U. S. Coal Owners Agree To Proposals Made By Miners

REDS FAIL TO JOIN BERLIN UNIONS

TO PREVENT
SUSPENSION
OF MINING

U. S. Coal Commission In-
tervenes Between Men
and Operators.
MAY RESUME WAGES
Union Officials and Mine
Owners' Representatives
to Meet Tomorrow.

(By Canadian Press)
New York, Aug. 16.—A way to pre-
vent suspension of anthracite coal
mining after Sept. 1, was opened to-
day by the intervention of the U. S.
coal commission in the deadlock be-
tween the miners union and the op-
erators which has hitherto prevailed.
Officials of the miners union yester-
day proposed to the commission to
abandon their demand for "check-out"
of union dues if the operators would
cease their practice of collecting ex-
plosive and fuel accounts by the same
method, and after conference last night
the operators agreed to the proposal
in full.

Wage negotiations which broke off
two weeks ago between the operators
and miners may now be resumed, the
operators said in accepting the union
proposal.
Both miners union officials and op-
erators representatives, however, will
meet again tomorrow with the coal
commission to confirm the situation
before going ahead.

HAT TIPPING RARE
IN NEW YORK CITY

Men Seldom Meet Women They
Know on Street—Hats
Last Longer.
New York, Aug. 16.—Hats wear
longer in New York than they do in
Chicago, Boston, Philadelphia, Cleve-
land, Detroit or any other city in the
country.
Attention was called to this fact by
a former resident of a Western city
after he had tipped his hat to a woman
of his acquaintance whom he met on
the street.
"It's the first time I've tipped my
hat in three months," he said, "and
I'll be a month's salary that nine out
of ten New York men are not obliged
to doff their hats in salute any other
than I am. We seldom see any woman
we know.
"Here, in New York, I have never
seen a tipping spot on the brim of a
man's hat, and I've seen lots of mighty
old ones, but we are losing the art of tipping
the hat."

A. F. of L. Secretary
Addresses Typos

Atlanta, Ga., Aug. 16.—All property
in the U. S. and Canada belongs to the
people and any property destroyed
must be replaced, and the burden of re-
sponsibility falls on the workers, Frank
Morrison, secretary of the American
Federation of Labor, declared in ad-
dressing the 68th annual convention of
the International Typographical Union
here yesterday.
Mr. Morrison's statement followed
an outline of certain labor organiza-
tions whose avowed objects he asserted
from time to time had been to sup-
plant the A. F. of L. as the control-
ling factor of the working classes.
The latest organization that had
tried to replace the federation, he
said, was the I. W. W., brought across
from France, following the tactics of
syndicalism.

Montreal Follows Lead
Of London Buses

Montreal, Aug. 16.—Montreal street
cars will within several weeks at the
latest all bear route numbers, in ad-
dition to the present designations of
the routes. The Montreal Tramways
Co., has decided on a policy whereby
strangers and others in the city will
have no difficulty in getting to any
place they wish without having to ask
police.
The proposed system is now used in
London motor bus routes.

Casino Bank at
Deauville Broken

Paris, Aug. 16.—The Deauville
casino's bacarat bank was broken by
the loss of 10,000,000 francs in the
last Monday night's play, says the
Herald today. The syndicate man-
aging the bank, two wealthy Greeks
and an Armenian, have decided to
go out of business.
The principal winners Monday
were the eminent French sports-
man, Jas. Hennessy, and a Briton
named Pucellinelli. The latter is said
to have cleared a million and a half
francs.

BUILDING FALLS;
ONE MAN KILLED

Fatal Accident as Workmen
Nail Roof on Orono, Ont.,
Structure.
Port Hope, Ont., Aug. 16.—One
workman, Garnet Woodcock, of Hal-
burton, aged 32 years, was instantly
killed and several others were severely
injured yesterday when a cement
structure in course of erection at the
factory at Orono collapsed.
The men were nailing the roof on when
the building fell.
W. J. Fowler, Orono, suffered a fractured
skull and his condition is seri-
ous. Alfred Turner, of Bowmanville,
and George Kay, of Bowmanville, were
painfully injured about the back and
chest, and Allan Patton of Bowman-
ville, the foreman on the works, had
his jaw broken and his face badly
bruised and cut.

FURS ARE HIGHER

Only Muskrat and Skunk Show
Declines at Winnipeg
Auction.
Winnipeg, Aug. 16.—Furs to the
value of \$20,000, 90 per cent. of which
went to New York, London and Paris
buyers, were sold during yesterday's
annual sale at which the bidding was
brisk. The sale continues today
when the volume of sales for the two
days is expected to reach \$600,000.
Beaver, silver fox and bear was in
demand, beaver advancing 30 per cent.,
silver fox 30 per cent., and bear
10 per cent. Seal and skunk were
unchanged and muskrat down 10 per cent.

H I D ENGAGEMENT

Mary Miles Minted Admits Re-
lationship With Taylor,
Murdered Director.
Los Angeles, Aug. 16.—Mary Miles
Minter, motion picture actress, who
was engaged to marry William
Desmond Taylor, motion picture direc-
tor, when he was shot to death in his
apartment here February 1, 1922 ac-
cording to the Los Angeles Examiner.
Miss Minter was quoted as stating
she wanted to make her engagement
public at the time Taylor was killed,
but was advised not to do so as "it
would hurt her career."
"I says the most wonderful man I
ever knew," she said.
Styers said to have been written by
Miss Minter were found in Taylor's
apartment when the police were in-
vestigating the murder, according to
officers, and for a time they worked
on the theory that he was slain by a
jealous person. It was explained at
the time the letters were those of an
impulsive child written to a man she
admired for his accomplishments.

Dr. Doolittle Delivers
Greetings From N. S.

Toronto, Aug. 16.—Dr. P. E. Doolittle,
of the Ontario Motor League, was a
thoroughly modern courier yester-
day in the manner in which he brought
greetings to Premier Ferguson from
Premier Armstrong of Nova Scotia.
Dr. Doolittle some days ago started
from Halifax by motor with the ob-
jective of reaching Sault Ste Marie in
ten days. He completed the trip in
nine days and four hours, and would
have finished within the nine day mark
had he not been held up for some hours
at one point by road conditions. He
brought a cordial personal greeting to
Premier Ferguson from Premier Arm-
strong of Nova Scotia, which he deliv-
ered at the Parliament buildings.

Will Await Photos
and Finger Prints

Toronto, Aug. 16.—Inspector of De-
tectives Guthrie said last night that no
Toronto officers had been sent to
Montreal to examine or attempt to
identify the three men held there on
suspicion of being implicated in the re-
cent robbery of bank messengers in
this city.
Inspector Guthrie added that such a
step was unneeded for until photographs
of the suspected men, together with fin-
gerprints had been forwarded to Tor-
onto from Montreal.

