

KINGS COUNTY SEEMS TO BE ALL OPPOSITE

Rousing Convention Nominates J. A. Murray, Geo. B. Jones and F. M. Sprout
Candidates, in Stirring Speeches, Win Rounds of Applause and Great Enthusiasm Presages Government's Downfall

(Special to The Telegraph.)
Hampton, Jan. 30.—The heaviest snow storm of the winter failed to dampen the ardour of the opposition delegates to the Kings county convention which was held here today.

Mr. Weyman replied that he did not understand it in the light. The platform was opposed to drinking where liquor was sold illegally.
On the suggestion of the chairman further discussion was postponed until the candidates had been selected.

At the request of several delegates the platform was read by the chairman. Mr. Hazen's pledges to repeal the highway act, to reduce the price of school books and to enforce the secrecy of the ballot were received with much cheering.
The resolution was carried unanimously.

For Clean Elections.
J. A. Palmer moved the following resolution:
Whereas, the use of money for improper purposes in elections has become a crying scandal in Canada; therefore,

Resolved, that the opposition party of Kings county, in convention assembled, do hereby express our strong disapproval of such use of money for the purpose of debauching the electors; and further,

Resolved, that a committee of five be appointed from this number from the government convention in order that arrangements may be made which will insure the holding of an absolutely clean contest in the present campaign.
James Smith, in seconding the resolution, said from past experience such a course seemed absolutely necessary.

After the resolution had been unanimously adopted, the chairman nominated J. A. Murray, Geo. B. Jones, and F. M. Sprout as a committee of five to confer with the federal and provincial committees from the government convention.
The convention then proceeded to the nomination of candidates.

SINKING FUND SHORT \$40,000

Chamberlain Reports to Treasury Board; Will Be Recouped from Bond Issue

LANTALUM ASSESSOR
Alderman for Kings One of Four of New Board—Exhibition Voted Grant of \$3,000 But No Guarantee—Salaries Raised, Rule for Future Adopted.

At a meeting of the treasury board Thursday the chamberlain made a statement with reference to the sinking fund. He said he had gone through into the matter with the result that he had found a shortage of about \$40,000 which is charged to various departments of city work.

A delegation from the board of directors of the Exhibition Association was heard and it was decided to make them a straight grant of \$3,000 without any guarantee.
The board also considered the report of the chamberlain's office, which was granted a motion to the effect that after June next all applications for increase of salary or wages in any civic department be made through the director of the department.

Exhibition Grant.
The Exhibition Association delegation comprised A. O. Skinner, R. O'Brien, D. J. McLaughlin, C. B. Allen and Alex. Macaulay. Mr. Skinner was the spokesman.

Mr. Skinner said that the exhibition is a good business proposition. The board thought the grant of \$3,000 was warranted.
Mr. Skinner said that the exhibition is a good business proposition. The board thought the grant of \$3,000 was warranted.

Mr. Murray was the first speaker and was enthusiastically received. Whatever embarrassment he might have felt, he said, was dissipated by the enthusiasm which prevailed.

LIBERAL REVOLT CARLETON CO.

Rev. John Perry, Always a Supporter of the Government, One of Many Converts

WANTS JOINT DEBATE
J. K. Flemming Willing to Meet Solicitor General Jones at Benton Meeting if Latter Does Not Adopt Premier Robinson's Attitude.

(Special to The Telegraph.)
Woodstock, N. B., Jan. 30.—As verifying the truth of the claim that many Liberals will support the opposition candidates in this county at the coming election the following statement of Rev. John Perry to your correspondent will be received with interest.

Mr. Flemming arrived yesterday from the Moncton meeting and arrangements will be made to hold several meetings.
The meeting on Thursday, Feb. 6th, at Foreston the next day and Bristol the following. The people of Benton wish to hold a joint political meeting to hear Mr. Flemming and Mr. Jones.

LAURIER'S JAPANESE SPEECH IN HOUSE AMAZES LONDON
Reference to Jap and British Fleets Against a Common Enemy Astonishes Diplomats

(Special to The Telegraph.)
Montreal, Jan. 30.—A special London cable says: Sir Wilfrid Laurier's speech in the Canadian house of commons, as reported here, has excited much astonishment in political and diplomatic circles.

Mr. Jerome denounced Thaw in bitter terms as "a coward, skulking behind the petticoats of his wife, attempting to shield and save his worthless life behind her shame."

Mr. Jerome denounced Thaw in bitter terms as "a coward, skulking behind the petticoats of his wife, attempting to shield and save his worthless life behind her shame."

Mr. Jerome denounced Thaw in bitter terms as "a coward, skulking behind the petticoats of his wife, attempting to shield and save his worthless life behind her shame."

JEROME CAUSES BIG SENSATION

Admits in Court Truth of Evelyn Thaw's Revolting Story

PITIES ACTRESS WIFE
District Attorney, However, Depicts Stanford White's Slayer as a Miserable Coward Skulking Behind Wife—Says Alienist's Testimony is Unworthy of Belief.

New York, Jan. 30.—William Travers Jerome, representative of the people, made a masterly plea today that justice be done in the case of Harry Kendall Thaw.
Victiveness, sneers, insinuations all were lacking; logic, analysis and a calm consideration of the facts were their substitute.

The year that has elapsed since the first trial had wrought a wonderful and startling change in the prosecutor. No longer attempting to shield the name of Stanford White he said that he accepted the story told by Evelyn Nesbit. Thaw as a man was a part about her being drugged and he made frank confession to the jury that the velvet swings and mirrored rooms of the studio-house described by the girl were indeed a miserable den. No longer attacking Evelyn Thaw as a skilled adventuress, Mr. Jerome pleaded for her never had a chance for any of the higher, cleaner, sweeter things of life.

Case to Jury Today.
The case will go to the jury tomorrow morning and Thaw may know his fate before the setting of another sun. Justice Dowling will begin his charge at 10:30 o'clock. He postponed the reading of his instructions until tomorrow so that the jury might have all day for a consideration of the evidence before being locked up in the stuffy little jury room at the court house for the night.

Mr. Jerome explained the elements that enter in a verdict of a prima facie case. He said that a death and then he pointed the way to two other findings which he declared were possible under the circumstances.

WESTERN TIMBER LIMITS PRACTICALLY GIVEN AWAY

Speculators and Government Favorites Reap Rich Harvest

Conservative Member Makes Serious Charges in Connection With Awarding of Tenders—Instances Blocks Being Sold for a Mere Song Which Were of Enormous Value—Parliamentary Investigation Demanded.

(Special to The Telegraph.)
Ottawa, Jan. 30.—Mr. Lake (Qu'Appelle), at the evening sitting of the house dealt with the timber area in the west. He said that five-sixths of it had been alienated by the present government. He spoke of the great interest lumber was to the community and the necessity of preserving our timber area.

When the government came into power they had a definite policy that they were to keep the land for the settler, but instead of that they have handed over the timber area to speculators.
The system of opening up tenders was wrong. Too much power was placed in the hands of an official. The fact was that timber limits were put up for sale without any proper enquiry as to the value of such areas, and without any reserve or bid price.

Investigation Demanded.
In the opinion of this house a committee of inquiry should be appointed to investigate and enquire into and consider all matters connected with or relating to the alienation, granting, rental, leasing or other disposal by lease, license or otherwise since the first day of July, 1888, of any timber land or timberberths, forming part of the public lands of Canada or of rights to the same or to the timber thereof and to report upon the matters aforesaid to this house, with power to send for persons, papers and records and to examine witnesses on oath or affirmation.

Mr. Amos (St. Antoine) said that such competition as existed was a farce. The hands of the timber areas were in the hands of speculators. The speculator was to be found not far from the parliament grounds. He was in Winnipeg, Toronto, and Montreal and other places and was to be seen among members of parliament and senators.

Mr. Reid (Grenville) has given notice of a bill to amend the railway act by compelling all railways to issue mileage ticket books for 500 or 1,000 miles at a rate not exceeding two cents per mile.

CHESAPEAKE'S FLAG CAPTURED BY AMERICAN BOUGHT BY AMERICAN.
Sold at Auction in London Thursday, as Well as Bugle that Sounded Balclava Charge.

London, Jan. 30.—The flag of the American frigate Chesapeake and the "Balclava bugle," two of the most valuable relics of a collection of antiquities which the original T. G. Middlebrook, were secured today by the American buyers. The Chesapeake flag was captured by the British and sold in 1832. It was of the Chesapeake that Lawrence's ship was captured.

Mr. Pugsley said that 500 percent too high.
Mr. Amos claimed that timber limits were being put up for sale before they were required.

Mr. Weyman said he was not prepared to answer that question. The federation

(Continued on page 7, fourth column.)

(Special to The Telegraph.)
Halifax, Jan. 30.—E. Finn, M. P. for the Ottawa in the province of New Brunswick, has introduced a bill to amend the railway act by compelling all railways to issue mileage ticket books for 500 or 1,000 miles at a rate not exceeding two cents per mile.

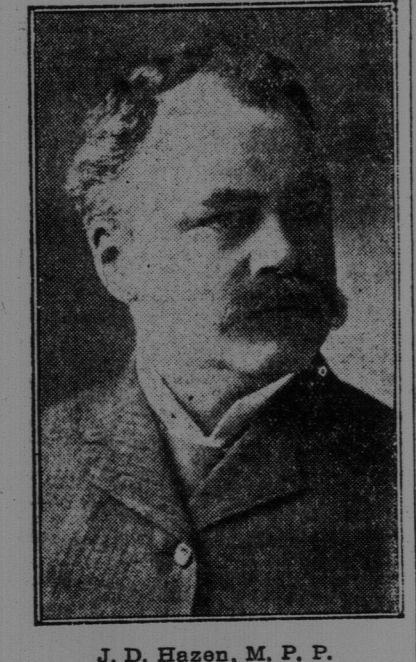

HAZEN AND FLEMMING INVADE PREMIER'S HOME TOWN WITH GREAT SUCCESS

Arraign Government for Its Misdeds to Crowded and Enthusiastic Audience

Repeat Their Statements About Province's Financial Condition, and Score Mr. Robinson for Not Accepting Challenge of Member for Carleton—Leader of Opposition Promises an Era of Reform When He Assumes the Helm After March 3.

Moncton, N. B., Jan. 28.—Before an audience that packed the Opera House to its utmost capacity and was thoroughly representative of all classes, J. D. Hazen, leader of the provincial opposition, and J. K. Flemming, the financial critic of the opposition, tonight discussed provincial issues for two hours and a half. The great building was too small for the crowd and hundreds were unable to obtain admission. The meeting was one of the finest ever held by a political party here. The speakers were given marked attention and as telling points were made against the government immense enthusiasm was evoked. The meeting marked the opening of the

J. D. Hazen, M. P. P.

campaign and, being held in the premier's own town, there was naturally more than ordinary interest aroused. Quite a number of prominent party men from outside the city, including the opposition candidates, were present and occupied seats on the platform. R. W. Hewson, barrister, presided, and on the platform besides the speakers were Messrs. Sumner, Melanson, Mahoney and Black, opposition candidates for the county; W. B. Dixon and George D. Prescott, opposition candidates for Albert; Dr. Landry, candidate in Kerry; Messrs. Membrane, Councilor, Cook, Botsford, and many prominent citizens.

