven hundred and ninety one (10,791) in the "General Out-door department."

In the latter department advice was given to

Roman Catholics.....	7,210	Immigrants.....	22
Protestants.....	3,443	Strangers.....	96
Other Religions.....	138	Sailors.....	245
	<u>10,791</u>	Citizens.....	10,428
			<u>10,791</u>

Very many nationalities are found amongst the out-door and the in-door patients.

Amongst the diseases which have been somewhat unusually prevalent in the city and hospital during the year may be mentioned measles, typhoid fever, bronchitis and pneumonia; on the other hand the admissions for diphtheria were but 17, or but half the number of last year.

The inadequacy of the existing buildings to the requirements of the Institution is coming to be more seriously felt from year to year,—not only is more ward room needed for patients, but proper accommodation for the nurses and servants is much required in the interest of health and facility of administration.

Hitherto the Governors have failed to secure the services of a suitable person to take charge of a training school for nurses in connection with the Hospital, a project which they have wished to carry out for some time. Were such a person immediately available, however, quarters could not be assigned to the pupil nurses in the Hospital, and some other provision would be necessary.

The requirements of modern science and experience in the treatment of disease, and the obvious importance to the welfare of Society of a practical acquaintance on the part of the young men who are being taught in the Hospital, with the very best means and appliances for treating disease and mitigating human suffering, render it imperative that, as soon as possible, new and more commodious buildings, constructed upon the most approved principles, shall be erected upon the Hospital property, now so considerably extended by the acquisitions of late years.

In the meantime the possession of a suitable, inexpensive but commodious building, with a few acres of land attached, and distant but a few miles from the city, which could be employed as a home for convalescents, would be of much use, not only by affording more room in the Hospital for acute cases of disease and serious accidents, but, what is of equal importance, by securing a larger number of recoveries amongst the patients.

While the Institution has lost by death during the year three Life Governors—Thomas Kershaw, Thomas Symington, and Andrew Wilson, Esquires—it has received the considerable addition of twenty-two new ones, viz.: A. A. Ayer, F. Buller, M.D., Charles Cassils, W. S. Cooke, D. J. Craig, William Davis, T. D. Drake, W. Gardner, M.D., M. H. Gault, M.P., James A. Gillespie, G. P.

Dr. James Bell's term of office has just expired. During the two years that he has occupied successively the position of "Assistant House Surgeon" and of "House Surgeon," he has given entire satisfaction to the Board of Management and the Medical Board, and now that he begins his career as a private practitioner both Boards wish him the success that his professional and personal qualifications so well deserve.

The following gentlemen have in a most important way co-operated with the Governors of the Hospital by calling upon the citizens for subscriptions in its behalf: W. B. Cumming, John Low, Thomas Davidson, Alexander Manson, W. S. Walker, George Sumner, H. J. Tiffin, Placide Melançon, C. O. Perrault, Wm. Strachan, Thomas Cushing, Edward Rennie, W. E. Chester, W. G. Idler, Warden King, Thomas Robertson, Wm. Adams, Amos Cowan, Daniel Wilson, Henry Millen, Alfred Ward, S. O. Shorey, John Larmonth, John McLaren, William Masterman, and George S. Brush, Esquires.

All of which is respectfully submitted.

R. P. HOWARD, Secretary.

Montreal, 18th May, 1880.

The following gentlemen were then elected Governors:
