

ATTEMPT TO KILL CHARGE AT PENNIAC

H. L. Stevenson Arrested for Shooting Arthur L. Noble While Out Walking.

VICTIM IN HOSPITAL IN CRITICAL CONDITION

Wife of Prisoner Tells Sheriff Her Husband Fired the Shots and That He Threatened Her

Special to The Standard. Fredericton, N. B., Nov. 4.—Herbert L. Stevenson, corporal in the Canadian Expeditionary Force and winner of the military medal for gallantry displayed in action in France, was arraigned before Police Magistrate Limerick in the police court here this afternoon, charged with a charge of murder, thereby then and there to commit murder.

His arraignment followed a conference at Judge Limerick's office, which Sheriff John B. Hawthorn, who during the morning had arrested Stevenson, and Dr. C. F. Holden attended. The facts in the case were related by the sheriff and doctor, and the charge against the prisoner, who meanwhile was in one of the police cells, was sworn to.

Not Asked to Plead. The police magistrate then went into court. Stevenson appeared before him, and he was remanded until November 12th without being asked to plead. The remand was made for the entire eight days' allowance under the law, in order to await the outcome of the wounds suffered by Arthur L. Noble, a well-known local lumber operator, who Stevenson is charged with having shot down as he walked along a road across a field at Richard Donald's farm at Penniac last night.

Noble is on the list of critical cases at Victoria Hospital, where he was brought early this morning. He has an even chance for his life, if complications do not develop.

Produce the Revolver. Sheriff Hawthorn produced before the magistrate the revolver with which Stevenson is believed to have done the shooting, and which he had handed over to W. Harry Allen, the well-known hunters' guide, near whose home the shooting took place, and in turn handed it over to the sheriff in Stevenson's presence after he had been arrested.

The sheriff also related to Judge Limerick the statement which Stevenson had made to him, to the effect that his husband was the man who had fired the shot, one of which struck Noble in the back and another threatened to shoot both her and her sister if they didn't shut up when they were raising an outcry.

(Continued on page 2.)

GLACE BAY STRIKE BECAUSE BOY HAD HIS HORSE CHANGED

Glace Bay, N. S., Nov. 4.—Because he could not have his favorite nag, which was required for work in another part of the mine, a young driver yesterday caused a strike in the Glace Bay colliery, which tied up one section of the mine, kept fifty men idle, and reduced coal production by scores of tons.

The boy was having from two minutes only, and for this purpose was given another horse, his own animal being required where there was more hauling. The driver first took the horse he wanted away from the man to whom it was assigned. Then, when mine officials interfered, he caused a strike in his section.

FIND BALLOTS IN SEWER

New York, Nov. 4.—All poll clerks, election inspectors and the board of canvassing inspectors in the thirtieth election district of the fourth assembly district, Manhattan, were subpoenaed tonight by District Attorney Swann to appear tomorrow in connection with the finding of 26 ballots at the opening of a sewer.

Mines And Rails In Britain Back To Normal Monday

London, Nov. 4.—Full work is expected to be resumed in the coal mines, closed down by the recent miners' strike, on Monday, when the railways are also expected to institute a normal service. Restrictions on lighting in force since the beginning of the strike, probably will be removed tonight, but limitations on the supply of household coal probably will be continued for the next two weeks. Reports from the coal fields today concerning the men's quick return to work are optimistic, but many mines cannot start fully till Monday. It is anticipated that it will take two months for all the industries affected by the tie-up to get back to normal again.

WORLD NEWS TODAY

CANADA

With half the ballots counted in St. John County, the majority of the Hon. J. B. M. Baxter has been increased from eight to seventeen. Charge of attempted murder has been laid in the shooting tragedy that occurred at Penniac, N. B. Sugar market at Montreal is demoralized and prices have been cut to 14 cents. Beet sugar even lower at Toronto.

Schooner "Ohio" explodes ten miles off Shelburne harbor, N. S., and sinks in flames in few minutes. All crew saved. Taffir Commission begins its sessions in the Maritime by meetings at Charlottetown, P. E. I.

UNITED STATES

President-elect Harding has over 400 votes in the electoral college now and several more are likely. William Jennings Bryan calls upon President Wilson to resign his office at once in view of the sweeping condemnation of the Democrats.

THE BRITISH ISLES

Rails and mines of Britain to return to normal conditions following the strike, next Monday. Three soldiers killed and six hurt in battle with Irish villagers who thought their homes were to be burned.

FEWER OCEAN LINERS COME TO MONTREAL

So Far This Year 582 Vessels of a Total Tonnage of 1,707,879 Have Arrived.

LAST YEAR'S FIGURES WERE 641 VESSELS

Decline in Grain Trade Chief Reason for the Decrease in Number of Freighters.

Montreal, Nov. 4.—Shipping records for the port of Montreal to date show a slight falling off in the number of ships and the tonnage that has come here during the present season as compared with the same period last year. The actual number of seagoing ships that have come here so far is 582, with a tonnage of 1,707,879, as compared with 641 and a tonnage of 1,828,128 for the same period last year.

The drop this season is chiefly due to the fact of there having been fewer grain ships, for in ocean liners the traffic has been brisker. However, the amount of grain passing through the port is heavier this year than last, being 37,649,108 bushels, against 36,627,721. Egg exports suffered a diminution, and butter is enormously less, being 4,818 boxes of 56 pounds this year, against 45,740 boxes last year. Apple exports is much greater this year, comparing 120,000 barrels against 43,039 barrels shipped last season.

SEES FARMERS IN CONTROL IN CANADA AFTER NEXT ELECTION

Winnipeg, Nov. 4.—The Farmers of Canada will have a majority in the federal parliament after the next general election, Col. J. E. Fraser, of Bradford, Ont., predicted today. Col. Fraser, who is chairman of the political committee of the United Farmers of Ontario, pointed to the strong organization of farmers as represented by the organizations affiliated with the Canadian Council of Agriculture.

CENTRAL EMPIRES WANT TO ENTER THE LEAGUE OF NATIONS

Paris, Nov. 4.—Applications for membership in the League of Nations will be made at the meeting of the assembly of the League in Geneva this month, on behalf not only of Germany, but of Austria, according to information here. Bulgaria, it is learned, will also make application.

JUDGE McLATCHY REMAINS FIRM

Refuses to Give Certificate to Sheriff Craig of Restigouche County.

Dalhousie, Nov. 4.—At the Court House this morning Judge McLatchy read a statement, a lengthy one, in the presence of A. T. LeBlanc, defeated Government candidate referring to his previous statement that he could give no certificate to Sheriff Craig, as he had not made a complete recount and was unable to do so.

The Opposition candidates who have been declared, and the Independent Liberal candidates, were in the Court House at 11 o'clock the time appointed for the court to open, but all proceedings had ended with Mr. LeBlanc only in attendance. The proceedings are to be instituted at once.

SUGAR MARKET BREAKS; PRICE 14 CENTS NOW

Big Cane Sugar Refineries Sever Business Agreements and Sell Where They Can.

LOWER PRICES ARE EXPECTED AT ONCE

Dominion Beet Sugar in Toronto Has Cut Its Price to \$13.17 Per Hundred Pounds

Montreal, Nov. 4.—Demoralization reigned supreme in the sugar market here today and no one, retailer or wholesaler, seemed to know what was going on. Leading wholesalers stated that, following repeated drops in the raw sugar market at New York, with the persistent course of the Dominion Sugar Refinery of Toronto, which deals in beet sugar, in underselling the cane sugar refiners, that the four big cane sugar refiners here had broken away from all agreements as to stabilization of prices and were selling where and how they could.

Accordingly, the big wholesale firms here who in the past have stood fairly well together, abandoned their cooperative policy and started an orgy of price cutting today.

Down to 14 Cents.

For a time the price ran around fifteen cents per pound, and then was reduced to 14 cents net laid down to retailers and by further decrease is looked for tomorrow.

It was announced independently today by the Atlantic Sugar Refinery here that they had reduced their price list of granulated sugar to 15 1/2 cents a pound, while it was reported that two other refiners here were selling as low as 14 and 14 1/2 cents per stone. The Dominion Sugar Refinery is selling at Toronto down to 13 1/2 cents and the Acadia Sugar Refinery is stated to be selling at Toronto at 14 cents net.

IRISH DROVE OFF RAIDERS

Three Soldiers Killed and Six Injured in Fight With Villagers at Ballinane.

Dublin, Nov. 4.—A raiding party of 150 armed men and nine lorries met with disaster and nine lorries were early this morning on the village of Ballinane, which is adjacent to the small town of Granard, about sixty miles from Dublin.

After the sacking of Granard they night the residents of Ballinane gathered in defence of their homes against an attack which they felt certain would come.

At two o'clock in the morning the lorries arrived. A fifteen minutes fight ensued in which three soldiers were killed and at least six wounded, according to estimates of local respondents. The attacking forces then retreated.

CALIFORNIA PASSES ANTI-JAPANESE LAW

Majority for New Law Shows a Vote of Over Three to One for it.

San Francisco, Cal., Nov. 4.—California by a three to one vote Tuesday passed the "anti-alien law," a measure intended to restrict tenure of land by non-assimilable aliens. The measure recently was the subject of diplomatic exchanges between the State Department and the Japanese foreign office. Returns from 5,413 of the state's 6,154 precincts today showed 483,015 voted to adopt the measure with 163,731 against it.

The measure was initiated to halt what its sponsors termed "encroachment" of Japanese on California lands through leasehold or actual purchase.

DEFEAT STATE AMENDMENTS.

Concord, N. H., Nov. 4.—Proposed amendments to the state constitution offered to the voters for a referendum at Tuesday's election were defeated by majorities ranging from 3,000 to 20,000. Among them were amendments providing for a state income tax and a classified importation tax.

PREDICT GREAT FUTURE FOR ARCTIC

VILHJALMIN STEFANSSON

Winnipeg, Nov. 4.—Matters in connection with the proposed formation of the Hudson Bay Reindeer Company with headquarters in Winnipeg, will be discussed by Vilhjalmur Stefansson, the Arctic explorer, with the directors during his stay in Winnipeg. He said today he had tried hard to get the Dominion Government to take up his scheme for the domestication of the muskox and the reindeer. While they were very much interested in the project, they were afraid the people would not support it, and his hopes were now centered in private development.

The main significance of the discoveries at Fort Norman of oil, said Mr. Stefansson, was the development of the country itself. In ten years time from now that oil will probably be consumed locally. Mr. Stefansson referred to the presence 300 miles in an easterly direction from the Fort Norman oil fields, of a large copper belt at present too remote for proper workings.

HON. DR. BAXTER GAINS 9 VOTES IN FIRST HALF

Majority Over Mr. Bentley Increased in First Day's Re-count to Seventeen.

RECOUNT LIKELY TO FINISH TODAY

Manslaughter Trial at Hampton Led to Delay in Beginning Review of Ballots.

The results of the first day's re-count of the ballots cast in St. John County for the provincial election on October 9th, were most gratifying to the friends and supporters of Hon. J. B. M. Baxter.

Judge Armstrong finished the re-count of half of the boxes, and the checking up showed Dr. Baxter to have gained nine votes over Mr. Bentley. Declaration day showed Dr. Baxter with a lead of eight votes over Mr. Bentley, and it is now brought to seventeen. It is expected the re-count will be completed today, and it is believed Hon. Dr. Baxter's lead will be further substantially increased.

MILTON CURRIE, BRIDGE BUILDER, PASSES AWAY

Special to The Standard. Tracy Station, Nov. 4.—The death occurred yesterday of Milton Currie, aged 51 years, after about two months' illness. He was a well-known bridge builder and for the past few years has been Government supervisor of roads. He is survived by his widow, three sons, Arthur, Tyson and Donald, Dr. C. Van Vleet, the attending physician, has had an X-ray taken of the wound to ascertain the extent of the injury.

WRANGLER CUTS UP TWO RED BRIGADES

Great Anti-Red Leader Has Taken Charge of Cavalry Rear-Guard Actions.

Constantinople, Nov. 4.—General Wrangel has personally taken charge of a violent rear-guard cavalry action and cut to pieces two divisions of Red Cavalry northwest of Sakovo, according to advices received here. His position is reported to be improving with the chance of effecting a successful retreat for the main body of his troops.

FISHING SHIP IS SENT DOWN BY EXPLOSION

"Ohio" Destroyed off Shelburne Harbor, N. S., and Crew Barely Escaped.

FIRE FOLLOWED THE EXPLOSION

Caroline on Board Supposed to Have Been Cause of the Disaster at Sea.

Yarmouth, N. S., Nov. 4.—The Yarmouth fishing schooner Ohio, Captain LeBlanc, was destroyed by a gasoline explosion at sea today.

The schooner was one of Mayor Walker's fleet, and was on her first halibut trip of the season, and for the past few days she had been in Shelburne Harbor for shelter. This morning the weather being more favorable, Captain LeBlanc decided to go out to the fishing grounds, and when the vessel was ten miles out from Shelburne Harbor, an explosion took place which strained the schooner from stem to stern and almost immediately she was a mass of flames. At the same time she was found to be leaking badly and rapidly filling with water, causing her to settle quickly.

Captain is Injured

In consequence the crew left the vessel with only what they were. Captain LeBlanc was slightly burned by the fire, but not seriously, and beyond that no others were injured. The Ohio was comparatively a new schooner. She was built in Shelburne in 1913, and was purchased by Mayor Walker in 1917, and brought to Yarmouth. She was a modernly equipped vessel and the crew was one of the most experienced fishing craft operating on the Western shore. The schooner was just completing a most successful haul of the day and the loss to her owner is a serious one, as she is only partially covered by insurance.

AGED STATION MASTER KILLED

Emden, Maine, Scene of Brutal Murder of Railway Man Seventy Years Old.

South Anson, Maine, Nov. 4.—The body of A. Entrikin, the 70 year old station agent for the Maine Central Railroad at Emden, was found in the station tonight with the head crushed in from blows by a club. Robbery is believed to have been the motive for the crime. Entrikin was found in the body was found, the authorities announced, but it is understood that the prisoner is being held and was not an armed man. It is understood that he is one of three strangers who were met in the vicinity of the station today.

Claim a Confession

The man later gave his name as James Correll, of New Bedford, Mass., and the authorities laid it tonight that he had confessed that he and two other men had killed Entrikin after searching the station for the purpose of robbery. Two men who gave the name of John Brown of Boston and Earl Morris of Frankfort, Ky., were arrested later at Madison and brought here, where Sheriff Moores said they confessed to the murder. According to a alleged confession, the men stole \$75.

ACCIDENTALLY SHOT THROUGH THE ARM

Special to The Standard.

Fredrickton, Nov. 4.—J. C. Atkinson, of the Junction, is at the Victoria Hospital as the result of injuries received when a rifle which he was handling went off and the bullet entered his arm. Dr. C. Van Vleet, the attending physician, has had an X-ray taken of the wound to ascertain the extent of the injury.

AMERICA SERVES NOTICE ON AGITATORS THAT THEY DO NOT WANT TO MEDdle WITH IRISH.

Toronto, Nov. 4.—"Sinn Fein" hopes have been crushed with the overwhelming defeat of James M. Cox in the American Presidential election," said Rev. David Dempster, who arrived in Toronto today. The Irish minister has a commission from the General Assembly of the Presbyterian church in Ireland to tell Ulster's story to the American people.

Mr. Dempster prophesied that the end of Ireland's woes is now in sight, the people of the United States having served notice on the agitators that they do not want to meddle in an affair that is Britain's own business.

PREMIER OLIVER NOMINATED

Clovelade, B. C., Nov. 4.—Premier John Oliver was unanimously endorsed as the Liberal candidate for the Delta riding at the Liberal convention here yesterday. The premier has wire acceptance.

FOUND MEMORIAL SCHOLARSHIP

Halifax, Nov. 4.—At the 152nd annual meeting of the North British Society, a scholarship of \$200 in memory of the late Dr. Allan Pollock, for many years principal of Pine Hill College, was established in connection with Dalhousie University to be awarded yearly in a competition open to second year students. Alvin P. Macdonald was unanimously elected as the new president.

THINKS PRESIDENT SHOULD QUIT POST

WILLIAM JENNINGS BRYAN

Chicago, Nov. 4.—William Jennings Bryan, in Chicago today gave out a statement suggesting that "President Wilson should resign at once."

"Now that the American people have decisively voted against the League of Nations as written by the president it would seem desirable to carry out the verdict immediately. This can be easily done. The president should resign at once and turn over his office to Mr. Marshall, on the condition that on the convening of congress in December, Mr. Marshall appoint Senator Harding, Secretary of State and himself resign."

"The law then would make Mr. Harding president, and with the Republican support in Congress he could at once put into operation the plan for the United States to enter into an association of nations for peace."

WON PRESIDENCY WITHOUT LIE OR ANY ILL WORDS

Senator Harding Tells His "Home Folks" That He Has No Apologies to Make.

ASKS FRIENDS TO PRAY FOR SUCCESS

Peace and Justice to be Motto of the New Administration. He Declares.

was "now deceased" although the new Marion, O., Nov. 4.—Making his speech as President-elect, Warren G. Harding declared at an election celebration of home folks here tonight that the Versailles League of Nations administration intended to see that the nation played its part in a new international association founded on peace and justice.

Mr. Harding also told his friends and neighbors who gathered around the front porch in a cheering rousance rivaling the greatest held in the campaign that he had come through the fight without an apology or regret and that he would rather not have the presidency than to win it "by speaking ill or uttering a lie."

In his short talk the President-elect touched on no other issues of the campaign, but thanked the crowd for its tribute and asked that he go to Washington with your good wishes, your confidence and your prayers.

SINN FEIN HOPE OF AMERICAN HELP GONE WITH GOV. COX

Toronto, Nov. 4.—"Sinn Fein" hopes have been crushed with the overwhelming defeat of James M. Cox in the American Presidential election," said Rev. David Dempster, who arrived in Toronto today. The Irish minister has a commission from the General Assembly of the Presbyterian church in Ireland to tell Ulster's story to the American people.

Mr. Dempster prophesied that the end of Ireland's woes is now in sight, the people of the United States having served notice on the agitators that they do not want to meddle in an affair that is Britain's own business.

Alvin P. Macdonald was unanimously elected as the new president.

OVER 400 IN COLLEGE FOR SEN. HARDING

Republican Nominee Finds His Electoral College Vote Increasing Steadily Yet.

GROWING LEADS IN SENATE AND CONGRESS

Three More Western States Definitely Swept Into the Lists of the Republicans.

New York, Nov. 4.—A record-breaking electoral vote for Senator Harding topped the 400 mark and Republican majorities of more than a dozen in the Senate, and 150 in the House, were assured from virtually complete returns tonight from Tuesday's elections. With the Democratic stronghold of Oklahoma, Missouri and Tennessee definitely swept into the Republican party's ranks by the crushing victory, the Harding-Coolidge ticket had 386 votes, exclusive of the five states of Oklahoma, Missouri and Tennessee, where the Republican state ticket was victorious and the Presidential ticket ahead.

Gaining in Senate

The Republican landslide tonight had given the Republicans 58 Senate seats, as against 37 for the Democrats, with late returns undermining the seat of Senator Brackenham, Democrat, Kentucky. His Republican opponent, Richard K. Ernst, forged ahead in a nip and tuck fight for the only Senate seat left unsettled.

Of the 38 Senate contests, the Republicans captured nine from the Democrats and elected all fifteen of their candidates. Among the Democratic Senators who today went down to defeat were Senators Chamberlain, of Oregon, former chairman of the military committee; Senator Smith, of Arizona, who lost to former Representative Ralph Cameron, and Senator Henderson, of Nevada, who was defeated by former Governor Oddie.

In the Congress

Final returns from a few Congressional districts still were related tonight, some due to close races which upset a few previous announcements, and others from isolated sections. With these missing, returns still in the hands of the Republicans roll in the House had piled up to 286 to 135 for the Democrats.

Wets Win Referendum

Boston, Nov. 4.—Complete returns in Massachusetts show that Harding's plurality in the state was 401,856. Final reports also showed a narrow republican candidate for state offices. The wets had it by 19,000 in the referendum on 2.75 per cent. beer and wines.

BANK ORDERED TO PAY DAMAGES FOR MESSENGER KILLED

Court Held it Should Have Investigated Previous Character of the Slayer.

Montreal, Nov. 4.—The Bank of Ottawa was today condemned by a jury in the Superior Court to pay \$120 to John Henry Sheehan, as damages suffered through the death of his son, John Milton Patrick Sheehan, eleven years old, who was shot and killed here on January 17, 1919, by Douglas E. Stott, an assistant messenger in the employ of the defendant bank. Judgment on the verdict was reserved on motion of the bank's attorney, asking that action be dismissed, notwithstanding the jury's verdict, on the ground that the finding was contrary to law.

Had Criminal Record

Stott, who gave evidence at the trial today, was brought to the court house from St. Vincent de Paul penitentiary, where he is serving a sentence of fifteen years for manslaughter in connection with the shooting of Sheehan. He stated that he came to Canada in 1917, when about sixteen years old, and had already at that time served three years and nine months in a Scottish jail. The jury made it a point in arriving at their verdict that the bank should have investigated the previous record of Stott.

