R. T. HAYES ELECTED MAYOR WITH COMMISSIONER H. R. McLELLAN AND J. FRED FISHER AT COUNCIL

Mayor Frink Beaten by More Than 1,000 Votes.

MANY SURPRISES SHOWN IN RETURNS.

A. W. Sharp and James L. Sugrue Defeated Candidate for Commissionerships—Mr. McLellan Made Great Showing—Very Heavy Vote Polled.

Table with 2 columns: Candidate, Votes. Lists results for Mayor and Commissionerships.

Robert T. Hayes yesterday defeated his Worship Mayor Frink for six years chief executive of St. John, by more than one thousand majority. G. Eard

G. FRED FISHER.

Fisher and Harry R. McLellan, commissioner of public safety, were elected commissioners by more than a 600 margin. The City Council for the next two years will be composed of Mr. Hayes, Mayor; Mr. Fisher, Mr. McLellan, Rupert W. Wigmore, commissioner of water and sewerage and James V. Russell, commissioner of harbors, ferries and public lands. Commissioner Potts of the public works department failed to survive the primary elections on April 10, and his place will probably be taken by Mr. Fisher next month. Messrs. Fisher and McLellan will serve for four years and Commissioners Russell and Wigmore two years, they having been in office two years.

The total vote cast yesterday was 7,877 out of a registration of 9,877, which included 1,700 women voters. In the primaries there were slightly over 6,000 votes cast.

Surprises of the Day.

The surprise of the day was the large majority rolled up for Mr. Hayes and the strength of Commissioner McLellan. Mr. Hayes led Mayor Frink throughout the city except Sydney ward, in the extreme south end, which declared for the mayor by a vote of 311 to 203; the West Side, where Mayor Frink carried Brooks ward 165 to 129, and Guys, 256 to 252, and in No. 1 district of Kings ward, which

Sir Roger Casement Captured On German Ship Attempting to Land Arms in Ireland

Ex-British Consul Who Tried to Form Alliance Between Germany and Anti-English Faction in Ireland One of Prisoners Captured When Cruiser With Arms Aboard was Sunk by British

London, April 24, 10.25 p. m.—Sir Roger Casement has been captured from a German ship which attempted to land arms in Ireland and was sunk. An official announcement was made to-night as follows: "During the period between the afternoon of April 20 and the afternoon of April 21, an attempt to land arms and ammunition in Ireland was made by a vessel under the guise of a neutral merchant ship, but which in reality was a German auxiliary, in conjunction with a German submarine. The auxiliary sank and a number of prisoners were made, amongst whom were Sir Roger Casement."

Sir Roger Casement before the outbreak of the European war was in the British consular service, having held posts in Portuguese West Africa, the Congo Free State, Haiti, San Domingo and Brazil.

In November, 1914, it was reported that Sir Roger, who was the leader of the Separatist faction in Ireland, had gone to Berlin and conferred with the German imperial authorities, his intention, it was said, to be raising the Irish brigade to fight against England. It was reported a short time ago that Sir Roger had applied for citizenship in Bavaria. Later came a report from a neutral country that he had been arrested in Germany on an unspecified charge.

COL. ALLISON IS IN OTTAWA

Arrived Yesterday Accompanied by Counsel and Physician—Still in Poor Health.

Ottawa, April 24.—Col. John Wesley Allison, who has been wanted in Ottawa for some time by parliament and the Davidson Commission and who will be wanted this week by the Meredith-Huff Commission, is now in Canadian soil. At five o'clock this afternoon Col. Allison, accompanied by Dr. K. Van Allen of New York, and Mr. Geo. F. Henderson, K. C. of Ottawa, his counsel, walked into the Chateau Laurier. There was only a small crowd of people in the hotel rotunda at the time, but those present were intensely interested in the man, whose evidence will be the big factor of the Meredith-Huff Commission. Col. Allison lost no time in signing the register and went immediately to his room.

Mr. Henderson subsequently stated that Col. Allison was far from being well and that it was not his desire to add anything to the interview given by him on his arrival at Ogdensburg on Friday. He said that his client was of the opinion that as he would be called upon at an early date to give evidence it was not desirable that he should consent to a further interview until called upon. Dr. Van Allen accompanied him from New York and will remain in the capital as long as his services are required by his patient.

Gen. Hughes, who was in Montreal yesterday, was at his desk in the militia department bright and early today. He seems cheerful and confident. It is understood that the first witness to appear before the royal commission will be Mr. J. W. Flavell, chairman of the Imperial Munitions Board. His initial appearance on the stand will probably be for the purpose of identifying certain papers and documents affecting matters under investigation.

Town of Sannayat Under Bombardment of British Guns—French Air Squadrons Bomb German Positions in Several Towns—Russians at Grips With Teutonic Forces at Various Points, but No Important Changes in Positions.

BRITISH PUSH FORWARD IN E. AFRICA

Occupy Another Town—Fighting Resumed in Egypt—Army on Tigris Undaunted by Recent Setback.

London, April 24.—Continuing their advance in German East Africa, the British expeditionary forces have occupied the town of Kondoa, in the district of Irang, Kondoa is about thirty-five miles south of Umboga, the occupation of which was reported on Saturday. This is the farthest point in the interior which has been reached by the British expedition which apparently is being pushed forward rapidly. The statement of Saturday said hostile troops had been encountered in some force near Kondoa on April 17, and that it became evident a concentration was being effected in that direction.

London, April 24.—The British forces in Mesopotamia are maintaining steadily their efforts to "relieve" Kut-El-Amara, notwithstanding the check sustained at the hands of the Turks. Official notices received today state that the bombardment of the Sannayat position, on the Tigris, was continued throughout yesterday.

Fighting Again in Egypt. London, April 24 (5.25 a.m.)—Fighting has resumed in Egypt, where several British successes have been reported recently. An official statement says that two engagements occurred on Saturday in the Quatia district. The British repulsed one attack, at Duedair, but a small force holding the village of Quatia was compelled to withdraw after a sharp fight.

The statement follows: "Telegraphing on Sunday, Gen. Smuts reports that troops under Gen. Vanderventer, after defeating the enemy before Komda, Irang, on April 19, occupied that place. Prisoners were taken and a considerable number of casualties inflicted on the German forces, which retired in the direction of the central railway."

"The general officer commanding in Egypt reports that on April 23 there was fighting in the Quatia district. An aerial reconnaissance indicated that hostile parties of a strength of 200 to 500 were assembling in the desert, and were in the neighborhood of Duedair. A strong attack by about 500 of the enemy was made at 5 a. m. on the position held at that place."

"The attack was beaten off after reinforcements had been brought up, and the enemy withdrew, leaving 30 prisoners. Their known casualties amounted to 40 killed. The enemy was harassed during the retreat by a column of Australian troops, acting in concert with aeroplanes, and suffered heavy casualties, both from the fire of the troops from bombs and machine gun fire from aeroplanes."

"Quatia village, which was held by a small force of yeomanry, was attacked simultaneously with Duedair by a hostile column, 3,000 strong, with three field guns. After a severe engagement our troops withdrew from the village."

CHICAGO MAN TAKES CHAMPIONSHIP BELT FROM LEWIS.

New Orleans, April 24.—Jack Britton, of Chicago, wrested the world's welterweight championship title from Ted Lewis, of England, here tonight when he was awarded a referee's decision over the Britisher at the end of a 20-round bout. Dick Burke, of New Orleans, refereed the match.

2,000 Australians Will March to Service in Westminster Abbey Today to Celebrate Occasion.

London, April 24.—The anniversary of the landing of the Australians and New Zealanders on Gallipoli peninsula will be celebrated tomorrow by a march of two thousand Australians to a service in Westminster Abbey. Similar services will be held throughout the Empire. The King has sent the following message to the various governor-generals in Australasia: "Tell my people that I am joining them in their solemn tribute to the memory of their heroes, who died in Gallipoli. Their valor and fortitude have shed fresh lustre on the British army. May those mourning their loss find comfort in the conviction that they did not die in vain, but that their sacrifice has drawn our peoples more closely together and has added strength and glory to the Empire."

NAVAL FIGHT OFF COAST OF COURLAND

Reported by Russian Paper but Says Nothing About Outcome.

THREE ZEPPELINS VISIT ENGLAND.

Germans Compelled to Draw Heavily on Forces at Saloniki to Fill Gaps on Verdun Front.

Berlin, April 24, by wireless to Sayvilo.—The Russian newspaper Novoye Vremya says that a naval engagement has occurred off the coast of Courland, but does not mention the outcome.

Germans Draw on Forces at Saloniki. Paris, April 24.—The German forces around Saloniki were greatly reduced during March owing to the operations at Verdun and on the Russian front, according to a Bucharest despatch to the Havas Agency. There remain only two German divisions defending the Vardar gorges. The Bulgarians number 25,000 men, and there is a small force of Austrian infantry, with Austrian artillery.

London, April 25.—Three Zeppelins visited the eastern counties last night, dropping incendiary bombs, according to official announcement. The conditions were ideal for the Zeppelin raiders. The night was dark and the atmosphere clear. There was a light southwest wind, which had generally been considered unfavorable for Zeppelins, but it was little more than a mild breeze and any threat of a storm which it might ordinarily have presaged was lessened by a favorable barometer.

The raiders appeared at about the customary hour and seemed a little uncertain as to their location, as the early reports showed that only incendiary bombs were being dropped.

On British Front. London, April 24.—The British official communication issued tonight says: "There has been mining activity today about the Loos salient and at Neuve Chapelle. The artillery of both sides had been active about Neuve-St. Vaast, Angres and Ypres-Cuminesse canal and at Hooge. A hostile aeroplane was brought down by anti-aircraft guns near Ploegsteert. The pilot and observer were killed. One of our machines is missing."

French Statement. Paris, April 24.—The official communication issued by the war office tonight reads as follows: "Our artillery was active in the sectors of Westende and Steenstraete. In the Argonne we concentrated our fire on the region of Malancourt. West of the Meuse the enemy violently bombarded during the afternoon our positions in the region of Le Mort Homme. The artillery activity was intermittent. There is nothing to report on the rest of the front. Aviation: Last night our aerial squadrons carried out several bombing operations. Twenty-one shells and eight incendiary bombs were dropped on the railway station at Longuyon; five shells on the station at Stenay; twelve shells on bivouacs east of Dun and thirty-two shells on bivouacs in the region of Montfaucou and the station at Nantillois. The Belgian official communication reads: "Last evening and during the course of the night there was violent artillery action in the sector of Ranscampelle. In the afternoon of April 23, the bombardment was resumed with intensity in the same region as well as in the direction of Dixmude and Steenstraete."

ATTILLERY DUELS ON THE VERDUN FRONT

Region of Le Mort Homme and in Argonne Forest Scenes of the Greatest Activity Yesterday.

Artillery bombardments alone are taking place on the French and Belgian fronts, the scenes of the greatest activity being the region of Le Mort Homme and in the Argonne forest, with the Germans the aggressors in the former and the French in the latter sector.

French aviators in squadron formation have dropped large numbers of shells on German positions at Longueyong, Stenay, Dune, and near Montfaucou.

The fighting between the Russians and the Germans and Austrians along the eastern front continues at various points, but no important changes in position are reported. The same is true of the Austro-Italian zone.

The British in German East Africa are continuing their forward movement against the Germans, having now occupied the town of Kondoa in the Irang region. Considerable casualties were inflicted upon the Germans.

The British also have been successful in an operation near Duedair, Egypt, repulsing with heavy losses a Turkish attack.

In an engagement near Quatia village, however, the British were forced to retreat after an engagement with a Turkish column superior in numbers.

In the Kut-El-Amara region of Mesopotamia despite their recent check, the British are keeping up their efforts to relieve the siege of Kut-El-Amara. The town of Sannayat is still under the bombardment of the British guns.

A defeat of the Russians on the centre of the Turk line in the Caucasus region is recorded by Constantinople, but the Russian war office announces that Turkish attempts to advance toward Trebizond were frustrated and a Turkish offensive in the direction of Kharput checked.

ANNIVERSARY OF LANDING ON GALLIOLI

2,000 Australians Will March to Service in Westminster Abbey Today to Celebrate Occasion.

London, April 24.—The anniversary of the landing of the Australians and New Zealanders on Gallipoli peninsula will be celebrated tomorrow by a march of two thousand Australians to a service in Westminster Abbey. TURKS SLEW GERMAN OFFICERS AT TREBIZOND

STALLINGS IS WORRIED

Braves Manager Would Like to Keep Twenty-two Players on His String.

Boston, April 24.—The Braves have one more game scheduled with the Robins, but the weather forecast tonight did not give much encouragement to the belief that they will be able to play today, which will mean a couple of double-headers when Brooklyn comes again in June.

The Giants come next for four games, the first tomorrow, and Philadelphia is due here Saturday to open a four-game series, after which Boston will start on a long trip, playing four games in New York before going to Chicago, Pittsburg, Cincinnati and St. Louis, and getting back to the home grounds May 26.

Before leaving Manager Stallings will have to cut his squad to 21 men, and from the way things shape up just now he has a job on his hands.

He would like to keep eight pitchers, six outfielders, five infielders and three catchers, but that makes one more than the limit and it is this extra man that is bothering him. However, he has another week to study the problem which is puzzling him.

The weather has not given him an opportunity to thoroughly try his men. Whereas, according to the schedule, 10 games should have been played, only six have been registered.

The five days remaining before the cut must be made may help him out. The limit rule is certainly proving a hardship, and the wisdom of it is doubtful.

No advice was received regarding the Maranville-Olson affair up to a late hour last night.

Brookly did not play the exhibition game arranged with Providence yesterday, and Manager Robinson said last night he did not expect they would be able to play today. He hopes that it will be called off early and give him and his boys an opportunity to save a night trip to Philadelphia, where the Robins go against Moran's boys to the Stalls.

Stallings is very anxious for settled weather. He planned to have the men

GARRISON REVOLTED BEFORE RUSSIANS TOOK TREBIZOND

London, April 25.—A Turkish garrison revolted and slew all its German officers before the Russians captured Trebizond, says the Daily Mail's Odessa correspondent.

Italians Take Position 2,717 Metres Above Sea Level.

Rome, via Paris, April 24.—The official communication from general headquarters says: "The bad weather did not interrupt the activity of our troops. In the Upper Cordevol, we repulsed new and persistent enemy attacks against the crest of Col Di Lana."

"At the summit of Sexton, on the Drave, we completed the occupation of Passo Della Sentinella, 2,717 metres above the sea level, and took a dozen prisoners, one machine gun, arms and ammunition."

"On the Carso the enemy artillery yesterday poured gusts of fire from guns of all calibres on the trenches we had conquered east of Selt. Our troops evacuated in the north valley of the Selt, a small portion of a trench which was greatly exposed to the enemy fire. In the evening the enemy renewed the attack in force against the trenches in the north valley, but was again vigorously repulsed."

With Russian Armies.

Petrograd via London, April 24.—The official communication from general headquarters today reads: "His Imperial Majesty, the commander-in-chief of the army, as president of the Holy Week religious exercises in union with all the members of his staff."

"Enemy aeroplanes threw bombs on Drinsk. Our aircraft threw three bombs on the station southeast of Friedrichstadt. On the remainder of the front there was only an exchange of fire."

"Caucasia front: In the coast region the enemy made attempts to advance towards Trebizond. They were all out for a lot of morning practice and thus get them in shape for the long trip on the road. The weather is causing the loss of valuable time which could be used to advantage."

BERLIN NOT OVER-ANXIOUS FOR A BREAK

Latest Report Indicates Germany Would Go to Great Lengths to Avoid It.

GOVERNMENT BETWEEN 2 EXTREME FACTIONS.

Ambassador Gerard has Long Conference with Chancellor and Washington Regards Sign as Encouraging.

Tributes to Late Lieut. Jas. M. Hazen

Washington, April 24.—Indications that powerful influences in German politics are opposed to any action by the Berlin government which might lead to the severance of diplomatic relations with the United States are understood to be contained in confidential despatches received today by the state department from Ambassador Gerard. Socialists and Labor leaders are represented as being particularly adverse to any such move.

Other despatches from Berlin were said to contain strong intimations that the Berlin government would make concessions to the United States in reply to the note demanding the immediate abandonment of present methods of submarine warfare.

It is still uncertain, however, whether the concessions will be sufficiently broad in their scope to meet the American demands.

Officials allowed it to become known that Mr. Gerard's despatches indicated that Germany would go to great lengths to preserve friendly relations with the United States. Mr. Gerard is understood to have gained his views during an interview with Berlin officials including Foreign Minister Von Jagow.

His despatches are said to emphasize the difficulties which the German government is experiencing in endeavoring to find a way to meet the demands of the United States without arousing the element which insists upon a relentless submarine warfare against the shipping of the Entente Allies.

The state department tonight was awaiting a despatch from Mr. Gerard reporting the results of a lengthy conference today with Dr. Von Bethmann-Hollweg, imperial German chancellor. Press despatches announcing the conference had taken place were closely reviewed. Officials express a particular interest in that part of the great reports which indicated that the reply to the American note would not be made until after the chancellor has another opportunity to confer with the Emperor, who is at the front.

The fact that Mr. Gerard's conference was of such length, longer than an hour was regarded as being a hopeful sign, it being pointed out that if the German government was disposed not to meet the American demands it was improbable there would have been a discussion of such length.

All of Mr. Gerard's messages received since the present situation arose are held by administration leaders to be of a highly confidential nature. Consequently only a general knowledge of their contents is obtainable.

Suffered No End of Pain FROM BACKACHES.

If a pain attacks you in the back you should stop and think what it is and what causes it.

If the kidneys are at fault—and in nine cases out of every ten they are—you should attend to them at once, as it is impossible to have a well, strong back unless the kidneys are performing their functions in a proper manner.

Anyone with a bad back should appreciate how to get a good one. It is a very simple matter. Use Doan's Kidney Pills. They regulate the kidneys, and there is no further cause for any kidney trouble to exist.

Mrs. E. J. Graves, Oshawa, Ont., writes: "My complaint lies with my kidneys. I have suffered no end of pain with them and with headaches. I had tried everything, so I thought, until a friend advised me to try a box of Doan's Kidney Pills. I did try them, and one box helped me fine, so I got another, and now feel that I cannot recommend them too highly to anyone suffering with kidney troubles."

WONDER GOLTZ' RIGHT HAND MAN FLED TO ITALY

Said to be Fighting on Trentino Front—Important Point Settled in Probe Into Alleged Plot.

New York, April 24.—Evidence presented here today before the federal grand jury investigating the alleged plot to destroy the Welland Canal established, according to federal authorities, that Captain Franz Von Pape's former office at sixty Wall street, was not a branch of the German embassy when Von Igel was arrested there on April 15, and papers claimed by the German ambassador were seized. The papers are now in the custody of the department of justice in Washington.