The large audience, many of whom were compelled to stand throughout the speaking, remained to the close. Messrs. Hazen and Flemming made a fine impression and at the close many went forward to meet the distinguished speaker. Both were given an excellent reception. J. K. Flemming's arraignment of Premier Robinson for refusing to meet him in a discussion of the financial position of the province, when he read this in the St. John Sun he pondered on the people as to who was right and who was wrong. He accordingly sent a proposition to the premier, asking him to discuss in the most central place in the province the question at issue and leave the people to decide. It was now Jan. 28, yet he had not heard from the premier. The premier said the public opinion had been taken care of in a discussion, and it was urged as beneath the dignity of the premier to meet him. Why did he not call to his aid Messrs. Melanson, Sumner, Mahoney, or those who were to lead them down from Ottawa to lead them through the wilderness during the next thirty days?

Mr. Flemming concluded, amid applause, that when the premier could not defend the affairs of the province in a discussion before the public he should step down and out. The member for Carleton then went into a discussion of the provincial finances, showing he had been going much more rapidly into debt than formerly. He would leave it for the public to say if public works were in so much better position than in the past. He showed the increase in four years, from 1883 to 1886, in the debt was \$215,838, an average of \$54,000 a year.

Taking the last five years from 1901, he showed the net debt increase was \$402,843, or a yearly average of \$80,568. The net debt of the province, according to the government's own official statement, was more than \$4,000,000, and the interest on the debt, according to their own figures, was \$178,000.

He would show that was not all of the interest. Out of the whole revenue of the province, less than \$1,000,000, we must take more than \$300,000 of it to pay interest. Taking up the items of interest, Mr. Flemming showed that \$331,450 was taken out of revenue of the province in the year 1907 to pay interest.

Mr. Flemming went into the finances of the public works department, showing the system of over-expenditure in the different years being carried into the following years. He would like to ask the premier how much had been borrowed from 1898 and spent in 1907. The premier, in replying to the question, gave an exact statement of the financial position of the province.

Mr. Flemming proved conclusively that, instead of having a surplus of \$9,000 last year, there was a deficit of \$1,000,000. The government's agricultural policy was taken up, and Mr. Flemming showed that out of a grant of \$26,000 Commissioner Harris and his officials got more of this than went to the encouragement of agriculture and bonusing of wheat and roller mills. Mr. Flemming next referred to the items of expenditure to show how the people's money was frittered away. People living in the city didn't know what hardships those living in the country districts had to endure as a result of the condition of the roads and bridges. If the ordinary revenues were properly applied to the public services would be kept in some proper shape. During the last six years the ex-attorney-general was not satisfied with drawing less than \$48,000 out of the provincial treasury, and yet this man had plenty of time for private work. In view of the large amount paid to the ex-attorney-general, it was surprising that the province had since got along 151 days without an attorney-general. The representative case carried to the privy council by the ex-attorney-general was referred to, and it was shown that Dr. Pugsley drew \$5,000 in connection with this, but the only result was humiliation for him.

SOVEREIGN BANK GOT STUCK WITH AMERICAN ELECTRIC ROAD BONDS

Brokers Got Loan of \$2,000,000 on These Securities as Collateral, and Didn't Redeem Them.

Toronto, Jan. 28.—It is stated that the Sovereign Bank crisis is precipitated largely on account of the fact that it holds \$2,000,000 worth of unmarketable bonds of Chicago & Milwaukee Electric Railroad. It is said that through a firm of brokers in Toronto D. M. Stewart, the former general manager, made these advances on the security of bonds, being lost last year by the amount of money he had spent on construction and the promises of quick profits. The road has barely managed, in its uncompleted state, to make enough to pay interest on the bonds issued and the current quotations of bonds secured as collateral by the Sovereign represented a valuation at present of \$1,000,000. Liquidation in connection with these bonds today would represent a large loss to the bank, and although a Sovereign officer this morning said the bank was spending on construction and the road was practically unmarketable securities that forced it to the wall and into the absorption scheme.

An official of the bank said that the Sovereign holds none of the total of \$15,000,000 bond issue of Chicago & Milwaukee road as an investment, but that bonds are held as those of customers deposited with the bank in return for correct financial statement. He charged that thousands and thousands of dollars were spent by the government without proper audit and if he placed all the facts before a committee of expert accountants enough would be revealed to down the present administration of the province.