LLOYD GEORGE MAY NOT ATTEND LEAGUE MEETING AT GENEVA

London, Nov. 4.—Premier Lloyd George stated in the House of Commons today that he had not yet decided whether he would attend the League of Nations conference in Geneva. He announced that a new licensing bill would be most introduced next week. The demand by members of parliament for a billiard and card room at the House has been rejected. The first commissioner of works stating that there is no accommodation available. Also he said that such games were contrary to the traditions of the House. The House took the second reading of the bill empowering the local authorities to hire empty houses compulsary.

DIVORCE COURT SITTING AT FREDERICTON

McKay vs. McKay Has Been Concluded But Verdict is Not Given Yet.

Special to The Standard
Fredericton, N. B., Nov. 4.—In the New Brunswick Divorce Court this afternoon the case of McKay vs. McKay, the remnant from the July sittings, which was taken up yesterday morning, was concluded when Dr. D. W. Ross of this city was called to the stand to testify that he attended the defendant when she gave birth to a child. Court considers.

The afternoon session of the court was taken up by the case of Vincent E. Faulkner vs. Howard N. Faulkner, a remnant from the July sitting of the court, which was undefended. R. L. Simms appeared for the plaintiff, R. W. L. Tibbitts, Violet E. Faulkner, the plaintiff; Alfred Bagley, James Long and Mrs. Bert Sewell, all of Woodstock, were called as witnesses. Justice Crockett stated that he would consider the case.

REGAL FREE RUNNING Table Salt

FARMER LEADER STARTS ATTACK ON THE PREMIER

Hon. T. A. Crerar Declares Hon. Mr. Meighen's Views of New Parties Erroneous.

GREAT PROBLEMS TO BE SOLVED

Protective Tariff Problems Too Great for Any Government to Settle.

Prince Albert, Sask., Nov. 4.—Addressing a meeting of the Saskatchewan Grain Growers' here tonight, Hon. T. A. Crerar, leader of the Farmers' Party said Canada had many problems before the war, but the war had magnified and intensified these problems. For instance, before the war public debt was \$332,000,000 now it is \$2,200,000,000. Yet nobody in Canada begrudged that increase. There was also the great problems of taxation. History shows that it is not the amount of taxation but the manner of imposing taxation which counts.

PRISON FOR LIFE

Perth, Ont., Nov. 4.—Imprisonment for life in Kingston penitentiary was the sentence passed on John Neal by Chief Justice Meredith, at the fall assizes here yesterday. Neal was found guilty of manslaughter in causing the death by shooting of Miss May Casey, of Ottawa, near the village of Alton, Ont., on August 30th last. His counsel, C. J. Fox, presented to the court a petition praying for clemency to the accused.

SENT UP FOR TRIAL

Special to The Standard.

LAMB SKINS CHEAPER BUT MEAT DEARER

Montreal, Nov. 4.—Lambskins have fallen 90 per cent. in price, according to butchers here, and this fall is responsible for the high cost of lamb. While this should effect the cost of gloves and shoes, it has had the result of making the rest of the carcass dearer. Unusually heavy export to the United States is another factor in the high cost of lamb.

PALMER DENIES ANY KNOWLEDGE OF DEALS TO BE INVESTIGATED

Washington, Nov. 4.—Attorney-General Palmer returned to his office here late today to find awaiting him a telegram from Federal Judge Anderson at Indianapolis, informing him that an investigation was to be made of Mr. Palmer's connection with soft coal cases.

ATTACKS THE PREMIER

Some criticism had been directed against the Farmers' organization. The declaration of political principles laid down by the Farmers before the people was not the product of a few men but were produced by conventions in many provinces and was succeeding years. Yet this platform was criticized as a class policy and all the old bogies were raised of class against class. This criticism came from those who were interested in keeping the common people down to the level they had long heretofore.

THE TARIFF QUESTION

There had naturally been a wide difference of opinion on the tariff matter. Personally, he did not agree with the principle of a protective tariff. If trade was good for a country, then why interfere with it? The policy of the present government on the tariff question had now emerged from the clouds as a policy of adequate protection.

NEW AIRFLIGHT RECORD.

Paris, Nov. 4.—Captain De Romanet, the French aviator, in a Spad-Hispano airplane today flew one kilometer at a speed of 309 kilometres an hour. This broke the world's record of 292.62 kilometres made two weeks ago by Sadi Lecoq, the winner of the recent James Gordon Bennett cup race.

"Scotch & Soda"

HERE is a new dance number in which the Saxophone means the pretty old Scotch melodies accompanied by the effervescent of the Zylphon and Piano, in rare-looted Fox-Trot rhythm.

"Idle Dreams" on the reverse side, is also a Fox-Trot, featuring a piano solo by Harry Thomas. Really two fine selections, both played by the Harry Thomas Trio.

PARSONS FAVOR BRITISH POLICY WITH MacSWINEY

Halifax Ministerial Assn. Declares Gov't Could Follow No Other Policy.

URGE AUTHORITIES TO STOP OUTRAGES

MacSwiney Was Mistaken and Voluntarily Sacrificed His Life for His Cause.

Halifax, N. S., Nov. 4.—Announcement was made today by Archbishop Worrell, president of the Ministerial Association of Halifax and Dartmouth, that at a meeting of the body, a resolution was passed endorsing the attitude of the British Government towards the hunger strikes of the late Lord Mayor MacSwiney. The resolution was as follows:

"The Ministerial Association of Halifax and Dartmouth, which represents the Protestant population of those places and a considerable majority of the whole, have followed the events which have taken place in Ireland for some time past. They are profoundly shocked at the reports of murders and outrages, which are a disgrace to any nation and a regret to all law-abiding people.

"They feel it is a duty of the British Government to do all in its power to check these outrages and overcome the lawlessness which now exists.

"While they sympathize with the relations of the late Lord Mayor of Cork in their personal loss, and while they recognize his honest determination to be true to his convictions, they think he was mistaken and voluntarily and unnecessarily sacrificed his life for the cause he championed.

"While, therefore, we regret the necessity, we feel that the British Government was justified in its action in this most distressing case, for no government could continue its existence if the decisions of its courts were liable to be nullified by the action of individual prisoners.

"This association ventures to suggest that home rule, somewhat on the lines of what we know in Canada, would give to Ireland all the benefits of self-determination which Canadians now enjoy, without the evils which would be developed if a complete severance from the British Empire were accomplished.

"The association affirms their loyalty and devotion to His Majesty King George V. and their conviction that the peace of the world will best be preserved by maintaining the integrity of the British Empire."

ARMISTICE DAY TO BE HALF-HOLIDAY TO ACCEPT GUNS

Veterans and Provincial Heads to Take Part in Fredericton Celebration.

Special to The Standard. Fredericton, N. B., Nov. 4.—Under a tentative programme which has been drawn up for the handing over of the captured German guns to the Provincial Government and the City Corporation, Armistice Day, November 11th, will be observed as a public half-holiday in Fredericton, and the schools may be closed all day.

Brigadier-General Macdonell, G. O. C. of Military District No. 7, will hand the guns over to the province's representatives and they will be accepted and later the two to be given to the city will be handed over to Mayor Reid. There will be a parade in which the returned soldiers will be asked to take part, and the guns will be placed upon concrete bases at the places designated.

General Macdonell, Premier Foster, Lieutenant-Governor Pugsley, Hon. F. Veniot, Mayor Reid, Col. H. F. McLeod, M. P. for York-Sunbury, and Lieut-Col. W. J. Osborne are to make brief speeches. Students from the University of New Brunswick, Provincial Normal School and public schools will be in the parade.

GAS IN THE STOMACH IS DANGEROUS

Recommends Daily Use of Magnesia To Overcome Trouble—Caused by Fermenting Food and Acid Indigestion.

Gas and wind in the stomach accompanied by that full, bloated feeling after eating are almost certain evidence of the presence of excessive hydrochloric acid in the stomach, creating so-called "acid indigestion."

Acid stomachs are dangerous because too much acid irritates the delicate lining of the stomach, often leading to gastritis accompanied by serious stomach ulcers. Food ferments and sours, creating the distressing gas which distends the stomach and hampers the normal functions of the vital internal organs, often affecting the heart.

It is the worst of follies to neglect such a serious condition or to treat with ordinary digestive aids which have no neutralizing effect on the stomach acids. Instead get from any druggist a few ounces of Bismarck Magnesia and take a teaspoonful in a quart glass of water right after eating. This will drive the gas, wind and bloated right out of the body, sweeten the stomach, neutralize the excess acid and prevent its formation and there is no nervousness or pain. Bismarck Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and the best form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion.

Peps
Peps provide a new treatment for coughs, colds and bronchitis. They are little white tablets made up from Peps extracts and medicinal essences. When put into the mouth these medicinal ingredients turn into healing vapors, which are breathed (Peps) direct to the lungs, throat and bronchial tubes. The Peps treatment is direct. Swallowing cough mixtures into the stomach, to cure ailments and disorders in throat and lungs, is indirect. Peps is revolutionizing the treatment of colds and their price is within the reach of all. All dealers, etc. etc. Send for stamp for FREE TRIAL PACKAGE.

GUERRILLA WAR INCREASES IN ALL IRELAND

Political Crimes Show Decrease, the Castle Says, But Many Attacks on Soldiers.

IRISH ENLISTING IN THE POLICE

Sir Hamar Greenwood Resents Charge That Reprisals Are Due to the Soldiers.

Dublin, Nov. 4.—The outrages in Ireland during the last week show a steady decline in political crime, according to a statement issued by the Dublin Castle authorities, but the campaign of guerrilla warfare against the armed forces of the Crown is being waged with increasing intensity. Police resignations are decreasing and the recruiting of police from Ireland has been increasing. This is pointed to as a sign of renewed confidence, that the government will overcome the opposition forces.

FORMER GOVERNOR OF VERMONT GETS LONG JAIL TERM

Montpelier, Vt., Nov. 4.—Horace F. Graham, former Governor of Vermont, was today sentenced in the Supreme Court to not less than five and not more than eight years in state prison for embezzlement of state funds while he was auditor of accounts. He was also ordered to pay the costs of the prosecution. Graham was convicted of more than fifty counts of grand larceny. Before the trial he had made restitution of a large part of the \$22,000 alleged to have been taken. His term of many years as state auditor, during which the thefts were committed, preceded his two terms as Governor.

ITALIANS LIKE HARDING

Rome, Nov. 4.—The Italian press as a whole rejoices over the election of Woodrow Harding, as it considers a change of party at Washington may lead to a change in the United States attitude toward Italian aspirations in the Adriatic.

