APPALLING LOSS OF LIFE IN ATLANTIC COAST WRECKS

Three Hundred and Fifty Souls Perished During Past Season

St. Pierre Fishermen the Chief Sufferers—Steamers Lost on N. S. Coast With Many Casualties—St. John Vessels Contribute Their Share to the Grim Total.

Boston, Mass., March 22.—A review of the marine casualties off the coast of New England and North America during the fall and winter season just past shows that about 350 lives were lost. Of this number 331 persons perished in the wreck of ten vessels belonging to the French fishing fleet off St. Pierre last fall. These vessels foundered in heavy gales which swept the Grand Banks. About twenty-five Newfoundland fishermen were also lost in these storms. The most thrilling disaster was that which befell the British steamer St. Outbert of the Nova Scotia coast, February 2. The steamer while on a voyage from Antwerp to New York caught fire and in their endeavors to escape incineration, fourteen men perished, thirteen by drowning and one by falling into the burning hold. The particulars of the gallant rescue of the survivors by the men of the White Star steamer Cymric are well known. Another notable disaster of the winter was the wreck of the British steamer Tolesby, Galveston, Texas, to Havre. The Tolesby struck the rocks at Freshwater Point, near Cape Race, in a heavy snow storm on the night of January 13. The steamer broke in two and the crew was in danger of being swept overboard. They finally reached the beach, but encountered a steep cliff two hundred feet in height and extending for miles. After suffering intensely from cold and flying spray for eighteen hours, all hands were rescued. One of the greatest feats in marine annals was the saving of 600 persons who were on the Canadian Pacific steamer Mount Temple when she struck on La Have Ironbound Ledges, off Bridgewater, N. S., on the night of December 2 while on her way to St. John, N. B., from Antwerp. The steamer was wrecked during a heavy snowstorm and at the time it was thought she would go to pieces. The Mount Temple is still on the rocks. On December 14, the Thomson liner Eldona, bound from Denver for Portland and struck Break Rock, off Cape Sable, N. S., and was totally wrecked. The crew was rescued by the steamer Louisiana. The latest misfortune to befall a steamer was that which overtook the Red Cross steamer Silvia, New York for Halifax and St. John, N. B., on December 13. She was wrecked March 14 on Saw and Higg Shoal. The passengers and crew were landed at New Bedford. Among the passengers were the crews of the Halifax steamer Beta and the Moncton, N. B., schooner Marjorie J. Sumner, both wrecked in the West Indies this month. The Dominion Atlantic steamer Yarmouth was wrecked near St. John on December 10, but was floated a week later. No one was lost. During the latter part of the fall, the loss of two famous New England vessels were recorded. On December 13 the seven masted schooner Thomas W. Lawson went to pieces on the Scilly Islands. Nearly all of the crew were drowned. The other great tragedy of the sea and one that may always remain a mystery, was the disappearance of the Bath, Maine, ship Arthur Sewall, one of the best known vessels in the American fleet. She left Philadelphia on April 3, 1907, for Seattle, Wash., and has never been reported since she left Delaware Breakwater. The Sewall carried a cargo of coal and probably foundered with all on board. On December 9 the Norwegian bark Germanic bound from Weymouth, N. S., for Fleetwood, England, became waterlogged at sea and sank. The captain and eight of his men perished. Seven men were saved after a fearful experience of eight days in an open boat. A thrilling rescue was that accomplished by the Gookala life saving crew on January 3, when they took off the crew, the captain and his wife and baby from the stranded New York brigantine Fredricka Schopp, which went ashore on Costus Beach, Nantucket. It took the life savers five hours to effect the rescue. The brigantine was floated last week.