Mr. Hazen said he stood pledged, if entrusted with power, to have an independent audit of the accounts of the province. It was plainly his duty to place before the public a correct financial statement. He charged that thousands and thousands of dollars were spent by the government without proper audit and if he placed all the facts before a committee of expert accountants enough would be revealed to down the present administration of the province.

ELIOTT PLEAS FOR THAW'S FREEDOM AND "NED" ALLEN WILL ENTER THE CABINET

Littleton Claims Jury Must Acquit on Ground of Insanity

RAPS JEROME HARD Declares That District Attorney's Sneers Are No Answer to Defence's Evidence—Defends Actress Wife's Course.

New York, Jan. 28.—With no attempt on the part of the state to contend with scientific testimony the claim of insanity urged in behalf of Harry K. Thaw, the taking of evidence in the second hearing of the famous Madison Square Garden murder trial ended today. Tomorrow morning Martin W. Littleton will begin his plea for the defendant, and is expected to occupy the afternoon and evening with his summing up argument. District-Attorney Jerome will speak on Thursday. He has promised to be brief, and his only aim is to extend the trial beyond the morning session, Justice Dowling will hand the case over to the jury on Thursday afternoon. The judge announced, however, he would not deliver his charge until Friday morning.

Contrary to his policy of last year, when he called nine experts in insanity to the stand, based on the fact that the jury ignored the scientific phase of the rebuttal case. He produced several witnesses to the tragedy and several police officers who handled Thaw the night of the homicide, and placed on record their opinion that the defendant's acts and manner were those of a sane man.

Under agreement of counsel, the testimony given by Abraham Hummel at the last trial was read to the jury and the witness was asked to state whether he went further proof as to its custody during the six months following the shooting of Stanford White. The affidavit alleged to have been made by Evelyn Nesbit in Hummel's office, charging Thaw with cruelty and attempting to place the blame for the Nesbit girl's downfall upon Stanford White, also was admitted by Justice Dowling and then the case, so far as testimony was concerned, was at an end.

Jerome's Course a Surprise. Dr. Jerome's elimination of expert testimony from the rebuttal case occasioned much talk in the audience. It was said last year that Thaw was an incurable paranoiac, rumor had it that the prosecutor might not be displeased with the verdict. Thaw, however, was admitted by Justice Dowling and then the case, so far as testimony was concerned, was at an end.

Mr. Littleton, in his argument, which is expected to be an eloquent but straightforward presentation of the facts, will contend that the prosecution has failed to establish the insanity test of the insanity law. He will again call attention to the law and the burden of proof it places upon the state in a case where insanity is pleaded. He will also call attention to the fact that the jury is not to be swayed by the evidence of insanity if it is not supported by the evidence of the crime.

Mr. Littleton has made no claim of insanity for Thaw. In fact, the experts who were called to the stand to testify that Thaw was sane, were not called to the stand to testify that Thaw was sane.

Mr. Littleton has made no claim of insanity for Thaw. In fact, the experts who were called to the stand to testify that Thaw was sane, were not called to the stand to testify that Thaw was sane.

Mr. Littleton has made no claim of insanity for Thaw. In fact, the experts who were called to the stand to testify that Thaw was sane, were not called to the stand to testify that Thaw was sane.

ORA P. KING OUTS AND "NED" ALLEN WILL ENTER THE CABINET

Developments Indicate That Government Forces Are Going to Pieces

Situation in Kings is Now Bad from Administration Standpoint—Decision to Make I. C. R. Claims Agent Provincial Secretary Amazes Premier Robinson's Friends—Signs That Overthrow of Government is Expected.

Hampton, Jan. 28.—Ora P. King, M. P., who was in the shiretown today, has informed his friends that he will not offer himself as a candidate at the forthcoming provincial election.