ARMED ATTEMPT TO INTIMIDATE THE GOVERNMENT

armed attempt to intimidate the government into granting the independence of Ireland. If the government acquiesces in this policy of assassination would spread to England. The best way to put a stop to what were reported to be the policy of assassination was to stop the campaign of murder against the police and military.

Mr. O'Connor's motion of adjournment was defeated 133 to 51.

CRERAR FAVORS A GREAT HARBOR ON HUDSON BAY

Claims it Would Give West the Advantages Montreal Possesses at Present.

GREATEST WHEAT ROUTE IN WORLD

Grain Growers Withdraw Motion Pledging Entrance into Saskatchewan Politics.

Prince Albert, Sask., Nov. 4.—At this morning's session of the Grain Growers of Saskatchewan, a resolution favoring entry into provincial politics was withdrawn and one substituting condemnation of the provincial executive for failure to draw up a provincial platform in accordance with instructions at the annual meeting was carried by a large majority.

A resolution advocating that divisions be created throughout the Dominion from which ministerial appointments should be made, was carried unanimously after considerable discussion.

A resolution was also passed demanding the reinstatement of the wheat board under the direction of the old chairman and vice chairman.

Speaking to the convention, Hon. T. A. Crerar, leader of the Farmer's Party, said he had been referred to as a leader of a political party, but declared that leadership did not signify much in these days especially in a co-operative party. He declared every effort should be made to develop the natural resources provincially and was especially emphatic with reference to the Hudson Bay Railway. It means everything to the West, he said, to have a port as near to Liverpool as Montreal and he was confident that that route was destined to be the greatest wheat route in the world. Many objections had been made to the difficulties of the route, but he was sure the inventions of science and skill would triumph over all obstacles on this route.

OVERHEAD CROSSING WILL COST \$100,000

Engineer's Report Received by Common Council—Lancaster Ferry to be Equipped

At the committee meeting of the Common Council held yesterday the members of the Lancaster-Indiantown Ferry Commission were told to proceed with the purchase of necessary equipment in order to have the In-spector's certificate obtained.

Reporting on the cost of the proposed overhead crossing at the end of Douglas avenue, G. G. Hare, the city engineer, made the following estimates:

Concrete arch \$40,000
Retaining walls 12,000
Excavation 20,000
Filling 25,000
Engineering 3,000

Total \$100,000
He said that the land required for the crossing would be taken from the properties of H. G. Weeks and Isabelle M. Kingston, but in his opinion the land would be enhanced thereby.

The mayor said that 25 per cent of the cost would be borne by the board of railway commissioners and that board would apportion the balance among the C. P. R., the N. B. Power Co. and the city. He said he was taking the matter up further with the railway commissioners.

A letter was read from the National Council of Women of Canada asking the council to approve resolutions passed at the recent annual meeting regarding the exhibition of trained animals, the exhibition of deformed freak children and the caging of wild animals. On motion of Commissioner Frink a letter was received and recommended to the council.

On motion of Commissioner Frink a bill for \$276.38 for a new yoke for the city's large steam roller was ordered paid to the Union Foundry.

On account of the annual meeting of the Exhibition Association on next Tuesday afternoon, the mayor asked that the weekly council meeting be held on Tuesday morning. This was agreed to.

Sunlight Soap Saves Them

Your washdays must be made to last as long as possible, they're so dear now. Sunlight Soap is the purest and best of all laundry soaps so it's the safest cleaner—and it's the most economical because being pure, it takes less to do the wash.

Insist on getting the Soap you ask for—SUNLIGHT SOAP. LEVER BROTHERS LIMITED, Toronto, Ont.

LUXURY TAXES ARE BRINGING HUGE REVENUE

National Debt is Being Reduced Slightly Every Month at Ottawa.

Ottawa, Nov. 4.—Expanding revenues last month brought a reduction in the net Canadian National debt to \$2,684,356. At the end of September the net debt (no credit being taken for non-tax assets) stood at \$2,775,516.18.

During October it was reduced to \$2,775,516.18, at which figure it now stands at the beginning of the month. Coupled with a heavy fall in capital expenditure, due to the practical closing up of war accounts, is regarding with keen satisfaction. During the seven months of the fiscal year ending October 31 ordinary federal revenue was as follows:—1920, \$26,576,987; 1919, \$18,876,945. The new taxes imposed on sales and luxuries last month are apparently the money-getters. They are included in finance department returns under the head of inland revenue, and inland revenue last month was nine times what it was in October, 1919, the figures being: October, 1919, \$1,045,708; October, 1920, \$9,594,173. Income tax collections during the month were \$712,093, in comparison with \$272,691 in October, 1919; also a heavy increase. Business profits tax shows a decline of \$200,000. Both customs and excise also show slight reductions. Ordinary expenditure during the last two seven periods of 1920 and 1919 was: 1920, \$180,290,913; 1919, \$109,049,406; increase, \$71,241,507. Capital expenditure during the seven months was \$21,804,672 in 1920, as compared with \$230,164,948 in 1919.

STILL NEGOTIATING IN MONTREAL

Montreal, Nov. 4.—A further resumed conference was held here today between representatives of the Dominion Coal Company and the Nova Scotia Coal Company on the one hand and officials of the Nova Scotia miners and of the United Mine Workers of America, on the other hand, looking to an avoidance of the threatened coal strike in Nova Scotia.

TRAWLERS QUIT HALIFAX

Halifax, N. S., Nov. 4.—Another fleet of trawlers, numbering five, sailed today for the North of Scotland. Their numbers are 20, 24, 29, 58 and 59.

And I owe it all to MAZOLA

Aunt Mary's Story

"So Jack is at it again, is he? Criticizes the cooking, growls at the climbing grocery bills?"

"Well, your old Aunt Mary will not see you two young things suffering, if she can prevent it. What's the good of my experience if YOU can't use it?"

"To begin with, I have practically eliminated expensive butter. I use MAZOLA almost exclusively in my kitchen, and I am doing away with lard as well.

"Butter is much too expensive nowadays, if you are clever enough to do without it, and Jack did marry a clever girl, didn't he?" And Aunt Mary smiled encouragingly.

"The first time I used MAZOLA," she confided, "it was merely as a substitute for olive oil, which is now in the millionaire class. You know Uncle Tom is very fussy about his salads. But he never missed the olive oil; in fact, he praised that particular dressing outrageously. Now he simply devours MAZOLA-made dressings—and the difference in cost is pin money, my dear!" She laughed and added: "Produce and Save is my kitchen motto since MAZOLA came home to me."

"In frying," here Aunt Mary grew quite enthusiastic, "it makes foods much more digestible, because MAZOLA stands a much higher temperature than lard or butter without smoking or burning. So foods crisp at once and are never greasy."

"For shortening, I find it even superior to butter. In fact, it's richer than butter, for it's all pure vegetable fat. Butter, you know, is fifteen per cent water."

"And for pastry, your Uncle Tom says that at last he can eat all the pie crust he wants without worrying."

For Frying, Shortening and Salads

"Just think of it, a perfect vegetable oil for frying, shortening and salads—all in the same convenient tin. "At first,"—Aunt Mary smiled reminiscently—"I found it strange to cook with oil, but after all every household rule is made by custom. Butter and lard have to be melted before they are used—MAZOLA is already melted—ready to use."

"Oh! you'll notice the difference at once in your cooking, and Jack will see it at once in the bill."

Try a tin of MAZOLA to-day. Become acquainted with its economy, its wholesomeness, its convenience. M-A-Z-O-L-A—such an easy name to remember!

ST. JOHN, N. B., FRIDAY, NOVEMBER 5, 1920.

THE LEAGUE OF NATIONS AND ARTICLE X.

In view of the fact that the covenant of the League of Nations, and more particularly Article X, of it, was one of the leading issues in the Presidential contest in the United States, the following reference to it, which appears in the current issue of the Journal of Commerce, is of more than passing interest.

Article X reads as follows:

"10.—The members of the League undertake to respect and preserve as against external aggression the territorial integrity and existing political independence of all members of the League. In case of any such aggression the Council shall advise upon the means by which the obligation shall be fulfilled.

The many leading Republicans who favored the League but are now supporting Mr. Harding, who is against it—Ex-President Taft, Charles E. Hughes, Herbert Hoover, Dr. A. Lawrence Lowell, G. W. Wickersham, Jacob Gould Schurman and others—are using Article X as a reason or an excuse, for their apparent inconsistent action.

The meaning of Article X has been much disputed in all the discussions that have arisen on the League scheme. Opponents of the League have claimed that the terms of this clause commit the United States to participation in any war that might occur through any of the nations violating the provisions of the section. For this reason they proposed an amendment or reservation to the effect that the right of the Congress of the United States to determine questions of peace and war should remain unimpaired. Friends of the League argued that the right of Congress to determine such questions was in no way affected by Article X, and that therefore no amendment or reservation was required.

In our own Parliament the same question was raised, but in a less emphatic way. It was argued that as there actually was a difference of opinion among eminent authorities it would be wise not to offer either amendment or reservation, but to accompany approval of the League with a declaration that only the Parliament of Canada could authorize participation in any war that might come as a result of Article X. Our Government held that Parliament's authority was not in any way impaired by the Article and that no declaration was needed.

The disputed point as to the meaning of Article X is now receiving much attention in the United States. The Republican leaders are insisting that the Article does commit the United States to participation in war, that President Wilson himself so understood, and that he so interpreted the Article in his intercourse with members of the Conference at Paris. It is claimed that the official records of the speeches at the Conference, if they can be made public, will show that Mr. Wilson gave the small nations particularly concerned the assurance that the United States was to join the other nations in enforcing by military power the obligation to protect against attack all the countries parties to the treaty. Senator Borah, who is one of the most vehement opponents of the President, argues that Mr. Wilson has virtually admitted this obligation. Mr. Borah made a speech which was almost wholly devoted to this aspect of the question. He said:

"When the President was before the Foreign Relations Committee, Senator Knox asked this question:

"Suppose that it is perfectly obvious that there is an external aggression against some power, and suppose it is perfectly obvious and accepted that it cannot be repelled except by force of arms, would we be under any legal obligation to participate?"

"No, sir, but we would be under an absolutely compelling moral obligation."

"I take it that it will not make very much difference to the American people, to the sons and mothers of America, whether you call it a legal obligation or a moral obligation or what you call it, if it is an obligation absolutely compelling and from the execution of which there is no escape. Is it not perfectly plain that we guarantee the settlements and the boundaries of Europe, and that if there is an actual disturbance of those boundaries we are under an absolutely compelling moral obligation to send our armies and our navies across the sea? Is it not equally plain that we are carrying out the decisions of these men representing the whole world, the divinations which they made, the boundaries which they established, and that we are doing so by the blood and treasure of America?"