MURDERER OF DENVER PRIEST TO BE HANGED

Alia Presented a Piteable Appearance When Arraigned for Sentence. Denver, Colo., March 21.—Guisepe Alia, murderer of Father Leo Heinrichs was removed today from the Denver jail to the state prison at Canon City, to be hanged there during the week beginning July 12. Just four weeks from the Sunday morning when he shot the priest at early masses in St. Elizabeth's Catholic church in Denver after kneeling at the altar rail and receiving the sacred wafer which he immediately spat out, the assassin will await in solitary confinement which will last the sixteen remaining weeks of his life. The condemned man presented a piteable appearance when brought to court today to hear his doom pronounced. His head was scratched and battered from beating it against the bars of his cell door. He was, of course, too weak to stand alone. He was supported by two officers while listening to his sentence. Muttering "I never harmed anyone" the prisoner was half dragged half carried from the jail to a carriage in which he was driven to the station and placed aboard a train for Canon City. His arms and legs were shackled and he was accompanied by a double guard on the journey.

MONTREAL WOMAN AND CHILD FATALY BURNED

Montreal, March 22.—Mrs. Cyrille Thomas, aged 23, and her fifteen month old daughter Albina, were fatally burned today at their home Baundy street, while her husband, Cyrille Thomas, and Mr. and Mrs. Joseph Croteau, who resided in the same house, were burned about the hands

HAD NO GREIVANCE YET THEY WENT ON STRIKE WITHOUT A MOMENT'S NOTICE.

The TIMES Today is largely a "reprint." This is not the fault of the management or writing staff. This condition may continue for a few days, as the whole composing room staff went on strike without a moment's notice. It was not known that they had arrived at this decision until they failed to appear this morning. They had no grievance. No complaint had been made by any one of them. They followed the lead of the Telegraph linotype operators, who went out because the office declined to force men to pay their union dues, or to discharge them, and because the management gave notice to one union man that his services were no longer required. This is a case where it must be decided whether the owner or the employes control the establishment. It is a question that appeals to every employer of labor. Had there been a grievance, something might be said on the other side, but the question of wages or hours of labor was not raised at all. Some of the men who left the Telegraph were earning \$20. to \$29. per week.

The TIMES is compelled to ask advertisers and readers to bear with its shortcomings as a newspaper for a few days until it has secured a staff of printers and linotype operators.

MADE CHAIRMAN ON HIS OWN TERMS

Judge Mabce Accepts Late Judge Killam's Place on Railway Commission After Government Promises He Will Not Forfeit His Superannuation Allowance.

Ottawa, March 22.—At Saturday's cabinet meeting an order in council was passed appointing Justice Mabce of the high court of Ontario to be chairman of the railway commission in place of the late Justice Killam. Justice Mabce was here on Saturday on court business. It was understood that the act will be amended to enable Justice Mabce to receive superannuation at the end of ten years service on the commission. This will place him in the same position as was Justice Killam. The only reason for changing the act is that while Justice Killam had five years' service as a judge, Justice Mabce has had only three. As the government was anxious to secure his services for this important position it was decided to make the necessary change and Justice Mabce accepted. He will assume his new duties without delay.

HOWARD TRUMAN DIED LAST NIGHT.

Well Known Cumberland Co. Farmer and Author Passed Away at Point du Dufe.

(Amherst, N. S., March 23.) The death occurred at Point du Dufe last evening of Howard Truman, aged 71. Death was due to heart failure. He was one of Cumberland's most prominent farmers and a conservative in politics. He was a man of literary talent some of his works being, "History of the Trueman's and other families," and a "History of agriculture in New Brunswick." This last work is well known throughout the maritime provinces. He is survived by three sons, J. Prof. John, of New York; Prof. George, of Quebec; and William, at home, also by two daughters, Mrs. W. Wells, New York, and Mrs. A. Colpitts, of Point-du-Dufe.

Rev. A. H. Foster Has Received a Call From a Church There.

Rev. A. H. Foster, pastor of the St. Mathews Presbyterian church Douglas Avenue, has received a call to Maitland, N. S. The communication was received by Rev. Mr. Foster on Saturday and the act was announced to his congregation on Sunday. A decision will not be arrived at before the meeting of the St. John Presbyterian which is on the 7th of April, it is believed, however that the call will be accepted. The annual dinner of the New Brunswick Military Veteran Association will be held this evening in Scammell's restaurant. A large attendance is expected and the gathering bids fair to be equal to any previously held. Among the guests will be Premier J. D. Hazen, Hon. H. A. McKeown, Hon. Robert Maxwell, J. E. Wilson, M. P. P., and Dr. McInerney, M. P. P. A very neat and attractive menu has been prepared.