Attorney-General Gregory and the local prosecuting officers insisted that the former office of Von Pape was not German territory. The state department announced that the return of the papers rested on this point. It also had an important bearing, it was said on the status of Von Igel, whose release the German ambassador demanded, representing that he became a member of the embassy staff in December, 1915.

Assistant United States Attorney Roger Wood, in charge of the prosecution, is understood to be confident that as a result of today's testimony Von Igel will have to stand trial and that the papers will not be returned.

Arthur A. Hessel, agent for the building at sixty Wall street, testifying before the grand jury, it was said, identified the leases for Von Pape's office. On the lease was the signature of Wolfe Von Igel as lessee. Swearing before a notary public Von Igel signed in the document that the rooms are to be used by him as an advertising agent and for no other purpose.

Von Igel's own sworn statement, federal officers here assert, denies the claim of the American ambassador that as a result of today's testimony Von Igel will have to stand trial and that the papers will not be returned.

Agents of the department of justice announced tonight that they had received positive information that Constantino Covan, one of the five indicted for complicity in the alleged plot to blow up the Welland Canal, escaped to Italy and joined a regiment now fighting on the Trentino front.

Federal investigators declared Covan was "the right hand man" of Horst Von Der Goltz, whose "confession" resulted in the arrests of Von Igel and Captain Hans Taucher.

VON DER GOLTZ' RIGHT HAND MAN FLED TO ITALY

Said to be Fighting on Trentino Front—Important Point Settled in Probe Into Alleged Plot.

New York, April 24.—Evidence presented here today before the federal grand jury investigating the alleged plot to destroy the Welland Canal established, according to federal authorities, that Captain Franz Von Papan's former office at sixty Wall street, was not a branch of the German embassy when Wolfe Von Igel was arrested there on April 18, and papers claimed by the German ambassador were seized. The papers are now in the custody of the department of justice in Washington.

Attorney-General Gregory and the local prosecuting officers insisted that the former office of Von Papan was not German territory. The state department announced that the return of the papers rested on this point. CLAIMS HE SAW JAP TROOPS AT MARSEILLES

INTERNED SHIPS AT BOSTON ARE WELL WATCHED

Better to Keep Them Tied Up to Wharves Instead of Moving to Outer Harbor, Collector Billings Says.

Boston, April 24.—A report that the German steamers in port here were planning to move to an anchorage in the outer harbor, instead of remaining at wharves where they are now tied was forwarded from Washington today to Collector of Customs Billings by Assistant Secretary of the Treasury Newton.

The collector said he would make a negative reply, no information of any contemplated change having come to his attention. In today's mail the collector found a letter from Mayor Curley requesting that the refugee steamers be moved from their present berths to the stream, "to avoid danger to lives and property in the event of the ships being destroyed if war were declared."

Later today Collector Billings notified the treasury department he could learn of no intended change by the German vessels. He also transmitted the mayor's request with the statement that he did not agree as to the expediency of transferring them at this time. The present location of the refugee steamers, he added, "puts them under absolute espionage."

TRIESTE BOMBED BY ITALIAN AVIATORS

Berlin, April 24, via Sayville.—The Austrian city of Trieste has been raided by a squadron of seven Italian aeroplanes, bombs dropped from which killed nine persons, wounded five and destroyed a monastery.

The official statement follows: "Western front: The artillery along the entire front has shown greater activity than during the past few days. Successful German patrol operations took place at several points. "South of St. Etienne British detachments were repulsed.

"In the Meuse sector minor French hand grenade attacks yesterday against our forest positions northeast of Avoisot were repulsed. "Weak enemy advances during the night to the east of Dead Man's Hill failed.

"A strong attack in the neighborhood of Thaumatz farm broke down completely in front of our lines. "A British biplane was put out of action after an aerial engagement east of Arras. Its occupants, consisting of officers, were captured.

"Eastern and Balkan fronts: There is nothing to report. "No casualties were caused by the recent aeroplane attack on the outskirts of Sofia. A telegram from that city to the Overseas News Agency says: One school and one house were damaged by the explosion of two large bombs dropped from the aeroplanes. "The fiercer at the same time," the message continues, "dropped proclamations in which the capture of Erzerum by the Russians was announced. This caused amusement, inasmuch as Bulgaria is perfectly informed about Erzerum."

Nerves Were So Upset Could Not Endure Noise

Neuralgic Headaches and Extreme Nervousness Caused Keenest Suffering—Lasting Cure by Use of Dr. Chase's Nerve Food.

Once the nervous system gets run down everything seems to tend to make it worse. You worry over your condition, are unable to get the required rest and sleep, noises excite and irritate you and the future is most discouraging.

The nervous system does not get the proper nourishment from the food you eat, so you must have something else to help you out of the run-down condition. You may find that your experience coincides with the writer of this letter and be encouraged to put Dr. Chase's Nerve Food to the test. You will make no mistake in employing this food cure, for, acting as it does hand in hand with Nature, it is bound to do you good.

Mrs. Jan. Jensen, Gwynne, Alta., writes: "About ten years ago I was troubled with severe attacks of neuralgia and nervousness, and was for several months so bad that I could not get a night's rest, I used several medicines recommended by the druggist. My doctor also prescribed, but nothing gave me brought any relief. Instead I got worse and worse until I could scarcely do anything or bear the least bit of noise. My nerves were all upset. "My husband read about Dr. Chase's Nerve Food and got me some. Although I had no faith in it, I began its use, and after a few doses began to sleep well and the neuralgia left me entirely. I used six more boxes and have never had any troubles from neuralgia or the nerves since. "This is to certify that I know Mrs. Jensen and believe this statement to be true and correct. Fred Freeman, J.P."

The Toy Industry.

This is becoming a very important subject in Canada, and we have pleasure in re-printing part of an editorial from The Kingston Standard of recent date:

"The war has brought about our first opportunity to establish a trade. Canada must do her share, not only in making her own toys, but in securing the trade in this as far as possible, as hitherto held by the enemy countries. Greatly inquired have come from Great Britain, as to how far Canada can fill her toy requirements.

"Everything will be done by the Dominion Government to foster the trade. Now we would point out how women can help in doing so. Women themselves have shown how they can do so; and we are glad to use the words they used in a resolution passed at a meeting of many women's organizations held in Toronto. The resolution was presented by Mrs. Torrington, president of National Council of Women, and seconded by Mrs. E. F. D. Johnston, representing the I.O.P.E. 'Whereas women being the chief purchasers of toys, have it in their power materially to assist or hamper the Made-in-Canada principle in respect to toys, and whereas the representatives of the women's organizations here assembled, learn with satisfaction that the Canadian manufacturers of dolls and toys, who have exhibited at the Toronto Toy Fair have agreed to make use of a Made-in-Canada stamp on all dolls and toys, so that the purchaser may be assured the genuineness of the article bought. Be it there-

fore resolved that we respectfully urge the Department of Trade and Commerce of the Dominion of Canada to bring this matter to the knowledge of as many Canadian women as possible, through associations, clubs, institutes and individuals, as we feel confident that the great majority of our women will do all in their power to help the Canadian made toys, and if they must have imported toys, will buy only those manufactured by Allied nations."

That is a splendid resolution, but it only goes so far. Next we must start the toy industry, if not in factories in the homes. Few people know that two New Brunswick girls have been for several years making wooden toys, which find a ready market in Montreal and other large Canadian cities. There is absolutely no reason why in our province where wood is more than plentiful, our Canadians should not manufacture hand made toys as do the people of other nations.

Rather a "something wanting" look about this picture, but it is the full skirts and odd pockets to which I would call your attention. Plenty of room to run up to the net for a ball at tennis, or take a long stride on a golf course.

News of The St. John Theatres

Who's Who and What's What in the Picture Game and on the Stage—Film Favorites and What They Say and Do.

IMPERIAL.
For the Easter holidays an exceptionally fine program was offered at the Imperial Theatre yesterday. All who have read stories of novels by P. Hopkinson Smith would welcome the opportunity of seeing the characters in a dramatic form. The knowledge that this portrayal of the old south wrote stories of beauty, humor and true pathos will attract many. I know I saw the last through tears but it was particularly the return of the dogs which was affecting to me. Kennedy Square is typified by St. George Temple, the beau ideal of a southern gentleman of the old school, dignified, true to his obligations and loyal to his friends. The requirements of this part could hardly have been better carried out by any other actor than Mr. Charles Kent, who both looks the part and who never exaggerates his motions. Antonio Moreno is absolutely satisfactory as the gay Harry Rutter, who finds his manhood and is enabled to repay his foster-father's devotion. Winsome Muriel Ostriche makes a dainty Kate, the Belle of Kennedy Square. Others in the cast are Thomy Brown, Raymond Bloomer, Dan Jarrett, Hattie Delara, Harold Foshay, Herbert Barry and Logan Paul. The settings are perfect and I do not see how anyone could find a fault with this play. There are romance, plenty, travel (as the scene shifts to South America), comedy and beauty. A pretty part is the love for their "Mama" shown by the faithful colored people. It was a "Mamma" who derided that "Kate" sobbed out her sorrow. The whole production is one of great beauty and S. Rankin Drew, the producer, must have been highly delighted with his success. It is a play that will do anyone good to see.

In addition to the Vitagraph feature the Imperial had Pathé news and a comedy film, an animated cartoon connected with Exploring Ephraim's Exports, which caused much amusement. The intimate peeps at birds is a fine series and the pictures of owls were very fine.

The Manetta Duo completed a splendid programme.

LVRIC.
The Lyric on Monday showed a good picture, "Overalls," a five-part Mutual Masterpiece, De Luxe Edition, produced by the American Film Company.