"There is no doubt that this part of the League scheme, as interpreted by Mr. Borah and others, has been viewed with much disapproval and that the criticism of it that has been made has had much to do with the hostility of many Americans to the scheme. If the President admits that under the conditions described there would be an absolutely compelling moral obli-

gation on the United States to engage in war, it is hardly worth disputing as to the strictly legal meaning of Article X. And if there would be such moral obligation on the United States would not the situation be the same in Canada, which has become a party to the treaty that includes the Covenant of the League of Nations?"

THE USE OF REVOLVERS.

A prominent lumberman residing in Fredericton has been shot with a revolver, it is alleged by a returned soldier and now lies in a precarious condition in a hospital. Last Monday in an Ontario city another returned soldier was sentenced to prison for seriously wounding a man, also with a revolver. In both cases the soldiers are men with very creditable war records; but it would seem that the familiarity with the use of firearms acquired on active service is hard to get away from, and that the habit of "putting" mine enemy on sight still appeals to returned men. It is a habit, however, that must be stopped, and the most effective way would be to prohibit the sale of revolvers except to licensed individuals.

To make the carrying of a revolver a crime would be better than nothing, but would not a far better law be to prohibit revolvers altogether? Prohibit possession, prohibit sale, prohibit manufacture, prohibit importation? More than half of all crimes of violence are committed with revolvers. Many of these crimes would not be committed at all if revolvers were not a facility for people whose morals are bad or whose tempers are hot.

And revolvers are useless in time of peace for any purpose except vicious violence by one human being to another. Some people make a plea that revolvers are a protection against criminals, or a deterrent to criminal operations. We imagine that if a reader could get his memory he will not be able to recall one case where a civilian with a revolver stood off a criminal against one thousand cases where crimes have been committed by the aid of a revolver. So, to allow the latter debase of crime to flourish in order to trouble one criminal every few years is childish enough. Revolvers are not needed by either civilians or police unless criminals possess them; and a prohibition of the manufacture, sale or possession of revolvers would stop deprive criminals of the deadly weapons.

A BIT OF VERSE

DONEGAL BAY.

As I sit by the window high up in my room
Midst the smoke of the city, its noise and its gloom,
Down the dead years, ashore, I am drifting this way
To that sunlit harbor of Donegal Bay.

The light touch of your hand and the curve of your cheek,
And my heart throbbing back to the soft words you speak,
With the lift of the boat to the waves
And the bells of the sunset dancing on Donegal Bay.

The flight of the wild gulls and wind whistling
The wide, full-swinging sail and the swing of the sea,
And the salt stinging kiss of the fast whistling
With the sun laughing down on Donegal Bay.

The wide waters around us and gleaming on high
The white clouds and the blue shining arch of the sky;
Oh, 'twas June time and love time,
But the sun is still glinting on Donegal Bay.

Just a lad and a lass, sure the tale's nothing new!
But the black sorrow's on me, I'm longing for you
And the tones of a voice that is silent
Though the sun jewels sparkle on Donegal Bay.

—George T. Parry.

THE COST OF FOODSTUFFS.

While it may perhaps be true that no very great reduction in the cost of manufactured goods is to be expected in the immediate future, it seems pretty clear that the cost of many important foodstuffs is on the downward grade. A prominent business man in the city has sent as a list of articles the retail prices which have declined to various extents during the past few weeks.

Here is his list:

Flour, \$2.25; rolled oats, \$3.50; cornmeal, \$1.00 per 100 lbs.; shorts, \$1.25; bran, \$1.00; oats, 50c bushel; potatoes, \$2 bushel; pork, \$12.00; sugar, 6c lb.; dry cod, 3c lb.; dry pollock, 2 1/2c lb.; shortening, 5c lb.; lard, 3 1/2c lb.; domestic wool, \$1.20 to 4c, equal to 75c lb.; hides, 40c to 12c, equal to 25c lb.; cheese, 4c lb.; beans, 5c lb.; molasses, 60c gallon; starch and cornstarch, 1c lb.; beef (barreled), \$10.00; lumber, \$10.00; M. linsed oil, \$1.00 gallon; turpentine, \$2.00; rope, 3c lb.; boots, 15 p. c. to 20 p. c.; lobsters, \$15 case, pickled herring, \$4.00.

The foregoing declinations are perhaps not very large, but they indicate the trend of affairs; and even if the long looked for fall in prices is only to come very gradually they show that it is on its way—which is something to be thankful for at any rate.

WHICH WAS IT?

In the course of his sermon last Sunday at the Holy Name Church, Toronto, the Rev. Father Clive declared that the late Mr. MacSwiney was not a suicide, because the coroner's jury returned a verdict of "death from heart failure."

Having satisfied his conscience on this point, he proceeded to place the crown of martyrdom on the late Lord Mayor for being on the forefront of his country's battle for liberty and using the only method left open, "abstention from prison food."

If "abstention from prison food" caused MacSwiney's death, he was a suicide just as certainly as if he had stood in front of an express train and defied the engineer to run him down. He gloried in defying nature's inexorable law and paid the inevitable penalty.

On the other hand, if he died of "heart failure" he died a natural death and could not be a martyr.

MacSwiney could not very well die a natural death and at the same time be a victim of the "brutal British Government."

WHAT OTHERS SAY

Curious Contrasts.

(Chicago News.)
A survey of four counties in Indiana disclosed the following facts: Ninety-six per cent. of the farmers have automobiles, 97 per cent. have no electric lights, 74 per cent. have no bath-tubs, 31 per cent. carry water into the kitchen by hand, and, not least, the farmers' wives worked 16 hours per day in summer, and 12 hours per day in winter.

The London "Bobby."

(Montreal Gazette.)
That is an impressive sight—the London "Bobby" calmly indifferent to the frothy eloquence, say, in Hyde Park, where one may hear the Royal Family, and monarchical in general, denounced in the most ferocious terms—and "Bobby" silent and unobtrusive, in spite of the rhetorical threats, you feel reassured. Something tells you the Empire will last. Of course, Babylon and Greece and Rome fell; and Macaulay's New Zealand may yet be seen gazing pensively at the ruins of St. Paul's; but there is something comforting in the stolidity and passivity of "Bobby." You know that he could take the sedulous orator by the scruff of the neck and shove him into the gutter if he does not do it. The might of the Empire is behind the policeman. That is why it endures—because of the calm and morose steam and the calm confidence of the London policeman.

Mr. Balfour's Treasure Trove.

(Westminster Gazette.)
Correspondents who say that Milton made the literal acceptance of the Fall with serpent, apple, and all, the foundation of religious belief in this country ought to visit the Chambers Street Museum in Edinburgh and examine the amazing treasure trove of Roman-Gaulish silver which was recently dug up at Traprain Law, on Mr. Balfour's East Lothian estate. Experts agree that the silver dates from 300 A. D., that it was probably made in northern France, and that it must have come to Traprain as the loot of some old Saxon or British corsair—let us say Hengist's great uncle working in partnership with King Arthur's immediate forebears. Most of it is the ecclesiastical or the household plate of Christian or priestly families, and one beautiful vessel depicts the Fall of Man in low relief, with Tree and Serpent complete. Apparently the Saxon or British pirate approved the subject-matter of the robbery, and pieces and prepared for the melting pot in the same drastic way as most of the trove.

THE LAUGH LINE

Wet.
Our cellar's damp.
Don't douse yourself!
It's just the floor
And not the shelves.

Close Secret.

"Why, yes," said Miss Pertie Goodwin to her intimate friend, "Harry and I heard that there was a secret wedding. Not a soul is going to know of it till it's over. Haven't you heard?"

Exceptionally.

"Blank says he never paid a doctor's bill in his life."
"Exceptionally healthy, eh?"
"No; exceptionally poor pay."—Boston Transcript.

Go Easy, Judge.

Judge—Have you any excuse to offer before I fine you for speeding?
Victim—Yes, your honor. It's like this; I heard that there was a cook out of a job, I had to hurry to get her before someone else beat me to it.

The Order to Quit.

"I've called about your dog," said the neighbor, "he's bitten and shaken my mother-in-law until she is in a perfect state of collapse."
"I'm awfully sorry, but it's not my fault," said the animal's owner. "I however, should advise you to sue me."
"Sue you! What an outrageous idea," said the visitor, quickly. "I want to know if your dog is for sale? If she sees that dog again, she'll pack up and go home."

Green.

A rather green-looking chap went into one of our department stores the other day and entering up to the counter where dozens of men's caps were displayed he looked carefully through the stock, but seemed unable to find what he wanted.

"Just what kind of a cap are you

Benny's Note Book

BY LEE PA'S

We was having loggery in school today and the windows was open and it felt almost as much like summer as was summer does, and I hadn't studied my homework and I was afraid maybe I mite not be able to make up an answer in case Miss Kitty asked me a question, and all of a sudden I had a idea to get out early, thinking, G. I'll ask as if I thawt I was sick and maybe Miss Kitty will tell me to go home and go to bed.

And I started to put my hand on my forehead and quick take it away agen as if it couldn't stand the hot fever, and after a while Miss Kitty sed, Benny Potts, wot in the world do you think you're doing?

I must be sick, I sed.

Nonsens, wy, wats the matter with you? sed Miss Kitty, and I sed, It feels something like the measles coming on.

My goodness, sed Miss Kitty. And she quick came down to my desk and everybody started to look jellies on account of thinking I was going to get out early, and Miss Kitty put her hand on my forehead, saying, Do you feel any fever?

Lots, I sed. And she kept her hand there a minnit, saying, O. I see, and do you feel any other symptoms of measles, are your elbows stiff?

Yes mam, awill stiff, I sed.

Have you got suddin panes in the end of your nose? sed Miss Kitty.

Yes mam, suddin as anything, I sed.

Your suffering from acute imagination, thats wats the matter with you, young man, suppose you stay an hour after school and see if that will make you feel better, sed Miss Kitty.

Wich I did, making me feel worse insted of better.

WHERE ARE THE GUNS THAT BOMBED PARIS?

Berlin, Nov. 4.—Where are the long-range German guns which started the world one day in 1918 by dropping shells into Paris from a distance of 75 miles? This is a question which the Inter-allied Commission for the disarmament of Germany would like to have answered. Not a trace of these long tubes or of the drawings for their construction is reported to have been found. The guns and everything connected with them have disappeared as mysteriously as they appeared. It is believed they were blown up, but the blueprints and plans have been hidden where none will find them.

OBITUARY

Geo. W. Plimpton
The death of George W. Plimpton took place Thursday morning at the family residence, 148 Duke street. Mr. Plimpton was an Englishman by birth, being the son of the late George and Catherine Church Plimpton, of Chatham, Kent, England, and is survived by two sons, W. A. and G. H., of Connecticut, U. S. A., and R. E., of this city; also two daughters at home Mrs. Plimpton having predeceased him about seven years ago.