Arrest Made In Ont.
Criminal Assault Case

Ottawa, Aug. 16.—The condition of
Harold Mockett, 16, who was criminally
assaulted last Saturday afternoon, near
his home at Billings Bridge was slight-
ly improved last night and high hopes
are held out for her recovery.
Wm. Swinnings was arrested yester-
day and appeared in police court in
connection with the crime. He was re-
mandered until August 23, without
bail.

WILL SPEND

ON ROADS

British Government to Bear
Half Cost for Unemploy-
ment Relief.
CABINET CRITICIZED
Lack of Foresight and Imagi-
nation in Industrial Situa-
tion Charged.
London, Aug. 16.—A. C. Clynes, one
of the leaders of the Labor party in
the House of Commons in the main
supports Sir Allan Smith, M. P., chief
of the industrial group of Members of
Parliament, in the latter's criticism of
the Government on its lack of fore-
sight and imagination in connection
with the unsatisfactory industrial sit-
uation and its handling of the unem-
ployment problem.
With a view to relieving unemploy-
ment £7,500,000 will be expended on
road improvements this winter, the
Government providing half the money.
The large cities in the United King-
dom are deliberating on winter em-
ployment schemes, chief of which will
be road extensions.
Seventy-five per cent. of the strike
ing dockers have returned to work and
the manufacturers claim that if it were
not for the sapiness of Government
policy they would be at work. They
say that the men are willing to work
and that the poor law relief is adminis-
tered in such a scale of generosity
that it results in keeping men idle.
Legal action against the poor law
guardians in this connection is being
taken.
A gloomy picture of the future in
great Britain if the building condi-
tions remain unimproved was drawn
by George Hicks in his presidential ad-
dress at the opening of the annual
convention of the National Federation
of Building Trades Operatives, at Il-
fracombe yesterday. Hicks said the
population was gaining rapidly
by upon the supply of buildings and it
would take 20 years of building opera-
tions to catch up if the builders were
to give even a tolerable measure of
housing accommodation. Nevertheless
building was going back owing to the
bad conditions of the industry.

Ku Klux Klan Takes
Over University

Indianapolis, Ind., Aug. 16.—
Negotiations have been completed
for the taking over of Valparaiso
University, located in Valparaiso,
Ind., by the Ku Klux Klan organiza-
tion, it was announced here last
night by Milton Elrod, editor of the
Free Press, official publication of the
Klan.
The university, which is one of
the oldest educational institutions in
the country, will be called the
National University, Mr. Elrod
said.

Ontario Cabinet Ministers Ex-
pected to Be Returned
Today By Acclamation
(Canadian Press)
Toronto, Aug. 16.—Today is nomi-
nation day for the Ontario ministerial
by-elections, and indications at the
Parliament Buildings today were that
the entire Ferguson cabinet would be
returned by acclamation.
Only those ministers who have ac-
tive portfolios and who, therefore, re-
ceive emoluments from the crown, are
obliged to return to their constitu-
ents. Ten of the present members of the
Ferguson cabinet, including the
Premier himself, fall within this classifi-
cation.
Hon. Thomas Crawford, Dr. B. Carr
of Hamilton, and Sir Adam Beck of
London, are the other members of the
executive council who are not required
to again be endorsed.
The ministers who will seek re-elec-
tion and the ridings which they represent
are:
Premier, G. Howard Ferguson, St.
Catharines, Ontario.
Hon. C. S. Lyons, Lands and Forests,
Sault Ste. Marie.
Hon. Charles McCree, Mines, Sud-
bury.
Hon. J. S. Martin, Agriculture, Lin-
coln, Ontario.
Hon. L. Goldie, Provincial Secre-
tary, North Wellington.
Hon. W. G. Nicolson, K. C., Attorney-
General, Kingston.
J. R. Cooke, North Hastings, Hyde
County, Ontario.
Hon. W. H. Price, Parkdale, Pro-
vincial Treasurer.
Hon. George Henry, East York,
Public Works.
Hon. Dr. Forbes Esdary, West
York, Education.
In addition to these, the new Ontario
under-secretary, W. H. Keefe of Port
Huron, is expected to be returned to
parliament after next session, when his
appointment will have been made
statutory and a salary attached to it.

PROCLAIMS RIGHT
OF IRISH PEOPLE

Irish Labor Party Programme
Also Demand Work and
Living Wage.
Dublin, Aug. 16.—The programme of
the Irish Labor party, made public
today, proclaims the right of the Irish
people to the ownership of their coun-
try, and the complete control of
their destinies.
The sovereignty of the people, as-
sets the programme, embraces every
man and woman in the nation, as well
as all its material wealth and resour-
ces and all the processes of producing
wealth. The platform also demands
that work and a living wage be guar-
anteed to every person who is will-
ing to labor, and declares in favor of
peace and economic freedom.

Change in Open
Season For Ducks

Ottawa, Aug. 16.—Changes in the re-
gulations under the Migratory Birds
Convention Act affecting the shooting
of migratory game birds in certain
provinces have recently been authorized
by order in council.
Under the order a further closed sea-
son throughout the Dominion has been
provided for wood duck, extending un-
til Jan. 31, 1924. A similar closed sea-
son has been provided for elder ducks,
except that elder may be shot in the
York and Northwest Territories, dur-
ing the regular open season, provided
for ducks in those localities.

Economic Council For
Empire Is Suggested

London, Aug. 16.—The London
Daily Telegraph's parliamentary cor-
respondent, discussing the forthcoming
Imperial conference, says there is evi-
dence that the British ministers are
alive to the desirability of creating an
organization to follow the conclusions
reached at the economic conference
and help to secure appropriate action
towards bringing them into effect.
Such a permanent body, the newspaper
suggests, could sit in London and
might be called the Empire Economic
Council. It should contain representa-
tives of the dominions and could be
established on lines similar to the exist-
ing Imperial shipping committee.

Wire Briefs

Wellington, N. Z., Aug. 16.—A
reduction of 20 per cent. is being
made in the income tax by the
Government.
Indianapolis, Ind., 16.—Govern-
or McCree ordered Sheriff George
Snider, of Marion county, to be
present at the boat here Friday
night between Elroy and Downey,
to see that the contest does not as-
sume the qualities of a prize fight.