Mr. King's announcement has caused a considerable flutter in political circles, and friends of the local government do not conceal their dismay over the situation created by Mr. King's defection at this critical time.

When asked by your correspondent as to the truth of the report, Mr. King said it was correct that he would not be in the field, giving as his reason the appointment of his partner, Hon. A. S. White, to the supreme bench. He thought it would be self-evident that Mr. White's retirement from the firm would greatly add to his work in that direction.

Rumor has it that there are other reasons which have influenced Mr. King's line of action, notably a little soreness that no place has been found for him in the government. There is also every general impression that Mr. King has a foreboding of the political landscape which is likely to overtake the government candidates in Kings in the first week in March, and has decided that discretion is the better part of valor.

Premier Robinson and G. G. Scovil, M. P., went to Sussex last evening to confer with Mr. King and other friends of the party for the purpose of seeking to restrain Mr. King from so conspicuous a desertion at this stage of the game. So far as could be learned here Mr. King remained firm.

Premier Robinson, when asked for information concerning the situation, said he had nothing to say but he understood that the morning papers would make an announcement about Mr. King. The government ticket in Kings county was of course immensely weakened by the removal of Dr. Pugsley without whom and the aid he could command, would probably have been beaten in 1903. Now if Mr. King goes Mr. Scovil alone remains, and it will be necessary to select two or three new men.

Dr. McVey, F. E. Sharp, of Midland; Dr. McAllister, of Sussex; Harry Gilbert, of Roxbury; O. W. Wetmore, of Clifton, and others are being mentioned, but will be at once apparent that the chance of making up a strong ticket from this material is not inspiring. Everywhere throughout the county the withdrawal of Mr. King will be hailed as a sign that the government's affairs are at a low ebb.

"Ned" Allen Gets a Portfoll. Frederickton, N. B., Jan. 28.—E. H. Allen, of Shediac, claims agent of the I. C. R., has been offered and has accepted the position of provincial secretary, and will be sworn into office immediately.

Mr. Allen has tendered his resignation to Ottawa of his present government job and will lead the government ticket in this county in the coming election. The appointment has come somewhat as a surprise to both government and opposition.

DR. C. T. PURDY NEW MAYOR OF MONCTON Was Endorsed by Temperance Party—Result in Ward Contests.

Moncton, Jan. 28.—The civic election today resulted in the election of Dr. C. T. Purdy over Geo. B. Willett, by a majority of ninety-six. The only other contests were for aldermen-at-large and alderman in ward 2. E. A. Reilly and A. H. Jones were elected in the former and P. N. Crandall and Murdoch McLeod, two old aldermen, were re-elected in ward 2.

The contest for mayor was keenly fought, the temperance people concentrating their forces on Purdy. The vote by wards stood:

Table with 2 columns: Ward, Purdy, Willett. Ward 1: Purdy 83, Willett 21. Ward 2: Purdy 21, Willett 103. Total: Purdy 469, Willett 370.

DR. PEAKE'S CAMPAIGN NOT REASSURING. Fredericton Junction, Jan. 28.—Dr. Peake and Milton Smith were here yesterday doing missionary work. The response was not reassuring. There was a meeting held in the evening in the Agricultural hall, and all government supporters present, including the chairman were appointed delegates to attend the government convention to be held at Oromocto, date unknown.

DR. PEAKE WAS NOT PRESENT AT THE LITTLE MEETING. Milton Smith appeared in his own behalf and spoke a few words.

DR. McNERNEY A CANDIDATE The city ticket of the local opposition is again complete. Dr. J. P. McNERNEY having been selected unanimously by the delegates last evening to run with Messrs. Wilson, Maxwell and Hatheway.

THE TICKET AND THE BARGAIN The nominations made by the government party in this constituency Thursday represent a transaction in politics which all the right thinking people of the city should be quick to resent and to rebuke.