Joseph Adams
Many friends throughout the Maritime Provinces will learn with regret of the death of Professor Joseph Adams, which took place Thursday morning at half-past eight o'clock at the residence of his daughter, Mrs. D. Smith Reid, Mecklenburg street. He had been suffering from heart trouble for some time and his death was not unexpected. He was in his seventeenth year of age and was born in Birmingham, Eng., was a musician by profession, a graduate of the Royal College, Southampton, Eng., served twelve years in the Imperial Army and on three occasions played a cornet solo before the late Queen Victoria and was personally congratulated by Her Majesty. Prof. Adams was well known in Maritime Canada having filled the position of organist in several towns in the provinces. He was a Presbyterian in religion and beloved by all who knew him. The funeral will take place this afternoon, Nov. 5th, at three o'clock from his late residence, 77 Mecklenburg street.

WEDDINGS.

Johnston-Coates.
A pretty wedding took place Wednesday evening at the residence of the bride's sister, Mrs. Herbert Moore, Haymarket square, when Miss Ethel Blanche Coates, daughter of Mr. and Mrs. Albert P. Coates, of Rothesay, was united in marriage to John George Johnston, son of Mr. and Mrs. Andrew M. Johnston, of St. John, by Rev. Mr. Crisp. The bride was kowled in Duchesse lace and satin, with bridal veil and orange blossoms. She carried a bouquet of roses, carnations and maiden hair fern. She was attended by Miss Lillian Johnston, who wore pink georgette and carried a bouquet of carnations. The groom was supported by his brother, Armand Johnston. The maid of honor, Miss Dorothy Coates, niece of the bride, wore a dress of white and carried a basket of roses and carnations. The groom's present to the bride was a raccoon collar, to the bridesmaid a gold bracelet. The groomsmen received gold cuff links while the maid of honor was presented with a pearl ring. Numerous presents consisting of cut glass and silver were received by Mr. and Mrs. Johnston.

Destroy them with Keating's. Every insect you allow in the house spreads disease germs. Sprinkle Keating's and kill them before they kill you. Keating's is unrivalled, and is sure death to all insects. Sold in cartons only, at all dealers.

WHY EXPERIMENT?

Food scientists claim that the leavener is largely responsible for the flavor, texture and wholesomeness of your home baking. That on no other one ingredient does so much depend. It is important, therefore, to use a baking powder that you know possesses the necessary leavening qualities.

MAGIC BAKING POWDER

Contains No Alum

and is the only strictly high class baking powder in Canada selling at a moderate price. Its reputation is built on purity and highest quality.

The only well known medium priced baking powder made in Canada that does not contain alum and that has all its ingredients plainly stated on the label.

Made in Canada

Found!

at last in Zam-Buk, a powerful, antiseptic, herbed balm which penetrates to the root of eczema, ring worm, ulcers, and poisoned sores. Zam-Buk literally uproots disease from the underlying tissues. The first application cools the skin and allays the very irritation and inflammation. Then, when they have antiseptically cleansed the diseased parts, Zam-Buk's pure herbed extracts stimulate the tissues and promote perfect healing and the growth of clear, healthy skin. It acts like magic. Here's proof.

50 Dollars

went in medicines and doctor's fees," writes Mr. Z. D. D'Maro, 723, Papineau Avenue, Montreal. "Without any cure for my terrible eczema, for two years, I suffered intensely from the irritation and pain. I thought there was no relief until a friend's advice. I tried Zam-Buk. From the first application wonderful good in relieving the irritation. Zam-Buk cleared away my sores so fast, that I had healed everything else."

Apply this grand herbed balm to-day if you're troubled with eczema, ring worm, ulcers, or any skin ailment. A sample is offered to all. Send stamp for return postage to Zam-Buk Co., Toronto. Fifty cents box, all chemists.

Success Attending The Sale of Stock

Recent issue of N. B. Telephone Stock Being Enthusiastically Received.

The recent issue of stock placed on the market by the New Brunswick Telephone Company is being most enthusiastically received by the purchasing public, and the brokers handling the issue are daily receiving many orders for their gift edged investment. The success attending the sale so far has been most gratifying to the promoters, and there is little doubt but that the issue will be largely oversubscribed.

Features of Sale.
A feature of the sale, one pleasing to the company, and one giving evidence of the good sense of the general public, is the fact that many orders for the stock have come from those of moderate means who are desirous of placing their savings in a home proposition, one in which they have absolute confidence, knowing their investment is safe and they are assured of satisfactory and profitable returns.

Frequently Call for Stock.
Another encouraging feature of the sale, and one emphasizing the confidence of the public in a local institution, is that the hearty and frequent calls for the stock are coming despite a stringent money market. The banks have tightened up and it is quite impossible to secure from any money for any kind of a business proposition, no matter how strong or substantial the security offered.

Financial Soundness.
Brokers regard the promptness with which the issue is being taken up as an indication of the financial soundness of the people of St. John, and the province in general. As a financier said to "The Standard" yesterday: "The people of the province are thrifty and, despite the rumors of an orzy of extravagance the past few years the people, as a whole, have been prudent, and they can always dig a little more out of the stocking for a safe, sure investment."

FUNERAL.
The funeral of George T. G. Blewett took place Thursday afternoon from his late residence, 10 High street. Service was conducted by Rev. H. L. Eisner and interment was in Cedar Hill. Members of the Temple of Honor marched in a body from the house to the grave.

WRANGLER'S MOTHER DESTITUTE.
Terjoki, Finnish-Russian Frontier, Nov. 4.—The mother of General Wrangel, the anti-Bolshevik commander in the Crimea, arrived here today from Russia, absolutely destitute. She was cared for by the Red Cross and furnished with money and supplies. Madame Wrangel is anxious to join her son in South Russia.

TARIFF BOARD TOLD JAPANESE FLOODING P. E. I.

Cheap Labor Enables That Nation to Undermine Trade of Canadians on the Island.

MANUFACTURERS WANT PROTECTIVE TARIFF

High Price of Potatoes Results in Closing of the Starch Mills.

Charlottetown, P. E. I., Nov. 4.—Agriculture, the main industry of this province, received the attention of the Dominion Tariff Commission at the opening of the inquiry in the executive chamber this morning. Testimony on behalf of the farmers was given by Hon. W. M. Lea, Commissioner of Agriculture; W. H. McGregor, Secretary of Agriculture; W. H. P. P., of New Perth, President of the United Farmers, and Edgard Geddes, president of the Central Farmers' Alliance. Those witnesses all advocated lower duties, especially with regard to agricultural implements.

Mr. Dewar, on behalf of the United Farmers, submitted a memorial claiming that the protective policy was not suited to this province, which was almost purely agricultural.

Wants an Embargo.
Senator McLean, of Souris, on behalf of the seven potato starch manufacturers of the Island, submitted a memorial pointing out that, owing to the competition of cheap Japanese starch, tapioca flour and sago flour coming from island mills to carry on. It was suggested that the importation of Japanese starch, which is being dumped into Canada, should be prohibited.

The commission was asked to give some measure of relief to the starch industry of Prince Edward Island, which means a home market for about three hundred thousand bushels of potatoes yearly. The mills are not running this year, as the manufacturers could not pay the price asked for by the farmers for potatoes.

C. L. McKay, secretary of Bruce Stewart & Co., Ltd., submitted a memorandum on behalf of the manufacturers of the Island endorsing the official statement of the Canadian Manufacturers' Association. The value of manufactured products on the Island was over \$10,000,000.

Needs Present Policy.
Mr. McKay said that the maintenance of the present protective tariff was imperative.

Sir Henry Drayton, chairman of the commission, questioned the agricultural witness at some length, and pointed out that in 1919 the farmers of the island paid \$125,000 to the Federal Government in income tax. Mr. Lea stated that indirectly he believed the farmer was paying more than his share of the tax. As there are about twenty-eight implements used on an average farm, it is essential that these should be bought as cheaply as possible in order to increase production.

Increasing Farm Goods.
Agriculture received the most attention from the commission, the chairman asking many questions. Mr. Lea declared it is possible to increase the annual earning power of our farms, which he estimated at thirty million dollars, to double that amount by more intensive cultivation and the use of more fertilizer.

As mixed farming prevails here, a great variety of agricultural implements are required, numbering twenty-eight on an average farm. The duty on these should be reduced, in order to increase production, which means increased wealth, greater purchasing power and greater revenue. As the island has very few manufacturers, there is no opportunity of encouraging home industry, as goods have to be purchased elsewhere. The manufacturer of Canada largely got the benefit of the present tariff, not the government.

Sir Henry replied: "The government gets a good income tax from the manufacturers."

At present the growing of seed potatoes is booming here and crushed limestone is needed for fertilizer. The duty on crushers, now 27 1/2 per cent, should be cut in two. Fertilizers should be free of duty.

"Would you consider an income tax the proper way for the farmer to contribute to the revenue?" Sir Henry asked.

"This is one of the fairest ways," but he favored a wholesaler's tax as it is very easy to collect. The farmer must pay their share of dutiable goods."

Mr. Lea: "Lower duties mean higher revenue."

The Potato Growers.
W. S. McGregor, who cultivates 165 acres, said that a protective tariff did not help the island farmer who has to sell in an open market. He said one group of fifty farmers had purchased spray motors and other potato machinery. First they got their machines in Canada, but last year they imported them from the United States and got better machines, requiring fewer repairs. Witness said that the duty paid on the machine three years ago was \$30, and it served to do the work for crops aggregating 24,000 bushels.

"You wouldn't call that \$30 a high tax considering the results?" said Sir Henry. In the United Farmers' memorial it was stated that only two persons of the island people are engaged in manufacturing. The great majority are farmers.

Sir Henry spoke of the big deficit on Prince Edward Island railways.

Mr. Dewar replied that the fall share was not credited with the fall share by the railway. He said that the officials' salaries were too high.

The question of what the island pays indirectly in taxation came up, and Sir Henry said that though it was difficult to get at this, he would endeavor to get the figures, and if the island was treated unjustly, justice would be done.

As the farmers feel that the commission should receive additional information not ready today, statements will be prepared and forwarded to Ottawa.

60TH WEDDING ANNIVERSARY OBSERVED

Popular Albert Mines Couple Congratulated on Having Attained Diamond Jubilee.

Hillsborough, Alb. Co., Nov. 4.—On the evening of Oct. 27th the home of Mr. and Mrs. James Robertson, at Albert Mines, was the scene of a social event of exceptional interest; the host and hostess who are well and widely known were celebrating the sixtieth anniversary of their marriage, and their relatives and friends, a number of about a hundred and twenty, had gathered to do honor to the occasion.