Mr. and Mrs. A. E. Herbert left Saturday evening for New Britain, Conn., where they will in future reside. Mr. Herbert who was formerly in charge of the E. P. Charlton Co's department store here will look after the company's interests in New Britain. Mr. Sharp, the new local manager arrived last week from Sherbrooke, Quebec.

Attention has been called to the fact that some people passing along Mill street at the I. C. R. crossing have been in the habit of raising the gates there when they were down and that several accidents have been narrowly averted.

Captain Jones of North Wales has arrived here to take command of the steamer Mennon in place of Captain Purdon, who goes to Mobile to take charge of the steamer Yola. The Mennon will take the South African mails.

Miss Ida Parker Hamm died on Saturday at her home Grand Hoy. She was the daughter of David M. Hamm and was fourteen years of age. She had been ill for a week with pneumonia.

On Tuesday night next the Algonquin senior basketball team will meet the U. N. B. team at the Algonquin rooms, North End.

The newly appointed assessors were around the city this morning on a tour of inspection, valuating property.

Miss Eleanor Robinson will lecture upon the Life and Works of Charles Lewis Carroll before the St. Andrew's Church Guild this evening.

The sheriff is now ready to pay the election bills.

LUMBER CUT ALL TO THE STREAMS

Big Operators Finished Season's Work Last Week

HAD GOOD WINTER

Conditions Were Favorable and Output is Larger Than Estimated—Dr. James Hannay Seriously Ill.

(Special to The Telegraph.) Fredericton, N. B., March 22.—Lumber operators on the Miramichi, Tobique and Nashwaak, have finished hauling their logs to the streams, and most of their men came out of the woods last week. The past season has been exceptionally favorable for lumbering, and it is said that the cut on several of the larger streams will exceed the estimate. William Allen, who returned Friday night from headquarters of the Aroostook, reports three feet of snow in that section. On the Tobique and Miramichi there is about three feet of snow. Rev. Willard MacDonald, late pastor of the Presbyterian church, occupied the pulpit of the Brunswick street Baptist church this evening. Dr. Hannay is quite ill at his home here from an attack of la grippe. The announcement of the personnel of the Hazen government in the morning papers was much discussed on the streets here today. Mr. McLeod's appointment as solicitor general did not create much surprise. His appointment is not only regarded as an honor to the country of York which will be duly appreciated. There is not much likelihood of any opposition being offered to his re-election. The country roads are now in excellent condition for travelling and the market this morning was the largest since Christmas. Butter was scarce at thirty cents per pound but eggs brought only 17 cents per dozen.

TORONTO TO TAX SALARIES OF CIVIL SERVANTS

(Special to The Telegraph.) Toronto, March 22.—The salaries of the Dominion civil servants in Toronto are to be assessed this year on account of a recent judgment of the supreme court of New Brunswick.

The case of the New Brunswick Medical Society against Dr. H. L. C. N. Skinner appearing for the plaintiffs and Hon. J. D. Hazen for the defence. W. E. Raymond of the Royal Hotel was the first witness called and was under direct examination at this time of writing.

About 5.30 this morning John Arsenault, a longshoreman at work on the Head liner, Bengore Head at the I. C. R. terminus met with an accident while at work in the hold of the steamer, breaking a leg.

CHAPTER VII
A Guest in Rohn.

The first thing I did, on staggering from a heap of brushwood against which I had slumped, was to tear the sack from my head and shoulders with inward thanks that my hands were free. My men were not long in following my example and soon the three of us were blundering over faggots, empty casks and other obstacles of which we knew not the nature, in an eager search for the door. At length we groped it, not without many a bruise and stumble, to find it looked and the frame so stout that it withstood our united efforts to force it outward.

There lay the earth, eloquent of a tragedy of whose latest details I knew nothing. It was the sight of the troopers, who finding nothing to satisfy their curiosity, had tramped downstairs again, that roused me from my reverie, the sight of my troopers leading out three chargers and could be learned as gained by prolonging our stay at the place, I gave the word to mount, and with one last look at that lonely grave at the yawning entrance to the house led the way down the path to Rohn.