SIGNS OF WEAKNESS The political news of the day contains two distinct sniffs for the local government party—the retirement of Mr. Ora P. King from the field in Kings county, and the announcement that Mr. E. H. Allen, claims agent of the I. C. R., is to enter the Robinson cabinet as Provincial Secretary.

IN KINGS COUNTY The provincial opposition party will be heartily congratulated upon the ticket nominated unanimously at Hampton Thursday by the Kings county convention.

THE MONCTON MEETING The local opposition opened the campaign last evening in Moncton, and the reception accorded Messrs. Hazen and Fleming there, the size and enthusiasm of the audience, and the effective addresses delivered must produce an excellent impression not only in Westmorland county but throughout the province.

MR. WHITEHEAD'S OPINION Mr. E. H. Allen, who now boasts upon an astonished province as Provincial Secretary, was a candidate for the Federal nomination in York some weeks ago, and honor which the troubled Liberal convention finally conferred upon Mr. W. T. Whitehead.

THE ROBINSOIN MINISTRY The fierce demand for portfolio has made, and will continue to make, no end of trouble for the local government. Weak as the applicants are Hon. Mr. Robinson has not the fortitude to deny them. Candidates are scarce. Inducements are necessary to secure even poor material for the tickets.

THE SECRET BALLOT The public's memory is scarcely so short as some of the government journals assume in their anxiety to discover something to say in favor of the local government. Although Premier Robinson voted against the secret ballot when the opposition proposed it, the attempt is now made in some quarters to show that the government will pass the new law.

WOLVES IN FARMYARDS They Kill Horses and Cattle in Montana, Hunting in Big Packs. (Special Correspondence St. Louis Globe Democrat.) The ranchmen of this section are making a desperate effort to eradicate the wolves which infest their pastures.

MAKING LIGHT OF RULES. Lemuel Andrews, of Morocco (Ind.), has a flock of prairie chickens on his farm that has become practically domesticated. Some of the older birds have been on the farm for five years, during which time they have increased in numbers from a dozen to more than 100 birds.

temperance question, and the shout of approval his remarks elicited showed that he had carried his audience completely. Mr. Sprout led the opposition ticket in 1903. A glance at the election returns for that year will be of interest now. The vote was:

It will be seen from this record that Hon. Mr. Pugsley beat Mr. Sprout on that occasion by 183 votes only. The situation has changed greatly since then. The government has been greatly weakened in Kings by its neglect of the roads and by its reckless disregard for every pledge it made when last it appealed to the people.

CONSTRUCTIVE LEGISLATION What has the Hon. James Barnes done that the government press should seize upon him, set him in the forefront of the battle, and label him "Finest Living Product of Constructive Legislation—The Human Bureau of Colonization and Industries."

THE ROBINSOIN MINISTRY The fierce demand for portfolio has made, and will continue to make, no end of trouble for the local government. Weak as the applicants are Hon. Mr. Robinson has not the fortitude to deny them.

MAKING LIGHT OF RULES. Lemuel Andrews, of Morocco (Ind.), has a flock of prairie chickens on his farm that has become practically domesticated. Some of the older birds have been on the farm for five years, during which time they have increased in numbers from a dozen to more than 100 birds.

THE SECRET BALLOT The public's memory is scarcely so short as some of the government journals assume in their anxiety to discover something to say in favor of the local government.

WOLVES IN FARMYARDS They Kill Horses and Cattle in Montana, Hunting in Big Packs. (Special Correspondence St. Louis Globe Democrat.) The ranchmen of this section are making a desperate effort to eradicate the wolves which infest their pastures.

on the Intercolonial under circumstances which are well remembered. He never sat in the Legislature. The suggestion that he is fitted for the office is clearly absurd, and the people of the province will instantly recognize it. And a more deadly affront to the government members of the Legislature could scarcely be imagined.