"Overalls" provides an opportunity to bring in some excellent pictures of railroad construction work in Nevada. The plot is of the rich man's daughter, who falls in love with and later marries the foreman. In parts it is quite melodramatic, but a spirit of romance is created by the dual love affairs.

In the small cast the best portrayal is given by the actress who plays the part of Peggy. Estelle Allen is deserving of commendation, and her screen appearance at all times is most pleasing. The construction engineer's part that fits him to perfection. Rhea Mitchell does creditably as Bettina, the wealthy magnate's daughter.

The picture is interesting throughout and there are many exciting moments, especially the rescue of Bettina from the scorp of the dredge. The dance at Mother McGinnis's is well staged and the long night of agony spent by "Drew" very real.

The Elite Duo sing, tell jokes and give tuneful music on a variety of stringed instruments. They are a study in black and white and are a pleasing pair.

THE UNIQUE.
"Man's Prerogative" at the Unique features Robert Edson and other fine players. It is an elaborate Reliance

Stomach Was Bad.
Could Eat Hardly Anything.

When the stomach gets out of order the whole system seems to become affected in one way or another. The breath becomes foul, the tongue furred, the appetite becomes disturbed, nausea and vomiting occur, there is a rising and souring of food caused by the acidity of the stomach, and the stomach and bowels become distended causing flatulency. Unless these symptoms are met with immediately, dyspepsia or some other serious trouble is liable to follow, as a consequence.

That grand old remedy, Burdock Blood Bitters, has been on the market for the past forty years, and we claim, without any fear of contradiction, that there is no other medicine on the market to-day that can compare with it for the cure of all disturbances of the stomach.

My stomach was so bad I was in pain and misery. I could hardly eat anything. I had been treated by several doctors for it, but they did me no good. I was giving up in despair when I happened to hear of Burdock Blood Bitters. You can't think how fast it helped me, for I had only taken two bottles before I was better. I will tell you my medicine very highly to all my friends and sufferers.

Burdock Blood Bitters is manufactured only by The T. Millburn Co., Limited, Toronto, Ont.

ALICE FAIRWEATHER
DANDRUFF GOES!
HAIR GETS THICK
WAVY, BEAUTIFUL

Save your hair! Double its beauty in a few moments. Try this!

Hair stops coming out and every particle of dandruff disappears.

Try as you will, after an application of Danderine, you can not find a single trace of dandruff or falling hair and your scalp will not itch, but what will please you most, will be after a few weeks' use, when you see new hair, fine and downy at first—yet, but really new hair—growing all over the scalp.

A little Danderine (immediately) doubles the beauty of your hair. No difference how dull, faded, brittle and scraggy, just moisten a cloth with Danderine and carefully draw it through your hair, taking one small strand at a time. The effect is immediate and amazing—your hair will be light, fluffy and wavy, and have an appearance of abundance; an incomparable lustre, softness and luxuriance, the beauty and shimmer of true hair health.

Get a 25-cent bottle of Knowlton's Danderine from any drug store or toilet counter, and prove that your hair is as pretty and soft as any—that it has been neglected or injured by careless treatment—that's all. Danderine is to the hair what fresh showers of rain and sunshine are to vegetation. It goes right to the roots, invigorates and strengthens them. Its exhilarating, stimulating and life-producing properties cause the hair to grow long, strong and beautiful.

GOOD LIST OF BOUTS FOR WEEK

In List are Some ex-Champions, Who Will Try to Make a Comeback, and Several Hopes.

Boston, April 24.—The boxing schedule for the week shows that there are a number of good bouts listed for decision. In the list are some ex-champions who are to try and make a comeback, a world's champion against an aspirant for his title, a couple of hopes will strive to show the public they are worth consideration, clashes between crack boxers from different cities and an international championship event.

The fans of this city will have an opportunity to judge how one of the leading welter here compares with one from St. Paul. That battle which is to be held at the Armory A. A. tomorrow night, will bring together Eddie Mack's fighting Joe Egan and Mike O'Dowd of St. Paul. The latter has never been here before and only a few of the local fans have ever seen him in action. They say that he is a fine pupil of the phantom Mike Gibbons.

The St. Paul boxer has had a couple of battles in the East recently, and the sports of the cities where he boxed declare he is a good welter and is capable of making any one in the class hustle.

That recommendation, however,

does not frighten Eddie Mack, for he has such great faith in his batterer Egan that he is ready to wager that when the battle is over he will add another victory to Egan's record. Egan is going well now, and he will take a very smart boxer to sweep pace with him. He also has a lot of confidence as the result of his recent bouts. O'Dowd has a good record that he made in the West and he was brought East to get a crack at the best in this section. It will be quite a treat to the local fans to see two clever boxers in action, for they have become tired watching sluggers.

Chance to Size Up Fulton.

Fred Fulton, the Western hope, who is seeking a bout with Willard, will show how much ability he has to the New York sports Thursday night, when he will meet Al Reich. Fulton is big enough to defeat Reich if he has any ability, but woe be to Fulton if he does not, for he will get a spanking from the fans over there.

Ad Wolgast, who the sporting public is satisfied is cashed as a boxer, is to try and make a comeback at Denver Friday night, when he will meet Bob Flynn.

Berlin, N. H., will have some bouts Friday night.

Charles White and Elicha Mitchell have been matched to box in Milwaukee shortly.

Jeff Smith and Young Ahearn will meet in New York May 2.

Johnny Coulon, the ex-bantam champion, is going to try and make a comeback tomorrow night at Kenosha. He meets a Western boxer named Johnny Ritchie.

Frank Mastell, the Pawtucket middleweight who resigned from the Dayton police force recently to get back into the game, is booked to meet Gus Christie at Dayton Wednesday night.

SEMI-READY STORE MOVES IN MAY

Have Secured Big Corner Next Royal Hotel—Will Fill Up the Store with New Wardrobes and an Entirely New Stock of Tailored Clothes and Men's Wear.

John P. Condon announces the removal next month of the Semi-Ready Store to the corner of King and Germain streets, where Semi-Ready tailoring was first sold in St. John. The present premises will be leased and new fixtures will be installed in the big store at the corner, immediately across from the Royal Hotel.

"It is my intention to open not only with new fixtures, but with a new stock, for I purpose shortly selling out all my furnishings and every garment I have in stock.

"To effect this clearance I have to be prepared to take a loss, for I will sell many things at less than wholesale cost. Immediately after Easter Monday I will get to work and prepare for this sale. First, I shall have to get a permit to sell Semi-Ready suits below the value as represented by the label in the pocket.

"This permit is necessary, but I believe it will be granted in view of the big occasion of a removal to larger and more commodious quarters.

"I want to start in the new store with everything absolutely new.

"For many years I have been advised that my store was on the wrong side of the street, and some time ago I counted the passersby. The conclusion arrived at was that five times as many folks would see the styles and fabrics in the new corner and with Semi-Ready tailoring, to see is to desire. A fair measure of success has attended this store, but I believe the multiple of five will accrue in volume of sales in the new quarters.

"Both the president and the managing director of the Semi-Ready Company, Messrs. H. A. Nelson and John H. Brownlee, are enthusiastic about the move to the larger store. Since the first of this month I have been having my new wardrobe made, and they are now on the way. My latest advances record their passing through Toronto," concluded Mr. Condon.

PURSE OF GOLD PRESENTED TO REV. F. S. PORTER

Pastor of Germain Street Church Who Has Resigned by Flock.

At a largely attended meeting in the Germain street institute last night the retiring pastor, Rev. F. S. Porter, was presented with an address and purse of \$250 in gold. While the members of the church were sorry to lose Mr. Porter, they had accepted his resignation feeling that he had received a call to devote himself to the work of chaplain to the men who were going overseas.

W. H. Colwell acted as chairman and the following programme was carried out:—Solo, Miss Millard, of Liverpool, N. S.; solo, Dr. P. L. Bonnell; prayer by the pastor, read by the chairman and presentation of purse of gold. Reply to address by Mr. Porter in which he expressed his appreciation of the kindness of the people to him since coming among them about six years ago, and the sorrow he felt at severing the tie which existed; but he felt it his duty to labor among the men of the army and do what he could in the great struggle which was now going on; piano solo, Mrs. Garfield Sippell. The next item on the programme was refreshments. The gathering broke up after singing "God Save the King."

Following is a copy of the address which was presented to the pastor:

Dear Pastor: In June, 1910, when you accepted the call to become the pastor of the Germain street Baptist church, you wrote us expressing a hope that your ministry might be marked by the same fervency and self-sacrificing devotion that had been characteristic of your predecessors in the pastorate here. The six years of faithful, untiring work on your part which have just been terminated by your appointment as chaplain of the 104th Regiment have marked a period of progress in the life of our church that has seldom, if ever, been equaled.

The consummation of the new institute will stand as a monument to your memory in the history of our church. This commodious and efficient building has justified the sacrifice and expense incurred in its erection, and has furnished ample accommodation for the work of the many organizations of the church. From the outbreak of the present world war you have shown a marked interest in the men in khaki and under your wise counsel and direction the Germain street Baptist church has become famed for the service and entertainment that have been furnished to the men quartered in our city.

It is significant that you assumed the pastorate of the church as we entered the second century of our history.

After you that King George IV Whisky

THE TOP NOTCH SCOTCH

The Distillers Company, Limited, Edinburgh.

You have led us in active service for the Master throughout the various activities of the church, you have won the love and esteem of all the members of the church and congregation; your dignified bearing, your generous nature, your scholarly sermons and your keen interest in the spiritual and temporal welfare of our people have endeared you to our hearts. Perfect harmony and earnest co-operation in every good work have been marked features of your term of office. One of the outstanding characteristics of your ministry in winning the lives of our young people has been the personal evangelism carried on in the Sunday school under your direction as the result of which large numbers have united with the church.