DE VALERA
EXPECTED
HIS ARREST

Free State Action No Sur-
prise to Either Him
or Followers.
LITTLE SYMPATHY
London Newspapers Do Not
Envy Free State Its
Problem.
(Canadian Press Cable)
Dublin, Aug. 16.—Commenting on
the detention of De Valera, the Free-
man's Journal says today:
"The arrest did not come as a sur-
prise either to De Valera or to his fol-
lowers. He was well aware that the
Government was bound to act as it
has done."
"Not once, but many times, were
offers of amnesty made upon condi-
tions generous to a fault."
"It is up to the Government either
to detain the prisoner under the Pub-
lic Safety Act, or to submit his re-
cord and his re-assertion of dictatorial
authority to the verdict of a judicial
tribunal. Nobody can question the
Government's right to adopt which-
ever of these courses seems best to
them."
The Irish Independent opines that
the political effect of the arrest will
probably be to give strength to De
Valera's candidacy.
"We assume," says the newspaper,
"that the Government weighed the
problem fully before deciding upon the
arrest and that military reasons, in the
main, influenced the decision. Nobody
can question the Government's right to
adopt which of these courses seems best
to them."
The Irish Independent also opines
that the arrest will have less dan-
gerous to the Free State as a fugitive
than as a prisoner. It is believed that
the other members of the cabinet will
be assumed in Dublin that he will not
be prosecuted, merely being held with
a view to his extradition to the
Government's disposal.

Prettiest in Canada

This new Mormon Temple at
Cardston, Alberta, is considered
by many the most beautiful in
Canada, and is the first temple
on British soil. The building fol-
lows somewhat the Egyptian
architecture, and its interior is
rich in murals, mosaics and in-
lays. Heber J. Grant, president
of the Mormon Church, will go
up from Salt Lake next month
to dedicate it.

Boston Elite Rebels
Tries To Take Historic Name

Boston, Aug. 16.—Boston Back Bay, tight little isle of aris-
tocracy, is up in arms over a war of names that has flared in
Philadelphia and bids fair to spread wherever the venerated ap-
pellations of Cabot are to be found.
"The Cabots have sent one of the family lawyers down to
Philadelphia to stop a man by the name of Harry H. Kabotch-
nick, from legally shortening it up to 'Cabot'.
Senator Henry Cabot Lodge is a proud bearer of one of the
old Back Bay names. 'Where the Lovells speak only with
Cabots, and the Cabots speak only with God.'"

SAYS ANTI-BETTING
LAW ULTRA VIRES

Toronto Judge Dismisses Samuel
Lichtman Case—Appeal
Will Follow.
Toronto, Aug. 16.—Judge Denton in
police court today ruled that the Raney
anti-betting act is ultra vires of the
Ontario Legislature and dismissed the
charges against Samuel Lichtman of
illegally setting racing forms and other
sheets with betting information. The
case will be carried to a higher court.
The opinion is very general here that
the Republican chief justice is less dan-
gerous to the Free State as a fugitive
than as a prisoner. It is believed that
the other members of the cabinet will
be assumed in Dublin that he will not
be prosecuted, merely being held with
a view to his extradition to the
Government's disposal.

Doctors Hear Address
On Cancer Control

Amherst, Aug. 16.—At the quarter-
ly meeting of the Cumberland Medi-
cal Association held yesterday at Pug-
wash an address on cancer control
treating with recent research, was de-
livered by Dr. John Stewart of Hal-
ifax, dean of the Medical Society of
Nova Scotia.
Dr. Smith Walker, associate secre-
tary of the Provincial Medical Associa-
tion, took part in the discussion.
Dr. MacIntosh of Pugwash entertained
the delegates at luncheon.

ONLY ONE MAN NOW
UNACCOUNTED FOR

Kennerly, Wyo., Aug. 16.—The
bodies of two more miners were recov-
ered from the Frontier Mine yesterday.
The total number of bodies now re-
covered stands at 97 with but one
man unaccounted for.
The outstanding decision was that
dealing with the question of Empire
immigration. A resolution approved the
principle of regulated immigration for
land settlement with the Empire. The
opinion was expressed that suitable
schemes could materially assist in the
stabilization of industry and tend
towards the solution of the unemploy-
ment problem combined with the
building up of the British race within
the confines of the Empire. The League
was pledged to assist regulated schemes
in every way possible. The view of
the League will be presented to the
Imperial conference which meets in
London next month.

Glacé Bay Man Was
Among Those Killed

Glacé Bay, N. S., Aug. 16.—One
of the victims of the pit disaster Tues-
day at Kennerly, Wyoming, was
Louis Rogers, aged 28, son of Wil-
liam Roberts, Glacé Bay. His brother,
William Roberts, was also in the col-
liery at the time but was one of those
rescued. A telegram to their father
said that Louis was killed in the ex-
plosion.
The Government is applying close
in order to get the bills through in
time.

To Open Berlin Bourse
To Russian Securities

Berlin, Aug. 16.—Trading in Russian
securities will again be permitted on
the Berlin Bourse beginning Sept. 1, it
was announced yesterday.
For the present the regular quota-
tions will be continued to Russian con-
sols of 1902.

CLASH AT ARNSTADT

to British Note.
(Canadian Press Cable)
Berlin, Aug. 16.—The strike situation
in the provinces has improved some-
what and it is believed that the gen-
eral strike of the Communists is on
the verge of collapse.
Order has been restored at Zeitz, the
Prussian industrial centre, where the
Communists attempted to get posses-
sion of the factories.
The strike in the central German lignite
district has been settled and work-
ers returned to the pits of Hamburg
and Stettin are at a standstill because
of the idleness of the dock workers,
Quiter in Berlin.
Berlin, Aug. 16.—The labor and food
situation in Greater Berlin today
showed improvement over previous
days. This was due to the falling off
of the general strike by the Com-
munists. The attempts of the Reds to
paralyze the city proved to be a fiasco
owing to the opposition of the regula-
rity unions. The currency shortage
continues.
Although the Communists' strike in
Berlin has ended, the situation else-
where is precarious, according to re-
ports reaching the capital.
Clash at Arnstadt.
The Communists are said to control
the town of Heimstedt, having dis-
armed the police. Many persons are
reported to have been injured in a
clash between Nationalists and Com-
munists at Arnstadt.
Lepiz is without gas or electricity
in consequence of a strike of the munici-
pal employees.

LIQUOR REVENUE
SLIGHTLY HIGHER

Quebec Government Received
\$4,581,000 for Year—\$8-
000,000 Spent for Roads.
Montreal, Aug. 16.—Ordinary re-
ceipts of \$21,634,641 for the fiscal year
ending June 30, 1923, of the province
of Quebec are shown in the statement
of receipts and expenditures published
in the last issue of the Quebec Official
Gazette.
Expenditure is given at \$20,190,275,
making the surplus \$1,444,366.
The operations of the Quebec Liquor
Act brought the province \$4,291,092,
of which \$3,000,000 is trade account,
and \$1,291,092 revenue from licenses on
taverns, shops, restaurants and the 2
per cent. tax on the brewery output.
The Government's revenue from the
act during the fiscal year ending June
30, 1922, was \$4,262,746, consequently
the increase is only \$118,906. The trade
account in this year was \$2,865,016,
giving an increase in trade account of
\$189,890, and in license account of \$78-
816.
These figures of increase indicate
that the number of licenses is practi-
cally the same, while as to the figures of
trade account for the two years it ap-
pears that more wine has been sold
during the second year, roughly, of
operations than during the first year,
and wine prices have been materially
reduced during the second year.