An hour in the morning air went far in dispelling the gloom with which the events of the night had filled me. An adventure that at one time bid fair to cost us dear, had ended with no worse than the breaking of a sword, and a few bruises, the result of our resistance to those who had dreamed of all things Austrian could sup with one who wore the hated uniform, passed my belief. In a moment I flashed across my mind that the newcomer must be a spy, and closely, nay, harshly, I questioned my corporal. But in spite of my doubts and ill-humors, the man's case was admissible; I admitted that he could have scarce refused entrance and lodged to one of our comrades, who demanded speech with the officer in command and bore despatches from his immediate superior.

Mrs. Irwin Bennett, Parrsboro, N. S., writes: "I feel it my duty to write a few words in praise of Dr. Wood's Norway Pine Syrup. I took a bad cold, which settled on my lungs, and made it almost impossible to breathe at times. I coughed constantly and could not sleep at nights. A friend told me how Dr. Wood's Norway Pine Syrup had helped her, so I procured some, and before I had taken one bottle my cough was gone and I could lie down and sleep at night."

THE EVENING TIMES, ST. JOHN, N. B. MONDAY, MARCH 23, 1908

The Evening Times.

ST. JOHN, N. B., MARCH 23, 1908. The St. John Evening Times is published at 27 and 29 Canterbury street, every evening (Sunday excepted) by the St. John Times Printing and Publishing Co., Ltd.

THE EVENING TIMES, THE DAILY TELEGRAPH. New Brunswick's Independent newspapers. These newspapers advocate British connection. Honesty in public life. Measures for the material progress and moral advancement of our great Dominion.

WITHOUT NOTICE.

Without even coming to the office to give notice, the composing room staff of the Times quit work this morning. This included the foreman, linotype operators and printers.

The following statement from this morning's Telegraph tells the story:— The amount of news in The Telegraph is somewhat reduced this morning, although as event of importance is omitted.

A word more as to the origin of the trouble. Since the strike in the Times office, fifteen months ago, The Telegraph has been run under the open shop principle. That doctrine was clearly laid down at the time of the previous trouble.

It will be somewhat hard handed for a day or two, but no longer. The company proposes to conduct its own affairs and to accept no dictation from any of its employees. In this decision it is confident it will have a full measure of public support in view of the simple facts here presented.

HOW CANADA LOSES

Speaking of the loss the Dominion suffers by sending away its pulpwood to build up in the United States industrial centres which should be established here at home, the Pulp & Paper Magazine says: "Once upon a time, a man settled on some forest land in Pontiac County, Quebec, far from other settlements. He grew a crop of potatoes, and in clearing the land for these he started a fire which destroyed 300,000,000 feet of pine.

"Canada today is letting her live neighbor to the South get hundreds of thousands of cords of pulpwood at a price ranging from say five to eight dollars. These same cords of pulpwood bring \$30 to \$50 in the shape of paper.

Record Breaker at the Harvey Sale. "The biggest business I have ever done at an anniversary sale, almost seven times as much business as I did on the opening day, seven years ago," is the way J. N. Harvey described the Saturday rush at the opening day of his big seventh anniversary sale in his newly equipped and enlarged store in the Opera House block.

That is a question which every employer of labor and every other self-respecting citizen must apply to his own case in considering this one. A word more as to the origin of the trouble. Since the strike in the Times office, fifteen months ago, The Telegraph has been run under the open shop principle.

It will be somewhat hard handed for a day or two, but no longer. The company proposes to conduct its own affairs and to accept no dictation from any of its employees. In this decision it is confident it will have a full measure of public support in view of the simple facts here presented.