In the sick room and in the hours of mourning, your presence and words have been a source of wondrous comfort to the hearts of those in trouble, and in your loving, sympathetic way you have led very many of us out of the shadow of sorrow and bereavement into the joyous presence of our Heavenly Father.

While it was with the deepest regret that we learned of your intention

to leave us, we congratulate you most heartily upon your self-sacrificing spirit and indomitable courage that have caused you to do the khaki in the interest of your King and country. We wish to express our appreciation of the love and esteem in which you are held by the members of the church and congregation in some slight tangible form by presenting you with this accompanying cheque which represents a free-will offering from those who have learned to love you so well, and whose prayers and interest will follow you throughout your future life. We commend you, Mrs. Porter, and the children, to the God of all grace, and pray that you may be returned in safety to your loved ones at the close of this mighty struggle in Europe, to which for the present you have devoted your life.

On behalf of the church and congregation.

What does a bevel gear cost? The Ford owner saves \$12 that the other fellow has to pay for one

\$16.00—Average cost of the bevel gear of cars priced around \$1000 and less. \$ 4.00—Cost of Ford bevel gear. \$12.00—This stays in the Ford owner's pocket book.

Other Ford spare parts are just as low priced in proportion—the 26 most called for parts altogether cost only \$8.04.

And less than a dollar a year as a total expense for spare parts is not at all an uncommon experience of Ford owners.

YESTERDAY'S ELECTION.

The people spoke yesterday with no uncertain voice and as a result R. T. Hayes is Mayor of St. John for the next two years and the new member of the City Council is G. Fred Fisher, who succeeds Commissioner Frank L. Potts, who was eliminated in the preliminaries. The day held some surprises. Those who believed that the majority contest would be a very close one—and this was the opinion held by almost every person, will see how far astray was their prediction when they look at the returns. Mr. Hayes polled 4,440 votes against 3,437 for Mayor Frink. His Worship being beaten by 1,003 votes.

The election for Commissioners was exciting. Mr. Fisher led the poll with 4,177 votes, while Commissioner McLellan was just fifty votes behind him. Mr. Sharp polled 2,512 votes, while the labor candidate was at the foot of the poll, 1,225 votes behind the next man. The vote yesterday was very heavy, the majority returns showing that 7,877 people exercised their franchise. There were very few spoiled ballots.

The net result of the election is that the city has a new Mayor and there is one new member of the council, so it is not likely that there will be any change in the positions held by Messrs. Wigmore, Russell and McLellan. Mr. Fisher will succeed Commissioner Potts in the department of public works, and it is understood that this is in line with his own preference as expressed during the campaign.

There will be much sympathy for Mayor Frink. During his term of office he was conscientious and faithful and his defeat yesterday was not due to any fault to be found with his administration but to a general feeling that it was time to give another man an opportunity to fill the office.

Commissioner McLellan is to be congratulated on his splendid showing. He has been the subject of much criticism and had many canvasses to meet. His success is tangible evidence that the majority of the electors believe that as Commissioner of Public Safety he is the right man in the right place.

The new council has a grand opportunity to do good work. Now that it is settled that commission government is to continue the prevailing system at City Hall it is more than ever up to the men at the council board to get the best results. Despite the arguments of newspapers that, during the first commission campaign, held that the commission plan of itself would prove a panacea for civic ills the experiences of the past four years have shown that the plan makes comparatively little difference, it is the calibre of the men at the board which determines whether the government is to be good or bad.

CONCERNING J. WESLEY ALLISON.

Col. J. Wesley Allison, the gentleman who is alleged to have made an exorbitant profit out of contracts for fuses and who is now in Ottawa, has been interviewed by the Liberal Ottawa Free Press and he said a number of things which it is absolutely safe to assume the Morning Ananias or its evening reprint will not present to their readers.

The cheaper opposition newspapers which make it a practice to condemn in advance of the evidence have expressed themselves as certain that Col. Allison was "out of the country for good" and would not return to give evidence before the Duff-Meredith commission. Col. Allison is now in Ottawa. Here he replies through the Liberal Ottawa Free Press to that criticism:

"You are going on to Ottawa to give evidence?" Colonel Allison was asked.

"Yes, I am going to Ottawa to give evidence, I shall go on from Ogdensburg as soon as I am wanted in Ottawa."

"Do you expect to appear before the public accounts committee and the Davidson Commission as well as the Meredith-Duff Royal Commission?"

"I shall go before them all if they want me. I desire to tell them all I know."

As to the question of his alleged great profits the Free Press representative asked: "Do you contemplate justifying the statement which you

made before Sir Charles Davidson that you did not realize a cent from any business which you did for Canada in obtaining munitions or other war supplies?" Col. Allison replied:

"NO, I DO NOT INTEND TO MODIFY THAT STATEMENT. I DID NOT MAKE A CENT OUT OF WHAT I DID FOR CANADA."

But the most interesting portion of Col. Allison's statement is that concerning the allegation that Sir Sam Hughes was to receive a share of the profits on the Allison contract and also regarding the existence of an alleged document from which Mr. Kite claimed to read. In order that the public may see how far Col. Allison's version of that matter differs from the rather sensational material which has been featured by a section of the opposition press we republish from the Liberal Ottawa Free Press the portion of the interview dealing with it:

"In the House of Commons a contract was read for a large fuse order given to the American Ammunition Company, and it was supplemented with a document indicating that in anticipation of that contract Youakim and Basick, who formed the company, divided a million dollars' profits; what do you know about that?" asked your correspondent.

"Mr. Henderson interrupted, but Col. Allison said HE HAD NEVER SEEN THE CONTRACT OR THE AGREEMENT, AND THAT HE KNEW NOTHING OF THEM. "There was another memorandum of agreement indicating that you, Lieutenant and Cadwell might be dividing the four hundred and seventy-five thousand, which was the share of Youakim?"

"I never heard of it."

"Have you received any profits out of the fuse contracts?"

"No."

"Are you to receive any?"

"I HOPE SO, IF THERE IS A PROFIT REALIZED FROM THE CONTRACTS, SO FAR I HAVE RECEIVED NOTHING. I'm going to find out if there is anything coming to me."

"If you get a profit will General Hughes be given a share of it, that has been gossiped?"

"Certainly not. There was never any discussion of profits or profit-sharing between myself and General Hughes. Such a thing wasn't thought of by either of us. As I said before, General Hughes asked me to see where in the United States I could fill orders for war supplies and instructed me to do that prices were kept down, that is all that I ever endeavored to do."

All the circumstances of the Allison contract will be probed before the Duff-Meredith commission and the truth or falsity of Col. Allison's statements will be established there. It appears, however, that the more the light is turned on the Kite allegations the more discreditable the Grit tactics appear. Already it has been established that Sir Sam Hughes was permitted by Sir Wilfrid Laurier to leave the House of Commons and was attacked as soon as his back was turned, New Col. Allison denies the existence of a document from an alleged copy of which Mr. Kite professed to read. The situation is becoming extremely interesting.

THE ATTACK ON SIR SAM.

No matter what the decision of the Duff-Meredith Commission may be the Liberals cannot get away from the fact that the attack against Sir Sam Hughes by Mr. Kite, Mr. Carvell and others was a dirty political job, conceived in a spirit of partisan trickery and executed in cowardly fashion. Even newspapers opposed to Sir Sam personally have expressed this view. For instance the Hamilton Spectator, a Conservative newspaper, has not seen eye to eye with the Minister of Militia for a long time, but the Spectator is fair enough to admit that he was the victim of a miserable trick on the part of the Grit mud pumps.

Referring to Sir Sam's announcement in the House of Commons the Spectator says:—"The course of the opposition concerning him he was able to show had been marked by trickery and cowardice. On the evening preceding his departure for England, Mr. Carvell had talked against him to preclude any possibility of a reply. It was when he was thousands of miles away from the scene, and when therefore the maximum of mischief might be wrought before they could be refuted, that Mr. Kite had launched his accusations against him and the old Shell Committee. If Mr. Kite and his confederates had really wanted to know the truth, they had only to consult certain men in Canada, who could easily have enlightened

them. Now that is about the entire list there are a few others who hold down minor roles. But the best thing you can do is to see the play for your-

self. From beginning to end, the manner of the assault, whatever may be thought of its substance, was shaped by political intrigue."

The Hamilton Herald, an independent publication has this to say:—"There is no doubt now as to whom Sir Sam Hughes regards as the enemies who, he said, he had come home to fight. The enemies are not those of his own household, as the opposition press has been intimating. They are Mr. Kite, Mr. Carvell and the other opposition members who have brought charges against the shell committee and indirectly against himself."

There is a very general belief that Sir Sam will clear himself when all phases of the case are before the Duff-Meredith commission, but in any event Sir Wilfrid Laurier and his followers cannot feel proud of the miserable cowardice which characterized the attack on a man who was not present to defend himself.

WHITE FEATHER VERY FINE BILL

Opera House Has High Class Company in an up to the Minute Dramatic Offering.

Albert Brown is a good actor. He is really more than that—he is a high class actor with a style of his own and a finish to his work rather exceptional among those who in later years have visited these provinces.

They are all good actors, or actresses, for there are of course females as well as he-males among the "White Feather" company. And altogether they put on a show which stands head and shoulders above anything seen here in a month of Sundays.

This is supposed to be a special about the bill at the Opera House last evening, but it is a difficult thing to say just how good the performance was. Yet, so far as it is in the ability of the ordinary gink, here goes.