Laborers Obstructing

THE MONEY IN IT.

St. John, keenly interested in tourist travel, and with improving chances to profit more by it year by year, will be interested in Montreal's calculation that a million dollars was spent in that city last week by 22,000 visitors.

As St. John is soon to have greatly enlarged hotel accommodation it is worth noting how much the knowledge that great hotels are available contributes to the strength of Montreal's attractions for visitors.

The province at large is interested in all this, just as St. John is, for the movement naturally includes capitalizing the resources and attractions of all New Brunswick as a summer and autumn playground second to none.

BETTER THAN SWIMMING THE CHANNEL. Better than the Channel swim for a record is the feat of courage and endurance of last week's swimmer.

PORTUGAL'S GREAT POET IS DEAD AT AGE OF 73. London, July 15.—(By Mail)—The death of Alvaro Manuel Guerra Junqueiro, Portugal's poet laureate, from pneumonia, at the age of seventy-three, removes the greatest figure in Portuguese literature during the last thirty years, writes a correspondent from Lisbon to "The Morning Post."

More international trouble. Fort Erie, Ont., opposite Buffalo, is plagued with dogs which are eating the population out of house and home.

London regards De Valera in captivity as more dangerous to the Free State than De Valera at large, but that remains to be seen.

RECENT WEDDINGS

Austin-Brewer.
A quiet wedding took place at St. James church, Wednesday evening, August 15, when the rector, Rev. H. A. Cady, united in marriage Wesley Austin and Mary Jane Brewer, both formerly of Newfoundland but now residing in St. John. The bride, who is a daughter of Mr. and Mrs. Isaac Brewer of Newfoundland, was given in marriage by her brother, William Brewer, and Miss Mabel Colwell was bridesmaid. She was dressed in a sand suit of tulle, with hat to match, and carried a bouquet of roses and sweet peas. She was also the recipient of numerous presents from her many friends. The groom served for five years in the Royal Navy, and during the war spent one winter at Archangel. He was also in the Battle of Jutland, serving on H. M. S. Arlansa, which was damaged by the fire of the enemy and many of her men were killed and wounded. Mr. Austin has been employed for three years at the St. John Sugar Refinery. After the wedding service a dainty supper was served by Mrs. R. J. Clark, 19 St. Andrews street, at which several guests were present. Mr. and Mrs. Austin will live at 194 Queen street.

YOU can make more and better JAM and JELLY

Why continue the old-fashioned, wasteful, long-boiling, tedious, expensive process of making your jams and jellies! You simply boil away your fruit.

Use the Certo one-minute boiling process. You will save all the delicious flavor of your fruit—and get 50% MORE jam and jelly which will keep perfectly and cost less.

Certo is pectin—the natural jelling element of fruit. Complete booklet of recipes with every bottle.

CERTO
(Surgelyell)

How to Make Delicious Plum Jam

Slice, pit and crush well about 2 1/2 lbs. plums. Measure 4 level cups (2 lbs.) crushed fruit into large kettle, add 1/2 cup water, stir until boiling, cover kettle, and simmer 15 minutes. Add 7/8 level cups (3/4 lbs.) sugar, and mix well. Use hottest fire and stir constantly before and while boiling. Boil hard for 1 minute. Remove from fire and stir in 1/2 bottle Certo in pectin. Certo skim and pour quickly.

For New Styles and Pretty Arms

(Beauty News.)
Women are fast learning the value of the use of delatone for removing hair or fuzz from face, neck or arms. A paste is made with some powdered delatone and water and spread on the hairy surface. In 2 or 3 minutes it is rubbed off, the skin washed and every bit of hair has disappeared. No future will result if you are careful to buy genuine delatone and mix fresh as wanted.

ARAB PRIESTS AND BISHOPS TO BE SENT TO PALESTINE

London, July 30—(By Mail)—The Congress of Arab Orthodox Laymen at Haifa has resolved to introduce Arab priests and bishops in Palestine and to appoint a special committee, headed by an Englishman, to organize the affairs of the Orthodox Patriarchate of Jerusalem, according to a special correspondence from Jerusalem to "The London Daily Times."

The Congress also passed resolutions in favor of the reopening of the Orthodox Theological College at El Musalshar, which was closed by the present Patriarch, Mgr. Damianos, fifteen years ago, and of starting an Orthodox University in Jerusalem, a high school in Jaffa and elementary schools in all towns. The Congress also favored the future association of laymen with the prelates in the Council of the Patriarchate, as is already the case in Constantinople and Alexandria, and resolved that the Patriarch of Jerusalem should not in future appoint to par-

EX-COWPUNCHER, WHO BORROWS \$30,000,000, SAYS IT'S EASY TO DO WHEN YOU KNOW HOW

By Josephine Van de Grift.
New York—Would you like to borrow \$30,000,000? Could you?
Colonel Sloan Simpson, ex-cowpuncher, and one-time Rough Rider with Roosevelt, thinks it's easy. He came here from Dallas, Tex., to do it. "Banks aren't heartless," he says. "All they want to make sure of is that you are going to do something productive with the money once you get it."
Of course Colonel Simpson didn't want the \$30,000,000 for himself. What he wanted it for was to tide 30,000 cotton growers over nine months of waiting down in Texas. They are the men who make up the Texas Farm Bureau Cotton Association, of which Colonel Simpson is treasurer. While they're waiting for the cotton to be marketed they need a little something to put cake in the bread box and buy shoes for the youngsters.
This is his recipe for borrowing money:
"Produce the four C's—character, capacity, confidence and collateral. It's a fact, collateral isn't nearly so important as the other three."
But first of all, he says, you've got to have an idea worth money.
"Three years ago," explained Colonel Simpson, "the Texas Farm Bureau Association was merely an idea that the cotton growers sought to organize for a better marketing of their crops. It was a good idea. Therefore, although the association is organized without capital, it can borrow so vast a sum as

COL. SLOAN SIMPSON.

\$30,000,000 with no more trouble than I had some few years ago when I went about raising \$100 for my personal needs."
Colonel Simpson knows all about borrowing money, for he's a banker himself.

GOOD TIME AT LOG CABIN CLUB

Salvage Corps and Guests Have Enjoyable Annual Outing.