Cypher's Poultry Foods. Oyster Shells, Crystal Grit, Mann's Green Bone Cutters. Write for catalogue and prices to W. H. THORNE & CO., Ltd. Market Square, St. John, N. B.

for the collectorship of the Port of Fredericton. Mr. Allen ran an election in York in 1896, and at that time he was defeated by nearly 1,600 majority. Since that time he has lived in another part of the province, enjoying a lucrative position in the government employ. It is feared that he has not increased his strength in York since the day he nearly lost his deposit.

NOTE AND COMMENT The Kings County Council will be confronted today with the temperance issue. How many of the councillors are "for the Scott Act but against its enforcement?" The government city convention is to be called to order again. Does that mean that the post office business has been fixed? Has the candidate "got it in writing?"

Mad wolves are such a menace to this section that many ranchmen have built corrals around their homes as a means of protection for their wives and children against attack by the animals. One afflicted with the rabies a coyote does not hesitate to enter the open door of a house or go boldly into a camp where men are sleeping and attack whomever is in a position to run across. A few days ago a party of deer hunters were sitting around a camp fire over on the Sussex river. The night was dark and the air chilly. The men were enjoying the comforts of a camp life when they suddenly heard the growl of a coyote, and in a moment they grabbed up a gun the animal walked into the circle of light and passed squarely through the flames and coils of the fire. It then turned and started toward one of the hunters. Before the mad animal could get to him the man managed to get hold of his gun and killed it.

One of the minor government journals is in a passion because the Telegraph mentioned the fact that the new Provincial Secretary formerly was an auctioneer. This is called a "sneer." If the excited editor will read more intelligently he will find that this newspaper did not question Mr. Allen's capacity as an auctioneer, or reflect in any way upon auctioneers as a class. For aught we know Mr. Allen may be a very fine auctioneer. It is to make him and the government ridiculous. The appointment cannot help the government much in York county, and in the remainder of the province it will be distinctly injurious. The public will be as clear proof that Premier Robinson has lost his head, and the public will be right.

It would be hard for a novelist to write a more thrilling tale than one who could recite the experiences of some of the immigrants by the Mount Royal and the Montrose," says the Montreal Witness. "The hopeless distress from which they fled, the terrible journey with scant food and clothing across Europe—one of them got both feet frozen; the voyage by the Mount Royal, where none spoke their language, with its terrible experiences, driving more than one to despair; the disappointment in finding at the end of a month that their voyage to the land of promise was still before them; the new distress by the Montrose, the desolate arrival at St. John, then only to find that the good land in which all their hopes had centered refused to accept them, because of their poverty—the very poverty which goaded them to the last heroic effort to get away from home, at the cost of their own savings and possibly those of others, and that they must through the hard heartedness of unfeeling people take their weary journey back to the land of despair and tyranny. He would write this truly, so that humanity could not refuse to read it, would do a service similar to that done by Uncle Tom's Cabin."

Making Light of Rules. "I chafe against the regulations," murmured the college girl as she prepared the surreptitious Welsh rabbit at 2 a. m. Harvard Lampoon. Lemuel Andrews, of Morocco (Ind.), has a flock of prairie chickens on his farm that has become practically domesticated. Some of the older birds have been on the farm for five years, during which time they have increased in numbers from a dozen to more than 100 birds.

H. C. Ferguson, of St. Louis, gave up his seat in a street car to an elderly woman, a stranger to him, who asked his name and address, and a few days later he received an envelope containing a \$5 note.

HEROIC BRAKEMAN GAVE UP HIS LIFE TO SAVE WOMAN

Threw Bewildered Passenger from in Front of Speeding Express Into Snow Bank, But Was Cut to Pieces Himself. Montreal, Jan. 29—Brakeman Walter J. Scott saved a woman's life last night by forcing meeting desk himself under the wheels of the International Limited train at Strathmore Station.

The victim fell to the ground as the train sped by, and was struck by the front end of the train. She was thrown into the snowbank and was killed. The brakeman was cut to pieces.

Mr. Scott was a 36-year-old man, married, with a family. He was a native of Tennessee and had been in Montreal for several years.