The White Feather is the story of the man who stayed at home, who did not enlist when his friends and his acquaintances and his sweetheart thought he ought to be in khaki. The men who devoted his peculiar abilities and all his energy to the secret service and who by the very nature of his work was compelled to keep his position to himself while those whose opinions he regarded believed him unworthy. How the German spy system permeated the home life, the social life and the official life of Britain is exemplified in the story. How the self-satisfied among Englishmen were content to go along criticizing the misdeeds of the German government and how the emissaries of the German government carried forward their plans through the unsuspecting victims was a timely touch on the part of the fellow who wrote the play.

In a boarding house kept by naturalized German the plans of the spies are forwarded and foiled in a series of most dramatic climaxes in which the British secret service man is always the central figure. And in this commanding part, Mr. Brown, as the supposed stupid English fop, stood supreme. It is a one-man show in which the other players are to a very large extent merely units assisting in the development of an outstanding characterization. And that characterization was an eye-opener in its smoothness, versatility and finish.

Nothing remained to be desired in Mr. Brown's work in the part of Kite. He was consistent from start to finish, and this is more than can be said of a good many actors. But—and it is a big "but"—Mr. Brown's interpretation of the leading part would not be half what it is without the very strong support accorded him. They were all good—I think I said that before, but it is worth saying again. His scoring partner in the game of espionage was Miss Olive Temple, and she did splendidly. Besides, she looked well, and that means a whole lot to a girl on the stage—especially when the other actors also looked well, too. There was Miss Rial for instance, and Miss Cutting—most attractive in manner and appearance though not taking parts calculated to win the applause of the audience. And Miss Cooper, too, petite and dainty, grieving over the backwardness of her lover, gave a faithful portrayal of a somewhat exacting part. Miss Randolph in a leading role—and Miss Randolph in a very small part, saw their duty and went and done it very nicely indeed.

When I started this thing it was with no intention of making mention of all the players, but there are none left among the women, and that is unfair to the men. As the German spy in employ of the British admiralty, Mr. Kent was second only to Mr. Brown in ability to strikingly portray a compelling personality. And as the choleric Englishman, himself always right, but full of criticism of others, Mr. Collins left nothing to be desired—as they say of Worcester sauce. Then there is one Burkell, the very image of a waterer in the audience, led and moved and acted just like the other German attendant, and who went through his work with all due regard to his pay envelope in spite of the disapproval of his audience. Mr. Hunter had little to do but did it to the satisfaction of himself and his audience.

Now that is about the entire list there are a few others who hold down minor roles. But the best thing you can do is to see the play for your-

GOING

to the front—Then don't forget you will need some Zam-Buk! The soldiers of the front are asking for more of it. Pte. J. R. Smith, of the "Princess Pals" writing home, says: "Tell my friends there is one thing I should be glad to get—Zam-Buk." Also Corp. Frumkin, of the 10th Field Ambulance, writing from France, says: "We are finding Zam-Buk splendid for injuries and ailments, but we haven't enough of it."

Zam-Buk cannot be equalled for the injuries and ailments incidental to trench life. There is nothing that ends pain and heals so quickly. For cuts, scratches, bruises, stiff joints, and all other ailments it is equally good. For sore and blistered feet, caused by long standing and marching, there is nothing brings such relief as Zam-Buk and for sores of all kinds Zam-Buk is invaluable. Having some Zam-Buk on hand to apply immediately as injury is sustained will save a man much unnecessary pain.

If you are not going to the front, there is another way in which you can "do your bit"—help relieve the sufferings of the men in the trenches by sending them Zam-Buk. All drugists 50c. box, 2 for \$1.25, or post free for price, from Zam-Buk Co., Toronto.

TURN HAIR DARK WITH SAGE TEA

If Mixed with Sulphur It Darkens so Naturally Nobody can Tell.

The old time mixture of Sage Tea and Sulphur for darkening gray, streaked and faded hair is grandmother's treatment, and folks are again using it to keep their hair a good, even color, which is quite sensitive, as we are living in an age when a youthful appearance is of the greatest advantage.

Nowadays, though, we don't have the troublesome task of gathering the sage and the mussy mixing at home. All drug stores sell the ready-to-use product called "Wyeth's Sage and Sulphur Compound" for about 50 cents a bottle. It is very popular because nobody can discover it has been applied. Simply moisten your comb or a soft brush with it and draw this through your hair; by morning the gray hair disappears but what delights the ladies with Wyeth's Sage and Sulphur is that, besides beautifully darkening the hair after a few applications, it also produces that soft lustre and appearance of abundance which is so attractive. This ready-to-use preparation is a delightful toilet requisite for those who desire a more youthful appearance. It is not intended for the cure, mitigation or prevention of disease.

Grippe Left Her Seriously Ill BUT DODD'S KIDNEY PILLS CURED HER COMPLETELY.

Mrs. Halkiut Tells Just Why She is the Firm Friend of the Grand Canadian Kidney Remedy, Dodd's Kidney Pills.

Saskatoon, Sask., April 24.—(Special)—Mrs. Pats Halkiut, a well-known resident here, is a firm believer in Dodd's Kidney Pills, and is always ready to tell the reason why. "About a year ago," Mrs. Halkiut says, "my little girl was taken ill with the grippe. She was sick in bed for three weeks with pains in the joints. They were swollen and stiff. "She had cramps in her muscles, so it was awful hard for her to get around for the longest time. After she was able to be around her skin became harsh and came off in scales. "After using two boxes of Dodd's Kidney Pills she was as well as ever she was in her life. She has been strong and healthy ever since."

The after-effects of grippe are more to be dreaded than the disease itself. That is because they generally act on weak kidneys and put them out of working order. Sick kidneys are the cause of rheumatism, backache, drowsy and numerous other diseases. The one sure way to avoid them is to keep the kidneys toned up and able to do their work. The best way to keep the kidneys healthy is to use Dodd's Kidney Pills.

Dr. C. N. Richards and Dr. Moore. In Christ church the election was postponed owing to the illness of Archdeacon Newham.

MARKET YESTERDAY WAS ANTI-THESIS OF SATURDAY SESSION

Sharp Rally in Wall St. Reflected in Montreal Market.

FIRM OPENING EXPECTED TODAY

Steel of Canada Meeting this Afternoon and Event Awaited with Great Interest.

Special to The Standard.

Montreal, April 24.—The local street welcomed the sharp rally in Wall St. today as a most fortunate thing and likely to influence favorably the tone of the market when dealings are resumed on the local market tomorrow. The sharpness of the break Saturday was ascribed to a bear camp in the attacking prices when there was a slim attendance and when the international situation was such as to give rise to serious misgivings. The good support given to the list today resulted in a considerable short covering which, with the buying which the lower prices attracted made for almost as sharp an improvement as there was a drop on Saturday. It is also said there was no particular news to account for the improvement apart from the general feeling that the market has discounted a great deal and that shorts were not able to cover their contracts at the low range prices. The circumstances have created expectations of a firm opening here tomorrow in which interest will center largely in Steel of Canada, the annual meeting of which takes place in the afternoon.

Montreal, April 24.—Local shareholders of the A. The inference taken from this is that unless a very vigorous and general protest is forthcoming on May 2 the board will probably take it for granted that no serious objection is entertained and proceed to carry out their objectionable plan. It is known, however, that many shareholders have individually written the management personally registering their objection, while it is safe to assume that many others will do so before the date of the annual meeting, when sending back their proxies. A considerable proportion of the stock is held in Eastern Canada and considerable feeling has been aroused against the proposition.

Vice Pres. of Canada Car Co. Discusses Proposal to Sell Ft. William Plant to Russian Gov't.

Special to The Standard. Montreal, April 24.—W. W. He explained that the car company had been given a free site for the plant, but it was of absolutely no use to the town while idle and the company was willing to guarantee the replanting of the plant when business warranted it.

Production and Thrift

"GAIN or no gain the cause before the farmers of Canada is as clear as it was last year—they must produce abundantly in order to meet the demands that may be made, and I believe this to be especially true in regard to live stock, the world's supply of which must be particularly affected in this vast struggle."—REV. MARTIN BURRELL, Minister of Agriculture.

THE FOLLOWING STATEMENTS ARE BASED ON REPORTS CONTAINED IN "THE AGRICULTURAL WAR BOOK, 1916," PUBLISHED BY THE DEPARTMENT OF AGRICULTURE, OTTAWA, ONT.

LIVE STOCK

The herds and flocks of Europe have been greatly reduced. When the war is over there will be a great demand for breeding stock. Canadian farmers should keep this in mind.

MEATS

In 1915 Great Britain imported 664,508 tons of beef, mutton and lamb, of which 264,245 tons came from without the Empire. Out of 430,420 tons of beef only 104,967 tons came from within the Empire.

DAIRYING

Home consumption of milk, butter and cheese has increased of late years. The war demands for these have been unlimited. The Canadian cheese exports from Montreal in 1915 were nearly \$6,500,000 over 1914. Prices at Montreal—Cheese: January 1915, 16 1/2 to 17 cents; January 1916, 15 1/2 to 15 3/4 cents. Butter: January 1915, 24 to 25 1/2 cents; January 1916, 32 to 33 cents.

EGGS

Canada produced \$30,000,000 worth of eggs in 1915 and helped out Great Britain in the shortage. Shippers as well as producers have a duty and an opportunity in holding a place in that market.