The annual outing of No. 1 Salvage Corps and Fire Police was held yesterday afternoon at the Log Cabin Fishing Club, Loch Lomond, and, as is always the case with anything undertaken by this energetic organization, was a pleasant success. The rain was not allowed to interfere with the pleasure of the day, and the outing was voted one of the best ever.
The committee in charge left in the morning to have dinner ready for the rest when they arrived, and "well and truly" did they perform their duties, as was proven by the enthusiastic manner in which the dinner was attacked by the members of the Corps and friends when they arrived about two o'clock.
Owing to other engagements, Mayor

Corps' companies, and one thing he noticed was that the corps not only saved thousands of dollars for the citizens in the saving of property, but they proved a great assistance to the fire department in fighting fires. He pointed out plainly that the members could prove very valuable in the matter of preventing fires just as well as fighting them. In this manner he said that wherever a member of the Salvage Corps noticed a place that was hazardous he might report the case to the police, the chief of the fire department, or the Fire Prevention Board, and such cases would be immediately attended to.

R. A. McAvity thanked the members for the invitation to be present, and congratulated Captains MacRae and Brown, along with the members of the two corps for the wonderful work which they perform at free.

Charles A. Clarke, a charter member, who joined No. 1 Company in 1882, was received with generous applause when called on. Mr. Clarke is still an active member, and during his remarks told about the trials and tribulations of No. 1 Company during the first few years of their existence until the citizens began to appreciate the wonderful work that they performed.

After the programme was exhausted, the members and guests became greatly interested in a contest in which W. A. Stewart of No. 1 Company and Lieut. Charles Cunningham of No. 2 Company proved the winners.

Owing to the heavy rain it was impossible to carry out the programme of sports arranged on the beautiful grounds of the Log Cabin Fishing Club. Supper was served in the evening, after which B. S. Ritchie favored with solos, and there was a general sing-song until it was time to depart for home.

The committee in charge of the very pleasant outing were Charlie Robinson and Dr. L. A. Langstroth, assisted by Thomas Tonge, William Currie, Fred Dolg, Harold Williams and George Farren.

SEED POTATO GROWERS ASSOCIATION PLANNED
The first step toward the formation of a New Brunswick certified seed potato association was taken at the annual field day for potato men, held yesterday at the Experimental Farm, Fredericton, a committee of five being appointed to investigate and draw up a provisional plan of organization. About 200 potato growers and others interested in the growing of potatoes were present.

The executive of the Canadian Club met at the office of the treasurer, W. Grant Smith, in Canterbury street yesterday afternoon with the president, Dr. E. J. Ryan, in the chair. Routine business was transacted and the following new members were elected: A. W. Murray, F. T. Short, J. L. Feeney, J. B. Patchell, J. A. Kennedy, Rev. A. L. Tedford, E. Clyde Parsons, A. W. Thorne, H. E. Sullivan, W. W. Allingham and A. K. Harvie.

GERMAN INTERESTS TAKE OVER MORE RUSSIAN LAND
Berlin, July 28.—(A. P. By Mail)—Another agricultural concession has been taken in Russia by a German organization called the German-Russian Seed Growing Company, which will establish an experimental farm on a tract of about 30,000 acres near Moscow. This is similar to the Krupp agricultural concession in the Ukraine. Other German interests soon will take over wood concessions covering 200,000 acres of forest near Mya-lybinak. Sawmills will be erected and cellulose factories operated.

Gibbard Solid Walnut

Guarantee

This tag is a Guarantee that any Solid Walnut, Solid Mahogany or Solid Oak—the three finest exterior woods—are used for all exterior parts of Genuine Gibbard Furniture.

Even the drawer sides, extension table leaves, china cabinet shelves, chair stretchers and side rails of beds are made of the same high quality of these beautiful cabinet woods as the other exterior parts. Look for the Gibbard name plate on each article.

The Tag That Guarantees it is Solid

CAN you tell the difference between genuine walnut and a cleverly stained imitation and a cleverly stained imitation?

Can you tell whether a so-called mahogany suite is solid mahogany, or one-half or more of it some other wood?

If you can't, how are you going to know for certain that the furniture you select is genuine solid walnut, or solid mahogany, or solid oak?

There is one sure way

Buy furniture bearing the Gibbard trade mark, and with the Gibbard Guarantee tag attached to each piece.

The Gibbard Tag assures you getting the genuine thing. It guarantees solid satisfaction—genuine solid walnut, solid mahogany or solid oak. It enables you to buy furniture with absolute confidence.

The Gibbard Guarantee

Tag is a big thing in the furniture business to-day. It is the most important thing to look for when you buy.

In keeping with the fine solid woods used, Gibbard Furniture is finished so as to bring out the full beauty of their grain and texture.

Another feature is the beautiful decorations which are all executed by hand carvers. They are made of solid woods, too, not some composition.

Just as an example of the excellence of the Gibbard construction, ask your dealer to pull out a Gibbard dresser, say, on a mahogany dresser.

Note how well-finished it is—how true it runs—how smooth the inside—and how beautiful the mahogany drawer sides and bottom look. You'd be proud to put your clothes in a Gibbard dresser drawer.

The dining room suite illustrated is the latest Gibbard dining room suite of the Chippendale period.

If your dealer hasn't this handsome suite in stock, he can obtain it for you, or any of the other Gibbard dining room and bed room suites, library tables and writing desks. He has a Gibbard Catalog showing large photogravure pictures of Gibbard Colonial, Chippendale, Queen Anne, Italian and Georgian designs.

Just think of the pride, the pleasure and the satisfaction of owning a suite of furniture that you know is the real, genuine article.

Tell your dealer you want Gibbard Furniture—the kind with the printed and signed guarantee.

MRS. SAVOIE THOUGHT HELP WOULD NEVER COME

Nervousness, Headache, Dizziness and Weakness Increased Until She Lost Hope - Declares Tanlac Restored Perfect Health.

Many days I couldn't do a bit of my housework, and I just kept growing worse until I began to think there was no help for me.

"My husband used Tanlac and it helped him so much I commenced using it, and it certainly has proved a blessing to me, too. I commenced to pick right up and gained so rapidly I could hardly believe it myself."

"Before I used Tanlac I was in misery all the time. Hardly a day passed in three years that I did not suffer from severe splitting headaches, and I often thought my head would burst open."

"Tanlac has made me so well and happy I could jump for joy," declared Mrs. Rose Savoie, 708 Tuscarora St., Windsor, Ont.

"Tanlac is for sale by all good druggists. Accept no substitute. Over 37 million bottles sold."

PRENTICE BOYS TO MARCH SUNDAY TO DECORATE GRAVES

The annual decoration day service of the "Prentice Boys" of St. John and vicinity will be held on next Sunday at Cedar Hill and it is expected members of the order from Lorneville, Devon, Marystown, Fredericton and Woodstock will be present to take part.

The parade will form up at the "Prentice Boys" hall, Guilford street, about 2:30 p. m. and, headed by the Carleton Corset Band, march to the cemetery. During the morning committee will decorate graves in other cemeteries.

A committee will be at the hall on Saturday afternoon to receive flowers and make up the bouquets.