8-BIG VAUDEVILLE ACTS-- Seats on sale. I. O. R. Yard to Be Blazed of Light The I. O. R. yard will in a few days be fitted with electric arc lamps, to light the tracks from the depot to the round house, beyond Gilbert's Lane. Twenty-four new lamps will be put up. A crew of men are now at work putting up poles and stretching wires and the current will probably be turned on in a few days. The power will be furnished from a plant in the round house, which already lights the buildings and yard around the round house. This plant is, however, rather old and worn out, having been brought here from Moncton, where it formerly did service. Plans are now being prepared at Ottawa for a new plant to be equipped with the latest style turbine engines. This new plant will be installed in the elevator and is designed to take over all the lighting for the I. O. R. properties here. It is figured that with new and up-to-date machinery the lighting can be done at about one-sixth of the present cost. The searchlights and signal lights along the tracks are also being fitted with incandescent lights, which will effect a great saving in time and expense. The oil lamps in the signal lights men have to climb the poles to fill, clean and light the lamps, while with the incandescent this trouble is all done away with. It is expected that the new wiring for signal lights and arc lamps will be completed in about a week. The wiring now being done will serve for the new plant as well as for the present machinery, and with the new system St. John's facilities in this regard will be equal to the best. Harold Robinson has just purchased in New York a new yacht, the Possum. The craft is a speedy one, 30 feet water line and 43 feet 3 inches beam with a 7 foot draught. She will be brought here before the end of May.

Montana Gives Silver Service to Latest American Battleship. New York, March 20--As a gift from the State whose name it bears, the United States battleship the Montana, which was launched from Newport News on December 16, 1906, is to receive a magnificent silver service. The service will be on exhibition next week at Reed & Barton's Fifth Avenue and Thirty-second Street, by whom it was designed and made. Historic, scenic and industrial features of the State are illustrated by typical scenes and pictures which enter into the design. The massive service bears the seals of the State and the navy department, and is incorporated in much of the detail of the ornament. Made of native silver from its Montana mines, the gift comprises these pieces: Large punch bowl and plateau, thirty crystal cups and ladle, small punch bowl and ladle, pair of candelabra, pair of compotiers, pair of sandwich dishes, pair of fruit baskets, pair of serving trays, pair of bottle holders, coffee urn and cigar box. Each end of the body of the large punch bowl is carried out into a decorative form suggestive of the prow of a vessel on the State cental, Helena, next month.

SILVER SERVICE FOR THE U.S.S. MONTANA. New York, March 20--As a gift from the State whose name it bears, the United States battleship the Montana, which was launched from Newport News on December 16, 1906, is to receive a magnificent silver service. The service will be on exhibition next week at Reed & Barton's Fifth Avenue and Thirty-second Street, by whom it was designed and made. Historic, scenic and industrial features of the State are illustrated by typical scenes and pictures which enter into the design. The massive service bears the seals of the State and the navy department, and is incorporated in much of the detail of the ornament. Made of native silver from its Montana mines, the gift comprises these pieces: Large punch bowl and plateau, thirty crystal cups and ladle, small punch bowl and ladle, pair of candelabra, pair of compotiers, pair of sandwich dishes, pair of fruit baskets, pair of serving trays, pair of bottle holders, coffee urn and cigar box. Each end of the body of the large punch bowl is carried out into a decorative form suggestive of the prow of a vessel on the State cental, Helena, next month.

More than men, says Dr. McComb, and one reason is that their nervous organizations are more delicate. True, and Hood's Sarasapilla is just the nerve-builder, appetite-giver, and blood-purifier they need.

Indigestion 3 Years—"I was troubled with indigestion for three years. I read of Hood's Sarasapilla and tried it. After taking a number of bottles I was completely cured." Mrs. J. H. Haller, Dubuque, Mo.

Nervous, In Pain, No Appetite—"Had poor health for years, pain in shoulders, back and hips, with constant headache, nervousness and no appetite. Took Hood's Sarasapilla, gained strength and can work hard all day, eat heartily and sleep well." Mrs. E. Grylls, Moose Lake, Minn.

Fawcett, the Bithony captain, played at point for the Marathons and put up a good game. Peters of the Charlottetown Victorias was on the local's right wing.

TERRIBLE CRIME OF FALL RIVER WOMAN

Kills Herself and Two Little Children With Illuminating Gas

Took Four-Year-Old Girl From Bed Where She Was Sleeping Beside Her Father to the Kitchen, Where Tragedy Occurred--Mother Thought To Be Demented Over Family Troubles.