WRITE TO THE DOMINION DEPARTMENT OF AGRICULTURE AND TO YOUR PROVINCIAL DEPARTMENT FOR BULLETINS ON THESE SUBJECTS

Tens of thousands of Canada's food producers have enlisted and gone to the front. It is only fair to them that their home work shall be kept up as far as possible. The Empire needs all the food that we can produce in 1916.

The Broad Highway Jeffery Farnol "Which We Call Life"

(Continued from yesterday.) CHAPTER XXI Of the Opening of the Door, and How Charman Blew Out the Light. He bestrode a powerful black charger, and his armor glittered through the green.

"For her love I carke, and care, For her love I droop, and dare, For her love my bliss is bare, And I wax wan!"

Now, being come to where I sat beside the brook, he checked his horse, and gazed full long upon me, and his eyes shone from the gloom of his helmet.

"Messire," quoth he: "how like you my song?" "A whiff," I answered. "And, beseech you—wherefore?"

"Because it is folly—away with it, if you had but full of such, how shall you achieve any lasting good—Glorious Learning, Power?" But, sighing, he shook his head; quoth he: "O Blind One! Glory is but a name, Learning but a yearning emptiness, and whither leadeth Ambition? Man is a mote dancing in a sun-ray—the world, a speck hanging in space. All things vanish and pass utterly away from the world, and that abideth save only True-love, and that abideth everlastingly: 'tis sweeter than Life, and stronger than Death, and reacheth up beyond the stars; and thus it is I pray you tell me—where is she?"

"She whom you love?" "I love no woman," said I. "Liar!" cried he, in a terrible voice, and the voice was the voice of Black George.

"And who are you that say so?" I asked, and stood upon my feet. "Look—behold and know thyself. O Blind and more than blind! And leaning down, he raised his visor so that the moonlight fell upon his face, and he looked upon me—my own; and, while I gazed, he lifted up his voice, and cried: "Ye Spirits of the Wood, I charge ye—who is he that rideth in the green, dreaming ever of her beauty, and slighting forth his love everlastingly, Spirits of the Wood, I charge ye?"

"Didst thou of the gloom of the wood, from every rustling leaf and opening bud, came a little voice that rose and blended in a soft, hushed chorus, crying: "Peter Vibart—Peter Vibart!" "Spirits of the Wood, I charge ye—who is he that walketh to and fro in the world, and having eyes, seeth not, and ears, heareth not—a very Fool of Love?"

"Once again the voices cried in answer: "Peter Vibart—Peter Vibart!" "Spirits of the Wood, I charge ye—who is he that shall love with a love mightier than most—who shall suffer greatly for love and because of it—who shall think of it by day, and dream of it by night—who is he that must die to find love and the sweetness of life?"

"And again from out the green came the soft, hushed chorus: "Peter Vibart—Peter Vibart!" But, even as I laughed, came one from the wood, with a horse and armor. And the armor he girded on me, and the horse I mounted. And there, in the moonlight glade, we fought, and strove together, my Other Self and I. And, sudden and strong he smote me, so that I fell down from my horse, and lay there dead, with my blood soaking and soaking into the grass. And, as I watched, there came a blackbird that perched upon my breast, cawing gloriously. Yet, little by little, this bird changed, and lo! in its place was a new Peter Vibart standing upon the old; and the New trumpeted the Old down into the grass, and—it was gone. Then, with his eyes on the stars, the new Peter Vibart fell as-ling, and the words I sang were these: "For her love I carke, and care, For her love I droop, and dare, For her love my bliss is bare, And I wax wan!"

And thus there came into my mind that which had been all unknown—undreamed of, yet which, once there, could never pass away. "O Spirits of the Wood, I charge ye—who is he that counteth True-love sweeter than Life—greater than Wisdom—stronger than Death? O Spirits of the Wood, I charge ye!" And the hushed voices chorused softly: "Peter Vibart—Peter Vibart!" And, while I listened, one by one the voices ceased, till there but one remained—calling, calling, but ever softer and farther away, and when I would have gone to ward this voice—lo! there stood a wife quivering in the ground before me, that grew and grew until she had touched heaven, yet still the voice called upon my name very softly: "Peter!—Peter—oh, Peter, I want you—oh, Peter—wake! wake!" I set up in bed, and, as I listened, grew suddenly alert, and a fit of trembling shook me violently, for the whisper still still in my ears, and in the whisper was an agony of fear and dread, indescribable.

no bright an' spy; there's some-thing 'bout 'em, as might think as 'twere the work o' ghosts, or demons, a-sentle their spells on ye, or that some vampire 'ad hit ye in the night, an' sucked your blood as ye lay asleep, but ye know different—you're just bewitched, Peter!" and he chuckled again.

"Who knows?—perhaps I am, but it will pass, whatever it is, it will pass—" "Don't ye be too sure of that—these bewitchments an' bewitchments, Peter." (Continued tomorrow.)

Would You Like to Spend a Year in College at the Expense of The Standard? IF SO, READ THIS!

A GENERAL OUTLINE

SOMETHING ABOUT WHAT THE STANDARD OFFERS TO THOSE WHO DESIRE TO JOIN ITS "TRAVEL CLUB."

The Standard has pleasure, this morning, in announcing a prize competition open to the Maritime Provinces which it believes will attract a great deal of attention, will be a source of enjoyment and financial profit to a large number of active young men and women, and which will bring a considerable amount of business to this paper. This undertaking is in the form of a "Travel Club." Arrangements have been made whereby this paper has joined with a syndicate of twenty or thirty newspapers in Canada and the Eastern United States in the promotion of an important excursion across Canada to Alaska and return east through the United States. The entire party numbering in the vicinity of two hundred will leave Toronto about the middle of July on a special train, travelling over the Grand Trunk Pacific. Stops will be made at all the important points on the way west. There will be excursions and side trips to different places of interest, the western train trip terminating at Prince Rupert. From there a steamer will be taken for three days northward journey through the wonderful Inland Passage to Skagway where a day or more will be spent. The party will return by steamer over the same route but will go by Vancouver, Seattle and Portland, where the train will be taken for the eastward journey. Coming east stops will be made at many of the principal cities, and there will be a two days side trip through Glacier National Park. The entire trip will occupy about thirty-two days, and all expenses will be borne by the newspapers participating in the affair.

The Standard has made a very satisfactory contract. This paper may send two or more members with the party, the winners of the trip to be selected by the votes of the readers of The Standard.

It has been arranged by The Standard that six trips shall be offered in this way, of which five will be awarded to the five persons obtaining the highest number of votes, while the sixth trip will be given in addition to one member of the club who secures the leading position.

This is an undertaking in which when anyone enters it is easy to secure the co-operation of friends who will save votes for them and who will help in every way possible.

Everything will be over in two months and The Standard strongly advises all those who would enjoy such a magnificent outing as is now being offered or who would appreciate a year in college to get busy at once. Other particulars will be found in an announcement elsewhere in this paper and all who are interested should write for instructions. This club will close on June 24th.

JOIN THE STANDARD "TRAVEL CLUB" AT ONCE

If you do not desire to go on this great Travel Club trip, you may take a year's course in any Provincial College.

If you are at all active and endeavor to secure the co-operation of your friends you may win during the campaign valuable special prizes in cash or goods.

If you fail to win the big trips which we are offering, you will receive from The Standard ten per cent. in cash on all the subscriptions turned in by you, so that you will be well paid for whatever work you do.

If you are not in a position to enter this "Travel Club" yourself, perhaps you have some friends whom you would like to nominate. If you happen to nominate the one who wins, you will receive twenty-five dollars in cash.

Has your friend been nominated? If not, send in the name today. You may get twenty-five dollars out of it, and at any rate you will help your friend to win something never before offered in New Brunswick.

NOMINATION BLANK GOOD FOR 1000 VOTES

I wish to become a member of The Standard "Travel Club." I understand the rules and agree to comply with the same.

I desire to nominate as a member of The Standard Travel Club. I vouch for his or her eligibility.

Write or call at The Standard office for any further information which you may desire about this great offer. Interest your friends in the proposition. Perhaps there is someone whom you would like to take along on the trip. If so, get that other friend associated with you and both work together in an endeavor to win the double prize trip which we are offering. Then both of you can go west, or both of you can go to college.

Do not delay, send in your name now.

Herewith this newspaper announces the greatest "Travel Club" in the history of Eastern Canada. Six residents of New Brunswick may have a trip across Canada to Alaska & return through the United States.

Should they not desire to take the trip four of the winners in this club may select a year's course in any University in the Maritime Provinces. They will also be given an opportunity to secure for themselves valuable prizes in cash and otherwise, and if any who enter the club fail to win these leading prizes they will receive a cash commission of ten per cent on all the money turned in by them which will be sufficient to pay them well for the labor they expend.

Read this offer. It has never been equalled in the history of New Brunswick, and it is an opportunity which you cannot afford to miss.

THE STANDARD "TRAVEL CLUB"

This "Travel Club" is a plan by which The Standard expects to secure additional circulation and to collect payment on subscriptions now existing. It offers certain rewards to those who participate in the work. The principal prizes to be given are six trips across Canada by special train from Toronto to Prince Rupert, thence by steamer up the Alaskan coast, returning to Portland, Oregon, and by rail back home through the United States. There will be side-trips, and stops will be made at many interesting points. All expenses other than purely personal ones, will be borne by The Standard. Five of these trips will be awarded to the members of the "Travel Club" securing the highest number of votes, and the member securing the highest number of all, will be entitled to take a friend along on the trip free of charge. That is, two trips are given to the one leading the poll.

The Club is open to any person of good character in the Maritime Provinces, and the winners will be decided by the votes of readers of The Standard.