SUGGESTS CHANGES AT ELLIS ISLAND

Geodes Reports on Conditions at U. S. Immigration Depot.

Provide a new station for those requiring "kooker" food, or, alternatively, let Ellis Island be the "kooker" station and provide a new station for the rest.

Arrange, if possible, for all immigrants to be finally approved or disapproved in their home lands.

Abandon the quaint custom of deporting lectures on Americanization to criminal and other delinquents.

Strangely, this well meant activity seems to be more annoying to the victims than any other single detail in the life of Ellis Island.

The latter uttered no word, but tossed his head backward to indicate the basket on his back, at the same time turning his body half around.

J. W. BRANKLEY IN MOTOR CAR COLLISION

Fredericton, Aug. 16.-J. W. Brankley of Chatham, while coming to Fredericton from Woodstock enroute home from the United States, had his car in collision with another about five miles west of Fredericton.

The other car was a Buick, and the driver, whose name was not given, was killed.

KNEE ALMOST PARALYZED FOR LAST FOUR YEARS

Constipation, Stomach Trouble and Rheumatism of Four Years' Standing Yield to Healing Influence of Dreo - Read What This Splendid Herbal Remedy Did for Mrs. J. A. Alcorn, of 147 Queen Street, St. John, N. B.

The benefits Mrs. Alcorn rederived from Dreo are typical of this remarkable health builder that goes to the root of ailments which, by improper functioning of the digestive organs.

Once let the kidneys, stomach and liver get out of hand, and the inevitable result is rheumatism, biliousness, gastritis and constipation. All these ailments are cured by the natural action of Dreo, as was the case with Mrs. Alcorn.

Says Mrs. Alcorn: "I suffered for the last four years with stomach trouble and constipation. Everything I ate would turn sour, causing dizziness and spots would float before my eyes. My bowels were very irregular and my appetite very poor. I had rheumatism in the knee that almost paralyzed it. I have only taken two bottles of Dreo, but my bowels are as regular as clockwork and I can eat and enjoy anything for the first time in four years. The pain in my knee has almost disappeared and I feel 100 per cent better."

Dreo is the best preparation I ever tried and I cannot recommend it too highly. Dreo quickly dispenses poisonous acids, gasses and other distressing symptoms. It aids and upbuilds the whole system. It is the ideal spring tonic. Prepared only from Nature's herbs, bark and leaves, Dreo is pleasant to take and causes no mercury, potash or habit-forming and dangerous drugs.

Dreo is being specially introduced in St. John by Ross Drug Co., 100 King street. It is also sold by Moore's Drug Store, 105 Prince Edward street, and F. W. Munro, 357 Main street. It is also sold in Fairville by T. H. Wilson, in West St. John by Watson R. Dunlop, and by a good druggist everywhere.

MRS. COFFMAN ILL SEVEN YEARS

Saved from an Operation by Lydia E. Pinkham's Vegetable Compound

St. John, N. B. - "I was a nervous wreck. I was suffering from a pain in my left side which was most unbearable, and I could not even take the bed clothing rest on my body at night. I had been sick seven years, but not so bad until the last eighteen months, when I had become so run down that I cared for no body, and would rather have died than live. I could not do my work without help, and the doctors told me that an operation was all there was left. I would not consent to that, so my husband brought me a bottle of Lydia E. Pinkham's Vegetable Compound and begged me to take it. I have taken fourteen bottles of it and I feel ten years younger. Life is full of hope. I do all my housework and had a large garden this year. I never will be without the Vegetable Compound in the house, and when my two little girls reach womanhood I will take them to take it. I am never too busy to take some morning tea of my help, and you can use my name and letter to spread the good news of Lydia E. Pinkham's medicine. Mrs. Ida M. Coffman, E. B. 2, St. John, N. B."

WARMLY GREET RUSSIAN REFUGEES

Manchurians Generously Receive Remnants of Anti-Bolshevist Forces.

Harbin, Manchuria, July 9.—(A. P. By Mail)—Five sturdy Russian peasants, remnants of General Dietrich's last small band of "Whites" who stood out against the Bolsheviks at Vladivostok until the decisive battle that settled the fate of that town, drifted into Harbin one night recently, having run the gauntlet of Chinese bandits from Kirin, 800 miles away.

as they unloaded their few belongings, meanwhile plying them with questions. It soon became known the strange travelers were from Kirin, and they were given a warm welcome.

Reforestation Plan For Giant Redwoods

San Francisco, Aug. 16.—(By A. P.)—California's giant redwoods, some of which, still standing, were saplings when the Vikings first sighted the coast of North America, and were good-sized trees when William the Conqueror's Norman horde landed on the shores of England a thousand years ago, will have been entirely destroyed within a short time, according to the California Redwood Association here, unless measures now being undertaken for their reforestation prove successful.

Nurseries for young redwoods have recently been established by two lumber companies in northern California. At Port Bragg, Mendocino county, 800,000 young redwood trees are now growing from seed, a sufficient number to reforest 2,800 acres a year. Enough additional young trees to reforest 4,600 acres annually will be supplied by this company in the near future.

Another company, at Scotia, Humboldt county, has a redwood nursery of 500,000 trees, while a number of the twenty-two redwood companies in California have taken a practical interest in the reforestation.

IDLE U. S. SHIPS, NO CARGOES NOW

(New York Times.)

Reports of shipping companies indicate that the ocean charter market has reached a state of almost complete stagnation. In most of the overseas trade no demand whatever for full cargo steamers is recorded, and tonnage requirements in trades that are considered fairly active are declared to be extremely limited.

During the week ended Aug. 11 only three or four steamers were engaged to move coal from Atlantic ports to Europe and one to South America. Three others were chartered for shipments of timber; a few vessels were chartered for miscellaneous cargoes, while less than half a dozen boats were reported as having been taken on time charter, these mostly for round trips or short periods in the West Indies trade.

Charter rates, it is reported, have fallen to levels that offer little chance of profit to vessel owners under existing high costs of operation. Further reductions are said to be unlikely except in isolated cases where, from necessity or choice, owners may take business even at a loss, to keep their ships employed. Many steamers are tied up here and abroad waiting for cargoes at rates that will afford some profit, or at least enable the owners to break even.

Judgment Monday In Case About Milk

Counsel for the prosecution and defence yesterday afternoon in the Police Court presented their arguments in the case in which Allan H. Beyer is charged by the Board of Health with violating the milk regulations. E. P. Raymond for the defendant contended the charges had not been proven and asked for dismissal. Dr. J. Roy Campbell, K. C., for the prosecution, said the charges had been proven on all counts but asked for a conviction on only one, that of supplying milk to Mrs. Nelson. Magistrate Henderson announced that he would defer judgment until Monday next.