Fall River, March 22--With her crucifix clasped in her right hand, and with a rosary hanging from her arm, Mrs. Florida Terrien, aged 25 years, and her four year old daughter Mary and two months old boy Joseph were found dead in the kitchen of their home at 88 St. Mary's street, early today by the woman's husband, Joseph Terrien.

According to the story that Mr. Terrien told, the police he and his wife with the two children had spent the night with a friend, returning home at 1 o'clock this morning. He went to bed immediately, taking with him his daughter Mary.

HOW TOMMY BURNS WINS HIS FIGHTS

Tommy Burns, whose fifty-sixth fight, with Palmer, has left him in the undisputed heavyweight championship of the world, differs from most English prizefighters in his method of training.

Instead of putting himself unreservedly into the hands of a trainer and following implicitly the orders he receives for the various exercises as well as diet, he dispenses altogether with such assistance and trusts himself. In this he follows the course adopted by some of the more modern American pugilists who argue that no trainer can so accurately gauge a man's capabilities for work on any given day as the man himself.

For this reason, Burns often takes much less exercise than a trainer would give him, for if he feels at all stale he "takes things easy," shortening his hours of work in the gymnasium and the distance he walks and runs, while on occasions he will do no work at all for a day. As a matter of fact, when he was training at Hampstead for the fight with Palmer, two days went by without his working, for he had hurt his leg and he was not willing to take any chances.

THE SECRET OF CRISP PASTRY. Keep three things in view, if you want unvarying success with your pastry--cold water, good shortening, and Blended Flour.

Ice water and butter are preferable, but it may be more convenient to use cold water and some other good shortening. But stick to the Blended Flour. It will never fail to give a light, flaky crust--so tender, it will break with a breath, and as easy to digest as it is delicious.

WHEN ordinary care in mixing and rolling the dough, Blended Flour will give you the most delicious pastry you ever ate. Many men are not realizing these two grades of flour scientifically, so do not attempt to do the blending yourself--it is no easy thing to get just the right proportions.

Invalid Ladies This Is For You.

There are thousands of females who suffer untold miseries common to their sex.

This is largely due to the peculiar habits of life and fashion, and the improper training of girlhood. Then, too, the physical changes that mark the three eras of womanhood (the maiden, the wife, and the mother) have much to do with her suffering, most of which are endured in silence, unknown by even the family physician and most intimate friends.

To all such whose hollow cheeks, pale faces, sunken eyes, feeble footsteps, indicate nervousness, palpitation of the heart, weak, faint and dizzy spells, we would earnestly recommend a course of Millburn's Heart and Nerve Pills.

THE REASON. Reggy--Why do you dislike cigarettes? Kitty--Because they are dangerous. Reggy--But I have smoked them for 10 years and they haven't killed me yet. Kitty--Yes; I know; and that's one reason I object to them.

VERY TRUE. The Man--Society is a funny thing. The Maid--How so? The Man--A girl is not 'in it' until she has 'come out.'

EVERYBODY IS AFTER THE "MERRY WIDOW" This light opera of Franz Lehár's after being the sensation of the larger European cities is now entrancing New York audiences as never before in a generation.

EVERY DAY CLUB WORK COMMENDED

It was a message of good cheer which Rev. William Lawson, of Hillboro, brought to the Every Day Club yesterday afternoon. He told the members that the people had organized a club along somewhat similar lines in Hillboro. The speaker rejoiced in the un denominational character of the Every Day Club, embracing men without regard to creed, joined together simply to help men to be better men.

Many old friends of Mr. Lawson were in the large audience present and he was heartily applauded. There were two hymns, and a quartette by members of the club choir; a flute solo by Mr. Stokes, and a vocal solo by Mr. Mitchell.

Archdeacon Raymond addressed a crowded house in the evening. In the course of his remarks about the necessity for making home attractive he expressed regret that so many young girls went into offices at an early age, for they were thus unable to learn the duties of housekeeping and making home attractive after marriage. Dr. Raymond expressed sympathy with the Every Day Club and its open door for every man.