Some of the guests from distant points had come by train but the greater number were from Hillsborough, Hopewell and Moncton and these began to arrive by automobile in the early evening, the numbers rapidly increasing until the large rooms were well filled and the sound of music, merry conversation and laughter filled the air.

The gathering was altogether informal from first to last, the bride and groom of sixty years moving about among their guests extending welcome and exchanging greetings with the cordiality that has ever characterized their home. Music enlightened the proceedings throughout the evening; the brilliant piano playing by Mrs. Wilcox of Moncton and delightful vocal solos by Miss Thompson of Hillsboro (singing for special mention) were the only special features.

Noticeable among the older guests were Messrs. George B. Willett and Sutherland Beaumont of Moncton, Job Stiles of Albert, George W. Peck and John L. Peck, M. L. A., of Hillsboro, and Mrs. Lucy E. Turner of Vancouver, B. C., widow of the late Hon. G. E. Turner of Hillsboro. Turner, who is a cousin of the hostess, has been spending the summer in her old home county of Albert and is about to return to Vancouver where she has resided for several years with her only son.

Mr. and Mrs. Robertson were the recipients of many valuable and appropriate gifts including a purse of money from the members of their family, gold pieces, plated ware, etc., from individual friends, but interest was centered in two beautiful and valuable upholstered chairs, the gift of Hillsboro and Moncton friends. During the evening these chairs were placed in the parlor side by side and Mr. and Mrs. Robertson were asked to occupy them. When seated they were addressed on behalf of the honorees and the assembled guests by Sheriff Geo. B. Willett of Moncton. After the presentation of the gift, Mr. and Mrs. Robertson were asked to make a brief and feeling reply, after which the guests joined in singing "For they are jolly good fellows."

After the presentation of the gift, refreshments were served, the gift did ample justice and the gathering broke up shortly after midnight.

Mr. and Mrs. Robertson were married on Dec. 27th, 1860, and have amply taken up their residence at Albert Mines where their whole married life has been spent, and where their home has always been an example of hospitality.

Of their children several died in infancy and early childhood, but six children—two sons and four daughters—and of these all are now living in good health and all but one were present on this occasion. The sons are John N., of Boston and Albert J., of St. John, and the daughters, Mrs. H. J. Frost, of Malden, Mass., Mrs. W. P. Brewster, of Hampton, Mrs. C. Stevens and Mrs. E. E. Mitton, of Albert Mines. The youngest son, John, found it impossible to be present as he had visited his parents only a few weeks ago.

There are thirty-five living grand-children, several of whom are grown out, also several great grand-children. Mr. Robertson is a son of John Robertson, a native of Glasgow, Scotland, who came to Pictou County, N. S., with his wife and family and lived there a few years until the discovery of what was afterward known as "Albert Mines" when he was engaged to open up and develop these mines. The subject of this sketch, then a boy of eight or ten years, well remembers the early developments and the rapid building up of what continued to be for many years the prosperous village of Albert Mines. He very soon became identified with the mine and through his education and his life has taken an active interest in the mineral development of the province and particularly of Albert County. He has great faith in the oil-bearing shales of Albert Mines and vicinity and projects a great future for that industry, which is at present receiving so much attention.

Mrs. Robertson was formerly Miss Clorinda Stiles, a daughter of the late Newton Stiles, Esquire, of Hopewell. Her love of home and home duties, coupled with hospitable inclinations are too well known to need comment, while her rare skill in sickness, splendid constitution and self-sacrificing disposition have carried relief and comfort to many other homes.

While a sixtieth anniversary is a rare event hosts of friends and what this couple yet a number more.

UNCLAIMED GOODS

A sale of unclaimed and abandoned goods was held Thursday morning by Auctioneer F. L. Potts in the appraiser's warehouses, Customs House. The sale was simply attended and most of the articles put up for sale were bought in by the Government following a rule that if the price bid does not equal the customs duty articles are to be taken over by the Government and destroyed. The largest bids yesterday were \$81 for one hundred rubber hot water bottles and \$86 for a driving carriage, the latter being bought by the government.

DIVORCE GRANTED.

Frederickton, Nov. 4.—Justice Crook, in the Divorce Court, today ordered that a decree of divorce issue in the case of Lena Wilson vs. Thomas Wilson, a remand from last January, stating that as the only proof necessary was proof of the marriage of the parties, and that had been given by commission, the order for the divorce should issue.

FIREMAN CHARGED WITH THEFT

Frederickton, N. B., Nov. 4.—Elwood Kitchen, who has been employed as a fireman at the D. S. C. R. hospital here, was arrested by Patrolman Alex Murray yesterday afternoon on a warrant charging him with the theft of bedding valued at \$250 from the hospital store room last Saturday night.

After The 'Fu' Four Children Had Whooping Cough

Whooping Cough, although specially a disease of childhood, is by no means confined to the period, but may occur at any time of life. It is one of the most dangerous diseases of infancy, and yearly causes more deaths than scarlet fever, typhoid or diphtheria, and is more common in female than male children.

Whooping Cough starts with sneezing, watering of the eyes, irritation of the throat, feverishness and cough.

Dr. Wood's Norway Pine Syrup is highly recommended by mothers everywhere for the relief of this trouble, as it helps to clear the clogged-up air passages of the mucous and phlegm that has collected, and in this way bring on the "whoop" which brings the so-much-dreaded relief, and heals and soothes the lungs.

Mrs. J. M. Rouse, Imperial, Sask., writes: "After the 'fu,' last fall, my four children took whooping cough, and one of them developed bronchitis. After using two or three bottles of Dr. Wood's Norway Pine Syrup they were greatly relieved of their nasty coughs. It is an especially good remedy for children, and is so nice they take it readily, and ask for more."

Dr. Wood's Norway Pine Syrup, 35c. and 60c. a bottle at all dealers. Put up only by The T. Milburn Co., Limited, Toronto, Ont.

WOMAN ENGAGES IN DEEP SEA DIVING

Searching for Wreck of Spanish Galleon off Scottish Coast.

(London Daily Mail & Cross Atlantic) Glasgow, Nov. 2.—The first woman in Scotland to engage in deep-sea diving is Miss Taylor, who is a member of the syndicate staff at Tobremory, Argyshire, where a sunken Spanish galleon is being searched for. She has taken part in the actual diving operations, carrying a weight of about 120 pounds in regulation diver's dress, and working at the bottom of the bay.

In 1906 the bay was carefully examined to a depth of between 20 and 40 feet, and in 1910 it was again gone over systematically for three months with a steam-driven boring machine.

ERRATIC TRADING IN BIG SESSION ON WALL STREET

Over 1,200,000 Shares in the Day's Turnover But Prices Were Very Uncertain.

New York, Nov. 4.—Extremely erratic trading price changes characterized today's session of the stock exchange, the erratic movement being accompanied by a turnover approximating 1,200,000 shares, the largest total of any day since the early autumn period.

THE WEATHER.

Toronto, Nov. 4.—The north-west disturbance is centered tonight over Northern Ontario with diminishing intensity, causing light snow in the Georgian Bay, and in the Ottawa Valley, in other parts of the Dominion the weather has been fine.

AROUND THE CITY

THE POLICE COURT. In the police court yesterday Mrs. Marie Thomas and George Donnelly on a statutory charge and two drunkards were remanded.

LEFT FOR TORONTO. G. E. Knight for the last two years provincial secretary of the World Brotherhood Movement, has jurisdiction including the maritime provinces left last night for Toronto to engage in special work of the organization in the west.

KILLED IN DUBLIN. F. A. Corringham who resides at 94 Wall street and is employed with Manchester, Robertson, Allied and has received word that his father had been shot dead in Dublin. He was passing along the street when a bullet struck him in the stomach.

THEIR FIRST MEETING. The Ladies' Auxiliary of Alexandra Temple held their first meeting of the season yesterday afternoon, Mrs. W. F. Roberts presiding. Plans for the winter were discussed. There was a good attendance of members, and it is intended to hold a number of sales and teas.

BOOKLETS FROM ENGLAND. The secretary of the board of trade has received a copy of the trade supplement to the London Times of Oct. 23. It is profusely illustrated and contains many advertisements of Canadian firms. An illustrated booklet of the City of London has also been received. It is in bright colors and is very attractively presented.

ESCAPED FROM HOME. Harry Dunham, aged 16, ran away from the Boys' Industrial Home, East St. John, Thursday morning, and has not as yet been recaptured. He is described as five feet, two inches in height, with dark brown hair and rather sallow complexion. At the time of his escape he was wearing a gray cap, red pullover sweater, and brown corduroy slippers.

PROTESTANT ORPHANAGE BOARD. The quarterly meeting of the Protestant Orphanage Board was held yesterday afternoon. Considerable routine business was transacted, and it was decided to allow the children to attend the weekly "Story Hour" at the Public Library, Davy Higwell, the first vice-president, was in the chair in the absence of the president, D. C. Clark.

Presentation of Book of Praise

Young People's Assn. of St. Andrew's Church Held First Meeting of Season.

The Young People's Association of St. Andrew's Church held their first meeting of the season last evening and it took the form of a social event, at which the entire congregation were invited. There was an attendance of 240, and the orchestra under the direction of Wm. Stratten, Davy Higwell, during the evening. The president, Samuel Parkhill, was in the chair and opened the meeting, welcoming the gathering. The following programme proved most enjoyable:

Solo—Miss Tweedie. Address—Rev. F. S. Dowling. Solo—Miss Minnie Daley. Humorous Songs—Robt. Carson. Solo—Miss Kaplin, of Montreal. Phonograph Selections. Solo—Mrs. Thos. Guy.

In a few well chosen words, Charles Robinson, on behalf of the Young People's Association, presented to the congregation a copy of the Book of Praise with suitable inscription, to be used on the pulpit next Sunday, and is a copy of the addition taking the place of the book that has been in use since 1897.

The book was handed to Rev. F. S. Dowling, pastor of the church, who received the same, thanking the donor and calling on His Honor, Judge J. G. Forbes, who, on behalf of the session, then thanked the young people for their thoughtful gift.

Refreshments were served, the gathering breaking up about 10:30 by singing the national anthem. The association meets the first and third Thursday of every month, and have arranged an excellent programme for each month. On the first meeting of each month the congregation is invited.

Mr. and Mrs. John Philip, of Craigville, Scotland, arrived in St. John yesterday and are visiting their daughter, Mrs. W. Grant Smith, 183 Princess street.

Messrs. C. H. Keith and Harry Stockford, of Pictou, were in the city yesterday.

Pulp Wood Matter Is Discussed

Provincial Dealers Not Optimistic Over High Prices for Wood on 1922 Contracts.