May Play For Championship.
If present negotiations are successful, St. Rose's, winners of the City-Annateur League baseball championship, will be pitted against Chatham, winners of the Miramichi League, in a series of home and home games to decide the provincial championship. The local team is ready, and it is said that the feeling in Chatham is favorable towards such a series.

Two-L League Meeting.
At a meeting of the executive of the Two-L League held last evening it was decided that a disputed game played between the Vets and Moncton would remain a game. It was also decided that in future all games will start at 6.45 instead of 7 o'clock.

The matter of replacements occasioned considerable discussion. While a time limit was set for the handing in of the players' list, under certain conditions, applications for replacements will be considered and granted by the league. The list of replacements presented last night was as follows: Vets, Smith by Whitehouse; War Vets, Farlee and Beattie by Cornell and McElroy; St. Peter's, O'Toole by Gibbons; Moncton, McLeese by Phillips. All were granted. It was also decided that all postponed games between teams must be played before August 30.

The Power Boat Club races postponed from last Wednesday will be held in Indiantown harbor on Monday next, it was announced last night.

LACROSSE.
Orilla, Ont., Aug. 16.-The Oxford-Orilla touring lacrosse team defeated Orilla here yesterday 5 to 2 in a well played game.

THE RING.
New Empire Champion.
Montreal, Aug. 16.-Kid Roy, Quebec champion featherweight, was awarded the decision over Joey Fox, champion featherweight boxer of England, in a ten round bout here last night.

ENGLISH REVIVE ANCIENT ART.
Norwich, Norfolk, July 30.-A. P. By Mail and another of the ancient industries is being revived in the county of Norwich. This is the "rush matting" industry, which is Chaucer's Canterbury Tales as "Ye rushe mattinges." These mats, made from rushes which grow in profusion in the marshy districts of Norfolk, are recognized as the best covering for stone floors.

Ruth At Top Of Two Batting Lists

Yesterday's Play Gives Him Highest Average and Most Home Runs.
New York, Aug. 16.-The Babe took the lead yesterday in St. Louis in both home runs and batting average. He founded out one round trip, making his total for the season 30, one ahead of Williams, and put his average up to .341, compared with Heinemann's .303. Ruth was using one of his famous old clubs and leaned on the ball so hard that it sailed over right field fence and bounced off the facade of a building on the other side of Grand Avenue.

Despite the Babe's fancy stick work, however, the Yankees lost to the Browns, 5 to 3. The mound city team went into action like a cyclone and did not miss a chance all through the game running the Yankees ragged. Giants Lose Two.

The Reds shocked the Giants by walking calmly away with seven runs in the first four innings and winning 9 to 6. Despite the story told by the score, most of the heavy hitting was done by the Cleveland players, who made 16 hits, six of which were two baggers by Stephenson, Spencer and Myatt, two apiece, and two of which were homers by Brower and Spenser.

The White Sox broke even with the Senators in Chicago in a double-header, Washington taking the first game 5 to 1 and Chicago the second 4 to 3 in a pitching battle.

Boston triumphed Chicago in a twilight conflict 3 to 2, with Fillingim hitting home runs in the last two innings.

The Pittsburgh players beat their best Cleveland 4 to 3, in a hard fought game, scoring the winning runs of Philadelphia in the eighth inning.

In Brooklyn the Robins won the opening game of their skirmish with the Cardinals by the decisive score of 7 to 1. They started right out with murder in their eyes and scored the entire game in the first four innings. Then they quieted down and confined themselves to keeping the St. Louis team from catching up.

Orleanians Enjoy New Indoor Sport.
New Orleans, Aug. 16.-By A. P.)-The Louisiana Supreme Court, having held constitutional an ordinance which gives the city of New Orleans power to restrict certain kinds of business to designated streets, the thumbing of street directories by Orleanians to ascertain what they can make out of it has become a popular pastime.

Restrict bootleggers to Burgundy street, detectives to Mystery, churches to Robsons, charitable organizations to Benefit and Indians to Teohupolis. Another would move the Supreme court, and all other courts, to Solomon street and the banks to Treasury, which, believe it or not, is near Abundance and Prosperity. The cotton and sugar exchanges might go to Exchange Alley, the city hall to Moss, the Sewerage and Water Board to Flood, the street paving department to Swap, the produce dealers to Agriculture and the large French population either to France or Frenchman street. Headquarters of the labor unions might be assembled on Union street.

FREE-10 Much Finer Shaves!
Cleaner Shaves-Quicker with no skin irritation!
If you were paid for putting into words the perfect shave, you would probably define it as... "the cleanest, quickest, easiest on skin."
Because that's what 1000 men told us a really good shave should be.
Now we ask you to judge how well we've put those three requisites into a shaving cream. At our expense we've put it up to millions of men. And, having tried it, they refuse to use any other cream or soap.
There are 5 distinct superlatives, shaving advantages, in Palmolive Shaving Cream. It cost us 18 months' work, 130 laboratory experiments, to perfect them. Now judge our work.
You'll find cream multiplying itself 250 times in luxurious lather.
You'll find that lather softens the most unyielding beard in one minute-without any irritating "rubbing in."
You'll find the lather remains rich and creamy for 10 minutes on your face, if necessary.
You'll find cutting easier, cleaner, because bubbles of extra strength hold each hair erect. This is important. Finally, you'll marvel at the cool, soothed "after feel"-a result of the carefully blended palm and olive oils.
We ask your judgment on these points as a favor. Failing, the loss would be all ours. Send along the coupon for your ten free shaves.

BIG AMOUNT YET TO BE PAID IN

Tax Receipts Up to Last Night at City Hall \$202,000.

Money is coming to the city chamberlain at about the same rate as last year, it was reported this morning. Up to last evening the sum of \$202,000 had been taken in. This was slightly in excess of the gross amount for the same period of last year but the increase in rate accounted for the increase, the chamberlain said.

One week from today will be the last opportunity to pay and get the five per cent. discount and on all bills unpaid after that date there will be charged interest at the rate of one-half per cent. a month.

As there is practically one and three quarters million dollars to collect, less than a quarter million has been paid in there will probably be some hustling next week to save the discount.

The County.

ROAD ENGINEER FACES PROBLEM

Has Nut to Crack in Working Out Newman St. Grading.

G. N. Hatfield, road engineer, was busy yesterday trying to map out a grade for Newman street, from Durham to Elgin. It was on this street the Lorne school was built and until the street is graded up the present grade of the building cannot be used as it was built to conform to what was understood to be the proper grade. It is a considerable distance above the street at present.

The difficulty which the engineer has to contend with is that several houses have been erected on the north side of the street and these are at the present level. Should the street be raised to the proper grade it would bring the second floor above the entrances to these houses.

This case, the engineer pointed out, emphasized the necessity for some regulation in the matter of building above street levels were adopted.