These votes are secured in three ways, first by the nomination coupon which is printed in this paper and which is good for one thousand votes—this can be used only once; secondly by the daily coupons which will appear during the next two months, which coupons are good for one vote if clipped out and sent in to be placed to the credit of the member; and thirdly by votes on subscriptions to The Daily or Semi-Weekly Standard according to the schedule published herewith.

This campaign is straightforward. There are not a lot of complicated rules. There will be no buying of votes, for The Standard desires all members of the Club to understand that our idea is to get circulation in a legitimate manner, and that those who participate will win the prizes as the result of their honest efforts. Everyone will have a fair chance and no schemes of vote-getting will be tolerated which are not consistent with the proper aim of this newspaper in securing circulation in a legitimate way.

Subscriptions may be secured by the members in any part of the Province. Members in St. John may work wherever they wish, and members in other parts of the Province may turn their efforts to this city if they so desire.

From day to day The Standard will publish the names of those who are entered as active members, together with their standing, and will, in every way possible, assist the members in their work.

During the course of the Club a number of special prizes of considerable value such as pianos, cash, etc., will probably be awarded for work done during certain periods, but the winning of these prizes will not affect the chances of any members to win the trip prizes. In addition to this, at the close of the Club there will be paid to those who have not been successful in winning the trip prizes, ten per cent. of the total cash which they have turned in. It will be seen by this arrangement that no one can lose, for all will have earned good wages on the work they have done.

There will be no bonus votes. That is, subscriptions will count for exactly the same number of votes at all periods of the campaign. There will be no particular time at which these subscriptions will be worth more than at other times.

The Standard has arranged that if desirable only two of those winning the trip prizes must take the trip. The four others if they wish, or as many of them as desire to do so, may select instead a full year's course in any Provincial University. This feature will appeal to some who do not desire to go west and to whom the opportunity of securing an education will be of advantage.

The Standard will pay a prize of \$25.00 to the person nominating the member of the Club who eventually proves to be the winner of the double trip prize.

In an undertaking such as this, members who enter can very readily secure the co-operation of their friends, and by a little earnest effort can easily perform effective work, such as winning one of the big prizes, one of the special prizes, or at the very least gain ample return in cash for the labor which they do.

There is everything to gain, and there is no possibility of losing. Cut out the nomination blank and send it in at once. It will start you with one thousand votes. Then see some of your friends, interest them in your work and you will be surprised to find how readily they respond.

Do you know that in a circulation campaign put on by The Standard a few years ago, the winner lived in a little village called Nordin, in Northumberland County? Do you know that in a circulation campaign put on by The St. John Sun, some ten years ago the winner lived in a little village in Albert County? Do you know that in a circulation contest put on by The Standard a few years ago the winner of the first prize lived in Fairville? You do not need to be in a centre of population to make good in this class of work. People living in small villages have just as much chance as those living in the larger communities, for much of the success they attain is due to the co-operation of their friends.

Have you any friends? If so they will help you. They will become as much interested as you are in your success, and they will do everything possible to see you obtain your desire.

Your circle of acquaintances is large. You will be surprised to find how easy it is to pile up thousands of votes by a very few hours of effort.

YOUR TRAVEL DREAMS IN BRIGHT REALIZATION— A TRIP THROUGH YOUR OWN COUNTRY

Ask your friends to save the ballots which appear in The Standard every day.

Have you friends who are not now subscribers to The Standard? A yearly subscription will get you several hundred votes.

Tell all your friends that you are determined to see your own country, and determined to be one of the members to go west with The Standard "Travel Club."

Make use of the nomination blank given herewith. Call or write to "The Travel Club," The Daily Standard, St. John, and you will be given further particulars about this great offer.

Miss Tonge's Success.

The many friends of Miss Lucy Tonge, the St. John contralto, will be pleased to learn that she is meeting with success in Virginia. On Friday last she was singing in the Hippodrome at Huntington, West Virginia, and a clipping received from that city yesterday by her father, John Tonge, and taken from the Herald-Dispatch, mentions Miss Tonge as a wonderful and delightful singer. It states that she possesses striking beauty, and has a voice of remarkable proportions.

YESTERDAY WAS DAY OF ACCIDENTS

No Less than Five Reported in City—Pedestrians Knocked Down by Autos—Little Girl Burned.

No less than five accidents took place yesterday, three persons were knocked down by automobiles, a little girl fell from the back of a horse and a fire department team while responding to an alarm collided with an automobile. In addition to the above, a little girl who was badly burned through her clothing catching fire on Sunday, is in a serious condition, and a soldier is suffering from shock sustained in a collision on Saturday.

Grace McRae May Die.

Grace McRae, the thirteen year old daughter of John McRae, of 149 Erin street, was run over by an automobile on Brussels street about ten o'clock in the morning, and at an early hour this morning was lying on a cot in the General Public Hospital unconscious. It is thought she has sustained a fracture of the skull, and there is little hope held out for her recovery. The driver of the car which ran over her is William McDonald, and he is being held at police headquarters pending the result of the girl's injuries.

The little girl had been in Clayton's store on Brussels street. Running out of the store she stepped directly in front of the automobile and before it could be brought to a stop was knocked down and the car passed over her. She was tenderly picked up and placed in the car and then taken to the hospital. After the accident McDonald went to police headquarters and reported the matter and was held there. It is stated that McDonald was not to blame for the accident. The car was going at a fair rate of speed, and at the place where the accident took place there was no crossing. It is said the little girl ran quickly from the sidewalk and in front of the car. The case is indeed a sad one. Her mother died almost a year ago leaving a husband who is confined to the home with eye trouble. There are nine children and Grace was the eldest girl. She acted as a mother to the others, was exceedingly bright and well liked by all who knew her. The King's Daughters have been assisting the family for some time and the McRae home is indeed a very sad one.

Returned Soldier Injured.

While crossing Main street yesterday morning Joseph Dryden, a soldier who has been invalided home from the front, was struck by an automobile and knocked down. Fortunately he was struck a glancing blow and although his body was shaken up and slightly bruised, escaped more serious injury.

Fell of a Horse.

Yesterday afternoon about 2.30 o'clock little Daisy Brown, aged 12 years, and daughter of Mrs. Ida Brown of 38 Sydney street, was thrown off the back of a horse which she was learning to ride. The child received severe injury to her back. She was attended by Dr. Emery who sent her to the General Public Hospital for treatment. At the hospital last night it was stated that the little girl was quite badly injured but would recover.

Old Man Knocked Down.

Yesterday afternoon about four o'clock William Campbell, age seventy-two years, and a resident of Newcastle, attempted to cross Mill street near the Grand Union Hotel. An automobile driven by Charles Hamilton was going at moderate rate of speed but as the old man stepped directly in front of the car he was knocked down. He was assisted into the Grand Union, and later conveyed to the General Public Hospital. Late last night it was reported at the hospital that Mr. Campbell had received a slight cut on the head and was suffering from shock.

Lost Wheel in Collision.

Shortly after five o'clock, yesterday afternoon, No. 2 hose reel was responding to an alarm of fire. As the hose reel were dashing down Sydney street the snap of a collar on one of the horses broke, which caused the team to swerve to the side of the road near the north side of the King Square. The apparatus collided with an automobile owned by Walter H. Golding, manager of the Imperial Theatre, with the result that one of the wheels of the auto was torn off. Fortunately no person was injured, but the accident caused considerable excitement.

Child Badly Burned.

Margaret McQueen, aged six years, and daughter of James McQueen, of Anne street, lighted some matches Sunday afternoon at four o'clock with the result that her clothing caught fire and she was very badly burned about the face and body. She was conveyed to the General Public Hospital for treatment and last night she was reported to be in a serious condition.

Shocked and Bruised.

Gunner Thomson, a member of the Siege Battery, stationed on Partridge Island, is in hospital suffering with bruises and shock sustained by collision with an auto-wagon on Saturday. The wagon used by the Light-Keeper for hauling coals across the island, had

ELECTION NIGHT LIKE OLD-TIME CAMPAIGN EVENING

Thousands Assemble in Prince William St.—Commissioner McLellan Speaks from City Hall Steps—He and Mr. Fisher Make Addresses at Imperial Theatre.

Election night was very much like an old time campaign evening. Thousands of citizens crowded Prince William street and many called at City Hall. Mayor Frink heard the returns at home as did Mr. Hayes, who had an enthusiastic house party.

Mr. Hayes was naturally very much pleased with the outcome, especially with the large majority rolled up in his favor. He was very grateful for the distinct compliment paid him by the voters and to his many friends who worked so hard in his behalf. Commissioner McLellan entered City Hall just as the total vote was announced and he was accorded a rousing reception. He addressed the great crowd from the steps of City Hall, thanking his friends for their loyalty and support. He said he had stated that he would not work as hard as he had done during the next four years but he had changed his mind and would be more active than ever.

McLellan Willing to Forgive.

The commissioner referred to certain interests which had worked against him and was outspoken against some of the canvasses used. He was willing to forgive most of those who had tried to undermine him and he promised to do all he could to see that the rights of the taxpayers were upheld at City Hall. He referred to some of the efforts he had made to make St. John better, especially in the police and fire departments. The commissioner was given three hearty cheers and a tiger at the conclusion of his vigorous address, nearly half an hour's duration. He later spoke at the Imperial Theatre, where he again explained his position and thanked the voters for re-electing him.

Mr. Fisher also spoke at the Imperial.

He said he would do his best to serve the city and he expressed his appreciation for the splendid vote he received. Manager Walter Golding explained to the audience that Mr. Hayes regretted he could not be present, as he was entertaining a party at home. Mayor Frink Silent. His Worship Mayor Frink, when