Provincial dealers in pulp wood are not optimistic over high prices for wood on 1922 contracts. The contracts for next year's delivery have called for prices ranging from \$19 to \$23 a cord, the price depending to a large extent upon the location of the wood. High prices have maintained for three years and the tempting figures caused every one who could secure a pulp plot to go after the expensive wood.

Looks for Slump. The wood agent of a well known Hooley Company of the Province informed the Standard yesterday that he looks for a considerable slump before another peaking season.

"On what do you base your conclusion as to price slump?" he was asked. "Because the United States are our best customers for pulp and paper," he replied. "They have been looking to Canada for a large part of their supply and were willing to pay any price. Their only cry was 'Give us the pulp no matter what the cost.'"

Rushed to States. Continuing he said: "Today German sulphate pulp is being rushed to the states, as well as spruce from the Scandinavian countries. Already there is a big drop in the price of paper in the States, a drop of approximately ten cents, and a further drop is expected. With the increased supply from the foreign countries being rushed to the States, it will, naturally, lessen the demand upon this country. Our wood is contracted for at a high figure and we are fortunate."

No Heavy Cutting. "How about operations for another season?" he was asked. "I do not anticipate any extensive cutting," was the reply. "There is no money available for the carrying on of extensive operations, and the uncertainty of prices for 1922 delivery will be another factor to deter operators from a heavy cut."

Graduating Class Was Entertained

The 1920 Class of G. P. H. Were Guests of Nurses' Alumnae at Clifton House.

The 1920 graduating class of the General Public Hospital were entertained by the Nurses' Alumnae at an attractive dinner given at the Clifton House last evening. The tasteful decoration of the large dining room, the flower decked tables, and the many beautiful gowns worn, made the scene a brilliant one.

After an excellent repast had been carried out, and music and dancing brought the very enjoyable evening to a close.

The Members. The members of the graduating class are: Miss Marjorie Matchett, Mrs. Agnes Fahy Dolan, Miss Evelyn Cameron, Miss Sara McMullin, Miss Isabel McKinnon, Miss Althea Gibson, Miss Kathleen Williams, Miss Egan Ganong, Miss Louise Blue, Miss Ethel McDowell, Miss Margaret McDowell, Miss Mary Murdoch, Miss Lillian Shand, Miss Lily Simpson, Miss Beatrice Reid, Miss Annie Leckie, Miss Eva Craig.

At the close of the dinner the toast "The King" was proposed and duly honored. The Graduating Class was proposed by Miss Mitchell, president of the Alumnae, and responded to by Miss Mabel McKinnon on behalf of the class. The President was proposed by Miss Brophy, and responded to by Miss Mitchell; Our Honorary Guest, was proposed by Mrs. D. C. Malcolm and responded to by Mrs. Duncan Smith.

The convokers of last night's entertainment were: Mrs. F. L. McKelvey, Mrs. G. L. Dunlop and Mrs. John Vauxhan, who also acted as toastmistress.

The officers of the Alumnae are: President, Miss E. J. Mitchell; Vice-president, Mrs. Fred T. Dunlop; Treasurer, Miss K. A. Holt; Secretary, Mrs. F. M. McKelvey; Mrs. A. O. Burnham, Miss H. J. Blanche, Mrs. R. A. McLaughlin.

Annual Meeting of St. Andrew's Society

Officers Were Elected—Plans for St. Andrew's Day Celebration.

The annual meeting of the St. Andrew's Society was held last evening. The officers for the coming year were elected and plans made for the celebration of St. Andrew's Day in becoming manner at the close of the month.

Following the meeting a dinner was held at Bond's, and an enjoyable programme of Scotch songs and music was carried out, the skirl of the pipes playing a prominent part therein.

Officers Elected. Practically all the officers of the past year were re-elected in office. Those elected were, as follows: Col. Alex. J. McMillan, president. S. Rutherford Jack, 1st vice-president. Clarendon B. Allan, 2nd vice-president. Rev. J. A. MacKeigan, chaplain. Alexander Wilson, historian. J. B. McPherson, secretary. John White, treasurer. C. W. White, Major Bell, marshals. A. S. McIlroy, F. E. Burpee, Frank N. Robertson, charity committee.

Canadian Club Hear An Able Address

"Education and War" Was Subject Taken by Dr. Frank D. Adams of McGill.

Dr. Frank D. Adams, Dean of the Faculty of Applied Science, McGill University, gave a very interesting and instructive address before the Canadian Club at the luncheon held in his honor at Bond's last evening. The subject chosen by Dr. Adams was "Education and War."

A. M. Beiding, who presided, made a few opening remarks. He apologized for not being present at the last two sessions, which was due to illness. After making the announcement that Sir Henry Drayton, Finance Minister of Canada, would address the club next Tuesday evening, he introduced the guest of honor and speaker for the evening, Dr. Adams.

Dr. Adams, in beginning his address, stated that he came down to speak to the McGill graduates and was introduced, only after much controversy with the secretary, to address the Canadian Club. His subject for tonight, continued Dr. Adams, is "Education and War."

"We are now passing through the most critical period in the history of the world. We are facing innumerable problems, to which we do not know the solution. Before the war the trend towards democracy was a gradual one, which has its advantages, in that the people of the various nationalities were able to prepare for it. Following the war democracy suddenly became widespread. The shock was too sudden for a number of the nations. As a result uneducated men were placed in positions of authority, who did not know the meaning of democracy."

Canada to Be Envid. Lord Milner stated in a recent speech in London that Canada was of all countries the most to be envied. "We, if it is true, are making great strides in democracy and education in this country of ours; but there is still a great deal of room for education. This is recognized in New Brunswick and in the other provinces of the dominion. The schools of Montreal, of which I am better able to speak, are crowded to capacity. At present there are 5,000 children in the city without a school. Manitoba and the other western provinces, are becoming filled with peoples from Europe, who in many cases are unable to speak a word of English. The only solution towards the education of these nationalities is the finding of self-sacrificing teachers who are willing to work amongst them. Responsible government is something I might refer to in connection with education, but have not the time. A young school boy, when asked what responsible government was, answered, when a fellow goes you anything and won't pay up, he's the responsible government."

Educational progress has been recognized as such a necessity in England that Mr. Fisher in a recent bill compels every boy and girl to attend school until they are eighteen years of age.

Contradictory Reports. Many of the reports from Russia are contradictory, and not dependable; but one thing is certain, that due to ignorance, the people of Russia do not know what democracy involves. An eminent newspaper man, in a recent article in the Contemporary Review, says there are two facts in connection with Russia. The first is that Russia is bound up with revolution; the second that Bolshevism is a hopeless economic figure. Before the war the while Russia were to speak of the world, but as a result of the war the colored races have been making great progress democratically and otherwise. Mexico is beginning to show real signs of progress. That is, when one considers that 88 per cent. of its population is illiterate, a republic is impossible.

Khaki College. The "C. E. P." may be supposed to be the last place to conduct education, but when one considers there were three men behind lines to every one in the fighting zone, it throws a new light on the matter. The Y. M. C. A. did much in promoting and making of the khaki college the success that it was. Large quantities of books were bought in London and many sent from Canada to the front, where they were able to be given to 50,000 men.

Dr. Adams related a trip by boat he had the good fortune to take during the war from London to Chatham, Kent county, England. During the trip his boat passed the place where the cruiser Bulwark sank by means unknown in the early stages of the war. The first of a large cruiser selected to complete the Zebrugge blockade. One of the submarines docked at Chatham was the U-27, which, before being captured, sunk 93 British ships.

At the conclusion of Dr. Adams' address, "God Save the King" was sung.

Manslaughter Case Was Concluded

Jury at Hampton Brought in Verdict of Not Guilty After 20 Minutes' Consultation.

A verdict of not guilty was brought in by the jury at Hampton yesterday in the case of the six young men on trial for manslaughter. The jury recommended that the store at Hampton where the accident occurred be removed.

Both Dr. J. B. M. Baxter and Senator Fowler for the defence, and Dr. W. J. Wallace, crown prosecutor, concluded their addresses to the jury in the morning.

The defence lay stress on the fact that the boys had been blinded by the light of the other car; that the driver did not see the children, and that the circumstance was one calling for very difficult judgment and instant action.

Chief Justice McKeown completed his charges to the jury at three o'clock in the afternoon and twenty minutes later a verdict of "not guilty" was returned with a recommendation that the store hit by the car be removed from the roadside.

The case, which was concluded yesterday has aroused a great deal of interest among motorists and the public in general since the sad happening of last April, which gave rise to the proceedings.

The young men in the case have paid dearly for what had been intended only as a boyish lark, having been dealt with both in the local police court and in the Kings County court.

Interested In Boys of The City

Representatives of Organizations Decide to Have Survey Made of Boy Life.

Representatives of different organizations interested in the boys of the city met yesterday at the Board of Trade rooms where plans were discussed for the betterment of the boy life.

It was decided that it would be in the best interests of all to have a survey made of the boy life in the city to learn what the needs of the boys were and to prevent the overlapping of work done by the different societies.

E. J. Terry, president of the Rotary Club, the organization responsible for yesterday's meeting, presided. There was present representatives from the Boy Scouts, Y. M. C. A., Y. M. C. A., Play Grounds Association, Knights of Columbus, Board of Trade and the Rotary Club.

The secretary was instructed to get in touch with the different cities who have already undertaken similar work and from the information secured a plan suitable for the needs of the city will be drawn up.

HOSPITAL SOLDIERS WERE ENTERTAINED

Thirty-nine retired men in the Lancaster and East St. John Hospitals were looked after by the Provincial Red Cross Hospital Committee yesterday afternoon and conveyed to the Imperial Theatre, where they thoroughly enjoyed the "Dumbell" performance.

The committee are very grateful to the first vice-president, who refused to charge any admission for the party; also to Walter Golding, manager of the Imperial, who had a section of the theatre reserved for the boys.

ARRANGEMENTS ALL READY FOR TAG DAY

A meeting of the Hospital Aid executive was held yesterday to make arrangements for tag day to be held at an early date. Mrs. E. A. Smith presided and a vote of thanks was tendered Mrs. A. W. Estey for posters donated. Mrs. A. C. D. Wilson, city convener, reported every ward had its convener and committees arranged. Mrs. Beveridge reported for Miss O'Brien in Fairville, and Mrs. E. A. Young reported that West St. John was all ready for tag day.

FORMAL OPENING OF CATHEDRAL BAZAAR

The formal opening of the Cathedral Bazaar will take place at 7 o'clock Friday evening in the Y. M. C. A., Cliff street. This year the assembly hall and gymnasium will be entirely given over for the booths, and there will be no supper served. This will be a good place to spend a jolly evening. The admission is only ten cents. Door prize given each evening.