Continue Search For Man Missing At Courtenay Bay

Grappling operations are being continued in Courtenay Bay in the hope of locating the body of Erwin Appleby, who disappeared from a dredge there on Tuesday night. The work is being done by employees of the St. John Drydock and Shipbuilding Company. The dredge and ship are being worked by the St. John Drydock and Shipbuilding Company.

The unfortunate man was 26 years of age and belonged to Stewart, Kings County.

TO PROMOTE MORE FREE LIBRARIES

Where individual effort is insufficient or incapable of creating a library, the general welfare is the modern and civilized method for society to step in and accomplish it. Thus we have highways, bridges, schools, electric lighting, telegraphs, telephones, post offices, water supply, sewerage, and many other such public requirements. Only a small percentage of the people possess either the means or facilities for obtaining a library, therefore it is the modern method for the community at large to tax itself for securing free public libraries. Books have become a public necessity in every civilized community and are available to the people at large only by community effort.

Books in a household are a fair index of the culture of the people living there. There are intelligent people who do not read, but books are a spur to intelligent effort and place readers in contact with the best of human thought of the times, but make them familiar with the wisdom and experience of the ages.

The Maritime Library Association organized to promote the establishment of free public libraries throughout the Maritime Provinces is to hold its annual meeting at the Public Library here on Tuesday, August 28. Those who are interested in the work have an invitation to attend.

Mr. Gramman replied, feelingly, a short programme of musical and athletic events followed.

FIRST IN SOME DAYS.

The spell has been broken. Sunday, Monday, Tuesday and all day Wednesday and Wednesday evening passed without an arrest by the city police. Last night, however, two who had imbibed not wisely but too well fell into the hands of the police and appeared this morning before Magistrate Henderson. Both pleaded guilty. One is understood to have given some information to the liquor inspectors that may land someone else in the toils and the other is being held pending investigation of other matters in connection with his case. A fine of \$5 was imposed in the first case.

MASQUERADE BALL WESTFIELD EVENT

Held Last Night and Keenly Enjoyed—The Prize Winners.

A most successful and enjoyable masquerade ball was held last evening at the Westfield Country Club's quarters. A large number of members and guests were present and the event was conceded to be one of the most entertaining of the season. The ball house was attractively decorated and illuminated and a large orchestra furnished music to dancing. The costumes were original and some very beautiful, while others evoked much merriment, and the judges had a hard time deciding on their choice for prizes. These were awarded as follows—

1st. Ladies—Miss Mitchell, representing "A Nosegay."

1st. Men—Mr. Martinson, representing as East Indian.

1st. Most original—Mrs. George Blizard, representing a "Scarecrow."

Best Combination—Miss Dorothy Robson and Miss Kee, representing "Yes We Have No Bananas Today," and "A Market Garden."

Best Girls' prize (under 16 years)—Little Miss Oland, representing a Fairy.

Best boys' costume (under 16 years)—Bruce Oland, representing a "Cave Man."

Special mention was made of a circus, which arrived from Woodman's Point, headed by George B. Oland. There were twenty-five in the circus, with a snake charmer and other features.

Others receiving special mention were: Sydney Jones, representing "A Country Boy"; Robert Macaulay, representing a Scotsman; Harry Handing, representing an Italian, "Yes We Have No Bananas Today"; and Percy McAvity, representing an Englishman.

The judges were Mrs. Silas Atward, Mrs. A. R. Melrose, Mrs. D. W. Puddington, Mrs. E. R. Machum and F. Bayly. The announcements were made by George L. Warwick, president of the club and the prizes were presented by Mrs. Puddington. The marked success of the event was largely attributed to the untiring efforts of President Warwick and Vice-President Puddington.

PICNIC BEING HELD AT TORRYBURN

St. Peter's and Holy Trinity Gain Fine Day by Postponement.

St. Peter's and Holy Trinity churches' annual Sunday school picnic is being held today at Torryburn. The incoming children assembled at St. Peter's church and after procuring their tickets lined up and marched to the Union Station, headed by the City Cornet Band. The happy group of children as they marched along presented a most pleasing appearance. They were accompanied by Sunday school teachers. Upon their arrival at the station they boarded a special picnic train, and at 10 o'clock left for the picnic grounds. Other trains left the city at 12:30 and 2:30 o'clock, all bringing large crowds to the picnic. The proceeds are for the Catholic orphan in the city. The picnic was held on Wednesday, but rain caused postponement. The weather today is fine so as to no up well for yesterday's disappointment.

HARRIS DUNBAR WAS IN ST. JOHN

Got Home News Through Telegraph-Journal and Post Office.

By means of a notice in the Telegraph-Journal and the forethought of post office officials Harris Dunbar, who was in the city yesterday, received word of the death of his brother-in-law, F. J. Hardison, of Sydney, on last Tuesday morning there appeared in the Telegraph-Journal notice that an effort was being made to locate Mr. Dunbar to convey this news to him. At the Post Office some mail awaited Mr. Dunbar in the general delivery and the clipping was sent to him by the letters. Yesterday when Mr. Dunbar called for his mail he found the clipping and this was the first intimation he had received of Mr. Hardison's death. Mr. Dunbar has been touring the two provinces in a car, fitted for camping and has not been staying at any of the hotels. Last evening he left for Canton, Mass.

As Hiram Sees It

"Well," said Mr. Hiram Hornbeam to the Times reporter, "I see old Noo Brun's'ek has the highest death rate for babies in all of Canada. An' 'git you'll hear some folks jawin' about public health nusses — an' baby clinics — an' 'laby camps — an' matern'ly hospittles — an' what they call noo-angled notions. Hanner says we look after young pigs an' calves a lot better'n we do babies. You hear a lot o' hol-lerin' about wantin' more people in the country — an' how we orto spend a lot o' money to git 'em to come here — an' I ain't sayin' nothin' but that — but what the little fellers we tuck away under the sod when we orto raise 'em to be men an' women to help build up the country? When Hanner read them figgers las' night she started in to come up the hillies that was laid away that she knowed about — an' I tel you it was quite a list. It was said the Lord took 'em because He wanted 'em. Hanner says if He wanted 'em so soon He wouldn't 'ave sent 'em to the fu' place. An' that about right? It is so — by Him!"

ANTIMO WHITE

Strictly Pure Metallic Oxide
BETTER THAN PURE WHITE LEAD

ANTIMO WHITE is non-poisonous. Two coats will do the work of three coats of Pure White Lead. It covers 1 1/2% more surface than Pure White Lead. It will not turn grey or yellow on exposure, and stands severest weather conditions. ANTIMO WHITE is equally good for interior or exterior use. It takes 50% more oil than Pure White Lead and will hide the surface underneath better. ANTIMO WHITE when reduced with oil dries with a rich, durable gloss, which it retains. With Turps a restful flat finish is obtained. No "chalking" or "peeling." Flows beautifully under the brush. Unaffected by gas fumes or vapors.
